NATIONAL PARKS.

Texas, Kansas and neighboring commonwealths were clamoring at the ears of the general government, beseeching it to save from vandal hands the picturesqueness of our mountains and canons which were being ruthlessly defiled. For a long time Uncle Sam's ears were deaf to our petitions but of late encouraging signs have manifested themselves and again the old refrain is being taken up and again swells in the air which hedges in the National Capital.

On Thursday afternoon of last week the citizens of White Oaks held a meeting at Young & Telle fere's Hall, to consider the matter of asking the Government to set aside all of the public lands, embracing the Carizo and Patos Mountains, as reservations, so as to prevent the cutting of timber on the same and of protecting the waters and vegetation on the mountains and canons.

Maj. McKinney, agent of the Land Department, being present, stated that the Government was inclined to do everything it could in order to protect the water, streams and springs, located on our mountains provided the people of the localities desired it and that the wholesale cutting of timber must and would be stopped—that if the people would indicate what was desired he would do all he could to have their wishes carried out as suggested by the people of the districts in which these lands were located.

Mr. Wm. Watson was called to the chair and Mr. Hinkle made secretary.

Resolution was passed requesting the Government to set the lands indicated aside as a reservation.

A committee of six was appointed by the chair to draw up a statement of the lands desired to be incorporated in said reservation with such recommendations as to the water, coal, timber or mineral as they thought advisable and to have said report presented to the people of White Oaks at a meeting to be held at Young & Telle fere's Hall, on Wednesday evening, March 30th., at 7 o'clock, for approval, amendment or rejection.

The following named constitute the committee—T. W. Heman, E. W. Parker, Paul Mayer, W. C. McDonald, M. H. Bellomy, Chas. Bull.

Pursuant to adjournment a meeting of the citizens of White Oaks was held [illegible]

Col. Heman then read the following committee report:

"We your committee recommend that the following lands belonging to the Government be set apart for a Public Park or Reservation:

Sections 13, 12, 24, 25 and 36, in township 6, s. r. 12 e.

Sections 1, 12, 13, 24, 25 and 36 in twp. 7, s. r. 12 e.

Sections 7, 8, 9, 16, 17, 18, 19, 20, 21, 26, 27, 28, 29, 30, 31, 32, 33, 34 and 35, twp 6, s. r. 13 e.

Sections 4, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 21, 28, 29, 30, 31, 32 and 33, twp. 7, s. r. 13 e. Lincoln County, New Mexico.

With the following reservations in relation to mineral, coal and water, to the effect that said Public Park or Reservation shall at all times be open to all citizens to work mineral, coal, and develop any water beneath the surface of said land.

The intent of this request is not to deter or detract from the development and prosperity of the section of the country but solely to prevent the wilful, unlawful and wasteful destruction of the timber, flora and vegetation which now harbors and preserves the water streams and springs on said lands, of which the town of White Oaks is entirely dependent.

And we further recommend to the honorable Commissioner of the Land Office that a committee of three citizens of this vicinity be appointed, by competent authority, who shall act as commissioners or agents of this Reservation or Public Park, who shall have charge of same and whose duty it shall be to enforce all laws respecting such Parks or Reservations as to the cutting or destroying timber or the undergrowth upon said lands.

THOS. W. HEMAN, Chm.
W. C. McDONALD,
E. W. PARKER,
PAUL MAYER,

On motion of Mr. Parker the report was accepted and copy ordered sent to Maj. McKinney.

At the late Irrigation Convention at Las Vegas, Hon. G. A. Richardson, of Chaves County, flew in the face of popular sentiment in voting and speaking in opposition to Congress ceding arid lands to the States and Territories holding them. He was the only delegate in the convention who sought to strangle popular expression in the behalf indicated. In so doing he committed political hari-kari. In taking the stand he did he did not help the Pecos Valley Irrigation Corporation of which he is the paid attorney, but he so damaged himself as to wipe his name forever from all the list of political possibilities.

Just when Chicago must be anxious, on account of the World's Fair, to appear a model city of the United States, with its local affairs administered in the pure spirit of enlightenment and progress, an awkward exposure is made of "corruption and rottenness beyond the ideas of the most cynical citizen." Bribery has been going on in municipal affairs, and it is predicted that sundry members of the city government will have to go to prison. This presupposes that their sins will find them out; but experience only too scandalously shows that it is one thing to make charges, and even to prove them, and another to secure a conviction before the tribunals. The Grand Jury may investigate and discover enough evidence upon which to found indictments, but a great deal has to happen before a petit jury finds a verdict. It is alleged that the incriminated members of the Council sold their votes for hard cash in getting certain franchises for franchises passed. It is further alleged that trafficking in votes for hard cash is a very common thing in Chicago People outside of Chicago are perhaps not competent to pass an opinion. Such things have occurred elsewhere, and Chicago may be go ahead even in this unsavory respect. It is the duty of organized, respectable society, which is always in the majority in any community, not only to expose this corruption, but to punish it. Let us hope that Chicago will be equal to the occasion if it finds that servants whom it elected to positions of trust and honor have shown themselves recreant to principle by becoming sordid beggars.

In Germany, 3,500,000 women earn their living by industrial pursuits; in England, 4,000,000; in France, 3,750,000; in Austria-Hungary about the same, and in America, including all occupations something over 3,700,000.

JAMES RAYNOLDS was in El Paso the other day. Speaking of the short line road he said:

"Denver is alive to the importance of the enterprise and is ready to do her share. In fact every town on the line has come up to its promise except El Paso and I believe El Paso will do what she promised to do, viz., to furnish a survey of the road from El Paso to White Oaks and the miles of track already laid. We have completed arrangements for the construction of the road from Trinidad to White Oaks. Contractors are now looking over the ground and the work of construction will commence by the first of June.—I feel confident that the road will be built if El Paso will come forward and make good her promises

We call special attention to the advertisement in to-day's paper of the Kansas City Journal. Having been a reader of the Journal since 1858, and a correspondent thereto—Washington and general—we speak by the card when we pronounce it one of the cleanest, ablest and cheapest paper in the U. S., and it is a stalwart Republican paper.

A Sad Accident.

On last Sunday morning, about the hour of 10, Mr. E. C. Watson, in company with Mr. A. W. Prewitt, were out walking in the neighborhood of the old Academy school site. There is an old, partly uncovered well near the grounds and while both were investigating its depth Mr. Prewitt accidentally dropped his spectacles in the cavity. The well being dry and at a depth of 30 ft., Mr. Watson volunteered to go down after the specs. He descended, secured the glasses and reached the surface when he seized hold of a small log within reach when it treacherously turned over, causing Watson to loose his hold and precipitating him to the bottom. He alighted on his left foot, all his weight bearing with full force on his ankle joint driving the big bone thro' the skin and separating the ankle entirely from its belongings. Dr. Hagen was called in and with the advice of Dr. H and Dr. Faden amputation was determined upon. The operation was performed just above the ankle. The work was done Sunday afternoon by Drs. Hagen and Faden, and the patient is doing finely. Mr. W. has resided here but a few months, yet in that time he has, by his pleasant speech and gentlemanly deportment attracted many admirers.—The unfortunate man has a wife in Illinois, and our people, true to their generous character, contributed on Monday ample money to bring her to the side of her dear, unfortunate husband.

NEW DISCOVERY by ACCIDENT

In compounding a mixture a part was accidentally spilled on the hand and on washing afterward it was discovered that the hair was restored. We at once put this wonderful preparation on the market as QUEEN ANN HAIR REVIVER, and in a few months had the world at our feet. IT IS PERFECTLY HARMLESS AND SO SIMPLE ANY CHILD CAN USE IT. Just wet hair and apply the mixture for a few minutes, and the hair disappears as if by magic, while the skin is not stained or injured in the least. If you have ever used a dye you will know how to appreciate QUEEN ANN HAIR REVIVER. If you have never used a dye you will find QUEEN ANN HAIR REVIVER the best article for the purpose. Thousands of LADIES have used it with perfect success. GENTLEMEN who do not appreciate a beard or hair on their heads find a pleasing boon in QUEEN'S ANTI-HAIRINE which does away with hair by destroying its future growth in a few applications. Neither HAIR REVIVER nor ANTI-HAIRINE will stain the skin. Prices of QUEEN ANN HAIR REVIVER, per bottle, $1.00. Sent by express prepaid to any address on receipt of money or stamps. Full directions with each bottle. Correspondence strictly confidential. Test advertisements by postal card and we will call and explain. We invite you to deal with us and you will find everything as represented. Address QUEEN ANN CHEMICAL CO., 374 Main Street, CINCINNATI, O. Test our remedies at Office. Office is closed on Sundays. NATIONAL PARKS.

Years ago the press of this territory and neighboring commonwealths were clamoring at the ears of the general government, beseeching it to save from vandal hands the picturesqueness of our mountains and canons which were being ruthlessly defiled. For a long time Uncle Sam's ears were deaf to our petitions but of late encouraging signs have manifested themselves and again the old refrain is being taken up and again swells in the air which hedges in the National Capital.

On Thursday afternoon of last week the citizens of White Oaks held a meeting at Young & Tallaferro's Hall, to consider the matter of asking the Government to set aside all of the public lands, embracing the Carizo and Patos Mountains, as reservations, so as to prevent the cutting of timber on the same and of protecting the waters and vegetation on the mountains and canons.

Maj. McKinney, agent of the Land Department, being present, stated that the Government was inclined to do everything it could in order to protect the water, streams and springs, located on our mountains provided the people of the localities desired it and that the wholesale cutting of timber must and would be stopped—that if the people would indicate what was desired he would do all he could to have their wishes carried out as suggested by the people of the districts in which these lands were located.

Mr. Wm. Watson was called to the chair and Mr. Raible made secretary.

Resolution was passed requesting the Government to set the lands indicated aside as a reservation.

A committee of six was appointed by the chair to draw up a statement of the lands desired to be incorporated in said reservation with such recommendations as to the water, coal, timber or mineral as they thought advisable and to have said report presented to the people of White Oaks at a meeting to be held at Young & Tallaferro's Hall, on Wednesday evening, March 30th., at 7 o'clock, for approval, amendment or rejection.

The following named constitute the committee—T. W. Heman, M. W. Parker, Paul Mayer, W. C. McDonald, M. H. Bellomy, Chas. Bull.

Pursuant to adjournment a re- [illegible] of White Oaks [illegible] was called to order [illegible] Watson in the chair and W. [illegible] Secretary.

Col. Heman then read the following committee report:

"We your committee recommend that the following lands belonging to the Government be set apart for a Public Park or Reservation:

Sections 13, 12, 24, 25 and 36, in township 6, s. r. 12 e.

Sections 1, 12, 13, 24, 25 and 36 in twp. 7, s. r. 12 e.

Sections 7, 8, 9, 16, 17, 18, 19, 20, 21, 26, 27, 28, 29, 30, 31, 32, 33, 34 and 35, twp 6, s. r. 13 e.

Sections 4, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 21, 28, 29, 30, 31, 32 and 33, twp. 7, s. r. 13 e. Lincoln County, New Mexico.

With the following reservations in relation to mineral, coal and water, to the effect that said Public Park or Reservation shall at all times be open to all citizens to work mineral, coal, and develop any water beneath the surface of said land.

The intent of this request is not to deter or detract from the development and prosperity of the section of the country but solely to prevent the wilful, unlawful and wasteful destruction of the timber, flora and vegetation which now harbors and preserves the water streams and springs on said lands, of which the town of White Oaks is entirely dependent.

And we further recommend to the honorable Commissioner of the Land Office that a committee of three citizens of this vicinity be appointed, by competent authority, who shall act as commissioners or agents of this Reservation or Public Park, who shall have charge of same and whose duty it shall be to enforce all laws respecting such Parks or Reservations as to the cutting or destroying timber or the undergrowth upon said lands.

On motion of Mr. Parker the report was accepted and copy ordered sent to Maj. McKinney.

At the late Irrigation Convention at Las Vegas, Hon. G. A. Richardson, of Chaves County, flew in the face of popular sentiment in voting and speaking in opposition to Congress ceding arid lands to the States and Territories holding them. He was the only delegate in the convention who sought to struggle popular expression in the behalf indicated. In so doing he committed political hari-kari. In taking the stand he did he did not help the Pecos Valley Irrigation Corporation of which he is the paid attorney, but he so damaged himself as to wipe his name forever from all the list of political possibilities.

Just when Chicago must be anxious, on account of the World's Fair, to appear a model city of the United States, with its local affairs administered in the pure spirit of enlightenment and progress, an awkward exposure is made of "corruption and rottenness beyond the ideas of the most cynical citizen." Bribery has been going on in municipal affairs, and it is predicted that sundry members of the city government will have to go to prison. This presupposes that their sins will find them out; but experience only too copiously shows that it is one thing to make charges, and even to prove them, and another to secure a conviction before the tribunals. The Grand Jury may investigate and discover enough evidence upon which to found indictments, but a great deal has to happen before a petit jury finds a verdict. It is alleged that the incriminated members of the Council sold their votes for hard cash in getting certain ordinances for franchises passed. It is further alleged that trafficking in votes for hard cash is a very common thing in Chicago. People outside of Chicago are perhaps not competent to pass an opinion. Such things have occurred elsewhere, and Chicago may be go ahead even in this unsavory respect. It is the duty of organized, respectable society, which is always in the majority in any community, not only to expose this corruption, but to punish it. Let us hope that Chicago will be equal to the occasion if it finds that servants whom it elected to positions of trust and honor have shown themselves recreant to principle by becoming sordid hucksters.

In Germany 3,500,000 women earn their living by industrial pursuits; in England, 4,000,000; in France, 3,750,000; in Austria-Hungary about the same, and in America, including all occupations something over 5,700,000.

Jerr. Reynolds was in El Paso the other day. Speaking of the short line road he said:

"Denver is alive to the importance of the enterprise and is ready to do her share. In fact every town on the line has come up to its promise except El Paso and I believe El Paso will do what she promised to do, viz., to furnish a survey of the road from El Paso to White Oaks and the miles of track already laid. We have completed arrangements for the construction of the road from Trinidad to White Oaks. Contractors are now looking over the ground and the work of construction will commence by the first of June.—I feel confident that the road will be built if El Paso will come forward and make good her promises.

We call special attention to the advertisement in to-day's paper of the Kansas City Journal. Having been a reader of the Journal since 1858, and a correspondent thereto—Washington and general—we speak by the card when we pronounce it one of the cleanest, ablest and cheapest paper in the U. S., and it is a stalwart Republican paper.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every book and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the moral high aim of the books preventing people in moderate circumstances from enjoying that luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great symposium in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

IF YOU WANT

a San Francisco paper, and of course you want a good one, the WEEKLY EXAMINER fills the want completely, for it is the best paper it gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent. That is its specialty; being the best. It visits your subscribers—each one—punctually—and others not only to you, but to every other subscriber, with one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent drawings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier,
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is of the same subject, and they are elegantly reproduced in the highest possible style of the art, each being a fac-simile of the original painting, even to the smallest detail, and the colors are the same as those which made the originals famous the world over.

"Women and Children First," by C. Napier Henry,
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 22x28, and suitable for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can't get all as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

to $2.50, will be sent you for one year, the money to the office of the Examiner, and you will receive therefor promptly forwarded to the Examiner, and you will receive therefor the Examiner's numbered receipt. The complete Premium Supplement by application at the office.

"Women and Children First," by C. Napier Hemy.
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 24x40, and exquisitely finished, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber on record where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can feel of well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

In addition, will be sent you for one year, and the money to the office of the Examiner, and you will receive therefor promptly forwarded to the Examiner, and you will receive therefor the Examiner's numbered receipt. For complete Premium Supplement by enclosing stamp to office.

LOCAL ROUNDUPS

Anybody sitting around here with articles to sell or trade will give a most cordial invite to call on this peculiar column.

March went out like a lion.

Dr. Bramup is in town again.

Jos. Williamson is in town from Roswell.

Jno. Y. Hewitt and wife left this week for Denver. Leaving there they will make an Eastern tour.

Geo. Ambrosie, stone cutter, who worked at his trade here last summer, died at his home in Las Vegas this week.

A little shaver arrived at the residence of Reynolds, the baker, on Saturday morning last—the first word he said was "maxi"

E. Dalconibry, of the Bonita country, after a four month's visit in Illinois, returned home this week. He was a welcome caller at the Leader office.

Dr. A. G. Lane, accompanied by his wife and daughter Mary arrived in town this week. It is probable that the Dr. will remain here. Nowhere else can Mrs. Lane find health.

Jesse Crouch, of Lincoln, subscribed through the hands of the Leader, $10 for the relief of the unfortunate man Watson, who suffered amputation of his leg a couple of week's since. Crouch's "mark" is in the right place."

Articles of incorporation of the Exchange Bank, at White Oaks, have just been drawn up. It is capitalized at $50,000, with John Y. Hewitt, president; Wm. Watson, vice president, Juan W. Zollars, cashier; Jefferson Raynolds and Geo. L. Ulrick, as officers, directors and incorporators. The bank will probably be opened about the middle of April.—Santa Fe New Mexican, March 30.

Frank Lloyd is the father of a brand new boy.

Albert Fiege and wife arrived home Thursday.

A PATRIOTIC WORK.

Every person who is opposed to Free Trade Slavery and favors American Industrial Independence should read the documents published by the American Protective Tariff League. As a patriotic citizen it is your duty to place these documents in the hands of your friends. They are interesting and instructive, and embrace discussions of all phases of the Tariff question. The League publishes over 50 different documents, comprising nearly 300 pages of plainly printed, carefully edited and reliable information. Among the authors of these documents are, Hon. James G. Blaine; Wm. McKinley, Ex-Governor of Ohio; Senator W. B. Allison, of Iowa; Secretary Joseph H. Bright, of Oregon; Senator H. G. Frederick, of Maryland; Senator Frye, of Maine; Senator Sherman, of Ohio; Senator Aldrich, of Rhode Island; Hon. Thomas M. Dudley, of New Jersey; Hon. Robert P. Porter, of Washington; Prof. J. R. Dodge, of the Agricultural Department at Washington; Hon. Wm. M. Hepburn, Hon. R. W. Hopkins, Hon. John Arbuckle, of New York; Congressman Dolliver, of Iowa; Hon. E. F. Jones; David Kinnear, of Boston; Ex-Congressman Perkins, of Kansas; Hon. H. P. Haller, of New York; Hon. Geo. Bryson, of Mount Vernon, O.; Hon. Wm. P. Canaday, of Lyons, N. Y.; Hon. Wm. M. Lawrence, of Cincinnati, O.; Hon. Wm. M. Evarts, of New York; Hon. Geo. F. Edmunds, of Vermont; Hon. H. H. Armstrong, of New York; Senator Bailey, of Tennessee.

This complete set of documents will be sent to any address, post paid, for Fifty (50) Cents. Address Wilbur F. Wakeman, Secy. No. 24 West Twenty-Third Street, New York.

The Leader has for sale a piano, an organ, 2 wagons, 2 carriages, 2 carts, 3 type writers, a watch, a soda fountain, a shot gun a stove and range, 2 bycicles, one for a lady and one for a gentleman—also a first class sewing machine. Calvin Fisk is our agent for the sale of any or all of the above—see him and secure bargains.

SICK MEN

Suffer unnecessarily. Don't you know that exhaustion, debility, failing manhood, and general weakness, brought on by early follies, dissipation and excesses, can be cured. Don't get discouraged. We have cured hundreds at their homes by mail treatment. Your case will be diagnosed free. Write to-day. No cost to learn your condition.

$500 Reward for Ore Thieves.

The common experience of this camp shows that much if not by the mine owners by the stealing of gold in specimens, if not in ingots and bullion.—Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore.—The rule of this company is to mill all specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holder of Old Abe specimens.
