Department Commander S. W. Darvey, G. A. R., has just issued the following orders Nos. 1 and 2, by reason of which Colonel Headquarters at Raton and designating T. W. Collier, assistant adjutant general, and Daniel Ellison, assistant quartermaster general. The order refers to Memorial day and is as follows:

HEADQUARTERS DEPARTMENT NEW MEXICO,
Grand Army of the Republic,
RATON, N. M. April 20, 1892.

General Orders No 2,

1. In order to attend to the various and numerous calls and requisitions and in conformity with established custom, the posts of this department are reminded of their duty in observing Memorial day—May 30.

2. To meet together on that occasion and deck the graves of our departed comrades with beautiful flowers shall be a labor of love. In thus honoring our dead we increase our devotion to the living, and our examples and deeds of fraternity and charity will evoke in the coming generations a reverence for "one country and one flag" that will secure the permanency of this great nation.

3. The clergy of this department are respectfully requested to make suitable reference to Memorial Day in their services on Sunday, May 29, 1892 and all posts are directed to attend divine worship on that day, in bodies where practicable. By command of

S. W. DARVEY, Commander.

T. W. COLLIER, Asst Adj't General.

Then to announcements made by posters and small bills, the unwashed democracy of New Mexico met at Albuquerque on Monday last. The following named gentlemen were chosen delegates to the Chicago convention and go unistructed: Bernard Seligman, G. A. Richardson, Felix Martinez, E. V. Long, E. V. Chavez, and Ides L. Fiedler. Ferguson pitted his self against Childers and had an easy victory. Al Wright was left in the soup.

In the last Watseka (Ills.) Republican we note that Stan. Tallaferro has entered on his second voyage in connubial waters. On the 3rd inst. he was united in marriage at Chicago, to Miss Maggie Davidson of Watseka. The ceremony is reported to have been witnessed by a large number of friends of the contracting parties and the presents were numerous and costly. White Oaks will be the future home of the worthy couple. Stan. taking the place of R. (F. Young in the firm of Young & Tallaferro. All old settlers will hail and welcome Stan. back to the old home where he long stood high in public estimation. To the Leader extends to the young man and his estimable lady congratulations.

ONLY A MINER KILLED.

Only a miner killed;
Oh, is that all?
One of the lumbers caved;
Great was the fall,
Crushing another one
Sleeping like his God.

Only a miner lad—
Under the sod.

Only a miner killed,
Just one more dead.
Who will provide for them—
Who earns their bread?
Wife and the little ones,
Pity them God,
Their earthly father
Is under the sod.

Only a miner killed,
Dead on the spot.
Poor hearts are breaking
In your little cot.
He died at his post,
A hero as brave
As any who sleep
In a marble top grave.

Only a miner killed!
God, if thou will,
Just introduce him
To old Vanderbilt,
Who, with his millions,
If he is there,
Can't buy one interest—
Even one share.

Only a miner killed!
Bury him quick,
Just write his name on
A piece of stick,
No matter how humble
Or plain be the grave,
Beyond all are equal—
The master and slave.

Boies vetoed that "just a little."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

How to Obtain Very Pretty Results from Humble Materials.

A pretty design for such curtains is developed in denim. The curtain after it is hemmed at the top and bottom should be just the length of the window from its middle to its lower sash. Draw on a strip of paper exactly as long as the width of the denim the words, "Pull me light, shut out the light," and on another "Pull me back, no sunshine lack." Baste these strips, one on each curtain, about an inch from the bottom. The lettering should be quaint and rustic in design. Almost any fancy store keeps the rustic alphabets now. The conplets should then be couched in white or red cord. Sew brass rings to the top of each curtain and suspend them from a brass rod. These are pretty for ground floor bedrooms or dining-rooms.

Denim also makes an effective portiera. One lately seen was made of three widths of blue denim—the light side being used for the outside. At the top and bottom hems of nine and eighteen inches were turned onto the right side and stitched—the dark on the light affording a pretty contrast. To cover the stitching a length of white cotton rope one-half inch in diameter should be couched. Instead of attaching the portiere to the pole by means of rings and nine yard lengths of rope were used. They were sewed at regular intervals to the upper edge; the ends were then thrown over the pole and securely tied, after which they were fringed. The portiere is to be looped back; rope should be used and the ends fringed to correspond. The portiere could be lined, though the one described was unlined and hung in graceful folds.—Housewife.

The above are without question the most famous novels that were ever written. For a number of years they have been celebrated in every nook and corner of the civilized world. Yet hitherto the thousands of people in America, and yet supplied with a set of Dickens, the usual high cost of the books prevented people in moderate circumstances from enjoying them in any. But now, owing to the use of modern improved printing, folding and stitching machinery, the enormously low price of white paper, and the great competition in the book trade, we are enabled to offer in our premium department a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

YOU WANT

a San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published in the American magazines in its specialty; being the best. It wants your subscription—very particularly—and offers not only to you, but to every other subscriber one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent etchings or paintings described below, and delivers it to his address, postage paid.

"The Retreat from Moscow," by Meissonier.
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21x28 inches, and they are elegantly reproduced in the most pleasing every line and color of the great originals, either one of which would sell for your choice for $100.00.

"Women and Children First," by C. Napier Hemy.
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 16x22, and suitable for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be sent him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000, to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that the premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50, will be sent you for one year, postage paid, for $2.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive neither the EXAMINER'S nor LEADER'S numbered receipt. You can go a Premium Supplement by applying at this office.

NOTICE TO THE PUBLIC.

And all Persons Interested in the Proposed White Oaks Park Reservation at White Oaks, New Mexico.

In pursuance of instructions of the Commissioner of the General Land Office the undersigned has made a personal inspection of the lands and country comprising the Drainage Basin to the north and west of Carizo and Patos Mountains in the vicinity of White Oaks, and has decided to recommend to the Honorable Commissioner that not only the lands sloping to the north and westward of Patos and Carizo Mountains but also the lands on the west and sloping to the southward and furnishing a watershed and running into a common channel and arroyo basin descending to the westward toward the plains to the west of the Carizo Mountains be compared within the limits of said reservation.

The preservation of the timber growth on the southward of the mountains are essential to the preservation of such limited water supply and saplings as may be utilized for agricultural or mining industries that may be developed in the future.

The lands embraced in the proposed White Oaks Reservation are described as follows:

Section 12, 10, 24, 25 and 36, twp. 6 s., r. 17 e., n. m. p.

Also, sections 1, 12, 13, 24, 25 and 36, twp. 7, s., r. 17 e.

Also, sections 7, 8, 9, 17, 17, 18, 19, 20, 21, 27, 28, 29, 32, 33, 34, 35 and 36, twp. 6, s., r. 18 e.

Also, sections 3, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 21, 28, 29, 30, 31, 32, 33, 34 and 35, twp. 7, s., r. 18 e.

Also, sections 2, 3, 4, 5, 6, 7, and 8, t. 8 s., r. 18 e.

Recommendation will be made that no restrictions be placed on mining for coal, minerals, or development of water supplies within the boundaries of the proposed reservation. The restrictions will only apply to the cutting or removal of forest trees on the proposed reservation.

The object of this publication is to give timely notice of the proposed reservation in order that all persons who favor or oppose the establishment may have an opportunity to submit their views to the undersigned for the consideration of the Commissioner of the General Land Office, or petition or otherwise for the purpose of having the same considered prior to the establishment of such reservation.

$300 Reward for Ore Thieves.

The common experience of this section shows that much is lost by the mine operators by the stealing of gold in specimens, if not in shotgun and bullion. Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Company or the smallest specimen of ore. The rule of this company is to sell all specimens. Therefore any of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the sale of Old Abe specimens.
