COAL.

EDITOR LEADER—

Under the above heading the leading article in the last Old Abe Eagle spoke as follows:

Last week the Eagle was informed by one of the parties who claimed to have made sale of one of the coal claims sold recently in the Salado district, that the prices were as stated, namely; $1,250 and $1,850.

The Eagle is now informed upon unmistakable authority that if the one reported at $1,250 was sold at all that the amount was only $250. The Paul claim sold for $500 instead of $1,850 and the circumstances which made it all desirable for owner to sell it looks like it was a kind of coercion claim jumping scheme. In fact, the misrepresentations, coupled with the fact that at least two of the parties were working to get some El Paso parties to buy them out, looks very much like a fraud all the way through, except so far as Mr. Paul is concerned, who acted in good faith and made a bona fide sale and is no way connected with the dishonorable part of this scheme.

Lack of space prevents further attention to this fraud at present, but the names of the parties perpetrating this scheme will be furnished on application to the Eagle office. The country ought to be rid of parties who injure their neighbors by swindles and other nefarious schemes.

The undersigned are the parties who made the sales referred to. The sales were as satisfactory to the parties who bought as Mr. Paul, who sold. In compliance with the invitation included in the above we called at the Eagle office to-day and requested the name of the editor's author, which was denied us. In view of the above facts we hereby proclaim and brand the author of the above slanderous article as a defamer of private character and a man(?) who is unacquainted with the first principles of truth or honor.

Memorial Day.

In ancient days a woman who was wild with grief went to Buddha and frantically implored him to restore her dead child to life.—That gifted man said to her—"Go my daughter, get me a mustard seed from some house into which death has never entered and I will do as thou hast bidden me." The woman wandered in town and village in the crowded thoroughfare, and by the lonely roadside, but, far and wide as she might go, she found not the house into which death has never entered. In her ruthless isolation she came to understand the meaning of Buddha's words, and gradually, as she learn'd to know the great griefs of the race everywhere around her, her heart went out in sympathy for the companions of her sorrow, and her personal distress was merged in a noble compassion for her fellows.

This legend is as old as the dawn of a spiritual religious belief in Asia. If true then, how much more so in the train of modern wars in which powder and disease associate to carry away and leave aching hearts in the bosoms of those not taken.

History has, and will until "the last syllable of recorded time" pronounced our late civil war, the battle against the starry banner, as a causeless war, an outrage upon free government and equal rights. Its instigators shamelessly proclaimed their purpose to establish a "government the corner stone of which should be slavery." For four long years the legions of freedom and slavery fought "hip and thigh," until finally the God of Battles gave to freedom the victory. Meanwhile cemeteries and trenches were peopled with fallen braves and sadness invaded in nearly every household. It is meet, therefore, that a day in each year be set apart on which to recur to the work of the heroic dead, the results thereof, and to manifest our gratitude by decorating the graves of "the boys in blue" who died that their country might live.

When Col. Brown of St. Louis was here last week on his sad mission he wrote for and contributed to the Leader the following patriotic lines on Memorial Day:

COAL.

EDITOR LEADER—

Under the above heading the leading article in the last Old Abe Eagle spoke as follows:

Last week the Eagle was informed by one of the parties who claimed to have made sale of one of the coal claims sold recently in the Salado district, that the prices were as stated, namely: $1,250 and $1,850.

The Eagle is now informed upon unmistakable authority that if the one reported at $1,250 was sold at all that the amount was only $250. The Paul claim sold for $500 instead of $1,850 and the circumstances which made it all desirable for owner to sell it looks like it was a kind of coercion claim jumping scheme. In fact, the misrepresentations, coupled with the fact that at least two of the parties were working to get some El Paso parties to buy them out, looks very much like a fraud all the way through, except so far as Mr. Paul is concerned, who acted in good faith and made a bona fide sale and is no way connected with the dishonorable part of this scheme.

Lack of space prevents further attention to this fraud at present, but the names of the parties perpetrating this scheme will be furnished on application to the Eagle office. The country ought to be rid of parties who injure their neighbors by swindles and other nefarious schemes.

The undersigned are the parties who made the sales referred to. The sales were as satisfactory to the parties who bought as to Mr Paul, who sold. In compliance with the invitation included in the above we called at the Eagle office today and requested the name of the editor's author, which was denied us. In view of the above facts we hereby proclaim and brand the author of the above slanderous article as a defamer of private character and a man (?) who is unacquainted with the first principles of truth of honor.

Six Years in Torment.

Rev. W. Stutz, Red Wing, Minn., speaks a good word for Pastor Koenig's Nerve Tonic, when he says that he recommended the Medicine, during a period of five years, to many sufferers from nervous diseases with the best results. He informs us that a woman, a member of his congregation, had been cured of Bulimia of Six Years' Standing, by the use of Koenig's Nerve Tonic.

Could Not Get Along Without It.

FRATTSVILLE, Wis., May, 1890.

The bottle of Koenig's Nerve Tonic has been received and almost used up, and that with a decided good result. My wife could not get along without the medicine. WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

With the Case with a Year's Subscription to the Paper for a Little More than the Regular Subscription Price.

Printed in large, clear type, on fine tinted paper, and bound in cloth, with gilt backs and sides, the Works of Dickens, with a great deal of extra matter, is a handsome addition to any library, and a most valuable one to the student of English literature. The publishers have made arrangements with the Examiner whereby they are enabled to offer a complete set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

The above are without question the most famous novels that were ever written. For a number of century they have been celebrated in every book and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the most high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and pressing machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

Publishers' Notice.

There are various reasons why applying reading matter at a little above actual cost. What would you think if you could get good literature for

Drop a postal to G. T. Nicholson, G. P. & T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "La Mesa" by Palace Car." You can also procure free copies of "A Santa Barbara Holiday," "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Miscellaneous.

Dr. Tucke man editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and given to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct

1st. Subscribers who do not give express notice to the cont ary are considered wishing to renew their subscriptions.

2 If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for, is prima facie evidence of intention to defraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

Publishers' Notices.

There are various reasons for applying reading matter at the above named ... What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Mexico by Palace Car." You can also procure free copies of "A Santa Fe Guide," "Guide to San Diego Bay Region," "Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Publishers' Notices.

Dr. Tucker, man editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1st. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscription.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for, is prima facie evidence of intention to defraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The last postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

On account of a majority of the pupils of the public school being retained at home in consequence of sickness, we deem it advisable to dispense with our closing exercises as were arranged. However, we would be pleased to meet all who may desire to be present on Friday, at 9:30 a. m., as we wish to have the medals presented to those who have labored so diligently for the same.

ANNIE F. McGINLEY.

Col. R. H. Brown, of St. Louis, arrived here on Friday of last week, a day too late to look upon the cold face and attend the obsequies of his son, of whose demise we spoke last week. He was en route long enough but encountered so many washouts that he was detained over 30 hours. He left for his stricken home on the following day with the mournful satisfaction that if sickness nis boy was tenderly cared for and after death received a Christian burial. The Col. made many friends during his brief sojourn among us.

CARD OF THANKS.

Through the medium of the true friend of the poor and the stranger, the public press of this county, I crave, on behalf of myself and family, to return our most sincere thanks for the kindness and attention shown to our poor, wandering boy during his recent sickness, and for the care and attention with which you have laid his remains to rest beneath the shadow of the mountain.

For a time I shall leave his remains with you; yet in the silent hours of the night, and during the heat and toil of the day as his poor mother and myself shed tears of sorrow over his early death we shall invoke blessings upon you who have been so good and attentive to him.

With a grateful heart I subscribe myself,

Respectfully Yours,
RICHARD H. BROWN.

At the World's Fair meeting on Monday night an executive committee consisting of the following named person—Paul Mayer, Al. Parker, Jones Taliaferro, M. W. Hoyle and J. P. C. Longston, was selected to superintend the gathering of ores, cereals, fruits and other products for White Oaks precinct for the exhibit at Chicago, with power to appoint additional members to assist them in the various camps in the precinct. This committee will act in conjunction with the committee appointed by the Board of County Commissioners and the work promises to be pushed speedily forward. A great deal of interest was manifested in the meeting and that the display from Lincoln County will be large and well selected there is no doubt. Every citizen of the county should lend all aid possible in making it one of the grandest displays in the west. It was the sense of the meeting that each member of the committee appointed by the county commissioners, exclusive of those who are already members of the Territorial Board, act as chairman of similar meetings to be called in their respective precincts and that for precincts not provided for by these arrangements, the public call a meeting and appoint committees for their precincts.

M. S. TALIAFERRO, Sec.

The Postmaster Department at Washington has decreed that the postmaster here shall have 30 minutes in place of 8 in which to distribute mail. While this is a tangible relief to the postmaster it does not satisfy to the people. What our citizens clamor for is that our postoffice be made a scheduled one, at which mails will arrive at scheduled hours and from which mails will depart, uniformly. We believe we are entitled to this and if the Dept. would look into the matter, carefully, it would answer our fretful prayers.

We have just received a fine lot of new dress goods, consisting of cashmeres, Henrietta cloth, Bedford cords, all-wool French challies, fine cotton, summer silks, surah and China silks, which will be sold at greatly reduced prices. Goodman, Ziegler & Co's.

$200 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens, if not in smelting and bullion. Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe or, even the smallest specimen of ore. The rule of this company is to mill all specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, will guilty knowledge, is as guilty in law as the thief, this offer applies to the holders of Old Abe specimens.
