LAID AWAY.

About the hour of 10 on Friday morning of last week, the spirit of Isaac H. Smith, popularly known as "Ike Smith," took its flight and joined the "majority."

For several years the deceased occupied very close relations with us—occupying our quarters and sharing hospitalities. We scarcely remember anybody who had such a true sense of honor as he. In the social circle he was given to exaggeration, but so absurd that it was taken as given—not for truth but fun. Although this was his character, no one knew him to tell hurtful stories of his neighbors. If he had nothing good to say about them, he would say no ill.

He was a Tennesseean by birth. At an early age in his history he moved to Missouri and was there when the war broke out and joined his fortunes with those of the Confederacy, battling until the collapse of his chosen side. He then drifted to Texas and early in 1880 came to White Oaks, where he lived until death put its seal upon his life.

Some five years ago, his wife preceded him in entering the unfathomable beyond. He left a married daughter who lives in Texas and a marriageable son who, we believe, lives in Chaves county. His age was about 55. On Saturday last he was quietly laid away, his friends being largely in attendance.

Last Sunday night, ex Sheriff Francisco Chaves, of Santa Fe, was assassinated near his own home. Four balls were fired into his body and death ensued instantly. No clue to the murderers—it is certain that there were more than one of them—Santa Fe is getting a bad name. It seems to be a place for incendiaries and assassins, and it behooves the people of the Ancient City to locate those fiends and bring to account these violators of law, not only for their own credit and safety, but for the character of the Territory.

"What the row in the Democratic party?" asked a Republican of his neighbor.

"Because it is the poor man's party," was the reply.

"Well, why in thunder don't you try to get better men in it?" and the Democrat went away to study over the question.

At a meeting of the citizens and miners of the Salado Coal Camp in reference to an article of recent date published in the Old Abe Eagle, referring to claim jumping and other crookedness. A committee was appointed to draft resolutions, and the following was adopted:

Whereas, In a recent issue of the Old Abe Eagle, published at White Oaks, New Mexico, there appeared an article in regard to a sale of a mining coal claim, by W. W. Paul. Said article charges fraud, coercion, claim jumping scheme and attacking the character of all parties concerned in said sale, except W. W. Paul.

Resolved, That we, the miners of said coal district, after investigating the facts in the case, find that there is not one word of truth in said statement made by the Old Abe Eagle, but was instigated by malice and a desire to injure some of our best citizens, from the fact that the Editor of said paper refuses to give the name of his informant. Therefore, be it further

Resolved, That in the Old Abe Eagle and its Editor, H. L. Ross, we recognize an enemy to our Camp and its best interests, and that we most sincerely request Mr. H. L. Ross not to publish anything further derogatory to this coal camp of its citizens.

On motion of T. B. Wilson, the following votes were recorded:

Yeas—T. B. Wilson, H. K. Robinson, L. D. Puckett, R. J. Nugent.

Nays—C. W. Johnson, Sam Wortley.

The remainder not voting.

AFFIRMATION AND STATEMENT OF C. W. JOHNSON.

At a meeting held at my camp May 24, 1892, and by the request of members of said meeting, I make the following statement in reference to W. W. Paul's coal claim: First, I made the location referred to for Mr. Paul as per his request, and also one for Mrs. Paul; said locations were one-half mile square. Mr. Paul's claim was west of Mrs. Paul's. Afterwards, Mr. W. W. Paul abandoned his claim and located a claim north of his wife's location; the first location was then vacant and was located by T. B. Wilson. There was no claim jumping in this matter as I know of.

These facts are also known by the following signers—

MEMORIAL and Decoration Days for 1892 have come and gone. The weather was all that could be desired, and everybody seemed to participate. Sunday night Rev. Hurd delivered a very eloquent sermon which was highly appreciated. Monday the procession to the graves was large and the services very impressive. The graves of fallen heroes were strewn with flowers, as also those of sons of veterans. In the evening Bonnell's Hall was crowded with our people and the singing and speaking well repaid every auditor. The program as published was faithfully carried out, save that Capt. Timony being ill and Dr. Lane absent from town their addresses were eliminated. As a whole, the occasion is spoken of, as have all preceding celebrations up for the auspices of the G. A. R. and W. R. C.—as pronounced success.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on the subject and lives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered willing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical, the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unsettled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time, if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest anyone for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

Excellent and Prompt.

The service rendered by the Texas Express on the A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso Deming and Silver City early each afternoon, making the run to Rincon, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Benton for St. Louis via the 'Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily at noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route's motto by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

There are various schemes for supplying reading matter at a trifle above actual cost. What would you think if you could get good literature free?

Drop a postal to G. T. Nicholson, G. P. and T. A., A. T. & S. F. R. R. Co., Topeka, Kan., and ask for a copy of "To Mexico by Palace Car." You can also procure free copies of "A Santa Barbara Holiday," Guide to San Diego Bay Region," Las Vegas Hot Springs Guide," and folders relating to Texas, Oklahoma and Kansas.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts, and is sublet and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered willing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscriber neglect or refuse to take their periodicals from the office to which they are directed, they are responsible till they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or sm via and leaving them unsalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that new-paper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

A PATRIOTIC WORK.

Every person who is opposed to Free Trade theory and favors American industrial independence secured through the policy of Protection, should read the documents published by the American Protective Tariff League. As a patriotic action it is your duty to place these documents in the hands of your friends. They are interesting and instructive, and embrace discussions of all phases of the Tariff question. The League publishes over 50 different documents, comprising nearly 500 pages of plainly printed, carefully edited and reliable information. Among the authors of these documents are, Hon. James G. Blaine, Wm. McKinley, Jr., Governor of Ohio; Senator H. M. Teller, of Colorado; Senator John Sherman, of Ohio; President A. S. Paddock, of Nebraska; Senator Leland Stanford, of California; Senator Justin S. Morrill, of Vermont; Senator Shelby M. Cullom, of Illinois; Senator Henry M. Teller, of Colorado; Senator William B. Allison, of Iowa; Senator Wm. P. Frye, of Maine; Senator Justin S. Morrill, of Vermont; Senator Russell A. Alger, of Michigan; Senator John M. Palmer, of Illinois; Senator Matthew S. An eminent example of American Enterprise, Energy and Perseverance.

In the hands of young men this great system has been so carefully managed that it has earned a reputation second to none for convenience, safety and the luxuries of travel. It is fast becoming the popular route for transcontinental travel, in connection with the Southern Pacific railroad.

It has opened up an almost unlimited field for pioneer enterprise in the far West. No other railroad can carry a man, who is looking his fortune, to get it upon such low rates as he can along its 7,000 miles of this great system.

Having in hand a limited number of the above premiums, we have made arrangements with a New York publishing house whereby we are enabled to offer to our present subscribers and to new subscribers a set of the 12 volumes of Charles Dickens' works, with a yearly subscription to this paper, for the price now paid for subscription alone. Our present subscribers who have not yet availed themselves of this premium offer can have the benefit of it by paying up all arrearages and one year in advance. Only a limited number of sets can be had at this price. Those who first avail themselves of this offer will be the first served. Now is the time to get a set of Dickens' works. Now, during the holidays, when all are looking for suitable presents, when all are remembering friends, when all are purchasing books. The above are without question the most famous novels that were ever written. For whatever else ordinary they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying their luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the enormously low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

IF YOU WANT

a San Francisco paper and of course you want a good one, the WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It merits your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier.
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is reproduced in photogravure, the finest, the truest, the most artistic process known to the art. They are elegantly reproduced in the choicest manner, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

"Women and Children First," by O. Napier Henry.
"Christ Leaving the Praetorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, the finest, and eminently fitted for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as your banker, or as Wells Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that the premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $2.50 will be sent you for one year, postage paid, for $2.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive hereafter the EXAMINER's numbered receipt. You can get a Premium Supplement by applying at this office.

NEW DISCOVERY by ACCIDENT

In compounding a solution a part was accidentally spilled on the hand and on washing afterward it was discovered that the hair was completely removed. We at once put this wonderful preparation on the market and in a few days demand grew so great we had new buildings erected and put in the largest plant in the world for the manufacture of Anti-Kamlico.

IT IS PERFECTLY HARMLESS AND SO SIMPLE ANY CHILD CAN USE IT.

Lay the hair over and apply the solution for a few minutes, and the hair disappears as by magic, leaving the skin white and free from hair. Unscrupulous parties will try to sell you something else, but insist on getting Anti-Kamlico or none. Thousands of LADIES endorse it, some of them have used it for years. Sold by druggists, or sent by express, prepaid, on receipt of price, $1.00 per bottle. Sufficient to last a year. Two bottles, $1.75. Three bottles, $2.50. Large size, for extra long hair, $3.00. GENTLEMEN who object to the use of a razor will find Anti-Kamlico the very thing they need. Send a private mark in Queen's Anti-Kamlico on receipt of 50 cents, and we will send you a sample bottle, with directions for use, by return mail. Address all orders to the sole manufacturers, THE QUEEN CHEMICAL CO., 174 High Street, INDIANAPOLIS, IND. Mention this paper when you write.

SPECIAL—To ladies—In introducing Anti-Kamlico in Canada we will present with a SILK DRESS, 12 yards, each bottle of Anti-Kamlico ordered from Canada. Send for circular and terms.

Ye Editor of ye Leader has been quite ill the past and present week. What he has provided as pabulum for his readers has been done under pressure, but he did the best he could. It is hoped by the jurald that no howl will go up.

The Exchange Bank opened up for business this week. Some years ago, two competing banking representatives met here and induced the people to believe that they would open banks here. We encouraged them, but incline to the opinion that we overdid it—agreeing as we did to borrow from one bank and depositing with the other. But we have a sure thing now and a sure enough bank—a desideratum long wanted here.

The Rocky Mountain News, of Denver, for last Sunday had a large proportion of its big issue devoted to White Oaks, in which the alleged portraits of several of our leading citizens were presented. The write-up was good, but the pictures were abominable! Not a single one was natural, save the mustache of E. W. Parker. The others looked as much like what they were labelled as pigs look like puppies. But, as we said, the write-up was good. In that there was no room for exaggeration.

A series of public justice, or justice to public sentiment, reference should be made to the White Oaks Brass Band. The members have duly been equipped with instruments adapted to practice and they now play overtures. On December 1st and night their excellent performances lend much to the [illegible]

Only the immediate relatives of the bride and groom and Mr. G. D. Green were present. An elegant supper was served after the ceremony, then music followed. All seemed to enjoy themselves grandly. The Leader wishes them a happy voyage on the rugged sea of life.

Since our last issue, Mr. Dennison, representing Eastern and Western Syndicates, secured from W. J. Littell, Sr., a bond for a year on his May Lode, on Baxter Mountain, the bond being for $50,000. $300 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens, if not in gangues and bullion. Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe, even the smallest specimen of ore. The rule of this company is to sell no specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver will be guilty knowledge, is as guilty in law as the thief, this offer applies to the hole of Old Abe specimens.
