FOR PRESIDENT,
Benjamin Harrison,
—OF INDIANA.

FOR VICE PRESIDENT,
Whitelaw Reid,
—OF NEW YORK.

The following is a clipping from a chronological article in the National Tribune, Washington, D. C. That Ft. Stanton was ever in possession of the rebels will be news to many of our readers.—To intelligently read the clipping it must be understood that at the date referred to Lincoln were the name of Placito—1861:

Aug. 25-Sept. 8.—The Confederate forces stationed at Fort Stanton, N. M., under Lieut. Jno. R. Pulliam, 2nd, Tex., were employed in operating against hostile Indians in the vicinity. The Indians attacked a scout of four men in the Gallinas Mountains on Sept. 6 and killed three. The fourth man escaped and reached the fort. On Sept. 8 a force of 30 men had an engagement with the Indians at the Placito a Mexican settlement. 10 Indians were left dead, and killed five.

THE nomination of Cleveland pleases all Republicans. That the grand and good old party could defeat the strongest ticket its arch enemy could put out was felt in the bones of all Republicans, but in a walkover it's weakest will be easy a job as it would be for Sullivan to knock out a newsboy.

THE illiteracy of the Texas people is dense. None of them can spell hog correctly. Even the Texas newspapers spell their Governor's name with two g's. But they know enough to roll up hoggish democratic majorities.

IF Limerick doesn't hustle hereafter she will loose her laurels.—She had a political meeting the other day at which only two heads were broken. Almost any live Irish town could do better than that.

THAT was a singular coincidence which occurred last week. The Chestnut, Ohio, street car driver struck, and the Tammany Hall driver struck against Cleveland.

Fourth of July.

1776. 1892.

Next Monday will be the Fourth of July, whose annual coming is looked for with interest by every child American and what is denominated as "Young America."

It will then be 116 years since John Hancock sat in his chair in Independence Hall, Philadelphia, surrounded by such patriots as Jefferson, Carroll, Lee and Clinton, and old John Adams made the welkin ring by proclaiming—"Live or die, sink or swim, I give my heart and hand to this Declaration;" since the Magna Charta of Independence was signed and adopted; since the messenger-boy tripped out the convention door, and clapped his hands as the arranged signal to the old man in the belfry, who rang out on the old coil the glad tidings, "Liberty and Independence;" since the people of Philadelphia and contiguous territory experienced the same thrill of joy and hope, and swift as the slow provisions for the carrying of news in those days to distant points would allow, the intelligence was delivered to an anxious people who received it as emanating from authority of the representatives of their new Republic, endorsed by the word of Almighty God, "Proclaim Liberty to all the world and all the inhabitants thereof."

We have all read of the death of the old bell-man, but whatever became of the boy who gave the signal causing the old bell to peal the joyous tidings, has not, to our knowledge, been chronicled.

From 1776 to 1789, has been denominated by historians as the "Critical Period." In the interim intervened we were a people without a government, naught but the Declaration of Independence, and albeit that was grand in its way it was not calculated to sphere and make of a people a power among the nations of the earth. A Constitution in harmony with the Declaration had to be formulated and accepted, and the period of uncertainty necessarily elapsing looking to the consummation of the desired end was critical. Some of the Colonies were slow to embrace a Union and desired to join on probation, and Colony price induced others to hesitate lest in joining the mass their individual identity, made glorious in their revolutionary records would be swallowed up and forever lost sight of. But self protection caused all to fall in line and "E Pluribus Unum" came out of many, one, a government of the several Colonies as they joined hearts and hands. Then the boys all day in the new land was set in motion the grandest government ever devised by man.

Considerable over a century has since elapsed, during which time we have measured arms with foreign and domestic foes, the result of each contest being the rendering of our Starry Banner more glorious in the eyes of those living beneath its folds and the more respected by the nations of the earth until this year of grace when to be an American citizen is universally acknowledged to be a sovereign, the owner and ruler of himself, and more than the peer of him who wears a tinseled crown and wields a baton of rolled or plated paper which he calls a sceptre.

But we will not elaborate further lest we trench upon ground pre empted by Fourth of July orators. We trust the Day will be generally observed and that politics will for the nonce be ignored and patriotism, pure and simple, will hold high carnival to the end that a broader, more catholic spirit may prevail and give forth incense which will envelope the entire body politic and social. Selah!

OUR CALIFORNIA LETTER

FROM MRS. LANE.

Santa Monica, Cal.,
June 24, 1892.

DEAR MASON:

I felt when the LEADER made its welcome appearance this morning that I owed you at least a word of thanks. Your kindness in thinking of us and taking the trouble to send the paper as constantly as you have done, has, I can assure you, touched me very much. Disinterested friendship is rare in this busy world of ours. When we meet it we prize it, or ought to. Please do not call this "taffy," as the boys say. This feeling is too sincere for that.

I presume you would like news but really Santa Monica "is in it" so deeply I hardly know where to begin. We have been talking of the coming of the Santa Fe for some months and yet when it came we were taken unawares, so steadily yet so swiftly and quietly had it worked. We looked out one afternoon and saw some smoke in the trees, which gradually came nearer, until we saw it came from a fine engine which glided down the track with one "special" attached, and we all said, "the Santa Fe has come at last!" So they build railroads in California. Now, as we look out our dining room window, where before was waste ground, we see the hand some depot of the Santa Fe, and see passengers arriving and departing, and hear from the south side what we have on the north side, "This way to the Arcadia."

Last Sunday the band played on the beach all day in the new land stand, just finished, and the bathers plunged and dipped to the music of "Morning, Noon and Night in Vienna," by Straus. On Memorial Day there were over a 1000 people who came down on the Southern Pacific annual picnic to the employees of that R. R. On the last train that pulled out in the evening we counted 16 cars, and standing on our back steps we heard the bands play "Annie Rooney," "Swance River," and last, "The Girl I left Behind Me." I think trainmen have difficulty, sometimes, in locating just which station she was left at.

Our public school closes this week. I think the teachers and pupils have done good work. The Principal, Mr. L. Roy Browne, is deservedly popular among young and old; he is courteous to all and is much liked by his own class of young people who have had the privilege of being taught by him this term.

The large lodging house in front of us is just receiving its last coat of paint—red, of course, to be in style. It contains 50 rooms, has upper and lower verandas, running clear around the house; every room opens on the veranda, from which you obtain a fine view and the ocean presents such variety one never tires of admiring it. Next month there will probably not be a room to be had in the place; as it is you are besieged every day to know if your house is for rent, or "do you take roomers?"

Evening has come and I must close:

The mountain canyons dark with shade
The sea and, gray old lone,
From Southern palm to Northern pine,
A good night kiss is blown.

Daylight is o'er, the sails are furled,
The sheep are in the fold,
The night has come, and with it dreams
Of Argonauts and gold.

A BEAUTIFUL WORD'S FAIR MEMENTO.—The Columbian Souvenir contains office half-tone engravings of all the principal World's Fair Buildings, a calendar of American history; dates of 375 important events, the best national songs, two of them "American" and "Rally round the flag boys" being reproduced from the authors' autograph copies. This last feature is alone worth the price of the book. The Souvenir has 32 pages, 5½ x 8 inches, is printed on very heavy paper, and the covers are elegant and emblematic. You surely are interested in the great Fair. You should have this beautiful book now. Only 25 cents, coin or postal note, postpaid. H. J. BURRICK & Co, Publishers, Box 753 Chicago.

$300 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the stoke operators by the stealing of gold in specimens, if not in amalgum and bullion.—Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore.—The rule of this company is to mill all specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holder of Old Abe specimens.

Republican Platform

The representatives of the Republicans of the United States assembled in general convention on the shores of the Mississippi river, the everlasting bond of an indestructible republic whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the triumphs of the nation under the banners inscribed with the principles of our platform of 1888, vindicated by victory at the polls and prosperity in our fields, work shops and mines, and make the following declaration of principles.

We reaffirm the doctrine of protection. We call attention to its growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican congress. We believe that all articles which can not be produced in the United States except luxuries, should be admitted free of duty, and that on all imports coming into competition with the products of American labor, there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1890. We denounce the efforts of the Democratic majority of the house of representatives to destroy our tariff laws by piecemeal, as manifested by their attacks upon wool, lead and lead ores, and we ask the people for their judgment in favor.

We point to the success of the Republican policy of reciprocity upon which our export trade has vastly increased and new and enlarged markets have been opened for products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that as exercised by the Republican administration, our present laws will eventually give us control of the trade of the world.

The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions to be determined by national legislation as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interests of the producers of the country, its farmers and its workingmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

We commend the wise and patriotic steps taken already by our government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.

We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every individual, rich or poor, native or foreign born, white or black, this sovereign right granted by the constitution.

The free and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundations of our Republican institutions, and the party will never relax its efforts until the integrity of the ballot and the purity of the elections shall be fully guaranteed and protected in every state.

We denounce the continued inhuman outrages perpetrated upon American citizens for political reasons in certain southern states of the Union.

We favor the extension of our foreign commerce, the restoration of our merchant marine and the creation of a navy for the protection of our national interests and the honor of our flag; the maintenance of the most friendly relations with all foreign powers; entangling alliances with no nation; and the preservation of the rights of American citizens.

We reaffirm our approval of the Monroe doctrine and believe in the achievements of the manifest destiny of the republic in the growth across.

We favor the enactment of more stringent laws and regulations for the restriction of crime and pauper and contract immigration.

We favor efficient legislation by congress to protect the life and liberty of employes of transportation companies engaged in carrying interstate commerce, and recommend such legislation by the respective states as will protect employes engaged in state commerce, in mining and manufacturing.

The Republican party has always been the champion of the oppressed, and recognizes the dignity of manhood irrespective of race, color or nationality; it sympathizes with the cause of home rule in Ireland and protest against the persecution of the Jews in Russia.

The ultimate reliance of free popular government is the intelligence of the people and the maintenance of freedom among men. We, therefore, declare anew our devotion to liberty of thought and conscience, of speech and of the press and approve all agencies and instrumentalities which contribute to the education of the children of the land; but while insisting upon the fullest measure of religious liberty, we are opposed to any union of church and state.

We reaffirm our opposition declared in the Republican platform of 1888, to all combinations of capital organized in trusts or otherwise to control arbitrarily the condition of trade among our citizens. We heartily endorse the action already taken upon this subject, and ask for such further legislation as may be required to remedy any defects in existing laws, and to render their enforcement more complete and effective.

We approve the policy of extending to the utmost, villages and rural communities the advantages of the free delivery service now enjoyed by the larger cities of the country, and reaffirm the declaration contained in the Republican platform of 1888, pledging the reduction of letter postage to one cent as the earliest possible moment consistent with the maintenance of the postal service. The best and the highest class of postal service and the wise and economical administration by the Republican party of the laws regulating the same.

The construction of the Nicaragua canal is one of the highest importance to the American people, as a measure of national defense and to enable us to build up and maintain American commerce and should be controlled by the United States government.

We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be selected from those who reside there, and the right of self-government should be accorded as far as practicable.

We favor the cession, subject to the homestead laws, of the arid public lands to the states and territories in which they lie, under such congressional restrictions as the disposition, reclamation and occupancy by settlers will give the maximum benefits to the people.

The World's Columbian Exposition is a great national undertaking, and congress should promptly enact such reasonable appropriations thereof as will insure a creditable display of the arts and industries of the nation, and the success of the exposition, which will be a demonstration of the skill, genius and industry of the people of the United States, and will redound to the lasting honor of the republic and all its citizens.

We sympathize with all wise and loyal efforts to lessen and prevent the evils of intemperance and promote sobriety.

We commend to all the services and sacrifices of the men who saved the life of the nation, the pledge now to the sole surviving soldiers of the republic watchfulness and recognition of their just claims upon a grateful people.

We commend the able, patriotic and thoroughly American administration of President Harrison. Under it the country has enjoyed unexampled prosperity, and the dignity and honor of the nation at home and abroad have been faithfully maintained and we offer the record of pledges kept as a plea of faithful performance in the future.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on it is subject as I given to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct.

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber or lars like discontinuance of his perfodical the publish may continue to send it until all arrears ges are paid.

3. If subscribers neglect or refuse to ake their papers from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unsalled for is prima facie evidence of intentional raud.

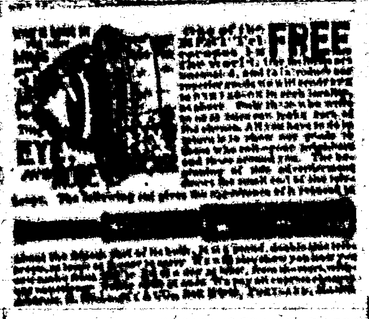
6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

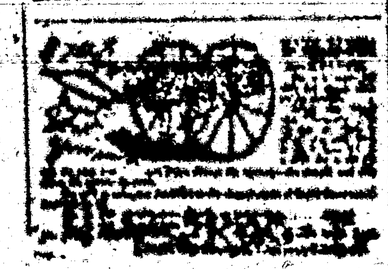
The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a friend send notice, gives him self liable to arrest and fine the same as for theft.

A PATRIOTIC WORK.

Every person who is opposed to Free Trade Slavery and favors American Industrial Independence should read the documents published by the American Protective Tariff League. As a patriotic citizen it is your duty to place these documents in the hands of your friends. They are interesting and instructive, and embrace discussions of all phases of the Tariff question. The League publishes over 50 different documents, comprising nearly 500 pages of closely printed, carefully edited and reliable information. Among the authors of these documents are, Hon. James G. Blaine; Wm. McKinley, Jr., Governor of Ohio; Senator D. M. Cameron of Pennsylvania; Senator Joseph N. Dolph, of Oregon; Senator R. R. Peddoe, of Pennsylvania; Senator Frye, of Maine; Senator Sawyer, of North Dakota; Senator James H. Mandl, of Vermont; Senator Nelson W. Aldrich, of Rhode Island; Hon. Thomas M. Bayley, of New Jersey; Hon. Robert P. Porter, of Washington; Prof. J. B. Dodge, of the Agricultural Department; Wm. Maxwell, Commissioner of Labor; Commodore W. H. Hoppner; Hon. R. A. Hardaker, of New York; Governor Larrabee, of Iowa; Hon. N. P. Jones, David Ross, of Montana; Ex-Congressman Perkins, of Kansas; Dr. H. E. Mabary, of New York; Hon. Geo. Hoppin, of Mass.; Hon. A. J. Edwards, of Louisiana; Hon. Wm. Lawrence, of Ohio; Hon. D. G. Hardman, of New York; Hon. Gen. B. Butterworth, of Ohio; Hon. H. H. Kimball, of New York; Lucien Kinney, of Tennessee.

This complete set of documents will be sent to any address, post paid, for Fifty (50) Cents. Address Wilbur F. Wakeman, Sec'y, No. 28 West Twenty-Third Street, New York.





Excellent train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is as follows:

A fast express leaves El Paso Deming and Silver City early each afternoon, making the run to Rincon, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Barton for St. Louis via the 'Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route aims by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

A VOICE from Ohio. Here is a testimonial which is worth a million dollars to the afflicted. Mr. Wm. Kline, Secretary of the Canton Building and Loan Association, Canton, Ohio, writes: "Dear Sir: Kindly allow me to say a few words in favor of your Electric Belt. I was troubled with Rheumatism for a number of years, and could get no relief. I purchased your Belt and wore it for a short time, and was entirely relieved. I have since recommended it to a number of my friends, and they have all been benefited by it. Shall we send YOU one on trial?

Harrison and Reid.

Republican Platform

The representatives of the Republicans of the United States assembled in general convention on the shores of the Mississippi river, the everlasting bond of an indestructible republic whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the auspicious morn of the nation under the banners inscribed with the principles of our platform of 1888, vindicated by victory at the polls and prosperity in our fields, work shops and mines, and make the following declaration of principles.

We reaffirm the doctrine of protection. We call attention to its growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican congress. We believe that all articles which can not be produced in the United States, except luxuries, should be admitted free of duty, and that on all imports coming into competition with the products of American labor, there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1890. We denounce the efforts of the Democratic majority of the house of representatives to destroy our tariff laws by piecemeal, as manifested by their attacks upon wool, lead and lead ores, and we ask the people, is for their judgment to typify.

We point to the success of the Republican policy of reciprocity upon which our export trade has vastly increased and new and enlarged markets have been opened for products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that as executed by a Republican administration, our present laws will eventually give us control of the trade of the world.

The American people, from tradition and interest, favor bi-metallism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions to be determined by national legislation as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interests of the producers of the country, its farmers and its workingmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

We commend the wise and patriotic steps taken already by our government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.

We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every individual, rich or poor, native or foreign born, white or black, this sovereign right granted by the constitution.

The free and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundations of our Republican institutions; and the party will never relax its efforts until the integrity of the ballot and the purity of the elections shall be fully guaranteed and protected in every state.

We denounce the continued inhuman outrages perpetrated upon American citizens for political reasons in certain southern states of the Union.

We favor the extension of our foreign commerce, the restoration of our merchant marine and the creation of a navy for the protection of our national interests and the honor of our flag; the maintenance of the most friendly relations with all foreign powers; entangling alliances with none; and the preservation of the right of asylum.

We reaffirm our approval of the Monroe doctrine and believe in the achievements of the manifest destiny of the republic in the broadest sense.

We favor the strictest limit of more stringent laws and regulations for the restriction of criminal, pauper and contract immigration.

We favor efficient legislation by congress to protect the life and liberty of employes of transportation companies engaged in carrying interstate commerce, and recommend such legislation by the respective states as will protect employes engaged in state commerce, in mining and manufacturing.

The Republican party has always been the champion of the oppressed, and recognizes the dignity of manhood, irrespective of race, color or nationality; it sympathizes with the cause of home rule in Ireland and protests against the persecution of the Jews in Russia.

The ultimate reliance of free popular government is the intelligence of the people and the maintenance of freedom among men. We, therefore, declare anew our devotion to liberty of thought and conscience, of speech and of the press and approve all agencies and instrumentalities which contribute to the education of the children of the land in the public schools, upon the fullest measure of religious liberty; we are opposed to any union of church and state.

We reaffirm our opposition declared in the Republican platform of 1888, to all combinations of capital organized in trusts or otherwise to control arbitrarily the condition of trade among our citizens. We heartily endorse the action already taken upon this subject, and ask for such further legislation as may be required to remedy any defects in existing laws, and to provide their enforcement more complete and effective.

We approve the policy of extending to the villages and rural communities the advantages of the free delivery service now enjoyed by the larger cities of the country and re-affirm the declaration contained in the Republican platform of 1888, pledging the reduction of letter postage to one cent as the earliest possible moment consistent with the maintenance of the postal service, the best interests of the people demanding that such reduction shall not be made until the postal service can be placed upon a self-sustaining basis, nor before such reduction can be safely made in the interest of the people. We commend the efforts of the postmaster general to secure the establishment of international postal arrangements with foreign countries whereby our commerce may be promoted and the burden of foreign postage upon our correspondence reduced.

We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be selected from bona fide residents thereof and the right of self-government should be accorded as far as practicable.

We favor the cession, subject to the homestead laws, of the arid public lands to the states and territories in which they lie, under such congressional restrictions as the disposition, reclamation and occupancy by settlers will give the maximum benefits to the people.

The World's Columbian Exposition is a great national undertaking, and congress should promptly enact such reasonable legislation thereon as will insure a creditable celebration of the anniversary of the discovery of America by Columbus, and supplement the action of the local management in charge of the exposition in providing for the comfort, safety and success of the exposition, to the end that the public expectation may be realized and the dignity and honor of the nation fully maintained.

We sympathize with all wise and legal efforts to lessen and prevent the evils of intemperance and promote sobriety.

Ever mindful of the services and sacrifices of the men who saved the life of the nation, we pledge anew to the veteran soldiers of the republic watchful care and recognition of their just claims upon a grateful people.

We commend the able, patriotic and thoroughly American administration of President Harrison. Under it the country has enjoyed remarkable prosperity, and the dignity and honor of the nation at home and abroad have been faithfully maintained and we point to the record of pledges kept as a plea of faithful performance in the future.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on it is subject and given to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest and convict for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

A PATRIOTIC WORK.

Excellent Train Service.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso Deming and Silver City early each afternoon, making the run to Rincon, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Barton for St. Louis via the Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver via La Junta and Trinidad.

The Santa Fe Route signs by its fast time, fine equipment and reasonable rates, to merit the patronage of the traveling public.

Yet there are thousands of homes in America and yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying their beauty. But now, owing to the use of modern improved printing, folding and printing machinery, the reasonably low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

WANT YOU WANT

A San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It wants your subscription—your particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the four magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier.
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21 x28 inches, and they are elegantly reproduced in the etching, showing every fine and color of the great originals, either one of which would not be purchased for $500.00.

"Women and Children First," by D. Napier Hemy.
"Christ Leaving the Pretorium," by Gustave Dore.

Each of these pictures is reproduced in photogravure, size 15x18, and exquisitely mounted for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be mailed him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 3,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are each and every one of these premiums—which range in value from 50 cents to $5,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that the premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can just as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50 will be sent you for one year, postage paid, for $3.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER'S numbered receipt. You can get a Premium Supplement by applying at this office.

The Roswell Record says that White Oaks is an unhealthy place for Roswellites and cites the death of J. B. Johnson here. Why the fact is that while a dozen of Roswell Johnson was kicked in the chest by a mule which caused his death, the post mortem revealing an abscess of the lungs. Apropos, to Roswell is chargeable the heavy consignment of measels received here last spring without orders. At the time of its breaking out here new comers from Roswell were warned to guard their children from the scourge, to which admonition they all replied: "O, we're not afraid; our children all had the measels before we left Roswell."

Fine Alpaca and Seersucker coats and vests, a large variety, at Goodman, Zeigler & Co.

At the last regular meeting of Kearney Post No. 10, G. A. R., held June 27th, the following resolutions were presented and adopted:

Whereas—It has pleased the Supreme Commander and God of Battles to take from life and this Post, comrade W. J. Littell, Co. I, and

Whereas—Our late comrade was a gallant soldier in time of war and a worthy, enterprising citizen in time of peace, be it therefore

Resolved—That one and all of Kearney Post, No. 10, G. A. R., mourn the said dispensation.

Resolved—That our heart felt condolence reaches out to his stricken wife and children in this their hour of bereavement.

Resolved—That a copy of these resolutions be provided the several county papers with request to publish, that an engrossed copy be provided the widow as an expression of feeling with and sympathy for her from this Post, and that they be spread upon the minutes of the Post.

Across the Deep, in the Far West, Connecticut, corns and tiring aches. Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It derives vitalizing, brackish water of its baneful properties and unhealthy flavor, counteracts the pernicious effects upon the stomach of indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a sure defense against malarial disorders, nullifies the effects of excessive heat, cold and damp, relieves sick-headaches, and is an incomparable cure for costiveness and biliousness. The fatigue of travel often tells most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will do well to provide with this defense, and are less likely to have their fears realized.

BUD. MEANEY was at Carthage last week. He says it was so hot there that the heat settled upon a cow loaded with ice and consumed it. This reminds us of Judge M. Cronin, who on his last visit here arrived in what we are in the habit of calling a wind storm. The Judge said it was only a little breezy, and related as fact that on entering the pastoral suburbs of Roswell lately the wind blew a calf into his buggy. Merritt and Cronin are truthful men and we rely upon what one says as confidently as we do upon the other, hence we would n't like to live in either Carthage or Roswell.

Buy your Drugs and Medicines from the Post Office Drug Store.

Beware of Medicines for Catarrh that contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c. per bottle.

THE Congregational pastor will preach next Sunday morning at 11, on "The power of Christian truth to make us spiritually free." In the evening at 7:45, the service will be one of Christian patriotism, appropriate to the eve of the Fourth of July. There will be singing by the choir and congregation, and the address will be one of "The Fathers of our Nation as instruments of Divine Providence." All are invited.

THE Territorial Fair this year at Albuquerque, bids fair to far excel, indeed to eclipse any of its predecessors, which is saying a great deal. G. L. TO KICKERS.

Saint Peter sits by heaven's gates, his hand on the strings of a lyre, and he sings a low song as he patiently waits for the souls of those who expire. He hears in the distance the chorus of songs that swell from the feet of the throne, and he smiles as the music is wafted along, and warbles a lay of his own:

"There is room in this region for millions of souls who by sorrow or woe were bereft; 'tis for those who have suffered the melody rolls; but the kicker must turn to the left.

"There is room for the people who, when they were young, persisted in sowing wild oats, yet who boomed up their town with shout and tongue; but the kickers must go with the goats.

"There is room for the people who pointed with pride to the beauty and growth of their town; who kept singing the praises aloud till they died; but the kickers will please amble down.

"They'd say the angels was all out of tune and add the angelic robes 'round up down,' and they'd send for a jeweler off to the moon to sample the gold in their crown.

"So, while there is room for the millions of souls who by sorrow and woe were bereft, we want no complaint of the music that rolls; so the kickers must turn to the left.
