FOR PRESIDENT:
Benjamin Harrison,
—OF INDIANA—

FOR VICE PRESIDENT,
Whitelaw Reid,
—OF NEW YORK.—

We don't pretend to take sides in the labor controversy going on between Carnegie and his employes, resulting in a lamentable and deplorable collision last week, but the occasion is suggestive that Mr Carnegie should make good his promises of making his immense wealth available for good during his life time. He has been quite free in advancing the theory that capital and labor should hold confidential relations, the former sharing with the latter a per cent of the profits. Instead of this he disagrees with his helpers and introduces to him the Pinkertons, and they in turn introduce the Pinkertons to the devil. We have no doubt that he has the law's support in discharging whomever he pleases, but the man with Blackstone on his side and Gat against him is neither safe or comfortable. The grinding Legitimeness which comes from the amassing of millions in the hands of one man is fast driving the masses of all classes to take sides against those money monarchs and though it may be slow in coming the time will surely appear when these oppressors of labor will be held to an account by enlightened public opinion and the iron hand of equal and exact justice.

There are some who gloat over Carnegie's situation and give as a reason that he is a Republican.—When it is proven to them that he is neither a citizen or resident of the U. S., they reply that he is a favored creature of Republican patron. So is every capitalist and laborer doing business or living under the Stars and Stripes. It I were glad that Carnegie's popularity is being damaged. That will not be his loss but that of Allegheny County, as that county found out when she had to pay the damages caused in Pittsburg by the strike.

The World's Fair.

To us it seems that beyond the sound of locomotive whis tes nothing is being done, and but little thought of in connection with the World's Fair which will open at Chicago next year. In our judgment the people of New Mexico cannot do too much toward getting up a fitting representation of the resources of our Territory. Such an opportunity will surely not occur again during the lifetime of any now living.

The world has never seen an exposition gotten up on such a grand and comprehensive scale, and it is not likely that another like it will again be witnessed in the next 400 years. Upon this occasion people will not assemble by tens of thousands but by tens of millions, not only from all portions of the U. S., but from every part of the civilized world, to witness the wondrous evidences of a most remarkable growth, by a most progressive people under the favor of Divine Providence.

As an educater this Exposition will stand unparalleled in the history of the enlightened world. It will speak of all countries and in all tongues, and will give a scope of general knowledge of countries and people, of bounteous gifts of Nature and marvelous genius of man which could not be obtained by years of travel.

What a glorious opportunity it will offer to New Mexico to present to the best advantage her peculiar charms. Our Territory is about as old as Hazzard's "She," and twice as beautiful. Under the dripping dews of the great dome which hangs over us, there is no fairer land than New Mexico none having such rich and varied resources. The World's Fair will be the time and place to make such statement of facts and back it with convincing proof. We can exhibit evidence of, our matchless mineral resources, proof of the abundance of our streams carrying fresh, wholesome, sparkling water, our invigorating climate, our enlightenment and energy.—This, as indicated, can be proven by the presentation of our products, mineral, agricultural, horticultural, industrial an intellectual—we can show to a demonstration that there is no place on earth where energy and industry, intelligently directed, promises more prolific returns.

Probably no section of Uncle Sam's domain is so imperfectly understood abroad as New Mexico. It has gone out on the word of one of Buchanan's officials here, that this "is a land of flowers without fragrance, men without honor and women without virtue." That we raise anything but hell within our confines is not credited. Outside it is generally held that all of our highways are like unto Davy Crocket's turnpike, which started in as a common road, run into a country road, from that to a new path, thence into a bridle-path, then as a squirrel path, up into a tree and into a hole.

Through the press and information derived from visitors to our Territory the true status of New Mexico is becoming understood; but the process is slow. It is becoming known that our resources are diversified, that for instance Texas is only adapted to stock raising, while we can raise anything that the Chicago Herald recently said, and the Herald is an influential paper. It said:

"New Mexico is rapidly coming to the front as a fruit producer.—It really seems destined to eclipse California. There can be no question, their early peaches, cherries and apricots are very much superior to those produced by the Golden State. When time has afforded growers at the eastern end of the Territory an opportunity to develop their resources, one may readily expect New Mexico to take prominent rank, even against the Indies, as a fruit producer."

Yes, let New Mexico get a move on itself. Let us secure good exhibits in all lines. Then, let our old men and women, our young men and maidens, and our babies go to the Exposition, and our Territory (then mayhaps our State) will shine amongst the most attractive and dazzling lights on exhibition.

In a recent issue of the Forum, Mr. Edward O. Leech, director of the mint, gives a concise explanation of "free coinage," He says:

"Free silver coinage may be defined as the right of any one to deposit silver at any mint of the United States and have every 37¼ grains of pure silver stamped, free of charge, into a dollar, which shall be a full legal tender at its face value in the payment of debts and obligations of all kinds in the United States."

This differs from the understanding of the Kansas Alliance man. "As I understand it," says he, "if a free silver bill, such as we are working for, is passed, we are each to receive $50 per capita in silver free, and that is why I am in favor of it. There are six of us in my family and that will give us $300. I would be a fool to throw that amount over my shoulder, wouldn't I?"

The miners of Texas, Arizona and New Mexico have an organization of an independent character. Every year, somewhere within the confines of the territory indicated, the miners meet in convention, every miner attending being accorded the privilege and functions of a delegate. Last year the convention was holden at El Paso. The place and time for holding conventions are at the will of the executive committee, of which Prof. Chas. Langmaster, of the El Paso Bullion, is chairman. We would suggest to the Prof. that this year Albuquerque would be a good place and during the Territorial Fair week an auspicious time for the holding of said convention, in which event Lincoln County would be well represented and in our judgment the convenience of a large majority would be consulted and met.

We have now in stock, a full line of the celebrated Ziegler Bros shoes for ladies, misses and children which we guarantee to give the very best of satisfaction. Try them. For sale by

DR. PRICE'S Cream Baking Powder.

Used in Millions of Homes—40 Years the Standard.

There are some who argue that the millionaires of this country are all products of tariff legislation. The following is a list of eleven of the most prominent of our millionaires who never cared a hanker whether we had free trade or a protective tariff:

Wm. Waldorf Astor made his millions through real estate.

Jay Gould—railroads, telegraph and speculation generally.

Calvin Brice—oil.

Jno. D. Rockafeller—oil.

Cornelius Vanderbilt—railroads.

Wm. K. Vanderbilt—railroads.

Henry M. Flagler—oil.

Jno. J. Blair—railroads and banking.

Russel Sage—railroads and general speculation.

C. P. Huntington—railroads.

Wm. Rockefeller—oil.

Then there's those who insist that all millionaires are Republicans. This is another error. All on the above list with whose politics we are acquainted, are democrats.

Some years ago Jay Gould purchased the New York World to advance the democratic cause.

Brice is chairman of the Democratic National Committee, and as such called the late Chicago Cleveland convention to order.

The Rockefeller's are democrats. A few years ago one of them ran in Ohio as democratic candidate for Governor.

Still again, there are those who say that no man can honestly acquire a million—he must steal more or less of it. This is not an error—it is a bald headed lie.—The case of Peter Cooper is one in point. He started out as a lad, without money or friends. During his lifetime he philanthropically gave away millions and at his death left millions and the character of a scrupulously honest man. It is only men who have earned neither money or credit who talk thus.

If these calamity howlers who so journal several days in Omaha, while telegrams, letters and messengers were being sent to "Bill" Greenbank asking him to see if the nominating of the People's party would now consult him about their duties as voters, he would tell them to vote the Republican ticket. They placed so much faith in him that his advice should certainly have weight with them.

Cyrus W. Field, father of the Atlantic cable, died this week. Wish he could establish telegraph communication between here and where he's gone, across the river Styx.

The Silver Bill was put to sleep in the House by a vote of 151 to 135. So much for the democracy and white metal.

State troops are now at Homestead, and the insurgents are quiescent. The former have taken warden by of Carnegie's property.

PISO'S NERVE TONIC

Recommended as the Best. 1.C
Le Mars, Plymouth Co., Ia., May, 1 '90.
I suffered from temporary sleeplessness from overwork for two years, for which I used Piso's Nerve Tonic, and can recommend same as the best medicine for similar troubles.
F. DOWNEY.

A Great Blessing.
I can most truthfully testify to the fact that here in Cleveland several cases of epilepsy which were cured by the use of Piso's Nerve Tonic, of Ft. Wayne, Ind., have come under my personal observation. In other similar cases a relief was given even if up to this time they have not been entirely cured. It would certainly be a great blessing if the fact were more widely circulated that many could be cured by this medicine. Free of charge to physicians.

FREE—A Valuable Book on Nervous Diseases sent free to any address, and your patient can also obtain this medicine free of charge.
This remedy has been prepared by the Reverend Father Koenig, of Fort Wayne, Ind., since 1876, and has been prepared under his direction by the

$500 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in ore mess, if not in amalgam and bullion.—Therefore, the "Old Abe" Company offers a standing reward of Three Hundred dollars for the arrest and conviction, or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore.—The rule of this company is to kill all speciment. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holds of Old Abe specimens.

Republican Platform

The representatives of the Republicans of the United States assembled in general convention on the shores of the Mississippi river, the everlasting bond of an indestructible republic whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the majestic merits of the nation under the banners inscribed with the principle of our platform of 1888, vindicated by victory at the polls and prosperity in our fields, work shops and mines, and make the following declaration of principles.

We reaffirm the doctrine of protection. We call attention to its growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican congress. We believe that all articles which can not be produced in the United States, except luxuries, should be admitted free of duty, and that on all imports coming into competition with the products of American labor, there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles of general consumption have been reduced under the operations of the tariff act of 1890. We denounce the efforts of the Democratic majority of the house of representatives to destroy our tariff laws by piecemeal, as manifested by their attacks upon wool, lead and lead ores, and we ask the people for their judgment thereon.

We point to the success of the Republican policy of reciprocity upon which our export trade has vastly increased and new and enlarged markets have been opened for products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that as expected by a Republican administration, our present laws will eventually give us control of the trade of the world.

The American people, from tradition and interest, favor bi-metallism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions to be determined by national legislation as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interests of the producers of the country, its farmers and its workingmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

We commend the wise and patriotic steps taken already by our government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.

We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every individual, rich or poor, native or foreign born, white or black, this sovereign right granted by the constitution.

The free, and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundations of our Republican institutions, and the party will never relax its efforts until the integrity of the ballot and the purity of the elections shall be fully guaranteed and protected in every state.

We denounce the continued lynchings perpetrated upon American citizens for political reasons in certain southern states of the Union.

We favor the admission of our foreign commerce, the preservation of our merchant marine and the creation of a navy for the protection of our paths of trade and the honor of our flag, the navy to consist of the most effective vessels, with all modern improvements, including guns, armor and ammunition, and the production of the same in the United States.

We favor such legislation by congress as will protect the lives and limbs of employees of railroads engaged in carrying interstate commerce and transportation, and recommend to the legislatures of the respective states as will protect employees engaged in state commerce, in mines and manufacturing.

The Republican party has always been the champion of the oppressed, and recognizes the dignity of manhood, irrespective of race, color or nationality; it sympathizes with the cause of home rule in Ireland and protest against the persecution of the Jews in Russia.

The ultimate collapse of free popular government is the intelligence of the people and the maintenance of freedom among men. We, therefore, renew our devotion to liberty of thought and conscience, of speech and of the press and approve all agencies and instrumentalities which contribute to the education of the children of the land; but while insisting upon the fullest measure of religious liberty, we are opposed to any union of church and state.

We reaffirm our opposition declared in the Republican platform of 1884, to all combinations of capital organized in trusts, or otherwise, to control arbitrarily the condition of trade among our citizens. We unequivocally endorse the action already taken upon this subject, and ask for such further legislation as may be required to remedy any defect in existing laws, and to render their enforcement more complete and effective.

We approve the policy of extending to towns, villages and rural communities the advantages of the free delivery service now enjoyed by the larger cities of the country, and recommend such legislation as will secure the most speedy and general establishment consistent with the business interests of the people.

We commend the spirit of reform in the civil service and the wise and constant enforcement by the Republican party of the laws regulating the same.

The construction of the Nicaragua canal is of the highest importance to the American people as a measure of national defense and to build up and maintain American commerce and should be controlled by the United States government.

We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be selected from bona fide residents thereof and the right of self-government should be accorded to them as far as practicable.

We favor the cession, subject to the homestead laws, of the arid public lands to the states and territories in which they lie, under such congressional restriction as the disposition, reclamation and occupancy by settlers will give the most permanent benefit to the people.

The World's Columbian Exposition is a great national undertaking, and deserves such prosperity as will be a fitting celebration thereof, as well as a discharging of the expectations and obligations heretofore made in and attained as results commensurate with the dignity and progress of the nation.

We sympathize with all wise and legal efforts to lessen and prevent the evils of intemperance and promote sobriety.

Ever mindful of the services and sacrifices of the men who saved the life of the nation, we pledge anew to the veteran soldiers of the republic watchful care and recognition of their just claims upon a grateful people.

We commend the able, patriotic and thoroughly American administration of President Harrison. Under it the country has enjoyed remarkable prosperity, and the dignity and honor of the nation at home and abroad have been faithfully maintained and we offer the record of its first year as a pledge of faithful performance in the future.

We give in the following table the new apportionment for each state, the old states being divided between the two parties as they voted the last presidential election:

Newspaper Laws.

Dr. Tuckerman, editor of the Workman Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on the subject and given to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unsalled for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

A PATRIOTIC WORK.

Every person who is opposed to Free Trade Slavery and favors American Industrial Independence secured through the policy of Protection, should read the documents published by the American Protective TARIFF League. As a patriotic citizen it is your duty to place these documents in the hands of your friends. They are interesting and instructive, and embrace discussions of all phases of the Tariff question. The League publishes over 40 different documents, comprising nearly 600 pages of plainly printed, carefully edited and reliable information. Among the authors of these documents are, Hon. James G. Blaine, Wm. McKinley, Jr., (governor of Ohio) Senator E. O. Wolcott, of Colorado, Senator Joseph N. Dolph, of Oregon, Senator A. G. Riddleberger, of Virginia, Senator Francis Marion Cockrell, of Missouri, Senator Matthew Ransom, of North Carolina, Senator Wm. E. Chandler, of New Hampshire, Hon. Thomas B. Reed, of Maine, Hon. SILK umbrellas and parasols, to be closed out very cheap, during the next 30 days, at Goodman, Zeigler & Co.'s.

MRS. JAS. COTTAM left on Sunday for a trip to her native home in England, where she will probably spend the winter.

SUMMER underwear and fancy flannel shirts, in large variety, at greatly reduced prices at Goodman, Ziegler & Co.

LAST week the democratic central committee of Lincoln County met and concluded to hold their primaries August 13, and their county convention Aug. 18.

THE theatrical company which will open here on Monday night in the emotional play, "A Celebrated Case," comes highly commended by the press and those who have been privileged to see them elsewhere. See their ad.

AUTOMATIC SEWING MACHINES.

Prices reduced. Every family can now have the best Automatic Sewing Machine in the market at reduced prices. For particulars send for our new illustrated Circular with samples of stitching. Our Machines Excel in every part of the Machine Globe, as the world is calling for even if you have a machine. Kruse & Murphy Mfg. Co. [illegible]

THE [illegible] company comes to-day.

DEMOCRATIC candidates for Co. offices begin to forge their way to the front. J. P. C. Langston and Geo. Curry will contest for the Sheriffalty; Charley Wingfield wants to be Assessor; Capt. Roberts has his weather eye set on the office of County School Superintendent, and the present Probate Judge would like to succeed M. Cronin in that office. Hinkle has the legislative bee buzzing in his bonnet, and Richardson, despite his malodorous record on the irrigation question, aspires to a seat in the Council. Before snow flies some of those gentry will learn that there "was a God in Israel," and that "God's wrath" will not sleep forever."

THE theatre advertised to open here next Monday night is the first sure-enough theatrical company ever billed in White Oaks, albeit we had a theatre building here—Starr's Theatre, on the site of Paul Mayor's livery stable. In 1881, a theatrical company known as the "Mitchell Troupe," gave entertainments here, and in Starr's Theatre, but the troupe was made up of local talent. Mitchell, the manager, lived here a couple of years, and built the house on Livingstone Street, known by old settlers as the "Milne property," where Frank Gibbons now lives.

Across the Deep, to the Far West,
On steamboats, cars and stage-coaches, Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the travelling public. It deprives vitiated, blackish water of its morbid properties and excrementitious flavor, counteracts the pernicious effects upon the stomach of bad or indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a fine defense against malarial disorders; nullifies the effects of excessive heat, cold and damp, relieves sick-headaches, and is an incomparable cure for costiveness and biliousness. The fatigue of travel often tells most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will, if provided with the Bitters, be far less likely to have their fears realized.

TO comply with an invitation received to attend a reception given to ex Gov. Ross last Saturday night at Jno. Y. Hewitt's residence, would have involved a change of raiment, which, rather than undergo we deprived ourself the assured pleasure. As it was, seated at our chamber window we saw the illumined grounds, and the sweet music produced by our brass band entered within our casements with inspiring effect.—From those not so indolent as us, who did attend, we learn that a large number were present and an enjoyable time was had.

Beware of Ointments for Catarrh that contain Mercury,
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

WILL H. TUTTLE, of El Paso, an old time resident of White Oaks, who recently shot a man in Las Cruces for indulging in flippant remarks relative to the character of Miss Connie Small and skipped before he could be arrested, was married to the girl who he championed the other day in a California town. The bride was the daughter of the late Rev. Small, of El Paso. Smith, the man who was shot, is recovering. Thus "time maketh all things even."

THE morning services of the Congregational Church next Sunday morning will consist of Sunday School at 10, and at 11 a brief address by the pastor, followed by the Sacrament of the Lord's Supper. The subject of the evening discourse at 7:45, will be Purity and Honesty, the seventh and the eighth of the ten great commandments.

A PARTY of six started Thursday morning for Lee Fall on a fishing excursion.

Our old personal and journalistic friend, Prof. Chas. Langumare, (what a roundabout way to spell a name, which properly pronounced is "Longmore,") of the El Paso Bullion, spent the past week with us inspecting our mines. Prof. is one of the best judges of mineral in the country. He can tell what ore carries, on sight, as well as though he made and deposited it. Besides he is a genial little gentleman whom it is a pleasure and a treat to meet. He expressed himself as well compensated for his trip. His write up will be as interesting as it will be truthful.

Old Soldiers Take Notice.

I have received a large supply of Pension blanks and will make out your applications FREE OF CHARGE, and forward them to Col. S. P. Hinckle, of Washington, D. C., a thoroughly competent Pension Attorney who will see that your claim is properly cared for.

Governor Eagle of Arkansas is by occupation a farmer and by inclination a preacher. Baptist congregations sometimes invite him to fill the pulpit, and he is said to be an exhorter of no mean power.

General Longstreet, according to the view of a Birmingham reporter, appears to be in the best of health. His face is rosy and ruddy, set off by his white side whiskers. He is a strikingly handsome man."

Old man—My wife is eternally gadding about. She's never at home. Is yours?

Another man—Don't know. I'm never at home enough to find out. What'll you take?
