WHILE on our recent visit to the Territorial Fair we took occasion to hold our ear as closely to the political pulse as possible and were more than pleased with its publications. Our interviews were with Democrats and Republicans alike. The former representatives freely candidly admitted that they were "in the soup," or ingloriously confessed that the outlook was threatening. On the other hand, informal Republicans felt that they were "in the swim."—As sure as "there's a God in Israel" so surely will the eagle scream Republican victory next November. Sabbath.

THE anarchist, Bergman, who sought to take the life of Frick during the Homestead embroglio, has been sentenced to states prison for 21 years and the work hours 1 year. We don't know which goes first, but everybody save Bob Ingersol, knows where he will follow service.

THE Boys in Blue have had a grand G. A. R. reunion at the National Capital this week, the citizens of that city fought so heroically to preserve from obliteration. God bless them, may they receive their deserts and pensaries and confound their enemies.

TERRITORIAL FAIR.

On the afternoon of the 11th inst., we took a seat in one of Ozanne & Co's stage coaches for Carthage, our objective point being Albuquerque, there to attend the 12th Annual Territorial Fair.—In the persons of James H. Parker, of this town, and a Mr. Booth of Ky., we had congenial company and our trip to Carthage was one of unalloyed pleasure, the coach, drivers and animals seeming to have joined the passengers in rendering the journey agreeable.

Arriving at Carthage we found that 25 of the buildings there, which for years had graminated the street leading from the depot to the post office and beyond, had been razed and taken to Los Cerrillos. The occasion of this was the pushing out of the coal supply, a lively Spring all of Carthage to save the R. R. switch, commonly called the White Oaks R. R. and the cemetery will have been removed to Cerrillos. Even little "Frenchy," the old time caterer there, threatens to remove to White Oaks.

About 7 o'clock in the evening of the day following our departure from home we arrived in Albuquerque. The city was lighted with electricity and the streets presented a carnival appearance. Albeit that the train on which we arrived was heavily laden with human freight, on alighting everyone appeared to be taken care of whether known or strangers. We were chaperoned by our old time friend Chas. O'Connor Roberts, who, with his wife, entertained us right royally during our stay in the city.

The Fair was the center of attraction and we were in its center on by Tuesday afternoon, when we had the pleasure of listening to the opening address, delivered by Prof. Hadley, which teemed with information, and despite its length was listened to with rapt attention and interest by everybody within hearing.

* * *

The Fair was pronounced the best ever held in the Territory.—Every department was well filled with satisfactory exhibits and the expression of many intelligent fair visitors from the States was that the 12th annual exhibit of the resources of New Mexico would put to blush the best efforts of many of the most pretentious States of the Union.

The agricultural and horticultural exhibits of Dona Ana County was surprisingly attractive and a source of pride, not alone to the exhibitors, but to every citizen and loving dweller of New Mexico.

The Agricultural College space was 100 feet long and had in its show 480 different kinds of apples, 70 varieties of oats, 42 of barley, 22 of rye, and 6 of textile plants. The grain was shown in the sheaf and in attractive cases.

Lincoln County's exhibit of minerals attracted much attention and elicited general admiration.—It did not surprise anybody that its showing of coal and marble was rewarded by first prizes.—While only the first prize was awarded our county for gold bullion, we doubt not the committee would if occasion had to take the field back from the front.

DR. PRICE'S Cream Baking Powder.

Used in Millions of Homes—40 Years the Standard.

could do so with pride equal to that experienced by the county given the first premium, for unquestionably a copper had to be flipped in deciding, so closely did the two exhibits resemble in value. But the result would have been different had it not been for the workings of the old saw, "what is everybody's business is nobody's," and at the eleventh hour Mr. Hewitt boxed up an ordinary specimen or two. Had he the time any other county would have been "in the soup."

Heretofore our Fairs have excelled only as horse racing exhibits, but the one last week excelled in all lines and in none at the expense of fleet-footed animals.—Many races were run and far less grumbling was heard at decisions than as usual on such occasions.—Contestant horse owners, drivers or riders accepted what they got with apparent equal equanimity.

As President and general manager, G. L. Brooks proved a grand success and readers himself popular with all coming in contact with him.

Chas. O'Connor Roberts, as Superintendent of the Mineral Department, had a laborious and important role, which he admirably filled, seeming able to make everybody believe they were satisfied whether they were or not.

* * *

No intelligent citizen of New Mexico can fail falling in love with Albuquerque. Its streets are wide, the buildings fringing them, whether business or occupied as residences, are palatial and modern, while the citizens are open hearted and hauled. Enterprise is a part of the catechism of every inhabitant and if they have dissensions they are observed as sacred as those of a well regulated family inviting no foreign interference.—The Board of Trade Building there can safely challenge comparison with that of any in the Union and while the new Armijo block is not so toplofty as some in Chicago its *tout ensemble* would not suffer by comparative estimate. Its churches and educational institutions challenge admiration.

Then its Press: The Democrat is the oldest. Its proprietor, J. G. Albright, poses as Adonis of the profession. His chief mixslinger, Joe Dixon, is the most versatile writer in the Territory, and is so winsome in his style that were he editor of a Republican paper his readers would incline to the conviction that what he said came from an honest heart rather than filtered through a cultured brain. Then the Citizen: Its proprietor was once on a time on our payroll, way back in Kansas, ne'er he got a one dollar. His paper is a model sun and is firmly established, commercially and in the esteem and confidence of the people. McCreight is an important factor on the Chicago. As a general news monger he has few peers. While Hughes and McCreight live the Citizen will continue to be a power for good in the land. The Times is the last newspaper venture in the city and though but about two month's old as a daily is already a pronounced success. At the helm stands Mrs. Olive Ennis Hite, popularly known as "Hawthorne," as graceful a word painter, or mischievous and reckless thrower of vitrol as ever wore skirts or suspenders in an editorial sanctum. She has assistants, but it would be a cold day when she couldn't get out a Times alone, and a good one at that.

* * *

Our stay in Albuquerque was rendered highly enjoyable, everybody and everything seeming to contribute to our pleasure. Saturday morning we regretfully left and Sunday morning we joyously reached home and the "moral centre."

REPUBLICAN LEAGUE.

The annual convention of the Republican league clubs was held at the court house, this city, this morning. There were about 100 accredited delegates in the city.

President A. L. Morrison called the convention to order and made a short address congratulating the Republicans and the bright prospects for party success in the nation and the territory. A committee of five, consisting of the following gentlemen, were appointed on resolutions: Major William Caffrey, of White Oaks; T. W. Collier, of Raton; W. S. Williams, of Socorro; E. S. Stover, of Bernalillo; and W. B. Sloan, of Santa Fe. The committee reported a set of ringing resolutions.

A telegram from Col. A. J. Fountain was read, regretting his absence, and stating that Dona Ana Republicans were making a winning campaign.

The convention then proceeded to the election of officers.

Col. Morrison wished to step down from the office of president of the league, having served four years, but the convention insisted upon his holding the position and he was re-elected by acclamation. Vice Presidents—T. W. Collier, Wm. Caffrey and E. S. Stover.—Secretary, H. S. Clancy, of Santa Fe. Treasurer, Chas. F. Hunt, of Albuquerque.

Maj. Miguel Salazar, of San Miguel, was chosen delegate to the national convention.

On motion of I. M. Bond, Socorro was selected as the place of meeting for next year.—Albuquerque Citizen, Sept. 15.

An executive committee from each county was selected. The committeemen from this county are—Jno. A. Brown, White Oaks; B. F. Brown, Nogal; George P. Barber, Lincoln.

We assert that the prices of manufactured articles of general consumption have been reduced under the operation of the tariff act of 1890.

We denounce the efforts of the Democratic majority of the house of representatives to destroy our industries by piecemeal, as manifested by their attacks upon wool and woolens, and we point to their success as a cause for the present depression in business and the consequent lack of employment for labor, as conclusive proof of the necessity of the restoration of the McKinley law to its full provisions, to the end that our working people may be assured of adequate wages for their labor.

We call attention to its h ignor. We maintain that protective policy is the wise and patriotic policy to be pursued by the United States, except where such products can not be produced, and that on all imports not in competition with the labor of American labor there should be levied duties equal to the difference between wages here and abroad. We assert that the prices of manufactured articles of general consumption have been reduced under the operation of the tariff act of 1890.

We denounce the efforts of the Democratic majority of the house of representatives to destroy our industries by piecemeal, as manifested by their attacks upon wool and woolens, and we point to their success as a cause for the present depression in business and the consequent lack of employment for labor, as conclusive proof of the necessity of the restoration of the McKinley law to its full provisions, to the end that our working people may be assured of adequate wages for their labor.

We favor the construction, control and ownership by the United States government of the Nicaragua canal as one of the highest importance to the American people as a measure of national defense and to build up and maintain American commerce and should be controlled by the United States government.

We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be selected from those residents thereof and the right of self government as should be accorded as fast as practicable.

We favor the cession, subject to the homestead laws, of the arid public lands to the states and territories in which they lie, upon such congressional restrictions as the disposition, reclamation and occupancy by settlers will give the maximum benefits to the people.

The World's Columbian Exposition is a great national undertaking, and congress should properly enact such remedies as will insure a discharge at the earliest practicable day of the expenses and obligations incident to the full and attainment of results commensurate with the dignity and progress of the nation.

We sympathize with all wise and legal efforts to lessen and prevent the evils of intemperance and promote sobriety.

Keep mind that the services and sacrifices of the men who saved the Union are the nation's pride and should ever be remembered with loving gratitude by the people. The legislation and administration that fittingly honors the soldiers who preserved the Union has our approval and support, and we favor such additional legislation as may be required to relieve their widows and orphans.

We approve the policy of extending to veterans of the late war the same treatment in the matter of pensions that has been granted by congress to veterans of previous wars, and favor the prompt payment of pensions by the present administration.

We approve the action already taken upon this subject, and ask for such further legislation as may be required to relieve any just claim remaining unsatisfied, and to render the law complete and effective.

We approve the policy of extending to seamen the benefits of the free delivery service now enjoyed by the larger cities of the country, and reaffirm the declaration contained in the Republican platform of 1892, pledging the enactment at the earliest possible moment consistent with the interests of the postoffice department, and the highest class of postal service to the establishment of the postoffice department, and the highest class of postal service.

We commend the spirit of reform in the civil service and the wise and consistent enforcement by the Republican party of the law regulating the same.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the social light cent of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great master's works.

WANT YOU

a San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its speciality; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the five magnificent etchings or paintings described below, and delivers it safely at his address, postage paid.

"The Retreat from Moscow," by Meissonier.
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21x28 inches, and they are elegantly reproduced in the finest style, showing every line and color of the great originals, either one of which would not be purchased for $100,000.

"Women and Children First," by O. Napier Henry.
"Christ Leaving the Prætorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 21x28, and well worth framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be sent him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many subscribers there are, each and every one of these premiums—which range in value from 25 cents to $6,000—will be given absolutely without cost to every one of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can get it as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50 will be sent you for one year, postage paid, for $2.00 Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER'S numbered receipt. You can get a Premium Supplement by mailing at this office.

Newspaper Laws.

Dr. Tuckerman, editor of the Workman, Cleveland, has taken some pains to collect and compile the decisions of the U. S. Courts on the subject and gives to the Washington Post, as the result of his investigations, the following, which may be called upon as correct:

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them uncalled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the close of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such to new paper publishers [illegible] for fraud who take a paper and refuse to pay for it. Under this law the man who allows his subscription to run along for some time and then orders it discontinued or orders the postmaster to mark it "refused," or have a robin's card sent notifying the publisher, leaves himself liable to arrest and fine the same for the first offense.

We give in the following table the new apportionment for each state, the old states being divided between the two parties as they voted the last presidential election:

A PATRIOTIC WORK.

Every person who is opposed to Free Trade Slavery and favors American Industrial Independence should read the documents published by the American Protective Tariff League. As a patriotic citizen it is your duty to place these documents in the hands of your friends. They are interesting and instructive, and contain discussions of all phases of the Tariff question. The League publishes over 30 different documents, comprising nearly 800 pages of closely printed, carefully edited and reliable information. Among the authors of these documents are, Hon. James G. Blaine, Hon. Wm. McKinley, Jr., Governor of Ohio, Senator E. O. Stanford, of California, Senator A. S. Paddock, of Nebraska, Senator Cushman K. Davis, Senator Nelson W. Aldrich, of Rhode Island, Senator Eugene Hale, of Maine, Senator Justin S. Morrill, of Vermont, Senator Henry M. Teller, of Colorado, Senator Wm. P. Frye, of Maine, Senator Thomas H. Paddock, of Nebraska, Senator Shelby M. Cullom, of Illinois, Senator John Sherman, of Ohio, Hon. Thomas B. Reed, of Maine, Hon. Joseph G. Cannon, of Illinois, Hon. E. B. Taylor, of Ohio, Hon. Wm. McKinley, Jr., of Ohio, Hon. Nelson Dingley, Jr., of Maine, Hon. Julius C. Burrows, of Michigan, Hon. Joseph H. Walker, of Massachusetts, Hon. Charles H. Grosvenor, of Ohio, Hon. Thomas C. A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the social high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

IF YOU WANT

a San Francisco paper and of course you want a good one. The WEEKLY EXAMINER fills the want completely, for it is the best. It gives you every week not only all the news, but the best literary and miscellaneous matter published on the American continent—that is its specialty; being the best. It wants your subscription—yours particularly—and offers not only to you, but to every other subscriber, one or more attractive premiums.

In the first place, it gives every subscriber, one of the five magnificent etchings or paintings described below, and delivers it safely at his address, postage paid,

"The Retreat from Moscow," by Meissonier,
"The Roman Chariot Race," by A. Wagner.

Each of these pictures is 21x28 inches, and they are elegantly reproduced in ten shades, showing every line and color of the great originals, either one of which would not be purchased for $100,000.

"Women and Children First," by C. Napier Hemy.
"Christ Leaving the Pretorium," by Gustave Doré.

Each of these pictures is reproduced in photogravure, size 21x28, and especially for framing, and will adorn the walls of the most refined home.

Each subscriber has the choice of any one of these four pictures, which will be sent him in a tube direct from the EXAMINER office, as soon as the subscription is received.

In the second place, it will give 5,000 premiums, valued in the aggregate at about $125,000 to its subscribers this year. If there are 50,000 subscribers, one in ten will get one of these premiums; if there are 100,000, only one in twenty. But no matter how many there are, each and every one of these premiums—which range in value from 50 cents to $6,000—will be given absolutely without cost to some of those who have paid $1.50 for the WEEKLY EXAMINER for one year. The EXAMINER is thoroughly responsible, as you know, or as Wells, Fargo & Co. or any bank or commercial agency in San Francisco will assure you, and the leading men of the city will see that its premiums are distributed exactly as agreed and that every subscriber no matter where he is located, will receive just what is assigned to him.

Of course you want your home paper also, and you can save as well as not save a little money by taking the EXAMINER with it. The price of the WEEKLY EXAMINER is $1.50 per year, including the premium picture and your share of the $125,000 list of premiums, which are fully described in the twelve page Premium Supplement, which will be sent free on application to

W. R. HEARST, Publisher, San Francisco, Cal.

The EXAMINER and the LEADER, the combined price of which is $3.50 will be sent you for one year, postage paid, for $2.00. Send the money to the office of the LEADER and your subscription will be promptly forwarded to the EXAMINER, and you will receive therefor the EXAMINER's numbered receipt. You can get a Premium Supplement by applying at this office.

JOE. WHITEMAN, whom everybody knows, is with us again, and to stay. He is clerk for Schwartz & Bro.

PAT. COGHLAN, of Tularosa, as genial a gossoon as ever dug in a turf pit, spent Thursday in the metropolis of Lincoln County.

AGAIN we would urge our readers to look at the figures following their names on the LEADER address and advance them. We always have use for money, but especially now that the tax-gatherer is abroad in the land

THE SHERIFF will visit White Oaks next Monday on a tax collection mission. Of course, everybody will be delighted to meet him and surrender to his keeping their surplus wealth.

PH. SCHWARTZ & BRO. have this week opened out an attractive store on White Oaks Avenue, in the spacious store-room lately occupied by A. Ridgeway. Their stock is a mammoth one, embracing dry goods, millinary, clothing, jewelry, etc., indeed, everything but groceries. They invite inspection of goods and comparison of prices, on which they will confidently rest their claims on public favor and patronage.

Take Rijans Tablets promptly.

Eyesight restored.

On Monday the 12th inst., the carrier conveying mail between this point and Pinos Wells, left at his usual hour in the performance of his duties, since when he has not been heard from or of. As he was a man of steady habits, was not in debt, but on the contrary had obligations due him by people here like unto Weed and others, who would have paid on demand, that his traveling outfit was of little value, and that the mail he carried was not liable to excite cupidity, the theory of absconding or murder has but frail support and imagination is dazed.

On last Monday our P. M. had the proper papers issued and deputy sheriff Langston started out to trail the mystery, returning Wednesday night no wiser than when he started save that parties at the other end of the line had been on the search with unavailing results Langston sent out diverging hunting parties and it is hoped the mystery will be unraveled.

The missing man is named Amado Montoya, is aged about 30, and is married.

As two tails would be to a dog, or the fifth wheel to a wagon, so is the service on the mail route indicated. Why it is maintained is a mystery only equaled by the disappearance of its route agent.

FROM NOGAL.

Nogal, Sept. 20, 1892.

ED. LEADER—

Peter Lanum died this morning in the Crockett Mine, on the Upper Bonito, from bad air. James Everett was just saved by great effort. Lanum will be buried at Baker's grave yard on the 21st inst,
B. F. BROWN.

[The deceased, Peter Lanum, was known to all of our old settlers. He was one of the earliest comers to White Oaks in 1880—worked in the mines here a year or two when he drifted over to the Bonito, and from there to Nogal, between which points he has since been vibrating, seeking the mean time to uncover hidden treasure in his own or other's interest, with variable results but without ultimate success. He was an honest, well meaning man. He leaves no kin[illegible] but a troop of friends will mourn his sad taking off.—LEADER.]

WE received a very pleasant call on Thursday afternoon from the representatives of our local contemporary, the Eagle, viz.: Rice, Reilly and Goodale. The latter named gentleman is a silent but important wheel in the concern. He hails from Trinidad, Colorado, where he is a publisher, and if he ain't fully equipped as a gentleman we are away off in our estimate. We could wish that he would stay and abide with us.

BEFORE the campaign closes our people will have the pleasure of hearing our next Congressional Delegate, Tom. Catron, Col. A. L. Morrison, Col. J. Francisco Chavez, and other eminent gentlemen orate. The whole county will be their speaking territory.

ON Sabbath morning last, J. L. Zimmerman, the editor of the LEADER, and two other old ladies, viz.: Mesdames McGinnis and Wheaten, the latter two of Lincoln, arrived by stage from the R R. All felt devotional on reaching here.

THE Albuquerque Citizen says: "Far away White Oaks made her initial appearance at the Fair and no one is sorry that she captured so many prizes. Her coal and ore carried off the first prize, and her gold and wool [illegible] a prominent [illegible]

We learn that Bro. Breece is not wants to be a candidate for office this fall and proposes opening an unique campaign in October. He will open his meetings by singing the following original hymn, in which Stouts and the other sisters will join:

To vote for me I cannot ask direct,
But one thing sure I do not wish forgot,
If you're inclined to I will not object,
For I'd just go leave you would as not.

And since I come to think just p'int is what,
Unless I'm a very base deceiver,
I'd not only as leave you would as not,
But, believe I'd just a little leaver

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

For fifty years carriage makers have tried to invent a "short-turn" vehicle that would not be a "turn-under." Success came with the invention of
The Bartholomew Short Turn Wagon.
This short turn device and the other merits, of which there are many, are clearly set forth in our illustrated catalogue, which, with address of local agent, will be sent free to any one.
