Continued from last Week.

## OUR ELEVENTH YEAR.

Last week we published as an important portion of our reminiscences a history of the original discovery, development, etc., of the coal mines surrounding White Oaks. This week's chapter will relate to the coal fields of Solode, of which much have been heard, but up to the present time have never been intelligently written up.

***

The Solodo coal fields are situate in Lincoln County, and about 35 miles S. E. of White Oaks.—The first discovery of coal there was probably made by Waverly Johnson in 1885, and opened by him in 1886, but owing to the fact that there was no demand for the product he abandoned it as unprofitable. Subsequently namely in 1890, he, together with Mr. Sam. Wortly, opened one of the seams by an incline entry, 120 ft., but found the formation so badly broken that he again abandoned work. Afterwards, Johnson, together with R. J. Nugent, Mrs. Bingham, John Ritter, Sebe Gray C. B Ayres and others, located lands in the neighborhood and opened their claims in various places, development work all showing the formation to be regular, and in good shape, revealing from 36 to 55 inches of A No 1 bituminous coal.

The Nugent coal bank has been worked during the last year and is furnishing Nogal, Ft. Stanton and other parts of Lincoln County with coal. It is steadily improving as development work goes on, at present showing about 55 inches of clean, merchantable coal.—This claim is the best developed one in the district. The entry is 140 ft. deep.

The Sebe Gray coal bank shows about 48 inches of coal, the entire body being pure, without any parting or bone in the vein. The work done on this claim amounts to only about 50 ft. of entry, yet the coal is excellent and appears to be harder and firmer than in other claims having attained greater depth.

The John Ritter has considerable work done and shows from 45 to 55 inches of coal. It is a very promising claim.

The Waverly claim has been opened and shows up in good and promising shape from 40 to 60 in. of coal. The location is good, but from want of development little can be said of it further than that it is as promising as any of the balance.

The Rosenthal claim is opened up to a depth of 75 ft. and shows 48 inches of good coal.

The Ayers' claim adjoins the [illegible] coal mine and is opened to a depth of only 20 ft. but shows the same vein and is situated so that it might be considered as part of the Nugent claim and only requiring development work to show it to be very valuable.

It is very evident that there are from three to five different veins of coal in the Solodo field, judging from the various formations and stratifications of the different veins.

The extent of the field shows that coal has been revealed for a width of about three miles and running north and south in Solodo Valley for five or six miles, without any breaks or particular disturbances in the general formation of the country.

The coal field lies in a very accessible position for any of the various railroads projected to this section of New Mexico, and within three to five miles of large deposits of iron and limestone.

There are about thirty five claims located of 160 acres each, which have been pooled, or, say 5,600 acres in the Valley taken up. The coal is similar to that mined at White Oaks and is, beyond any doubt, part of the vast coal field surrounding this hub.

*[Continued Next Week.]*

THE outlook for the building of the White Oaks R. R. is better than ever before. Jas. Rynolds has been to El Paso, and through propositions, liberal and fair, without possible underlying subterfuge he succeeded in enthusing the people of that burgh, and they are now engaged in raising the amount of stock assessed against them.—On the other hand, Jay Gould's engineers are at work on his proposed line to this Mecca. There are now two stools. Heretofore we couldn't sit on one—it is to be hoped that we won't fall between the two now presented.

THE ball and supper given by the Old Fellows, complimentary to Golden Rule Lodge, No. 16, on Thanksgiving night, was one of the most magnificent affairs ever seen in White Oaks. The old and young of our most excellent society adorned the occasion in full dress and the sweet strains of the magnificent orchestra peeled forth music such as would cause denizens of many large cities to fill up with envy. The Opera House was crowded to its utmost capacity and promptly at 9 o'clock the Grand March began. At 11 an intermission was held for supper, which was highly relished and complimented. Dancing followed and was continued with zest until the "wee sma' hours ayant the twal," when all retired happy in realizing their association with the merry party.

## Homestead Strike Off.

The Homestead strike is at an end the strikers submitting to the inevitable. The associated press speaking of it says: The Homestead strike has proved one of the most disastrous in the history of the country. It originated from reductions of wages in the departments where members of the Amalgamated Association of Iron and Steel Workers were employed. The hitch was on what is known as the sliding scale. It is a scale which regulates the men's wage by the market price of steel billets. Nearly every mill in this vicinity signed the scale, including other mills of the Carnegie Company. At the refusal of the firm to sign the scale for the Homestead mill, a lockout occured by the Amalgamated Association, and they were joined by the mechanics and laborers, who struck out of sympathy as they, their wages not being reduced. The strikers attempted to keep non union men out of the mill and adopted military discipline.

The story of the arrival and bloody fight with the Pinkertons on July 6, the subsequent riotous proceedings and the calling out of the National Guard and its departure after three months' duty, is too well known to repeat. For six weeks the mill has been running almost as well as before the strike but until within the last week the strikers have steadfastly refused to admit defeat. The news today action was received with dismay by the strikers in the two Lawrenceville mills of Carnegie's.

These men were sympathy strikers and went at the time the men of Beaver Falls and Duquesne struck. The Duquesne men gave up the strike in three weeks and the Beaver Falls strikers decided to go back yesterday. The Lawrenceville men however, were steadfast and had no intention of giving in. They are now in the position of striking for no cause. They are very angry as the Homestead men will probably declare the strike off to-morrow.

The strike at one time involved nearly 10,000 men and the loss in wages will reach it is said, in the neighborhood of $2,000,000. Then there is the immense loss to the firm, which can not be estimated, but which conservatives put at double the amount lost by the men in wages. To this can be added $500,000 paid to the state troops and to the county of Alleghany for the riot, treason and other cases growing out of the strike.

Great reduction in dress goods. We will, for the next 30 days, give, free of charge, lining, sewing silk, and buttons, on all dress patterns above 50c. a yard bought of us. Goodman, Ziegler & Co.

Ripans Tabules cure the blues.

BY all odds the finest residence building in White Oaks, and the peer of the finest in the Territory, is that of M. W. Hoyle, now approaching completion and which will be ready for occupancy January 1st. prox.

This residence is located on City Lots Addition, on a sightly elevation, corner of Grand Street and Lincoln Avenue, and will cost $13,000.

The building is 35x40, is two stories in height besides basement and attic. The basement is of stone, and is 9 ft. in the clear.—The elevation is of brick with 13 inch walls, stone trimmings on corners and windows, the whole topped with a patent steel roof. The parlor, on the main floor, is lighted by stained glass windows, through which is shed a bewitching, mellow light. Off the parlor is the main hall, 11 ft. with winding staircase leading to the second floor—sitting room, dining room, china closet, buttery and kitchen, back hall and stairway. The second floor contains four large bed rooms, four closets, bath room, with all modern appurtenances, and hallway extending over entire floor and stairway leading to the roomy attic. All rooms on the main floor are provided with grates of latest designs. The east and south are ornamented by the prettiest of verandas. The dwelling is provided with a never failing well and cistern with a holding capacity of 250 barrels. This structure was contracted by the White Oaks Building & Lumber Co.—the stone and brick work by O'Brien & Neal—the carpenter work by the Gumm's—and the plastering by Ed. Donnelly. All the work is of the best. The building is seen to advantage from any and every point of town, and the vision of the occupants is rewarded by a sweeping view of every building in the city, including the LEADER'S home.

W. A. Sanford, formerly of Las Vegas, who has been in charge of the Crawford mill at Hillsboro for some time past, will shortly leave for White Oaks to erect and operate a Crawford mill there.—John Shank, of this city, will go to the Jicarillas in Lincoln County, after the first of the year, and take charge of a similar mill for a Las Vegas company.—Optic.

Toilet cases, albums, fancy work boxes, music boxes, dolls of all descriptions, fancy cups and saucers, race horses, performing bears—in fact everything or anything you wish for a nice Christmas present, you can find at Goodman, Ziegler & Co's.

NAT. MOORE, the oldest and noblest of all the old Romans of Nogal, spent a day in town this week. A more honest, upright man than Uncle Nat. never came to White Oaks, or left it.

$300 Reward for Ore Thieves.

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens, if not in amalgum and bullion.—Therefore, the "Old Abe" Company offers a standing reward of Three Hundred Dollars for the arrest and conviction, of or information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore.—The rule of this company is, to mill all specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holder of Old Abe specimens.

## The Toledo Weekly Blade.

The most popular and best known weekly newspaper printed in the country is the Toledo Blade. For more than twenty years it has had a circulation of 100,000 to 200,000 going regularly into every state, and territory of the Union. From fifteen to twenty-five tons of print paper is consumed in each week's and is regularly mailed to more than half of the post offices of the United States. It is a peculiar fact that the Blade is the only weekly newspaper published that has regular subscribers in all parts of the United States. It is edited with special reference to the wants of all people in all sections. It is also made to interest every member of the family. Besides all the news of the world, it has Serial and Short Stories, Wit Humor, Poetry, Campfire, Farm, Sunday School Lessons, Young Folks, Poultry, Puzzles, Household, Answers to Correspondents, Etc., Etc. As a special feature for 1893, Mr. Robinson Locke editor and proprietor of the Blade, has just sailed for Japan, and will contribute a series of illustrated letters on the manners and customs of that peculiar country and its people. These articles will be commenced some time in February or March, and will be worth to the readers of the Blade many times the subscription price. Every reader of this paper is invited to send for a specimen copy. The publishers of the Blade would be glad to send a specimen copy to every reader in this country. Subscription price of the Blade, one dollars a year. Five dollars in cash will be paid to any person sending in a small club of subscribers. Write for agents' terms, giving particulars. Address "The Blade, Toledo, Ohio."

### Newspaper Laws.

Dr. Tuckerman, editor of the Workman's Journal, has taken some pains to collect and compile the decisions of the U. S. Courts on this subject and gives to the Washington Post, as the result of his investigations, the following, which may be relied upon as correct.

1. Subscribers who do not give express notice to the contrary are considered wishing to renew their subscriptions.

2. If the subscriber orders the discontinuance of his periodical the publisher may continue to send it until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unsettled for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it, and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

The latest postal laws are such that newspaper publishers can arrest any one or fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused," or have a postal card sent notifying the publisher, leaves himself liable to arrest and fine the same as for theft.

**GRAND PREMIUM OFFER!**

A SET OF THE

# WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next few months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a Set of the Works of Charles Dickens, in Twelve Large and Handsome Volumes, with a year's subscription to this paper, for a little more than our regular subscription price. The great offer to subscribers contains the very best premium we have ever been able to offer our readers. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has ever won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid description of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published complete, unabridged, and absolutely unmutilated:

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKLEBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every book and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying their luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low prices of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

This County LEADER one year and full set of Dickens, for $2.75

**NEW DISCOVERY by ACCIDENT**

In compounding a solution a part was accidentally spilled on the hand and on washing afterward it was discovered that the hair was entirely removed. Try it once for this purpose, and you will never be without it. It acts instantly, a person can scarcely realize it is working. Thousands of LADIES who have been troubled with Moles or Hair, Face, Neck and Arms, have in a few minutes, GENTLEMEN who do not appreciate a beard or heavy growth of hair on the face, find a priceless boon in Queen's Anti-Moline which does away with shaving, by preventing its future growth as well as removing it entirely. Price of Queen's Anti-Moline $1, per bottle, sent in safely packed boxes, prepaid to any address in the world (sealed from observation). Send money or stamps by letter with full address written plainly. Can be remitted safely and confidential. This advertisement is honest and straight forward in every particular. We invite you to deal with us, feeling assured that you will be pleased and send us your order to-day. Address QUEEN CHEMICAL CO., 124 Race Street, CINCINNATI, O. You can register your letter at any Post Office to insure its safe delivery. We will pay $100 for any case of failure or slightest injury to any purchaser. Every bottle guaranteed.

SPECIAL.—To ladies who have been and still having their pictures in Queen's Anti-Moline, we will present with a SILK BRUSH, if purchase one bottle. Name large bottle and package of silk to select from sent with order. Good Agents wanted in every town.

You have a relief and cure in your knowledge of electricity and vitality—which by system the elements that strength and vigor will follow or money refunded.

Dr. Sanden's Electric after all other treatments speedily, and from many of the effects of abuse, excesses, worry and exposure. For such sufferers in our marvelous invention, which requires but a trial to convince the most skeptical, or by excesses, or exposure, you may have unduly drained your system of nerve force electricity—and thus caused your weakness or lack of force. If you replace into your drained, which are required for vigorous strength, you will restore the cause, and health, how it came and in a natural way. This is our plan and treatment, and we guarantee a Send for our Illustrated Pamphlets, free; sent by mail, sealed.

Belt is so important, as we have restored thousands to robust health and vigor, failed, as can be shown by hundreds of cases throughout this State, who would gladly whom we have many letters testifying testimony to their recovery when using our Belt.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or at rest, and it gives soothing, prolonged currents which act instantly into the system at weak parts, as we furnish $5,000. It has an Improved Electric Suspensory, the greatest boon ever given weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken Kidneys, or pay for Money Refunded. They are graded in strength to meet all stages of weakness in young, middle-aged or old men, and will cure while many pass in 3 or 6 short months. Address

who have been engaged the past summer in making a survey of the Mescalero Indian Reservation, passed through town a few days since en route to Santa Fe, where they will remain during the winter. The survey which they are now making and which they have almost completed, it is understood is being done with the view of apportioning to the Indians lands in severalty. When such allotment is made the western section of the Reserve, including the mineral lands of the White Mountain and Tularosa country will be thrown open for entry under the laws of the U. S. The lands are mostly mineral in character, though some good agricultural lands will be included in the section thus opened to entry.

THE comet was, on Saturday and Sunday nights, the prevailing subject of attention. It is the general opinion here that the astrologists made an error as to the time the luminous body with a tail would appear and that what was called a shower of stars on Thanksgiving Eve was but the flying of comet particles.

April 28, 1892.

DO YOU WANT TO SEE IT A PANE?

Maybe you think this is a new fashioned wedding announcement on mourning? It has been thought before, however, that never have these been published upon so large the original page from the cover. Everyone will exclaim, "That's the sweetest baby I ever saw!" This little black-and-white engraving can give you but a faint idea of the exquisite original,

"I'M A PANE,"

which we propose to send to you, transportation paid. The little darling is seen against a pillow, and is in the act of stretching out its pink nook, the name of which has been pulled off and flung aside with a triumphant coo. The flesh tints are perfect, and the eyes follow you, no matter where you stand. The exquisite reproductions of this greatest painting of Ida Waugh are not to be obtained of modern painters of baby literary to be given to those who subscribe to Demorest's Family Magazine for 1893. The reproductions cannot be told from the originals, which cost $500, and are the same size (12x15 inches). The baby is life size, and absolutely lifelike. We have also in preparation, to present to our subscribers during 1893, copies of great pictures by such artists as Percy Moran, Maud Humphrey, Louis Deschamps, and others of world-wide renown. These only two examples of what we did during the past year. "A Yard of Pansies," and "A White House Orchid" by the wife of President Harrison, and you will see what our promises mean.

Those who subscribe for Demorest's Family Magazine for 1893 will possess a gallery of exquisite works of art of great value, besides a Magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will appeal to everyone posted on art and the doings of the day, and all the fads and different items of interest about the household. Besides furnishing interesting reading matter, both grave and gay, for the whole family, and with Demorest's as not a fashion Magazine, its fashion pages are perfect, and wherever you live or go, all the patterns you wish to use during 1893 you can get in any size you require. Send in your subscription at once, only $2, and you will really get over $3 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send 10 cents for a specimen copy.
