MINUTES OF A SPECIAL MEETING OF THE BOARD OF COUNTY COMMISSIONERS OF LINCOLN COUNTY, NEW MEXICO, HELD ON THE 6 DAY OF JUNE, 1938.

The Board of County Commissioners of Lincoln County, New Mexico, convened in special session at the Court House in Carrizozo, Lincoln County, New Mexico, on the sixth day of June, 1938, at 9:00 o'clock A. M.

The meeting was opened by Sam Farmer, Deputy Sheriff, and called to order by S. Dewey Stokes, Chairman of said Board.

Those present at said meeting were as follows:
S. Dewey Stokes
P. R. Sandoval
Gordon Wells

Absent: None

Also present: Edward Penfield, County Clerk.

The purpose of the meeting was stated by the Chairman to be to canvass and certify the results of the special election held in said County, on the 31st day of May, 1938, for the purpose of voting upon the question as to whether or not said County should vote its bonds in the total sum of \$20,000.00, for the purpose of erecting, remodeling and repairing a court house and jail in and for the said County. The Board thereupon, sat as a County Canvassing Board and proceeded to canvass the returns of said election, and proceeded to carefully examine the poll books of each precinct and election district within the County to ascertain if such poll books containing the certificate required by Law and whether such certificates were properly filled out and signed, and whether any discrepancy, omission or error appeared on the face of such returns.

After having made such examination, the Board found that each of the poll books of each precinct and election district within the County of Lincoln, together with the ballot boxes and returns of said election were present for examination and canvassing and it was further found that all of the certificates required by law were properly filled out, properly signed by the judges and clerks of election and there appeared no discrepancies, omissions, informalities, ambiguities, errors or uncertainties upon the face of such returns and there appeared no discrepancies between the returns of any poll book and the certified copies issued by the election officers, as provided by Section 41-347 of the New Mexico Statutes Annotated, Compilation of 1929 as amended by Chapter 147 of the laws of 1935.

After duly canvassing the said election as required by Law, the results were determined, and a certificate of such results was duly issued, as follows:

STATE OF NEW MEXICO,
County of Lincoln

IT IS HEREBY CERTIFIED by the undersigned, the duly elected, qualified and acting Commissioners of Lincoln County, New Mexico, that at a special meeting of said Commissioners held on the 6th day of June, A. D. 1938, all returns of the special election of May 31st, 1938 having been received, they proceeded to open the returns of said election and to duly canvass the same and determine the votes cast thereat.

The returns show that upon the question of authorizing the Board of County Commissioners

to create an indebtedness in the sum of \$20,000.00 for the purpose of erecting, remodeling and repairing a court house and jail in and for said County, there were cast in various precincts of said County, the following votes, to-wit:

For Courthouse Bonds, 522
Against Courthouse Bonds, 327
It is further certified that the returns of the said election appear in the official records on file in our office.

IN WITNESS WHEREOF, we have hereunto set our hands and the seal of said County at Carrizozo, in the County of Lincoln and State of New Mexico, this 6th day of June, 1938.

(County Commissioners Seal)
After the issuance of said Certificate of the results of election which is above set out, the same being duly signed by the members of the Board and attested by the Clerk, it was moved by Gordon Wells and seconded by P. R. Sandoval that the following Resolution be adopted by said Board.

RESOLUTION
WHEREAS, in accordance with a Resolution of the Board of County Commissioners of Lincoln County, New Mexico, passed and adopted on the 12th day of May, 1938, and in accordance with the Laws of the State of New Mexico, there was submitted to a vote of the duly qualified electors of Lincoln County, New Mexico, at a special election held in said County on Tuesday, May 31st, 1938, the question of authorizing the Board of County Commissioners to issue obligations of said County in the amount of \$20,000.00 for the purpose of erecting, remodeling and repairing the court house and jail within and for said County, and

WHEREAS, on the 6th day of June, A. D. 1938, all returns having been received, the Board of County Commissioners proceeded to open the said returns and canvass the same, making an abstract of the votes cast upon said question by which it appears that a total of 849 votes were cast upon the said question; that 522 votes were cast "for court house and jail bonds" and that 327 votes were cast "against court house and jail bonds" and

WHEREAS, the canvassing board has certified the vote on said question, which certificate has been made a part of the County Records;

NOW, THEREFORE, BE IT RESOLVED:

That the question of issuing bonds of the County in the aggregate amount of \$20,000.00 for the purpose of erecting, remodeling and repairing the court house and jail within and for said County has been duly submitted to a vote of the qualified electors of said Lincoln County, New Mexico, and that a majority of all the votes cast were for the issuance of said bonds.

BE IT FURTHER RESOLVED that a public necessity exists for the immediate remodeling of said Court House and Jail, and that it would be to the best interests of Lincoln County to immediately issue and sell said bonds to the State of New Mexico, without the formality of advertising, in the event a suitable and acceptable bid is made by the State Treasurer and said Treasurer shall therefore, be requested to make a formal bid for the purchase of said bonds.

Letter To Ramon Citizen

At the request of several Lincoln County citizens, (names furnished on request) the following letter is printed, which is self-explanatory:

CAPITAN, N. MEX.
May 20, 1938

Mr. R. H. Marshall,
Ramon, N. M.

Dear Mr. Marshall:
I suppose that you know that an election has been called to vote \$20,000.00 bonds to build an addition on the Court House at Carrizozo. We think that would just be a waste of money and are going to try and defeat the bond issue. I hope that you will help us in this matter and see that all your people get to the polls on election day so we can defeat these selfish folks at Carrizozo.

If we can defeat this bond issue and if the people of Lincoln County want to, I would be glad to work for another bond issue to sponsor some road projects such as the road from Corona to the the Roswell-Vaughn highway and others over the county of like nature.

I am informed that the boys at Carrizozo had the work on the above named road stopped because they wanted the people from Corona to pass through Carrizozo when they went to Roswell. The folks at Carrizozo never think of the welfare of any one but themselves, so I think that it is time for all the rest of Lincoln County to work together and we can do something for other parts of the county than just Carrizozo. I shall appreciate it very much if you will let me hear from you regarding this matter.

With kind regards, I am
Sincerely yours

annual review of the Corps by the Alumni in the morning, and the graduation parade in the afternoon, after which the Fourth Class is recognized by the Upper Classmen.

Graduation Exercises on Tuesday, June 14th, will take place at 10:30 A. M. Immediately after the ceremonies, orders announcing the appointment of new Cadet Officers are published, as the members of the graduating class are preparing to leave for their homes to spend a short leave of absence before reporting to their first station.

Among the cadets graduating in June from the United States Military Academy, one is from New Mexico. He is Cadet Maurice R. Lemon, son of Mr. and Mrs. Raymond E. Lemon, of Carrizozo.

Cadet Lemon graduated from Carrizozo High School prior to entering the Military Academy, receiving his appointment from Senator Dennis Chavez. He also spent three years at the New Mexico Military Institute, Roswell, N. M. Cadet Lemon participated in boxing and track here, being manager of the Track Team this year. He is a member of the Cadet Choir.

Upon graduating he will receive a commission in the Cavalry, but has requested a detail in the Air Corps, which if approved, will require his attendance at the Air Corps Flying School, Randolph Field for a year's training. If successful there, he will be transferred to the Air Corps.

Miss Dolores Forsythe is the new stenographer for Attorney Hall.

Capitan, N. Mex.
June 7, 1938

I wish to make the following statement to the people of Lincoln County, in regard to the bond issue upon which we voted May 31st.

When I took my stand against the bond issue, I wasn't fighting Carrizozo, nor any of her citizens, but was fighting for other things which I considered were needed more than the Court house bonds.

I stood for what I thought was right and best for the county as a whole. Now that the bonds have been voted, I congratulate the people who were for it and shall co-operate in any way that I can.

Whatever the majority wants I am for; it is my desire to do whatever will benefit the majority.

I also wish to state that I am glad the court house question is settled, once and for all. There was never any chance of moving the court house, and I hope that I will no longer be unjustly accused of trying to move it.

With kindest thoughts for all,
Perry Sears

FRIDAY, JUNE 10, 1938

Mrs. Era B. Smith, Editor and Publisher

Office Of Dennis Chavez

Washington, D. C., June 4, 1938. — Senator Chavez could hardly contain himself so great was his pride and joy when he received the news that he had a new grandchild. A baby girl was born on June 1st, to his daughter, Mrs. Stanley W. P. Miller of Albuquerque. "Political" dopsters said the Senator "can after the christening add one more name to the list of my relatives".

Senator Chavez left by plane yesterday afternoon for El Paso. He is scheduled to speak at the annual convention of the League of United Latin American Citizens today.

Before leaving Senator Chavez expressed himself in favor of the New Relief and Public Works Appropriation Bill.

Two amendments to the bill proposed by Senator Chavez were accepted by the Senate. One specifically prevents the use of PWA project funds for the acquisition of additional lands for Indian Reservations. The second amendment specifically provides for the exclusive employment of local state labor on Federal Building projects; the amendment will prevent the employment of out of state labor by contractors.

J. M. Wells, Chavez, New Mexico, Business Correspondent. Stockman's Cooperative Assn., Inc., has been in Washington the past week conferring with Senator Hatch, Congressman Dempsey and Senator Chavez relative to the bill introduced by Senators Hatch and Chavez which proposes to amend the Taylor Grazing Act in order to provide relief for the small stockman.

Senator Chavez has been assured by S. F. Creelius, Construction Engineer in charge of the Caballo Dam Project, that every effort is being made to give New Mexico labor preference over out of state labor. He reports that out of 500 men employed on the job at Caballo Dam only some 15 are out of state men, and these fifteen hold supervisory positions and are members of the contractors permanent organization. This report came as a result of a request made by Senator Chavez for an investigation of reported employment of out of state laborers.

George Frenger, popular resident of Las Cruces, New Mexico, was in the office this week. Mr. Frenger is an oddity as far as Washington is concerned for when he saw Senator Chavez he smilingly announced that he was one man who was definitely not looking for a job, and was merely calling to pay his respects. Mr. Frenger, former Mayor of Las Cruces, and his wife, are on their way to Europe.

Visitors this week included A. M. Fernandez, Assistant Attorney General, Santa Fe, N. M.; Mr. and Mrs. Clarence M. Worley of Portales, N. M.; Misses Mary and Lucy Cobb of Deming, N.M.; George Quisenberry of Las Cruces, N. M.; Fortino Gutierrez of Santa Fe, N. M., and now with the TWA Airline Company at Newark, New Jersey.

Old timers will be pleased to know of the visit of Bob Ollinger of Mexico City with Senator Chavez. Mr. Ollinger is a nephew and namesake of the last person killed by Billy the Kid. His uncle was the guard slain by Billy the Kid when he made his famous break from the Lincoln Jail. Mr. Ollinger was formerly manager of

GUESTS are coming for you and your vegetables and you planned your dessert. But what of potatoes will be served? Perhaps you do not plan to initially until the last minute but potatoes are always on hand. The moment comes when you decide and you would like something different. What shall it be?

I wonder if you have ever dressing tiny potato balls bottle tender with lemon butter sprinkle of mint or chopped gives an added touch of color. A few finely chopped brown butter make a good dressing. Either sweet or white may be used for croquettes and lets. The former go partic well with boiled or baked ham haps you are wondering what difference between a croquette a cutlet. It is merely a difference in shape and the garnish. Croq may be formed into cakes or small balls. Cutlets are somewhat like a loin chop, stick of macaroni is inserted the small end. While croquette usually fried in deep hot fat, it may be baked in a hot oven, it are dotted with butter.

Mr. and Mrs. Archie Cape entertained with a grand picnic for Mr. and Mrs. Gordon Wells, Mr. and Mrs. Dink Myers and Margó, Mr. and Mrs. Leonard Hunt and Mr. and Mrs. Tommy Cook and son Tommy, Jr. The outing was held near the Mathews Coal mine in the Carrizos.

White Oaks mourns the passing of a beloved son, Jim Leslie age twenty-three ceased to breathe at eleven o'clock June second. Hosts of friends and relatives from all over Lincoln County and from Roswell attended the funeral services held for Jim in the little Community church here. The air was heavy with the fragrance of the beautiful flowers and the sadness of the bereaved ones of Jim. The Reverend Vandiver preached so touchingly from the text "Let not your heart be troubled". The choir of mixed voices sang such loved songs as "The Old Rugged Cross", "Doe, Jesus Care", and "No Night There". Jim's former graduating class acted as pall-bearers—Wayne Van Schoyck, Jr., John Kelt, R. A. Crenshaw, Elmo Aguayo, Claud Haskins and Vaden Elliott. Interment was in the little cemetery, Cedarvale. As Jim's body was laid in its final resting place the choir sang, "In the Sweet By and By".

Mrs. Wayne Van Schoyck and son Bailey Bert visited relatives in El Paso May 31 and June 1. While there they attended the State College Commencement at Mesilla Park. Miss Edith Marie Diesinger, niece of Mrs. Van Schoyck, was one of the graduating class.

Mr. and Mrs. Rob Lealle and relatives wish to thank those people of W. O. whose kindness lightened their hours of deepest sorrow.

Mr. and Mrs. Archie Cape have moved to Alamogordo for business reasons. Their many friends here regret their departure— but wish for them success in their business ventures.

Mrs. Clyde Collier left last Sunday night for Phoenix, Ariz., where she will join her husband.

John Estes and J. C. Hutchinson entertained six couples with a bridge party last Wednesday evening. First prizes were awarded to Mrs. Barney Ward and Claud Hicks. Lovely refreshments of lemonade and cookies were served.

Six of White Oaks younger folks hiked to water canyon last Tuesday. Although they were very tired and sunburned on returning, they all reported a good time.

Mr. and Mrs. John Littell of Phoenix are here visiting Mr. and Mrs. Charles Littell. On returning home they will take with them their two sons, Jack and Jerry, who have been staying with their grandparents for the past few months.

Forest News

In spite of an extremely dry spring, high winds and plenty of visitors, we have been exceedingly fortunate in not having any bad fires so far this spring either in the Capitan or White Mountain country. With the fishing season in full swing and a heavy tourist season starting, the local people can do a lot with warnings and by setting a good example to keep down the number of forest fires.

Not only is this important from the standpoint of destroying timber, ground cover and game, but a fire started in these dry times is bound to burn up a considerable quantity of cattle feed which can ill afford to be lost at this time. In spring old feed and brush must be depended upon to carry cattle through until it rains. A carelessly thrown match or cigarette may mean hundreds of dollars to some cattleman.

TAX BILL NOT SIGNED

President Lets It Become Law, Calling Attention to "Unwise" Modification of Profits and Gains Levies

Adolfo Echagaray Somohano, commander of the Mexican federal troops engaged in suppressing the revolt in San Luis Potosi state led by Saturnino Cedillo, is here seen, right, giving orders to two of his officers.

SUMMARIZES THE WORLD'S WEEK

Tax Bill Unsigned But Law

FOR the first time since he entered the White House, President Roosevelt permitted an act of congress to become law without his signature. He took this course with the tax revision bill in order to emphasize his objection to "those unwise parts of the bill" which removed all but the skeleton of the undistributed profits tax and drastically modified the levies upon capital gains.

The President announced his action in a speech delivered to 140 mountain families of the New Deal-sponsored rehabilitation community of Arthurdale, W. Va., at the graduation exercises of 13 high school students. His words, however, were carried to the nation by radio networks. "I call the definite attention of the American people," said Mr. Roosevelt, "to those unwise parts of the bill I have talked to you about today—one of them which may restore in the future certain forms of tax avoidance, and of concentrated investment power, which we had begun to end, and the other a definite abandonment of a principle of tax policy long ago accepted as part of our American system."

The President declared that he had no objection to removing any obstacles to little business which might be contained in the revenue laws but he reiterated the administration's determination not to allow the use of corporate forms to avoid what it considers legitimate tax burdens.

Mr. Roosevelt made plain that he hoped for a future revision of the revenue laws in line with the objectives he seeks. Such revisions, he said, should be designed to encourage new investment and the entry of private capital into new fields.

Immediately after the address, Mr. and Mrs. Roosevelt left for Hyde Park, where they spent the Memorial day week-end.

Strike Back at Morgan

TESTIFYING before the joint congressional committee of investigation, David E. Lillenthal and Harcourt Morgan, directors of the Tennessee Valley authority, accused Dr. Arthur E. Morgan, their ousted colleague, with trying to sabotage the TVA's legal defense in a court case involving the constitutionality of the authority. They said, too, that he had engaged in a campaign of dissent and obstruction.

David E. Lillenthal

These charges, together with a general denial of Arthur Morgan's accusations against themselves, constituted in the main their defense statements.

Referring to the trial last winter of the suit of 18 private utility concerns against the TVA, Lillenthal said: "It is a record which suggests that he was seeking to find a way to obtain a judicial decision against his own agency. It is a record of tampering with prospective witnesses for the government and of obstructing and harassing counsel and witnesses in the very heat of the trial of a crucial constitutional case."

Former Chairman Morgan told his side of the long, bitter controversy on the first day of the inquiry, charging his fellow directors with dishonest management. He explained he did not mean David Lillenthal and Harcourt Morgan took bribes or stole money, but that they deceived the President, congress and the public; that they covered up important facts tending to throw doubt on the advisability of the gov-

ernment's huge social experiment; reported a false electric power yardstick, and were subservient to political and other special interests.

Concerning the Berry marble claims, Lillenthal said: "Any assertion that we (Harcourt Morgan and himself) by word or attitude encouraged any one to pull punches on Berry's claims is an outright falsehood. There was absolutely no evidence upon which any charge of fraud could have been based; there were only rumors and suspicions."

Chairman Donahay recessed the hearings until after the adjournment of congress.

Oil Group to Pay Fines

IT WAS announced by the Department of Justice in Washington that 14 oil companies and 11 executives awaiting trial at Madison, Wis., on anti-trust charges, plan to enter nolo contendere pleas and pay maximum fines and costs totaling \$400,000.

The department said that the pleas, "amounting virtually to pleas of guilty," had been accepted by the department and recommended to the Madison court.

The defendants comprise the second group to be brought before the Madison court, where 40 defendants were convicted on similar charges last winter. These cases have been appealed.

The present indictments charge the oil companies and their executives on three counts with violation of the Sherman anti-trust act by a series of unlawful agreements between 1931 and December, 1930.

War Pensions Boosted

PRESIDENT ROOSEVELT signed a bill to increase the pensions of certain soldiers, sailors and nurses who served in the Spanish war, Philippine insurrection or China relief expedition.

The act provides a \$60 monthly pension for veterans sixty-five years old who served at least 90 days and to those who served less than 90 days and were discharged for disability incurred in service.

Alicante Is Bombed

FRANCO'S war planes attacked the city of Alicante in what was described as the most disastrous single air raid of the Spanish war. At least 250 persons were killed and 1,000 injured when six huge insurgent bombing planes circled suddenly in the sky and dropped their missiles squarely in the market place where hundreds of women waited in queues to buy food.

Air raids also were made on Sagunto and other cities.

Government troops started an ambitious offensive on the Catalan front but were checked by hastily reinforced insurgent forces.

Nazi Inquiry Voted

THE house voted for an investigation of un-American propaganda activities in the United States following a charge by Representative Martin Dies of Texas that a member of the German-American bund had advocated the assassination of President Roosevelt.

Dies, who presented the resolution for an inquiry, said he based his statement on affidavits which he had seen. The suggestion that the President be slain was made, he said, in a speech at a Nazi camp.

Events Here and There

CHARLES YATES of Atlanta, Ga., won the British amateur golf championship.

Floyd Roberts of California won the 500-mile automobile race at Indianapolis, setting new record of 117.3 miles an hour average.

Body of twelve-year-old Peter Levine, kidnaped from New Rochelle, N. Y., February 24, was found in Long Island sound, mutilated and bound with wire.

Four winners of Canadian "stork derby" received \$100,000 each.

American Pilots Accused

SATURNINO CEDILLO, who started an agrarian rebellion in San Luis Potosi state against the Mexican government of President Cardenas, had two airplanes and used them to bomb several towns which were occupied by federal troops engaged in suppressing the revolt. The Mexican war minister, Manuel Avila Camacho, asserted the planes were piloted by Americans, but did not disclose the source of his information.

The government also declared Japan was aiding the Cedillistas. Three hundred Japanese rifles and a large quantity of Japanese ammunition were seized at Carrizoba.

Reports from Tampico, important oil-shipping port on the Gulf of Mexico, said a plane presumed to be one of Cedillo's, flew over, dropping quantities of rebel propaganda.

Wage Bill in Conference

LONG battle over the wage-hour bill passed by the house was averted when the measure was sent to conference by the senate with the southern opposition given representation among the conferees. This compromise also probably headed off a threatened filibuster and led to belief that final action on the bill would be taken in time to permit the adjournment of congress on the date set.

The chief fight in the conference was to center on the demand of the South for wage differentials as provided for in the bill which the senate passed. These were rejected by the house.

The measure establishes rigid wage-hour standards for certain classes of workers in all industries operating in interstate commerce, regardless of prevailing sectional scales. It fixes an initial wage of 25 cents an hour which steps up to 40 cents an hour in three years, and a 44-hour week graduating to 40 in two years.

A coalition of farm state representatives and the southern Democrats put over a drastic amendment offered by Mrs. Norton, exempting thousands of employees engaged in the processing of agricultural commodities from the provisions of the measure.

Lewis Backs Barkley

JOHN L. LEWIS, C. I. O. chief, has asked labor to support Sen. Alben W. Barkley of Kentucky in the primaries August 6. In his capacity as chairman of Labor's Non-partisan league, Lewis said of Barkley:

"He is recognized as one of the nation's leading statesmen, liberal in his viewpoint and co-operative in his attitude toward legislation in the interests of labor and the common people."

Harry Hopkins, WPA administrator, found occasion to say a good word in favor of Rep. Otha Wearin of Iowa, who is seeking to take the Democratic senatorial nomination away from Senator Gillette.

For this Hopkins was denounced by senators who were demanding that the relief appropriations be earmarked so they cannot be used for political purposes.

Ickes Weds in Dublin

HAROLD L. ICKES, secretary of the interior and PWA administrator, put one over on all but his closest friends. He sailed secretly from New York to Ireland and in Dublin was quietly married to Miss Jane Dahlman of Milwaukee, twenty-five years old and a clerk in his department. Mr. Ickes, who is sixty-four years old, lost his first wife nearly three years ago in an automobile accident in the Southwest.

Harold Ickes

The new Mrs. Ickes, red haired and pretty, is a niece of John Cudahy, American minister to Ireland, and sister of Mrs. Winmarth Ickes of Winnetka, Ill., widow of Mr. Ickes' stepson.

Minister Cudahy did not attend the wedding, but was represented by S. J. Shattuck, an attaché of the legation. The couple left Dublin by automobile for a brief honeymoon trip. Mr. Ickes cabled friends in Washington that he would return there in a week and would be at home on his estate near Olney, Md.

Japs Bomb Canton; 800 Dead

JAPAN'S war planes rained bombs on Canton for three whole days, killing at least 800 persons and injuring a thousand. Flying low over the Wongaha railway station district, the raiders shattered hundreds of buildings and then machine-gunned the fugitive citizens and the rescue workers. They then bombed the central district and the Tungshan residential suburb.

Chinese reports said the Japanese were driven back in a fierce battle for the city of Lanfeng on the Lung-hai railroad, and thus Kaifeng, gateway to Hankow, was saved for the time being.

New "Airacuda" Fights 30,000 Feet Overhead

One of the new "Airacuda" fighting planes of which 13 have been ordered by the War department. The plane, of revolutionary new design, has a fighting ceiling above 30,000 feet, has its propellers located behind the wings instead of in front and is equipped with two specially designed engines. The War department states that the speed of the plane "is believed to be sufficient to overhurl any modern bomber now in production or building."
