VOLUME XXI No. 50—(Carrizozo News, Vol. 44)

CARRIZOZO, NEW MEXICO, FRIDAY, JULY 11, 1947

Outlook Vol. 88—No. 10

Methodist Church

Rev. Howard S. Pitts

Our prayers go with Rev. and Mrs. Oldham of the Baptist Church as they enter their new ministry in Tinnie. Carrizozo will miss them for a long time to come, for they earnestly reflect the love of Christ.

Trinity's "church in the wild-wood" last Sunday was a happy occasion. All who went could easily understand why Jesus chose to go off into the mountains to pray. The beauties of nature do help to lift our thoughts toward God, if we let them. Here's a wish that we might have more such outings and informal fellowship.

An Official Board meeting has been called for this evening (Friday) at 7:30 at the church. There is much important business to transact preparatory to the Quarterly Conference which has been called by the District Superintendent, Dr. I. L. Morgan, for July 16th.

Sunday night, the Youth Fellowship will hear Mrs. R. H. Demery speak on "England Today and Europe's Need". Mrs. Demery who attends our church, was in England less than five months ago. Leader for the Intermediate Fellowship this week is Dorothy Moore.

The Tuesday Evening group has just completed a study of Timothy. Next Tuesday (7:30-8:30 at the church) we begin the discussion of Mark. This study of the life and teachings of Jesus will be led by the pastor and will continue for sixteen weeks. One chapter will be explored each week, and it is hoped that persons present will study Mark privately in advance of the meetings. Prayers will be led by Mrs. C. A. Hodgins.

Sunday morning will be the first Holy Communion since my arrival here. The Youth Choir will sing. New members will be received. And the sermon will be the last in a series on the nature of man: "A New Man." The text "If any man be in Christ, he is a new creature."

It was John Westly who said, "I never undertake any more work than I can go through with perfect calmness of spirit." No wonder he did great things.

Fort Stanton Naval Officer Serving Aboard Submarine

Lt. Willett E. White

Lt. Willett E. White, USN, husband of Mrs. Jo Anne White of Kirkwood, Mo., is serving as First Lieutenant and Communications Officer aboard the submarine USS Sea Fox.

Lt. White was graduated from the U. S. Naval Academy in 1940 and has served 40 months overseas. He is the son of Mr. and Mrs. E. W. White of Fort Stanton.

CORONA NEWS

The Rural Electric Association has raised its membership to 140 more new members just recently, according to Mr. Ben Roberts, President of the Association.

Two new wells are being drilled in Corona. Mr. Pat Coles is drilling for Mr. Joe Willingham. Mr. H. A. Jenkins of the East Torrance Soil Conservation District is drilling for Mr. J. W. Lee.

Mr. and Mrs. C. D. Marsh, cousins of Mrs. Archie Perkins, were here the past week from North Hollywood, California.

Captain James Marable, brother of Dewight Marable, is here on thirty day leave. He brought his wife here from Italy. She is of Italian parentage and this is her first trip to the United States.

Mrs. Margaret McMillan, sister of Mrs. J. M. Melton, was married to Mr. George Gilmore of El Paso Sunday afternoon at 3:30. Rev. J. E. Hollis performed the ceremony at the Melton ranch. The newly weds will make their home in El Paso.

Mrs. W. R. Belden and daughter, Vickie, went to Denver, Colorado to spend a week or two visiting relatives. Mrs. Belden's mother, Mrs. Varney of Roswell met her at Vaughn and made the trip to Denver with her.

Mrs. May Phillips and grandson Gary McMillan of El Paso are visiting her daughter, Mrs. J. M. Melton.

Mr. and Mrs. W. C. Stiggins have moved to Los Alamos. Mr. Stiggins will work on the Government Project there.

A Sunday School Workers Conference was held at the Baptist church here in Corona by the Torrance Valley Association.

Mrs. Wilhelmina Leo of Carrizozo was a visitor in Corona one day this past week.

Capitan Methodist Church

Rev. F. J. Johnston, pastor
The vacation period is now on but that is no excuse for any one to allow their minds to grow up in weeds that soon go to seed. Someone has said; "My mind to me my kingdom is." The mind is a good kingdom and we should be good stewards of that kingdom.

After more than forty years since graduation from college I am very grateful to God for the privilege and power of thinking. I am also glad that in youth my foot-steps were guided to a Christian school where the good professors taught me how to think independently, honestly, logically and courageously. It is a great tragedy when one is not able to entertain themselves when alone.

Jesus was a very thoughtful person and encourages his followers to use their heads. There are some who seem to miss this phase of his religion.

Sermon topic next Sunday; "What think ye of Christ?" I am quite confident that all our members extend a cordial invitation to all others in this community who may be at present without a church home to join with us in worship. Let us exalt Christ together.

Mrs. Ralph Dow of El Paso spent the 4th of July holidays here visiting the Larry and Gene Dow families.

Rev. O. L. Oldham Moves to Tinnie

Rev. and Mrs. O. L. Oldham and sons John and Noble moved to Tinnie Thursday where Rev. Oldham has accepted the pastorate of the Tinnie Baptist Church.

Rev. Oldham has been pastor here for the past two and one-half years and in that time the church has benefited by his untiring efforts. There have been 85 conversions and 24 baptisms.

The first Summer Bible School for Spanish children was instituted here.

Under the leadership of Mrs. Oldham, the Women's Missionary Union was reorganized and members have made a thorough study of the Bible and Bible History.

Methodist WSCS

The WSCS of Trinity Methodist church met Wednesday July the 9th at the home of Mrs. Earl Thornton.

Mrs. Albert Snow, president, presided over the business meeting, Mrs. C. Hodgins and Mrs. E. Thornton are heading two groups who were organized to raise money for the purchase of a new water heater and a lineoleum for the parsonage. Mrs. Thornton's group will lead off with a Bake Sale this Saturday at 1:30 p. m. at the Carrizozo Hardware Co.

Mrs. C. E. Degner led the worship service and presented an interesting program.

Delicious refreshment of ice cream, cake, and iced tea were served. Those present were: Mesdames: Snow, Manire, Degner, Jones, Ferris, Hodgins, Reynolds, Valukas, J. E. Thornton, Carl, Miller and Rev. Howard Pitts.

Ramon C. Nunez and son Freddie of Picacho were business visitors here on Thursday.

Letter To Mayor English From Southern Pacific Company

The following letter was received recently by Mayor English:

I have your letter of March 15, 1947, embodying a resolution of the Village Board of Trustees of the Village of Carrizozo that necessarily requires the construction of an underpass for the passage of automotive and pedestrian traffic between the westerly and easterly districts of the Village of Carrizozo, and that the Trustees are of the opinion that the most appropriate place for the location of it would be where Fifth Street now bisects the railroad yards to which resolution is attached a copy of a petition to the Board bearing numerous signatures urging the construction of an overpass of some sort in the village between the two districts mentioned.

We have given careful consideration to these proposals. Upon receipt of them we had our representative confer with the State Engineer in Santa Fe, New Mexico regarding them. He was informed by the engineer of the receipt from the Village of Carrizozo of a previous request for the allocation of state and federal funds to aid in the construction of such a project, and that after calculation he roughly estimated the cost to be in the neighborhood of \$200,000.00, but in view of the further fact that the project would not be constructed on a State Highway, but would constitute a mere con-

Flying "Saucer" Found on Ranch

The finding of one of the mysterious "flying objects" by Mack Brazel on his ranch Southeast of Corona caused nationwide interest Tuesday.

Mr. Brazel reportedly described the object as about the size of a table top and covered with tinfoil.

The discovery was made by Mr. Brazel several days ago but not being aware of current interest in the objects, he had stored the disc in his garage until Tuesday when he turned it over to military authorities in Roswell.

Army officials at Fort Worth later identified the object as a weather balloon.

Mr. Roy Shafer and Mr. Mark Sloan reported seeing one of the mysterious "saucers" sailing over Carizo Mountain Tuesday.

Several of the mysterious objects have been seen flying over Carrizozo. Thursday, Mr. Albert Snow and Deputy Sheriff Mark Sloan sighted a moon shaped object that was visible for several seconds and was headed toward El Paso. Several children have reported seeing them, of varying descriptions.

Ralph Petty Jr., Convalescing at Home

Ralph Petty Jr., who suffered serious injuries in an explosion May 13th, and who has been at Southwestern General Hospital in El Paso was brought home Sunday.

The little boy's condition is much improved, he has undergone his first skin graft and will remain home for approximately a month at which time he will return to the hospital and a second graft will be started.

Dr. Russell Deter and Dr. Willard Shuster, El Paso Surgeons, were here this week to check on his progress.

Civic Improvements

The City has asked for bids, from electrical suppliers on various equipment and supplies necessary for the installation of new street lights. The new lighting system will be done by blocks, as funds become available. The first will be on Alamo Road Ave., from 2nd to 3rd streets.

The new lights will be on 20 foot standards and will be 7 to the block.

The new building for the local fire department is going up at a rapid rate with work on the four walls nearing completion.

The 52x66 ft. hollow tile brick structure is being built on the three lots adjoining the present station. Upon completion the old building will be remodeled for use as a city hall with enlarged offices for the city clerk.

Essay Contest Sponsored By Cattle Growers

"A contest to promote creative business thinking among the agricultural youth of New Mexico is being sponsored by the New Mexico Cattle Growers Association" according to George A. Godfrey, Animas, President. The contest which is open to all properly enrolled 4-H and FFA boys and girls in New Mexico offers prizes for the best theme on the subject "Why all Grazing Agencies Should be Placed Under One Government Department Head".

"With a view toward promoting progressive, efficient and economic business administration in government, the contest is expected to create considerable interest throughout the state", Godfrey said.

Under the management of the New Mexico Extension Service and the State Vocational Educational organization the contest will offer prizes totaling more than \$100. County winners will receive certificates of recognition by the state cattlemen's association, and the state winning essay will be read at the 1948 Annual Convention of the New Mexico Cattle Growers Association.

A committee made up of the county extension agent, vocational agricultural teachers, and three ranchers will judge the essays on a county basis by December 1 and determine the various county winners. A state committee comprising the state club leader, supervisor of vocational agriculture and extension livestock specialist and two ranchers will judge county winning essays and declare the state winners by January 1, 1948.

Is It? Or Isn't It?

We read in the July issue of Coronet Magazine that "It is unlawful for any man or woman to go about the streets Carrizozo, New Mexico unshaven."

Mayor English received an inquiry as to the law and a check of the ordinances will be made to see if at some early day of our incorporation there was such a regulation passed and recorded.

Zamora-Garcia

Miss Vicenta Zamora, and Mr. Juan Garcia of Lincoln, New Mexico were married June 28, 1947, in the Santa Rita Church, Rev. Salvatore Di Giovanni officiated. Julia Gallegos and Adenago Otero of Capitan attended the couple.

Peace Officers Conference To Be Held Here

Mr. R. C. Suran, Special Agent in charge, Federal Bureau of Investigation at El Paso, Texas, has announced that the next FBI Law Enforcement Conference for all peace officers in Lincoln, Chavez, Otero and a portion of Guadalupe Counties in New Mexico will be held in the District Court Room of the Lincoln County Court House in Carrizozo, New Mexico at 7:00 p. m. on the evening of July 21, 1947.

The conference will be opened with an address of welcome by Sheriff Nick Vega of Lincoln County. This will be followed by a discussion covering coordination in Law Enforcement by Mr. Suran and a movie demonstrating the art of revolver shooting, after which a discussion will be given on Police Photography by Special Agent R. C. Dahl and a demonstration covering examinations for secret markings by Special Agent A. T. Potter, both of the El Paso office of the FBI.

Due to the ever increasing crime rate throughout the country, Mr. Suran feels that these FBI Law Enforcement Conferences have become increasingly important due to their value in enabling law enforcement officers to become better acquainted with each other, thereby increasing mutual cooperation.

V. F. W. Meet Tonight

A special meeting will be held tonight at 7:00 p. m. for the Veterans Foreign Wars, Post 8448 at the American Legion Hall. The new officers will be installed. All members are urged to be present.

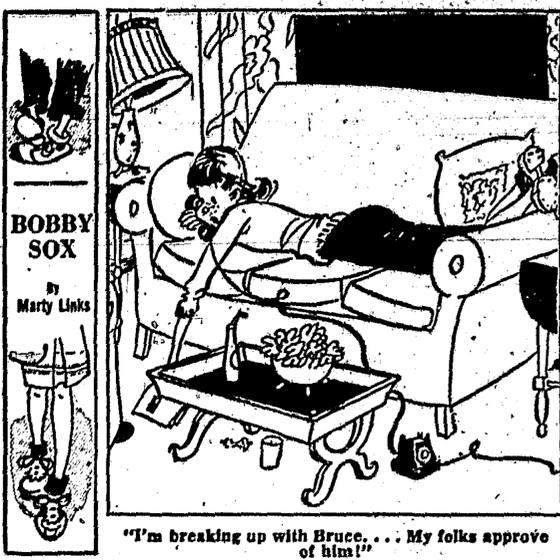

Quail-Sanford

Miss Dorothy Quail of Amarillo, Texas and Charles G. Sanford of Artesia were married July 5 at the Methodist Parsonage, with Rev. Howard Pitts performing the ceremony.

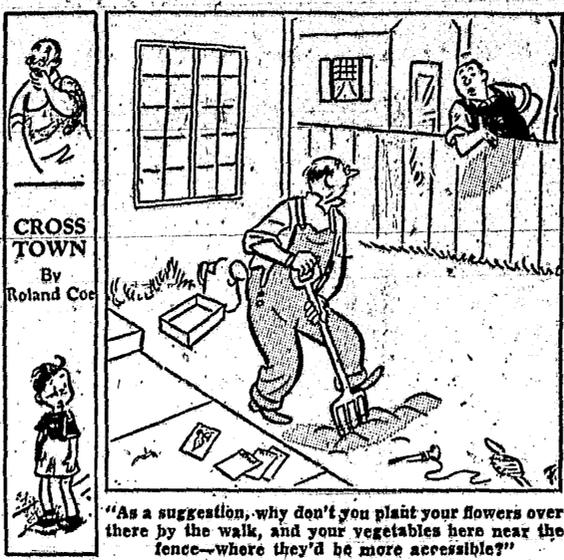

Mr. Bill Reynolds, Sr., of El Paso is visiting his son and family, Yardmaster Bill Reynolds.

NEEDLEWORK PATTERNS
Pansies Crocheted in Filet
Romantic Lace-Skirted Design

5460

5495

Treasure Lace

LACE-SKIRTED and embroidered-figures worked in a romantic fashion. These designs make unusual pillowcase or dresser scarf decorations. Crocheted lace measures 4 inches deep in the "skirt" section, the edging carries out to the end of the pillowcase. Makes a most handsome and sure-to-be-treasured gift!

Filet Chair Set
DEAR little pansy faces are crocheted in filet to make this lovely and unusual chair set. So easy to do, and the set will look so beautiful on your best upholstered chair.

To obtain complete crocheting instructions, slit charts, amounts of materials specified for the Pansy Filet Chair Set (Pattern No. 5460) send 20 cents in coin, your name, address and pattern number. Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular patterns.

To obtain transfer design, complete crocheting instructions for lace on the Romantic Lady Design (Pattern No. 5495) send 20 cents in coin, your name, address and pattern number. Send your order to:

Soil May Build or Weaken Our Bodies

Value of Food Depends On Mineral Fertility

"We are what we eat" and "what we eat depends on the soil that produces it," declares Dr. William A. Albrecht, University of Missouri.

"Human health troubles often come from poor nutrition which weakens the body. With its defenses down the body is less able to resist the attacks of bacteria and other forces."

"Foods from some soils provide only fuel for energy, other soils support crops that carry something 'extra'—body building materials. Where rainfall is high and where virgin forests once covered the land, plants are barely able to put together any more than fuel foods for themselves and animals. Properly managed with lime, fertilizers and legumes, these soils can be built to put into crops these body building values.

"On the more fertile soils of the hard wheat belt, the former buffalo

prairies, where the rainfall is less, plants are able to synthesize much more than just fuel. Because of the mineral fertility left in the soil foods grown here contain body building, bone making values.

"Neglecting to put fertility such as barnyard manure, green manures, lime, and other fertilizers, back into soils to balance crop removal pushes crops on these soils toward 'fuel only' crops. These 'fuel only' crops mean poorer growth and lower health values. The declining fertility of our soils is a decline in the health of our soils, of our plants and of ourselves."

Insoluble Grit Aids

Chicken's Digestion

Some insoluble grit, usually granite or river gravel, will be eaten by hens if it is available. It assists the gizzard in grinding grains and coarse feeds that might cause impaction of the digestive tract. Fine ground feed can be digested satisfactorily without grit being available. Oyster shell and limestone rock particles sometimes are used as grit but the digestive juices break these down rapidly and thus make an excess of calcium available. Grit commonly is kept before hens at all times, although some producers prefer to feed it at intervals of 10 days to two weeks.

Rid Worms in Sheep With Phenothiazine

To control stomach and other roundworms of sheep, treat each animal individually with phenothiazine just ahead of the pasture season and keep phenothiazine-salt mixture in a covered trough before sheep on pasture.

Put a fence of corrugated paper (about 12 inches high) around the

chick brooder to keep chicks from straying away and getting chilled. Move it back a little each day or so to give more room. Use it until chicks start jumping over.

To save time and hard work castrating and vaccinating pigs, make a rack like the one shown. Put the pig on its back in the V-shaped trough and, if you have no helper, use a strap to hold it. Dipping sheep should wait until after shearing cuts have healed.

Erosion Danger Present In Nearly Every Month

The erosion hazard not only is with us always, but also it comes at any season, almost every month of the year. It is so serious that soil losses of 10 tons or more to the acre in a single month are not at all uncommon. Highest soil loss experienced for a single month in Mississippi was 62,378 pounds per acre. The loss must be combated by terracing, ground cover and conservation.

Moral Integrity in Our Everyday Lives

LESSON TEXT FOR JULY 8—Job 1:1; 27:1-5; 31:1-22.

MEMORY SELECTION—My righteousness I hold fast, and will not let it go; my heart shall not reproach me so long as I live.—Job 27:6.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

BY HAROLD L. LUNDQUIST, D. D., OF THE MOODY BIBLE INSTITUTE, CHICAGO.

MODERN problems may well be solved by the principles found in Old Testament Scripture. Man is essentially the same as he always has been; sin and temptation to evil have only changed their outer trimmings. Above all, the Word of God is eternal in its validity and effectiveness.

We learn from him and his experiences that it is possible so to live by the grace of God, that he can be pleased with our lives. That is an encouraging fact. Job was just a man, but he was a man who was

I. Upright and Good (1:1).

SOME liberal critics of the Bible have tried to prove that Job was not a real man, but other Scripture makes it clear that the words "there was a man" (v.1) states a fact. (See Ezek. 14:14 and 20; James 5:11)

He was a man with a large family, with great flocks and herds, and so a man of business, and the husband and father in a growing and active household. But in it all he was upright, and a good, God-fearing man.

Many make excuses for their failure to serve the Lord. They say that their business duties and relationships make it just about impossible. Others say that family situations and responsibilities keep them from service and worship of the Lord.

The experience of Job explodes all such excuses and squarely faces us with the fact that it is possible to live for God in the midst of the very circumstances of modern life.

II. Tried and True (27:1-5).

AFTER Job had lost his property, his children and even his health, three of his friends came to comfort him. But they only added to his sorrow by accusing him of being sinful, and suffering only what he deserved.

Job in these verses is replying to them. We note that in his ignorance of God's purposes, he accused God of being cruel to him (27:2; 30:21). This matter was later to be straightened out with the Lord.

But even now when he did not understand God's dealings, and stood there sick and destitute, he maintained his integrity. He would not turn from the Lord, nor would he be led off into wickedness.

It is possible for a man to be beaten and bruised and bewildered, and still true to the Lord. Let's never forget that!

III. Kind and Fair (31:19-23).

JOB had been a rich man, but had not let his own prosperity dim his eye so that he could not see the need of his poor neighbor. He was not among those who, because they are well fed, can see no point in all the fuss about the hungry people round about.

There is something very fine and worthy of our imitation here. It is so easy to take what we have as a special favor from the Lord, to be retained and used by us, when we ought to recognize it as a matter of stewardship for the Lord.

IV. Spiritual and Faithful (31:24-28).

THERE were plenty of temptations in Job's day, as there are now, to depart from the worship of the true God to other modes of devotion.

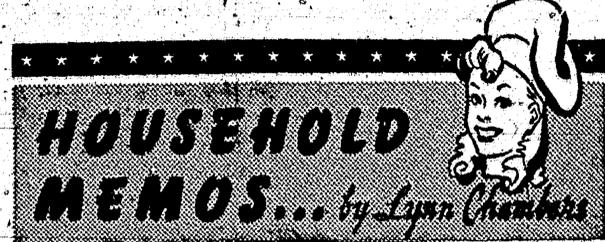

The worship of the sun was common, and Jeremiah 44:17 shows that it continued for generations. In fact, what shall we say of the worldwide devotion to astrology in our day.

Then there was the temptation to worship gold. How up-to-date that is, for do we not have millions who worship "the almighty dollar," yes, even if they do not have it.

To all such temptations Job said a resolute "No." He would not even permit his innermost heart to be enticed secretly (v. 27). He stood true for the God he loved and served.

Who will question that one of our greatest needs in the world today is for men and women who, by the grace and blessing of God, will live good and upright lives, true to the Lord, and practical in real loving-kindness to men. God give us men, yes, that kind of men!

Released by Western Newspaper Union.

Creamed Tuna in Potato Nests! (See Recipes Below)

First Aid for Lunch

"If only I had a good list of main dishes and desserts for company luncheons," said a friend of mine recently, "but it always seems I get stuck with things and can't think about something the girls really like."

A good solution for the above problem is to keep a card file of complete menus for such occasions. Be certain to try out the foods before the company date comes along so you will be thoroughly familiar with the preparation, and then everything will run smoothly.

If you don't want to plan the menu completely, then select just the main dish and fill in the salad and vegetable with whatever is in season.

Tuna à la King in Potato Nests. (Serves 6)

- 2 cups milk
- 4 tablespoons flour
- 4 tablespoons butter
- 1/2 teaspoon salt
- 1-16 teaspoon pepper
- 1/4 teaspoon Worcestershire sauce
- 2 cups canned tuna fish
- 3 tablespoons chopped pimiento
- 1/4 cup tiny mushroom caps
- Scald milk in double boiler. Make a paste of the melted butter and flour and add to hot milk, stirring until thick and smooth. Add seasonings and cook 15 minutes. Flake tuna fish into large pieces and mix with white sauce. Add pimiento and mushrooms.

Potato Nests: Peel 4 medium-sized potatoes. Cut into tiny strips lengthwise. Heat in a small amount of fat but do not brown. Remove from fat, sprinkle with salt and arrange in nests inside large muffin tins. Press potatoes firmly against sides of pan and bottom. Bake in a hot (450-degree) oven for 15 minutes. Serve hot tuna fish mixture in crisp, hot-potato nests.

- Lattice Rhubarb Pie. Pastry.**
- 2 cups cut up rhubarb
- Flour
- 1 cup sugar
- Line pie pan with pastry. Wash and peel rhubarb; cut in small pieces. Flour pieces until they are quite white, then add sugar. Mix well and place in pastry-lined tin. Cover with lattice strips of crusts and bake in a 450-degree oven for 10 minutes, then in a 425-degree oven for 30 minutes.

A combination of yellow and green is attractive for working into a luncheon combination, especially when it involves favorites like chicken and lime chiffon pie!

- Chicken Loaf With Mushroom Sauce. (Serves 6)**
- 2 cups diced, cooked chicken
- 1 cup soft bread crumbs
- 1/4 cup chopped, cooked celery
- 2 tablespoons finely chopped pimiento
- 1 tablespoon minced parsley
- 1/2 teaspoon salt
- 1/4 teaspoon paprika
- 2 eggs, well beaten
- 1 cup milk
- 2 tablespoons butter or chicken fat
- Combine ingredients, mixing well

LENN SAYS: Serve Meat in Ways That Tempt

Make appetizing luncheons out of leftover scalloped dishes by adding pieces of leftover meat to them. Pork with corn, beef with green beans, lamb with tomatoes, etc., are all good appetites satisfiers.

Veal à la King takes on special glamour if it's dressed up with sliced almonds and mushrooms. This may be served in patty shells or a noodle ring.

LENN CHAMBERS' MENU

- *Chicken Loaf with Mushroom Sauce
- Green Peas with Pearl Onions
- Tomato Salad
- Orange-Honey Rolls Beverage
- *Lime Chiffon Pie
- *Recipe given.

and pour into a greased loaf pan. Bake in a moderate (350-degree) oven for 35 minutes or until firm. Unmold carefully on platter and garnish with parsley. Pour mushroom sauce over loaf.

- Mushroom Sauce.**
- 4 tablespoons butter
- 4 tablespoons flour
- 2 cups milk
- 1/2 teaspoon salt
- 1/4 teaspoon paprika
- 1/2 cup cooked or canned mushrooms

Melt butter and blend with flour and seasonings. Add milk gradually and cook over low heat, stirring constantly, until thick and smooth. Add mushrooms and cook two minutes longer. Serve hot over chicken loaf.

- Lime Chiffon Pie.**
- 1 1/2 teaspoons plain unflavored gelatin
- 1/4 cup cold water
- 4 eggs, separated
- 1/2 teaspoon salt
- 1 cup sugar
- 4 tablespoons lime juice
- Green coloring
- Grated rind of 1 large lime
- 1 cup whipping cream, whipped
- Baked 5-inch pie shell

Soften gelatin in cold water. Place in top of double boiler, the egg yolks, 1/2 of the sugar, salt, lime juice and rind. Cook over boiling water until thick and smooth, stirring constantly. Remove from heat, stir in gelatin and cool. When slightly thickened, fold in stiffly beaten egg whites to which remaining sugar has been added. Turn mixture into baked pie shell and chill in refrigerator for one hour. Spread or flute whipped cream over top.

A simpler combination than either of the two given thus far is this one of baked tomatoes and banana tarts: **Baked Stuffed Tomatoes. (Serves 6)**

- 6 medium sized tomatoes
- 1 1/2 cups shrimp or crab meat, flaked
- 1/2 cup thick cream sauce
- 1/4 teaspoon mustard
- 1 teaspoon salt
- Fine bread crumbs
- Butter
- Paprika
- Scoop out tomato centers and mix half the pulp with shrimp or crab meat, cream sauce and seasonings. Fill tomato shells with mixture. Cover tops with fine bread crumbs, dot with butter and sprinkle with paprika. Bake in a hot (450-degree) oven for 20 minutes.

- Banana Cream Tarts. (Serves 6)**
- 4 bananas
- 2 tablespoons sugar
- 1/4 teaspoon vanilla extract
- 1/2 cup whipping cream
- 6 baked tart shells
- 6 tablespoons shredded coconut
- Fold sugar and vanilla into whipped cream. Slice bananas into tart shells. Cover at once with whipped cream and garnish with coconut.

Released by Western Newspaper Union.

To make bread crumbs flavorful for use as toppings, grind them fine and brown them in meat drippings. When you're serving roast pork or pork chops with dressing, add that special touch to the dressing by using a few chopped spinach leaves.

When making biscuits, do something different and roll the dough out in a rectangle; spread with orange marmalade and roll as for jelly roll. Cut and baked slices in oiled pan for pinwheel biscuits.

SEWING CIRCLE PATTERNS

Bow-Tied Frock in Stripes Casual Tailored Shirtwaister

8161 12-20

8174 14-44

Dress-Up Frock
A CLEVER summer "dress-up" frock to fashion in a bold stripes material used in contrast. A tiny bow tops the youthful key-hole neckline, a wider bow ties softly at the waistline. A honey of a dress.

Pattern No. 8161 comes in sizes 12, 14, 16, 18 and 20. Size 14, 2 1/2 yards of 35 or 38-inch.

HOUSEHOLD HINTS

When setting out upon a shopping trip, include an extra pair of stockings in your handbag. One can never tell when a tear may occur.

When footsore after a hard day's shopping, sit down and soak your feet in warm salt water, dry with an absorbent towel, and massage briskly with ice-cold cologne.

Cranberry and most fruit stains will come out if boiling water is poured on them with force while stains are still fresh. Soap will set the stains.

A quick way to cool boiled starch so it leaves no scum is to pour it over ice cubes.

Crisp and Cool
THIS crisply tailored shirtwaister is sure to play a star role in all your summer activities. It buttons to the hem, has cool cap sleeves and perky peplum flaps in front.

Pattern No. 8174 is for sizes 14, 16, 18, 20; 40, 42, 44 and 46. Size 16, 4 1/2 yards of 35 or 38-inch. The Summer Issue of FASHION is a complete and dependable guide in planning smart clothes for warm weather. Special features, free pattern printed inside the book. Price, 25 cents.

Send your order to:

AT YOUR GROCER'S

It's Up to Us!

Today it doesn't require a genius of a Barney Baruch to look into the future and see that America faces a great crisis. It doesn't require the wisdom of Solomon to know that if present conditions continue we are headed right into a deep and shocking depression so great that it might affect the fundamental pattern of our economy, and hence the entire future of the nation.

We can, if only we would, prevent a serious depression for many years. But to do so would require three things we now definitely lack. These proper things will not likely be done and the depression will likely come. In the midst of a sobering depression, however, we might muster sufficient courage to do the right things and thereby shorten its duration.

What If It Comes?

I want to outline those necessary steps which could prevent depression if taken now, and which would shorten a depression if taken after it is upon us. In the first place, there is required a brand of bold, courageous, forthright, non-political executive leadership beyond anything Washington seems likely to display.

In the second place, it would necessitate a lot of new, daring, venturesome, resourceful industrial activity, which because of unfavorable tax rates, industrial strife, and general want of vision, we seldom see. In the third place, it would require from labor leaders in general a very genuine, honest, sincere, and effective effort to remove all practices and policies that hinder maximum production per man-hour, and that needlessly add to the cost of goods, construction, and so on, of which we likewise see but little.

Toward Real Raises

These three steps would bring about three conditions necessary if we are to prevent depression, unemployment, and mediocrity. One of the first things this formula would lead to would be real understanding and cooperation between industry and labor, which is an essential to the continued welfare of this nation. We have not fooled ourselves into the foolish belief that these great segments of industry must ever be at cross purposes.

In the second place, these things would lead to an increase of at least 40 per cent in actual amount of goods produced without increases in labor costs. At the same time there would be no decrease in rate of wages earned. This would rapidly increase the effectiveness of competition and would bring cuts in prices ranging from 20 to 25 per cent, thus giving a real raise in standards of living for the entire public, labor as well as others.

A Simple Formula

In the third place, these lower prices would increase demand for our goods. American industry has, more nearly than that of any other nation, reached the mass markets. Our industry has produced goods that make the least of us veritable kings. And the end of this is nowhere in sight.

This advice sounds extremely simple, and it is just that simplicity that makes the formula worthy. This simple formula for prosperity of the entire nation requires only honest, intelligent, unselfish, courageous citizenship and leadership. May God raise up the leadership for the sake of this nation, our posterity, and the world.

May we, individually, exercise the intelligent citizenship the days ahead will require.

Uncle Sam Says

Everybody knows it pays to buy U. S. Bonds. But not everybody knows how much it pays. By investing as small a sum as \$2.50 a week in U. S. Bonds, your savings will be \$1,440.24 in ten years. Take savings of \$3.75 a week; by 1957, you will have \$2,163.45. There are two easy ways to save automatically. Have a regular amount of money set aside from your pay each week for bonds through the Payroll Savings Plan. Or, if you're not on a payroll, but you do have a checking account, you can have your bank automatically charge your account for the purchase price of a bond each month.

U. S. Treasury Department

Claims of Vets Must be Filed

Recent amendments to the Social Security Act provide for old-age and survivors insurance payments to thousands of formerly ineligible survivors of discharged World War I veterans. Mr. Perry A. Webb, manager of the Social Security Administration field office at Roswell, pointed out that since this protection is based entirely on military service, it is not necessary for the veteran to have held a social security card or to have normally been covered by the Social Security Act. Among those groups which normally are not covered by social security but who are protected by this amendment are professional and business men and other employees.

This legislation provides protection to survivors if: The veteran dies within three years after discharge; He had at least 90 days of active service in the armed forces after September 16, 1940; He were not dishonorably discharged; and the survivors are not eligible for payments from the Veterans Administration.

The amendment does not provide for benefits to survivors of servicemen who died while on active duty and who had worked in employment covered by the Social Security Administration but long enough to be insured may still be eligible for benefits under

LOCALS

Mr. and Mrs. Odell Baker and daughter Lea Adell and Mrs. Era, B. Smith returned last week from a visit to Texas points. Lea Adell is spending the week here with her grandparents. Mr. and Mrs. Baker returned to their home Saturday.

Mrs. Elmer Eaker and daughters Ann and Alma and son John spent the 4th of July in El Paso.

Mr. and Mrs. Thomas Karr of El Paso were here Thursday of last week.

A number of local people attended the performances of the Lincoln County Ropers Club, rodeo and barbecue held at Capitan Friday, Saturday, and Sunday.

Mr. Roy Gray, who is employed at the Carrizozo Auto Co. visited his home in Texas last Saturday.

- and Ability to match

Give yourself five seconds, and you know that here's car styling as up to the minute as the time of day.

Spend a few fast minutes to see why - and you spot both smartness right from tomorrow's designing boards and everything that should go with it. Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power.

Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, it's something to see. Here are looks to hold the eye for seasons to come - and lively, durable ability to match.

Rich abundance of smooth, hushed Fireball horsepower from a

straight-eight kept young and lively by Accurite cylinder finish.

... Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness.

... Riding poise from two steadying tons of roadweight - ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece - finish that's the very last word in richness and taste.

Yes, it takes no time at all to show that you and Buick belong together, should go together steady - so what's holding you back?

After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order - which will get equal consideration whether or not you have a car to trade.

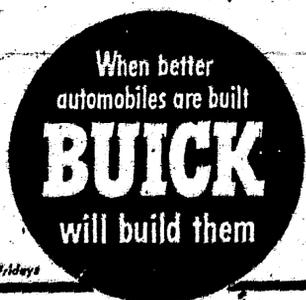

TUCK AWAY PLENTY! Roomy luggage compartments hold plenty - and high-lifting lids make it easy to get at any place.

ONLY BUICK HAS ALL THESE

STAR FEATURES

BACKWARD GLANCES

40 YEARS AGO

July 1907—Capitan News

A cablegram from Honolulu, date July 9, announces the arrival there of George Curry, appointed governor of New Mexico and who is on his way home from the Philippines. His inauguration as governor will take place at Santa Fe early in August.

A party from Roswell claimed 180 fish was his best days catch while fishing on the roaring Ruidoso.

Sheriff Owen returned Monday from Clifton, Arizona, with a prisoner charged with horse stealing in this county.

There are several four horse teams engaged in hauling coal to the Parsons mine, which is expected to start up next month with a full working force.

A FISH STORY

As regards fish stories, this one tops them all. It comes from the head waters of the Rio Bonito where Capt. Sydney R. Mallin and Charles Watson are interested in a group of promising gold prospects. The captain has a hunting and fishing lodge where he spends most of his time during the open season. Both gentlemen are thorough sportsmen and adepts with gun and rod. Their reputation for varacity has never been questioned, so far as we know. As skilled anglers for the sportive trout they acknowledge no equals, as the bulk of their game sacks bore mute testimony to those who happened to meet them when returning. They recently had quite a novel experience. They waded down stream while fishing, and made record-breaking catches. Considerable sand found its way into the old shoes which they wore on the occasion, and did not add to their comfort, and when they returned they lost no time in changing their footwear. As they shook the sand and water from their old shoes they noticed something glistering, which closer inspection proved to be several small nuggets of the "yellow stuff", the largest weighing about a penny weight and six smaller ones that together would probably weigh 35 or 40 grains. They put away the nuggets and then carefully placed the sand back in the water-soaked shoes, and wrapped them up. Next morning they saddled the burros and took the old shoes up to the Parsons Mine, where the assayer very kindly made a fire test of the shoes and sand together. This was necessary as the particles adhered to the leather while the coarser particles intermingled with the sand. The assayer was surprised and pleased at the result of the test and congratulated them on their luck. He refused the usual fee as he handed them the certificates which read: Bob's pair \$7.50 gold; Charley's, \$3.45 gold; leather, a trace a good average, as the latter had but one shoe. They have staked two 20 acre claims, which may be seen by any one visiting the south fork of the Rio Bonito. One is named the "Lucky Bob," and the other the "Old Shoes." The boys are satisfied that they will soon find themselves on Easy Street, as one shipment of shoes that have gone through the process will net them a fortune at the smelter. In their spare hours they are working on a gold-saving device, with leather for a basis, which, when perfected, will revolutionize all the present methods employed in saving gold in placer formation—but that is another story.

Their many friends will be pleased to learn of their good luck, and will look forward to the perfecting of their gold-saving machine.

20 YEARS AGO

1927—Lincoln County News

Rolla Ward of White Oak and Miss Bessie Corn, of Carrizozo were married in Alamogordo July 5.

Claude Branum and Miss Georgia Rustin were married Saturday evening at the home of Rev. T. V. Ludlow.

Rev. John Skinner drove to Las Cruces Saturday and returned the following day, he took Mrs. Roy Skinner and children to Las Cruces where they will reside in the future.

Rufus and Linza Branum arrived Sunday from Los Angeles to join their mother, Mrs. Nellie Brannum for a family outing on the Ruidoso and the Indian Reservation and then on to the Carlsbad Caverns.

Carrizozo contributed \$341.58 to the Salvation Army Drive, the proceeds of a concert given at the Crystal Theater.

10 YEARS AGO

Mr. and Mrs. Virgil Jones, Walter Snell, Snooks McDaniel, Violet McDaniel, Buster, Jack and Jerry Graves and Floy Skinner all attended the rodeo at Ft. Stanton the 4th.

Mr. and Mrs. Johnson Stearns of Tucumcari were in for the American Legion dance Saturday night and spent the fourth with their parents, Mr. and Mrs. Roy Shafer.

The Forest Ranger Says: "A match has a head, but it can't think as well as you can. It's up to you to be thoughtful with your matches, 'smokes' and campfires when you're outdoors." The Forest Ranger Says: "If forest animals ever took a notion to come into town and imitate the careless campers they have seen there would be an awful mess of littered lawns and burning houses."

Services at Nogal School House Sunday

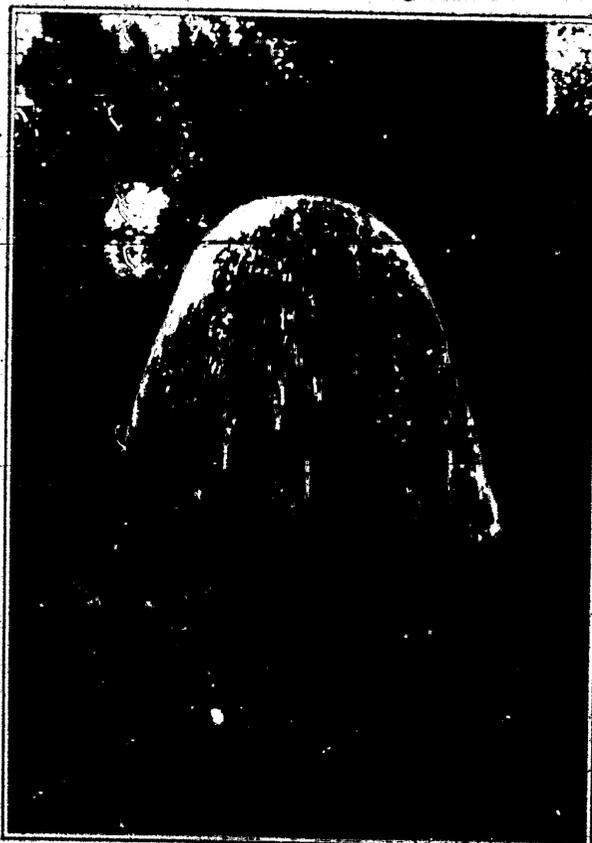

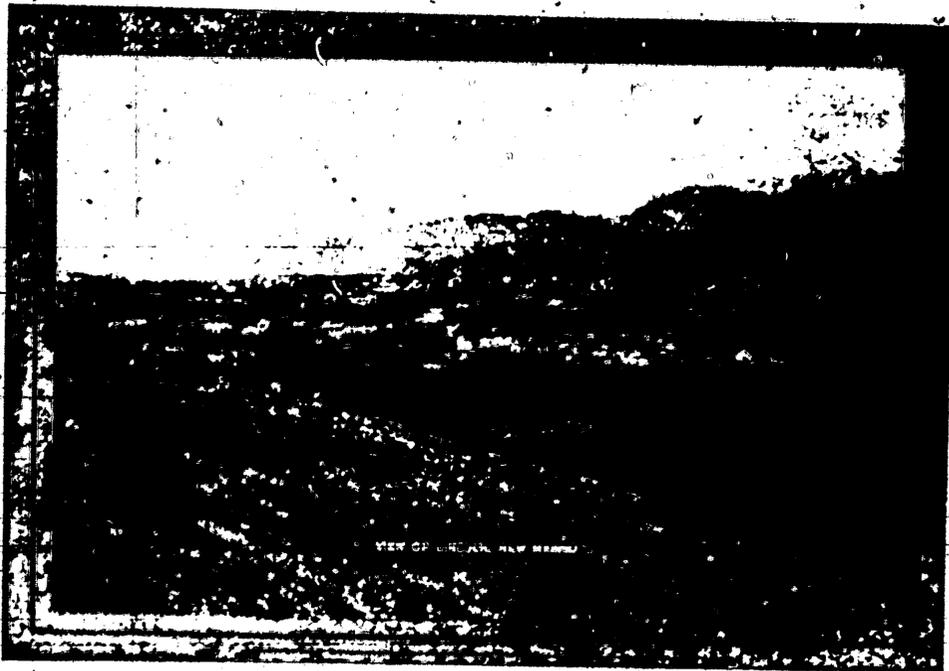

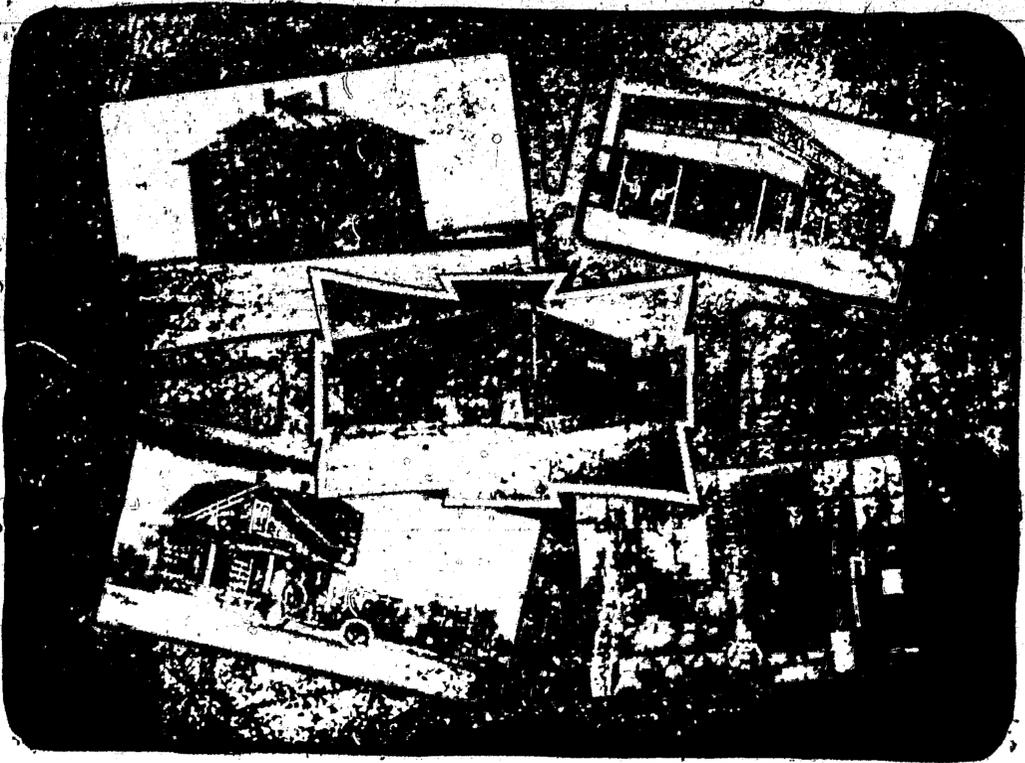

Rev. W. Otho Mills

There will be Sunday School at 10:00 a. m.; preaching at 11. The subject for the morning sermon will be; "The New Birth." Scripture; John 3:1,21. Why we must be born again, how we are born again, and the things the New Birth does for us, will be the points discussed.

We are trying to build up the attendance at these services which are strictly non denominational in that I am not working with any denomination nor for any. Neither am I affiliated with any denomination. My preaching will be on God's Word, and I have no other objective than to acquaint men with the plain and simple Truth, void of man's false theology and teachings, and denominational creeds.

Sunday night, we will continue the Bible study. The dispensation of Law will be studied. You are invited to attend these services.

Why Throw Minutes Away
 The other day, we heard about an interesting experiment a checking account depositor had made. He had fourteen bills to pay. So he paid each one in person with cash, and kept track of how long it took. He walked to the stores. At some places he had to wait in line; at others he had to wait for change. When he had completed his rounds, he walked home. It had taken him over two hours to do the job. The following month he had sixteen bills to pay. This time he sat at his desk, wrote a check for each one, addressed envelopes and mailed them at the nearest post box. It took him 34 minutes—exactly one-fourth of the time it took him to pay with cash.
 And that is only one of many reasons why a checking account at our bank can be useful to you.

From where I sit... by Joe Marsh
Fish Bites Woman!
 Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.
 Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)
 Blabbing mouths never cause anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home in a mellow glass of beer.
 From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together—whether those tastes apply to beer or fishing.

Activity Increases As Deadline Draws Near On Insurance

Edward Kinsall, VA Contact Representative, stated that insurance activity in his office is increasing as the final deadline on reinstatement of lapsed policies draws near. August 1 is the last date that NSLI can be reinstated on the present liberal plan, continued Kinsall. All veterans are urged to take advantage of the present set up and reinstato at least \$1,000 of their insurance by paying only two month's premium and signing a statement of good health. Many veterans have advantage of the six permanent plans of life and disability insurance which the VA is authorized to underwrite for the U. S. Government. Those veterans who wish to convert their G. I. insurance to a permanent type policy may choose ordinary life, 20 pay life, 80. pay life, 3 different endowment plans or a combination of these plans. A disability clause may be added to the policy at slight additional cost. This insurance may be made payable

Nation May Be Embarking On Major 'Peacefare' Effort

By BAUKHAGE
News Analyst and Commentator.

WASHINGTON.—It was a sizzling day in the capital. The town moved slowly like a lazy setter, stretching and hunting the shade. Even the trees were half asleep. The air pushed hard against your brow and cheeks. The asphalt yielded to one's foot-falls like brown grasses in a trodden field.

But we had to attend the regular press and radio conference of the secretary of state. Nature languished, but we knew the dispatch room was spluttering and sparking in sharp shudders with the news of an anguished world. America we sensed, (but didn't understand quite how) was embarking on a colossal undertaking.

We walked down the air-cooled corridors of this new state department building which in wartime housed the brass hats of the high command. For those working for peace, it is a little depressing to pass those stark murals depicting war at its worst—or best, which is probably the same thing.

We were still interested in the implications of the statements on foreign policy. Each statement pulled a little wider the curtain on the theater which was neither a theater of war nor a theater of peace. Again and again the questions came in like darts. Efforts to pierce what we all felt was a screen, concealing vistas much wider than the formal statements had yet revealed.

Was there a greater plan lying behind this program for aid to stricken countries—the program outlined by Secretary Marshall at Harvard? The question was asked although we knew that even if the secretary had a vision wider than ours, he could not reveal it—yet.

His answer, frank enough under the circumstances and not unexpected, was that if there was some further plan behind the one already revealed piecemeal, he was not going to talk about it.

He did reveal that Russia was not outside the pale of America's rehabilitation efforts—in theory at least. This was surprising to some who had studied President Truman's, Marshall's and Ben Cohen's most recent statements, and yet not so surprising as we recalled the nature of other talks, not public, which had hinted at larger things.

In this a real effort to achieve a fair understanding with Russia? (Approachement is the diplomatic word.)

Words. I am wondering whether those unspoken words of the secretary of state could possibly describe the immensity of America's task, the task which is envisioned in the plans which Secretary Marshall "would not talk about."

I say this because I have learned a new word which, it seems to me, might bear within it a vital, a hopeful concept. Like Hauptmann, in "The Sunken Bell" when he said: "Tear! All the gladness, all the sorrow of the world sparkles within it."

Think of the dynamic quality of other words: Fame—Riches—Fair Play—Charity—Honor!

Building Plans Spur Inquiries

I don't know how interested you readers have been in my reports of what American ingenuity in different communities has done to make brick (and other building material for veterans' homes) without the straw (of readily available materials and labor) which we seem to lack in this otherwise rich and prosperous land of ours. But I can tell you that a lot of people who thought they could go and do likewise were heard from.

Yakima, Wash., whose achievement was the first described in this column, has had requests for information from 41 cities and 18 states. Nearby communities have sent people to Yakima to get first-hand information in person. Delegations have come to Yakima from Spokane, Seattle, Walla Walla, Ephrata, Pasco, Prosser, Ellensburg and Bremerton in Washington, and from Portland and Pendleton in Oregon.

The Salem plan, under which the city is subsidizing the conversion of extra space into new apartments, has drawn comment from a number of other Massachusetts towns. Gloucester already has copied part of the plan, and inquiries have come in from five other cities in the Bay state, and from state offices of Annetta, VFW and American Legion.

The veterans' co-operative which has been so successful in building moderate cost housing in Albuquerque, N. M., has been busy answering questions. See requests have come from Houston and Amarillo, Tex., from Syracuse, N. Y.; Chicago, Ill.; Las Cruces, N. M.; Great Falls, Mont.; Erie, Pa.; Berkeley, Calif.; Oklahoma City, Detroit and elsewhere.

This new word of mine (which Marshall might have used, had he known it) is "peacefare."

It was used in a paragraph of a "letter to the editor" in the New York Times. The writer was A. M. Meerloo, wartime chief of the psychological branch of the Dutch war ministry and a member of the inter-allied psychological study group in England. This is the paragraph: "In those (wartime) days, when the success or failure of the war was at stake, psychologists and specialists in allied fields mobilized every weapon at their command to wage psychological warfare. Why cannot we now, when the peace is at stake, mobilize as carefully for psychological peacefare?"

All right, there you have it—"peacefare." Not simply "psychological" peacefare now, but economic and political and moral peacefare. That is what I am hoping and praying the unspoken plan of Secretary Hull will embody.

A hard, long, expensive campaign. But one launched not against anybody but for everybody; a campaign to stop war to save humanity. I say "everybody" because Marshall pointed out that he envisioned Russia as a part of this plan for the economic rehabilitation of Europe. Without this economic rehabilitation, there can be no rehabilitation of the body politic or the body (and soul) moral.

It must be a campaign to banish fear—fear of the atomic bomb which we possess for the moment; fear of the far more terrible weapons of destruction that any madman might put to use.

It is a campaign to banish the hate bred by fear. A campaign to nourish the body so that bodily things may be forgotten and man may pursue his spiritual destiny toward freedom, toward decency, toward a world where the major effort is dedication to the common good.

Nothing like this has ever been attempted before. Nations have loaned money for the purpose of earning a neat dividend or to wring some political advantage from an impecunious princeling or bankrupt government. Many fair promises and high sounding ideals have been written into covenants signed only to be broken when opportunism dictated a reverse English.

But here is something new and different. Something rather bright and idealistic has been added, what we hope is an honest effort to wage peacefare, to butroot the malice of the few, in the spirit of charity toward all.

It may be all eyewash, I know. I've seen a lot of castles fall. But my feeling is that if we got out of the scuffer's seat for a moment, if we drop the cynic pose and put peacefare into the national vocabulary, we may make it work.

WIDESPREAD INCREASES

Relief Cases Double 1945 Low

WASHINGTON.—As evidence that public assistance problems are becoming critical throughout the nation, American Public Welfare association reveals that general relief caseloads have reached a level more than 80 per cent above the low point of 1946.

Current unemployment is centered among unskilled workers who have been displaced by skilled veterans, according to the report. Marked increases in unemployed rolls have been reported from 23 major labor centers. Minnesota's family relief caseload increased 28 per cent in 1946.

DESIGNED FOR THE LIVING . . . First up the ramp to the new model paraplegic house, built as a special housing unit at Halloran hospital on Staten Island, N. Y., is Louis Novelli of Machanuga, Pa. He is being wheeled by Michelle Parker, Red Cross nurse. Plans of the unit will be made available to any paraplegic who desires to build his own home.

NEWS REVIEW

New Farm Plan Studied; Fruit Crop Favorable

FARM CONTROLS: Opposition Grows

American Farm-Bureau federation, powerful farm group which sponsored most of the agricultural legislation now in force, is considering recommendations for total abandonment of all farm price and crop controls by the government.

Edward A. O'Neal, president of the federation, said the board is not satisfied with the old AAA, established during President Roosevelt's first term. He revealed that a better agricultural program than the one the farmers now have is being sought. The AAA authorizes payments to farmers for reducing acre-

O'Neal

ages in the basic crops of wheat, corn, cotton, rice, tobacco and peanuts.

Farmers from the North and Northwest have consistently opposed federal subsidies, and sentiment was reported to be growing among the producers for letting farm products seek their own price level as a permanent policy.

In the South, however, cotton and tobacco growers are known to be satisfied with the situation as it stands, favoring tight controls if prices start to slip.

One of the federation's economists predicted at least a 10-year period of good prices for farmers at levels slightly below those prevailing now.

FARM ROYALTY . . . This dimpled, smiling beauty is Vicky O'Brien, 19-year-old farmer's daughter, who was chosen "Dairyland Queen" at the annual Dairyland Festival in Watertown, N. Y. A real farm girl, she drives a tractor, milks the cows and helps with other farm chores.

FRUITED PLAINS: Apple Outlook Rosy

Despite a late spring and some frost damage in eastern fruit areas, prospects continue generally favorable for this year's crop of apples and other deciduous fruits, a department of agriculture report has disclosed.

The 1947 strawberry crop is estimated to be nearly a fourth larger than the 1946 crop, but still a tenth below average. However, the peach crop in 10 early southern states is expected to set a new record of more than 23 million bushels this year, the third successive large crop from those states.

In California, the sweet cherry crop of 23,000 tons is 15 per cent smaller than last year, but still 18 per cent larger than the 1938-44 average. California's 92,000-ton-plum crop is slightly below 1946.

TRAINING: Hearings Begin

Although congress is scheduled to adjourn July 28, the senate armed services committee has voted to proceed with hearings on universal military training.

But in a formal statement the committee added that if a report cannot be made ready by July 28, it will attempt to have a report prepared for congress when it convenes again.

Decision of the senate group was reached as the Very Rev. Edmund A. Walsh, a member of President Truman's universal military training commission, told a house committee that "the pollburo in Moscow is not going to adjourn for the summer as its forces creep across Europe."

Father Walsh said that America is definitely on the Soviet agenda of conquest, and Russia will be ready to start her "shooting war" as soon as her atom bombs are in production.

TAX PLANS: To Think Over

Congress has been presented with four tax-revision plans to think over until it gets ready to have another go at the income tax problem.

The treasury department has given the house ways and means committee studies of four plans to equalize federal income taxes on married couples in all 48 states.

One of the proposals would save 4,800,000 couples three-quarters of a billion dollars annually by giving those living in 38 states the same "income splitting" rights now enjoyed by couples living in 10 states which have community property laws.

Secretary of the Treasury John Snyder has indicated that the administration considers the proposed plans to be among the "right kind" of changes in the tax setup.

FRIENDLY WORDS . . . Mme. Andrei Gromyko, wife of Soviet delegate to the United Nations, made radio address from U. N. information and hospitality center. She took as her subject international friendship. Her audience was composed of United Nations personnel and their families.

TELLS OF RED PLANS . . . Dr. George Dimitroff, former head of Bulgarian Agrarian party, said Communist operations in Bulgaria and Balkans are part of conspiracy to plunge all of Europe under Soviet domination.

GOOD SCOUT . . . Rachel Glaris, 17-year-old representative of Great Britain's Girl Guides, arrived in New York to attend first world campment of Girl Scouts to be held since 1937.

GIVES THANKS . . . Joseph Cardinal Mindszenty, primate of Hungary, expressed his country's gratitude to the National Catholic Welfare conference in America for sending 14,000 meals daily to starving Hungary.

HOUSING PROBLEM . . . Just as though the housing problem weren't bad enough, the Los Angeles home and building exposition sponsors this hat composed of hammer, saw, T-square, blueprints and hammers.

Change Your Weight For Beauty's Sake

Eat and Be Slim

WHO said you can't have your cake and eat it, too? You can actually change from the well-padded matron on the left to the slim miss on the right without skipping any meals.

It's all a matter of counting calories. You want to lose two pounds a week, and you'll average 2000 calories a day.

THIRD STRIKE CALLED!

By JACK KOFOED

THE sun slanted into the bullpen where High Pockets Kelley was warming up...

natin' factor in my career. Well, ain't it? Lookit this series now...

Howard laughed, but there was no mirth in it.

"If you gab less and look more, maybe you wouldn't feel that way...

Kelley stuffed his glove in his hip pocket and pulled his cap further

"What happened?" he asked, dazedly.

down over his sunburned forehead. "Good luck," he echoed scornfully...

McKeever was still waiting at the pitcher's box with all the infielders around him when Kelley shuffled up...

"That's what you think," Kelley said. "But I'll take a double order o' luck..."

"You complain too much," said Pete. "Look at me. That Connelly will go on catching till I've got a beard...

High Pockets considered that unimportant. He had his own troubles. "Sally talks that way, too..."

McKeever's gaunt, red face expressed the deepest disgust. "Well, you better come outta this game with somethin' better than a

bad luck alibi, or New York won't be big enough to hold the two of us."

He turned on his heel and strode back to the bench.

The infielders took their positions and High Pockets stood in the middle of the diamond with the ball in his hand...

He better, though—if he failed he could not excuse himself to Sally. She wouldn't listen to that bad luck stuff any more...

Connelly was signaling. Kelley didn't know what the catcher was calling for. A curve? A fast ball? A dippy one?

Whatever he threw McGee was going to hit.

This Week's Best Fiction

Michigan, and a lot of houses out there have board fences along the back yard...

High Pockets banged the ball viciously into his glove. "Yeah, but look what luck does to me..."

"Not yet. If my luck in love is as bad as it is in everything else, I probably will..."

"You complain too much," said Pete. "Look at me. That Connelly will go on catching till I've got a beard..."

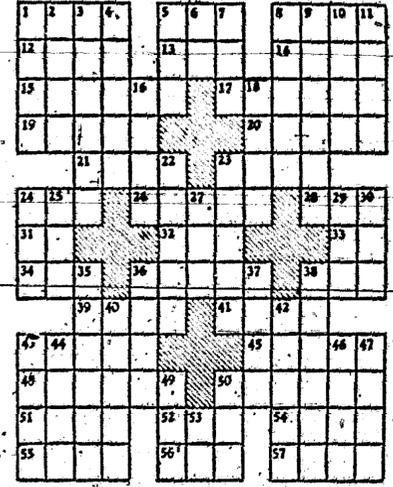

High Pockets considered that unimportant. He had his own troubles. "Sally talks that way, too..."

Letter to Mayor (Continued from Front Page)

Jaekle, conferred with Mr. Hall about the matter at Carrizozo. Mr. Fairbank stated that the company estimated the cost of a pedestrian underpass at then war prevailing prices to be approximately \$25,000.00, but due to the critical shortage of iron, steel, metals and other materials necessary for its construction, it was highly improbable the War Department would then allocate such materials for the construction of the Carrizozo project, but further stated that after the war time emergency had passed he would recommend to Southern Pacific Company management the construction of the proposed pedestrian underpass, if the community of Carrizozo would agree to contribute one-half of the project.

I understand in reply Mr. Hall informed Mr. Fairbank that due to then legislative restrictions on the amount of funds villages could raise by taxation, all funds so raised were consumed in necessary expenditures for village operation, and that consequently there were no funds derived from general taxation available for un-

derpass construction purposes. It is probable that the condition outlined by Mr. Hall exists today.

However, our attorneys point to the power of incorporated towns to issue bonds for the purpose of laying off, opening and improving streets and alleys granted by Section 14-2101 of the New Mexico Code, 1941, which they believe is legal authorization for the Village to issue bonds for the purpose of bearing a share of the costs of constructing an overpass or underpass project in the village.

Without digressing to discuss whether a public street of the character referred to by Section 14 2101 exists at the proposed location of the underpass or overpass project, if the Village of Carrizozo is willing to share in the cost of proposed grade separation, am agreeable to recommending that railroad grant an easement across it's property at location to be mutually agreed upon, after which the town could vote bonds to cover its proportion of the cost of the project.

Recognizing that under present day conditions the benefits from separation of grades accrues

mainly to the public through uninterrupted rapid and safe movement of motor vehicles, the Federal Government enacted the Federal Highway Act of 1944 whereunder railroads are called upon to participate in grade separation projects only in accordance with net benefits received with a total maximum contribution of not exceeding 10 per cent of the cost of the project.

Summed up, if the Village of Carrizozo now desires the installation of a crossing at separated grades for both vehicles and pedestrians, I am willing to recommend to my executive the grant of an easement across railroad property for that purpose at suitable location to be mutually agreed upon with division of cost on basis of the Federal Highway Act of 1944.

We shall be pleased to confer with you later regarding the matter at such time as may be convenient to you and to our representatives.

Respectfully yours,
(Signed) M. Pettersen

Robert Walker As Jerome Kern

For the third time in his meteoric screen career, Robert Walker steps into the shoes of a celebrated man for a film characterization.

Reaching stardom on the strength of his portrayal of Marion Hargrove in "See Here, Private Hargrove," the young M-G-M actor followed this by a portrayal of Staff-Sergeant David Thatcher in "Thirty Second over Tokyo."

Now Walker plays the greatest role of his career as the late famed composer Jerome Kern in the lavish musical drama, "Till the Clouds Roll By," based on the incidents in Kern's life. The star-studded Technicolor production opens this week on the Lyric screen.

Walker, who came to Hollywood from radio to play the relatively unimportant sailor role in "Bataan," has had a spectacular rise to stardom. Prior to his current role, he scored successes in "Madame Curie," "Since You Went Away," "The Clock," "What Next, Corporal Hargrove?" "Her Highness and the Bellboy" and "The Sailor Takes a Wife."

The breath taking aggregation of stars featured in "Till the Clouds Roll By" includes June Allyson, Lucille Bremer, Judy Garland, Kathryn Grayson, Van Heflin, Lena Horne, Van Johnson, Angela Lansbury, Tony Martin, Virginia O'Brien, Dinah Shore and Frank Sinatra.

Mr. and Mrs. Glen Dorsett and children of Lordsburg visited their parents Mr. and Mrs. Barnes and family here over the 4th of July holidays.

Daniel Preliminary Hearing Held

Monday the District Attorney W. T. Scoggins and the Court Stenographer, of Las Cruces were here for the preliminary hearing of Pete Daniels, charged with murdering A. L. Green at the Hollywood race track on June 18th. Case was bound over to the District Court and Daniels bond was set at \$2,000.00 dollars.

The Forest Ranger Says— "Forest watersheds delivers clear, pure water to towns, irrigation projects and power plants; forests regulate streamflow, minimize floods, and holds soil in place— If you don't start a forest fire."

Miss Otila Vega was in Capitan visiting her mother and family last week-end.

Mrs. Chana Dolan, who had been employed in Fort Stockton, Texas is visiting her family here.

Mrs. Frank Richard spent the fourth with her son, Roy and family at the ranch.

Born to Mr. and Mrs. Teodoro Sandoval, a baby girl on Tuesday July 1st.

Given Honor Citation for His Outstanding Contributions to 4-H

J. L. Kraft

J. L. Kraft, vice-chairman, National Committee on Boys and Girls Club Work, was honored at National 4-H Club Camp held in Washington, D. C., in June for his outstanding contributions to 4-H club work. He was given a citation and a specially designed medalion before 4-H Club members and leaders from 43 States, Alaska, Hawaii and Puerto Rico, attending the seventeenth annual camp. Presentation was made in the Jefferson Memorial auditorium in the U. S. Department of Agriculture.

Mr. Kraft's personal interest in rural youth has led to the annual sponsorship of two nation-wide 4-H Dairy programs by the foods company of which he is chairman. The annual luncheon, at which Mr. Kraft is host during the National 4-H Club Congress, is one of the highlights of the week's activities.
