VOLUME XXII No. 35 (Carrizozo News, Vol. 44)

CARRIZOZO, NEW MEXICO, FRIDAY, MARCH 26, 1948

Outlook Vol. 88—No. 47

### Lincoln County Can Have Two Hospitals

On April 10th, 1948, two propositions are to be presented to the voters of Lincoln County. One is a bond issue for Carrizozo to have a county municipal hospital located on Block 6 of the McDonald addition to Carrizozo. Total cost estimated by government experts will be \$220,000. \$15,000 to be furnished by the Village of Carrizozo, and the balance by the Federal Government.

The other proposition is a bond issue for Ruidoso for a county municipal hospital in Block 4 of Palmer Gateway addition to Ruidoso. Total cost estimated by government experts at \$123,000. \$15,000 to be furnished by Ruidoso and the remainder by the government.

These two propositions have been discussed pro and con for several months. It is for us, the voters of this county to say whether or not we are to have these modern facilities for the well being of our people and for the preservation of our health.

We felt that progress had undeniably struck Lincoln county when these federal and state officials made this survey and recommended two hospitals for the county.

Lincoln county covers so much territory that possibly two hospitals could be maintained. Our climate is so healthful, our sunshine so delightful that we would have much to promise convalescents when it became known we had these accommodations.

Carrizozo will be far more beautiful with a \$220,000 structure of this kind. Ruidoso would look more impressive with a \$123,000 building of this class.

It looks steep when you first seriously consider the size of the bond issues. But long term bonds at reasonable interest rates promise encouragement.

Lincoln county is a grand place to live. We may acquire a great many more things which will revitalize the county once we get a good start. It may be possible for all of us to achieve the things we have envisioned and have hoped for these last few years: Progress, recreational facilities, new churches, etc.

If we have faith we can accomplish anything. The Bible says "Faith is the size of a grain of mustard seed will remove mountains." Faith in

### Eliseo Gomez Announces For County Tax Assor

We have been authorized to announce the candidacy of Eliseo Gomez, son of Mr. and Mrs. Hilario Gomez of San Patricio for the office of County Tax Assessor, subject to the decision of the Democratic Primary on June 8.

Eliseo was born at San Patricio and has lived in Lincoln County all of his life.

Was graduated from the Hondo High School and had two and a half years at New Mexico A & M College at Las Cruces where he majored in Business Administration and Public Accounting.

Eliseo is a veteran of World War II with three years and four months service to his credit, received injuries in a bombing and strafing raid in an area of the European theatre where his unit was stationed. His army experience was in clerical jobs further qualifying him for the office which he is seeking.

In making the announcement Mr. Gomez said, "My interests are all in Lincoln County, I am a native son, and if nominated and elected I will serve Lincoln County and her people in a fair and impartial manner, with an eye toward a greater Lincoln County".

the future, faith to cooperate one community with another, faith in each other and in our county will make the impossible easy to accomplish.

The federal government recommended two hospitals for the sake of security in the event of another war.

It is not for us to advise the taxpayers whether to vote for one hospital or two. Each individual tax payer must make his own personal decision. He probably knows what his purse can stand. But before we vote—let us lay aside all selfish thoughts, envy, jealousy and bickerings and vote according to our God-given ability—with a wish to do the thing that will be for the most good to the most people and for the county as a whole.

### FORD NEWS

(By Cimi Zumwalt, Vice-President Lincoln County Motors, Inc.)

Last week we mentioned that we had a ready-to-deliver stock of Ford tractor tools and implements. From the interest this developed we'd say the moisture condition favors a record farming activity in the county this Spring. If you need tractor tools, let us know your wants. We can't deliver everything that everybody wants but we can try, and we may be able to get just what you want.

Our tractor implements are stored in the old garage next to the Lyric theater. We'll walk up the street to unlock the room for you.

Mrs. Zumwalt (Lucille, to me) has been working to bring our book-keeping and parts inventory systems up-to-date. In the future, all statements will be itemized in detail, and our regular charge-account customers of record will receive a delightful surprise in the near future.

This will be a cash discount offered for payment within 10 days of date of invoice. Just what the discount will be hasn't been fully determined, but President Chet insists that some kind of "dividend" is due customers who "lay it on the line."

Watch for final announcement on this plan to cut all auto, truck and tractor operating expense.

Before long we expect to have an ultra-modern truck for road or ranch service. We won't call it a "wrecker" because we don't do that to cars or trucks. Any suggestion for a name?

The past week our new stroboscopic machine enabled us to locate a "ghost" that had been haunting a '39 Ford for months. The trouble showed up in distributor wiring that simply defied ordinary inspection by human eye. We fixed the motor in a few minutes and that car is really purring.

As lots of you folks know I've been servicing cars, Fords and other makes, for a lot of years. Every day I get more and more sold on the plan we have for adding the very latest shop instruments for diagnosing motor and body troubles. It's an age of electronics and these instruments discover things almost immediately that it used to take hours and hours to dig out.

We're hoping to get our wheel alignment and balancing rig very soon. This outfit enables absolute accuracy in front and geometry in a jiffy and makes steering a joy. Saves time, too.

Have you been reading of Mr. Ford's activities lately? We're really glad to be his partners. More next week.

### Capitan To Vote on Bonds For City Water System

On Tuesday April 6th when the voters of the Village of Capitan go to the polls, they have two tickets in the field to choose from.

One ticket headed by Theophile Laramie for mayor with running mates Orland Wilson, Wallace Ferguson, Julian Herrera, Lewis Summins, and Mrs. Mary F. Werner for Clerk.

The other ticket: H. Lee Miller for Mayor, Fred Chavez, Bill Randle, Leo Powell and Ervin M. Dill for councilmen.

At the same time voters will decide on whether or not the Village of Capitan will issue their general obligation Bonds in the amount of \$108,000 for the purpose of developing, establishing and constructing a water system in their village.

### COMMUNITY COUNCIL HOLDS FIRST MEETING

The first meeting of the Community Council was held Monday, March 22nd at the Woman's Club Building attended by 16 elected delegates, from 28 local organizations.

Mr. Fred Napp was elected as temporary chairman and conducted the meeting. Mr. J. G. Moore was elected temporary secretary. A committee to draft a constitution and by-laws was elected as follows: Chairman Mrs. Jane Turner, Miss Anne Eaker, Mrs. Bradley Smith, and Mr. J. G. Moore.

It was voted to meet the 4th Thursday of each month at the Woman's Club Building. The next meeting will be held Thursday April 22nd.

Numerous matters of policy were discussed as to the functioning of the community council, these measures to be relayed to the various organizations by their elected representatives.

The following resolution was passed: Be it resolved that the Community Council urge the voters to support the bond election for a hospital in Carrizozo.

Other representatives attending were: Mrs. Grace Eaker, Dr. J. P. Turner, Vernon Petty, Jess Garrison, Alton Leonard, Gloria Campbell, Mrs. Lucille Patterson, Mrs. R. E. Shafer, Vera Lou Brannum Rev. Howard Pitts and Charles Hodgins.

### SIDWELL-HOBBS

At three o'clock last Tuesday afternoon, March 23rd, Miss Betty Jo Sidwell became the bride of Mr. Tillman Tee Hobbs, at the Methodist church in Carrizozo with the pastor Rev. Howard Pitts officiating.

Both these young people are well and favorably known here where they have resided for some time and their friends extend congratulations and good wishes. They will remain in Carrizozo for the present. Several of their friends gave them a dance at White Oaks, Tuesday night.

### NOTICE OF MEETING DATE CHANGED

All who intended to be present at the meeting of the Democratic Central Committee, scheduled for 6th day of April at Greentree, please notice the meeting as been postponed until a later date to be announced shortly.

—Floy Skinner, Chairman.

### Jury Finds Lloyd Hardcastle Guilty In Second Degree Murder

Case of the State of New Mexico Vs. Lloyd Hardcastle for the alleged slaying of his ex-wife Jodie Hardcastle on the 6th day of December, 1947, closed Saturday night, March 20.

Judge Fowler of Socorro presided. The State presented numerous exhibits including defendant's pistol, a bullet found in the house, other bullets found on the premises, a number of photographs, including those made by Dr. Wright of Santa Fe, and by Mr. Blakely, local photographer; a screen door and a door which had been penetrated by a bullet; a blood stained

### CORONA NEWS

By Mrs. A. E. Mulkey

Rev. Markham, Presbyterian Minister from Claunch, was here last Thursday night. There were so many people who came to hear Rev. Markham that the Legion Hut was hardly big enough to hold them all. Therefore, the meeting place has been changed to the School Gymnasium in order to accommodate the large number attending. Rev. Markham will be here each first and third Thursdays at 7:30 P. M. Everyone welcome.

A Sunday School was organized after services Thursday evening. Sunday morning fifty people met at the School Gymnasium with the following officers taking charge of classes: Mr. J. M. Melton, Sunday School Superintendent, Mr. Sterling Rodke, assistant Superintendent, Mrs. L. L. Argenbright, Adult Teacher, Mrs. W. C. Mays, Young Peoples Teacher, Mrs. J. M. Melton, Junior Young Peoples Teacher, and Mrs. W. S. Dishman, Primary Teacher. There will be Sunday School at the Gymnasium at 10:00 A. M. each Sunday.

There will be Easter Services at the Gymnasium March 28 at 7:30 P. M. Rev. Markham will deliver the message and there will be special music. Everyone welcome.

The Boy Scouts Field Executive, Mr. Bill Hintze of Roswell and Portales, was here Monday night. Scout Master, Walter Pfeiffer and coven of the Boy Scouts took Mr. Hintze along on a second class requirement hike. They cooked their supper out in the open and all enjoyed the evening as only Boy Scouts can.

Billy Ehart was in El Paso the past week end for treatment of his wrist which was injured in a fall.

Miss Helen Kay Atkinson entertained members and leaders of Brownie Troop No. 2 in her home Tuesday afternoon of last week. She exhibited articles which had made while convalescing from several weeks of illness. A zoo made of clay showed great talent along that line. Also some things made from blown egg shells were very interesting. Helen Kay, assisted by her grandmother Mrs. W. S. Dishman, served cake to the guests at the close of the meeting.

Miss Kathleen Merritt was taken to the Osteopathic hospital for an appendectomy last week.

Dr. and Mrs. Larry Belden of Albuquerque were here several days last week visiting Dr. and Mrs. W. R. Belden.

Mr. Grady Whitely has gone to the Veterans' hospital in Albuquerque for treatment.

"There will be a City Election in Corona April 6", said Mayor Cleve Brown.

The Woman's Missionary Society of the Baptist Church met at the Mulkey home Tuesday, March 23, at 2:00 p. m. The subject of the program was 'The Christian Home'. The following women attended the meeting: Mrs. Belle Colbough, Mrs. John Smith, Mrs. Raymond Lackey, Mrs. John Hamilton, Mrs. Jack Kilpatrick, Mrs. B. I. Mayhugh, Mrs. Jay Berryman and Mrs. Albert Mulkey. The next meeting will be a prayer meeting April 6 at 2:30 p. m. at Mrs. Belle Colbough's home.

### CARRIZOZO STILL UNDER RED CROSS QUOTA

Mr. Roy E. Shafer, chairman of the Red Cross fund raising committee, announced this week that of the \$420.00 quota, Carrizozo is still almost \$180.00 short.

"Anyone who has not been contacted and wishes to make your contribution to the American Red Cross Drive please mail or hand their check to me", Mr. Shafer said. The drive will end on March 31.

### American Legion and V. F. W. Fun Show This Mon. and Tues.

#### Woman's Club Meet

The Carrizozo Woman's Club met at the club house, Friday March 19, with President Mrs. Roy Shafer presiding. One verse of America was sung with Mrs. Kelley at the piano and Mrs. Bill Nickels, violin. Mrs. R. E. Lemon led the singing. Salute to the flag was given, followed by the song, "Drink to Me Only With Thine Eyes."

Mr. Donald McKay of Ruidoso addressed the club and gave an interesting talk on the recently established Art Colony in Ruidoso and explained the various courses offered there. Mr. McKay advised the club of several special courses that could be brought to Carrizozo and asked that the club consider sponsoring some of the courses.

Members of the club were reminded of the Art Tea, which is scheduled for April 19th, the committee for the tea are chairman, Mrs. Bradley Smith, Mrs. Kelley Stephenson and Mrs. T. O. Hayes. A chicken pie supper was announced to be held soon and also that the Bingo Party originally scheduled for Friday March 26th would have to be postponed, because of Good Friday.

Mrs. W. A. Nicholas was reported in an El Paso hospital but as she was reported as much better she was expected to be brought home this week.

Mrs. Kelley Stephenson had charge of the program for the afternoon. The Girl Scout Song, Alice Blue Gown, and My Wild Irish Rose were sung by seven of the Girl Scouts, Verma Ruth Petty, Dorothy and Betty Moore, Marian Lincoln, Jeanette Posey, Jan Hurley, Dorothy Withers. A baton twirling act by Dorothy and Betty Moore with Mr. Leslie Snyder at the piano was also presented.

Hostesses Mesdames C. A. Snow, Julia Sherrill, J. E. Starley and B. Burns served jello salad, sandwiches wafers and coffee.

Mrs. Ben S. Burns Press Reporter

Mrs. Tom White and daughter, Miss Thejina moved to Tularosa two weeks ago on account of Mrs. White's health. Her physician thought the altitude at White Oaks was too high and recommended the change. They bought the Baird ranch just out of Tularosa and are making repairs and improvements. They will use the ranch for a feed lot.

Mr. L. A. Whitaker was an Albuquerque visitor last week end.

### Biennial City Election April 6th

Registered citizens of Carrizozo will go to the polls at the City Hall on Tuesday April 6th, between the hours of 9 a. m. and 6 p. m. to choose their city government officials to serve them for the next term.

The mayor, two councilmen and the clerk will serve for two years. Two of the councilmen will be elected for a term of four years. Each year from now on the newly elected officials will have two councilmen as hold-overs to remain in office.

Mayor Frank English heads the Good Government ticket, councilmen for the 4 year terms are T. E. Kelley and Leandro Vega; candidates for 2 year terms are C. A. Snow and Roy E. Shafer.

On the Citizens ticket are Vernon Petty for mayor, Clifton Zumwalt and Leandro Vega for 4 year terms; Albert T. Roberts, and Charles Hodgins for terms of two years. Mrs. Gusdie E. Johnson is the candidate for clerk on both tickets.

Everybody is urged to vote in this election. Vote for one for mayor and vote your choice of 4 out of the eight candidates for councilmen. That is, you can split your ticket for the councilmen but vote only for 4; two for 2 years and two for 4 years.

The cast of characters for the American Legion and V. F. W. sponsored fun show 'Fun For You' were announced this week as follows: Harry Von Zell, Joe Morgan; Duke of Paducha, J. Elrod Starley; Joe Kelley, H. Elfred Jones; Uncle Ezra, L. Z. Manire; Minnie Pearl, Gloria Campbell; Tom Brenpamian, Philip Hieck, Dr. I. Q., Joe G. West Jr.; Story Lady, Daisy Dickenson; Gravel Gerlie, John Hein; Marlene Dietrich, Clyde Atwood; Mae West, Fred Napp.

Mr. Clyde O. Brewster is the music director. A special song will be sung by Mrs. Emma Lu Starley and specialty western numbers will be played by Ross Coe and Charles Farrell. The play is under the direction of Mrs. Vannie Allen of Shawnee, Oklahoma.

The play will be presented Monday and Tuesday, March 29th and 30th at the Grade School Auditorium starting at 8:17 P. M.

Prizes will be awarded each night and free tickets are being offered to children finding the correct number of misspelled words on the advertising page appearing in this paper. Read all the ads carefully, misspelled words are lurking everywhere!

Plan now to attend the fun show and enjoy local talent at its best.

### GUEST SPEAKER FOR CARRIZOZO BUSINESS MEN'S CLUB ON WEDNESDAY APRIL 7

On Wednesday April 7th, Mr. Donald McKay of the Southwest Arts Colony of Ruidoso will appear on the program of the Carrizozo Business Men's Club with the address, "Personality of Businessmen" also he will outline the various services that are available to this section of the state through the Art Colony he is conducting.

At Ruidoso there is a book review hour each Sunday held from 4:30 to 6:30 and on Monday the "Personality of the Business Men" hour 7:30 to 9:30, which is repeated in Alamogordo on Tuesday evenings.

If sufficient interest is shown the same class will be repeated here later each week.

Monday March 22 marked the beginning of an Arts and Crafts class in Ruidoso.

### MC CALL - DERBYSHIRE

Miss Helen McCall and Dr. R. C. Derbyshire, both of Albuquerque were united in marriage, Saturday March 20th in a quite ceremony at the home of Dr. and Mrs. J. P. Turner. Rev. Jesse Allen officiated.

### Ancho News

By Mrs. Elva S. Wilson

Mrs. J. R. Jenkins of Corona was in Ancho Monday.

Mrs. Loveno Snodgrass, Katie Marie, Butch and Mrs. Blasingame were Three Rivers visitors the past week end.

Mrs. Longreno and baby son are at the home of her parents Mr. and Mrs. Polomarez.

The Antonio Samora family left Tuesday for Phoenix, Arizona to attend the funeral of a near relative.

Mrs. B. W. Wilson and Rosa Aragon were in Carrizozo Saturday.

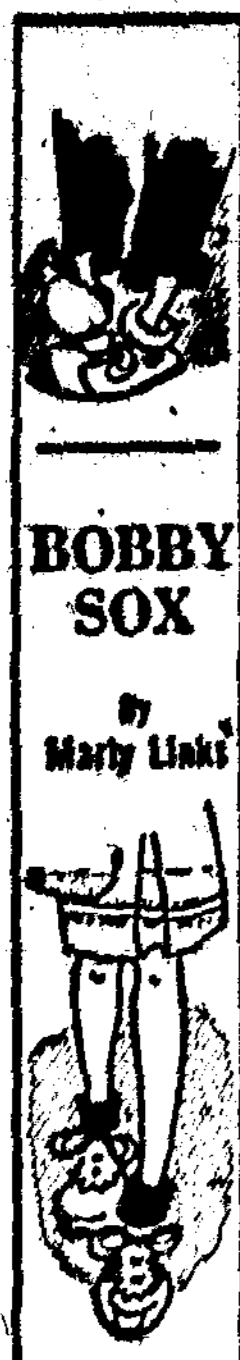

Mr. and Mrs. Milton Jones and daughters were Roswell visitors last Saturday.

Nieves Nevarez, grandson of Fernin Navarez has joined the navy.

Mrs. Lloyd Bloodworth was a pleasant visitor at the school last week.

Mr. Salomon Aragon is on the sick list this week.

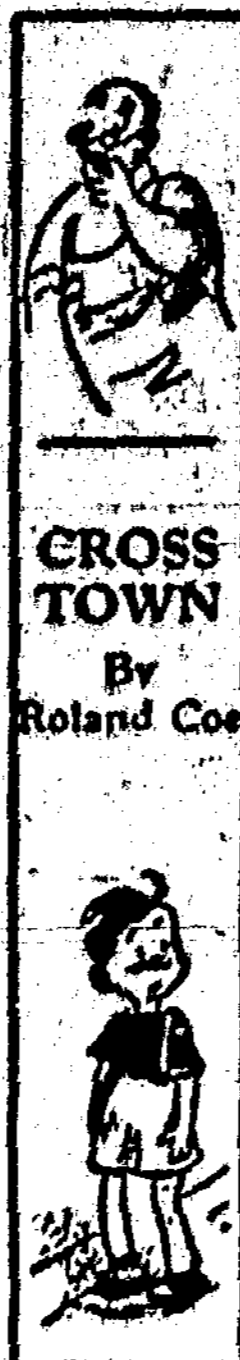

Mr. Benn Richardson is feeling better this week.

**School Kids 6 to 60**

The time may come when the law makes people from 6 to 60 do school work, a group of teachers said recently.  
Their reason: A good education is the world's best defense against war.  
The prediction came from a 10-man commission which looked over the public school system for the American Association of School Administrators.  
The commission said grownups should continue studying so they can keep up with "the new era of world events which suddenly has been ushered in."

The FICTION Corner

QUESTION OF ANGLES

By FREDERICK SKERRY

A TRIANGLE? Sure, if you think in geometrical figures. But counting Mary Hill with the three men you'd have a square, wouldn't you?

Anyhow, we were on the Wild River bridge job. A nice change it was, too, with Barret Falls Center only a mile away...

And Mary Hill was very good for the eyes. Fresh and sweet and cool-looking she was in her white rig, even on the hottest day...

"Not often," I said. "It looks worse than it is. A man is careful. You get used to height."

By this time the competition for Mary was all but general. I was on the side lines, you might say. Being field engineer, I was some older than most of the boys...

Dave Johnson was the quiet, serious kind, and an A-1 bridge jack. But now that he seemed out of the running, he quit coming altogether.

Working from both ends, we were now almost ready to join steel. Jack and Dave and Clem were together on the down river truss...

And Jack toppled to follow it down to the river. All of him but his legs was off that six by six platform.

We put it down as an accident. But I wished it hadn't happened between that particular pair. The news got to the Elite before we did, and Mary shared the general gloom.

Later Clem asked for his time—which was just as well.

A few days later Dave began to eat again in the Elite. And I quit staying late to look at Mary when she wasn't constantly on the move.

A few weeks afterwards we were practically finished with the bridge; half the crew had left. One night I went to the picture house and saw Mary and Dave sitting a couple of rows in front. I figured that Dave was making up for lost time.

Evidently a busted leg wasn't too much for that little hospital in the next town; anyhow that's where I landed. Dave was waiting when they'd got my leg set and in a cast. I had been wondering about him and Mary, but he was no talker.

And I did see her the next afternoon; she walked into my room not a minute after visit-time began. But

is off. He's getting crutches for you. Now I have it all figured out. I have a perfectly good house and odles of room, and nobody in it but myself — except when Ann James is there doing housework—and that's where you go from here.

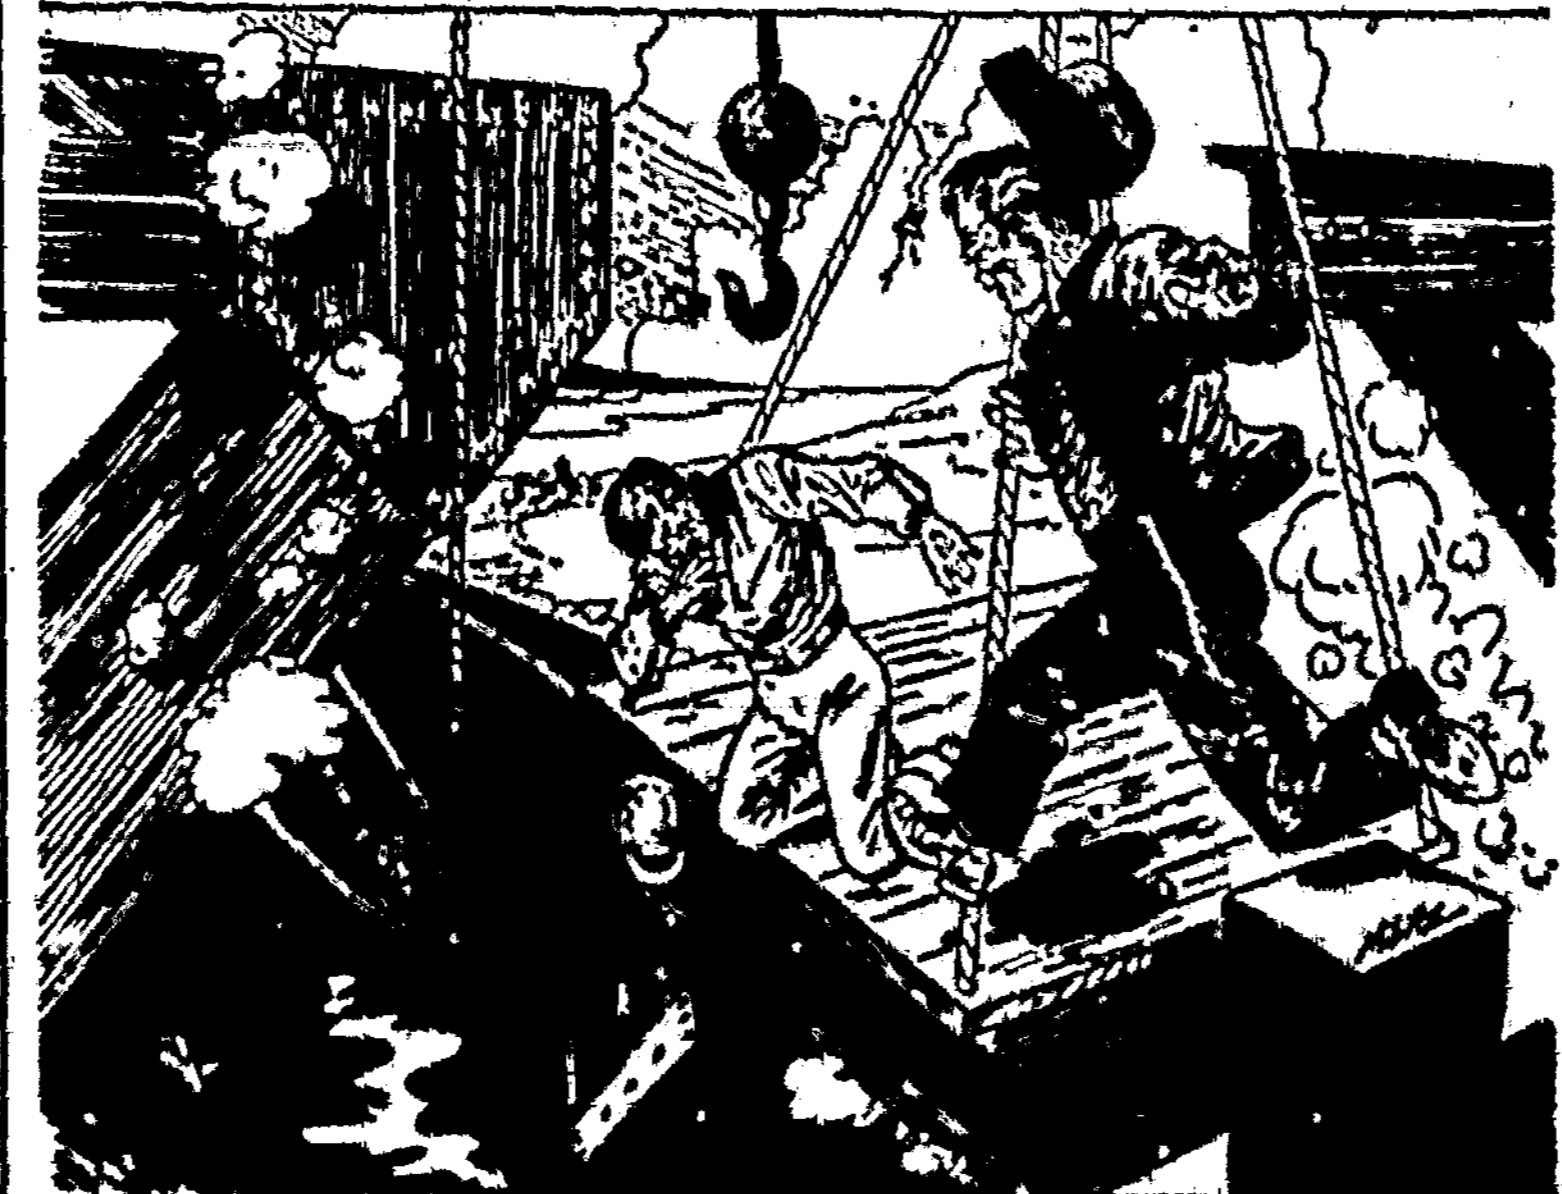

"Listen, Mary," I put in. "You've been an angel of kindness. But there's a limit, I know what these small places are, Mary, and I won't have you talked about on my account."

"I see what you mean. She looked down at me, and her eyes were dreamy. "Of course it would be nice..." I said nothing, and she wagged her head and looked at the ceiling.

"My heavens! Did a woman ever work harder for a man?" "That didn't make sense. "What man?" I said.

"You! Who else, for goodness sake?" "Listen, Mary," I said. I felt all hollow inside. "Don't kid me—not about that."

"I'm not kidding—anything but."

And Jack toppled to follow it down to the river. All of him but his legs was off that six by six platform.

the only news she let out was that Dave had heard that Jack was getting on all right but would be laid up for a long time.

For three weeks Mary came every day.

Then the crew was through with the bridge, and Dave, making a last evening visit, was as dead-pan as ever. That puzzled me, and I banked on Mary being less shut-mouthed.

AND, thinking of her, I realized that once out of the hospital I'd see little of her. I had that load on my mind when she came next afternoon looking pleased as Punch.

Then she said, "I had quite a compliment last night, Charlie. Dave asked me to marry him."

"Congratulations, Mary!" I said. "Dave is a grand guy." And I meant it.

"Yes, he is," she nodded. "He'll make a fine husband—for some girl who wants to worry about him while he's climbing over bridges. But I had to turn him down. I'll marry nobody I have to worry about at the start. That's that. Now look, I just talked with the doctor. He says you can leave here in two or three days, but you'll have to go easy on that leg, even after the cast

She reached out and grabbed my hand. "Charlie, you are dumb! Did you think I was a district nurse, or something — coming here every day?"

"But—" I could hardly speak. "I thought — well, with Jack and Dave..."

"Business, dear," she cut in. "I own the Elite Lunch, so why wouldn't I build up good will with the customers? You never asked me out."

"Not because I didn't want to," I said. "But all those fellows, Jack and Dave..."

She gave a kind of snort. "You didn't think a woman would be interested in the only man around who didn't seem interested in her. No. So I had to find out all about you from those others. And you had to get and get yourself hurt for me to get a good chance at you."

"Listen," I said. "A minute ago you said you wouldn't marry anybody who climbs bridges."

"I know I did," she admitted. "But your climbing days are over, Charlie—so Doc says."

That stopped me. Still, I could always have a good berth in the plant—or some other plant. My tongue seemed tied, but I managed to make it work. "Would you marry me, Mary?"

She was off the chair like a flash and sitting on the edge of the bed, holding my hands. "He's said it!" she laughed. "The dumb bunny has actually said it! Would I..."

So after all, you might say that the affair turned out to be a pentagon.

Enamel-Coated Tin Cans Play Part in Atom Role

In experimenting with radioactive chemicals from the atomic piles at Oak Ridge, plant scientists of the U. S. department of agriculture have stopped using the familiar clay pots and jars in their greenhouse experiments. Instead they are using inexpensive tin cans coated with enamel.

The reason is simple. In checking the action of the radioactive chemicals moving out of the soil and into and through the plant, the scientists make use of the delicate "tracer" method. Counting instruments detect and record the passage of charged molecules as they pass through the plant tissues.

But if a clay container had been used previously, the pot would have become at least slightly radioactive, and so would add some unmeasured radioactive energy that would complicate the experiment.

Million Irishmen Attend Largest Political Meeting

Probably the largest political mass meeting in history, says Collier's, was that called at Tara, Ireland, on August 15, 1843, to hear the Irish statesman, Daniel O'Connell, demand the repeal of the union between his country and Great Britain.

It was attended by more than 1,000,000 people, a number equivalent, at that time, to one person in every family in Ireland.

W. A. Melton and Johnny Melton, Plaintiffs No. 5440 vs.

Corona Trading Company, a corporation, Implicated with the following named defendants, against whom substituted service is hereby sought to be obtained, to wit: R. E. Jump, if living, if deceased, the unknown heirs of R. E. Jump, deceased; J. B. Dinwiddie, if living, if deceased, the unknown heirs of J. B. Dinwiddie, deceased; Unknown heirs of J. A. Jones, deceased; Unknown heirs of James W. Parker, deceased; Unknown heirs of T. M. DuBois, deceased; All unknown claimants of interests in the premises adverse to the estate of the plaintiffs.

NOTICE OF PENDENCY OF SUIT THE STATE OF NEW MEXICO: To each of the above named defendants against whom substituted service is hereby sought to be obtained, GREETING:

You and each of you are hereby notified that the above named plaintiffs have filed their Complaint against you in the above numbered and entitled case and Court.

The general object of said suit is to quiet plaintiffs' title to the real estate described in the Complaint, situate in Lincoln County, New Mexico and

Commencing at a point 60 feet west of the southwest corner of Lot 11, in Block 17, of the Townsite of Corona, Lincoln County, New Mexico; thence west 130 feet; thence north 80 feet; thence east 130 feet; thence south 50 feet to the point of beginning.

against the adverse claims of you and each of you, and anyone claiming by, under or through you, and to forever bar and esop you from having or claiming any lien upon, or right or title to said real estate. Unless you enter your appearance in said cause on or before April 16th, 1948, judgment will be rendered in said cause against you and each of you by default.

Plaintiffs' attorneys are Brenton & Hall, Carrizozo, New Mexico. GIVEN under my hand and the seal of the Third Judicial District Court of the State of New Mexico, this 26th day of February, 1948.

S. E. Greisen District Court Clerk. By: Patsy Dolan, Deputy (D. C. Seal) M 5-26

FOREIGN WILL OF NEPPIE RUSSELL DUNN, (No. 605 also known as Mrs. G. ) Dunn, Mrs. G. Clave Dunn, ) and Mrs. Neppie Russell ) Dunn, Deceased. )

NOTICE OF HEARING OF FINAL ACCOUNT AND REPORT

THE STATE OF NEW MEXICO TO: W. C. Russel, Benjamin Anthony, Jr., all unknown heirs of said decedent and all unknown persons claiming any lien upon or right, title, or interest in or to the estate of said decedent, GREETING:

You and each of you, are hereby notified that the administratrix with the Will annexed, Iva Coleman, has filed her Final Account and Report in the above entitled cause and that said Court has appointed May 8th, 1948 at the hour of 10:00 o'clock A. M. at the office of the Probate Court in the Lincoln County Court-House at Carrizozo, New Mexico as the time and place for hearing objections to said Final Account and Report, if any, the settlement thereof, and for a hearing and determination of the heirship of said decedent, the ownership of her estate, and the interest of each respective claimant thereto or therein.

The name and address of the attorneys for the administratrix is Reese & Reese, Post Office Box 432, Roswell, New Mexico.

Anyone having any objections to said Final Account and Report, or to any matters to be determined therein, should file such objections in the office of the County Clerk of said County, on or before the date of said hearing.

S. E. Greisen, County Clerk and Ex Officio Probate Clerk (Probate Court Seal) M 19-A-9

CERTIFICATE

The undersigned Ruidoso-Stetson Municipal School District No. 3-35 Board of Education certifies that it canvassed the returns of the Special School Bond Election held on the 18th day of March, A.D. 1948, in Ruidoso-Stetson Municipal School District No. 3-35, Lincoln County, New Mexico, and find result of said election to be as follows:

Ballots legally cast for the issuance of bonds of \$34,300.00 in Ruidoso-Stetson Municipal School District No. 3-35, Lincoln County, New Mexico, in the total sum of \$34,300.00 for the purpose of erecting and furnishing school buildings in said District were 151.

Ballots legally cast against the issuance of bonds of \$34,300.00 in Ruidoso-Stetson Municipal School District No. 3-35, Lincoln County, New Mexico, in the total sum of \$34,300.00 for the purpose of erecting and furnishing school buildings in said District were 6.

DATED this 17th day of March, A. D., 1948.

Ruidoso-Stetson Municipal School District No. 3-35 Board of Education

BY: /s/ Herbert Smith President.

ATTEST: /s/ Della Morrison Secretary.

LET'S PULL TOGETHER

One of the not-so-good facts about Carrizozo is that there's always a fight going on. Pick up almost any news here and yonder and you'll find a controversy raging over something. Let a group try to do something, another group will oppose it. Let someone make a suggestion, some other will knock his ears down. Many of the altercations are so trivial as to be ridiculous. We Carrizozoans have got to snap out of it. We're not going to get ahead by knifing each other. These are plain words, written with regret. Everyone knows they are true. Mayor Frank English in his four years of service to the Village of Carrizozo with his Council has accomplished more for your Community than all previous administrators combined. Here's the record, a Frozen Locker and ice plant has been built, a larger Diesel power unit has been installed to give single light and power to your community, and most of the distribution system has been rebuilt. The water bonds have been paid off. Several miles of street pavements have been put in and this all in four short years. Every Citizen of Carrizozo owes Mr. English their deepest gratitude for his splendid service. It's up to us to quit fighting each other and fight for our town.

There must be an aroused public sentiment for unity and progress.

JOHN GORRIE THE FATHER OF AIR CONDITIONING OBTAINED THE FIRST U.S. PATENT ON A COMPRESSED AIR REFRIGERATION MACHINE', 'FREON 22 NEW CHEMICAL USED IN MANY NEW REFRIGERATION UNITS', 'BOILS AT 41° BELOW ZERO!', 'CHILITA BANANAS SAY, "NEVER PUT BANANAS IN YOUR REFRIGERATOR... AND SHE IS RIGHT. YET REFRIGERATED SNIPS AND RAIL CARS ARE REQUIRED TO REFRIGERATE GREEN BANANAS ENROUTE FROM TROPICS, AND MECHANICAL REFRIGERATION IS USED FOR CONTROL IN RIPENING ROOMS.' Includes an illustration of a refrigerator and a woman.

At The Churches

The Methodist Church Rev. Howard S. Pitts, Pastor

Hats off to the Community Council! And, to spiritually alive Carrizozo, congratulations!

With the approach of Spring, new life comes to meet us wherever we turn. How is it with your soul? Can you trust your family? your friends? your neighbors? Can you trust yourself to do what you know you ought? If so, your spirit is assured that "God Is Not Dead!" This will be our theme for Easter Sunday morning: "God Is Not Dead!" Special music has been arranged. And you are invited to bring a neighbor, a friend, and your whole family. The service will begin at 10:30.

An Easter Sunrise Service and breakfast have been arranged by the Youth Fellowship. Young people who would like to attend are asked to see Joy Dawn Reil.

A "20-40 Class" is being born! If you are within this age range and would like to discuss such things as marriage, parenthood, jobs, fun, and current events, from a Christian approach—watch for further announcement next week.

Our quarterly Conference meets Sunday at 2:30. All church officers, stewards, trustees, and class presidents are expected to make reports of their work. New officers and boards will be chosen. And, all members are urged to attend. Intermediates will meet Saturday at 10 for their final membership class.

Now, let us think upon these words from Galatians 5: "The works of the flesh are adultery, uncleanness, hatred strife envying drunkenness, and such like. But the fruit of the Spirit is love, joy, peace long-suffering, gentleness, faith, temperance. They that are Christ's have crucified the flesh."

There must be good faith and harmony. There must be a willingness to agree with others, and to work with others, for the common good. This is not written for "the other fellow". It is written for you and all of you the thinking folks that want progress. It's Mayor English and his running mates for accomplishment, lets elect his ticket and progress.

By Citizens of Carrizozo (Paid For by the Supporters of Frank English For Mayor)

ate Fellowship 7:30 p. m. Preaching at Hondo High School 2:30 p. m. Everybody Welcome.

FIRST BAPTIST CHURCH (Rev. Jesse F. Allen, Pastor)

Sunday Services, S. S. 9:45 A. M. Training Union, 6:30 P. M.; Preaching 11 A. M. and 7:30 P. M.; Wednesday Service, 7:00 P. M.

Last Sunday I voted to close the church, not intentionally, nor maliciously, perhaps, but carelessly, thoughtlessly, lazily, indifferently, I voted. I voted to close its doors that its witness and its testimony must be stopped. I voted to close the open Bible on its pulpit—the Bible that had been given us by years of struggle and by the blood of martyrs who died that we might have it to read.

I voted for our minister to stop preaching the glorious truths of the gospel of Jesus Christ. I voted that the children of the Sunday School no longer be taught the stories of the Bible and no longer lift their tiny voices in singing; Jesus Loves me, this I know for the Bible told me so.

I voted for the voice of the choir and of the congregation to be hushed, and that they no longer sing in united praise.

For you see, I could have gone and I should have gone, but I didn't I stayed away from church last Sunday.

Come to church Sunday. You are always welcome at the Church where everybody is somebody, and nobody is a stranger.

FIRST BAPTIST CHURCH Captain, New Mexico

**HOLLYWOOD**—"Coin machines have raised more money for the Damon Runyon Cancer Fund than all other American products!" This statement was made by Walter Winchell, newspaper columnist and radio commentator, second from left above, here to make a new Cancer Fund movie. The coin machine industry, representing hundreds of thousands of amusement machines, such as juke boxes, pin games and vending machines of all types, has already raised and turned over \$120,000 to cancer officials for research on finding the cure for cancer. Coin machine owners, recognizing the public service nature of their equipment, are donating a share of the proceeds of their machines to this cause which benefits all humanity. Peanut vendors, penny weighing scales, and a hundred odd types of very human coin-operated machines are fighting cancer in this way.

Shown left to right above are Dave Guttliel, president of Coin Machine Industries, Inc., Winchell, Herb Jones, vice president of Bally Mfg. Co., and Ray Maloney, chairman of the Coin Machine Industries campaign to raise funds for the Damon Runyon Cancer Fund.

In appreciation of his keen interest in the motion picture industry, Frank H. Ricketson, Jr., president of Fox Inter-Mountain Theatres, sends a present to Governor Thomas J. Mabry of New Mexico. Arriving at the State Capital in Santa Fe with the gift, is City Manager Michael F. Zalesny, Fox Inter-Mountain manager of Las Vegas. He also brought a resolution of thanks unanimously passed by the Fox Inter-Mountain Annual Convention of Managers recently held in Denver, Colorado. The gift is a hand tooled belt pouch designed to round out the Governor's already extensive western wardrobe. It was made expressly for the occasion by Arturo Buctos, student at New Mexico Highlands University in Las Vegas.

**S. P. ANNOUNCES BIG ORDERS FOR FREIGHT CARS**

Southern Pacific is placing orders now for 8,500 new freight train cars, the orders covering a major portion of the 9,830 freight cars the company recently announced were included in its 1948 program for new rolling stock.

This was reported by A. T. Mercier, president of the railroad, who pointed out that the new orders will raise to 19,250 the number of freight train cars Southern Pacific has ordered since the end of the war. Of the 10,750 freight cars on previous postwar orders, 7,251 had been delivered by the end of February, and it was expected all freight cars on these earlier orders would be in service by the end of July.

The freight cars now being ordered include 3,350 box cars, 1,000 drop bottom gondolas with wood sides, 1,000 all-steel drop bottom general service gondolas, 700 light bottom gondolas, 2,100 flat cars and 350 covered hopper cars, President Mercier said. Deliveries of box cars and general service gondolas are scheduled to begin in August and September, and deliveries of other types are to start before the end of this year.

In addition to the new freight car program, Southern Pacific's freight service equipment has been

augmented in post war period by receipt of 20 powerful Diesel-electric main line freight locomotives, with 20 more remaining on order; and its fleet of Diesel-electric switchers has been increased to 162, with 20 more still to be delivered, it as stated.

**Hardcastle Guilty**

(Continued from Page 1)

Witnesses for the prosecution were Fitcher Hall, Mrs. Cummings, Mrs. Dale, Mrs. Lowe, Mrs. Sellers of Captain. Sheriff Nick Vega, Deputy Sheriff Joe Wigley of Captain and several others; also Billy Roy Hardcastle, son of the deceased Jodie Hardcastle and of the defendant Lloyd Hardcastle.

Dr. Wright, who maintains a laboratory in Santa Fe for conducting experiments in the modern science of projectiles, and who is a ballistic expert with thirteen years of experience, and who had conducted experiments for the FBI, for the army and navy at Sanpan and Okinawa testified that the bullets found at the scene of the crime were fired from defendant's pistol (which was one of the State's exhibits).

Dr. J. P. Turner testified that any one of the shots which had penetrated victims' body would have been fatal. He testified to powder burns on anterior and posterior portions of victim's body.

Mr. L. O. Fullen of Roswell was attorney for the defense. Hardcastle testified in his own behalf. He gave his age as 43, testified that his wife had asked for a divorce and he granted her request; he

**ENGAGEMENT OF MISS GLADYS STOREY ANNOUNCED**

Mr. and Mrs. Walter Storey, 1417 Harrison Street, Roseburg, Oregon are happy to announce the engagement of their daughter, Gladys to Mr. Robert R. Nazelrod, son of Mr. and Mrs. R. G. Nazelrod, Cumberland, Maryland. The wedding is set for the near future and will take place in the First Methodist Church, Roseburg, Oregon. Mr. and Mrs. Walter Storey are formerly of Carrizozo, New Mexico and moved to Roseburg in 1930. The Storey family send their best wishes to all their friends in Carrizozo.

stated he did not want a divorce, that he loved her. Stated that she had promised to re-marry him.

The only other witness called by the defense was Dr. Johnson in charge of the Marine Hospital at Fort Stanton, who testified that the defendant was in a semi-conscious condition when he was brought to the Fort Stanton hospital.

When both sides had finished presenting testimony Judge Fowler delivered his charge to the jury.

Mr. Scoggin, district attorney gave a condensation of the evidence.

Mr. Fullen, for the defense called attention to the vast array of testimony brought in by the prosecution, calling attention to the door, pistol, etc. The gate came in for some satirical remarks by the defense who said it had been almost worn out by the sheriff taking it down and returning it to be rehung and photographed then taking it down again.

Mr. John E. Hall made the final talk. His voice was quiet and assured. He said nothing harsh or vindictive, but called attention to the evidence which seemed indisputable. He said: "No one knows, no one will ever know just exactly what happened between the two prior to the shooting". Then he mentioned some of the things that had happened and were known by neighbors and friends.

Jury retired about 11 p. m. After several hours of deliberation they found the defendant guilty of murder in the second degree.

Judge Fowler sentenced Hardcastle to twenty-five years minimum.

**From where I sit... by Joe Marsh**

**Our Wives are Pretty Smart!**

Housewives in our town don't have too much time for shopping—with the work there is to do around a home. So on Elm Street, they organized "co-operative shopping"—by which each housewife takes one morning to match fabrics, pick up patterns, etc. for the rest.

Co-operation for the good of all is a common American trait... like the way the brewers and tavern keepers got together on their program of "Self Regulation."

They know what's good for one is good for all—that their interests,

and their customers' are best served by maintaining clean, law-abiding taverns.

If any tavern gets out of line, the brewers' representative drops a warning—and if that doesn't work the brewers report it to the proper law enforcement agency. From where I sit, it's the only sane way to protect the rights of those who enjoy a friendly, moderate beverage like beer.

Joe Marsh

**These Long Distance Suggestions May Save You Time...**

- 1 If convenient, place your long distance calls at 6pm when reduced night rates begin... and when most circuits are less congested.
- 2 If possible, give the operator the number of the telephone you are calling.

We're completing more calls while you "hold the line" than was possible a year ago, and long distance facilities are being added as a continuing part of our construction program.

**NOTICE OF BOND ELECTION FOR CONSTRUCTION OF HOSPITALS.**

NOTICE IS HEREBY GIVEN that an election will be held on Saturday the 10th day of April, 1948, in the County of Lincoln, State of New Mexico, for the purpose of voting upon the following propositions:

**PROPOSITION ONE**

"Shall Lincoln County, New Mexico, vote its general obligation bonds in the total amount of \$135,000.00 for the purpose of building a joint County-Municipal hospital on Block 6, McDonald's Addition to the Village of Carrizozo, New Mexico."

It is estimated that the total cost of said hospital will be approximately \$220,000.00. The additional funds will be furnished—\$15,000.00 by the Village of Carrizozo, and the balance by the Federal Government.

**PROPOSITION TWO**

"Shall Lincoln County, New Mexico vote its general obligation bonds in the total amount of \$72,000.00 for the purpose of building a joint County-Municipal Hospital in Block 4 of Palmer Gateway Subdivision as shown by the Plat thereof on file in the Clerk's Office, Lincoln County, New Mexico, said property being in the vicinity of the Village of Ruidoso, New Mexico."

It is estimated that the total cost of said hospital will be approximately \$123,000.00. The additional funds will be furnished—\$15,000.00 by the Village of Ruidoso, and the balance by the Federal Government.

The Judges and Clerks of election have been appointed for the spring precincts of Lincoln County, as follows:

**VETERANS' NEWS**

More than 300,000 women served in the United States armed forces during World War II. The number represents approximately 2 per cent of the entire military and naval population and is ten times the number of women who served in World War I.

Generally, women operated under the same military and naval laws as did men and, as veterans, they are entitled to the same veteran's benefits. Certain procedures of the Veterans Administration vary insofar as women veterans are concerned, in recognition of the difference in sex, such as the manner of providing medical, hospital and domiciliary care. However, there is no difference in the standard of treatment or the basis of determining entitlement for those or other benefits.

Members of the Women's Army Auxiliary Corps were granted certain reemployment privileges by Congress but are not eligible for benefits under the Soldiers and Sailors Civil Relief Act of 1940, as amended and for hospitalization, domiciliary care and burial benefits on a parity with war veterans under laws administered by V A by virtue of Public Law 10.

Members of the Women's Army Corps and their dependents are generally entitled to all benefits administered by VA in the same manner and to the same extent as men who rendered active service in the armed forces during World War II are entitled to such benefits. One exception is that the widower of a woman veteran is not included in the term "widow" of a World War II veteran for the purposes of the laws administered by VA. Another exception is that where both husband and wife are undergoing training, and no dependents are involved, the latter is entitled to subsistence allowance and only on the basis of a single person.

Members of the Women's Reserve of the Navy, Women's Reserve of the Marine Corps, Women's Reserve of the Coast Guard, Army Nurse Corps and Navy Nurse Corps who

served on active duty during World War II, and their dependents, have the same entitlement to benefits administered by VA as members of the Women's Army Corps and their dependents.

Examinations have been announced for the positions of contact representatives and officers with the Veterans Administration in Colorado, Wyoming, Utah and New Mexico. Salaries are from \$3,773 to \$4,902 a year. Applicants must have three years general contact experience. Competition in these examinations are restricted by law to persons entitled to veteran preference. Applications must be on file with the Board of U. S. Civil Service Examiners, VA Branch 13, Box 1250, Denver, not later than March 29.

**STATE CONTINUES 4-H FROZEN FOODS PROGRAM IN 1948**

Announcement has been made that the national 4-H Frozen Foods awards program is being continued in New Mexico this year. It is conducted under the direction of the Extension Service.

The program encourages 4-H Club members to learn the local foods best adapted to freezing and to develop skill in preparing and packaging them for placement in the home freezer or community locker plant to lend variety to the family diet.

Awards for highest rating records of achievement in freezing foods include honor medals to county winners and a \$50.00 U. S. Savings Bond to the state champion. International Harvester Company also will provide educational trips to the 1948 National 4-H Club Congress in Chicago and \$200.00 Fowler McCormick scholarships to four sectional-national winners selected from the state champions.

# Lincoln County Hospital Bond Election Near at Hand

Because of the size and shape of Lincoln County the Hospital Survey and Construction Division of the United States Public Health Service recommends the hospital be built in two units. A Twenty-five bed unit is recommended for Carrizozo and a fifteen-bed unit near Ruidoso.

The bond issue proposed is for \$200,000 and will be divided in proportion to the number of beds in each locality. The United States Public Health Service has already surveyed the proposed locations for these hospitals and has set aside \$100,000 to be added to the money realized from the sale of the proposed bonds.

Because of the necessity of constructing two hospitals in Lincoln County and in conformity with the law, it is necessary to present the voters with two propositions. It is the hope of those who have worked so long on these hospitals that the voters of the County will vote **FOR BOTH PROPOSITIONS.**

Every citizen of this County realizes the necessity of these hospitals. Every one of you and every physician who has resided in the County has observed many unnecessary deaths because of the lack of hospital facilities. Our infant mortality rate is appallingly high and the same is true of accident and sickness cases of all ages.

**WE URGE YOU TO GO TO THE POLLS APRIL  
10TH AND VOTE FAVORABLY FOR BOTH  
HOSPITAL PROPOSITIONS**

We in Lincoln County can no longer remain primitive with reference to our health facilities.

**Let's Have Two Hospitals In  
Lincoln County**

**Your Hospital Committees**

BACKWARD GLANCES

TWENTY YEARS AGO FROM 1922 LINCOLN COUNTY NEWS

The scouts met with Glenneth and Marguerite English Tuesday evening, March 20th.

Wayne Van Schoyck was down Monday from White Oaks. Since the disastrous fire that wiped him out two months ago, Wayne is merchandizing in the Hewett Building.

The Carrizozo Board of Education has called a bond election for April 13th, for the purpose of voting on the proposition for the issuance of bonds in the sum of \$50,000 the proceeds of said bonds, if the proposition is favored by the vote of the district to go to the erection of a high school building.

TEN YEARS AGO FROM 1928 LINCOLN COUNTY NEWS

Joe Phillips had a painful accident Wednesday morning in the Manuel Training room by getting a portion of two fingers cut on an electric plane.

Mr. and Mrs. Tom James arrived home from New York City last Sunday. Mr. and Mrs. James have been spending the winter in Florida.

Last week the Walter Storey family moved to their ranch near Ancho to live for the summer.

Mrs. Bryson Corbett was discharged from the local hospital last week.

mention the man who works a Faber must, to a great extent depend upon his friends. With this admonition, and with a desire to give everything some notice, our friends are requested to advise us of any happenings of interest that may come under their notice, and regard us as a fit receptacle for everything but their troubles—these they are politely requested to tell to a policeman, as we have our own.

THIRTY YEARS AGO FROM 1918 CARRIZOZO NEWS

Jack Brazel is at the Paden Hospital gradually recovering from an attack of pneumonia.

The Junior Red Cross Auxiliary has competed its organization and hopes to prove itself a useful adjunct to the Carrizozo Red Cross Chapter.

"Mrs. Slacker" a timely, patriotic and artistic Pathé production will be shown at the Crystal Theatre for the Benefit of the Junior Red Cross next Friday, April 5th. The photo play features that dainty little star, Gladys Hulette.

Recent announcements of the second draft caused many of New Mexico's ambitious young men subject to it to send in applications for enrollment in the free Radio and Buzzer operator's course being given at New Mexico State College.

FORTY YEARS AGO FROM 1898 CAPITAN NEWS

A. B. Zumwalt, who sold his place on the Mesa, south of Nogal, some time ago, has settled in a new home at Aztec, San Juan county. Mr. Zumwalt, writing to the NEWS asks that his paper be forwarded to Aztec; and adds in his letter that he is very much pleased in his new home. He is in the celebrated fruit belt of San Juan county.

A country weekly is often criticized for its failure to chronicle all the happenings in its community, and for lack of enterprise in its local information. Sometimes the criticism is well taken, for local conditions are not the same in every community. One paper may be located in a live, bustling town, where industrial development is going on by leaps and bounds, and where new people, new concerns and new conditions produce an ever-varying topic of interest for the pencil pusher. But there are other places wherein a community plods along the even tenor of its way, staid in its movements, constant but slow in its advancement, where the same faces, scenes and topics are daily discussed; and that is the place usually, too, where the paper man has to gather the news, put it in type, sweep his office occasionally—just occasionally kick presses, wash rollers, and at all times meet his acquaintances with his broadest smile. So it is but natural under these conditions, that items that might be of interest to readers, escape the attention of the busy paper man. Then to secure anything like general infor-

TIME FOR A CHANGE

Mr. Vernon Petty is candidate for mayor on the Citizens ticket which was nominated several weeks ago at a mass meeting held here. Councilmen nominated on the Citizens ticket are Messrs. Clifton Zumwalt, Leandro Vege, Charles Hodgkin and Albert T. Roberts. Clerk nominated was Mrs. Gussie Johnson.

We, the supporters of this ticket believe in changing the officials of a municipality, as well as county and state officials. A change is always beneficial. It prevents things from getting into a rut. We find no especial criticism for the present city administration but it is time for a change.

Mr. Petty as mayor would be progressive. He is an enterprising business man, honest and capable. He was a veteran of the late world war, spending some time in Italy and other European countries.

He is aggressive and reliable and will give the city a judicious administration.

His proposed councilmen are all capable progressive business men too.

(Paid for by the supporters of Vernon Petty for Mayor)

NEWS NOTES FROM NEW MEXICO A & M COLLEGE

State College, N. M.—Three hundred New Mexico Future Farmers of America are expected to attend the annual FFA judging contests at New Mexico A & M College, April 8 to 11.

Contests scheduled for the FFA contestants will include livestock and dairy judging, poultry judging and a farm mechanics contest.

At a banquet in Millor Hall, awards will be presented to the three highest teams in each event. A sweepstakes award will be given to the chapter having the highest score in the five contests.

Rio Grande Writer

The first issue of the 1948 Rio Grande Writer, New Mexico A & M College literary magazine is off the press and on sale in El Paso and Albuquerque.

The Rio Grande Writer contains short stories and poems contributed by students attending A & M.

BOB WEBBER ELECTED FRATERNITY VICE-PRESIDENT

State College, N. M.—Stanley Thomas, State College, has been elected president of Tau Kappa Epsilon fraternity at New Mexico A & M College recently.

Other officers include Bob Webber, Tularosa, vice-president.

1948 PORPHYRY OUT AT THE SCHOOL OF MINES FIRST ISSUE IN YEARS

Socorro, March 20.—The 1948 Porphyry, annual student publication of the New Mexico School of Mines was published this week. This is its first appearance since 1941.

Printed in black and gold on an excellent grade of paper, with an imitation leather cover, it is an outstanding book. It was compiled, edited and published by the senior class. It presents the school of Mines, its administration, faculty and activities in descriptive paragraphs, pictures and pertinent cartoons. The photography and art work are of the highest grade throughout. According to the Socorro Chieftain, it is a book that rates a place in any library in the Southwest.

The first Porphyry appeared in 1925. The 1948 issue is dedicated to the editorial staff of the initial number.

"No job too large or too small"

VALVE-IN-HEAD is far ahead!

- 1 In the world's champion Chevrolet engine, the valves are located in the head of the cylinder, directly over the pistons... hence the name, Valve-in-Head.
- 2 Valve-in-Head design provides faster intake of fuel mixture... and quicker and more complete exhaust of burned gases... all of which contribute to better performance and economy.
- 3 Valve-in-Head design also permits a more compact combustion chamber; and this, together with Chevrolet's "Blue Flame" combustion, means more driving power for the pistons—less heat loss—and maximum economy.
- Valve-in-Head engines are inherently easier to cool; and Chevrolet's individual cooling of cylinders prevents waste of power—promotes efficient operation—prolongs engine life.
- Automotive experts and millions of motorists agree: Valve-in-Head is far ahead because it gives an outstanding combination of performance, endurance, dependability and economy... Chevrolet—master builder of this master motor—has proved this by producing more than 20 million Valve-in-Head engines during the past thirty-seven years—engines which hold the distinction of having delivered more billions of miles of satisfaction, to more owners, over a longer period, than any other power-plant built today! Chevrolet's World's Champion Valve-in-Head engine is another powerful reason why CHEVROLET AND ONLY CHEVROLET IS FIRST... another convincing proof that only Chevrolet gives BIG-CAR QUALITY AT LOWEST COST!

CHEVROLET and ONLY CHEVROLET IS FIRST!

WEEKLY NEWS ANALYSIS

Finland Fears Reds Seek Control As Stalin Calls for "Defense Pact"; Vandenberg Urges Speed on ERP

Released by WND Features

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

WHO'S NEXT? Finland

Finland seemed to be resigned, saturated with the apathy that sometimes precedes extinction. It was a state of mind that had grown out of a reported request by Josef Stalin of Russia that Finland join up with the chain of Soviet defense pacts that now stretches across Europe.

To the Finns that request was nothing less than a prelude to the same kind of political control Russia had just imposed on Czechoslovakia. They feared their parliamentary freedoms would go by the boards in such a turn of events. But after losing two wars with Russia in less than 10 years, the Finns were able to do little except resign themselves to the Soviet pattern of conquest.

Finland's President Juho Paasikivi was said to be in favor of signing a Finnish-Russian friendship treaty, as suggested by Stalin.

His viewpoint, distinguished by realism if nothing else, was this: To turn down the Soviet bid would aggravate Russian-Finnish relations to a dangerous degree. To accept it could mean Finland might get as favorable conditions as possible toward keeping national independence.

At the same time there was concern whether Stalin's request was dictated exclusively by the wish to safeguard Soviet territory, particularly Leningrad, or whether he had something else up his sleeve. So far there were no actual demands of any kind, such as that the Red army be allowed to occupy Finland in the case of war or the threat of war.

On the global scale it seemed apparent that Moscow's overtures to Finland, coming as they did after the seizure of Czechoslovakia, were another part of the Soviet retaliation to the U. S.-sponsored Marshall plan in Europe. The Russians were drawing up the final lines for the conflict and at the same time consolidating their position in eastern Europe.

MARSHALL PLAN: The Beacon

"This act may well become a welcome beacon in the world's dark night. If that beacon is to be lighted at all, it had better be lighted before it is too late."

With that exhortation and many other clamoring brass alarms did Sen. Arthur Vandenberg (Rep., Mich.) attempt to spur the senate into swift action on the Marshall plan as it opened debate on the \$5-billion-dollar program to defeat communism in Europe.

The chairman of the senate foreign relations committee, one of the strongest backers of the Marshall plan, urged the senators to "light the beacon" of economic aid to Europe before "aggressive communism" begins knocking on the door of the New World.

"Help stop World War III before it starts," was the burden of Vandenberg's message.

Denouncing "treacherous Moscow propaganda that has charged us with iniquitous American imperialism," he emphasized that the 16 western European nations must be saved from economic chaos.

"This vast friendly segment of the earth must not collapse. The iron curtain must not come to the rims of the Atlantic by aggression or default."

But despite Vandenberg's hortatory prospects of swift, full passage of the Marshall plan were by no means bright and shining. In this election year congressmen were being doggedly and ostentatiously conscious of how they spent taxpayers' money.

The house, meanwhile, was working on another version of a world aid plan, with the foreign affairs committee deciding to wrap foreign aid for Europe, China, Greece and Turkey into "a single package."

PROBE: Atomic

All of a sudden there was a new atomic security investigation under way to stimulate the faded interest of the American public.

In the limelight this time was Dr. Edward U. Condon, atomic scientist and head of the government's bureau of standards.

Describing Condon as "one of the weakest links in our atomic security," a house un-American activities subcommittee reported in good faith that he "knowingly or unknowingly entertained and associated" with alleged Russian spies.

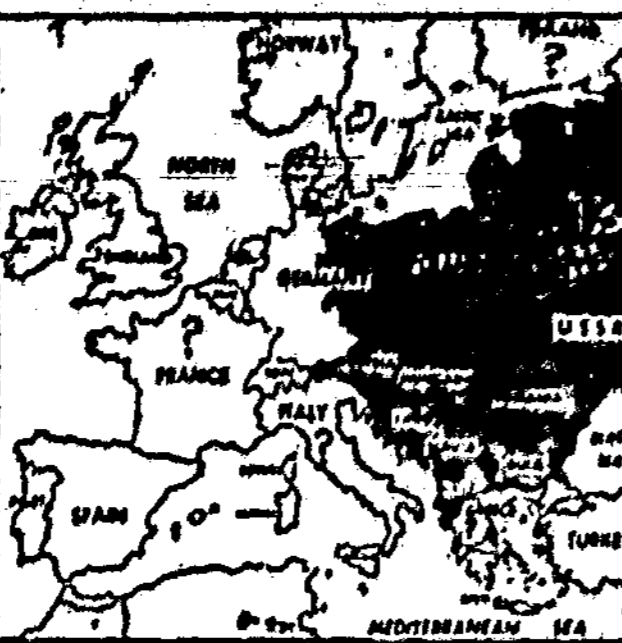

To the charge that he was a "weak-link" Condon retorted: "This is gratifying information because I'm absolutely reliable and therefore we have

OPTIMIST: New Weapons

Rear Adm. Ellis M. Zacharias, retired U. S. naval officer, came up with another bit of shattering news not calculated to ease the jitter of this already drawn and weary world.

There are now in existence three new weapons which outrank the atomic bomb in pure, unadorned destructiveness, he said. U. S. scientists have developed them since the war. They are probably of a bacteriological nature, it was assumed from Zacharias' remarks.

Aggression Charted

These are the battle lines for the "cold war" in which the two opposing forces are democracy and communism. The battlefield is Europe, map of which conveys that "this is where we came in" feeling. It is reminiscent of the Hitler drive to the East, except for the fact that this time it is a Russian expansion westward that is changing the color of the map.

nothing to worry about. The country can relax.

And as far as consorting with Communist spies was concerned—"That's just too vague to talk about. I certainly didn't do it knowingly," he commented.

Nevertheless, two congressional committees leaped into action. Rep. J. Parnell Thomas (Rep., N. J.), under treatment in Walter Reed hospital for a stomach ailment, said he might call a bedside meeting of his full un-American activities committee in order to send the subcommittee report formally to President Truman.

And Sen. Bourke B. Hickenlooper (Rep., Iowa) called a session of the senate-house atomic energy committee to study the house group's report.

The report itself was a package of straight-from-the-shoulder charges. It pointed out, among other things, that Condon had been appointed head of the bureau of standards in 1945 on the recommendation of Henry Wallace, then commerce secretary.

Discussing Communists, it said: "In this country they haven't gotten as far as they did in Czechoslovakia, but they get pretty far, because they got a man as vice-president of the U. S. and he is now their candidate for president, and he is the same man who recommended Dr. Condon as director of the bureau of standards."

Thus was the stage set for at least two more spine-tingling investigations.

PROFITABLE: Steel

In response to a request by President Truman for a full investigation of steel price increases, federal trade commission and commerce department economists turned up with a story that was not destined to do the steel industry any good in the eyes of the price-whipped American public.

According to data assembled so far, the industry has been piling up profits at a rate unequalled in recent years and, in some cases, is running up net earnings almost double those of 1946.

The appraisal indicated that U. S. Steel, giant of the industry, was leading all companies with a net profit in 1947 of 120.7 million dollars—highest since 1929. Bethlehem Steel pushed up its net profit last year to 51 million dollars, about 10 million more than the previous year.

Other leading concerns either have doubled or more than doubled their 1946 profits.

Stimulus which got the steel profits investigation going was the recent 25-ton increase in the price of semi-finished steel—actually the fifth in a series of price boosts. During the first seven weeks of 1948, steel companies have jumped the price of pipe, nails, wire and structural construction steel.

Economists tended to view the steel price hike with alarm because they feared it would offset completely any beneficial deflationary trend which the commodity market drop might have set in motion.

HOMELESS: DP Bill

Possibly in response to the growing humanitarian sentiment in the U. S. that something be done to relieve the plight of Europe's displaced persons, the senate judiciary committee approved a bill that would admit 100,000 DPs to the United States in the next two years.

The measure, now scheduled to be reported out to the senate for action, provides that homeless Europeans who are living in DP camps two and a half years after the end of the war will be admitted at the rate of 50,000 a year beginning next July 1 and ending June 30, 1950.

A three-member commission would be established to handle the program and to formulate regulations "for the purpose of obtaining the most general distribution and settlement of persons." At least 50 per cent of those admitted are to be employed in agriculture.

Sen. Chapman Revercomb (Rep., W. Va.), chairman of the subcommittee that drafted the bill, said that this provision was intended to prevent the immigrants from settling in large groups in seaboard areas.

Those to be admitted would first be thoroughly investigated by a government agency.

? Current Events ?

1. Some southern Democrats have launched a revolt against renomination of President Truman. Prior to Mr. Truman, six vice-presidents have succeeded to the presidency. Two were subsequently renominated for a full term as president. Who were they?

2. Recent photographs of a prominent public figure show him wearing a new homburg hat, gray suit, overcoat, striped necktie and tan pigskin gloves. What was unusual about his attire?

3. Sen. Glen H. Taylor, in a speech announcing his support of Henry Wallace, said: "I am not teamed up with the big-city bosses—Kelly, Hague, Flynn, Curley, Pendergast." With what cities are those men associated?

4. Opera fans recently celebrated the 75th anniversary of the birth of Enrico Caruso. (2) Where did Caruso begin his professional career? (b) Was he a tenor, bass or baritone?

5. The baseball world has been rocked by a new quarrel between two gentlemen known as "The Mahatma" and "The Redhead." Identify each.

ANSWERS

- 1. The six were Tyler, Fillmore, Johnson, Arthur, Theodore Roosevelt and Coolidge. Roosevelt and Coolidge were renominated. 2. He was in civilian clothes. His name: Dwight D. Eisenhower, retired army chief of staff. 3. Kelly, Chicago; Hague, Jersey City; Flynn, the Bronx, New York; Curley, Boston; Pendergast, St. Louis. 4. (a) In Naples, city of his birth; (b) tenor. 5. "The Mahatma" is Branch Rickey, president of the Brooklyn Dodgers, and "The Redhead" is Larry MacPhail, former president of the New York Yankees.

CRACK DOWN: Holy Land

It was time to get tough in the Holy Land, the British occupying army decided.

Far from showing any inclination toward peace, Palestine Jews and Arabs were carrying their civil war over the partition plan to even bloodier lengths than before.

Weapons and ammunition were being sold openly in the streets. Bombings grew in number and intensity. Open warfare was the virtual rule in Jerusalem. All this might be the natural result of the artificial division of a long-standing state, but the British army had had enough of it.

Force must be used impartially against both Jews and Arabs, Brig. C. P. Jones, commander of the British Jerusalem garrison, told his troops.

In a directive he said: "Prolonged firing between Arabs and Jews within Jerusalem makes life intolerable for its inhabitants. Such disturbances will not continue. Force will be used in incidents of this kind. The army will, if necessary, use weapons more powerful than those available to Arabs and Jews."

It was impossible to decide, the British announced, whether the Arabs or Jews were the aggressors.

RENUNCIATION: Southern Style

Things were not getting any better for President Truman in the Southland.

Democratic leaders of two strongholds, South Carolina and Tennessee, brooding over the President's irritating civil rights program, turned thumbs down on him as the party's 1948 candidate.

At the same time the Mississippi Democratic committee voted to withdraw from the party's nominating convention in June unless it pledged itself to fight "anti-southern" laws, meaning the civil rights program.

Both South Carolina and Mississippi voted to collect political funds against the possibility of a presidential campaign separated from that of the national Democratic party.

Nipped by Tuck

Gov. William Tuck of Virginia received a flood of congratulatory telephone calls after he had made a speech denouncing President Truman's proposed civil rights program and asking Virginia voters to ban Truman. He requested joint session of the Virginia general assembly to keep Mr. Truman's name off the ballot next November and permit Virginia voters to choose another Democratic candidate.

What Do You Breathe?

More than 700 persons die every year as a result of air pollution in Chicago alone, and a proportionately large number die from the same causes in other American industrial cities, says Dr. Clarence A. Mills of University of Cincinnati.

Respiratory illnesses, many of which are caused by air pollution, also are responsible for about 70 per cent of all the time lost from work, Dr. Mills said.

Washington Digest

Why Spurn the Poor Fish? They Can't Be Beat to Eat

By BAUKHAGE News Analyst and Commentator.

WASHINGTON.—Today one of the politicians' biggest worries is the housewife and HER worries, the biggest of which is meeting her budget and the increased appetites which we worked up during the war. We were able to satisfy them then because we had our pockets full of money.

Our pockets aren't so full now, but our stomachs are. We've been educated up to eating a lot more meat, particularly. But a large part of the country has not been educated up to eating fish. Fish is good to eat.

It is also good to catch, and before I get into its nutritive value (since I have you where you can't get away), I'm going to tell you about my recent fishing adventure (which inspired this column) and about some of the fish that didn't get away from me. What did I catch? Well—

Baukhage

First class bass, good stout trout, (some call them weakfish, but they aren't meekfish), sheephead, pigfish, porkfish,—look! snook,— snappers and porgy, Mexican bull-fish (not a tough pull-fish), whitefish, blue fish, jew-fish, other tried and true fish, hark! a nasty little shark! Here's an old trouter, of course it's a grouper. Just a little urgin', then I'll claim a sturgeon, never caught a whale-fish, but what about a sail fish? I could go on indefinitely, sitting back here in the city dreaming, with scales over my eyes, where about all the people know of piscatorial matters is confined to the use of a mickey-fn.

I recently had 48 hours on the bounding main and in the "cuts" as they call the peaceful, mangrove-bordered canal and pelican-peopled indentations of Florida's Indian river. There, the waters are almost "stiff with fish" as an Irish friend once said to me of his home river, and I am disposed to talk about the joys of angling.

It was suggested to me by my editorial assistant that I approach the subject from the political angle. However, as a hook-and-line, and sometimes a red-and-velvet amateur, I might say that we deal in lines and also curves (when you consider that piece of lacquered bamboo from Burma when a big one takes it and goes) but angles are not in the vocabulary of anglers.

I remember an ancient motto imprinted upon a circular pad frequently placed beneath a beverage glass to preserve the table's patina, which said: "Follow the straight line of duty; if you do, the curved line of beauty will ever follow you."

There is nothing more beautiful than that arc of rod and line with the exploding flash of white water at its terminus where a vibrant captive-shakes the hook. There is no sound more pregnant with hope and enthusiasm than the scream of the reel when it pays out to match its power against a game and funny fighter.

Now, having gotten that rhapsody out of my system, what about the practical side? This is still Lent. And a lot of people eat more fish during this season than they would otherwise. So fish prices have gone up a little. But not too far, and they are down as compared to last year.

For these trout I was talking about, the speckled variety (not the weakfish which officially are gray

more diversion for the fishermen before I continue on the more important matter of how to fish for a lower cost of living, which is what I am really supposed to be talking about. Ever do surf fishing for blues? Great stuff. You stand out there on the shore, with the waves breaking around you, and cast. The last time I tried it, I went right down into the undertow. Well, you use a pretty stout rod for that ordinarily, but a gentleman who has a story in the forthcoming issue of Field and Stream is going to tell a regular Ripley. He was surf-fishing here at Ocean City, Md., and neither he nor the rest of the group was getting much. So he shifted to a light casting rod and line, and pulled them in three to one.

Well, back to my filets—we ought to eat more fish. The department of agriculture and the fish and wildlife service of the department of the interior are trying to do something about it. As you know, there is a federally-subsidized school-lunch program which provides a fund for food for school children.

The departments are sending folks out to show the school cooks how to prepare fish, and they are doing a very sensible thing: They are trying to get the schools to teach the pupils something about the fish they are eating—their life, habits and general characteristics.

You know, out in the Midwest where I was brought up nobody knew much about fish. When they bought fish, they just bought fish. They didn't know the difference between

A broiled filet, spicy sauce. Something different.

a-pompano and a jellyfish. Along the Great Lakes where I lived later, we knew more. Whitefish were good. So are whittings, an ocean fish, no relation.

Another thing that the department of agriculture is trying to do through its home economics branch is to teach people how to cook fish. Most people think all fish ought to be fried. They don't know how good a sauteed or baked fish is. The French can cook fish with sauce so that it is a delicacy. The fish and wildlife people are doing a similar job.

Meat is going up. We have a lot of commercial fishermen whose living depends on how well you like fish, and how well the fish like or get netted. You can benefit and so can they, if you learn to appreciate this kind of healthy, nourishing, and if properly prepared, delicious food.

I'll be glad to help you: National Fisheries Institute, an association which is interested in all phases of the fishing industry — its members include everybody from the fisherman to the dealer has a pamphlet entitled "Fish and Shellfish Cookery," which I'll be glad to send you if you'll write me, care of this newspaper.

Although valentine sales this year hit a record high, the marriage rate which usually follows the rate of purchase of hearts-and-flowers missives has fallen off, say greeting card publishers. Which seems to indicate that youth is penny-postage wise and not pound-foolish. In other words, this leap year, they take a new look before they take the old leap.

Now you can get a heat-free bulb that glows through ivory or brown switches and saves fumbling in the dark. Now if they'll get illuminated chairs for the stumblers until they can get to the switches.

Clothespins soaked in soapuds and dried out thoroughly without rinsing will never freeze, says the Hagerstown Almanac. I wonder if that treatment would work on fingers that use the clothespins.

Microscopic traces of arsenic lurking in food can be detected by a new laboratory technique according to American Chemical society. It takes a microscope to find the food in some of the portions served by the restaurants today.

### ASK ME ANOTHER?

A General Quiz

#### The Questions

1. The chief value in blood typing is for what purpose?
2. Which of these travels at the slowest speed—sound, light, electricity or bullets?
3. The planet Saturn is noted for what?
4. Do ducks ever build on trees?
5. Do all states give their governors executive mansions?
6. A cadet at West Point receives an allowance of how much each year?
7. Phineas Taylor Barnum was best known in what?
8. How much brighter is sunshine than moonshine?

#### The Answers

1. Determining compatibility.
2. Sound, which travels approximately 1,100 feet per second.
3. Its many satellites.
4. Yes. The American Wood duck and the American Goldeneye even build nests there.
5. No. There are more than a dozen that do not.
6. \$780 per year.
7. The show business.
8. Sunshine is 600,000 times brighter than full moonshine.

**FOR FASTER RELIEF NEVER Wait Till a Cold Gets Worse!**

Quick! Use These Special Double-Duty Nose Drops

A little Vicks Va-tro-nol in each nostril relieves head cold distress fast! And if used at first warning milder or more, Va-tro-nol actually helps to prevent many colds from developing. Try it! Follow directions in package.

**Mail Bag Catcher**

Railway mail cars in which mail is sorted en route are equipped with movable iron arms, called mail bag catchers, which are swung outward when the train is in motion to grab mail pouches suspended on mail cranes. They are operated by railway mail clerks responsible for collecting mail en route.

**'Pantry Poll'**

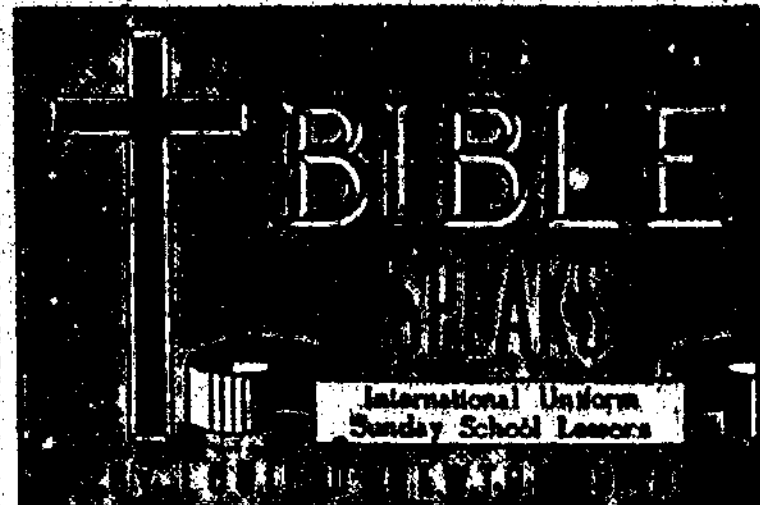

Housewives' cupboard inventories of groceries aren't nearly as large as they were a year ago, a "pantry poll" conducted by Northwestern university indicates. Shoppers, eyeing shelves of canned goods and other groceries, are showing a marked tendency to take home fewer purchases.

**Improved Cracking Units**

During World War I, a battery of 20 pressure stills could produce 2,000 gallons of medioder gasoline per hour. Today one modern catalytic cracking unit makes 18,000 gallons of high grade gasoline during the same time, and requires the same number of operators.

**Common Railway Spike**

Spike of various designs were used from the earliest period of railway development, but the hooked-head spike, which is used today by railroads throughout the world to fasten steel rails to cross-ties, was designed in 1851 by Robert L. Stevens.

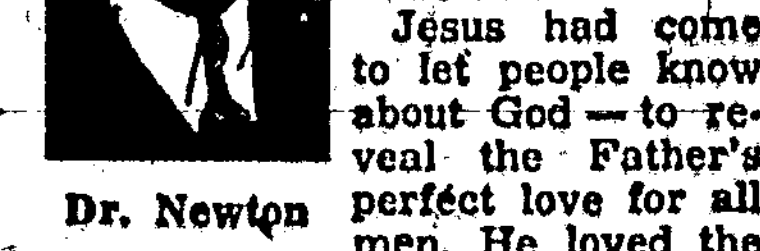

SCRIPTURE: Mark 4:26-29; Luke 4:18-22; 17:20-21; Romans 14:17.  
DEVOTIONAL READING: Isaiah 60:1-3, 10-14.

### The Kingdom of God

Lesson for March 21, 1948

JESUS went back to his boyhood home in Nazareth, and on the Sabbath he went into the synagogue, "as was his custom." They gave him the Book of Isaiah, from which he read a passage in the first chapter, adding, "This day is this Scripture fulfilled in your ears," Luke 4:21.

Dr. Newton

Jesus had come to let people know about God—to reveal the Father's perfect love for all men. He loved the Bible, and was constantly reading it, which in his day was the Old Testament only. And he loved the Sabbath day, which we now call the Lord's day. Beginning with his resurrection, the first day of the week has been observed as the Lord's day. And Jesus loved the appointed places of worship, and was always found in some synagogue on the Sabbath. Don't you wish you might have been in Nazareth that day when he stood up to read the Scripture?

**WHAT HE CAME TO DO**

JESUS, I repeat, came to reveal God to men, which is but another way of saying that he came to teach men about the Kingdom of God. Here we shall need to read Mark 4:26-29, and Romans 14:17.

"The Kingdom of God is as if a man should cast seed into the ground," said Jesus; and Paul, in Romans 14:17, says, "The Kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Spirit."

Jesus, then, came to establish a kingdom within the hearts of men. It means the rule of God in human hearts. What he wills, we gladly do. It manifests itself in the daily life of the individual, in the home, in the school, in the church—everywhere.

**"THY KINGDOM COME"**

SO VITAL is this truth for the Christian that Jesus, in the pattern prayer, teaches us to say, "Thy Kingdom come. Thy will be done on earth as in heaven."

If we live in the atmosphere of this prayer, we shall embody daily the fruits of the coming Kingdom of God. If we really "seek first the Kingdom of God, and his righteousness," we lift the level of life wherever we stand and serve. This is precisely what Jesus did. "He went about doing good."

We help to answer the prayer, "Thy Kingdom come," when we do with all our might what our hands find to do—in the home, in the community, in the church.

**KINGDOM OF GOD AMONG MEN**

IT IS not enough to consider this truth in terms of some far-off dramatic event. It is a present force and factor in today's world.

One day the Pharisees asked Jesus when the Kingdom of God should come. He told them that it would not come with observation—that it is within the hearts of men. What did he mean? I believe that he meant just this, that the Kingdom of God will and must manifest itself in the common affairs of everyday life. We may hinder its manifestation. We may retard its coming. On the other hand, we may make it manifest and hasten its spread to earth's remotest bounds.

How? By yielding ourselves to the rule and reign of God in every relationship of life. In race relations, in social service, in relief to the afflicted, in united effort for peace, in better housing, in better recreational facilities, in educational opportunities for all. The Kingdom of God is not an impractical theory, but a working principle, even as the heaven works in the loaf.

**WHEN WILL IT COME?**

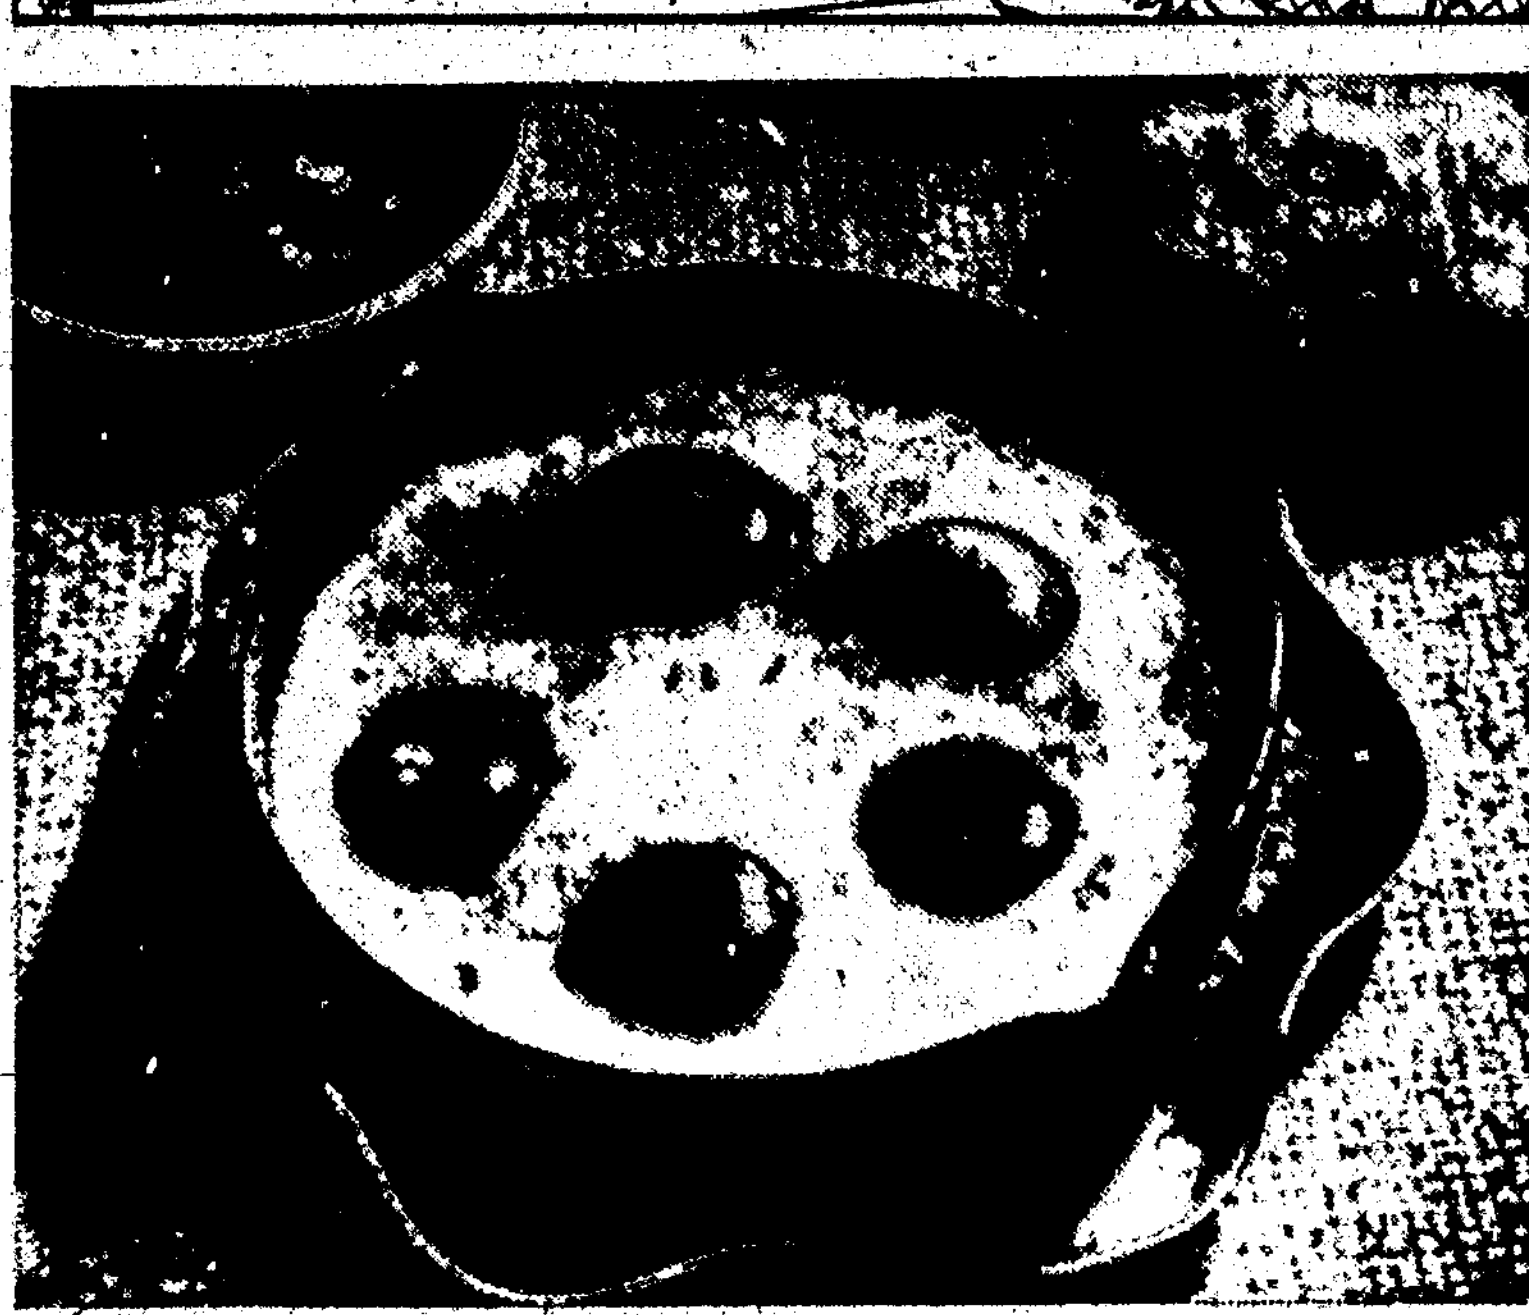

THE Kingdom of God will come when redeemed hearts everywhere enthroned God in their whole attitude and purpose. Then, and not until then.

Will it come? This is a stubborn question. From our viewpoint, it may seem doubtful; but Jesus declares that it will come. "I have overcome the world," he declares.

The one question for you and for me, What part shall I have in the coming of the Kingdom of God upon the earth? We each decide by our willingness or unwillingness to follow him.

Observe good faith and justice toward all nations; cultivate peace and harmony with all.—George Washington's Farewell Address.

Eggs a la Suisse Glamorizes an Old Standby (See Recipes Below)

#### Perk Up the Menu

The final days of Lent will test your ingenuity as a cook. Meet the challenge in high style by adding today's cookery tricks to your recipe collection. Retain them, too, for use when depleted meat supplies necessitate your substituting some other main dish for an appetizing menu.

We're glamorizing vegetables, doing new things with eggs, perking up the menu with cheese and trying some new seasoning treatments with fish.

This will be a good time to see just what you can do with foods you usually take for granted, and your results will be happy ones if you add a dash of imagination to old favorites.

Head the cooking of both eggs and cheese. Be gentle with them both, as high heat toughens the protein of eggs and makes cheese stringy.

**Chinese Omelet.** (Serves 6)  
1/2 cup uncooked rice  
4 tablespoons butter  
4 tablespoons beer  
2 cups milk  
3 eggs, separated  
1/4 teaspoon paprika  
1/4 teaspoon salt  
1/4 teaspoon dry mustard  
4 tablespoons grated cheese

Cook rice until tender. Rinse with hot and cold water. Make a sauce by melting butter, adding flour and stirring in the milk slowly. Cook until thickened. Beat egg yolks, add rice, sauce, seasonings and cheese. Fold in stiffly beaten egg whites. Pour into a greased, shallow casserole. Bake in a moderate (350 degree) oven for 35 minutes.

**Eggs a la Suisse.** (Serves 2)  
6 eggs  
1 tablespoon fat for frying  
1/4 cup light cream  
2 tablespoons cracker or bread crumbs  
Salt, pepper, cayenne  
Buttered toast

Melt fat in pan. Add cream and heat to bubbling. Slip in eggs, one at a time; cook gently. When whites are almost firm, sprinkle crumbs over top and continue cooking to desired doneness. Transfer eggs to toast. Pour the pan cream over all. Season with salt, pepper and cayenne.

**Fried Rice with Mushrooms.** (Serves 4)  
3 tablespoons oil or fat  
1 teaspoon salt  
Dash of pepper  
2 eggs  
1/2 pound mushrooms  
2 tablespoons minced onion  
4 cups cold, cooked rice  
2 tablespoons soy sauce  
1/4 teaspoon sugar

Place oil or fat, salt, pepper and eggs into heavy skillet. Fry eggs until firm, then cut them in shreds. Slice and add mushrooms, then add onion and cook for five minutes, stirring constantly. Add rice and soy sauce mixed with sugar. Cook over a moderate flame, stirring occasionally until rice is hot. Serve immediately.

**LYNN SAYS:**

Do You Know These Facts About Cheese?

One ounce of cheese will give the same amount of calcium as one cup of milk.

Natural cheese is made by heating, pressing and curing the curd of milk. Processed cheese is natural cheese, shredded, blended and pasteurized.

Cheese goes well when spread on gingersnaps for snacks. Use the cream variety.

#### LYNN CHAMBERS' MENU

- Tomato Juice
- \*Spaghetti Deluxe
- Buttered Green Beans
- Waldorf Salad
- Beverage
- French Bread
- Lemon Cream Pie
- \*Recipe given.

**Noodles Romanoff.** (Serves 4 to 6)

- 1 5- or 8-ounce package noodles
- 3 quarts boiling, salted water
- 1 cup cottage cheese
- 1 cup sour cream
- 1/4 cup chopped onion
- 1 to 2 teaspoons Worcestershire sauce
- Dash of tobacco sauce
- 1/4 teaspoon salt

Cook noodles in boiling salted water until tender. Drain, then add remaining ingredients in order given. Place into a greased casserole, then sprinkle with 1/4 cup sharp grated cheese if desired. Bake 40 minutes in a moderate oven.

**\*Spaghetti Deluxe.** (Serves 8)  
2 cups spaghetti  
1 tablespoon butter  
1 onion, finely chopped  
1 green pepper, finely cut  
1/4 cup stuffed olives, sliced  
1/4 cup mushrooms  
1 No. 1 can tomato soup  
2 cups American cheese, grated

Cook spaghetti in boiling salted water until tender; drain. Melt butter in pan, add onion, pepper, olives, mushrooms and soup; heat. Add cheese and stir until melted. Pour over spaghetti. Bake in a buttered casserole in a moderate (350 degree) oven for 30 minutes.

If you want to serve vegetables as a main dinner dish, it would be a good idea to add a cream sauce, cheese or eggs to them in some form so there will be protein in the food. This trick also will make them more substantial and satisfying as a main course.

**Cauliflower Souffle.** (Serves 6)  
3 tablespoons butter  
2 tablespoons flour  
1 cup milk  
1/4 teaspoon salt  
2 egg yolks, beaten  
1/4 cup American cheese, grated  
1 cup cauliflower, cooked and coarsely chopped  
3 egg whites

Make white sauce with butter, flour, milk and salt. Add egg yolks and cheese and stir until cheese is melted. Add cauliflower. Fold in beaten egg whites. Pour into buttered casserole. Sprinkle top with remaining cheese. Set in hot water. Bake in a moderate (350 degree) oven for 50 to 60 minutes.

**Corn, Swiss Style.** (Serves 6)  
2 cups kernel corn  
2 tablespoons flour  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon celery salt  
1/4 teaspoon onion, minced  
1/2 cup milk  
1/2 cup American cheese, grated

Combine all ingredients except cheese. Pour into buttered, shallow baking dish, sprinkling with the cheese. Bake in a moderate (350 degree) oven for 30 minutes.

Released by WNU Features.

A nice spread for toast includes strawberry jam and cream cheese. Make potatoes, cabbage and onions interesting by scalloping them with cheese.

For fruit salads, make cheese balls. For gelatin fruit salads, it's nice to mold the balls with the rest of the ingredients.

You can stuff prunes, dates, celery, tomatoes and green peppers with a combination of cream cheese or cottage cheese with mayonnaise and seasonings.

### Checking Equipment Will Pay Dividends

#### Tractors Need Regular Servicing, Adjustment

Periodic checking of tractors and other farm equipment is a timely precaution that will prevent serious delays in the field, assure safer operation of machinery and make farm work easier.

Increasing the life of vital machine parts results in more units of useful production per machine and per part. This in turn means less cost per unit produced by the machine. A machine naturally wears out with

Careful inspection of tractors and other farm equipment at regular intervals will increase efficiency of the machinery.

use. However, the rate of wear may be reduced greatly by a skillful operator who is exacting in his attention to adjustments for wear and for proper, and systematic lubrications.

A tractor in good repair, agricultural engineers estimate, can operate on two to three less gallons of fuel than the tractor with faulty operation. Adjustments in the carburetor, governor, timing, manifold and valves will increase the efficiency.

A careful check will disclose loose bolts and nuts as well as parts that need adjusting or replacing, thus eliminating the chance for costly breakdowns later. Every repair and adjustment should be made just as soon as the need is noted.

Farmers also are advised to equip their tractors with fire extinguishers and to provide secure holders for grease guns, or other servicing tools carried on the machine. Loose accessories may cause falls or result in a tragedy.

#### Hitchhiking Pests

"Hitchhiking" insects, taking advantage of the frequency and speed of modern airplane flights, offer a continual threat to areas of the nation now free from certain insect pests. A continual watch must be kept at airports in infested areas to assure that "hitchhiking" insects do not move from one part of the United States to another or leap easily across international boundaries via the airplane.

Last summer, inspectors of the bureau of entomology and plant

quarantine intercepted the projected flight of thousands of Japanese beetles trying to hitchhike by airplane from beetle infested airports in Washington, Baltimore, Philadelphia, New York and Newark. These beetles threatened to move into beetle free sections of the United States.

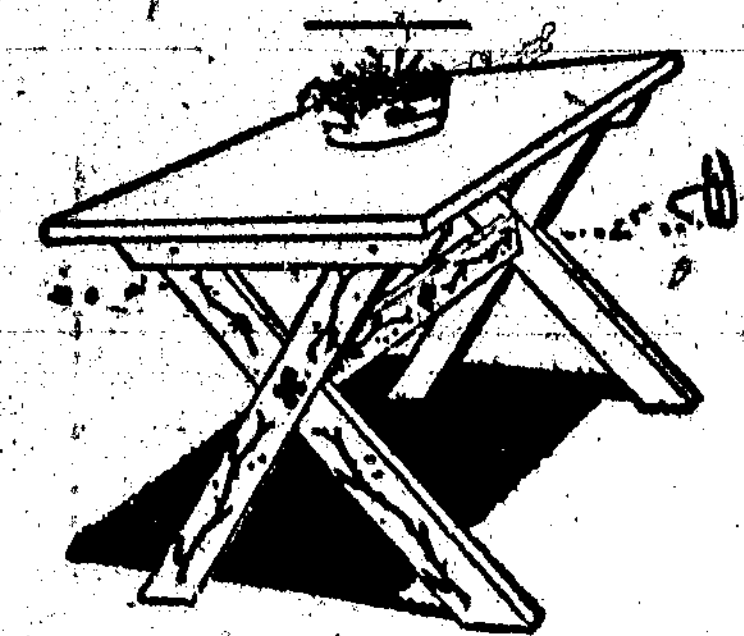

Inspectors closely checked more than 7,000 airplane flights and supervised the application of a thin film of DDT from aerosols over hundreds of commercial and military planes. The beetles' favorite food plants in the immediate vicinity of the airports were sprayed, using mist blowers for the job. The summer's program was the most comprehensive ever attempted to prevent beetle spread, and yielded the largest number of interceptions for any season since this type of control work became necessary.

#### Production of Citrus Shows Steady Increase

Production of citrus fruits in the United States has about doubled each 10 years of the last 40, a department of agriculture report indicates, with prospects that the record will continue to climb.

California and Florida produce more than 90 per cent of the oranges. Florida and Texas account for 90 per cent of the grapefruit. Almost the entire commercial crop of lemons is grown in California.

### Peasant Table Built From Full Pattern

DINE out on this gayly decorated, easy-to-build Peasant Table. Ideally suited for use on porch, lawn or dining room. Full size pattern simplifies making and decorating.

Use merely traces pattern on lumber specified; saws and assembles exactly where pattern indicates. No special tools or skill required. A matching bench, suitable for use on lawn or porch, can be made from Pattern No. 57.

Send 25c for Peasant Table Pattern No. 17 to East-Hill Pattern Company, Department W, Pleasantville, New York.

### Bran Muffins with the Marmalade Baked in

Easy! Try 'em for Sunday "Brunch"

- 2 tablespoons shortening
- 1/4 cup sugar
- 1 egg
- 1 cup Kellogg's All-Bran
- 1/2 cup milk
- 1 cup sifted flour
- 2 1/4 teaspoons baking powder
- 1/2 teaspoon salt
- 1/4 cup orange marmalade

Cream shortening and sugar thoroughly. Add egg and beat well. Stir in All-Bran and milk. Let soak until most of moisture is taken up. Sift flour with baking powder and salt. Add to first mixture and stir only until combined. Fill greased muffin pans one-half full. Press tablespoonful of marmalade into top of each muffin. Bake in moderately hot oven (400°F) about 20 minutes. Makes 9 muffins, 2 1/2 inches in diameter, or 12 small muffins.

America's most famous natural laxative cereal — try a bowlful tomorrow.

Try Lemon in Water — it's good for you

#### STOP USING HARSH LAXATIVES

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you!

Generations of Americans have taken lemons for health — and generations of doctors have recommended them. They are rich in vitamin C; supply valuable amounts of B and P. They alkalize; aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang — clears the mouth, wakes you up. It's not a purgative — simply helps your system regulate itself. Try it 10 days.

USE CALIFORNIA SUNRISE LEMONS

## FVT. JIMMIE STEWART COMPLETES BASIC AIRBORNE TRAINING AT FT. BENNING, GA.

Private Jimmie Z. Stewart son Mrs. H. G. Stewart of Capitan has successfully completed the rigid five week Basic Airborne course at The Infantry School, Fort Benning, Georgia, and has been awarded the official United States Army Parachute Wings.

His air indoctrination included a glider flight to acquaint him with modern glider warfare. Practical instruction in ground assembly, parachute rigging and maintenance, and loading and unloading of Airborne cargo, vital skill in all Airborne units, were included in this period of training.

During this training he made five parachute jumps from Army cargo aircraft at an altitude of 1,000 feet and achieved the high score necessary to pass the "Paratrooper" physical fitness test.

Airborne training at Fort Benning is patterned after the successful Airborne fighting methods developed during World War II and recent improvements and innovations. The American "Paratrooper" is recognized throughout the world for his technical "know how".

## LOCAL SCHOOLS APPROVED BY NORTH CENTRAL ASSOCIATION

The annual meeting of the North Central Association held in Chicago to review member schools and consider new schools for admission has sent out the report for this meeting. New Mexico has forty one schools that meet the requirements for membership in the Association. Twenty five were unqualifiedly approved, Carrizozo being in this group. There are twenty states that are in the North Central Association, while the other states of the United States are in four other Associations, which makes the North Central the largest association of all. There are about 130 high schools listed in New Mexico, therefore the number that meet the requirements for National rating is small as compared to the total schools of the state. Carrizozo has been a member of the Association since 1945, however membership was held for a number years before 1942, when they were removed for not meeting the standards.

Ramon Nunez of Picacho was a business visitor in town on Thursday afternoon and while here called at our office.

Mr. Nunez states that the rumor that he is to be a candidate for county sheriff is, for the present false,—but that he is considering the proposition.

## School News

A large crowd enjoyed "Amateur Night" at the Grade School Auditorium Thursday evening, March 18. The entertainment was sponsored by the Seniors. Mr. Joe Morgan was Master of Ceremonies.

First prize of \$5. was won by Darrow Turner, who played a piano solo, "Sunrise Serenade". An accordion solo by Jan Hurley won the second prize of \$3, and third prize of \$2, went to May and Faye Barnum, who sang, "I Love You Truly".

Other contestants were: Carol Romer, "My Country 'Tis of Thee"; Ann Gallacher, piano solo; Barbara Jean Mixon and Marlene Longley, "Makes No Difference Now"; Andrew Woolen Trombone Solo; Ignacio Lopez, saxophone solo; Donald Roberts, saxophone solo and clarinet solo; Dorothy and Betty Moore, Baton twirling; Don Shultz, Roy Dow and Charles Hodgins, a short skit; Dick Brewster, Hill Billy impersonations; Roy Dow and Charles Hodgins, 2 Irish Songs.

Juanita McSmith and Josie Baroz will represent the Home Economics class at the State Future Homemakers of America, two day meet in Albuquerque the 16th and 17th of April. Mrs. Joyce May, Home Ec. instructor will accompany the girls.

The Seniors enjoyed an outing at Devils Canyon, Friday, March 18th being "Senior Sneak Day".

The date set for the grade school operetta, "Hansel and Gretel" has been changed from Friday April 9 to Thursday, April 8. Eighty four children will be presented in the operetta, forty four on the stage and forty in the chorus. The operetta is directed by Mr. Leslie Snider. Remember the date, Thursday, April 8.

The basketball game played last Friday night in the High School Gym between the Capitan Town Team and the Carrizozo Town Team ended in a score of 55 to 32 in favor of the locals. Playing on the Carrizozo team are: Dyer Forbus, Salvatore Ortiz, Bobby Stater, G. W. Chapman, Raymer Shaw and Coach P. Heick. On the Capitan Town Team are: Grady Warren, G. Chavez, B. Wilson, B. Miller, N. Miller, E. Abeyta and B. Provine.

In the preliminary game played Jimmy Barnett scored 11 points, Jake Herrera, 8 points, Sabino Vidaurri, Jr., 8 points, John Stephens, 11 points, Leandro Vega 17 points, Imeterio Guiterrez 10 points, for a 68 to 40 win over the opponents. Don't forget these high score ball players are next years Grizzlies hardwooders.

## "Turnabout Party" To Be Given Saturday April 3rd

A "Turnabout Party" at which the girls will escort the boys is being planned for 8:00 p. m. Saturday evening, April 3rd at the Grizzlies Den.

The party is being sponsored by the Junior class of Carrizozo High School.

Admission 40 cents per couple and 40 cents for single.
