**Albino Horses**  
While cases of albino horses are known, ordinary white horses are not born white.  
Horses of certain colors, particularly dappled grays, become lighter as they grow older—until they become pure white. Such horses do not give birth to white colts which are so rare that they are virtually unknown.  
Many Arabian horses are light gray at birth and become pure white at the age of four or five years.

THE ORIGIN OF THE SAYING IS THE CAT'S ABILITY TO "BOUNCE BACK." HE'S TOUGH AND HARD TO LICK. "EVEREADY" BATTERIES HAVE THE SAME SORT OF "BOUNCE BACK." THEY RECOVER POWER BETWEEN USES... LAST LONGER! THAT'S WHY THEY'RE CALLED THE BATTERIES WITH "NINE LIVES."

**The Race Question**

Lesson for March 27, 1945.

JESUS DID NOT know there was a race question. That is to say, there was no question for him, though he well knew that his neighbors found the race problem a hot one. All the germs of any race problem, even of race riots, were there in Palestine as in all of our world today.

First there was the feeling of racial superiority. Few, if any, peoples think of Dr. Foreman themselves as an inferior race. Nobody would mind being kicked around if he thought he deserved nothing better. The Jews, to which race Jesus belonged, were no exception to the rule. They felt themselves the superior of any race on earth.

**Two Sides of the Question**

IN JESUS' time the Jew Palestine was in the middle. The Romans, having conquered the land, were top-dog in Palestine. With the Romans, the Jews saw the under-side of the race question. But there were other races, much less pure than the Jews, races called "Canaanites" for want of a better name. These people were kicked around by the Jews, just as the Jews in turn were kicked around by the Romans. Looking at the Canaanites, the Jews saw the race question from the top side.

In Palestine the wounds of race quarrels were made worse by the vinegar of religious differences. In those days it was taken for granted: Different race, different religion.

Jesus' neighbors and relatives in Nazareth, like most Jews, supposed that God would favor only the "chosen people," namely themselves. So the Jew's resentment toward the Romans above him and his contempt of the Canaanites beneath him were made more bitter by his conviction that they would all end in hell except his own race.

**What Jesus Did About It**

THE TWO STORIES in our lesson show the two sides of the race question in which Jesus walked straight through those walls as if they did not exist. He passed no resolutions, denounced nobody; he simply treated all races alike. He helped the Roman army officer and the Canaanite woman precisely as if they had been Jews. (By the way, his remarks to that woman should not be misunderstood as rude. She did not take them that way. He spoke to her, we may well believe, with a smile, and she took him with equal good humor.) Jesus appreciated faith wherever he found it.

He was the last person to fancy that all human beings are alike. But he was the first to give all an equal chance. He took people as human beings, not as "Romans" or "Canaanites."

He neither cringed to the Romans nor bullied the Canaanites. He looked at all men and women with level eyes, seeing not their skins nor their clothes, but their hearts.

**What We Can Do**

OUR NORTH AMERICA is also criss-crossed by walls of prejudice—racial, political and religious. In Canada (for example) there is the fiction between Canadians of French and those of English or Scotch descent; in the United States (not by any means confined to the South) between Negroes and white people, or between Japanese and white people; between the "old stock" and recent immigrants; and so on. Those walls look pretty solid; but a Christian will find that if he follows Jesus' example he can walk right through them. Last winter a national interdenominational organization, challenged its 28 million members and, through them the Christian world, with one of the most sweeping declarations of human rights ever drafted by an American church body.

Fitting at every type of discrimination—racial, political, social, economic, religious—the group has challenged the Church to work for the creation of a non-segregated society "as proof of their sincerity."

Yet the real breakdown of human prejudices, hatreds and contempt with the injustices growing out of these, does not come at one stroke by resolutions. It comes only by degrees, as Christ-inspired individuals make their own bright doorways.

Keep your Cookie Jars Filled! (See Recipes Below)

**Delicious Cookies**

**MOUTH WATERING** when they bake, mouth-melting when you taste them, that's the way we like our cookies! Remember, too, you should always have them on hand if you want to keep the family happy or for on-the-spot entertaining.

With youngsters raiding the cookie jar, it's sometimes hard to keep it filled, so bake in large quantity. If you reserve cookies for entertaining, make two or three of your best varieties and pack them in those waxed paper, and reserve them in this tin. They'll be pretty enough.

**\*Walnut Dreams\***  
(Makes about 18 dozen)  
First Layer:  
1 1/2 cups brown sugar  
1 cup moist shredded coconut  
1 cup chopped black walnuts  
2 tablespoons pineapple marmalade  
2 tablespoons flour  
1 teaspoon vanilla

Mix these ingredients in order given. Top first layer and bake in a moderate (375°) oven until golden brown, 20-25 minutes. Remove from oven, let cool slightly, then frost with

Third Layer:  
1 cup confectioners' sugar  
1 teaspoon butter  
1/2 teaspoon grated orange rind  
1/4 cup finely chopped black walnuts

**Orange Juice**  
Blend together sugar, butter, orange rind and enough juice to spread easily. Cover layer two, then sprinkle with walnuts. Press walnuts into icing lightly. Cut into squares.

Do you like chewy, butterscotch brownies? Here's the easy recipe which makes them:

**Butterscotch Brownies**  
(Makes 10 dozen)  
1/2 cup butter or shortening  
1/2 cup dark corn syrup  
1/2 cup brown sugar  
1 egg  
1/2 cup flour  
1/2 cup chopped pecans or walnuts

Cream together butter and sugar; add corn syrup, well-beaten egg, and in flour and nuts. Pour into a greased 8x8x2 inch pan and bake in a moderate (375°) oven for 20-25 minutes. Cut into squares. Dust with confectioners' sugar if desired.

**Butterscotch Icebox Cookies**  
(Makes 5-8 dozen)  
1 cup butter  
2 cups brown sugar  
2 eggs  
1/2 teaspoon soda  
1/4 teaspoon salt  
3 1/2 cups flour  
1 cup chopped nutmeats

**\*Tutti-Frutti Cookies\***  
(Makes 5 dozen)  
1/2 cup chopped maraschino cherries  
1/2 cup chopped candied pineapple  
2 tablespoons chopped candied orange peel

1 1/2 cups sifted cake flour  
1 teaspoon baking powder  
1/4 teaspoon salt  
1/2 teaspoon cinnamon  
1/2 teaspoon cloves  
1/2 cup butter or shortening  
1/2 cup brown sugar, firmly packed  
2 eggs, unbeaten  
1/4 cup chopped walnuts  
1/4 cup milk

Combine cherries, pineapple and orange peel. Let stand in a tightly covered jar for 24 hours. Sift flour, add baking powder, salt and spices. Sift together three times. Cream butter, add sugar and cream until light. Add eggs, one at a time, beating thoroughly after each addition. Add fruit and nuts. Fold in flour alternately with milk. Mix thoroughly. Drop from a teaspoon on a lightly greased baking sheet and bake in a hot (400°) oven for 10 minutes.

Dry the leaves from your stalks of celery, store in a glass jar, then use to flavor soups, stews and stuffings for meat and fish.

Salmon, tuna, lobster, crabmeat and shrimp need only some chopped celery and mayonnaise for a delightful salad. You can round out the salad plate with sliced tomatoes, black olives, potato chips, sliced hard-cooked eggs and deviled eggs.

Ground cardamom seed gives yeast rolls and sweet breads a delicious, unusual flavor.

NEW MEXICO NOTES

This is written the day the Legislature is supposed to adjourn, Saturday, March 12. We do not yet know the full results of the work attempted here but we can see many good measures have emerged—more perhaps than many expected.

We have reapportionment of the Legislature, if and when the people adopt the proposal. It is perhaps as fair as any measure which could be gotten at this time. At least the way it passed through both houses—by a unanimous vote in both the Senate and the House—would indicate that it had the general approval of all. It shows we can work out our difficult legislative problems once we lay aside pride of authorship and opinion and think of what is best for all the people, and try to fairly calculate what the fellow who does not for the moment agree with us will accept in compromise. Compromise is a great vehicle for achieving good. Only we must know when to yield further weakens the objective and to yield less places obstinance above courage and good judgment. Courage and good judgment, I believe, prevailed on reapportionment.

I have said before that harsh words would be spoken by men of tired bodies and with jittery nerves. But I also said that such hard word spoken under circumstances of the crowded closing days would not be remembered too long. Many hard words were passed in the dying hours of the Legislature but I hope and believe they will not be too long remembered.

It is hard to account for the rather loose thinking about some issues we have heretofore thought of as having great moral value; gambling for instance. Many good men and sound thinkers favored general licensing of gambling in the State. To my mind that would be unthinkable. But perhaps I have too much of the woman's and mother's viewpoint.

Now Mexico outlawed open license gambling in the year 1907, if my information is correct. We have progressed a great deal since then. We could not go back to those old days and make this another Nevada. Lack of enforcement of the gambling laws

MRS. C. E. MAY  
INJURED

Mr. R. E. Shafer received a letter from Mr. C. E. May, who formerly lived here stating that his wife was in the Albuquerque hospital on account of a painful accident received while operating a power saw, in which she lost her left thumb and part of the index finger on her left hand while sawing some furniture.

STATE APPROPRIATIONS

The Nineteenth Legislature will be noted for the largest amount of appropriations ever made. It is estimated that the State—institutions, departments, boards and commissions will spend in excess of \$60,000,000 a year during the next biennium and that the total cost of all State and local government will exceed \$100,000,000 a year.

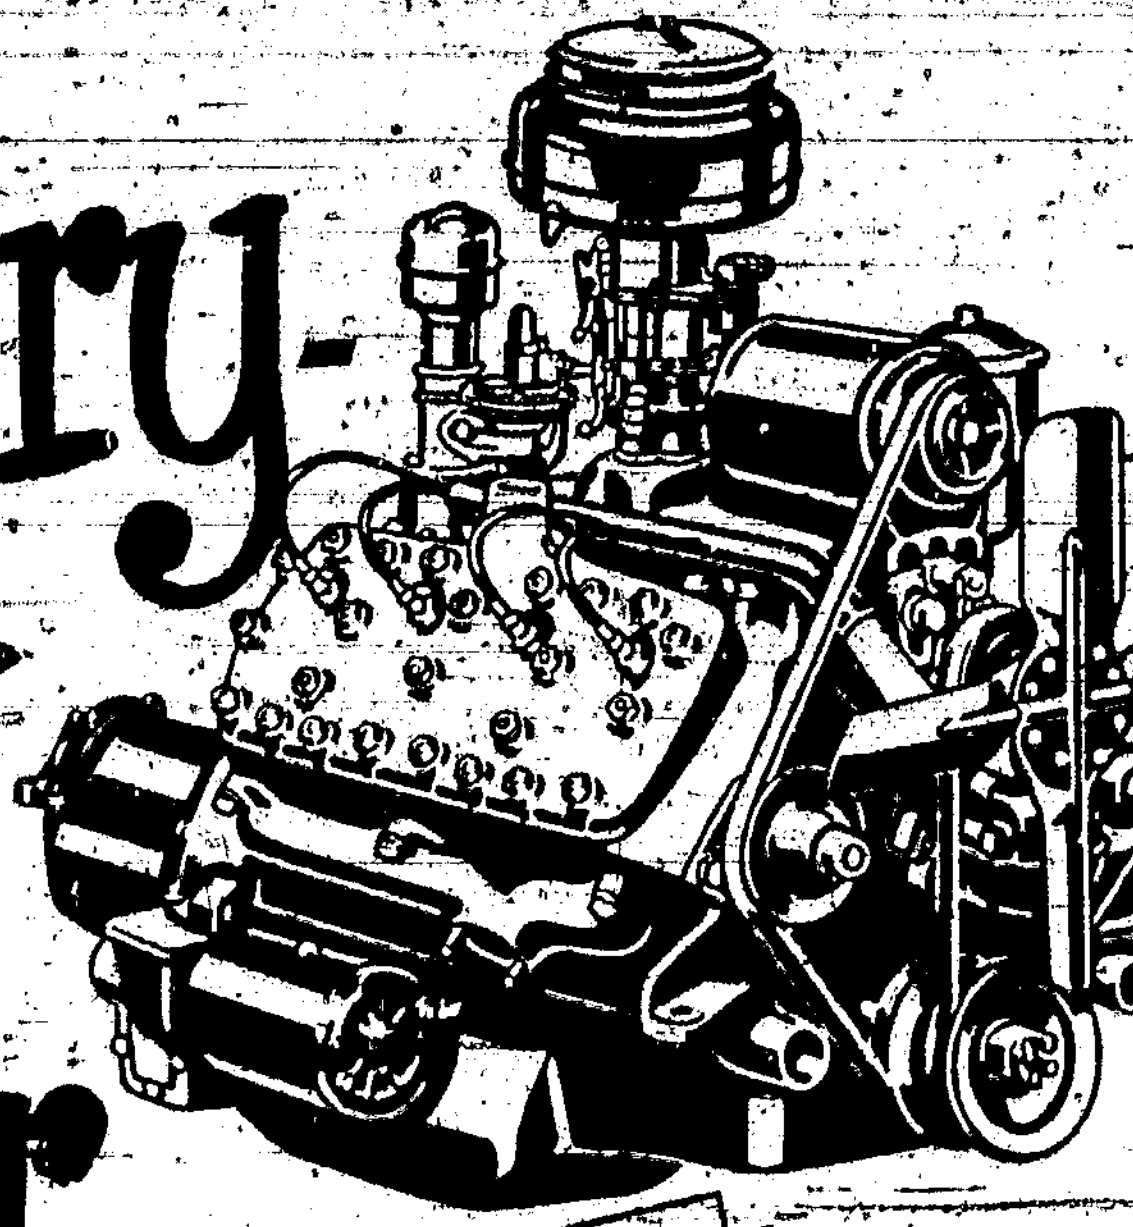

In some counties of the state doubtless was the reason so many wanted to do away with pretense and adopt another, and to their mind, a more honest, approach. But we don't abolish laws against any particular crime because enforcement is unsatisfactory or has failed in places. We try to work for better enforcement instead and keep the law on the books.

Severance taxes now approved will help give the state's higher institutions of learning the additional aid they so much need; and without taking money from a source relied upon so much by the common school people. Now we have our common schools in the best condition they have ever been in and at the same time have found money to finance the much needed increases for the universities and colleges of the state—and no one is hurt.

It came after a hard fight, of course I know how the governor disliked to have to step in and speak so harshly of the potash lobby which was trying to defeat severance taxes that the schools so much needed. He doubtless thought no other course was open.

Next week I shall try to give you a review of more of the Legislature's work.

**1949 KELVINATORS**

Intensified consumer demand for larger capacity refrigerators without "increasing" floor space has been a prime factor in the designing of Kelvinator's 1949 models, according to Marvin Burton of Burton's Hardware.

The latest additions to the Kelvinator line, now on display at Burton's Hardware, Carrizozo, N. Mex., are two 8.6 cubic foot models, built to supplement the famous Master-piece full-length-door series. Important feature of these new models is that they take up more kitchen space than the previous seven-cubic-foot models, yet provide a full 1.6 cubic feet additional food storage space.

"The new Kelvinators RS and RD 8.6 cubic foot refrigerators provide top value in the popular eight-foot capacity class," Mr. Burton said.

The 8.6 cubic foot model RS features a side-mounted frozen food chest with a capacity of 25 pounds of packaged food and ice-cubes, adding 12-quart vegetable crispers and an aluminum meat tray. Model RD has a side-mounted frozen food chest with a capacity of 30 pounds of packaged foods and ice cubes, a removable half-shelf to accommodate odd-sized items, a plastic meat chest and cover, and two side-by-side 12-quart vegetable crispers. The crispers are glass-covered, and slide out for easy accessibility.

Both 8.6 cubic foot models are

31-1/4 inches wide, 26-7/8 inches deep and 68 inches high.

Others features are one-piece steel wrap-around construction, an exterior finish of chip-proof, easily-cleanable enamel, baked-on for durability, molded white plastic door opening trim, automatic interior floodlight, 18-position temperature control and a trouble-free refrigerating system powered by Kelvinator's dependable, money-saving Polarsphere unit.

**SCHOOL BUDGET HEARINGS**

Educational Budget Auditor R. H. Grissom has announced school budget hearings for 1949-50 beginning at Fort Sumner, De Baca County, on April 11 and continuing to May 27, when the last hearing will be held at Taos on that date.

**LEGISLATIVE BILLS, RESOLUTIONS AND MEMORIALS**

The Nineteenth Legislature has had under consideration a record number of 713 measures. In the Senate were introduced a total of 319, consisting of 271 Bills, 26 Joint Resolutions, 1 Resolution, 20 Joint Memorials and 1 Memorial. In the House there were introduced a total of 394, consisting of 348 Bills, 27 Joint Resolutions, 3 Resolutions, 14 Joint Memorials and 2 Memorials.

Corporal Smith of Alamogordo is here visiting his wife.

**Executive Reorganization**

The Senate Committee on Expenditures in the Executive Department has completed its hearings on S. 526, to renew the President's reorganization powers. The Committee, on February 28th, considered that bill in executive session, along with the measure passed by the house H. R. 2381. There was a general discussion of both bills but no action was taken. It is expected that another meeting will be held this week. Meanwhile, several measures to implement some of the Hoover Commission recommendations already have been submitted.

**REVIVAL MEETING**

March 20th through April 3rd, Corona Baptist Church, R. M. Miller, Pastor.

Everyone is invited and urged to attend all of our services. We need a revival. The pastor feels the need of one in his own heart and life. The church needs a revival. We need to come back to God. To rededicate our lives, our talents, our time, and our influence to the God of our forefathers who founded this great country of ours upon God and upon prayer. The first house built in America was a house of worship, it was Benjamin Franklin who made the motion in the first congress that all sessions should be opened with prayer. George Washington prayed upon the snows of Valley Forge, and Abraham Lincoln prostrated himself before God during the dark days of the civil war. Jacob came back to Bethel, where he had met God—Christ was the answer to their problem—Christ is the answer to ours.

**To Meet in Hot Springs**

State convention of veterans of Foreign Wars will be held in Hot Springs from June 8th until the 11th. George Curry Post, 3224 will be host to the convention.

**LINCOLN COUNTY BOND INVESTMENTS**

Lincoln County residents invested \$4,392.50 in U. S. Savings Bonds during February 1949, the Treasury Department has reported to S. E. Grolsen County Chairman of the Savings Bonds Committee. Of this total, \$4,012.50 was placed in Series E Bonds which will return \$5,350.00 to their owners if held to maturity.

New Mexico's citizens invested \$1,399,935 in U. S. Savings Bonds in February and \$1,514,236.25 in January of this year. February's total exceeded that of all Februaries since 1945 and January's total was exceeded only by January 1946 of the post-war years.

People in five counties set new sales records for themselves in February. Chaves and Lea Counties put more money in Series E Bonds last month than any month since the Victory Loan, with \$118,875 and \$43,237.50 respectively. Eddy, Sandoval, and Socorro Counties invested more money in Savings Bonds of all three series last month than in any month since the Victory Loan. The totals were \$218,011.25, \$21,815.00 and \$101,445.00, respectively.

Mr. John A. Roberts of Tompah, Nevada left last Monday for his home after spending several days with his mother, Mrs. Alice Roberts and his sisters Mesdames Anna Roberts and Ada Edmiston.

**Don't Forget The Trimmings**

Hammy Gilbert and his two boys were out working like beavers fixing up his roadside stand the other day. It looked awfully spic and span to begin with. "Seems like you spend more time decorating the stand than you do raising stuff to sell in it," I told him.

"Joe," he says, "I believe the stand is almost more important than the produce. We get five times more customers than we used to when we had the old one."

Hammy's smart. People appreciate a clean, attractive place,

whether it's for buying vegetables or stopping in to have a friendly glass of beer. That's why the brewers and the tavern owners cooperate in maintaining wholesome, attractive surroundings wherever beer or ale is sold.

From where I sit, the product should be more important than the package, but just try wrapping a birthday present for your wife in an old newspaper!

WEEKLY NEWS ANALYSIS

Red Personnel Shakeup Stirs World As Nations Ponder Meaning of Act; Time Running Out on Rent Controls

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

MOLOTOV PROMOTED?

World Speculates on Premier Stalin's Plans

Out of the welter of world speculation on the significance of Russia's naming Andrei Y. Vyshinski as foreign minister—replacing Vyacheslav M. Molotov—the British appeared most confident of their interpretation.

Stalin's Man

This is a recent portrait of Andrei Y. Vyshinski, who has been elevated to the position of Russian foreign minister.

Senior British diplomats had no hesitancy in declaring that Molotov is being groomed to step into Stalin's shoes whenever the Red dictator dies or retires from the scene.

INFORMATION from London was to the effect that the opinion apparently is based on reports which British Ambassador Sir Maurice Peterson had sent from Moscow. They said Peterson warned against expecting any change in Russian foreign policy as a result of Molotov's release as foreign minister.

THEY CONCEDED, however, that Stalin, 69 and ailing, may wish to be free of administrative chores. Informants made it clear that Ambassador Peterson himself did not make an outright prediction that Stalin contemplates retiring from the prime minister's job.

THE INTERESTING thing, however, was the wild and widespread speculation set off in the world by a change of Russian personnel at high policy level. This reaction served to emphasize world bitterness in the "cold war" with the Soviets.

RENT CONTROL: Tik-Tok, Tik-Tok

With the continuing tie-up of business in the senate because of a filibuster on a rules procedure, congress had been racing against the clock in the matter of rent controls.

MEANWHILE, Republican sentiment in the house was that rent controls should be taken out of federal hands and turned over to the respective states. A mass meeting of GOP members of the house overwhelmingly supported the idea of ending federal rent control.

MANY CAPITOL observers expressed a conviction that the apparent trend toward relaxation of rent curbs was stemming from the effective lobbying of rental property owners and their organized groups.

But whatever was to be done to protect the public from gouging on the part of some landlords would have to be done fast. Time was swiftly running out.

MEXICO: Oil for U. S.

Mexico had relented, the animosity of the old expropriation days was over, and American interests were to set up again in the oil business "south of the border."

Under terms of the agreement, the U. S. group will not be paid for dry wells. The Mexican organization would set aside the proceeds of the sale of 50 per cent of the production obtained from wells drilled by the mentioned companies to pay off their expenses in drilling productive wells.

COW'S THAT FELLOWS?

Yukon Lions Would Re-Ensiló "Grady"

The Yukon, Oklahoma Lions club was strictly on its toes. Members organized a "committee to Put The Cow Back in The Siló."

CHURCHMEN: 50 More Seized

More churchmen in countries behind the "iron curtain" were coming to know what it means to suffer for the Cross.

Bulgarian security police had seized approximately 50 more Protestant clergymen.

THE LATEST ROUNDUP was disclosed as 15 other Protestants were sentenced on charges ranging from treason and spying for the United States and Britain to black market money transactions. All 15 had pleaded guilty.

It mattered little whether the faith being prosecuted was Protestant or Catholic—the aim was the same, subjugate it and its adherents to the will of the state.

THE KREMLIN could not risk men having other gods than Stalin, could not risk continuance or spread of a thesis built upon the dignity of the individual and his oneness with his Creator.

The most terrible thing was that there was nothing anyone could do. Christian nations could not make war on the Soviets for religious persecution, however extensive such persecution might grow.

For the moment, men of good will could only pray for divine aid, hoping that petition would finally overtake the agency which was subjecting Christian men to torture and imprisonment.

RICH MEN: One "Fed up"

JOSEPH E. UHLEIN, 73, a senior member of one of the nation's wealthiest brewery families was fed up. Delivering himself of the above statement, he went on to say that he was resigning immediately as a director of the First Wisconsin National Bank so no one connected with the institution would be embarrassed by his actions.

Uihlein's resignation of his co-directors was understandable. For the former vice-president of the vast Schlitz brewing company was planning to devote his full time to the unionization of "white collar" workers in the United States.

"I believe five to six million can better their lot by joining white-collar unions," Uihlein declared. "I am not in it for any honor for myself, but only through a desire to help the working classes."

Joseph and his brother Erwin, now president of Schlitz, have been at odds recently over Joseph's suggestion that the brewery establish a million-dollar annual welfare fund for its employees by contributing 25 cents for each barrel of beer sold.

WITCHCRAFT: "Spell" Broken

In the remote fastnesses of the Pennsylvania mountains strange fears and legends abound. Among the mountain people such things as "hexes" and "spells" and witchcraft are real and fearsome things.

And out of these regions has drifted a strange tale of eerie graveside rituals in which a uniform was stripped from the exhumed body of a soldier to "break a spell" cast over his widow.

PVT. REUBEN ROCK was a woodsman in Greenfield township. A veteran of the north African campaign, he returned in 1946 to his home in the Allegheny mountains and married Rosella Dively, then 19. The rigors of army life had created in Pvt. Rock a tubercular condition that steadily sapped the veteran's strength. Rosella cared for her husband night and day in their unfinished home. She denied herself proper rest and nourishment while carrying on her nursing duties.

But the veteran died. Before he died he gave his wife his army uniform. But Rosella requested that her husband be buried in it. That was done, then strange things began to happen. The young widow became a virtual invalid, refusing to eat or sleep, and began to waste away.

Mrs. ARTHUR DIVELY, Rosella's mother, was convinced Pvt. Rock had practiced witchcraft. Conceding he was "saved in the end," she told of weird "books and things" he kept in the house. "Rosella was crazy to be with him," she said. "She would go to him at any time. That's probably how he did it—by charming her picture that he always carried with him."

The Dively family finally concluded the uniform was the answer. They obtained permission to exhume the body. The grave was opened, the uniform stripped from Pvt. Rock's body and cast into a fire.

And there are myriad folks in the section who are convinced that this action "broke the spell," enabled Rosella to regain her health.

BABY SITTERS: Big Business

The city of Milwaukee has found that baby-sitting has become big business. Admitting there were no actual statistics available, Milwaukee officials nevertheless contended that safe-guards would be that baby-sitters outnumber workers in any other field.

BABY-SITTING literally has become "big-business," with full-time agencies providing sitters on a daily, or part-time basis. However, the majority of the sitters are still teenagers—the girl next door who wants to make some extra spending money, or an older sister or brother who may become a baby-sitter under protest.

The professional baby-tenders from "Part-Time Parents" in Milwaukee are primarily middle-aged widows, according to the agency founder, Miss Dorothy Campbell. The most important part of Miss Campbell's service is fitting the right sitter to the right family.

HER EMPLOYEES are carefully screened before they are hired by the agency. They must like children, have an adequate knowledge of child care, including first aid training, and they must have a suitable background enabling them to serve as part-time parents.

Women may be hired to take children to the theatre, to a party or out to dinner. Many families hire a sitter for one, two or three days every week, and the part-time parent takes over for the day.

It all sounds like a good deal. Doubtless there are many communities in which a "Part-Time Parents" organization would be most welcome.

Was She Next?

The name of Mrs. Ruby Davis of High Point, N.C., appeared on a list carried by Raymond Ferrantes, the confessed "Lonely Hearts" murderer, when he was arrested at Grand Rapids, Michigan.

OLD FUDS: Time to Go

President Truman said it: "It's time for us old 'fuds' to begin to go, and let the next generation come into its own." He added: "That is true of government also."

SOON TO BE A MEMORY . . . Scenes such as this soon will be a memory with spring just around the corner, but this unusual photograph from under a bridge arch in the direction of New York's Central Park south captures an almost last-minute bit of the lacework which wintertime so often traces on foliage.

HEY! WHAT'S UP, DOC? . . . That seems to be puzzling Frankie Gascich as he gets a "ticket" from "patrolman" Tommy Knesel, 2. Real Kansas City policeman Jack Marshall (center), friend of Tommy's parents, had a uniform manufacturer make an exact replica of a patrolman's uniform for Tommy, who even carries a service revolver—the big kid, that is. Young Frankie seems as much perturbed by "his" "traffic" incident as many grown-ups would be under similar circumstances.

BAKERY STRIKEN OUT IN GOLD . . . With six major bakeries closed in New York by an employees' strike and another five by management in support of the strike plant, this picket found himself a rather wet and uncomfortable job patrolling in the wet and snow. The strike was against a baking company, which with five others, supplied 70 per cent of the wrapped bread and cake used in the city.

ROMANCE FLOWERS IN LEGISLATURE . . . Capt. shot his arrow and scored a bull's-eye in the Senate house of representatives when Rep. E. A. Snow, right, proposed to exempt red-haired Rep. Edith Miller, a fellow Republican in legislative halls. The proposal was made from the floor in a regular house session and, after the consideration, Representative Miller accepted the motion as husband-to-be accepts congratulations from Rep. Harold Hodge (left).
