### Ranchmen's Campmeeting

The big campmeeting came to a close Sunday night, July 24th with large crowds attending each service throughout the entire four days.

Dr. Ralph Hall, manager, was speaker for the dedication service for the new tabernacle. He also hung the beautiful plaque in memory of the members gone on: Rube Clayton, R. E. Pickett, Warden, Forest Sherman, Gladney, Zumwalt and Jim Morris. These men were contributors and had a large part in the success of the Ranchmen's campmeeting for those first few lean years; all have now passed to their reward, and the plaque is a tribute to those who served first and so willingly.

Dr. Everett King of Albuquerque, Dr. Herschel Ford of El Paso and Charlie Paulling of Los Angeles were the speakers chosen for this year.

Frank Darrow of Albuquerque was to have been in charge of song services, but he was unable to be here until Saturday, so James Gleason of Houston, Texas, Henry Strook, Lancaster, Penn., filled in for him. Mr. Strook and Gordon Glaisus of Milburn, New Jersey are following the campmeeting people and their helpers in a series of meetings in New Mexico, Arizona and Texas.

They went from Nogal Mesa camp to Montroso, near Magdalena. From there they will go to Flagstaff, Arizona, then to Sonita, Arizona, close to the border.

Then the group will divide up with part going to the famous old camp in Davis mountains of Texas, and the others will go to Glenwood, Texas for the last meeting of the summer.

It was an honor to have as a guest this year, Dr. Earl Jackman of New York City, who is secretary of the board of National missions. Dr. Jackman had a large part in helping to get the trucks, pick-up, tents, bed rolls, and all the equipment that goes with the campmeeting tours.

The Rev. L. S. Markham of Claunch, had charge of the Sunday school and selection of teachers for the various classes, that met out along the hillside under the trees.

A business meeting was called Sunday after church and Ralph Hall was re-elected manager for next year. Very little change was made in appointment of the committees.

July 19, 1950 was set as opening date for next year's Camp meeting.

MORTON DOWNEY, whose smooth song stylings decorate NBC airwaves three times each week for that "Refreshing Pause," seems a sure bet for television one of these days. Walker shows the same promise. Helen Hayes showed at the same stage of her career. In her latest picture, "Impact," a Harry M. Popkin production released by United Artists, Miss Walker has taken steps to fulfill the prediction. Like many another actress Helen Walker rolled up her sleeves and went to work for a shirt seamstress company and such other odd jobs as she could find to oke out a living in deference to her one ambition — to become a GOOD actress.

## God Can Be Trusted

Lesson for July 31, 1949

EVEN if you do nothing else with this lesson, it will be a good thing to learn by heart some of the Psalms of Trust which have been selected for your study this week. They are far too rich to be treated in one column.

### Who Can Trust in God?

(PSALM 34:10-22.) Not every one has a right to trust in God. Those who do not believe in him, do not love him, work against him, try to break down and corrupt those who do believe in him — these need expect nothing at his hand. But there are three classes of persons who are encouraged to put their trust in God. One is the "contrite," the repentant, those who sincerely wish to be cut free from their sins—these can surely trust in God for forgiveness. One who cannot trust God for forgiveness has no right to trust him for anything else. Then the "righteous," as the Psalmist calls them, have a right to trust in God.

If that word means only the perfectly and altogether good people, it would leave all of us out. But in the light of the Bible as a whole, the righteous are those whose dominant desire is to love and serve God.

Their service is imperfect, their love is far from perfect, and no man is without sin. But if you can say with Peter, "Lord, thou knowest that I love thee," then you have a right to trust in God. Also the broken-hearted can safely trust in him. Whoever else may break your heart, God will not. He is the great Mender of hearts. For the little sorrows there may be lesser comforts; but the real heart-breaks only God can cure.

### Why Trust God?

PSALM 37 gives one answer: The opposite of trust is worry, and worry never did any good at all. Worry eats into the mind, costs no light, gives no strength, solves no problems, worry makes any trouble worse. Then the writer of Psalm 37 gives another reason for trust: he had tried it. If trust in God were simply a doctrine of theology or a theory of preachers, not many people would take it seriously.

Trust is really passed on by a kind of contagion from heart to heart. If there are not more people who know what trust means, it is because those who have known have kept it too much to themselves.

It would be a wonderful stimulus to most churches to have a little "cell" of people who would really agree to trust God every day.

### When to Trust in God

One of Dickens' famous characters used to make a great point of being cheerful under the most un-cheerful circumstances. Anybody can be jolly when everything is lovely, he said. There's no credit in not worrying when there's nothing to worry about. Although the writers of the Bible, one and all, trusted in God, not one had an easy life. Read Psalm 40, for example; it gives a picture of a world much like ours of today, shaken to its foundations, torn by wars, a desolate, discouraged world. If it made sense to trust only under bright skies, religion would have perished long ago.

### For What Shall We Trust God?

NO ONE PSALM puts the whole truth in one nutshell. If you read Psalm 91, for example, by itself, it would seem to prove that if you trust in God you will never die a violent death, nor an early one; but too many saints (and indeed our Lord himself) had died early and violent deaths, for us to take Psalm 91 in that way. Trusting in God does not mean he will give us long life. It means he will give us strength to match our days.

It does mean he will give us all we need. It does not mean we shall be shielded from troubles. It does mean he will save us from troubles greater than we can bear. It does not mean that in this life we shall be wholly free from burdens or from pain; it does mean we shall have strength in our souls (Ps. 138:3).

Which is the greater thing—to be a weakling wearied by a straw's weight, or to be one of God's athletes, able to bear the worst the world can pile on?

## Farm Topics

### Building Repairs Urged Immediately

**Delay Adds Cost, Extends Damages**  
An unusually severe winter has taken a heavy toll of farm buildings. Winds and snows have torn at roofs. Spring thaws have washed out and weakened foundations. Buildings have settled. Agricultural engineers point out that repairs should be made quick.

FILL WITH 1:2:5 CONCRETE

To delay will only extend the damage and add to the cost of restoring buildings to a sound condition.

When the foundation does not extend below the frost line, or has been undermined:

1. Use jacks under the sill every 10 feet and square up the building.
2. Excavate 10 or 12 foot sections at 10 or 12 foot intervals. The excavation should extend under the full width of the wall, plus enough to provide an adequate footing, and go down below the frost line.
3. Form and place the new footing. Allow new concrete to set, remove the form, and backfill against the new foundation. Grade the yard so water will flow away from the foundation, and make sure the roof drainage system is clean, adequate, and in good repair.

Farmers will find it far easier and more economical if they select a roofing material, such as fire-resistant asphalt shingles which can be applied right on over the old roof.

### Mighty Mite

The smallest stone breaker ever made to produce crushed stone by breaking it while in suspension is the Model 1212 double impeller breaker recently announced by the manufacturer.

The mighty mite weighs four tons and takes stones up to 12 inches in size. It operates with whirling impellers which catch incoming stone and keep the pieces smashing against breaker bars until they are the right size desired. The impellers in the machine weigh a half-ton each.

### Poultry Flock Care Calls for Sanitation

Good care of the poultry flock calls for sanitation, declares John Weeks, of the Auburn polytechnic institute, extension service poultry division. He says it is the best way to prevent poultry diseases.

Another important thing to remember, he points out, is that the amount of heat required depends upon kind of house, kind of brooder, and age of chicks. Chicks should be kept comfortable.

## Boy Scouts Pick Historic Site For Jamboree

NEW YORK.—The Boy Scouts of America has selected Valley Forge, Pa., for its second national scout jamboree in 1950. Dr. Arthur Schuck, chief scout executive of the organization, announces.

Over 30,000 Boy Scouts from every state and all U. S. territories will camp together from June 30 to July 6, 1950 on the site notable as the winter encampment of George Washington and his continental army from Dec. 19, 1777 to June 19, 1778.

Valley Forge park is owned, maintained and preserved by the commonwealth of Pennsylvania. An invitation to hold the jamboree there was received from Governor James H. Duff by the Boy Scouts of America and accepted by its national executive board, Dr. Schuck announced.

### Will Climax Crusade

The national jamboree will be the climax of the Boy Scouts' two-year crusade to "Strengthen the arm of liberty."

Gov. Duff's invitation to the Boy Scouts was accepted after a dozen sites in all sections of the United States were inspected by the engineering service of the Boy Scouts of America.

Gov. Duff's invitation addressed to Dr. Schuck follows:

"On behalf of the commonwealth of Pennsylvania and the Valley Forge park commission, I wish to extend to the Boy Scouts of America a cordial invitation to hold their jamboree at Valley Forge park during the summer of 1950 at such time as their executives may elect.

"I am fully acquainted with the Boy Scouts' program for the year 1950—to 'crusade to strengthen the arm of liberty'—and it was my privilege last February in an address at Gettysburg to sponsor this crusade for the commonwealth of Pennsylvania. I can visualize no more appropriate location for its climax than Valley Forge where the sacrifice and training were undergone on the basis of which our heritage of liberty was won.

"You may be assured of the full cooperation of the commonwealth and its agencies. The Valley Forge park commission will make available the facilities it has at its disposal during the period of preparation. Should your national executive board accept this invitation, the Valley Forge park commission will be designated as the coordinating agency of the commonwealth with which you should develop your detailed plans insofar as they involve the commonwealth."

### To Occupy 600 Acres

Boy Scout officials announced that the jamboree camp will probably occupy 600 of the 2,033 acres in Valley Forge park. This would provide 22 sectional camps for a maximum of 49,320 scouts and adult leaders and a headquarters camp for 450 leaders. Valley Forge park is 29 miles northwest of Philadelphia and seven miles west of Norristown.

The first national scout jamboree was held in a 450-acre tent city on both sides of the Potomac river at Washington, D.C., from June 30 to July 9, 1937 at the invitation of President Franklin D. Roosevelt. It brought together 27,232 scouts and leaders whose fees paid for the expenses of the entire jamboree. President Roosevelt not only visited the huge jamboree camp but took part in the "stand still parade" in his honor on Constitution avenue. The scout campers lined the entire length of the historic avenue and were reviewed by the President as he drove between their lines.

Boy Scouts of twenty-four other nations were guests at the encampment.

### Communists Move to Quell Belief in Ploesti Images

BUCHAREST.—Hundreds of people in Ploesti reported seeing an image of the Virgin Mary and the Infant in a shop window on the main square.

Word of blessings bestowed by the vision spread over the Romanian oil city of 100,000 population and out into the country.

Then the Communists wheeled into action with a debunking mission. The militia moved in a week ago to break up crowds blocking traffic on a main international highway running past the shop.

The crowds moved off to other shops where some reported seeing other members of the holy family. The militia then whitewashed the shop windows and hundreds attracted from the countryside turned away disappointed.

The official Communist newspaper Scantela gave this version of what happened: "Reactionary" elements at night washed the windows on the inside with kerosene. When sunbeams hit the oil spectrum in sunlight all the colors of the rainbow were reflected and mass suggestion did the rest."

Serve Juicy 'Burgers on your Picnic (See Recipes Below)

### Picnic Plans

WHEN YOU PLAN an outing good food that will please everyone has to be part of the picnic plan. In addition to this, have a "packable" lunch that you can carry in a shopping bag, string sack, bandana or hamper.

The less preparation you have at the picnic grounds where everyone will be famishing, the better will be the lunch. If you want to cook the hamburgers or ribs or frankfurters on an outdoor grill, that's all to the good, since this whets appetite to a tantalizing sharpness. However, if you have to wash fruits and vegetables, and pare or scrape them when you get there, this may seem like something of a chore. These are things that can be done much more easily at home.

A SAVORY, well-seasoned meat should be the main interest of the lunch, however. For some this may be old-fashioned picnic 'burgers, roasted frankfurters or barbecued ribs. These are easy to serve on buns which can be purchased ready made, and then simply split and buttered and even toasted while the meat cooks.

**Picnic 'Burgers (Makes 15 'Burgers)**  
 3/4 cup chopped onion  
 3 tablespoons fat  
 1 pound ground beef  
 1/2 pound ground veal  
 1/2 pound ground pork  
 1 teaspoon salt  
 1/2 teaspoon pepper  
 2 tablespoons soy sauce  
 1/2 teaspoon dry mustard  
 1 dozen hamburger buns

Brown onion in fat in a large skillet. Add meats, salt, pepper, soy sauce and dry mustard. Cook over low heat for 45 minutes, stirring occasionally. Split hamburger buns and fill with meat mixture. Top with picnic sauce:

1 cup tomato sauce, catsup or chili sauce  
 1/2 cup cider vinegar  
 6 tablespoons sugar  
 1/2 cup chopped onion  
 1/2 teaspoon cayenne pepper  
 1/2 cup chopped green olives  
 2 teaspoons Worcestershire sauce

Mix all ingredients together in a saucepan and cook gently over low heat for one-half hour, stirring occasionally. This makes two cups of sauce.

Is it barbecued ribs that you like on your picnic? Here's a delicious and easy way to prepare them: cook the ribs in a pressure saucepan at home to speed the process and then finish in the oven or at the picnic grounds in a skillet, basting them with the sauce.

**Barbecued Spareribs (Serves 5-6)**  
 3 pounds spareribs, cut in pieces  
 1 1/2 teaspoons salt  
 1/2 cup water

**LYNN SAYS:**  
 Fresh Air Chefs Need Tips

If you are burning charcoal, start the fire an hour ahead of cooking time. For coal, allow one and one-half to two hours. Use enough fuel to build a thick bed of coals.

Getting fancy with the picnic table? Use windproof decorations such as a tray of the fruit for dessert, or low flower arrangements set under a glass or plastic cake cover.

### LYNN CHAMBERS' MENU

- Barbequed Spareribs
- Bolled New Potatoes
- Buttered Broccoli
- Summer Cabbage Slaw
- Bread and Butter
- Sliced Peaches with Cream
- Butterscotch Bars
- Beverage
- Recipe Given

1/2 cup catsup  
 1/4 cup light molasses  
 1 teaspoon Worcestershire sauce

1 small onion, chopped  
 Arrange ribs in pressure saucepan; add salt and water. Cook at 10 pounds pressure for 25 minutes. Remove and place in a shallow roasting pan or skillet. Combine remaining ingredients and bring to a boil. Pour over the ribs and baste with sauce. If baking, cook for 30 minutes. If using the skillet, cook for 35-40 minutes.

**Hashed Potatoes (Serves 6)**  
 8 potatoes, cooked in jackets  
 4 tablespoons butter  
 1 1/2 teaspoons salt  
 1/2 teaspoon pepper  
 1 cup light cream or top milk

Peel and dice potatoes and cook in butter until slightly browned. Add seasonings. About five minutes before serving, add the cream and heat thoroughly.

**Summer Cabbage Slaw (Serves 6)**  
 3 ripe tomatoes, diced  
 1 1/2 cups finely shredded cabbage  
 1 cup sliced green onions  
 1/2 teaspoon salt  
 1/2 teaspoon pepper  
 3 tablespoons light cream  
 1 1/2 tablespoons vinegar  
 Lettuce

Combine all vegetables in salad bowl. Add seasonings. Blend together cream and vinegar and pour over salad. Toss lightly and serve on lettuce.

### A THOROUGHLY CHILLED watermelon makes delicious eating at a picnic. However, any of these other fruits, washed and well chilled before being wrapped, are excellent for a dessert: cherries, peaches, pears, apricots, cherries or other berries, grapes or melons.

One or two kinds of cookies make an appetizing accompaniment for the fruit. You'll like either this.

**Butterscotch Bars (Makes 3 dozen)**  
 1/2 cup butter  
 2 cups brown sugar  
 2 eggs  
 1 teaspoon vanilla  
 1 1/2 cups sifted flour  
 2 teaspoons baking powder  
 1 cup chopped nuts

Melt butter in a heavy saucepan. Add sugar and bring to a boil over low heat, stirring constantly. Cool. Add eggs, one at a time, beating thoroughly. Stir in vanilla, then flour which has been sifted with baking powder. Fold in nuts. Pour into a greased and floured 7 x 9 inch pan and bake in a moderate (350°) oven for 30-35 minutes. Cool, then cut in bars.

When broiling meat on an outdoor grill, trim off excess fat and snip the edges so the pieces of meat won't curl. Let the fire burn down to red coals, then set a grill three to five inches above the coals and start broiling meat before flames die down.

When using a skillet on an outside grill, set it about 3 inches above the coals.

If you are using sauces for the meat, keep down the fat amount and use more catsup or chili sauce. The fat sputters!

No Fishing to be Allowed at Bonita

The Southern Pacific railroad company rejected a proposal to open the Bonita lake between the towns of Ruidoso and Carrizozo for camping and fishing. Proposal was made at request of the company after meetings were held to work out a way in which the Lake could be used; the proposal was made by Fish and Game Department. The SP said a fire hazard and water contamination might develop. The game department proposed to build a fire line around the camp area providing sanitary facilities, to check in all campers and patrol lake and grounds. Game Warden, Mr. Barker thought such precautions would prevent hazards of fire and lessen all pollution of water.

When Mrs. A. F. Rosello returns from a trip to Kansas the last of September she plans to go to Los Alamos to visit her nephew Haven Glasmyre.

GPA Meeting in Ruidoso Aug. 4 A meeting of the White Mountain Game Protective Association will be held at Ruidoso Thursday, August 4, 1949. Meeting will be held at Fred's cafe where dinner will be served at 85 cents per plate. Meeting will be called for dinner at 8 p. m. Business meeting will be shortly after dinner. U. S. Savings Bonds Residents of Lincoln County had achieved 29 per cent of their Series E Bond quota in the Opportunity Bond Drive by June 25. S. E. Griesen Chairman of this County's Savings Bonds Committee announced. Against a quota of \$96,000 citizens of this county had invested \$28,437.50 in Series E's by that date.

Reports of sales of E Bonds which are received by Federal Reserve Banks by July 16, will be credited to quotas set for counties in the Opportunity Bond Drive, Mr. Griesen said. "I urge every Lincoln citizen to invest as much as he can afford in E Bonds before July 15," said Mr. Griesen. "Not only will such purchases be good for the owners, but they will reflect credit on all of our citizens," he concluded.

STATE OF NEW MEXICO, COUNTY OF LINCOLN. IN THE PROBATE COURT No. 720. NOTICE OF APPOINTMENT OF EXECUTOR. NOTICE IS HEREBY GIVEN that Proceso Montoya has been appointed Executor of the Last Will and Testament of Josefina Montoya, deceased. Anyone having a claim against said estate must file same, and make proof, as required by law, within six months of first publication of this notice, or the same will be barred. Proceso Montoya Executor July 8-29

**In Television Plan**

At last Carrizozo has something to look forward to in case the proposed plans of the Federal communications commission are approved. We'll all be buying television sets.

Thirty-seven New Mexico communities would be allocated television broadcast channels if new proposals of the Federal Communications Commission are approved.

The proposals are subject to public hearing on August 29. Under the plan 42 new television channels would be added to the existing 12. The state now has one television station — KOB-TV at Albuquerque.

The KOB-TV channel operates on one of the 12 channels now in use. They are classified as very high frequencies.

Under the proposed plans the very high frequency channels in New Mexico would be allocated as follows for stations:

Albuquerque, four; Carlsbad: one; Clovis, one; Gallup, two; Roswell, three; Santa Fe, three; Silver City, one.

In the 42 new channels to be added are the ultra high frequencies. They would be allocated as follows for stations:

Alamogordo two; Artesia, two; Belch, two; Bernalillo, one; Carlsbad, two; Carrizozo, one; Chama, one; Clayton, one; Clovis, two; Dawson, one; Deming, two; Farmington one; Fort Sumner, one; Gallup, two; Hatch, one; Hobbs, two; Hot Springs, two; Laguna, one; Lordsburg, two; Los Alamos, one; Las Cruces, two; Las Vegas, one; Lovington, one.

Magdalena, one; Parkview, one; Portales, two; Raton, two; Roswell, two; Roy, one; Santa Rita, one; Santa Fe, two; Santa Rosa, one; Silver City, one; Socorro, two; Taos, one; Tucumcari, two; Vaughn, one; Willard, one.

Mr. and Mrs. Jimmie Lucero and family were in Alamosa, Colorado last week to visit friends. They were visiting Mr. and Mrs. Esequias Cisneros who they had not seen for nineteen years. Fishing was a pleasant pastime while there.

Mr. and Mrs. Orville Luttrell are driving a New Ford from the Lincoln County Motors.

Mr. and Mrs. Truman Spencer Jr. were here from the Block ranch last Monday.

Mr. and Mrs. Dick Jarrett of Clauch and Mrs. Jarrett's sister were here Saturday of last week.

Mr. and Mrs. S. Dewey Stokes of Hot Springs were here last Monday.

Mr. A. N. Spencer was in town on business last Tuesday. A. N. graduated from Northwestern University in June.

Mrs. Elva Wilson was a business visitor in Santa Fe last Tuesday.

Mrs. Osa C. Jones of Hollywood arrived last Monday to spend several days visiting the Herman Kelt family.

Lieut. and Mrs. Chas. Snow and infant daughter left last Tuesday for Memphis, Tennessee, where he will be stationed.

**WARNING**

Warning against entering the Don Ana, Hueco, Cather, Alvarado, Oro Grande and Elwood firing ranges now in use by troops training at Fort Bliss has been issued by officials of the Army post. The firing ranges are in almost constant use and persons trespassing on them will be in danger of grave injury should any firing be in progress. Officials also advise that anyone finding "duds" or unexploded ammunition, on or off the firing ranges, should not tamper with it. Such persons should notify the Post Safety Officer, telephone 31 Paso 5-4613, extension 4225. Qualification personnel will be assigned to dispose of the "duds."

**WE SALUTE** Peggy Wood, featured actress of a long line of musical comedies, operettas and dramas, for her superb job in the new situation comedy "Mama" (seen on CBS-TV Fridays at 8.) Kathryn Forbe's book, "Mama's Bank Account," was the inspiration for TV's "Mama," and Miss Wood, who is an author herself, is ideal for the part. Like the play and film counterpart "I Remember Mama," the story deals with the life of a Norwegian family living in the U. S. about 1910. Video's "Mama," however, is a continuing story with an entirely fresh episode each week. Miss Wood won her first break in show business when she joined the chorus of "Naughty Marietta." Her name jumped into Broadway lights within less than three years and has been shining ever since.

**ROBERT YOUNG**, one of Hollywood's top dramatic actors, moves into a regular radio spot when NBC launches "Father Knows Best" on Thursday evenings early this fall. The story centers around the Andersons, an average American family consisting of father (Robert Young) mother (June Whitley), and three children (Ted Donaldson, Roda Williams and Norma Jean Nilsson). Although the movie audience pegs Young as the breezy sophisticated man-about-town type, he is actually one of Hollywood's most devoted family men. In real life, as the father of four girls, he has reared plenty about family life... and as the father of this masterful make-crow-family observes: "The situations encountered as the head man in 'Father Knows Best' are so familiar that sometimes I think the show is documentary."

**PAIR-HAIRED** Barbra Fuller is one of Hollywood's "Lucky Seven" promising young stars selected by Les Mitchell to appear on "Sippy Hollywood Theater" this summer. Les interviewed new comers on the movie lots to select the "Lucky Seven." His predictions all will reach stardom during the coming year. In addition to Barbra, the group includes Nancy Olson, Marie Windsor, Natalie Wood, Meg Randall, Bobby Driscoll and Michael Kirby. Up to now the show has presented big name film stars only... so Les is giving the "Lucky Seven" a send-off and is confident he has lined up some real winners.

**ONCE MORE** William (Bill) Gargan, well known film star, takes over the role of confidential investigator. This time in a new Sunday half-hour radio show beginning on Mutual in August. Strangely enough, Bill comes by his acting unnaturally for neither his mother nor his father ever graced the stage. The sleuthing, however, comes naturally for his father was a detective and Bill began his career that way. Since Gargan stepped into movies, a number of years ago, he has also portrayed aviators, cops, tough guys, heroes and heels. His new "whodunit" deals with the thrilling adventures of a private detective and a TV version will be announced this fall.

**THE FULL WING** will be a tender for Miss Græthen Munner and Mr. Weyman Hartley at their marriage August 14 in St. Joseph's Catholic church, El Paso. Mrs. Frank Gorman, as matron of honor; mmes. Jenkins, Haupt and Miss Charlie Glen Johnson. Mr. Brazel Hartley will be his brother's best man and groomsmen will be Edgar Dadd, Charlie King and Allen Beck.

**SOCIAL SECURITY** According to the May 1949 number of the Social Security Bulletin, published by the Federal Security Agency, Washington, D. C., the number of recipients of old age assistance for the month of March 1949 in New Mexico was 9127, the total amount paid them during that month was \$319,105, or \$34.97 average. For aid to dependent children, 4888 families received a total of \$267,181, or an average of \$52.67. For aid to the blind 492 recipients received a total of \$10,885, or an average of \$23.06.

**Zoning for Liquor Licenses**

In view of need for additional funds for county purposes, commissioners met for the next fiscal year consider the advisability of zoning rural areas as is done in Bernalillo County. In that county, in Zone I (up to 6 miles outside of city limits of Albuquerque), \$1200 is charged for Dispensers' Licenses, \$600 for Retail Licenses, and \$300 for Club Licenses. In Zone II (five to twelve miles out) Dispensers' Licenses are \$700 and Retail Licenses \$400. In Zone III (twelve or more miles out) Dispensers' Licenses cost \$300 and Retail Licenses \$260.

**State General Fund Balances**

For the year ending June 30, 1949, the State General Fund in New Mexico reached its highest peak in cash balances. According to the State Auditor's report, the amount was \$1,602,164.03, as compared with \$642,229.27 for the previous year and \$520,601.11 for June 30, 1947. The 1949 balance will be needed to meet the increased appropriations made by the last Legislature for the current year.

From where I sit... by Joe Marsh

**Take a Good Look**

I watched the television at Andy's Garden Tavern last Saturday. "Andy," I asks him, "wouldn't the picture be clearer if it were darker in here? How about if instead of that waist-high curtain you have in the window you had a shade for the whole window?"

Andy's a great believer in the Brewers' Self-Regulation Program, whereby tavern owners and the Brewers co-operate in seeing to it that places selling beer and ale are clean and law-abiding—a credit to their neighborhood.

"The television might be brighter," he says, "but then people outside couldn't see in. And that's more important than the television picture to me—because I want people to see I'm not hiding anything. I want 'em to see it's a well-run place."

From where I sit, Andy's got the right idea. Live right, and you'll never have to worry about who's watching.

Joe Marsh

(P.S. Andy changed the position of the television set and now the picture's fine.)

### Bailey-Schulze Vows Solemnized

Vows were solemnized Saturday, July 2, 1949 at 8 p. m. in the garden of her parents' home for Norma Jeanne Bailey, daughter of Mr. and Mrs. Leslie Bailey at 3017 North Plac. and James E. Schulze, Jr. son of Mr. and Mrs. James Schulze Sr., 1602 39th St.

Dr. William H. Wallace, Jr., pastor of St. Luke's Methodist church officiated at the double ring ceremony. Mrs. Hattie Johnson, pianist and Mrs. Eugene R. Shankle, soloist presented a program of nuptial music preceding the ceremony which included "I Love you Truly," "Because," and "The Lord's Prayer."

Given in marriage by her father the bride was attended by her sister, Lowry McKee as matron of honor. Bridesmaids were Miss Blanche McGuffin and Miss Ada Marie Garner; Bob Schulze of Hollywood, California was his brother's best man; ushers were Lowry McKee and Truman Herbert.

The bride's dress of white or organza had cap sleeves, sweet heart neckline and tatted border; skirt was full gathered. Her tiara of white satin embroidered with seed pearls secured the finger tip veil of illusion. Her bouquet was of gardenias and Stephanotis; Mrs. McKee's dress of yellow or gandy featured short sleeves and a peplum over full gathered skirt. Her bouquet was blue and yellow daisies; other attendants wore blue organza and carried arm bouquets.

Mrs. Bailey wore a blue and white sheer with white accessories; the groom's mother wore a navy blue dress. Both of last named ladies had orchid corsages. Mrs. Geo. Goodson of Alamogordo, N. M., aunt of the bride wore a light blue sheer with carnation corsage.

After the reception and the cutting of 3-tiered cake, the bride donned her going away dress. After a wedding trip Mr. and Mrs. Schulze will be at home at 1817 N. Young Blvd., Daily Oklahoma, Oklahoma City, Okla.

Mrs. Bailey will be remembered as the former Lottie Collier daughter of Mr. and Mrs. S. P. Collier of White Oaks; also a grand daughter of Judge and Mrs. Joe B. Collier in the early days of White Oaks. Mr. and Mrs. Goodson returned last week from Oklahoma City where they attended the above wedding. The wedding was a very elaborate social event. The bride is also a niece of Mrs. G. A. Brown of Roswell and Joe B. and Clyde Collier formerly of White Oaks.

Mr. and Mrs. John W. Harkey and son Jack Harkey and wife have returned from a vacation trip to the west coast and the Pacific Northwest.

Carrizozo was blessed with a fine rain Monday. The only thing was it fell so hard and in such quantities that it all ran off and very little moisture penetrated into the ground.

WEEKLY NEWS ANALYSIS

**Atlantic Pact Called War-Breeder; Truman Decries Economic 'Gloom'; Committee Slashes Funds for ERP**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

**TOKYO ROSE TRIAL FIGURES . . .** These figures gave the trial of Tokyo Rose, accused of treason, a new angle when Mark L. Streeter (left) declared that Shigetatsu Tsumeshi (shown at right) was guilty of war atrocities. Tsumeshi, a prosecution witness, assertedly commanded a prison camp on the outskirts of Tokyo where Streeter was a prisoner.

**PEACE PACT:**

**Avenue to War?**  
As he did in the Taft-Hartley repeal fight, Sen. Robert Taft (R., Ohio) would lead the opposition to senate ratification of the Atlantic pact. That is the treaty in which America joins its western allies in an agreement that an attack on any signatory is an attack upon all—and that a signatory nation may take any reprisal steps it deems fit.

**IN HIS SPEECH** to the senate, Taft declared the pact was "inextricably linked" to the rearming of Europe, insisted this would lead to an armament race and pointed out that "armament races lead to war."

Thus did a highly effective senator most coherently raise the question of whether the pact really means peace or war. Taft was not without support in his conception of the pact's potentialities. Five senators jumped to their feet to applaud his remarks, and some 12 or 15 senators were applauding at the end.

This was construed by some observers as indicating the extent of the opposition. Taft was not wholly against the pact, despite his ringing denunciation. He asserted that, even now, he would be willing to change his mind if a reservation could be incorporated into ratification making plain that the treaty did not bind America to furnish arms.

Said Taft: "There is no question that the arms program and the treaty were negotiated together. There is no question in my mind that foreign nations which signed the treaty regarded the providing of arms as an essential part of it."

It was ratify the pact and fail to furnish the military aid, I believe we will at once be accused of repudiation, and the pact will be completely discredited."

**ERP FUNDS:**

**Slash Voted**  
There appeared to be a change of sentiment regarding aid to Marshall plan countries. The senate appropriations committee had voted to slash 10 per cent from second-year funds asked for the activity.

The committee also tied up 50 million dollars of what was left in order to cut Spain in on the European recovery program should the administration see fit. The program would get something more than 3.75 billions. President Truman had asked approximately 4.23 billions. A committee member disclosed that one group within the membership had attempted to chop 12 per cent off the requested appropriation.

Chairman McKeller (D., Tenn.) estimated that the committee cut approximately 740 million dollars from President Truman's budget estimates for actual appropriations in foreign spending, which includes other programs besides the Marshall plan.

The sum voted for the Marshall plan would be spread over the 12 months ending June 30, 1950. This was nearly 210 million more than the house had voted—but the house bill would have permitted expenditure of the fund in 10 1/2 months if necessary.

A committee aide explained to Washington newsmen that unless the loan is made to Spain, the withheld 50 million dollars could not be used for any other purpose.

**RENT CONTROLS**

**Average 9,300 Units Being Freed Daily**

According to recent dispatches out of Washington, rental dwellings have been coming off the control list at an average rate of 9,300 a day since the new rent law went into operation on April first.

Rent officials said, however, that few of the decontrol actions had affected any large metropolitan areas, and that some 14 million units still remained under the con-

**Wrong Job?**

You may be happy in your work and pleased with your occupational niche, but the fellow at the desk or machine next to you may not be.

It is the opinion of Robert C. Woellner, Chicago university professor, that at least half of all adults definitely are misplaced, or could have been better placed if modern vocational methods had been available during their formative years.

Woellner attributes much of the present social unrest, high divorce rate, and high incidence of mental illness in the United States to the many unfortunate occupational choices of its workers.

**U.S. ECONOMY:**

**Truman Concedes**

While there was some measure of contradiction in concept, President Truman, in his message to congress on the economic state of the nation had conceded that recession forces were alive.

However, in a neat bit of linguistic maneuvering, he declared the current situation one in which the national economy was in orderly retreat from a serious inflation. At the same time, however paradoxical the warning might seem, he declared that there could be no "greater economic folly" than an attempt to balance the federal budget in a "declining national economy."

He highlighted the contradiction by adding that such a move would only aggravate the recession forces against which his new policy was directed.

**OF CHIEF INTEREST** in his report was his abandonment of an earlier plan to demand four billion dollars in additional taxes. He lightly dismissed this former policy with the statement: "No major increase in taxes should be undertaken at this time." Instead, he proposed liberalization of allowances for past losses in computing income taxes and increasing estate and gift taxes.

The President's obvious reversal of policy was held to be little less pronounced than the findings of his council of economic advisors on whose report the President's message was based. They found that since January the forces threatening stability had become predominantly deflationary and that the weakening of markets had become general.

**KRUG:**

**A Denial**

Drew Pearson was in hot water again. Generally accused of partial responsibility in the suicidal death of former defense secretary James Forrestal, the newspaper and radio columnist had reported the U. S. interior secretary Krug was very ill with "athlete's heart."

In a letter to Pearson, Krug's physician, Dr. R. Layman Sexton, asserted Krug is completely well and able to do twice the work of the average person.

Wherever one stood on the propriety of Pearson's discussion of the health of top government officials, it would be remembered that several of his reports on the condition of Forrestal's health—originally denied by the navy—were later admitted.

**REUTHER:**

**Still on Top**

With red-thatched Harry Walter Reuther still at the helm, the United Auto Workers union, numbering some million members, could be expected to hold firm in any demands made for wage increases or social benefits.

BRUSHING aside token opposition from UAW's left wing elements, Reuther was elected to a third term as UAW president by a top-heavy majority.

The voting which reelected Reuther was a new triumph for the right-wing forces in the union which catapulted him into office in 1948 and rewarded him with control of the other international offices and the board at the 1947 convention. His new term will expire in April, 1951.

UAW DELEGATES moved into the election of top officers after hearing Leon Keyserling, of President Truman's council of economic advisers, tell them that "as a general proposition the kind of wage policy which will help maintain full employment in this country, and which will maintain our economy on stable levels is one which adds to consumer purchasing power from year to year—because we have the capacity to produce more goods from year to year.

The auto workers union's big fight was with Ford motor company which, in opposing proposed wage rates, offered to peg wages at present levels for a given period, regardless of what cost-of-living developments brought about.

FORD contended the cost of living has gone down and there was no justification for pay raises, basing the argument on the UAW contract which called for pay hikes as the cost-of-living increased. Reuther opposed that line of reasoning, contending that the union's economists have proved, by a survey, that most industries can afford wage increases now.

**MONOPOLY:**

**Clark Agitated**

While President Truman was deploring business generally with his abandonment of any tax-increase proposals, U. S. Attorney General Tom Clark was agitated over the growth of "big" business and urging curbs on "concentration of economic power."

CLARK APPEARED very much disturbed by the situation and let go both barrels in his shots at big business as he testified in a congressional investigation into monopolistic practices.

He termed business monopoly an "economic blackjack" and urged that the federal government get busy doing something about it. He told a house judiciary subcommittee that most people were victims of three erroneous assumptions. He listed them as:

1. Assumption that competition continues to thrive as long as there are at least two or three or four in the field.

2. Assumption that the bigger the producer the better the quality of the goods and the cheaper the price to the public.

3. Assumption that companies become big because they deserve to be big—in other words, that they outdistance their competitors because they do a better job, render a greater service, or furnish better goods.

CLARK DECLARED he did not share any of these assumptions. Continuing his testimony before the committee, he said:

"The fundamental issue is whether the economy of this country is to remain free and competitive, or whether it is to be subjected to private regimentation through monopoly control."

**Under Fire**

**TEXAS 'GAVELIER' . . .** House speaker Sam Rayburn (D., Tex.), calls the house to order as the lower chamber meets in the house ways and means committee room, temporary quarters while the regular chamber was re-roofed and repaired.

As an aftermath of the involved legal proceedings in the trial of Alger Hiss on a perjury charge growing out of spy investigations, Presiding Judge Samuel H. Kaufman, shown here, is under congressional fire. The senator was reported considering a probe of the conduct of the trial.

**BIG STEEL:**

**Strike Pledged**

There was trouble looming in big steel. CIO President Philip Murray had declared after fruitless government-called peace talks that a half-million steelworkers would be called out on strike at an early date.

After conferences with federal conciliation director Cyrus S. Chang, the CIO chief reported a "complete deadlock." The situation was critical.

**DISSATISFIED . . .** Myra Smith, 16-year-old orphan, has filed suit at Wichita, Kas., to change her guardian after charging her present guardian with refusal to allow her to accept music scholarships and other honors and a chance to go to the national camp at Interlochen, Mich.

**INTENT . . .** Ready for her opponent's service, Mrs. Patricia Todd of La Jolla, Calif., is shown as she advanced to the semi-finals in the Wimbledon (England) tennis championships.

**PRETTY COMPETITOR . . .** Miss Jacques-Mercus, 19, French college sophomore, named "Miss Phoenix of 1949," will compete for title of "Miss Arizona" and the right to represent the state in the "Miss America" pageant of beauty at Atlantic City, N. J.

**JEWISH DEAD COME HOME . . .** A longing experienced all through life was realized by 250,000 Jewish victims of Nazi atrocities after death when their ashes arrived in Israel, their promised land, for burial. The ashes, taken from the common graves of Austrian Jews cremated in various concentration camps, were flown to Israel in 30 urns. Here is a view of the urns, contained in a casket, after arrival at Lydda airport, Jerusalem. Religious Jews from all over the city greeted the casket and attended the burial.

**"CONGRATULATIONS JOE" . . .** New York Yankee pitcher Yogi Berra (left) and Yankee catcher Yogi Berra (right) are praising outfielder Joe DiMaggio; off the sick Mat and going strong. Joe, who missed the first 65 games the Yankees played this season on account of a heel ailment, returned to the lineup and smacked five home runs in four days to lead the Yanks in a winning streak. To top it all, he was named for the all-star game.

**BALCONY PANORAMA . . .** The new balcony on the south side of the White House in Washington now is completed and here is what Mr. and Mrs. President will see as they enjoy the evening breezes on the new appendage to the executive mansion. The graceful Washington monument, a slender flinger pointing to the sky, dominates the vista.

LAWN MOWER WITH SELF-EJECTING...

Minneapolis Lady Asks About Waltzing Mouse

BLADES PRESENTS NEW PROBLEMS

By H. I. PHILLIPS

ANSWER MAN

Q.—Miss Sapho Hosley, Cos Cob, Conn., writes to find out if there is such a thing as a lawn mower with self-ejecting extra blades, and if so, where she should throw the old ones.

A.—An engineer in Cleveland, Ohio, is said to have invented a look-sharp-feel-sharp-be-sharp lawn

mower with a pack of 10 blades. We forget his last name, but his first name is Esau. Old lawn mower blades should be thrown off a bridge, never put in a medicine cabinet.

Q.—Edgar Woodbaum of Delaware Water Gap asks, "How many hairs are there on the back of a bee, and is it true a bee likes them parted in the middle?"

A.—There are said to be 234,582 hairs on the back of an adult bee, provided it has never had dandruff. Drones part their hair in the middle. Busy bees have no time to bother about such things.

Q.—A lady in Minneapolis asks: "How many turns does a waltzing mouse make per minute, and is food a factor?"

A.—According to the last quarterly report of the Waltzing Mice Research Bureau, these creatures average three turns per second. This is sometimes slowed down by mice cutting in during the waltz. A pastry diet is bad, too.

Q.—A mother in Hoboken, N. J., asks: "Is it true that tattooed women are barred from Miss America contests?"

A.—No, but there seems to be no demand for them. The rules are, however, very broad. A woman in Derby, Conn., dyed her skin red, white and blue, and only lost the victory in a Miss Barber Pole of 1948 contest by three lengths.

Q.—A seamstress from Tallahassee, Fla., writes to ask: "Can cornsilk be used to stuff a sofa?"

A.—Yes, cornsilk can be used, and it is good fun, too. Short lengths of cornsilk make it more exciting. Golden Bantam corn is best. Some people have done wonders stuffing sofas with lint collected from black pants.

Q.—A man in Baltimore, Md., asks: "Will a halibut live in captivity, and where can halibut bowls be bought?"

A.—A man named Krosshlemovitchsky in Butte, Mont., once kept a male halibut in the bathtub of his home for seven months under the impression it was a salmon. The barracuda is preferred as a house pet if what you want is adventure.

Q.—A young woman in Houston, Tex., wants to know who invented the clamrake?

A.—I'm glad she asked that question. The curator of the International Clamrake Museum and Oyster Fork Institute says it was designed by an Englishman named Zilch, patented by two Frenchmen and built by a Canadian clam trapper. This makes it a Russian invention. (Send in your questions to our answer man and get the important facts of life cleared up so you can go on about your duties.)

UNREST ON CRUSOE'S ISLAND

("Unrest is reported sweeping Robinson Crusoe's island in the South Pacific.")—News item.

Crusoe—Friday, you don't seem co-operative today. What's wrong? Friday—I've been Friday long enough. I wanna be Thursday. Crusoe—Why?

Friday—It shortens the week. Crusoe—Come, come, you must be joking.

Friday—Not at all. I may even want to make it seem shorter by having my name changed to Wednesday.

Crusoe—We're the only two men on this island. We've been getting along famously. You've been my right-hand man.

Friday—Yes, but I feel a pull to the left.

Crusoe—Not here, surely. We've been very happy together, have we not?

Friday—There must be a capitalistic plot behind it somehow. I'm so happy it must be wrong, one way or another.

Crusoe—Now run along and fetch me some coconuts.

Friday—There you go exploiting me!

Crusoe—Look, we are both in the same boat. How could one exploit the other?

Friday—If I had a copy of the Daily Worker I could tell you. This island is so remote I don't even get Pravda.

THE GLORY WAY

NOW that the Christ is risen, Now with the darkness gone, The road lies out before us, Upward, and on and on.

There are His sandal footprints, There is His form ahead, Straight and strong and compelling, The Christ that they left as dead.

Nothing can dim His glory, Nothing can stay His feet, And countless are they who follow Him down each lane and street;

And I would be one among them, Along the Glory Way; I would arise and follow The risen Christ today.

Star Dust STAGE-SCREEN-RADIO

BY INEZ GERHARD

ALTHOUGH she now has three network programs on the air, ("Kate Smith Sings," "Kate Smith Speaks," both on Mutual, and her two-hour "Kate Smith Music Room" on ABC.) Miss Smith can sit down and talk with you as if she were just a comfortable, homey woman who knew a lot about cooking and housekeeping.

KATE SMITH

Unlike many of radio's women stars, she is not so obsessed by her own career that an absent-minded look comes into her eyes whenever anything else is mentioned. Perhaps it is that warm, human quality that makes her the most listened-to woman on the air.

When selecting "The Ten Outstanding Voices in the World" the National Academy of Vocal Arts named Ben Grauer's as the "Most Authoritative" and Dan Seymour's as the "Friendliest," because of its warmth and complete naturalness.

Production halted momentarily when Jean Dean walked onto the "Angels in Disguise" set at Monogram-for-her-featured role in the latest of the Bowery Boys series. Leo Gorcey, Huntz Hall and the crew could hardly take their eyes off the gorgeous red-head, who was the original Varga girl model. Formerly under contract at MGM, she plays the feminine lead in "Angels."

Realizing during their travels that the traffic situation is becoming worse everywhere, the March of Time editors decided to do something about it. They consulted experts, got solutions and recommendations and "Stop-Heavy Traffic" is the result. It shows how bad traffic can be, and the methods used by some towns to work out the problem.

The Fiction GREAT MAN

By Richard H. Wilkinson

IF PROFESSOR AARON CHESWICK was famous he was not aware of it. He was too busy with his experiments in the field of chemistry, with teaching the undergraduates of Mappleidge College

3-Minute Fiction

the rudiments of elementary science, with writing papers and books in which he set forth (in an almost apologetic style) the results of his experiments, and with reading avidly the works of such great scientists as Mons. Oliver Davillier and Senor Alfredo Valle Indan, both of whom had long ago won his respect and admiration.

He was an unpretentious looking little man, this Professor Cheswick, with pale blue eyes and horn-rimmed glasses and a pasty complexion. He wasn't one to attract attention or to assert himself. He went about with a perpetual far-away look in his eyes.

There came a time when a problem presented itself that challenged his skill and knowledge. He labored over it for days. The days became weeks and the weeks months. At last, worn and haggard, the little man was ready to admit defeat.

Time after time he returned to it, only to find himself defeated. He visited every library within miles, read every book by Davillier and Indan, as well as other great scientists that was available, but without finding the answer.

In the end Professor Cheswick had an idea. It was summer. He needed a vacation. Why not take a month off, visit Europe and perhaps call on Davillier and Indan and ask them personally to clear up the matter that so burdened his mind?

A week later Professor Cheswick sailed for France. The little school teacher was a lonely figure. He struck up a few acquaintances. He wasn't the type to attract people. But he enjoyed the trip. This was something he had never done before.

He was glad when the boat docked. Eagerly he looked ahead to his meeting with Mons. Davillier. But alas! The next day Professor Cheswick learned that Mons. Davillier had gone to America for his summer holiday and was not expected to return for another month.

The little scientist was depressed and disappointed. His time was short. Madrid, where lived Senor Indan was a long way off. Yet it could be reached, he thought suddenly and excitedly, by plane in a very short while.

HE WAS DELIGHTED to learn that Senor Indan was in Madrid. Yes, it was difficult to obtain an

interview with the great man. He was constantly being pressed for interviews. What was it the American wanted to see him about? A problem? Ah, yes, Senor Indan was requested to solve so many problems.

It was very, very doubtful if he would grant an interview for such a slight matter. However, if the American would care to take his chances, Senor Indan was to appear at a reception on Tuesday night. Possibly there would be an opportunity to ask his question.

Professor Cheswick attended the reception. He stood in line for hours, a quiet, unassuming, unimportant looking little man, waiting for his chance to speak to the great Senor Indan. It came at last. At last the Mappleidge school teacher and scientist stood before the man he respected more than anyone else in the world.

He was so overcome by awe that for a moment he just stared. Senor Indan frowned impatiently and Professor Cheswick found his voice. He stated his question. The Senor's brows arched in surprise.

"An unusual question, Senor," he said. "Frankly, I cannot answer it. There is only one man in the world with enough knowledge and learning to find the answer. He is one of your own countrymen. My good friend Mons. Davillier is at this moment in America seeking an interview with this wizard whom the whole scientific world respects and admires, yet who is so absorbed in his work that it is difficult to persuade him to appear in public. I refer to Professor Aaron Cheswick of Mappleidge college."

AROUND THE HOUSE

Polishing Stove Before blackening or polishing a stove — especially if rust is present — go over it with sandpaper or emery cloth. If grease is on the stove, rub it first with a raw onion and then with newspaper.

Onion Odor To eliminate the odor from a kitchen knife that's been used to cut up onions, hold the blade over the flame of a match. Don't hold it too long, though, and don't hold

it over a gas flame because prolonged intense heat will spoil the temper of the blade.

Defrosting Refrigerator To speed up the defrosting process in your refrigerator, remove the ice from the trays, fill them with boiling water and put them back in the freezing compartment.

Steadily increasing number of  
Futuramic Oldsmobiles are roll-  
ing off the assembly lines at Lan-  
sing, Mich. and at six other  
General Motors assembly plants  
in the nation. S. E. Skinner, vice-  
president of General Motors  
Corporation and general manager  
of Oldsmobile announced today

Mr. Skinner pointed out that  
last month's total of 27,432 new  
Oldsmobiles was the third highest  
tally in the history of the Division.  
This was only slightly fewer  
cars than were produced in April  
1941 when 27,564 units were built.  
The all time Oldsmobile monthly  
production record was set in Mar-  
ch of the same year, when 28,445  
new Oldsmobiles were assembled.
