SHEPARD WANTS DISPLACED RANCHERS' CLAIMS SETTLED FIRST

Santa Fe, Feb. 24— Position of the State Land Office regarding the proposed taking of further acreage by the Army in South-Central New Mexico was outlined today by Land Commissioner Guy Shepard. He said the Land Office did not desire to negotiate on the transfer of additional State acreage until settlement of claims of the ranchers who will be displaced.

Next move by the Army will be to seek an adequate appropriation from Congress to remunerate these families satisfactorily. As presently proposed, this settlement is to be on a ranch "unit" basis rather than by acreage alone.

Used for rocket tests and bombing practice, the Alamogordo-White Sands reservation will comprise some three and a half acres in total if the presently proposed expansion is effected.

Around 325,000 acres of State Land already has been taken over by the military for this reservation, Shepard said.

"And it now appears likely that we shall lose at least 95,000 more, under plans recently outlined by Army spokesmen in conferences at Alamogordo and Albuquerque."

He said that when negotiations for this additional State land were started, he would suggest two plans. Under one of these, the state would be compensated by the transfer of satisfactory acreage of equal area from one or more of the New Mexico tracts now owned by the Federal government.

"Under the alternate plan, the Government would pay cash for the State land taken," Shepard said. "But we shall ask that this acreage revert to State ownership if and when the Army no longer needs it."

Mr. and Mrs. Roy Richard and little son, Ronnie were in from the ranch last Saturday.

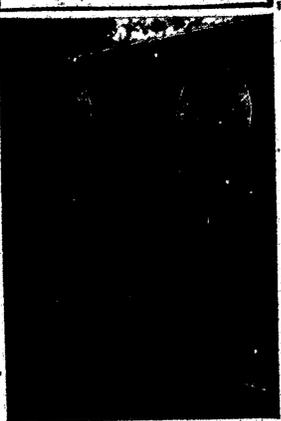

Mr. Carroll Johnson was here from Three Rivers last Saturday to visit his brother P. E. Johnson and other relatives.

A letter from Mr. and Mrs. John Hein who moved to Manitowish, Wis., several months ago states they like their new home, but there is "no place like New Mexico". Mrs. Hein is the former Agnes Degner.

The State Game Commission met in Santa Fe the 21st to set seasons and bag limits for hunting and fishing. At this meeting discussion was held concerning the closing of Bomito Lake as a public recreation spot. Recently the Railroad company published a notice desiring to close the lake for public use.

R. A. Crenshaw is at home from Mexico City, where he went several weeks ago in connection with the Hoof and Mouth disease prevention measures.

Second Annual Fiesta To be Presented by the Hondo High School

The Hondo High School students are now entering into the final stages of rehearsals for their famed Fiesta. The Fiesta, the annual highlight of the school's social year, will be held in the Hondo gymnasium on February 28 and March 1, in accordance with ancient tradition which makes Carnival the last social event before Lent.

Costuming for the authentic Mexican dances is nearly completed and the dancers are adding new numbers to those so much enjoyed by last year's spectators. Among the added features are old-time New Mexican songs and dances as well as dances of the Chiapas and Michoacan regions of Mexico.

The program will begin promptly at 7:30 on both nights and tickets may be either reserved for one dollar or purchased at the door for 50 cents. Tickets for the public dance which closes the celebration on March 1 are one dollar. Those who expect to attend are urged to come early.

VETERANS MUST SUBMIT 1948 FARM EARNINGS

Veterans taking Institutional On-Farm Training under the GI Bill must submit reports of their 1948 earnings to V A Regional Offices by March 1, 1949, in order to continue receiving subsistence allowances VA said.

Failure to submit the reports before the deadline may result in suspension of subsistence payments until such time as the reports reach VA.

The reports -- covering income from productive labor only, for the calendar year 1948 -- will be used by VA as a basis for adjusting each veteran's subsistence for the current year (1949).

Under the law, subsistence allowance will be reduced if a veteran's monthly income from productive labor plus his subsistence exceeds \$210 a month if he has no dependents, \$270 if he has one dependent, or \$290 if he has more than one dependent.

The annual earnings report is based upon farm accounting records kept by the veteran farm-trainee as part of his course of instruction. In the case of a veteran operating a farm for himself under the training program, income from productive labor, is computed by deducting from his yearly net farm income (1) the interest on his capital investment and (2) an amount for unpaid family labor, and by adding an estimated value for family living furnished by the farm.

His net farm income is derived from the difference between inventories at the beginning and end of the year and from a detailed account of all receipts and expenditures in connection with his farm business.

A veteran taking his training from an employer-trainer, on the other hand, reports as compensation for productive labor a 11 wages received, whether in cash or in kind.

Veteran-trainees received necessary VA forms (Form No. 7-1922) early this year.

As a part of their course of training, they receive assistance from their instructors in closing their books for the past year, and in transferring data to the VA form.

On December 31, 1948, a total of 967,433 veterans were enrolled in Institutional On-Farm Training courses under the GI Bill. Ninety-one per cent, or 243,886, were operating their own farms.

MONROE YANDELL

Mr. Monroe Yandell passed away Wednesday, February 9th, about 12 o'clock midnight. He had been in failing health a number of years; last November he became much worse, so his family moved him to Miami, Arizona, to the home of his daughter thinking the change of climate would be beneficial. He became worse, and it was decided to move him to the home of his son Berl at Cambray. This too was of no avail. He grew steadily worse until death claimed him.

Had he lived until March 6th he would have been 62 years old. He came from Oklahoma to Oscura, with his family in the fall of 1937 and had resided there the past 12 years.

Besides his wife, Hattie he leaves to mourn his passing, his son Ernest of Corona; a twin son and daughter, Berl of Cambray and Merile, Mrs. S. J. Mullins, Miami, Arizona, and ten grandchildren. Also a host of friends as was evidenced by the many beautiful flowers that covered his casket.

pall bearers were friends of the family.

He was laid to rest in the beautiful cemetery at Deming, Friday February 11 at 4 p. m.

He was a good man, a good friend and a kind neighbor who will be missed by everyone.

FRENCH GIFTS EXHIBITED IN ONATE HALL

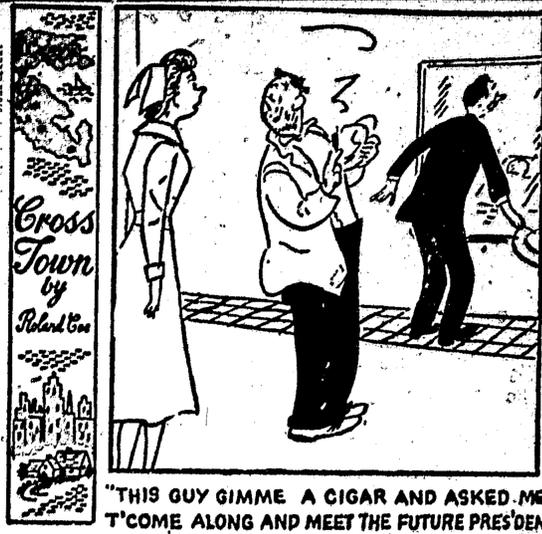

The gifts presented to New Mexico by the people of France, which arrived in Santa Fe in the New Mexico car of the Merri Train, were displayed to a constant stream of visitors in Onate Hall in the Campus of St. Michael's college last week.

Placed on exhibition Thursday evening the multitude of gifts, which ranged from large paintings down to small examples of French craftsmanship in glass and metal, gave expression of the gratitude of the French people for the gifts presented to them through the medium of the famed Friendship Train.

Through the cooperation of Bro. Benlilus, college president, the facilities of Onate Hall were made available for the Santa Fe exhibition. At the completion of the showing the gifts, which number in the hundreds will be distributed throughout the state to schools and museums where they will be permanent reminders of an unusual example of friendly international relations.

Drew Pearson, famous journalist and radio commentator, the originator of the Friendship Train idea, was in Santa Fe for the ceremonies connected with the arrival of the Merri Train in New Mexico.

Mr. and Mrs. Poulson of California arrived Monday of last week to assume the duties of Mr. V. O. Elkins in the S. P. Signal Department. Mr. Elkins having been transferred to Tucson, Arizona.

Household Hints

Bread crusts, left over after the preparation of certain dishes, should be dried and made into crumbs, then stored in the refrigerator in a covered jar.

Baked potatoes should be carefully timed in baking and promptly served to avoid the loss of this vegetable's valuable vitamin C.

A coat of spar varnish applied to wooden drain boards in the kitchen will provide an extremely durable finish.

When making clothes for children, buy an extra card of matching buttons for each garment. Such buttons are priceless when it comes time to replace lost buttons.

Few patterns for little girls call for a placket opening into the skirt; but a sash just can't pull in and conceal excessive inches of dress material—a zipper in a placket and two waistline darts, front and back, will make a surprising improvement in the fit and appearance of the garment.

Cream whips best when it is very cold, but egg whites whip best when they are at room temperature —70 degrees fahrenheit.

Dynamite Is Magic Worker on Farmland Must Be Carefully Used to Prevent Harm

Dynamite is the Paul Bunyan of the modern farm. Like the make-believe, giant lumberman who could uproot trees and do other remarkable things, explosives, properly and carefully used, can perform scores of labor-saving tasks about the farm, according to F. S. Eldred, manager of the explosives and powder divisions, Olin Industries, East Alton, Ill.

Farmers today are finding they can save much labor and time in digging ditches, blasting out stumps, making post holes, cleaning out water holes and even planting trees by the use of explosives.

"But caution is the watchword," he warns. Like fire, dynamite is an excellent servant and a terrible master. When the farmer uses it with full knowledge of the great labor-saving work it can do, as well as the fearful damage, he has a giant farm hand who can almost perform miracles."

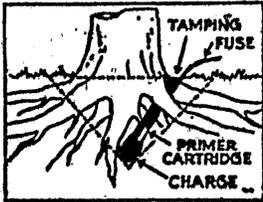

Figure 1

Stumps are a bugbear to farmers. Each is a problem in itself. The farmer must study the type of stump, whether it has roots that run along just under the ground, or has great tap roots. Then he must carefully plan how to blast out that stump with dynamite. Again "caution" is the watchword. If not sure, the farmer should consult an explosives expert. But the typical way to blast a stump is to place the dynamite as near as possible under the center mass, or under the larger roots. If there are two large roots, it may be necessary to plant the explosive under both.

Figure 1 shows the proper way of loading to remove an evenly rooted stump. The charge is under the center of the stump.

Sometimes there are stumps with central downward roots, called tap roots. In such a case as shown in Figure 2, the charge is

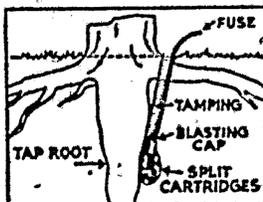

Figure 2

placed down alongside the tap root on the side that will bring it as near as possible to the center of the stump.

Another great labor-saving task can be performed with dynamite. That is the digging of the ditches. Dynamite can be easily carried through the woods, swamps and other country impossible to horses or machines and, once there, can quickly do more work than dozens of laborers or several machines.

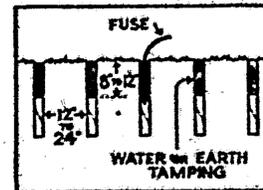

Figure 3

But always the words "safety-first" must be kept in mind. The farmer should know his explosive, know the type of soil in which he is operating and should not trust his own judgment. If there is ever any doubt, he should consult an expert.

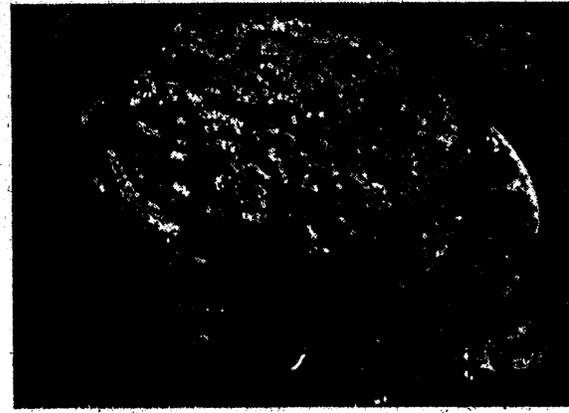

Ditches are dug by dynamite not by placing one charge, blowing out a hole then using another charge. Figure 3 shows the dynamite planted stick by stick at regular intervals so that whole sections are blown out at the same time. In this way, the earth does not fall back

Knowledge Is Valuable To Those Purchasing Eggs

U. S. department of agriculture marketing specialists report that knowing where to buy eggs and how to keep them are the only two ways that consumers can be sure of having a quality product at all times.

The homemaker's first step in this direction is to buy from retailers or wholesalers who keep eggs under constant refrigeration until used.

Oven Magic
THERE IS NOTHING more warming to cold spirits than to come from the chilly out-of-doors into a kitchen fragrant with the baking of fruit desserts. These, served warm with cream, make a very special finish to the ending of a meal.

Homemakers will appreciate being able to use the oven for more than just the main dish and vegetables. When you bake your dessert along with the meal, you save time and last-minute preparation.

THIS SPECIAL rice pudding has much to offer since it's combined with tasty apples and a delicate butterscotch meringue as topping.

Apple Rice Pudding (Serves 6-8)

- 1 cup uncooked white rice
- 6 medium apples, thinly sliced
- 1 teaspoon salt
- 1 cup sugar
- 1 teaspoon cinnamon
- 3 cups milk
- 2 egg yolks
- 2 egg whites, beaten
- 4 tablespoons brown sugar
- 1 teaspoon vanilla

Wash rice and cook in saucepan with 1 quart boiling water and 1 teaspoon salt for 10 minutes; drain. Place half the apple slices in a buttered 2-quart casserole. Blend together salt, sugar and cinnamon and sprinkle 1/2 of the mixture over apples; add 1/2 of the rice and the remainder of the apples and sprinkle with second 1/2 of sugar mixture. Top with remaining rice and sugar mixture. Pour in milk which has been blended with beaten egg yolks. Cover and bake in a slow oven

(300° F.) for about 2 hours, stirring occasionally, adding extra milk as needed. Uncover and cook 30 minutes longer to brown. To make meringue pudding: beat egg whites until they peak; add brown sugar, a tablespoon at a time, beating between each addition and continue beating until very stiff. Fold in vanilla. Spread on pudding and return to oven for 20 minutes or until lightly browned. Cool. Serve with a jug of cream.

LIKE THE ABOVE pudding, this next one uses apples, too, and has a buttery brown sugar topping with a hint of spice:

Raisins Apple Pudding (Serves 10)

- Batter:**
- 3/4 cup seeded raisins
 - 2 1/2 cups sifted all-purpose flour
 - 1 teaspoon salt
 - 4 teaspoons baking powder
 - 1/2 cup granulated sugar
 - 5 tablespoons shortening
 - 1/2 cup milk
 - 2 eggs
 - 2 cups thinly sliced cooking apples
- Topping:**
- 1/2 cup melted butter or substitute
 - 1/2 cup brown sugar (packed)
 - 1 teaspoon cinnamon
 - 1 teaspoon nutmeg

To make batter part, rinse raisins and chop. Sift together, flour, salt, baking powder and sugar. Work in shortening. Add milk and eggs, beaten together, and mix well. Stir in raisins and apples. Pour into a

well-greased baking pan (about 10 1/2 x 7 x 2 inches). To make topping, blend all ingredients together and spread mixture evenly on batter. Bake in a moderately hot (375° F.) oven 35 to 40 minutes. Serve warm with plain or whipped cream.

PLAN TO SERVE your family prunes frequently as they are economical, delicious and nutritious.

A good source of iron which builds red blood, as well as an excellent supply for thiamin, vitamin A and riboflavin which help safeguard health, prunes should find a welcome place in menus.

Prune Bread Pudding (Serves 6)

- 4 slices bread, buttered if desired
 - 1 cup sliced, stewed prunes
 - 2 eggs
 - 1/2 cup sugar
 - 1 1/2 cup (1 can) evaporated milk
 - 1 cup boiling water
 - 1/2 teaspoon salt
- Dash of nutmeg or allspice
- Lay bread in a shallow baking dish. Cover with prunes. Beat eggs until foamy. Add 1/2 cup of the sugar, milk, water and spice. Pour custard over prunes. It should be rather foamy to brown nicely. Bake in a slow (325° F.) oven until set, about 1 hour. Remove from oven. Sprinkle with remaining 1/2 cup sugar and set in a hot oven or under broiler just long enough to brown. Serve warm or cold.

Peach Pie Crust (Serves 6-8)

- Crumb Shell:**
- 1 cup finely-rolled corn flake crumbs
 - 2 tablespoons granulated sugar
 - 1/4 cup melted butter or substitute.

Filling:

- 1 tablespoon plain gelatin
- 1/4 cup cold water
- 1 1/2 cups sliced canned cling peaches
- 1/2 cup syrup from peaches
- 1/2 cup granulated sugar
- 2 eggs
- 1/4 cup lemon juice
- 1 teaspoon grated lemon rind
- 1 cup cottage cheese
- 1/4 teaspoon salt

Crumb Shell: Blend corn flake crumbs and sugar. Add melted butter and mix well. Pack firmly into bottom and sides of 8-inch pie pan. Chill thoroughly.

Filling: Soften gelatin in cold water. Heat peaches; syrup and 1/4 cup sugar. Beat egg yolks slightly and add gradually to heated mixture without stirring. Continue to cook and stir until slightly thickened. Dissolve softened gelatin in hot peach mixture. Blend in lemon juice and rind. Cool. Force cottage cheese through sieve and add to peach-gelatin mixture. Beat egg whites until foamy, add salt and beat stiff. Gradually add remaining 1/4 cup sugar, beating after each addition. Fold into peach-gelatin mixture. Pour into crumb shell and chill 3 to 4 hours before serving.

Chicken salad looks elegant when garnished with apricots rolled in toasted coconut, topped with whipped cream and a cherry.

Raw cauliflowerets tossed with shredded raw carrots, blanched almonds and lettuce hearts in mayonnaise are crisp and delicious.

Garnish individual salmon salads with notched cucumber slices, marinated green beans, tomato wedges. Luncheon meat rolled with a filling of finely shredded carrot mixed with mayonnaise may be used with any vegetable salad.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: "When we moved into our apartment, we purchased from the previous tenant the inlaid linoleum on the kitchen floor. The quality is excellent, but the color is a dirty gray-green in a marbled pattern. Is there any product which will stain or dye the linoleum (not paint) so that we can get a deep blue tone and still retain the marbled effect?"

ANSWER: I do not know of any stain or dye for that purpose. But you may be able to get the effect that you want by stippling in two colors, or else by applying a "spatter-dash" finish. For the stippling, first cut a large sponge in half. Apply an oil floor paint of the background color that you wish on the floor. When this has dried, paint a section of clean board with a second color that you will use for stippling, press the flat, cut side of the sponge on this fresh paint, and then press this on the linoleum. The pattern of the cut sponge thus will be transferred to the floor.

For a spatter-dash effect, use a stick and a brush with a rather long bristle. Dip the brush into the paint and wipe off the excess. Strike the brush ferrule against the stick so that the paint will come off in drops on the floor. (The floor should, already be painted with the background color.) Try these methods first on pieces of boards to get the knack. See that the linoleum is absolutely clean and dry before you start to paint, so grease or wax.

WAFB, ROSWELL DONATES \$3,500.12 TO MARCH OF DIMES

Hq. 509th Bomb Wing (M) Walker Air Force Base military and civilian personnel contributed the unprecedented amount of \$3,500.12 to the 1949 "March of Dimes" fund campaign, more than a thousand dollars above last year's record high of \$2,227.07.

"Results of the campaign," Col C. S. Irvine, Commanding Officer of Walker Air Force Base, stated, "have been most gratifying and far exceeded expectations."

That the men and women of Walker look upon the Polio Foundation with high regard is evidenced by the fact that his this year's drive netted an increase of \$1,227.07 over last year's campaign.

Top honors go to the Maintenance and Supply Group again this year. Captain John H. Owen's Sup-

porting 1948, 1949, 1950 with \$838.28. Last year the high was \$500. from the Maintenance Sq. During the 1948 'March of Dimes' campaign, Walker Air Force Base Roswell, was high among the 8th Air Force Installations.

SULLIVAN NAMED BY S. F. TO TOP PERSONNEL POST

Retirement of John G. Torian as manager of personnel for Southern Pacific in six western States, appointment of John J. Sullivan as his successor, and advancement of Wm. D. Lamprecht to first assistant manager, all effective March 1, were announced by the Railroad. Torian's 42 years of continuous service with Southern Pacific began on the company's lines in Texas and Louisiana, and included a leave of absence in 1927 to serve on the National Railroad Adjustment Board. He has been manager of personnel since the post was created in 1939.

Sullivan has been with Southern Pacific nearly 45 years, serving on practically every division of the railroad's western lines. In World War I he was a captain in Army Railway Transportation Service in France. He has been first assistant manager of personnel since 1941.

Simplified Controls Assure Driving Ease

In its 1949 models Chevrolet has relocated driving controls in a manner that promises appreciably to add to the safety and pleasure of driving. Dials are grouped around the face of a jumbo-sized speedometer. The starter button is on the panel together with light switches and ventilation controls. Also relocated is the handbrake, now conveniently placed at the right of the steering wheel under the dash. Notable in this view as well is the exceptional visibility offered by wider, deeper windshields.

NEW MEXICO NOTES

From A Wheel Chair
By: Katherine B. Mabry

Now with some three weeks to go the state legislature is really putting in some long hours and hard licks. Work in committees is straining the nerves of some of the members; but it is usual for the last weeks of any session of any legislature I am told. Hard words pass but they are not always meant to be hard words and are seldom remembered as such. Good and solid friendships are rarely broken beyond the repair stage in legislative halls.

There are some difficult problems to solve, many of them with two sides of good argument. Reapportionment for legislative representation is one of them, and should, and certainly will, be done.

It is well known how the Governor feels about the desirability of reapportionment of the state for legislative purposes. He spoke calling the present out-grown plan of representation "indefensible". Now that the one measure which drew so much opposition is out of the way it is hoped that something can be gotten which will take away the justifiable resentment to "taxation without representation", as the old apportionment has been called. There ought to be a rational relationship between tax values, population and law-making representation. The Democratic organization and the Democratic legislature it

Taste-Teasers

"The way to a man's heart—"
By NANCY COOK

Alice Faye

Alice Faye, who co-stars with her famous husband on NBC's "Phil Harris-Alice Faye Show" is a mighty busy lady on Sunday, the day of their broadcast. For the Harris like to entertain, and they often bring home friends for a Sunday night snack after the show. Alice's pancakes bring so many requests for a repeat performance, we urged her to share her secret with us and with you. We tried the pancakes on our man the other night and now he is telling all his friends at the office that the little woman is a "star" cook.

STAR PANCAKES

Mix one-half cup of flour and three fourths cup of milk until smooth. Add a pinch of salt and the yolks of four eggs. Fold in the whites of the four eggs which have been beaten stiff. Pour into well greased very hot skillet, allowing about three tablespoonsful to each pancake. When slightly brown, flip over and put into hot oven four minutes. Serve with jelly, jam or syrup.

I have a new salmon "Teaser" which you who like to snack it with your evening guests will want to present socially as soon as you have a chance. It's a thrifty, easy-to-fix snack, but with a thrift so toothsome that the family may even suspect you of overstepping the food budget.

SALMON SNACK

Flake an 8-ounce can of pink salmon (it's a little cheaper but just as tasty as the red) and combine it with 2 tablespoons each of chopped pitted ripe olives and green olives, 3 tablespoons of mayonnaise, salt and pepper. Use as a filling for celery sticks, or serve on crackers.

Jams and jellies satisfy eager appetites and "dress up" even the most ordinary meal or snack. Until the other day I relied entirely upon the numerous sweet spreads you find in the stores. It never occurred to me to put up my own, for my early memories of mother's jam making left the impression that it was a rather tedious process. Then I came across a recipe using powdered fruit pectin and quick-frozen strawberries. It takes a few minutes to make about three 6-ounce glasses of the most delicious rich-flavored jam you ever tasted.

HOME MADE STRAWBERRY JAM

Thaw a box (1 pound) of quick-frozen sweetened sliced strawberries as directed on the package. Place in large saucpan. Measure 1 1/2 cups of sugar and set aside. Put saucpan holding fruit over high heat. Add 3 tablespoons of powdered fruit pectin (mix contents of package thoroughly before measuring). Stir until mixture comes to a hard boil. Add sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim, and pour into glasses. Paraffin at once.

Cooking tip from Penny Singleton, better known as "Blondie" on NBC Wed. nights... next time you open a can of chicken soup, try adding some fresh cooked or canned spinach. Looks pretty... tastes good.

Cut out these "Taste Teasers"—paste on card for recipe file.

Pamper your Buick?

You bet we do!

YOU touch the starter—and your car wakens with an expectant purr. You touch the gas treadle—and off you sweep, on a wave of buoyant power. Minutes, miles tick past, with a lift in every one of them...

A dream, you say?

Not for a Buick. Not for your Buick, if it's kept always at its brilliant best—by Buick specialists!

We have nothing but Buick specialists in our service department—men who know the heft and feel of every wire, washer or widget under a Buick hood, without looking.

When they do a tune-up or repair job on your Buick it's more than just a scientific, thoroughgoing, conscientious piece of work. They'll baby it a bit—and on the road you'll feel the difference in their craftsmanly touch.

This priceless kind of care costs you not a penny more. In the long run—by keeping your Buick always a Buick—we save you money!

HOW WELL CAN YOU SEE?

Headlights dim or discolored? Let us give you easier, safer night driving with a new pair of low-cost Sealed Beam units.

In addition, we'll line up the headlamps—check generator-charging rate—inspect voltage regulator—clean battery terminals and cables.

seems to me has a definite responsibility here. I enjoyed greatly the good fellowship and non-partisanship shown at the reception the Governor and I gave for the Senators and their wives on Tuesday, followed by a like reception for the larger body, the House membership and the wives (and husbands), on Thursday of this week. Although in my wheel chair I was able to meet and visit with all of the guests and was delighted to have them with us for both evenings. A fine group of men and women—and they seemed to have left their troubles and politics at home.

What appropriations will be made for the various institutions and from what source the money is to come in occupying the minds of the committees just now, if indeed, it is not taking top place in the thinking of all members.

It would be splendid if the capitol building fund which has been left accumulating and untouched the last two years, and amounting, I understand, to something over one and one-half million dollars now, could remain intact, and also if the savings which we are told by the finance experts will amount to an additional million and a quarter dollars by July first when the new business year starts could remain unused to add to this building fund.

Of course, with all the demands now made for money for present operations it may be hard to hold on to all of this fine nest egg against the day when a new capitol building will be an absolute necessity. Even though it may have to be built a section at a time, it might be well to think about this

method of construction as more desirable than none at all. It would be wonderful if we could get a new capitol in the next few years built wholly from savings under our well working budget system without imposing new taxes for it. I should think that nearly three million dollars thus saved up to now, could be considered a good start in this direction.

FUTURE FARMERS RODEO AT SANTA ROSA IN JUNE

Plans are now being made for the
second annual State Future Farm
ers of America Rodeo which will
be held in Santa Rosa, June 24th,
25th, and 26th. Last year over
twenty-five hundred people saw 87
boys from 17 different F. F. A.
Chapters through out the State
compete for prizes. First prize in
each event will be either a quarter-
horse yearling or a better calf,
donated by the ranchers of Guada-
lupe county. The best all-around
cowboy of the show will be awarded
a Hobbs two-horse trailer and
the runner-up will receive a hand
tooled roping saddle. Other prizes
are donated by business concerns,
makers of western clothing, etc.
The top rodeo officials in the state
donate their services for the show.

Entries are limited to high school
boys who are members of the Fu-
ture Farmers of America Organiza-
tion. At their convention last sum-
mer the State Organization design-
ated the Santa Rosa Rodeo as the
Official State Rodeo. Indications
are that a much larger entry list
is to be expected this year.

BACKWARD GLANCES

**49 YEARS AGO FROM 1909
CARRIZOZO NEWS**

The El Paso and Southwestern Railway has just closed a contract with a Michigan pipe company for the largest single order of pipe ever given. It is to furnish the railroad company with 72 miles of wooden mains ranging from three to eleven inches, inside diameter. And in order to fill the contract will run 24 hours per day for four months. The piping is to be used to supply trains along the line north of Carrizozo. The pipe will withstand 130 pounds of pressure to the inch. One thousand tons of steel bands and one thousand tons of asphaltum pitch will be used in connecting the pipe. The trench in which the pipe is to be laid, has been completed as far as Duran--70 miles from Carrizozo.

The latest is that New Mexico is to have the biggest dam in the world. Territorial Engineer Sullivan reports that the Gila Farm company, in Grant County contemplates the construction of a monster dam, three times the height of Elephant Butte project, and more than three times the size of the Asuan dam across the Nile, making it the largest reservoir in the world. Nothing small about that. As Captain Fleming of Silver City claims: "Grant is the best county in New Mexico, and Silver City is the best city in Grant county".

The bill providing that 320 acres can be filed upon for a homestead in certain states has passed Congress and is on its way to the president for his signature, according to a telegram received from Washington today.

Robert Hoffman who was injured in a wreck near Ancho last week, has returned from the hospital. Bob received some severe bruises, but is now around as if nothing had happened.

**30 YEARS AGO FROM
CARRIZOZO OUTLOOK**

The Senior and Junior high school classes of Carrizozo put on a patriotic program Friday afternoon at 2:30 at the high school auditorium. After the program was rendered which was much enjoyed by those who witnessed the exercises a light lunch of coffee, doughnuts and sandwiches were served. The program which in its completeness was a mark of credit to both teachers and pupils. Rare talent was exhibited. Following took part: Daniel Elliott, Eva Wack, Hilary Cooper, Audrey Miller, Juell Miller, Dayton Herron, Rosalind Burke, Winnie Turrell, Lloyd Crutcher, Catherine Pine, Loza Branum, Mary White, Charles Scott, and Winnie Taylor.

"Fatty" Arbuckle passed through here Thursday on No. 4 enroute to El Paso. Theatre manager George Dingwall had the opportunity of holding 15 or 20 minutes of conversation with the distinguished screen comedian. "Fatty" said he would remain over several hours, but pressing engagements in El Paso demanded his immediate attention.

Mrs. J. R. Adams is here from El Paso, Arizona. She visited her son, Louis and her daughter, Mrs. Floyd Claunch. But Mrs. Adams'

chief interest seems to be with the new grand daughter, arrived a few weeks ago-- and named Evelyn for Mrs. Adams.

Miss Meda West and her mother Mrs. West left for Clouderoff this week. Miss Meda will return shortly to spend the summer with her brother Joe.

**20 YEARS AGO FROM

John Harkey has returned from the Red Canyon Company ranch where he had been engaged in repairing the water tanks. Messrs. R. E. Lemon, F. A. English, and Paul Mayer left Wednesday for Gallup to attend Grand Chapter O. E. S.

Miss Anita Kimbrell and her brother Richard spent the week end with their parents at Picacho. These young people are popular students in the Lincoln High school. (Lincoln Correspondent.)

**10 YEARS AGO FROM
1939 LINCOLN COUNTY NEWS**

Mrs. Gladys Hicks and Mrs. Erva Claunch have gone to El Paso to attend the Southwestern conference of Beauty Culturists.

The Baton Twirling Class have bought new standard batons. Margaret Elliott is instructor and her pupils are progressing very well.

The engagement of Miss Marion Selby, daughter of Major and Mrs. Selby of Roswell to Lieutenant T. A. Spencer, Jr. was announced Feb. 24th, the wedding date to be announced later. Lt. Spencer is now in California on active duty.

Olson's All-American Red Heads were being advertised to play basketball here early in March. They were advertised as the "most lavishly uniformed basketball club in the world."

Mr. and Mrs. Hubert Detloff and daughter of Wilcox, Arizona visited friends here for the week end.

**4-H LIVESTOCK
CLUB ORGANIZED**

A meeting of prospective 4-H club members and their parents was held at Corona, Wednesday, February 16 for the purpose of organizing a 4-H livestock club for boys and girls in the northern and central parts of the county.

Following a discussion of available projects by County Agent Radcliff, twenty-two boys and girls chose sheep or cattle as their 4-H projects.

The parents of every member was present and gave their approval of the project chosen by their boy or girl. Six of the parents present have consented to serve as local leaders for their respective communities. Those who will serve as leaders are: Mr. and Mrs. Lyman D. Strickland; Messrs. Willis Lovelace, Carl I. Ryberg, J. E. Robinson, and R. L. Sharp.

Mr. Willis Lovelace gave the club an excellent start by offering to give all club members, who did not have available livestock, three

ewe lambs.

The livestock club will meet semi-monthly. The next meeting will be held at the ranch of Mr. Willis Lovelace on Saturday Feb. 26. At this meeting 4-H Club members will be taught a few basic principles of judging livestock, and will judge a class of breeding Rambouillet ewes and a class of Hereford cattle.

REBEKAHS INITIATE

Regular meeting of Daughters of Rebekah met last Thursday at the Hall, with about thirty members present. After regular business was attended to in usual order the Rebekah degree was conferred upon our newest candidate, Superintendent of Schools, Mrs. Elva Wilson. In addition to regular members and visitors present, Mrs. Haskell of Raton who is a guest of her daughter Mrs. Warren Ratliff, was introduced and received customary ovation given our honor guests. Refreshments of cake, jello, and whipped cream were served.

We Both Won This One

Blow my top the other morning when I discovered a shirt I'd put on had two buttons missing.

"Joe," the missus says, "do you ever read what you write? For a man who writes newspaper pieces all about tolerance, you sometimes show a lot of race prejudice."

"Race prejudice!" I hollers. "No one can accuse me of that." "I mean prejudice against the entire human race," she interrupts with a smile. "Why get mad at the world over two little buttons? That took the wind out of me."

CHEVROLET

is the most Beautiful BUY of all

STYLING DELUXE 2-DOOR SEDAN

The most Beautiful BUY for Styling
Look at this exciting new Chevrolet from any point of view—inside and outside, front, side and rear—and you'll agree it's the smartest-looking automobile of this new year. For it alone, of all low-priced cars, brings you the distinguished beauty and luxury of Body by Fisher—the body featured on highest-priced cars.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design
Most sensational of all the advancements in this thrilling new Chevrolet for 1949 is the entirely new kind of driving and riding ease which it introduces into the low-priced field. New Center-Point Design—including Center-Point Steering, Center-Point Seating, lower Center of Gravity and Center-Point Rear Suspension—brings you driving and riding results heretofore found only in more expensive cars. The difference is so great—and so pleasing—that it's no exaggeration to say it is proving a revelation to all who drive or ride in this car. Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

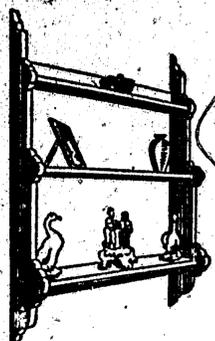

The most Beautiful BUY for Performance
What thrills you'll have when you drive this car! It's the only low-priced car with a Valve-in-Head engine—the engine which more and more makers of higher-priced cars are adopting—because it gives a much finer combination of performance, economy and dependability. And Chevrolet's world's champion Valve-in-Head engine holds all records for miles served and owners satisfied.

The most Beautiful BUY for Safety
Yes, you and your family will enjoy maximum safety for Chevrolet brings you *useful* safety protection found only in this one low-priced car: (1) New Car-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Unified Knee-Action Ride.

Pasture Rotation Controls Parasites

A few years ago parasites caused such heavy losses in sheep and lambs in the northwest that some ranchers were forced out of business. Research and investigation by veterinarians, sanitary experts, and sheep men pointed to overgrazing as the underlying cause of the trouble.

Rotation of pastures and reasonable growth of grass or sheep and lambs were vital to stop the heavy losses and avoid the devastating parasites. Some ranchers, who practiced frequent rotations and the feeding of adequate minerals the year around, were relatively free from parasite losses.

Rice and the People of Japan...

In Japan rice equals life, and during the months following the atomic end of World War II both factors of that equation had been dangerously reduced. Realizing that the vanquished must be fed, the U. S. army of occupation stepped into the fields to improve Japan's badly depleted rice production. As a result, even with the sub-technical methods used in the islands, rice crops have soared beyond the pre-war peak reached in 1941 and the Japanese are calling again.

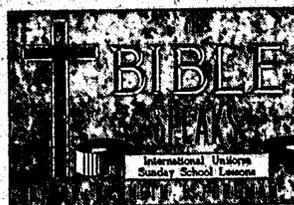

An elemental food, rice is grown and harvested in Japan in an elemental manner. The harvester (above) carries on his back the heavy bundles of rice tied with rice straw from the paddy to the drying racks. Occupation personnel inspect the grain (left) for dryness and maturity. The soldier here is Sgt. Charles Callahan of the Yamagata government team.

Drying of the rice is all-important. The grain-heavy bundles are hung from straw ropes on hedgerow trees, on bamboo racks or even on the eaves of houses. Rice must be dry when stored.

In Niigata, where the photo at right was taken, the drying racks must be high enough to protect the grain from rapidly rising flood waters.

SCRIPTURE: Matthew 4:18-22; Mark 1:16-20; Luke 5:12-16.

Eleven Immortals

Lesson for February 29, 1948

JESUS BELIEVED in prayer, but he did not usually spend all night at it. When he did, we may be sure he had something of the greatest importance on his mind. One of these occasions was the night before he selected the twelve men he called Apostles. He had thousands of disciples, crowds followed him wherever he went. But it was important to have a few with whom he could live as an intimate friend. So from the immense number of followers, Jesus selected twelve closest friends. Before that fateful morning no one outside their villages had ever heard of them. But now their names are known—and eleven of them are honored—around the world.

Jesus Multiplies Himself
A GOOD executive, Jesus multiplied his own personality. A recent book has shown how Harry Hopkins during World War II lived in the White House as Roosevelt's personal companion, having given up his own ambitions and living only to carry out the ideas of his chief. Without Roosevelt, Hopkins would have been little more than an inferior politician; and without Hopkins, many of Roosevelt's plans could not have been carried out. He enabled the president to be in two places at once. So it was with Jesus, as Mark tells us. Jesus wanted those twelve to be with him, and then to send them out.

He wanted these friends to know him as the savior, and his enemies, never could know him. He wanted these men to absorb his ideas and ideals.

By continual contact, day by day and month by month, they would inevitably become more like him. Because of that, he could (and later did) send them out to do his work in places he could not reach. The word Jesus used for them was not his own invention; "apostle" was the word used all over the civilized world in those days for an ambassador, a personal representative of royalty. All Christians are in the "apostolic succession." If a Christian can truly say, "I live, yet not I, but Christ liveth in me," then he is, as these men were, Christ's personal representative.

Raw Material
THE ASTONISHING thing about Jesus' choice of these twelve is his faith in them. Of course they had faith in him—who would not? But who would have faith in them? There was not a single "outstanding" man in the lot. Not one had what we would call a college education, not a man of them had held public office or was rich or famous for anything at all. The officers of any modern church might shake their heads over them.

There was Peter, an ordinary fisherman, much given to profanity; there was Matthew, a crooked business man if ever there was one, for no publican could be honest and keep from "starving; there was Philip, as stupid a man as ever asked a foolish question; there were James and John, loud-mouthed (Jesus nicknamed them the Thunder Boys—"Sons of Thunder"); greedy fellows who could not be satisfied till they had elbowed their way ahead of everybody else; there was Thomas the born pessimist, the defeatist... What could have got into Jesus' mind to select such men?

—And Judas Iscariot
THE SECRET of Jesus' choice was this: He selected his men not for what they were or had been, but for what they could become, filled with his spirit, transformed by his friendship. It is so today, as always. The Kingdom of God needs men and women, but the raw human material found in or out of the churches is too shabby and weak to build anything like the kingdom of God. "Twelve Immortals"—? Nay, but one is the immortal betrayer and suicide. Why? The reason was in Judas, not in Jesus.

The truth is that Christ will not force himself on any one, not even on an Apostle. Christ needs men, now, as he needed men then, to carry on his work in this world.

But he wants volunteers, never forced labor. The Christ of Glory can be served by the humble; but the free Christ can be served only by free men with open hearts. Judas may keep his heart shut if he will; Christ never forces his way in.

MOTORISTS REMINDED TO DEDUCT AUTO LEVIES IN COMPUTING INCOME TAXES

Albuquerque, Feb. 10.—Motorists computing their Federal income tax were today reminded that they can deduct their payments on the 5 cent a gallon State gasoline tax and state motor vehicle registration fees for last year. This reminder was issued by T. H. Joyce, Chairman of the New Mexico Petroleum Industries Committee.

Although New Mexico Motorists actually pay a tax of 6½ cents on each gallon of gasoline, the Federal gasoline tax of 1½ cents a gallon is not deductible for income tax purposes, he added.

For the average motorist, the Federal income tax deduction for State gasoline tax payments in 1948 will amount to about \$50.00, he said but for those whose use of the highways is above average the State gasoline payment deduction will be considerably higher. As examples of those who should have a much higher deduction he cited physicians, real estate agents, farmers, commercial travelers, lawyers, truckers, bus and taxicab operators and workers who regularly drive to their jobs.

He pointed out that the deductibility of the State gasoline tax "is not an actual savings to the taxpayer. Deducting it simply means that he does not have to pay a Federal tax on a state tax."

PIONEER TRANSPORTED 73,899 TONS AIR MAIL

Houston, Texas.—A net profit of \$119,532.40 for its 1948 operations was reported by Pioneer Air Lines through its President Gen. Robert J. Smith.

The company, which operates in 26 cities in Texas and New Mexico over some 2,200 system miles, inaugurated its first service on Aug. 1, 1945.

Air Mail poundage reached an all-time high record of 705,097 lbs., or 73,899 ton miles of mails in comparison to 10,314 ton miles in 1945; 19,449 ton miles in 1946; and 37,147 ton miles in 1947. The 705,097 pounds of air mail is equivalent to 10,037,010 letters according to the latest Post Office Department estimate.

Express statistics showed that 21,432 pounds had been carried in 1948 in comparison to 631 pounds in 1945; 6,539 pounds in 1946; and 17,040 pounds in 1947.

Air freight carried was 40,254 pounds as compared to 4,545 pounds in five months of 1947. (Air Freight service inaugurated Aug. 1, 1947.)

Excess baggage figures showed that 11,522 pounds were carried in 1948; more than equals the 11,112 pounds total for the three years, 1945, '46 and '47.

Gen. Smith said that two DC-3's, the Kit Carson and The Coronado, were put in service in 1948 to bring the total of nine aircraft in operation on the system. He pointed out that in addition, the highly technical Landing System (LSL) had been approved for use by pioneer and that numerous landings had been made with the new system.

NEW WILFRED MCCORMICK BOOK TO BE PUBLISHED

Wilfred McCormick whose latest addition to the now famous "Bronc Burnett Series" is "Fielder's Choice", which tells the story of the fight Bronc and his teammates make in the regional play-offs of the the American Legion Junior Baseball Tourney. This time the locale is Denver. Publication is set for February 25.

Mr. McCormick's "The Three-two Pitch" and "Legion Tourney" were hailed by critics, sports writers and youth organizations throughout the country. Bob Felker, Cleveland pitching ace called them "true to life and true to baseball". Ted Williams, star of the Red Sox: "There is a real need for books like these. A swell series and kids eat them up." Bronc Burnett is my newest baseball hero writes Frank Graham noted sports columnist and baseball writer.

Wilfred McCormick is a resident of Albuquerque and is well known throughout the state. He has recently had his first son.
