VOLUME XXIV No. 4 (Carrizozo News, Vol. 44)

CARRIZOZO, NEW MEXICO, FRIDAY, August 26, 1949

Outlook Vol. 40 — No. 17

Woman's Club Building Undergoes Face Lifting

The Carrizozo Women's Club is undergoing \$1500 worth of repairs. All the new gadgets and improvements to be added now and at a later date will be quite a feather in the cap of the new club president, Mrs. Bobby Shafer as well as to the Board of directors.

The new kitchen is to be a marvel of conveniences not even dreamed about in our small city for a building for public gatherings.

Carrizozo citizens seldom stop to consider our many blessings, but we really have some fine things here. We have a good court house with a commodious annex.

For a small town, we have a county library second to none in the state. Shelves are lined with books, classics, fiction, books on science; all kinds of standard literature.

We have a Country Club that would be a credit to any town even larger than Carrizozo.

But the most popular and most useful building for all-purpose social, literary and artistic events is the Woman's Club building. It really is a wonderful, useful and gracious gathering place.

At any rate the Woman's Club is a progressive civic organization and deserves to prosper. A little hard work may be required but that doesn't bother the loyal enterprising members, who have not only the good of the club, but of the town also at heart.

NOTICE

Effective September 1, 1949, most Non Operating Railroad Employees of all railroads will be placed on five day (40 hour) basic work week.

This is being done as a result of report and recommendations, dated December 17, 1948, of Emergency Board, created by President of the United States, under authority of Section 10, Railway Labor Act.

Such change in working conditions of these employes will affect, to some extent, the period of time freight stations will be open.

While less carload freight will not be received or delivered on Saturdays, Sundays or legal holidays, this change will not affect handling of carload traffic. Where no one is on duty, arrangements may be made for handling car load traffic by contacting our agent.

We shall continue to strive to provide the best possible service under these new conditions, and earnestly solicit your full cooperation.

F. D. Bunsen
General Freight Agent

CORONA NEWS

(By Mrs. A. E. Mulkey)

Mr. T. J. Smith took Mrs. Smith to Amarillo Monday where she met their son, John and his wife, and with them she went to Memphis, Texas to attend funeral services of her brother, Charley Newton. Mr. Newton died in California.

The first assembly program of the Corona schools Monday, August 22, was well attended. An excellent program was rendered. Corona has one of the best school superintendents and school faculties in the state. There has been a number of added improvements made during the summer. In fact Supt. L. Parker works the year around. People in and around Corona are proud of their school. It is the biggest business in Corona.

Mrs. Jean Sultmaler, President of Corona Women's Club, Mrs. Ethel Parker, and Mrs. Eileen Griffin represented Corona at Captain Wednesday, August 17. Captain's Women's Club was hostess to a number of Lincoln County Women's Clubs on that day. Each club furnished a number on the program. Mrs. Parker gave a humorous reading. After the program everyone enjoyed a social hour and refreshments.

Mrs. Stella Jones gave a chicken supper last Friday in honor of her brother, Roy Beaver and his wife, from Lubbock, Tex. and Mr. Beaver's grandsons, Carol and Leon Cathy of El Paso. Present also were Mrs. Jones' son, Walter and his family, and her daughter, Lena Mae McKibben and children.

Mrs. E. L. Jarnagin sister, Mrs. Kilgore and her husband from Paris, Texas and Bernice Jarnagin from Hobbs, N. M. were here visiting last week.

Mr. A. E. Mulkey and Mr. O. M. Chancy made a business trip to Santa Fe Tuesday.

Mr. E. H. Bailey received word from his wife that their small son was seriously ill. He left immediately by plane for Kansas City, Mo. where his son is hospitalized.

Mr. Joe Willingham had a car accident this side of Vaughn Monday, and although he himself was not seriously injured his car was badly damaged.

Mr. and Mrs. M. O. Keene and small son of Albuquerque were here visiting her mother, Mrs. Hazel Haven of El Rancho Hotel last week.

Travis Turner, son of Mr. Roy Turner of Roy's Electric, who has been working here during the summer has returned to his home at Clovis to attend school.

Rev. Ollie Hall

Capitan Community Methodist Beginning Sunday, August 28th until Friday, September 2nd, Rev. Ollie Hall Pastor, Capitan Methodist Church, will present the sermons for the "Advance for Christ" meetings in the Capitan Community Methodist Church at 7:30 P. M.

The meeting services will begin on Sunday, September 4th at 9:45 A. M. with Pastor Harry L. Webb presenting the sermon.

The Public is cordially invited to attend the church services at Capitan.

10 Amendments to be Voted Upon

The largest number of constitutional amendments ever submitted at one election will be voted on September 20, 1949. These amendments briefly stated are as follows: No. 1, Permitting legislation and voting; No. 2, permitting the Legislature to fix salaries for district court judges; No. 3, creating a State Highway Commission of 5 members to be appointed by the Governor, with restrictions as to removal; No. 4, relating to the jurisdiction of probate courts; No. 5, relating to community or joint property in connection with exemptions for heads of families and veterans; No. 6, relating to the organization of city-county governments; No. 7, relating to the appointment of members of boards of regents for educational institutions with restrictions as to the power of removal; No. 8, creating a permanent trust fund from the proceeds of the severance tax; No. 9, increasing the compensation members of the Legislature; and, No. 10, relating to the number, qualifications and apportionment of members of the Legislature.

CHUCK WAGON SUPPER AND FAIR

A fair and chuck wagon supper will be held at Tinnie on Sept. 3rd, next Saturday. The fair will last all day, and will be at Titaworth's new garage at Tinnie. There will be on display needle work, canned fruits, and canned vegetables. There will be a hobby show, and flower show. Chuck wagon supper will be at 6:30 and at \$1.00 per plate.

PERSONALS

Mr. J. Frank Perkins and family were here from Pleasanton, Texas last week visiting friends. He added his name to our subscription list.

Mr. and Mrs. Jack Graves and children left Wednesday for their home in Carlsbad after a few days visit here with relatives.

Friends of Mr. Sam H. Nickels will be sorry to learn of his serious illness. He entered the Turner Hospital last Tuesday.

Rev. and Mrs. Markham of Claunch were Tuesday business visitors here.

Mrs. Dona Hobbs has returned from Artesia, where she underwent an operation. She is recovering nicely.

Mrs. Paul Mayer's sister Mrs. Miller of Tularosa is visiting her sister here this week.

Mr. Clinton Brannum of Denver, Colorado is visiting his daughter, Barbara Jean, his mother, Mrs. Nellie Brannum and other relatives.

Mr. Tom Karr of El Paso is visiting in Carrizozo.

Ray Lopez, accompanied by other members of his family spent from Tuesday until Saturday in Albuquerque.

Mrs. H. E. Kelt was a business visitor in Roswell, Tuesday.

Mr. and Mrs. Herbert Bowen of Martinez California visited Mrs. Bowen's uncle, Mr. Joe West and family.

Mr. and Mrs. Vaden Elliott were here from Belen over the week end. They also visited Mrs. Elliott's daughter Margaret accompanied by Mrs. Elliott and granddaughter Sherrie Ann Stinnett.

Green Tree Boy With Rendova

Gyford J. Taylor, interior communications electrician, third class, USN son of Mr. and Mrs. E. O. Taylor of Green Tree, N. M. and husband of Mrs. Helen McDowell Taylor of 201 East Second St. St. Louis, Mo. is attached to the scout aircraft carrier USS Rendova which has just been awarded the Battle Efficiency Pennant and "E" for her general excellence throughout the fiscal year July 1, 1948 to June 30, 1949.

The award is a competitive one, based on overall battle efficiency. Each department of the ship is graded to determine the vessel's final mark in the competition.

The pennant is a red triangle with black circle in the center and is therefore termed a "meatball". In addition to the "meatball" each enlisted man having served on board the Rendova for at least six months of the competition year is entitled to wear an "E" on the sleeve of his uniform and receives a cash award as well. This is an old peacetime practice in the Navy revived two years ago to incorporate into training the lessons learned by war and the "meatball" has once again become a coveted Naval trophy.

The Rendova is presently operating out of San Diego, Calif.

-\$50,000 IN PREMIUMS

Albuquerque—Cash premiums totaling more than \$50,000 will be offered in the various livestock divisions of the 1949 New Mexico State Fair, Sept. 25 - Oct. 2. Leon H. Harms, Secretary-Manager, announces. These include awards in beef cattle, dairy cattle, horse, sheep, swine, poultry and small stock divisions.

While New Mexico's Fair is among the youngest of the state fairs, premiums offered to livestock producers rank the number of the major shows of the nation, Harms said. Because New Mexico is one of the most important livestock producing regions of the Southwest, the fair annually attracts some of the top breeders of registered animals, he said.

In urging livestock producers to exhibit at this year's Fair, Harms pointed out that more than 10,000 livestock men attended the 1948 Fair.

"There is no better method of advertising livestock and showing other producers the quality of our New Mexico breeders are producing," he said.

Full details on closing dates and entries are included in the premium book, copy of which can be secured by writing to New Mexico State Fair, P. O. Box 1693, Albuquerque.

Mr. and Mrs. Charles Launius and children of El Paso visited their aunt and uncle Mr. and Mrs. Joe West last week.

Miss Rose Lempenau of Topeka, Kansas arrived Saturday to spend two weeks with her sister Mrs. F. O. Brown.

Mrs. Verona Taylor, District Manager of Avon products was here Wednesday, from Kansas City to secure a resident agent for her products.

Mrs. Henry Hoffman and daughter Mildred were in El Paso last Monday to meet Mrs. Lewis Boulligny, who is Mrs. Hoffman's sister-in-law. They came home after the day spent with Mrs. Boulligny.

SEE THE REALISTIC horned toad ashtrays for sale at Burton's Hardware

By Gila Arts Products, Carrizozo, N. M. Manufacturers of Curious Utility products, figurines, sovenirs and advertising novelties. Serving dealers throughout the Southwest.

Carrizozo Municipal Hospital Nearing Completion

According to a railroad bulletin the 40-hour week effective September 1st will increase the costs of railroad operation from 17 to 24 million dollars per year. Thus it is necessary to reduce expenses by every means possible. Thus the companies are replacing steam with diesel.

EXTENSION CLUB MEET

Extension Club meeting was held on Wednesday, August 24. This was a joint meeting of the Extension Clubs with a special invitation being extended to members of the Carrizozo, Capitan and Ruidoso Women's Clubs. Each club was asked to prepare one or two numbers on the program and it was one of the most interesting programs of the year.

Munzinger-Hartley

Miss Gretchen Helene Munzinger of El Paso and Mr. Weyman Hartley of Carrizozo were married August 14th in St. Joseph's catholic church, El Paso.

The engagement and date of a proaching marriage were published two weeks ago. The groom is son of Mrs. Beulah Hartley of Carrizozo. He is popular in his home town and at school and a host of friends wish Weyman and his bride happiness and success.

Mr. and Mrs. Hartley left for a wedding trip to the Grand Canyon and Colorado. For traveling the bride chose a beige tailored suit with green reptile accessories and chamale colored hat trimmed in pheasant feather. Her corsage was an orchid.

The couple will be at home in Las Cruces until Mr. Hartley receives his Bachelor of Science degree in Civil engineering next January from New Mexico A and M.

Out of town guests for the ceremony included R. F. O'Brien, Omaha, Neb.; Mr. and Mrs. Milcs Williams of Las Cruces; Mrs. C. Ferguson, Mrs. Albert Snow, Hope and Glenn Snow, all of Carrizozo; and Mr. and Mrs. C. Brazel Hartley of Los Alamos.

New Mexico School for the deaf will open Tuesday, September 5th in Esan's Fe. 100 students are expected to enroll.

Demand for industrial exhibits at the 1949 State Fair has been so heavy that every inch of available space has been assigned, Leon H. Harms, secretary manager reports.

Joe Phillips of Roswell was a business visitor here Thursday.

NOTICE

The first regular meeting of the Parent-Teacher Association for the new school term will be held Monday, September 5, 1949, at the Grade School Auditorium, at 7:30 P. M.

A miscellaneous program will be given. This will be followed by a reception for both the grade and high school teachers and their wives or husbands; whichever the case may be. The public is cordially invited.

We received an interesting report of the Teachers meeting held here last Friday, written by Mrs. Allen of Spindle Route Captain which we will publish next week. Received too late for publication this week.

MALE HELP WANTED Reliable man with car wanted to call on farmers in Lincoln County. Wonderful opportunity. \$15 to \$20 in a day. No experience or capital required. Permanent. Write today. McNew Company, Dept. A, Freeport, Ill. \$29

The big job of building a splendid hospital for Carrizozo and vicinity is almost completed. A trip around the grounds is convincing proof that the \$220,000 institution is money well spent to secure a magnificent 25 bed, well staffed hospital for the County seat of Lincoln County.

In addition to the hospital, Dr. J. P. Turner's new office building which we have mentioned before is being rapidly finished. This building will have all the latest equipment and will contain space for other offices. It is on the corner opposite the hospital.

The comforting assurance that we have this hospital near at hand and the vast contribution it will make toward personal happiness, restoration to health and physical well being is reward enough for any slight sacrifices made to finance it.

ANCHO NEWS

By Beaul Jones

Mr. and Mrs. Dave Elliott of Luna have had relatives of both sides visiting them the past few weeks.

Tommy Knight of Ancho and Mr. Raddell of Carrizozo took Lee, Pete Straley, Sport Harkey, Jo Ann, Esther and Cope Straley to the 4 H Club meeting at Mrs. Strickland's Friday.

Mrs. Allen Kille left Wednesday for San Francisco, where she will join her husband and go on to Oregon.

Mr. and Mrs. Fred Lopez and daughter, Viola of Morenci, Ariz. visited relatives here last week. Viola will stay with her grandmother, Mrs. Salamon Aragon and go to school this winter.

Correction of last week. Joan Straley also attended the Las Cruces 4H Encampment, as well as Lee Straley.

Mr. and Mrs. Frank Jones and son, David of Las Cruces spent the weekend with the Mill Jones family.

Mr. and Mrs. J. A. Hightower and son Gary visited the Ben Smith family at Three Rivers last week-end.

Mr. Jim Fuqua of El Paso will spend a few days with his uncle, Mill Jones on the ranch.

The Ancho Spanish Base ball team is proud to admit they beat Corona Sun day. So are we!

Milk Products Add To Turkey Profits

More Eggs Result Of Judicious Use

Increased egg production of nearly 25 per cent and an increased profit of \$2.57 per hen, as a result of adding milk products to the rations of breeding turkeys, is indicated in results of a feeding demonstration reported by the Kraft foods company.

Two similar flocks of broad breasted bronze turkeys on the Lester Woodhams' ranch at Sonoma, Calif., were placed on test at the beginning of the season. Both flocks were fed a ration consisting of commercial breeder mash in pellet form, some oats and a little corn. One flock had 180 hens and the other 204. Breeding and management of the two flocks was identical. A pelletized milk product was added to the ration of the smaller flock.

These turkeys show what excellent results can be obtained by turkey raisers with use of proper feed and control of flocks.

Careful records of egg production and feed consumption were maintained from the start of egg production, February 21, to May 25 when the birds were marketed because of the lateness of the hatching season. Both flocks were producing at better than 40 per cent when marketed.

During the 94-day laying period the 180 hens in the flock receiving the pelletized milk product laid a total of 6,257 eggs, an average of 45.3 eggs each. In the same period the 204 hens in the control flock laid 7,811 eggs, or an average of 38.3 eggs each. This meant that the test flock produced better than 25 per cent more eggs. Rate of production was 51.2 per cent for the test flock compared to 40 per cent for the control flock.

Eggs from the test flock graded 91.6 per cent saleable for hatching against 89.3 per cent for the control flock. With hatching eggs at 32 cents each, this meant that each hen receiving the pelletized milk product produced an average of \$14.11 worth of hatching eggs, or \$3.17 more than the average for the control flock, which was \$10.94.

Ancient Beans

Indian beans from varietal reportedly many thousands of years old are being tested by Cornell plant growers for qualities that may help growers get better crops. The beans came from the Allegheny reservation and the samples are shown here by T. L. Yeck, assistant in plant breeding at Cornell.

Superphosphate Assists Effectiveness of Manure

One load of manure can be made to do the work of two in topdressing fields, if superphosphate is added before manure is spread, says Prof. C. J. Chapman, of the University of Wisconsin. He suggests putting 25 to 30 pounds of superphosphate in the spreader as the manure goes out onto the field, or scattering superphosphate in barn gutters at the rate of a pound per row per day.

Doctor Treats Healthy Folks In Risky Roles

NEW YORK.—Most doctors treat sick people. But Dr. Vincent Nardiello's patients generally are strong, healthy brutes—built like human bulldozers.

They just happen to be in an unhealthy business. As a house physician at Madison Square Garden, Dr. Nardiello never runs short of variety. His cases range from a cowboy's brain concussion induced by a horse to a small boy's stomachache induced by too-much-circus-candy.

The spectators, you see, are a health problem, too, in an arena which seats 18,000.

The doctor has repaired the fractured wrist of a Democratic judge who fell off the platform during a Republican rally (no foul play was proved). He has treated the black eyes of fight fans who got to fighting themselves. He has ministered to spectators for heart attacks brought on by thrills, for slight bruises caused by a rodeo calf which suddenly appeared in the box seats, and for some of the world's classiest bites at championship dog shows.

Cowboy Customers

During the circus, Dr. Nardiello averages about 10 kids a day who are brought to his office with complaints of headaches, dizziness or stomach pains all brought on by overeating.

But generally the short, chunky house doctor is kept busiest by the assorted athletes and performers most of whom are in top shape when they enter the Garden.

His most frequent customers are the rodeo cowboys. During their stand at the Garden, he averages 15 to 20 cases of dislocated shoulders, fractures, bruises and rope burns every night. In recent years there were two cowboys who died within four minutes after being kicked by horses.

The most durable athletes Dr. Nardiello knows are hockey players.

"I'll never forget Johnny Mowers, the Detroit goalie," the doctor says. "One night about five years ago he was smashed squarely in the teeth by a flying puck. He took 20 stitches and was back on the ice in 15 minutes."

He Needed 1,500

The biggest single job the doctor ever had at the Garden occurred in 1947, when he inoculated some 1,500 circus employees, including the tattooed lady, for smallpox.

One of the most tragic involved treating a trapeze flyer for shock and hysteria a few years ago. The man had tried to jump from an aerial platform after seeing his wife and partner miss her grip and fall to her death.

The performers closest to the doctor's heart are the fighters. He used to be one himself, fighting for a time as a lightweight to work his way through medical school.

Dr. Nardiello is 60 and still very busy. He generally doesn't leave the Garden until after midnight, and the Garden is dark only one or two nights between Labor day and late spring, when the circus ends.

Man Obtains Court Order To Get Bed from Stepson

BOSTON.—It took a court order, but George MacMasters may sleep now in the master bedroom of his Holbrook home.

His 14-year-old stepson, John Rock, must stop "usurping" the big bedroom and from now on must sleep in a smaller room in the attic.

Judge John E. Swift fixed the sleeping arrangements in Suffolk county superior court. At MacMasters' request, he issued a temporary injunction restraining the boy.

The 40-year-old linoleum-factory pressman had charged that he was "prevented from enjoying the ease and comfort of my own home." He asked the court to declare his stepson a trespasser in the home.

MacMasters told Judge Swift his stepson's "misbehavior is inspired by his mother," Mrs. Ann Rock MacMasters, from whom MacMasters is seeking a divorce.

Electric Shocks to Test Elephant Fence Strength

PORT ELIZABETH.—Giving a herd of wild elephants electric shocks to save them from extinction has posed the problem of how strong a shock must be given to make an elephant jump.

In erecting an electrified fence to discourage the dwindling herd of elephants of the Addo bush near here from straying over farm lands where the farmers will wage war on them, the keepers mapped a plan to test the shock.

The elephants will be led to the fence by a trail of oranges—about 1,000 oranges being used—with the idea that the beasts will follow the juicy trail and lean against the fragile-looking fence to knock it down. Then they'll get a surprise. When experts find how much current is needed, they will fence the whole area where the elephants roam.

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Good Breakfasts for Play-Packed Days (See Recipes Below)

Breakfast Essentials

"THOUGH IT'S 'SUMMER time and the livin' is easy,' many of us find the season just like the rest of the year, busy and activity packed. With youngsters out of school, full of

vigor and ready to play at top speed just as soon as the sun is up, days start early and are full, for mother as well as the youngsters.

Since youngsters are up bright and early, eager to get out of the house to the fascinating work of play as quickly as possible, mother has to keep on her toes to see that they get a good breakfast. Children burn a lot of energy on days when they can play as they want, and they should be properly fortified with nutritious food.

Good breakfasts are simple and easy to prepare. The meal should include at least these five essentials: fruit, cereal with milk, bread, butter and a beverage, which for youngsters should be milk or cocoa.

You may add to these essentials bacon, eggs, ham, sausage, creamed chopped beef and such things, but at least you know that you'll be doing a good job with the five "musts."

Vary breakfast cereals to keep interest at a high level. A bowl of hot oatmeal, rich in body-building proteins, thiamine, niacin and iron, can be just as tempting in warm weather as cool if topped with cold milk and some of the season's fresh and choice fruit.

The next day serve a prepared cereal, then switch back to cooked cereal and so forth.

DON'T UNDERESTIMATE the value of hot bread for breakfast and appetite appeal. Here are some muffins with the nutty flavor of oatmeal which are bound to please as they come hot out of the oven with butter melting on them.

As a special time-saving feature, the muffins are made from a homemade oatmeal muffin mix. Make the mix at any time when you have a few spare moments, store in a covered container on the pantry shelf, and you will need only to measure it out, add egg and milk to it for quick muffins.

Oatmeal Muffin Mix (Makes 75 small muffins)
 5 1/2 cups sifted flour
 1 1/2 cups sugar
 6 tablespoons baking powder
 1 tablespoon salt
 1 1/2 cups shortening
 5 1/2 cups quick, rolled oats, uncooked

Sift together twice the flour, sugar, baking powder and salt. Cut shortening into dry ingredients until particles are the size of rice grains. Add rolled oats and blend. Store in covered container.

Muffins from Mix (Makes 12 small muffins)
 3 cups oatmeal muffin mix

LYNN SAYS: Meat Interest Remains High If You Serve Fish Often

No matter how far away you live from the sea, it's easy to obtain such ocean-fresh seafood as cod and perch when you buy them in their quick-frozen form.

Boiled fish like cod, for example, adds new interest to menus when served with tomato sauce that can come from a can or an egg sauce which is simply a thin white sauce enriched with chopped hard-cooked eggs.

LYNN CHAMBERS' MENU

Braised Pork Shoulder Chops
 Creamed Potatoes
 Spinach
 with Sliced Egg Garnish
 Pineapple-Grape Salad
 Beverage
 *Marmalade Oatmeal muffins
 Open-face Apple Pie
 *Recipe Given

1 egg, beaten
 1/2 cup milk

Add beaten egg and milk to muffin mix, stirring lightly until combined. Fill small, greased muffin cups 3/4 full. Bake in a hot (425°F.) oven 15 to 20 minutes.

YOU'LL WANT the muffin mix to serve for luncheon and dinner purposes, too, so here are some interesting variations that can be made from the mix:

Bacon Muffins: Place a few bits of cooked bacon in center of each muffin before baking. Two or three minutes before muffins have finished baking, remove from oven and brush with honey butter (made by combining 1 tablespoon honey with 1 tablespoon butter). Return to oven and finish baking.

Cheese Muffins: Fold 1/2 cup grated sharp cheese into batter just before baking.

Marmalade Muffins: Place 1/2 teaspoon marmalade or preserves on top of each muffin before baking.

JUST AS VARIETY in cereals is desirable for breakfast, so it is with eggs. Here are some simple but different ways of serving this nutritious food.

Fried Eggs (Serves 4)
 1/2 pound chopped beef
 4 teaspoons butter
 4 eggs, beaten
 1/2 teaspoon pepper
 1/4 cup milk

Cook dried beef in butter until slightly crisp. Combine eggs, pepper and milk and mix well. Pour over beef and cook as for scrambled eggs. Serve with catsup or preserves, if desired.

Eggs in Bacon Rings (Serves 6)

6 slices bacon
 6 eggs
 Salt and pepper
 3 English Muffins, split, toasted, buttered

Grease bottoms of custard cups. Curl a slice of bacon around inside of each cup. Break an egg inside each bacon ring, dust with salt and pepper, and bake in a moderate oven (350°) until egg is firm but not hard. Remove carefully from cup so that egg and bacon remain together and place on half the English muffin. Note: The bacon may be fried or broiled before placing in the cup, if more crisp bacon is desired.

Poached Eggs in Apple Rings (Serves 6)

2 large apples
 2 tablespoons fat
 6 eggs
 Salt and pepper

Wash and core apples; cut crosswise into slices 1/2 inch thick. Fry apples in fat 2 to 3 minutes on each side. Place an egg on each apple slice and season with salt and pepper. Cover pan closely and cook over low heat until eggs are firm.

Lobster needs little to make a delicious salad. Combine flaked lobster with some Thousand Island dressing and serve on a bed of greens.

Stuffed olives, hard-cooked eggs and chopped chives give chilled tuna fish an unusual flavor when used for salads.

Extend crabmeat with cooked halibut when you plan to serve a crowd with a casserole or as a salad. Celery, sweet pickle and lemon juice will bring out flavors when they're served as salad.

Marks on Refrigerator

QUESTION: I have a new refrigerator with a finish that is not porcelain. I would like to know what to take marks off with. I mean when something is bumped against it and leaves a black mark. I have a small child, so you can imagine how many bumps the refrigerator gets. A cleaning agent removes the finish. I would appreciate this information.

ANSWER: As the refrigerator is still new, why not call up the dealer who sold it to you and ask him either to come and clean it up for you or else recommend a cleaning preparation? I could give you a better answer if you had told me what the material is, since it is not porcelain. If the finish is washable, which it certainly ought to be, try a damp cloth sprinkled with a scratchless scouring powder, rub very lightly, and follow with another clean, damp cloth. The powder should not be used except in instances of stubborn spots. Mild soap and water on a damp cloth should be sufficient.

NOTICE TO THE PUBLIC

Pursuant to, and in conformity with, an agreement based on the report dated December 17, 1948, of the Emergency Board created by the President of the United States under the authority of Section 10 of the Railway Labor Act, the basic work week of non-operating railroad employees goes into effect in United States September 1, 1949, consist of five (5) days per week, Monday through Friday, so far as practicable.

Pursuant to the above agreement based on the report of December 17, 1948, of the above-mentioned Emergency Board, notice is hereby given to the public that effective September 1, 1949, agency service at this station will be reduced on Saturday of each week. Less carload freight will not be received or delivered on Saturdays, Sundays, or legal holidays. Arrangements should be made for the handling of carload traffic on Saturdays with the agent at this station prior to such Saturday.

Eddie Fitzpatrick, of Nogal was awarded the Nogal School bus route and has purchased a new Chevrolet school bus from the City Garage.

RULES AND REGULATIONS IN THE MATTER OF LEASING AND SALE UNDER PURCHASE CONTRACT OF STATE AGRICULTURAL LANDS AFFECTED BY ATTACHED WATER RIGHTS, PROVIDING FOR CONVERSION FROM GRAZING OR DRY FARMING LEASE TO LEASE FOR IRRIGATION PURPOSES, AND PROVIDING FOR TRANSFER OF WATER RIGHTS UNDER CERTAIN CONDITIONS.

The following rules and regulations are hereby prescribed and promulgated: Section 1. The minimum rate for State lands under irrigation lease shall be \$1.00 per acre per annum; but this rate may be increased at the expiration of any lease when the Commissioner of Public Lands, after investigation of the facts, deems the land to be of higher rental value.

Section 2. All water used on State land for irrigation purposes shall be considered appurtenant to the land upon which it is used, and the right to use the same upon said land shall never be severed from the land without the written consent of the Commissioner of Public Lands. Any person, firm or corporation leasing or purchasing State land under contract for irrigation purposes must enter into a written agreement to that effect with the Commissioner of Public Lands, the same to be effective so long as title to the land remains attached to the State.

Section 3. Any lessee or purchase contract holder desiring to apply for permission to change the use of water from certain State lands to other lands, including other State lands but not excluding privately owned lands; or to change the method of use of such water; or to change the location of a well; or to change the point of diversion of surface waters from any stream or arroyo, shall file an application in the State Land Office on a form prescribed by the Commissioner of Public Lands, together with a \$5.00 fee, plus a sum of sufficient amount to cover the cost of publication of a Notice for three consecutive weeks in a newspaper of general circulation in the county where the land is situated. Before the approval of such application, however, a hearing shall be held before the Commissioner of Public Lands on the date and at the time and place designated in the published notice. This Regulation is in addition to and supplemental of all rules and regulations imposed under the law by the State Engineer. (See Section 10 herof)

Section 4. The Commissioner of Public Lands reserves the right to reject any application under Section 3 after hearing where he deems it to be the best interest of the State of New Mexico.

Section 5. Any unexpended amount deposited under Section 3 for advertising shall be refunded to the applicant.

Section 6. Water rights and water development work on State lands shall be considered as improvements to the lands and shall be listed on the application and appraisal of the lease as such.

Section 7. Any person, firm or corporation desiring to convert any portion of State grazing lands or

dry farming lands to irrigation purposes shall file a Relinquishment of the present lease with the Commissioner of Public Lands and acquire a new lease setting up the exact amount of acres under irrigation and the amount of annual rental due, as determined by the Commissioner of Public Lands.

Section 8. Following is the statute relative to the payment for improvements and what rights of a new lessee: (3-832, 1941 Compilation) "Any person applying to lease any State

lands upon which there are fences, buildings, reservoirs, ditches, dams, wells, tanks, windmills or other improvements or water rights appurtenant to said land belonging to another person or lessee shall, before a lease shall be issued to him, file in the office of the commissioner a receipt showing that the value of such improvements and water rights, as agreed upon between him and the owner thereof, or as may be fixed by the commissioner, has been paid to such owner, or shall deposit with the commissioner the value so agreed upon or fixed. Any person in interest aggrieved by the decision of the commissioner fixing such value may appeal as provided by law for appeals from other decisions of the commissioner."

Section 9. Following is the Statute relative to the payment for improvements and water rights to the lessee by a purchaser of State lands: (8-819, 1941 Compilation) "When-

ever any lands are sold upon which there are improvements or appurtenant water rights belonging to a lessee, the purchaser shall pay the appraised value of such improvements and water rights in addition to the price paid for the land. Before a deed or patent or contract is issued for such land, the purchaser shall file with the commissioner a receipt showing that he has paid the owner the appraised value of such improvements and water rights, or deposit the same with the commissioner to be paid to such owner. The value of such improvements shall be appraised by the commissioner, but any owner may appeal from such appraisal as hereinafter provided. Provided, however, that in case of movable improvements, the owner thereof, if dissatisfied with such appraisal may, if he so elects, remove the same from the leased premises."

Section 10. Any applicant for irrigable lands from the State of New Mexico shall conform with the rules and regulations required by the State Engineer's Office.

Section 11. Sections 2, 3, 4, 5, 9 and 10 apply to lands under purchase contract from the State of New Mexico, as title to such lands remain attached to the State of New Mexico until such time as the entire amount of the purchase price shall have been paid to the State of New Mexico and a patent issued.

Section 12. None of these rules and regulations are intended to apply to the construction of wells for the purpose of obtaining waters for domestic or stock raising purposes. Information in this regard will be furnished upon request.

The foregoing rules are effective and will be in full force and effect from and after the 1st day of September, 1949.

Guy Shepard

Commissioner of Public Lands of the State of New Mexico Aug. 26

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF NEW MEXICO RECONSTRUCTION FI-NANCE CORPORATION, Plaintiff,

vs. HORACE C. VEAL, RALPH L. VEAL and ODESSA P. VEAL, Defendants. NOTICE OF SALE

Duck Stamp Bill Passes, Now \$2

"According to a release by the National Wildlife Federation, the Duck Stamp Bill, which had previously passed the Senate, has now passed the House," State Game Warden Elliott Barker said today.

This bill, according to Barker has been strongly supported by American sportsmen and conservationists. The Duck Stamp Bill increases the price of the Duck Stamp from \$1.00 to \$2.00. The revenue is to be used for waterfowl restoration projects and the bill authorizes the Fish and Wildlife Service to open up not to exceed 25 per cent of the newly-quired refuges to public hunting when the waterfowl population is not on a downward trend, according to the Wildlife Federation release. The bill, providing that 10 per cent of the stamp revenue be used for administration and law enforcement, went through with an amendment which, according to Barker, provides that the revenue arising from the bill shall be available only after appropriation by Congress.

From where I sit... by Joe Marsh

A Message From "Moon"

Coming into town on River Road the other day, I saw "Moon" Jackson stewing and sweating, changing a flat tire. He'd picked up a nail from some trash that had been dumped by the side of the road.

"Damn it, Joe," he said, tightening up a bolt on the wheel. "I wish you'd tell folks in your column that they ought to have more sense. Dumping trash in empty lots and by the sides of roads is just sheer laziness!"

"Moon" was right about trash-dumpers being lazy. But more than that, it ruins the appearance of our countryside, and it might very easily cause traffic accidents.

From where I sit, all trash-dumpers could take a cue from the Brewers' Self-Regulation program. Tavern owners agree to keep their places clean, respectable, and law-abiding. The whole community benefits from the program because if any "trash" does happen to show up, it's given a good, clean sweep!

Joe Marsh

Two Boys From British West Africa Write

From time to time the Lincoln County News-Outlook has received letters from almost every place in the world and during the late war we were delighted with souvenir cards, scenic views and letters with foreign stamps from twenty-one countries; but on the 25 of last July we received two letters from two young boys in Africa with a request that we publish them both which we are doing, just as they were written, except we cut out several paragraphs of school and family history which were too lengthy. The letters are self explanatory and I, personally, hope they will make some pleasing exchanges.

The letters came via air mail in seven days. The stamps had the likeness of King George VI Lagos, Nigeria. B.W.A. July 18, 1949

Dear honorable Editor: We are having great pleasure to communicate with you these few lines. Your name and address was given to us by one of our special friends in Lagos. It is over two years or more that we have been seeking for pen pals in the United States of America, so we came across your name and address through our friend. So far we are much interested in letters and addresses and we hereby made a decision to write you with much honor, and asking you for your kind obligation and with due respect to publish our names and address in your newspaper to have correspondence with pen pals from abroad.

PEN FRIENDS WANTED
We are two boys born in Lagos, Nigeria. We are well educated in a secondary school. We would like to correspond with pen friends, girls and boys both. We are collecting stationery, sweaters, dollars, T-shirts, fountain pens, socks and so forth, in exchange for the following African products such as slippers, wallets, dagger knives, handbags made of tiger skin or of cobra skin, wallets made of cobra skin, ebony carvings, African hats, etc. If you like some African products kindly enclose some dollars in your letter. We promise to reply to everyone by air mail.

Trusting you will do this much trouble for us by your kind obligation. May God help you in your work and give you long life and prosperity. We thank you in advance and remain

Yours faithfully
Graniyu Ade. Odunyi
19 Ali Street,
Lagos, Nigeria
(Letter No. 2)
Lagos, Nigeria. B.W.A.

Mrs. Era Smith,
Carrizozo, N. M.

Dear Editor:—Today, is my birthday, I awoke early to prepare for my birthday celebration. One of my friends brought to me your newspaper published in New Mexico. It is with most humility and respect that I am writing to you these few lines and the reason why is I am interested to correspond with pen pals in the United States and another reason is I am trying to get a free scholarship in the United States.

Now I tell you something about myself. I have no father nor brother. I have two sisters and my mother. I am a member of the First American Baptist church, a boy of 17 years today, the 18th of July. I have light blue eyes, fair complexion and short curly hair; 5ft. and 3 in. tall and weigh 126 pounds. I started schooling at Methodist school, when I was five years. My mother took me to the Reverend Pastor who baptized me in 1940. In 1941 I entered the Baptist school and graduated to secondary subjects which were namely algebra, geometry, Latin, science

and physics.
Any kind of scholarship in the United States of America would be fine. Am interested most in my books and all kinds of sports. Thanking you to publish and awaiting an early reply
Yours faithfully
Michael O. Tauvo Akins,
29 Martins street, Lagos, Nigeria.

Oklahoma Promotes Highway Safety

Oklahoma, one of the more progressive states in the interests of highway safety, has undertaken a new campaign to reduce accidents on the highway. Business interests of Oklahoma, joined with the state government to provide a mobile exhibit on all phases of highway safety. The exhibit is housed in a Fruehauf trailer and will be manned by a picked squad of Oklahoma state police officers. It will carry the state's fight against traffic mishaps to more than 200 cities and towns in Oklahoma. Thousands of pieces of literature will be carried aboard the trailer for distribution to the citizens of Oklahoma.

DAILY TAX \$8,179 CARTWHEELS

Yup, them's silver dollars, partner, 58,170 of them. They're a feature of the 50th Anniversary celebration of The Timken Roller Bearing Company, Canton, Ohio.

About 8,000 of the silver dollars had to be left in bags, because the 12-cubic-foot lucite box made especially for the display won't hold that much hard money.

In the photograph above, two Timken employees, Louise Kessler, left, and Audrey Roth are amazed at the size of the pile. The exhibit is in the courtyard of the main entrance to the Canton plants of the Timken Company.

The large pile of cartwheels, weighing approximately 3500 pounds, represents the amount Timken and its employees hand out in Federal income taxes daily. The Cleveland and Pittsburgh Federal Reserve Banks required several weeks to count them for the First National Bank of Canton, which had the job of ordering them for Timken.

When should I use a "Special endorsement"

When transferring a check to another person or corporation, it is safer to use a "Special Endorsement" which specifies the person to whom, or to whose order, the check is to be payable. Then if the check is lost before it is endorsed by the person you designate, the check cannot be collected by any other person.

TRINITY METHODIST CHURCH
 Rev. Harry L. Webb, Pastor
 Carrizozo, New Mexico
 Sunday, August 28th Dr. F. L. W. Wilshire, Supt. Albuquerque Dist. will present the sermon at 11:00 A. M. There will be church school classes for all at 9:45 A. M., Mrs. Fred Napp, Supt. The choir will rehearse on Tuesday at 7:30 p.m. at the home of Mr. Clyde Brewster.

The Quarterly conference will be held Sunday, August 28th at 2:30 with Dr. Wilshire presiding. All reports will be read by Presidents of organizations for the work that is being accomplished. Please notice this meeting next Sunday. "Every man should have a church home where he can worship God."

Pfc. Joe G. West visited his parents here last week. He is stationed at Ft. Bliss.

Mrs. Gerog's Harkey and Johnette visited the Carl Hoaglands in Deming last Friday. Miss Pat Hoagland returned home with them after spending ten days here as a guest of Johnette.

Mr. and Mrs. Johnie Hayes and baby of California were here last week visiting Mr. and Mrs. T. O. Hayes. Mr. Hayes is a brother of T. O. Hayes of Carrizozo.

Mrs. Mollie Smith and son Orris of Ancho were here Friday on business.

Mrs. Winzell Rickerson and children spent the weekend in El Paso, visiting Mr. and Mrs. Roy Skinner. Mr. Skinner is ill at a hospital there.

Mr. and Mrs. Bob Reome were guests of Mr. and Mrs. Warren Ratliff last week. Later Mr. Ratliff went to Albuquerque and visited his sister and brother-in-law.

Mrs. Warren Ratliff and children are visiting her parents, Mr. and Mrs. Haskell in Raton.

WEEKLY NEWS ANALYSIS

Congress Beats Off ERP Fund Cut; Russia Winning Cold War in East; Personal Incomes Rise in Nation

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

SALUTE TO ISTANBUL . . . The U. S. sixth task fleet arrived in Istanbul recently for a five-day visit. One of the ships, the USS Fargo, a cruiser and flagship of the group, is shown firing a salute to Istanbul city. In middle background can be seen the aircraft carrier Coral Sea.

ERP FUND:

\$7.5 Billions More

The European recovery program appeared set for another year. The senate, by a vote of 63 to 7, voted a \$7.5 billion dollar appropriation to take care of European recovery needs and pay U. S. occupation costs abroad. Final action came after two weeks of debate.

THE SENATE voted a full 12-month program, with no authority of the spending agency to expend the money in a shorter period. At the same time, it approved an outlay of \$344,000 for a congressional watchdog committee to keep a check on foreign spending.

The upper chamber of congress gave tacit approval to nationalization of industries—in England, that is—by knocking down an amendment which would have withheld recovery funds from any nation which in the future nationalized an industry. This was aimed directly at Great Britain.

The bill provided:

One hundred and fifty million dollars for ECA loans to Europe.

A billion, 740 million dollars for ECA's May-June operations.

NINE HUNDRED MILLION for army occupation costs in Germany, Austria, Japan and the Ryuku Islands.

Forty five billion for Greece and Turkey.

In its struggle with the bill, the senate beat off efforts to earmark 500 million dollars for a loan to Spain and to require the ECA and the army to earmark two billion dollars for surplus U. S. farm products.

CHINA:

Lost Cause

Accusations, name-calling, recrimination did nothing to distort the picture—if the United States was winning the cold war in the West, she was losing it in the East.

The United States' "white paper" on what had happened in China and why charged vigorously that Communist victory over the Chinese and the disintegration of the Nationalist government were all the fault of Nationalist Generalissimo Chiang Kai-Shek.

SAID DEAN ACHESON, U. S. secretary of state: "Full blame for the ominous result of the Chinese civil war accrues to Chiang Kai-shek and other Nationalist leaders because they lost no battle as the result of a lack of American aid."

In obvious contrast to the firm policy in dealing with Russia on problems affecting the West, Acheson said of China's future and U. S. aims in that direction: "Future U. S. policy must concentrate on relieving China of the Moscow-inspired foreign yoke of Communism."

That appeared easier said than done, however. There was no pact and no arms program to warn off the Reds, and, anyway, the Communists were on the ground and in control. Even the most optimistic among the diplomats in Washington would realize that throwing the Communists out of China would be a long, hard fight.

A FORMER AMBASSADOR to China, Major Pat Hurley, was quick to charge that the state department's "white paper" was nothing but an alibi for U. S. failure to stem the Communist tide in China.

'JOHN BULL' IRKED

British Resent Policy Criticism in U.S.

Word from London was to the effect that the British are no little perturbed at the mounting criticism in the United States of England's recovery efforts. Official British sources said they believed many of the complaints are based on a lack of knowledge of Britain's problems and achievements since the end of World War II.

Radio Jam

According to reliable reports, Moscow's jamming of radio programs has tuned down the "Voice of America" to a mere whisper of its former self.

THESE REPORTS declare that Russian interference with programs beamed to the Soviet has been so effective as to cut to 10 per cent the American broadcasts which now permeate the region around Moscow.

Two official American protests against these jamming tactics were made last year, but in each case Moscow disclaimed any knowledge of such interference.

The Kremlin aim is obvious. Russian leaders are making every effort to isolate the Soviet people more completely from the west. Reception of American-originated broadcasts would have no place in that objective.

U.S. INCOMES:

Higher Than Ever

The status of consumer buying power in the nation was good. In fact, personal incomes, which are the mainpring of such buying, increased in June, according to reports of the federal department of commerce.

THE RISE helped push incomes for the first six months of 1949 to a level 2.6 per cent higher than the first half of boom-time 1943.

The report estimated that the flow of personal income from all sources reached an annual rate of 213.5 billion dollars in June. The commerce department's study showed the upturn had been continuing for three months, April through June, and that the gain accelerated as it continued.

An increase in farm income was cited by the department as the main cause of the June increase in personal income, as compared with that of May.

THE DEPARTMENT regarded as more significant, however, the fact that factory payrolls were credited with a slight increase in June after having declined steadily since last September.

COMIC BOOKS:

New Approach

The impact of so-called "comic books" on juvenile minds and their influence for good or evil has recently been a subject of widespread controversy in these United States. Some municipalities banned sale of the more objectionable books, others contented themselves with talking; but San Diego, it appears, has come up with a most sensible approach.

That southern California city has started what it calls a "comic book of the month club." Its purpose is to "put the fun back into funny books," from whence it has been conspicuously absent all these years.

The movement was launched after many San Diego families became disturbed about the subject matter of many of the comic books.

THE project depends upon cooperation of the comic-book publishers. If that can be obtained, publishers would submit the books to a board of review in advance of publication. Books that were approved would be mailed to club subscribers, who would be divided into different age groups.

POLITICS:

GOP Seeks Unity

The one thing it did not have in 1948 and the one thing it seeks most in 1952 is the one thing the Republican party seems most unlikely to find—and that is unity.

IT is characteristic of the American voter that when things are going fairly smooth at home, there is little disposition to change administrations. The long tenure of the Republicans and the even longer tenure of the Democrats with Roosevelt and Truman point up that fact.

Therefore, if the GOP failed to attain unity in the 1952 presidential race, how could the party ever hope to win? There was an outside chance that, under a unified campaign, the party might win in '52.

That chance lies in the fact that a lot of Republicans have been voting with the Democrats simply because they were at odds with their own party's candidate and fed up with the "me, too" policies of twice-contender Thomas E. Dewey.

BUT the chance for any real harmony within the party was slim. This was indicated by the bitter split in factions when Guy George Gabrielson of New Jersey was selected to replace Hugh D. Scott, Jr., of Pennsylvania, as the party's national chairman.

The changeover served merely to stir up new party turmoil and to pose the more immediate problem of unity in the congressional races now just 15 months away. Whether Gabrielson can bring this about is, of course, wholly conjectural; but it should be remembered that if the GOP would not run hitched together when the White House was the desired destination, there is little reason to expect them to hold tight in congressional contests.

GHOST STORY:

Boy Is 'Haunted'

Because of the myriad uncertainties which beset his existence, man always has been fascinated by the macabre, the supernatural, the weird beliefs and stories concerning ghosts and spiritual manifestations.

THIS is evidenced by the fact that the prominent part played by spirits of the dead in the lives of the living has been recounted and extolled since the days of the most ancient tribal existence.

And through most of the scoffing which greets such tales in this enlightened century there runs — if the truth were ascertainable — a tiny thread of credulity. It's rather like the old classic remark of the man who said that while he didn't believe in ghosts, he certainly had no desire to encounter one.

So the story of the Washington, D. C. boy "haunted" by "midnight manifestations" would bring the same scoffing, elicit the same secret thought, however fleeting, the same hidden wonder: "Could it be so?"

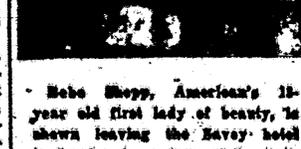

A local clergyman said it was so. This pastor told the Society for Parapsychology that he had the boy spend a night at his home. The minister said that during the night the bed on which the boy slept shook so violently he could not sleep. The boy moved to a heavy chair. The pastor said that while he stood over the chair it fell over, throwing the lad on the floor. The minister then put some bedding on the floor, told the boy to lie on it. Soon after the boy fell asleep, the minister saw the bedding and the boy slide slowly across the floor and under the bed.

Shakespeare said there are more things 'twixt heaven and earth than are dreamed of in our philosophy.

Beauty Abroad

ICE-CAPADE . . . Fair and color is the forecast in Washington, D. C., as Patricia Ervay cools off during a heat wave on a king-size ice cube in a downtown ice house. Betty Leming (right) and Lorraine De Bee (left) join Patricia's chilly party. It seems like a "capital" idea. Fair-ola certainly is a cute "chick off the old block," and so are the other girls.

Bebe Shopp, American's 11-year old first lady of beauty, is shown leaving the Savoy hotel in London for a tour of the British capital. A tour of London, Paris and Rome was a part of her prizes as winner in the "Miss America" contest of 1948.

BABIES:

May Sleep More

Parents who pace the floor with their infants during the night hours can now look with hope to a new research project at the University of Chicago. Scientists there are engaged in a study of the sleeping habits of babies.

These gentlemen will seek to learn what part diet plays in the slumber habits of babies through test feedings of proteins and specially-prepared meats.

FAMILY REUNION . . . The Schumaker family, Wankegan, Ill., show happy faces in Lake county court after reading of "not guilty" verdict in favor of Joyce, 18, (center) after three days of her trial for murder of her married sweetheart, Carl Keeder. On Joyce's left is her mother, Mrs. Edna Schumaker, and on her right, her father, Fred Schumaker. She took a long rest in the country after the trial to forget the ordeal she had suffered in the court room and at the time of the tragedy.

CHARGES KIDNAPING . . . Mrs. Elyse Horowitz, Brooklyn, N. Y., looks longingly at a news photograph of her three-year-old son, Stephen, and his father at a sidewalk soda spa in Tel Aviv, Israel. Mrs. Horowitz declares that her estranged husband kidnaped the boy. A former wife charged Horowitz with abandonment of the son she bore him 14 years ago.

ICE-CAPADE . . . Fair and color is the forecast in Washington, D. C., as Patricia Ervay cools off during a heat wave on a king-size ice cube in a downtown ice house. Betty Leming (right) and Lorraine De Bee (left) join Patricia's chilly party. It seems like a "capital" idea. Fair-ola certainly is a cute "chick off the old block," and so are the other girls.

SPOTS BEFORE YOUR EYES . . . Both Herbert Morris, 11, Chicago, and Betty Brady, 9, Evanston, Ill., have tough freckles, individually and collectively, to have won over 25 other contestants in the Chicago railroad fair's freckle contest. They were named king and queen at the Indian village and also "Tot-pot-um," photo fair, by the chief, Spangar Ash of Oklahoma. Counting these freckles would be like counting the stars in the sky or a cloudless night.

NEW JUSTICE . . . Attorney General Tom Clark uses telephone in office at Justice department after President Truman offered to appoint him to the supreme court. He later accepted the appointment.

LADY OF MERCY . . . Little Jean Hoffenkamp, Chicago, feels sorry for her Spaniel puppy, Skippy, and shares her ice cream with him. The frown is because Skippy's manners are a bit questionable. He would lap up all the ice cream and leave his benefactor without any.

EYE FOR BEAUTY . . . Charles Eller, Fresno, Calif., offers to sell his eye for enough money to bring his fiancée here from Germany before her visa expires. He met her, Elyse Bachmann, while serving in Germany in 1944. However, he did not have to sell his eye. A public subscription furnished enough money for Elyse's passage.

MR. VEER TO BEY . . . Mrs. Carleton S. Hadley, St. Louis, Mo., widow, whose name is being linked romantically with that of Vice-President Albert W. Barkley.

SENTIMENTAL JOURNEY . . . Angela Lansbury, British film star, and Peter Shaw, British designer, wait in New York to board plane for London where the couple planned marriage in August. She was a war refugee here.

DRIVER CAN TRANSFORM HIS FLIVVER . . . Newest Models Have Built-in Parking Space . . . INTO AN APARTMENT AUTOMATICALLY

By H. I. PHILLIPS

USEFUL AUTOS

THE latest trend in auto design is toward a pleasure car that can be transformed, presto, into something else. By little more than button pressing one model is converted into a truck or station wagon. Similarly, another model has a trunk compartment that can be made into something of a bou-

dok. We look for extensions of the trend, bringing perhaps, the combination sedan, deep-freeze unit and rumpus room.

Elmer Twitchell, the eminent engineer, is at work on a design for flivvering that will give the summer auto tourist a car to be known as the cabana special. You can drive it

onto the beach anywhere, throw a switch and change it into a beach cabana with cocktail bar.

Mr. Twitchell has other utilitarian models in mind for Detroit including the following:

1. Fisherman's special. Here the back-seat area can be converted into a huge aquarium for live bait, with a fish well for the day's catch. The car itself is aquatic and by a few wrist motions can be converted into a motor or sailboat. As an extra there is a sun lamp under which the fishermen can lool and lie to one another in comfort.

2. The Leaf-a-Mobile. Here, by a remarkable use of engineering skills, an extension can be whisked from the back end of the car which becomes, as if by sheer magic, a patio with flowered walls and bird-bath. A palm tree can be had in the deluxe model. Through this model the problem of having an auto, a beach home and a small yard is solved.

3. The Kitcheny-Eight. Lives there an autoist who has never longed to whip up a meal en route? In this model Mr. Twitchell gives the world a roomy limousine in which the touch of a button transforms the rear of the car into a complete kitchenette with icebox, stove, pantry shelves, cabinets, etc. A compartment for live birds is included in case the owner wants a fresh chicken dinner.

4. The 12-cylinder What-Fun. By a few manipulations, taking less than 10 seconds, this model, seemingly an ordinary touring car, is converted into a police car with all the traditional symbols and sirens. The mechanical devices which accomplish this change also slap a police hat onto the driver. There is no model as satisfactory as this to operators in a hurry.

The Accordion-Kar. Here Mr. Twitchell has something which

will be the answer to every autoist's prayer. It is a model which folds up when the driver wishes to park it. All hands alight, a button is touched and the car contracts in the manner of an accordion until it takes up little more room than an umbrella. The car can then be left in hotel lobbies, home hallways, or even, phone booths.

(Note—Order this last one early. It is going to be hard to get.)

Race-Chart Stuff: Right Job . . . Often gets left. Trifle . . . Not much. Swords Point . . . Sharp. Shopper . . . Apt to stop. Laurel Road . . . Plenty green.

"Have nice, black, lady's suit, worn three times, size 32; will swap for maple sirup or maple things. JY 314 Mass."—Yankee Magazine.

What would you say to taking some flapjacks used only twice?

"For Sale — Thoroughbred English Bulldog Pup. Price \$75. Must make room for wife, three children, cat, rabbit and horse. 493 J." Clinton, N. Y. Courier.

And you know how cramped these modern bungalows are.

"140 Base Piano Accordion. Chimes watch, 38-caliber Colt automatic, 20-gauge shotgun, hockey skates, diamond-studded Elk's button to swap for outboard motor JY 315 Ill."—Yankee Magazine.

Try cranking the Elk's button again; it may start.

Ye, ed hears that Olsen & Johnson have received offers to quit Bulck for Hercules Powder and the du Pont Corporation . . . What do Olsen & Johnson do when they encounter a quiet zone? Maybe Mike Quill's excuse for those fast strikes is that his brakes don't work. . . A cutie from Carolina Beach won the Lion's beauty contest and is Miss Lion of 1949.

God Spoke to Me Today

God spoke to me today,
Through the gray mist above the hills
Before the day was quite awake;
Through the pink splendor of the east,
The lilac lights across the lake.
He spoke, a voice within the wind:
The little gentle winds that blow,
Abed of tulips in the sun,
Each deepest golden heart aglow,
Were God's own messengers to me—
I love him so! I love him so!

God spoke to me today —
His voice? Nay, I could not mistake.
I hear him speaking clear tonight
As the day dies and in the west
The crimson sun sinks from my sight.
Uncomraded awhile I mark
Now far, now near the darkness grow,
And lo, he speaketh, "Child of mine,
When days and nights all passing go,
Still will I hold thee, still will keep—
I love thee so, I love thee so!"

GRACE NOLL CROWELL

Star Dust

BY INEZ GERHARD

LARRY PARKS, who just finished "Jolson Sings Again" at Columbia, shares a fondness for old songs with his wife, Betty Garrett. They have one of the largest collections of player piano rolls in America, also a foot-operated piano. So a party at the Parks' means that everybody makes a beeline for the rumpus room; with

LARRY PARKS

elder and pretzels for refreshment, and Larry pumping the pedals, they lift their voices in old favorites like "Sheik of Araby," "Whispering" and "Moonlight Bay." Incidentally, "Jolson Sings Again" is reported to be even better than the film that made Parks famous.

Radio's Galen Drake has finally given in to the demands of his listening audience; for the first time in his career, he has given a magazine permission to use his picture, (full color, at that!) with an exclusive story. His multitude of fans will be happy to learn that "This Is Galen Drake" will appear in the September issue of Radio Mirror Magazine.

For the first time in his life Danny Kaye is thinking of taking a nice, long rest. In "The Inspector General," at Warners', he wrestled with professionals, had several sword fights and performed assorted acrobatics.

Columnists are always reporting that Howard ("Sam Spade") Duff is engaged to somebody. The weirdest "engagement" was to a stage actress, Eloise Jansen—Duff didn't know her, finally found the columnist had invented her.

Betty Hutton was just recovering from one injury — she broke a finger while rehearsing a dance routine with Fred Astaire for "Let's Dance" when she broke a toe while playing on the beach at Malibu with her daughters.

The Fiction Corner

Fiction

TRAPPER JOE

By Richard H. Wilkinson

THE BLIZZARD, first of the season, was roaring fitfully when Trapper Joe climbed over the river bank and approached his cabin. Midway across the intervening clearing he stumbled over something and almost fell. The something, he discovered, was a man, almost buried by snow, unconscious.

3-Minute Flotation

Trapper Joe rolled the stiff form over and saw a huge pack strapped to the man's back. He grunted, picked up pack and man, and carried both into his cabin.

Trapper Joe examined the pack and found that it contained five pouches, each filled to capacity with gold dust. There must, he reflected, be thousands of dollars worth. PRESENTLY the blanket-swathed figure stirred. Trapper Joe stared down at it solemnly. The unconscious man's eyelids fluttered, then opened.

"Take it easy, pardner," said Trapper Joe. "You're coming around."

The man stared at Trapper Joe, then sat bolt upright. "Where am I?" he demanded. "What happened? I remember setting out for the Post. It began to snow, I kept falling. Then I saw your cabin, but—"

"But you didn't have the strength to make it. I found you almost dead. I lugged you back here and nursed life back into your body. You're safe, and so's your gold."

"You—know what's in there?" "Sure. Some of it spilled out. You must have made a rich strike."

"I did. A pocket. I stayed too late in order to get it all out. My name's Tim McLeary." He eyed Trapper Joe curiously. "Kinda queer having this happen; waking up and finding myself alive and—"

Trapper Joe nodded. "You're wondering why I didn't leave you there to die and appropriate the dust, eh? Well, I considered it. Then thought of what a chance I'd be taking. I thinks: When he wakes up he'll see I saved his life. McLeary brushed a hand across his face. His lips tightened. "I get it. You were scared to snitch the stuff. You figured I'd give you half of it on account of you saved my life."

"You're a cool one all right," McLeary twisted his thin lips into a grin. "Maybe it was good figurin' at that. Mind if I take a sleep? I feel sorta weak."

"Drink some more soup first. Warm you up inside."

OUTSIDE the storm beat and tore at the tiny cabin. Presently Trapper Joe slept. Time

passed. The storm diminished in volume, died. The figure near the fire stirred, sat up, listened to Trapper Joe's deep breathing and reached for a stick of firewood.

Trapper Joe returned to consciousness to find himself bound in his bunk. He struggled at his bonds. After an interminably long time he freed himself, chafed his wrists, flexed his muscles. Then he built up the fire. There was a note above the mantel. "Sorry, old timer, I've been dreaming of a strike like this for years. I'm young and can enjoy the money. There's not enough for two. I've tied you lightly and left enough supplies to see you through the winter. Thanks for the lift."

Trapper Joe folded the note and

put it in his shirt pocket.

"Time to celebrate," he said aloud. "Sides, I'll be wantin' to travel light so's I can reach the Indian village in three days' time."

Before sitting down to his feast he lifted a loose board behind the chimney and hoisted up a gallon can. He opened the can and his eyes lighted at sight of the yellow gleaming particles of dust there. He chuckled and replaced the can. "Well," he soliloquized, "the kid had a chance to play fair, and didn't take it. If he'd been willin' to split I'd have come half way. It'll take him a week to reach the post. By that time I'll be safe and sound."

Answer to puzzle No. 12

PUZZLE NO. 12

You Build It

Wall Cabinet for Good China

from the Full Size Pattern offered below. All materials specified are obtainable at any lumber yard.

Send 25c for Pattern No. 36—Dutch Colonial Wall Cabinet—to East-Bild Pattern Company, Dept. W., Pleasantville, N. Y.

Bumper Crops Eliminate Famine Scourge in World

The "long expected postwar recession in agriculture" got under way in 1948, but it was proving to be unlike the often mentioned agricultural panic of 1921.

The world food crisis, still in a dangerous phase in the early part of the year, became notably easier with the excellent harvests in many parts of the world and, more particularly, the bumper crops in western Europe and the United States.

All except a few of the more pessimistic began to regard the food situation with cautious optimism. Famine for once was not prevalent in any large portion of the world during 1948.

As bumper crop piled on bumper crop, worries returned in the surplus exporting areas, particularly the United States, as to whether world markets would continue to absorb the surpluses, and how price support programs and accumulating stockpiles might be managed.

This turn of events received emphasis, as evidence accumulated that the acreage already sown under favorable conditions, and to be sown with wheat for 1949 harvest, would probably be a new high record.

Expanding Market Seen For Dog Food Market

Some idea of the tremendously expanding market dog foods now represent for agricultural products can be seen from a recent report from the U.S. Department of Agriculture. The bulletin shows that over 50 million more cans of dog food were produced under their inspection in the first six months of this year than in the comparable period of 1948.

Peaceful Farm Scene

919

THIS peaceful farm scene will please the whole family! Embroider it easily in single and cut-line stitch, frame or line it.

It's so satisfying to embroider a lovely picture! Pattern 919, broader 15x19 1/2 inches.

Send 25 cents in coin to:

Sewing Circle Needlecraft Dept.

WEEKLY NEWS ANALYSIS

Congress Beats Off ERP Fund Cut; Russia Winning Gold War in East; Personal Incomes Rise in Nation

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of the newspapers.

BALUTE TO ISTANBUL . . . The U. S. sixth task fleet arrived in Istanbul recently for a five-day visit. One of the ships, the USS Fargo, a cruiser and flagship of the group, is shown firing a salute to Istanbul city. In middle background can be seen the aircraft carrier Coral Sea.

ERP FUND:

5.75 Billions More

The European recovery program appeared set for another year. The senate, by a vote of 63 to 7, voted a \$7.5 billion dollar appropriation to take care of European recovery needs and pay U. S. occupation costs abroad. Final action came after two weeks of debate.

THE SENATE voted a full 12-month program, with no authority of the spending agency to expend the money in a shorter period. At the same time, it approved an outlay of \$344,000 for a congressional watchdog committee to keep a check on foreign spending.

The upper chamber of congress gave tacit approval to nationalization of industries—in England, that is—by knocking down an amendment which would have withheld recovery funds from any nation which in the future nationalized an industry. This was aimed directly at Great Britain.

The bill provided:

One hundred and fifty million dollars for ECA loans to Europe. A billion, 740 million dollars for ECA's May-June operations.

NINE HUNDRED MILLION for army occupation costs in Germany, Austria, Japan and the Ryuku Islands.

Forty-five billion for Greece and Turkey.

In its struggle with the bill, the senate beat off efforts to earmark 500 million dollars for a loan to Spain and to require the ECA and the army to earmark two billion dollars for surplus U. S. farm products.

CHINA:

Lost Cause

Accusations, name-calling, recrimination did nothing to distort the picture—if the United States was winning the cold war in the West, she was losing it in the East.

The United States' "white paper" on what had happened in China and why charged vigorously that Communist victory over the Chinese and the disintegration of the Nationalist government were all the fault of Nationalist Generalissimo Chiang Kai-Shek.

SAID DEAN ACHESON, U. S. secretary of state: "Full blame for the ominous result of the Chinese civil war accrues to Chiang Kai-Shek and other Nationalist leaders because they lost no battle as the result of a lack of American aid."

In obvious contrast to the firm policy in dealing with Russia on problems affecting the West, Acheson said of China's future and U. S. aims in that direction: "Future U. S. policy must concentrate on relieving China of the Moscow-inspired foreign yoke of Communism."

That appeared easier said than done, however. There was no pact and no arms program to warn off the Reds, and, anyway, the Communists were on the ground and in control. Even the most optimistic among the diplomats in Washington would realize that throwing the Communists out of China would be a long, hard fight.

A FORMER AMBASSADOR to China, Major Pat Hurley, was quick to charge that the state department's "white paper" was nothing but an alibi for U. S. failure to stem the Communist tide in China.

'JOHN BULL' IRKED

British Resent Policy Criticism in U.S.

Word from London was to the effect that the British are no little perturbed at the mounting criticism in the United States of England's recovery efforts. Official British sources said they believed many of the complaints are based on lack of knowledge of Britain's problems and achievements since the end of World War II.

Radio Jam

According to reliable reports, Moscow's jamming of radio programs has tuned down the "Voice of America" to a mere whisper of its former self.

THESE REPORTS declare that Russian interference with programs beamed to the Soviet has been so effective as to cut to 10 per cent the American broadcasts which now permeate the region around Moscow.

Two official American protests against these jamming tactics were made last year, but in each case Moscow disclaimed any knowledge of such interference.

The Kremlin aim is obvious. Russian leaders are making every effort to isolate the Soviet people more completely from the west. Reception of American-originated broadcasts would have no place in that objective.

U.S. INCOMES:

Higher Than Ever

The status of consumer buying power in the nation was good. In fact, personal incomes, which are the main spring of such buying, increased in June, according to reports of the federal department of commerce.

THE RISE helped push incomes for the first six months of 1949 to a level 2.6 per cent higher than the first half of boom-time 1943.

The report estimated that the flow of personal income from all sources reached an annual rate of \$13.5 billion dollars in June. The commerce department's study showed the upturn had been continuing for three months, April through June, and that the gain accelerated as it continued.

An increase in farm income was cited by the department as the main cause of the June increase in personal income, as compared with that of May.

THE DEPARTMENT regarded as more significant, however, the fact that factory payrolls were credited with a slight increase in June after having declined steadily since last September.

COMIC BOOKS:

New Approach

The impact of so-called "comic books" on juvenile minds and their influence for good or evil has recently been a subject of widespread controversy in these United States. Some municipalities banned sale of the more objectionable books, others contented themselves with talking; but San Diego, it appears, has come up with a most sensible approach.

That southern California city has started what it calls a "comic book of the month club." Its purpose is to "put the fun back into funny books," from whence it has been conspicuously absent all these years.

The movement was launched after many San Diego families became disturbed about the subject matter of many of the comic books.

THE project depends upon co-operation of the comic-book publishers. If that can be obtained, publishers would submit the books to a board of review in advance of publication. Books that were approved would be mailed to club subscribers, who would be divided into different age groups.

live in partial interpretation of the cause of criticism here. Some informants expressed the belief much of it may stem from dislike of President Truman's overall economic policy, and added this may be the reason Britain has become the object of attack by Republicans and others who seek to pile up political capital in America by continuing to criticize the British.

POLITICS:

GOP Seeks Unity

The one thing it did not have in 1948 and the one thing it seeks most in 1952 is the one thing the Republican party seems most unlikely to find—and that is unity.

IT is characteristic of the American voter that when things are going fairly smooth at home, there is little disposition to change administrations. The long tenure of the Republicans and the even longer-tenure of the Democrats with Roosevelt and Truman point up that fact.

Therefore, if the GOP failed to attain unity in the 1952 presidential race, how could the party ever hope to win? There was an outside chance that, under a unified campaign, the party might win in '52. That chance lies in the fact that a lot of Republicans have been voting with the Democrats simply because they were at odds with their own party's candidate and fed up with the "me, too" policies of twice-contender Thomas E. Dewey.

BUT the chance for any real harmony within the party was slim. This was indicated by the bitter split in factions when Guy George Gabrielson of New Jersey was selected to replace Hugh D. Scott, Jr., of Pennsylvania, as the party's national chairman.

The changeover served merely to stir up new party turmoil and to pose the more immediate problem of unity in the congressional races now just 15 months away. Whether Gabrielson can bring this about is, of course, wholly conjectural; but it should be remembered that if the GOP would not run hitched together when the White House was the desired destination, there is little reason to expect them to hold tight in congressional contests.

GHOST STORY:

Boy Is 'Haunted'

Because of the myriad uncertainties which beset his existence, man always has been fascinated by the macabre, the supernatural, the weird beliefs and stories concerning ghosts and spiritual manifestations.

THIS is evidenced by the fact that the prominent part played by spirits of the dead in the lives of the living has been recounted and extolled since the days of the most ancient tribal existence.

And through most of the scoffing which greets such tales in this enlightened century there runs — if the truth were ascertainable — a tiny thread of credulity. It's rather like the old classic remark of the man who said that while he didn't believe in ghosts, he certainly had no desire to encounter one.

So the story of the Washington, D. C. boy "haunted" by "midnight manifestations" would bring the same scoffing, elicit the same secret thought, however fleeting, the same hidden wonder: "Could it be so?"

A local clergyman said it was so. This pastor told the Society for Parapsychology that he had the boy spend a night at his home. The minister said that during the night the bed on which the boy slept shook so violently he could not sleep. The boy moved to a heavy chair. The pastor said that while he stood over the chair it fell over, throwing the lad on the floor. The minister then put some bedding on the floor, told the boy to lie on it. Soon after the boy fell asleep, the minister saw the bedding and the boy slide slowly across the floor and under the bed.

Shakespeare said there are more things 'twixt heaven and earth than are dreamed of in our philosophy.

Beauty Abroad

Babe Stepp, America's 19-year old first lady of beauty, is shown leaving the Navy hotel in London for a tour of the British capital. A tour of London, Paris and Rome was a part of her prize as winner in the "Miss America" contest of 1948.

BABIES:

May Sleep More

Parents who pace the floor with their infants during the night hours can now look with hope to a new research project at the University of Chicago. Scientists there are engaged in a study of the sleeping habits of babies.

These gentlemen will seek to learn what part diet plays in the slumber habits of babies through test feedings of proteins and specially-prepared meats.

FAMILY REUNION . . . The Schumaker family, Waukegan, Ill., show happy faces in Lake county court after reading of "not guilty" verdict in favor of Joyce, 18, (center) after three days of her trial for murder of her married sweetheart, Carl Reeder. On Joyce's left is her mother, Mrs. Edna Schumaker, and on her right, her father, Fred Schumaker. She took a long rest in the country after the trial to forget the ordeal she had suffered in the court room and at the time of the tragedy.

CHARGES KIDNAPING . . . Mrs. Elyse Horowitz, Brooklyn, N. Y., looks longingly at a news photograph of her three-year-old son, Stephen, and his father at a sidewalk soda spa in Tel Aviv, Israel. Mrs. Horowitz declares that her estranged husband kidnaped the boy. A former wife charged Horowitz with abandonment of the son she bore him 14 years ago.

ICE-CAFADE . . . Fair and cooler is the forecast in Washington, D. C., as Patricia Zevy cools off during a heat wave on a king-size ice cube in a downtown ice house. Betty Leming (right) and Lorraine De Bee (left) join Patricia's chilly party. It seems like a "capital" idea. Patricia certainly is a cute "chick off the old block," and so are the other girls.

SPOTS BEFORE YOUR EYES . . . Bobo Harris, 11, Chicago, and Betty Brady, 9, Evanston, Ill., have enough freestyle, individually and collectively, to have won over 20 other contestants in the Chicago freestyle fair's freestyle contest. They were passed king and queen at the Indian village and also "Tah-pok-mah," a game made by the chief, Spencer Ash of Oklahoma. Counting these freestyles would be like counting the stars in the sky on a clear night.

NEW JUSTICE . . . Attorney General Tom Clark uses telephone in office at Justice department after President Truman offered to appoint him to the supreme court. He later accepted the appointment.

LADY OF MERCY . . . Little Jean Hoffenkamp, Chicago, feels sorry for her Spaniel puppy, Skippy, and shares her ice cream with him. The frown is because Skippy's manners are a bit questionable. He would lap up all the ice cream and leave his benefactor without any.

EYE FOR BEAUTY . . . Charles Eller, Fresno, Calif., offers to sell his eye for enough money to bring his fiancée here from Germany before her visa expires. He met her, Ly Elyse Beckmann, while serving in Germany in 1944. However, he did not have to sell his eye. A public subscription furnished enough money for Elyse's passage.

MRS. YEM TO MEET . . . Mrs. Carlotta S. Hadley, St. Louis, Mo., widow, whose name is being linked romantically with that of Vice-President Alben W. Barkley.

SENTIMENTAL JOURNEY . . . Angela Lansbury, British film star, and Peter Shaw, British designer, walk in New York to honor plans for London where the couple planned marriage in August. She was a war refugee here.

ATHLETES FOOT GERM
KILL IT IN ONE HOUR.
YOUR \$3c BACK

IF NOT PLEASED. The germ
grows DEEPLY, to KILL it, you must
REACH it. Get TE-OL at any drug
store. A STRONG fungicide, made
with 90 per cent alcohol. It PENE-
TRATES. REACHES MORE germs.
Today at Paden's Drug Store, ph. 20

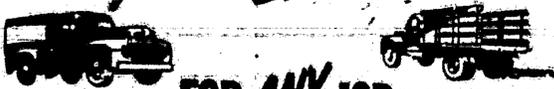

MORE SPACEHEATERS
There are about 5,000,000 oil-
fuel spaceheaters in use in the
United States today, an increase
of 122 percent since 1941.
