## Local Queen Enters Contest At State Fair

Lincoln County's representative, Miss Veda Lou Branum of Carrizozo, leaves today (Friday) with her mother, Mrs. Claude A. Branum, and her grandmother, Mrs. Veda Rustin, San Luis Obispo, Calif., for the State Fair at Albuquerque. She will vie with 31 other contestants for the title of State Fair Queen.

In the Lincoln County contest sponsored by the Carrizozo Lions Club and The Lincoln County News, Misses Branum, Joann Martin and Peggy McNatt, both of Ruidoso, on September 9 put their horses through various paces before Judges Walter Ray, Tulare; Mrs. Pat. Winters of near Carrizozo and A. Corbin Hester of Corona, to decide which girl would be the county's representative in the State Fair Queen contest. The judges' decision was based upon the horsemanship displayed by the girls, as well as their southwestern personality.

The local Lions Club and The News-Outlook wish to express their appreciation to the judges for their assistance. They traveled considerable distances and sacrificed personal plans in order to be present. One of them, A. C. Hester, made a 100-mile round trip over "Highway" 54, which calls for a vote of sympathy as well as one of thanks.

The Ruidoso girls, who had only 10 days riding practice before entering the contest, returned to their homes eager for the year to pass, so they may again compete for the honor of representing their county at the next State Fair. Both girls said they planned to get in much practice riding during the coming year and judging from the exhibition they gave this year, Peggy and Joann will be tough competition in future contests.

Veda, a 5-foot, 6-inch blonde, is 16 years old and a senior at Loretta Academy, El Paso, where she is majoring in home economics, with music as her minor. She plays the pipe organ and sings; is a member of a number of school organizations including the Loretta Athletic Association; a soloist in Chorus A at the academy; on the staff of the school annual; captain of the school baseball team; and co-captain of their basketball and volleyball teams. Veda went to Dallas in 1948 as the representative of Loretta Academy at the press convention for school publications. She is also a member of the New Mexico Cattle Growers Association and the Girls Rodeo Association.

In addition to the opportunity to enter the State Fair Queen contest, Veda will spend nine days in Albuquerque as a guest of State Fair officials and generally participate in events, as the representative of Lincoln County. During her stay in Albuquerque, she will reside at the Girls Club on the State Fair grounds.

Veda Lou has the sincere wishes of all of Lincoln County for her success in the state contest.

## Carrizozo Lights Dim As Town Nears REA Vote

It would almost appear the local power plant is attempting to bear out the statements of REA representatives, who claim the local plant is not in good condition.

On Monday evening lights in Carrizozo dimmed to the extent householders in some sections turned off electric motors to prevent their burning up, while other sections reported a blackout. The impairment to power service continued for approximately two hours.

At a special session of City Council on September 11, the city duly voted unanimously, without recommendation on their part, to allow REA to present to the people for popular vote the proposition to purchase the local power plant for a minimum price of \$121,000. The motion was made by Councilman C. A. Snow and seconded by Councilman T. E. Kelley.

If the people vote to accept REA's proposal the bonds against the power, locker and ice plants will be paid off and the city will own the ice and locker plants free of indebtedness.

## L. H. Barry, Corona Doctor, Succumbs

The death of Dr. Linda Henry Barry, 85, on September 14 leaves the town of Corona, which he has served since 1932, without a physician.

Funeral services were conducted at 2:30 P. M. September 17 at the Corona Presbyterian Church by Rev. L. S. Markham. Interment was at the Corona Cemetery, and pallbearers were Max Evans, Wesley King, Kassam Hindl, A. E. Mufkey, R. L. Sharp and J. M. Melton.

Surviving are a daughter, Mrs. William Decker, Langley, Wash.; two sons, William H. Barry, Puerto Cabezas, Nicaragua, and L. D. Barry, Vernal, Utah, and five grandsons, William Barry, Los Angeles; Jimmy Barry, Washington, and Pat, Dennis and Perry Barry of Vernal.

Born July 10, 1865, at Montecello, Ark., Dr. Barry left there as a small boy when his parents moved to Hot Springs, Ark. He attended schools there, as well as studying medicine under his father who was a practicing physician. He received his degree in medicine and surgery from the University of Maryland's school of medicine in 1892.

From 1893 to 1907 Dr. Barry was chief surgeon for the Mexico Central Railway in Torreon, Old Mexico. He returned to Hot Springs, Ark., in 1907 where he practiced medicine until 1914. Leaving the Arkansas town in 1914, the next 18 years were spent as a physician and surgeon in Montana, Washington, Idaho, Guatemala, Oregon, Arizona, Mexico and Nicaragua. Dr. Barry came to Lincoln County in 1932 and lived in Capitan for a short time before moving to Corona, and since then has been a permanent resident of that town.

He was previously married to Louise Dalzell, Washington, and to their marriage were born two sons and a daughter. Dr. Barry's death is a great loss to the community of Corona. He was recognized for his impartial treatment of everyone, regardless of race or creed, rich or poor. One of that fast thinning group of old-fashioned country doctors, Dr. Barry was ready day or night to serve his fellowmen. During the course of his practice in Lincoln County, it was sometimes necessary for him to use various means of transportation. In one of his confinement cases, it was recalled, a heavy fall of snow hindered the doctor's progress, and he was required to make the rest of his trip perched upon the farmer's tractor.

He was a loyal friend and a lover of dogs, flowers, and just plain folks. Although his health slowly failed the past three years, his mind remained alert and he continued his profession of ministering to the ill. The loss felt by the Corona community is well expressed in the words of a man in laborer's clothes who, with tears in his eyes, said: "Us poor folks lost a friend last night."

## Registration For General Election Ends October 9

If you desire to vote in the November election but are not registered, now is the time to attend to it. Registration will close October 9 and will not be reopened until after the election.

Residence requirements to be eligible to register and vote are one year in the state, 90 days in the county and 30 days in the precinct. Registration service is provided to all eligible people without charge at the following places in Lincoln County: County clerk's office, Court House, Carrizozo; DuBols Drug Store, Corona; village clerk's office, City Hall, Capitan; Jerry's Beauty Shop, Green Tree, and village clerk's office, City Hall, Ruidoso. Register today and vote November 7.

## First Contingent Leaves For Military Service

The county's first quota of inductees left Thursday for Fort Bliss to receive their assignments to a training center. Those leaving yesterday included: Jesse W. Petty, Carrizozo; Herman R. Gallagher, Hondo; Emiliano T. Villacast, and Vick V. Serna, Capitan; Bennie J. Esquivel, Ruidoso, and Aristeo V. Lucero, Bluewater.

## County-wide Health Meet Scheduled In Carrizozo

A county-wide organizational meeting will be held today (Friday) at 7:30 P. M. in the court room at the Lincoln County Court House, Carrizozo.

The New Mexico Department of Public Health, in connection with the district health office, is bringing to the county an extremely important health service, the free chest X-ray survey. This survey is similar to ones being conducted throughout the United States in a nationwide campaign to eradicate tuberculosis. The cost of bringing this service to the community is considerable, but is offered absolutely free. It is paid for in part by tax moneys and in part by purchase of TB Christmas Seals. Project Administrator John Dorman, TBC division State Health Department, will be in charge of the meeting.

Free chest X-rays will be given all persons 15 years or older, all individuals over the age of 3 who are close contacts to a case of tuberculosis and children under 15 who are accompanied by parents who are also presenting themselves for X-rays. Chest X-rays is the only method yet developed of discovering the disease in its early stages. An insidious feature of tuberculosis is that often it will start and progress for some time without showing any symptoms. Chest X-rays will reveal such a condition at an early stage, when tuberculosis can more easily be arrested. Tuberculosis has far reaching effects. In addition to physical suffering it can cause great economic hardship and mean the disruption of individual and family life.

The X-ray takes only a minute or two. Clothes do not have to be removed. All reports are kept strictly confidential. If your film should show any signs of chest disorder you will be sent a confidential letter asking you to come in for a larger film, also free. This large film, together with the diagnosis made by the director of tuberculosis control will be available to any physician designated by you, for his aid.

The survey is conducted on a mass finding basis, not an individual check. The purpose is to determine a true picture of chest conditions as they exist throughout New Mexico, to discover new pathology and to enumerate the various phases of chest conditions in the population as a whole. The more X-rays are made, the more accurate will be the survey. This service is for everyone, it is not a charity.

## Uncensored Detective Features Nalda Murder

October's issue of Uncensored Detective carries a story by Richard Havelocke Baile concerning the murder of Pierre Nalda last February on the Lewis and Sanders ranch near Vaughn in Lincoln County.

Baile's story is a rather "colored" version of the real one, and, in the telling, loses much of the "nightmarish" aspects of the actual murder case.

He has disregarded much of the testimony which was heard during the trial, and unless one were acquainted with the facts of the case, the reader would have no idea of the cold-bloodedness of the deed. Baile does not bring out the fact the men, later convicted, were known to Nalda. The old saying "Truth is stranger than fiction" is especially true in this case.

Valeriano Alaniz, Mexican national, and Luis Campos, Corona, were arrested after an intensive manhunt, and convicted of the murder. Campos is serving a life sentence in the state penitentiary where Alaniz is also, pending the appeal of his death sentence.

## Amateur Contest To Be Sponsored By Juniors

The amateur contest which the local high school juniors are sponsoring starts at 8 P. M. tonight (Friday).

No age limit restrictions were imposed and all Lincoln County residents have been invited to participate.

A number of entries have been received, and, in addition to the amateur acts, a special musical program will be presented. The students committee, headed by faculty advisor Clyde Shults, promise a highly entertaining evening.

Shown above is Veda Lou Branum, Carrizozo, who leaves today (Friday) to compete with representatives from 31 other New Mexico counties for the title of State Fair Queen. Veda Lou was chosen as the winner in the Lincoln County contest sponsored by the Carrizozo Lions Club and The News-Outlook.

Photo by Tom B. Zumwalt

The trio of girls shown above vied for the honor of being Lincoln County's entrant in the State Fair Queen contest. They are, left to right, Joann Martin and Peggy McNatt, Ruidoso, and Veda Lou Branum, Carrizozo. The judges selected Miss Branum as the winner.

## Nogal Pioneer Resident, S. W. Davis, Succumbs

The death of S. W. (Sully) Davis, about 73, on September 18 takes one of Nogal's pioneer residents.

Funeral services were held at Angus on September 20 at 2:30 P. M. with Rev. Jesse Allen, Baptist minister in Carrizozo, officiating. Interment was in Angus Cemetery. Pallbearers were Gilbert Peters, Martin Peacock, Bert Pfingsten, Tom Zumwalt, Roy Skinner and Walter Snell. Honorary pallbearers were Bowen Zumwalt, Fred (Shorty) Dawson, Homer McDaniels, L. R. LaMay and Harry Aguayo.

T. E. Kelley and Austin Wooten, morticians of Carrizozo and El Paso, respectively, were in charge of funeral arrangements. Mr. Davis was born in Lamar, Mo., November 22, 1877, the son of James and Alice Davis. He moved to Deming in 1906 and left there 15 years later to make his home in Nogal where he has resided since.

On May 10, 1922, he married Sylvia LaMay and of their union were born Marjorie Ellen (Mrs. William) Snell, Cuba, N. M., and Edward Davis, El Paso.

Mrs. Davis preceded her husband in death on October 4, 1940. In addition to his daughter and son, Mr. Davis is survived by four grandchildren, Tommy, Billy and Marguerite Snell, Cuba, N. M., and Harold Wayne (stepson of Edward Davis), El Paso. He is also survived by a step-brother, Tom Davis, Leemore, Calif.

Mr. Davis had been home only a week from a visit with his son and daughter when his death occurred.

## BULLETIN

As we go to press Thursday afternoon, we learn from Mayor Vernon Petty a special council meeting was to be held last night (Thursday).

## Lincoln Baptists Hold Regional Meeting Here

The Lincoln Baptist Association all-day meeting held in Carrizozo September 14 drew a number of members from towns both in and out of Lincoln County. Rev. Jesse Allen, local Baptist minister, was in charge of arrangements.

The meeting was called to order at 9:30 A. M. by Moderator Oscar Stanford and various business and instructional reports were heard by the assembled members.

H. C. Reavis was in charge of the Baptist book store for which display counters were erected at the back of the church.

During the morning, afternoon and evening services the members joined in the singing of hymns and a special program of music was presented at all three sessions. Margaret Shrum, Carrizozo, sang several vocal selections.

The outstanding speaker of the evening was Dr. Guy Winsted, Bible teacher, Baptist Church of Religion, New Mexico A. & M. College, Las Cruces. He stated the "nation is ripe with fear—fear is everywhere," and mentioned the various fears of which people are possessed.

Dr. Winsted pointed out there is a big need for God, and when people undertake to do what they can, "God takes over."

The women of the Carrizozo church served local and visiting members a delicious luncheon and supper.

## Injuries Put Team On Inactive List

Carrizozo's game with the Roswell B team, scheduled to be played last night (Thursday) was canceled due to the local team's handicap caused by injuries to six of its most experienced players. It is not known at this time whether it will be necessary to cancel the remaining games of the season.

Last week's game with the Capitan team, which ended in a score of 30-0, saw five members of the local team suffer injuries which will probably keep most of them out of play for the remainder of the season.

The local boys injured in Friday's game are Jerry Kennedy, broken leg; Tony Adler, broken arm; Bobby Hicks, chipped bone in thumb; Lee Straley, cracked rib, and Bob Powelson, concussion. Powelson, however, is apparently recovering satisfactorily. Dillon Lovelace, in practice play before the start of the season, suffered a broken leg, as did Jimmy Barnett in the first game which was played with the Corona team.

The local players have had more than their share of troubles in starting the current season. Adler and Barnett are the only lettermen left from last year, and to add to their woes, out of 21 reporting for football, only 15 are left. Injuries account for the remaining six.

Although a freshman and playing for the first time this year, Jerry Kennedy displayed outstanding ability, and the team will be handicapped in his absence from the lineup should it be decided to play the remaining games.

The Capitan team, with eight of last year's lettermen, is rated as one of the stronger teams in Class C League.

The local team had an excellent record last year, losing only three out of eight games, with the scores of two of the last games 0-0.

Although Carrizozo's football team is experiencing rough going this year, it need not be disheartened or discouraged. Good sportsmanship is an essential factor in the quality of any group, and the local school sometime ago adopted the sportsman's creed which stresses that particular factor.

In fact, it is still possible for those remaining team members to make a creditable showing if the schedule of games is permitted to stand.

## W. L. Burnett Resigns As Locker Plant Manager

The resignation of W. L. Burnett, local locker plant manager, has been submitted to City Council.

Mr. Burnett states he will undergo an operation shortly. Although he has the privilege of taking a leave of absence, Burnett says he prefers to resign inasmuch as it is difficult at this time of year to secure temporary employees. He feels the interests of the plant are best protected by this decision.

Mayor Vernon Petty stated applications to fill the position of locker plant manager will be accepted until Thursday, September 28, at the office of the village clerk.

## Santa Fe Railway To Award Future Farmers

Five educational awards to outstanding young Future Farmers in New Mexico will be offered by the Santa Fe Railway in continuation of its annual educational program. Fred G. Gurley, Santa Fe's president, announced recently.

The awards are cash sums sufficient to pay all expenses of the winners to attend the National Future Farmers of America convention to be held in Kansas City, Mo., October 9-12, inclusive.

Official delegates to the convention, candidates for the American Farmer degree, and outstanding individuals selected by the state FFA supervisors are eligible for the award.

The entire group of Santa Fe winners, officials of the National Future Farmers of America organization, state supervisors, and other agricultural leaders will be breakfast guests of the Santa Fe at the Hotel Muehlebach the morning of Wednesday, October 11.

## Joe Montoya Crushed By Freight Train

The tragic death of Joe Montoya, 83, under the wheels of a Southern Pacific freight train at the crossing near the local depot early Tuesday morning once again is a forcible reminder of the need of a safe crossing for residents of the southeast sector.

The lifelong resident of Lincoln County, tired perhaps by a long wait for the train to clear the crossing, abandoned caution and attempted to cross by crawling under one of the cars. As he started under, the train pulled out, heading west.

The report of Dr. J. P. Turner, Carrizozo, shows Mr. Montoya's death was due to shock produced by the wheels of the train running over both legs—the right leg at the ankle and the left leg at the knee. His body was badly mangled. Hospital officials reported he was dead upon arrival there.

Funeral services were held Thursday afternoon at 2 o'clock at the Carrizozo Trinity Methodist Church with Revs. Ray Miller and Jesse Allen, local Methodist and Baptist ministers, respectively, in charge. Interment was in Evergreen Cemetery, Carrizozo.

Information had not been received at press time concerning the surviving relatives. However, a stepson, Luis Montoya, resides in Carrizozo.

Born in Lincoln, Mr. Montoya was a lifelong resident of Lincoln County and had resided in Carrizozo for many years. He was a friend of Billy the Kid, and took good-naturedly the teasing of his friends in this connection. He steadfastly maintained he held the horse for Bonney at the time of the Kid's last escape. He was 8 years old at the time, he told listeners whom he delighted with his stories of Billy the Kid.

According to reliable sources, the death of this well-liked man is about the sixth in seven years at this railroad crossing. Residents of Carrizozo say the crossing claims on the average of one life per year. The village has contacted the Southern Pacific Railroad several times in the past, it is reported, in an attempt to secure either an overpass or an underpass, but to no avail.

A large number of school children cross the tracks daily, and bystanders report they have seen groups of children tire of waiting for the trains to pass and attempt to cross by crawling under the cars. It appears that with the usual lack of fear that is common to youth, one will dare the other and soon the entire group is observed crawling under the cars.

Apparently, freight and passenger trains obstruct the crossing for such lengthy periods, it becomes trying to those attempting to cross, and caution is thrown to the winds.

## Lincoln County 4-H's Make Good Showing

State records reveal that Lincoln County 4-H Club members made an outstanding showing in the state 4-H demonstration and judging contests held at the state encampment the early part of August.

State placings for Lincoln County were as follows:

First place, senior livestock loss prevention team; second place, junior soil conservation team; third place, junior livestock loss prevention team; fourth place, honorable mention, junior food team; fourth place, honorable mention, soil conservation, individual; eighth place, 16 teams competing, livestock judging.

## New Partnership Formed

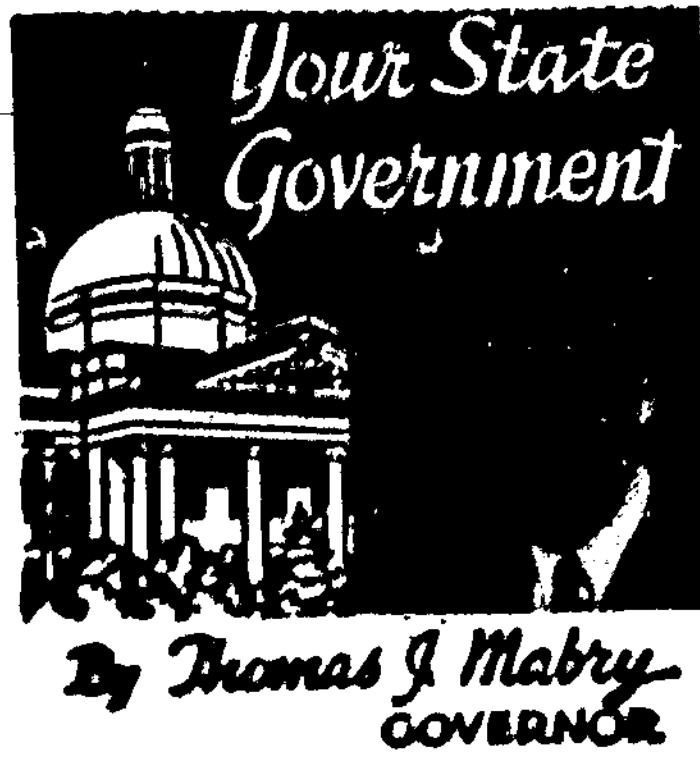

The Atlas Lime Company, Inc., El Paso, is announcing the formation of a partnership to sell building products they now manufacture.

The new sales organization is known as The Atlas Building Products Company and their policies and terms will maintain the same high standards that are associated with the Atlas Lime Company Inc.

The Harkey Lumber Company handles products of the Atlas Lime Company.

 L. Kinnard, Editor and Publisher

If America is to be run by the people, it is the people who must think. Our thinking must square against some lessons of history, some principles of government and morals, if we would preserve the rights and dignity of men to which this nation is dedicated. — Amos

A healthful population is one of a state's greatest resources. To have healthy adults, we need to have healthy children. Year ago, the state of New Mexico realized that this task could be made certain health programs in the public schools, children were examined in many of the schools, especially by school nurses. That service has grown along with many others.

It was not until more recently, however, that action was taken to provide all school children with a well rounded meal at no charge. Many children brought inadequate lunches and some suffered from malnutrition. This was not only a health problem, but a financial one. In some schools, steps were taken by local organizations and individuals to provide children with a good lunch. That action by local groups eventually led to the establishment of the present national school lunch program.

In New Mexico, more than 400 schools are now participating in some type of school lunch program. The average school has 1300 children. The lunch program is available to all schools, and an effort is being made through the Department of Education and by local school officials and interested organizations to expand the program.

We have at the present time one billion children in average size attendance in our schools. Of course, many of these children live in our towns, and they have lunch at home. The school lunch program is for that reason, especially valuable in the rural areas, and in the communities where children live so far from home that they must either take their lunch with them or obtain their lunch at the school. Last year, New Mexico received a number of commodities from the U. S. Department of Agriculture at a low cost for use in the school lunch program. The value of these commodities was more than \$1,000,000 and the

**Here's a Kitchen Transformed!**

Who would suspect that this kitchen, as old fashioned as the clock above the sink, could become a beautiful modern kitchen without a lot of expensive alterations! But look below to see how it was transformed.

Symbolic of the transformation is the electric clock that replaces the old mantel timepiece. Alterations? Sure, but not expensive ones, because standard steel kitchen units were used and no structural changes were made. The window remains and the new cabinet sink was attached to the old plumbing. A soft light above the wall cabinets and the addition of wall tile are extra features. Note the large number of drawers and compartments in the double-bowl sink and base cabinets.

figure will run even higher for the current year.

All school lunch programs are operated on a non profit basis and the lunch must be available to all children regardless of their ability to pay. For those who are able to pay, the maximum cost per child is about 15 cents.

Our schools have experienced, and are still experiencing a phenomenal growth. It is interesting to recall that 30 years ago a professor from Columbia University made a report on educational conditions in New Mexico. He predicted that within 30 years, or by 1950, our high school graduates might number as much as 1,200 to 1,500. Last year, we actually had 4,091 graduates and this year it will be closer to 5,000.

We must look to the healthy bodies and educated minds of the youth of today to carry on as the older generations pass from the scene. Here is one place where taxpayers are pretty unanimous in their opinion that money spent in this direction is well spent.

Food supplies for citizens in the U. S. are considered adequate. Don't hoard.

Wool exports to the United States during the 1949-50 season were up about 90 per cent over the previous year—particularly from the Argentine.

Shown above, left to right, are Lincoln County Sheriff S. M. Ortiz, Carrizozo; Leon Todd, Mineral Wells, Texas, and State Patrolman Herbert Douglas, Carrizozo. Todd posted \$4,000 cash bond in Carrizozo on September 11 to appear for District Court trial on a charge involving murder in the death of William Henry Floyd Hewitt in Ruidoso, August 27, 1940. Todd was arrested in Texas after Glen Thornton, Arizona prison inmate, signed a confession alleging Todd hired him to "see that he (Hewitt) left Ruidoso and never showed up anymore." A coroner's inquest showed Hewitt met death from a gunshot wound which appeared to be self-inflicted.

### Water Facilities Improved By Loans To Farmers

Improved livestock and crop productions are being carried on by 203 farm families in New Mexico who received assistance this past fiscal year under the water facilities program administered by the Farmers Home Administration, according to Glen Grisham, state FHA director. The funds are being used to establish or repair irrigation systems on borrowers farms or to provide water supplies for livestock and household use.

From the 200,000 allocated to New Mexico for these loans in the past year, the agency loaned \$54,950 to 27 families, and \$130,000 to three associations with 176 individual members. More than half the funds will go for installation or repair of facilities for the irrigation of more than 8,339 acres. One hundred and fifty-three families got \$142,350 for this purpose, the number including 133 families belonging to borrowing associations.

More than 120 farm families applied for water facilities loans in the year, reflecting a growing demand for this type of loan.

Largest loan approved was to an association of 51 farmers near Las Vegas, the Storrle Project Water Users Association. The loan is for \$80,000 to repair a 40-year-old facility, a part of which was damaged by a heavy windstorm depriving these farm families of needed irrigation water. A concrete pipe siphon will replace approximately 2,000 feet of the destroyed flume. Siphons, flumes, and other structures will place the system in good condition.

Since the beginning of the

### Bear Season Opens In Lincoln County Nov. 10

Bear season with or without use of dogs is from noon September 15 to November 5, inclusive, and November 22 to December 10. Bear may be taken without use of dogs during regular big game season. No bear hunting on state game refuges. Bag limit is one bear per season. Bear may not be hunted in Lincoln County until November 10.

Anyone wishing to hunt antelope must have their application in the Game Department at Santa Fe by 10 A. M. September 20.

District Game Warden Bill Humphries said he is desirous of calling the attention of bear hunters in Lincoln County the season for bear does not open in this county until November 10 at noon with regular big game season.

### State Fair Rodeo Provides A Thrill A Minute

A thrill a minute, two and one half hours of action packed entertainment, that's the 1950 State Fair Rodeo, opening the evening of Friday, September 23, at the Fair Arena, Albuquerque.

Five major contest events will follow the colorful Grand Entry at 8 P. M. daily. Call roping, saddle-brone riding, bareback riding, steer wrestling and bull riding are slated for each night with numerous special attractions and added events. The rodeo will end at 10:30 P. M. each evening so fair patrons may see the dare-devil aerial acts of the Albinis and the Parrot trio, as well as the nightly fireworks display.

The nine-day show is approved by the Rodeo Cowboy's Association and is expected to lure the nation's top hands to vie for one of the largest purses yet offered. A purse of \$3,550 has been posted by the New Mexico Fair and entry fees will be added to complete a purse totaling near the \$13,000 mark.

Special attractions will include the country's top trick riders, the Boomtown Mounted Square-dancers of Burkburnett, Texas, Curtiss Candy Company's famous six-pony hitch, Old Gray Mare

comedy act, and rodeo clowns with a whole bagful of surprises.

Stock for the rodeo will be furnished by Beutler Brothers of Elk City, Okla., and is considered the best in the entire Southwest. The Beutlers have a reputation for producing a fast show with no dull moments.

Rodeo judges are Carl Dossey, Chandler, Ariz., and Mill Moe, Tulsa, Okla., both former judges at the Madison Square Garden rodeo. Monte Roger, Woodward, Okla., will be master of ceremonies, and Lynn Beutler will direct the arena and Floyd Rigdon of Carlsbad will serve as manager.

Young chickens raised on farms in the U. S. in 1950 are estimated at 10 per cent less in number than in 1949.

By Thomas J. Mabry, GOVERNOR

"If America is to be run by the people, it is in the people who must think. Our thinking must square against some lessons of history, some principles of government and morals, if we would preserve the rights and dignity of men to which this nation is dedicated."—Anon.

A healthful population is one of a state's greatest resources. To have healthy adults, we need to have healthy children. Years ago, the state of New Mexico, realizing this, took action to inaugurate certain health programs in the public schools. Children were examined in many of the schools periodically by school nurses. That service has grown along with many others.

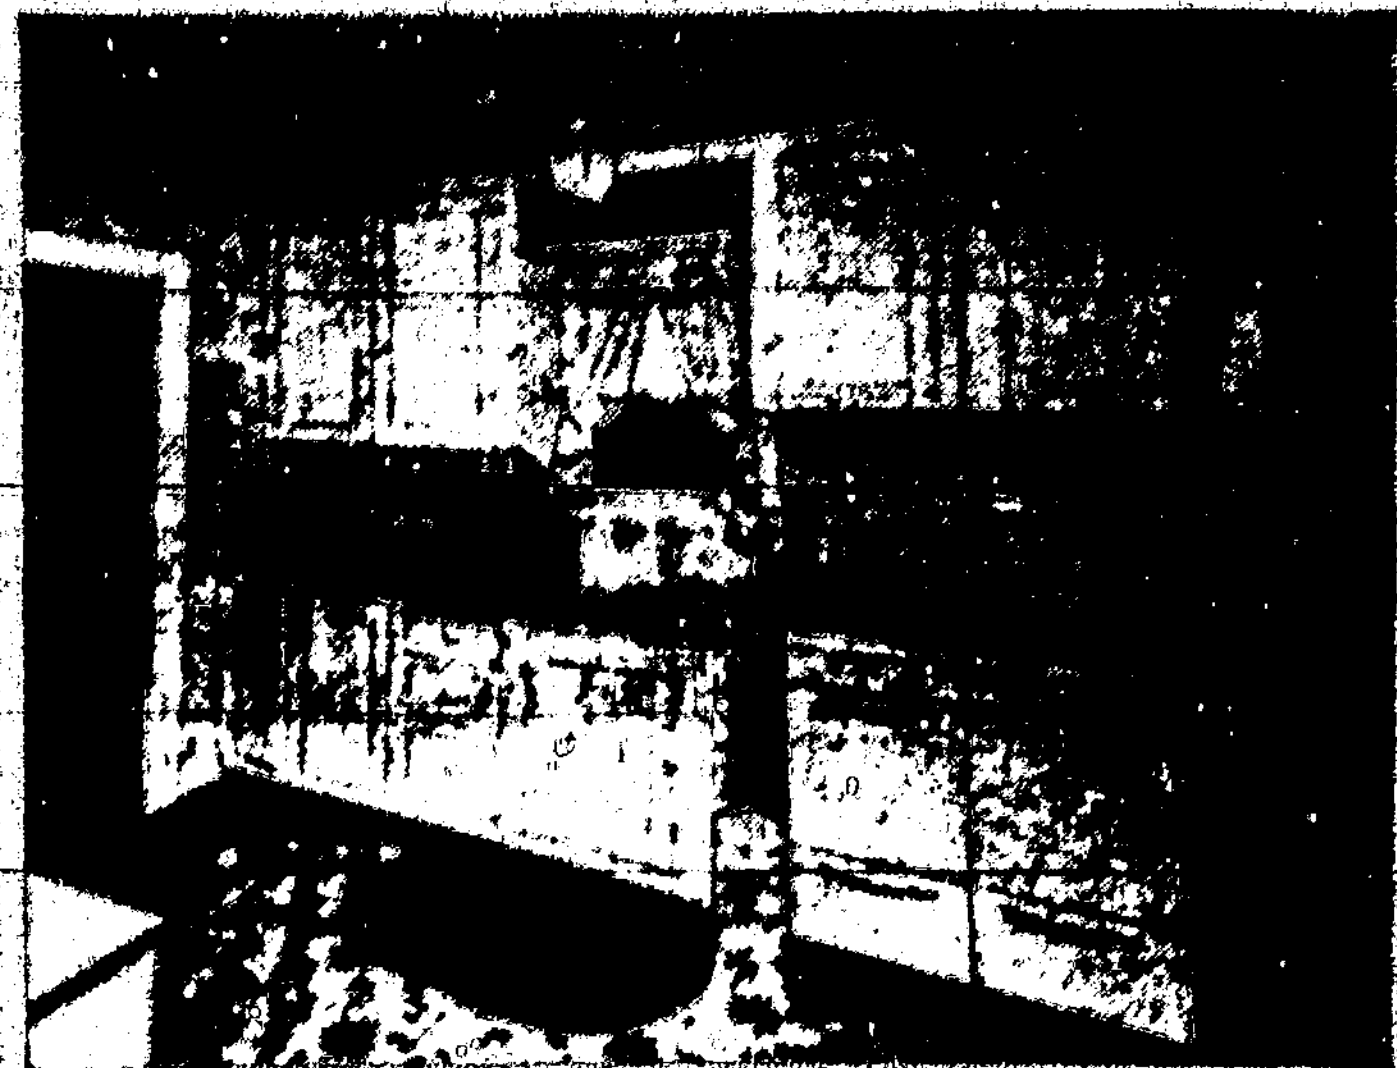

It was not until more recently, however, that action was taken to provide all school children with a well rounded meal at lunchtime. Many children brought inadequate lunches and some, suffered from malnutrition. This was, obviously, not a healthful condition. In some schools, steps were taken by local organizations and individuals to provide children with a good lunch. That action by local groups eventually led to the establishment of the present national school lunch program.

In New Mexico, more than 400 schools are now participating in some type of school lunch program. They serve some 45,000 children. This lunch program is available to all schools, and active effort is being made through the Department of Education, and by local school officials and interested organizations, to expand the program.

We have, at the present time, some 120,000 children in average daily attendance in our schools. Of course, many of these children in our towns and cities have lunch at home. The school lunch program is, for that reason, especially valuable in the rural areas and in the communities where children live so far from school that they must either take their lunch with them or obtain their lunch at the school.

Last year, New Mexico received a number of commodities from the U. S. Department of Agriculture at a low cost for use by the school lunch program. The value of these commodities was more than \$363,000 and the

**Here's a Kitchen Transformed!**

Who would suspect that this kitchen, as old fashioned as the clock above the sink, could become a beautiful modern kitchen without a lot of expensive alterations! But look below to see how it was transformed.

Symbols of the transformation is the electric sink that replaces the old mantel timepiece. Alterations? Sure, but not expensive ones, because standard steel kitchen units were used and no structural changes were made. The window remains and the new cabinet sink was attached to the old plumbing. A soffit above the wall cabinets and the addition of wall file are extra features. Note the large number of drawers and compartments in the double-bowl sink and base cabinets.

figure will run even higher for the current year.

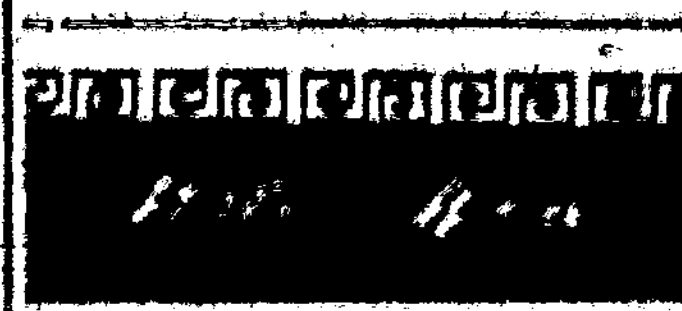

All school lunch programs are operated on a non-profit basis and the lunch must be available to all children regardless of their ability to pay. For those who are able to pay, the maximum cost per child is about 15 cents.

Our schools have experienced, and are still experiencing a phenomenal growth. It is interesting to recall that 30 years ago a professor from Columbia University made a report on educational conditions in New Mexico. He predicted that within 30 years, or by 1950, our high school graduates might number as much as 1,200 to 1,500. Last year, we actually had 4,091 graduates and this year it will be closer to 5,000.

We must look to the healthy bodies and educated minds of the youth of today to carry on as the older generations pass from the scene. Here is one place where taxpayers are pretty unanimous in their opinion that money spent in this direction is well spent.

Food supplies for citizens in the U. S. are considered adequate. Don't hoard.

Wool exports to the United States during the 1949-50 season were up about 80 per cent over the previous year—particularly from the Argentine.

### State Fair Rodeo Provides A Thrill A Minute

A thrill a minute, two and one half hours of action packed entertainment, that's the 1950 State Fair Rodeo, opening the evening of Friday, September 23, at the Fair Arena, Albuquerque.  
 Five major contest events will follow the colorful Grand Entry at 8 P. M. daily. Calf roping, saddle bronc riding, bareback riding, steer wrestling and bull riding are slated for each night with numerous special attractions and added events. The rodeo will end at 10:30 P. M. each evening so fair patrons may see the dare-devil aerial acts of the Albinis and the Parrot trio, as well as the nightly fireworks display.  
 The nine-day show is approved by the Rodeo Cowboy's Association and is expected to lure the nation's top hands to vie for one of the largest purses yet offered. A purse of \$3,550 has been posted by the New Mexico Fair and entry fees will be added to complete a purse totaling near the \$13,000 mark.  
 Special attractions will include the country's top trick riders, the Boomtown Mounted Square-dancers of Burk Burnett, Texas, Curtiss Candy Company's famous six-pony hitch, Old Gray Mare

comedy act, and rodeo clowns with a whole bagful of surprises. Stock for the rodeo will be furnished by Beutler Brothers of Elk City, Okla., and is considered the best in the entire Southwest. The Beutlers have a reputation for producing a fast show with no dull moments.  
 Rodeo judges are Carl Dossey, Chandler, Ariz., and Mill Moe, Tulsa, Okla., both former judges at the Madison Square Garden rodeo, Monte Roger, Woodward, Okla., will be master of ceremonies, and Lynn Beutler will direct the arena and Floyd Rigdon of Carlsbad will serve as manager.  
 Young chickens raised on farms in the U. S. in 1950 are estimated at 10 per cent less in number than in 1949.

"If America is to be run by the people, it is the people who must think. Our thinking must square against some lessons of history, some principles of government and morals, if we would preserve the rights and dignity of men to which this nation is dedicated."—Anon.

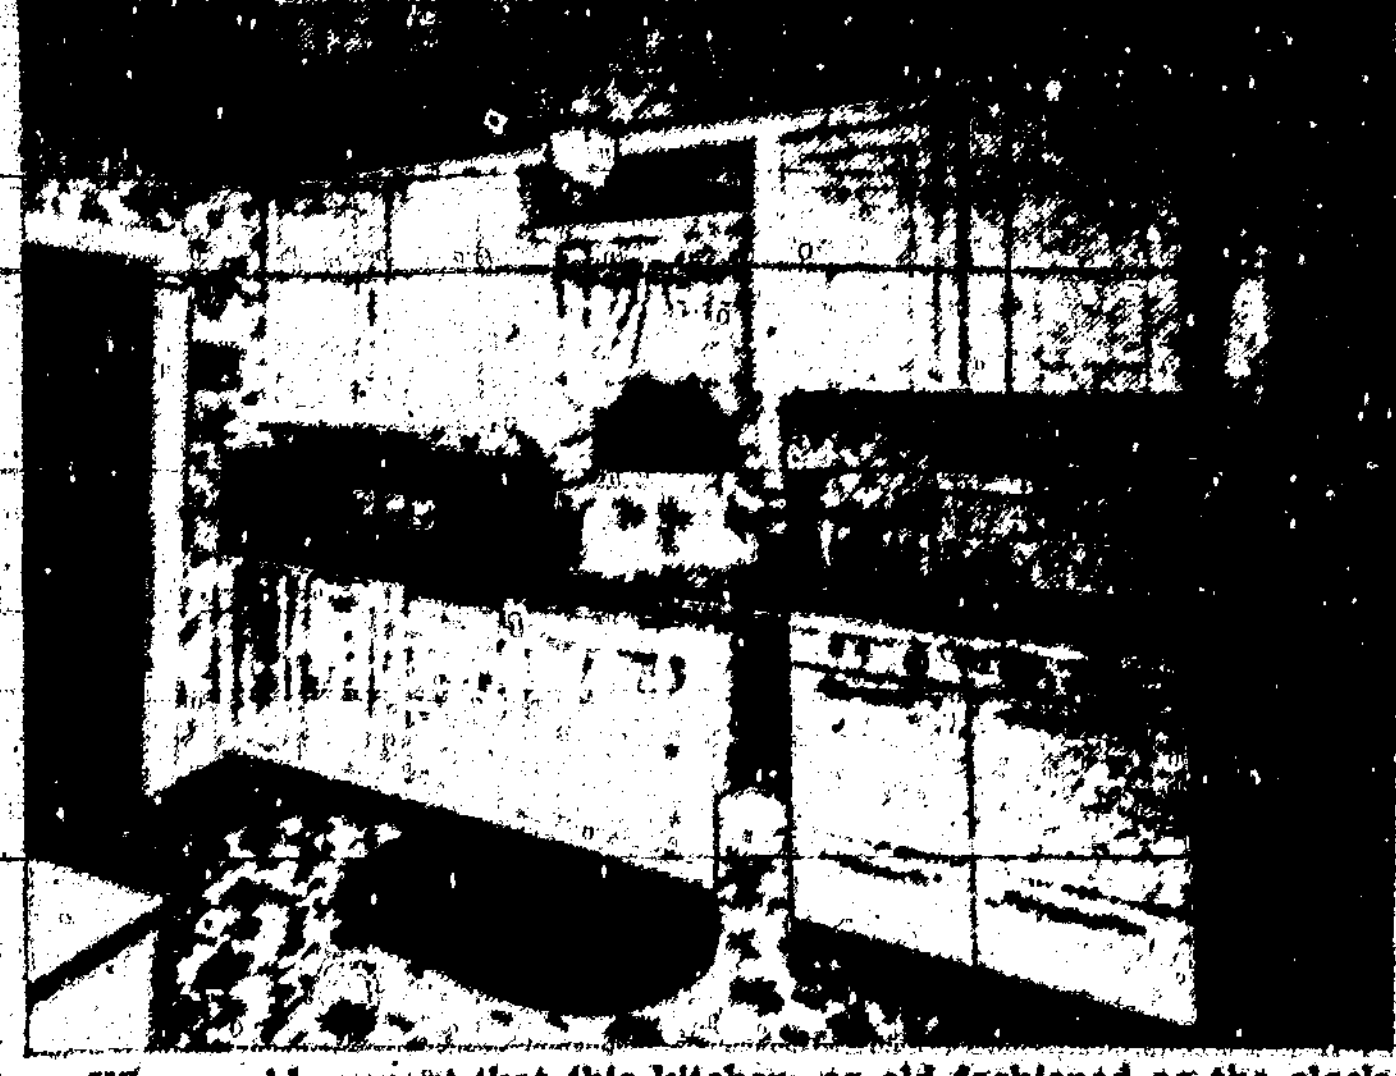

A healthful population is one of a state's greatest resources. To have healthy adults, we need to have healthy children. Years ago, the state of New Mexico, realizing this, took action to inaugurate certain health programs in the public schools. Children were examined in many of the schools periodically by school nurses. That service has grown along with many others.

It was not until more recently, however, that action was taken to provide all school children with a well rounded meal at lunchtime. Many children brought inadequate lunches and some suffered from malnutrition. This was, obviously, not a healthful condition. In some schools, steps were taken by local organizations and individuals to provide children with a good lunch. That action by local groups eventually led to the establishment of the present national school lunch program.

In New Mexico, more than 403 schools are now participating in some type of school lunch program. They serve some 43,000 children. This lunch program is available to all schools, and active effort is being made through the Department of Education, and by local school officials and interested organizations, to expand the program.

We have, at the present time, some 130,000 children in average daily attendance in our schools. Of course, many of these children in our towns and cities have lunch at home. The school lunch program is, for that reason, especially valuable in the rural areas and in the communities where children live so far from school that they must either take their lunch with them or obtain their lunch at the school. Last year, New Mexico received a number of commodities from the U. S. Department of Agriculture at a low cost for use by the school lunch program. The value of these commodities was more than \$363,000 and the

Here's a Kitchen Transformed!

Who would suspect that this kitchen, as old fashioned as the clock above the sink, could become a beautiful modern kitchen without a lot of expensive alterations! But look below to see how it was transformed.

Symbolic of the transformation is the electric clock that replaces the old mantel timepiece. Alterations? Sure, but not expensive ones, because standard steel kitchen units were used and no structural changes were made. The window remains and the new cabinet sink was attached to the old plumbing. A soffit above the wall cabinets and the addition of wall file are extra features. Note the large number of drawers and compartments in the double-bowl sink and base cabinets.

figure will run even higher for the current year.

All school lunch programs are operated on a non-profit basis and the lunch must be available to all children regardless of their ability to pay. For those who are able to pay, the maximum cost per child is about 15 cents.

Our schools have experienced, and are still experiencing a phenomenal growth. It is interesting to recall that 30 years ago a professor from Columbia University made a report on educational conditions in New Mexico. He predicted that within 30 years, or by 1950, our high school graduates might number as much as 1,200 to 1,500. Last year, we actually had 4,031 graduates and this year it will be closer to 5,000.

We must look to the healthy bodies and educated minds of the youth of today to carry on as the older generations pass from the scene. There is one place where taxpayers are pretty unanimous in their opinion that money spent in this direction is well spent.

Food supplies for citizens in the U. S. are considered adequate. Don't hoard.

Wool exports to the United States during the 1949-50 season were up about 90 per cent over the previous year—particularly from the Argentine.

By MICKEY THOMAS Kay Taylor and Catherine and Virginia Thomas are celebrating Dorothy Jean's birthday anniversary with some other youngsters. There will be a slumber party at the Leo Joiners.

The new school house is looking better and better. The steel windows set it off just right. Almost everyone has been busy harvesting apples. Tom Babers is helping Bert Pfingsten with his apples. Every time things begin to look dry we have another good rain. They always come in the nick of time.

The Honda High School PTA had their first meeting. They cleared up all last year's business and bought a salad maker for this year. The new teachers were introduced and refreshments were served.

Our San Pat cowboys plan to go to the Alamogordo fair this week. There is a rodeo, of course. Pat Chavez is gathering lots of vegetables. Stumpy Lucas got Arizona blues, and left us. The Tom Riggsby will have to find another fruit store attendant.

Subscribe to The News-Outlook.

long distance call sent the ranger to Alamogordo to meet the Apache Indian crew and fly to California. Earl was eliminated from the shooting match and may have forfeited the state title. He lent aid to the California fire fighters until September 12.

My father, H. E. Gray of Glencoe, was honored on his seventieth birthday anniversary, September 8, by a party of neighbors and friends. Guests included Mrs. Henry Feebles, Mr. and Mrs. Jacob Sneets of Roswell, Mr. and Mrs. S. W. Tonds, Mrs. Vella Allison and Earl and myself.

Bobbie Peebles is busy teaching his sheep "fair manners" in preparation for the nine-day event in Albuquerque.

The Captain parents staged an old-fashioned school play that made the new teachers thankful to be teaching under modern methods.

Nogal Lake is still a favorite fishing spot these weekends, but the weeds have claimed so many spinners the sport is proving too expensive for me.

Dick Cox rode with Henry Feebles recently when he brought his cattle off the mountain.

Sam Servis of Alamogordo worked with Ranger Guck on forest service matters last week. Dabney's fence suffered considerable damage when struck

USE T-4-L FOR ATHLETE'S FOOT BECAUSE— It has greater PENETRATING Power. With 90 per cent undiluted alcohol base, it carries the active medication DEEPLY, to kill the germ on contact. Get happy relief IN ONE HOUR or your 40c back at any drug store. Today at Paden's Drug Store, Carrizozo.

by a car. Mr. Chaves called Sheriff Ortiz to attempt to locate the driver. Peg Pfingsten's Jeep bucked with him while riding the range and broke his left arm. What a break for a busy man at this season.

I read the other day some eminent physician remarked the only nourishment in an apple was the worm. With food prices soaring so high, I've been pondering the advisability of believing that remark. I guess we should not kick, though, as long as our boys in Korea are swallowing Communist gunfire so uncomplainingly.

Mrs. Mag Pfingsten and son Ben had just installed a new deep freezer when the Newberry family came to taste the frozen products.

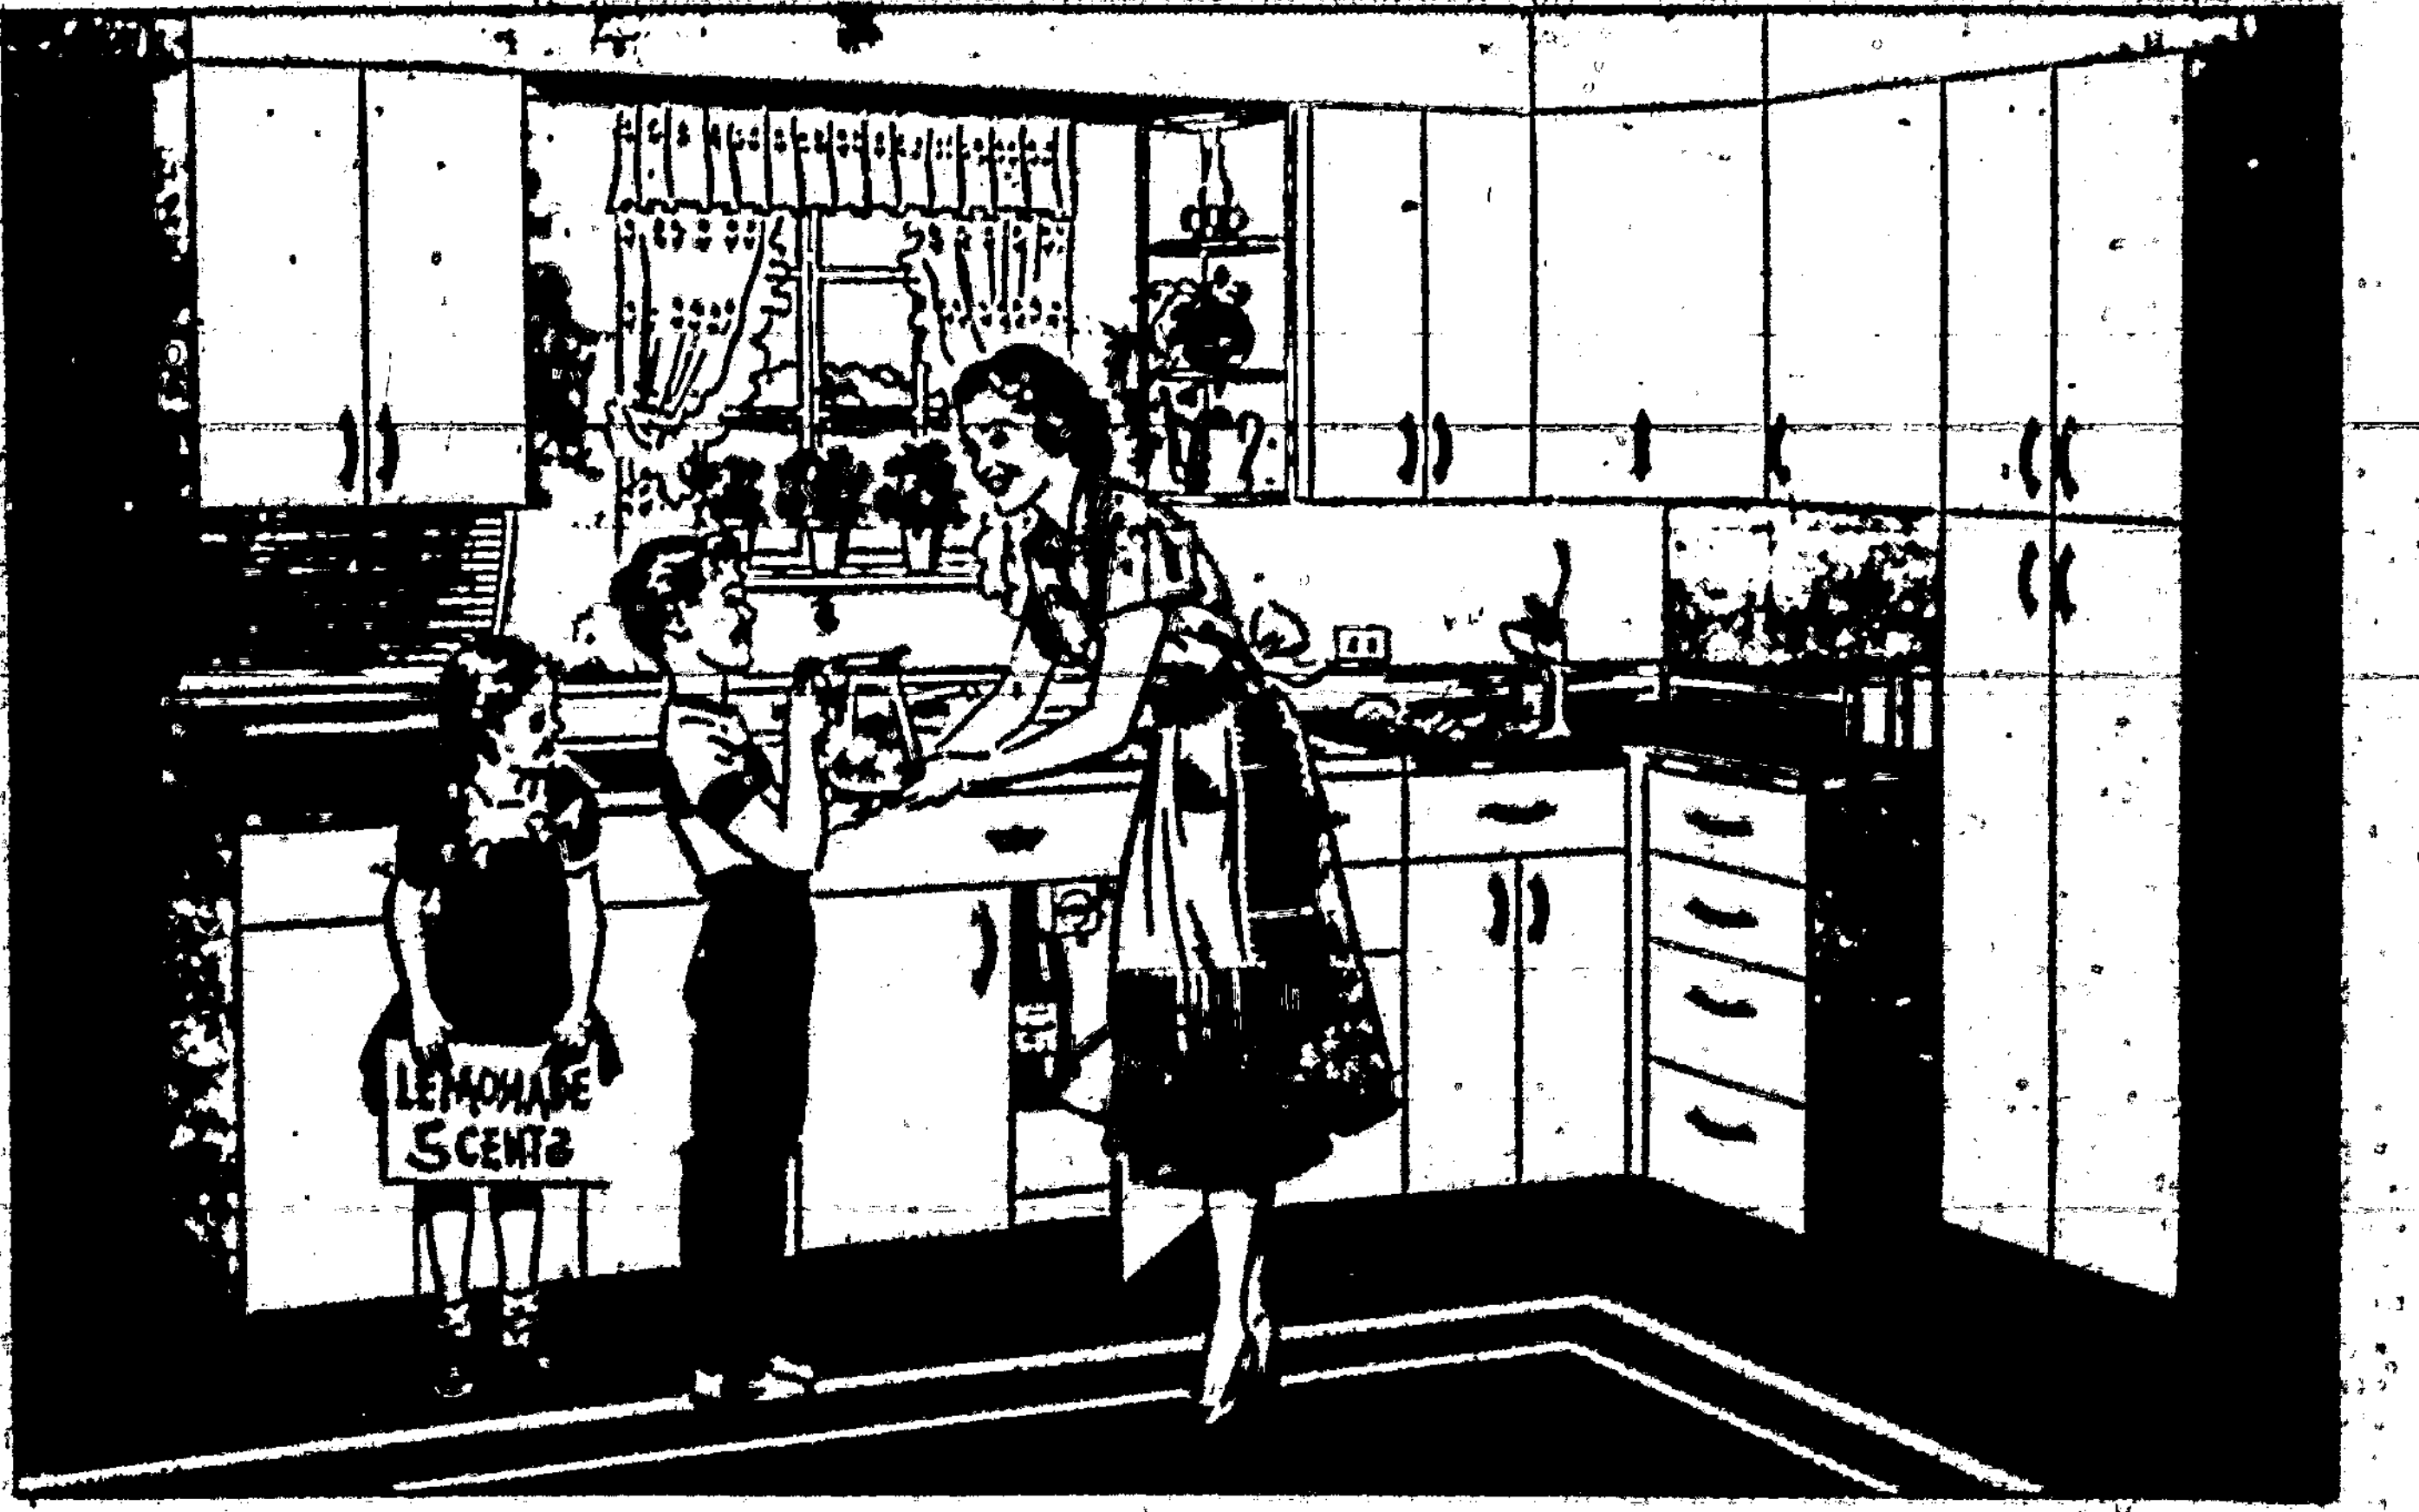

Those wet welcome showers make me feel summer will soon end. The dove and pigeon hunters have not been too successful on the mesa.

Mr. and Mrs. Floy Skinner spent Sunday in Fort Stanton visiting with their granddaughter, Mary Ann Cox, who was

home from Portales for the weekend. Virgil Jones will leave this week for Silver City to attend a meeting of the Game Protective Association. Bill Humphreys rode with Paul and Virgil Jones last week investigating game conditions above the Bonita. The Lamays just beat the rain getting their hay in, as did the Peebles—also, the Fergusons' beans will be in the fields until the weather dries.

Shown above, left to right, are Lincoln County Sheriff S. M. Ortiz, Carrizozo; Leon Todd, Mineral Wells, Texas, and State Patrolman Herbert Douglas, Carrizozo. Todd posted \$4,000 cash bond in Carrizozo on September 11 to appear for District Court trial on a charge involving murder in the death of William Henry Floyd Hewitt in Ruidoso, August 27, 1940. Todd was arrested in Texas after Glen Thornton, Arizona prison inmate, signed a confession alleging Todd hired him to "see that he (Hewitt) left Ruidoso and never showed up anymore." A coroner's inquest showed Hewitt met death from a gunshot wound which appeared to be self-inflicted.  
 Photo by Tom B. Zumwalt.

## Water Facilities Improved By Loans To Farmers

Improved livestock and crop productions are being carried on by 203 farm families in New Mexico who received assistance this past fiscal year under the water facilities program administered by the Farmers Home Administration, according to Glen Grelham, state FHA director. The funds are being used to establish or repair irrigation systems on borrowers farms or to provide water supplies for livestock and household use.

From the 200,000 allocated to New Mexico for these loans in the past year, the agency loaned \$54,550 to 27 families, and \$130,000 to three associations with 176 individual members. More than half the funds will go for installation or repair of facilities for the irrigation of more than 8,339 acres. One hundred and fifty-three families got \$142,350 for this purpose, the number including 138 families belonging to borrowing associations.

More than 120 farm families applied for water facilities loans in the year, reflecting a growing demand for this type of loan. Largest loan approved was to an association of 51 farmers near Las Vegas, the Storrle Project Water Users Association. The loan is for \$30,000 to repair a 40-year-old facility, a part of which was damaged by a heavy windstorm depriving these farm families of needed irrigation water. A concrete pipe siphon will replace approximately 2,000 feet of the destroyed flume. Siphons, flumes, and other structures will place the system in good condition.

Since the beginning of the water facilities program in July, 1933, a total of 100 New Mexico families have borrowed to obtain water for home, livestock and garden purposes, and 60 to obtain irrigation water. Forty-five groups and associations have borrowed to obtain farmstead and irrigation water for their members. Of these loans made to date, 102 of the farmstead and 15 of the irrigation water borrowers have already repaid their loans in full, although borrowers may have up to 20 years in which to repay their indebtedness. Three per cent interest is charged on the unpaid principal during the life of the loan.

**LEGALS**

**NOTICE OF PUBLICATION STATE LAND SALE LINCOLN COUNTY OFFICE OF COMMISSIONER OF PUBLIC LANDS**

Notice is hereby given that pursuant to the provisions of the Act of Congress, approved June 20, 1910, the laws of the State of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands will offer at public sale to the highest and best bidder at 9:30 A. M., on October 6th, 1950, at the front door of the Court House in the city of Carrizozo, County seat of Lincoln County, New Mexico, subject to existing lease or leases, if any, the following described State Institutional land, to-wit:

SALE No. 2852  
W 1/2 SW 1/4, E 1/2 SE 1/4 of Section 32, Township 9 South, Range 14 East; NE 1/4, NW 1/4 SE 1/4 of Section 5; W 1/2 NW 1/4 of Section 16, Township 7 South, Range 14 East, N. M. P. M., containing 490.52 acres, more or less, according to the government survey thereof.

No bid will be accepted on the above described lands for less than Five and No/100 (\$5.00) Dollars per acre, and the successful bidder will be required to pay at the time of sale five per cent (5%) of the amount of his bid, the value of the improvements and the costs of sale. The balance of the price offered will be payable in thirty years with interest on all deferred payments at the rate of four per cent (4%) per annum in advance, in accordance with the terms of the contract to be entered into by the successful bidder, form of which will be furnished on request.

All minerals on the said lands are reserved to the State of New Mexico, and the Commissioner reserves the right to reject any and all bids.

DATED AT SANTA FE, NEW MEXICO, this 18th day of July, 1950.

GUY SHEPARD,  
Commissioner of Public Lands  
(SEAL) 7-28-Oct 5

IN THE MATTER OF) CHANGE OF NAME OF) No. 5741 DENNIS GRAY MITCHELL.

**NOTICE TO WHOM IT MAY CONCERN:**

Notice is hereby given that on the 12th day of September, 1950, in the District Court of Lincoln County at Carrizozo, New Mexico, Dennis Gray Mitchell filed a petition with the District Court Clerk petitioning the District Court that his name be changed from Dennis Gray Mitchell to Billy Gray Douglas.

The home of the petitioner is at present at Lovington, New Mexico.

Notice is given that the hearing on the petition will be had at the Court House in Carrizozo, New Mexico, on the 25th day of September, 1950; all persons having objections to the said change of name must present said objections on the day of said hearing.

E. E. Chavez, of Las Cruces, New Mexico, is the attorney for the petitioner.

**IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN**

IN THE MATTER OF) THE LAST WILL AND) Testament of WIL- LIAM THOMAS COE, deceased.

**NOTICE TO WHOM IT MAY CONCERN:**

Notice is hereby given that an instrument purporting to be the Last Will and Testament of William Thomas Coe, deceased, has been filed for probate in the

**Basanda Construction Co. Awarded REA Contract**

The Central New Mexico Cooperative held the opening for the "C" Section August 31 at Mountainair.

Contractors submitting bids were the Basanda Construction Company, Seastrunk Electric Company, Shiner Electric Company, Zachary Construction Company, Callahan Construction Company and J & J Construction Company. The Basanda company presented the lowest bid for 633,144.78 with the Zachary and Callahan firms presenting second and third lowest bids, respectively. The contract was awarded the Basanda company, subject to the approval of the administrator of the Rural Electrification Administration. If delivery of the material is made this work will begin early in October.

On Tuesday evening the Mountainair Chamber of Commerce entertained the contractors, suppliers, engineers, board of trustees and the staff of the Central New Mexico Electric Cooperative at a dinner. On Wednesday evening the same group was entertained by the Estancia Chamber of Commerce. Each town extended a welcome to the contractors and gave them information on the availability of housing, office space, warehousing, supplies and suppliers.

The contractors were assured they would receive full cooperation from the chamber. The successful contractor will make use of the chamber assistance while on the job and the other contractors stated they will always remember the courtesy and hospitality of the Mountainair and Estancia citizens.

See specialists say the average bee collects several times its weight in honey in a season, but this is only about a quarter of an ounce on the average. So, if a bee could live long enough, it would take about 64 years to make one pound of honey.

**Cards of Thanks**

The beautiful floral offerings and other expressions of sympathy in the loss of our father, Dr. L. H. Barry, were deeply appreciated and are gratefully acknowledged.

MRS. W. J. DECKER,  
L. D. BARRY,  
J. L. BARRY.

The sympathetic messages and lovely floral tributes sent in memory of our husband and father were greatly appreciated.

MRS. S. V. HARCROW AND FAMILY.

**Probate Court of Lincoln County, New Mexico, and by order, the 31st day of October, 1950, at the hour of 10:00 o'clock A. M., at the court room of said court in the Village of Carrizozo, New Mexico, is the day, time and place for hearing proof of said Last Will and Testament.**

Therefore any person or persons wishing to enter objections to the probating of said Last Will and Testament are hereby notified to file their objections in the office of the County Clerk of Lincoln County, on or before the time set for hearing.

Dated at Carrizozo, New Mexico, this 19th day of September, 1950.

J. G. MOORE,  
(P. C. SEAL) Probate Clerk,  
By Ottila E. Vega, Deputy,  
S 15-22-29 O 6

**NOTICE OF APPLICATION FOR CHANGE OF NAME TO WHOM IT MAY CONCERN:**

An application for change of name from Bob Lee Russell Powelson to that of Bob Lee Powelson will be made to the District Court for Lincoln County, New Mexico, on October 12, 1950, at 10:00 A. M., at Carrizozo, New Mexico.

(a) BOB LEE RUSSELL POWELSON, Petitioner.  
GEO. L. ZIMMERMAN, Attorney for Petitioner,  
Carrizozo, New Mexico, S-22-29

**State Fair To Sponsor Pie Baking Contest**

One hundred and fifty dollars in cash and an all-expense paid trip to Washington, D. C., awaits some New Mexico girl who proves herself adept at baking a cherry pie during the New Mexico State Fair in Albuquerque, September 23 to October 1.

A state cherry pie baking contest will be held in the Youth Building on September 29, and is open to girls who have passed their fifteenth birthday by February 21, 1950, but who will not have passed their twenty-first birthday by March 1, 1951.

The state winner must agree to participate in a national contest to be held in the nation's capital, and to present a pie to the President at the White House should she emerge winner. Pat Hill, publicity director of the State Fair, announced complete details of the state or county contests are being sent to demonstrators agents in each of New Mexico's 32 counties, and further information may be obtained by contacting them.

**New Mexico Forest Fire Loss Reduced In 1949**

The average 1949 forest fire on New Mexico's protected timberlands was held to three acres. This compares to an average acreage loss of 19.4 per acre for the five-year period 1945-49.

Last year 597 forest fires reported by the state burned 2,177 acres of New Mexico timberland. Of the 585 fires reported on protected land, 509 were caused by lightning. Careless smokers were second greatest cause of fires.

Commenting on the state's forest fire record, American Forest Products Industries Forester J. C. McClellan called for continued forest fire prevention education.

The AFPI forester stressed the need for full public support of federal and state fire control agencies. He called for continued cooperation between industry, the public and woodland owners in preventing fire.

**Marine Reserves Asked To Forward Orders**

Marine reserves in receipt of active duty orders which state the San Antonio Marine recruiting office will furnish transportation are requested to forward these orders to the San Antonio office as soon as possible.

This advance notice is necessary so all necessary orders and transportation arrangements may be made. This request applies also to those Marine reserves who receive orders to active duty at a future date.

These orders and the necessary information should be sent to the Marine Corps Recruiting Office, Room 442, Post-Office Building, San Antonio, Texas.

**Picacho Box Supper And Dance Huge Success**

The Picacho Woman's Club and community sponsored a box supper and dance last Saturday evening, September 9, which proved immensely successful. The auctioned boxed suppers brought in a large sum which will be used for the benefit of the local hot lunch program. Roman Nunez did an excellent job of auctioneering and his services were much appreciated.

Lincoln County's famous Louie Massey attended the event, and her daughter, Joy Mable, sang a number of beautiful selections. She was accompanied at the piano by her mother.

Mr. and Mrs. Curtis Tabor and

**Six New Vet Hospitals To Open In September**

Six new veterans hospitals will open their doors by the end of September, the Veterans Administration announced.

Totalling 1,450 beds, the hospitals are located in Saginaw, Mich.; Marlin, Texas; Grand Island, Neb.; Spokane, Wash.; Shreveport, La.; and Altoona, Pa. Of particular interest to veterans in the Southwest was the announcement new VA hospitals under construction at Denver and Phoenix and the new addition to the Albuquerque VA hospital are more than half completed, with each scheduled for opening by early next summer.

The six new hospitals represent half of the dozen hospitals VA expects to open before the end of the year. The others include Little Rock, Ark.; Wilkes-Barre, Pa.; Beckley, W. Va.; Omaha, Neb.; Poplar Bluff, Mo.; and Clarkburg, W. Va.

Miss Mary Kamees also delighted the group with their vocal numbers. Mrs. Louise Coe accompanied them at the piano.

One of Lincoln County's pioneer residents, Romualdo Fresno, 92 years of age, was enthusiastically received by the audience when he demonstrated an old time waltz. Mr. and Mrs. Wilbur Coe donated the music for the dancers, and the Woman's Club provided the coffee.

The costliest box of supper went to Hugh Sloan. The assistance of those who helped make it such an outstanding success is greatly appreciated by the people of Picacho who were in charge of the supper and dance.

From soap to suits, almost everything you buy these days costs more than it did in 1940. But one thing that takes a smaller part of the family budget than it did ten years ago is the telephone. That's because the average family income has increased much more than the cost of telephone service.

Meanwhile the value of service has increased. In most communities you can call—or be called from—more than twice as many telephones as in 1940. That means more errands your telephone can run for you—more jobs it can do. In terms of convenience, usefulness, time and trips saved, few things give so much for so little.

Otero County Co-op To Do Series On REA

(W. C. Cooper, manager of the Otero County Cooperative, has planned a series of articles dealing with the history and work of REA which will be published in this paper for the information of our readers. The first in the series of these articles is printed below.)

During the preliminary proceedings and in the meeting of the council of the city of Carrizozo, it seemed the general public is not too well informed as to the relationship between the Otero County Electric Cooperative and the governmental agency known as Rural Electrification Administration.

REA is only a loaning agency that will loan funds to cooperatives to build electric systems if there is sufficient justification in a given area to warrant such investment as it is pointed out the money and interest must be paid back. The rate of interest is 2 per cent and the loan is paid back over a period of 35 years.

To be more specific, in an area, not now having electric service, a group of farmers, ranchers, etc., form a cooperative, incorporated in the state in which they live. They then canvass the area and sign up all that want the service, maps and other necessary details are prepared and submitted to REA in Washington who examine it to see how many miles of line will be required, if wholesale power is available and to see if sufficient revenues will be forthcoming to pay off the debt.

It might be wondered why the cooperative is interested in the proposed purchase of the electric property in Carrizozo which is explained as follows: There is a sizeable area, in and around Carrizozo, and between Carrizozo and Tularosa that cannot be served with electricity as the area is too sparsely settled to serve as it now stands.

LEGALS

IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN. IN THE MATTER OF THE LAST WILL AND TESTAMENT OF DR. L. H. DABBY, Deceased. NOTICE OF HEARING FOR PROVING WILL TO WHOM IT MAY CONCERN: Notice is hereby given that on the 21st day of September, 1950, the Last Will and Testament of Dr. L. H. Dabby, deceased, late of the County of Lincoln, State of New Mexico, was offered for probate in the Probate Court of Lincoln County, New Mexico. Any and all persons objecting to the probate of the said Will are hereby notified to be present on the 31st day of October, 1950, at 1:00 o'clock in the afternoon and show cause, if any they have, why said Will shall not be admitted to probate.

New Fort Stanton Doctor Is Talented Musician

By FRANK E. SMITH Marvin Ziporyn, M. D., recently arrived from Alameda, Calif., for duty at the U. S. Marine Hospital, Fort Stanton, is not only an excellent young doctor, but also a widely known violinist, as will be noted in the brief biographical sketch appended hereunder.

A former boy prodigy, Dr. Marvin Ziporyn at 20, has a musical background unmatched on the American concert stage. His talent first showed itself at the age of 5, when he began to play the violin under the direction of Walter Aschenbrenner of the American Conservatory of Music and conductor of the Chicago Symphony Choir.

Within a year, young Ziporyn gave his first public recital at Chicago's Kimball Hall, playing the works of Mozart, Kreutzer and De Beriot. When he was 6, he played too for Louis Persinger, teacher of most of America's child prodigies, including Yehudi Menuhin. Mr. Persinger declared Ziporyn's talent equalled that of Menuhin's at the same age.

of progress and the cooperative feels if the people in Carrizozo give it due consideration they will, in the election that is to come, combine their efforts in the direction of progress and development for this part of New Mexico, by agreeing to sell the electric property to the cooperative. All is to be gained by this and nothing to lose.

Homemakers Attracted By Local Store Display

The model Youngstown Kitchen on display at the Carrizozo Hardware Company is attracting many inspectors. Homemakers are enthusiastic about the many labor-saving devices that are part of the model kitchen on exhibit.

The kitchen units made by Youngstown come in various sizes to fit any area, and a complete and modern kitchen may be assembled unit by unit. Thus the homemaker is afforded the advantage of purchasing the most necessary unit first and adding others when it is convenient to do so.

Five countries produce over 80 per cent of the world's wool and about 90 per cent of the wool entering international trade—Australia, Argentina, New Zealand, Uruguay and South Africa. The young doctor-violinist entered the U. S. Public Health Service and served at Portland, Maine, Bethesda, Md., and the U. S. Marine Hospital at San Francisco, doing physicals at the U. S. Merchant Marine School in Alameda, Calif., during the latter service.

Mechem Charges Waste In Reassessment Program

Republican Edwin L. Mechem charged the reassessment program "wasted \$250,000 by following wasteful and impractical methods."

The job could have been done fairly and without complaints had the state administration used the original \$250,000 appropriation to set up a board to confer with county assessors about the reassessment survey, the Republican candidate for governor said.

Some antibiotics, such as aureomycin, have been found to stimulate growth in pigs over that obtained in good rations and to control certain types of scours. It is thought that the antibiotics accomplish these things by controlling the bacteria in the intestinal tract. PREHM'S MAGAZINE—CANDY ICE CREAM—TOYS CIGARETTES \$1.00 CARTON

New Mexico Indians Prove Worth In Forests

Indians in New Mexico are fighting on fronts a thousand miles apart to save U. S. national forests.

Eighty-five Navajo workers are in western Colorado. And, says J. T. Badel, assistant supervisor of San Isabel national forest, many will stay on after others are laid off because the Indians are superior workers.

The Navajos set a record of treating 17,000 trees in one week. The Red Hats were credited with controlling three of the most violent fires in Lincoln National Forest history. That reputation brought them to attention of the Forest Service nationally. The Red Hat training started two years ago under John O. Mechem declared.

At The Movies

"Stars In My Crown" with Joel McCrea and Ellen Drew comes to the local theater September 24 and 25. The picture deals with the story of a small southern town at the close of the Civil War.

Crow, superintendent of the Mesquero Apache reservation; Bert Shields, veteran of 30 years as a reservation ranger, trained them. Now they are ready to take any part in the job and are sent to the hottest points in a blaze. Crow says they can build and hold a mile of fire line every half hour.

Fatal Fall

Joseph B. Ryan, owner of a ski resort at Mont Tremblant, Quebec, died September 12 when he fell 22 stories from a New York hotel window.

Bond Sales Total \$52,840 U. S. Savings Bonds purchased by residents of Lincoln County during August totaled \$52,840, according to S. E. Grelsen, chairman of the county's savings bonds committee.
