1951 Ford On Display Today

The Lincoln County Motors will hold their preview of the 1951 Ford today (Friday), according to Marilyn H. Roberts, president of the firm.

Roberts stated the 1951 Ford model to be displayed is the custom coupe.

L. D. Crisco, vice president and general manager of Ford division, says: "Ford cars for 1951 accomplish notable refinements in styling, beauty, engineering, riding qualities, economy, safety and ease of handling."

Addition of the new automatic device will make available to Ford buyers a choice of three transmissions and two engines—six different power combinations in all.

Both the conventional three-speed transmission and the Ford overdrive will continue to be available.

A lowered hood, a new dual-spinner grille and a wider, longer wrap-around bumper give a more massive appearance to the front end. Parking lights are re-styled and larger chrome headlamp rings extend beyond the lenses. Added chrome and new, larger tail lamps add to the appearance of the rear end.

Rear deck lids on the new Fords have been counter balanced and are opened by a new key release lock. Springs then assist in raising the lid and hold it in the open position.

The new models have a wide range of color combinations, and a choice of upholstery, headlinings and other interior trim to harmonize with body colors. This wide choice is a Ford-exclusive in the low price field.

The '51 "Safety-Glow" instrument panel is completely new. A "Channalite" instrument cluster adds safety and convenience, and the speedometer pointer has a glowing ring which encircles and illuminates the figure showing the speed. The instrument control knobs are mounted in depressed cups, each individually lighted.

An outstanding feature of the new cars is a new "softer" ride which is made possible by suspension improvements and automatic ride controls. A new control valve was developed in the hydraulic shock absorbers, which adjusts the cushioning effect. The combination of new tension-type rear spring suspension and softer front spring rate maintains a proper balance between the front and rear for a level ride on all roads. Rubber engine mounts also have been redesigned.

New colors are coral flame red, alpine blue, culver blue, sea island green, greenbiter metallic and Mexacalli maroon. Other colors are Sheridan blue, silver-tone gray, Hawaiian bronze, Hawthorne green and raven black.

Sportsman's green is reserved for the convertible and Crestliner. Coral flame red is reserved for the convertible.

Several important engine changes have been made. Valve rotators have been incorporated and the top compression ring on each piston in V8 and Six engines now is chrome finished. A weather-proof ignition system also is a feature.

The new fuel pump is designed to assure reliability under all kinds of operating conditions. A larger windshield wiper motor improves wiper operation.

New mounting of the intake manifold on the six insures more uniform fuel distribution for quicker cold weather starting and smoother performance. Quieter operation is accomplished by installation of expansion control Autothermic pistons and by adoption of a redesigned camshaft and a three-blade fan.

Gears have been redesigned and strengthened in the conventional three-speed transmission and in the unit used with the overdrive.

On Extended Vacation

An extended vacation in Nevada is being enjoyed by Joe Sargent, owner of the Yucca Bar in Carrizozo.

Sargent left a few days ago and plans to be gone about six weeks.

His mother, Mrs. Albert G. Sargent, Blainville, Texas, who had been his guest for several days, returned to her home Saturday.

Woman's Club Shown Visual Education Film

The Carrizozo Woman's Club held their regular monthly meeting Friday afternoon at the Club House, with Acting President Mrs. J. P. Turner in charge.

Mrs. Elva Wilson, county superintendent of schools, presented a film used by county schools in their visual education work, and which showed proper table settings for various occasions.

Other features of the program included a reading by Mrs. W. H. Nickels; an article on Stephen Foster by Mrs. E. O. Brown; a talk on "Health and Education" by Miss Cummins, registered nurse from the State Health Department at Santa Fe, and a piano solo by Mrs. F. O. Brown.

Mrs. Aisje Bumgardner, county health nurse, was in charge of the program.

The local club's Christmas party will be held at their next regular meeting on December 15. The members will decorate a Christmas tree and exchange gifts.

Plans for the community Christmas tree which will be sponsored by the local club were also discussed.

Hostesses for Friday's meeting were Mesdames Vernon Petty, Robert Shater and Elva Wilson, who served the members with refreshments as eye attracting as they were mouth watering.

Carrizozo Boy Scouts Plan To Hike To Mal Pais

The Carrizozo Boy Scout Troop will make an all-day hike to the Mal Pais today (Friday), reports their leader, Spencer Devitt, local elementary school teacher.

Devitt reports there are 15 members in the troop at present, and that Billy Hicks has been named patrol leader. The scribe of the troop is Dick Goas.

The local troop held weekly meetings on Tuesday at 7 P. M. in their Scout Hut in the basement of the Masonic Building.

The troop's first project, their leader reported, is the redecoration of their meeting place. The members will do all the work themselves, and when it is completed, the troop will have a comfortable and attractive meeting room.

The most important goal of the local troop at this time, in addition to their redecoration project, is that of meeting the necessary requirements for advancement to the next rank in scouting.

The national Scout organization rules and regulations require Scout troops to qualify for various promotions in order to obtain a top rating. Officials impress upon troop members the value of working for and securing the highest Scout rating possible.

First Thanksgiving Day Spent With Grandparents

Tiny Barbara Candice Evans celebrated her first Thanksgiving Day with her grandparents, the C. A. Snows, Carrizozo. Her parents are Mr. and Mrs. Bill Evans, students at New Mexico Western College. Mrs. Evans is the former Hope Snow and is active in musical circles at the school.

Barbara, who weighed six pounds at birth, was born in Silver City November 3.

Mrs. Evans and Barbara arrived prior to Thanksgiving and Mr. Evans joined them in time for the holiday.

Class Ad Pays Off

On Halloween night the front gate of the Ralph Pettys' disappeared. After waiting several weeks, Mrs. Petty ran a classified ad in last week's issue of The News-Outlook.

In the meantime, Jack Fulmer had found a gate in a building on the rear of his lot.

Mrs. Fulmer mentioned to Mrs. J. E. Thornton she could not locate the owner. When Mrs. Thornton read the ad, she called Mrs. Fulmer who contacted Mrs. Petty, who lives across the street from Mrs. Fulmer, and returned the gate. Mrs. Thornton lives several blocks from Mesdames Petty and Fulmer.

F. S. Mrs. Fulmer did not accept the reward offered.

Budget Announced By District Scouts

By JOHN E. CLARDY
Field Scout Executive.

The executive board of the Eastern-New Mexico Area Council, Boy Scouts of America, has announced the operating budget of the council has been set for the year 1951. The amount set is \$53,200 and will be financed by contributions solicited by friends of scouting in the various towns in the council area, which comprises 10 eastern New Mexico counties and one Texas county.

This finance committee of the council, at a meeting held shortly after the board meeting, approved plans to conduct financial drives for the Scout budget in all towns of the council until December 1.

The operating budget of the Boy Scout Council must be met to take care of the expenses of the scouting program as the Boy Scouts of America is a non-profit organization and must look for help in its financing from scouting in the area.

The funds of the scouting program are used for the extension of the program to communities that do not now have it, for training leadership, the extension of the campaign program, for badges of ranks for the boys, and also for the regular expenses of record keeping, insurance, office and other necessary expenses.

Scouting is one of the outstanding organizations of its kind for citizenship training and character building of the youth today and the future citizens of tomorrow. It is also one of the very few organizations chartered by Congress for its operation.

All funds contributed to scouting are administered by the executive board of the council area, who are business men and who make sure that no funds are wasted unnecessarily. All communities are planning to conduct their drives November 29 in the White Mountain District of the council. It will be a "dawn to dusk" affair.

When your neighbor calls on you for help to scouting, greet him warmly and give to this worthwhile cause. Remember, it is better to build boys than to mend men.

Carrizozo Country Club Has New Managers

The new manager of the Carrizozo Country Club are Mr. and Mrs. John William Carothers of El Paso.

The Carothers are natives of Tennessee and resided in Memphis before moving to El Paso in 1940. Prior to engaging in business for himself in El Paso, Mr. Carothers managed the American Legion Home in El Paso for about two years.

The Carothers moved to Ruidoso this past summer to take charge of the Bonnell Skating Rink during the summer season.

The new managers stated the club will be open at all times to members and they will be glad to cooperate in every way possible.

Future plans for the operation of the local club have not yet been completed. The Carothers have a grown son, Robert, who is with them.

Local Residents Attend NMMI Homecoming

Among Carrizozoans who attended the Homecoming Day of New Mexico Military Institute in Roswell on November 23 are Mr. and Mrs. Claude A. Branum and daughter, Veda Lou. They were accompanied by Carol Hadley, daughter of Mr. and Mrs. W. J. Hadley of Carrizozo. Miss Hadley was the guest of the Branums' son, C. A. Branum, during the institute's homecoming festivities.

The junior C. A. Branum is a student at NMMI and is a member of that school's football team. Young Branum was in the lineup for NMMI's game with New Mexico Western College at Roswell.

Homecoming Day festivities for NMMI included a polo game in the morning; the football game with New Mexico Western in the afternoon, and a dance Thanksgiving night.

Visitors to the institute's homecoming were invited to a dinner which was served in the college's mess hall before the games.

Capitan School Carnival Held November 17

The teachers and students of the Capitan schools wish to express their sincere appreciation for the wholehearted support which the community has again given to the annual school carnival. Several high school student organizations assumed a more active part and received greater benefit from the program this year, says L. W. Clark, superintendent.

The Future Farmers of America made a profit of \$145 on the sale of their cedar chest and other participation in the program. The Future Home Makers of America also conducted a booth this year. The mothers who recently started a "Brownie" troop for young girls received a nice profit from their efforts with which to begin the work of this organization. Each high school class also benefited by sponsoring a queen for the school carnival. The total gross income for all organizations combined was \$618.46, Mr. Clark reported.

Fort Stanton Doctor In Medical 'Who's Who'

A Fort Stanton medico, Dr. Marvin Ziporyn, is listed in the 1951 edition of "Who's Important in Medicine," published by the Institute for Research and Biography.

The biographical sketch on Dr. Ziporyn mentions his research work on colds and ulcers. Of the 175,000 practicing physicians in America, only approximately 1 per cent of them are ever listed in this publication.

The doctor's findings on colds have already been translated into French.

The May, 1950, issue of the "Medical Times" contained an article written by Dr. Ziporyn on "Modern Management of the Common Cold."

Two other publications have contained mention of the Fort Stanton physician's research on colds and ulcers. The American Medical Association Journal recently published a report of Dr. Ziporyn's findings on colds, and "Annals of Western Medicine and Surgery" in a recent issue refers to his research on ulcers.

2,428 Hunters Checked In At Capitan Station

District Game Warden William A. Humphries announces figures on the hunting season which closed Tuesday give the following statistics:

Hunters checked in, 2,428; hunters checked out, 1,291; deer killed, 496; turkeys killed, 53; bear killed, 3.

Humphries stated the area checked included all the Capitan and White Mountains, and he estimated a total of 50 per cent to 60 per cent of all hunters in the area had been checked in at his station.

He added the foregoing figures were computed as of November 22, and that the state game warden will release at a later date the total figures on the results of the hunting season just closed.

Two From County Leave For Army November 29

According to Mrs. Edna Laramie, clerk of the Lincoln County Selective Service office in Carrizozo, two of the county's residents will leave November 29 for Fort Bliss, Texas, and will be inducted November 30.

They are Thomas E. Jonas, formerly of Green Tree but now residing in Durango, Colo., and Tony V. Montoya, Capitan.

Mrs. Laramie states no call for other inductees from Lincoln County has been received at this time.

Son Born To Former Carrizozo Residents

A former Carrizozo couple, Mr. and Mrs. Floyd Littleton, Turner, N. M., are the parents of a son, John William, born November 13 at the local hospital.

The infant, who weighed 7 pounds, 5 1/2 ounces, at birth, is the grandson of Town Marshal and Mrs. John Littleton, Carrizozo.

Hondo PTA Plans Panel Discussion

By RUBY R. DOUGLASS

A great part of the time at the regular meeting of the Hondo High School PTA was spent in discussing plans for a panel discussion to be held December 8. Panel members include three parents, three teachers and six students, and the problems to be discussed are related to the part the home and school should play in trying to fit the child for a well adjusted life. The moderator has not been chosen.

Roman Nunez, president of the Hondo PTA, was in charge of the meeting which opened with the reading of the PTA prayer by Mrs. Leo Jolner. In connection with a letter urging appointment of a committee to help interpret state laws, Mr. Nunez appointed Frank Tisworth, Mrs. Fernando Gonzales and Mrs. Fernin Montes. The PTA officials reported there is a law under consideration which, if passed, would make the higher educational officers of the state eligible by appointment.

The resignation of the Hondo PTA treasurer, Tom Wright, who has been called back into the service, was accepted.

Superintendent Montes explained the purpose of the Hondo Book Station, located in the high school library, and urged friends and patrons of the school to make use of the very fine selection of books available. The retention of Mrs. Ethel Mares as librarian will depend upon the use made of the books sent out by the State Library Extension Service.

Another very interesting portion of the program was Margie Tisworth's report on her stay at Girls' State last June. With posters, pictures, papers and other mementos to illustrate the story of her visit to Portales, Margie related the entire program. She was particularly impressed with the way the elections were held and felt that, all in all, it was a most delightful and beneficial experience.

Before adjourning for the social hour, Mr. Lane, band instructor, met with the members in the music room, where Della Jolner and Rosella Gonzales played a piano duet. After this, Mr. Lane explained the various band instruments, with very interesting notes on the French horn, the Sousaphone and the baritone. The PTA viewed with pride the instruments now owned by the school and congratulated Mr. Lane on the fine work he is doing. Superintendent Montes urged parents to visit school during the band period and watch Mr. Lane instruct students on various band instruments, especially those difficult to play.

Ft. Stanton Couple Return From Extended Vacation

The Bill Goulds of Fort Stanton returned recently from an extended vacation trip.

They left the Fort on October 20 and motored to Houston, Mo. for a 10-day visit with Mrs. Gould's sister, Mrs. William Howard and family. Leaving there, they traveled through the Ozarks and to Austin, Texas, via Little Rock, Ark. At Austin, the Goulds were the guests of Dr. and Mrs. Benjamin Primer. Dr. Primer was formerly a member of the staff at Fort Stanton. During their stay in Austin, they attended the Southern Methodist University vs. the University of Texas football game on November 4.

The Goulds took movies of the highlights of the game and the developed pictures are exceptionally good.

The Goulds report, sportswriters called this one of the outstanding games of the year.

Annual Dinner Held

In keeping with an annual tradition, the family of Mr. and Mrs. Vincent Reil joined them in Carrizozo on Thanksgiving Day.

Those who gathered round the festive Thanksgiving table were the Reil's children, Mr. and Mrs. T. B. Smoot and family, Captain Mountains, Mr. and Mrs. George Harrison, El Paso, and Mr. and Mrs. Clarence Sparkman, Carrizozo; Joy Dawn Reil, Carrizozo, student at Texas Tech in Lubbock, and Sonny Smoot, Carrizozo, grandson of the Reils.

Many Students Home For Thanksgiving

A number of students from Carrizozo and vicinity who are attending out of town schools, are planning to spend the Thanksgiving holiday at home. Among those visiting here are:

Eugene Degner, State College, son of Mr. and Mrs. C. E. Degner, Carrizozo; Glen Snow, State College, son of Mr. and Mrs. C. A. Snow, Carrizozo; Don Shultz, State College, son of Mr. and Mrs. Clyde A. Shultz, Carrizozo; Bill Gallacher, State College, and Ann Gallacher, Radford School for Girls, El Paso, son and daughter of Mr. and Mrs. William Gallacher, Carrizozo, and Joy Dawn Reil, Texas Tech of Lubbock, daughter of Mr. and Mrs. Vincent Reil, Carrizozo.

Barbara Jean Branum, daughter of Mr. and Mrs. Clint A. Branum of Santa Fe, who attends Santa Fe Business College in Santa Fe, was in Carrizozo last weekend, and plans to spend Thanksgiving in Santa Fe. When not in school, Miss Branum makes her home with her aunt, Mrs. Margaret Clouse, Carrizozo.

Veda Lou and C. A. Branum, who attend schools in El Paso and Roswell, respectively, will be in Carrizozo this weekend for a visit with their parents, the Claude A. Branums.

Richard and Howard Harkey are home from State College to be with their parents, Mr. and Mrs. Elvin Harkey, Ancho.

George Dean, Bingham, who graduated from Carrizozo High School last June, is another student who will eat turkey at home. He is enrolled at State College.

Cooky Shortage Critical; Mothers Come To Rescue

The cookies the Carrizozo Brownie Scout Troop made for their sale last Saturday were sold so quickly, the girls discovered early in the day they did not have a sufficient supply to meet the large demand.

Far from permitting the situation to be an obstacle, the Brownies calmly proceeded to raid their mothers' cookie jars to make up the deficiency.

However, the Carrizozo mothers were only too happy to cooperate with their daughters in such a worthy project.

The local troop had previously prepared cook books from which they obtained the recipes for their cookie-making venture. The sale of the homemade cookies was conducted to raise funds for a Thanksgiving Day basket to present to a Carrizozo family most in need of it.

The Carrizozo Brownies sold more than \$5 worth of cookies; and the small girls turned this money over to the Sisters of the Santa Rita Church here to be used in the preparation of a basket of food for a local needy family.

Marriage Licenses

November 6, Nora Randolph, Ruidoso, and Anas Paolo Corona, San Antonio; November 10, Carmen Altun and Valdis M. Wilde, both of Alamogordo; November 20, Ernie L. Richards, Texas, N. M., and Mary Gehring, Capitan.

Local Man Returns From San Francisco Hospital

After seven weeks of hospitalization for medical treatment at the Southern Pacific Hospital in San Francisco, Ben Burns has returned to his home in Carrizozo.

His wife, Mrs. Marby Burns, reports he is convalescing quite satisfactorily and very happy to be back home in Carrizozo.

It Should Have Been Alamogordo Avenue

A letter, postmarked Monrovia, Calif., arrived in Carrizozo this week addressed to:

Bar With The Horned Rabbit Above Bar,
Main Street,
Carrizozo, New Mexico.

The letter, which should have been addressed to Alamogordo Avenue instead of Main Street, contained a request for a picture of the rabbit and was from a former patient at Fort Stanton Marine Hospital.

The letter was delivered and the picture will be sent.

Legion Defeats High School

In a hip and tuck game Tuesday night that required an overtime period, the Carrizozo American Legion basketball team nosed out the local high school quintet, 21-20. The deciding point for the town team was made by Jake Herrera, who graduated from Carrizozo High School last June. At half time the score was 9-9.

James Barlett was high man for the Grizzlies, with a total of 12 points. High scorer for the American Legion quintet was Jake Herrera with 11 points. Herrera was selected last year for the honor of being on the all-district high school basketball team.

During Tuesday night's game, there were never more than three points separating the two teams.

Coach M. S. Mirimanlan's team played a slow, easy and deliberate game, making eight out of 13 free throws.

The Legion team showed great form in their first tryout, which promises good results for the coming season. Out of 15 shots allowed for fouls, the Legion quintet made five.

A large crowd turned out to see the three cage events scheduled last Tuesday night.

A practice scrimmage game started at 6 P. M. and included all players who did not play in the main tilt that started at 8 P. M. It was just a practice game, however, and no score was kept.

The second game, which started at 7 P. M., featured the Daughters of the Carrizozo American Legion vs. the Carrizozo High School team. This tilt was a one-sided affair with the American Legion girls taking an easy win over their opponents, 34-10.

For high scorer on the school team, Viola Vega was first with four points. On the opposing team, Emily Ann Johnson was high with 13 points, and Betty Jo Caldwell next with nine points.

Coach Mirimanlan has announced the school's two games this week will be played here. The Zozoltes meet the Hondo High School team Friday night, and the Roswell High quintet on Saturday night. Starting time for both games is 7 P. M. Two tilts are scheduled for each night with the B teams playing first and followed by the varsity quintets.

The four lettermen back this year with the local team are: Bob Powellson, Jimmy Barnett, Eddie Holguin and Henry Vega. However, Coach Mirimanlan reports Powellson will be ineligible until after Christmas because of cholinastic difficulties.

Squad men whose return this year will help the local team considerably are Joe Navarro, Claude Wilson and Lee Strayer. Mirimanlan also reported he has an outstanding group of freshmen who will stand him in good stead this season. He stated he plans to have two squads, the varsity and B teams. The B squad will be made up entirely of freshmen and sophomores, in the expectation members of that squad will gain the necessary experience and move up to the varsity team as the ranks of the first string teams are depleted by graduation.

The local school's basketball players have been practicing each afternoon and evening for the last three weeks in readiness for the coming season.

There will be only one game played by the local quintet next week which will be with the Lake Arthur team in Carrizozo on December 2 at 7 P. M.

Local Intermediate Scouts Plan Weiner Roast

The Carrizozo Intermediate Girl Scouts discussed plans for a weiner roast and community project at Tuesday's meeting.

All interested girls between the ages of 10 and 14 are invited to join. The troop meets every Tuesday afternoon at 3:45 at the home of Mrs. George Zimmerman with Mrs. Ace Esty leader.

By Thomas J. Mabry GOVERNOR

"Happiness is much more equally divided than some of us imagine." C. C. Colton.

One of the most far reaching and beneficial actions carried out by the present administration was placing the Highway Department on a basis of pay-as-you-go. This measure that did that, as everyone will recall, provided that the gasoline tax should be increased 2 cents per gallon and that this increase should be earmarked exclusively for the retirement of outstanding highway debentures.

It is never easy nor popular to raise taxes, even for a worthy purpose. I felt, however, that the action had to be taken in the interest of the welfare of this state. I had made it plain that there would be no more borrowing for the building of roads. The bill was passed and the Highway Department, for the first time almost since its establishment, was placed on a sound financial pay-as-you-go basis.

The next legislature should and will, I believe, reduce the gas tax by 1 cent. A reduction is called for by both party platforms and it should not be ignored. However, as time passes, we will be thankful that we imposed this additional tax two years ago to start pulling the Highway Department out of its long time debt while times were good, tourist travel was high and gasoline use was unrestricted.

It was also my privilege to sponsor the measure which created the New Mexico Economic Development Commission. This commission was established for the purpose of bringing new industries to New Mexico and to develop our natural resources. The act creating the commission was very broad in nature and under the law the commission has taken action which has resulted, among other things, in reduction of freight rates and in a systematic plan to test the benefits to be derived from so-called ratemaking processes.

I believe that in future years the work of this commission will be of increasing value in developing our state's natural resources and in providing employment for our citizens.

Public health, as I have mentioned many times, was given a great deal of consideration by me, and by all interested agencies, during the last four years. In addition to taking action to provide unincorporated rural communities with a pure supply of domestic water, many other activities relating to the health of the people in New Mexico were carried forward.

One of the most important was the various programs to provide more hospital space for the people of the state. We have worked closely with the federal government to obtain federal funds for hospital units. We also obtained legislation providing for county-city hospitals and additional legislation which would permit several counties to join together to construct a hospital for their common use.

While a great deal remains to be done to obtain adequate hospital space for the people of New Mexico, the groundwork has been laid and I am confident that many new units will soon be forthcoming.

Farmers' annual loss from fire would build about 50,000 out-buildings at \$2,000 each and these structures, if stood end to end, would form an unbroken wall 500 miles in length. The replacement of farm buildings destroyed by fire alone requires the cutting of 5,000 acres of U. S. forests each year.

Solution Believed Near For POW Compensation

The problem of providing realistic, yet sympathetic disability compensation for some 500 Bataan veterans and other former prisoners of war is believed near solution as the result of a year long review by the Veterans Administration regional office in Albuquerque.

So satisfactorily has the problem been met, according to Gene A. Robens, manager of the VA regional office, that only a few former prisoners of war have voiced dissatisfaction with their latest disability ratings.

Behind the story is the continuing problem of medical examiners to diagnose the true conditions of men who were starved and subjected to the most brutal treatment for as long as four years in Japanese prison camps. Then there is the additional problem of applying disability compensation laws to these men whose ailments and physical problems run the gamut of the medical dictionary.

Robens explained that back in 1945 and 1946 when more than 1,500 Bataan veterans returned from Cabanatuan, Bilibid and other infamous prison camps, they were almost without exception seriously ill. They suffered from avitaminosis, malnutrition, pellagra, dysentery, malaria, dengue fever, beriberi, hepatitis and many had the additional complication of an anxiety condition.

In a matter of a few months, several hundred veterans filed claims for disability compensation. It was impossible to provide promptly for these men yet properly evaluate their illnesses. The rating boards, which decide a man's disability compensation, found the only immediate practical means of caring for these veterans was to combine their various disabilities in many instances under a blanket convalescent rating of 100 per cent disability.

It was realized of course that this 100 per cent convalescent rating did not always reflect the permanent condition of the veteran, that many were not totally disabled even at that time. It was realized also that with improved diet and a return to normal home life their health would naturally improve. Under the law, all convalescent ratings must be reviewed at periodic intervals and the veteran given new medical examinations. Accordingly, compensation ratings could be revised according to subsequent medical findings as the veteran improved in health. Thus, by 1949 these Bataan veterans' compensations were being reviewed—and in some cases, being reduced.

By mid 1949 the problem of handling POW cases had become a serious one. Some of these veterans began to complain that their compensation had been reduced several times; yet they were often unable to work. Individual cases were brought to the attention of Robens and VA started a survey. The results were placed before Administrator Carl R. Gray Jr., who sent a medical and claims advisor to Albuquerque to assist in a complete survey of all prisoners of war cases.

Study revealed that approximately 90 per cent of the former prisoners of war who had filed disability compensation claims were currently receiving compensation; that an additional 7 per cent had at some time received compensation; and that less than 3 per cent of the claims had been disallowed, although

4-H Winner

Keith Carpenter, 18, Albuquerque, has been awarded an all-expenses-paid trip to the National 4-H Club Congress in Chicago, Nov. 28-30, for his outstanding work in garden achievement and records. This trip is sponsored by the Allis-Chalmers Mfg. Co.

Keith, a member of the Alameda Agricultural 4-H Club, has completed 21 projects, seven of which have been in garden work. In 1949 he was awarded a trip to Washington, D. C. where his garden demonstration placed 11th in competition at the annual convention of the National Junior Vegetable Growers' Association. Keith served as garden superintendent at the Bernallillo County Fair this year and placed first in the Sears Garden program.

they had been granted service connection for their disabilities.

The long standing policy of the Veterans Administration was reviewed:

1. Former prisoners of war must be given every consideration possible in the light of medical findings and the laws.
2. But compensation cannot be allowed simply in the belief that it is warranted because a veteran was a former prisoner of war.

Out of days of intensive study and research by the VA came revised procedures designed by medical and claims experts to deal with this particular class of veterans.

First of all, more complete medical checkups were found desirable and the VA promptly scheduled 150 Bataan veterans for new examinations—two day affairs entailing a full study of the gastro-intestinal tract.

Then new yardsticks based on legal interpretations of compensation laws were set up for the rating boards. The local VA rating boards began their tedious review. Almost immediately they were enabled under the law to discontinue the periodic reductions in many cases, and to grant others actual increases in compensation.

Today, the VA announced that of the Bataan veterans who have been called in for these extensive re-examinations, more than 70 per cent had received actual increases in compensation and just two had had their disability ratings reduced.

"The problem is basically a medical one," explained Robens. "You must remember there is little precedent for handling conditions which show up in former prisoners of war cases. Repeatedly in the past year we have had to revise our interpretations of procedure in the light of new findings. We believe the VA has been sympathetic but still realistic."

FORT STANTON

By FRANK E. SMITH
This is the first column for me to try since turning it over to Mrs. Whitehead and I hope I'll get some cooperation from the folks around here, so it will be a real newsworthy column.

There were quite a few new arrivals during the last week, O. C. Brummott, Laporte, Texas; J. R. Mugnier, of Tehouptoulas Street, New Orleans; William K. Hill of Drew, Miss.; David B. Regis, Brooklyn, N. Y., and Louis S. Kellerhalls of Huntington Park, Calif.

Henry Sanchez met up with two large mountain lions near Indian Rock while out hunting deer. He had five shots at them, but they were a little too far away for accurate shooting.

I had intended visiting Mr. and Mrs. Fred Larsen while in San Francisco, but was not able to make it due to the timing of the trains from that city.

Dr. and Mrs. Carl Mankinen and their two sons may spend Thanksgiving Day at the Fort as they are due to arrive the day before. The Mankinens will be remembered by most of the folks around as the doctor who was both patient and doctor here several years ago.

The Tom Burlinsons had lots of company during the last week. Mrs. Michael Kavanaugh of Santa Fe, Mr. and Mrs. Fred English of Carrizozo and Mr. and Mrs. Mrs. Tom Templeton of Albuquerque visited with them.

Mrs. Annie E. Sharp of Miami, Fla., left here last Wednesday after several days visit with her son, James. Mrs. Sharp enjoyed her stay in spite of the cold weather and was glad to see Jim looking so well.

Malcolm Rosow, attorney of New York City, stopped off and had a surprise visit with Jim Raymon, who incidentally, is getting along fine.

Hubert H. Walker, now working in Alamogordo, came over to see me last Saturday. The printing he learned here stood him in good stead for he is making a pretty good salary there.

Dr. Howard W. Kopping and his newly wedded bride arrived back at the Fort on Sunday night and was right on the job early

Monday morning. Congratulations to you, Doctor, although a little belated.

Les and Ann Kinnard paid me a surprise visit on Saturday and both were glad to know that my trip to San Francisco was successful.

Charlie Reed had a bad attack of the flu and will have to stay in the hospital for some little time. Herb Totten has taken over the X-ray work until Charlie is better.

Mrs. Percy Wiggs arrived back from her trip to the East and lots of the boys were glad to see her. The farewell party held at the Nurses' Home for Dr. and Mrs. Whitehead last Wednesday was a great success and the movie projector given as a farewell gift was very gratefully received. The patients gave Dr. Whitehead a movie camera during the dinner hour last Wednesday. Jack Hanafin acted as MC and made a fine speech. Dr. and Mrs. Whitehead and their little grandchild, Helen Lyden, left Carrizozo on the Golden State Limited last Friday and will be stationed at Ellis Island Marine Hospital, New York.

Uncle Sam Says

"NOW LET'S ALL BUY BONDS" is the message to be carried by the U. S. Savings Bonds Division this Fall to more than 50 million people now employed throughout the United States. Your "Uncle Sam" is urging his great effort because I know that the Payroll Savings Plan now in operation in thousands of concerns is the means of building future financial security for everyone participating in the program. Savings built up through the Payroll Savings Plan will enable YOU to take that mortgage off YOUR home—and off YOUR future. A well-managed home maintains a financial reserve against future needs and emergencies. Start YOUR SAVING TODAY. U. S. Treasury Department.

Letter to Editor

Editor, News-Outlook:
When the Otero County Electric Co-op first energized its 76 miles of line in 1940, there were 93 consumers that used 2,351 KWH in the month of December. This showed an average consumption of 25 KWH for each individual.

In 1945, the average consumption per individual during the month of December was 30 KWH. This was an increase of 55 KWH consumption per individual for the five-year period.

The average consumption in October, 1950, was 165 KWH. This was an average increase of 85 KWH consumption per consumer from December, 1945, to October, 1950.

Why has this KWH consumption increased over a period of 10 years? First, electricity is an asset to farmers, ranchers and business men. Second, it is a time and labor saving device. Third, it can be used to better the quality of farm products to increase income.

ALLEN E. MOORE,
Director, Otero County Electric Cooperative, Inc.

Traveling with Children?

Next time, try the train

- The train offers a great many advantages to parents traveling with children:
- 1 Safety. Statistics prove that you and your children are safer on the train than in your own home. That's pretty hard to beat.
- 2 Low cost. Children under 5 ride FREE when accompanied by an adult, children from 5 to and including 11, half fare.
- 3 Pullman berths cost the same whether used by one or two people. This a mother and a child can "double up" with the child in a berth for no additional Pullman fare.
- 4 Children get seats in their cars and coaches just like adults, even though they ride free or for half fare.
- 5 Southern Pacific dining cars offer a wide variety of food for children as well as adults. A special children's menu offers meals at less than adult cost. Ingredients and facilities are provided for the preparation of formulas and special diets.
- 6 On the train, children have plenty of room to move around. They aren't "cooped up" as in so many other forms of transportation and they will get a friendly reception from our trainmen, most of whom have children of their own.
- 7 Traveling on the train is highly educational for children. They see their country intimately, at ground level.
- 8 Children love to ride on a train. Remember when you were a child—what fun it was to take a train trip?

Next time, try the train

OILS OF THE OLD WEST

"A Mumpinger" by W. E. Leigh

THE colorful country of our West now calls to many minds a land of oil-field riches, but the old West before the days of the derricks, is perpetuated in the paintings of W. E. Leigh, America's much loved painter of "Westerns." Cowboys, horses and Indians are vividly depicted by Leigh in action which this artist, a descendant of Pocahontas who has spent much of his life in far-away places, knows like "nobody's business." Probably every man, woman and youth who feels the excitement of the original Western scene will thrill to see the story and reproductions of some of these paintings in full color in November 11th Collier's.

ment of the original Western scene will thrill to see the story and reproductions of some of these paintings in full color in November 11th Collier's. Leigh is to have two 1950-51 exhibitions in New York this winter at the Grand Central Art Galleries. If you write to his wife, who is the founder of the Tschapgen School of Art at 1680 Broadway, New York, she will send you the dates, when they are announced, and invitations to the exhibits, for she is also one of her husband's most enthusiastic fans.

Boy Scout Leaders Hold Session In Capitan

The Boy Scout leaders meeting was held in Capitan last week under the leadership of L. W. Clardy, White Mountain district chairman.

Topics of business included announcements about a canoe trip in Canada next summer, Boy Scout camp Wehlnahpay near Weed, Boy Scout Christmas good turns, and other Scout activities.

A "planning scouting" session and presentation was given by John E. Clardy, field Scout executive for the White Mountain District.

Attending were Den Mothers Mrs. Ferguson, Mrs. Ware and Mrs. Utterback, Scoutmasters included Ray Baker, Fort Stanton; Mr. Cozzens, Capitan; L. W. Clark, Capitan, and John Clardy, field Scout executive.

The Capitan American Legion has voted to loan the Boy Scout troop of Capitan a room in their American Legion Building for their meetings.

The Legion also sponsors the Capitan Boy Scout troop.

Scout Chairman Named

D. O. Murphy, Capitan, White Mountain District finance chairman, has announced the following chairmen to head the community's Boy Scout finance drive: Eldon LaCourse, Mesalero; L. W. Clark, Capitan; Nolan Hart, Buidoso, and L. Z. Manite and T. E. Kelly, co-chairmen, Carrizozo.

The campaign will be a "dawn to dusk" affair in each community on November 29.

Carrizozo Movies

The Lyric Theater brings to its screen November 26 and 27 the Broadway stage hit, "Annie Get Your Gun," which played for three years in New York City.

Stage Star Howard Keel makes his film debut with Betty Hutton in this spectacular and tuneful screen musical which is in technicolor.

Betty Hutton plays the part of "Annie Oakley," the rough and ready markswoman who is a rival of Frank Butler (played by Keel) for the honor of being the world's champion sharpshooter. "Annie" can't read or write but sings and shoots her way to triumph before European royalty before she decides she'd rather have her man than medals.

Don't Overgraze Pastures, Says A&M Agronomist

Irrigated pastures—even those in the fertile valleys of New Mexico—may be just as easily damaged by overgrazing as range or native grassland, Gordon B. Hoff, extension agronomist at New Mexico A. & M. College, pointed out this week.

"Pasture grazing should stop in the fall in time to allow some regrowth before frost," Hoff said. "Wise farmers never allow cattle to run over a pasture during the winter or put them on in the spring until the pasture has had a good start."

"Some farmers wonder why their pastures are heavily infested with weeds and need to be clipped often. This condition is usually a good sign that the pasture has been overgrazed. Turf-type pastures especially should not be grazed closer than two inches."

Interposed amid the excitement and laughs of the screen story are a number of Irving Berlin song hits, including "Doin' What Comes Naturally," "Falling in Love," "Show Business" and many others.

A topnotch group of supporting actors are featured with Hutton and Keel.

I appreciate and thank the voters of Lincoln County for the support given me in my campaign for County Commissioner.

If any residents of this county have problems pertaining to the business of the county during my term of office, I shall be happy to discuss such problems with them.

Wilbur L. McKnight
Capitan

Nogal Mesa

By DOROTHY GUCK

This is the week we not only count our blessings, but we thank the Almighty for giving us the privilege of enjoying those blessings. There is one privilege extended to me and my family that differs a little from the blessings of other families in this vicinity. Most people living on the Mesa are treated as "home folks" because they were either born here or by right of land ownership. School teachers are asked to live in the community. Politicians are elected to live among us. But forest rangers and their families are just wished on certain communities. No one asked that we occupy the station on the Mesa, yet my neighbors all treat us just like their own "home folks." It takes a special brand of neighbor to extend such a wonderful blessing. I am thankful the Mesa is populated with that high quality brand.

Husbands have been wondering about unkind of the undammed holes in their coats, buttons off their shirts, and rings in their jackets. One thing only occupied their minds. The season ends this week. Pick up your needles, ladies, Christmas is next.

Nogal Lake has been rather deserted lately. It's not the place to find deer and turkey. Henry Peetles has been working with Charlie Peetles at Alto this week.

Barney Luck will remain on Montjeu until after the hunting season. Several complaints left unattended have been whipped through the dry grass to start small fires, but the vigilance of the lookout and caution of local hunters and game wardens has kept the damage low.

The high winds knocked both phone lines and the power line out of order for several hours last week. Chaos seems to be rolling the seasons this year, giving us spring winds a little early. I hope a few wintry storms are not skipped entirely.

Lansyne Peters is still suffering from the spinal ailment which has kept him off the job for several weeks.

Mrs. Gertrude Morris returned home from the hospital at Carrizozo.

Roy Purcella bagged a big buck last week. Jimmy Kent went by the station with fresh horns sticking out of his car. While Roy Morgan was blading the road to Loma Grande, he watched a buck saunter tantalizingly close. Bill Holmes has a nice fat gobbler. Ask Bill Humphries about the one he decided to leave for next year. I don't have a license, but my gun is handy. A bobcat has been after our chickens. It only takes four shots for me to kill a rattlesnake. I wonder if I should try a trap on the cat.

A penny in a fuse socket can set your house afire. The fuse is a safety valve. When it blows, it's a warning that wires are overloaded.

In early November, all foreign wool markets were strong and rising—up as much as 5 to 10 per cent over late October sales in Australia, London and the Argentine.

ENCINOSO

By HATTIE LACY

Deer hunting has been the topic of conversation and interest for the past week.

L. D. Merchant attended the Taylor Grazing Board in Roswell last week.

Opal Booher had her tonsils removed last week at the Honddo Valley General Hospital.

Michael Luce returned to his home in Big Spring, Texas, Saturday. He was accompanied by his aunt, Laura Butrow, who will visit her son in San Angelo.

Mrs. Rattle Merchant, accompanied by Mr. and Mrs. L. D. Merchant, returned home in Artesia last week.

Mr. Romero received word last weekend of the death of a brother in Estanola. Sympathy is extended to Mr. Romero and family.

Mrs. James Edgar of Valley Center, Calif., has been visiting her son here at the Merchant ranch.

L. D. Merchant attended the recent Southeastern Grazing Association meeting.

Mrs. Takne and son, Gene, were shopping in Carrizozo Friday afternoon.

The school group have been planning for the Thanksgiving party which was scheduled for Wednesday afternoon.

Ken Lacy visited home folks here over the weekend.

Mrs. L. D. Merchant, Mr. and Mrs. Bill Edgar and Willa Marie attended the Chuck and Chat Club at the beautiful ranch of Mr. and Mrs. Nels Brill.

Mr. and Mrs. Lloyd Taylor are in Arizona where Mrs. Taylor is receiving treatment.

Mr. and Mrs. Bud Payne were shopping in Capitan Saturday.

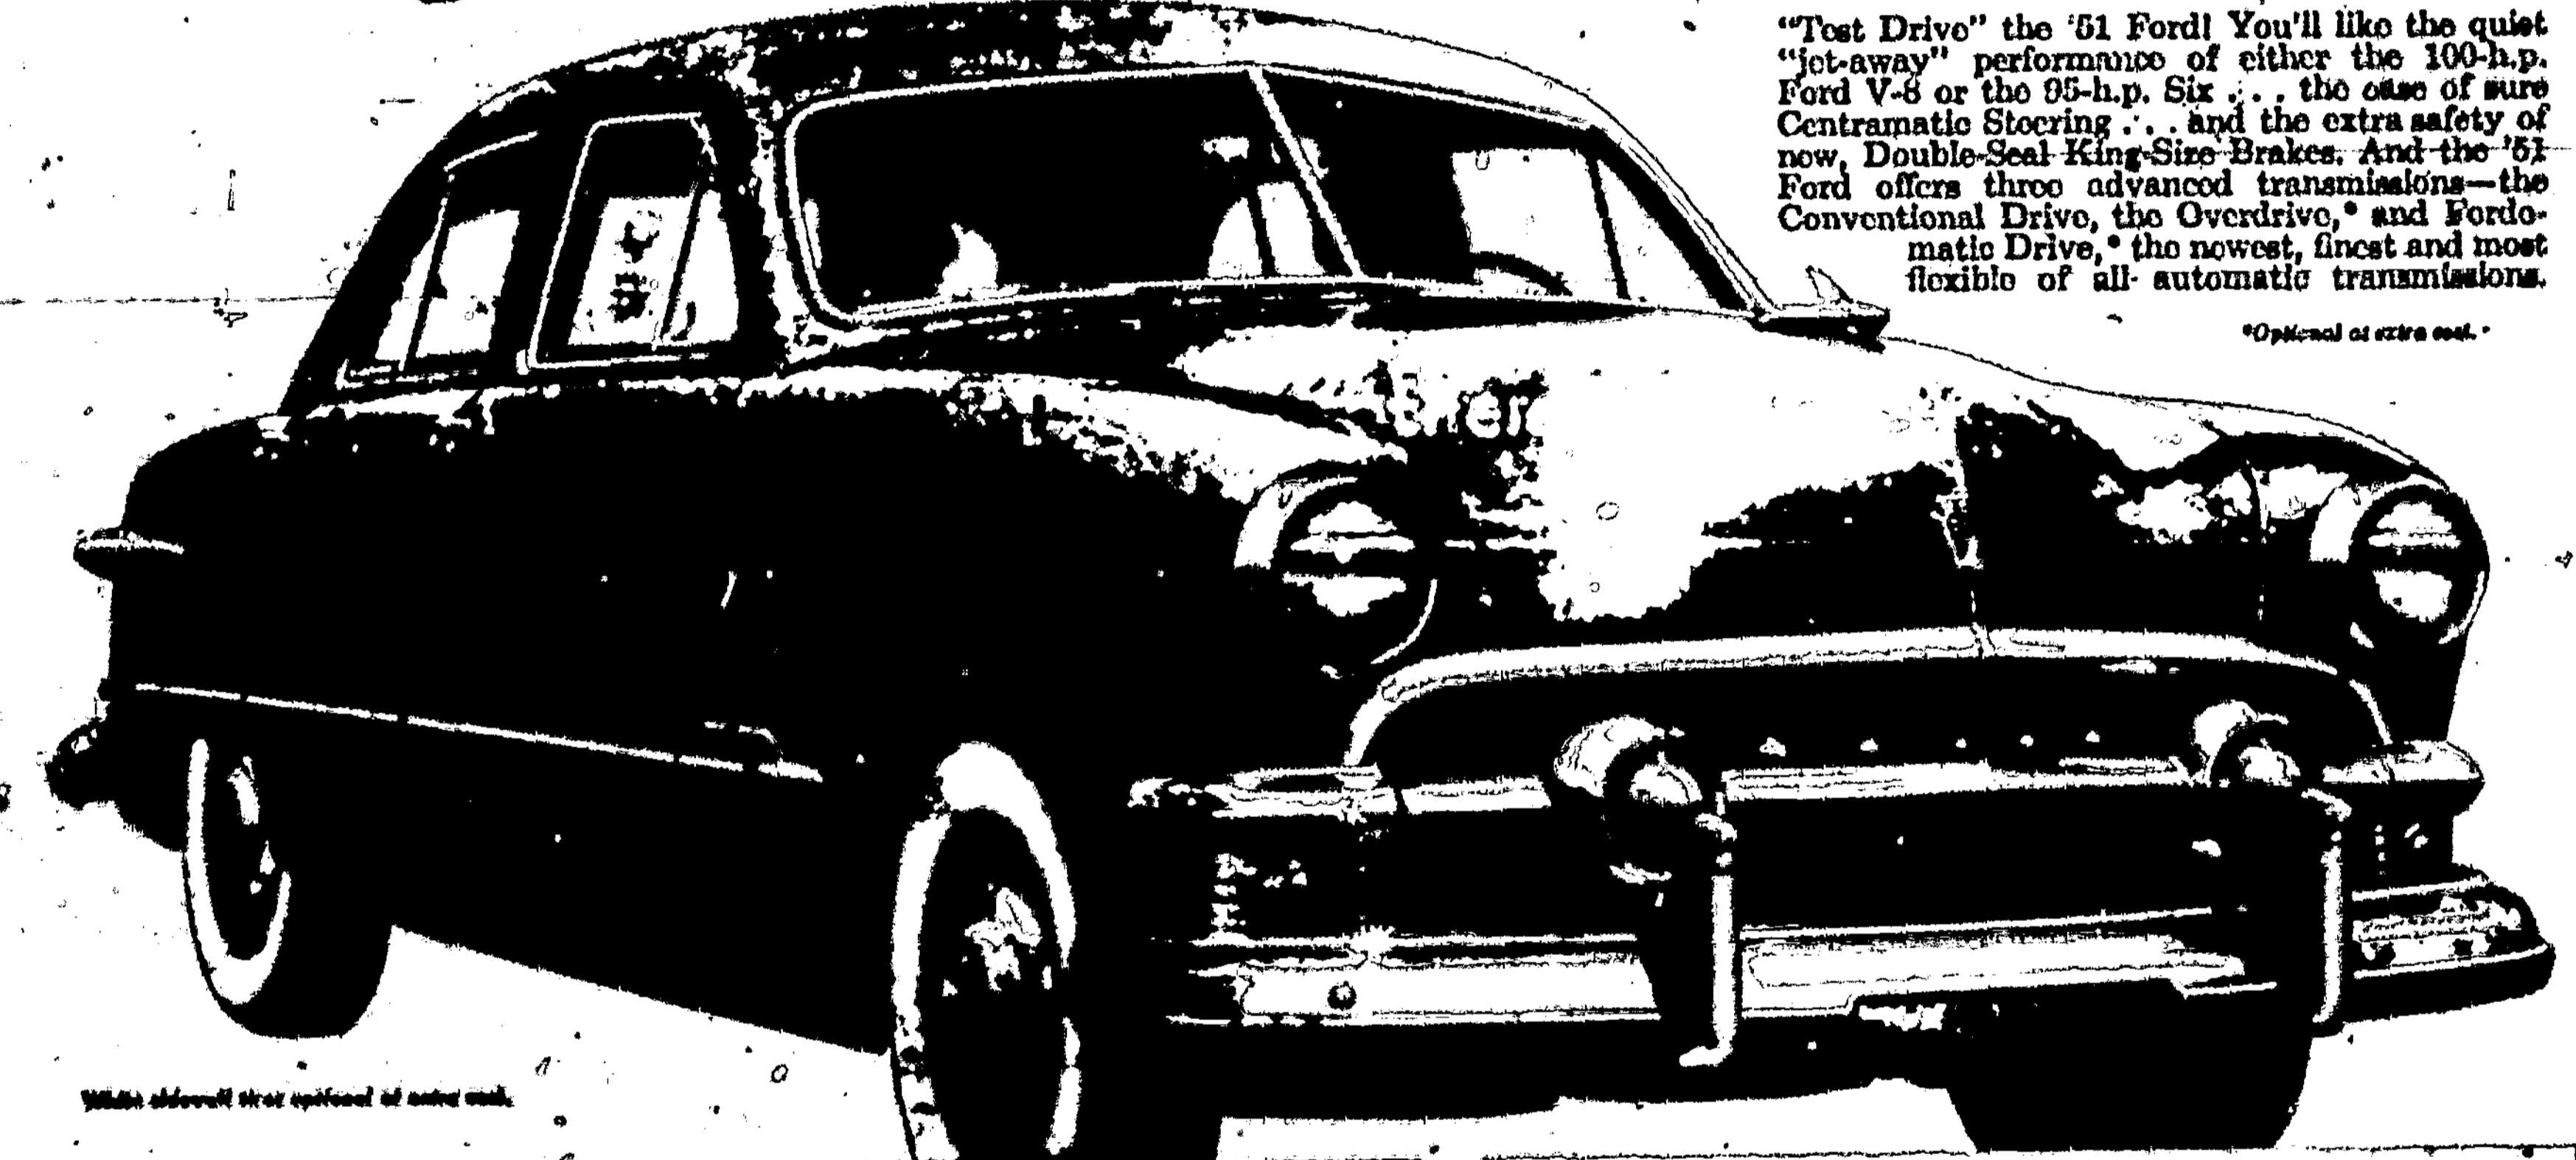

The lunch room is going fine. Mrs. Montoya is serving very nice meals.

See you

Here today! THE '51 FORD STEPS AHEAD ... FOR THE YEARS AHEAD!
WITH 43 NEW 'LOOK AHEAD' FEATURES

See it Today at your Ford Dealer's—the '51 Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features—engineered and built into the car not just for this year and next, but for the years ahead!

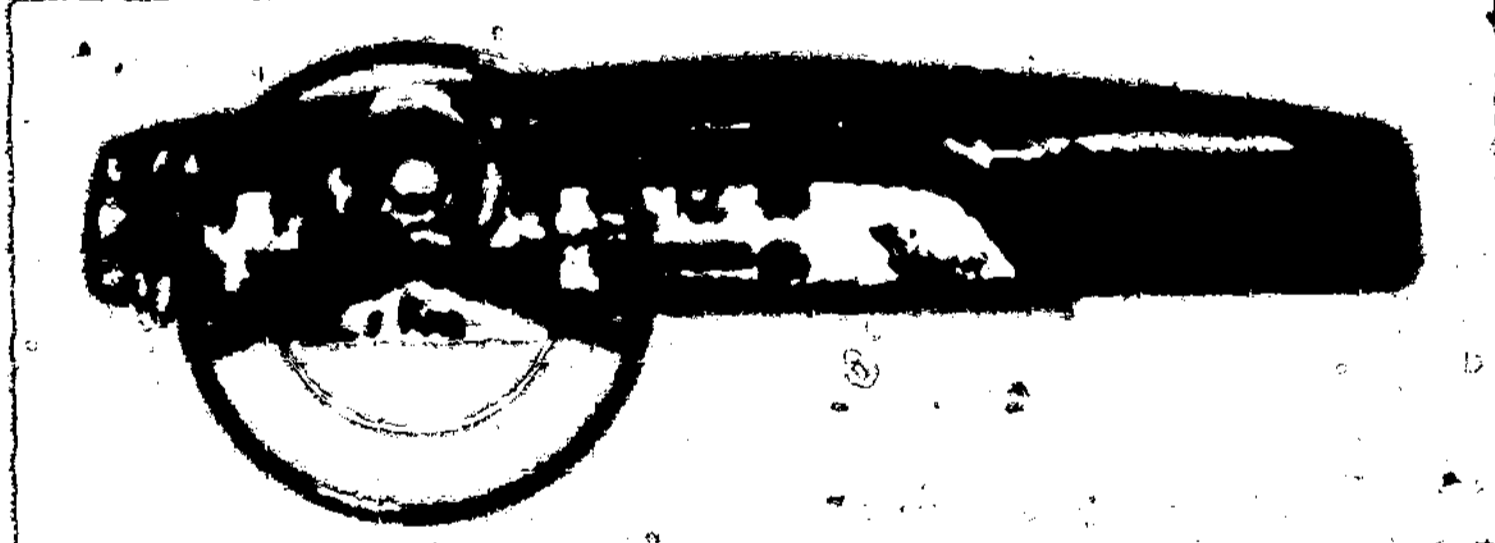

"Test Drive" the '51 Ford! You'll like the quiet "jet-away" performance of either the 100-h.p. Ford V-8 or the 95-h.p. Six... the ease of sure Centramatic Steering... and the extra safety of new, Double-Seal King-Side Brakes. And the '51 Ford offers three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest, finest and most flexible of all automatic transmissions.

*Optional at extra cost.

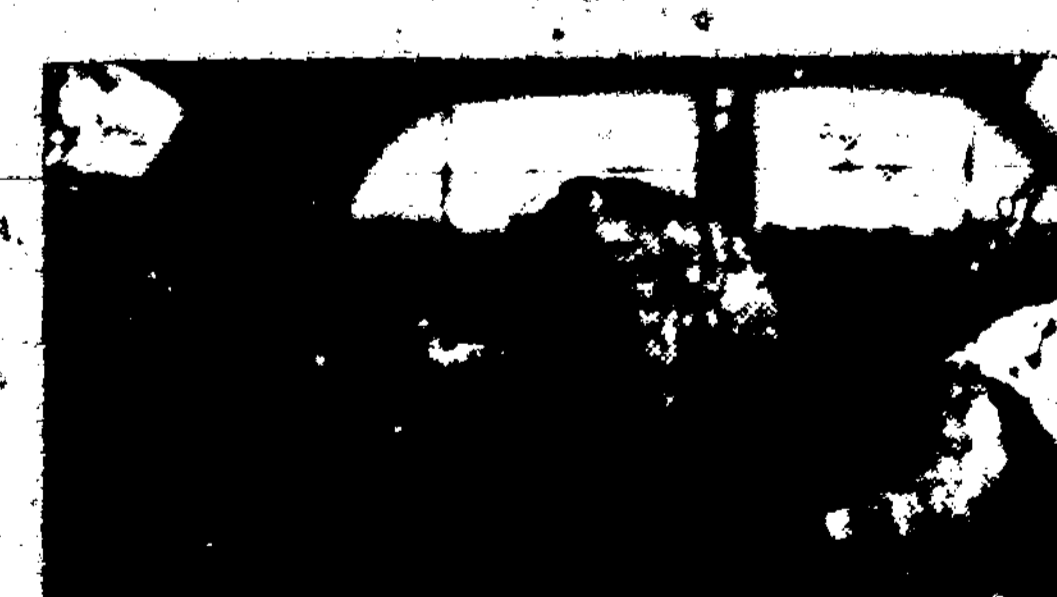

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjusts spring reaction to road conditions. Advanced "Hydra-Cast" Front Springs and new Variable-Rate Rear Springs Suspension team with new "Vacuum Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going in rough.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

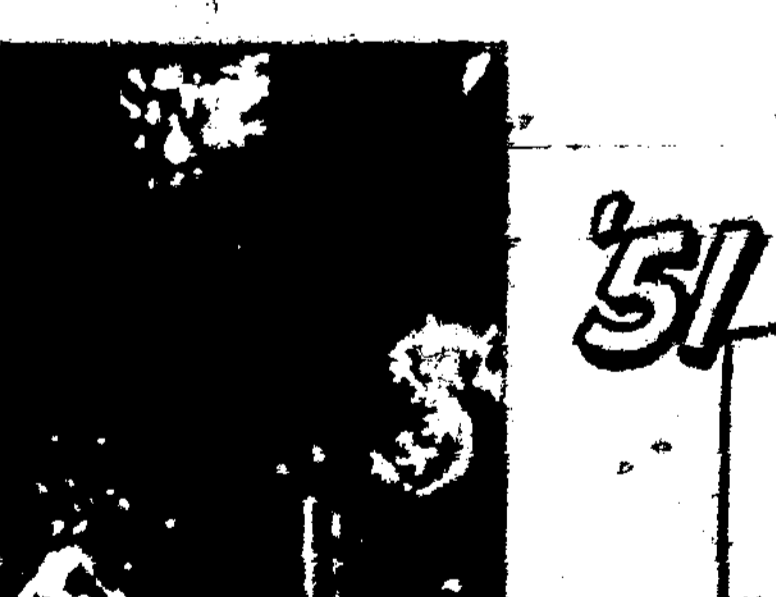

New "Safety Glow" Control Panel... The new design places all controls literally at the driver's finger tips. New "Channelized" Instrument Cluster is easily visible at night without being distracting. New "Glow-Cup" Controls are individually illuminated... a Ford exclusive!

New "Luxury Lounge" Interiors... with new long-wearing Fordcraft upholstery fabric, new harmonizing appointments, smart new wheels, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" Interiors are "decorator designed" for the year ahead. Interior colors and new Fordcraft Fabrics up "Voice-Keyed" to outside body colors!

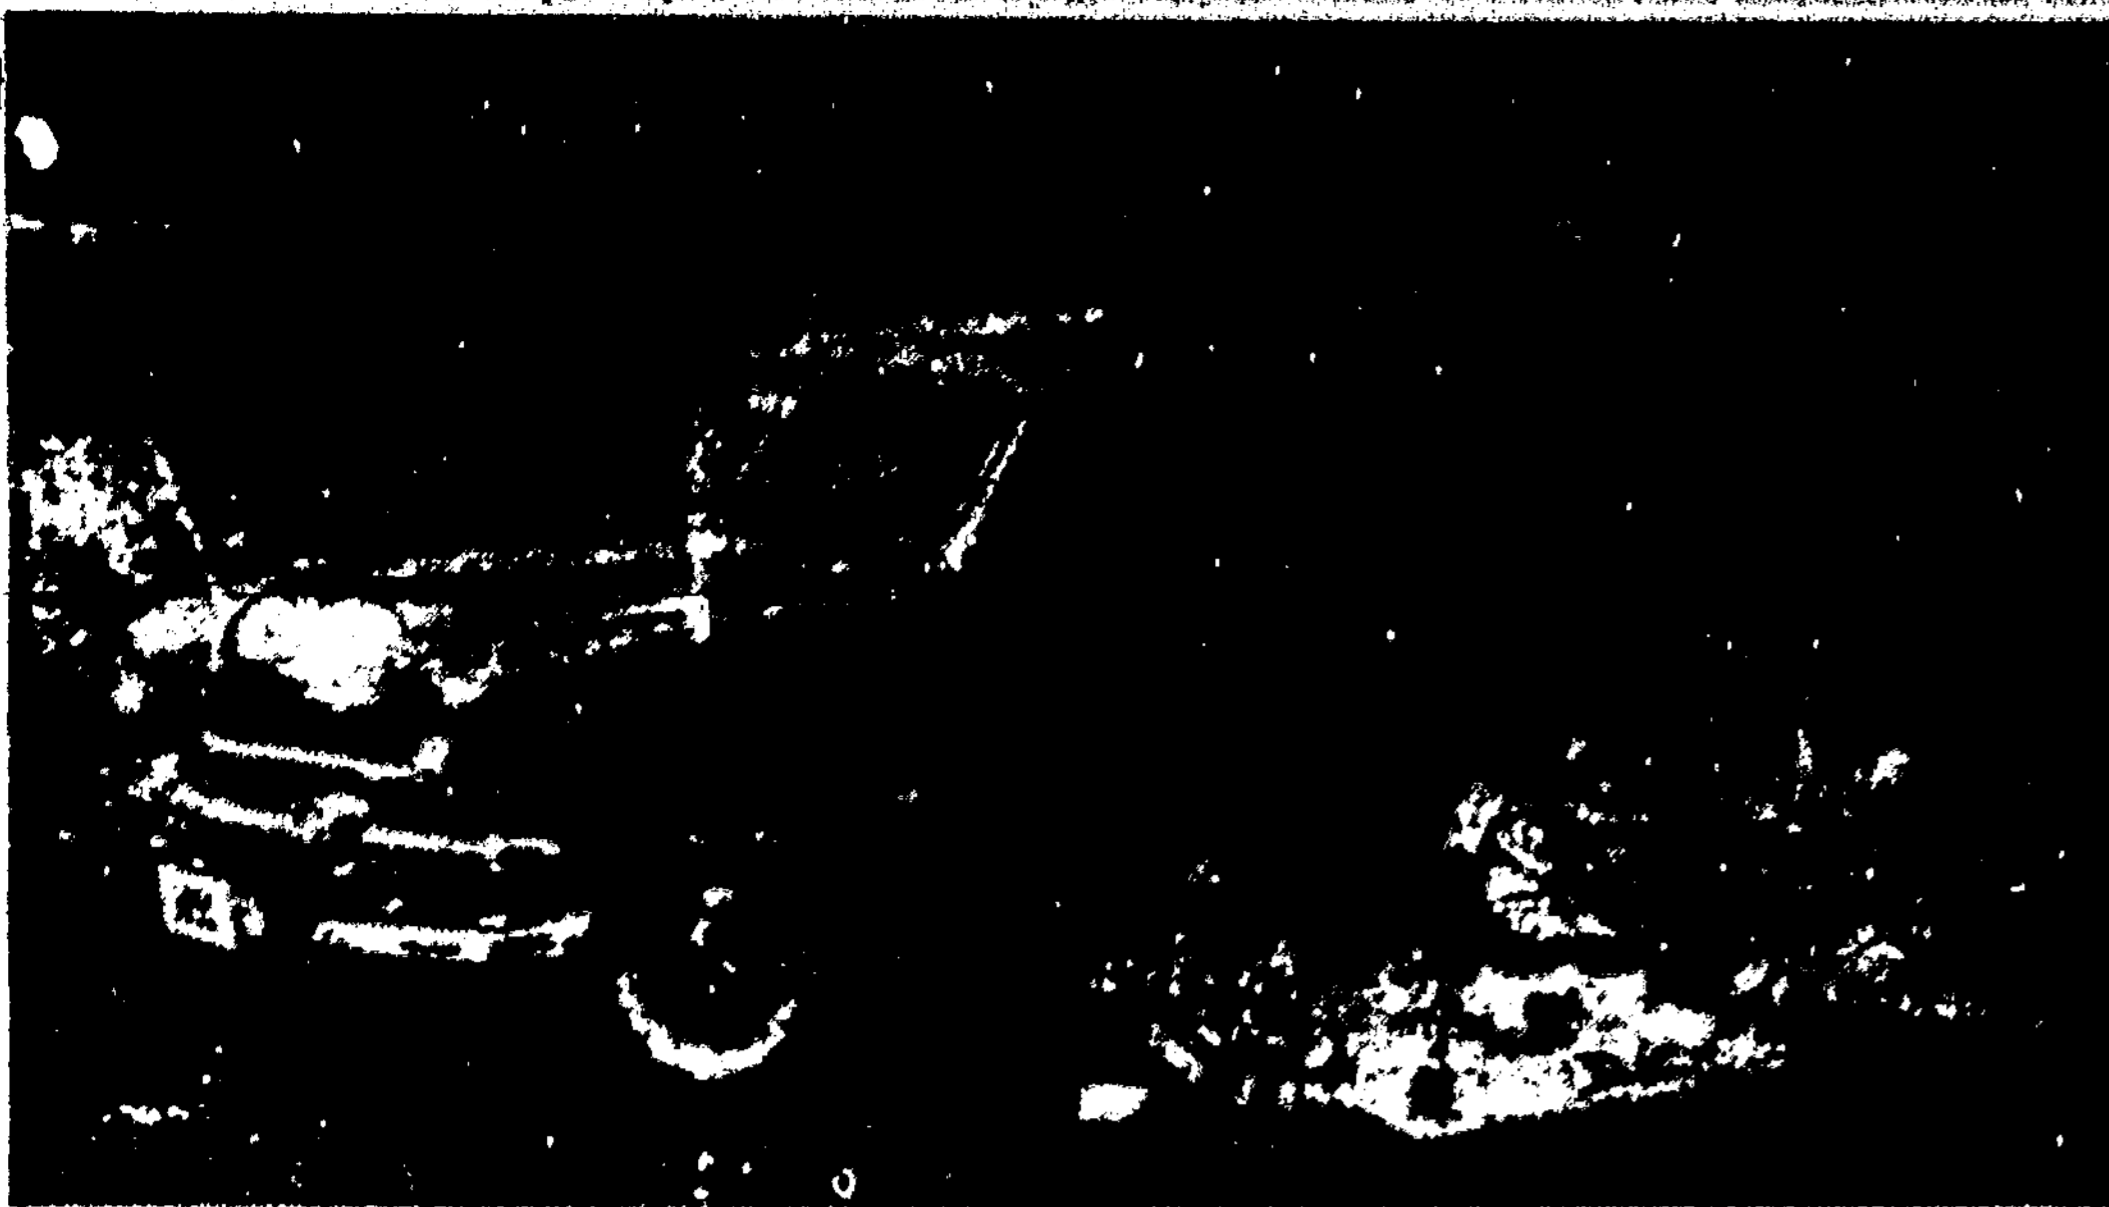

New Automatic Feature Control... moves front seat forward automatically at release of lever, raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mixture Maker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

Come in and see it today

Assignment New Mexico

By G. WARD FENLEY

We're not one of those fussy daddies with a pessimistic complex but we often wonder if Thanksgiving were not made to order for parents whose sons survived the football season.

History records that the Pilgrim Fathers were rationed to five grains of corn the first November after landing on American soil.

The next November was marvelously better—hence a day of Thanksgiving. But the five grains of corn were placed on each plate for many Thanksgivings thereafter just to remind them of that first bleak day in New England.

The Meaning Of Thanksgiving Scholars say Thanks came from Anglo-Saxon word root for Think. We're not interested in etymology. If we are caused to think more about what the day means, the idea is a good one.

Thanksgiving In 1950 There are many things to elude track our giving up suitable thanks for what the good Lord has done for us. My of the things that detract!

It's cold in Korea; our boys are dying for freedom's cause; taxes are mounting daily; crimes are rampant; our foreign front is in a threat; and it's getting

IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN. IN THE MATTER OF THE LAST WILL AND TESTAMENT OF DR. L. H. BARRY, Deceased. NOTICE OF APPOINTMENT OF ADMINISTRATOR

Notice is hereby given that the undersigned was, on the 31st day of October, 1950, duly appointed administrator of the estate of Dr. L. H. Barry, deceased, by the Probate Court of Lincoln County.

All persons having claims against the said estate are required to present the same duly verified, within six months from the date of the first publication of this notice, the time allowed by law for the presentation of such claims, and if not so presented and filed, the claim will be barred by virtue of the statute.

All persons indebted to the said estate are requested to settle with the undersigned. Dated this 2nd day of November, 1950.

(s) BEN ROBERTS, Administrator. GEO. I. ZIMMERMAN, Attorney for Administrator, Box 174, Carrizozo, New Mexico.

IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN. IN THE MATTER OF THE LAST WILL AND TESTAMENT OF R. A. WALKER, Deceased. NOTICE

TO WHOM IT MAY CONCERN Notice is hereby given that an instrument purporting to be the Last Will and Testament of R. A. Walker, deceased, has been filed for probate in the Probate Court of Lincoln County, New Mexico, and by order, the 5th day of February, 1951, at the hour of 10:00 o'clock A. M. at the Court Room of said court in the Village of Carrizozo, New Mexico, is the day, time and place for hearing proof of said Last Will and Testament.

Therefore any person or persons wishing to enter objections to the probating of said Last Will and Testament are hereby notified to file their objections in the office of the County Clerk of Lincoln County, on or before the time set for hearing.

Dated at Carrizozo, New Mexico, this 20th day of November, 1950. J. G. MOORE, Probate Clerk. By Ollie E. Vega, Deputy. (P. C. SEAL) N 24 D 1-8-15

harder to make ends meet on the home front.

I heard one of Albuquerque's best preachers deliver a pre-Thanksgiving sermon before a civic club. Rev. Leeland Soker of St. Paul's Lutheran Church reminded us life is so constructed nowadays we fail to see the forest for the trees.

We're kinda like the old lady who took her grandson to the circus. When the boy failed to show her anticipated enthusiasm, she shook him heartily and said: "Now see here young man, I paid money for your ticket. Now cut loose and enjoy yourself."

Small Potatoes Or, said Rev. Soker, we're like the old lady who harvested a fine crop of potatoes. She looked sadly at her filled cupboard and remarked: "Yeah, but there ain't no small spuds for the pigs."

I liked a little poem he recited: "If your nose is close to the grindstone rough, And you hold it down there long enough; In time you'll say there is no such thing As brooks that babble and birds that sing; These three will all your world compass; Just you, the grindstone and your own old nose."

Pure, undefiled short-sightedness. That's what Wayne Winters in the Grants Beacon said about Henry Morgan who bought a second-hand car. The next line in the newspaper was: "Henry Morgan went to Wichita yesterday to have his eyes examined."

Angels And Angels The world is full of grindstones, but say, ain't it fine to be alive in this year of our Lord A. D. 1950?

The globe is not inhabited by angels only there are lots of angles to living in 1950—but it's the best world I've seen so far. Carter Wald in the Belen News-Bulletin made a clever typo howler last week. Wrote Carter: "Children are not all angels. In fact, there are no angles in Belen or anywhere else on the earth."

Nat Campbell in the El Paso Times recalls in a poem the trivial things which make people thankful: "We turn the lights out here young man In this house at 10 P. M.; And it's getting mighty near that time, Do you understand? Ahem!

"Yes I heard you Mr. Brown, Said the boy friend of the girl; That's certainly mighty nice of you— And nice for me and Pearl." And in conclusion, for this Thanksgiving, let's reach down inside for the voice of conscience and not pull out a pocket radio.

In California, 75 per cent of the 1951 wool clip was estimated to have been contracted in advance by November 1.

SAFE BETS LOOK, MA, I'VE BOUGHT REAL OUTLETS! THE WRA OF ETHICS THAT LAMPS NOT GO OUT—DON'T POOL WOULD WITH WINDS—IF YOU WANT MONEY WANT'S MICE!

CORONA

By MRS. A. E. MULKEY

A youth conference was held at the Corona Presbyterian Church November 8. Seventy-five young people and 12 leaders attended. A luncheon was prepared and served by the Corona group at 6 P. M. Menaul school of Albuquerque left the evening devotional with a program "What is God's Will for Me?" A round table discussion of Westminster Fellowship was led by Miss Anna Belle Cropp of Menaul School. Immediately after the devotional the Corona group had charge of the recreation. Everyone enjoyed the evening immensely.

The Cardinals of Corona chalked up two wins for the first two basketball games of the season. The Cardinals played the Hondo Eagles on November 10. Jim Griffin has received his discharge from the Navy and is again teacher and assistant coach in Corona High School. Coach Woodrow Clements of the University of New Mexico won among those who enjoyed hunting in this area the past week.

Mr. and Mrs. Iverson Burgess and son, Fred, enjoyed a week-end of hunting in the Sacramento Mountains. Mr. and Mrs. Asa Winders and baby daughter were visiting friends in Corona last week. W. A. Burgess is acting agent at the depot while J. M. Shelton is on vacation. The Corona school children enjoyed their annual Thanksgiving turkey dinner in the hot lunch

room Wednesday of this week. An unusual number of deer were taken in the Corona territory this year. None of the deer were outstandingly large, but the percentage of successful hunters was exceptionally high. A substantial group of basketball fans followed the Corona team to Stanley November 17. The Corona five displayed excellent team work and won both the first and second games by a nice margin. Vaughn boys will play the Corona team on the Corona court Friday, November 24, at 7 P. M.

Mr. Dan Goldsmith, 2944 Carson Road, Lovettsville, Ky., owner of Coggia Cut Rate Store at 204 West Broadway, says there just aren't enough words in the English language to praise MADAOL correctly. He says he knows most folks don't realize what a change MADAOL can make in their life if their systems are deficient in Vitamins B, B2, Iron and Nicotin.

Here is Mr. Goldsmith's story: "Before I started taking MADAOL I was run down and nervous—and had a hard time sleeping nights. With my work in the bank I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for MADAOL, so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. MADAOL is wonderful—I just can't say it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put MADAOL on the market."

MADAOL is so different! Thousands are benefiting from MADAOL. A whole lot of folks, including B, B2, Iron and Nicotin. MADAOL is so wonderful because MADAOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body. Give remarkable MADAOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size! Large Family or Hospital Size, \$2.50. If your druggist does not have MADAOL, order it direct from The LeBlanc Dispensary, Lake Charles, Louisiana. ©1950, The LeBlanc Corporation.

Card of Thanks

The many comforting expressions of sympathy and beautiful floral offerings which were extended to us in our bereavement were sincerely appreciated.

New Mexico, Arizona Suffer Heavy Fire Losses

During the first nine months of 1950, New Mexico and Arizona experienced an unusual loss from forest fires, according to the U. S. Forest Service. The number of fires showed an increase of only 23 over the 1,594 reported last year, but the acreage burned rose from 3,263 in 1949 to 32,203 in 1950. The average area burned in the 1945-49 period for these states is 19,616 acres.

Fertilizer bags made of vat dyed or printed cotton fabrics may have approximately the same reuse value as similar bags now widely used for storing and shipping flour and feed.

Miss Sally Mae Pfeiffer and her parents, Mr. and Mrs. Walter Pfeiffer, motored to Silver City recently to attend the Presbyterian Southern area meeting. Miss Pfeiffer gave a report at the meeting of her trip to the Grinnell National Youth Meeting last June.

Lee Pulliam, former resident of Corona, is reported seriously ill at his home in Fort Sumner.

State 4-H Winner

Betty Jo Scott, 15, Arizo, has been named state winner in the 4-H club community relations program sponsored by Gene A. Wray and the William Wrigley Chewing Gum Co. Betty Jo's record will be submitted to the National 4-H Club Committee in competition for a national scholarship award.

Betty Jo has completed 14 club projects and has been an active leader club leader for the past two years. She placed first in the state class in the "Make-It-Yourself-With-Wool" contest at the state fair this year and will enter the national show at Cooper, Wyo., in December.

Vincent Reils Entertain Out-Of-Town Hunters

The cabin of the Vincent Reils, Carrizozo, located in the Jicarilla Mountains, was the headquarters last week for a party of hunters who were guests of the Carrizozoans.

Members of the hunting party included Mr. and Mrs. Granville Lassiter, Hobbs; Mr. and Mrs. Val Perry, Lovington; Mr. and Mrs. C. T. Sparkman, Lovington; Mr. and Mrs. Charles Carder, Lovington; Mr. and Mrs. Clarence Sparkman and daughter, Peggy June, Carrizozo, and Mr. Shady Harvey, Snyder, Texas.

Although the hunters saw lots of tracks, only one deer was bagged. The guests spent the entire week at the cabin and were most enthusiastic over the many beautiful scenic attractions to be found in Lincoln County. They reported the weather as "perfect for hunting." It snowed their first night at the cabin but from then until the end of the week, the weather was clear and cold and the hunters were not troubled with wind.

The guests were also vastly entertained with the many stories related to them by Joe Hennessey of the former days of mining in this county. Hennessey is an

oldtimer in this section and knows much of the mining history of Lincoln County. He also showed the guests the art of panning gold, and the few who managed to find a very tiny amount were as thrilled as though they had discovered a whole mine.

The hunters also reported they have remained the cabin. It appears such a large number of turkeys were observed in the vicinity of the cabin, they are of the opinion the appropriate name for it is "Belle" Turkey Roost."

The party of hunters have made plans for a return trip to the Reil cabin next hunting season.

Two More N. M. 4-Hers Named Sectional Winners

Two more New Mexico 4-H club members have been named sectional winners in national 4-H club record contests, according to an announcement released this week by the National Committee on Boys and Girls Club Work, Chicago.

Barbara Bonham, 15, Albuquerque; and Gene Roberson, 21, McAllister, have been awarded all expenses paid trips to the National 4-H Congress in Chicago November 26-30, as two of 63 sectional winners in the national Clifford Copeland of Amistad has previously been named a sectional winner.

Miss Bonham, who has been a 4-H club member for six years, submitted winning records in the frozen foods contest, sponsored by the International Harvester Company. As the state winner in the same contest, she will also receive a gold wrist watch.

Roberson is a sectional winner in the soil conservation contest, sponsored by the Firestone Tire and Rubber Company. He also had been awarded a gold watch as a state winner in the same contest. Last year he was a sectional winner in the boys' achievement contest.

To win their section awards, the New Mexico 4-H club members competed with state winners from the 11 western states.

CAPITAN

By ANN EARLING
Mr. and Mrs. O. H. Jenkins and children of Los Alamos spent a pre-Thanksgiving vacation with the John Hobbs.

Pat Ruiz, Lewin Minter and son, Lewin Jr., all of San Fernando, Calif., spent a week with Mr. and Mrs. Stanley Pepper.

The Thursday Bridge Club was entertained at the home of Mrs. Hugh Bancroft Jr. Bridge prizes were received by Mrs. Edna Laromie and Mrs. Jack Earling.

The Round Table Club held their monthly dinner meeting at the home of Mrs. Travis Werner.

For their program of the day, current events were discussed throughout the afternoon. Christmas donations in the amount of \$10.00 were made at this meeting.

Nancy Payman, reporter for the FFA, informs me that the girls from Hondo were entertained at a tea held on Friday, November 17, at the Capitán High School.

The regular monthly meeting of the Capitán Woman's Club was held on Friday, November 17, with President Mrs. L. E. Merrill presiding. It was announced at this meeting that the club's silver tea and bazaar will be held on Saturday, December 9, from 2 to 5 P. M. Mrs. Wallace Ferguson, Mrs. Charles Ferris and Mrs. Rose Flatley gave splendid reports of their attendance at the Fourth District convention held in Silver City last week. Mrs. Ferguson, a district officer, announced an invitation was ex-

tended at the district convention to hold the 1932 district meet in Capitán. It was accepted. After adjournment, refreshments were served by the club hostesses.

Mr. and Mrs. Frank O. Everitt and son and Mrs. Frank Everitt Sr., all of Tucson, Ariz., spent the Thanksgiving holidays at the home of Mr. and Mrs. Hugh Bancroft Jr.

Members of the Capitán Volunteer Fire Department are treating their wives to a venison dinner on Tuesday evening, November 28.

LeRoy McKnight was the lucky

winner of the cedar chest given away at the school carnival on Friday, November 17.

Here are some of the men that checked in their deer at Powell's Service Station (as of Tuesday noon): J. Keefe, 165 pounds; L. D. Sparks, 133; Ed Guck, 197; Shorty McCrory, 192; Knollin Lovelace, 209; and Roy Owens of Pecos, N. M., 215. A title is to be awarded.

Mrs. Tommy Rogers, clerk at the checking station, promises us the "final" results on "hunters" checking through for next week's paper.

Waters Writes New Book On Indian Ceremonials

This brilliant study of Indian ceremonialism—shows what can be done with an inherently fascinating subject, "Masked Gods," by Frank Waters, Albuquerque, combines mature and unobtrusive learning with profound insight and a rare poetic gift. The result is a unique and compelling examination not only of what makes the Indian tick but of the role played by Indian culture in the larger American culture.

The book opens with a history of the Indian on the American continent. From early cliff dweller and nomad tribe to highly integrated city-state, from the Four Corners to the great empire capitals of Yucatan and the Andes, from possession of a continent through the successive encroachments of Conquistadores, cattlemen, traders and politicians, the panorama unfolds with a majestic sweep. The story of the Indian through the centuries is dramatic enough without any touching up. This is a fast moving account, a series of brilliant illuminated glimpses that have an epic quality and carry authority.

This is a good time to get the soil from that run-down field tested for fertility. See your county extension agent for details on how to get this done.

Thanksgiving Dinner For Navy Differs From 1894

NEW ORLEANS.—Thanksgiving Day has an altogether different meaning for U. S. Navy Blue-jackets today than it did 50 years ago.

Hundreds of naval reserve officers and enlisted men are being offered the opportunity to take two-week training cruises early next year aboard district training ships. Captain J. W. Harper Jr., USN, Eighth Naval District training director, has announced.

They will find thechow and living conditions in general very good. For comparison purposes, take the Thanksgiving menu aboard present Navy ships, and the menu which "old tars" of the USS Portsmouth faced when seated around the galley table on Thanksgiving Day in 1894.

Sailors aboard the Portsmouth on that particular day, according to official records, had for Thanksgiving dinner: plumbduff, salt horse, hardtack and coffee.

Have a look at the Thanksgiving dinner delectables which were spread before them on this memorial day in 1930: fresh milk, shrimp cocktail, warm tomato soup, hot Parker House rolls, roast tom turkey, cranberry sauce, celery hearts, baked Virginia ham, sweet potatoes, gravy, nuts, fruitcake and pumpkin pie.

To top off this "well rounded" Turkey Day meal is a generous distribution of free smokes, including both cigarettes and cigars.

Applications are desired now from naval reservists for six cruises aboard coast patrol craft during January, February and March. Volunteers should apply for training through program of officers to Director of Training, Eighth Naval District Headquarters, 733 Federal Building, New Orleans.
