CARRIZOZO, NEW MEXICO, Friday, February 17, 1950

Outlook, Volume 40, No. 41

### Return Match Proves Thriller

Basketball fans saw another hotly contested game between Captain and Carrizozo high school cagers last Friday night at the local high school gym. The final score was 29-25 in Carrizozo's favor, but until that final whistle blew it was anybody's guess.

The two teams were quite evenly matched with Captain appearing to have the edge over the Zozotics until the third quarter. The score at half time was 16-13 in favor of the visitors. The Carrizozo boys displayed some mighty clever intercepting talent in retrieving the ball from the Grizzlies, but failed to follow through on several subsequent attempts to hit that elusive basket.

In the third quarter, the local team worked up steam and tallied enough points for a score of 23-22 in their favor at the end of that period. The crowd went wild at that point, and the Carrizozo rooters were enthusiastically embracing one another. During the fourth quarter, the Grizzlies kept their lead although it was a close one. Several replacements were made during this period, but the fans saw some particularly good passing and intercepting on the part of both teams.

It was the fast, hold your attention every minute type of game that the fans prefer, and cause them to wonder if the clock's wrong when they hear the final whistle.

The following are the statistics on the two teams: Fouls, Carrizozo 14, Captain 20; high point men, Herreros for Carrizozo with 14 points; Cozzons and Cummings with 8 and 6, respectively, for Captain; free throws, Carrizozo made 13 out of 26, Captain scored nine out of 14. An interesting side-light on these free throws is the extra four made by Carrizozo were the ones which clinched the game.

Between halves a drawing was held to determine the winner of the five-tube Philco radio which was donated. Jesus Olizaa, janitor at Carrizozo High School, was the lucky individual. Ann Eaker drew the lovely hand tooled (Continued on Back Page)

### Children's Clothing Crusade To Be Held April 16-22

The Ninth National Children's Clothing Crusade in New Mexico will be held April 16-22, it was announced today by State Superintendent of Public Instruction Charles L. Rose, chairman of the Bundle Week Drive.

A goal of 100,000 pounds of serviceable, used clothing has been set, Mr. Rose stated. Last year almost 700 New Mexico schools raised over 60,000 pounds of clothing most of which went to aid the Navajo. Universal participation of New Mexico schools is expected this year in the drive which is conducted under the auspices of a national committee of school superintendents.

The clothing collected will be distributed by Save The Children Federation on the Navajo Reservation, in seven European countries and in isolated rural areas of eight southern states.

Mr. Rose stated, "On my recent visit to the Navajo Reservation I saw hundreds of children wearing the clothing contributed in last year's Bundle Week in New Mexico. All of the clothing had been repaired, cleaned or washed, folded and classified by ages or sizes by Save The Children Federation Clothing Center before being sent to the reservation. Only useable garments were sent. Many of the teachers expressed their gratitude for this much needed help and asked that we extend that appreciation to all who took part in last year's Bundle Week." Mr. Rose added, "The need for clothing on the reservation is widespread and it will be necessary for clothing to be sent there for some time to come."

Federation officials state that need for clothing in Europe and on the Navajo Reservation will continue for years to come. Conditions in part of Europe are still tragic. Dr. Charles R. Joy, commissioner of Save The Children Federation, says, "I have just come from a part of the world where diapers are almost unknown, where baby clothes cannot be bought, where undergarments are frequently absent — stockings forgotten, overcoats a luxury to be dreamed about. If you had seen children and adults alike huddled together naked under ragged bed clothes to keep warm, you would know that clothing is more than clothing — it is life."

"The Bundle Week drive will be the greatest effort ever made in New Mexico schools to raise clothing," said Mr. Rose, adding "if each family in New Mexico will send to school at least one bundle of good clothing during Bundle Week we will meet our goal."

According to L. Z. Manire, superintendent, Carrizozo schools, and to the office of county superintendent of schools, Lincoln County will cooperate in the drive.

### War Correspondent Urges 54 Completion

Carrizozo was visited last weekend by Hal Foust, war correspondent and automobile editor of the Chicago Tribune. He is on an assignment that began two months ago in Florida, and has carried him through Louisiana and Texas. He went on to Arizona, via Albuquerque and Santa Fe, on Tuesday.

While here he gathered material for a feature story on the White Sands Bombing Range, and the guided missile research taking place there. He expressed himself as fascinated with the possibility that the "push-button" warfare developments in this community may have a decisive part in determining world history. His story on this locality will appear in his paper in a week or two, and effort will be made to get it for reprint in this newspaper.

Mr. Foust obtained data from Truman Spencer Sr. of Three Rivers on the new lease arrangement established for ranchers within the range, and had lengthy talks with the top officials at both Holloman Air Base and White Sands Proving Grounds.

"From the standpoint of my work, suggesting auto travel and routes to the millions of Tribune readers in the Middlewest, I feel that the most important thing to Carrizozo's future is the fast improvement of Route 54," he said. "Folks down here have no idea of the number of requests that newspapers, automobile clubs, oil companies and travel agencies get for road information to the Arizona playlands, and old Mexico."

"Highway 54 simply cannot be recommended at present. When it is completely improved, it can be recommended and suggested as a highly interesting route, and if this is done in an intelligent way by a skilled publicist, you people will be totally amazed at the increase in transient visitors. It's up to you folks in Carrizozo, after that, to clean up the town, make it attractive as a place to stop for meals, gas, souvenirs and the like."

"You can safely estimate that every car that stops off in your town will put an additional \$5 to \$10 in your cash registers. If you pull together to make it look like the kind of place people want to visit, you'll be able to bring an extra half-million dollars a year into your local business."

"The new Juarez-Mexico City highway is a wonderful boon to this part of the Southwest; just look at what the other Mexico City highway has done for the small towns south of San Antonio, Texas. But it won't do it back and just hope that you get your share; you'll have to develop some civic pull-together, do some painting, some landscaping, and clean up some of the eyesore junk heaps that now blight your complexion."

Mr. Foust went from Carrizozo to Santa Fe to get first-hand information from the governor and Highway Department about the U. S. 54 program. He was accompanied by his wife, whom he met when they were both in Berlin, Germany, where she was secretary to the military commandant, and he covered the Nuremberg war criminal trials. From the Normandy invasion to the end of hostilities, Mr. Foust lived with the late General Patton as combat correspondent.

"Carrizozo is my adopted home town," he told the News-Outlook. "I was here first in 1918 as a trooper in the Ninth Engineers. Later, my brother established residence near Nogal, and this is my legal residence and voting address, too. I'm glad to pay New Mexico taxes because I think it the best state in the Union, and I've surely seen them all."

"I only hope that Carrizozo will awaken to the opportunity you have to bring thousands and thousands of visitors to the town, and that you will make every effort to compel the attention to U. S. 54 that this fine, fast route deserves. Don't give up on that fight for a minute."

### New Managers Installed At Carrizozo Country Club

The new managers of the Carrizozo Country Club are Mr. and Mrs. Paul Nissen, originally from the New England states but more recently from Albuquerque.

Members of the club and their friends will find Mr. and Mrs. Nissen a vivacious and gracious couple. They have traveled extensively and can relate many interesting and amusing anecdotes.

The Nissens do not plan to serve a variety of menus, but they stated snacks will be available as well as the ever popular steak dinners. On special occasions at the club, the Nissens announced they will be very happy to assist in planning dinners and programs which would provide the guests a full measure of enjoyment.

The club and Lincoln County welcome this couple as new citizens and feel sure they will not regret their decision to call Carrizozo "home."

### People Have No Recourse In Water Rate Increase

A telephonic call from the United Press to The News-Outlook on February 13 disclosed the New Mexico Public Service Commission has no jurisdiction in the matter of the increase in the local water rate imposed by the Southern Pacific Railroad Company.

This report has been confirmed by Carrizozo's mayor, Vernon Petty, and correspondence concerning the rate increase released to The News-Outlook for the information of its readers. The complete correspondence follows:

"January 30, 1950  
"Village of Carrizozo,  
"Carrizozo, New Mexico.  
"Gentlemen:

"Referring to contract dated October 6, 1922, between this company and Village of Carrizozo covering sale of surplus water from our Bonito Pipe Line supply at Carrizozo, New Mexico:

"Third Article, page 3 of the contract provides for rate of 24 cents per 1,000 gallons for all water furnished under provisions of the agreement.

"Due to higher maintenance, operation and production costs of the Bonito water, we find it necessary to raise the rate per 1,000 gallons for water furnished the village under this contract.

"Effective March 1, 1950, rate on water sold to the Village of Carrizozo will be increased from 24 cents to 50 cents per 1,000 gallons.

"Kindly acknowledge receipt on attached copy of this letter.

Yours truly,  
"P. D. Robinson,  
February 6, 1950

"P. D. Robinson,  
"Superintendent Southern Pacific Co.,  
"Southern Pacific Building,  
"El Paso, Texas.

"Dear Mr. Robinson:

"Referring to your letter of January 30, subject—Contract; I am amazed at this arbitrary raise of a hundred and forty per cent, when most public utility rates are on the decline.

"After about 28 years of operating at the contract set rate naturally it will take some time to prepare the public for such a drastic raise.

"Our Water department acting in accord with the terms and provisions outlined in the third part of the water contract is at present about \$4,000 in the red, we feel this can be paid off in due time on a revenue basis!

"We do not want to vote a large general obligation bond issue unless we are forced to.

"We are taking the matter up with the Public Service Commission for further counsel.

"Yours truly,  
"Vernon Petty, Mayor,"  
February 9, 1950.

"New Mexico Public Service Commission, Director,  
"Santa Fe, New Mexico.

"Dear Sir:

"Attached are two letters and a contract which are self explanatory.

"Will you please have your municipal legal department analyze these and if possible advise what course we

should pursue to maintain our present rate of payment.

"Very truly yours,  
"New Mexico Public Service Commission,  
"By L. R. Conarty, Commissioner.  
February 13, 1950.

"Honorable J. D. Hannah, State Comptroller, Supreme Court Building, Santa Fe, New Mexico."

Petty informs this paper he plans to consult other authorities before making any definite recommendation to the City Council. He added that when the necessary information has been secured, he will call a special meeting of the council to decide their future action.

"The most feasible course open to the village, apparently is that of increasing its water service rates to consumers to cover the difference in cost, by the passage of an appropriate ordinance unless you have other means of obtaining an adequate supply of water.

"We suggest that the village authorities confer with the state comptroller for an adjustment of their budget to cover the increase in cost to the village for water service, which cost should be covered by increased revenues to be obtained from consumers after their rates have been adjusted.

"It is unfortunate that the village is confronted with a situation of this magnitude, but there seems to be no other way of covering your difficulty than by an increase in water service charges to your consumers.

"Very truly yours,  
"New Mexico Public Service Commission,  
"By L. R. Conarty, Commissioner.  
February 13, 1950.

should pursue to maintain our present rate of payment.

"Yours very truly,  
"Vernon Petty, Mayor."

"Honorable Vernon Petty,  
"Mayor, Village of Carrizozo,  
"Carrizozo, New Mexico.

"Dear Mayor Petty:

"We are returning herewith letter from Southern Pacific Company dated January 30, 1950, and copy of your reply dated February 6, 1950, together with executed water contract, by and between El Paso & Southwestern System and the Village of Carrizozo dated October 6, 1922, all of which were attached to your letter of February 9, 1950, to the commission, requesting advice as to what course you should pursue to maintain your present rate of payment.

"You are requested to refer to Section 72-303, New Mexico Statutes 1941. Annotated, which exempts railway companies from commission jurisdiction in the furnishing of water service to municipalities for resale, where such service is obtained by reason of surplus water supply or where the service is subject to a revocable contract such as entered into by and between the railway company and the Village of Carrizozo.

"It appears from an examination of the water service contract that the railway company has the right to increase its service charge to meet all costs of the service rendered. In addition, the contract is subject to termination by either party thereto upon 10 days' notice, since the service to be rendered is to be obtained from the surplus of water in excess of the railway company's needs.

"The most feasible course open to the village, apparently is that of increasing its water service rates to consumers to cover the difference in cost, by the passage of an appropriate ordinance unless you have other means of obtaining an adequate supply of water.

"We suggest that the village authorities confer with the state comptroller for an adjustment of their budget to cover the increase in cost to the village for water service, which cost should be covered by increased revenues to be obtained from consumers after their rates have been adjusted.

"It is unfortunate that the village is confronted with a situation of this magnitude, but there seems to be no other way of covering your difficulty than by an increase in water service charges to your consumers.

"Very truly yours,  
"New Mexico Public Service Commission,  
"By L. R. Conarty, Commissioner.  
February 13, 1950.

"Honorable J. D. Hannah, State Comptroller, Supreme Court Building, Santa Fe, New Mexico."

Petty informs this paper he plans to consult other authorities before making any definite recommendation to the City Council. He added that when the necessary information has been secured, he will call a special meeting of the council to decide their future action.

### Explosion And Fire Hit Locker Plant

An explosion in the local locker plant on February 14 about 10 P. M. caused an undetermined amount of damage. No one was injured.

Fire Chief Fay Harkey stated the explosion occurred in the curing room and was believed to have been caused as a result of a defect developing in the safety valve on the automatic burner under the meat trays.

It is thought gas may have accumulated under this burner and become ignited from other burners in the room. The explosion also caused some fire damage, but it was confined to the curing room. The explosion caused damage to the ice, curing and weighing rooms as well as to the front office. Although the adjusters have not announced the extent of damage, it was known to be heavy. Fire Chief Harkey reported a portion of the roof and a part of one wall next to the ice room were blown out.

When the alarm sounded, this scribe rushed out and arrived to find flames shooting high through the roof and sparks flying everywhere. For a second it looked as though the building was a boner.

Then suddenly the flames were out and there was nothing left but the general cleaning up process. Chief Harkey attributed this quick work to his efficient men and the new mechanical device on the truck. This truck carries a 400-gallon tank of water and a high pressure pump which works off the motor of the truck. The pump converts the water into 600 pounds of pressure, and then into fog which quickly smothers fire. This method was used by the United States government during the war years to combat fires in airplanes, according to Chief Harkey.

### NMMI-Carrizozo Game Is Forerunner Of Tourney

The local basketball team met the NMMI at Roswell on February 14 in a warmup game for the tournament to be held in Roswell February 23-25.

Coach Mirmanian reported this engagement permitted the members of his team to "get the feel" of the court on which they would meet the other teams to be entered in this tournament.

Evidently, the local boys became well acquainted since they walked off with a winning score of 45-30. At half time the score was 24-21 for Carrizozo, which indicates they didn't hit their real stride until the last half.

Both teams were light on fouls, Carrizozo having only nine and Institute making 11. The Roswell boys hit the basket six times out of nine free tosses, while the Grizzlies made 13 out of 15 tries. Barnett of the local team was high man with 16 points and Hoffmeyer and Herrera were next with 10 points each. NMMI's man Husman was on top with 14 points.

Coach Mirmanian reports his boys were not confused by the larger floor at the Institute gym, and made a good showing. In view of the excellent form displayed by the Grizzlies this week, he confidently expects them to be ready for anyone and everyone.

The tournament for District 5 high school basketball title will be held in Roswell at the NMMI gym February 23-25.

Carrizozo has been seeded fourth in this district. The teams in this district have been seeded in the following order: Carlsbad, Dexter, Hagerman, Carrizozo and Captain. All five teams draw a bye for the first round, which means they will not have to play in the opening round on Thursday night. Drawing this bye automatically moved these teams up to the second round of games to be played.

The first game of the tournament is between Artesia and Lake Arthur on February 23 at 6 P. M. at the NMMI gym in Roswell (where all of the tournament games will be played).

Roswell meets Ruidoso at 7:15 P. M. on February 23, and at 8:15 Hondo takes on Weed.

On Friday, February 24, at 9 A. M., Captain will tackle Carlsbad, while Carrizozo is scheduled to meet the winner of the Lake Arthur-Artesia tilt. Friday afternoon, Dexter plays the winner of the Roswell-Ruidoso game, while Hagerman will draw the winner of the Hondo-Weed skirmish.

Friday's winners will meet in the semi-finals on Saturday morning, February 25, to decide the contenders for the district championship on Saturday night.

Corona's basketball team is entered in District 7's meet and will play Santa Rosa at Tucuman during their tournament February 23-25. Tucumcarl is reported to be the favorite contender for the state crown. Lincoln County, however, is confident Corona will make a good showing.

### Lions Sponsor Blood Drive

The Carrizozo Lions Club held its regular meeting February 15 at the Southern Pacific Hotel.

Dr. J. P. Turner and W. J. Hadley, superintendent of Lincoln County Municipal Hospital, informed the group of the urgent need of the hospital to secure blood donors. It was explained the hospital has no facilities for storing blood for future use, and that it would be necessary to recruit donors of all types of blood on a standby basis.

Dr. Turner informed the group that prospective donors would be typed, and whenever there was a need for that particular type, the hospital would have a list of donors upon which to call. He added this would work for the benefit of the donor also. In case a donor was confined to the hospital and needed blood, his particular type would be on record, and another donor could be called immediately.

It was learned other Lion clubs in this section have similar programs, and records of the various clubs will be exchanged. Thus, if any one is injured or in need of a transfusion while in another town in this vicinity, the records will be immediately available, and a donor can be located quickly.

The Lions rallied to this worthy cause, and voted to sponsor the drive for blood donors. It was also decided no remuneration was to be accepted by any prospective donor. The club urges the cooperation of the public also in this drive for blood donations. Hadley informed the Lions the donors can come to the hospital anytime during the day, but suggested it might be more convenient and prevent any possible delay if they arrange for an appointment.

The Lions stated they plan to go as a group on Sunday morning, February 19. A. P. Sitton announced he would be at the Southern Pacific Hotel Coffee Shop with "coffee money" for all members who keep this appointment.

Before adjourning the club decided on another project. In the future the name of one individual from the absentee list will be drawn, and such person will be the recipient of a horned ruminant quadruped of the genus Capra. Sheriff Ortiz was requested to secure this horned, etc., prior to next meeting of the club.

### Art Exhibit To Be Held Here Feb. 20 To March 1

The art exhibit which will be held at the Carrizozo School Auditorium from February 20 to March 1 should attract the residents of Lincoln County as well as the local citizens.

The exhibit was arranged by L. Z. Manire, city superintendent of schools, and will be open to the public each afternoon from 1 to 2 o'clock. Manire stated that it was planned to open the exhibit to the public at other convenient hours also, but that statement of such hours will be sent out by the school in the form of mimeographed announcements.

Reproductions of both the old and modern masters will be shown in this exhibit. The collection consists of 150 masterpieces representing the French, Italian, Flemish, English, Dutch, Spanish, German and American schools of art. Among the famous artists represented are Titian, Da Vinci, Van Dyck and many others of bygone days, as well as those of recent years, including Ben Foster, George Innes, Robert Anick and Gustave Wiegand.

A small admission charge of 10 to 15 cents will be made to apply toward the purchase of pictures for the Carrizozo schools. It is hoped sufficient funds may be procured to place one of these reproductions in each school room. The purchase price of the reproductions vary from 2 cents to \$250 and may be ordered by visitors to the exhibit.

Superintendent Manire reports that Don Shultz and Thomas Morales, Carrizozo High School seniors, are talented along artistic lines and will produce all the necessary posters and other announcements for this showing. During their high school years, they have done this work for the school and it is possible they may decide to continue art studies after graduation.

Tickets will go on sale Monday, February 20, for this art exhibit, which is sponsored by the local schools and Parent-Teacher Association.

By Thomas J. Mabry GOVERNOR

"It is not the facts which guide the conduct of men, but their opinions about facts; which may be entirely wrong. We can only make them right by discussion."  
 Sir Norman Angell.

I am really happy that I pledged my administration to no more borrowing for road building and that the Legislature went along with me almost 100 per cent. How fine it would be to have this \$19,000,000 tax load removed in some six years!

The financial expert of the State Highway Department brought good news to our recent meeting of the State Board of Finance. We had accumulated \$1,000,000 more than needed to meet present interest and retirement charges against highway debentures. And we were able then and there to call in \$1,000,000 worth of these highway obligations some years before maturity and save \$160,000 with one stroke of the pen.

So it becomes a very simple problem to get rid of this stupendous debt which was over \$20,000,000 at the beginning of the fiscal year. We can, with the present setup, if our bond market keeps up, save \$1,500,000 by paying off the debt before it matures and retire all this indebtedness in some six years. And this with the present additional 2 cents per gallon tax.

We ought then to be able to reduce the gas tax not back to the 3 cent levy we had before, but perhaps we could get along on 2 or 3 cents total tax. This would of course depend upon how extensive a road expansion program would be needed or desirable.

When I think of how come of the oil companies got excited about the extra gas tax for this debt retirement because it is coming in faster than expected, I am reminded of the shortsighted fellow who purchased a washing machine on installments, but who refused to pay any installment ahead of maturity when he had a job, and then found himself without a job and no funds to pay the later installment when it meant pay or lose. The machine was reclaimed by the seller, and the wife went back to the washboard. I have never heard of any one regretting paying off a debt faster than he had to pay, but I know of many who regretted not being able to pay when they had to.

We had been borrowing heavily for road building for 20 years. I said to the people before my election in 1943 that I would borrow no more money for roads, and that if we were to retire the debt and keep on building roads at the same time we must find some way to do it without borrowing; we all know that with a government, as with the individual, prosperous times are the time to pay debts.

We are doing this now. And we will be glad if it when, and if, a depression should hit us, even a light one, before our road program could be completed.

By the time the next Legislature meets we might be able to drop off a half cent, or perhaps a cent, of the debt retirement tax and still pay a little sooner than the maturity date of the bonds; but I believe we should consider seriously whether we should not hold to the present 2 cent tax, get this big debt behind us in some six years and then see whether we could not get along with a 3 or 3 cent total state tax. We know that the 2 cent additional tax which aroused so much controversy in certain quarters can be used only for the retirement of the debt.

New Mexico has a very low bonded indebtedness, aside from this which accumulated over the years for road building. We enjoy a rather enviable record as we compare our indebtedness with many states of the West. Let's keep New Mexico's credit good and clean out bonded indebtedness!

**Marvin Jones of Nogal Receives Promotion**

Marvin Jones of Nogal has been promoted to district game warden and will be stationed at Resaca, N. M. Mr. Jones and his family moved last weekend.

Marvin has been with the game department about three years and has been stationed at Hot Springs the past year. He is a sister of Mrs. James Dunson of Carrizozo.

Sanitation is one of the most important phases of good farm management. Keep your equipment, barns and stock clean.

**NOTICE OF SALE OF REAL ESTATE UNDER FORECLOSURE DECREE**

NOTICE IS HEREBY GIVEN that by virtue of the terms of the Final Decree of foreclosure and sale entered by the District Court of Lincoln County, State of New Mexico, on the 23rd day of January, 1950, in the case of H. G. Moberly, Plaintiff, vs. Alton E. Beavers, also known as A. E. Beavers, also known as Aelton Beavers, Lots D, Beavers, Mrs. H. F. Worthing, United States of America, and all unknown claimants of interest in the premises Defendants, being Cause No. 5616 on the civil docket of said Court, the undersigned will offer for sale and sell to the highest bidder for cash at 10 o'clock A. M., on March 23, 1950, at the front door of the Court House at Carrizozo, New Mexico, the following described lots or parcels of real property lying and being in the County of Lincoln, State of New Mexico:

Beginning at the southeast corner of Section 20 in Township 11 South, Range 14 East, N. M. P. M., measure south eighty-nine degrees, forty-five minutes west, 1320.3 feet, thence north seventy-two degrees forty-eight minutes east, 282 feet, thence north three degrees fifty-eight minutes west 275 feet, thence south eighty-one degrees west 236 feet, thence north no degree, nine minutes, thirty seconds west 344.15 feet, thence north fifty-four degrees thirty-eight minutes thirty seconds west 125 feet, thence north no degrees nine minutes thirty seconds west 563 feet, thence north eighty-nine degrees forty-five minutes east 1440.37 feet to east line of said Section 20, thence south 123.02 feet along east line of said Section 20 to point of beginning.

All of the north-east quarter of the north-east quarter of Section 29 in Township 11 South, Range 14 East, N. M. P. M., except that portion included in the right-of-way of U. S. Highway 70 and except two small tracts of land described as follows: Tract No. 1, from point of intersection of the east line of said Section 29 with the north line of the right-of-way of U. S. Highway 70 as now located measure 53 feet in a south-westerly direction along the north line of said right-of-way to the point of beginning, thence north one degree east 180 feet, thence north eighty-nine degrees west 100 feet, thence south one degree west 233.2 feet to the north line of the right-of-way of said Highway 70, thence in a north-easterly direction along the north line of said right-of-way approximately 130 feet to the point of beginning; Tract No. 2, beginning at the intersection of the east line of said Section 29 with the south line of the right-of-way of U. S. Highway 70 as now located, thence south one degree west 150.02, thence south eighty-nine degrees fifty-six minutes thirty seconds west 327 feet to the intersection of the south line of the north-east quarter of the north-east quarter of said Section 29 with the south line of the right-of-way of Highway 70, thence northeasterly along the south line of said right-of-way approximately 370 feet to the point of beginning, together with all and singular the lands, tenements, hereditaments, and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits.

NOTICE IS FURTHER GIVEN that the amounts awarded by the Court in said Decree and to be realized at said sale, from said property, with interest calculated to date of sale, is as follows:

Principal debt \$4,308.00 due H. G. Moberly  
 Secondary debt \$4,088.00 due United States of America  
 Total debt \$8,397.00 due Mrs. H. F. Worthing  
 together with accrued Court costs.

Special Master's fee and costs of said sale.

The terms of sale are that the purchaser must pay cash at the time the property is struck off to him.

DATED this 7th day of February, 1950.

**FRANK C. BOYCE,**  
 Special Master

**IN THE DISTRICT COURT OF THE THIRD JUDICIAL DISTRICT OF THE STATE OF NEW MEXICO, WITHIN AND FOR THE COUNTY OF LINCOLN.**

**SUMMONS AND NOTICE OF PENDENCY OF SUIT STATE OF NEW MEXICO TO:**

THE UNKNOWN HEIRS OF CHARLIE FRITZ, deceased; THE UNKNOWN HEIRS OF MANUELITA FRITZ, deceased; JOSE ANTONIO ULIBARRI, THE UNKNOWN WIFE OF JOSE ANTONIO ULIBARRI, JUAN SEDILLOS, THE UNKNOWN WIFE OF JUAN SEDILLOS, if living, if deceased, their UNKNOWN HEIRS; THE DEFUNCT FIRST STATE BANK OF CAPITAN, NEW MEXICO, or its assigns; and all Unknown Claimants or Persons, Claiming any right, title or interest in or to the premises involved in this Cause adverse to Plaintiffs.

**GREETINGS:**

You and each of you are hereby notified that Jane Henry, Tillie Harrell, Bess Wagoner, Willie Fritz, Eva Ellis, and Nell Boozer have filed Suit against you in the District Court of Lincoln County, New Mexico, in Cause No. 5660 on the Civil Docket, for the purpose of quieting title in fee simple in said Plaintiffs to the property described in the Complaint in said Cause,

more specifically described as follows, to-wit:

**THE FOLLOWING REAL ESTATE, TO-WIT:**

A tract of land in section (27) twenty-seven in Township (10) ten South, Range (16) sixteen East, New Mexico Principal Base and Meridian, beginning at the corner to sections 21, 22, and 27, and 28, which is in the north west corner of this tract, thence south one (1) degree and thirty (30) minutes east, (13) chains 65 links, to the west end of an old stone wall, where a stone marked "R. B. I." is set; thence south 20 degrees 30 minutes west, (11) chains to the north bank of the Rio Ruidoso; thence southeasterly course along the middle of the channel of the said Rio Ruidoso, to a point on the north bank thereof, where stands a walnut tree about 20 inches in diameter 30 links north of said stream; thence north 20 degrees, 25 minutes East, (10) chains to a stone 5x12x15 inches, chiseled "R. B. 2" on back of a ditch south of the public road; thence continuing along the same course ascending a steep hill to the north boundary of said section 27, thence west along the said section line to the section corner above described, the piece of beginning. There is also included in this conveyance one-half (1/2) of one water right in what is known as the "Acquia del Medio" or Middle Ditch which said ditch traverses this tract of land from west to east, which said water right is separate and apart from the water right pertaining to this above described tract, the water right to which is described as one (1) full thirty (30) hour water right in the "Acquia de Arriba" ditch each out of the Rio Ruidoso. Together with all the water and water rights heretofore used, owned, enjoyed or possessed by the first parties, or their predecessors in title in connection with said land for irrigation, domestic or other purposes out of the said Rio RUIDOSO, or from any other source, Together with all and singular, the lands, tenements, hereditaments and appurtenances, thereto belonging, or in anywise appertaining.

Plaintiffs alleging that they are the owners of said land and improvements thereon in fee simple.

must appear and plead in said cause on or before March 25th, 1950, or you will be in default and Plaintiffs will proceed to secure the relief sought by their Complaint, and you and each of you will thereafter be forever barred and stopped from claiming or asserting any right, title, lien, or interest in or to said real estate.

H. ELFRED JONES, whose address is Carrizozo, New Mexico, is the Attorney for the Plaintiffs.

WITNESS MY HAND AND THE SEAL OF THE DISTRICT COURT OF LINCOLN COUNTY, at Carrizozo, New Mexico, on this 7th day of February, 1950.

CAPITAN

By ANN EARLING

William Ferguson Sr. has been hospitalized at Carrizozo the past week. Mr. and Mrs. O. H. Jenkins of Las Alamos have been visitors the past week of the John Hobbs.

Mr. and Mrs. Ray Bell of Santa Fe have been house guests of Mr. and Mrs. Roy Morgan the past week.

Little Rudy Zamora is home from the hospital and is recovering slowly from a recent fall at school.

Mr. and Mrs. E. T. Broock of Albuquerque and former residents of Capitán were weekend guests of Mr. and Mrs. Charles Ferris.

Betty Schamberlin and Jack Key of Bakersfield, Calif., have been the guests of Mrs. Pearl McBride this past week.

Mrs. Henrietta Belnap was hostess to the Wednesday Bridge Club. High prize went to Mrs. Ray Province and low to Mrs. Corinne Province.

Bob Hammet, a long time resident of this community, passed away in a Socorro hospital on Sunday, February 12. Burial was in Capitán Cemetery Thursday, February 15.

A Valentine party was held at the home of Rev. and Mrs. Chester Bunch Tuesday, February 14. Fifteen young folks were present and the party was thoroughly enjoyed by all.

The regular Thursday Bridge Club met at the home of Mrs. Roy Morgan. Mrs. Douglas Glatfelder received high score, Mrs. Ray Bell second and Mrs. Roscoe Cloud low.

Sixteen young folks of the Nazarene Young Peoples Society attended a Valentine party at the home of Mr. and Mrs. James Palmer on Thursday, February 9. Bingo was played throughout the evening. Refreshments of frosted cakes and cookies were served by the hostess.

Mr. and Mrs. Dale Cook and daughter, Karen Marie, of Albuquerque, have been visiting their parents, Mr. and Mrs. F. H. Hall Sr. This is Mary Elizabeth's first trip home since baby Karen was born six months ago.

The Capitán Volunteer Fire Department

A. & M. Prexy Initiated Into National Fraternity

John William Branson, president of New Mexico A. & M. College, will receive the ceremonial investiture of Theta Chi National Fraternity at 3 o'clock Sunday afternoon in St. Paul's Methodist Church, Las Cruces.

The investiture will be constituted by alumni of the fraternity and student members of the Gamma Nu Chapter at A. & M. college.

ment held their annual election of officers during the regular meeting held Thursday, February 14. The following officers were unanimously re-elected: Chief, Joe Wigley; assistant chief, Ray Province; captain, Jimmy Palmer; first lieutenant, Doug Glatfelder; second lieutenant, Lloyd Absher; secretary-treasurer, Jack Earling.

The Lions Club held their dinner meeting at Hotel Buena Vista on Monday, February 13. Jack Mayfield and Robert Cox were appointed to serve on the board of directors. The Lions Club president, Hugh Bancroft, Jr., awarded himself the goat for a week and Bob Cox is to have custody of the horned ruminant quadruped of the genus Capra the following week. It was reported the horned, etc., has just about reached the end of his rope.

The quarterly dinner meeting of the Chamber of Commerce was held at Peppis Coffee Shop on Wednesday, February 8, with President D. O. Murphy presiding. A resume of the progress made the past year was reported by Mr. Murphy. The following officers were elected for the coming year: Lon Merchant, president; Joe Wigley, vice president; Jack Earling, secretary-treasurer; L. W. Clark and D. O. Murphy, members of the board of directors. Dr. Townsend, a member of the board of directors, expressed his regrets on having to leave their many friends in this community, due to his retirement from his station at Fort Stanton. Dr. and Mrs. Townsend are retiring to their home in Georgia about April 1. The Chamber of Commerce members expressed their appreciation of Dr. Townsend's cooperation in all matters of the chamber, and wished him and Mrs. Townsend happiness in their future retirement.

Fort Stanton

By FRANK E. SMITH

Little Helen Lyden became 2 years old on February 6 and celebrated the occasion in a rather novel manner by dumping her brand new birthday presents in the bath tub.

Nothing new to report on "Operation Peaches" Ann Earling, "Bob Slater" for this paper, from Capitán, dropped in for a few minutes visit the other day. The dark green beauty (1930 Buick) for which both Jack and Ann had to clip coupons is still "purring."

Dr. and Mrs. E. M. Townsend, with Mrs. Roy Whitehead, took off on the "high foot" for a hurried trip to El Paso on St. Valentine's Day.

Mrs. Eddie Zamora, who was quite ill for several weeks, is now quite well. Rudy Zamora, although still confined to bed, is progressing very favorably after the injuries sustained when he fell down the stairs at the Capitán Grade School.

Mrs. Ellen Howell, newly arrived addition to the nursing staff, expressed surprise at the nice weather we are enjoying—lot different to the wintry weather of Seattle, Wash.

Mrs. Bill Gould, hospitalized for some time, is now convalescing and will soon be able to go home and catch up with the social activities of the Fort.

The Army Air Force moved in on Dr. Townsend last Tuesday when Captains Messner, Grant; Lieutenants Jarrett, Williams; Sergeants De Ford, Hardy, Russell and Tollo came to pay an official call from Walker Air Base, Roswell.

A recent issue of the Brooklyn Daily Eagle carried a story about petitions being circulated against the contemplated use of the hospital at Far Rockaway for the marine hospital patients at Neponset, Long Island. New York City wants to take over the hospital at Neponset for a children's hospital.

New citizens of the Fort: Oscar W. Bryan, Nederland, Texas; Randolph Batciff, Houston, Texas, and Johnnie Young of Texas City, Texas.

So far no further news on the Anne Rhodes-Bill Merrell romance.

James W. Sharp, marine engineer, of New Orleans, La., arrived here the other day for in-patient treatment. Mr. Sharp became ill on his ship at Buena Aires on December 8 and returned to this country as a passenger. Arriving at New Orleans, he decided to come to the Land of Enchantment and get well. Lots of luck, Jim!

On Wednesday last a farewell party was given at the Nurses' Home in honor of Miss Gertrude Monahan, newly assigned to the marine hospital at San Francisco. Miss Barbara Howes

Ruidoso To Vote April 1 On New Water System

Ruidoso City Council will seek a vote April 1 of property owners in the village on a \$125,000 bond issue to finance a water system.

A petition, asking the election, must be signed by owners of 51 per cent of real estate value in the village. It will be put into circulation soon, Ike Wingfield, mayor of Ruidoso, announced.

Revenue bonds have been turned down by buyers, but buyers have indicated an interest in the purchase of revenue bonds if supplemented by general obligation bonds.

The April election will be on general obligation bonds. If a revenue bond buyer cannot be found to take the entire issue, the village will take no further action until the next election year, 1932.

accompanied Miss Monahan as far as Phoenix, Ariz., where they stayed for a few days.

Mrs. Gladys Sutton is looking up bus schedules to a certain place in Colorado.

The human heart was the subject of an excellently written article in last week's county paper by Mrs. Roy E. Whitehead.

A lot of apples will be needed to keep the doctors away from El Paso during the convention of surgeons from the southwestern states. It is expected anywhere from 500 to 1,000 surgeons will be on hand. Many social events have been planned to entertain the doctors.

Lots of Fort Stantonites will make the trip to El Paso for the cattle show and rodeo. One or two of the younger folks may be contestants in the amateur rodeo events.

Two dollars will bring you 52 issues of The Lincoln County News-Outlook and an additional \$2 will make you a yearly subscriber to the New Mexico Magazine. See me or subscribe to either at the Fort Stanton Store.

A baby boy, Terry Paul, weighing 6 pounds, 14 ounces, was born in St. Mary's Hospital, Roswell, at 10 A. M. February 14 to Peggy, wife of I. Lloyd Miller, of Capitán. The boys at the hospital are expecting Lloyd to be around with cigars when he comes back on duty. At the time of writing mother and son are getting along well. Dr. I. J. Marshall took care of Mrs. Miller during the pre-natal time and the delivery.

Henry and Carolina Sanchez became grandparents on Monday, February 13, when a baby girl was born to Mrs. Henry Sanchez Jr. at Las Vegas. The little bundle from Heaven weighed 6 pounds, 1 ounce. The parents and the grandfather and grandmother are getting along fine, as is the baby.

CORONA NEWS

By MRS. A. E. MULKEY

Mayor Cleve Brown purchased a new Kaiser-Traveler this week from Corona Motor Company.

Mr. and Mrs. Archie Perkins and children, Sherril and Rand, and Mrs. Mary DuBols were visiting in Albuquerque Sunday.

Mr. and Mrs. K. C. Roberts and children, Jimmie and Patsy, of Belen, were visiting friends and relatives in Corona over the weekend.

Mr. and Mrs. Grady Mann have moved to Loveland, Texas, where Mr. Mann has employment with the South Plains Photo Studios.

J. P. Kennedy of Marfa, Texas, is here this week looking after his ranch interests. The Kennedy ranch was formerly owned by the Griffin brothers.

Mr. and Mrs. Lonnie Atkinson have returned from a six weeks visit in California with Mr. Atkinson's brother, J. M. Atkinson. Atkinson reports it colder in California than in New Mexico.

At a recent meeting of the Central New Mexico Electric Co-operative, B. Sumner was made acting manager. Also the Basanda Construction Company of Oklahoma City was awarded B Section Contract connecting Corona and Vaughn with 34.5 transmission and distribution for Vaughn-Encino-Pastura, and surrounding rural areas. Consideration was around \$115,000.

Europe's acute shortage of food fats has ended, but U. S. fats and oils likely will continue to hold a strong place among West European imports.

TRAGEDIES OF THE STAGE

The young Impresario was positive he could help her. Marie shook her pretty head. "I have had such offers from men before," she said. Read how fame caught up with the girl from Nebraska. It's in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner. Adv.

Four-H members "learn to do by doing." Each 4-H'er must complete a project on the farm or in the home in order to receive a 4-H pin at the end of the year.

Roberts, General Manager Carrizozo, N. M.

**Carrizozo PTA Holds Founders Day Program**

The regular meeting of the Carrizozo Parent-Teacher Association was held on Monday, February 13, at 7:30 P.M. in the grade school auditorium. Mrs. J. E. Thornton presided over the short business meeting and presentation of the Founders Day Program. Mrs. L. Z. Manire spoke on the subject of the value of PTA to the community. Mr. Manire told about the picture exhibit which is to be held shortly in the grade school auditorium in the interest of securing pictures for the school and for classroom work.

Mrs. Ernest Wellington outlined the plans for a St. Patrick's dinner to be held on March 17 in the grade school lunchroom. She read the menu which has been planned for that night and which will be contributed by members of the PTA organization. They plan to issue tickets for sale and the funds derived therefrom will be used for the work of the local PTA. A very tempting variety of home cooked foods will be served.

Miss Otilia Vega gave a report on the finances of the local PTA.

Grade school students were presented by Miss Minnie Nell, local teacher, in a short skit, "The Funkinville PTA," the theme of which was the spirit of the PTA organization. These youngsters represented, by the characters they played, the work that is accomplished by PTA groups over the country. Judging by the way they enacted their roles, they had a keen awareness of the many worthwhile objects accomplished through PTA. Gained, no doubt, by observing the work of their parents in this organization.

A group of high school girls were presented by Mrs. J. O. Moore and Mrs. F. O. Brown in a pageant entitled, "PTA Cornerstones," a dramatization of the meaning of PTA as related to our everyday life. The girls showed by their interpretations of PTA in relation to community, church, school and home life the excellent influence exerted by the efforts of this organization. Margaret Shrum's vocal solo was based on this same theme, the highlight of it being, "Mother, Father, Teacher Mine."

Daisy Dickenson, commercial teacher at the local high school, summarized the recent interstate educational conference which she attended in Phoenix, Ariz. She stressed the aim of the educators which is to achieve democracy through education, and stated they considered true cases of teachers who had been hired and fired without benefit of democratic processes.

Mimeographed copies of the typical cases, considered by the conference group were handed out for the information of the PTA members.

At the conclusion of the program, refreshments were served in the school lunchroom, with Mrs. Ernest Roberts in charge. Many of the parents availed themselves of the opportunity to inspect several of the more than 100 new books recently purchased for the school library by the local PTA.

Rats in the United States eat or destroy as much food each year as 263,000 farmers produce in the same period.

**Educators Consider Cases Of Dismissed Teachers**

At the local PTA meeting held on February 13, Miss Daisy Dickenson distributed copies of case histories on dismissed teachers over the country which were the subject for discussion at a conference of educators, which she attended recently in Phoenix. The conference was sponsored by the National Education Association, the Arizona Education Association, and the National Commission for the Defense of Democracy Through Education. One of the cases discussed is printed here for the information of our readers. It may be that The News-Outlet will print others in the series if there is sufficient demand for them:

"After four years in one school a teacher was dismissed without a hearing. Unofficial charges were that he was teaching what the school board did not want taught, that he was opposed by taxpayers who felt he was instilling incorrect thoughts into the minds of students and they objected to his open forums and modern methods of classroom teaching.

"The teacher's purpose had been to develop discrimination in students. (1) He encouraged discussion of social and economic problems in the United States such as housing conditions, socialized medicine, TVA, sharecropping, control of monopolies, cooperatives, federal aid to education, local strikes and partisan politics. (2) He encouraged them to determine the reasons for the stock market collapse and the depression, to investigate the advisability of government ownership as a means of protection. (3) He urged them to analyze the underlying causes of such social movements as communism, socialism and fascism."

The teachers were assigned to seven sectional groups to consider the various cases. Before the conference ended, the entire group assembled to hear the report on the conference's decision as to how these cases should have been handled.

**Economist Discusses Farm Wage Rates**

New Mexico farm wage rates including board and room on January 1 averaged \$101 a month or \$9 a month higher than on January 1 last year, according to C. R. Keaton, assistant extension economist in marketing. Farm wage rates with house furnished averaged \$120 a month, or \$1 less than on January 1, 1949.

Per day farm wage rates in New Mexico averaged \$5.20 on January 1, a drop of 20 cents from the previous year. Hourly wage rates with board and room remain the same—84 cents.

Average hourly cash earnings on January 1 for the nation as a whole, ranged from 90 cents in the Pacific Central states, hourly earnings were also under 50 cents in the South Atlantic states. In the Mountain states, New England, and the West North Central states, earnings were above 60 cents per hour.

"Since workers employed at monthly and weekly rates usually put in fewer hours work per month or week in January than in October, their hourly equivalent pay is higher," Keaton explains. "This raises the hourly composite even though wage rates decline."

Farmers in the United States were paying workers an average of 58.7 cents per hour in cash wages on January 1, a decrease of 14 cents from a year earlier. The number of hired workers on farms in the week of December 19-24 was slightly less than last year. A small increase in family employment, however, kept total farm employment at 7,150,000, about the same as a year earlier.

March is Red Cross month.

**ENMU Inaugurates Course For High School Teachers**

To help meet the critical need for elementary teachers in New Mexico Eastern New Mexico University has inaugurated a specialized course of one-year training whereby high school teachers may prepare for elementary teaching, according to Dr. C. B. Wivel, chairman of the university's school of teacher education.

Under this plan a teacher qualified to teach in the high school may return to the campus and certify to teach in elementary school where the need for teachers is critical. Actually, Dr. Wivel reports, the situation in New Mexico is desperate in view of the fact that the colleges and universities of the state will graduate only 644 teachers this year and only 121 are preparing for the elementary field. This is particularly significant because it is estimated that the state will need 1,200 new teachers in September.

Why the shortage of elementary teachers in New Mexico? Since the beginning of World War II, there has been a sharp rise in the birth rate not only in the United States as a whole but also in New Mexico. During the war, enrollment in teacher education dropped 60 per cent. Many teachers left the teaching profession to go into industry. Many others entered the armed services. Of these great numbers have not returned. Thus, Dr. Wivel continues, with teachers leaving the profession, and with the upsurge in the birthrate which has continued, the situation is critical in the elementary school.

Eastern New Mexico University's retraining program for high school teachers is another attempt to meet the elementary teacher shortage in New Mexico.

**New Mexico Boys State Scheduled For June 4**

Opening announcement of the third annual New Mexico Boys State, sponsored by the American Legion, is being distributed from state Legion headquarters in Albuquerque.

The week-long training course in practical citizenship for specially selected high school boys is scheduled

for June 4 to 11 at Eastern New Mexico University in Portales.

Two hundred teen-age boys will assemble to set up and operate mythical city, county and state governments. Delegates will be chosen by their high school principals and all high schools in the state are invited to participate. Each boy will be sponsored by a Legion post or some other civic service or fraternal organization. Boys State is a non-profit corporation.

**YOUR HOUSEHOLD EQUIPMENT**  
It is estimated that by 1960, the replacement market for refrigerators alone will be 2.7 million. You can add another million for new homes and apartments. To supply the growing demand for refrigerators, washing machines, vacuum cleaners, food freezers, air conditioning units, radios and television sets, banks supply American industry with credit for materials, tools, payrolls and other essential needs. In addition, consumer credit at low cost helps you buy the equipment you need. For loans to finance modern household appliances, come see us.

**"WHAT CAN I DO?"**

Millions of Americans are beginning to stir themselves from a long hibernation and squarely face the responsibilities of citizenship. This awakening from lethargy is one of the most encouraging signs I've seen since I returned home from Abil 14 years ago after an absence of 11 years. At that time we as a nation were drifting, on a strong current, away from the fundamental principles which have given us the highest living standard the world has ever known. And hardly anybody seemed to notice or care.

For years I've been conscious of this apathy as I traveled about the country addressing various groups and meeting people. In the past year or so there has been an awakening of significant proportions. It isn't sufficiently widespread to be decisive—to halt the leftward trend—but, to me, it is immensely encouraging. Since January 1, 1949, I've made 210 speeches in 36 states, tracing the good record of free enterprise and the dismal failure of socialism wherever tried. My collective audience of 81,220 persons included industrial workers, teachers, business and professional people, housewives, students—a good cross-section of our population.

**A Welcome Question**

The reaction of a considerable number of men and women fell into a pattern. Not all, but most of those I met face-to-face after my formal speeches told me they'd begun to realize the full import of some of the things happening in our nation today and were anxious to do something to help safeguard the American way of life. Invariably they asked, "What can I do?"

The same awakening attitude and the same question are being expressed all through the mail I receive from listeners to our radio program and from readers of this column and our monthly letter which goes to some 40,000 people around the country. When a person asks this question he is at least partly informed—he sees the threat to our freedom. And nine out of 10, I believe, really will do something if given specific directions, materials or tools to work with. I always welcome the question.

**Something To Do**

Answers to "What can I do?" are virtually unlimited in number. Here are five that come to mind easily—all commanding positive action:

1. Become well informed on history and politics and especially in economics. Henry Hazlitt has written an easily understood book for laymen—"Economics In One Easy Lesson." The Reader's Digest for February has a provocative book digest on politics—"The Road Ahead." These could be thought starters for anyone. Get reprints of the Digest's book condensation and distribute them.

2. Speak out. Take five minutes and awaken some of your friends and associates—at your club, or Bible class, or labor union meeting, or sewing circle, or PTA, or at noontime in the office or shop where you work.

3. Get better acquainted with your local preachers and school teachers and public officials. What is their thinking? Have lunch with them. Swap viewpoints on economics and politics. Take them books to read, recommend constructive movies, radio programs, columns, editorials.

**Citizenship Demands**

4. Get a good 16 mm. film that tells the American story and show it the next time your group meets—any group. Scores of such movie shorts are available on loan without cost. (We're producing some ourselves at Harding.) Are your local schools taking advantage of this medium of American education?

5. Participate actively in the election of sound public officials. Voting is not merely an American privilege; it is a sacred responsibility. Get together with sound-thinking people of your community and actively champion candidates of strong character, intelligence and achievement—for the school board, and on up.

These are merely American citizenship demands. But, oh, how important they are to the future security of our freedom!

**LEGALS**

**SUMMONS AND NOTICE OF SUIT PENDING**

No. 5867

STATE OF NEW MEXICO TO: Clara A. Skinner, Impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: Roy G. YOU AND EACH OF YOU ARE FURTHER NOTIFIED that unless you enter your appearance or plead herein on or before the 20th day of March, 1950, the plaintiff will make application to the Court for judgment by default and judgment by default will be rendered against you and each of you as prayed for in said Complaint.

The name and post office address of the plaintiffs' attorney is BRENTON & HALL, Carrizozo, New Mexico.

WITNESS my hand and seal of the District Court of Lincoln County, New Mexico, on this 24th day of January, 1950.

J. G. MOORE, District Clerk.  
By Otila E. Vega, Deputy.  
J27-F3-10-17

Turkey production in the U. S. in 1950 is estimated to be slightly larger than the 41,000,000 birds produced last year.

Farms over 1,000 acres in size in the U. S. now account for 40 per cent of the farm land, compared with less than 25 per cent 25 years ago.

## Local Scouts Hold

(Continued From Page 1)  
this month is a Knot Board. Each patrol will make one, and they will be judged for neatness and length of time taken. There will be points awarded for this, and for various other things the boys do, such as attendance and appearance. The first patrol to reach 500 points will be treated to an outing by the losers.

It is hoped the town, as well as the boys, will do everything possible to make this troop a success. The Scouts are a very worthwhile organization, and no boy should fail to be a member. The boys of today, at the college of tomorrow, and to keep the high ideals of our country, the boys should be given the right training from the start.

The Boy Scouts are known as one of the best training units for boys of all ages, but no troop is any better than the examples set for them by their leaders and the leaders in the community in which they live.

## County Agents Had Busy Year, Report Figures Show

County agricultural extension agents in New Mexico had a very busy year in 1949 according to a summary of agents' annual reports for the past year. Here are some figures on the way in which extension work was carried on in the state during 1949:

New Mexico county agricultural agents made 34,878 farm or home visits to 21,631 different farms or homes. They interviewed 82,842 persons who called at the county extension offices and handled 65,950 telephone calls about farm, ranch and home problems.

The agents held 3,643 method demonstrations, with 33,977 in attendance and conducted 455 training meetings with a total attendance of 8,103.

Newspapers and radio stations also helped to spread scientific information about farming, ranching, and home-making. County agents furnished information for 6,253 news stories and made 1,454 radio broadcasts.

## Return-Match Proves—

(Continued from Page 1)  
leather purse which had been made by Mrs. Huffmyer. Ann said it was the first time she had ever won anything.  
The Capitán cheer leaders came over to Zozo's territory at half time to lead the local school's cheering section. The Capitán girls looked very chic in their dark skirts, sweaters and beanies, and their white blouses. Their colors are black and gold. The darling of the Carrizozo cheer leaders was tiny Susie Shrum. About 3 or 4 years old, this small girl was right in there pitching with all the yells and gestures. The little blond, curly headed tot was adorable in her white and red outfit to match the red jumpers and white satin blouses of the Carrizozo girls.

Herman Kelt, Carrizozo postmaster, was overheard predicting the outcome of the Capitán-Carrizozo game. It appears he has an infallible system for predicting the winner. Does your system always work, Mr. Kelt?

The second team of Capitán and Carrizozo met the same night in a fast game up until the last quarter when the visitors let out a final burst of speed and romped home with a score of 42-25. These boys displayed some fancy passing and excellent shooting ability.

The Grizzlies journeyed to Corona last Saturday for a return engagement with that team. The local boys continued their winning streak of the previous night by defeating the Corona boys 57-41.

The Zozoltes were in excellent form and followed through on approximately 90 per cent of their tries for the basket. Their luck in making good on their shots was largely responsible for their emerging the winners in this tilt.

Corona's high men were Yancy and Vickery with 10 and 12 points, respectively. Huffmyer and Herrera were high for Zozo with 20 and 17, respectively.

Carrizozo netted 12 fouls against 15 for Corona.

On the free tosses, the Grizzlies scored 11 out of 15 piches. Luck eluded Corona, however, and they netted only five of their 14 free tosses. The Grizzlies' margin was 14 points which was not a walk away. Both teams fought hard and good sportsmanship was displayed.

The Grizzlies will play on their home court this weekend when they meet Cloudercroft on Friday and Tularosa on Saturday night.

In previous games with these two teams the local boys defeated Cloudercroft by a small margin in the last recess of play, while their victory over Tularosa was a substantial one.

## Locker Plant Victims To Be Compensated

Those individuals who had food stored in the local locker plant can relax. Mayor Petty stated there was considerable food stored in the locker plant, and individuals with just claims will be reimbursed. He added forms will be mailed to patrons of the plant so they may apply for such reimbursement.

It will greatly facilitate matters, the mayor said, if patrons will wait until they receive such application forms before requesting compensation for any loss.

March is Red Cross month.

## Tuberculosis On Upward Trend In New Mexico

The number of reported cases of tuberculosis in New Mexico is on the upward trend, according to information released by the New Mexico Tuberculosis Association.

Richard E. Tomlin, executive secretary, stated the statistics compiled by the New Mexico Department of Public Health, shows 133 new cases of tuberculosis reported to that agency during the month of January, 1950. There were 97 cases reported during the same period in 1949.

This does not necessarily mean there are more cases of tuberculosis than a year ago, but may be attributed to better facilities for finding unknown cases and better cooperation from doctors in reporting cases of tuberculosis, Tomlin pointed out.

While New Mexico lacks adequate facilities to care for all tuberculous individuals needing sanatorium care, it is better to know where the tuberculosis is than to leave it undiscovered and unreported.

Other communicable diseases reported to the Health Department for the month of January, 1950, were diphtheria 5, dysentery 8, gonorrhea 85, influenza 7, measles 170, meningitis 9, pneumonia 89, polio 9, scarlet fever 32, smallpox 1, syphilis 68, typhoid fever 1, whooping cough 34. With the exception of measles, tuberculosis lead the field in communicable diseases reported during the period, according to statistics released by the New Mexico Department of Public Health, Tomlin stated.

## Progress Made In Bubonic Plague By VA Hospital

The name of Jack W. Alexander has been taken off the critical list at the Albuquerque Veterans Administration Hospital as further proof that the high death rate of bubonic plague is being hampered down by modern medicine.

Alexander is the second bubonic plague case in the history of the VA Hospital here, according to Manager D. K. Dalager, but also its second case in six months. The first patient, Ralston Gutierrez of Placitas, N. M., also is alive.

Alexander said he had recently skinned some rabbits and hospital officials surmise that a flea from the dead animals may have bitten him.

The U. S. Department of Agriculture announced that it will produce certain pork products in an effort to maintain hog prices at 90 per cent of parity in accordance with the announcement of February 25, 1949, that prices would be supported at that level through March, 1950.

## PERSONALS

P. O. Brown reports had luck on the return trip from Claunch last week. A tire blew out on Highway 54.

Herman E. Tonne, field representative for the American Red Cross, was in Carrizozo this week to arrange the organization's annual drive for funds.

Carey Costin has been pinch hitting for Esther Lewis of Western Union's local office. Miss Lewis is enjoying a vacation.

The ladies of the Santa Rita Parish met recently to arrange the church's supper to be held February 18 from

5 to 7 P. M. at the Woman's Club House. A dance is also scheduled for that night at the Community Hall. Father De Bacca stated this will be their last social event until after Lent. Funds derived from these affairs will be applied to reduce the mortgage against the school.

The word is spreading—and fast—that light-medium GMCs for 1950 are the best buys in the whole light-medium field. There are plenty of reasons why these new GMCs offer even better performance and greater economy than the quick-stopping, money-saving GMCs of the past. They're easier riding, easier driving... improved to provide more comfort for the driver, more profit

for the owner on every score. Last, but far from least, they are products of the General Motors division that's the world's largest exclusive producer of commercial vehicles... that has, in addition to its own ultra-modern facilities, full access to the unparalleled GM research and proving operations that continually work to make "more and better things for more people."
