## Lincoln Day Plans Readied

**By DAN STORM**  
The sudden sound of gunfire, exploding to the tune of pounding hoofbeats, will echo once more through the little village of Lincoln, the night of August 6 when the people of Lincoln County under the sponsorship of the Lincoln County Historical Society present a pageant depicting episodes from their own history.  
The pageant, "The Last Escape of Billy the Kid," is the evening feature of "A Day in Old Lincoln," a celebration honoring the old timers of southeastern New Mexico and the Southwest in general. Interest in the old frontier capital of Lincoln is growing year by year to the extent it is becoming a national event.  
**Old Timers' Day**  
Under the direction of Bert Pfingsten, Hondo, the program honoring the old timers of Old Lincoln County will begin at 11 A. M. Entertainment features include music, dancing, old fashioned games, and yarn spinning.  
Old Lincoln County in territorial times was made up of the present day counties of Lincoln, Otero, Chaves, Lea, Eddy, Roosevelt and DeBaca. Of this area, Lincoln was the trade center and general all around capital and crossroads for the varied elements that made up the frontier Southwest. From this area, as well as outside areas, will come the old timers for this celebration.  
**Realistic Pageant**  
Two hundred or more Lincoln County men, women and children will take part in the pageant which will be held on the grounds behind the old court house, from which Billy the Kid made his escape in 1881 after having been captured and placed in some under heavy guard by Pat Garrett. Many of the actors in the play are descendants of the people who fought in the Lincoln County War and otherwise figured in the early history of this area. Costumes are authentic and some were actually worn by principals of the early day dramas in Lincoln County. Horses, burros and mules also take part in the show, carrying their riders on the gallop off and on the 100-foot space of ground which makes up part of the stage. A replica of the early day Lincoln Town is in the background. Firearms are reminiscent of the early day weapons.

**The Legend of The Kid**  
The excitement which spread through the land when the word went out the Kid was on the loose again still lingers in Lincoln County. After he escaped he faded into a mystery which has not been solved to this day. Interest in the lore surrounding the life of young William H. Bonney keeps gaining through the years among the American people with the result he is becoming the favorite legendary character of the West. As research of his life progresses, glimpses are seen of bright spots in a many sided and fascinating personality. He was as much admired and liked on one hand as he was thoroughly despised and feared on the other. There was no half-way ground with Billy the Kid, though this may have been as much the result of the side-taking in the Lincoln County War as it was the reflection of a character trait. He thought little of killing if he felt there was a need, and yet his kindness to the poor, to children and old people is well authenticated.  
**A Close Resemblance**  
A touch of realism is brought into the pageant by the close resemblance in appearance and manner to Billy the Kid of the man who plays his part, John Davis, Hondo. During rehearsals last year, an elderly Spanish woman was asked what the Kid

**Capitan Boy Reported Missing In Action**  
Mr. and Mrs. Nestor Trujillo have been notified by the War Department that their son, Margarito, better known as Maggie, has been missing in action in Korea since July 14.  
Private Trujillo is 21 years old and enlisted in the Army at Roswell on July 12, 1948, and was sent to Japan after his training period on October 19, 1948.

**Notice**  
Property owners and tenants in the village of Carrizozo are advised that conditions are again favorable for an invasion of "army worms."  
One best preventive measure is to destroy all weeds. Comply with ordinance No. 6. Clean up all vacant lots.  
Your immediate cooperation is urged.  
VERNON PETTY, Mayor.

## Carrizozo Still Faced By Water Supply Problem

The water situation in Carrizozo seemingly has not deviated much from last week's status.  
The city officials are continuing to turn the water off on the north side of town between the hours 6 to 7 A. M., 9 to 10 A. M. and 3 to 4 P. M. in order to make a more equitable distribution and give residents of the southeast sector an opportunity to acquire a supply for their needs.  
Mayor Vernon Petty reports he has not yet received a reply to his letter to A. T. Mercer, president, Southern Pacific Company, regarding Carrizozo's water situation, and The News-Outlook has received no comment from Mercer's office regarding the marked copy of last week's issue which was sent to Mercer personally.  
Southern Pacific officials had previously stated the town would have all the water it needed after reservoir repairs were completed. Apparently, they were mistaken, inasmuch as the southeast sector continued to be without water except for infrequent and very short intervals until City Council, at a special meeting on July 19, worked out a program designed to give them temporary relief.  
Other measures to remedy the city's water problems were discussed, including the possibility of securing a storage tank as a temporary solution. At the next regular meeting on August 1, additional information regarding storage tanks is expected to be available.  
Evidently, if Carrizozo is to have a satisfactory and adequate water system, the town must eventually develop its own.  
All comments from SP officials heard by The News-Outlook so far appear to indicate the railroad is now giving the town as much as it can ever hope to expect, and the possibility, even Carrizozo could get less.  
Water for the locomotives is the all important concern, apparently, in the railroad's design of operation, and water for the towns come after.  
Carrizozo residents are becoming increasingly aware of the need to improve their water situation and will, no doubt, welcome any feasible project which may be worked out by City Council.

Powers won the \$1,000 roping match staged in Carrizozo on June 18.

## Local Delegates To FHA Meet Return

The second national FHA convention held in Kansas City June 23 through July 1 was a thrilling experience for delegates Dana Kujianovich, Fort Stanton, and Connel Dean, Bingham.  
Attended by 2,600 girls and three boys, practically every state in the Union was represented as well as Puerto Rico and Hawaii. The male members of the convention hailed from Oklahoma. Approximately 21 of the delegates were New Mexico girls.  
The New Mexico delegation had rooms at the Hotel President with business sessions being held at the Municipal Auditorium. A number of group discussions were conducted in line with the principles and ideals upon which the FHA organization is founded. The youthful delegates learned how they could make valuable contributions to their homes and communities as a result of their participation in FHA activities.  
Speakers from foreign lands told the group about homemaking in their countries, as well as the customs of those nations.  
One of the highlights of the convention was the skit entitled "Future Homemakers Grow Step by Step," and in which members of the FHA were cast. The story developed the manner by which family relationships could be bettered.  
Entertainment for the delegates included square dancing, tours of the city, the art gallery and Swope Park. Of especial interest to the New Mexico girls were the pictures of Indian fighters, the display of which was rendered most effective through the lighting system. Many antiques were also viewed by the girls, including some old-time kitchens.  
A banquet and special program was presented for their entertainment on June 30. The Hawaiian delegation played soft sax and, at the conclusion of their program, showed the girls with orchids. The banquet was a formal affair and the colorful and attractive gowns worn by the girls added immeasurably to the beauty of the scene.  
The New Mexico delegation pledged themselves to correspond and continue their newly found friendship. They are also renewing their allegiance and devotion to their organization's motto, "Today's Youth Are Tomorrow's Homemakers."

## Lincoln County Motors Exhibits Costly Fire Toll

The cost of fires, even without loss of life, is graphically illustrated in the exhibit now on display at the Lincoln County Motors.  
This exhibit of the great toll taken by fire every year is presented through the courtesy of J. G. Moore, local insurance man.  
Pictured is a house practically gutted by flames even while firemen direct streams of water in a vain effort to save it.  
Apparently, the small family group, depleted in-night attire, had no time to save their household goods—not even the family car which is still in the garage and beyond hope of saving.  
Although the scene pictured is only make believe in this instance, newspapers all over the country headline similar stories of fire tragedies and losses every day. The theme of the display is "It Can Happen to You. Are You Prepared?"  
Moore reports the overall picture on business and residential fire rates in Capitán shows a reduction of approximately 35 percent. He attributes the reduction to Capitán's new water system which has improved its fire protection facilities.

## EDC Proteats Name Use By Cloud Seeding Group

In an announcement by Attorney General Joe L. Martinez and Economic Development Commission Chairman Robert McKinney, it was disclosed this week the state is attempting to force the Water Resources Development Corporation of Pasadena, Calif., to refrain from doing business under that name in New Mexico.  
The action was instigated by the Water Resources Development Board, an advisory board to the Economic Development Commission. It is currently financing a study of cloud seeding methods at the New Mexico School of Mines, under the tutelage of Dr. E. J. Workman and Dr. Irving P. Langmuir.  
In a letter addressed to Dr. Irving P. Krick, president of the California corporation, the state attorney general asked his firm cease using the name "Water Resources Development Corporation" while soliciting business in New Mexico.  
Martinez threatened the company with legal action if it does not comply. He also said legal steps will be taken to force the corporation to comply with other provisions of state law dealing with foreign corporations.  
"Upon inquiry," Martinez said, "we find at no time have you ever registered with the State Corporation Commission to do business in the state of New Mexico."  
The Bureau of Revenue states it has received no sales tax on the money which you have apparently collected in this state in the promotion of your enterprise.  
Both Martinez and McKinney stated the action is being taken against the California group to prevent confusion with the state agency, whose name is registered with the secretary of state.  
No reply has been received by the attorney general to his letter, he said. Instead, the Pasadena company applied to Secretary of State Alicia Romero to copyright the name "Water Resources Development." The application was refused.  
The California firm previously operated under the name "American Institute of Aerological Research." McKinney said he had conferred with Krick, head of the organization, late last December. Early in June, two representatives of the Krick organization attended a meeting of the Water Resources Board, the EDC chairman said.  
Although the statement did not say what, if any legal action the state might take, Martinez has told McKinney "if the California corporation persists in using the name (I believe) we would be justified in applying to the federal court for an injunction."

## Camp Meeting Huge Success

**By DOROTHY GUCK**  
As Ralph Hall rang the gold colored bell (formerly a Santa Fe locomotive bell) to announce the last service of the four-day encampment on Nogal Mesa, almost 600 people entered the tabernacle to witness one of the most beautiful sunsets of the week. The air had the feel of fall. The plains about Carrizozo were shadowed in blue while the sky was alight with brilliant orange that faded to the softer hues of the rainbow. The people of the camp bowed their heads, a little tired, but seemingly at peace.  
July 19, the first night of the Ranchmen's Camp Meeting this year, about 200 people were present to meet old friends and make new ones. The two ministers, Rev. Robert Gogdrich of First Methodist Church, Dallas, and Rev. Everett King of First Presbyterian Church, Albuquerque, were introduced. Glenn Johnson, director of music at the Methodist Church, Dallas, pleased all with his melodious voice and horn, and inspired the most reluctant singer to raise his voice to treble, singing the well known, old fashioned hymns.  
About 60 tents were huddled under the trees catching the daily rain while their occupants attended religious services. Ralph Hall and Roger Sherman, the camp managers; Jan Smith and Florence Jackman from New York, and two of the cooks from Texas, arrived almost a week before the camp started. Santiago, the usual cook, did not come this year, but was replaced by Jimmy Valdez whose quick work and sunny disposition kept the kitchen crew bustling. Thirteen meals were served without Jimmy knowing beforehand how many he would have to feed. Every meal was on time and food never ran out, yet very little was wasted. Nineteen hundred pounds of beef were barbecued over the open pits. About \$1,600 worth of food was purchased for the encampment.  
The crowds increased each day until Sunday noon more than a thousand persons were served in the short period of 45 minutes. Pat Murphy and Claude Brantum acted as the capable kitchen managers. Most of the supplies were purchased in Carrizozo.  
There were 17 sermons preached in the tabernacle by the two ministers. Both men were eloquent speakers, giving their listeners varied messages dealing with Christianity, never voicing the personal views of their own particular denominations. The guffin and babble of babies and young children may have perturbed their mothers, but to me, the sound was a fitting background to the feeling of peace in the tabernacle, just as much as the chirping of the birds or the lowing of cattle is a natural part of country ranch life. The tabernacle acoustics are so perfect, thanks to Jack Robinson, no one needed to raise his voice to be heard.  
Quartets and trios of hitherto hidden talent sang the hymns each day. Veda Lou Brantum, Wanda Garrison and Clyde Brewster sang solos. Saturday evening a quartet composed of Clyde Brewster, Rev. Timmer, Rev. Markham and Walter Crewman offered a beautiful fendering of an old favorite. On Sunday, Florence Jackman, the pianist; Jan Smith and Mrs. Fletcher Thompson also sang beautifully.  
Four fellowship meetings were held during encampment. The men retired to the Prayer Tree, a spreading juniper engraved with the year "1940." Joe Evans, Jim Beverly, Bobbie Peebles and Mark Sloan conducted the men's meetings which were open to a free discussion by the men without the audience of women or ministers. The ladies held their meetings in the tabernacle at the same time. Mrs. Oldham, (Continued on Back Page)

Fort Stanton

by HELEN NASH WHITEHEAD Cupid has struck Fort Stanton again! Barbara Howes and Percy Wiggs left for Alamogordo to be married en route to El Paso. The very best of luck to a couple of grand people. They will reside in Capitan when they return.

Miss Mason looks splendid after a trip to the Grand Canyon, including mule trek, Santa Fe and other points of interest. Her two nieces from Canada, who have an ambitious travel itinerary, visited here and saw all the sights. When they headed for California, by way of the Grand Canyon, Miss Mason and Miss Eve Edwards, a nurse who is visiting here from the Fort Worth Marine Hospital, went along for the ride and the view.

It's always good to report that the boys have graduated from the second floor to the first. This time it's Raymond Moore, Charlie Murelet, Mitchell Stanley and Joseph A. Brunner. According to hospital jargon, this graduation means these patients are negative, which is encouraging news in any language.

A great deal of the credit is chalked up to PAS, or if you prefer the full technical name, para-aminosalicylic acid. Teammate of the wonder drug streptomycin, PAS prevents or delays the development of streptomycin resistant strains of the TB germ and together they're great. We've just received 100 pounds of it.

The Fort Stantonites played a losing baseball game Sunday to the Green Lanterns from Roswell.

Dr. Kopping, who has just finished his internship at the marine hospital at Stapleton, Staten Island, N. Y., arrived Sunday evening to make an even two doctors here. There were seven at one time. Wonder if the USPHS thinks that one doctor or even two can look after 100 patients, plus personnel, plus outside emergencies and do the kind of medicine any good doctor wants to do. It's a good thing that Dr. Whitehead built up a backlog of outside consultants.

David Hutzler will be mixed in the dry cleaning shop when he starts to work at the Buckhorn Bar.

Usually the census here at the hospital drops during the summer, but this year even without the alcoholics, we have 100 patients or the peak for the winter months. Patients have been arriving at the rate of one a day.

W. M. Spivy, Houston; R. J. Brown, San Pedro; Charles H. Purvis, Englewood, Fla.; John H. Davis, Anama City, Fla., are recent arrivals. "Long John" Atsup, Beaumont, Texas, returned here for checkup and possibly treatment.

Frank Blondo, who has a nice shiny motorcycle hung with all kinds of gadgets, arrived from St. Louis to see his brother Larry.

Little Caryl Ann Neas had her first permanent wave the other day. After going through the ordeal, she didn't want anyone to comb it or even touch it.

Andrew Richardson, who had a close call in a recent auto accident left the Fort for Honda.

Mrs. Bill Gould went with the McClains to Roswell.

The Boyds were Roswell visitors Saturday. Daughter Clare is studying piano in addition to the clarinet. No doubt Mrs. Boyd is working harder on the details for feeding the "Old Lincoln Day" crowd than she does during the school year.

You can't blame Mrs. James Howard for going east to see her latest grandchild, and her daughter, too, of course, who is Mrs. Eva Sutherland.

Mary Fish, who has been complimented more than once for her beautiful voice, sang a few songs for the Capitan Women's Club Friday evening.

Invalid Norwood of Ketchikan, Alaska, thought he was going to get away from damp weather by coming to the "Land of Enchantment" and is very much "put out" with all the rain, otherwise he likes the Fort. Of course, anyone can tell you, "this is very unusual weather."

Frank E. Smith or this columnist can take care of new subscriptions or renewals. Remember you're missing plenty if you don't read The News Outlook every Friday.

Clark, secretary; Mrs. D. O. Murphy, treasurer, and Mrs. Jack Shaw, menu chairman. Mrs. Clark was program chairman for the day. Mrs. Byron Osbrook, sister of Mrs. Laramie, was a guest of the club.

Mr. and Mrs. Lon Merchant are on a two weeks tour of Nebraska and Wyoming.

Mr. and Mrs. David Payne have left for New York City to attend the Jehovah's Witnesses convention to be held in the Yankee Stadium in August.

The Thursday Bridge Club met at the home of Mrs. Wallace Ferguson on July 20. High score was held by Mrs. Ben Leslie Jr. and low by Mrs. Frank Taylor.

Mr. and Mrs. Ed Baker, formerly of Capitan, were here the past week visiting friends. Mrs. Baker is the former manager of

"Kid" at Lincoln. A dress rehearsal is scheduled for Saturday, August 5, and a big crowd is expected for the historical pageant the following day, August 6.

Carl E. Neas, county chairman, has called a meeting of the Lincoln County Democratic Central Committee for Wednesday, August 2, at 7 P. M. at the court house in Carrizozo. Delegates to the state convention will be elected and also the chairman.

Mrs. L. H. Merrell entertained the Round Table Club Thursday. In addition to the hostess, Mesdames Titworth, Provin, Werner, Ferguson, Hobbs, Merclian, Shaw, Murphy, Clark, Laramie and her sister were present.

Dr. R. MacQuigg, our consultant from Lovelace Clinic, did a thoracoplasty on Ed Wozencraft Wednesday evening and in three or four days he was up and about. Ray Baker and Joe Escobedo gave blood gratis. Timo was that transfusions of blood were given when a patient was in bad shape, now it's routine to have on hand in case of an emergency, or to give the patient an extra boost toward recovery.

Incidentally, have you had your blood typed yet? It should be a part of your identification for your own sake in case of accident, or as a humanitarian gesture, for the other fellow's sake.

Dr. R. MacQuigg, our consultant from Lovelace Clinic, did a thoracoplasty on Ed Wozencraft Wednesday evening and in three or four days he was up and about. Ray Baker and Joe Escobedo gave blood gratis. Timo was that transfusions of blood were given when a patient was in bad shape, now it's routine to have on hand in case of an emergency, or to give the patient an extra boost toward recovery.

Incidentally, have you had your blood typed yet? It should be a part of your identification for your own sake in case of accident, or as a humanitarian gesture, for the other fellow's sake.

**LOOKING AHEAD**

By **GEORGE S. BENSON**  
President—National Council of American-Soviet Friendship

**"AS FREE MEN WE PROCLAIM"**  
Recently, this column mentioned that in my travels around the country there had been observed the beginning of "an awakening of significant proportions" at the grass roots. People in the cities and towns visited were telling me they'd begun to realize the fuller import of things happening in our nation and were anxious to do something to help safeguard the American way of life.

Since writing the column, many further signs of the awakening have been observed. There has been evidence too that a great many people have begun actually to do something to safeguard liberty against internal encroachment. I've just received in my mail a most inspiring piece of evidence. It was sent to me by an Ohio friend. It is a full page advertisement published in the July 8 issue of the Advertiser Tribune, of Tiffin, Ohio, an industrial city of 18,000.

**Another Like It**  
This advertisement reminded me in many ways of the historic document I viewed one winter's day two and a half years ago in a coach of the Freedom Train. It was the original Declaration of Independence, reading that great declaration of freedom and seeing the scrawled signatures of men like John Adams, Benjamin Franklin and Thomas Jefferson filled me with mixed emotion—tingling pride and reverent gratitude. Now I have experienced a kindred sensation while reading this advertisement that came in the mail. It carries a great proclamation and affixed to it are the signatures of 410 people declaring themselves gloriously free. It must be passed along. Here it is:

**"As Free Men We Proclaim—**  
"Our Belief in the divinity of God, the dignity of man and the destiny of our country."

"Our Belief that man shall live by the sweat of his brow."

**Getting on Record**  
"Our Belief in a fair day's work for a fair day's pay."

"Our Belief that a man should live within his income and pay his honest debts, and that our government should operate on the same sensible basis."

"Our Belief that under the American Way of Life we already have a higher standard of living than any other governmental system has ever offered—let alone delivered."

"Our Belief that as free men, proud of our achievements and jealous of our rights, there is no place in our midst for Communists, fellow travelers and other strays who by wild accusations and empty promises would lead us down the trail to political and economic slavery."

"Our Belief that it is our duty as free men to speak out in defense of our American Way of Life and to go on record to that end. . . . May God be with us."

**Declaration For 1950**

The signatures penned to this document were not those of members of the Sons of the American Revolution. Nor was it a politically inspired advertisement. All the people who signed it are industrial workers—men and women employees of an industrial hearth manufacturing company, Basic Refractors, Inc., with plants at Maple Grove and Eettaville, Ohio. I'm informed that one of the workers got the idea for the advertisement, discussed it with some of his fellows and found spontaneous response. The workers themselves wrote the proclamation and paid for the ad. The company had no part whatsoever in the project.

What a grand thing it is! It is passed along here as an inspiring example for people in every community in America who want to do something for their country. If enough people would thus publicly pledge themselves to actively support such a sound American credo no harmful movement or trend arising within our nation could ever badly injure or menace our freedom. These industrial workers in Ohio have given us a splendid 1950 Declaration of Independence.

Forest rangers estimate that 200,000 vacationers can be accommodated at one time in the 4,500 camping and picnic areas in our national forests.

"Learn and Obey Farm Safety" is to be the main theme of this year's Farm Safety Week, July 23-29. A different phase of the safety program will be stressed each day. These phases include the church and its relation to farm safety, home safety, livestock, falls, highway traffic and machinery.

**VACATION AHEAD!**

Packing is great sport when there is a wonderful vacation in the offing. This happy girl is getting set for her "two weeks with pay" on a carefree summer jaunt. She is packing her travel wardrobe in a Car-Sac. The bag hangs up in the car and keeps her crisp summer gowns from becoming crushed and wrinkled, the National Cotton Council reports.

**Your State Government**

"Let us be of good cheer, however, remembering that the mistresses hardest to bear are those which never come."—James Russell Lowell.

The state of New Mexico endeavors to see that no man who doesn't want to lose his property through tax delinquency can save it. Of course, the state cannot forgive taxes any more than it can forgive any other debt. The Constitution prohibits this. But it can, and does, find ways and means of helping the taxpayer trying earnestly to save or redeem his property.

**4-H Club Members Plan Elimination Contest**

Four-H Club members are really busy these days preparing for the county demonstration elimination contest to be held the latter part of this month. At that time, teams and individuals will be chosen to represent the county in the state contest on livestock loss prevention, soil conservation and dairy foods demonstration.

The county will be represented by both a junior and senior team giving a demonstration on "Livestock Losses From Poisonous Plants," and a team and senior individual giving a demonstration on "How Grass Conserves Soil and Moisture." A junior team will give a demonstration on "Preparing and Serving Egg Custards."

The county 4-H elimination contest on livestock judging was held last month. Sally Strickland, Larry Sharp and Jimmy Strickland of Corona and Lee Straley of Ancho will represent the county in the state contest to be held in August.

**New Head Named For SP Telegraph System**

Appointment of W. R. Birt as superintendent of telegraph for Southern Pacific, effective August 1, with jurisdiction over the railroad's vast telegraph and telephone system in six western states, was announced this week.

Birt succeeds A. W. Flanagan, who will retire after a half century career with the railroad. Starting with Southern Pacific in 1900 as a telegraph operator at Sacramento, Birt has become one of the best known among western railroad communications officers. Since 1924 he has been assistant superintendent of the department which he is soon to head.

Birt is a member of the American Institute of Electrical Engineers and the Engineers' Club of San Francisco, of which he is a past president. For some years he has been elected, successively, as president of the Joint Pole Association of California, an organization representing utilities using power or communications lines.

A native of San Francisco, Birt and his wife now live at 147 Arbor Drive, Piedmont.

The number of farm units in the United States has decreased by nearly one million since 1935. At the same time, the size of the average farm unit has increased considerably.

New Mexico's economic prosperity is reflected in many ways, but one of the most important is the ability of the people to pay their property taxes on time. The records of the State Tax Commission show that for the last few years the people in nearly every county in the state have been able to pay their property taxes in full. This is a vast improvement over the condition which prevailed during the 30's when a great number of taxpayers were delinquent in their payments and many were faced with the possible loss of their property.

There is always going to be some property on which taxes become delinquent and on which tax deeds will be issued. Many times, absentee owners lose interest in their property and in some instances owners, for one reason or another, just don't have the money to pay their taxes, even though general conditions are good.

The State Tax Commission has made every effort to enable former owners to redeem their property in cases where they had actually lost it through failure to pay taxes. The tax commission encourages the redemption of such property on an installment basis over a period of years, and every effort is made to see that the original owner has the first opportunity to regain possession of his property.

A special effort has also been made by the tax commission to help land owners in those counties where conservancy taxes are placed against property tax delinquents. Periodically, the commission has established an office in each of those counties to put on a drive to assist and encourage individuals to regain their property. So far, the commission has been very successful in

working out plans and methods under which the former owners could pay their taxes and repossess their land.

The state is not interested in selling tax delinquent property to a third party, nor is it interested in retaining possession of the land. Its primary concern is to see that land owners who have lost their property for taxes are helped in recovering it.

All taxpayers who have problems of this kind and are in distress are urged to contact the tax commission in Santa Fe. Their

Nogal Mesa

By DOROTHY GUCK

Arizona Bob intends to stay with his grandmother, Mrs. Max Pfingsten, and his wife, Ben, all summer. This is his second vacation in our state. I think we'll have to change his name to New Mexico Bob.

Fred Pfingsten went to Denver for mining machinery for Ernest Persella. He returned bringing Leota's sister, Mrs. Foster Putney, for a visit.

Mrs. Maggie Pfingsten has returned to Lovington to move her furnishings to Lincoln where she intends to make her home.

White Gil Peters was rounding up cattle recently. His horse stepped in a hole and gave him a bad spill. Luckily, he only suffered bruises.

Mrs. Emma Armstrong and Mrs. Moselle Smith of Tucuman and Mrs. Ike Wingfield stayed with Mrs. May Pfingster during the camp meeting.

Paul Jones accompanied game department men, Messrs. High tower and Humphries, in search of a bear that had been troubling livestock. Paul has an elk head mounted and John hide tanned for his room, but the floors are still bare without a bear.

We've had enough rain to move most of the spring Bonita feed-down into the dam and out again. The SP crew under Bert Pfingsten is working on erosion control in the burn.

4-Hers Complete For Awards In 2 Programs New Mexico 4-H club boys and girls will be competing for honors in two highly important national 4-H awards programs this year, according to L. S. Kurtz, state 4-H club leader.

Awards in the meat animal program include gold-filled medals, gold watches, Chicago 4-H Club Congress trips and \$300 college scholarships on county, state, sectional and national levels, respectively. Thomas E. Wilson, meat packer and chairman of the National Committee on Boys and Girls Club Work, will sponsor the award for his twenty-first consecutive year.

The soil and water conservation program is now set up for two age groups—one for boys and girls 15 to 21 years old, and the other for those 10 to 14. Included to complete a more comprehensive project: Medals for county winners and gold watches and \$25 savings bonds for state champions are provided by Firestone Tire and Rubber Company. Sectional winners get Chicago Club Congress trips. National awards are \$300 college scholarships.

Complete information on these programs may be obtained from county extension agents.

New Mexico Delegates Leave For Boys Nation

By DOROTHY GUCK

Jon E. Aderhold, Mesilla, and Harold V. Matthews, Central, left Albuquerque July 18 aboard the Santa Fe Chief for Washington, D. C., to represent New Mexico at the American Legion Boys Nation.

Aderhold, student at Las Cruces Union High School, and Matthews, of Silver City Western High School, were chosen by counselors and delegates during the New Mexico Boys State in Portales last month.

They are making the trip with Earl W. Stark, state Legion adjutant, who is one of four legionnaires throughout the nation selected to act as counselors for the Washington session.

More than 90 delegates, two each from nearly every state, will spend a week studying operations of the federal government as part of the Legion program to train American youth in intelligent citizenship.

Highlight will be a reception by President Harry S. Truman at the White House. Vice President Alben W. Barkley will make the graduation address at the closing session.

The youths will visit the departments of state, defense and justice, the FBI, Supreme Court, U. S. Naval Academy, both

houses of Congress and a score of national historic shrines. The group will be housed at Fort Myer, Va., where between tours, they will hold elections and operate their own model national government, entirely mythical but patterned after the real thing.

About 20 million acres of land lie under irrigation in 17 western states.

**Navy Needs Additional Officers, Enlisted Men**

NEW ORLEANS. — Machinery has been set up to accept naval reserve officers and enlisted men in New Mexico who desire to volunteer for active Navy duty. Rear

Admiral W. K. Phillips, USN, Eighth Naval District commandant, said this week.

The commandant said the Navy needs additional male officers and enlisted men, primarily for duty afloat and overseas. A minimum of six months active duty will be required from reservists who volunteer. Twelve months active duty will be guaranteed, if desired.

Officers were told to submit requests for active duty direct to the Bureau of Personnel, Navy Department, Washington, D. C. Aviation officers should list flight time and types of planes flown during the past year.

Enlisted men may volunteer at nearest Navy recruiting stations. The state's main station is in Albuquerque, with substations at Clovis, Raton, Roswell and Santa Fe.

Volunteers reporting to substations will be taken to the Albuquerque station for final determination of eligibility for active duty. Those accepted will be ordered immediately to receiving stations for further assignment, the admiral said.

In addition to being physically qualified, enlisted applicants must have at least one year remaining in their current naval reserve enlistments. Organized reservists were instructed to clear with their Inspector-Instructors before reporting to recruiting stations.

**Law Students At NMU To Take Admission Test**

Students planning to enter the College of Law at the University of New Mexico must take an admission test, Dean A. L. Gausewitz announced. The test will be given August 12 by the UNM counseling and testing department.

John's supporting cast is made up of people whose interest in the story portrayed comes first hand. They are western people by tradition and also in every day life.

Caroline Davis, writer and director of the play, has caught the spirit and color of the early day drama of Lincoln County, and has received willing help in making the home-spun pageant enjoyable to people of all ages.

Afternoon Program

A feature of the afternoon program which begins at 11 A. M. is the Spanish Quadrille under the direction of Fred McTelgue, Hondo. This quaint and brilliant style of dancing lightened the hearts of frontier people; but those who can execute the steps correctly are now becoming fewer.

Among those entertaining the outliners in the afternoon program are: W. C. Massey of Roswell, King of the Old Time Fiddlers; Peter Hurd, San Patricio, and his Spanish songs; Louise Mansey Mable and Milt Mable, Pecos; the Stockley brothers, Roswell, with guitar and fiddle; Sheldon Taylor, San Patricio. In a clog dance; Ray Reed and his Lincoln County Boys, Dick Stubbs, Troy Jordan and Lloyd Jordan, and Joy Massey.

Under the direction of Ralph Bonnell, Glencoe, the Lincoln County Mounted Patrol will have charge of the parade and will guide the visitors. Members of this group are:

Ralph Bonnell, Kenneth Nozler, Bob Boyce, Reynolds Jones, George Perry, Tom Babers, Peter Hurd, Bert Pfingsten, Ambrose Guent, Charles Euller, Wilbur McKnight, Orland Wilson, Fred Pfingsten, Charles Jones, Grady Eldridge, Tennis Smoot, Daniel B. Camp Meeting -

(Continued from Page 1)

Mrs. Martham, Mrs. G. J. Peters and Mrs. Timmer led these discussions.

At the business meeting Saturday, the same committees were reappointed for the coming year. Buster Bird reported the financial status of the camp and before the close Sunday night, donations had well covered the food expenses and small debt on the tabernacle. A cistern will be built before next year to supplement the hauling of water. July 15, 1951, was chosen as the opening day for next year's camp meeting.

There were people from all over the Southwest present on Nogal Mesa. Wichita Falls, Tex., was represented by 30 citizens, Dallas by 17, Tom Carr and many other El Pasoans were back. The lively spirit of Mrs. Pistol of Artesia, wife of a retired Army officer who has traveled in many countries, touched all who met her. Joe Evans entertained the firelight groups with a new batch of western stories while Mrs. Evans gently advised and guided the women's assemblies, as did Mrs. B. Zumwalt.

Henry Peebles' milk cows were subjected to irregular milking hours. Floy Skinner's cattle waited another week for a spraying. Mrs. Ike Wingfield left the mayor to rule Ruidoso alone, and Mrs. Grady Eldridge drove the muddy way of Indian Divide at night balancing that lively baby girl on one arm, but camp meeting was enjoyed a full four days.

The prettiest blooms were plucked from the local gardens and artistically arranged about the pulpit by Mrs. Beverly, Mrs. Peebles, and Mrs. Boyd. Despite the overtime schedule of work for the new line of the REA, Joe Wigley had the camp fully wired and the light plant running smoothly. The same willing workers of former years were all on hand to make the Nogal Camp another successful meeting.

I heard Mrs. Peebles ask Claude Brannum Sunday night: "Well, Claude, does this kitchen job make you feel that people sure like to come up here to eat western chuck?" "No, not entirely," Claude answered as he pulled on his cigar. "I been watching the folks go down to the tabernacle. None of them mics going to the services and they all look pretty satisfied when they come out. I guess the preaching is as good as the eating."

Although over 13 million tons of fertilizer are being spread annually on U. S. farmlands, fertility is still being lost through leaching and erosion 10 to 20 times as fast as it is being replaced.
