1951 Pontiac Now Showing

With vibrant new styling, the 1951 Silver Anniversary Pontiac purred into public view this week. They feature 27 styling innovations and 16 mechanical improvements and mark Pontiac's twenty-fifth year as a stellar performer on the automotive stage.

With 15 models, Pontiac offers its customer an extremely wide choice. Chiefstain and Streamliner styling are available in either standard or de luxe treatment, with six or eight cylinder engines and with Hydra-matic or synchromesh transmission.

From bumper to massive bumper the 1951 Pontiac sparkles with well-conceived, tasteful styling advances which enhance the motorcar's individuality. Bold brilliance marks the Silver Anniversary models with new, striking grille conception, and the famed Silver Streak appearing in an artistic treatment involving new appling of the bright chrome bars and new contours. The Indian head hood ornament is presented in a newly stylized study.

Mechanical improvements include new timing chain bumper on the six cylinder engine; a revised water outlet thermostat facilitating engine warmup; improved rear bearing oil seals; improved distributor; insulation improvement on the starter motor; a new carburetor for the six cylinder engine; increased capacity generator and regulator.

Good taste, comfort, convenience and modernity are well blended in de luxe and standard interiors of the new Pontiac. The instrument cluster has chromed rim and oblong gauge window. Light switch, ignition switch, cigar lighter and heater panel are chromed, as are starter button and emergency brake handle. Total effect is of rich dignity, viewed perfectly through the new, three spoke de luxe steering wheel.

Interior motif is gray, highlighted by intelligent use of chrome. Doors are trimmed in two tones of gray fabric modernistically applied. Rear compartment floors of de luxe models have dark gray pile carpeting.

Seats are masterfully upholstered for elegant comfort. Upholstery is in tri-tone gray-blue striped wool cloth, reflecting the two gray used in headlining, doors and carpets.

Models available for 1951 in the Chiefstain line are the four door sedan, two door sedan, sedan coupe, business coupe, Catalina (de luxe and super de luxe) and de luxe convertible coupe. The Streamliner series sedan-coupe is again available, either standard or de luxe. Standard or de luxe station wagons may be obtained in two tone paint or with simulated wood paneling. A sedan-delivery vehicle is included in the line.

The City Garage, Carrizozo, is the dealer for Pontiac in Lincoln County.

'54' Paving Awaits Commission Okay

The dream of Lincoln County residents for more than 20 years appeared to be nearer the realm of reality this week with the announcement of Assistant Highway Engineer Rufus Sedillo that surveys and plans for the completion of Highway 54 between Vaughn and Carrizozo were complete.

"All we're waiting for now is the start for our 1951 program and word from the highway commission to start to work," Sedillo said.

The last unpaved section of this highway in New Mexico is due for top priority when the state's 20 million dollar road building program for the next two years is commenced.

The highway, which leads north from El Paso through the Midwest, will be placed on a new roadbed and topped with asphalt surfacing between Carrizozo and Vaughn.

At present, only 25 miles is paved. The unpaved section is virtually impassable during bad weather.

It will be remembered the October 20 issue of The News-Outlook carried several pictures which graphically depicted conditions on this section of Highway 54 during bad weather.

One of the pictures showed a truck loaded with cattle in a ditch on Highway 54 between Carrizozo and Ancho. The truck, out of Kansas City, was loaded with registered cattle to be delivered to a Three Rivers ranch. The truck went into the ditch before 5 P. M. on October 4 and did not reach Carrizozo until the next day about 2 P. M. The driver was forced to keep the cattle on the truck over the length of time allowed by the Interstate Commerce Commission for feeding and watering animals.

Lincoln County Pioneer Dies In Albuquerque

The passing of Albert Henry Pfingsten, 75, Lincoln, on December 7 at St. Joseph's Hospital, Albuquerque, claimed a widely known and beloved pioneer of Lincoln County.

Services were held in the Angus School house Friday, December 8, at 2:30 P. M. Rev. John W. Klassen, Albuquerque, grand secretary of the Grand Lodge of New Mexico, IOOF, made a special trip to attend and conduct the last rites for Mr. Pfingsten, his friend for many years.

The Odd Fellows Lodge was in charge of the services, and interment was at Angus Cemetery.

Pallbearers were fellow lodge brothers, S. E. Grelson, R. G. Stewart, John Ferguson, R. E. Withers, Earl Harcoron and D. F. Wooten.

Mesdames William Schrengost, Bill Wilson and Fred W. Pfingsten sang "In The Garden" and "Safe In The Arms Of Jesus."

Surviving are the widow, Mrs. Eva Pfingsten; three daughters, Mesdames Myra Richards, Winnie Morris and Nell Eddington, and three sons, Clinton (Jake) C. Clark C. and Fritz Pfingsten.

The deceased was born June 4, 1875, at Delmore, Colo., and moved with his family to New Mexico at the age of 6. His parents were Henry and Solla Pfingsten. He attended school at Bonita City and later became a rancher.

Discipline Is Topic Of PTA

The Carrizozo PTA meeting Monday night was highlighted by the round table discussion, "Discipline And The School Curriculum," in which Messrs. George L. Zimmerman, W. H. Nickels and Rev. Ray Miller participated. Moderator was Vincent L. Gadbaw.

Panel members gave their definition of the word "discipline." To Zimmerman, it conveyed the idea of cultivating good relations among fellow men. Nickels stated he believed it was respect for everyone, a code of manners that emphasized understanding of the other fellow's viewpoint.

Gadbaw expressed the thought that to many people the word discipline means restraint.

Rev. Miller quoted Webster's definition which includes to teach, to educate, to cultivate mentally or morally.

In reply to Gadbaw's questioning concerning methods of discipline, Nickels is of the opinion corporal punishment is a poor form. Miller reported the modern concept is to fit the individual for living with his fellow beings, and the old forms of discipline differ from the modern viewpoint.

Gadbaw pointed out the modern concept of discipline is intended to teach freedom yet responsibility. It is Miller's belief a student council, if run right, can handle many school problems, since it is easier for students to talk with each other.

Rev. Miller stressed if initiative were taken away from students, it would be difficult for them to assume responsibility after graduation. He added a coach is the teacher most apt to be idolized by a number of students, and for that reason, it is most important that person be of the highest character, morally as well as educationally.

Zimmerman and Nickels indicated mistakes or failures did not necessarily mean utter defeat, and they could help toward eventual success.

Miller brought out the fact all individuals do not have the same IQ, and told of the girl studying to be a teacher when an aptitude test disclosed she was better fitted to be an interior decorator. Nickels stressed students should have an opportunity to learn a trade to enable them to earn a better salary. In the event they were unable to attend college after graduation from high school.

In a summary of discipline as applied to the school curriculum, Nickels pointed out citizens of today have not kept step with the increased tempo of living, and the chaotic state of the world is confusing and discouraging to many individuals.

The moderator emphasized many have lost sight of the ideals for which Christ stood.

Rev. Miller stated an individual to take his place in life needs discipline from birth, since life isn't long enough to teach a person all he should know to enable him to contend with all problems he must meet.

Zimmerman, on the other hand, appeared to think world of today is not too complex, and the great need at present is to teach people to live in harmony. He added life is wonderful even with all its troubles.

Monday night's meeting was opened by Mrs. Winzell Ricksen who asked for reports from secretary, Mrs. Mabel Vigil, and treasurer, Mrs. William McVeigh.

W. K. Myers, elementary school principal, called the group's attention to school legislation which should be enacted at the next session of the legislature.

Rev. Miller pointed out there are numerous school supplies needed by the teachers, and W. H. Nickels, president of the local school board, suggested a committee be appointed to ascertain what is needed. A motion to that effect was adopted and Rev. Miller was appointed chairman of the committee.

The local school is a member of the New Mexico State Library Extension Service. Every 90 days a new supply of 100 books is sent to the school. Postage both ways is paid by the extension service.

Your State Government
 By Thomas J. Mabry, GOVERNOR

"Our problem is within ourselves. We have found the means to blow the world physically apart. Spiritually, we have yet to find the means to put together the world's broken pieces." — Thomas E. Dewey.

As my four years as governor of the state of New Mexico draw to a close, I would like to briefly account some of the accomplishments of my administration.

It has been my purpose during this entire four year period to give New Mexico the best type of government of which I was capable. I wanted to operate all departments of government for which I am responsible in an efficient basis and yet to operate them as economically as possible. I believe the taxpayer's dollar should be spent just the same as though the spender was using his own funds. That is, I wanted to get full value received for every penny.

In checking the record, I believe we have made an excellent showing. Much of the credit, of

course, goes to the heads of the various state departments and the state employes who have given loyal and valuable service.

All departments of state government have been operated on a cash basis. The years immediately preceding the close of World War II presented many problems, especially in the educational field, which we had to meet and solve. I am happy to say that I kept my pledge that every veteran and every citizen of New Mexico who wanted to attend an institution of higher learning would have a seat in the classroom and a roof over his head. It took many hundreds of thousands of dollars to care for this veterans program, but we fulfilled our pledge.

We also, through our welfare program, cared for the increasing needs of the sick and aged of this state and for the blind and dependent children. The number of people receiving old age assistance increased 100 per cent under my administration. We were able to meet their pressing needs although it was necessary to add an additional 1 cent per pack to the cigaret tax. This incidentally was the only increase in tax rates—except the gas tax—which was made under my four years in office.

We were also able to grant our Department of Public Health, which is doing such a commendable job, an increase of nearly 200 per cent in its budget without levying any new form of taxes.

School teachers' salaries were raised from an average of \$2,300 to \$3,400 during this period and we made this increase without any new taxes or without increasing any of the tax rates.

It is interesting now to look back on these four years and to know that so many increased demands on our finances were met out of current income and that at the same time we preserved the balance which had been built up in our state general fund for post war purposes, much of which is now being used for the building of our new state capitol. And this is being built, as you know, without issuing any bonds or the levying of any additional taxes.

Good rations and sanitary surroundings are more important than drugs in controlling internal parasites of livestock.

Letter to Editor

Editor, News-Outlook:
 Every day the Otero County Electric Co-op is contributing its share to America's strength for peace or war. Today, thanks to the program dedicated to the task of electrifying the farms and homesteads of rural America, the farmers of our land stand ready on the food production line to pass the ammunition. The food ammunition they produce was made possible through the building of electric distribution lines, that power their food producing machinery.

Fifteen years ago, our great state of New Mexico stood in 48th position for the number of farms electrified. Today, thanks to the growing realization among town and city people alike that the American farmer, above all others, needs the help of the electric servant, our state now stands 45th in the national average of farms electrified. Today, an alert nation knows the real truth about food production—Farm Power Is Power For Defense!

CORONA

By MRS. A. E. MULKEY The new Corona village hall and fire station which was started in October, 1949, has been equipped with new office furniture, a butane heating system, and a complete inside and outside painting job. The clerk, Mrs. W. A. Mays, will have regular office hours which will be announced next week. Mayor G. C. Brown says the new building, lot, equipment, painting job and all has cost about \$6,000 and the city has not had to pay a cent of this. The mayor himself has donated his labor and time. Stop in and see the new building.

Lee Pulliam died Friday, November 24, at his home in Fort Sumner. Mr. Pulliam resided in Corona for many years before moving to Fort Sumner a little more than a year ago. He was born in Morris County, Ark., April 9, 1871. He leaves his widow, Fannie, and other relatives.

Mrs. Myrtle Austin and Jackie Davidson were married last Friday at the Methodist Church in Carrizozo. Myrtle is daughter of Mr. and Mrs. E. Austin and Jackie is the son of Mr. and Mrs. Jack Davidson of Corona.

A donation to the Community Chest would be a beautiful Christmas gesture.

Jack Parker is home on furlough from the Navy, visiting his parents, Superintendent and Mrs. L. W. Parker.

Mrs. Ralph Daniels and baby daughter are home visiting parents, Mr. and Mrs. Jack Davidson. E. D. French of Hollywood, Calif., is in Corona looking after his Red Cloud mining interests.

The Corona grade school will present its annual Christmas operetta on December 20.

Presbyterian calendar for the holiday season: December 13, 7 P. M., Westminster fellowship Christmas party; December 17, 10 A. M., Sunday school; 7 P. M., candle lighting service and cantata by choir; December 20, 4 P. M., Junior Westminster fellowship Christmas; December 21, 10 A. M., Sunday school; 7 P. M., Christmas program and singing of carols by the Sunday school and Westminster fellowship. Everyone is invited to attend all services.

The local basketball teams played two rough games in Estancia Friday night. Our first team won, but the second team lost to Estancia by a narrow margin.

Eight members of the Corona Baptist Church attended the Estancia Valley Workers conference at Vaughn last Thursday. They are Mr. and Mrs. E. C. Berryman and son Donald, Rev. and Mrs. D. H. Peoples, Mrs. Jack Kilpatrick, Mrs. Ethel Wade and Mrs. Elene Mulkey.

The Corona Baptist Church will hold an old fashioned Christmas tree and program on Christmas Eve night.

Trapping Seasons

The regular fur bearer trapping season is open now and the muskrat season opens January 15 and runs until February 28. There is no open trapping season for mink and beaver may be trapped only if they are causing damage to property and a permit is obtained from the Department of Game and Fish for their removal.

ANCHO

Mrs. Reba Bingham is a patient at the Lincoln County Municipal Hospital, Carrizozo, as is Rookie Straley.

Mr. and Mrs. John Allen Hightower are the proud parents of a five-pound boy, William Allen Hightower, born December 8 at the hospital in Carrizozo.

Mr. and Mrs. Hugh Turnbow, "Old Acres," Nantuet, New York, were recent guests of Mrs. Jackie Silvers and Reba Bingham. Mr. Turnbow is a flight engineer for Pan-American Airways. The couple, who spent 10 days in Ancho, have resided in many of the United States as well as South America.

Mr. Turnbow had never been in Ancho before, and it was his wife's first visit in 18 years. They were delighted with the entertainment extended them, and Mrs. Turnbow enjoyed the pleasure of renewing many old friendships.

The Turnbows returned to New York via Shramrock, Texas, and points east.

No Prairie Chicken Season

It has been officially announced by the Department of Game and Fish there will be no prairie chicken season this year. The decision was made after biologists and fieldmen of the department made a recent survey of the area and recommended the season be closed.

The cover is extremely dense in the area around Portales and the fire danger is acute at present. The heavy cover not only makes it difficult to obtain an accurate check of the chicken population, but would make it almost impossible to find wounded birds without a dog.

Red Ryder Becomes Soil Conservationist

Red Ryder, the famous comic strip hero known to around 30 million readers throughout the country, has become a soil conservationist.

Ryder, in his newest adventure series which started in many newspapers in late November, will assist in the rebuilding of a run-down western ranch through the use of soil and water conservation practices.

The famous comic strip, which is the creation of the colorful

Fred Harman of Pagosa Springs, Colo., also will feature Ryder's well known friends, Little Beaver, Susie Jo and the Duchess. The newest adventure of Red Ryder will run for around three months, Harman reports.

Harman, who has supported many worthy causes in his long career as an artist, became interested in the soil conservation program last fall. After conferences with leading soil conserva-

tionists, Harman decided to have Red Ryder take the conservation message to his many readers, at least half of whom are adults.

Since he started developing his new adventure series, Harman has become so enthusiastic about soil conservation that he has applied to the San Juan Conservation District for assistance in applying a complete conservation program on his own ranch near Pagosa Springs.

CAPTAN

By ANN EARLING

The American Legion Auxiliary held their regular monthly meeting on December 6 with President Mrs. Tom Utterback presiding. At this meeting the auxiliary made plans to distribute Christmas baskets to six or more needy families at Christmas time. The auxiliary also voted to sponsor the Intermediate Girl Scouts. After adjournment Shirley Morgan, delegate to Girls State from Captain High School, gave a very interesting report of her attendance at Girls State, held in Fortales this past summer. Refreshments were served by the hostesses.

Peg Pfingsten attended the quarterly meeting of the New Mexico Cattle Growers Association, held in Clovis this past week.

Mr. and Mrs. Hugh Bancroft, Mrs. D. O. Murphy and Mrs. L. W. Clark were visitors in El Paso last week.

Fritz Pfingsten, oldest son of the late Albert H. Pfingsten, arrived here by plane from Arabia to attend the funeral of his father last week.

The Captan Woman's Club will hold their annual community Christmas in the high school gym on Thursday evening, December 21.

Mr. and Mrs. Peg Pfingsten have recently purchased a new Chevrolet sedan.

Postmaster Jimmie Kent has increased the size of the post office by building on an addition of 350 square feet. The post office has 100 more rental boxes and the lobby is rearranged for the convenience of the patrons.

The executive board of the Chamber of Commerce met at the home of Jack Earling on Monday, December 11, with President Lon Merchant presiding. Among other business, plans for the annual dinner meeting to be held in February were discussed.

The Captan Volunteer Fire Department extinguished a fire in a cabin located on the property of C. H. Murray. The cabin was occupied by Arthur Pepper, who received minor burns while removing some of his possessions.

This column erroneously reported last week that the chrome electric coffee maker was to be given away during the Woman's Club silver tea and bazaar last Saturday. It is to be given away on the night of the community Christmas tree.

The Thursday Bridge Club was entertained at the home of Mrs. Jack Earling. Bridge prizes were received by Mrs. Edward Savvy and Mrs. Jamaica Kent.

Teddy Cummins and Jimmy Pierce arrived home last Saturday from Paandena, Calif., where they are attending college. They will be at home until after the Christmas holidays.

Results of basketball games played in Captan last Saturday, December 9: B team, Captan 33, Dexter 31. A team, Captan 34, Dexter 33.

The Captan Lions Club held their bi-weekly dinner meeting at Hotel Buena Vista Monday evening with President Frank Taylor presiding. Plans were made at this meeting to put up a Christmas tree in the park, located next to City Hall.

It is estimated that one out of every nine cows in the United States is being bred by artificial insemination.

Three-fourths of the nitrogen, three-fourths of the phosphorus, nine-tenths of the potash and two-fifths of the organic matter in feed later turns up in manure.

Corona Extension Club. In All-Day Session

An important event of the year was the meeting Thursday, December 7, of the Corona Woman's Extension Club. Members and guests met in the beautifully decorated home of Mrs. W. S. Dishman for the all day meeting. The covered dish dinner, served at the noon hour, was buffet style from a table arranged with Christmas decorations and holiday candles. Tables for four were placed in the living room and these too were decorated in keeping with the season. Favors were Christmas wreaths made from rice cookies and decorated with candy. These were made by Mrs. T. B. Ford and Mrs. Dishman.

Following dinner Mrs. Dimmitt Bond had charge of the program on Christmas decorations, which proved to be a most interesting program. Mrs. Bond had a large exhibit of centerpieces, tree ornaments and other decorations for the home which can be made with little time and expense. She also demonstrated making an attractive Christmas salad and the various ways of decorating Christmas cookies. Mrs. Bond was assisted by Mrs. W. S. Dishman and Mrs. George Davis who demonstrated making centerpieces for the table and by Mrs. W. B. Winniford, who made a very pretty Christmas candle from blocks of paraffin.

During the meeting plans were completed for the annual Christmas party and gift exchange on the night of December 16 at the school lunch room. Families of the members and the faculty of the Corona schools will be guests.

Health Department Report Shows 10 TB Cases Here

A report from the New Mexico Department of Health for the week ending December 2 indicates there are 10 cases of tuberculosis, all forms, in Lincoln County.

The recent mass chest X-ray survey conducted in Lincoln County is undoubtedly the reason for the increase shown in TB cases in this county.

The report is an indication of the value of the chest X-ray. It is also an indication of the value of the current sale of Christmas Seals, the proceeds of which are used to help defray expenses of such surveys as well as many other items in the state's drive to control this disease.

pared to accept outright gifts, term loans and indefinite loans of items of interest from the pioneer period, 1860-1900, with emphasis on tools and implements of everyday living.

The Old Lincoln County Memorial Commission, governing body of the museum, plans to build displays featuring pioneer life. A great deal of interest in these things was revealed when several hundred people viewed the exhibition which closed December 3. This showing was furnished by courtesy of the Roswell Museum, with which the OLCMC is working in closest harmony and cooperation, and by Mrs. Ruth Martin, Mrs. Jeff Dockray, Mr. and Mrs. Roman Maes, all of Lincoln; Mr. and Mrs. B. J. Bonnell of Glencoe and

featured many items from the collection of the late George A. Tiltsworth of Captan.

Old weapons, cooking utensils, tools, costumes and furniture are among the items sought. Treasured old family photographs of early settlers in this area will be copied by the commission and returned to the owners in perfect condition, and all gifts will be labeled with the names of the donors and given excellent care. The museum, which has been closed this past week for some interior decoration work, will reopen on Sunday.

My Dog And Cat

I have a dog and a big old cat. I never know just where they're at. For they chase each other all over the yard. And in their play they work awfully hard.
Well, one summer day they were both asleep. The dog stretched out with the cat in a heap. Beside his head, both cool and serene. When "something else" came in on the scene.
The dog jumped up in a howl of rage. As if he were only half his age. He barked his nose with one foreleg. The way a well-trained dog will beg.
He thought the cat had made a pass at him. So he chased her up to the highest limb. Of a tree that grows in our back yard. And he barked and he howled, both long and hard.
The cat screamed back, "it wasn't me!" "Your nose just got stung by a bumble-bee!"

Chavez Advocates Foreign Legion To Fight Reds

WASHINGTON (Special)—A foreign legion made up of volunteers from foes of communism to battle the Reds in Korea and elsewhere is proposed by Senator Dennis Chavez of New Mexico.
"The hour calls for action and the United Nations might not be prepared to join us in an effective way to fight for freedom and to save civilization," Chavez declared. "We must go to the people of those nations, perhaps through their governments, and enlist a world army to fight for their freedom and our own."
The New Mexico Democrat, in an address in the Senate, said we must "get realistic" about the world situation as it is today and declared the Korean war to be grave.

He said the United States "must once and forever" tell the world we will not recognize Communist China.

Senator Chavez questioned the effectiveness of the United Nations in the Korean war. He asked: "What has been the result of the efforts of the United Nations up to now?"

The United States has had the moral support of the non-Communist world and the political support of the majority of the United Nations," he said, but "in the showdown, when facing stern reality, when the shooting started in Korea," the dying and the suffering has been by Americans in the great majority.

Recalling that our consulates throughout the world were besieged by young men of the nations when the Korean war started who wanted to enlist in our effort, Chavez said:

"A world army of at least 20 million men must be raised composed of men who believe as we do and who would be willing to make all of the sacrifices that we do. Such an army can be recruited, trained and equipped as our own American troops."

"I propose that this nation enlist the manpower of the free thinking world by a new method of approach instead of spending the billions and billions through ECA or the Marshall plan, that we recruit those millions throughout the world, train

them, and pay them as we do our American soldiers," he told his colleagues. "You may rest assured they will fight for the same ideals."
Chavez pointed out that foreign recruits are now fighting for Russia and that France has always had foreign legions while

England has such troops at outposts.
"So, why cannot we have freedom loving people helping us and helping themselves," he asked. "We have tried to get the United Nations to support us with military manpower without success."

Carrizozo Movies

A timely feature on the schedule at the Lyric Theater next week is "You Can Beat The A-Bomb." At the local theater for two days only—December 22 and 23—the film is planned to minimize fear and panic of the A-bomb by demonstrating detailed means of personal defense from the moment warning of attack is given to the instant the bomb explodes.

Highlighted is the fact the A-bomb has its limitations and knowing how to take advantage of such limitations by means of simple precautions will increase considerably the individual's chances for survival. The picture also demonstrates the thrilling benefits of atomic power in the fields of medicine and engineering.

On the same program with "You Can Beat The A-Bomb" is a true life adventure film, "Seal Island," by Walt Disney.

The print by Technicolor is the natural drama of the Alaska fur seal in the Bering Sea where millions congregate. Courtship and battle jealous troubles and humorous conflict among the burly beach masters and the sleek plural brides have been captured by the cameras.

On the local screen December 19 and 20 is "The White Tower," featuring Glenn Ford and Valli. The plot of the story is laid in the French Alps where the scenes were filmed. The story concerns six persons of various nationalities who seek to climb a peak never before ascended. Each individual has a different urge to make the ascent.

The ensuing conflicts among the members of the party and the romances between the American flyer and the Italian girl motivate the action of the story.

Mobile Exhibit To Begin Tour Of Schools Soon

The mobile unit of mounted birds, fish, mammals and resource maps is scheduled to begin its tour of the schools about the first of the year.

The exhibit is being prepared for the tour that will begin in the schools in the southeast part of the state and which will cover as many schools as time permits before spring. This display is designed for the school age youngsters of the state and its aim is to acquaint them with the various forms of wildlife and habitat found in New Mexico. At the same time, conservation and game management practices are taught and an effort is made to instill some of the rules of good sportsmanship in these young people who will soon hold the future of the wildlife resources in their hands.

(Continued from Page 1) citizenship outside of school than in, since many of their out-of-school activities would tend to make them cognizant of the necessity for being good citizens.

A good citizen must be prepared to get along in the world is the opinion of student Marjorie Titworth.

In reply to Danny Nunez' remarks that students would like an opportunity to have vocational training, Mrs. Ruby Douglass, guidance counselor and teacher at Hondo High, told the group they would like to have courses in agriculture and shop, but it involved much money and residents of that area did not feel at present they were ready to undertake the problem. Mrs. Douglass pointed out no one who was very unhappy could be a particularly good citizen, and happiness and contentment were important factors in good citizenship. She added it is a teacher's solemn responsibility to teach children democracy and keep them from becoming Communists.

At this point, Moderator Zimmerman brought up the question of the right of the Communists to answer questions concerning their party affiliation. It was pointed out the United States Supreme Court is respecting the Communists' privilege to refuse to answer such questions. Marjorie Titworth believes one should have the courage of one's convictions, and if a person is a member of the Communist organization, admit it.

Mrs. Douglass and Mr. Hamilton are of the opinion the average Communist will not admit his membership, since they believe Communists are taught to refuse to give out information.

Superintendent Montes wonders if parents and teachers are thinking along the same lines, namely, to make it possible for the children to have the very best, and believes the teachers at Hondo are doing what the parents want them to do.

Various ideas were expressed regarding behavior and methods of discipline. Mrs. Douglass stated there were always "rugged individualists" in every group, and a teacher needed to exercise care and thought in handling them, and not impose his own wishes unless he were certain it was for the best interests of the children.

Fritzie Bowser and Marjorie Titworth differed in their beliefs concerning their best behavior. Fritzie believes he behaves better at home, while Marjorie stated the presence of the teachers and other students had a tendency to impress good conduct upon her. Superintendent

Fritzie Bowser and Marjorie Titworth differed in their beliefs concerning their best behavior. Fritzie believes he behaves better at home, while Marjorie stated the presence of the teachers and other students had a tendency to impress good conduct upon her. Superintendent

Montes believes the teachers should attempt to carry out the parents' pattern for regulating the behavior of children.

Zimmerman asked Hamilton if the wooden paddle was still in use. The latter replied he had been there only three months, but had never seen it used and was under the impression it had been gathering rust.

Mrs. Douglass stated she believed high school students had reached the age of reason and whipping was unnecessary. She implied that while whipping might be necessary in extreme cases and with younger children, there were other methods much more effective.

The general consensus of opinion of the Hondo parents was teachers and parents in that area are ready and willing to cooperate, and that no particular problem exists that can't be ironed out easily and smoothly.

One parent believes that justice in all things is the most important factor in parent-teacher-student cooperation.

The band teacher, Robert Lane, stated he tried to be impartial with all students, but some require more attention than others. Zimmerman stressed parents must set the behavior pattern.

Because parents are adult, he explained, is no reason for their demands for perfection in their children.

The discussion closed on the thought expressed by Superintendent Montes that teachers were only helpers, and the real work must be the responsibility of the parents. He added if teachers refused to give the help parents needed, they should be replaced.

Following the session, members and visitors were invited to go to the school lunch room for refreshments.

The Christmas theme was used in decorating the buffet table, where candles shed a soft glow on the large and delicious assortment of fancy open faced sandwiches and Christmas cookies, prepared by the members of the Hondo High School's home economics class.

Members of the Hondo PTA prepared the piping hot coffee that was served.
