Outlook, Volume 42, No. 14

### Old West Will Be Revived At Lincoln Fiesta

The old west will be revived this Sunday when the oldtimers of Lincoln County as well as its newcomers gather in old Lincoln Town, former county seat and one of the tragic cattle wars during which William H. Bonney (Billy the Kid) embarked upon his ill-starred career of questionable fame from which he felt there was no turning back.

"A Day in Old Lincoln," the annual event sponsored by the Lincoln County Historical Society, is looked forward to eagerly by county residents as well as visitors from far and near. Old neighbors meet again to reminisce about years gone by as they watch the program arranged especially for them. Activities center around the museum at Lincoln but there are other points of interest. Basket lunches are shared at noon for a leisurely midday meal and the talk of old times and old friends, come too far away to come back for the day's outing and some who have already "crossed over," goes on and on. In the afternoon, another program of entertainment is presented with the historical pageant coming as the grand finale at the close of the day's activities.

This year, the daytime events include fests songs and dancers, Apache Indian dancers, as well as exhibition square dancers. Other special events will be announced during the program. The highlight of the afternoon's program is the old time fiddling contest at 3 P. M. Old time fiddlers are invited and urged to enter this contest and are reminded here to register immediately upon arriving in Lincoln.

At 8 P. M. visitors will gather on the grounds in the rear of the old courthouse, now the Lincoln County Museum, for the presentation of the historical pageant which features the last escape of Billy the Kid as its finale. Incidents in the history and growth of Lincoln County form the theme of the pageant.

For the information of readers who do not recall the incidents that led up to the tragic cattle war, the death of Billy the Kid, and the subsequent and colorful history of Lincoln County, the following is a brief resume.

Alexander McSweeney, after an argument with his employers—the Murphy, Dolan and Co. firm—formed a partnership with John Tunstall, and the two engaged in business in competition with the other store. Two factions evolved as a result of this competition, and bitter warfare ensued between the two until it was ended in February of 1878 after McSweeney and Tunstall were killed and McSweeney's home destroyed by fire. Bonney, although involved in the wild gunplay, escaped with his life. Tunstall was the Kid's hero and he swore to avenge his death. He is reported as responsible for the deaths of a number of the members of the Murphy faction. The portrayal of parts of Bonney's career will be presented at Sunday night's show.

Lincoln in 1877 was the trade

### Former Lincoln County Sheriff Dies in Calif.

A message to Mrs. Meyer Barnett, Carrizozo, this week revealed the death of Samuel W. Kelsey, about 68, which occurred at his home in Ventura, Calif., on August 8 about 5 A. M. A heart attack was given as the cause of death of the former sheriff of Lincoln County. He had suffered from the heart condition for several years.

The deceased is survived by his widow, Mrs. Luann Johnson Kelsey, and a son, James Kelsey of Modesto, Calif. Mrs. Kelsey is the daughter of Mrs. P. M. Johnson and the late Mr. Johnson of Carrizozo. Mrs. Barnett is a sister of the widow.

The former sheriff had also been a school teacher during his residence in Lincoln County, having taught schools at Bonita City, Nogal and Hondo.

At press time full details were not available.

### Roswell Man Wins Ruidoso Golf Meet

E. Clyde Blackwell, Roswell, defeated Darrell Tully, Dallas, 2 and 1, last weekend at Cree Meadows fourth annual golf tournament in Ruidoso, to retain his amateur championship standing. The Roswell automobile dealer was defending his title won at last year's tournament on the same course. Blackwell scored two over par, while Tully shot a 76 in the championship flight in which 16 contestants were entered. Blackwell defeated Bobby Barber in the first round; Red Watkins in the second; Ed Ammonette in the third and Tully in the finals. Tully is a football coach at Cozier Tech, Dallas, and a former All-American. Consolation prize in the championship flight was won by Bobby Barber, San Angelo.

Co-medalists were Bob Bean, Abilene, and Darrell Tully, who both shot a 74.

Most of the matches were rained out on Saturday, but trophies were awarded to flight and consolation winners in five divisions. Other winners included Albert Hudson, Abilene, first flight; J. B. Tabor, Stamford, Texas, consolation first flight; Earl Fish, Snyder, Texas, second flight; Jack Hext, Eldorado, Texas, consolation second flight; Franklin Lattimer, Demmitt, Texas, third flight; Irvin St. Clair, Muleshoe, Texas, consolation third flight; H. T. Finley, Elorado, Texas, fourth flight, and Bill Bradford, Thomas, Okla., consolation fourth flight.

The driving contest, sponsored by Carl De Bord, Ruidoso businessman, was won by C. W. Carleton, Stamford, Texas.

Lincoln County entrants included Geo. L. Zimmerman, William W. Gallacher, Leroy and Wilbur McKnight, Walt Crosby, Ralph Oberholzer and Judy Foster. Ralph Peety was also entered but pressure of business prevented him from playing in any of the matches.

### Merchant Ranch Scene Of Chuck, Chat Meet

The last meeting of the Chuck and Chat Club was held at the beautiful Lon Merchant ranch recently.

The hostess served turkey and ham and each club member brought a special dish to complete the well rounded menu.

Guests at the get-together included an aunt and cousin of Mrs. R. G. Bird Jr. on a vacation trip from their home in Oklahoma City; Marie Francis, son of Mr. and Mrs. C. M. Francis; Mesdames Edgar and Merchant of Artesia; Mr. and Mrs. Lloyd Taylor, Capitan; a nephew of Mr. and Mrs. Nick Brill and two granddaughters of Mr. and Mrs. Bob Latham.

Members present were Messrs. and Mesdames Grady Eldridge, Bill Edgar, Charles Jones, Tennis Smoot, R. G. Bird Jr., Bob Latham, L. D. Merchant, Nick Brill; Mesdames Nettie Purcell, Carrie Francis, and Messrs. John and Ed Downing. Absent members included Mrs. Lou Graves, Charlie Francis, John Purcella and Floyd Hale.

A cloudy sky and cool weather made a most pleasant day for those attending the meeting.

### La Ola Littleton Weds Holloman AB Sergeant

An afternoon wedding of quiet detail on Saturday, August 4, united Miss La Ola Littleton, Carrizozo, and Sergeant Kenneth Vansice of Holloman Air Base. Rev. R. Ray Miller, pastor of the local Trinity Methodist Church, officiated at the ceremony which was held at the home of Mrs. Fred Current, Carrizozo, sister of Miss Littleton.

The bride chose a street length V-necked frock of dusty rose fashioned with a full tucked skirt and cap sleeves. With it she wore white and brown pumps and carried a white purse.

Mrs. Current and Mrs. Julia Sherrill, Carrizozo, were the couple's only attendants.

Mrs. Vansice is the daughter of Mrs. Mattie Littleton and John Littleton of Carrizozo.

The bride, who has been employed at the local telephone office for the past five years, will make her home in Carrizozo for the time being.

### Woman Victim Of Flash Flood

Mrs. Nina Lucille Carter, Roswell, perished Sunday in a flash flood on Gyp Creek about four miles north of Capitan.

The accident occurred as Mrs. Carter's automobile, containing the deceased's husband, her two children and her brother and his wife, stalled in the creek which had only a little water in it at the time. As they attempted to start the car again, a flash flood caused by rain in the mountains swept down upon them. The other occupants escaped without injury, but Mrs. Carter, who was being aided by one of the members of her party, slipped and was lost in a 5 1/2 foot drop in the arroyo near the car. Her body was recovered six miles from the scene of the fatal mishap by Virgil Hall and Warren Gaston of Capitan.

James Harrow, Capitan justice of the peace, conducted the coroner's inquest and T. E. Kelley, local mortician, took the body to Ballard Funeral Home in Roswell.

The Roswell family group were returning from a picnic when the accident occurred. No serious damage was done to the car which did not upset.

### Plans Made For School Opening In Capitan

By L. W. CLARK

The Capitan school will open for a half day session on Monday, August 27, 9 A. M. The first general teachers' meeting will be held Friday morning, August 24, 10 o'clock.

Friday afternoon, August 24, at 2 o'clock, the juniors and seniors will come to the high school for registration. Other classes will register Monday morning. Coach Darling requests that all boys interested in football this year meet him at the high school on Wednesday, August 22, at 2 P. M. The lunch room will begin operating on Tuesday, August 23. Students will be sent home in time for lunch on Monday. High school meals this year will be 25 cents and the grade school meals 20 cents. Tickets may be purchased by the week or the month.

Two new bus routes come to the Capitan schools this year, one from Fort Stanton and the other from Encino. The following teachers have been employed for the coming year:

Municipal School—L. E. Cummins, Helen Blaise, Pauline. Utterback, Lois Aldrich and Hilda Young.

Capitan Union High School—A. J. Bivens, Frank Taylor, Mrs. S. M. Cozzens, Mrs. Ruby Yarbrough, Ruth King, Richard King, Duane Darling.

### Local Rainbows Attend Silver City Assembly

Six members of the local Order of the Rainbow for Girls left Thursday for Silver City where they will attend the grand assembly of their organization on the campus of New Mexico Western College. The convention ends Saturday, August 11. Mrs. Ernest Roberts as mother advisor will chaperon the local girls at the Silver City convalesce during which an election will be held to select new grand officers for the coming year.

Rainbow delegates from Carrizozo include Misses Connell Dean, who makes her home at Bingham; Betty Moore, Verna Ruth Peety, Ann Gallacher, Dorothy Withers and Katie Snodgrass.

### Rev. Ray Miller Resigns Methodist Pastorate

Rev. R. Ray Miller, pastor of the Carrizozo Trinity Methodist Church, has submitted his resignation effective September 1.

Miller, who came here about a year ago from Franklin, Tenn., will go to the New Mexico Military Institute at Roswell as chaplain. He will also teach social studies. The local minister assumes his new duties September 4.

Rev. and Mrs. Miller and small children, Bette Rae and Boyd, will leave Carrizozo about September 7.

No announcement regarding Miller's successor is available at present.

### "Billy The Kid"

John Davis, rancher and real-estate agent in Lincoln, is shown above as he appears in his role of William H. Bonney, the famous and beloved as well as hated Billy the Kid, for the historical pageant, "A Day in Old Lincoln," which will be presented at Lincoln August 12.

### Green Tree Election Hearing Set Monday

The controversy which arose over the reincorporation of the village of Green Tree is again in the limelight with the scheduling for trial on Monday of the case of the Village of Green Tree vs. the Lincoln County commissioners.

Residents of that village last spring voted by a narrow margin to reincorporate as a result of a controversy which arose over a bond issue for a water system. The village previously voted bonds to construct the system but with the increased tax value placed on village property by the De-Donnell and Associates survey a number of the residents were fearful they could not meet both property and water taxes, and reincorporation proceedings which were started culminated April 14 in a vote of 68 to 59 to reincorporate.

On April 23, Frazier, Quantius and Cusack, Roswell attorneys, filed a suit in behalf of the village of Green Tree seeking to declare the reincorporation null and void, and to enjoin the county commissioners from disposing of village property which automatically reverts to the county after a reincorporation. The commissioners filed an answer to the suit which declared the reincorporation had been effected as provided by law.

Robert Sellers, Alamogordo, assistant district attorney, will prosecute the case for the commissioners.

### Hospital News

To Mr. and Mrs. John Ferguson, Capitan, a girl, Shirley Ann, born July 28; weight 6 pounds, 1 ounce.

To Mr. and Mrs. Zeke Chavez, Carrizozo, a boy, Benjamin, born August 2; weight 5 pounds, 5 ounces.

To Mr. and Mrs. Dan Adler, Carrizozo, a girl, not named, born August 7; weight 6 pounds, 7 ounces.

Admissions Since Aug. 3  
Mrs. J. M. Ortiz, Mrs. Leandro Vega, Mrs. Clyde Brewster, Manuel V. Chavez, Mrs. Maggie Chavez, Mrs. Dan Adler, Weyland Dobbs and Mrs. Mary Monreal, all of Carrizozo; Mrs. Madeline Gaston, Mrs. Maud Fritz and Mrs. Della Earl, all of Capitan; Mrs. Kay Mitchum of Claunch, Mrs. Annie Ramey of Lincoln and Mrs. Lee Orndorff of El Paso and Bingham.

### Enlists In Air Force

Private Don Shults, Carrizozoan who enlisted in the U. S. Air Force at El Paso on August 7, was transferred immediately to Lackland Air Force Base, San Antonio, Texas, where he will receive his basic training.

### TO DRILL WATER WELLS

George Perry and son-George Jr., were in Carrizozo this week en route to Arizona in the Indian country west of Gallup where the senior Perry will join his brothers, Lloyd and Don, to complete some well drilling orders. A couple of excellent ones were brought in near Gallup recently by the Perry brothers.

### Lions Install; Plan Future Activities

Duff May was elected president of the Carrizozo Lions Club at the August 1 meeting, and Rex Werner received the most votes for third vice president. May replaces Geo. L. Zimmerman, who recently submitted his resignation from the office.

The election of May resulted in W. H. (Bill) Nickels moving up to the first vice president's office while S. M. Ortiz is the new second vice president.

The local Lions are planning a dance for August 18 to be held at Miller's Hall in Carrizozo. The popular Elmer Hust orchestra will provide music for dancing. A large turnout is expected for the dance, proceeds of which will be used in civic projects sponsored by the Lions.

Dan King, Tularosa, district governor, at the August 1 meeting told the local Lions many projects for community welfare have been accomplished through the efforts of members of Lions clubs everywhere, and stressed the value of Lionism in promoting events for the benefit of the clubs' local communities.

The Carrizozo club is presently considering the most desirable type of street signs to be erected here, and are going forward with plans for the completion of this work. In connection with this work, the club recently took over the job of having the streets in Carrizozo repaved in order to eliminate confusion that had existed, and show conformity in the street designations. Lawrence Queen heads the committee for the erection of the street signs, and the work is expected to be completed in the near future.

### Methodist Group Meets At Clyde Shults Home

The regular meeting of the Women's Society of Christian Service of the local Trinity Methodist Church was held Wednesday afternoon at the home of Mrs. Clyde Shults.

Mrs. C. E. Degner spoke on "The Last Shall Come First" for the devotional portion of the program. Present for the meeting were Mesdames C. A. Snow, L. Z. Manire, Ace Baty, C. E. Degner, Henry Schlarb, J. E. Thornton, Edna Carl, D. L. McDaniel, Charles Hodgkin, F. O. Brown, Lee Carl and Miss Frances Degner, recorder for the society. Miss Norma Records, new grade school teacher, was introduced to the members of the society.

The next meeting is scheduled for August 22 at the Methodist Church here at 2:30 P. M. Mrs. F. O. Brown and Miss Veda Lou Branum will be in charge of the program of study on "The Christian's Vocation."

### Angus Cemetery Work Scheduled Saturday

Mrs. Henry Peebles, Nogal Mesa, secretary-treasurer of the Angus Cemetery Committee, announced this week the annual clean-up day at the cemetery grounds is scheduled for August 11, and will be an all-day affair.

Mrs. Peebles urges all residents who have relatives and friends interred at the cemetery in Angus to bring a picnic lunch, together with garden tools and spend the day in this worthy effort. The secretary-treasurer explained no funds are available for permanent maintenance of the Angus cemetery grounds and that friends and relatives contribute work once a year for maintaining the grave sites. Charles Peebles, Nogal, is chairman of the committee.

### Petitions Circulated For School Bond Election

Petitions requesting an election to be held to vote on a school bond issue are being circulated in Carrizozo this week.

The proposed construction includes a new grade school building as well as the addition of a two-room wing to the local high school. Bonds in the amount of \$145,000 must be voted before actual construction can start.

L. Z. Manire, superintendent of the local schools, states this school building program is vitally needed in Carrizozo and would be another step forward for community progress.

### Roswell Bares Plan To Limit Water Use Here

#### Carrizozo Schools To Open Monday, Aug. 27

August 27 is the opening date for local schools, according to L. Z. Manire, superintendent. Both grade and high schools will start registration at 9 A. M. on that date.

Primary students not previously enrolled must present a birth certificate when registering, and should be on hand for the first day of school.

High school students not previously enrolled here should have complete transcripts of their credits from the last high school attended, and present them to Principal Larry Stockton or Superintendent Manire to avoid delay in registration.

In addition to the high school principal, other new teachers in Carrizozo this year include Miss Norma Records, Norman, Okla., who has been teaching in Oklahoma City, and Miss Jewel Lee Reams, Aransas Pass, Texas. Miss Records, who moved here about a month ago, will teach the second grade, and Miss Reams is the new high school commercial teacher. A replacement for Leslie Snider who taught music and band has not yet been appointed. Snider resigned at the close of the school term this past spring but is spending his vacation in Carrizozo.

#### Two Auto Accidents In County Over Weekend

Two automobile accidents involving no serious injury occurred Sunday at widely separated points in the county.

Back injuries of a non-serious nature to a minor girl were reported by the sheriff's office after an investigation of an accident 2 1/2 miles north of Ruidoso on Highway 37 near the airport which occurred when a pickup turned over on the wet pavement. The truck was reportedly driven by the minor boy companion of the injured girl.

The second accident occurred on Highway 54 between Carrizozo and Ancho when Alfred Seay, Duran, stopped to offer assistance to a motorist who appeared to be having automobile trouble. The motorist had parked on the highway and Seay, who had stopped alongside, had difficulty keeping his truck in the highway as he started on again. A third car, driven by W. C. Main, Los Alamos, headed in the same direction as Seay attempted to go around him just as he regained the highway. Mrs. Main was brought into the local hospital where she was treated for minor injuries. Extensive damage was done to the left front end of Main's car.

#### Rainmakers Schedule Meeting For Roswell

A meeting of the directors of the Precipitation Research Corporation, originally formed in Lincoln County, is scheduled for Wednesday, August 15, at 10 A. M. in the district courtroom at the courthouse in Roswell, according to Louis Bagwell, manager of the corporation.

All directors are urged to attend this important meeting at which Dr. Irving Krick, Colonel Gillenwaters and Lee Cox of the Colorado firm of meteorologists are expected to be present.

A discussion of the program for the Roswell corporation will be heard concerning which the directors are invited to offer their suggestions and criticisms.

Although the morning meeting is open only to the directors of the Roswell firm, the afternoon session starting at 1:30 is open to the general public. Dr. Krick and his associates will attend the open meeting, and a cordial invitation is extended to all interested to hear the discussion.

#### New Laundry

The local hospital is installing new and larger laundry equipment. W. J. Hadley, superintendent, said this week the equipment previously in use had proved too small and thus inadequate for the volume of laundry work that must be handled at the hospital.

#### The proposal by the city of Roswell for the purchase of Bonito Dam, water rights and pipeline (Roswell Daily Record, Aug. 2) which would restrict users along the Southern Pacific route from the dam north to Vaughn to their present inadequate allocation of water is interpreted here as a move that would force Carrizozo to seek another source of supply. The newspaper story stated Roswell is interested in only the surplus water, leaving Vaughn, Carrizozo, Corona and several unincorporated villages the amount of water they have been using plus reservations for double that amount in case of growth or contingencies.

Village officials estimate that Carrizozo at present requires more than double the amount now available, which does not take into consideration the growth anticipated in the near future. Consumption in Carrizozo at present is estimated at approximately 35 gallons per capita per day for bare necessities. That amount is based on domestic use only and does not permit water for irrigation of gardens and lawns.

In comparison with Carrizozo's use of 35 gallons per day per person, the following are the averages per day for per capita water users in other areas: El Paso (which at times is short of water), 130 plus; Las Cruces, 240; Phoenix, 222; Tucson, 164.5; Houston, 116; Lubbock, 225; Los Angeles, 170, and New York City, 140.

It is estimated roughly that 600,000,000 gallons of water per year are available from Bonito Dam and that the Southern Pacific Company would need about 15,000,000 gallons annually after their desalination program is completed. Fort Stanton's needs must also be met. The supply available after the foregoing requirements were met would enable the villages and unincorporated towns along the railroad company's water route to have ample water for their needs and permit expansion and growth.

According to the Roswell newspaper's story of the plan proposed by that city, however, the villages would have no more water than at present and there could be no hope for the growth of any of them, nor in fact, any hope for as much water as they actually need at present.

The Roswell City Council Bonito Dam Committee, with the assistance of a bonding company representative, has worked out a method for financing the purchase of the Bonito Dam and water rights, according to the Daily Record. The purchase would require the sale of revenue bonds totaling \$2,000,000.

Roswell officials are basing this purchase price on the assumption the properties involved will cost \$500,000 and that construction of a pipeline into that city will probably take about \$1,500,000. At present, Southern Pacific officials, owners of the dam and approximately 7,000 acres of farm land, have not made public the purchase price for the dam, water rights and pipeline. The company has, however, stated it will not at this time sell the farm land.

According to Roswell's City Manager C. W. Woodbury, who outlined the financing program for the project providing Roswell is included in the negotiations for the purchase of the dam, any corporation formed must sell all the water available annually in order to finance the project.

Cost of operating the project, said the newspaper story, could be reduced by eliminating the filter plant at Nogal and discontinuing softening operations which are necessary for water used in the locomotives. According to the newspaper story, the purchase price of the dam, water rights and pipeline, according to the Daily Record, would require the sale of revenue bonds totaling \$2,000,000.

**FORT STANTON**

By FLOSSYE NESS  
Mr. and Mrs. W. Harrison were visitors at Fort Stanton this last week. They visited with the Kuznetsov and the Jack Shaws. The Jack Shaw family has been very busy entertaining visitors this past week. Their guests included Jack's brother from Slaton, Texas, Mr. and Mrs. Roland Gardenhire of Alabama. Mr. Gardenhire is Mrs. Shaw's brother. The William Browns have had news from their son Billy Dale, who is in San Jose, Calif. He informs them that he is employed in a baby food cannery.

Mrs. Clarence Boyd has returned from Portales where she has been taking a brush-up course at Eastern State College. She will teach again at Lincoln. Mickey Mulvahill spent two days in Roswell on business for the Capitan post of the VFW. Mickey is the chaplain of that post. The VFW is planning a barbecue to be given August 20 at Capitan. They expect to have Governor Mechem as their guest. Anyone interested in unique and unusual gifts should stop by the Craft Shop and contact Mrs. Percy Wiggs. She has a variety of work on display that has been made by the patients. Among the craftsmen doing outstanding work are Tom Donald, noted for his fine leather work, men's bill folds and ladies' purses; Albert Pearl, creator of pins, brooches and ornamental lamps. Mr. Pearl uses sea shells for his medium and blends the delicately colored shells into beautiful designs rich in color harmony. He very appropriately calls his creations "Pearls of the Sea." Mr. Barthel does perhaps the most unusual work. A metal plater, he does plating in gold, silver and bronze. He takes a delicate rose leaf, plates it, polishes it, and with a clasp makes it a lovely pin. Among other things he has are tiny crabs, seahorses, frogs, turtles and he has even plated a house fly. Barthel said the most unusual article he has plated was a mouse by special order from San Francisco; however, he remarked it was not very pretty.

At a recent board of review the following boys passed their Star Scout rating: Jimmie Minters, Joe Wilson and Jole Ferguson. Jimmy Armer passed his Life Scout test. In the scrap iron drive the Scouts collected and sold \$100 worth of scrap iron. Bill Bingham used his car for hauling it, which was greatly appreciated. They went to Nogal Lake Sunday and cleaned up the surrounding area. The Game Department paid them 10 cents a bag for the cans and refuse picked up. Their lunch was furnished by the White Mountain Game Protective Association and prepared by Jimmie Minters who passed the test for his merit badge in cooking with flying colors.

The Lincoln and Fort Stanton troops will run the parking lot at the Lincoln Day festivities next Sunday. Ernestine Short spent Monday night with the Jim Howards. She was visiting the Edgar Phillips of Lincoln and had the misfortune to fall from a horse and fracture her arm. She was treated at the Fort Stanton hospital. Dr. Kopping's transfer orders came through sooner than expected and they are to leave for Mobile, Ala., next Monday.

**Lincoln County's May Retail Volume Soars**  
In Lincoln County, retail sales volume during May was 40 per cent above April volume. The New Mexico average showed an increase of 7 per cent, according to the latest issue of New Mexico Business, monthly publication of the Bureau of Business Research, University of New Mexico. May, 1951, sales volume compared with May, 1950, however, showed a rise of 9 per cent for Lincoln County. Allowing for price rises, this probably indicates approximate equality in physical volume of retail trade. Statewide, the increase was also 9 per cent.

Buy U. S. Defense Bonds.

**CAPITAN**

By MARY F. WERNER  
Mrs. J. B. Dean and children of California moved into town for a few days until they could locate a house in Albuquerque in which to move. Bernice is in the veterans hospital there and the family plan to live there in order to be near Bernice. At this time Mrs. Dean says Bernice is feeling better than when he left California.

Mr. and Mrs. L. W. Clark and Raynette have returned from a summer in California where Mr. Clark attended the University of California. Frank Taylor is also back after attending school in California. Mrs. Maude Fritz had the misfortune to fall and break her hip Sunday evening. She is in the hospital in Carrizozo. It is reported that she is getting along nicely.

Several from here attended the meeting of the Otero County Electric Cooperative at Clouderoff Saturday. Due to some mix up the meeting was postponed until a future date. I hope more will be able to attend at that time and help to get your cooperative in good working order.

Mrs. Gertrude Shipman, formerly of Capitan, was through here the other day on her way to visit relatives on the Ruidoso. She was accompanied by her daughter and husband. Warren Gaston has purchased the James Kent home on Fifth Street. Elmer Ham has purchased the Rosella Phillips home. Mrs. Phillips has moved to Albuquerque. We hate to lose Mrs. Phillips and Joe.

The benefit dinner sponsored by the Capitan Woman's Club was quite a success. They fed approximately 95 people. The dinner consisted of chicken, spaghetti, string beans, vegetable salad, hot rolls, cherry pie and coffee. During the evening a program of music and songs was presented. Those taking part in the program were Leota Pfingston, Emma Gens Hall, Mr. Peralta and his daughter Flora. We really appreciate having Mr. Peralta and Flora play for us. There were several out-of-town guests to eat with us, some from Carrizozo, Fort Stanton, Ruidoso and Nogal Mesa.

Mr. and Mrs. Warren Gaston made a business trip to Elida this week.

**PERSONALS**

Mrs. Manuel Jones and children of El Paso are guests of Mr. and Mrs. George McBrayer.

Mr. and Mrs. Ralph Sherrill, Spur, Texas, were expected to arrive this week for a visit with Mr. Sherrill's brother, "Friday" Sherrill, and his wife.

Mr. and Mrs. O. J. Snow and son, Jack of Lubbock, visited in Carrizozo recently. Mr. Snow is the brother of C. A. Snow and Mrs. Mae Jordan, local residents.

Mr. and Mrs. Howell Grimes of Hobbs attended the recent camp meeting on Nogal Mesa. Mrs. Grimes is a sister of Mrs. Elizabeth MacVeigh.

Mrs. W. H. Nickels and daughter, Mary, have returned from Cordell, Okla., where they spent a week with Mrs. Nickels' aunt and uncle, Mr. and Mrs. C. G. Kern.

A farther foursome on the Cree Meadows Golf Course at Ruidoso are Carrizozoans Ralph Potty, George Zimmerman, W. J. Hadley and Dr. J. P. Turner. Wilbur McKnight of Hondo joins the group occasionally.

Mrs. Odell Baker and family of

gram of music and songs was presented. Those taking part in the program were Leota Pfingston, Emma Gens Hall, Mr. Peralta and his daughter Flora. We really appreciate having Mr. Peralta and Flora play for us. There were several out-of-town guests to eat with us, some from Carrizozo, Fort Stanton, Ruidoso and Nogal Mesa. Mr. and Mrs. Warren Gaston made a business trip to Elida this week.

Santa Rosa have been visiting Mrs. Baker's parents, Mr. and Mrs. Charlie Smith. Mr. Smith, who is the former owner of the News-Outlook, also entertained her son, Bradley, and his wife. They reside in Yuma, Ariz., where they operate a printing plant.

Mr. and Mrs. Lin W. Branum, Torrance, Calif., are the guests of the Clint A. Branum and their daughter, Barbara Jean, Santa Fe, this week. Mrs. Marjorie Close and her mother, Mrs. Nellie Branum, joined the group in Santa Fe last weekend to spend two weeks vacation. The vacation plans of Mr. and Mrs. Lin Branum include a trip to Laramie, Wyo., to visit their son who is attending college there. Mrs. Nellie Branum is expected to return to California with the Lin Branums for an indefinite stay.

Wesley Lane, nephew of the Lane sisters, arrived from the San Francisco naval station for a brief leave with relatives in New Mexico. The Lane family gathered in Roswell Sunday at the home of Mrs. F. E. Cummins, sister of the navy man, to welcome the traveler. Members who attended the reunion include Miss Margaret Lane, Mr. and Mrs. O. V. Moore, and Mr. and Mrs. R. L. (Friday) Sherrill, Carrizozo; Mr. and Mrs. John D. Lane, Lake Arthur, parents of Wesley, and Wade Lane and family of Ruidoso.

Mrs. Ann Earling, correspondent for the News-Outlook at Cap-

itan, writes from Boston that she and Mr. Earling reached there after a 12-hour delay. The day following their arrival they saw the Yanks play the Red Sox. Although Boston had blistering temperatures, that at East Bridgewater, where they are staying, she said, is just right and a beautiful section of countryside. She has been satisfying her taste for fresh blueberries, jams since arriving in New England, and reports TV reception good there they are up until the wee small hours.

IN THE THIRD JUDICIAL DISTRICT COURT OF THE STATE OF NEW MEXICO WITHIN AND FOR LINCOLN COUNTY SUMMONS AND NOTICE OF PENDENCY OF SUIT STATE OF NEW MEXICO: TO EMMA D. JENTSCH, and J. H. STEELE, sometimes known as Joshua H. Steele, if living; if deceased, their unknown heirs; The unknown heirs of the following named deceased persons: Emelle M. McConnell, Adolph J. Lahann, Charles Spence and Louise A. Spence, and All Unknown Claimants of Interest in and to the hereinafter described premises, adverse to the plaintiffs; GREETINGS: You and each of you are hereby notified that Raymond Perkins and Ruby Perkins have filed suit against you in the District Court of Lincoln County, New Mexico, in cause No. 5849 on the civil docket, for the purpose of quieting title in fee simple in said plaintiffs, to the property described in the complaint in said cause, more specifically described as follows, to-wit: Lots 6 and 13, in Block 2 of the townsite of Corona, as shown by the official plat thereof on file in the office of the County Clerk and Ex-officio recorder of said Lincoln County. Plaintiffs alleging that they are the owners of said lands and improvements thereon in fee simple.

WHEREFORE, you and each of you must appear and plead in said cause on or before September 25, 1951; or you will be in default and plaintiffs will proceed to secure the relief sought by their complaint, and you and each of you will thereafter be forever barred and estopped from claiming or asserting any right, title, lien or interest in or to said real estate.

H. ELFRID JONES, whose address is Carrizozo, New Mexico, is the attorney for the plaintiffs. WITNESS my hand and the seal of the District Court of Lincoln County, at Carrizozo, New Mexico, on this 30th day of July, 1951. (s) J. G. MOORE, Clerk of the District Court, Lincoln County, New Mexico. (D. C. SEAL) A 3-10-17-24

Private Dale Benesch has wrangled several weekend passes since being stationed at Fort Bliss, upon which he immediately made a beeline for Carrizozo. Benesch, on military leave from his job with the News-Outlook, is receiving intensive training at the El Paso camp and is uncertain as to his length of stay there. He is fortunate in being able to ride back and forth with mother, Mrs. Joe Petty.

Mrs. Cirilla Orosco, Tularosa, is the new bookkeeper at the Carrizozo Hardware Company. A sister of Mrs. J. M. (Keno) Ortiz, of this village, Miss Orosco is a graduate of the high school in Tularosa and was employed at the Engle Appliance Company there before resigning to take care of her mother who was ill. Now that the latter is fully recovered, Miss Orosco is resuming her business career and will make her home with her sister here.

Mrs. George Zimmerman and daughters, Annette and Charlotte, are vacationing at the summer home of Mr. Zimmerman's father on Indian Lake near Dowagiac, Mich. A family reunion is planned during Mrs. Zimmerman's stay at the lake which will be attended by Mr. and Mrs. George Zimmerman Sr., Waynesburg, Pa., and Mrs. Rene J. A. Sayers, Gary, Ind. The senior Zimmermans and Mrs. Sayers are the grandparents of Annette and Charlotte Zimmerman. A number of other relatives will also attend the family conclave. Following her Michigan sojourn, the junior Mrs. Zimmerman plans to visit in Montreal and Quebec.

Mrs. Nilo Miller's youngsters are elated with gifts sent to them recently by their father, Miller, who is in the Navy, made his purchases in Cuba while on shore leave there. For their little girl, he sent a chain and religious medal in gold and an aquamarine taffeta dress with rosebud trimming. Fashioned in a style faintly reminiscent of the days of Martha Washington, the dress has an accordion plaited underskirt that peeps out from under the draped overskirt. Their son is the proud owner of a white and blue sailor suit with sleeve emblem edged in gold braid, together with a knitted romper suit in white.

The John Davises of Lincoln complained bitterly of travelling over Highway 54 recently just after a heavy rain had made the stretch between Carrizozo and Corona a muddy morass. The Davises stopped to help some California tourists who had run amuck, but a few miles farther on (after criticizing the driving ability of Californians) landed in the ditch themselves. To make matters worse, other travelers just waved merrily as they passed, apparently loath to offer their services for fear of finding themselves in the same predicament. A passing highway truck finally came to their rescue much to the relief of Mrs. Davis, who is curator of the museum at Lincoln, and was on her way to Santa Fe in its interest.

More horses get sick from digestive disturbances than from all other causes combined.

PERSONALS

Dick Steinhilber, Milwaukee, recent guest of the T. E. Kelleys, has returned to his home in Wisconsin. Steinhilber is a nephew of Mr. Kelley.

Who caught it? "Friday" and Alma Sherill are both claiming the honor of catching the 35-pound catfish they brought home from their fishing expedition at San Marcial Lake.

Little Susie Shrum's finger is healing nicely after being badly cut when broken glass fell on her hand. Her older sister Margaret has been in the local hospital with an infected knee.

Mrs. Dorothy Guck, News-Outlook correspondent from Nogal Mesa, with her family, is on a trek into Kansas and Missouri. As rangers in a drouth area, she says it is their goal to examine the flood areas back in the Middle West and determine how Kansas does it. The Gucks expect to return sometime after the middle of August.

Ernest Crow and his son, Ellsworth, of Farmington, Mo., have recently moved to Carrizozo. Although no definite plans have been made, they hope to make their future home either in Carrizozo or in this area. The elder Mr. Crow is the uncle of the Petty brothers and their sister, Mrs. R. M. Grantham, who reside here, and the brother of their mother, Mrs. Joe Petty, who is now visiting in California.

Mrs. Cirilla Orosco, Tularosa, is the new bookkeeper at the Carrizozo Hardware Company. A sister of Mrs. J. M. (Keno) Ortiz, of this village, Miss Orosco is a graduate of the high school in Tularosa and was employed at the Engle Appliance Company there before resigning to take care of her mother who was ill. Now that the latter is fully recovered, Miss Orosco is resuming her business career and will make her home with her sister here.

CORONA

By MRS. A. E. MULKEY Mr. and Mrs. Kenneth Knight and son, Eddie, are back in Corona after a year's stay at Broadman, Ore., where the Knights were teaching. Knight will be one of Corona's high school teachers and coach again this year, and Mrs. Knight will teach the third grade. Miss Donnie Franks and Mrs. Calle Franks made a business trip to Albuquerque last week. Mr. and Mrs. Wesley King and children were visiting in Portales last weekend. Wayman Mays, son of Mr. and Mrs. W. A. Mays, is home after spending a year in the armed services in Japan. Miss Louella Mays came home this week from Amarillo, Texas, where she has been working. Mr. and Mrs. W. A. Melton and the Nolan Lovelace family were vacationing in Ruidoso last week. Coronans going fishing the past weekend were Mr. and Mrs. George Weynand, Clyde Jones and Sonny King, who went to Conchas Dam; the Willis Lovelace family went to the northern part of the state, and the Albert Mulkey family went to Elephant Butte Dam. Mr. and Mrs. Jessie Wade and son, Vernon, Charley Elbert and Bobby Dean, are on a vacation trip to Idaho where they plan to visit the Kenchelohe family. Mr. and Mrs. LeRoy Cooper of Beard, N. M., were here visiting the E. L. Jarnigans the first of the week. Mrs. Cooper is a niece of Mrs. Jarnagin. The Coopers were on their way to Oklahoma. A revival is in progress at the Corona Baptist Church. It began August 5 and will end August 19. Services are at 10 A. M. and 7:30 P. M. Rev. Paul J. Symms of Albuquerque is holding the revival. Everybody welcome. Misses Mary and Martha Bower of Lovelady, Texas, are visiting their aunt, Mrs. W. S. Dishman. They have been here for several weeks and expect to leave for home shortly. Mr. and Mrs. John Ingram are moving back home after spending the summer at Clovis.

NOGAL MESA

By MRS. HENRY PEEBLES Nogal, as well as the mesa, was well represented at the annual meeting of the Lincoln-Otero County Electric Cooperative in Cloudercroft August 4, but most of the folks returned very disappointed that there had been a mixup some way, and they were not classed as voting members. Hot tempers flared and sharp words spoken both pro and con. I am thinking the good citizens of Cloudercroft could truthfully say, "It was a hot time in the old town tonight." It was finally settled by postponing the business meeting 45 days. Mr. and Mrs. Kenneth Carroll and two children of Stockton, Calif., are visiting the Gilbert Peters. Mrs. Carroll is the former Mary Bouran, sister of Gil. Mrs. Lucille Smith and three children of Clovis are spending a couple of weeks with her parents, Mr. and Mrs. Dan Jones. Mr. Jones' sister, Mrs. Mary Bailey of California, was also a visitor over the weekend. Paul and Arlene Jones' small trailer house at the ranger station was filled to overflowing Sunday when the Peters, Paul Jones' parents, Mr. and Mrs. Dan Jones, and the senior Jones' houseguest dropped in. Other visitors included Virgil Jones, another son of the Dan Jones, and his sister, Mrs. LaMoine Peters and family. A picnic lunch was served. Peg Pfingsten celebrated his birthday anniversary Sunday at the Carrizozo rodeo in Ruidoso.

Kids Rodeo Scheduled For Three Rivers Aug. 26

The annual Kids Rodeo, sponsored by the Tularosa Lions Club and Thomas F. Ryan III, Three Rivers, will be held on the Ryan ranch at Three Rivers August 26. The program includes calf roping, calf riding, team ribbon roping, barrel race and contests for the best costumed cowboy and cowgirl. The senior division includes boys and girls over 12 years of age, and the junior division for those 12 years or under. Entrance is limited to New Mexico boys and girls and all entries must be in by August 22. Carroll Johnson, Three Rivers, is in charge of registration. Rodeo officials include A. F. Stover, Ray Tucker, Ray Prather, T. A. Spencer, Claude Branum, Harry Straley, Tom Babers and T. A. Spencer Jr. The winner in the senior division will be entered in the El Paso Kids Rodeo August 31-Sept. 3, with all expenses paid by T. F. Ryan of Three Rivers.

Why Wait Another Day?

THERE'S no reason under the sun why you should postpone the extra satisfaction of owning a Pontiac. Stop in as soon as you can, we'll work out a deal—and then you'll appreciate the extra satisfaction of a Pontiac! You'll notice it first in the pride you take in your Pontiac's distinctive beauty, for there's nothing else like it. You'll notice it every mile you drive,

for your Pontiac will perform brilliantly, year after year. You'll notice it, too, in the admiring glances of others, for Pontiac is always sought after, always valuable.

But best of all you'll notice it on the price tag—for the extra satisfaction of a Pontiac costs nothing! If you can afford any new car you can afford a wonderful new Pontiac!

Equipment, accessories and trim illustrated are subject to change without notice.

Time Magazine Features Nopal Mesa Camp Meet

The following feature story on the Nopal Camp Meeting is from the July 30 issue of Time magazine. Rancher Joe Evans got his religion in an American frontier home where a Bible and a rifle were the two indispensable items of furniture. His rancher father and his mother were devout Baptists, and father fought his share of Indians. In 1890, when Joe was 9, his parents helped found a series of outdoor camp meetings which are still held in West Texas. Joe watched well-raising Jeff Davis County become law-abiding to the point where the grand jury, 11 years running, could find nobody to indict. When Joe Evans expanded his holdings westward, he noticed that New Mexico had the same religious problems as West Texas—the range country was too sparsely settled to support regular churches—and that there were no camp meetings to fill the void. In 1939, he took the problems to the Rev. Everett King, then secretary of the Northern Presbyterian's National Missions board. King was fascinated. "This is perfect," he said. "You know the ranchers and have the camp-meeting experience, but you have no equipment. We have the equipment, but don't know much about organizing camp meetings."

Washington Newsletter

By JOHN J. DEMPSEY, M. C. WASHINGTON, Aug. 9. — Return of the Interior Department appropriations bill to Senate and House conferees for final agreement will not delay action on the channeling of the Middle Rio Grande in the San Marcial area, according to advice I have just received from Michael Straus, commissioner of reclamation. Commissioner Straus says that he will proceed immediately with calls for bids on the work so that no delay will be caused in completing this vitally necessary project. The item of \$1,462,000 is not in dispute and all conferees have agreed that it will remain in the completed bill as approved by the conference. With this assurance, Straus says, he is fully justified in expediting the work so that the heavy water loss in the San Marcial swamp area may be ended at the earliest possible time.

White Oaks

By MRS. ELLYN WHITWELL. Mr. and Mrs. Robert Huffmyer, son, Bobby John, and Bobby Hicks of Carrizozo, went to Elephant Butte last weekend on a fishing trip which they report as a most successful one. They were joined at the dam by Mr. and Mrs. Emmet Starkey and Mr. and Mrs. Milton Huffmyer and daughter, all of Morenci, Ariz. Mrs. Starkey is a daughter and Milton Huffmyer a son of the Robert Huffmyers. Leonard Whitwell has returned to work at the power plant at Carrizozo after a brief period of hospitalization at the Lincoln County Municipal Hospital. Miss Carol Queen, Carrizozo, and her cousin, Talulian Lee of Douglas, Ariz., visited their aunt and cousin, Mrs. Leonard Whitwell, for a few days this week. Robert Huffmyer and son Bobby John were in Roswell on business this week. Mrs. Bob Crenshaw and grandson, Robert Armstrong, are spending the summer in White Oaks. The Q-B-Q mill is running on a 24-hour schedule now with 10 employees. Bud Queen is in charge of the mill. White Oak's present population is 41.

Side Oats Gramma On Display At Local Bank

Rex Werner, Carrizozo district conservationist, has another display of range grasses at the Carrizozo bank, according to Austin Albert, county extension agent. The grass on display is side oats gramma. This grass is a vigorous grower. It produces a considerable volume of leafage per plant and is a valuable forage plant. It is highly palatable as are all the gramma varieties. It is both a good winter and summer forage although slightly inferior to blue, black or spruce-top gramma for winter feed. Side oats gramma produces a fair amount of seed of rather low viability and is propagated in the main by underground root stalks. It is considered excellent for conservation use. It produces a good volume of leafy forage and is adapted to a wide variety of soil and climatic conditions. The root system is fairly deep and well branched; thus the plant can effectively utilize available moisture. Seeding rate is 10 pounds per acre with other grains.

Official Honored

Mrs. Jackie Burnett, president of the Captain VFW Ladies Auxiliary, was pleasantly surprised July 25 when members of the post and its auxiliary celebrated her birthday with a covered dish supper and party. The traditional birthday cake was cut by the honoree. Guests who were there from Lincoln, Carrizozo and Fort Stanton included Roger Schenck, department chairman of marine affairs of the VFW, and James Ridgway, Ruidoso, recently returned Korean veteran. Dancing followed the supper.

IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN.

IN THE MATTER OF THE ESTATE OF JESSE RAMER BLACKSHERE, ) No 751 Deceased.

NOTICE OF HEARING UPON FINAL REPORT AND ACCOUNT OF ADMINISTRATRIX

STATE OF NEW MEXICO, TO: Harriet Blackshere Wilson, John Ramer Blackshere, and to all unknown heirs of Jesse Ramer Blackshere, deceased, and to all unknown persons claiming any lien upon or right, title or interest in or to the estate of said decedent, GREETINGS:

NOTICE IS HEREBY GIVEN that Harriet Blackshere Wilson has filed her final report and account as Administratrix of the Estate of Jesse Ramer Blackshere, deceased, together with her petition praying for her discharge, that the Honorable Elwood Chavez, Probate Judge of Lincoln County, New Mexico, has set Tuesday, the 2nd day of October, 1951, at the hour of 10:00 o'clock A. M., at the Court Room of the Probate Court at Carrizozo, Lincoln County, New Mexico, as the day, time and place for hearing objections, if any there be, to the final account and report; that at the said time and place the Probate Court will consider the final report and account and will proceed to determine the heirship of said Jesse Ramer Blackshere, deceased, the Ownership of his Estate, and the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof.

The name and address of the attorneys for the Administratrix is BRENTON & HALL, Carrizozo, New Mexico.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of the Probate Court on this the 7th day of August, 1951.

J. G. MOORE, Probate Clerk.

By Otila E. Vega, Deputy, (P. C. SEAL) A 10-17-24-31

Although defense production, and wage and price control officials have characterized the defense production act as passed by the Congress and signed by the President as inadequate and "an invitation to further inflation," I cannot fully agree with their viewpoint. I believe the law to be adequate in virtually all respects providing it is properly administered — administered efficiently, intelligently and impartially.

PERSONALS

Mrs. Allen Brown, San Angelo, is visiting her daughter, Mrs. William Wrye, and family at Bingham.

Mr. and Mrs. Omer Spurlock returned to their home in Logan Monday after spending the past week as the houseguests of Mr. and Mrs. Lewis Farris. Other recent guests of the localites were Mr. and Mrs. Ed Luvaul, Monahans, Texas.

How to KEEP HAULING COSTS TRIMMED DOWN for the long pull

You save money mile after mile, year after year with trucks that can "take it" and still stay on the job! Yes, the longer a truck lasts, the easier it is to write off the original cost. And Ford Trucks DO last longer. Life insurance experts have proved it again in 1951! And longer truck life is just one of the many features that make Ford Trucks first in the long haul. See, only Ford offers the POWER PILE to give you the most power from the least gas!

And longer truck life is just one of the many features that make Ford Trucks first in the long haul. See, only Ford offers the POWER PILE to give you the most power from the least gas!

Availability of equipment, accessories and tires as illustrated is dependent upon material supply conditions. \*STAG EXTRA tire shown (loaded truck).

HELP CRIPPLED CHILDREN

Just when the Congress will be able to complete its work and adjourn the present session is still pretty much of anyone's guess. Present indications are that another 60 days may bring about a situation when the legislative program will be completed and the senators and congressmen can go home until the start of the new session in January. That, of course, is entirely contingent on the international picture and changes in the defense situation.

**LINCOLN**

**By MRS. J. E. PHILLIPS**  
Everyone is too busy around Lincoln to bring in any news. All the talk and activity centers around "Old Lincoln Day" and the pageant.

Much work is being done in the old Penfield store and it is shaping up into a wonderful museum. Each day I find something there I hadn't seen before. It fascinates me. I think it will do the same to practically everyone.

Mrs. Annie Ramey has been in the Carrizozo hospital for the last few days. We certainly hope she gets to feeling much better soon. Barbara McGrew, granddaughter of Mrs. Annie Ramey, fell and fractured a bone in her foot last week, so she's wearing a cast.

Mr. and Mrs. Jim Howard and son of Fort Stanton visited the Phillips Sunday. Also guests at the Phillips home Sunday were Ernest and Robert McDaniel of San Patricio and their sister, brother-in-law and children from New York.

Ernestine Short came over from Lordsburg for a visit with Ethelyn Phillips and while riding a horse rode under a limb and fell from the animal, breaking her arm. Her parents, Mr. and Mrs. E. J. Short, came after her Monday. Hope she's doing all right.

Mrs. Jeff Dockray and Mrs. McGrew did a wonderful job putting on a Negro minstrel with the help of the Girl Scouts. It was presented at the American Legion Hall in Captain with a large and appreciative audience. Mr. Murphy gave the Girl Scouts some water melons so the girls and their sponsors had a water melon party this week.

Judy LaMay is down from Nogal visiting her grandmother and helping out in the pageant. Priscilla Maes was quite ill with a cold, last week but is feeling well again.

Sofia Luna is over from Carrizozo visiting her grandmother.

Mrs. Mattie Wright has as guests her brother-in-law and sister, Mr. and Mrs. Terrell of McKinney, Texas. Also up from Roswell for a few days are Miss Fula Dybeo and Mrs. Donald Dye. It is certainly nice to be able to see so many friends at pageant practice.

Barbara McKnight and Ann Carol Hurd rode over Tuesday to picnic with Ethelyn Phillips.

Bosa and Emello Zamora and Mrs. Ernest Salas are back from summer school at Las Cruces. We're all glad to have them home.

Leopoldo Lujan is working near Blue Water.

Bony Baca and Ruby Salazar, who have been working on the north side of the Captains, are home to help us see the pageant through.

Lincoln was well represented at the REA meeting in Cloudercroft last Saturday. Some who attended were Mr. and Mrs. Giles Ramey, Mr. and Mrs. A. L. Hulbert, Mrs. Ruth Martin, Mr. and Mrs. John Davis, Cristobal Zamora.

**PERSONALS**

Elaine Shultz accompanied Mrs. Walter Lenard and her son, Alton, on a recent trip to Carlsbad where they visited with Alton's sister, Velda Lenard.

Bobby Jones, son of Mrs. Laura Jones, who is the surgical nurse at the local hospital, has returned from an extended vacation spent with relatives at Yates Center, Kan.

Mrs. Gussie Johnson will vacation next week at her home here while she entertains a friend, Mrs. Mabel Dodson of Long Beach. Mrs. Mary Johnson will replace the city clerk during her absence.

Word is received that Carol Hadley, daughter of the W. J. Hadley, has completed her summer school classes at Druid Hills, Ga., where she will enroll this fall for her last year of high school work.

Alfred Hadley, son of Mr. and Mrs. W. J. Hadley, has returned to the naval station at San Diego after an 18-day leave. Hadley, a storekeeper in the navy, recently returned from a tour of duty in the Korean theater. His ship, an LST, made six landings at Inchon in preparation for the last drive that was made there. The young sailor's ship is in drydock undergoing a complete overhaul.

Colonel and Mrs. M. R. Lemon, Kelly Field at San Antonio, Tex., and three daughters, Jeannette, Marilyn and Linda, are spending a two weeks vacation with Colonel Lemon's parents, Mr. and Mrs. R. E. Lemon. The major portion of the vacation period is being spent at the cabin on Eagle Creek owned by the colonel's parents, where the Army man has been enjoying lots of fishing as well as golfing at nearby Ruidoso.

**Roswell Bares Plan—**

(Continued From Page 1)

ing to Woodbury, operating costs are about \$76,985 and pipeline replacement cost for the railroad has been running around \$95,000 per year. Figures quoted in the newspaper article and based on the 1950 supply and use indicated a surplus of 413,820,766 gallons of water, would be available annually to Roswell, if that city could join the corporation.

Further statistics quoted indicated if all the available water were sold at 50 cents per 1,000 gallons, the yearly income would be \$306,889, and that subtracting the estimated annual cost of operation, would leave a net yearly income of \$231,000. The Roswell committee said financing could be done by several methods. One method explained in the newspaper article was to sell bonds for a period of 20 years at 5 per cent or less interest, with the 20-year period broken down into two 10-year terms. Forty thousand dollars worth of bonds would be retired annually during the first 10 years, and the average interest during that period would be \$90,000; \$130,000 was the amount given as service cost on a debt of that amount, and an annual allocation of \$100,000 would be made the first 10 years for pipeline replacement, or a total cost of \$230,000 annually.

During the second 10-year period, pipe replacement would be held to a minimum, thereby releasing all or a major part of the \$100,000 annual cost, and the amount released would be applied on the debt service. The debt schedule for the last 10 years would call for the retirement of \$100,000 worth of bonds yearly with an average interest cost of \$10,000 or a total of \$200,000 annually. Thus, \$31,000 would be available each year for contingencies and general maintenance.

The newspaper story stated Roswell wants the surplus water in reserve in case the artesian water level is reduced to the danger point, and that the city has no means of expanding its water system other than by the purchase of the Bonito property. It appears also that the artesian basin water might become saline.

which would make it unusable for domestic consumption. The Bonito water would give the city soft water six months out of the year, it said. Woodbury is quoted as having indicated in a report that replacement of 22 miles of wooden pipe would have to be made almost immediately if the system were purchased.

The capacity of the dam is given as roughly 400,000,000 gallons with additional storage leased by the Southern Pacific from the U. S. government at Nogal Lake, and the latter is reported to be of similar storage capacity as Bonito. It is filled by a steel pipeline from the dam. Another dam on Eagle Creek is also included.

**PERSONALS**

Miss Margaret Shrum has returned to work at Petty's General Merchandise following a brief period of hospitalization with an infected knee.

Birtha Shrum is proudly displaying a new watch band of yellow gold hearts. Shall we name the donor, Birtha?

Mrs. Allie George and Mr. and Mrs. A. Q. Dillard of Lubbock, Texas, have been the guests of the R. C. Withers. Mrs. George and Mrs. Dillard are the sister and niece, respectively, of Mrs. Withers.

## AND CARRIZOZO OUTLOOK

CARRIZOZO, NEW MEXICO, Friday, August 10, 1951

### Chinese Profiteer

AMERICAN truce negotiators in Korea have noted with interest that the Chinese Communists are using American jeeps. The American public has also wondered not only how the Communists were able to obtain American equipment, but why the Nationalist government was driven out of China.

The sub-rosa operations of the Chiang Kai-Shek family may be one of the answers. Another of their operations has just come to light—a move by a Chiang brother-in-law, with other wealthy Chinese to corner the soybean market at the expense of the American public.

The brother-in-law is T. L. Soong, brother of foreign minister T. V. Soong, who formerly handled much of the three and a half billion dollars worth of supplies which the United States sent to China during the war. The soybean pool netted a profit of \$30,000,000 and shot up the cost to the American consumer \$1 a bushel.

One of the strange things about the soybean manipulation was that its operators knew exactly the right time to buy up the world's soybean supply—a few weeks before the Communists invaded Korea.

Recently this column told how Eugene Soong, son of T. L. Soong, together with L. K. Kung, son of Dr. H. H. Kung, another brother-in-law, sold a huge quantity of precious tin to the Chinese Communists. As a result Secretary of Commerce Sawyer has now barred this group, together with three law partners of Ex-Secretary of Defense Louis Johnson, from getting export licenses to trade with any country for three years.

It was the father of Eugene Soong, T. L. Soong, who bought up half a million bushels of soybeans before the Korean war in May, 1950.

### GOP Targets for '52

A frank outline of GOP campaign strategy for 1952 was presented to key Republican senators' assistants by A. B. Hermann, the energetic national committee executive director, in a private meeting the other night.

The tall, banjo-eyed Hermann, one-time big-league ballplayer, confided: "We won senate seats last year wherever we took our gloves off. There were only two states we should have taken and didn't and that was because our nominees refused to punch hard—Missouri and Connecticut."

"Why," complained Hermann, "we had to bootleg speakers like McCarthy into Connecticut."

The "prime targets" in 1952, he said, were Scott Lucas in Illinois; Francis Myers in Pennsylvania; Elbert Thomas of Utah, and Millard Tydings of Maryland.

Turning to Frank Smith, assistant to Sen. John M. Butler, who defeated Tydings, Hermann continued: "We did a beautiful job in Maryland and Utah, Frank. I don't see why the Democrats yelled so much about the composite picture in your campaign, when, by comparison with the anti-Thomas newspaper in Utah, your publicity was like a country gentleman's."

He referred to the fact that in Utah, a supposed "congressional record" with statements attacking Thomas as a pro-Communist was circulated to all mailboxes in the last hours of the campaign—so late that Thomas had no opportunity to reply.

"We all know Senator Thomas was not a Communist," Hermann explained, "but these tactics were necessary to balance the pseudo-liberal newspapers which were for him."

Pointing to Dick Cardin, administrative aide to Sen. Arthur Watkins of Utah, Hermann continued: "There's the fellow who gets a lot of credit for that victory. Senator Bennett (the Republican who beat Thomas) is very much indebted to him."

The 1952 target areas, Hermann indicated, were to retain all Republican seats in the New England and Atlantic states, and pick up new senators in Arizona, New Mexico and Wyoming.

"We have Republican governors and some patronage strength to put on real straps," he explained. "Also, we have a fighting chance of picking up seats in Maryland, Kentucky, West Virginia and strengthening our position in the south. On the other hand," he said, pointing to a map behind him, "we could lose four or five senators."

### Oil and Gold

Ex-Sen. Sheridan Downey of California recently met radio correspondent Rudy Block in a capitol corridor. Downey, who rose to political fame on an old-age pension scheme known as "ham and eggs," a number of years ago, is now lobbying at \$2,000 a month for tidal-lands oil.

"Well, Senator," said correspondent Block, as they shook hands. "I see it's from ham and eggs to oil and gold."

### SCANNING THE WEEK'S NEWS of Main Street and the World

## Quick Agreement in Korea Unlikely; Control Fight Confused Main Street

A LONG WAY FROM PEACE—As much as the people in the home towns of the nation desire peace, the majority approved the United Nations' flat refusal to talk about withdrawal of allied troops from Korea. The UN pointed out, and rightly so, that the question was purely political and could not be discussed at the preliminary talks.

Most observers are inclined to believe the Reds will withdraw their demand that the issue be put on the agenda. If they don't withdraw, it is almost a certainty that truce talks will collapse.

Red General General Nam Il, head of Communist delegation to peace talks in Kaesong, issued demand of withdrawal of foreign troops from Korea.

Even if the troop-withdrawal issue is solved, however, home towners should realize it will not necessarily mean a cease-fire in Korea. It will be merely an agreement on what subjects to discuss in seeking a cease-fire.

The issue of withdrawing all foreign troops from Korea will come up again in the main talks. As a result, there is only one logical conclusion the home towners can draw; the world is a long way from peace.

SHADOWS OF 1952—The long shadows of 1952—the presidential election year—again fell across the national scene with a speech by Sen. Robert A. Taft.

In an address described as the jump-off for his bid for the 1952 GOP presidential nomination, Taft described the Korean conflict as "a useless and expensive war brought about by the Truman administration."

Despite the fact he approved intervention in Korea, Taft charged that the United States is involved in a "useless and expensive war."

Besides attacking the administration's foreign policy, Taft promised that the GOP would restore "honesty and integrity to government" after the 1952 election and end "the low moral tone, the dishonesty and the inefficiency" of the Democratic administration.

CONTROL FIGHT CONFUSING—To most home towners the battle over the price control bill, which should by this time be the law of the land, has been a fight of confusion. The house and senate versions of the bill differed in many details. And even one representative, when asked how his amendment to the bill would work, replied he didn't know.

For the average American, it has been much the same. He has been unable to understand the many details of the bill and the conflicting viewpoints of the proponents and opponents of price legislation. Only one thing he understood: the administration wanted a stiffer price control law, but seemed doomed to defeat.

The administration contended that old controls should be extended and strengthened. That the old law was inadequate, particularly in controls of food prices, rents and credit. A stronger law was needed in the face of government defense spending during the coming months.

These arguments, however, did not impress congress. Opponents of the administration argued that the President just urged stronger controls as a "power grab." Skillful lobbyists for business interests also battled to weaken controls.

Just before the final version was due out of the house-senate committee, observers believed the administration would be thankful for any kind of bill and that it would be signed immediately upon receipt by the White House.

TRAINING PROGRAM OVER—Thousands of World War II veterans in the small towns and big towns of the nation received educational benefits under the GI bill that expired last week.

And despite the abuses of the program, educators, congress and the veterans administration agree that it has produced benefits the nation will feel for a long time to come. Thousands of veterans reaped educational benefits that they could not have otherwise afforded.

Approximately 7,000,000 veterans received training for an average of 15 months each. They drew \$3,700 billion in subsistence. The rest of the \$12,430 billion cost went for tuition, fees, equipment, books and counseling.

Veterans college enrollment hit its peak in December, 1947, when 1,150,000 discharges crowded back to the campus. To date, a total of 2,200,000 veterans have studied in institutions of higher learning. But even more—3,330,000—have taken courses below college level in nearly 28,000 grade schools, high schools, vocational, trade, business and correspondence schools.

SPECIAL FLOOD APPEAL—For the first time since 1933, the American Red Cross launched a general disaster fund appeal in an effort to raise \$5,000,000 to help 45,000 families affected by the midwest floods.

Flood waters of the Missouri river caused millions of dollars of damage in Kansas, Missouri, Oklahoma and Illinois. It was possibly the most costly flood in the history of the nation.

In the four-state area, the Red Cross was reported housing 17,000 flood victims in 80 shelters, and feeding 42,000.

King Is Assassinated Prince Naif (left), was appointed regent of Jordan after the assassination of his father, King Abdallah (right). The king was shot as he entered a mosque in his capital of Amman. In center is King Faisal of Iraq.

PRICE WARS END—According to a senate report the price wars that started in New York after the Supreme Court's "fair trade" decision have all but died out.

The report said cutting of fair-trade merchandise occurred in 43 of 123 leading trade centers throughout the country. In the 43 cities, only 825 of 77,241 stores set prices on one or more items of merchandise below the resale price recommended or set by the manufacturers.

The report showed Denver leading the list with price cuts in 300 stores, Detroit second with 175, and New York third with 100.

JAPANESE TREATY NEAR—The possibility of a quick Japanese peace treaty became evident last week when the United States invited 50 nations, including Russia, to join in signing the agreement at a conference opening September 4 in San Francisco.

Mixing from the invitation list were the Communist and Nationalist governments of China, South Korea, and Italy.

Although the Russians were invited, they are expected to refuse to sign the treaty, which the Soviet has denounced. In all likelihood, however, the Russians will send delegates to the conference to attack the treaty.

HANGOUT . . . Red soldiers stand about Communist-U.N. truce building in Kaesong

TIME OUT FOR CHOW . . . Vice Admiral Turner C. Joy (left), head of the United Nations delegation at the truce talks in Kaesong, and Major General Henry I. Hodges pass an armed Communist Korean guard on their way for chow during a recess in the truce meetings. Note marked hostility on guard's face. The big point that was holding up negotiations at this time was the question of removal of foreign troops from Korea. The North Koreans and the Peiping radio were asking complete withdrawal of all foreign forces from the war torn land and a dividing between north and south at the 38th parallel and a buffer zone.

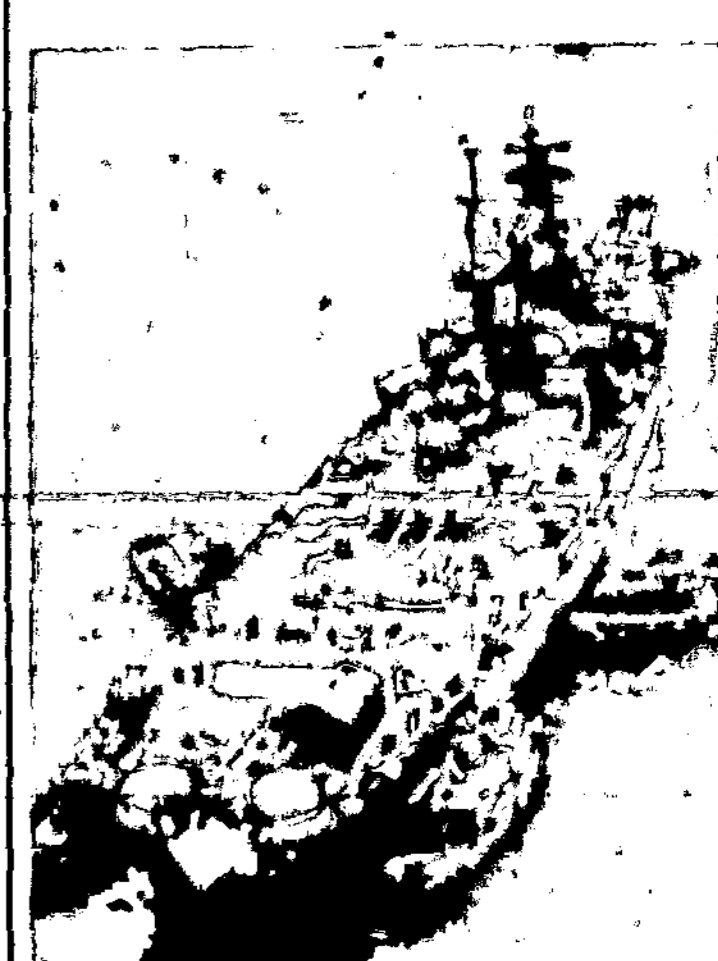

TREAT FOR GI'S IN TRUCE CITY . . . Six American GI's, part of the auxiliary personnel inside the armistice city of Kaesong, Korea, for the truce talks between U.N. and Red officials, reach into a box of candy offered by a girl in a North Korean army uniform, playing lost to the United Nations soldiers. The Communists called off the talks for a few days for what U.N. officials believe was a chance to communicate with Peiping and Moscow. Big issue raised between the negotiators at the time this was taken was the Communist demands that all foreign troops be removed from Korean soil.

TWINS COMMISSIONED . . . Jane (left) and Jean Van Egey, first twins to be commissioned in women's medical specialist corps, pose before flag in New York City shortly after they were sworn into the army as second lieutenants. They will begin a 12-month physical therapy course at the Medical Field Service school, Fort Sam Houston, Texas, followed by clinical practice at a large army hospital. Women's medical specialist corps, established in 1947, is the army's youngest corps in operation today.

HAPPY KISS . . . Actress Madge Meredith kisses horseshoe at prison for women, Tehachapl, Calif., after release. She served three years after conviction of conspiracy in kidnaping and beating of her manager, Nick Gianelli, with aid of others.

DE-MOTHED . . . Battleship Iowa nudges into new berth at the San Francisco naval shipyard to facilitate her de-mothballing prior to recommissioning in the active fleet. The mighty ship is ready for a thorough going-over before sailing on active duty.

KAISER SON DIES . . . Ex-Crown Prince, Friedrich-Wilhelm, 59, son of late Kaiser Wilhelm and direct descendant of Hohenzollern family that once ruled Germany, died recently in Hechingen, Germany, following weeks of illness during which he was alone.

HORSEBURGERS . . . Virginia Greenwood, Arlington, Va., a t's horsehead, prepared by her mother in lieu of too-expensive steak. Because of his reluctance to enforce beef price rollbacks, the present congress in called the "Horsemeat Congress."

MIRROR Of Your MIND

Goldiggers Found Incapable of Love

By Lawrence Gould

Are goldiggers really mercenary?

Answer: Not at bottom, maintains Dr. Edmund Bergler. The goldigger is essentially a girl who is incapable of loving anybody. But two things reveal the fact that money is not what she is really after...

Are most people conscious of their age?

Answer: Not in any realistic sense, says Dr. G. Kafka in Acta Psychologica. The average person gets a fixed idea of his own age at about 25 and thinks of his friends as of the same age...

WOMAN'S WORLD

Good Room Arrangements Please; Offer Liveability

By Erita Haley

THE way in which you arrange the furniture in your living room has much to do with whether you want to spend time in it, and also whether it's attractive.

Good arrangement is dictated by common sense and liveability. If you feel that almost everyone has furniture arranged in a traditional pattern, it's because accepted styles have been time-tested for popularity, comfort and convenience.

Large pieces just naturally go against the walls. Who wants to clutter and crowd the middle of the room with them? The desk doesn't belong in a dark corner. Who would want to sit at it and write?

Sofas and chairs are usually grouped together. It's only natural to have them so if you have a group of people who want to talk to each other, and not all the way across the room.

Easy chairs, on the other hand, are usually placed in a corner by themselves. This gives a secluded corner because this chair is used for reading and relaxing, and this is done alone.

Convenience, however, is not enough. If you want a room to be thoroughly pleasing, see that you have one single grouping or a focal point which is so interesting it cannot be missed.

Focal points in the room give zest to convenient arrangements; they're like the seasonings in food, essential for full enjoyment. Sometimes rooms have their focal points already in them. Take for example, the living room with a wall above them. Should the room be small, a mirror above the mantel is excellent decorative treatment.

If a smaller mirror is used, it might be framed by two or three small prints on either side.

Makes your rooms attractive...

fireplace. It's only sensible that this should be the main center of interest in the room.

How to Make Room With Mantel Interesting

If your room has a fireplace and a mantel over it, as they usually do, it's easy to make the room interesting. Here is a natural place for all sorts of objects that can be conversation-creating and interest-stimulating.

Your own individual hobbies may be the means of arranging the mantel properly. What about an heirloom clock and a collection of copper, brass or pewter? Here the room can reflect your tastes and interests, and thus give it character, as well as clues to your personality.

Small, narrow mantels which do not hold much on the ledge can be used by placing something on the

Summer Stole Fashion

India print cotton is used by a New York designer for this pretty little party dress with a stole to cover or uncover the shoulders. The colorful fabric is designed in green, lavender and white to the deep and darker border, blending red with green and white. Bonding shapes the bodice to the figure.

Use an Upright Piece For Center of Interest

A room need not have a fireplace with a mantel for the room to be interesting, or to have a center of interest. A fireplace has architectural quality, and is also an upright, so it's only natural for it to be used as the main point of interest.

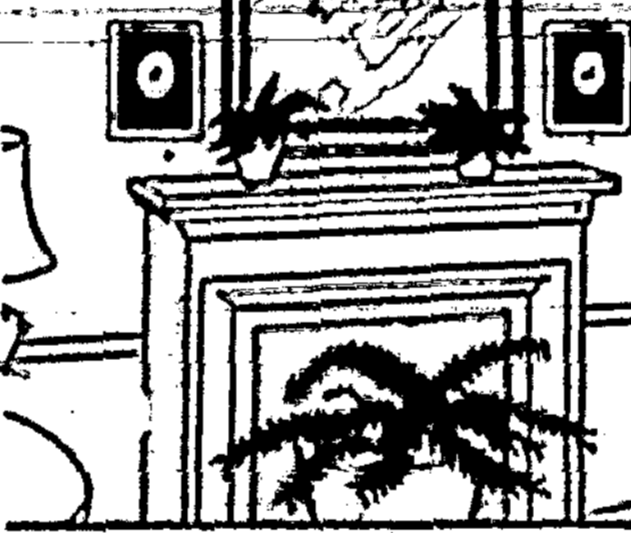

An upright because it breaks uninteresting expanse of wall space is essential. This might be a floor to ceiling bookcase, wide enough to fill almost the whole wall. Against this might be placed a comfortable grouping, a sofa set against the bookcase, a coffee table in front of the sofa, and chairs to either side of the coffee table.

Picture windows or a large picture window can be the center of interest, can be interesting in the evening, too, if they have the proper drapes. The material should be attractive, and the drapes made full and luxurious, floor length, so that when drawn, they will be a decorative asset.

How to Create Balance in Living Rooms

If you feel strangely uncomfortable in a room, look at it carefully to find out why. Perhaps it does not have the proper balance.

A mantel at the end of a room should be balanced on the opposite wall by a bookcase or a table and chair grouping. This will give the proper sense of balance to the room.

Use ones built by a carpenter installed to replace them. Keep the mantel suitable to the type of fireplace as well as to the room itself so that the feeling of unity is not destroyed.

Make your rooms attractive...

with a center of interest.

Use an Upright Piece For Center of Interest

A room need not have a fireplace with a mantel for the room to be interesting, or to have a center of interest. A fireplace has architectural quality, and is also an upright, so it's only natural for it to be used as the main point of interest.

An upright because it breaks uninteresting expanse of wall space is essential. This might be a floor to ceiling bookcase, wide enough to fill almost the whole wall. Against this might be placed a comfortable grouping, a sofa set against the bookcase, a coffee table in front of the sofa, and chairs to either side of the coffee table.

Picture windows or a large picture window can be the center of interest, can be interesting in the evening, too, if they have the proper drapes. The material should be attractive, and the drapes made full and luxurious, floor length, so that when drawn, they will be a decorative asset.

How to Create Balance in Living Rooms

If you feel strangely uncomfortable in a room, look at it carefully to find out why. Perhaps it does not have the proper balance.

A mantel at the end of a room should be balanced on the opposite wall by a bookcase or a table and chair grouping. This will give the proper sense of balance to the room.

Have Furniture Scaled To Room Size

All of us have been in rooms which seemed too crowded although they really didn't have much furniture in them after it was counted. What was wrong? The furniture was too big for the room.

"But I can't go out and buy furniture," you say. There are other ways to do it, and still keep the room in as good scale as can be achieved. First, place all large furniture against the walls and keep the center of the room free. This makes for a spaciousness and air of comfort.

KATHLEEN NORRIS

Some Advice from Golfer Hogan

ONE REASON that women swarm to the offices of psychiatrists is that they don't like their jobs. Marriage is a job; a tremendous job. No chance that ever comes to her in her single life is half as important as is this new job, where a woman assumes of her own free will, says golfer Ben Hogan.

It means a change in everything, for her, it means she has agreed to live with this comparative stranger in circumstances entirely new. It means that she has to give up her way, at least half of the time, work for him and with him, worry over his worries, adapt her enjoyments to what amuses and interests him, and all the time be going through delicate and emotional crises, that, to her girlhood, she could not possibly have foreseen.

If Children Come

If children come there must be faced all the phases of life's most tremendous experience, with its mental, moral and physical significances. If the decision between this young couple is against assuming the responsibility of children, then serious injury is sometimes done to the woman's soul and mind. She

... lives with this stranger...

may quite readily agree to the no-family plan, but she is being thwarted, and deep inside she knows it. That any man can influence her to keep her children from her arms is deeply hurtful to her dignity; children fulfill her reason for being, and she is cheated without them.

Yes, it's a business, marriage, and a girl ought to go into it determining to be better and wiser than she was before, willing to give up such pleasures and interests as cannot be shared, willing to sacrifice a good deal today for the sake of tomorrow.

Men starting new business ventures count on sacrifice and hard work in these years of getting established. Women marrying rarely do, nowadays. And yet the success of a marriage depends almost entirely upon the woman.

Unless a tremendous amount of spiritual goodwill, and the hourly daily use of common sense, reasonable humility, humor, energy, inspiration is put into this dangerous intimacy, any marriage will go on the rocks. Then there will be divorce, or the desperate appeal to some complete stranger to listen to the whole stupid story and try to straighten it out.

Trouble with Women

Over and over again, a successful psychiatrist told me, the trouble with a woman, when she digs deep down into her consciousness for it, is that she is not quite as fortunate as some other woman in her group.

Love

EMERGENCY MAIL

P.S.—That news in last night's Daily was not Lewiston's. I hope it was either Tall's or Stinson's.

LOOKING AT RELIGION

87-YEAR OLD, PART-TIME CLERGYMAN EMANUEL PAULET HAS VISITED PATIENTS OF ST ELIZABETH'S HOSPITAL IN GRANITE CITY, ILLINOIS, EVERY DAY FOR 30 YEARS FOR VISITING PEOPLE OF ALL AGES AND FAITHS. HE HAS COME TO BE KNOWN AS "THE GOOD SAMARITAN."

KEEPING HEALTHY

Keep Ill Child Quiet in Polio Time

By Dr. James W. Barton

There have been so many epidemics of infantile paralysis that physicians are learning to recognize cases earlier and so prevent much of the paralysis that accompanies this disease.

In Annals of Internal Medicine

Dr. John H. Paul of Yale University points out that the average course of infantile paralysis (poliomyelitis) in succeeding epidemics, contains a decreasing percentage of persons over age 15. There is no explanation for this fact but it is found that the percentage of cases which do not result in permanent paralysis is apparently increasing. It is because so many older individuals now contract infantile paralysis that most physicians use the name poliomyelitis instead of infantile paralysis.

Symptoms of poliomyelitis found in both early and late cases are fever, vomiting and headache, whether or not the disease progressed to paralysis. The type of onset in young children seems to differ from that of

HEALTH NOTES

- High blood pressure is often a forerunner of heart strokes. Sore feet are a physical and mental hazard. Ill-fitting shoes during childhood are a major cause of sore feet in adults. Many times the alcoholic's pride will not let him recognize that he cannot manage his drinking successfully.

ONCE OVER

Emil Wonders Who Wins War

By H. J. Phillips

Somebody in Korea

DEAR BABE: Well we may have to have a cease fire in the cease-fire proceedings. All the enemy wants is our two front teeth. Like I was afraid of from the first, the whole idea is to switch the Korean war from Korea to the foot of 43rd Street in New York. The Reds may even propose that we get the whole business back on television under a Chinese sponsor, who will, of course, be just a volunteer.

You got the wrong idea in your note asking me about the "buffer strip" being necessary to an armistice. It has nothing to do with Gypsy Rose Lee. A buffer strip is a military term and means a stretch of land on each side of the 33rd parallel. So don't worry, I have been very busy in my job as a checker with the cease-fire delegations, but what we need on our side is slicker publicity men. The Reds are always trying to rig up the scenery so our side will get the worst of it. I suppose you read how at the huddles so far we got in to find a load of armed Reds present as the Commie world would get photographs that made it look like we were in complete charge and we was apologizing for living. That's been changed now but I wouldn't be surprised if the Reds doctored up all photos to make it appear like they was Napoleon and we was Howdy Doody.

Did you get a load of the Red propositions? They demand that we bug out back of the 38th parallel, giving up all that a lot of good Joe died for. It is like a guy getting tossed out of a saloon and offering to talk peace if the fellow who threw him out will leave the saloon.

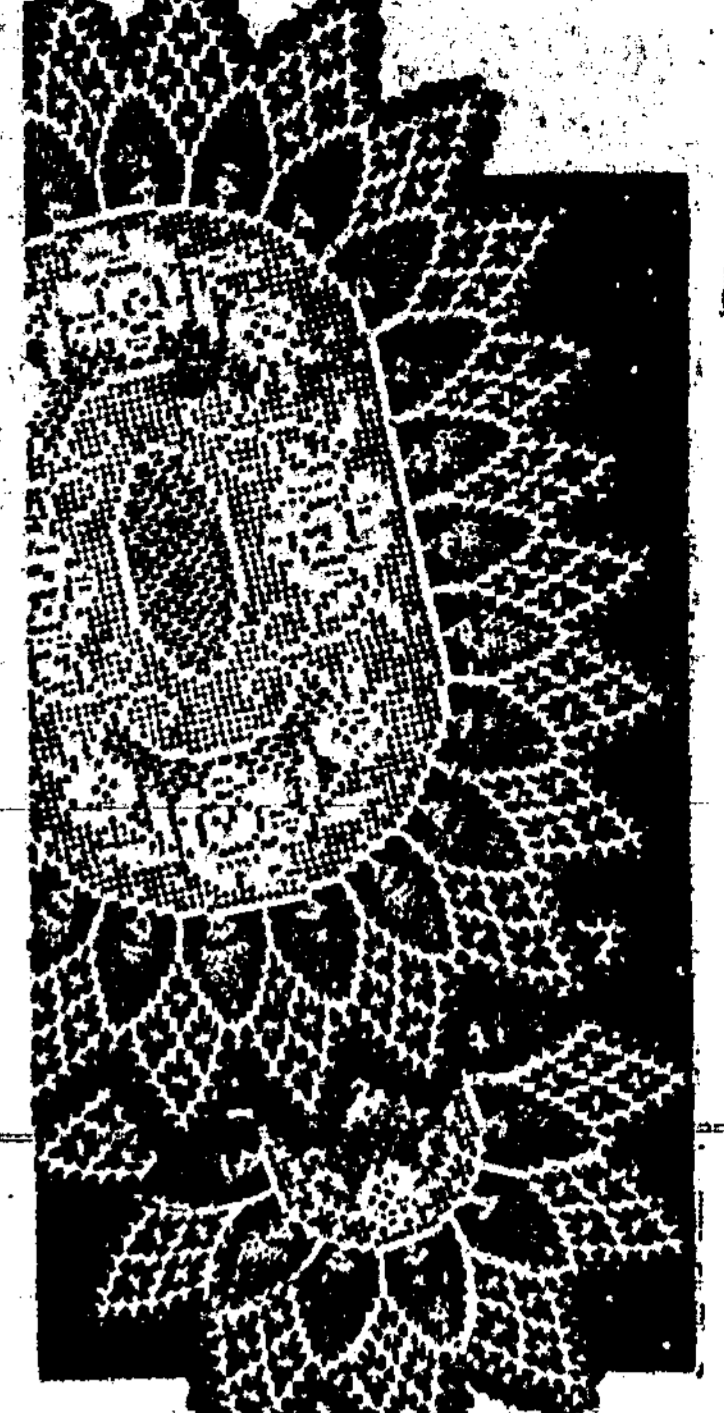

"All foreign forces to leave Korea as soon as possible" ... you know what that means. Check on the record and see if you can find any case where

the Commies ever kept their side of that agreement. In this case it could be an even bigger headache because the Reds claim they are not foreign forces but just visiting volunteers. The only force to bug out would be our side. Far be it from me to be technical. Like all the other G.I.'s I want to get out of this gruesome country where a mountain is just a lump on another mountain. But I would rather not get out as a result of taking a nacker punch and burning over all the South Korean homeless mothers, and kids in the tender mercies of the North Koreans, the Red Chinese and Big Joe.

If the Reds are leveling the cease fire should take place with both sides holding where they are. Otherwise, in a football game when one side has the ball in enemy territory and time is called out the side making the gain should go back behind its own goal posts and start all over again. Like I said, in all the cease-fire huddles the Reds beat us to the punch in publicity and propaganda. They even carried guns to give the idea our brass which carried only cigarettes and Coke was only on a guest panel.

Peace is so tough these days that it is hard to tell it from war and Sherman made the understatement of history when he pulled that one "War is Hell." Hell could be Sherman for libel. The best we seem to get out of wars today is a return engagement. Hell is different. Once you get out of that, you are not expected to come back for an encore, I hope.

Worth Your While!

Yodora checks perspiration odor

THE SOOTHINGEST WAY Made with a face cream base. Yodora is actually soothing to normal skin. No harsh chemicals or irritating salts. Won't harm skin or clothing. Feels soft and creamy, never gets grainy. Try gentle Yodora—feel the wonderful difference!

NO CONSTIPATION NOW AFTER YEARS OF MISERY

"For years I had been taking many kinds of laxatives. Then I tried ALL-BRAN. It not only keeps me regular... I really enjoy eating it every day!" RUDY K. Adler, Jr. 1020th St., Miami Beach, Fla. One of many unolicited letters from ALL-BRAN users. You, too, may expect to overcome constipation due to lack of dietary bulk if you follow this advice: Eat an ounce (about 1/2 cup) of crispy Kellogg's ALL-BRAN daily, drink plenty of water! If not completely satisfied after 10 days, return empty carton to Kellogg's, Battle Creek, Mich. DOUBLE YOUR MONEY BACK!

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many toxic wastes accumulate in the blood. Doan's... Don't suffer longer with these discomforts if reduced kidney function is getting you down... Doan's... Don't neglect your kidneys if these conditions bother you. Try Doan's... Doan's Pills

DOMESTIC PROBLEMS

Human Relations Center Set Up At University of Pennsylvania

A human relations center, the first of its kind ever organized in this country to provide a complete service to communities...

The new development in meeting "the outstanding problem in democratic life" is known as the Albert M. Greenfield Center for Human Relations...

It will start its work in September. Its program was made possible through the combined financing of the Philadelphia area office of the National Conference...

The governing body of the center is an executive committee consisting of two representatives each from the university, the National Conference of Christians and Jews...

Harold E. Stassen, (above), president of the University of Pennsylvania, together with Dr. Everett R. Clinchy...

city, has been named director.

"The urgent need to improve the quality of human relations in our country has been stressed as the outstanding problem in our democratic life," declared the members of the executive committee...

"Because of an increasingly widespread recognition of the underlying need and of the role which institutions of higher learning can assume," the statement added...

"The work of the new center can be compared to our modern health centers," Dr. Clinchy said.

He explained that the center would conduct research activities, train students in intergroup problems, serve the community in meeting situations growing out of group conflict...

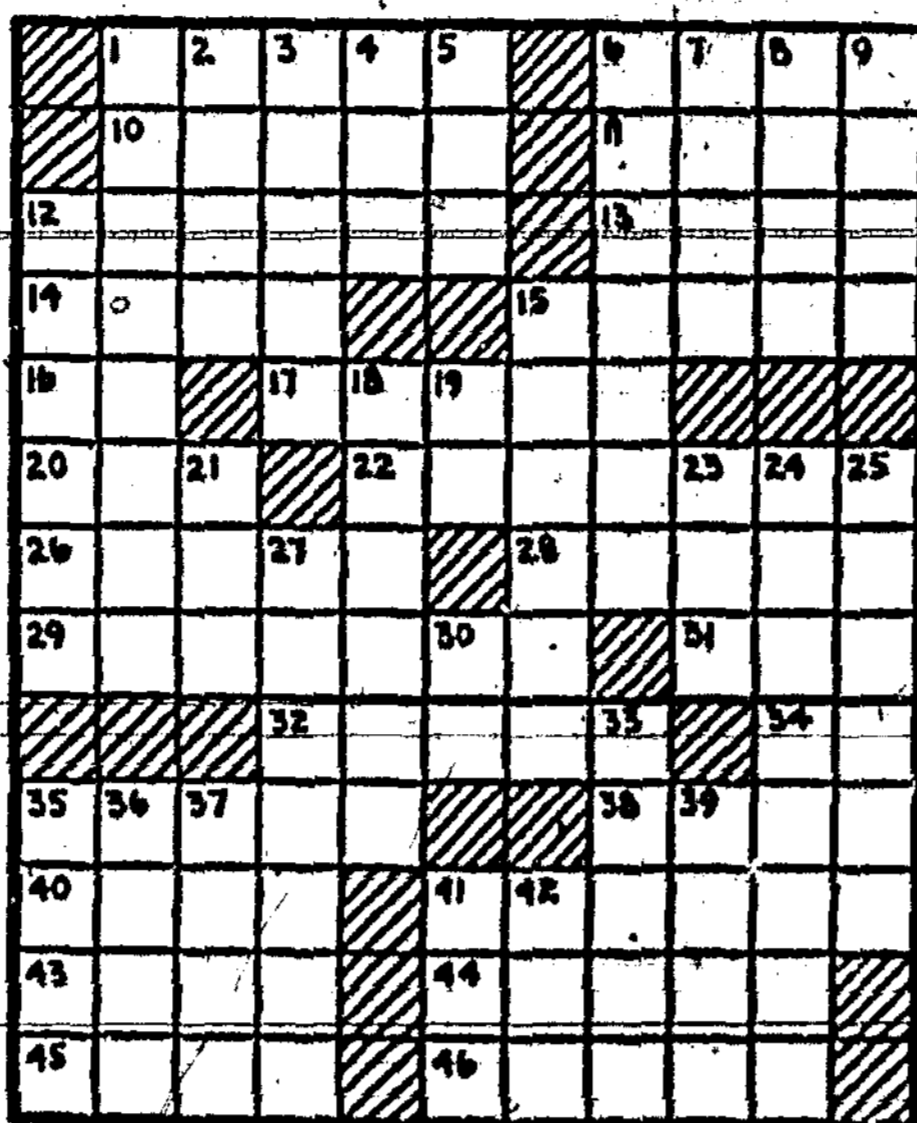

"While the centers would be equipped to study the causes and treatment of chronic social disease like prejudice, discrimination and racism," Dr. Clinchy said...

Members of the executive committee representing the National Conference are Mr. Greenfield and Dr. Tanner G. Luckrey...

FIRST AID TO THE AILING HOUSE

Question: I just finished the staggering task of removing some casein paint from a bathroom ceiling...

Answer: You did all right, for you succeeded in doing what you started out to do. But the water softening solution should all be thoroughly washed off...

Coal Was Created Before Human Advent

What is coal? How was it made? Well, it all started many millions of years ago, in what is called the Carboniferous Period.

In our country, these great swamps extended in all directions to where we find coal today in what is now Pennsylvania and the whole Appalachian range...

Everything was green and lush in this strange world. The giant trees, ferns, grasses, insect life and other-creatures, died, fell into the swamps and became part of the sea life buried there.

This process continued over and over through untold thousands of years. The sunshine, whose warmth and magic made these forests, was buried with the vegetation.

The quality of legume and grass silage can be improved by letting the green material partially wilt before putting it into the silo...

Coal of the Samchook basin, largest fuel source in South Korea, is poor anthracite hard to burn unless mixed with bituminous...

The Roscoe Hardys arrived in Philadelphia late one rainy night and drove up to Cousin Chauncey's with glad expectancy.

"I'll go up and get Chauncey to come out for our luggage," Roscoe told his wife.

"The front door suddenly burst open and Roscoe came hurtling down the walk.

"For heaven's sake, what's happened?" Mrs. Roscoe demanded. "What's the matter?"

Roscoe gulped. "It's—it's that relative that's visiting them."

BRIGHT IDEA

By Richard H. Wilkinson

MR. and Mrs. Roscoe Hardy found themselves in a sad predicament. For years they had solved the problem of summer vacations by visiting friends and relatives.

The future looked black. The Hardy's bank account was never lower. Then Roscoe had an idea.

Now then, thought Roscoe, why not restore Uncle Ralph to the good graces of the family circle?

"Darling Grace," Beatrice wrote, "news of dear Uncle Ralph's death has upset us terribly. Of course you need a rest."

"Humph!" Mrs. Roscoe folded the letter with a look of triumph.

It was a long drive to Philadelphia, and Roscoe had been able to borrow barely enough to get them there.

Each one of the hundreds of items of sheer waste that congress is seeing are but a drop in the inflationary rainstorm...

It takes desire for economies on the part of executive heads from the President down. Those who do not have such a desire...

The coming national election might contain hopes for improvement, hopes for a radical reduction in the army of inefficient bureaucrats...

Gen. Ridgway will not be dismissed for not following Presidential directives, though doing so brings dishonor and defeat to America.

The first automobile club was started in Chicago in 1885.

DEVOTIONAL READING: II Cor. 13:1-4

Christian's Spending

Lesson for August 12, 1951

ONCE upon a time, so they say, a Scotchman opened his pocketbook in December, and a June-bug flew out. That story belongs to the class of stories that sound funny because they are impossible...

Dr. Foreman

Is Your Money Yours? IT'S my money and I can do what I please with it. That is the average man's attitude toward his money...

In the first place, Jesus' parable of the talents reminds us that all the conditions, and all the energy, and everything else that makes earning money possible, are in the long run the gifts of God.

God it is who gave us life in the first place, who has preserved us, and endowed us with whatever gifts and capacities we have. We are not our own, we are bought with a price, as Paul puts it.

However, we earn our living, whether as farmers, business or professional people. If it had not been for the blessings of God we could have earned nothing at all. One bedrock principle of the Old Testament is that the earth is the Lord's.

Profits or Profit? THE earliest Christians of Jerusalem pooled all their resources and dealt them out to all, in proportion to their individual needs.

No matter how smoothly you distribute the wealth, if some one is not producing, the whole pile will vanish in time.

Nevertheless, these earliest Christians did have a firm grasp of a real truth; namely, that when a Christian spends money he ought to have the needs of the community first in mind, and not his own profits.

Well, even the law, slanted though it may seem toward the protection of wealth, puts limits on the ways a man can spend his money. If it can be shown that what he pays his good money for is hurtful to the community, the law will clamp down on him.

To take another angle; down in Atlanta (Georgia) a highly successful industrialist, when he died, left the stock in his company to his employees. They had helped him earn his fortune, he said; they should share in the proceeds.

Does not our community help us earn whatever we do earn? And doesn't the community deserve consideration in the spending?

The Money-God NO temples on our main streets are labeled "To the God Mammon." But money is often a god all the same. On Mammon's altar how many things and men are sacrificed!

Every great entrenched evil—gambling, prostitution, corrupt courts, liquor traffic—is as hard to dislodge as the altar-stones of Ephesus, and for the same reason: The people who stand to make money out of an evil care what happens to the sinners.

But let us watch ourselves. Do we small-time critics the penny-wise boys because we really hate the way they sacrifice everything to greed, or is it because we are envious?

SEWING CIRCLE PATTERNS Have It Ready for School Days Junior Style Has Crisp Accent

8584 6-14 yrs. School Dress

Junior Yoked Style JUNIOR yoked style that is perfect for dateline or classroom. Bright buttons accent the crisp contrast, skirt is full cut and young-delight-of-every-teen-ager.

AROUND THE HOUSE

Some wallpaper is washable and some isn't, but it can be made washable by applying a thin, even coat of clear shellac. Once the shellac is on, most stains and splatters can be wiped off at once with a damp cloth.

For grease spots and similar blemishes on wallpaper, try these: Hold a clean white blotter over the spot with a warm iron for several minutes. The heat should melt the oil or grease so it can be absorbed by the blotter.

Plaster of paris is good stuff with which to patch walls; but, unless you're nimble, it may get dry, and hard before the job is finished. To forestall that, mix about a tablespoonful of ordinary flour with every cup of plaster of paris.

Rub the wallpaper stain with a piece of fresh white bread. Let the bread crumble away as you rub, and the dirt will crumble with it.

If a hole in the plaster wall becomes too large to hold the screw, take the screw out, pack the hole with steel wool, and put the screw back in. Or, poke a wooden match into the hole, break it off at the wall surface, and then replace the screw.

Small, deep nail holes in walls are rather difficult to fill with plaster of paris. It's a lot easier if you just mix a little talcum powder or cornstarch with a few drops of water, and trowel the mixture into the hole, smoothing it off with your fingers around the edges.

If wallpaper—washable or otherwise—is not shellacked, there are several methods to combat various stains.
