Many Attend Art Exhibit

By CAROLINE DAVIS
Sunday, Nov. 21, 156 registered guests at the Old Court House Museum viewed "Word and Image," a unique art exhibit, loaned by the Roswell Museum.

"Word and Image" will be on display at the Old Court House through Saturday, Nov. 3, and residents of Lincoln County are particularly urged to bring their families, friends and guests to the court house during the time "Word and Image" is hanging. This is an unusual and worthwhile art show.

"Word and Image" is the first of a series of art shows to be sponsored at the Old Court House by the Old Lincoln County Memorial Commission, for the pleasure of neighbors of Lincoln County. The second of the series, a showing of the works of Dan Kusanovich of Fort Stanton, will open Sunday, Nov. 4, in the west gallery, upstairs.

Lincoln County residents attending the opening last Sunday were Mrs. Ruth Martin, Mrs. Jo Ann Amastae, Mrs. Marildia McGrew, Mr. and Mrs. Don Osborn, Dan Storm, Mrs. Bertha Storm, Mrs. Anne Titworth, Mr. and Mrs. B. J. Bonnell, Mrs. Jack Smith, Miss Howell, Marguerite Tillotson, the Walker family, Stanley Pepper, Mr. and Mrs. Oldham, Mrs. Maggie Pfingsten, Mrs. A. T. Pfingsten, Mr. and Mrs. W. J. Shreeengost, Anne Mason, Margaret Young, Lenore Stemmer, Mr. and Mrs. J. Ferguson.

Mrs. W. J. Shreeengost of Hondo, art commentator for the Recor Galleries in Roswell, was delighted with the exhibit and joined the museum staff in urging that everyone in Lincoln County make an effort to take advantage of the opportunity to see a truly outstanding art show.

Yucca Bar To Hold Halloween Party

Recent additions to the interior decor of Sargent's Yucca Bar have been completed in time for the Halloween open house which Mrs. Alma Miller, manager, plans to hold Wednesday night, Oct. 31. She will be assisted in the open house festivities by her sister, Mrs. Ann Tilton, who also assists with the management of the business.

A number of antiques were purchased in White Oaks some time ago and converted to appropriate fixtures in order to combine an oldtime atmosphere with modern facilities. The latest additions to be installed include a panel of wood and bars from the old jail in White Oaks. The background includes a dummy figure to represent a jail inmate and is so lifelike that at first glance appears to be a real person.

The new maple floor inclosed with a rustic fence is most popular with those who like to dance. A number of other innovations have been added for the convenience and pleasure of the Yucca's patrons.

A gala night is planned for Wednesday, Oct. 31, to celebrate the traditional Halloween activities. Free hats and noisemakers will be provided while patrons participate in the old fashioned games of their childhood, together with the new ones of present day times. Special prizes will be awarded in the apple and cracker eating contests, and in the balloon dance exhibition. An additional prize will go to the couple voted the most skillful dancing team of the evening.

Former Lithuanian To Join Local Church

Rev. R. E. Dickenson, pastor of the local Methodist Church, announced this week a former resident of Lithuania and his wife will join the church this Sunday. The Lithuanian, whose wife comes from Chicago, was a soldier in World War II.

Dr. Dickenson's sermon this week will be based on whether the individual's first allegiance is to church, family or organizational groups.

Marshall Powell is the Sunday school superintendent while Mrs. Pence Deyitt assumes that of the Methodist Youth Fellowship group that meets every Sunday at 5 P. M.

Hondo High Carnival Scheduled October 31

By F. S. MONTES
The Hondo Valley Union High School is looking forward to its annual carnival, which will be held on Wednesday evening, Oct. 31. The carnival, one of the most colorful events of the school year, will be held at the Hondo Grade School Gym.

Great activity marks the preparation for the gaudy Halloween event. All the classes of the high school are busy with their projects. The seniors are working on an attractive booth; the sophomores are planning to have people throw baseballs at dolls that resemble the faculty of the high school; the freshmen have planned a game; the boy athletes have their basketball throw; the eighth grade is working on a game of skill and the seventh grade is going to challenge your skill with a "Pin the Tail on the Donkey" game. These and many more interesting games, which have been selected because of their popularity in the past, will make up the giant midway of the carnival.

The highlight of the evening will be the crowning of the queen. Each class is sponsoring a queen, and is working hard to get the most votes.

The evening will be rounded out by a dance sponsored by the junior class.

The carnival promises to be one of the very best. Everyone who comes is asked to enter into the spirit of the Halloween occasion. So dig out that false face that you haven't worn for years, don a spirit of frivolity and get set for an evening of fun on Wednesday, October 31.

Marvin Smoot Weds Fort Stanton Girl

A wedding of interest in Lincoln County is that of Mrs. Evelyn Cheney of Fort Stanton and Mr. Marvin Smoot of Carrizozo, which took place at the Methodist Church in Wichita Falls, Texas, on Oct. 13 at 5 P. M. Rev. Westbrook officiated at the double ring ceremony which was attended by Mr. and Mrs. Tenna Smoot of Carrizozo, who served as the young couple's attendants. The bride chose a two-piece rose gabardine street length frock with long sleeves and high neckline set off with a Buster Brown collar. Navy blue accessories completed her costume. Mrs. Smoot wore a brown nylon dress with short sleeves and high neckline. Her accessories were in brown.

The bridal party attended the Horace Heidt talent show at Wichita Falls following the wedding. Since young Smoot had only one day's leave, the young couple have postponed their honeymoon trip until a later date. His bride, an employe at Fort Stanton, will join her husband this weekend and establish a temporary home at Wichita Falls. A shower was scheduled to be held at Captain last night (Thursday) in her honor by hostesses Mesdames Roy Morgan, Bill Petree and Annie Petree.

The bridegroom, who is stationed at Sheppard Air Force Base, is now enrolled in its technical school and receiving training as an airplane engine mechanic.

The bridegroom, a graduate of Carrizozo High School, is the son of Mrs. E. A. Casey and Tennis Smoot, Carrizozo, and the bride is the daughter of Mr. and Mrs. Bert Cheney, Captain. She attended schools in Captain.

VA Rep. in Roswell

Richard M. Lawson, Civil, contact representative for the Veterans Administration, will be in Roswell Tuesday, Oct. 30.

Veterans and dependents of veterans are invited to call on Lawson at the office of the mayor in City Hall between the hours of 10 A. M. and 5 P. M. on that date for information or assistance in conjunction with veterans' benefits.

To Show Film

Mr. and Mrs. Jack Stewart of El Paso will be at the Carrizozo Baptist Church Sunday evening for the showing of a film, the subject of which was not announced.

The picture is being shown free of charge and the public is cordially invited. Church services start at 7:30 P. M.

Shown above is an exterior view of the new Food Mart store, located across from the courthouse in Carrizozo. Formerly known as the old Community Hall, the building has been completely remodeled by its owner, Frank A. English.

Pictured left to right above are Joe Chavez, Manuel Mirabal, John H. Brown and Lloyd Vigil, who staff the new Food Mart store which formally opened in Carrizozo October 15. Brown, who hails from El Paso, is the store's manager. Photo by Blakeley Studio, Carrizozo

Drake Says Hopes For 54 Completion Good

State Rep. L. S. (Heavy) Drake, Ruidoso, who was in Carrizozo last week en route to his home, said he has information that approximately 12 miles of Highway 54 will be advertised for bids on Nov. 2, and a contract is expected to be let on Nov. 16. Drake added the highway department hopes to have the easements for the rights of way along that stretch of road, between Vaughn and Corona, cleared by the Nov. 2 date. The paving of that section of highway will bring it up to the viaduct north of Corona. The road is paved from there to Corona and for a short distance south of Corona.

Drake said he believes the prospects for completion of the entire stretch of Highway 54 between Corona and Carrizozo by next summer are very good.

Capitan Ties Tulie

Capitan's bout with the Tularosa Wildcats Friday afternoon at Capitan ended in a 6-6 tie which leaves both teams unbeaten in Class C circles and throws the race into a muddle since the game was billed as a title deciding contest.

The first three quarters were scoreless as both sides fought furiously only to have fumbles stop promising drives. In the middle of the last quarter, the Tigers garnered a touchdown when Ernest Gomez scored on fourth down from seven yards out on reserve. Conversion was stymied when a bad pass from center was stifled by the opposition. The TD was set up by a pass from Morris to Garzarpz.

The Wildcats took the next kickoff, drove back to the Capitan 45, and with many ground plays reached the 19 where Larry Marujo on fourth down tallied on a reverse from 10 yards out. The Capitan line held and Tularosa's conversion try met with defeat.

Capitan Winner, 48-0, Over Carrizozo Eleven

Tuesday afternoon's game between the Capitan Tigers and the Carrizozo Grizzlies at Capitan saw the local squad emerge scoreless in the 48-0 decision.

The victory does not count in the championship play since it was the second meeting of the two teams. The first bout was a 49-0 victory for the Capitan eleven.

Wally Ferguson started the scoring early in the first period with a 20-yard touchdown pass to Morris and Womack kicking goal. During the second half, Gomez darted from the seven and Petree plunged over from the 10 after a long drive. Womack tapped Morris for the conversion point. Petree tallied twice in the early part of the second half with a 12-yard run over left tackle and a 50-yard dash with an intercepted pass. Werner recovered a Carrizozo fumble and sprinted 30 yards for another counter with Gomez plunging for one extra point and Womack passing to Garamoz for the other.

Fleeces Exhibited At Portland And K. C.

By AUSTIN ALBERT
Lincoln County wool growers who exhibited at Portland and Kansas City this month, included T. J. Sutherland, Ruidoso; the Fuller Ranch at Picocho and the Nine H Six Ranch at Capitan. It was reported several of the New Mexico fleeces stood excellent chances for rating near the top in the judging at both places.

Queen Candidate

The junior class of Capitan Union High School announced this week the selection of Miss Betty Dale as its candidate for this year's carnival queen. Classmates report Miss Dale is well liked at school and cooperative in all its activities. Her class is hopeful its candidate will be chosen carnival queen.

Business Men To Meet Friday, November 2

Friday night, Nov. 2, at 8 o'clock has been designated as the next date for the meeting of business men and women in Carrizozo who are interested in forming an association. Final plans are expected to be drawn up at that time.

The first meeting to discuss organizational plans was held Oct. 17 with the following business representatives present: Messrs. F. O. Brown, George Zimmerman, J. D. Richardson, J. M. (Ken) Ortiz, Fred English, R. L. Sherrill, Harry Risinger, Carl Degner, and Mr. and Mrs. Jack Harkey.

Attending a second meeting Wednesday night to discuss issues of organizing were Mr. and Mrs. R. L. Sherrill, Mr. and Mrs. Ralph Petty, Fay and Jack Harkey, Mr. and Mrs. Jim Ham, Mr. and Mrs. E. A. Casey, Tom O'Heare, Mrs. Alma Miller, Mrs. Gussto Wanderer, Fred English and Mr. and Mrs. Leslie Kinnard.

George Zimmerman served as moderator.

Shafers Attend Heidt Show In Portales

Mr. and Mrs. Roy Shafer of Carrizozo spent the weekend in Portales with their son-in-law and daughter, Mr. and Mrs. J. E. Howell, and the latter couple's small son Roy. On Friday night they attended the Horace Heidt talent show in the college gymnasium there which was filled to capacity.

Sponsored by the Portales Lions Club, Mrs. Shafer reported a thoroughly enjoyable show and that its leader, Horace Heidt, is a handsome young man with a most pleasant personality. Four contestants, she said, including a two-girl team received cash awards for their performances which included singing and the playing of a clarinet as well as a saxophone.

The Shafers returned to Carrizozo Sunday night.

White Oaks Pioneers Feted On Saturday

A number of neighbors and old friends attended a reunion at White Oaks last Saturday in honor of Mr. and Mrs. D. L. Jackson, pioneer residents of the former boom mining town.

Guests met at the old school house there with picnic lunches which were spread out on the tables in one of the rooms for all to partake of a large variety of delicious food. Carrizozo's postmaster, Herman E. Kelt Sr., made the coffee for the crowd in a huge pot on the old cookstove in the kitchen. Reminiscences of old times and old friends were exchanged, and Mrs. Paul Mayer of Ruidoso, together with her friend, Mrs. J. B. Brownfield, also of Ruidoso, braved the old stairway to the second floor to show the latter the room in which her early school lessons were learned.

The Jacksons, in whose honor the affair was held, received a number of lovely gifts as tokens of the guests' appreciation for the many deeds extended them in the past by this beloved couple.

Mr. Jackson came here about 1897 from Galveston, Texas, and has resided in White Oaks continuously since that time. His wife, the former Miss Mary Jackson, is from Galveston also. In talking about experiences she has been through during her lifetime, the guests marveled at her miraculous escapes from death when struck by lightning one time in White Oaks, and another time in a flood at Galveston.

The Jacksons have long been known and beloved in Lincoln County for their many kind acts of neighborliness, and Saturday's event was a befitting tribute to a couple who have always been alert to help their friends and neighbors.

In addition to the guests of honor, others attending included Mrs. Owen Simpson and children and Mrs. Bud Crenshaw of White Oaks; Herman Kelt Sr. of Carrizozo; Mr. and Mrs. Paul Mayer and Mr. and Mrs. J. E. Brownfield of Ruidoso; Mr. and Mrs. John Davis of Lincoln; Mrs. Maggie Rustin, Mrs. Arthur Matthews and Mrs. Charles Hobbs and small son, all of White Oaks.

Mothers Attend "Get Acquainted" Tea

A "get acquainted" tea was held Oct. 18 at the grade school by the room mothers of Carrizozo's first graders whose teacher is Mrs. Virginia Anderson in honor of the mothers of those students. Hostesses for the tea were Mesdames Marvin Roberts, Fay Harkey, Rex Werner and William H. Nickels.

Approximately 15 mothers attended the event at which Mrs. Anderson and Marshall Powell, grade school principal, spoke on modern aims of elementary school teachers which include teaching academic subjects from creative and self expressive viewpoints; desirable character traits such as self reliance, generosity and social adjustment as part of the school work; and the teaching of health, crafts and safety in the school curricula.

Powell urged mothers to keep in close touch with the school. Punch and cupcakes were served by Mesdames Roberts and Harkey at the conclusion of the afternoon's program.

County Hospitals To Receive Illegal Game

State Representative L. S. (Heavy) Drake, Ruidoso, said last week he has talked with Elliott Barker, state game warden, on the subject of giving to the two hospitals in Lincoln County all illegal deer found in the possession of hunters this year. The season starts Nov. 10.

Drake stated it is the practice in several places in the state to allow hospitals to use such confiscated game.

The Lincoln County representative urged Barker to give the Carrizozo and the Ruidoso-Hondo Valley hospitals any deer meat which is deemed to be illegally caught during the coming season. Barker is reported as stating he will be very happy to have the district game warden deliver to the county's hospital any confiscated game that is in good condition.

Harkeys Wed 25 Years

By ALLIE SNODGRASS

The lovely country home of Mr. and Mrs. E. I. Harkey of Ancho was filled to overflowing Tuesday evening, Oct. 23, as family and friends gathered to celebrate their silver wedding anniversary. Seventy-nine people signed the guest book as they entered, which was presided over by Rose's sister-in-law, Lucille Bingham. On the table was an old iron dinner pot from Harry Straley's collection of antiques, adorned with a large silver bow, and into the pot were dropped 56 silver dollars, which are to buy sterling silver to match a set begun for them by their son Richard.

Katie Mae Straley brought a beautiful three-tiered angel food cake, appropriately decorated with a miniature bride and bridegroom, and inscribed with "25th Anniversary," which she baked. Coffee and cookies in abundance were brought by the guests.

The guests, who ranged in age from one month to 77 years, came from Los Angeles, Lubbock and Plains, Texas; Cloudercroft, State College, Las Cruces, Fort Stanton, Capitan, Carrizozo and Ancho.

The four children of the Harkeys were all home. Richard, Howard and his wife Barbara of Las Cruces, and of course, Sport and Marilyn, who are still at home (Sport cleft in bed with strep throat).

Relatives of Rose and Sparky were Mr. and Mrs. Robinson, mother and stepfather of Rose; brothers Tom and Dick Bingham and families; John Robinson and two sisters Margaret Peobles and Esther Burns, each with their families.

Mr. and Mrs. Tex Loughery (sister of Sparky) and John Harkey, a brother; nephews Jack and Foye and their wives Chris and Georgia, and the Ralph Pettys.

Former Residents Vacation Here

Mr. and Mrs. J. C. Reasoner of Austin, Texas, are the guests of Mr. and Mrs. Levene Snodgrass, Ancho. A former resident of this county, Reasoner is an uncle of Mrs. Snodgrass.

The Texas visitor left Lincoln County in 1923 after family residence at Jicarilla and White Oaks since 1893, when his father, Phil Reasoner, came here from Indiana. The father, who had mining interests, worked for the Kennecott Copper Mines at Hurley for a number of years.

The Snodgrass' guests have been on a motor tour of Oklahoma, Arkansas, Missouri, Illinois, Kansas, Nebraska, Colorado and New Mexico. Reasoner is convinced that New Mexico highways with the exception of the notorious Highway 54 are better than those of other states. He modified this statement somewhat when he added Lincoln County didn't have many paved roads when he left here and it doesn't have many more now. The Texas man claims he has wrecked five tires in as many trips over Highway 54 while on vacation jaunts.

Reasoner stated one of his teachers at White Oaks was the late John Haley, a former publisher of this paper, and he also knew A. E. Burke who at one time published the Carrizozo Outlook now combined with the Lincoln County News.

The Reasoners are the parents of a son, E. C. (Buddy) Reasoner, stationed at March Field, Calif., and two daughters, Mesdames A. F. Hogg (Helen Reasoner), Chicago, and J. H. Leo (Margaret Reasoner), Austin.

Hondo Senior Dance

The senior class of Hondo High School will sponsor a dance Saturday, Oct. 27, for the purpose of raising funds for their queen candidate. The dance will be held at the grade school gym, and Leo's Orchestra will supply the music.

In addition to the dance, there will be games for which many beautiful prizes will be given.

Beginning at 7 P. M., and throughout the evening, the junior class will sell enchiladas in the gym basement. Plates will sell for 80 cents each. Proceeds from the enchilada supper will go into the junior queen fund.

Are You A "Do-Nothing"?
 By DOROTHY GUCK

I've had a number of answers to the little item I wrote on traffic safety a couple weeks ago. A few have said, "Why don't you write something about it every week?" To them I would say, my only intention in writing the first article was to help awaken folks to the fact that ALL of us need to do something to try and cut the traffic death toll.

My qualifications for telling anyone how to be a better driver are very poor. I'll admit, even to a gentleman, that I am not the best driver. But I will say that you will never find me involved in a traffic accident because I exceeded the speed limit. I'm slow. Seems if you try, you can always start for a drive a few minutes early. Hurry, hurry, hurry and what do you end up with? Ulcers or a telephone pole in your lap.

You know as well as I do all the do's and don'ts each individual should practice to keep up his part of the campaign toward a reduction of traffic accidents in your community. If you're in need of a spare, lock the car in the garage and have a good time. Never be careless in any way. Check the car regularly to see that all parts are working as they should. Stop by the side of the road when you are sleepy. Despite the fact that women are supposed to have such a hard time learning and understanding traffic rules and signals, see if you can. Never trust children to be where they should be, but look for them to dart out in front of the car at any time any place.

OK, now you take it from there. Each man has one life to live. He is a criminal if he is careless enough to deprive his fellow man of the opportunity of enjoying that life. What else can you do to personally insure fewer accidents?

I have lots of confidence in the abilities of young people. Maybe oldsters can't shake bad habits, but youngsters will someday be old and if they start out with nothing but good habits, the situation will better itself. Let's ask our local traffic officer to work with the young people in teaching them good traffic manners and awakening them to this problem. Dad, you'd kinda enjoy it if son came home preaching to you about the correct usage of the driver's seat.

Perhaps I'm traveling on the same beam too long, but we have killed four times as many on our highways as we lost in Korea. Last year we had the worst record in the nation with 248 traffic fatalities. In 10 months this year, 304 persons are dead. Don't you think we all ought to feel the guilt of this shameful record resting on our conscience? Maybe it is caused by the "do-nothing-ness" of us good citizens.

What are your civic organizations doing to produce better driving on our highways? What does your neighbor suggest? I think it shouldn't be necessary for anyone to write about the subject every week. Newspapers and radios are all exhorting people to be cautious. With this urgent plea for help, I ask you

TINIAN

By L. D. FISH

Seven weeks ago I came to the island of Tinian. I came here to become a member of a group of only 10 people whose duty it is to administer the affairs of the island in the interests of the Trust Territory of the Pacific Islands. The work we do is not too unlike any other similar position in the United States or any other organized community. The unique feature is the peculiar stillness of a place that only a few years ago was a thundering roaring military establishment engaged in the serious business of waging a war in the interests of the government of the United States.

Seven years ago there were more than 50,000 men of the armed services here on the island of Tinian, and it is for these men that this is being written. Evidence of their activities are plainly visible everywhere. Hundreds of abandoned quonset huts and numerous cement gun emplacements still try to push their heads above the overgrowth of jungle trees and vines in the losing fight that will eventually cover the ugly monuments to the struggle they went through. Power poles lean a little as if from age and fatigue; a few wires dangle from them like wisps of gray hair on an ancient head bowed down with age and care. A few of the wooden buildings have caved in, mutely telling the world they have given up in the struggle against the inexorable law of the jungle—both merciful and hideous. The only thing remaining is the system of highways and air strips, a small power plant and a water system, that were laid in the trackless jungle. To the individual it is inconceivable the amount of work done in the short time they had to do it.

The island, which would occupy a spot about three square feet on a map a mile square, is laid out in a system of highways very much like the streets of Manhattan, New York. We have our Broadway and Eighth Avenue running parallel from one end of the island to the other. We have our numbered streets crossing these two thoroughfares at regular intervals. Quite often one sees a sign marking such streets as 59th, 62nd, etc. Some of these signs are hanging by one nail and with the paint blistered, but still readable. The air strips, at one time the largest in the world, are intact and sometimes a plane sits down here. The wind socks have gone, but their poles still stand. It is remarkable—and a credit to the men of the NCB—that all of the paved streets and air strips are still usable. This information does not violate any of the rules of security; the information is common knowledge here and numerous photographs have been taken by many people, and have been sent to all parts of the world.

The housing area where staff officers were once located is now in use by the white people living here. One house (said to have been the home of a general at one time) is now a hotel doing a good business. On one side of the island, and inland is the village

and you and you to say, do, write, shout or act in the way you see most fit to make New Mexico a safe place to enjoy the benefits of a wonderful state. Don't be a "do-nothing."

of San Jose; at the other end of Eighth Avenue is a Hansen's disease colony containing about 100 patients. A salvage company is doing a temporary business here and that, insofar as people are concerned, is all.

The native people are Chamorro from Yap, having been moved here after the war. The Chamorros, except for the color of their skins, are not unlike the people found on the mainland of the United States. They make excellent neighbors, are highly intelligent, clean and neat, and a credit to themselves. The first thought that comes to the mind of people in the United States when a native islander is mentioned is someone with fuzzy hair who is quite likely to stick a spear into an intruder. This thought is ridiculous (I had it myself) because many of these island people speak better English than I do and are fully as well civilized as any white man I have ever seen.

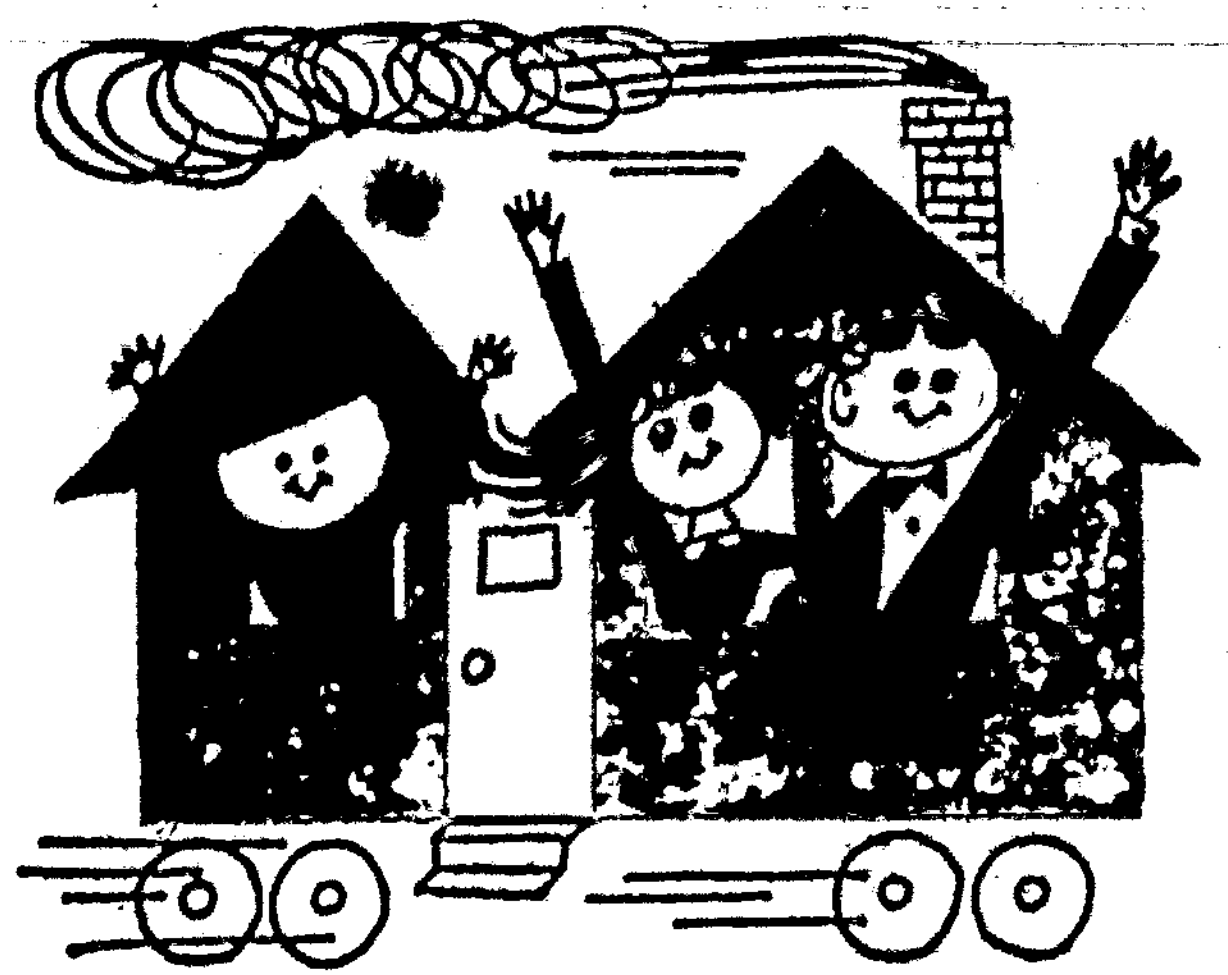

Many changes have occurred on the island of Tinian. While the roads and air strips are still too tough for the trees and vines to tear apart, the island is slowly but surely returning to her Lord and Master, the Jungle. Soon the

last of the abandoned quonsets will have been covered; the last of the deserted wooden buildings will have rotted away and again the little island of Tinian will be but a spot of green in the trackless waste of the ocean. The few white people here will go quietly about their business; the only sounds will be the hoarse speech of the white "foreigners," the soft, musical words of the Chamorros and the screams of the ocean as it throws wave after relentless wave at the unyielding rocks—natural fortress of the insignificant island.

Perhaps now in her rest Tinian will remember her glorious noisy past, the bearded weary men who called her "home" for a while; remember the biggest planes in the world that stopped here and how she helped launch the atom bomb that stopped the war. Tinian has had a magnificent past; may she have a long quiet future with her souvenirs of the war that made her a safe place to live.

Put up a list to help you remember what you've stored in the back of your home freezer. Then you can write down each package that goes in at the time it's frozen, and check it off when you use it.

NOTICE

Notice has been released by the New Mexico Electrical Administrative Board to its members and consumers of the Otero County Electric Cooperative, Inc., in the village of Capitán that all old wiring must either be re-placed or repairs made that will permit safe operation. The Cooperative is nearly completed the re-building of the electric system outside but a stop order has been placed on connection of the new system to the homes, businesses and other establishments, until repairs are made by the residents.

The electrical Administrative Board has ruled that it will not be safe in a large number of cases in Capitán to connect to the old wiring.

The Electrical Board has agreed to wait for a period of 90 days to allow the residents of the Village to have an opportunity to have their dwellings checked and repairs made if needed. The State Inspector, Mr. D. C. Horine, has stated that he is of the opinion that a number of fire hazards exist in the present wiring in the dwellings and in order to prevent fires from defective wiring the foregoing stop order has been issued.

The services of Mr. Horine in checking the present wiring is available upon request. Mr. Horine, representing the State of New Mexico in this the capacity of electrical inspector, will not perform any wiring, only making a state inspection and advising what is wrong.

The American Legion and auxiliary held their respective meetings at the Legion Hall on Wednesday, Oct. 17. After both meetings adjourned, the following program was enjoyed by both the men and women: A dialogue entitled "The Strange Man" and given by Lu Wanna Kent and Beth Hampton. A monologue by Gene Utterback was entitled "Ragged Robin." Refreshments were served by the auxiliary hostesses.

Mr. and Mrs. Jack Welsh of California have been guests at the home of Mrs. Maele Edmondson the past week.

Mrs. Ida Parker, her son and daughter-in-law, Mr. and Mrs. Percy Parker, left on Oct. 23 for Oroville, Cal. They will also visit in San Francisco and Los Angeles and expect to be gone three weeks.

Guests at the home of Mr. and Mrs. Hugh Bancroft last week were Mr. and Mrs. Carmon Phillips of Ruidoso. The previous week Mrs. Bancroft's parents, Mr. and Mrs. Frank Everts, and her brother of Tucson, Ariz., visited with them.

Orville Rannels, with a party of 10 other men, has returned from a hunting trip in the San Juan Forest, Colo. Orville reports the party came back with 22 deer and 11 elk.

Mr. and Mrs. Lester Greer, formerly of Capitán and now of California, are here to stay through hunting season.

Fred Sweet returned last Saturday from the veterans hospital in Albuquerque where he has been receiving medical attention the past few weeks.

Mr. and Mrs. John Soderback drove to Albuquerque last Sunday. Mr. Soderback checked into the veterans hospital there and expects to be there a week.

C. S. Hoffman, field director of the Red Cross, from Roswell, addressed a group of women at the VFW Home on Thursday, Oct. 18.

His talk was on the welfare work done by the Gray Ladies in hospitals and the need for such welfare work in our neighboring marine hospital. Classes on welfare work will start in about three weeks. Anyone who is interested in this line of work can secure further information from Mrs. Percy Parker, Mrs. Dick Bingham and Mrs. Rayford Burnett. These classes will be open to all women.

The Capitán Woman's Club did not hold a monthly meeting this month, due to their convention held in the earlier part of October. But the bazaar committee has been busy making plans for their activity to be held in connection with the club's silver tea in December. A Mix-Master will be given away at the bazaar. Contact the committee for your tickets which were ready this week.

The year-old son, Jerry Don, of Mr. and Mrs. D. W. Poindexter Jr., fell in the cistern back of the telephone office last week. He was rescued by his mother with the assistance of the fire department. Boards in the cistern prevented serious injury to the child.

Home for the weekend at the Roy Morgans were Mr. and Mrs. G. W. Chapman, Shirley Morgan and her boy friend.

CORONA

By MRS. A. E. MULKEY

The Corona annual school carnival, Oct. 19-20, was a success.

The total amount taken in exceeded \$900, and about half was net profit. The money is to be used for the benefit of the school. The basketball game between the school faculty and the town team was won by the faculty. The score was 12-11. They took in a net profit of about \$50. The two bicycles given away at the carnival were won by Jack Chancey and Mrs. W. C. Smith. The cedar chest was won by Mrs. Buddy Walker.

Mr. and Mrs. I. H. Carnell and son and daughter from Gallup have moved to Corona. Mr. Carnell will take Del Jameson's place Oct. 26 as manager of the Standard Oil Company in Corona.

The Jamesons are moving to Farmington where they have recently built a new home.

Miss Pauline Porter and Sergeant Don Catt were married Wednesday, Oct. 17. Miss Porter is a daughter of Mr. and Mrs. Paul Porter and a senior in Corona High School. Sergeant Catt is a security guard at the radar station near Corona. The young couple plan to make their home in Alamogordo where Sergeant

Catt is being transferred. A wedding shower was given the bride at the recreation room of the Presbyterian Church this Wednesday.

Mr. and Mrs. Bill Keelin have returned to their ranch at Corona. They have been living in West Texas the past several months. Mr. and Mrs. Jeff Owen of Oregon were here visiting relatives and friends this week. Mr. Owen works for the railroad and is being transferred to Fairbanks, Ariz.

Mr. and Mrs. Jack Jones of Espanola were here also during the weekend. Mrs. Jones and Mrs. Owen are daughters of Mr. and Mrs. Bill Keelin.

Mr. and Mrs. Les Shaw of Albuquerque were visiting friends in Corona last weekend. Mrs. Shaw is a former teacher of Corona.

The Corona Community Chest is still seeking donations. The goal is set at \$750. Donations will be received by any of the committee members.

The junior class play, "Uncle Josh Perkins," a three-act comedy, will be presented Saturday night, Nov. 3, at 8 o'clock, at the Corona Gymnasium. The Corona senior class is sponsoring a deer club this year. As before the one killing the

Mrs. Ernest Harwell's mother and sister-in-law, Mrs. Austin Reeves and Mrs. Lonny Reeves, both of Roswell, are here to spend a few days.

The Ernest Harwells are moving out to Mrs. Nickels' place this week. We sure hate to see them leave.

The junior and senior Marvin Peacock families went to Tucuman this last week. Marvin Jr. bought a farm near there.

Mr. and Mrs. Clyde Adams were through last week to spend a few days with Mrs. Adams' mother, Mrs. Pearl Stearns. They had been vacationing in various parts of Texas.

William Snell was in Nogal over the weekend.

The Edward Davis' were up from El Paso last weekend to see Mrs. Davis' father, Walter Snell.

A pink and blue shower was given in honor of Mrs. A. B. Zumwalt Jr. last Wednesday at the home of Mrs. Ernest Harwell. Everything was very lovely and the guest of honor received many lovely gifts. Those present were Mrs. Leora Zumwalt, Mrs. L. R. LaMay, Mrs. Dortha Zumwalt, Mrs. Marie Walker, Mrs. Floy Skinner, Mrs. H. L. McDaniel, Mrs. Jack Robinson, Mrs. Fred Boudin, Mrs. Pearl Stearns, Mrs. Margie Peacock, Mrs. Marvin Peacock Sr. and Mrs. Chloe Peters.

Homar Dale McDaniel and his wife, the former Shirleen Barnum, were up over the weekend to see Mr. and Mrs. H. L. McDaniel.

Mr. and Mrs. Byrl Lindsey and son Wesley went to Artesia last weekend to see Mrs. Lindsey's mother and father, Mr. and Mrs. Bowen Zumwalt.

NOGAL MESA

By DOROTHY GUICK

It is a good thing that the teachers have conventions each year or I'm afraid a lot of boys would be playing hooky to help round-up cattle for fall shipment. My husband and two boys rode on Loma Grande Saturday gathering stock with Peg and Ben Pfingston and Ralph Vance. The girls of the families joined the men in the middle of the afternoon with a hot lunch.

Bill and Mrs. Holmes have a corner on some of the most beautiful scenery in the county. The autumn colors in their nearby canyons are breath-taking. The Holmes and Ben Pfingston have been to Watrous to see about stocking their ranch with registered Herefords.

Virgil Jones hauled feed for Henry Peebles on Friday.

Mrs. A. R. Rannels had quite a time at the football game Friday when she sat between members of her family with part of them backing one team and part the other. Heard that Arvel returned from Colorado with enough elk and venison to claim his hunting trip a very successful one.

Perhaps one reason for the big winning streak the Capitan football team has enjoyed this year is their vigorous grade school cheering section. Mrs. Blaise has trained eight little girls as cheer leaders with such success, I know the audience misses much of the action on the field for watching the girls. Their identical costumes are made in the school colors. I know Anno told you about them before, but once again I'll repeat their names in case you've forgotten: Donna Kay Kent, mascot; Jean Utterback, Mary Evelyn Jackson, Ella Ruth Jackson, Patsy Gould, Judy LaMay, Sharon Jones and LuWanna Kent.

The Capitan Carnival has been postponed until Friday night, Nov. 2. A few nights later in the week will have no effect on the wonderful good time you can have with the family if you go. Mrs. Wilson, Mrs. Salas and Mrs. Morgan have requested that all PTA members bring their items for the White Elephant Booth early enough so that the chairman can wrap them.

This is the latest date of any year that I have had sweet peas in full bloom. The delicate pinks and lavenders look a bit subdued in the midst of vivid oranges and yellow.

For the benefit of several members of the Game Department and other visitors to our snake den, the Sunday winds blew over the old dead pine that marked the den in our pasture. The falling of the pine bothers none of the crawly creatures because we treated them so discourteously, the few remaining live ones took up an abode in some other pasture.

Reina-Sarlin and Bert Shields had dinner with us on Wednesday of last week. The Apache Red Hats have made fire fighting history this year.

Patsy Gould was a guest of Mrs. Henry Peebles and Mary Guick this weekend.

FORT STANTON

Mr. and Mrs. Tom Burleson left this past week for Alpine, Texas, where they will visit with their son, Tom Jr., and daughter-in-law. They plan to return via Las Cruces and spend some time there.

Dan Kuslanovich and Clyde Mullins made the trip to Albuquerque last week to attend a conference. This conference was for purchasing agents of the government.

Robert Lando of Petersburg, Alaska, dropped in to pay C. E. Ness a visit. Ness and Lando attended and graduated from the Petersburg High School. Lando reported a nice trip so far, shipping his car to Seattle he made the circle flight from Petersburg to Juneau, White Horse, Fairbanks, Anchorage and thence to Seattle. While in New Mexico he also visited an uncle in Albuquerque. His only comment on New Mexico was that it sure was warm.

The grand chapter of the Eastern Stars met at Las Cruces on Oct. 17, 18, 19 and 20. Lois Gould of Fort Stanton, who is worthy matron of the Carrizozo Chapter, served in the capacity of grand page. Others attending from Fort Stanton were Mrs. Jack Shaw and William Gould.

Attending the medical convention held in El Paso on Oct. 18-19 were Dr. Gotsam and Dr. Torrey, Commanding Officer Dr. Mankinen and Dr. Darlington. Accompanying their husbands were the wives, Mrs. Mankinen, Mrs. Torrey and Mrs. Darlington.

Emmet Womack Jr. and wife are visiting the doctor Womack this week. Mrs. Womack is the daughter of the Richard Bingham, also of Fort Stanton. Earl Payne, a former patient of the Fort Stanton hospital, returned for a routine checkup. Accompanying him was his wife, who is visiting her parents, the Richard Bingham, and also her sister, who happened to be home on visit.

Methodist Home Children in Sunday Radio Series

The Methodist Home Choir of Waco, Texas, will be a feature of the radio series, "These Are Your Children" heard each Sunday morning at 8:15. The programs will continue through December 16, over 15 radio stations in Texas and New Mexico, featuring stories of life at the Methodist Home for Children, according to Hubert Johnson, Superintendent of the Home.

Mr. Johnson said that a few of the many interesting and inspiring subjects to be brought into the home via radio on Sunday mornings will include religious training and counsel a child receives; how he is taught to work and to assume responsibility; his general education and study helps; vocational training plan and how he is sheltered, clothed and fed.

The Methodist Home is owned by Methodist Churches in Texas and New Mexico and houses more than 400 children. The Home is non-sectarian. Stations which will carry the programs include: WFAA, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; KRGV, Waco; KGNC, Amarillo; KRDD, El Paso; KGGM, Albuquerque; KFYO, Lubbock; KFDM, Beaumont; KFRO, Longview; KVAL, Brownsville; KERB, Kermitt; KTVC, Austin; KBST, Big Spring.

Car Preparation For Cold Weather Urged

Preparation of the cooling system for cold weather is an important part of automobile maintenance often overlooked, advises E. L. Harrig, manager of the service department, Chevrolet Motor Division.

"Car owners usually see that oil is changed, lubrication performed, tires inspected and brakes and batteries checked," Harrig says, "but often neglect the cooling system until overheating develops."

Harrig points out that overheating does not develop suddenly. Causes of overheating

build up over a period of time, during which the efficiency of the engine gradually is reduced. Iron rust particles in the water form 90 per cent of the material which clogs the cooling system, with water scale and grease also contributing. In hard water areas, water scale is a more formidable consideration.

"A small amount of rust—enough to fill the top quarter-inch of the water tubes—will cause serious restriction of flow," Harrig explains. "To prevent this formation, a suitable cooling system cleaner should be used."

"Washing soda and other alkalis, or kerosene and other organic solvents are not entirely

successful. They cut grease and loosen rust, but do not dissolve the rust nor remove it from the radiator core, block or head. New cooling system cleaners have been developed which contain both a liquid and a powder. The liquid dissolves the grease which holds rust and scale together. The powder emulsifies the oil and greases, allowing it to be flushed out with the loosened rust particles."

winter driving, the battery should be checked, brakes adjusted, lights inspected and wheel alignment examined. Be sure the heater, defroster and windshield wiper are in working order, Harrig says, and replace windshield or windows that are cracked, because of interference with vision. Smooth tires are a menace on slippery streets or roads. Continue lubrication and oil change on regular schedule.

ANCHO

By ALLIE SNODGRASS

The youngest daughter of Mr. and Mrs. Pat Otero has been ill, but is improving under the care of Dr. Turner in Carrizozo.

"Rookie" Straley had his tonsils removed in Carrizozo hospital last week. Last Friday he went to see the doctor in Albuquerque, who is taking care of his leg. We are all so happy to know that it is improving and new bone is building back in the joint which has been affected.

Mrs. Roy Wedell, her daughter Janie and son Sam, are in Albuquerque at the teachers' convention and to visit with Roy Jr. and Wanda Stiggins, another daughter, and the grandchildren.

Mrs. Helen Hobbs and little Steve came over from White Oaks last Friday to spend several days with Helen's mother and dad, Mr. and Mrs. Roy Wedell.

A message came for the Straley family last week that their brother Tom was ill in El Paso. George and Jackie rushed down to be with him. When they left on Sunday he was much improved. However, Reba, another sister, is spending some time with him this week.

Mr. and Mrs. John Close and son Dennis are newcomers to Ancho. Mr. Close has mining interests in the Gallina Mountains. We want them to stay on with us.

Butchie Snodgrass is back in school with his arm in a sling. Dr. Moore in Roswell was encouraged about the way his arm is healing, but says he will probably wear the cast until about Dec. 1.

Barney and Walt Wilson are in Hatch this week seeing to the cattle they have on pasture there.

The shower here on Tuesday was a welcome event. Of course it's too late to do grass any good but surely laid the dust, which was terrific. The nights are snappy now, with ice prevalent.

Mr. and Mrs. J. C. Reasoner, my uncle and aunt from Atsfin, Tex., are visiting with us this week. They are on the home stretch of an extended trip. They visited his mother, Mrs. Allie Reasoner, and sister, Mrs. Izora Sparkman and family, in Arkansas; their daughter and son-in-law, Mr. and Mrs. Alexander Hogg, in Chicago, and friends in Denver.

Blondie and Baby, pet lambs of Chris and Betty Lou Jones, came back to school this week. The children had fun feeding and tending the lambs last spring, but they have grown past the fondling stage now.

Mrs. R. E. Kisinger was in Roswell to see her dentist last week. The safety picture shown at school last week was really good. Several parents came in to see it. "Safety Around the Farm and Home" was the title. I only hope many more people far and wide will be able to see it, and heed its teachings.

Johany and Joyce Wilson of Hobbe came up and spent several days with Grandma and Grandpa (Barney and Elva) last week. They are really cute youngsters.

Cards of Thanks

From the bottom of our hearts, we thank our friends from Carrizozo, Lincoln, Ruidoso, White Oaks and other places for their kindness in arranging Saturday's reunion of old friends and neighbors in our honor. The many beautiful and useful gifts presented us are deeply appreciated.

MR. AND MRS. D. L. JACKSON, White Oaks

Our sincere thanks to the many friends who with their kind words of sympathy, acts of kindness and beautiful flowers helped us in our hours of sorrow. Their

kindness and loyalty can never be forgotten.

THE WHITWELL AND QUEEN FAMILIES AND MR. AND MRS. R. E. LEMON.

Mrs. R. E. Lemon of Carrizozo and Gusie Titworth of Capitan were in Las Cruces for several days last week attending the annual session of Grand Chapter of Eastern Star. As past matrons, they had the privilege of voting at the meetings.

The two women were joined there on Friday by Mesdames Eula Mayer of Carrizozo and Frances Shaw of Fort Stanton for the remainder of the conference.

Let Big Sister Help

If you want your children to grow up to be efficient and responsible men and women — and what mother doesn't? — you will be wise to teach them at an early age that they have duties and responsibilities as members of a family.

When a new baby sister comes along, for instance, you can in-
troduce older sister into the mys-
teries of caring for the new ar-
rival. She will love to feel that she
is helping mother, and the idea
that she is responsible enough to
share in the baby's bringing up
will go a long way toward elimi-
nating the jealousy that can be
so disturbing to all concerned
when an older child fears that a
new-comer will take the spotlight.

A good way to begin is to teach
big sister how to care for baby's
tender skin. After you have
bathed the baby, show your helper

how to use a cotton ball moist-
ened with baby lotion to smooth
the lotion into each tiny fold and
crease. Explain that the lotion
routine is so important because
the emulsion of oil and water with
lanolin and an antiseptic added,
helps prevent chafing and diaper
rash.

With you supervising and in-
structing the first few times, big
sister can quickly learn to bathe
the new baby, change her and feed
her. You'll want to stand by to
make sure all goes well, but you
are likely to be surprised when
you see how helpful your older
daughter can be. In addition to
acquiring experience and a sense
of responsibility that will stand
the older girl in good stead all
her life, the two children are likely
to grow up with a feeling of
mutual trust and affection they
would otherwise never have.

Highlands Student Entertained in Dexter

A dinner on Oct. 14, given by
Mr. and Mrs. Ben B. Barton of
Dexter, honored their daughter,
Mrs. Zora May McTeigue of Lin-
coln, a student at Highlands Uni-
versity, Las Vegas. Also honored
was Pete Ghram, Hagerman,
home on leave from his station at
Fort Ord, Calif.

The lace covered table was cen-
tered with a Horn of Plenty de-
sign employing fall fruit and yel-
low and bronze chrysanthemums
and laid with the lovely china,
crystal and sterling silver serv-
ices given Mrs. McTeigue as wed-
ding gifts.

Guests included Mr. and Mrs.
Pete Ghram, Seven Rivers; Mrs.
Jean and Corless Foster, Carls-
bad; Mr. and Mrs. Bob Barton,
Roswell; Inez, John and Larry
Tilly, Lincoln; Neil and Jack
Herring, Hagerman; Yvonne and

Ruidoso Takes Easy Win Over Carrizozo

Coach Cy Leland's Warriors
combined passing and a running
attack to clinch their 32-0 victory
over the Carrizozo Grizzlies Fri-
day afternoon.

Rex White pushed over from
the one-yard line for the first
touchdown with the extra point
made by Ray Clarke. The latter
was responsible for the next
counter made in the second quar-
ter. Marlon Gayden's conversion
play was successful.

A pass by the local eleven
which threatened a tally was
stopped by the Warriors on their
10 in the third period. Whiteley
tapped Ronald Stewart for a 15-
yard gain, while Bill Tucker gar-
nered a 32-yard marker gain from
Whiteley in the third.

A 50-yard drive in the final pe-
riod with Whiteley tapping Gar-
denhire from the 20 marked the
final tally.

The Grizzlies lost the services
of Jerry Kennedy in the second
quarter when he suffered a back
injury. Several other members of
the local squad were out of last
week's game. The Zozites gained
102 yards in aerial plays but were
held to only 50 rushing for six
first downs.

Drake For Senator

According to a recent Associ-
ated Press story, L. S. (Heavy)
Drake, Ruidoso, state representa-
tive for this district, has said he
would like to be the first senator
from Lincoln County. Under a
1949 law, this county will have
its own senator in Santa Fe after
the next general election, and, ac-
cording to the report, Drake has
his eye on the post since the
county previously had to share
two senators with other counties
and none was ever chosen from
Lincoln County.

Woman's Club Plans Benefit Supper

The Carrizozo Woman's Club
has scheduled a benefit chicken
supper Saturday night, Oct.
27, from 5 to 9 o'clock at their
club house. Proceeds will be ap-
plied to the club's building fund.
Square dancing throughout the
evening has been planned for
those who wish to participate. R.
M. Hyden, Carrizozo, has consent-
ed to serve as caller for the
square dances.

The regular monthly meeting
of this group was held Oct. 19
with Mrs. W. H. Nickels in charge
of the program. Mrs. Laura Jones
led the singing, accompanied by
Mrs. T. H. Kelley at the piano.
Mrs. J. D. Richardson and Miss
Robertia Key were heard as a
team in the vocal selections,
"Moonlight Night" and "Since
You Came."

A lecture on home decoration
was given by an Albuquerque
speaker who stressed color.

Refreshments of cake, candies
and coffee were served by host-
esses Mesdames Marbry Burns,
Georgia Harkey, Bessie Hodgkin
and Spence Devitt.

Two-Tiered Gelatine Salads For June

June with its bounty of dairy products suggests cottage cheese
as a nutritious and smooth addition to double-decker gelatine salads.
A tomato apple layer contrasts appetizingly in color and flavor. The
unflavored gelatine used to firm both halves of these individual, main
dish salads is responsible for the perfection of the blend. With open-
faced deviled ham sandwiches, potato chips and radish roses a party
plate is ready for luncheon club or graduation class gatherings.

Tomato Cottage Cheese Party Molds

Cottage Cheese Layer:
1 envelope unflavored gelatine 1/2 teaspoon salt
1/2 cup cold milk 2 teaspoons grated onion
1/2 cup very hot milk 1 cup finely diced celery
1 cup cream-style cottage cheese (1 pound) 1/2 cup finely diced green pepper

Soften gelatine in cold milk. Add hot milk and stir until gelatine
is dissolved. Blend in cottage cheese; add salt, onion, celery and
green pepper. Divide mixture between 12 individual molds and chill
until almost firm.

Tomato Apple Layer:
1 envelope unflavored gelatine 1/2 teaspoon salt
1 cup cold tomato juice 1/2 teaspoon pepper
2 1/2 cups hot tomato juice 2 tablespoons lemon juice

Soften gelatine in cold tomato juice. Add hot tomato juice; stir
until gelatine is dissolved. Stir in salt, pepper and lemon juice. Chill
until consistency of unbeaten egg white. Turn on top of cottage cheese
layer in individual molds and chill until firm. Unmold on salad greens.
YIELD: 12 servings.

Be Careful With Kerosene

Starting a fire with kerosene eliminates the need for kind-
ling. It may also eliminate the home. Careless handling
and use of flammable liquids cause 41,500 fires each year.
Don't use gasoline or kerosene to hasten a fire in the cook-
stove or heater.

EVEN the best of us get out of shape
from time to time. But that truck of
yours—if it's to be a steady source of profit-
able income—must be kept in hauling trim.
That's our specialty.

If you turn your equipment over to our
mechanics at regular intervals—we can
keep your trucks in tiptop condition by
catching the "little things" before they
develop into major breakdowns.

And in so doing, you save money
three ways.

First, you avoid 90% of the costly
repairs experienced by less wise
truck owners.

Second, you get more hours of
profitable hauling with less time lost to
"down time."

Third, you get more years of service from
the equipment you now own.

Isn't it worth a try?

AND CARRIZOZO OUTLOOK

CARRIZOZO, NEW MEXICO, Friday, October 26, 1951

Undercover Dr!

SEN. Owen Brewster of Maine is leading an undercover drive to depose GOP national chairman Guy Gabrielson — because Gabrielson won't join the covert anti-Eisenhower campaign.

This is what was back of the slanting attack on Gabrielson by isolationist Republican Senators Dixon of Illinois, Walker of Idaho and Jenner of Indiana, all faithful friends of Brewster's.

For some time there has been bad blood between the amiable, conservative Gabrielson—who feels he must be neutral as to all-GOP candidates—and Brewster, who is both the strategist for extreme rightwing forces in the senate and likewise Taff's campaign adviser. Gabrielson is privately pro-Taff, but he refused to go along on the anti-Eisenhower smear campaign recently distributed in Maine.

In fact, Gabrielson told a senate elections subcommittee he was "surprised and shocked" at the circulation of the "Factional Republicans" pamphlet linking Eisenhower with the Communists.

Therefore when conscientious Republican Senator Williams of Delaware criticized Gabrielson's connection with R.F.C. loans to Carthage Hydrocol, Brewster saw his chance. He called in other Republican senators, asked them to join Williams "for the good of the party."

Sam Rayburn Rages

Speaker Sam Rayburn, usually an easygoing soul, gave Congressman Clarence Cannon of Missouri, chairman of the house appropriations committee, a private dressing-down last week.

Cannon, who has had a tough time getting appropriations okayed in his committee, dropped into Rayburn's office to ask for a fourth 30-day extension to permit the government to operate another month while waiting for its appropriation bills to pass congress. The bills were supposed to pass by the end of the fiscal year, June 30, and ever since that date, the government has been operating on a month-to-month piece-meal basis.

The speaker listened to Cannon's request and then hit the ceiling. He told the startled Missourian that this is the first time in history that congress has had to give four extensions on appropriations bills.

Too Late in Iran

Sorest people against the British in the Iranian oil dispute are other oil men in the middle east. They point out that the British oil concession in Iran was obtained by corruption, that Britain kept certain members of the Iranian parliament on its payroll for years, and that everyone in Teheran knows this.

They also point out that the royalties paid by the British are so meagerly that the Iranians were bound to kick over the traces.

In Indonesia, American companies pay 20 per cent royalty to the Indonesian government, keep 40 per cent. In Arabia the split is fifty-fifty. But in Iran, Britain officially pays only 25 per cent to Iran, though unofficially and through secret bookkeeping the split is reported near 12 per cent for Iran; 82 per cent for Britain.

Justice Douglas Warned

In recent months the state department has been on the ball, but this was far too late. In 1949, for instance, Justice William O. Douglas came back from Iran to warn the state department what was a bound to happen. On January 30, this column also warned: "McCaw is waging an extremely effective campaign to take over Iran by friendly infiltration. Simultaneously, the United States has so bungled its diplomacy that Iran is on the verge of tossing a s.d.s its traditional friendship with the U.S.A. . . . Iran has cut the voices of America, given free play to the Moscow radio, has negotiated a new trade treaty with Russia . . ."

For months, however, U.S. ambassadors in Teheran had instructions not to discuss the British oil problem. This was Britain's baby, they were advised, and we should keep hands off.

Now, however, the entire middle east is on the verge of a crisis—and possible war—because of this bungling.

A-Bomb Report

The atomic energy commission has sent President Truman an extremely encouraging report on the atomic race with Russia. This is the inside reason behind the enthusiastic statements recently about our fantastic A-bomb progress.

The report to the President says flatly that the United States has now regained the tremendous atomic superiority it had over Russia in August of 1949 when the first Soviet atomic bomb was exploded.

SCANNING THE WEEK'S NEWS of Main Street and the World

Reds Explode Second Atomic Bomb; American Harvest Is Satisfactory

THE RUSSIAN BOMB—The question of what the Russians have been doing about the atomic bomb since the first explosion was announced in September, 1949, was answered last week with a White House announcement that another bomb had been exploded.

A few days later Stalin made the announcement in Russia. It was the first time the Russian people had been given any information concerning that country's atomic bomb progress.

The announcement was received in the home towns of the nation much more calmly than the report of the first explosion. The White House statement which said the new explosion was an atomic bomb, belies Communist propaganda that Russia's atomic energy development is strictly for peaceful purposes and not the manufacture of weapons.

The White House announcement said, in part: "In spite of Soviet pretensions that their atomic energy program is being directed exclusively toward peaceful purposes, this event confirms again that the Soviet Union is continuing to make atomic weapons."

Shortly after the new explosion was announced, a British source said the Russians probably now have a stockpile of 50 atomic bombs. Although the Russians have many able scientists, much of their rapid progress in atomic development is due to secrets learned by such men as Klaus Fuchs and Bruno Pontecorvo.

IDENTIFICATION TAGS—The Federal Civil Defense Administration has recommended that every civilian in the United States and its territories wear an identification tag bearing his name, and address, blood type, religion, and the name and address of a person to be notified in case of injury or death. The agency recommended the tag be worn permanently on a necktie, bracelet or on a chain around the ankle.

In the event of all-out war or atomic attack, the tag would serve to identify not only the injured or dead, but the mentally ill, persons suffering from shock or amnesia, and small children. It would facilitate medical attention, help to reunite families, and be useful in legal claims of various kinds associated with damage to or destruction of life and property.

The procurement and distribution of such an identification device, and the establishment of rules for wearing it, will be the responsibilities of state civil defense agencies.

THE WHITE HOUSE—Senators, ever conscious of grass roots democracy and its lack of pretentiousness, asked a few pointed questions last week concerning the White House which has been under-going remodeling since December 7, 1942.

The senators were told "there is no royal elegance in the building. It is in keeping with dignity, but there is nothing of elegance in this building that is not equaled in many, many a private home throughout the country. It is dignified and fine, but not too fine."

All this was told behind closed doors to the senate appropriations committee before it recommended spending another \$201,000 on the reconstruction of the building. Reconstruction is expected to be complete early next year.

The need for additional funds (\$3,500,000 has already been spent) was attributed to increased costs of materials and unexpected delays. The building which had been on the verge of collapse has been reinforced with steel, a basement added, and new quarters made in what was formerly the attic.

AMERICAN HARVEST—Americans will eat well this coming year and, at the same time, will be able to fill its world food commitments, according to the Department of Agriculture's report of the 1951 crop situation.

It has been a trying year due to the Kansas-Missouri flood area and drought damage in a number of other sections. But the 1951 harvest is described as satisfactory.

The corn crops will be in excess of 3,000,000,000 bushels. The Agriculture department had asked for 3,520,000,000 bushels. The winter wheat harvest is expected to total 1,000,000,000 bushels, a little less than the department asked, but not dangerously low.

Generally other crops followed the wheat-corn pattern.

NEW TRUCE TALKS—Gen. Matthew B. Ridgway has agreed to the Panmunjom armistice talks for new Korean cease-fire talks. The village is located six miles east of Kaesong and 12 1/2 miles northwest of Munsan.

The agreement of a site for the talks does not mean, however, that the talks will actually take place. There remains to be settled a number of technical questions concerning neutrality and policing of the area that could disrupt the best made plans.

Meanwhile, savage battles were being fought in west Korea with the Reds using artillery at a rate unknown to the Communists since the start of the war. But the Allied fall offensive continues to grind out small, hard-won gains at tremendous cost to the enemy.

American infantrymen fire a 75-MM recoilless rifle during front line action in Korea. Fighting in Korea has increased in recent weeks.

DRAFT CALL—Home town draft boards have begun reclassifying 300,000 married non-fathers. Maj. Gen. Lewis B. Hershey, selective service director, said the men would be inducted into the armed forces as rapidly as they can be reclassified and processed, but estimated that fewer than 200,000 of the 300,000 would be reclassified I-A.

Hershey urged men who have failed to notify their local draft boards that they have become fathers to do so immediately. He also reminded draft eligible men that the selective service law places upon the registrant the responsibility to notify his board of a change of status. Once the order to report for induction has been issued it is too late to reopen the case.

THE SERIES—Americans in every part of the nation last week forgot their worries long enough to listen to the world series. Wherever there was a radio, at home, in the grocery stores, filling station, poolrooms or fire stations, baseball fans listened to the Giants and Yankees battle for the championship. And it was the Yankees, playing ball like the Yankees of old, making 18 double plays during the series, who were crowned champs, taking the final game from the Giants 4-3.

From left to right, Senator Brian McMahon (D, Conn.), chairman of the joint congressional atomic energy committee, talks with atomic energy commissioners, Henry D. Smyth, Thomas E. Murray and J. Keith Glendon, shortly before the A.E.C. members met with the atomic committee in secret session at the Capitol recently. McMahon announced that he will ask the atomic committee to approve his resolution calling for an all-out atomic expansion. McMahon has said that \$6 billion a year could give the United States an atomic army, air force and navy.

The six were sentenced to long-term forced labor by a Czech court for anti-Communist activities. They were in the mines for two years, working under inhuman conditions 425 feet below the surface, before they made their daring escape and surrendered to German border police. They hope to reach the U.S. or Canada. They were fed the best meal they had enjoyed in five years when they were taken to the German camp.

SENATE RESTAURANT

Restaurant Manager Says Most Senators Are Meat, Potato Men

When a moment of leisure hits Capitol Hill, many members of Congress automatically head toward the restaurants in the capitol building for food and relaxation.

William A. Brockwell, manager, and Mrs. Edith G. Ridgely, hostess. They must, and do, know every representative, member of the press, and employee in the house.

It is not at all unusual for them to learn at 10 or 11 a.m. that a congressman is planning a luncheon for as many as 50 that day.

There are also two small snack restaurants, one on each side of the capitol. When the house is in session, the restaurant is open from 8 a.m. to 5:30 p.m., and when the house has adjourned, it closes at 3:00 p.m.

SOME CONGRESSMEN have frequent parties, many never entertain. Representative Frank W. Boykin of Alabama has the largest and most frequent parties.

To bring a home town flavor to the representatives in Washington, the restaurant imports special food from many parts of the country for parties held on the hill or for general consumption.

The favorite dessert of the congressmen is apple pie. Generally, they are meat, potato, and apple pie men.

Only about a dozen of them ever ask about fads or diets, such as the recent yen for yogurt or black strap molasses and whole wheat germ.

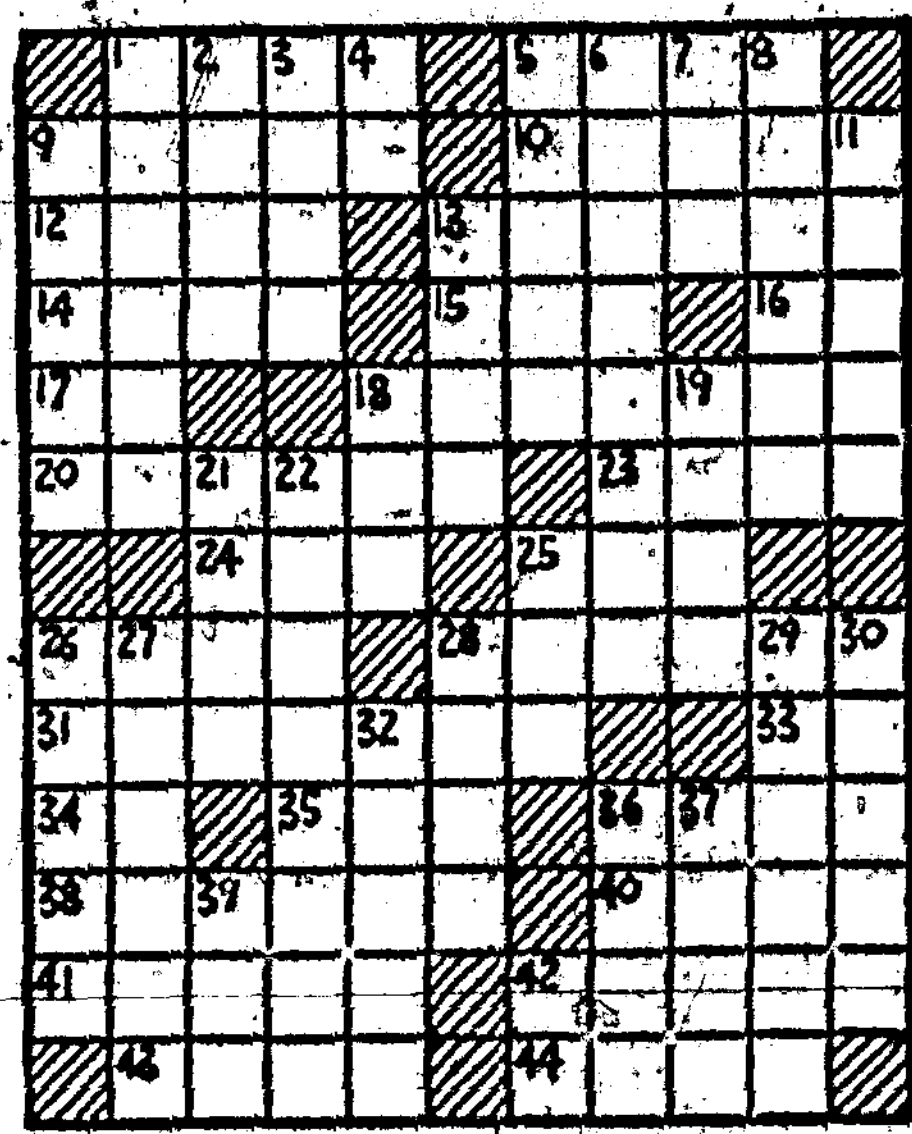

In such a place where many personalities meet, funny incidents occur, such as the two ladies who had secured passes to the visitors' gallery of congress and stopped at the restaurant to ask if they could get lunch.

The relaxed atmosphere of the house restaurant makes a daily, pleasant retreat for the legislators of the country.

THE FICTION CORNER

TEEN-AGE LOVE

By Richard Hill Wilkinson

It was only natural that Rose should be thrilled at thoughts of meeting Loring Hunt. After all, Loring Hunt was the most glamorous of modern day screen stars.

3-Minute Fiction

"I look under 30, eh?" Loring chuckled. "They do marvelous things in Hollywood."

When told of Loring Hunt's pending arrival Jerry had scouted. "What?" he cried disgustedly. "That sap coming here? To your house? Why, your mother must be out of her mind!"

"Try and keep me away," said Jerry. "I'm not letting the girl I'm engaged to run around unattended with that lizard in the vicinity."

had expected. There were a few grey hairs about his temples, but what are a few grey hairs when the man of her dreams was here in the flesh and seeming to take a particular interest in her.

"Quite a trick, getting away from that crowd," Loring Hunt smiled. He drew her to a hamper and set it down. "I wanted to have a few moments alone with you before I left."

Rural Population Is Salvation of Today's Civilization

By Wright A. Patterson

THE FIRST WEEK of December, 1951 will mark the end of 11 years that I have been writing this column. Through those eventful 11 years I have, on many occasions, recalled the content of that first column, but I have never reprinted it.

The time was the day that marked the close of that conflict in November of 1918. The place was a parlor in the Savoy Hotel on the Strand in London. In that parlor we listened to the wildly hilarious Londoners, millions of them, expressing their joy over the close of the war.

Today we English and all the others of the allied world are crossed with joy over the ending of the war. They do not realize that the world faces a more serious problem now than at any time during the last four years.

Within a comparatively short time we will be engaged in another global struggle that will mark the end of civilization in Europe as we have

known and enjoyed it. Our hope of having it returned to us lies in the rural population of America, the people of your towns, your villages and farms. They are the safest, most people in the world today.

It was a startling, unbelievable statement, but I have lived to see much of what Balfour said come to pass. There was that second global war, more destructive, more terrible, than the first one.

Since that first week in December, 1940, with that Balfour prophecy before me as a text, I have endeavored to convince my rural audience, the people of the villages, the towns and the farms, of the dangers in the trend of the socialist left. I have hoped to cause them to realize their part in the saving of the nation and the world civilization.

national bankruptcy, caused largely by the effort to meet the demand of those seeking something for nothing. With the coming of bankruptcy there will be nothing from which to provide that something that is expected.

I have seen that second and greater conflict come and the Hitler legions destroyed. But with that conflict there was destroyed much of the European civilization. Poland and the Balkan states have been enveloped within the destructive folds of Communism; France and Italy are on the verge.

England has gone socialist, and we in the United States have followed the New Deal, and then the Fair Deal, along the socialistic trail. My feeble efforts, as well as the efforts of many others of greater ability and with larger audiences, have been outweighed by the something-for-nothing provided through doles to the farmers for not planting or high food prices.

They proved more effective than mere words, and they have followed the Pied Piper of socialism, until we are now standing on the brink of the precipice. Because the Jeffersonian Democrats of the south refused to follow the socialistic program, we are still on that brink. We have one last chance to escape the abyss.

That is the next national election. If we at that time defeat the forces of destruction, we can turn back from that socialistic brink.

"Yes?" whispered Rose. "You remind me so much of your father. He was a fine man. I remember him well."

"You remember my father? But I was only a child when he died!" "You were at that," said Loring Hunt. "I was young too." He sighed. "Ah, me! How time does fly. Here I am almost 50 and—"

"Fifty!" cried Rose. "Why, I thought—that is—in your pictures—"

"I look under 30, eh?" Loring chuckled. "They do marvelous things in Hollywood. But, here let's not talk of me. Tell me about yourself. Are you in love? I noticed a fine looking boy giving you a lot of attention."

Rose was a bit overcome. She hadn't dreamed that her ideal was—was an old man! She started to speak, but a figure had glided up and was standing in front of them. It was Jerry. In the pale light she could see the set took to his jaw.

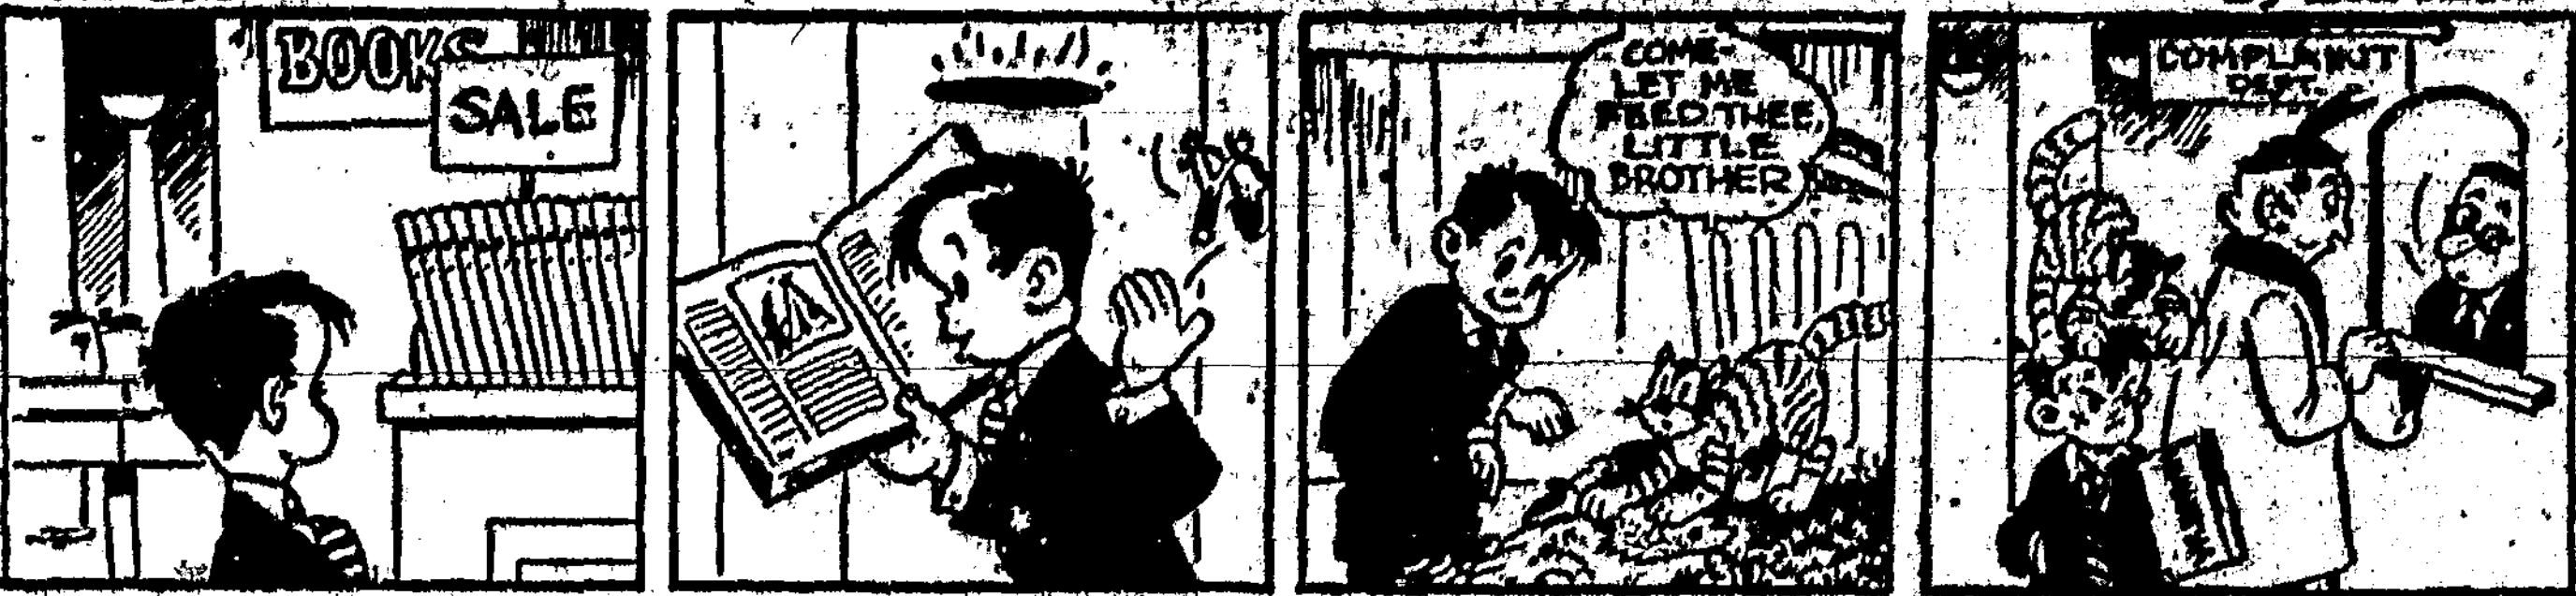

"Ah," said Loring Hunt, rising. "here he is now. We were just talking about you, young man. Rose was telling me—well, rather I was telling her that it was a pity her father couldn't have lived to see his daughter grown to womanhood."

"Yeah?" said Jerry. "There was a pause, Rose leaped to her feet. 'Mr. Hunt was asking me if I'm in love and—and I told him yes. I told him I was in love with you, Jerry.'"

Slowly Jerry relaxed. Rose had taken his arm and was hanging on for dear life. It was a good thing, he told himself importantly, for Loring Hunt, that she had come to her senses.

When Life Gets Hard

Lesson for October 23, 1951

In an army training center there is plenty of gripe about time...

So What? "But, Joe, I can't marry you, you're almost penniless."

Seeking Aid "How's your wife?" "She is sick, lying at death's door."

Vandeville "I suppose you have traveled a good deal?"

Circumstances "You can be honest and you can be polite, but there are times when you can't be both at the same time."

IN FULL BLOOM

Little Mary was visiting her grandmother in the country...

Bad's Be "Driver: 'We had a big fire at the soap factory where I work.'"

Sabotage "Gracie: The oven has been on all day."

Reason Enough

Life Goes On "It is not the whole story, of course. Life, even the hardest kind of life, is not merely a preparation for battles to come."

CAUSE TO FROWN "A traffic officer stopped an out-of-state motorist and said, 'I'm going to give you a ticket for driving with out a tail light.'"

How True: "Hear that fellow blabbing about his business? Yeah, Trade winds! Not Proud of It! I never go out with the same man twice. If I were you, I wouldn't boast about it."
