Lions Sponsor Street Changes

At the regular meeting of Carrizozo City Council April 30, the trustees approved plans to hold a public meeting at 7:30 P. M. May 14 at City Hall in connection with a proposed plan to rename the town's streets.

The proposed plan was submitted by George L. Zimmerman for the local Lions Club who is sponsoring the name changing program. The attorney explained there are a number of conflicting points in connection with the present street setup, and the proposed plan will eliminate those problems. According to the proposed new setup, one group of streets would be numbered, another group would be given alphabetical letters, while the third group would be assigned names appropriate to the locations.

It was explained the renaming of the streets in Carrizozo will not involve cost to the village or its residents, and that the Lions will bear any expense which may be entailed, including the cost of construction and placement of markers at street intersections.

At the public hearing to be held at City Hall on May 14 at 7:30 P. M., the village council will consider any objections to the proposed plan for renaming Carrizozo streets.

A plat of the town with the contemplated changes marked in red is posted in the office of the village clerk for the information and convenience of the residents. Written petitions of approval or rejection of the contemplated change will also be given consideration.

Other business disposed of at Monday night's meeting included approval of a request from the local hospital to relocate the proposed front sidewalk parallel with the street curbing and eliminate a grass strip between the sidewalk and the street. The relocation of the walk will be of material assistance in the landscaping of the hospital grounds.

Council voted to hire Clifford and Dalton, Alamogordo firm of accountants, for the annual auditing of the city's books. The Alamogordo firm made the 1950 audit. The trustees also voted to have the accountants set up a modern system of bookkeeping which is believed will be of benefit to the city clerk and eliminate many details that are necessary under the present system.

The subject of appointment of an electric light and power committee was also brought up at this week's meeting. The terms of office of members of a previous committee are expired, it was explained, and state regulations necessitate a new committee be appointed. John Wright and L. Z. Manire have been appointed to this committee subject to their acceptance.

Ruidoso Seniors Hold Exercises On Sunday

The Ruidoso High School seniors will attend their baccalaureate services at the First Baptist Church, Ruidoso, Sunday, May 6, at 7 P. M.

The class commencement program will be given Wednesday, May 9, at 8 P. M. in the school gymnasium.

Members of the Ruidoso High School graduating class will leave May 10 on their senior trips to Colorado Springs.

Wed In Carrizozo

A wedding which united Weldon N. Rogers and Mrs. Ruby May Rogers was performed Tuesday by Carrizozo Justice of the Peace Manuel V. Chavez at the courthouse here. Rogers is employed at the Harvey ranch.

Graduating Pictures

We regret the necessary restriction of newsprint and the difficulty of securing cuts at the same time of Lincoln County's 1951 graduating classes prevent us from publishing all the pictures in this week's issue. However, we plan to publish the remaining pictures next week. The variation in the pictures is due to the type of photograph from which the cuts were made, and the size of the cuts differ necessarily.

Carrizozo Seniors Hear A. & M. College Dean

"If I Were Commencing" was the subject chosen by J. B. Munson, dean of students at New Mexico A. & M. College for his address to the 1951 graduating students of Carrizozo High School last night (May 3) at the school auditorium.

David Luera, the class valedictorian, completes four years of high school work with an average of 90.54. The class salutatorian, Jimmy Barnett, who follows closely on the heels of Luera, is next with an average of 87.41. Joe Sedillo, vice president of the class, is third with an average of 82.66.

Miss Norma Compton, as class president delivered the welcome address.

The class motto is "No Time to Lose; Just Time to Win," with class colors American Beauty rose and white, and the American Beauty rose as the class flower.

Sponsors for the class are Miss Daisy Dickenson and Fred M. Renfro, teachers in the local schools.

The following program was to be presented at Thursday night's commencement exercises: Processional, "Tannhauser March," Wagner, L. W. Snider, pianist; invocation, Rev. Ray Miller, pastor, Trinity Methodist Church; "Star Spangled Banner," audience; welcome, Norma Compton, class president; salutatory address, "At the Crossroads," James Barnett; vocal solo, "Bluebird of Happiness," Alton Lenard; introduction of speaker, L. Z. Manire; address, "If I Were Commencing," J. B. Munson; accordian selection, Jan Hurley; valedictory, "Today's Challenge," David Luera; presentation of awards, L. Z. Manire; presentation of diploma, W. H. Nickels, president, Board of Education; "Auld Lang Syne," audience; benediction, Rev. Jesse Allen, pastor, First Baptist Church; recessional, "March of Flambeaux," F. Clark, L. W. Snider, pianist.

Corona Baccalaureate Services Held April 29

Baccalaureate services for this year's graduating class at Corona High School were held at 11 A. M. on April 29 in the high school auditorium.

The following program was presented:

Processional, Mrs. L. W. Parker; invocation, Rev. L. Markham; "I Walked Today Where Jesus Walked," O'Hara, by Girls' Glee Club; Scripture reading, Rev. D. H. Peoples; "Thanks Be To God," O'Reilly Dickson, "When Children Pray," Fenner, Girls' Sextette; address, Rev. D. H. Peoples; "The Battle Hymn of the Republic," Steffa, "Onward Christian Soldiers," Sullivan, Boys' Glee Club; "The Holy City," Adams, Mrs. J. E. Griffin; "Abide With Me," Manik, Girls' Glee Club; benediction, Rev. L. Markham; recessional, Mrs. L. W. Parker.

Graduation exercises for the eighth grade students are scheduled today (Friday) at 11 A. M. Corona school will reopen August 20.

Dist. Gov. Ivan Johnson Visits Local Lions Club

District Governor Ivan Johnson, Bayard, made his official visit at a meeting of the Carrizozo Lions Club held Wednesday night at the Carrizozo Country Club. Johnson discussed plans for the state convention to be held in Gallup this month.

In an election of officers for the ensuing year, C. D. May was named president, while the office of secretary-treasurer went to incumbent L. Z. Manire. George L. Zimmerman and W. H. Nickels were chosen for first and second vice president, respectively. Tailtwister is J. D. Richardson. Directors for a one-year term are F. O. Brown and E. L. Sherrill. Fred English and Lewis Farris are the new directors for two-year terms.

The district governor complimented Secretary Manire, stating that he has never been late with any of his reports and that if all New Mexico clubs were as prompt, the state organization would have a top rating.

Plans for a Carrizozo youth center are in the process of development by the Lions Club. No definite announcement is made but tentative plans call for roller skating and dancing.

Todd Case Dismissed For Lack Of Evidence

The case against Leon Todd, Mineral Wells, Texas, druggist, and Glenn Thornton, Arizona prison inmate, was dropped this week, according to District Attorney Tom Campbell, who said it had been dismissed at the state's request for lack of sufficient evidence.

The two men were previously charged with the murder of William Henry Hewatt in Ruidoso about 10 years ago. Todd was picked up by Lincoln County authorities after Thornton had allegedly confessed he shot Hewatt at the request of Todd. Thornton later repudiated his alleged confession.

The case was scheduled to be heard on May 1, and Todd had been free on bond of \$4,000. Campbell told the News-Outlook he had requested the case be dismissed for lack of sufficient evidence.

MOVE TO TEXAS
Mr. and Mrs. L. M. Sneathen will leave shortly for Brownwood, Texas, where they expect to establish a new home. Mr. Sneathen has been employed at the village power plant, while Mrs. Sneathen is an employe at the local hospital.

County \$300 Short Of Goal In Red Cross Drive

Mrs. Bertha K. Storm, Glencoe, who is in charge of the drive for American Red Cross funds in Lincoln County, announced this week the recent plea for contributions had met with considerable success.

Approximately 300 residents sent in contributions for the Red Cross fund, she said, after last week's request. However, Mrs. Storm added, Lincoln County is still \$300 short of meeting its quota for this year, and additional contributions are urgently needed.

A number of Lincoln County residents, she reported, have failed to forward their subscription forms. Mrs. Storm urges generous response on the part of Lincoln County's citizens and stated all donations should be sent to Mrs. Laura Crawford, executive secretary, American Red Cross, at the courthouse in Carrizozo.

VISIT TUCUMCARI
Meadames H. E. Kelt Sr. and John Littleton drove to Tucumcari over the weekend and returned via Roswell. Mrs. Kelt's small grandson, Billy, who had been visiting his grandparents, accompanied them.

George A. Stebbins, 77, Succumbs In Carrizozo

George A. Stebbins, 77, brother-in-law of Mrs. Gusie Johnson, Carrizozo, succumbed at the local hospital April 26 at 5:30 P. M. after several months illness.

The body was taken to Salina, Kan., where Rev. James S. Elliott officiated at services held April 29 in the Guy R. Ryan and Sons mortuary there. A Knights Rose Croix Masonic service was held at Hillcrest mausoleum in Gypsum Hill cemetery, with entombment at Hillcrest mausoleum.

Surviving are a sister-in-law, Mrs. Gusie Johnson, Carrizozo; a niece, Mrs. L. A. Palmer, Vancouver, Wash., and a nephew, Lonnie Stebbins, Tracy, Calif.

The deceased, who was retired as train dispatcher after 52 years of service with the Union Pacific Railroad, was born at Ellsworth, Kan., June 5, 1873. He had been a resident of Salina, Kan., for many years prior to residence in Carrizozo. After the death of his wife Gertrude (who was a twin sister of Mrs. Johnson) in 1942, the deceased made periodic trips here and established Carrizozo as his official residence.

Mr. Stebbins was a member of the Presbyterian Church, a 32nd degree Mason and member of Isis Temple Shrine in Salina for more than 50 years. He became a member of the Elks in 1905.

Town Team Wins 25-12 In Baseball Opener

The Carrizozo Town Baseball Team defeated the San Antonio team, 25-12, Sunday afternoon, April 29, in a seven-inning game which heralded the opening of the local town team's current season.

First pitcher for Carrizozo was Nick Vega Jr. with Juan Beltran as second hurler. Lorenzo Mirabal caught for the local team.

Catcher for the out-of-town team was Garcia, while the man on the hill was Bargas.

The Carrizozo nine will travel to San Antonio next Sunday, May 6, for a return engagement.

Scouts Attend Annual Outing

By L. D. FISH

April 27 and 28 the Boy Scouts of the White Mountain District held their annual camporee above the Bonita Dam. The district includes the towns of Vaughn, Corona, Carrizozo, Lincoln, Hondo, Ruidoso, Capitan, Green Tree, Mesalero and Fort Stanton. About 75 boys and their leaders attended the meet, but not all of the towns were represented. There were five troops present, Carrizozo, Capitan, Lincoln, Mesalero and Fort Stanton.

About two miles above the Bonita Dam there is a clearing of some 10 acres in size flanked on two sides by forks of the river and surrounded by high mountains. It is an ideal spot for a picnic. The five troops were deployed over this area in such manner they were out of each other's way but close enough to permit close cooperation with each other.

The boys arrived Friday afternoon and each troop was assigned to its own camping area. Tents were pitched, garbage pits dug, sites selected for cooking fires and then supper was prepared. After supper, about 8 P. M., the Court of Honor was held. This formality is for the purpose of awarding merit badges promoting those who are eligible, and in general recognizing the progress made by the individual boys of each troop. Only two troops went up before the Court of Honor, Fort Stanton and Carrizozo.

The first thing done Saturday morning was to clean up the entire area. This job was made more interesting by staging a contest. Each boy was to bring in 10 articles that would show that other people had been there before them. The most unusual article would win a prize. Mesalero took the prize by bringing in a piece of a golf ball, of all things. The rest of Saturday morning was spent in competing in 10 events. These were sound observation, line throwing, packing, wood chopping, log hauling, tracking, first aid, fire building, lanching and making a fire with flint and steel. Fort Stanton was the only troop engaging in this last event. They built a fire in 14 seconds with flint and steel. According to one of the supervisors, this is very good time. About noon Saturday the boys all went home. After they had left it was hardly noticeable that they had been there at all, so carefully did they clean up after themselves. Forest Ranger Earl asked the Fort Stanton troop to leave a table they had made. The table was unique in that not a nail was used; the whole thing was lashed together.

The camporee was under the direction of Ranger Dean Earl of Capitan. He was assisted by John E. Clardy, field executive for the White Mountain District. The following Boy Scouts from Carrizozo received second class awards: Skipper Harkey, Albert Lucero, Lonnie Nowell, Ronnie Nowell and Scott Lewis. Awards received by Scouts from Fort Stanton were: Ernest Sanchez, tenderfoot; Jerry White, Joe Ferguson, Jon Wilson and Eddie Womack, first class Scout rank; Jimmie Minter, animal in-

Attend Convention

Miss Margaret Lane left last week for Chicago, accompanied by M/Sgt. and Mrs. S. E. Cummins, Roswell. En route they planned stops in Colorado Springs, Denver and a visit with relatives in Iowa. The trio will attend the Prisoner of War convention in Chicago May 3-6. M/Sgt. Cummins was one of the prisoners taken on the Bataan death march in World War II. Miss Lane will do some buying for the Lane Sisters local store while in Chicago.

Washington Newsletter

By JOHN J. DEMPSEY, M. C.
WASHINGTON, May 3.—Today General of the Army Douglas MacArthur is scheduled to appear before the Senate committee on armed services to tell in more detail, just what is involved in his disagreement with other national leaders as to the correct means of pursuing the war in Korea.

What the general has to say should shed considerable light on our Far Eastern affairs which have been shrouded in secrecy for much too long a time. The American people are entitled to know what their own country is doing.

For this reason, I am of the opinion that legislative hearings in these matters should be open to the public, insofar as that is possible. Naturally, there will be things arise which would give knowledge and comfort to the enemy if the information were to get out. Such items should only be revealed behind closed doors. But all too often, top government officials have an inclination to suppress anything unfavorable to themselves under the pretense that it is top secret information. Such attempts are inexcusable.

Suggestions made that such hearings should be televised are commendable, I believe, since this would bring a large segment of the American public into closer contact with the inquiries.

"WATCH DOG" ROLE. Chairman Carl Vinson of the House Armed Services Committee, provided an excellent example of the kind of watchfulness on the part of Congress which is urgently needed, when his committee recently protested strongly against efforts of two of the military services to lease expensive apartment buildings in Washington.

The protests were enough to halt this particular move, but chairman Vinson was afraid that might not always be the case. He decided to take no chances. His committee brought before the House a bill which requires approval by the House and Senate armed services committees of any real estate purchases by the military, or leases of real property having an annual rental of \$10,000 a year or more. The bill passed unanimously.

This is exactly what I had in mind during my first speech to the 82nd Congress on January 17, when I urged the congressional committees to undertake the "watch dog" job of seeing where the funds go after they are appropriated. I hope other committees follow the lead of Chairman Vinson's group in this regard.

AUTO TAX HIKE. My office has received a flood of telegrams protesting the proposal of Secretary of the Treasury John Snyder to increase the present 7 per cent excise tax on automobiles to 20 per cent.

The proposal, of course, is based on the assumption that an automobile is a "luxury" and something that people can get along without very easily. Such an idea is ridiculous to the many people in New Mexico, as in other states, who are forced to depend on automobiles to get from their homes to their jobs and back.

After receiving these protests, I checked with various members of the House committee on ways and means which must approve any tax increase, and I was informed that the committee is not going along with Snyder's proposal. The most the committee will consider is a hike to 11 per cent, and even that increase will have tough going on the floor, as far as I am concerned.

If consideration of these new tax hikes is delayed until after June 15, when the next income tax installment is due, it will be found that revenues are higher than anticipated, and tax increases won't need to be so large. Reduced government expenditures on non-essentials — not higher taxes — is the real answer.

INTERIOR IS HIT. It was rough going for the Interior Department's appropriation bill on the

NOGAL MESA

By DOROTHY GUCK

There is something enchanting about a country that has such dependable weather as we've been having. I hope the peas don't freeze before they have the opportunity of giving us a stand to brag about.

Speaking of bragging, once again I'd like to say a word about my neighbors. Last week, my daughter Mary had her tonsils removed. First one neighbor stopped by with some icy cold milk, two of them with toys for the patient, another with a cake, and all of them offered to do the washing and ironing. I was thoughtful enough to have done it already. But like I say, you can't beat my neighbors for right down swell folks.

Monday we were in Roswell and saw Jimmy Withams buying new equipment to take in the opening of fishing season. Virgil Jones and Gilbert Snell are stationed at Bonita Dam to check on the many fishermen who pass by on the way to the south fork of Bonita Creek.

The Lincoln County Boy Scouts enjoyed a vigorous weekend camping above the dam.

Gill and Chloe Peters start their yearly vacation Sunday with no definite plans as to how

floor of the House last week. At the time this newsletter was written, final approval had not been given, but already several items had been slashed.

DISPERSAL KILLED. The Senate last week dealt the final blow to the plan to move government offices out 15 or 20 miles from the central Washington area, when it disapproved the dispersal bill. Previously, the House Public Works Committee refused to report a similar bill to the House for consideration.

In the Senate Public Works Committee, the plan was whittled down from \$197,000,000 to \$105,000,000, but even that was rejected on the Senate floor.

Congress felt that the plan would not provide effective safety in case of an atom bomb attack, and would be prohibitive in expense, entailing additional roads plus the new buildings. Many considered it merely a thinly disguised attempt to open up existing government buildings here to add thousands of additional employes.

It will be spent. Bobbie Peebles tripped to Roswell Sunday but claimed he couldn't see the town for the dust.

I hear that Leota Pflingsten brought the house down with her "Mockingbird Hill" at the Ruldoso pow-wow. She entertained the Hondo Extension last week also.

Mr. and Mrs. Henry Peebles visited the Dabneys on Sunday. Mr. and Mrs. Emmett Womack had dinner with the Paul Jones Saturday evening, and the Elmer Hustus stopped by on Sunday.

On Monday, May 7, the Captain PTA is sponsoring a family picnic at the old grade school. Everyone is invited. The children will be entertained by games, contests and races after school. Parents are asked to bring a covered dish and silver and dishes for the family. Then there will be square dancing in the gym after supper. Borrow a kid if you don't own any, wear your old slacks, and prepare to have one of those old fashioned good times folks talk about. Eats will be ready at 6:30.

Mrs. G. A. Titworth arrived home from Philadelphia where she has spent the past few weeks.

Mrs. A. J. Perry of Niles, Calif., is here with her children visiting her parents, Mr. and Mrs. Pat Dixon.

On Tuesday, April 24, Mr. and Mrs. Hugh Bancroft entertained 12 guests at a dinner party in honor of D. O. Murphy. It was Mr. Murphy's birthday anniversary. Dinner was served at Pearl's Cafe and included a large birthday cake. Mr. Murphy received many unusual gifts which were opened during the dinner hour. After dinner the party retired to the Bancroft home for bridge and canasta.

The senior class report a grand time on their trip to Denver last week. Mr. and Mrs. Joe Evans and children of Roswell were weekend guests at the Travis Werners.

The weekend guest at the home of Mr. and Mrs. Joe Wigley was their nephew, S. J. Wigley, who is now stationed at the Roswell Air Base.

Mrs. D. O. Murphy left on Thursday, April 26, for a month's visit in California with her children. Mr. Murphy will join her

Selective Service Tests Scheduled May, June

FORT STANTON

By L. D. FISH Clarence Boyd has a lot of new irrigation ditches dug all over the place. Says he is only watering the gophers. We who live here know better than that. Our superintendent of farming operations is doing an excellent job.

The Bonita Club held a dance last Saturday night in the Bonita Club House. Dr. and Mrs. Mankinen and Mr. and Mrs. Kuslanovich were the hosts.

Dick Cox told me he went to the district track meet in Alamogordo. He was a competitor in the 880 yard relay, the 100 yard dash and the 220 yard dash.

The youngsters of the Fort Stanton School are planning a picnic for May 2. (That was last Wednesday as you read this.) Rumor has it that our teacher, Miss Ruth Sikes, may not be here another year. We will all miss you, Miss Sikes. You have done a good job in getting our kids ready for Capitan. You did your job as you saw it and backed up for no one when you knew you were right. That is commendable.

Here is a note too late for the last paper. Dwight Allison, consulting engineer for a firm in St. Louis, Mo., stopped over for a visit with Mr. and Mrs. Jim Howard. That was Friday the 19th. He was en route to El Paso on business for his company and stopped long enough to say hello to his folks. Speaking of the Howards, I haven't seen Mrs. Lund for some time. Cold weather has kept a lot of people in if they didn't have to go out. Now that the dandelions have taken over the lawns, spring must be here so we expect to see quite a bit of you.

Shirley Anne Williams (almost said McClain) is in San Antonio, Texas, for a few days to visit with her husband, Sergeant Williams. He is taking some advanced training there. In keeping with the adopted policies of this column, no word will ever be said about the movements of service personnel. In spite of what our State Department may say, we are at war and the less said the better.

Caroline Sanchez received a letter from the CO of the U. S. S. "Boxer." The skipper had some very nice things to say about Alfred. She has one of those letters not usually received by anybody; a sailor has to be really above the average to get the CO to notice him favorably. The Sanchez family has much for which to be proud.

Louis Merrill surprised Mrs. Merrill with a birthday party on April 26. Their boy, Eugene, along with his wife Colleen, and little daughter Linda came down from Ada, Okla., to be here for the event. Eugene is the manager of the B. F. Goodrich store in Ada. The party was held in the El Rancho Cafe in Roswell.

Joe Barber's wife, Lorraine, has been visiting the Minter family the past two or three weeks. She had her little ones, David and Dorla, along with her. Their home is in Los Alamos.

Troop 58, Boy Scouts from here attended the camporee at Bonita Dam last weekend. More about that in an article in this paper. I heard our troop did all right by themselves in the events staged at the camporee.

Several people from the Fort attended the G. P. A. meeting last Friday at the Captain High School. Officers were elected. Wesley Young is the new president, Clyde Mullins is the secretary-treasurer, and Ray Baker was re-elected to the office of committeeman. L. S. (Heavy) Drake was there and spoke at length on GPA activities. This organization is a good one and deserves a lot of support from all of us.

Mrs. Bill Brown went to Grants recently. Her son Ergeal and his family reside there.

Mrs. Baker and Mrs. Parker were hostesses to 15 members of the Ladies Guild last week.

The Fort Stanton Bowling Club holds its meetings every Tuesday night at 7:30 in the bowling alley here. We need all the members we can get. It's fun to watch, whether you bowl or not, and bowling is the best exercise you can get.

The Parkers were in Roswell last Saturday. Gene says that Percy shot a good game. I don't know enough about golf to know what a good game is, but he has been golfing a long time and should be pretty good.

Mr. and Mrs. Ed Keeney were visitors at the Parkers over the weekend. I always miss seeing them when they come here. You folks should stay longer and get around to see all of your friends. Mrs. Laramie and her father, Theodore Lantau, were here for awhile last weekend, also, visiting the Parkers. Mr. Lantau is 81 years old. Gene says he always calls Parker "Perky." Your gang can take it up from there. Perc. Mr. Lantau was associated with

TINNIE

By RUBY ALLEN The baccalaureate services for the Hondo High School graduating class were held Sunday afternoon, April 29, at the high school. The following program was given: Processional, "The March of the Shepherds"; Mrs. Robert Lane; Invocation, John A. Hamilton; "Eventide," high school chorus; "Knowing God," James Kimbrell; "The Rosary," (Robert Lane took Mary Kamees' place, as she was ill); baccalaureate sermon, Superintendent J. H. Morris, Ruidoso High School; "An Evening Prayer," Robert E. Lane; "My Mother's Hands," Dorothy Jean Chavez; "Ave Maria," high school chorus; benediction, John A. Hamilton; recessional, Mrs. Robert Lane.

The graduation exercises for the class was to be held Thursday night, May 3, at the Hondo Grade School Gym.

Mrs. Ruby Allen went to the state meeting of the New Mexico Congress of Parents and Teachers held at Clovis April 26, 27, 28. The theme of the meeting was "Today's Child, Tomorrow's Citizen, Our Greatest Heritage." There were approximately 400 parents and teachers registered at the Hotel Clovis. All who attended felt the meeting was inspirational and beneficial.

Mrs. Gonzales taught two days last week for Mrs. Allen at the Tinnie Grade School while Mrs. Allen was attending the PTA convention.

"Junior" Sandefer, son of Mr. and Mrs. William Sandefer of Tinnie, left to go back to his camp in San Diego Sunday afternoon. He will be sent "abroad" soon.

Joe Ironside is recovering from a mild case of the measles.

Pita Salas missed her first day of school last Friday when she was sick. We hope she doesn't have the measles.

Mary Kamees was missed in the baccalaureate program Sunday afternoon. Mary is a fine singer, but she had to stay home due to illness. We hope she is all right now.

Mrs. J. B. Morris was a visitor at the home of her parents, Mr. and Mrs. William Sandefer, Sunday afternoon.

It was a misprint that the Tinnie Grade School had held its closing day program last Thursday. The program was held Tuesday, May 1, at the Tinnie School.

the railroad business many years. Mr. and Mrs. Emmett Womack Jr. were here from Lubbock over the weekend. You remember Mrs. Womack was Rose Marie Bingham.

Little Diana and Linda Thompson (Ceil Thompson's daughter) went to Datil with their aunt to visit their grandmother.

Miss Annecece Yarbrough was an overnight guest of my daughter Mary last Monday night. We hope you had a good time Annecece; you're always welcome.

Dr. and Mrs. Kopping came back safely from Mexico City. Mrs. Kopping said she likes to go places but it's always good to get back again.

We are still trying to find a place to continue the teen-ago parties we started last January. Anybody got any ideas? Numerous people have offered all kinds of things to help get the thing going again. All we need is space.

Graduation day will soon be here. I always enjoyed the class prophesies. When I was graduated from high school, I was voted as being the boy with the forehead most likely to recede. (Sic transit gloria mihi.)

Several Fort Stanton boys received honors at the court of honor held during the camporee last Friday and Saturday. Skipper Gould is a Life Scout, Jimmie Armour received Star Scout badge, Jimmie Minter received a merit badge for animal husbandry, Eddie Womack, Joey Ferguson, Joe Wilson and Jere White received first class badges, and Ernest Sanchez (just recently joined) received his tenderfoot badge. Good going, boys, your community congratulates you.

You should have seen Bert Minter working the stew pots at the camporee. Troop 58 ate well. I know because I had dinner with them. We had a good stew, sauer kraut and pork, stewed prunes, cocoa, bread and all the water we could drink. I got a good picture of Bert and Ray Baker washing dishes afterwards.

CORONA

By MRS. A. E. MULKEY First Lieutenant Trammell B. Ford, who was in the reserve, has been recalled to active duty. He is to report to San Antonio, Texas, for assignment May 5. Mr. Ford is coach and teacher and one of the leaders of Corona Boy Scouts. The Boy Scouts gave a party and wiener roast in honor of Mr. Ford Tuesday evening of this week. Mr. Ford, who left Thursday, could not be present for graduation services Friday.

Lt. Col. and Mrs. T. E. Roberts of Missouri were here during the weekend visiting Colonel Roberts' aunt, Mrs. Frank DuBois. They were on their way to Hawaii.

A. G. Jones, uncle of Alex Jones, his son, Andrew and wife, and grandson, Richard, from Billings, Mont., were here over the weekend. Alex Jones had not seen his uncle for 26 years. The elder Mr. Jones lived in Corona 29 years ago, and recently moved to Mountainair.

Mr. and Mrs. W. O. Grosenbacher and children left last week for their new home at Summersville, Mo. The Grosenbachers recently sold their ranch to Harry Ryberg.

Mr. and Mrs. W. O. Toombs recently sold their ranch to Mr. and Mrs. Alvin E. Brown. The Toombs moved to Santa Fe.

School is out at Corona Friday of this week. All but three of the 10 teachers plan to return next year. Mr. Trammell B. Ford has been called back into service. Mr. and Mrs. George Rogers plan to retire to their farm in Colorado.

Engineer Scholarships Established At Socorro

A \$1,000 scholarship for mining engineering majors has been established at New Mexico Institute of Mining and Technology, according to Dr. William G. Camp, director of the college division. To be presented annually by the Kennecott Copper Corporation, Santa Rita and Hurley, the new scholarship arrangement represents a \$250 annual increase in the Kennecott award which has presented \$750 to an institute student each year since 1948.

S. S. Jackson, associate general counsel for the New York office of the corporation, advised the

institute that selection of the candidates for the scholarship will be limited to third and fourth year students enrolled in a course leading to the degree of bachelor of science in mining engineering. In exceptional cases, graduate students will be eligible. The recipient will be selected jointly by Kennecott and the Department of Mining of the institute on the basis of proficiency in engineering studies; qualities of leadership, initiative and ambition; ability to direct and stimulate others, and good health and physique. The award is to be made in the spring of each year. The recipient is not obligated to seek employment with Kennecott.

Assignment New Mexico

By G. WARD FENLEY

If the world is not already cock-eyed enough, there are plenty of people striving to keep folks from knowing whether they are coming or going.

Read about some New Mexico guy the other day who had painted his car red on one side and blue on the other.

"It's a terrific scheme," he explained. "You should hear the witnesses contradict each other." We've even got a new name for what used to be old fashioned cracker barrel philosophy. It's called psychiatry.

Remember the old popular song of several years back, something about "the music goes round and round and comes out here?"

Every fad that comes along we all get on the bandwagon and ride it to the end of the line. One of these fads is chain letters.

Last week the editor of the Silver City Enterprise received a chain letter to end all chain letters.

All a person had to do was to cross off the top name and send his wife to the fellow who was eliminated. In due time by adding his own name and sending the letter on, he was supposed to receive 3,247 women.

Another chain letter had making the country over is one where the person who does not break the chain will receive so many thousands of pairs of lace panties.

And according to the Santa Rosa News, the old boy, who has been writing letters from a Mexico prison offering to split \$385,000 three ways for a bit of financial aid in getting out of the jug is still alive.

He wrote to Mr. H. C. Darcy of Santa Rosa last week.

Since the guy was purportedly in charge of the prison's school he said he could "write freely."

Some New Mexico editors went about their task "freely" last week also if you scan their pages for typo errors.

The Alamogordo News said a southwestern Cereus conference was held in the fair city. This was almost as bad as the "concert fettering the choral department of the Las Vegas high school" in Optic.

The Santa Fe New Mexican made two busts last week, both in the April 23 issue. Heralding a new Travel Service Everywhere, the New Mexican headed the story "Lanigan Opens News Service Out of Lubbock"—which is about as misleading as they come.

In another story the paper said "Doctors to Heart Study of Effects of Atomic Bombs."

I should have said the New Mexican was full of typos last week. It reported that Governor Ed Mechem said he was "as nervous as a good Christian holding five acres." Sort of an Atlas, was supposed. Or was he supposed to be holding five acres?

The Magdalena Roundup, in advising how to darn clothes, said "Use as fine a needle as possible and short thread to avoid stretching the hole."

But the best one yet and from the Eddy County News (in reporting an article in another paper): "The proprietors wife awoke and heard a rock thrown through a window on the north side of the state." Pretty acute hearing, we'd say.

The Hobbs News Sun showed a picture in an asylum last week with the caption: "Patients with advanced mental maladies." Something new in medicine.

Lt. Gov. Tibo Chavez appointed Carter Wald (Belton News Bulletin) honorary colonel. Said Carter's young son: "He may be a colonel in Santa Fe, but Mom's general at home."

And that's all except Artesia's Pat Bert's break on leaving out a comma. Under a picture he said: "Here are some of the 22 rattlers killed last Monday by Dick Corbett, who is holding a big one which swallowed a rabbit and Everett Patton." Poor Everett.

Jury Dismissed

A hung jury in the case of the state vs. Julian Torres and Edward Torres last night (Thursday) resulted in its dismissal by Judge W. T. Scoggin Jr., who stated the case would be retried at a later date. Julian and Edward Torres are free on \$300 bond each.

The men, both residents of Alamogordo, are charged with the unlawful killing of beef cattle belonging to William Holmes, Captain.

HOSTESS TO CLASSMATES

Mrs. Veda Lou Branum, Carrizozo, was hostess this week in Ruidoso at a dinner for her classmates in the senior class at Loreta Academy, El Paso. The Loreta students chose Ruidoso as the locale for their senior trip which ends Sunday.

Parent Of Local Teacher Named Mother Of Year

Mrs. Floyd Santistevan, Santa Fe, mother of Mrs. Ana Rizzieri, a teacher in the local schools, has been named as the 1951 New Mexico Mother of the Year.

Mrs. Santistevan, teacher in the Santa Fe schools, reared eight adopted children as well as three of her own. She is the wife of the assistant state superintendent of schools.

Announcement of her selection was made by Mrs. Adele Requadt, Albuquerque, state chairman of the New Mexico Mothers Committee. Mrs. Santistevan will receive a scroll of honor from Governor Edwin L. Mechem at ceremonies in Santa Fe on May 13.

She was nominated for the honor by the Santa Fe Classroom Teachers Association.

Mrs. Santistevan, who was born in Ames, Okla., 52 years ago, has been a teacher for 25 years.

An adopted son, Maclovio Gonzales Santistevan, was killed on Bataan. The homes of the others range from Anchorage, Alaska, where a daughter, Mrs. T. R. Schirder, a nurse, resides, to Seneca, N. Y., which will be the future home of Mrs. Ana Rizzieri when she leaves Carrizozo at the conclusion of the present school term. Several sons are in the armed forces.

A&M College Develops Easy To Cook Bean

A new strain of pinto beans—easy to cook regardless of where they are grown—has been recently developed by the New Mexico Agricultural Experiment Station. The new strain is a cross between Calico and No. 295, which was developed by the station some years ago.

A full description of the new strain and complete details of the tests are given in Press Bulletin No. 1031, "A New, Easy-Cooking Pinto Bean for New Mexico—No. 2574," by Sherman Paul, of the station's agronomy department. Copies of the press bulletin may be obtained either from county extension agents or from the Experiment Station, State College.

Skippier Gould was presented the Life Scout award. This is the rank achieved prior to receiving the coveted Eagle award in scouting. He received the following merit badges: personal health, public health, pioneering and athletics.

Troop 55 of Captain Fort Stanton scouper hunt with Fort Stanton second and Carrizozo third. Superior patrols were: Troop 58, Fort Stanton, Hawk Patrol, and Troop 53, Captain, Wolf Patrol.

Excellent Patrols were: Troop 110, Lincoln, Crow Patrol; Troop 55, Captain, Panther Patrol, and Troop 53, Carrizozo, Eagle Patrol. Participating patrols were: Troop 68, Mesquero, "Eagle" and Rattlesnake patrols.

Troop leaders included Spence Devitt, Carrizozo; Leroy McKnight, Captain; Ray Baker and Bert Minter, Fort Stanton; Leland Carl and Jonah Washington, Mesquero; John Davis and Bill Shreengoss, Lincoln.

Altogether, the camporee was quite successful. These affairs are held every year to draw the various troops together in competition thereby creating more interest in scouting activities. It is regrettable so few people take an active interest in Boy Scouts.

The entire theory and practice of scouting is a sound and one we can hardly do without. A successful Boy Scout is almost certain to be a successful citizen. They are taught that way.

Court Order Sought In Disincorporation Row

A suit was filed in District Court on April 28 by the village of Green Tree against the Lincoln County Board of Commissioners seeking to enjoin them from disposing of village property which reverted to the county when residents voted 69-59 on April 14 to disincorporate.

The complaint on file charges a notice of the election was not published in a newspaper for 30 days, and a notice of the election was not posted. It charges further that there is no valid law of the state of New Mexico providing for the disincorporation of a village organized as a municipal corporation, and that the county commissioners did not make any finding that sufficient legal voters had signed a petition to disincorporate under the law by which they proceeded to disincorporate the village of Green Tree.

The complaint states that unless the board of county commissioners is restrained by the District Court it will proceed to enter an order to the effect the village was disincorporated as a result of the vote on April 14, to the irreparable damage and inconvenience of Green Tree. The plaintiff requests further that the disincorporation be declared null and void.

Frazier, Quantius and Cusack, Roswell, are the attorneys for the plaintiff.

Each deliver a salutatory message. The musical portion of the program will be highlighted with violin selections by Dr. Marvin Zilporyn, Fort Stanton. Other musical numbers include the high school girls' sextette, the girls' glee club and a piano solo by Miss Nancy Payman.

The senior class' 13 members are: Conrad Chavez, Frank Chavez, Chester Dale, Billy Ferguson, Gerald Huey, Danna Kuslanovich, Shirley McClain Williams, Shirley Morgan, Joe Phillips, Teddy Poindexter, Floyd Sandoval, Martha Witham and Emilio Zamora.

The class sponsor is Curta Clement and the senior class play was directed by Mrs. Ruby Yarbrough.

The Midnight Statement

IT WAS not until about 11:15 Tuesday night that President Truman actually decided to issue his 1 a.m. statement firing General MacArthur.

The decision to make this momentous step had already been taken, but the timing was set for Friday, not Tuesday midnight. And the reason for the sudden nocturnal press announcement was a telephone call from Secretary of the Army Pace in Tokyo tipping off Truman that MacArthur planned to jump the gun and get out his own statement first.

The President was still smarting from an incident around March 24 when MacArthur had jumped the gun on him, so naturally he was leery. He had sent MacArthur a policy statement for his personal and personal reaction—a policy which the White House planned to announce as a peace feeler to China. But MacArthur, without notifying Washington, issued the statement himself.

So when Secretary Pace called from Tokyo Tuesday night intimating that MacArthur might rush into print again, the President called Secretary of State Acheson and Deputy Undersecretary Dean Rusk to the White House where they prepared the MacArthur press release.

Prior to that, late on Monday afternoon the joint chiefs of staff held a highly secret session at which there was unanimous sentiment that MacArthur must go.

Bradley Gets Hat

Gen. Omar Bradley, chairman of the joint chiefs of staff, and a most mild-mannered man, was hottest under the collar against MacArthur. Adm. Forrest Sherman, chief of naval operations, and reported by some as favoring MacArthur's strategy against China, actually threw his weight behind Bradley. Though MacArthur's tactics included a naval operation against China, Admiral Sherman argued that we can't afford to get involved in a war with China, and that if you go into China just a little bit in bombing bases—you have to be ready to go in all the way.

Only military man who dragged his feet on MacArthur's removal was Secretary of Defense Marshall, who has known MacArthur a long time, is 78 years old against MacArthur's 71, and who was in France as a World War I captain when MacArthur was a brigadier general.

Ridgway Can Hold

One highly significant exchange of information made between the Pentagon and Lt. Gen. Matthew Ridgway in Tokyo was a cable from Ridgway stating that no matter what happened, his troops could hold out for 90 days. Regardless of what was thrown at him, Ridgway informed the joint chiefs of staff, he could hold for two months.

This cable was in reply to White House fears that following MacArthur's removal, there might be a Chinese attack and a series of American defeats for which Truman, having removed the supreme commander, would get the blame.

Humble Harry

President Truman's usual peppery remarks have not been in evidence during the MacArthur controversy—not even to his personal advisers. The nearest he came to pepper was at last week's cabinet meeting, just after ex-speaker Joe Martin released the MacArthur letter.

"It's time to show the MacArthur, the Time-Life people and the Scripps-Howard newspapers who is running American foreign policy," he observed tartly.

Day after MacArthur was removed, however, Truman received a call from ex-congressman Mawey Maverick of Texas, who congratulated him.

"What you have done will make sure that my grandchildren will be free and that this government will see time in the United States," Maverick said.

The President was neither cocky nor apologetic. He looked a little sad, as if he had made a terrifically hard decision and knew that a terrible storm was going to break over his head.

"Thank you, Maury," he replied. And he wept just a little. "I do my best. I have to follow the constitution."

Rayburn's Ghost Troops

What Speaker Sam Rayburn had in mind when he told congress that "non-Chinese" troops were in Manchuria, was not Russian troops, but four divisions of Russian-trained Japanese troops. There has long been a small contingent of Russian troops in Manchuria used for purposes of turning Russian equipment over to the Chinese. But there have never been any Russian combat troops in Manchuria. Much more dangerous are the Red divisions massed around Siberia.

SCANNING THE WEEK'S NEWS of Main Street and the World

MacArthur Given Hero's Welcome; Divided Nation Questions Issues

AN AROUSED NATION—No one event in the recent history of the United States has caused as much comment among the people on the Main Streets of the little towns and big towns of the nation as that of the dismissal of Gen. Douglas MacArthur from his commands in the far east. It was a shocked and angry nation that gathered on Main Street when the Japanese bombed Pearl Harbor. It was a happy nation that demonstrated at the end of World War II. But it was a divided nation that questioned the removal of MacArthur!

The storm raged from grocery store to filling station, from hardware store to the courthouse. Indignation, sorrow, righteousness, worry, fear and hysteria found their way in to the controversy.

The issues of civil power vs military, Europe vs Asia, the personality of MacArthur vs Truman, politics vs statecraft, all entered into the story. For a week it was violent and then the general came home for the first time in 14 years to the acclaim of a grateful and sentimental nation.

But by now the first shock and anger of the President's action had given way to considerable sober thinking. For the first time the people of Main Street got a look through the fog of personal grudges and politics at some of the deeper issues. Although it was a divided nation still, hysteria was abating. There was still confusion, but the people along Main Street were calmer.

And many of them realized that they had witnessed a turning point in history. Whether it would be for the best interests of the country and the world they could not decide—only time would tell.

THE WORLD—Although at first glance it seems a long way from the Main Streets of the small towns of the nation to Europe and Asia, the majority of the homemakers today realize we live in "one world," and for that reason they are listening to what others had to say about the MacArthur-Truman controversy.

This is some of the reaction abroad: London—"The MacArthur removal was accepted as an augury of peace"; Paris—"The French feel that his dismissal means less chance of total war..."; Bonn—"Most Germans believe that at worst General MacArthur's impulsiveness would involve the United States in a general war."

THE PRESS—Back of the national scene the home town press took a more temperate view of the incident than expressed by the thousands of telegrams that were received by senators and congressmen. The home town editors were concerned about constitutional rights and which is more important to world peace, Asia, as believed by MacArthur, or Europe, as believed by Truman.

A survey of 78 leading newspapers in the daily field showed this division of opinion: Truman right, 38; Truman wrong, 26; neutral, 14. The daily press, too, was deeply concerned over issues concealed in the first blast of tempers.

THE CONGRESS—And while the Truman-MacArthur controversy raged along the Main Streets of the nation, the debate reached the boiling point in the house and senate. It can be said with all truthfulness that the dispute reached the stage where those two bodies of men, representing the people of the United States, stripped themselves of what little dignity remained after three years of battling over domestic and foreign issues.

The debate, for the most part, was along party lines with the Republicans backing MacArthur and the Democrats plugging the President. Both sides hurled the label of "war party" at the other. There were indications, however, that the two parties might get together for a sweeping investigation of the administration's far eastern policy.

ANOTHER LONG WAIT—While the nation talked of the Truman-MacArthur controversy, the house passed its version of a draft bill. But the mothers and fathers in the small towns of the nation appear in for another long wait before they learn the fate of their sons.

The measure now goes to a house-senate conference committee that has the senate version of a draft. The conferees face a long and hard struggle to work out a compromise. Long-range training features of the two measures pose the greatest obstacles to quick agreement. There are, however, numerous other conflicts that will require time to adjust.

At the moment it appears very likely that a compromise bill might not become law much before July 9, the expiration date of the present selective service act.

FARM MACHINERY OUTPUT—The long-awaited cutback in farm equipment output is expected during the next three months, industry spokesmen reported, with production of about 75 per cent of the industry's capacity. Production of farm tractors for the first quarter of this year was higher than in 1950, but material shortages are expected to reduce schedules.

From January through March, 152,200 farm tractors were produced. In the corresponding months of 1950 the total was 147,972 units. The increase was attributed to use of materials stockpiled during last fall's strikes. Accumulated materials have been used up, however, and manufacturers are having difficulty securing quantities to keep pace with production schedules.

DEFENSE JOBS GO BEGGING—The people of the home towns of the nation are not rushing into defense jobs as fast as some government agencies desire.

Robert C. Goodwin, director of the bureau of employment security, reported that 80,000 unfilled jobs clog the rolls of state employment offices as the nation's defense program shifts into second gear.

The unfilled jobs are for workers in professional, managerial, skilled, service, clerical and sales, semiskilled, and unskilled fields. Thirty-six states reported openings.

DECISION SOON—Since March 3, when deputies of Great Britain, France, Russia, and the United States began meetings in Paris in hope of agreeing on an agenda for another foreign ministers' conference, the people in the home towns of America have waited patiently for an announcement that perhaps the big four could get together.

A decision should be reached any day now and the democratic nations believe the Soviet Union will agree to the conference. U.S. diplomats believe the Russians will agree for three reasons: (1) To stall, or at least put a brake on the accelerated defense programs of the free nations of the Atlantic alliance; (2) To exploit and widen whatever differences may still exist among the western powers and to divide them on important policy issues, if possible; and (3) To use the proposed conference, bound to be one of the most widely reported events in recent history, as an organ of propaganda for Soviet "peace aims."

Ridgway was on his way to his supreme command of the United Nations forces and other duties from Gen. Douglas MacArthur, his deposed former chief. U.N. officers were studying the Communist lines for signs of an offensive by the enemy.

BLOODSHED IN INDO-CHINA . . . French paratroops count the bodies of Vietnam rebels who were slain during the recent battle at Mao-Khe in Indo-China. While United Nations forces are busy fighting in Korea, the French have their hands full battling Communist-led forces of Ho Chi Minh in Indo-China. The arrival of American aid and a new commander from France inspired the loyal French forces to counter-attack the Reds and make them abandon their concerted drive on the capital. They have reverted to sporadic sniping, and the country is considered safe from Communist domination.

GETS JOB BACK . . . Dade County (Fla.) Sheriff Jimmy Sullivan reads telegram from Gov. Fuller Warren which reinstates him as sheriff following his indictment for neglect of duty revealed by the senate prime investigating committee.

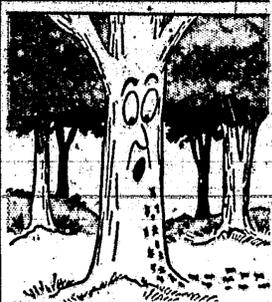

RIDGWAY SUCCESSOR . . . Lt. Gen. James A. Van Fleet, ordered by President Truman to take over the 8th army command from Lt. Gen. Ridgway, arrives at the Pentagon for conference with the joint chiefs of staff.

PRODUCTION OF TIMBER

Nation's Timber, Forage Output Increased by Extensive Research

Uncle Sam's foresters are working harder than ever devising new ways to produce more timber for defense and to increase the forage production of the nation's rangelands.

U.S. forest researchers report that bugs and disease take a far greater toll of timber than fire. They are in constant search of means of protecting the nation's forests.

BUGS AND DISEASE take a bigger toll of timber than fire. At the Institute of Forest Genetics in Placerville, Calif., geneticists are producing trees that will resist disease and insects.

In working toward a better range, forest service technicians have taken abandoned farmland that was a dead loss and converted it to productive grazing land.

GRASSROOTS

States Seek Method of Retaining Tideland Wells

THE SUPREME COURT decided by the narrow margin of five votes that, despite the practices of more than 100 years, the tidelands from which vast quantities of oil are being extracted, are the property of the federal government and not of the states. Unless this decision is corrected by definite and unmistakable legislation by congress, it means a severe loss of revenue to several states, including California and Texas.

The idea originated in the legislative mind of Harold Yokes, and it was in keeping with President Truman's welfare state program. Congress passed the legislation needed to prevent the continuation of the oil, but the President vetoed it. A new bill is now before congress, which, if passed and vetoed, can be passed over a veto, or more of the states could be added to the list of states that are not to be bound by the decision.

has, up to this point, succeeded in getting over. Seizure of the tidelands is one of many moves in the socialization program. Back of it all has been the hidden motive that has dominated the President's program of socialization of the nation, despite what he may have said to the contrary. With gold, silver, coal, iron and oil, and other natural resources in the hands of a centralized federal government, things that were never dreamed of by the drafters of the Constitution, we would be far on our way to a centralized, socialistic nation, and only a step away from totalitarianism.

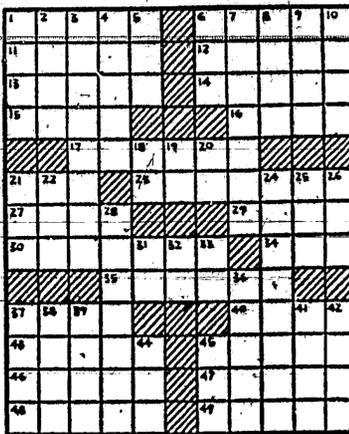

The representatives of the people in Washington, the members of both the senate and house, should not hesitate in preventing such a consummation while there is yet time. Those in Washington who are promoting a socialistic program know full well that the great majority of the people do not want it, and for that reason they resort to hidden methods to achieve their ends. Prevention against such methods lies with congress.

The states have leased these tideland oil fields to oil producing corporations, and the corporations have invested vast sums in their development. In plans and equipment should such arrangements

Their reports have been valuable to the National Security Resources Board in determining what forest resources are available for national defense. The reports have also aided wood using industries in finding suitable locations near raw materials.

Restaurants Have Important Role in Home Town Economy

Restaurants are so much a part of the daily American scene that people in the home towns more or less take them for granted. But all during May, which is "Restaurant Hospitality Month," local restaurateurs have an opportunity to make the home folks sit up and take due note of the role the restaurant industry and the men and women who are a part of it play in the Main Street and national economy and well being.

"Eat Out Today—It's Convenient It's Fun!" is the slogan that has been chosen to set the theme of the month. People on Main Street will see it displayed on front doors and windows, on mirrors and counters in their favorite restaurants throughout the nation.

One of the amazing things about the restaurant business is that the average home-towner does not realize what an important part the restaurant on Main Street plays in his community.

In an indirect manner he is the official host of your town. That is where the tourist stops to be fed, to ask a few questions, and to relax. And on whether or not he gets a good meal depends the length of time he will spend in your community, and possibly the amount of money he will leave behind. A good restaurant has caused more motorists to drive out of their way than possibly any other industry in the country today.

Count them up. Maybe there's only one restaurant in your town—maybe two. How many people do they employ? How much food do they buy? How much do they pay in taxes? Tell them up and you have a good part of your home town retail business.

On the national level, 25 per cent of all the food consumed in this country is consumed in public eating establishments. All kinds and types of meals and ways of serving them have been devised to suit the convenience, tastes, pocketbooks and nationalities of the people who make up America. Twenty years ago only 18 per cent of the food was consumed outside the home.

Today the public feeding industry has become the third largest retail industry in America. Doing an annual volume of \$10 billion a year over 2 million people are employed in the public feeding industry. In retail trades, eating places rank third in the number of persons gainfully employed throughout the year with no seasonal slump. One out of every six workers in retail trades is employed in the public eating industry.

It has been estimated that 1.1 per cent of the consumer's disposable income for food and beverages in 1936 was outside the home. This includes any establishment serving food to the public for a consideration: luncheons, cafeterias, table service, hotel dining rooms, fountains, variety stores con-

tern, department store operations, industrial feeding operations, school luncheons, drive-ins, and night feed service. Long-trend changes in the consumption habits of the public that have taken place since World War II and the increase in travel are cited as the reason for this great increase in away-from-home eating.

National and Inter-American Music Week (May 6-13) will be observed this year in more than 3,000 cities, home towns and small communities. For the 28th annual observance the basic aims of Music Week continue, as they have been from the beginning: to advance the love of music and impress upon the consciousness of the people its value in modern life; to increase performance of music by groups and individuals; to multiply opportunities for young talent and widen acquaintances with good music by American composers.

Perhaps your home town has planned special musical programs. If not, it is not too late to arrange a program that will bring to the attention of your community the value of music.

Church and church-school participation has been increasing in recent years in many small towns. Sermons on music and special programs by organists and choirs are being supplemented by concerts and hymn singings designed to revitalize the entire musical side of the church service. Inter-church and inter-denominational events are using music to strengthen the cooperative as well as the religious spirit.

Youth groups of both boys and girls have been coming to the fore in Music Week with demonstrations of what they are doing in music. Many adult groups—women's clubs, parent-teacher associations and rural groups, like the Grange, Four-H and Homemakers Clubs, are taking advantage of the observance effectively to climax their seasonal musical activities and sometimes to arrange public programs.

Men's luncheon clubs, service clubs, and civic organizations are not only taking part more prominently, with music for their own members, but are furthering movements for the general musical development on the local level.

Schools and clubs have a unique opportunity in Music Week to focus attention on the musicians of the community, professional and amateur. In some communities observances will feature programs to bring out the contributions of local musicians toward making the town a better place in which to live.

From the inception of Music Week on a synchronized national basis in 1924 the schools have had a prominent role in the participation and have used the opportunity to make local communities more conscious of their increasingly effective work in music. The week gives school orchestras, bands and glee clubs an opportunity to appear before service clubs and civic organizations to demonstrate their achievements.

Thousands of small towns across the nation find in Music Week the opportunity for self-expression that stresses their mutual interests and achievement. It is another means by which the people in small towns can create their own entertainment.

Not So Tasty

Two druggists were talking about one of their confreres who had just died.

"He was a great druggist," said one.

"He was," admitted the other, "But don't you think he made his chicken-salad a little too salty?"

"Has putting in that lunch counter helped your business?" asked Jones of the druggist.

"Well, it has about tripled the sale of indigestion tablets," he replied.

Modern Housewives Should Take Advantage of Cleaning 'Helpers'

Spring cleaning—that time is here again for thousands of small town housewives across the nation—more than ever brings a challenge to American women to keep things sparkling clean and shining bright in spite of problems of the home front.

It means taking good care of household furnishings to extend their period of use and thus eliminate costly repairs and replacements.

Perhaps the family dreads the announcement that it's housecleaning time again, but this problem can be simplified if the job is well organized. By taking advantage of modern cleaning "helpers" the home town housewife can lighten household tasks.

It's a wise housewife who first checks the supply of household products on hand to see what must be obtained before cleaning starts. And a well-planned housecleaning schedule extended over a two or three week period and not crammed into a few days of exhausting work eliminates tearing up the house from top to bottom and also saves family tempers. One room completed at a time before going to the next will make every husband happy.

Why not prepare a spring housecleaning campaign like a general and first make a helpful list of basic housecleaning needs.

Wise Housewife Looks for Time Savers

Here are a few helpful hints for housecleaning. Save time and steps by using a portable table on wheels or a market basket to carry all the cleaning and polishing bottles, cloths and water basin from room to room.

Fighting the clothes moth is a year-round effort but special attention with moth-fighting sprays is necessary at the change of seasons. Clean the closet before storing clothes, then spray the interior thoroughly with an insecticide.
