Grizzly-Corona Game Opens Grid Season

By LARRY STOCKTON
The pigskin parade will get under way in New Mexico today (Friday) when the Carrizozo Grizzlies tangle with the Corona Cardinals at the local high school field at 1:30 P. M. A large delegation from Corona is expected to attend the opening game of the season here as they bring a seasoned team and great hopes of a victory.

The Carrizozo club, under the direction of Coach Mirmanian, although handicapped because many boys were late for early season drills, has 10 lettermen back from last year's squad and can be potentially rough and tough. Andy Baroz, three-year letterman and captain of last year's squad, will lead the Grizzlies in an attempt to win their first conference game of the season. Baroz is a hard running back and will see action at the full-back spot. Other lettermen who will undoubtedly see action are Roy Crumley, guard; Donald Queen, Claude Wilson, tackles; Preston Lindsay, center; Jerry Kennedy and Eddie Holguin, ends; Bobby Hicks and Henry Vega in the backfield. Coach Mirmanian has not yet released a starting lineup but it is almost assured he will do considerable substituting in order to try and find his best combination. Other squad members who have been looking good in practice are: Gerald King, Dillon Lovelace, Robert Vega, Jimmy Lucero, Sam Wedell, Lloyd Candelaria, Sammy Stidham, David Pacheco, Ernie Ballegos, Orville Wilson, LeRoy Sidwell, Glen Barnum, Joe Lueras and Lee Straley.

The team has been working out regularly for the past three weeks in preparation for a Corona crew which lost only two boys off last year's squad and who are reportedly loaded for bear, mainly the Grizzly of Carrizozo. Corona has a new coach this year and nothing is known about the type of formation he is to run, however, the Cardinals may be greatly surprised when the Grizzly eleven trots on the field, particularly if Coach Mirmanian decides to start his heaviest eleven. Mirmanian can field a line from end to end that will average a little over 160 pounds if he so decides, which is comfortable weight even for larger high schools. Speed in the backfield which the coach was skeptical about as practices opened this year is still a problem but considerably improved with the running of Bobby Hicks and Henry Vega.

Today's opening game should give some idea as to possibilities for the Grizzlies in the conference play, later this season. The spirit and team fight are reported excellent and hopes are high to win the initial contest of the season.

A new rule has been inserted in the rule books this year which affects the home crowd. The football field is to be encircled by a barrier, preferably of wire, to keep the crowd from the field of the play. The local people are asked to cooperate with the school officials in observing this new rule.

PTA Resumes Meetings

The Carrizozo PTA will meet Monday night, September 10, at 7:30 for their first session since the summer recess. An election will be held to fill the vacancies for the offices of president and first and second vice president in the organization.

A discussion of the bond issue election here Tuesday for the proposed construction of a new grade school building and the addition of two rooms to the high school structure is a main subject of business that will receive the consideration of the group's members.

It is urged that all members of the local PTA attend Monday night's meeting.

Dr. Dickinson to Speak

Dr. R. E. Dickinson, Alamogordo, retired professor from Southern Methodist University at Dallas, has accepted an invitation to speak to members and visitors at the Carrizozo Trinity Methodist Church Sunday.

Dr. Dickinson will deliver the day's sermons.

Local Man Officiates At Arena Dedication

The new A. B. Fall rodeo arena on the ranch of T. F. Ryan, III, at Three Rivers, was dedicated by Will Ed Harris, Carrizozo, August 26, prior to the opening of the Kids Rodeo there, an annual event sponsored by the Tularosa Lions and Ryan. The latter is planning to have a stone monument with bronze plaque erected on the site. The late Mr. Fall was the state's first U. S. senator. His granddaughter, Mrs. William Zwendt of El Paso, responded to the dedicatory address.

Rodeo officials from Lincoln County included Fletcher Hall, Captain; Mr. and Mrs. Tom Babers, San Patricio; T. A. Spencer, Jr., Carrizozo, and Harry Straley, Ancho.

Final reports on the rodeo results show Penny McKnight of Captain winner of the junior grand championship. Lincoln County winners in the senior division were Lee Straley, third in calf roping; Jimmy Stewart, Alto, third in calf riding; Leroy Sidwell, Carrizozo, third in team roping; Pete Straley and Lee Straley, both of Ancho, were first and second, respectively, in the barrel race with Ethel Lynn Phillips, Lincoln, third in that event; Edgar George, Hondo, and Louis Holland, Green Tree, second and third, respectively, for the best dressed cowboy.

Large Crowd Welcomes Carrizozo Teachers

A large group of Carrizozoans attended the welcoming party given by the local Woman's Club Saturday night in honor of the teachers in the village's school system. More than 75 guests were present during the evening.

The teachers were introduced by L. Z. Manire, superintendent, after which a musical program of group singing and vocal selections by duet, quartet and solo singers was enjoyed. Lewis Farris gave a reading entitled "An Educated Fool."

Refreshments were served at the conclusion of the program. Mrs. Lewis Farris, president of the local club, in charge of the get-acquainted party for the teachers as well as newcomers to this area, was assisted by the members of her board of directors.

New Captain Coach Ex-Carlsbad Mentor

Duana Darling, the new football coach and director of physical education at Carlsbad, was assistant junior high school coach at Carlsbad prior to his resignation to accept the Lincoln County offer.

Darling, a 1930 graduate of New Mexico Western College, Silver City, won letters in college football two years. He was also student council representative for the sophomore class. During his student days at Deming High School, he played football two years and three years as a member of the basketball team.

The new Captain coach was an aviation radio technician in the military service during World War II.

Missing Boy

Southern Pacific officials in Carrizozo were notified Wednesday from El Paso that an 11-year-old boy who was a passenger on one of the company's trains had not arrived at the southern city. It was thought the boy might have gotten off the train at Corona or Carrizozo. No description or identification of the lad was given. The local agents. The sheriff's office reported at press time they had been unable to locate the youth.

Local School Bond Vote Set Tuesday

Tuesday, September 11, will decide whether Carrizozo is to have a new grade school building. On that day, voters will cast their ballots to determine if this school district will support a bond issue of \$145,000 to construct a new and modern building for the grade school children as well as two additional rooms to the high school structure.

It is pointed out the present grade school was built in 1908 in the territorial days and does not conform with modern day requirements. The two-story building presents additional fire hazards, and the lighting system leaves much to be desired. Room arrangements are not conducive to efficient operation, and a number of present day necessities are lacking, including bulletin board space and proper blackboard arrangement.

Just recently, a state safety committee which included Jesse Holmes, state safety head; Pat Sweeney, high school safety inspector for the New Mexico Department of Education, and Lincoln County school superintendents made a thorough inspection of the local high school as well as the one at Hondo. The local building was found lacking in many safety respects as well as factors instrumental to efficient operation, and a number of changes were recommended.

Only owners of real estate within the Carrizozo school district are eligible to vote in this election, and their strong support is urged in order that this district may realize its ambition to achieve school buildings that will meet modern day requirements for health, safety and educational advancement as well as anticipated needs in the years to come. State and county school officials together with national educators believe the tremendous gain in population in the last 20 years and the rising costs of today's living have made obsolete many school buildings and systems, and that the American public must take cognizance of an immediate need for reorganization of outmoded school systems and buildings.

Drawings of the proposed new building which indicate also its location are on display at Roland's Drug Store here.

Mrs. Purcella Heads Tinnie Sunday School

Mrs. Frank Purcella was elected Sunday school superintendent of the First Baptist Church in Tinnie last Sunday.

Mrs. Purcella has served in this capacity at various intervals for approximately five years, and is well fitted for the position.

She selected a committee composed of Brother O. L. Oldham, pastor; Mrs. E. W. Nelson and Mrs. Carl P. Radcliff to assist her in selecting the Sunday school teachers for the coming association year. The committee met Wednesday of this week at the home of Mrs. Carl P. Radcliff, and the teachers selected will be voted on next Sunday.

Also during the business session last Sunday, messengers were selected for the association meeting to be held at Ruidoso September 20. They are Mesdames Frank Tittsworth, Frank Purcella and John Eell.

Lincoln Co. Residents Attend Golf Tourney

The state golf tournament held in Santa Fe last weekend was attended by several Lincoln County residents including Ralph Petty and W. W. Gallacher of Carrizozo; Wilbur McKnight of Hondo and Ralph Overholzer and Fred Broodshire, both of Ruidoso.

Gallacher was runner-up in the class for men over 50, and Wilbur McKnight stayed in the tourney until Saturday when he was eliminated by another player. Petty was forced out of the tournament when he became ill shortly after it started. He later accompanied Gallacher to Los Alamos for an inspection tour and a view of the golf course there. Brookshire and Overholzer did not participate in the matches, but were making an effort to have next year's tourney held in Ruidoso.

Lee Christy, Albuquerque, was the winner of the state amateur golf crown in this year's meet.

Cummins Buys Titsworth Co. Grocery Dept.

By DOROTHY GUCK
Shortly after the turn of the century George Titsworth arrived in Lincoln County with a sturdy pair of shoes and a huge sum of energy and ambition. He began work for the Welch Grocery Store by delivering food supplies in a wheelbarrow to the many customers living in the muddy rutted little town.

His ability as a salesman soon had the young Titsworth in the partnership of the Welch-Titsworth Company. The first store was burned out and one was occupied adjoining the P. G. Peters Store in the property now situated between the Gaston Service Station and the City Hall.

In 1903, the young business tycoon married Mrs. Gussie Lane. During World War I, George Titsworth and his brother, Will, formed a corporation. Several pieces of land in Lincoln County were acquired on debts and others bought until the Titsworth Company became a widespread business enterprise.

In 1923, both the Titsworth and Peters stores went up in flames. Again, George Titsworth restocked his grocery store using a portion of the old warehouse until the barn could be remodeled into the structure that now holds the Titsworth Store. Misfortune continued to plague the Titsworth Company when in 1929 the Salado washed over its banks and carried most of the food stuffs in the warehouse down over the flats below Captain. With stoic patience, George Titsworth drove his team out on the flats and proceeded to gather all canned goods that could be salvaged.

He had moved the bulk of his supplies to the new store when fire completely destroyed the warehouse. The Titsworth Company under the direction of George, then saw more fruitful years and continued to grow and prosper until his death in October of 1949.

He is survived by a daughter, Mrs. Elizabeth Wilson, now residing in Colorado; two sons, George A. Titsworth Jr. and Allen Titsworth, who make their home in the Middle West, and a stepson, George Lane.

After settling the estate, all property was sold to Will Ed Harris. The Titsworth Store was placed in the hands of the manager, James Black, at the beginning of 1950.

Vega Out As Lincoln-Chaves Liquor Inspector

Nick Vega, Carrizozo, was relieved from his duties as liquor inspector for Lincoln and Chaves counties this week in a surprise ouster announced by Peter Cable, office director of the Bureau of Revenue.

Cable ascribed Vega's dismissal the result of overstaffing through an administrative change. However, Charles Corlett, revenue commissioner, reported a week ago that the inspector was on probation and indicated at that time he might be dismissed. The commissioner did not elaborate on the trouble with Vega, but one informed source is quoted as saying that Corlett, at a recent meeting of six liquor inspectors, "ate them out."

The same source said the root of the difficulty lies in the reorganization of the field staff in January of this year when 10 districts were set up with former liquor inspector posts renamed assistant field supervisors, and that the reorganization which deprived the liquor inspectors of previous power has made them rebellious.

Vega, when contacted by the News-Outlook for a statement, said he wanted to make one for publication, but at press time it had not been received.

Minor Girl Held

The sheriff's office reported they are holding a 13-year-old girl resident of the county pending a hearing of her case on September 17.

It is alleged the girl accompanied by a 16-year-old Mexican national was away from her home overnight. She was later found in Roswell. The Mexican youth was deported.

Council Discusses Utilities Problems

In addition to the usual business matters at Tuesday night's meeting of the Carrizozo City Council, a discussion on the question of the extent of the village's responsibility in supplying utilities to the new FHA housing project under construction by the local Harley Lumber Company was heard. The town's restricted financial situation was explained to Fay Harley, representative of the firm, and a further investigation will be made by both the firm and the village to determine what can be done by each one in bringing utilities to the new addition.

The council agreed to extend the date of delivery of pipe from the Viking Supply Company to November, the date now set by that company for delivery. If the village is unable to handle the delivery at that time, they will be permitted to cancel the order, but it was pointed out such items are restricted due to the war situation and if the order is canceled now it might be impossible to obtain it later.

The local village will join the Municipal League of New Mexico. Annual dues for Carrizozo will not exceed \$25 and the league will keep members informed of pertinent legislation as well as offer aid and advice in disposing of municipal problems that in some cases are counterparts of those experienced by other cities and villages.

It was brought out at Tuesday night's meeting that Ashley Classen of the El Paso engineering firm believes he is being by-passed by Carrizozo in connection with the village's research for water supply. Mayor Petty explained he had just received a report from Dr. E. J. Workman, president of the New Mexico Institute of Mining and Technology at Socorro, in connection with the research work done by a group of scientists from that school on Carrizozo's water problem.

Mrs. Spencer announced this week any girl between the ages 7 and 14 years wishing to join the Brownie or Intermediate troops should contact her or Mrs. George Zimmerman.

Lions Complete Plans For Supper-Carnival

Two Transients Charged With Robbing Soldier

Deputy Ben Smith of the Lincoln County sheriff's office said Wednesday Roger M. Ruddle, 18-year-old soldier from Fontana, Calif., was in serious condition at Fort Stanton Hospital from what is believed to be a concussion and other injuries suffered Saturday morning. Smith said Hall Moore, 40, Nashville, Tenn., and a juvenile companion from Mississippi are being held on a charge of robbery while unarmed in connection with the case. It is reported an additional charge against the two may be filed later.

It is alleged Ruddle, who was en route to California on a leave, was picked up by the other two in Texas and that while driving near Indian Divide near Captain, the trio had a disagreement. The young soldier was found by L. C. Silva of the Indian Divide ranch lying near the ranch along that road and about two miles off the highway. Silva notified Phil Blaise, Captain marshal, who took Ruddle to the Fort Stanton Hospital. It was reported Ruddle's billfold with \$68 in cash and his watch were missing. The watch and some money were alleged to have been found in the possession of Moore, who claimed Ruddle gave him the items. The billfold has not been recovered. Ruddle told the officers he didn't know what had happened.

State Patrolman Carlos Salas, Carrizozo, assisted with the investigation.

Moore and his juvenile companion were apprehended in El Paso about 3:30 P. M. September 1, driving a 1919 Studebaker which he said he was taking to California for an unidentified party.

As the News-Outlook went to press, the local Lions were tying up loose ends in connection with their third-annual chuck wagon supper and carnival to be held during the afternoon and evening Saturday, September 8. The club is also sponsoring the second annual contest for a State Fair Queen entrant from Lincoln County. At this writing, only two girls—Wanna Beth Fox of Corona and Peggy McNatt of Ruidoso—have indicated they will participate, but it was learned a Miss Merritt, also of Corona, is interested in entering if a suitable horse can be made available for her use during the exhibition riding. It was expected that some arrangement might be made to enable her to enter the trouts.

The winner in the Lincoln County contest will be eligible to enter the one on the opening day at the State Fair (Sept. 29 through Oct. 7) to determine which county's representative will reign as queen during the nine-day festival. The girls who are eliminated in the queen contest will be given the title of westerneette and will comprise the queen's court. They will ride in the rodeo to be held each night during the fair and attend all the main fair events.

The judging of the Lincoln County entrant, which opens the program Saturday, will be conducted on the local softball field and starts at 3 P. M. The chuck wagon supper will be served in the Carrizozo City Park while the carnival attractions are directly across the street at the Ford garage. A number of entertainment features have been planned which will be staged at intervals during the afternoon and evening prior to dancing at the local fire hall which will probably start about 9 P. M. An orchestra from Holloman Air Base is expected to play for the dancers' pleasure.

The old fiddlers' contest which is to be announced during the program is expected to draw a number of entrants. The prize of \$20 which goes to the winner is no small inducement and should prove quite an incentive to contestants who are adept at handling that musical instrument.

The Carrizozo Lions extend a cordial invitation to county residents and other friends and promise them an afternoon and evening of fun and entertainment.

James Kimbrell Named Hondo Class President

At the first meeting of the Hondo Valley senior class, James Kimbrell was elected president. Other officers elected were Patricia Salcido, vice president; Arvilla Sanchez, secretary; Eulalia Montantez, treasurer; Mary Kamees, reporter.

The seniors are proudly wearing their new class rings. The class voted at its first meeting to present the class ring of Eustaquio Silva to his parents as a token of friendship and remembrance. Eustaquio was killed in an automobile accident shortly before school began.

There are 20 seniors enrolled this year with Mrs. Irene Stevens and John A. Hamilton as the class sponsors. An interesting year of school activities is being planned.

Coyote Control Planned For Lincoln County

By AUSTIN ALBERT

According to Louis H. Laney, district agent for the Fish and Wildlife Service, coyote control work will be started by the service in November. The work will be accomplished through the use of poison stations using 1080 formula.

In order for the work to be authorized, ranchers must make requests for assistance from the Fish and Wildlife Service and furnish bait. The stations will be placed and serviced by workers of the service.

Application forms may be obtained at the county extension agent's office at Carrizozo or from the Fish and Wildlife office, Box 5661, Albuquerque.

Ranchers wishing this work done are urged to make their requests before October 1.

H. Alfred Jones, local attorney, has returned from a two weeks visit to Arkansas, Missouri and Colorado. He was accompanied by his sister, Mrs. Beebe Langfitt, and son Herbert of Albuquerque, to Batesville, Ark., where they were the guests of their father and grandfather, C. W. Jones. The group motored first to Springfield, Mo., where they visited the local man's brother, Fred Jones, who is in the real estate business there, and then returned to Denver, Colo., where they were the guests of Preston B. Jones, another brother of the Carrizozoan. The Denver man, an attorney, was on the judge advocate general's staff as an officer assisting in the prosecution of war criminals in Germany at the end of World War II. The local man had not seen this brother since early in 1943. C. W. Jones will come to Carrizozo shortly for an indefinite stay with his son, Elfred.

Baptists To Meet

The associational youth meeting for members of the Baptist churches in this district will be held Saturday night, September 15, at the Carrizozo Baptist Church. The name of the speaker for the evening has not been announced.

Refreshments will be served at the conclusion of the meeting. The district comprises Baptist churches in Lincoln and Otero counties. Jerry Graves is superintendent of the local church.

NEA Head Urges "Yes" Vote On Amendment 2

J. Cloyd Miller, superintendent of schools in Deming and president of the National Education Association, who has just returned from a series of meetings with educational leaders in Europe, is urging the voters of New Mexico to vote "yes" on Amendment No. 2 on September 18, and thereby "make it possible to provide non-political, long term leadership for their state school system."

Miller said the support given the public schools by the people of New Mexico has brought the state up to the top 25 per cent in most educational comparisons. However, he stated, it has long been recognized by educators in New Mexico the method of choosing a state superintendent of public instruction and the short term of office prevent the highest type of long term planning and are a handicap in providing higher standards of education. School people do not ask for a state board composed of educators, he added, but will be glad to see a board composed of lay people as are most municipal boards.

John P. Steiner, Santa Fe, executive secretary of the New Mexico Education Association, calls Amendment No. 2 one of the most important issues ever presented to the voters. The following is a resume of the association's interpretation of what Amendment No. 2 means to the residents of New Mexico, as well as a brief history of the present school system set-up.

Under the present constitutional provisions, there is a seven-member board, five appointed by the governor, with the governor and the state superintendent as ex-officio members. Responsibility between superintendent and board is not fixed and the term of the board is limited to the electoral term of the governor and superintendent. Long term planning and continuous administration is impossible, and since the superintendent is an elected officer and a member of his own board, it is believed there is an over-emphasis on partisan politics.

The increasing number of children entering New Mexico schools, combined with continually reducing margins in raising necessary finances make it necessary for citizens to give serious attention to increasing business efficiency, continuity of policy, and provisions for long range planning in the State Department of Education.

The increasing number of children entering New Mexico schools, combined with continually reducing margins in raising necessary finances make

it necessary for citizens to give serious attention to increasing business efficiency, continuity of policy and provisions for long range planning in the State Department of Education.

It is the belief of the New Mexico Education Association that Amendment No. 2 provides such necessities. It creates a nine-member state board of education with a representative chosen from each of the nine judicial districts. Each member must be a resident of his district and his term of office is terminated if he moves from the district. The powers of the board will remain the same as at present, but with one important provision. Amendment No. 2 provides the board has the power to appoint the state superintendent of public instruction and the appointee must have at least a master's degree and experience in educational administration. Manner of choosing the board will be determined by legislative act upon passage of the amendment.

It is suggested that citizens who have not yet studied the issues involved, look at the contrast between the schools of 1911, when the constitution was written, and today's schools. At that time, there were 40,000 children enrolled with 1,500 teachers. School terms were from four to six months out of the year, and only a few subjects were taught. Each community certified its own teachers and the state department had little responsibility.

Today, 150,000 children are enrolled under more than 5,500 teachers, and the school term is nine months. Many subjects are taught and the State Department of Education must certify all teachers. Also, it must administer a complex transportation system, choose and distribute free textbooks, and administer, among other duties, retirement and tenure laws. In 1911 less than a million tax dollars was collected locally for school support with 88 per cent collected and distributed by the state, with the state board responsible for its wise expenditure. Schools now are big business and provisions must be made to fix responsibility on a continuous board who will have the power to hire a superintendent as its executive officer.

The study of many citizens and organizations in New Mexico toward improving the state's school has resulted in the conclusion there is a fundamental need for reorganization of the State Department of Education. The reorganization should allow wider sectional representation than at present and make provision for continuous responsibility of the board through overlapping terms of the members. The board should have the power to choose its executive officer.

Attends Conference

The day by day account of Mary Alice Shrum's recent trip to the Baptist conference at Ridgecrest, N. C. (in the Land of the Sky) contained in a letter to her parents is an entertaining one. More than 3,000 attended the several services daily during the 10-day conference. A number of prominent speakers, including a U. S. congressman, addressed the assemblies with inspirational and to-the-point speeches. The scene of the conference is a very beautiful one and Miss Shrum reports every arrangement possible for the comfort of the delegates and visitors was made. She took part in one of the programs which concerned New Mexico, as well as earned a number of awards for attendance and participation.

Miss Shrum, who is now working for the FBI in Washington, D. C., said she had the opportunity to visit a number of tourist points of interest on the trip down and back, which she made by motor with several friends who were also delegates to the conference.

NOGAL MESA

By DOROTHY GUCK

Peaches, plums and pears are ripe on the Mesa, but our most luxurious crop, the grass, spreads over most of the land in a wealth of green color. Ranchers are gathering cattle to see how well they are faring, spraying, doctoring pinkeye and performing all the duties necessary to have the calves in shape for shipping in October.

Leroy McKnight was joined by Ralph Pearson and his son and several local cowboys gathering the Pearson cattle on the Mesa. Floy Skinner and Sam Cox rode their range Saturday with the usual Nogal cowboys and the help of Travis and Johnny Werner.

Mrs. William Ferguson, former resident of the Mesa, underwent a major operation in Carrizozo Saturday. She is reported to be doing well.

Mr. and Mrs. Bradford and Ralph and Jennie Lou Vance were the guests of the Fred Pfingsten Saturday.

Ben Pfingsten treated his nephew Bob to a camping trip on the Bonita last week. The boy returned home to Bisbee, Ariz., carrying the remainder of an accident that only bruised him when he fell from a wagon directly under the wheels.

Mrs. Henry Peebles spent Thursday in Fort Stanton visiting her sister, Mrs. Bill Gould. Bobbie is beginning to groom his sheep for exhibit at the State Fair.

Mr. Hinton and two sons drove to the Peebles ranch from Encino to purchase five ewes from Bobbie at \$40 each. The younger Hinton boy, Herman, is very active in his local 4-H club.

Mr. and Mrs. Frank Cone stopped to visit on the Mesa and Mr. and Mrs. Wayne Rapp and two children of Roswell camped a night on their return trip from the Grand Canyon.

Carolyn Dabney has returned after visiting friends and relatives in Texas.

My parents drove up from Glencoe to spend Labor Day. They are Mr. and Mrs. W. E. Gray.

Our neighboring ranger, Dean Earl, left with his family for Alamogordo Saturday morning. A stag party was given for Mr. Earl by Bill Humphries and Bert Pfingsten. Mrs. Earl was honored with a bouquet and gift from her many friends who regret her leaving Carrizozo. The new ranger is expected to arrive with his family this week.

I enjoyed a visit at the Lincoln Museum Monday. If any of the county residents are storing old relics of historical value in their attics, trip over to Lincoln and see Mrs. Caroline Davis about moving them to a place where they will be cherished and enjoyed by many.

Notices are being sent home with the Captain school children inviting their parents to attend the first PTA meeting of the school year, Monday, September 10. There will be a covered dish supper in the cafeteria at 7 P. M. Come eat and talk with the rest of us and meet the new teachers.

That boom-boom noise up here lately means that all wise doves have moved south while the dumb ones give a few ambitious gunmen a fleeting target.

State PTA Endorses Amendment No. 2

The following resolution adopted by the New Mexico Congress of Parents and Teachers at the spring convention in Clovis was released for publication this week by Mrs. Arthur Nicolai, Albuquerque, president of the state group.

"The New Mexico Congress of Parents and Teachers recommends the passage of Constitutional Amendment No. 2 at the special election September 18, 1951. We urge every PTA member to do his or her part to make a special drive for votes for Amendment No. 2."

Mrs. Betty Clark, Santa Fe, legislative chairman of the state organization, is arranging meetings of the PTA groups in New Mexico to start a campaign to get voters interested in the amendment.

Benny Taylor and Richard Phillips of Roswell helped Edgar Phillips do a little branding yesterday. They thoroughly enjoyed it, but have a few sore muscles today, I'm afraid.

Priscilla Maes has left us to work in the Carrizozo hospital. Mr. and Mrs. Jeff Dockray have been entertaining relatives from California.

Mrs. Annie Ramey's sister from Oklahoma City made a hurried trip over to see her last weekend. Mrs. Ramey is still suffering acutely from arthritis.

Letters from Mrs. Maggie Pfingsten tell us she is having a wonderful visit with her granddaughter, Mrs. Hal Taylor, in Columbus, Ohio.

The tourists are still rushing Mrs. Davis and her helpers at the Museum.

Della Joiner of Hondo spent the weekend with Ethelyn Phillips. They had a wonderful time, went to Roswell, to Fort Stanton, to church and to Hurd's for a picnic.

Mrs. Celino Irish came from Santa Fe last week to get her daughter, Margie, who spent the summer with her grandmother, Mrs. Sara Salazar.

Mr. and Mrs. Joe Baca had guests last week from Alamogordo.

Sorry we didn't get our two-bits worth in last week. Nothing really exciting had happened, but we are always glad to be able to say howdy to our neighbors through the column.

Cap and June Straley are back from the rodeo in El Paso, where their three children, Joan, Esther and Cope, and Pete, son of George and Kap Mae Straley, were among the 148 entrants. The kids brought home several nice prizes and have many exciting stories to relate.

John and Margie Wilson, Johnny and Joyce, small son and daughter, were visiting with Elva and Barney over the weekend.

We are always glad to see the road grader come along and smooth out some of the rough places on "54"—even though it does mean more dust for a few days.

A good many local people seem to be conscious of, and are stressing the need for more caution on the roads. Let's go 100 per cent and keep our record clean.

The rain was grand while it lasted, but several hot days has damaged the tender grass. Cattle are being moved and shipped almost daily from this section.

School is well under way with a good enrollment; the children are happy and progressing nicely under the able hand of Mrs. Wedell.

Understand that work on Walt Wilson's new house is progressing nicely. But will be some time yet before the neighbors will get to help them with a "house warming."

Visitors in the Straley home over the weekend included Jerry and Earlene Delaney and little Linda from Las Cruces, and Pat Driskell and Buddy Jack from El Paso.

Mrs. P. A. Stidham was recently released from Carrizozo hospital. She is still more or less on the sick list. Also confined to hospital last few days are Mrs. Elbert Dudley and infant son. Hurry home, you two, we miss you.

Rural Teachers Hold Carrizozo Meeting

By HATTIE LACY

The rural teachers of the county met Friday afternoon at the county library in Carrizozo. Mrs. Lorine Samelson, county superintendent, conducted the business meeting in which the budget of the school was discussed. Accidents in the school were also discussed. Mrs. Aljje Bumgardner, county nurse, gave a talk on "First Aid." She stressed the care of the pupils' eyes. Each teacher was given a well filled first aid kit.

Mr. Gilbert represented the New Mexico School Supply Company of Albuquerque at the meeting. He displayed a film strip projector and gave a very interesting talk on the advantage of audio-visual education. Mr. Gilbert will meet again with the rural teachers Friday, September 21, at Lincoln, San Patricio (at designated hours for each place) in groups of five to give a demonstration of the projector and each teacher will be given free instructions on the operation of the machine.

Mrs. Samelson served refreshments to the following: Mrs. Bumgardner, Mr. Gilbert, Mesdames Alice Boyd, Ofelia Salas, Rafaelita Pryor, Marie Pacheco, Inez Pacheco, Pearl Gomez, Jessie Ticer, Hattie Lacy, Nora McTelgue, Beatrice Nason, Mollie Threut, Rebecca Wedell, Ruby Remmel; Misses Elsie Kimbrell, Nora Patterson; Messrs. Albert Gomez, McKinley McTelgue.

Albuquerque Party Held For Soldier And Bride

A combination shower and farewell party in honor of Private Ernest V. Abeyta and his bride was held August 25 at the home of the young soldier's parents, Mr. and Mrs. E. V. Abeyta, Albuquerque. The senior Abeytas are former Captain residents and their daughter, Miss Otilia Vega, is the deputy in the Lincoln County clerk's office.

More than 100 guests attended the event at the Abeyta home, and brought the young couple a large variety of beautiful and practical gifts for their future home.

A number of friends accompanied Private Abeyta to the airport the following night when he left for the West Coast to receive a possible assignment to duty in Korea. Mrs. Abeyta will make her home with his parents until his return.

The lace covered table featured for its centerpiece a three-tiered cake topped with a miniature soldier and bride standing under an arch formed of white artificial leaves and flowers.

Baskets and vases of gladioli and painted daisies were used throughout the home in decoration. Mesdames Glen Tyle and Josephine Hidalgo, Albuquerque, presided at the buffet table where they served sandwiches, cake and punch.

A pinata contest concluded the evening's festivities. Pinata is the Spanish word for a pottery bowl and is employed in creating fun and excitement for the youngsters at a party. The bowl used by the Abeytas was filled to the brim with treats of candy, cookies and other goodies as well as an assortment of children's gifts. The rope on which the bowl swung was held by two men, with one man standing under the car port near the house and the other man at the far end of the rope out on the lawn. As the adults pulled the rope back and forth the youngsters attempted to break the bowl with a baseball bat. A small boy from Albuquerque succeeded in smashing it and the other youngsters scrambled for their gifts as they cascaded from the broken bowl.

Miss Otilia Vega, Carrizozo, was in Albuquerque for the festivities honoring her brother and sister-in-law. A number of gifts

Concert Membership Drive Opened Sept. 3

Mrs. Eber McKinley, Alamogordo, chairman of the kickoff dinner Monday night, September 3, at the Alamogordo Community Center, which marked the opening of the 1951-52 membership drive of the Otero County Community Concert Association. Mrs. M. R. Sanguinet, president of the association, announced the appointment.

Guest speaker at the dinner which opens the one-week campaign was Daniel Poole, Chicago representative of Community Concerts.

Mrs. J. P. Turner, local representative on the board of directors, said all organized workers were invited to attend the dinner. Persons holding memberships for the 1950-51 season are urged to renew them when first contacted. Mrs. Sanguinet reported the association was sold out last year and had a waiting list.

A report of past members who desire the renewal of their memberships was given at the September 3 dinner, and the following day those persons were contacted for payment of their season tickets and issuance of new membership cards.

Mrs. Turner emphasized that present membership holders may renew for a limited time only, and sales will be open to others at a date to be announced later by Mrs. Sanguinet.

On world-wool-consumption, the Commercial Economics Committee reports a 1950 record wool use of nearly 2.7 billion pounds clean basis, up 10 per cent over 1949 and up 30 per cent over the five-year-pre-war average. In this reckoning, the United States slightly led Great Britain as the leading world consumer.

For the couple were received from Lincoln County friends who were unable to be in Albuquerque. The young soldier's bride is the former Miss Martha Gilman, daughter of Mrs. S. E. Gilman of Belen. Their marriage took place in Van Buren, Ark., on June 16, while Abeyta was stationed at Camp Chaffee, Ark.

Cummins Sends—

ments and the property between the Gaston Service and City Hall was sold to Hollis Cummins, September 1, this year.

Hollis was born and raised within sight of the Titworth store. He secured his first job in the grocery business at the age of 11 from a competing store owned by Mr. Lair at the tremendous wage of \$1.50 a week.

He graduated from Captain High in 1917 after being chosen two years on the All District basketball team, and one year on the All-State team in which he played in the North-South game.

The fall of 1917, Hollis entered the University of New Mexico, majoring in business administration. After a year of college, he enlisted in the Air Force.

He secured training as a clerk-typist in school at Cheyenne, Wyo., and as an accountant in Denver. The fall of 1950 he returned to the university for another full school term.

His mother, the former Bessie Sellars, came to Lincoln County from Oklahoma 43 years ago. She married Lewis Cummins who came from Kentucky in 1907.

They have three children, a daughter, Mrs. Dan McClung who lives in San Diego with her two young sons while her husband is in the Navy in Korea.

Mrs. Ada Sellars, granddaughter of Hollis, worked for several years in the Titworth Store, as did his mother. Ted intends to finish his education and perhaps give Uncle Sam a term of service before returning to help his brother, Lewis Cummins, as principal of the Captain Grade School.

A fresh coat of paint has been applied to the grocery department of the Titworth store in an interview with the new owner he said, "First, I'm going to cut all prices on food commodities to make my store the cheapest place to trade with the greatest value for your money."

Every United States citizen is or should be interested in the servicemen, and the News-Outlook sincerely hopes residents of Lincoln County will cooperate with this paper in keeping the public informed about its members of the armed forces.

Letters from the servicemen themselves will be very much appreciated. If you haven't time to write both the homefolks and the News-Outlook, ask your folks to send the letters on to us.

It's easy to give us your news about the servicemen—if you live in Carrizozo just call us at 14. If you live outside the village, send us a letter or when you're in town stop in at the office of the News-Outlook.

Council Discusses—

(Continued From Page 1)

em. A copy of Dr. Workman's report is being sent to Claxson, out one of the councilmen said it was his understanding that the El Paso man had offered his help and couldn't see that the village was actually obligated to him.

Workman's report indicates there are four possible sources of water, but that the first one on the list is the most likely one. The following are the approximate locations for possible water sources listed in the same order as presented by Workman:

- 1. About one quarter mile north of the Finley ranch.
2. Second source about one half mile further north than the first site.
3. Area between Hughes Hill and Willow Mountain.
4. The fourth source occurs between locations numbers 1 and 2.

It was also disclosed that an average depth of 100 feet is indicated for the best water. Concluding the council's session was a brief discussion of the gas plant and the fact that it does not appear to be a paying proposition.

It was also voted to send a letter of appreciation to the county commissioners for the use of the county grader in work on the village's streets, which the present commissioners said is their policy in order to render aid to incorporated towns in the county.

Aid Asked In Reporting Servicemen Activities

Why don't you run a column of news about the boys from Lincoln County who are now in the service? That's a complaint heard over and over again by the editors of the News-Outlook who have tried many times to make such information available.

The editors of the News-Outlook would be most happy to run a weekly column of the whereabouts of the county's soldiers, sailors and marines. If parents, wives, sisters, brothers, uncles, aunts, nieces, nephews, cousins, near and distant relatives, friends and acquaintances of servicemen will give us information of their station location, promotions earned, awards given or anything else of interest regarding them, this paper will be more than happy to print it for all to read.

Letters from the servicemen themselves will be very much appreciated. If you haven't time to write both the homefolks and the News-Outlook, ask your folks to send the letters on to us.

It's easy to give us your news about the servicemen—if you live in Carrizozo just call us at 14. If you live outside the village, send us a letter or when you're in town stop in at the office of the News-Outlook.

During the rest of 1951, U. S. civilians will have 13 to 14 per cent more food per person than before the war, economists predict.

PERSONALS

Lieut. Charles A. Snow Jr. writes his parents from Japan, where he is stationed, that he has just received his second oak leaf cluster. Lieut. Snow pilots a C-119 (boxcar).

Councilman Snow said he recently finished a section of fence on his ranch, only to find the next morning that a stray deer had done a rather thorough job of wrecking part of it.

Mr. and Mrs. E. W. Roberts and 11-months-old infant son, Michael, of Glenwood Springs, Colo., surprised Mr. Roberts' parents, Mr. and Mrs. Ernest Roberts, when they walked in on them Sunday. This is the first time the grandparents had seen baby Michael, who is their only grandchild. The Colorado visitors left Wednesday for home.

Mr. and Mrs. Jack Harkey, accompanied by Mr. and Mrs. Leonard Dunning, spent last week in the Gila Wilderness near the Mogollon Mountains. The two couples drove about 30 miles into the wilderness by jeep (the only mode of transportation by motor suitable for that terrain). They also inspected the Gila cliff dwellings.

Mr. and Mrs. T. H. Baty, Brownwood, Texas, parents of Ace Baty, were recent guests of the local family. The Carrizozoans drove the Texas family to their home last week, and were to be accompanied on the return trip by Mr. and Mrs. F. H. Herring, Tucson, who were visiting in Brownwood, parents of Mrs. Ace Baty.

The M. B. Watts, who now reside in Detroit, sent your editors a card while on a vacation trip which took them to Toronto, Canada; New York City; Pittsburgh, Pa.; and other eastern points of interest. The Watts said they were enjoying visiting those cities but would prefer to be in Carrizozo. Don't blame you a bit, folks, pedestrians out here aren't the hazard they are back there.

Mrs. Carrie Henning, her daughter, Miss Agnes Henning, and granddaughter, Miss Sarah Hampton, all of Plano, Ill., were the guests of Mr. and Mrs. Ben Burns last week for several days. The Illinois visitors were en route to their home after visiting Mrs. Henning's daughter, Mrs. Jack Williamson and family of Berkeley, Calif., and other relatives in that state. Mr. Williamson is the head trainer at the University of California. Miss Henning is a teacher in the Plano schools.

Dana Kuslanovich, daughter of Mr. and Mrs. Dan Kuslanovich of Fort Stanton, entered the University of New Mexico at Albuquerque this week, where her father said she planned to study journalism. An article written by Dana on the exploration work done by some college students in caves near the Fort appeared in a recent issue of the News-Outlook, and her father expresses the hope it may be the beginning for a successful career in writing if she decides to choose that as her vocation in life.

The editors of the News-Outlook are simply bursting their buttons over recent kind words of two subscribers. Mr. and Mrs. W. C. Hendren, Cleveland in renewing their subscription said they enjoyed the paper very much and didn't want to be without it. The following quoted excerpt from their letter should please our correspondents and convince them how much their efforts are appreciated: "We enjoy Mrs. Guck's column and articles—tell her to keep up the good work; this also goes for your other correspondents throughout the county—it is a very worthwhile thing those various columns throughout the county."

The other compliment comes from Dan Kuslanovich, Fort Stanton, who, in renewing his subscription said it was the best two-dollar investment he knew of, and that he would enjoy the paper and its interesting news and comments about "our" county.

The W. C. Hendrens also wrote that the summer in Cleveland had been very nice on the whole although the natives thought it has been dry; that things are green and crops and orchards have been good in that area. Speaking as a native Buckeye, your reporter surmises the summer has probably been about average. Well do I remember those hot days and stifling nights back in Akron (35 miles from Cleveland). It's too bad we can't share our cool nights with you folks back there. Mrs. Hendren is a niece of the T. E. Kelleys of Carrizozo, and her husband, formerly on the staff at Fort Stanton, is a staff member of the U. S. Public Health Service hospital at Cleveland.

SAN PATRICIO

Mrs. Helen Lucas and Fred LeMay were married in St. Anne's Chapel at Glencoe Tuesday, September 4, at 4 P. M. Only a few close friends and the family attended. They left immediately for a few days trip and will be at home in San Patricio. All of their many friends wish them the best of luck and happiness in their marriage.

Johnny Thomas and daughter, Frances, went to the rodeo at Silver City last weekend and returned on Monday for the Mesquero Indian rodeo, where Johnny won first in the calf roping. Dan Lucas and Nellie Ruth Lucas also attended the rodeo at Silver City.

Mrs. Aurora Montoya has again been seriously ill, but is some better and able to sit up. Vick Trujillo is running the fruit stand at Hilario Gomez's place.

Some pears have been picked and sold here the last week. A few apples also, but the full scale picking hasn't begun yet. Mr. and Mrs. Wilbur Coe entertained a few guests Saturday evening in honor of friends from Indiana. Mrs. Whitaker and daughter Diane.

Candido Miranda and family and Henry Miranda and family of Roswell were visiting relatives in San Patricio over the Labor Day weekend. Tom Babers participated in the rodeo at Mesquero Sunday and Monday, winning second in the breakaway.

Paul Gardner and guest Trew Hocker have left San Patricio for the winter, Paul returning to Kansas City and Trew to New York City. Mr. and Mrs. Bob Underwood of Lubbock, Texas, were visitors in the Taylor home over the weekend.

Faculty Completed

The following is the roster of faculty for the Captain schools during the coming year: L. W. Clark, superintendent; Frank Taylor, music and Spanish; Dick King, social science, mathematics and basketball; Duane Darling, mathematics, science and football; Mrs. Mary Virginia King, commerce; Mrs. Ruby Yarbrough, social science, library; Mrs. S. M. Cozzens, home economics; A. J. Bivens, vocational agriculture; Edward Choate, English; L. E. Cummins, grade school principal; Mrs. Helen Blaise, fourth, fifth and sixth grades; Mrs. Lois Aldrich, third grade; Mrs. Pauline Utterback, second grade; Mrs. Hilda Young, first grade; Mrs. Henry Jackson, cafeteria manager, and Mrs. Bonnie McEuen, cafeteria assistant.

CORRECTION

The Ollie Ackermans of Captain have informed the News-Outlook it was they who prepared the food for the luncheon given by the Captain VFW and Chamber of Commerce organizations at the VFW hall in Captain August 24, at which Governor Edwin L. Mechem was the guest speaker.

The Ackermans reported they cooked the food at their cafe, and employed members of the VFW auxiliary to serve it. They also reported that Jim Thompson of Fort Stanton prepared the barbecue for the evening event.

Last week's issue of the News-Outlook reported women members of the two groups prepared the meals served, and the editors regret their misunderstanding. Farm safety is not a "sometimes" matter—it's a 365-day-a-year job.

1950 Census Same As Votes Cast In 1951

By a curious coincidence, the 1950 census figure for Lincoln County tallies with the total of voters from the various precincts as reported at the last general election. The two sets of figures are contained in a government report recently released.

The 1950 census gives the population of the county as 7,409 as against 8,537 in 1940 which indicates a loss. The 1950 census figure for Carrizozo is listed as 1,389 as against 1,457 in 1940.

Following is listed the number of voters from each precinct at the last general election: Lincoln, 590; Hondo, 425; Arabela, 105; Pico, 237; Encinoso, 140; White Oaks, 80; Captain, 653; Ruidoso, 719; Nogal, 131; Bonito, 66; Corona, 803; Carrizozo, 1,584; Ancho, 181; Lon, 77; White Mountain, 1,102, and San Patricio, 466.

It would appear there must be a discrepancy in the 1950 census for Lincoln County in view of the fact the total number of voters from all the precincts totaled 7,409 or the same figure as the 1950 census. The 1950 census gives the population of Carrizozo as 1,389, yet the number of voters in the village at last year's election totaled 1,584.

If the foregoing figures are correct, it can only be assumed that the census figures are wrong. Each American civilian likely will eat an average of 406 eggs in 1951, 12 more than last year's record average per capita consumption, and over 100 more than during the five years before World War II.

Local Man Shoots 25-Pound Bobcat

A 25-pound bobcat was felled by R. L. (Friday) Sherrill, Carrizozo, near the William W. Gal-lacher ranch line west of Highway 54 August 19 about 8:30 as he and Mrs. Sherrill were returning to their home. Sherrill said he saw the cat's eyes shining in the darkness as it slunk away into the bushes along the road. The local businessman who had a rifle quickly stopped the car and jumped out in pursuit of the animal. His fifth shot killed the cat and Sherrill tied it to the front end of his car and brought it into town.

Early the following morning, an Alamogordo man who was passing through Carrizozo saw the animal and asked permission to show it to friends in Alamo. Sherrill stated he permitted the Alamogordo to take the bobcat home with him.

Propaganda War

THE current experiment in penetrating the Iron curtain by balloons may be a great success or it may fail. It is too early yet to say. But the important thing is that it's an attempt by private individuals under the free-enterprise system to try out certain methods of psychological warfare—or call it psychological warfare if you will—which governments will not and perhaps cannot tackle.

Today the state department's propaganda effort is seriously hampered by congressional penny-pinching, while the American military men who now dominate our foreign policy believe that the only way to stop Russia is to have more and bigger guns. They have little faith in psychological warfare. Accordingly, the national security council has ruled out any strong appeals to the people in the iron curtain countries to revolt, sabotage, or disrupt their conforming governments.

Yet psychological warfare to be successful must offer something—a chance for freedom, for peace, more food or an end of oppression. American propaganda, frequently fails because it offers nothing.

The citizen of Czechoslovakia is not interested in hearing foreign radio broadcasts tell him the Soviet system is evil. He knows the Soviet system is evil; what he wants to hear from the Voice of America are ways by which he can throw off the yoke of oppression.

Stalin's Achilles' Heel

These are some of the reasons why private individuals tackled this experiment of trying to make the iron curtain a lace curtain. Personally I am convinced from my last winter's study of the iron curtain countries and from other information that it's not the atomic bomb but contact with free peoples that the Soviet fears most.

Therefore, if we are to win the subjugated nations over to our side, we must inspire them, encourage them and above all, keep in contact with them. It was because Stalin mortally feared such contact that he erected the iron curtain and it is to hit this Achilles' heel that a group of private individuals and organizations, has now launched messages of hope, friendship and encouragement by balloon into Czechoslovakia.

The people who had the courage to sponsor this project are the American Crusade for Freedom organization, the Inter-American Federation of Free Trade Unions which has been fighting Communism throughout Latin America, veterans or prisoners of war chiefly from Belgium, France, Holland and Italy, the General Federation of Women's Clubs with 6,000,000 members in 32 countries plus another five and a half million in the United States, the A.F.L., Trades and Labor Congress of Canada, the C.I.O., Canadian Congress of Labor, and the International Federation of Free Journalists, comprising about 1,000 newsmen exiled from Soviet countries.

The chief dynamo in this intricate operation has been Abbott Washburn, loaned by General Mills of Minneapolis to the committee for free Europe which has done such an important job of beaming broadcasts into Czechoslovakia and placed the freedom bell in Berlin last year. Harold Stassen, who heads the Crusade for Freedom, has also helped to mastermind the operation.

It is considered especially significant in Europe that these balloons are being aimed at Czechoslovakia after the imprisonment of William Outland and that among their sponsors are the Federation of Free Journalists. Hitherto the United States' official policy has leaned toward paying virtual ransom money when its citizens have been seized by the communists.

However, it is now realized that the more you pay out in concessions to the Soviet the more Moscow demands in ransom money and the more it is inclined to maltreat American citizens and to increase the blackmail demands. America's cracking down on Czech trade is an indication of this new stiffening of policy by the U.S. and the current balloon operation supplements it. This may help to show the communists that, instead of taking the abuse of our citizens lying down, we intend to retaliate.

Story of Friendship

Around Europe—German crowd around the balloon truck convey when it sets up operations at night like kids watching circus wagons unload at home. . . . One trouble is to keep the crowds from smoking when near the hydrogen tanks. . . . Radio free Europe, operated partly by Czech refugees in Munich and financed by the Crusade for Freedom, has poured a daily barrage of messages to the Czech people giving them the story of friendship.

SCANNING THE WEEK'S NEWS of Main Street and the World

Reds Preach Hate Theme at German Youth Festival; Average Income Up

THE HATE THEME—The world press gave more space to the east German youth festival, during which Red leaders preached a theme of hate of western democracy to 2,000,000 German youths, than any other single event in recent history. The demonstration reached its climax with half a million Soviet-zone boys and girls swearing loyalty to Stalin. From the Communist viewpoint, the festival was one of the most successful propaganda stunts in Red history.

But from the viewpoint of the average boy and girl in the home towns of America, viewing the event from afar, the mass hysteria had such a flavor of Nazism it was nauseating. To the American youngster of high school and college age a football game is of more interest than staged political parades and the wild speeches of fanatics.

American youngsters, however, could not miss the hate theme preached by Red leaders. It was evident in every speech and at every moment during the rally. For the first time many American boys and girls realized there can be only one ending to this build-up—the eventual clash of the free world and Communism.

There was one bright spot in the whole affair. A few of the thousands of Communist youths slipped into the western zone of Berlin for a first-hand look at the "horrible conditions" preached by their leaders. What they found was surprising and revealing. These few learned the truth and may carry it behind the iron curtain to their families and friends.

YOUR INCOME—According to the department of commerce the average income for each man, woman and child in the United States last year was \$1,436, a gain of \$116, or 8 per cent over 1949.

The average home-owner, however, had no reason to feel happy about the report. The cost of living increased 6.5 per cent during the same period and the rise in the tax burden cut down the net gain.

The total income to individuals over the nation was a record \$217,000,000,000, a gain of 11 per cent over 1949. The department said average incomes ranged from \$698 in Mississippi to \$1,009 in Delaware and \$1,988 in the District of Columbia.

DISAGREEMENT—The senate armed services and foreign relations committees last week issued a statement saying that the group would make no report on the eight-week MacArthur hearing. The committee said that formal evidence of disagreement in the senate on far east policy might have had effect on the Korean-truce negotiations and signing of the peace treaty with Japan next month.

That statement had hardly been made public knowledge when eight senators, members of those committees, issued their own conclusions drawn from the long hearings, calling the Truman administration's far east policy a catastrophic failure. They declared that it "represents the most deplorable failure in the history of our foreign policy."

These eight senators have made it clear that there is disagreement in the senate. It would seem, therefore, the conclusions of the full committee can no longer be withheld for reasons given and should be made public immediately. There is little likelihood that it will be, however.

Contrary to what these eight senators may say, there is a feeling in Washington these men put their political ambitions above the welfare of their country as expressed by the full committee's vote to withhold its report for the present.

RUSSIAN PROTEST—There is new evidence that trade reprisals against the iron curtain countries for their anti-American actions are beginning to hurt. The latest evidence comes from no less an authority than the Kremlin itself.

In a note delivered to the state department, the Soviet bluntly accused the U.S. of aggravating serious tension between the two countries by cancelling the 1951 American-Soviet trade pact.

Congress ordered the cancelling of trade concessions to iron curtain countries early in the year. While the cancellation will not bar Soviet goods from this country, it will increase tariffs on them and make it harder for them to compete in the U.S. market.

The Russians would like to continue their campaign of distortion and abuse against the United States, but at the same time enjoy trade concessions offered friendly nations. The Soviet Union is finding, however, it can't have its cake and eat it too.

ARMY NEEDS—The nation's needs in manpower for this fiscal year—June 30 to June 30—was made known last week. It gives the young men in the nation an idea of what the future holds in store for them.

Selective service announced it expected to draft 200,000 men during the year—an average of 25,000 a month. There have also been reports the army may need 400,000 more to fill gaps caused by discharges.

Some 550,000 men were called up by draft boards between last September and June 30. The defense department already has asked for 33,000 men in August, 34,000 in September and 41,000 in October.

WEST POINT—The first of the 90 cadets involved in West Point's cribbing scandal left the academy last week. Others will be sent home this week and in the near future.

Five days after receiving their orders the men must report to their draft boards. They must either register for the draft or if already registered, advise their boards of a change of status.

Meanwhile, President Truman has ordered a full investigation of the athletic systems at both West Point and Annapolis to determine if the service academies are overemphasizing football and other sports.

TRUCE TALKS—Conflicting reports continue concerning the possibilities of success in the Korean truce talks. One day there are reports that progress is being made, the next that the talks are near collapse.

At the moment there seems to be little reason to expect a settlement. Red China is reported to have said: "If the American side stubbornly adheres to its unreasonable demand for plunder and rejects the just and reasonable proposal of our side, an agreement will be impossible."

In other words, the Communists are unwilling to compromise on an armistice line. The Allies have indicated they will compromise, but will not accept the 38th parallel.

Meanwhile, the Reds have increased their propaganda campaign with a "people's funeral" for a soldier reportedly killed by Allied troops in the Kaesong neutral zone. It begins to look like the build-up for a break in the truce talks.

CIVILIAN AIRLIFT

World's First Civilian 'Airlift' Supplies Huge Ore Development

The world's first civilian "airlift" of major proportions is now taking place in the barren wastelands of northern Quebec and western Labrador, where aircraft have really come into their own in the transportation of heavy industrial equipment.

The above map shows the territory in which the world's first major civilian "airlift" is supporting construction of railroad to fabulously rich iron ore discovery.

by air over the barren, trackless wilderness. The "airlift" is the only possible solution, according to mine officials.

Largest aircraft in the lift is a Fairchild C-119 "Flying Boxcar." This big twin-engine cargo carrier has already flown fifteen big red International TD-14A crawler tractors from Seven Islands to Knob Lake.

The Knob Lake airstrip was started in 1947 by a small International crawler tractor, flown in, piece by piece, in a flying boat which was able to land on Knob Lake itself.

TWO YEARS FROM now, the 350-mile railroad now under construction will reach Knob Lake from Seven Islands. In the meantime, the airlift supplies the mine development work at Knob Lake and supplies the construction camps building the railroad by means of two other airstrips along the line.

Hydro-electric power will be developed at two dams to supply power to the mines, railroad, townships, and terminals. Scheduled for first construction is a dam at the rapids of Lake Menibek, which will be of the earth-fill type and will act as a bridge for the railroad.

When operations are in full swing, I.O.C. expects to produce 10 million tons a year, with production, transportation, and dock facilities designed for twice that tonnage. But before a ton of ore is moved, close to 200 million dollars will have been invested in the project by that time, about half of the money going for railroad construction.

the profits derived from their operations. Iran demanded a new deal, with a division of the profits on the oil taken from Iran wells. The English company refused to make a new arrangement, but did advance to 25 cents a barrel paid to the Iran government.

The present controversy is over a renewed demand of Iran for a new agreement on a profit-division basis. When that was refused, Iran seized and nationalized the oil fields and the plants of the English company, but because of a lack of trained technicians, Iran cannot operate the enormous plant, and the English government will not permit its citizens to work for Iran, and is taking all of them out of the country.

The only other available source of supply of technicians is Russia. With Russians in charge of that mammoth oil plant, Russia would get the product.

For Russia that represents one of the vital essentials for waging war against the free nations. Without an assured supply of oil, she could not long operate either her planes or her transport.

THE FICTION CORNER

PINKY

By Sallydale Wimbrow

JULIA WARREN looked up from her pie-baking suddenly, and thought it had happened. "Bud," she called. "Please try to keep Pinky by your side. He'll get hurt if he keeps chasing cars the way he does."

She watched Bud through her kitchen window as he scolded Pinky by waving a fat finger at him. "Mustn't do, Pinky! Mom says you're a bad dog!"

Not nearly as badly as it would if something dreadful happened to Pinky, Julia always thought. That could be something Bud might never get over. That might be something he would always remember like a sharp continuous pain. Julia knew well it would be that way.

She tried to cast thoughts from her mind that were like jagged glass. She opened the oven door, and saw that the pie was almost brown enough to take out.

Then she heard it—heard it like she knew she would, like she had heard it once before in the recesses of her mind. Bud's scream, a car's sullen brakes, Pinky's agonizing bark.

All she could hear then were Bud's sobbing words: "Pinky! Pinky!"

Iran to protect English interests, which England would probably do if any effort is made to operate the mammoth plant.

The President and Secretary Acheson have a real problem to solve, a problem in which we all have an interest because of the danger of Iranian oil falling into the hands of Russia and being used against us, should that threatened war materialize.

The one thing in the way of preparation that has not lagged is the demand for more appropriations and more taxes.

If, as has so often been said, Stalin's hope is to see a bankrupt America, he has active assistants in both the congress and the president.

Question: Several times I have plastered bad parts of rooms and each time, try though I may, cracks appear in the plaster upon drying. I have tried retarding the drying, wetting the lath, but to no avail. Can you help me? Also, please tell me how to mix this plaster and in what proportion?

Answer: If you are not trying to replaster an entire room, merely to patch up some cracks or other bad places, I advise you to get a prepared patching plaster which needs only to be mixed with water to make a paste.

Question: My husband is remodeling the kitchen, using tile-board for the ceiling. The bathroom is directly above. Whenever water is spilled on the floor it leaks down into the kitchen. We have tried caulking around the fixtures, with little success. What can we do about it?

Answer: The bathroom should have a good waterproof floor covering, such as clay tile, asphalt tile or linoleum. Until you do this, you will continue to have leaks.

Question: I did not take more than a few minutes. Julia was surprised how little time it actually took. If only other people had realized what little time it took.

It was not until Julia had stepped into the living room that Mark realized what Julia had done. He rose to meet her, proud of his wife.

Julia knelt down beside Bud and showed him what her hands held. Bud's eyes brightened. It was a tiny bundle of fur. A month old cocker spaniel with sleepy eyes, and pink ears.

"Pinky the Second," Julia said with a smile. Bud reached out chubby fingers for a new Pinky, a new hope.

Julia was glad she had remembered Helen Reynolds telling her about the litter of pups. She was glad she had remembered one day many years ago when she herself was young with important things in her life.

Why Is the Church?

Lesson for September 9, 1961
WHAT use is the church? What difference would it make if it were disbanded?
A woman bought a vacuum cleaner on trial, but after using it a while she decided it wasn't any better than an old-fashioned carpet-sweeper and she sent for the man to take it away. When he came around, he discovered that she really did not know how to use the thing. All the attachments were still in the box; she had never found out what they were good for and so she never realized how useful a "vac" can be.
It is something like that with the church. It has many uses which are seldom discovered.

Tell the Church
THE main and most important feature of the church is that it is a fellowship. This should be far more, far deeper, than a mere label.
One rarely-used function of the church was suggested by Jesus. In a quarrel, he said, the first thing to do is to settle it between yourselves. If that will not do, then take a few people with you and see if a small group can reach agreement. If not then "tell the church."
Probably the average congregation today, as a whole, would be a poor judge of quarrels. But suppose some church tried the experiment of forming a kind of consultation-group, made up of the wisest and most Christian persons in it; and suppose members of the church who had differences which, would ordinarily be taken into court, were encouraged to consult these counselors for help—wouldn't some quarrels, that now reach the courts, never get that far?

Common Treasury
SOME weeks ago it was suggested here that in some communities the church sees to it that no member of the church goes without a job. It is also a fact that in some congregations either a committee of the officers, or the minister, is entrusted with a fund, sometimes called the Deacons' Fund and sometimes the Emergency Fund, to be used in taking care of real financial emergencies, for the benefit of the members.

Sometimes it is used as a revolving loan fund, sometimes as outright gifts. No detailed accounting is made, because it is important that no publicity be given to the needy cases; hence those who administer the funds have to be persons who can be fully trusted.
The "needy cases" may not be charity cases in the usual sense. The point is that a church can be a fellowship so close that a person in physical or financial need would think of it as a source of help just as quickly as he would think of his own family. It is his family.

Making Love Real
THE fact is, if there had not been a real fellowship in the church all these centuries, it would not have lasted as it has. No outfit can run on and on for centuries if all it does is to provide jobs for a few jobholders.
No, there has been real family fellowship in the church. It does not always come out in official actions of church boards, but the thing is there. Preachers talk about love, and Sunday school lessons mention it. But this is not all. There are enough persons in the church making love real, (see Moffatt's translation of 1 John 3:18), to more than justify the church's existence.

A poor woman who was in the grip of the drink habit had a Christian woman friend. This friend said to her, "When you feel the craving coming on, even if it's in the middle of the night, call me and I'll come right down and we'll fight it through and pray it through together."
That was what did it. Not the sermons, not the books on temperance, but the fellowship of a woman who would get up in the middle of the night to help her friend through a desperate struggle.

Happy is the person who finds a church where there are people like that. For that is what Christian fellowship is: making the other person's needs and troubles your own.
