Mechem To Attend Old Timers Day

Oldtimers in Lincoln County and adjacent areas will gather on the museum grounds in Lincoln Sunday, June 15, at 10 A. M. to renew old friendships and make new ones. Newcomers to this section of the Southwest are urged to join in the celebration, which is an annual event. Governor Edwin L. Mechem, guest of honor, will be the principal speaker.

Heretofore, oldtimers day and "A Day in Old Lincoln" have been celebrated each year in the late summer. This year, however, the Lincoln County Historical Society, sponsor, has departed from tradition and moved Old Timers Day up to June 15, while reserving August 17 as the date for the pageant which features the career of Billy the Kid (William H. Bonney) for its theme. The famous outlaw was a well known figure in early Lincoln County history, and many and bitter have been the arguments concerning him and the deeds with which he has been credited. A representative of the New Mexico Tourist Bureau, reported to be writing the script, is slated to direct the 1952 pageant.

The program this Sunday at Lincoln follows: Hondo High School Band; Lincoln School String Band; square dance groups from Hondo, Fort Stanton, Roswell and Ruidoso; Hondo High School Fiesta dancers; songs by Angela Gonzales, Glencoe; Indian dances by Jimmy and Terry McVitt, Mesalero; cowboy songs by Bruce Griffin; Green Tree; old fiddlers' contest, and a variety of other numbers.

It is suggested that families bring a basket lunch. Sandwiches and soft drinks will be sold on the grounds, and free coffee will be served.

Lincoln offers two fascinating museums for visitors—the Old Lincoln County Courthouse Museum and the Old McSwain store—as well as many other historical spots and buildings, including the Torreon. Officials of the society have expressed a hope that residents in the area and elsewhere will make every effort to be in Lincoln Sunday, June 15, to join in the celebration.

Power Failure Halts TV Grant And Groom Show

Probably the most perturbed man in Carrizozo this week over the power failure which has beset the village because of difficulty with the old motors, was S. M. Ortiz, sheriff of Lincoln County. The blackout, which started Monday and continued at intervals as city officials and plant employees worked to give the village a division of power in order not to completely paralyze any one section, caused the sheriff to miss the televising of some wrestling matches Monday night.

Amidst much jeering and laughter, Ortiz had gone ahead this week with his arrangements for installation of a television receiving set at his home. Friends informed him successful reception of television in Carrizozo was impossible at present, the sheriff ignored all comments and proceeded with the erection of a 75-foot tower. Although the village does not yet have the physical properties which are presumed necessary for television reception, Ortiz set was instantly successful. He reports very little "snowing" on his screen and says reception with but few exceptions is very clear.

The sheriff's set is the first to be installed in Carrizozo, and residents of the village are jubilant over its success. The fact that even without the properties ordinarily deemed necessary for the operation of television, local reception has been exceptionally clear bodes well for its future in Carrizozo.

Suspended Sentences

Julian Torres and Ed Torres, both of Alamogordo, charged by the State of New Mexico with killing cattle, were given suspended sentences Monday. The brothers, who pleaded guilty, agreed to make restitution in the amount of \$900.

James Pharris, Former Carrizozo Teacher, Wed In Rhode Island

James Pharris, Alamogordo, a high school teacher in Carrizozo last year, and Miss Elizabeth Bertwistle, Carolina, R. I., were married in the eastern city May 14.

After a honeymoon spent in Washington, D. C., and Florida, the couple returned to Alamogordo where they were the guests of the bridegroom's parents, Mr. and Mrs. W. E. Pharris.

The bride, the daughter of Mr. and Mrs. Percy Bertwistle, Carolina, R. I., was the owner and operator of a beauty shop there prior to her marriage.

Pharris, a graduate of Alamogordo High School, took his bachelor's degree at the university in Kingston, R. I. He served with the U. S. Navy—37 months during World War II before completion of his college work. After graduation at the university, the former Carrizozo teacher served an additional year in the Navy as lieutenant (junior grade), participating in two major operations and other duty in the Korean theater. Upon completion of that tour of duty, Pharris took graduate work at Eastern New Mexico University, Portales.

The couple left Alamogordo June 1 to make their home in Portales, where the bridegroom is on the faculty of ENMU.

Health Officer Reports Two Dogs Bite Local Boy

Dr. M. A. Elstein, Las Cruces, district health officer, said Tuesday that the local health office is receiving reports that adults as well as children are being menaced by dogs. The physician said one Carrizozo boy was severely bitten this week by two dogs.

The health officer said precautionary measures for the prevention of these incidents are definitely indicated and should be put into effect immediately. He pointed out rabies is a serious disease caused by bites from rabid animals such as cats, dogs, cows, sheep or any animal infected by the rabid virus. Dr. Elstein stated that rabid virus as it enters the body through a bite, attacks the nerve tracts until it reaches the brain centers and manifests itself in definite and pronounced symptoms, including spasms of the muscles of the throat, making it hard and painful to swallow. The virus is called hydrophobia, meaning fear of water. It does not mean the patient is afraid of water, but that he does not like to drink water or eat food for fear of causing a throat spasm. The health officer recommends the following steps be taken to avoid and prevent rabies:

All dogs, privately owned or stray, should be vaccinated against rabies; privately owned dogs should be kept within the premises of their owners, or tied up so that they will not roam and mix with other dogs; stray dogs should be picked up by the police department and placed in confinement for a 20-day period to ascertain if there are any persons to claim or adopt them, and at the end of that period the stray dogs should be destroyed; when a dog shows any signs of improper behavior or attempts to bite a person, or has bitten someone, it should be tied up for a quarantine observation period of 10 days. At the end of such period, it is usually possible to ascertain if the dog has rabies. Killing the dog immediately after it has bitten a person does not prove anything, since the organism may not have had a chance to be developed for a clear and specific diagnosis.

Baptist Missionary To Preach Here Sunday

Rev. Olive Riley, Alamogordo, Lincoln Association missionary, will fill the pulpit at the Carrizozo First Baptist Church Sunday morning in the absence of Rev. Harris T. Ray, the pastor. The public is invited to hear Rev. Riley at both the morning and evening services.

Rev. Ray and his family are spending the next two weeks in Ft. Worth, Texas, with the minister's parents, and in Allen, Texas, with Mrs. Ray's parents.

CAPITAN KIDS RODEO ATTRACTS MANY PERFORMERS, FANS

Approximately 1,000 persons viewed the colorful Grand Entry at the Kids Rodeo held last Sunday in Capitán. The entry was led by Major Gen. Patrick J. Hurley, Santa Fe, Republican candidate for the U. S. Senate. Many comments were heard concerning the beautiful horses featured in the rodeo. The 84 contestants in the rodeo came from El Paso, Ysleta, Alamogordo, Tularosa, Three Rivers, Elida, Kenna, Fort Sumner, Artesia, Glencoe, Ruidoso, Ancho, Carrizozo, Capitán, Fort Stanton, Lincoln, San Patricio, Alto, White Oaks, Cloudcroft and the Block Ranch at Capitán. Following are the winners in the various events:

Grade school girls' calf roping: Nedra Burkart, El Paso.

Team ribbon roping for grade school girls: Nedra Burkart, first; Barbara Ann Butchofsky, El Paso, second; Nancy Bain, El Paso, third.

Walker To Seek Court Order In D. A. Race

Allan D. Walker, Alamogordo attorney, has announced his intention to ask the courts for a writ of mandamus on the grounds that he won the nomination for district attorney in the third judicial district over Tom K. Campbell, incumbent Democratic nominee for the office. The state canvassing board accepted on June 10 the certificate of a Dona Ana County canvassing board which named Campbell for the post. The state board will reconvene June 16.

Governor Mechem, chairman, announced the decision after several hours of legal arguments by both sides. The action was taken after the county board certified a recount in the Anapra precinct was impossible since the ballots had been burned. It stated the original tally showed 21 votes for Campbell and one for Walker. If Walker had been upheld in his contention that since a recount is not possible, the vote on the recount should indicate zero for both sides. It would mean a reversal of the election. Chief Justice Eugene D. Lujan, board member, said the state board is bound by the certificate of the county canvassing board under the circumstances. Campbell had taken that stand in his arguments to the state board. Harry Bigbee, attorney for Walker, contended the recount total is the one to be used in determining the outcome and said, "In a recount the tally marks are wholly immaterial."

Walker is undecided whether to institute mandamus proceedings in district court or, in the State Supreme Court.

GOV. EDWIN L. MECHEM

Governor Edwin L. Mechem is the guest of honor and principal speaker at the annual gathering of old timers in this area which is scheduled to be held Sunday, June 15, in Lincoln on the grounds of the Old Court House. A varied program of entertainment has been arranged for the amusement of the newcomers to this section, as well as the long-time residents. The annual celebration starts at 10 A. M. Sunday.

Youth Charged With Mailing Obscene Card

A 16-year-old boy from Big Spring, Texas, who said that he was arrested for mailing a postcard which he allegedly purchased in Ruidoso last month, is reported held at Roswell in the county jail on a federal charge of sending an obscene postcard through the mails. It is reported also that the 15-year-old boy to whom he sent the card has voluntarily joined the Texas youth in jail.

The young prisoner was arrested by U. S. Marshal Dave Fresquez on a complaint signed by Postal Inspector H. E. Cooper Jr. The boy's mother brought him to Roswell to appear before U. S. Commissioner R. Berry Bean, who ordered the youth held in \$500 bond for appearance in juvenile court at Albuquerque. The boy pleaded innocent. While the prisoner's mother sought bail, the other boy involved appeared and asked permission to be locked up with his friend. He agreed to pay his own bond bill at the jail, and Sheriff Harry Puryear complied with his request. The two are being held on the third floor of the jail where no hardened criminals are kept.

A newsman talked with the arrested youth who said, "I don't know what the fuss is about." Cooper refused to comment on the case. If the prisoner's mother succeeds in making bond for him, he will be released for a later hearing in Albuquerque. Otherwise, he will be taken to the Duke City by the marshal.

Capitan VFW Wins First For Community Service

VFW Norton Pepper Post, Capitán, has been notified it is the first-place winner in New Mexico for community service. In accepting the award, post officials said it had been a pleasure to help in community progress, and that it is hoped even more service will be accomplished during the coming year.

The ladies auxiliary of the Capitán post reports the net proceeds of the Buddy Poppy sale conducted last month totaled more than \$30. Members of the auxiliary have expressed their appreciation for the cooperation extended them in making the sale a huge success.

Ruidoso Man Serving On U. S. S. Chandler

Serving aboard the destroyer U. S. S. Theodore E. Chandler is Don R. Hart, fire controlman, USN, son of Mr. and Mrs. Nolan E. Hart, Ruidoso.

The Chandler is on her second tour of duty in the Korean area. Operating with Task Force 77, she has been pounding Communist rail junctions at Songjin and Hungnam along the east coast of Korea.

The versatile destroyer has also patrolled the Straits of Formosa; acted as a "screening ship," protecting larger vessels from submarine attacks, and a "plane guard," rescuing downed carrier pilots.

Capitan REA Meeting To Discuss Site Of Headquarters Office

The meeting called for 2 P. M. Saturday, June 14, at Capitán City Hall by the Otero County Electric Cooperative, Cloudcroft, is being held for the purpose of voting the site of an office for operations in Lincoln County.

The site of this building is not, however, to be confused with the one under consideration for a headquarters building for the Otero County Electric Cooperative. It is reported the Cloudcroft site is no longer acceptable to the federal agency, but that dissatisfaction has arisen over other suggested locations. At present, Tularosa appears to have the edge over other proposed sites even though that village does not use REA power. A group of Lincoln County residents have expressed approval of that location, but others point out there are more central locations as well as considerably more advantages for the main building to be located elsewhere.

About a year ago officials of the Otero cooperative approached the Carrizozo trustees on the subject of selling the local municipal plant, but showed little willingness to consider this village for the site of the main headquarters of the cooperative even though their long-range program indicated that Carrizozo would, in the not too distant future, be more or less of a focal point for the various cooperatives in this area. Should Carrizozo decide to sell its local power plant to the cooperative, it would result in Lincoln County having as many and probably more users of the REA power than there are consumers in the neighboring county. Power in Tularosa and Alamogordo is provided by a privately owned company.

Goal Announced For Clean-Up Week Here

Carrizozo's City Dads announced this week their goal for the clean-up week in town which is scheduled from June 10 through June 21. In accordance with Ordinance No. 6, adopted by the administration of Mayor Henry Lutz on March 11, 1917, and which is being published again in this week's issue, the local trustees have named next week as the one during which residents are requested to clean up all lots for which they are responsible and which may be a menace to health.

It has been pointed out that a number of health hazards exist throughout the village, including inadequate storage of garbage. In addition, there are fire hazards from improperly maintained vacant lots, and trash that has been allowed to accumulate at various points.

In the interest of health and civic pride, it is urged that every resident support clean-up week and do everything possible to help eliminate any existing hazards.

Village officials have the authority to enforce the provisions of the ordinance which provides for the clean up, but it is hoped Carrizozoans will comply voluntarily without the necessity for seeking legal recourse.

Frazier May Contest Grantham Nomination

Harry Bigbee, attorney for Lake Frazier, who is the apparent loser to Everett Grantham in the Democratic gubernatorial race, has announced plans to file an election contest. Grantham, however, refuses to accept Bigbee's statements in view of the fact that during the campaign Frazier is reported as saying he would abide by the official computation of the vote.

The apparent Democratic gubernatorial candidate said that in event Frazier brings a contest they will move the court to require the posting of bond to guarantee court costs which could run to \$20,000 or \$30,000. The law requires that the loser pay the costs.

The state canvassing board certified a margin of 754 votes for Grantham.

Gov. Mechem Guest At Gallo Canyon Rodeo

Governor Edwin L. Mechem was a guest at the barbecue and rodeo held Sunday, June 8, by the Gallo Roping Club in Gallo Canyon, approximately 12 miles southeast of Corona on the Diamond ranch owned by Mr. and Mrs. Carl I. Ryberg. Governor Mechem spoke briefly to the estimated more than 500 persons present. An abundant and excellent barbecue luncheon, prepared by Clint and Frank Sultemeier and Jake and Earl Binyon, was enjoyed by the guests who were enthusiastic in their praise of the cooks.

Among the riders who participated in the rodeo which followed luncheon were Louie Erasmouse, Corona; Aubrey Chadwick, Hagerman; Bob Marshall, Vaughn, and a number of others. Several cowboys failed to stay on their horses, and that coupled with one or two major accidents created additional excitement.

Winners in the calf roping contests were Glen Chadwick, Socorro, who took first at 15:1; Bill Wright, Fort Sumner, second at 13:15 and third at 10:7. The teenage boys and girls participated in barrel racing and calf riding.

Guests of the Carl Rybergs included Mr. and Mrs. Carl Shores, daughter, Carolyn, and son, Carl Jr.; Mr. and Mrs. Lloyd Otten, owners and operators of the Farmers and Ranchers Sales Ring, and Mr. and Mrs. C. D. Northcutt and Miss Laticia Northcutt, and Jack Williams, all of Clovis. The Northcuts are the former owners of the property now owned by the Ottens. Other guests were Mr. and Mrs. Lewis Sandoval, Mr. and Mrs. Charlie Sandoval and daughter, Teresa Ann, Mr. and Mrs. J. D. Morrow and daughter, Helen, and son, Earl, and Mr. and Mrs. Darrell Duncan, all of Roswell, and C. E. Braffan, Wilcox, Ariz.

Visitors at the Nelson Chadwick ranch, which adjoins the Ryberg property, were Misses Anita Chadwick, Albuquerque, and Barbara and Jimmie Chadwick, Hagerman, sisters of Nelson Chadwick; Mr. and Mrs. Glen Chadwick and son, Bill, Socorro and Magdalena, and Aubrey Chadwick, Hagerman.

Lincoln County Students Attend Boys State

Among New Mexico's 119 delegates to Boys State at El Rito this week are Glenn Thornton, Carrizozo; Johnny Werner, Capitán; Trancito Palaco Jr., Hondo, and George Perry, Ruidoso.

Each youth was assigned to either the Nationalist or Federalist party in preparation for lessons in practical politics. Mythical city and county governments will be set up with the students as their heads. The naming of state officials was also planned as part of the program in simulated government. In addition, instructions in peace officer work were to be presented the delegates under the direction of Finn Paris, FBI, and Captain Archie White of the state police, and assisted by Everett Grantham, apparent gubernatorial candidate on the Democratic ticket based on an announcement from the state canvassing board.

Hollywood Infant Dies After 5 Transfusions

Despite five transfusions given the infant daughter of Mr. and Mrs. Sam C. Steed, Hollywood, born May 31 with the RH-negative blood factor, hospital authorities were unable to save the life of the child, who died June 3.

The baby girl, whose birth had not been expected for another two weeks, was born in her father's automobile as he raced toward a Roswell hospital. The couple reportedly had been advised to go to that city in order for Mrs. Steed to have a checkup. En route, she entered labor and her husband pulled the car to a stop to aid in the delivery. They are the parents of three living children.

Carrizozoans were beset again this week with a series of power outages, which, from all indications, may continue for some time.

The old motors are in bad condition and, in fact, were operating at above capacity before the recent influx of new residents. How long they will continue to operate is anyone's guess, and it is a well known fact that the villagers have been skating on thin ice for sometime as far as the local power plant is concerned. Residents of Carrizozo are urged by Mayor Marvin Roberts to exercise restraint and avoid any unnecessary use of electricity until the refrigeration units in town have received sufficient power to put them back in adequate operation. In view of the overload on the old motors that are supplying the town with power, it will probably be wise for Carrizozoans to use electrical power sparingly until the town is assured of an adequate source of supply.

There are reports of minor losses suffered by several business firms, although the loss is not believed to be excessive. A serious ice shortage developed during the power failures which handicapped local restaurants. Some service stations secured the use of auxiliary plants in order to pump gasoline during the blackouts. The hospital, however, was never without power since the motors that were in operation proved sufficient to insure its operation.

Rumors are flying regarding the action expected to be taken, including whether the plant is to be sold and, if so, to whom. Although Mayor Roberts declined to comment on the rumors, he said there will probably be a statement forthcoming shortly.

Appreciation for the patience and cooperation of Carrizozoans during the power emergency was expressed by Roberts, who also commended employees of the local plant for their efforts in helping restore service, and all other residents who rendered assistance. Fred Schiarb, called in to help in the emergency, worked long hours to aid in getting the plant in operation again, and Councilman Cliff Zumwalt, who took office only last month, was observed at one phase of the repair work with grease from head to foot as he pitched into work with other plant employees. Roberts was also on hand at all times to lend assistance. Louis Huffman, who was out of town when the emergency developed, offered his assistance immediately upon return.

Carrizozo Girl Scouts Name Officers For Year

An election of officers was held at the June 6 meeting of the Carrizozo Intermediate Girl Scout troop when they met at the home of Mrs. Ace Baty. New leaders for the ensuing year are:

Fay Barnum, patrol leader; May Barnum, vice patrol leader; Beverly Baty, secretary; Betty Schiarb, treasurer; Glenda Sue King, reporter; Jonette Harkey, historian; Vivian Sandoval, song leader; Mary Alice King, game leader; Lee Adell Baker, field trip chairman.

**News & Views From
Your Nation's Capitol**

By JOHN J. DEMPSEY
Congressman from New Mexico
WASHINGTON—Under the so-called Federal Aid Road Act, which passed the House by better than a six-to-one vote, New Mexico will receive about \$1,200,000 more in the next two years than in the last two for highway construction.

The bill, which was a committee substitute for three measures introduced, one of them the Dempsey bill, authorizes \$550,000,000 annually for the next two years for allocation to the states of which New Mexico will receive approximately \$7,152,000 each year. In addition the state will gain some road construction from the \$31,450,000 authorized for each year for forest highways, park roads and Indian roads.

Although this authorization is 10 per cent greater than that made in the last federal road act passed in 1950, it is not an actual increase in the amount of highway mileage to be built because highway construction costs have increased. It was shown that during each of the next two or three years the federal government will collect from the people of this nation somewhere between 2 and 2 1/2 billion dollars in gasoline and other excise taxes on automobiles and motor transport.

"This so called federal aid road act proposes to appropriate approximately 25 per cent of that money for construction of highways," was my remark to the House in supporting the bill. "Most certainly diversion of 75 per cent of the gross income from the nation's roads is all that can be expected and something that only a real national emergency can justify."

"The federal government does not allow the states to divert gasoline tax funds to other than highway purposes if the states are to be eligible to receive the so called federal aid money."

"If that same pattern were to be followed by the federal government, this nation would have highways — primary, secondary, farm-to-market and urban—that would go far toward the solution of our transport and safety problems."

After citing the fact that more than 37,000 persons were killed in highway accidents last year and more than one million were injured—with estimated property loss of 1.5 billion dollars—my remarks concluded:

"In view of that national tragedy, how anyone could object to the provisions of this bill is inconceivable. No one in this House desires economy in government more than I, but it must be real economy—not mere dangerous and damaging fund cutting just for the sake of expediency, political or otherwise."

Rio Grande Flood Control
Recognition finally has been won by the New Mexico congressional delegation, after many months of effort, for the urgent need for completion of flood control and water conservation projects on the Rio Grande. Action by the President in sending through the Bureau of the Budget a request to the Senate to include \$1,000,000 for the Rio Grande floodway in the Albuquerque area, as part of the \$19,650,000 supplemental appropriation for civil functions by the Army Corps of Engineers is regarded as evidence of that recognition.

This appropriation, in addition to funds that are being sought for completion of the Middle Rio Grande channeling, is taken as indication that the entire Rio Grande development program now has the "green light" and should encounter fewer obstacles in the future.

Coupled with the recent release of about \$223,000 in funds for development of the Vermejo irrigation project, which also paves the way for further appropriations for that program, this is most gratifying to the entire New Mexico delegation. It undoubtedly will take much more effort to complete the job, but the people of the state can rest assured that effort will be made—redoubled if necessary.

**N. M. Youth Entered In
Craftsman Competition**

New Mexico will certainly have something to say about the automobile styles of the future if a certain group of teen-age model car enthusiasts carry their hobby on into the professional field.

Many boy model builders in the state are well along in the designing and construction of their miniature cars for this year's annual competition of the Fisher Body Craftsman's Guild. The boys will first compete for state awards running up to \$150 for first place. The state winners then will compete against winners from Arizona and Texas for the regional awards which are expense free trips to the four-day guild convention in Detroit next August. The eight national winners will be named there and each awarded a university scholarship, ranging in value, from

\$1,000 to \$4,000. Cash awards and scholarships aggregate \$63,000 for the 1952 competition.

New Mexico boys have won top honors in Fisher Body competition since their inception in 1930. This year several thousand New Mexico boys have enrolled in the guild.

To date, the Craftsman's Guild has awarded 107 university scholarships worth \$300,500. More than \$500,000 in cash and other awards have been made to youthful model builders rewarding their imagination, ingenuity and craftsmanship.

**Centennial Of Braille's
Death To Be Observed**

As part of the international observance of the centennial of the death of Louis Braille, a special commemorative seal is being circulated. The seal bears a reproduction of Louis Braille's head, a blind child reading a Braille book, and the dates 1809-1852. The seals will be distributed in sheets of 50 each. Not intended primarily to raise money, the seals will be used to also foster public awareness of increased opportunities afforded the blind through the development of modern teaching methods based on the use of Braille.

Louis Braille, the originator of the system of raised dot reading and writing which bears his name, was blinded some three years after his birth on Jan. 4, 1809, in the little village of Coupvray, France. He gained his education at the National Institute for Blind Children, Paris, where he later became a teacher.

Miss Helen Keller, a famous American woman who is blind, will participate in the commemorative ceremonies in France which will culminate in the removal of Louis Braille's remains from a tomb in the village of Coupvray to interment among the nation's illustrious dead in the Pantheon in Paris.

New Mexicans have first hand knowledge of the remarkable achievements of blind people in this state. The New Mexico School for the Blind at Alamogordo each year graduates students who have overcome the handicap of blindness and gone on to make outstanding records in a variety of subjects and skills. A particularly noticeable trait of the school's students is the desire to help others. Far from considering themselves the object of pity, these boys and girls have a happy faculty for assisting others, who although not blind, are considered by the students to be in positions not as enviable as theirs.

Cancelled Check

BANKING IN EVERYDAY LANGUAGE

If you have a checking account here, and somebody cashes a check that you have written, we charge the amount to your account, then punch holes in the check to show it has been paid. Thus every check is "cancelled."

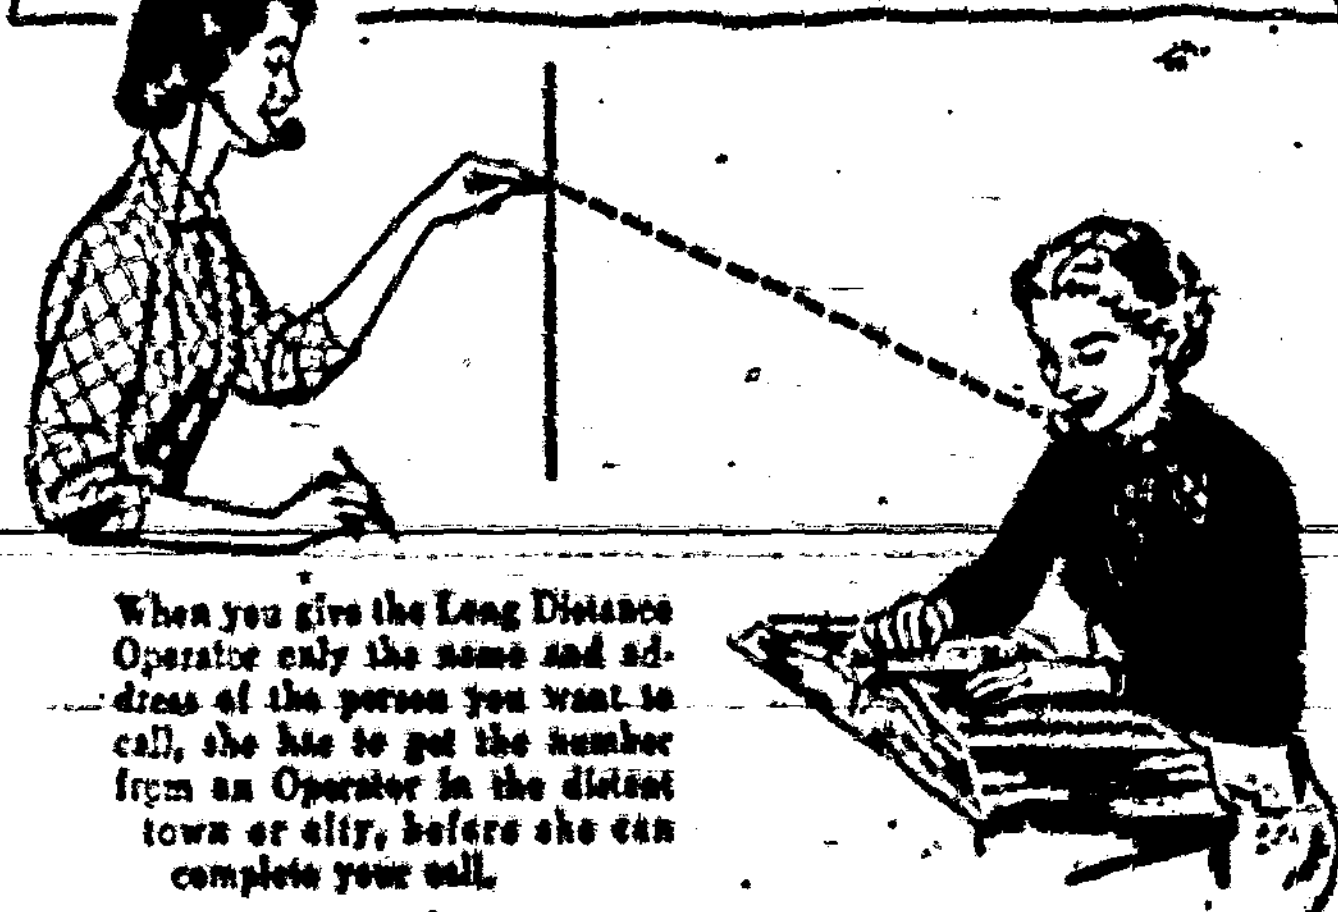

HERE'S WHAT IT MEANS TO YOU

A cancelled check is valid proof that you have made payment. No one can make you pay a bill twice when you have this proof.

**Here's why Long
Distance calls go through
faster when you give
the number you want**

When you give the Long Distance Operator only the name and address of the person you want to call, she has to get the number from an Operator in the distant town or city, before she can complete your call.

But when you give Long Distance the out-of-town number you want, it saves that extra step and your call goes through faster. It also avoids tying up the lines which are urgently needed to carry the heavy load of Defense calls.

To make it easy for you to keep a list of out-of-town telephone numbers, the operator will tell you the number as she handles the call. Make a note of it for future reference.

CORONA

By MRS. A. E. MULKEY
 Mrs. Betty Rush Walker of the Bonita Ranch, Miss Sally Jane Strickland, daughter of Mr. and Mrs. L. D. Strickland, and her two brothers, Charlie and Jimmie, and Louie Erramouspe attended the Texas Junior Rodeo at Leveland, Texas, June 5-7. Sally Jane won third in the second go-around barrel race, and fourth in the average. Jimmie was in the final top 10 for bull riding. The American Junior Rodeo was organized, and given the name American Junior Rodeo Association. Mrs. Walker served as one of the judges in the girls' events, and was also elected one of the advisors on the adult council.

Master Sergeants Jiggs Jager and R. R. Porter, now stationed at Biggs Field, Texas, spent last weekend in Corona visiting Porter's sister, Mrs. Floyd Procter and family, and other relatives here. These young men, who had been stationed in England, returned June 5. Their plane en route home encountered fog causing them to get off course. Coming in for a landing after a period of circling, the plane's gas tank showed empty.

Eddie Hagle and a Mr. Sullivan from South America were guests of Mr. and Mrs. W. M. Helm this weekend. These friends of the Helms come to New Mexico every year for a visit. Hagle's parents reside at Farmington.

Miss Bobby McMillen and Henry O'Connor, both of Santa Fe, were married Saturday, June 7, in Santa Fe. They are guests at El Rancho Hotel. O'Connor is employed by the Martin Contracting Company on the Highway 54 road work north of Corona.

A. W. Varney, former manager of the Corona Trading Company, died at his home in Albuquerque Sunday, June 1. He is survived by his wife and one son, Harold of Torrance, Calif., and a daughter, Edna, of Baltimore, Md. Funeral services were held in Albuquerque last Thursday. Attending the funeral from Corona were Mr. and Mrs. L. L. Argenbright, Mr. and Mrs. Joe Atkinson, Mrs. Saluria Atkinson and Mrs. W. S. Oshman.

Miss Ufa Mosteller, teacher at El Paso, stopped for a visit with old friends, and was an overnight guest of Mrs. Gertrude Watson last Friday. Miss Mosteller was on her way to attend summer school at Portales. She taught school at Lon for 10 years, and also at Corona for several years.

Bob Bond, son of Mr. and Mrs. E. T. Bond, graduated at Colorado A. & M., Fort Collins, recently. His parents attended his graduation.

Mr. and Mrs. James A. Davis of Roswell announce the marriage of their daughter, Bernice, to Sergeant Steve R. Jarnagin Saturday, May 24, there. The Davises formerly owned a ranch 10 miles east of Corona and the house now owned and occupied by Mr. and Mrs. Mateo Lucero in Corona.

Jay Willingham, nephew of Mrs. Gertrude Watson, visited his father, Alton Willingham, who is working at Lordsburg, last week.

Mrs. Ida Rose and Mr. and Mrs. Allen Davidson of Albuquerque were here Sunday visiting Davidson's mother, Mrs. J. M. Shelton.

Mrs. Helm and her four children from Oklahoma City are visiting Mr. and Mrs. Bryan Sanderson.

Miss Louella Mays, daughter of Mr. and Mrs. W. A. Mays of Corona, is employed at the Dixie Shop in Amarillo, Texas. Louella graduated from Corona High School and received a scholarship. She plans to enter State College at Las Cruces this fall. Her brother, Carl, graduated from there a couple of weeks ago. He plans to do some additional post-graduate work, but has not yet decided upon the college he will attend.

Mr. and Mrs. W. H. Rickerson of Carrizozo were here last weekend visiting Mrs. Rickerson's sister, Mrs. Jack Payne.

Mr. and Mrs. I. H. Burges have gone on a fishing trip to Colorado this week.

Corbin Hester, Albert Mulkey and the latter's son, Frank, were fishing at Conchas Dam last week.

Mrs. Sue Daniels, daughter of Mr. and Mrs. Jack Davidson, fainted and fell from her horse while riding with her brother, Jackie Jr., Monday, seriously injuring her hip. She was taken to the hospital at Carrizozo.

Mrs. R. S. (Betty) Jones, Corona, was in the Osteopathic Hospital in Albuquerque last week and part of this for a minor operation. She expects to be back at work in another week.

Mr. and Mrs. G. C. Brown are home from El Paso where Mrs. Brown went for medical treatment. She is improving and the Brown Hotel has been reopened after remaining closed for two or three weeks.

Mrs. Geraldine Perkins, her

HONDO VALLEY

By ELYMA T. ROGERS

Our valley has had lots of sorrow this past week in the deaths of two of our good neighbors. Ed Harris, brother of Mrs. Edna Purcella, died at the home of his daughter in Alamogordo and was buried at Carrizozo. He was well known by all who had lived in the valley in these past years and will be missed by all, as he always had a pleasant word for every one.

Thomas Pineda, who died as the result of a car accident, was buried at Picocho. He was a lifelong resident of the lower valley and had a host of friends all up and down the valley.

Well, the weather man was good last week and gave us a little rain—not too much, but we are all thankful for what we did get. If we can talk a few more into paying the preacher we might get a little more.

Our Garden Club will have the hot dog stand at Lincoln during the big celebration there June 15 and we want everyone to eat "dogs" that day. If you have never eaten them before, be sure and try them that day. We hear the coffee will be free but not the dogs.

Well, Wilbur McKnight has done the valley proud again. He won a suit in the golf tournament at Roswell. Hope it's too big for him and he passes it along.

The state survey gang has moved to Tinnie and set up shop on lay out the new bridge at Alamo crossing and the rest of the Tinnie-Arabela road.

George Butts is on the sick list again with his back and Spal says she is bona now, but George says you can't keep a good man down and we hope he is right and soon able to be around again.

Mrs. Frank Theworth is doing a lot of remodeling at her home under the supervision of Freddie, of course. Marg is home for the summer.

There seems to be lots of tourists on the road now, judging from the number that stop here at the store to get a cool pop and a snack to chew on the way.

Albert Kimbrell is in the county seat these days working at the health office. Guess we will have to send in an alarm and see what kind of service he gives us.

Juan Pacacho and wife Ruby are here visiting her folks, the Frank Trujillos, for a few days before returning to Long Beach, Calif., where Juan is in business and doing well. His brother, Efern, is out there also but Efern's health is not too good, according to Juan.

Let's all go to Lincoln June 15 and give our Garden Club a big boost so we can get the school grounds at Hondo High fixed up a little. The girls can get the job done, but they need help.

The Rev. Oldham are having a big home coming for their children and relatives in Colorado and New Mexico.

The spread between farm and retail prices for farm products in 1951 was 50 per cent.

Mrs. Johnson Stearns and children spent a week in Portales with Mrs. Stearns' sister, Mrs. J. B. Howell.

Mrs. Pearl Stearns attended the wedding of her granddaughter, Miss Jan Poage, in Albuquerque, her daughter, Mrs. Clyde Adams, returned with her for a few days visit.

Mrs. Gladys Robinson took her brother-in-law, Newt Robinson and his wife, to Albuquerque this week for a medical checkup.

Mr. and Mrs. Marvin Peacock Jr. and children were in Tucumanari week before last.

Miss Eva Bradey of Artesia was here this week with the Mert Zumwalts.

Ted Zumwalt is home on furlough. It is nice having him home. Jimmie Stewart was over this week from Albuquerque.

Mrs. Anne Ferguson and son, Kenneth, and his wife and children are here with the Floy Skinners, Mrs. Ferguson and Mrs. Skinner are sisters.

Mr. and Mrs. Paul Aguayo of Belen were here with the Lamays and Aguayos.

Mrs. Joe Bivong was here and took her father, Albert May, to Tucson for medical care.

The Nogal Ladies Auxiliary met Thursday for its regular monthly meeting. Mrs. May from Corona addressed the group. The meeting was an interesting and enjoyable one.

Santa Fe Educational Awards Offered 4-H'ers

The Santa Fe Railway Educational Awards to 4-H Club boys and girls will again be offered in 1952. Three of these awards are offered in New Mexico for outstanding club work. A total of 69 awards are offered in states served by the Santa Fe.

The prizes are cash sufficient to pay all the winners' expenses to attend the National 4-H Club Congress held in Chicago next fall.

In addition to the annual awards, the Santa Fe will this year offer for the first time in New Mexico two college scholarships valued at \$250 each, to one 4-H Club boy and one 4-H Club girl.

Winners for both the awards and scholarships will be selected by state 4-H club leaders based on personal achievement records of the individuals.

"Smokey" Completes Tour Of Capitol Hill

"Smokey" (the fire prevention bear) has just finished a tour of Capitol Hill and the White House in Washington, D. C. It was a legislative tour, however. Smokey was the subject of a bill, now a law, to prevent misuse of "Smokey Bear" as the nation-wide symbol for forest fire prevention. Rules and regulations for use of the symbol bear dressed in dungarees and a forester's hat will be issued shortly.

Smokey, who is still modeling for fire prevention posters, was found clinging to a tree trunk in the Lincoln National Forest fire in New Mexico two years ago. He then weighed four pounds and had a badly burned set of feet. He's a big bear now and lives in the Washington zoo.

This part of the county has a generous population of all pedigree of birds. Each one is a joy to see and listen to, but they all have huge bills and enormous appetites. Floy Skinner, for the first time in all the years of raising fruit in Nogal, is no longer content to nibble at the pits of the cherries while the birds get the meat. He has built a huge wire cage around two of his choice trees and now sits in the yard watching the cherry-hungry feathered friends droop.

Walter Kruhmmin spent one day at Monjeau and another at the Peebbles ranch while enjoying a visit from his mother, Mrs. Martha Kruhmmin; his brother and wife, John and Lillian, and a friend, Miss Sara Yordi. The guests were from Pennsylvania. Miss Yordi does illustrations for religious youth publications.

The Nazarene camp meeting at Angus is enjoying beautiful weather and a large attendance. Texas Bob has succeeded in covering most every inch of the Mesa with horse tracks. Ben Pfingsten has some real cowboy help this summer.

Leota Pfingsten traveled to Fort Stanton Saturday for her work with the Gray Ladies. She seems to be on hand to help in hundreds of ways whenever anyone needs an entertainer or a cheerful bit of aid.

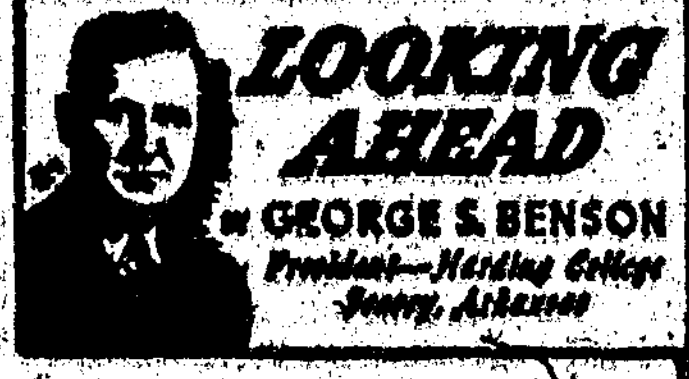

Arvel Runnels obtained a special permit to shoot a bear he believed had killed one of his hogs on Bonita Canyon.

Several improvements and alterations were made last week at the Nogal Mesa Camp Meeting under the direction of Joe Evans. A chimney was built from the barbecue pits, the bases of the pits raised, and steel grills placed on top. A six-burner gas plate has been ordered to supplement the fireplace. Some partitions were removed in the cook shack, and eaves were extended so that diners waiting in line will no longer have to take the rain drip on their beards.

More than 100 cars visited Bonita Dam Sunday. The guards stationed there register each visitor and caution them to be extra careful with fire. Monjeau Lookout has had 1,633 guests since the opening of fire season, with 154 on Sunday. The forests are critically dry and winds a mile high.

After a month of it, I'm ready for the teachers (what hearty souls they must be) to cut their vacations short and take over the school job anytime.

LOOKING AHEAD

INFLATION HITS THE GROCERY BASKET

At the recent Freedom Forum held on the Harding College campus we tried out a new illustration to get across the facts about the damage being done to the average man's income by inflation. It was a display of two piles of groceries, one bought with 1939 dollars and the other with 1952 dollars. The 135 people from 24 states who attended the forum were amazed at what they saw.

To get the groceries for the display we sent two people to the food market. One took the equivalent of \$3.50 in 1939 dollars, based on the Consumers Food Index as published by the U. S. Department of Labor. The other took \$3.50 in today's dollars. To display the astonishing results, we placed the two piles of groceries on a table. The small pile was a card reading "\$3.50—1939" and with the larger pile a card reading "\$3.50—1952." Here's what each pile contained:

Table comparing grocery items in 1939 and 1952. 1939 items include 1 loaf bread, 1 can peas, 1 lb. coffee, 3 oranges, 1 lb. butter, 1 1/2 lbs. ham, (none), (none), (none). 1952 items include 2 loaves bread, 2 cans peas, 2 lbs. coffee, 6 oranges, 1 lb. butter, 4 lbs. ham, 4 grapefruit, 2 quarts milk, 6 Coca Colas.

Starting Again Inflation slowed down and leveled off in recent months, but now it is on the move again, and everybody's living standard is affected. What causes inflation? It is caused by the existence of an over-supply of money, or an under-supply of goods, or both. If there are only two loaves of bread each day on Grocer Brown's shelf and four of his customers want bread every day, and all of them have a pocketbook full of money, those two loaves of bread are going to be sold up higher than their normal selling price. That means that the purchasing power of the dollars in the customer's pocketbook shrinks when he is buying bread from Grocer Brown.

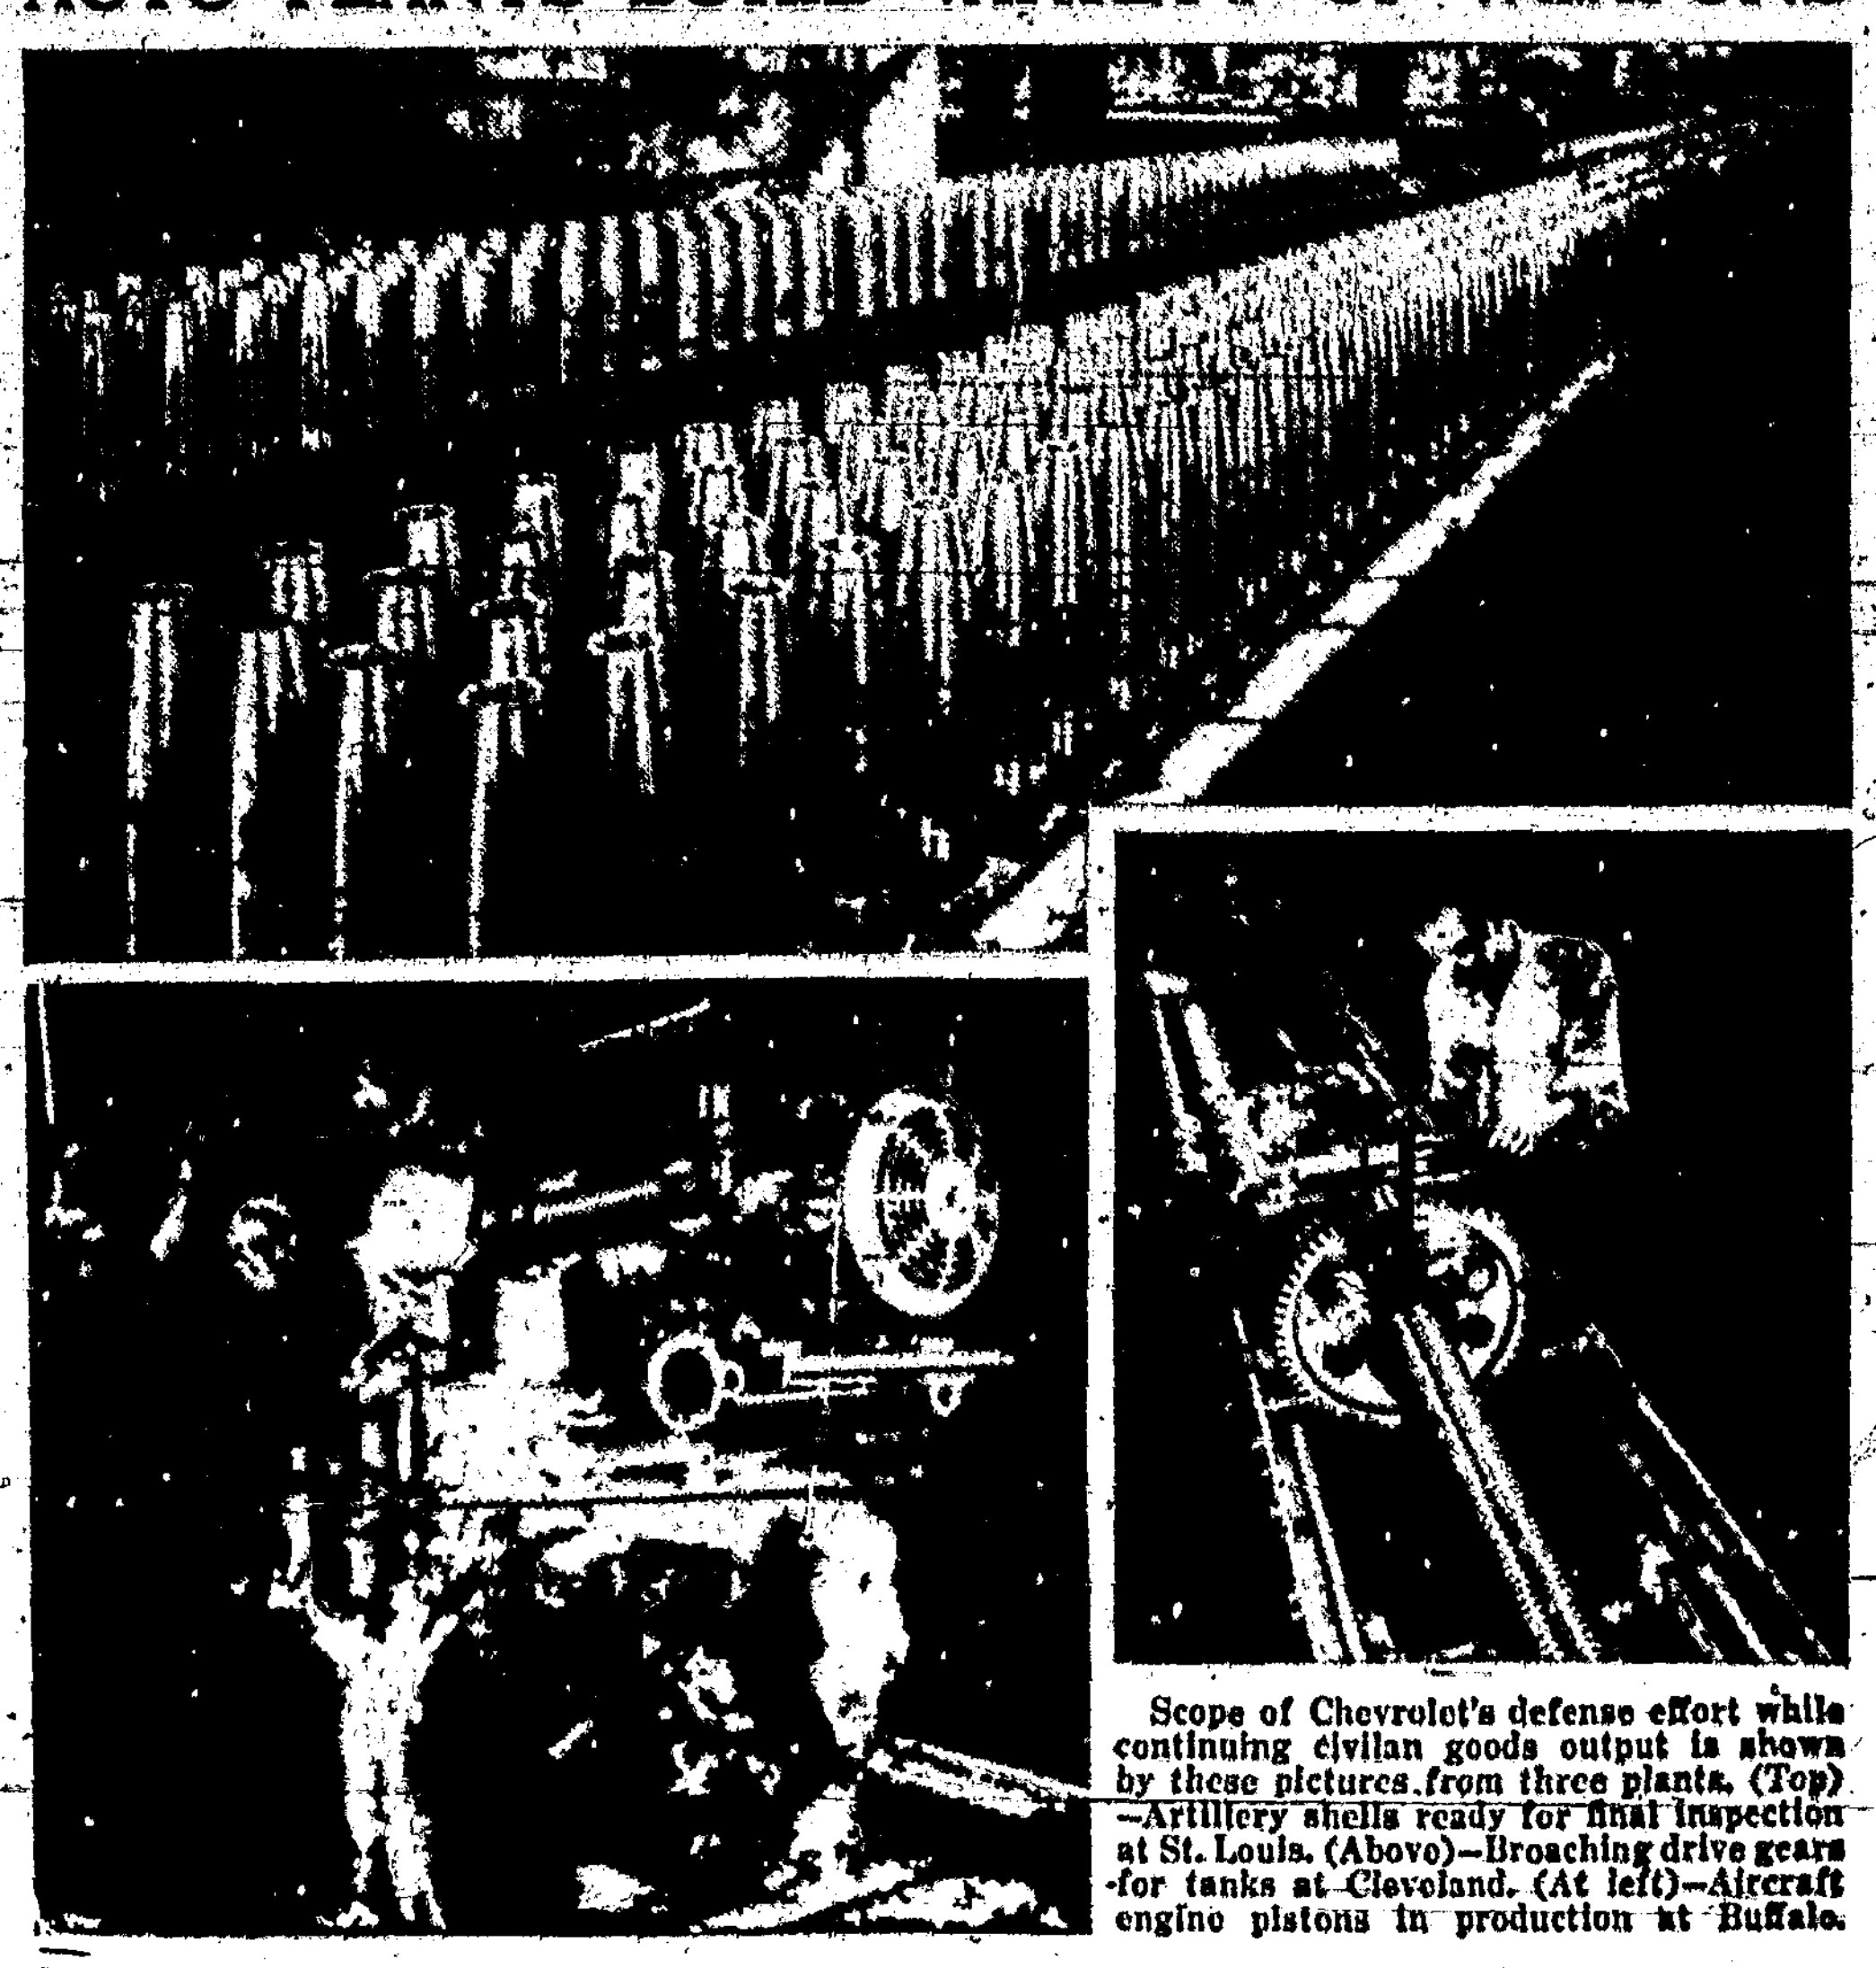

On National Scale If everything is in short supply at Brown's grocery store, and there still is an abundance of dollars floating around the whole scale of food prices rises and the purchasing power of the dollars then shrinks. What you earn then won't buy as much as it normally would. When we expand this example to the nation as a whole the same causes and effects are applicable. And we call it inflation.

Our federal government's spending of borrowed money over the past 15 years has put into circulation billions upon billions of dollars in return for which there has been practically no additional goods and services available. In fact, the government has been borrowing money on scraps of paper—U. S. Treasury bills. Every dollar it thus puts in circulation takes a nip out of the value of every normal dollar earned by the wage and salary workers of the country.

Less to Inflation The Socialists and other brands of economic planners very effectively cite the terrible losses suffered by the big and little bank depositors during the depression of the early '30's. But inflation in recent years has made the depression losses seem like nothing. The total loss, because of inflation, to bank savings accounts, insurance policies and E. F. and G. government savings bonds was \$110,565,524,000 for the years 1941-1950, and this is 61 times the estimated loss to depositors in suspended banks during 1921-33, including the worst depression years!

Inflation is fed not only by government borrowing and spending but by any action putting more dollars into circulation without more goods being produced. It could be helped along, in the long run, by industry putting extra money into the pay envelopes of its workers without additional production, or

J. M. Ortiz Returns From New York Trip

J. M. (Ken) Ortiz, Carrizozo service station owner, returned this week from a week's expense-free tour of New York City and vicinity. The trip was awarded Ortiz in recognition of his winning top place in the District 6 1952 sales and efficiency contest conducted by Standard Oil Company. Of the 105 dealers entered in the contest from this area, Ortiz placed first. Points were awarded on the basis of sales gains plus cleanliness, appearance and efficient operation of stations. The non-stop flight to New York and return was made via the DC-4 "Sky Merchant" veteran world-girdling "salesman" of the company's products. The flying ship, in its seventh year of operation, has visited 69 countries.

The Carrizozoan viewed a number of points of interest in the metropolis and was very much impressed with the beautiful United Nations building. The guests visited several night clubs including the well known Stork Club and the Copacabana, and saw two stage productions "Paint Your Wagon," with James Barton and the Johnny Ray show. They were guests also of the television show, "Chance of a Lifetime." The high spot of the tour was the overpowering Empire State Building. He was also impressed by the amount of moisture that section of the East has received. Several of the visiting service station operators attended a baseball game between the Yankees and the St. Louis Browns at Yankee Stadium. A tour of the Atlas testing laboratory at Newark, N. J., was also included in the itinerary.

While in the East, Ortiz stopped at Fort Monmouth, N. J., to visit Leandro Vega Jr., who is stationed there.

Calf riding for high school boys: Jack Scott, Ruidoso, first; places two and three were split between Harden Walker, Elda, and Roy Francione, El Paso. Team ribbon-roping for high school boys: Tommy Perez, El Paso, first; Harden Walker, second; Gene Parnell, Artesia, third.

Barrel race for high school boys: Gerald Marr, Tularosa, first; Kenny Parnell, El Paso, second; Roy Tucker, Three Rivers, third; Bobby Cain, Blook Ranch, fourth.

Stake race for high school boys: Pete Straley, Ancho, first; Jimmie Stewart, second; John McElhaney, Ruidoso, third; Kenny Parnell, fourth.

Special girls' and ladies' stake race: Dede Dent, first; Nedra Burkart, second; Jo Ann Straley, third; Esther Straley, fourth.

Earl Harcrow, secretary of the Capitan Chamber of Commerce, sponsor of the rodeo, expressed appreciation on behalf of the chamber for all the assistance and cooperation given to make the event the outstanding success which resulted. Fletcher Hall Jr., arena director, was commended for his excellent work in arranging the various events and for his general supervision. Others who received special praise from the Capitan organization included: Bert Pfingsten, Hondo, announcer; Ralph Bonnell, Glenwood, barrier man; Grady Elbridge, Capitan, flagman; Mac Thorpe and Claude Walker, Capitan, judges; Eddie Provine, Capitan; assistant bookkeeper, as well as numerous other individuals who worked for the success of the rodeo.

Harcrow added that as a result of the enthusiastic support of this project of the chamber, it is planned to make the Kids Rodeo an annual event. The Capitan organization also commented it realized that without the generous support of residents of Lincoln County and surrounding areas, the exhibit would not have reached such marked success.

The dance at the Capitan gymnasium which was held Saturday night preceding the rodeo, and sponsored by the village's volunteer fire department, drew a large crowd. Dancers were loud in their praise for the music provided by the Morris family's five-piece orchestra.

Carrizozo Scouts Hold Court Of Honor

Carrizozo Boy Scout Troop No. 53 held a Court of Honor June 10 during a regular meeting. The following merit badges were awarded: Gilbert Ortiz, stamp collecting, reading and home repairs; Skipper Harkey, machinery, cooking, cement work and home repairs; Scott Lewis, home repairs and cooking; Billy Hicks, cooking, home repairs and hiking; Gene Garrison, cooking, home repairs, machinery and cement work.

Franklin Kline was the recipient of a first class badge, while Bobby Jones and Gilbert Ortiz were given badges for second class court.

The local troop will go to Camp Wehlnapp in the Sacramento Mountains June 29 for a week's stay.

The next Court of Honor to be held by the Carrizozo Scouts is scheduled for June 17 at 7:30 P. M. in their Scout Hut here. The public is invited.

Hal Boyle To Be Guest Speaker At Press Meet

Guest speaker at the New Mexico Press convention in Santa Fe, June 20-21, is Harold V. (Hal) Boyle, Pulitzer prize winner and columnist whose daily writings appear in 400 newspapers. Boyle is scheduled to speak on "Our Stake in Korea" at 1:30 P. M. June 20 at La Fonda Hotel.

The columnist has been with the Associated Press since 1928, when he started as copy boy. He became a war correspondent in 1942 and won the Pulitzer award for "distinguished correspondence" in 1945. During that year he was also named one of the 10 outstanding young men of America by the National Junior Chamber of Commerce. He is a graduate of the Missouri School of Journalism.

A smorgasbord at the Santa Fe Country Club is scheduled for 6 P. M. June 20, with the annual summer banquet to be held June 21 at La Fonda at 7 P. M., following a cocktail party hosted by the Santa Fe Railroad officials.

Santa Fe designers will supervise a style show for women at the Santa Fe Art Museum patio with members of the New Mexico Press Women's Club as hostesses during the afternoon of June 21. Governor and Mrs. Edwin L. Mechem and Lieut. Gov. and Mrs. Tibo Chavez will be guests at the banquet. Entertainment at both dinners will be presented by the Trujillo family of Taos Pueblo; Joseph Lawler and Bill Bailey of the Santa Fe New Mexican; and Johnny Valdez, Santa Fe troubadour.

Game Dept. Collects \$1,400 In Fines For May

The State Fish and Game Department, in announcing its report on May prosecutions, said relatively minor fishing law infractions made up the bulk of the violations taken to court during May. However, the general school fund, recipient of all fines, was enriched by almost \$1,400.

A total of 44 cases were handled during the month, bringing the average cost per case to \$31.36. Several \$75 fines levied early in the month at Conchas Dam boosted the average beyond the usual \$25 rate charged against fishing law violators. The state agency again urges fishermen to secure a copy of the angling regulations and familiarize themselves with the laws in order to avoid "mistakes, embarrassment, and possible prosecution."

Prosecuting officers Shaub and Owen turned in the case of Kenneth Ellison, Roswell, who pleaded guilty to carrying firearms on a game refuge. The fine and costs amounted to \$29.50.

Miss Joan Poage Wed In Albuquerque June 6

Of interest to a number of Lincoln County residents is the announcement of the marriage of Miss Jan Poage, daughter of Mr. and Mrs. R. S. Poage, Albuquerque, and Ralph Melbourne, son of Mrs. Carl Schlick, Armiño, on June 6. The father of the bride is a former resident of Nogal and Carrizozo.

St. John's Episcopal Cathedral, Albuquerque, was the setting for the double ring ceremony with an all-white motif used in the decor of the church which employed a number of bouquets of daisies.

The bride made an entrancing picture in her gown of white lace with rounded neckline and long lace fingerless gloves. Her veil of illusion was fingertip length and she carried white roses. Her maid of honor, Miss Joann Mathan, wore lavender organza trimmed with matching ribbon and carried white daisies. Bridesmaids Misses Jean Glaze and Cecelia Smith were in yellow and green organza, respectively. Best man was Ted Howden and ushers included Michael Schlick, Louis Conley and Clifford Caster. Scott Poage, brother of the bride, and John Howden, assisted at the ceremony.

Following the nuptials, a reception was held at Cathedral House where white roses and candles were used in decoration. Assisting at the reception were Mesdames Lloyd Clarke, John Hill and John E. Hall.

The couple left for a honeymoon in Santa Fe with Mrs. Melbourne wearing lime and navy. They will be at home in Albuquerque.

Girl Scouts Visit El Paso Newspapers

The Carrizozo Girl Scouts recently enjoyed a tour of the El Paso Times and the El Paso Herald-Post plants, as well as radio station KROD.

In the newspaper plants, the Scouts saw the various operations that are used in getting out the daily papers. They viewed all the departments and were shown how copy is handled from the time it is received until it goes out in the form of a complete newspaper.

At the radio station, they saw one of the early morning broadcasts and learned how a program is produced, including sound effects, direction, announcing and the action of the radio players.

Methodists To Sponsor 10-Day Bible School

The annual Methodist vacation Bible school starts Monday, June 16, at 9 A. M. at the Carrizozo Trinity Church, according to Rev. C. E. Burch, pastor.

The school, to be held during the next two weeks, will be conducted Monday through Friday for beginners through intermediate groups.

The public is invited and welcome.

PERSONALS

The Allen Johnsons and the George Dingwalls are at the latter couple's cabin on Eagle Creek.

Mr. and Mrs. T. L. Anderson and family, Las Cruces, spent a few days recently with Mr. Anderson's mother, Mrs. Edith Crawford, at their cabin on Bonito.

Roley (Bud) Ward Jr. is attending El Paso Technical Institute. While in the border city, he is making his home with his sister, Mrs. Betty Lou Ray.

Private Rudy Padilla is home on leave from Kentucky where he received his basic training. He will report to Camp Hood for reassignment.

S/Sgt. Arthur B. Holguin is home on a 30-day leave after spending the past 24 months in Alaska. At the conclusion of his leave, he will report at Fort Worth, Texas, with the 1033rd Auditor General Squadron. The soldier, who plans to leave Carrizozo about the end of June, is the son of Mrs. Margaret Holguin and the brother of Mrs. Mabel Vigil.

Mrs. Lorine Samelson reports her husband, Oscar Samelson, is in the Artesia hospital suffering from a leg infection. Samelson was taken to the hospital just after starting extensive remodeling on Hollywood Inn which he purchased recently. Mrs. Samelson stated her husband has relatives in Artesia which will help make his hospitalization less lonely.

15,000 Farm People To Die Next Year—Unless

Unless farm people take greater care, 15,000 farm residents in the United States will die in the next 12 months from accidents and more than a million others will be injured. That's one reason why it's so important to observe National Farm Safety Week, July 20-26. In the next year, one out of six farms may be the scene of a disabling injury, the National Safety Council says. These terrible things may happen unless farm residents "adopt right attitudes" toward safety on the farm.

A home business center, properly equipped, will make the job of keeping farm records and home accounts easier.

Large Number Turn Out Girls And Boys States Convene This Week

Approximately 35 persons, including members and guests, attended the June 5 meeting of the White Mountain Game Protective Association at the Capitan Methodist Church in that village.

A representative of the State Fish and Game Department showed motion pictures on the trapping of antelope and elk in Colorado for placement in other states. Ray Bell, Santa Fe, game warden, spoke on fish restocking activities.

The next meeting of the association is scheduled for July 3 at the Woman's Club, Carrizozo, to start about 7:30 P. M. Dinner will be served at the clubhouse prior to the meeting.

Officers of the association have set the membership goal at 100, and the public is urged to attend the various meetings and learn the value of this organization.

The Right Power. With a Dodge you'll enjoy "Job-Rated" power—the right engine for the job. You'll lower upkeep costs because of such features as chrome-plated top piston rings and exhaust valve seat inserts.

Longer Truck Life. With a Dodge "Job-Rated" truck you'll save on upkeep because of such advantages as a deep channel-type frame, sturdy "shot-peened" rear axle shafts, and long, special-alloy steel springs.

Fluid Drive Protection. Depend on gyrol Fluid Drive to protect vital drive-line parts, keep upkeep costs low! This power "cushion" between engine and clutch is available on 1/2, 3/4, 1-ton and Route-Van models!
