**Assignment
New Mexico**

By G. WARD FENLEY

If you can believe newspaper
accounts, you will question the
activity of people in certain part
of the state.

The Gallup Independent re-
ported that "Mr. and Mrs. Otis I.
Orr of West Aztec left by car the
afternoon for Fort Sill, where
they will rejoin their son and
visit relatives before returning
here with him next week."

The American language is ex-
pressive—even in saying things
we do not mean. A UNM visiting
professor, Dr. E. E. Ericson, spoke
to the Duke City Rotary Club one
week on the status of the Ameri-
can lingo.

He gave a cute form of the pos-
sitive "One day, seeing a little
girl in a park he asked her:
"Young lady, is that your kitty?"
"No, it ain't," she replied. "It
the people who lived in our
house before we did a cat."

New Mexico papers had
struggle last week with wed-
ding. Society editors always en-
up with a dodo in using the word
bride. The Albuquerque Journal
reported that Mrs. Barbara Rocke-
feller was the original Cinderella;
belle and the Lovington Leader
said that Miss Freda Margare-
Marcus, the bride, was given
away by her father. Moreover, at
the Marcus wedding, Miss Bar-
bara Jean Taylor, maid of honor
wore a dress of yellow organdy
and carried a nose guy of blue
carnations.

Could she have been practi-
cing for leading her man around
by the nose?

In another wedding yarn, the
Duke City Journal had a head-
ing saying that a couple of
seeing eye dogs "led an excited
blind couple to the altar." Com-
ing events cast their shadow, we
suppose. There'll be some
changes made for sure.

Speaking of good and bad
usage of the King's English, I'll
have to kid Jim Tucker of the
McKinley County Warrior. Jim
listed six prominent Gallupians
as paubearers at a funeral last
week.

In another nice little boner, the
Albuquerque Journal said that
the Duke City fire department
was hunting one fire and found
two. The firemen put out the pub-
lic library fire and, after discov-
ering a blaze in a car, the house
was brought around to put it out.
too.

And that's all except to remind
you that the automobile is a
great moral agent. It has stopped
a lot of horse stealing.

**1953 Goals Announced
For Wheat, Rye, Barley**

Production goals for the 1953
wheat, barley and rye crops have
been announced by the U. S. De-
partment of Agriculture.

New Mexico's 1953 goals are as
follows: wheat—planted acreage,
600,000 acres; production, 4,340,
000 bushels; barley—planted
acreage, 35,000 acres; production,
608,000 bushels; rye—planted
acreage, 5,000 acres; production,
48,000 bushels.

The national wheat goal is set
at 72,000,000 acres—about 8 per
cent below the big acreage plant-
ed for harvest this year. With
normal yields, the 1953 goal
acreage would result in a crop of
about 1,080,000,000 bushels of
wheat—about 170,000,000 bushels
below that year's estimated high
production.

The national barley goal for
1953 is 12,000,000 acres, or a pro-
duction of about 352,000,000
bushels. This would be an in-
crease of about 39 per cent over
this year's small acreage.

A total of 1,700,000 acres of rye
is called for in the rye goal. This
acreage would be expected to
produce about 21,000,000 bush-
els—about 5,000,000 bushels
greater than has been estimated
for 1952.

Most dairy cows eat their con-
centrates in about six minutes,
according to time studies in dairy
barns and milking rooms.

**Farm Mortgage Debt
Increases in N. Mexico**

Farm mortgage debt increased
5 per cent in New Mexico in 1951,
according to a report from the re-
search division of the Farm
Credit Administration, Wichita,
Kan. On Jan. 1, 1952, the farm
mortgage debt in the Sunshine
State stood at \$63,000,000, an in-
crease of \$3,000,000 over that of
the same date a year earlier.

The amount of the increase of
farm mortgage debt in New
Mexico in 1951 was smaller than
the increase in Colorado, Kansas,
or Oklahoma, but is almost three
times the \$21,000,000 farm mor-
tgage debt in the state in 1944.
Farm mortgage debt in New
Mexico has more than doubled in
the past five years, the Farm

Credit Administration says.

Farm and real estate values in
New Mexico rose 7 per cent in
1951, the U. S. Department of Ag-
riculture reports. With the period
1946-1950 as 100, the index
figure for New Mexico farm real
estate in 1952 is 129. The increase
corresponds to the 29 per cent in-
crease in farm real estate
throughout the United States
during the same period. During
1951, the real estate values rose
10 per cent in Kansas, 8 per cent
in Oklahoma and 6 per cent in
Colorado.

It may cost you some \$15 a
year to change the oil in your
tractor air cleaner after every 10
hours of operation. But by so
doing, you may save a \$100 repair
bill.

FORT STANTON

By MRS. PERCY PARKER
Mrs. Merrell entertained the
Ladies' Bridge Club Thursday.
Mrs. Kusanovich and daughter,
Dana, and Mrs. Howard were the
lucky winners.

Alfred Sanchez is working at
Holloman Air Force Base in the
main office. Says the work is
similar to what he did on the
carrier, the Boxer.

Blinkey Faylar and Guy Ray
have been discharged.
Quinlan, Taylor and Toohey
have transferred to the hospital
in San Francisco.

Eddie Wozencraft has pur-
chased Cab Calloway's auto.

The Bakers and Parkers each
received a nice letter from the
Hecks in Galveston. They like
their new home very much.

The Bakers spent Saturday in
Roswell visiting relatives.

Several folks who attended the
Cowboys' Camp Meeting are still
talking about how much they en-
joyed it this year.

The Milners had all the folks
in Sunday for a lovely turkey
dinner. It was just like Thanks-
giving.

Miss Tuttle of the Red Cross
at Walker Air Force Base visited
the hospital Tuesday.

Mrs. Jackie Burnett and Mrs.
Belva Robinson were distributing
a few birthday gifts to patients
in the hospital Friday.

The Montoya family returned
home Sunday from a two weeks
vacation. Jessie called me just as
soon as she got home.

Everyone is busy canning and
making jelly. First thing we
know it will be school starting
and then fall—the nicest season
of the year.

Word has been received that
Ethlyn and Jake Agnew are the
proud parents of a baby girl.
That's two for them.

Father Malonie has been in
Santa Fe this past week in the
hospital. He will be home in a
few days.

INSECT PESTS

Insect pests take 300 to 600-
million bushels of grain after
harvest each year. Control of in-
sects in stored grain can stop
this loss to the farmer and help
the nation meet its food and feed
grain needs.

**Polio Outbreak Cancels
State 4-H Camp Meet.**

The annual state 4-H club en-
campment, scheduled for August
4-8 at New Mexico A&M College,
has been cancelled, upon the ad-
vice of health authorities, be-
cause of the recent polio out-
break. Associate Extension Di-
rector H. L. Hildweh has an-
nounced.

Instead of competing at a
state encampment, most of New
Mexico's 4-H club winners in
demonstration and judging con-
tests will be selected at four dis-
trict meetings in early August.
Dates and places of the district
competitions are as follows:

August 4, Portales (Chaves,
Curry, De Baca, Eddy, Lea, Lin-
coln, Roosevelt and Otero coun-
ties).

August 6, Las Vegas (for Col-
fax, Guadalupe, Harding, Mora,
Santa Fe, Torrance, Quay, San
Miguel, Union and Taos coun-
ties).

August 8, Albuquerque (for
Bernalillo, Rio Arriba, Sandoval,
San Juan, McKinley, Socorro and
Valencia counties).

August 11, Silver City (for
Doña Ana, Grant, Hidalgo, Luna
and Sierra counties).

At these district meetings,
county winners in agricultural
and home economics contests will
compete for honors in demon-
strations, judging and special events.
Demonstration contests will in-
clude those in frozen foods, live-
stock loss prevention, clothing,
bread-baking, dairy production,
dairy foods, tractor maintenance,
fruit and vegetable standardiza-
tion, poultry and soil conserva-
tion.

Judging contests will be those
in crops and home economics.
District winners will be selected
in junior and senior dress revues
and in public speaking. State
winners in the dress revue and
the livestock judging and tractor
operator's contest will be chosen
at the New Mexico State Fair in
Albuquerque.

The same group of judges will
determine winners at all district
meetings. State winners will be
announced on August 12.

School Expenditures

According to the Taxpayers As-
sociation of New Mexico, the per
capita allowance made by the In-
dian Bureau for the education of
New Mexico children was \$66 in
1950, while the average cost per
student in average daily attend-
ance in New Mexico schools was
\$245 not including \$10 for inter-
est on and retirement of school
building bonds. The association
reports that contracts with 16
states for education of Indian
children apparently average \$115
per year. The estimated per cap-
ita in New Mexico for the cur-
rent year is \$33, not including
\$18 for interest on and retirement
of debt. Estimated expenditure
per capita in average daily at-
tendance for public elementary
and high schools in Lincoln
County for the current year, in-
cluding interest on and retire-
ment of school building bonds, is
\$341.42.

HONDO VALLEY

By ELMA T. ROGERS

Seems like we never get time to send in any news any more, always something to do. Mrs. Pryor and son, Jonnie were Tinnie visitors this past week attending to a few errands. Mrs. Pryor says everything around Arabela looks green and nice and everyone is happy as there is plenty of green-feed. Little Jackie Simpson is visiting his father a few days at Hondo. His dad, Jack Simpson says Jackie keeps him plenty busy.

Well, Cupid finally got in a bulls eye on Tony-Sandifer. He and Miss Grace Pearson were married July 21 at Portales. The young couple will make their home in Roswell where Tony is employed at Price's Creamery. All their friends wish them the very best of luck in their new married life. Miss Pearson hails from Wilmington, Calif.

Our friend Freddie Tisworth took off for the 4-H camp where he saws all the pretty girls that were going. Freddie is the president of the local 4-H group.

The Carl Radcliffs are visiting their folks in Portales. Mrs. Radcliff and the two boys went down last week and Carl brought them home.

Little Frankie Butts, son of George and Opal Butts, had a very pleasant party to celebrate his third birthday the past week. All the kiddies up and down the valley were invited and enjoyed a good time, as well as the ice cream and cake Opal served the guests.

When we travel up and down the valley we miss lots of the younger set and some of the older set as well. L. A. Cole is over at Lovington working. Rosie Sandoval is working at Ruidoso.

Tommie Pineda and new wife are still in Gallup.

Mrs. Dick Fresquez and two kiddies, Arthur and Linda, have just returned from a two week trip to Colorado where they visited Martha's dad and mother. Mr. and Mrs. Felix Gallegos, at LaHara.

Buster Casey and Bobbie are home again after working at Hondo on the new corrals of Mr. Goosh's training stables.

Don't see much of Dan Saler these days. Guess the Mrs. is keeping him busy around home. See Mill Mable and his employe, Albino Chaves, irrigating every time we go by.

George Butts is still improving under the care of a Roswell physician.

Mrs. W. N. Hodges is home again after a short visit in Texas.

The Frank Tisworths are remodeling the old court house and are making some apartments out of it.

Mrs. Jack Jones is taking treatments in Roswell and seems to be improving.

Glen Bradley made a wild swing with a sledge hammer and hit himself on the knee. He was laid up for a couple of days but we think he just wanted a little vacation?

See Mayor Gallagher of East Hondo still cutting monkey shins with his pet monkey.

We just heard about Martha McKnight having an accident. She was climbing out of a tank and stepped on the fender of a Jeep and her foot being wet, she slipped and cut the inside of her knee pretty bad on the license plate. They took her to Fort Stanton where they sewed it up for her and the doctor said it was not serious. Hope you get along O. K., Martha.

See Les Joiner around home

CLEAN-UP - DON'T BURN UP!

again after a prolonged stay in Carrizozo on a job for the State Highway Department.

See the Bookys go smiling around at their place of business in Hondo.

Saw Fred McTelgue working on his hay baler trying to make it run. Last we saw he was still cranking it and he had a clear hay seemed funny the car was blue all around him.

Since we didn't get any further up the valley we don't know what Jonnie Thomas and the rest further up the creek are doing. Will have to try and get up that way soon; in the meantime bring your gossip into us here at the store as we are always ready to listen and add to it before we pass it on.

Judy McKnight is building a new home on his ranch at Pineda Hill and is going to move out of town to the ranch. Says 'own is getting too big for him any more.

Joe McKnight was in from the ranch the past week after grub and says everything out there sure looks fine since the rains.

David and Gary Hendrick, Joe, Fred and Punk Cooper, Sheila Taylor, Linda Lane, Quill Bradley, Tommie Rogers and Joyce Fresquez were guests at Frankie Butts' birthday party the past week.

Guess the Albert Kimbrells will be coming home before too long now from Zozo where Albert is working in the sheriff's office and Jimmie is working in a filling station. The word now is that Jimmie is going to Omaha to school this winter to Creighton College where we know he will make good.

Leroy Sandfer, who is in Roswell working in a filling station during vacation, is talking of going to the Colorado School of Mines at Golden this fall. He is another Hondo High graduate of '33 and a bright scholar.

See John Hamilton, our Hondo

High principal, back from his vacation all sunburned. He said his car wasn't sunburned—he just painted it.

Rev. and Mrs. Oldham have as their houseguests two of their grandsons from down Texas way. See Albert Montes driving the county road pickup trying to keep up with Fred Montes and Elfigo Salas on the maintainers. He says if he could keep them both together it wouldn't be so bad.

See Andrew Fresquez has given the outside of his house a coat of paint and is painting the inside, too.

Kind of a mean trick the news played on Heavy Drake on his recent trip to Santa Fe in the interest of the Ruidoso C. of C. Someone should have told Heavy that Lincoln County extended down this way and our trails needed a little fixing up in spots. But you can't blame him for trying anyway with election coming up. We are all behind the News down this way.

Mr. and Mrs. Bryan Hightower and granddaughter, Judy Payne, have just returned from an extended trip in Colorado. They enjoyed some fishing and a great deal of sight-seeing.

Mr. and Mrs. J. Chester Neelies and daughter, Pat, of Colorado Springs, Colo., are visiting the Straleys this week. The Chesteres are long-time friends of Harry and Monkey.

Also with the Keenes visiting here are Mr. and Mrs. Cleve Helton of Stratford. The two

ladies are sisters of Mrs. Straley. Last letters from Pfc. Ramon Montano with a medical corps in Korea stated he would leave that area the latter part of July for home.

Natie Palomarez is home after spending the summer in San Francisco with his sisters, Natie put in the summer playing baseball with a noted SF team; and after pitching a no-hit game, fell and broke his collarbone. CORONA

By DELL ROBERTS

Mrs. A. E. Mulkey, Corona's efficient news reporter, has been called to Albuquerque by the illness of her mother, Mrs. Ada Harris, and we are pinch hitting for her.

Remember Vacation Bible School at the Presbyterian Church August 4 to August 8 at 8 A. M. daily. Everyone welcome.

One hundred fourteen attended the teen-age canteen, sponsored by the Woman's Club, last Friday night. Skating is proving a most enjoyable weekly event for the younger set.

On Sunday, the R. A. Perkins family was called to Roswell by the illness of Mr. Perkins' mother, Dr. L. Foster, of Santa Rosa, meets his Corona patients in the community room of the new gymnasium every other Thursday. August 7 will be his next visit to Corona.

There are always a few people who serve their communities

quietly, unselfishly and efficiently, asking and receiving very little recognition or appreciation from those whom they serve.

Very few people realize the amount of work, worry and expense involved in maintaining free library service for a community the size of Corona. For more than two years Mrs. Mulkey has kept a well balanced, well-rotated assortment of books from the state library. There are few people in this community who have not at some time or other availed themselves of this service—but one wonders how many have paused a minute to express their appreciation of it. If you have lost or damaged a book—are you sure you have paid for it—instead of leaving this financial obligation for Mrs. Mulkey to meet? Are your books checked back in on time so that they are ready when it is time to return an assortment of books for exchange?

She has also been a most efficient news reporter. Most of us read first, and with enjoyment.

The Corona news that she has sent in. If there is the slightest mistake we are quick to complain, but are you sure you are cooperative? Do you remember to hand Mrs. Mulkey the news item that would be of general interest, or to phone them in to her?

Our appreciation to a public spirited woman who has efficiently and cheerfully served her

community. Thank you, Mrs. Mulkey!

New Mexico will get \$430,537 in federal funds from the Agriculture Department for operation of the school lunch program during the 1952-53 school year.

Apportionment of the funds is announced by department officials.

Hollywood Resident Awarded Oak Leaf
First Lieutenant Howard G. Groth, Hollywood, has been awarded the second Bronze Oak Leaf Cluster to his Air Medal while serving with the 25th Infantry Division in Korea.

He was decorated for meritorious achievement in aerial flights over the Korean combat zone as a member of the 90th Field Artillery Battalion from May 6 to June 2, 1952.

The cluster was presented in lieu of a duplicate award of the Air Medal.

American people have been inspired by actions of the grasshopper which eats everything in sight until it faces starvation, rather than by the beaver which repairs every break in the dam to protect his food supply.

NOGAL

By MRS. A. B. ZUMWALT, JR.
Mr. and Mrs. Marvin Peacock Jr. are back from trips to Tucumcari and Truth or Consequences. Mr. and Mrs. Marvin Peacock Sr. were in T. or C. also.

The infant daughter of Mr. and Mrs. Homer Dale McDaniel Jr. of Alamogordo, who died July 28, was buried in Angus Cemetery Tuesday. Born on July 28, she was given the name Nanette Gail. Glenn Zumwalt visited in Artesia Saturday. Miss Eva Beatty of that city is a guest at the Zumwalt home.

Ted Zumwalt writes from Korea that his commanding officer is James Watson, a grandson of the L. R. LaMays.

Mrs. Grace Stephens of Carrizozo was the guest of Mrs. Darlene Stewart for a few days.

Describes Quake

A letter received Tuesday by the Harry Powelsons from their son Bob describes the destruction in the Tehachapi area caused by the recent earthquakes in that area. Powelson stated it is almost impossible to realize how horrible the situation is unless one has a firsthand view of the scene.

The Carrizozoan was a member of the Southern Pacific signal crew transferred to Elmore, Calif., recently from this section. Following the earthquake, the crew was sent into the Tehachapi area to help with reconstruction work, which, according to Powelson, will take a considerable length of time in view of the widespread damage over a large portion of the state. The Carrizozoan is expected to return here shortly before the start of the fall term at Cisco State College, Cisco, Texas.

NOGAL MESA

By DOROTHY GUCK
Mrs. Mag Pfingsten spent a few days with Ben after Camp Meeting, then returned to Tucumcari.

Leota brought her nephew, Dan Nichols, down for a visit with my boys. They had just received a box of second hand funny books. One boy said, "Dan, grab a few." That was the extent of the conversation, as each well buried nose ferreted out the chuckling items of the colorful magazines.

Mr. and Mrs. Bill Gould and Patsy of Fort Stanton spent Thursday with the Henry Peebles. The Peebles tripped in Roswell earlier in the week to order feed and paid a visit to Mrs. Espy in Carrizozo.

I went over to see my folks at Glencoe. Their orchard is loaded with beautiful peaches, pears and apples. The whole Ruidoso Valley has lots of fruit.

The forest is getting awfully dry again, and the Mesa which had such an early start of green grass, is worrying for fear it may burn dry.

Mr. and Mrs. John Shaul, LeRoy McKnight, Mrs. Frank Titworth and Mr. and Mrs. Austin Albert saw to it that the county 4-Hers were transported to Scott Abel Camp. Most of the children were attending for their second year, returning Sunday with big tales of a wonderful time.

Bob Peebles returned from Montosa Monday to report the Camp Meeting there, though smaller than Nogal Mesa, is carried on in the same manner.

Mr. and Mrs. Carl Busacker and children stopped for a visit on their way from Tucson, Ariz., to vacation in Wisconsin. Their son, Bill, is one of the members of the nationally famous Tucson Boys Choir. Little Nancy Jones, daughter of Mr. and Mrs. Virgil Jones, is visiting the Paul Jones.
