Iwig Awarded City Contract

John E. Iwig, Carrizozo contractor, was low bidder for the construction of a base for one generating unit and cooling tower at the local municipal power plant, according to Mayor Marvin H. Roberts.

One of three bids, Iwig's price is \$3,675 and Roberts said the contractor will provide insurance and a performance bond. Jesse Garrison and Harkey Lumber Company were the other two bidders to whom the village sent letters asking for bids.

Iwig's bid is subject to approval of Ashley Classen and Associates, El Paso engineering firm that will check on the work. The contractor's bid includes several items which differ from the specifications, but the mayor expressed the opinion that the El Paso firm will not condemn the proposed changes.

The bid for the construction was accepted at a special meeting of City Council Saturday morning. At that time also the council adopted a resolution to accept the sewer system, built by the Harkey Lumber Company for their FHA project, and maintain it for the exclusive use of the project as agreed at the regular meeting on March 9, 1951. At that meeting, the local firm was given approval to install a sewer system at its own expense for the use of the purchasers of those lots and homes in the development, since the village did not have the funds to construct the line to the project. The line carries six-inch pipe which is sufficient only for use by the development.

The cost of building the line will ultimately be absorbed by purchasers of the lots and homes. It has been reported, however, that users outside the FHA project have been connected to that line at no cost. Inasmuch as the pipe is only adequate for the housing development, it was deemed advisable to overload its capacity with other users. The resolution was approved by the council and ordered included in the minutes of the Aug. 23 meeting.

Lloyd Topliff, Lamar, Mo., has been named to head the local power plant and other utilities. The new superintendent and his wife expect to be in Carrizozo by Sept. 15 or shortly thereafter. Topliff previously visited Carrizozo with his wife a few weeks ago while on a vacation tour, and inspected the plant at that time.

Meritorious Awards To Fort Stanton Employees

The United States Public Health Service, a branch of the Federal Security Agency, recognized the meritorious accomplishment of two employees at the USPHS hospital, Fort Stanton, this week. On behalf of Dr. Jack Masur, chief of the Bureau of Medical Services, certificates of award were presented to Thomas J. Burselson, supervisory mechanic, and Louis H. Merrell, public buildings supervisor, by the medical officer in charge, Dr. Carl J. Mankinen, before an assembly of the employees of the hospital.

The employees, Burselson and Merrell, had participated in the modifying of a special X-ray unit at the hospital resulting in reduced costs and simplifying of X-ray taking, examination and filming. In addition to the certificates, it was announced, both employees will receive cash awards in accordance with the government policy of rewarding employees for suggestions or accomplishments that result in major savings.

Joint Reception

The Carrizozo PTA and the local Woman's Club will hold a joint reception at the clubhouse Saturday night, Aug. 30. The event, which starts at 8 P. M., is planned to give residents of this area an opportunity to meet the teachers in Carrizozo's schools, among whom are several newcomers this year.

Mrs. Winzell Rickerson is in charge of the program, which will include vocal as well as instrumental music, and a number of games to facilitate the get-acquainted theme of the reception. Refreshments will be served during the evening.

Democrats Hold Picnic At Rannels Home

Approximately 100 Lincoln County Democrats met at the home of Mr. and Mrs. Arvel Rannels on Aug. 29 for a covered dish supper. There was lots of good grub for everyone, including a large chocolate cake brought by a Republican who was allowed to stay.

Mrs. Rannels introduced Mrs. Marie Hull Rooney and Mrs. Edith Sheehan, both of Ruidoso, and Roman Nunez, Picocho, Lincoln County Democratic chairman. Mrs. Sheehan is the Democratic candidate for county treasurer. The Rannels were given a vote of thanks for their hospitality.

Mrs. Rooney spoke on the needs for the coming election, stating that unity was needed at all levels in the campaign—precinct, county, state and national.

Nunez stressed the necessity of a united front and that newspapers should be carefully read in order that a little salt might be used in such reading. He closed his speech with the words "We have a fine slate of candidates of whom we may be proud and there is no reason why they should not all be elected."

Candidates Truman A. Spencer Jr., Ray D. Sowell, Peto Romero, Charles A. Jones, Ike Wingfield, Arvel Rannels, Edith Sheehan, Bracell Fresquez, Clyde Atwood and Manuel Corona were introduced and responded with remarks which were warmly applauded.

Frank Smith reported the latest developments concerning the Ft. Stanton Hospital and praised U. S. Senator Dennis Chavez for his efforts in the matter.

A meeting of the Democratic Central Committee was held at the conclusion of the program to discuss committees to get voters to the polls on election day. Mr. Luck asked about the possibility of getting everyone registered who is qualified, and Nunez promised to do all he can to get someone appointed for such registration.

The candidates joined the central committee later to discuss campaign strategy in their efforts to win offices in the election this fall.

Tentative plans call for a meeting of Lincoln County Democrats in Ruidoso Sept. 5. The site for the convale, scheduled for 7 o'clock that night, is expected to be announced later.

Carrizozo Boy Scouts Hold Court Of Honor

Carrizozo Boy Scout Troop No. 53 held its court of honor ceremony here in the Scout Hut last week, during which a number of awards were presented. Twenty-five guests attended the function where star badges were awarded to Scouts Billy Hicks, Skipper Harkey, Scott Lewis and Gene Garrison.

Several badges earned this summer at Camp Wehlnapay were also awarded, and Sammy Hicks and Manuel Chavez received their second class rank.

The Panther Patrol demonstrated Morse signaling, while the Wolf Patrol's exhibition was on first aid work. The Explorer Patrol (known as the Atomic Eagles) performed a stunt with comedy as its keynote.

The appearance of the Scout Hut was improved by the painting and sign work done by the Scouts during a previous three-day period. Refreshments were served at the conclusion of the meeting to the Scouts and 25 guests.

Methodist Revival

Rev. C. E. Burch announced this week that a 10-day revival service starts tonight (Friday) at 7:30 in the Carrizozo Methodist Church.

Rev. H. H. Allen, pastor of the Alamo Methodist Church, is in charge of the revival meetings and the public is invited.

STOLEN CAR RECOVERED

Sheriff S. M. Ortiz said Thursday morning that the automobile belonging to R. E. Lemon, Carrizozo, manager of the local bank, had been recovered earlier near Quemado. The vehicle was reported stolen sometime between 9 P. M. Tuesday night and 7 o'clock the next morning. The car was out of gas when found parked along the highway.

New Coach Faced With Loss Of Players

Coach Lawrence Hamilton, the Grizzlies' new athletic mentor this year, faced a setback this week when he learned that several members of his squad are ineligible for this season's schedule because of low scholastic marks last year. The announcement was made in a release issued Monday by Larry Stockton, high school principal.

Although Hamilton is confronted with an unpredictable season, his hopes have not faltered, and he is convinced that wholehearted support and co-operation from the community as well as the student body will give the team the needed impetus to spur it on to a successful conclusion.

One factor of importance in the achievement of Hamilton's goal is that the number of men playing in the pre-school workouts

has practically doubled over that of last year, and the spirit of the men is reported as exceptionally high. Led by last year's letterman Gerald King, Donald Queen, Bobby Hicks, Dillon Lovelace, Glen Barnum, Leroy Nowell, Robert Vega, Archie Robinson and Sammie Stidham, the group has gone through its grueling practice sessions as though determined to make the coming season an outstandingly successful one. Only 25 candidates made the first week of practice, prior to the opening of school last Monday, when both morning and afternoon sessions were held to assist the athletes in their conditioning for the strenuous eight games ahead of them.

A number of promising newcomers are expected to bolster the Grizzly squad to the point that it may prove a strong contender for the Bean Valley Conference title this fall. The Carrizozoans, who joined the conference last spring, will have their first try at the title this season. Corona and Vaughn are rated as the top contenders for the crown, but Mountair and Estancia have started elaborate athletic programs and must not be underestimated. The local team is the dark horse in this year's league.

Truman A. Spencer Jr., vice president of the Carrizozo Lions Club, spokesman for the committee assigned to secure poles for the mounting of the high school football field lights, is reported as stating the poles are available and prospects for obtaining them for immediate installation are good. Spencer believes the poles will arrive within the next two weeks, and school officials are hopeful that with the assistance of members of the student body holes can be dug in time for their arrival.

According to the school release, it is not yet known whether lighting facilities and power will be available for this season's play. Night games could be scheduled here during the latter part of September.

Fort Stanton Notified Hospital to Keep Status

Joseph Warren, Fort Stanton, a member of the patients committee and a representative of the National Maritime Union, told the Lincoln County News Wednesday that Dr. Carl Mankinen, commanding officer, has been officially notified by Dr. Leonard Scheele, surgeon general of the U. S. Public Health Service.

Washington, D. C., the hospital will continue in operation the same as it has heretofore. Warren reported that Fort Stanton, operated under the jurisdiction of the Federal Security Administration, will not undergo a change in status and that plans to transfer patients and personnel have been called off.

The regular meeting of the White Mountain Game Protective Association will be held at the clubhouse of the local Woman's Club on Sept. 4. Dinner will be served at 6:30 P. Farris also reported that he attended the state convention in Socorro last Friday.

Harkey Lumber Co. Builds New Warehouse, Expands Operations

Saturday, Aug. 30, at 3 P. M. is the date for the awarding of \$100 in merchandise gifts at the Harkey Lumber Company, Carrizozo. At that hour, residents of this area will have the opportunity to receive one of several gifts in merchandise of their own selection.

The event culminates a week of storewide clearance sale designed to make room for new merchandise which is expected to arrive shortly. It is also in celebration of the completion of their new warehouse and lumber bin alongside the company's store which will enable the firm to consolidate their stock in one central location.

The new L-shaped building consists of two units—one unit is 20 by 100 feet and constitutes the lumber bin, while the other, 20 by 125 feet, will serve as a warehouse. The double-decked lumber bin and warehouse has an aluminum exterior which is to be sprayed later with aluminum paint. The floor is concrete with iron roof. Supplies are easily accessible and truck loading is facilitated with the new building.

A small display room at the front of the lumber bin and facing on Central Avenue will show the various types of interior ceiling and wall paneling, as well as the new packaged door and window units. The display includes the finished ceiling and wall panelings together with those panelings that require finishing. The packaged door and window units, including hardware, have only to be placed in an opening of designated size, and can be installed in 20 minutes. These doors and windows require no framework since it is already attached. The units are especially appreciated by those who are not skilled in carpentry, but have sufficient knowledge of tools for certain construction projects. The window units may be purchased with either wood or steel framework. The new finishes as shown by these displays are particularly suitable to this southwest area. Ceiling board can be stapled in place with the small hand stapler stocked by the local company.

Lumber in a large variety of grades and sizes is available, starting with the select grade (top quality) which is used mainly for trim and flooring and ending with the type most commonly employed in sheathing and sub-flooring.

The new building enables the company to consolidate its facilities and thus give the customer fast and efficient service.

When the lot formerly occupied by the company's old lumber bin has been completely cleared, it is planned to use that space to store the stocks of windmills, tanks, etc.

Excellent bargains are offered to householders during the sale in all lines of merchandise on which prices have been slashed. In addition, the company is offering \$100 in merchandise gifts to be selected by the winners who are not required to be present at the drawing on Saturday.

Carrizozoan Places First In State In U. S. Test

Fred Chavez, Carrizozo, has been notified he has earned Certificate No. 1 in the U. S. Substitute Postal Transportation Clerk examination which he took on March 8, of this year. The certificate number indicates he placed first in the state with a grade of 91 per cent.

Chavez, who said he read the announcement of the examination in the Lincoln County News, obtained his application form at the local post office and took the two-hour test in Albuquerque. He has received an appointment effective Sept. 9 at El Paso, and expects to be assigned the route from that city to Tucumcari.

Mrs. Chavez (nee Miss Mary Vidaurri, daughter of Mr. and Mrs. Sabino Vidaurri Sr. of this village) and their son, Ernest, will remain in Carrizozo for the time being.

The Carrizozo man, the son of Mr. and Mrs. Fred Chavez Sr., Captain, attended high school there prior to enlisting in the U. S. Air Corps in July, 1943, during his senior year. Chavez was in the European theater during World War II, and served 14 months in the Rhineland. He received his honorable discharge in 1946, under the rank of sergeant.

Chavez has five brothers who have seen service with the U. S. military: Mariano Chavez, Las Vegas, with the state police, was a corporal in the Army serving with the medics in the South Pacific. With Dick Cox, Wally Ferguson, Johnny Werner, Garth Hyde, and Lloyd Cooper competing for backfield spots, Captain should have a fast and powerful backfield. Other returning lettermen are: Melvin Romero, Charles Francis, Kenny Morris and Clifford Keith. VISITS CARRIZOZO

Tony Luna, Santa Fe, director of the Motor Vehicle Division of the State Bureau of Revenue, stopped in Carrizozo last week while on a routine business trip in conjunction with official duties. A former resident of Vaughn, Luna visited several local businessmen while here.

Military, Health Dept. Inspect Restaurants

Dr. N. A. Elstein, Las Cruces, district health officer, told the Lincoln County News Wednesday that he was requested by Major Eddy of White Sands Proving Grounds to accompany military officers on a tour of inspection of restaurants in Carrizozo that day.

Elstein reported that Lieut. Col. Downs, Fourth Army Headquarters; Captain Pyle, White Sands Proving Ground, and Lee Peek Las Cruces, district sanitarian were here with him on the tour. The health officer said some of the local restaurants have not as yet fully complied with the new state food law, and that they have been given another month in which to meet the provisions of that law.

Dr. Elstein stated the objective of the restaurant sanitation law is to provide clean places where the food is fresh and healthy and all utensils thoroughly washed and disinfected.

The law provides three separate gradings, said Dr. Elstein, adding that Grade A indicates establishments have complied with all phases of the law; Grade B indicates that the establishments have complied with some requirements, but not completely and is just a passing grade, and Grade C indicates failure to comply with all the requirements which the health department alleges are of vital importance to the public.

Roberts Defends Dual Political Jobs

Marvin H. Roberts, Carrizozo mayor and recently appointed chairman of the Lincoln County Republican Party, told the Lincoln County News this week he had accepted the chairmanship of the county group solely on the basis of complete unity within the organization. He added that he had the endorsement of every Republican candidate coming up for election this fall, as well as the approval of the entire Lincoln County Central Committee.

In answer to a question regarding the compatibility of the offices of mayor of Carrizozo and chairmanship of the Lincoln County Republican Party, Roberts replied he would do his utmost to make a good chairman and that he doesn't believe the two offices incompatible. The local businessman expressed the opinion that both offices could be handled on the basis of doing a "good honest job," Roberts stated, "I will work to the best interests of all the people in Lincoln County at all times as I see justifiable and fit."

The Carrizozo mayor was out of town last week when the formal announcement of his appointment as chairman was made by James Earl Harcrow, deputy county clerk and Republican candidate for the county clerk's office, and could not be contacted for a statement regarding his views on the subject.

The wisdom of Roberts accepting the responsibilities of the two offices at the same time has been questioned. As mayor of Carrizozo, he is obligated to work for the progress and growth of the village to the exclusion of any other town in Lincoln County. The office of chairman of the county Republican group, on the other hand, carries a county-wide obligation as far as service is concerned. The query has been raised that incidents could occur wherein the obligation of the two jobs would conflict, and force Roberts to make decisions that could result in unhappiness to one or the other of the groups, and possibly reflect in dissatisfaction with his leadership.

Returns From Korea

Corporal Dwayne H. Turner, Snyder, Texas, left Saturday morning to spend the remainder of his furlough with Mr. and Mrs. W. H. Turner, his parents, of that city.

Turner, home again after spending almost a year of duty in the Korean theater, is engaged to Miss Kathleen Ward, daughter of Mr. and Mrs. Raley Ward of this village. The couple have not yet announced the date of their forthcoming marriage.

The young soldier, who served with the wire section of the 178th Field Artillery in Korea, will report to Fort Sill, Okla., at the end of his leave on Sept. 10.

Auto Mishaps On Increase

Traffic accidents in Lincoln County during the past month were on the increase with the following mishaps reported by the sheriff's office:

A collision involving Herbert Lee Traylor, La Luz, and Walter McMillan, Carrizozo, occurred Oct. 9 about 7 P. M. on Highway 54 about six miles south of here when a tire on the McMillan car reportedly blew out just as the vehicle was parallel to the other car, causing a sideswipe. Traylor's automobile was stated to have traveled about 375 feet before leaving the road. The Traylor's escaped injury, while McMillan, who was taken to the local hospital, was not believed to be seriously injured. The latter's car was completely demolished and the other vehicle was considerably damaged.

A one-car accident about four P. M. on the same date on Highway 380, 28 miles west of here, occurred when a pickup went out of control and rolled approximately 150 feet before striking a culvert, forcing it back onto the road where it turned over and skidded another 150 feet before going off the highway again. Vidal Serna, Albuquerque, was reported injured seriously, while his companion, Ben Gerhardt, also of that city, was badly bruised.

Another accident on Highway 350 Aug. 9, just over the viaduct at the intersection of that road and Highway 54 involved Frank Maxwell Jr. of Claunch. Maxwell is reported to have applied his brakes when he topped the viaduct and saw another vehicle just ahead of him. Skidding on the wet pavement, his car struck the end of the railing and bounced back to sideswipe a pickup. Although both front fenders and the lights of Maxwell's car incurred considerable damage, the pickup was reported as not damaged.

Complete details of an accident which occurred Aug. 9 about three miles east of Lincoln and was investigated by State Patrolman John South of the Roswell area, are not available, but information given to the sheriff's office indicates that Mr. Sombrano, San Patricio, was attempting to break loose two cars whose bumpers had locked while the one vehicle was pushing the other which had developed mechanical trouble. While engaged at the task, a pickup reportedly rammed into the rear of the car in back and crushed the San Patricio man. Sombrano was taken to the hospital at Fort Stanton, where he underwent the amputation of one leg above the knee, according to information received by Sheriff S. M. Ortiz.

Lorenzo Marrufo, San Patricio, whose car overturned the same night about one and a half miles west of that village, suffered a broken leg, cuts and bruises. He was taken to the Ruidoso-Rondo hospital.

A car reported driven by J. A. Dunn, about 15, Anecho, overturned three quarters of a mile east of Capitan Aug. 19. Dunn, who said he was blinded by the lights of an approaching automobile, was thrown clear as was his companion, Roy Crumley of Carrizozo. Both boys escaped injury, but the car which rolled approximately 65 feet down an embankment incurred considerable damage.

Fort Stanton Cave Named For Kuslanovich

Members of an expedition from the anthropology department of the University of New Mexico, Albuquerque, who spent a four week period in the excavation of Feather Cave at Fort Stanton have renamed it Dan's Cave in honor of Dan Kuslanovich, chief clerk at the hospital there, for his cooperation.

The party's research has apparently established three Indian peoples, dating from 10,000 B. C. to 700 A. D., occupied the cave at various periods. The middle time in the occupations was a Chiricahua point dated from 6000 B. C. to 3000 B. C., at a middle level between a fireplace believed to be 10,000 years old and the Basket-Maker specimens dated to 700 A. D.

The fireplace was found in a yellow ochre deposit, below the Sulphur Springs stage, the earliest known of the Cochise culture. The Chiricahua is a later phase of this culture, deriving its name from Arizona excavations and extending from Colorado into Mexico.

Two rare artifacts, a shuttle and a batten, establishing that these Indians used looms in weaving, were found in the Lincoln County cave. Neither artifact of the pre 700 A. D. period has previously been found. Parts of a cradle and sleeping mat made of yucca, were also discovered. Other Basket Maker artifacts were found, but none dated later than 700 A. D.

The entrance used by the Indians was to the right of the present opening and considerably larger, but it has been filled in by natural causes and at present is about large enough for a cat to crawl through.

Considerable speculation has been made regarding the two 30 feet deep holes blasted on either side of a huge boulder which probably rolled down the hill to the outside of the cave long before the Indians occupied it. No information can be secured on the blasting, but some believe it was the work of gold hunters. Debris from the blasting is still scattered about the holes, and a clue to the time in a juniper tree which grew at the side of one hole. Examination of tree rings indicate its age as between 60 and 90 years.

Local Teacher Outlines School Study Program

Miss Bettie Lou Grogan, local high school teacher, said this week that her course in home economics will point out the importance of family life, and that each unit will be based on that aspect.

For a well rounded and harmonious relationship, the family unit should recognize the parts that spiritual, physical, social, etc., factors play in its development. It is planned to correlate the family unit factor in Miss Grogan's course with that in the citizenship class conducted by Larry Stockton, high school principal.

An extensive course in home management is planned for the sophomore class this year, and all home economics students will learn the value of systematic home making for accomplishing more in less time and with less energy.

Special projects in Miss Grogan's course includes the transformation of the bed in the class living room to a studio couch; new pictures for that room; curtains for the sewing room, and purchase of playschool equipment. Some guidance counseling is also included in the course, and a guidance program by the teachers is contemplated to help improve study habits and adjustment to school life.

Mrs. Bryan Hightower spent the weekend in Carrizozo with Mrs. Maud Warden, who is convalescing at her home from a heart attack.

Harry Straley is able to be home from the hospital. He has had a tough bout with pneumonia.

School is off to a wonderful start. Mrs. Jessie Ticer, the new teacher, enrolled 21 pupils. The bus is loaded. The lunch room opened on Tuesday and in general everyone is quite happy. However, we will miss some of the youngsters this year. Viola Lopez will go to school in Arizona and Christine and Betty Lou Jones will be in Clovis where their folks have bought a farm. We hate to see folks leave our little community.

Recently, Mr. and Mrs. Mill Jones and girls visited in Carlsbad with Mill's sister and family, the Carl Mitchells. While there they toured the caverns. They drove home from Carlsbad turned around twice and went to Clovis, where they attended a family reunion of Bessie's family, the Morrows.

Mr. and Mrs. Roby of Las Cruces helped little Danny Knight celebrate his birthday on Aug. 17. The Robys are the parents of Danny's mother, Mrs. Nancy Knight.

Tom Straley of El Paso spent the weekend with homefolks.

Mrs. Allen Kille and Sam Richardson both celebrated a birthday last week. They were entertained at a fried chicken dinner at the home of Jackie Silvers. Sam said he never ate so much chicken before.

The Straley children made a wonderful showing at the Kids Rodeo in Three Rivers Sunday. Cope is junior grand champion and several of the others placed with good showings. They will take in the "El Paso rodeo" this weekend. Good luck, kids.

Harry, Bobby and Donnie Richardson from Carrizozo spent several days with the Wilsons on the ranch last week.

Mrs. June Straley was hostess to the Ancho Women's Presbyterian Auxiliary last week with 19 members present, and all in all was a wonderful meeting. Mrs. Bessie Jones, who is leaving, was presented with a lovely lamp. Three new members were introduced. They are Mrs. Allen Kille, Mrs. John Gardner and Mrs. Wayman Lightfoot.

Mrs. Vira Weathersbee and daughter, Jackie, were visiting in Ancho on Sunday. They live in Hobbs now, but for many years resided in Ancho.

Mrs. Harvey Hodgins and children came down from Mountainair for school. Mr. Hodgins is employed at Luna. So glad to have them.

Age Requirements Announced By School

Children whose sixth birthday occurs after that date cannot be enrolled. It will not be necessary for the youngsters to wait until they are 6 years old if their anniversaries fall within the period from now until Jan. 1, 1953.

Birth certificates should be presented on the first day of school.

School lunches will be served at 20 cents per meal for the first six grades if a weekly meal ticket is purchased the first of each week. Individual meals are 25 cents. High school students are charged 25 cents per meal on a weekly ticket, with individual lunches set at 30 cents. Adults will pay a straight charge of 35 cents per meal.

High school students who have not previously been enrolled in the Carrizozo school system will be given achievement tests to determine their grade level and ability to do work assigned them.

Visitors From Texas

I have been so busy keeping an eye on the barn and the escapades of LaMoyné Peter's cow, I failed to notice that LaMoyné has almost completed a new room on his home.

No reason for anyone to go hungry next winter if they preserve all the fruit that is ripening everywhere in the county, year but just as tasty.

Mr. and Mrs. Henry Peebles spent Sunday in El Paso with Mr. and Mrs. Bert Hicks. The Peebles expected their nephew, Tommy (Skipper) Gould, to arrive by plane from New York state where he has spent the summer.

Mora Titworth and Mary Werner came out to gather flowers for the Tres Valles display at Zuidoso Thursday. With their expert arranging, my plain old dirt garden sweet peas probably looked exotic.

People are still catching carp on dough-balls and minnow-size wren on worms at Nogal Lake.

Paul and Virgil Jones will jack into the Three Rivers country this week to work the Forest Service trails.

Haven't seen any cattle buyers about the country. Hope I can still buy a pound of hamburger next fall regardless of who is elected president. All the important issues seem to hinge on that one-little-question. Don't overlook our local candidates. If you haven't learned the pros and cons concerning each, do it, so you can vote next November with less guessing and more wisdom.

Lucille and Lee Smith and family are visiting the Dan Jones. Marybelle Smith is expecting to pay her parents a visit this week also. The Jones sisters who are married to the Smith brothers are from Clovis.

Ben Pfingsten is in El Paso seeing that Texas Bob gets started anew in school.

The Vances, Jennie Lou, Ralph, Pete and Harold, leave Tuesday for Albuquerque after a long visit with the Peg Pfingstens.

Lincoln County Included In Mineral Study

The enormous saving of time and money provided by a unique system for seeking out New Mexico's potential mineral resources was complimented recently by Dr. Charles Behre Jr., professor of economic geology at Columbia University.

Under the field assistance system, graduate students prepare their Ph.D. theses on New Mexico geology under the supervision of experts at the State Bureau of Mines. The students receive a salary of \$1 per month from the bureau, plus a small per diem out of which they pay their own transportation, food and lodging.

The six Columbia University students from Dr. Behre's department now doing New Mexico field research under the bureau program are expected to map some 1250 square miles of mineralized territory. Wolfgang Elston is studying the Sherman Quadrangle, an area adjacent to the famous Hanover Mining District, 18 miles southeast of Silver City.

Former Carrizozoan Devises Training Aid

Captain Harold S. Hoffman, radar training officer, Lake Charles Air Force Base, La., son of Mr. and Mrs. Henry Hoffman, El Paso, former residents of this village, was given recognition in a recent issue of Skyway Times, weekly newspaper at the base, for increased efficiency in the ultra-sonic training program at that field.

Captain Hoffman, over a period of time, had observed the haphazard placement of the equipment used in training, and after some research contrived a setup as similar as possible to a radar operator's cubbyhole in the plane. With the aid of the base's shops, he designed a facsimile of the compartment. After carefully measuring distances, heights and exact locations, he placed the operator's equipment.

The synthetic setup, exact in detail with the exception of the antenna and radio frequency unit, was installed and put in operation. The work of the operator was greatly facilitated since he no longer had to look away from his scope to manipulate the controls. Knowing the controls are in a stationary location, he is able to operate them by touch after learning the position of each control.

The captain, who is now at work on a new device for use both in the aircraft and on the ground as a sight angle computer, gives a great deal of credit to his assistants for the success of his project.

The former Carrizozoan, a 1939 graduate of the local high school, attended State College and the University of California. He is a brother of Mrs. J. C. Duncan, Mrs. Marvin W. Jones and Mrs. Clarence E. Hlust of Carrizozo.

Family Reunion

Mr. and Mrs. Ben B. Barton, Dexter, hosted the annual reunion of the family of the late Mr. and Mrs. George Lindley, who were pioneer residents of Ford City, Texas.

The four of six living children of the late couple who were in Dexter for the event included Jim Lindley, Lubbock, Texas; Henry Lindley, Hobbs; David Lindley, Littlefield, Texas, and Miss Elizabeth Barton, Dexter, Mrs. Frances Beeth, St. Paul, Minn., and Mrs. Pearl Johnson, El Monte, Calif., were unable to attend the family gathering.

Rev. and Mrs. Oliver Oldham, Tinnie, were among the 44 relatives and guests at the convale. The food from well filled baskets brought by the guests was served in picnic style at a long table. The beautiful flowers which were used in decoration throughout the house came from the garden of the Jack Herrings.

Girl Scouts Take Swimming Lessons

The Carrizozo Brownies and Intermediate Girl Scout groups have been taking swimming lessons at the Bar W Ranch this summer under the supervision of Mrs. Truman A. Spencer Jr. and Mrs. Fred English. Six of the 18 Scouts have learned to dive, while 13 have learned to swim with a degree of skill. The remaining five are making progress in their lessons. Next year the group will work for their life saving badges.

The Intermediates have earned their curved bar with its 28 badges and will work with the Brownie group during the winter months, as the latter unit will attain intermediate status on Sept. 11. On Sept. 13, the Brownies will entertain their fathers with a hay ride and wifener roast at the Bar W Ranch.

A new group of Brownies will hold its first meeting on Sept. 25 at the home of Mrs. Ace Baty. Mrs. T. T. Hurley is co-leader with Mrs. Baty and girls in the age range of 7 to 10 inclusive are eligible to join the new Brownie group.

GUESTS OF HIGGINS

Mr. and Mrs. P. W. Higgins of Fort Worth, Texas, were recent guests of Colonel and Mrs. Russell M. Higgins at Rancho Rischuelo between Carrizozo and Captain. The Fort Worth man, who is a brother of Colonel Higgins, has vacationed in other states in the past, but none have had scenery to compare with that of this area in his estimation. The couple said that in the future they intend to by-pass the other states and spend their entire vacation at the Lincoln County ranch.

BACKYARD PICNIC PUNCHES

INFORMAL backyard picnics are fun and entail less work than packing a lunch to go on a picnic at a distance from home. The younger set will delight in getting the gang together for frequent picnics, and it's a good way to entertain in summer.

A main attraction could be a big bowl or tub of punch made with fruit juices and pale dry ginger ale. Fruit juices and pale dry ginger ale blend their flavors in many excellent punches. For quick preparation, canned and bottled fruit juices and the frozen concentrated juices are a convenience. For best results, ingredients should be pre-chilled, and use plenty of ice in your punch. For eye appeal, garnish your punch with lime, lemon or orange slices.

Here are two simple, but delicious recipes, using canned juices.

Picnic Punch
2 1/2 cups apricot nectar
2 1/2 cups unsweetened pineapple juice
1 cup lemon juice
1 cup sugar syrup
2 24-oz. bottles pale dry ginger ale

Combine fruit juices and sugar syrup over ice in bowl, blending well. When ready to serve, add chilled pale dry ginger ale and stir gently to mix. Makes about 20 punch cup servings.

Apple-Grape Punch
4 cups apple juice 1/2 cup lime juice
3 cups grape juice 1/2 cup sugar syrup
2 24-oz. bottles pale dry ginger ale

Combine fruit juices and sugar syrup over ice in bowl, blending well. Add pale dry ginger ale when ready to serve, stirring gently to mix. Makes about 25 punch cup servings.
