## Fort Stanton Patients Express Appreciation

PATIENT BODY COMMUTEE U. S. PUBLIC HEALTH SERVICE HOSPITAL Fort Stanton, New Mexico

September 1, 1952 Mr. and Mrs. L. Kinnard, Editors, Lincoln County News, Carrizozo, New Mexico.

Dear Mr. and Mrs. Kinnard: As you know by now, Dr. C. J. Mankinen, our commanding of Heer, has received official orders to rescind the plan for transfer ring patients from here to De troit. We were told this on Aug 22, and it includes the status of personnel as well.

During the days that this move was in progress someone in Washington issued a press release terming our action as premature inasmuch as no definite decision had been reached by the authorities. This was obviously misleading and was probably meant to confuse the issue There was no question at all about the transfer as outlined to us. On Monday, Aug. 11, Dr. Mankinen notified us that we would be screened and shipped out at about 15 at a time within, a few days. The heads of our welfare office and Soamerra Sortal Club were told to close their establish monts by not later than Aug. 31 which to dispose of our equip their luck either. ment and close the books. made? The press release was correct. however, in terming our action as "premature" — from their standpoint. No plan can be mature until consummated. There fore, any action to prevent its? completion would have to be premature. Can you imagine us trying to hold the Fort from De troit? Premature, in this case implies hasty. If our move could be labeled premature or hasty. we wonder if the action taken by Senators Dennis Chavez and Clinton Anderson, Congressmen Antonio Fernandez and John J. Dempsey, the VFW. American Legion, civic groups, 10 maritime associations and thousands of individuals from all around could also be termed as such? We doubt it. It seems more likely -Washington Issued that state ment in an effort to laugh the whole thing off s a bad joke and shift the embarrasoment cisewhere.

In taking a stand to prevent the miserly injustice we were about to receive, the Lincoln County News proved itself to be a truly fine and crusading newspaper, and has won the very highest esteem in the hearls of us all. It will long be remem bered un a sincere friend who hesitated not a minute in lending its support and prompt and effective action for the benefit of the county as a whole, and the patients especially. It was a deed of great benefit not only to those of us here at present, but men of the entire Morchant Marine who may need this place in the future. This hospital is part of our insurance policy—thanks to you! and the people of Lincoln County for helping to pay the premium when it was due.

Very gratefully yours, H. P. ESIBILL. In Behalf of Committee.
