**Capitan Tigers Trounce Carrizozo Grizzlies**

The Capitan Tigers in strong offensive action thoroughly trounced the local high school footballers with an easy one-sided score of 44-0 Sept. 12 at the neighboring village. The Grizzlies suffered their second consecutive loss, as the Tigers chalked up their second in-a-row Class B win.

Johnny Werner, playing in the halfback position, made a 50-yard run in the first quarter to start Capitan's tally, with Dick Cox catching another drive by the Tigers in the same period when he went around right end from the eight.

The Grizzlies made their best showing in the second period when they held the opposition to one score marked up by Wally Ferguson on a quarterback sneak going three yards to pay dirt.

Capitan's second longest run for 20 yards in the third quarter when Cox sliced end-for-30 yards, and fullback Garth Hyde punched over for the extra point of the game. Later in that same quarter, Hyde recovered a Grizzly fumble on Carrizozo's 30, and dashed over for another marker.

The final stanza saw Cox circling end for 10 yards in a successful bid for touchdown to be followed by Hyde crashing five through tackle in the final moments for the last counter—as Lupio Otero booted the final point.

The Capitan team's effective performance was sparked by the defensive play of Melvin Romero plus his downfield blocking as offensive center.

SOIL CONSERVATION DISTRICTS IN NEW MEXICO.

**Hondo High School P-TA Hosts Teachers at Supper**

Hondo Valley Public Schools teachers were guests of the Hondo High School P-TA at a delightful buffet supper September 9.

At the close of the supper hour, the group assembled for the business session of the current year's first meeting. Mrs. E. W. Nelson, P-TA president, was in charge, and Mrs. Wilbur McKnight was unanimously elected secretary to fill the vacancy left by Mrs. Monroe George.

Superintendent Montes introduced the 21 members of the teaching and administrative staffs of the Hondo Valley Public Schools to the parents. Each teacher made a brief acknowledgment. Their comments showed the satisfaction felt with the new reorganization plan, and the high hopes for the future success of the local schools.

In the absence of Miss Eulalia Montano, class of '52, Mrs. Stevens accepted the cash scholarship of \$100 which was contributed by citizens of the valley three years ago. Miss Montano enters Texas State College for Women at Denton, Texas, this month, and the money is to be used for college expenses.

The balance remaining in the cash fund of the class of '52 was presented to Mrs. Frank Titworth, President of the Hondo High School Band Boosters' Club, while the class of '53 was presented with a number of year books and pop bottles to augment its funds. The treasurer of the class of '52

was disappointed to find that the large balance of \$500 the class had hoped to bequeath the new gymnasium fund was an error in calculations. The actual balance, \$33.28, has been turned over to the band boosters' club.

Following the business session, Douglas Thomas, the new band instructor, entertained the group with several numbers on the trumpet, clarinet, and saxophone, accompanied by Mrs. Tom Wright at the piano.

Mrs. Wright also gave a piano solo, and Superintendent Montes announced she will be available for piano lessons at the high school, the time to be arranged later.

The superintendent expressed his and the teachers' appreciation for the excellent buffet served by the parents in the Hondo P-TA organization.

**To Be At State Fair**

A representative of the International Association of Fairs and Expositions will be a guest when the State Fair opens in Albuquerque Sept. 27.

Frank H. Kingman, secretary-treasurer of the International Ass'n, and manager of the Brockton Fair at Brockton, Mass., will attend the exposition. The International Association is made up of representatives of all major Fairs and Expositions in the western hemisphere.

Another sign that New Mexico is growing

Not Long Ago...

There were only 38,000 telephones in New Mexico

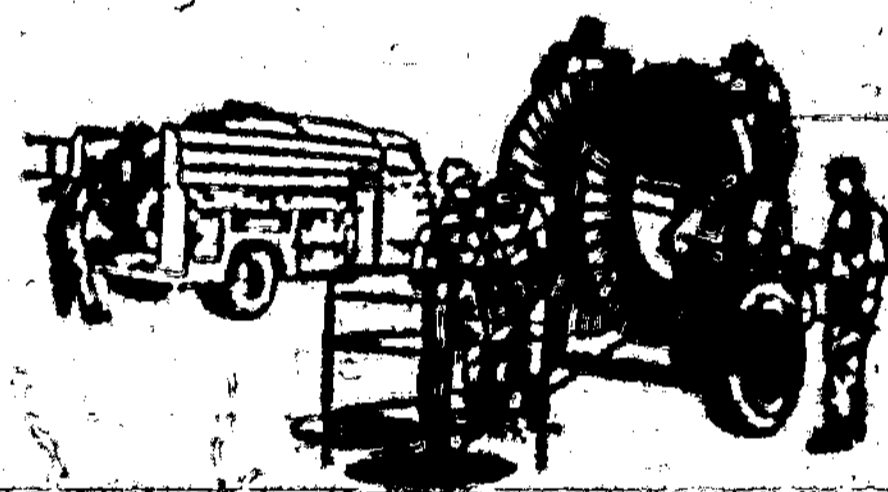

Today there are 120,000

Ten years ago, this Company was serving 38,000 telephones in New Mexico. Since then the number has tripled! Back of these telephones is a vast amount of equipment—and during this period of greatest growth, the price of everything we need to provide service has gone up.

With higher wage costs, higher taxes, higher prices for materials, we face the same problem you do—inflation. We, like any other business, must receive enough for our service to cover our higher costs, with enough left over to pay a fair return to the investors who have made expansion of your service possible.

**\$520 A MINUTE**... Every minute of every working day, this company is adding 520 hours worth of new telephone equipment to provide more service. Overhead and underground cable is being placed in record quantities. We're enlarging buildings, installing new switching equipment... working to meet the telephone needs of families, business and defense.

**CAPTAN**

By ANN EARLING

Mr. and Mrs. Roscoe Morris and children of Granite, Okla., were visitors at the home of Mr. and Mrs. Happy Morris last week.

M. Sgt. Richard Chavez, son of Mr. and Mrs. Fred Chavez, is home on leave after serving the past 10 months in Korea.

The Round Table Club held its regular monthly luncheon and meeting at the home of Mrs. Billy Ferguson on Thursday, Sept. 18. The newly elected officers of the club are Mrs. C. C. Ferguson, president; Mrs. Travis Werner, vice president; Mrs. Corrinne Provine, treasurer; Mrs. L. H. Merrill, secretary, and Mrs. D. O. Murphy, menu chairman.

Mr. and Mrs. Duane Darling are the proud parents of a 7 pound, 1 ounce baby boy, born on Sunday, Sept. 21, and named Gary Wayne. This makes two children for the Darlings, Darling is a teacher in our high school and football coach.

Mr. and Mrs. Fletcher Hall Jr. spent a day in El Paso on business this week.

Bob Leslie, son of Mr. and Mrs. Robert Leslie Sr., and Betty Brewster, daughter of Mr. and Mrs. Clyde Brewster of Carrizozo, were married in Roswell last week.

The American Legion and its auxiliary held their respective meetings on Wednesday, Sept. 17. The auxiliary completed its plans for the fall district meeting to be held in Carrizozo on Saturday, Oct. 18.

Mr. and Mrs. Willard Teague and daughter of Artesia have es-

**LINCOLN**

By MRS. J. E. PHILLIPS

The big news around here is the wonderful rains we've had this week. It has been dry for so long that we have learned to really appreciate mud.

Mrs. Nancy Pearl Tompkins, who resides in Tucumcari, is here visiting in the home of her sister-in-law, Mrs. Ruth Martin. Florida Salazar just came in and told me that she had left her job in Roswell to stay with her mother for awhile. They have been notified that her brother, Roger Salazar, who has been aboard a destroyer, had been wounded in the shoulder. Details

published their new residence in Capitan, Teague, is associated with the Standard Oil distributorship here.

Guests at the home of Mr. and Mrs. James Kent are Kent's brother, Gilbert, of Pennsylvania, and his fiancee, also from the Quaker State.

Don't forget to attend the dance at the Legion Home Saturday, Sept. 27.

Results of the football game played here last week was Capitan 37, Roswell 12. The Capitan Tigers will play at Mountainair this week.

Odell Hickman and Donny Morris were home from their respective colleges last weekend.

aren't available yet as to how serious he is wounded. Alex Salazar is also in the Navy but is still stationed at Long Beach, Calif.

Friends and relatives of Mrs. Maggie Pfingsten surprised her with a favored dish luncheon at her home last Saturday in honor of her birthday. Mrs. Pfingsten received many gifts, and everyone present enjoyed the get-together.

Lazaro and Lucio Zamora are home for awhile—pinch-hitting for their dad—getting the apples, hay, etc.—harvested. Cristobal Sr. is still in the Veterans' Hospital in Albuquerque.

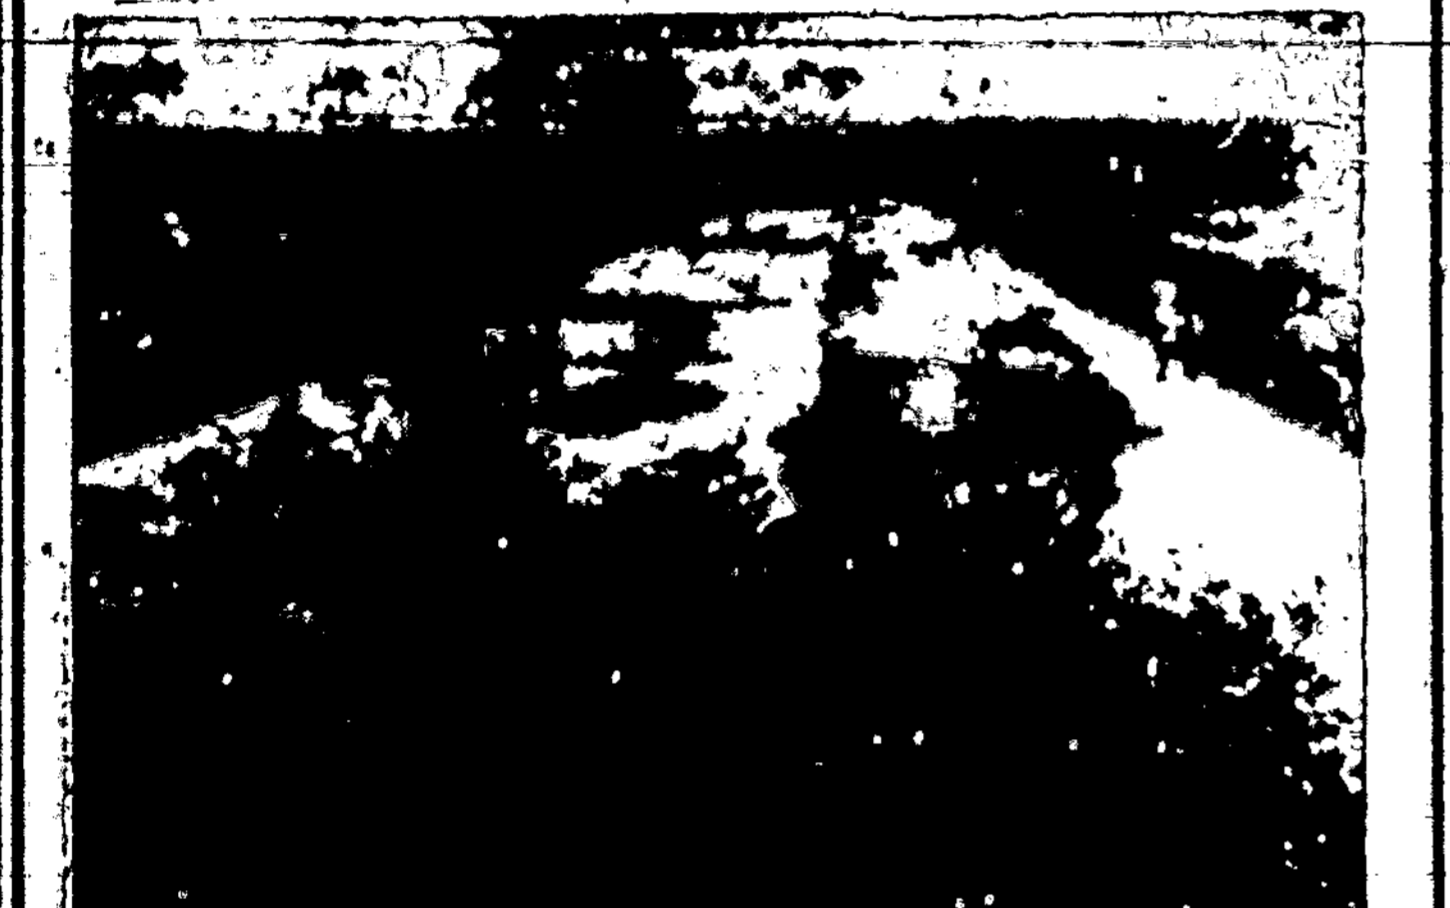

Frank Maurine wrote his wife that he arrived safely in California. Mrs. Maurine and LeRoy will go out there as soon as he is settled.

Mr. and Mrs. Vernon Zorn, who are spending Zorn's leave with Mrs. Zorn's parents, the Bill Wilsons, have gone to visit relatives in Roswell for a couple of days. New Mexico seems to be agreeing with Joe Gomez. He looks greatly improved since his return. The wet weather slowed up apple-picking, but I haven't heard any complaining.

Mrs. Maurilda McGrew writes that she is enjoying school at ENMW. She says people at Portales are wonderfully friendly.

Planning for the future? Buy U. S. Defense Bonds.

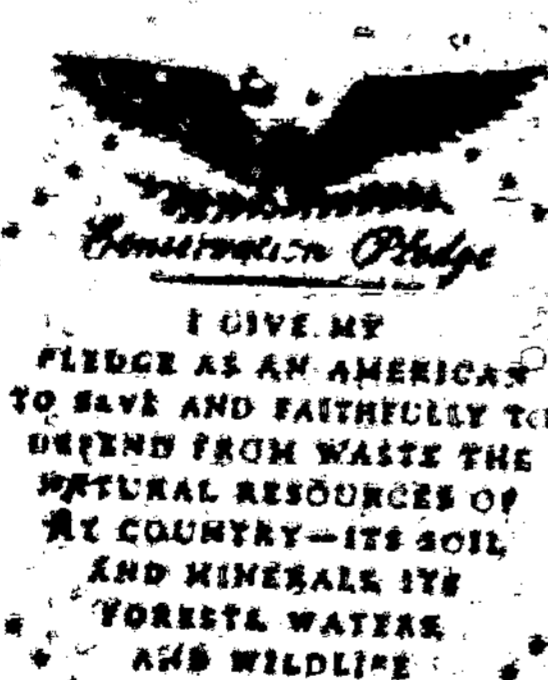

**Don't Waste Water!**

Pricelless Irrigation water runs off field and over highway. Properly leveled land gives a uniform distribution of water over fields and prevents runoff at the edge of fields. Installation of ditch control structures such as headgates, turnouts and drops gives better control of water at all times. Keeping ditches clear of weeds saves irrigation water for crop use. See the supervisors of your Soil Conservation District about improving your irrigation practices. You can save water, and money, too.

**IN THE THIRD JUDICIAL DISTRICT COURT OF THE STATE OF NEW MEXICO WITHIN AND FOR LINCOLN COUNTY**

DOROTHY TURNER )  
GRAY and GOLDIE ) No. 5982  
MARTIN TURNER )  
Plaintiffs, vs. THRAVES )  
S. TURNER, et al. )  
Defendants.

**SUMMONS AND NOTICE OF PENDENCY OF SUIT**

THE STATE OF NEW MEXICO TO: THRAVES S. TURNER, sometimes known as T. S. TURNER; EDITH MCCAIN TURNER, and ALL UNKNOWN CLAIMANTS OF INTERESTS IN THE PREMISES ADVERSE TO THE ESTATE OF THE PLAINTIFFS.

You and each of you are hereby notified that on September 10th, 1932, DOROTHY TURNER GRAY and GOLDIE MARTIN TURNER filed in the District Court, Lincoln County, State of New Mexico, a Complaint against you and each of you, cause No. 5982 on the civil docket of said Court, the general object thereof being to quiet and set at rest in plaintiff the title to certain real estate situate in Lincoln County, State of New Mexico, as follows, to-wit:

Lots 9, 10, 11 and 12, Block 1, Unit 1, Palo Verde Town-  
Site.

YOU ARE FURTHER NOTIFIED that, unless you enter your appearance in said cause on or before November 3rd, 1932, judgment will be rendered therein against you by default.

Attorney for plaintiff and his address is H. Elfred Jones, Box 415, Carrizozo, New Mexico.

WITNESS my hand and seal of said Court on this 10th day of September, 1932.

J. G. MOORE,  
District Court Clerk.

By James E. Harcrow, Deputy,  
(D. C. SEAL) 512-19-2603

**NOTICE OF PUBLIC SALE**  
Notice is hereby given that on the 26th day of October, 1932, the Lincoln County Board of Education will offer for sale to the highest bidder, the Lincoln County Public School Library building and the real estate upon which it stands, as follows:

All of lot numbered twenty-nine (29) and a strip 10 feet wide off the easterly side of Lot 26, in Block nine (9) of the original townsite of Carrizozo, as shown on the plat of said townsite filed in the office of the County Clerk of Lincoln County and State afore-  
said.

The appraised value of said real estate and improvements thereon, as certified by the official appraisers, is \$10,250.00. All bids must be in writing and must be in the hands of the Lincoln County Board of Education by 5:00 P. M. on the said 26th day of October, 1932. Sale will be for cash and no bid will be accepted which is less than the appraised value of the property. The said Board of Education reserves the right to accept or reject any and all bids.

LINCOLN COUNTY BOARD OF EDUCATION,  
T. E. Kelley, President,  
Laraine Samelson, Secretary.

### Claunch Conservation District Sponsors Range School

The Claunch-Pinto Soil Conservation District held a range school for 4-H club boys near Corona last month. Club members collected different grasses, poisonous plants and browse plants for further study at later dates.

Observations were made of adjoining pastures which were classed in "fair" and "good" condition. It was noted that the pasture in good condition had a larger percentage of blue grama, Texas Timothy and galleta grasses, and a smaller percentage of snake weed, ring grass and weeds than the pasture in fair condition. Also, the good grasses showed more growth and appeared to be more healthy on the "good" range than the "fair." Underground conditions for taking moisture also were more favorable on the better pasture. Penetration tests showed that the pasture in good condition took water approximately twice as fast as the adjoining pasture in fair condition. Likewise, the good pasture had more than twice the amount of feed produced as indicated by clipping and weighing representative areas.

The 4-H group visited one old field which was reseeded in June, 1951. A good stand of grasses—mostly side oats grama and blue grama—was observed. Plans lunch was served to 12 people by Mrs. A. C. Hester as the representative of the Coronado Extension Women's Club.

Ben Roberts and Cobbin Hester supervisors of the Claunch-Pinto Soil Conservation District, conducted the tour. They were assisted by Ernest Hill and Clyde Menefee of the Soil Conservation Service.

### FORT STANTON

By MRS. PERCY PARKER  
Mrs. Howard entertained the Ladies Bridge Club Thursday in her home. Mrs. McLeroy, Mrs. Merrell and Mrs. Burleson were the lucky winners.  
Mrs. Piddler and Mrs. Kall were in Roswell Tuesday shopping.  
Mr. and Mrs. Womack spent last weekend in Albuquerque where they went to see their son, L. T. who was leaving for the Navy.

Eber and Rachel Merrell of El Centro, Calif., were visiting in the Merrell home for several days. Eber is Red's brother.  
Mr. Hoffman of WAFB of Roswell visited the hospital on Wednesday.

Charles Reed, pianist in an hour of recorded semi-classical music from his private suite in the hospital. The boys certainly appreciate this daily concert.

Lawrence Reinhart was transferred to the USPHS hospital in Detroit.

Bob Mandeville and Eugene Sammon were given fit for duty discharges. Lawrence Gregory was also discharged.

William Williams was transferred to the USPHS hospital in Baltimore.

A number of the boys from the Fort were seen at the opening football game in Capitan.

Benny Bass has returned to the Fort from New Orleans.

Otto Ernest has returned from a vacation.

Melvin Fillinguins has gone home to Mississippi for a two weeks vacation.

Mr. and Mrs. Dick Crandall spent Friday in Roswell shopping.

Nancy Payman was home over the weekend. She came up with the Craigs as far as Ruidoso.

Friday night the Cubs went camping up the Bonita. Mrs. Thompson and I went up too and had supper with them. We took cake and ice cream up as a surprise since Saturday was Charles Armer's birthday. We sang happy birthday to him. Dr. McLeroy spent the night with the boys.

Several had birthdays this past week. Susan Bolte, Jimmie Ferguson, Charles Armer and Jeff Shaw.

Dr. and Mrs. Farr have returned from their vacation.

Mr. and Mrs. Green of Roswell were visitors in the Merrell home Sunday.

Mrs. M. Young, chief nurse of the hospital, returned Tuesday.

Mrs. Sam Cox is home from Roswell hospital.

Sunday school has reconvened with Mr. McClain as superintendent and Mrs. Mankinen, Mrs. Rainey and Mrs. Howard teaching the classes.

Mr. and Mrs. Ray Phillips and Mrs. Roy Lee Phillips and daughter, Becky, were guests in the Baker home Sunday.

WEEKEND GUESTS  
Mrs. Jimmie Duncan and Mrs. Clarence Huat were recent week-end guests of their parents, Mr. Henry Hoffmann, in El Paso.

While there, they heard Mrs. Duncan, guest singer with the Blue Bonnet Playboys who were appearing at the Coliseum in the

### PERSONALS

Mr. and Mrs. Clarence Shaw motored to El Paso recently for a long weekend.

Mrs. F. M. Shaver of Carrizozo is in San Diego as the guest of her granddaughter, Mrs. Jack Brandenburg and family.

Private Dale Benesch, now on military leave from his position with this paper, writes from his new station at Fort Dix, N. J., that he is counting the months until he can come back to the West, the section preferred above all others. Benesch is a radar instructor at the New Jersey camp.

Ms. and Mrs. Bob Clark and small son, Terry, have returned to their home in Illinois, concluding a several weeks visit at the home of Captain J. I. White. Clark is a brother of Mrs. White, and the visitors have taken side trips to a number of the state's tourist attractions, including Carlsbad Caverns and White Sands National Monument.

### ANCHO

(Written for Last Week)  
By ALLIE SNOODGRASS  
Sure can tell that it is fall of the year up our way. No frost yet but the nights really get rippy.

Mr. and Mrs. Robin Risinger went to Tucson last week for Bob's a good checkup. The report was good but he will continue to use crutches for a while.

Jimmy Miller left Monday to enroll for college work at A. & M. at La Grues.

Mrs. Teletora Bena is quite ill at her home in Ancho. The doctor has diagnosed her illness as pneumonia.

Ramon Montano is home on a 30-day furlough. He will report to Camp Carson in Colorado at the end of that time.

Jo Ann Straley celebrated her 8th birthday on Tuesday. Several of us drove up in the hills and had a birthday supper for her under the stars. Everyone had a big time.

Mrs. Jessie Ticer was in Carrizozo on Saturday selecting more materials for the school from the superintendent's office. She remained in town for the installation of Rainbow Girls, and drove home with us after the party held for the girls at the fire hall.

Mid-morning let-down is largely psychological and not attributable to a breakfast high in starches and sugar.

### "What kind of a mother do you think I am?"

Depends on your answers, ma'am. Have you taught your youngsters to be careful crossing streets... to have a healthy respect for fire and fire hazards... to stay close to shore in swimming... to keep away from pots and pans boiling on your stove? Make all your answers "yes." Teach your child to play safe this summer.

BE CAREFUL - the life you save may be your own!

### \*IF HE IS SO BLAMED MODERN, HOW COME HE STILL FARMS UP AND DOWN HILL?\*

### Where Do We Go From Here?

AS LAND GOES, SO GOES MAN

Our forefathers didn't worry too much about their land. When soil erosion destroyed its productivity, the farmers simply moved on and set up again on virgin soil. But those days are gone forever. We have reached our last frontier. Little virgin soil remains, so we must protect what we have.

Erosion already has destroyed one-third of our soil. Of the average nine inches of fertile topsoil that once covered our land, only a scant six inches remain today. The other three inches have been taken by wind and water erosion. Upon what is left we must depend for everything we eat and most of the things we use and wear.

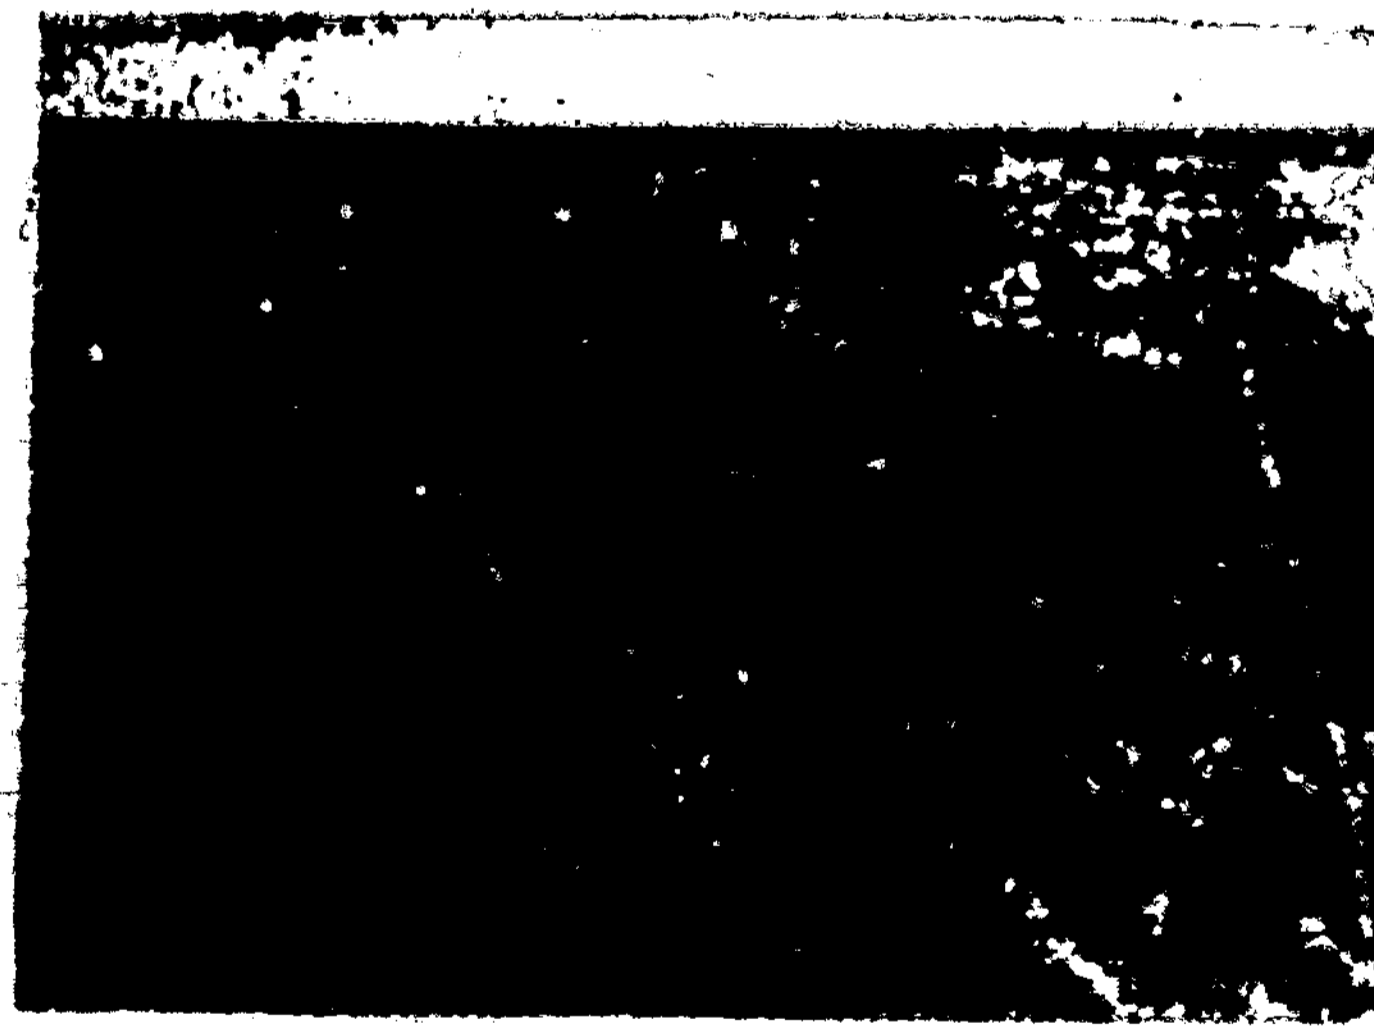

We must conserve our soil if we are to continue as a prosperous nation. See your Soil Conservation District technician about a conservation plan.

Carrizozo HARDWARE CO.

Phone 99

Carrizozo

### Raise More Grass Sell More Meat

Good grass management results in an abundant feed supply, which in turn means you can produce more pounds of meat.

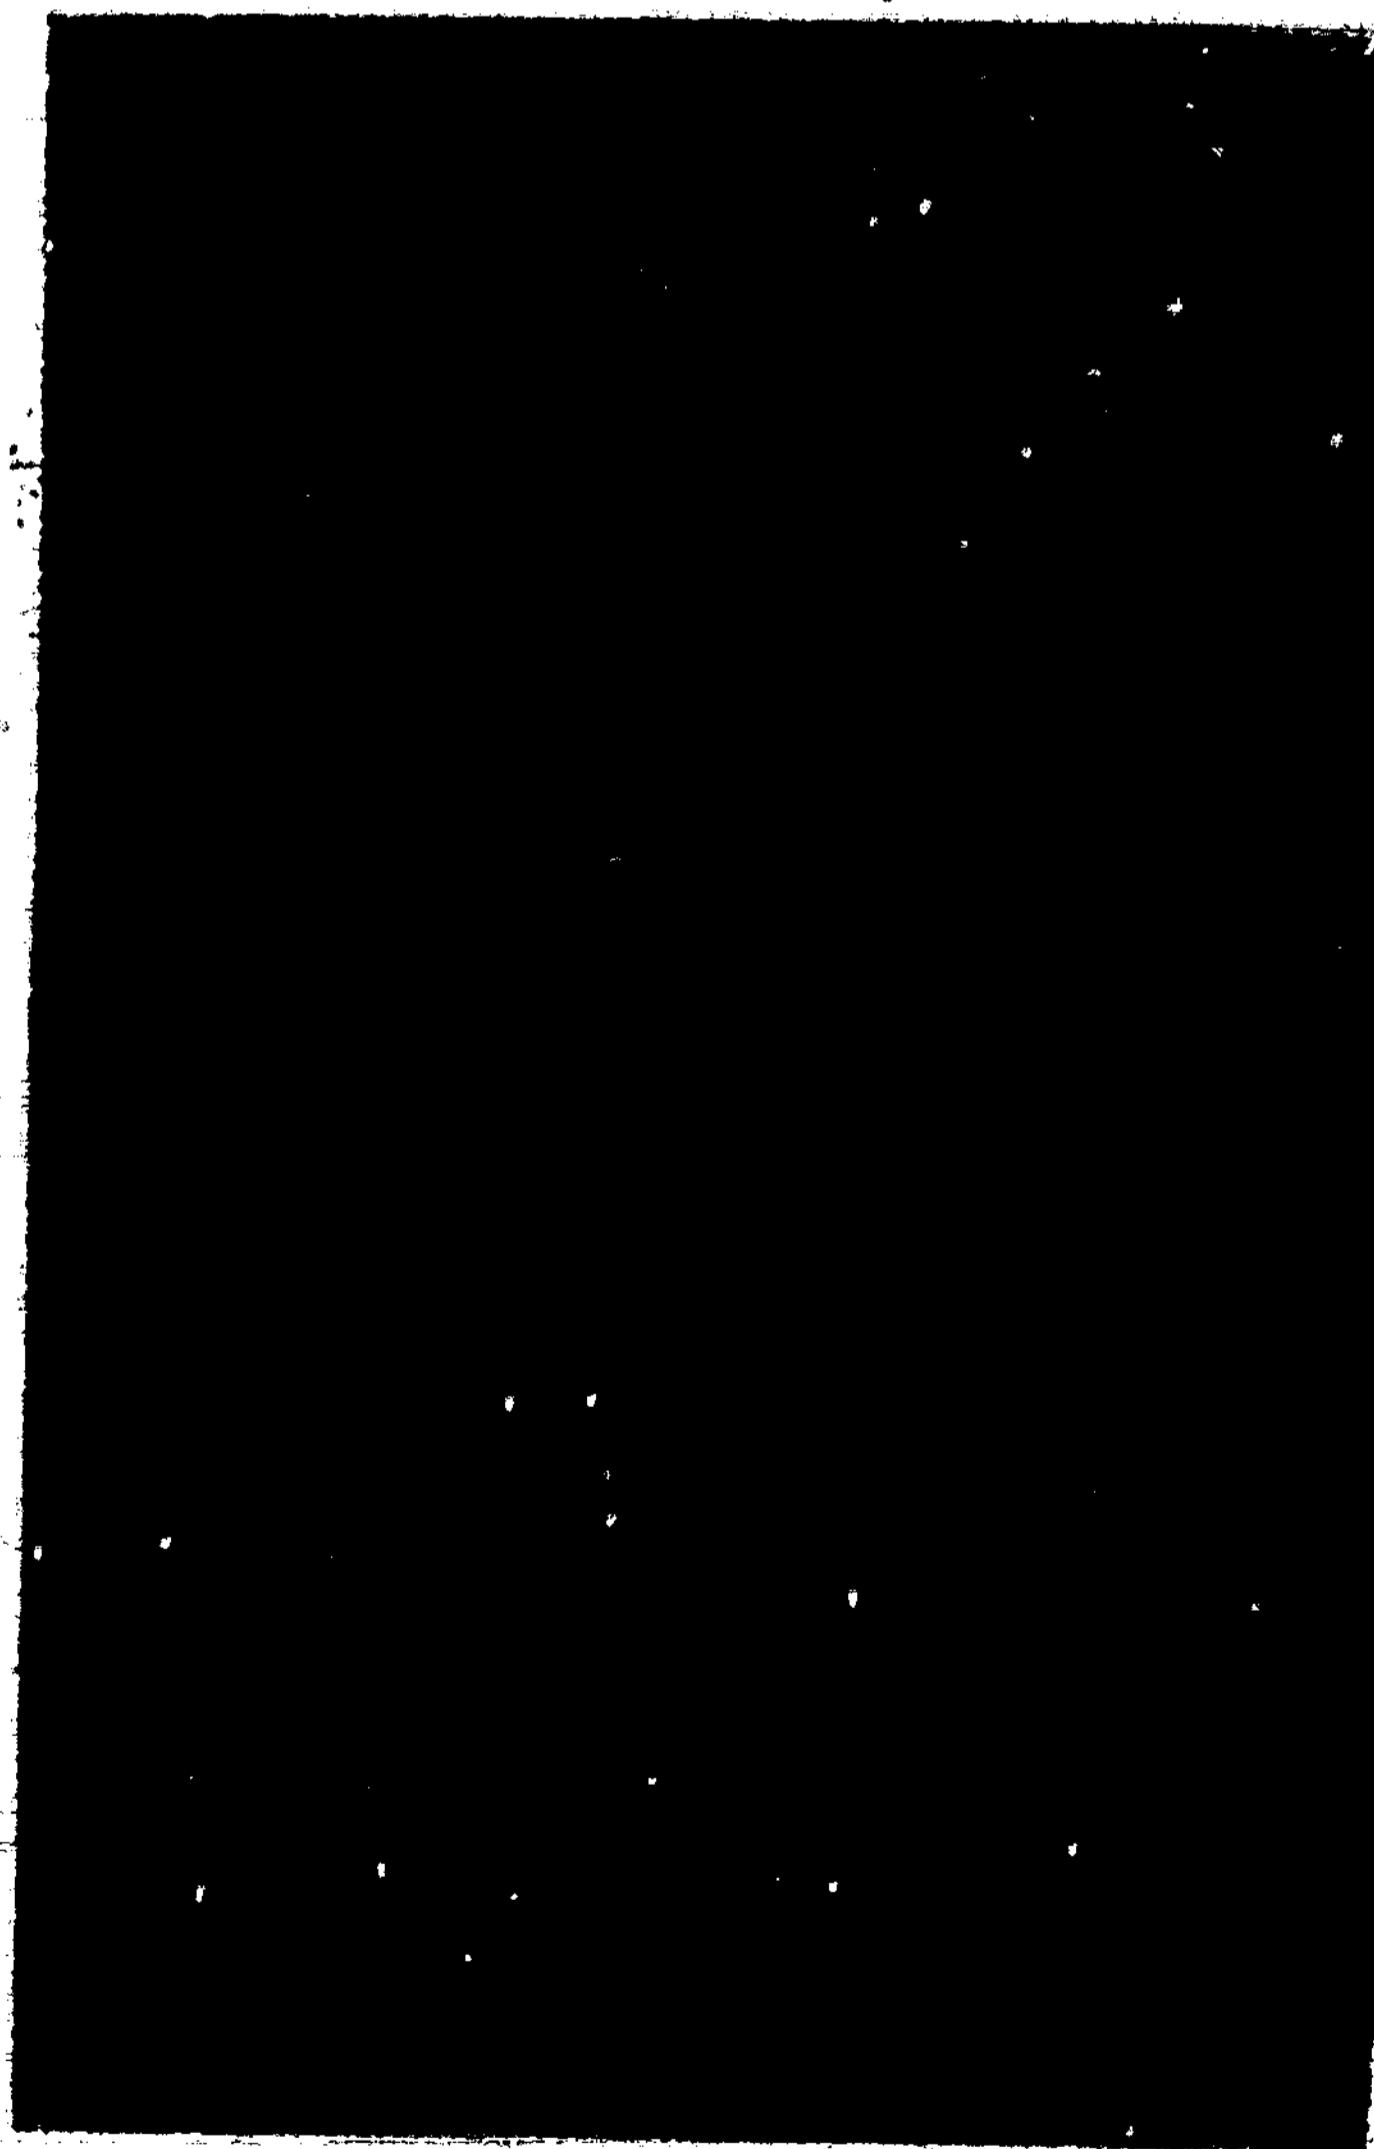

See your Soil Conservation District representative about a conservation program for your grassland.

**Local Banker Declares Soil Conservation Pays Dividends**

New Mexico farmers and ranchers like the complete long range conservation plans they have prepared with the help of their local soil conservation districts.

A. E. Huntsinger, local banker, declares: "The soil map is the most substantial guide I know of. Up until the soil conservation district was organized, we knew only that farming some lands was profitable. Some soils on our farms failed to produce enough crops to pay the cost of operation. The plan and map show the exact areas of good farm land soils and also the areas that should be in grass."

"New Mexico district supervisors often find it desirable to help farmers with a starting practice, such as leveling or terracing a field, before the long range complete conservation plan is prepared. In each case, however, the practice is planned and applied so it will fit into and become a part of the long time program. Soil conservation districts and farmers alike realize that the big pay-off comes from following a sound, down-to-earth, feasible and practical conservation plan for the entire farm. Farmers also generally agree that those having complete farm and ranch plans can get the maximum conservation benefits from the incentive payments offered under the Agricultural Conservation program," said the local banker.

The long-range complete plan takes into consideration each acre on a devery field of the farm systematically. It is not a piecemeal plan for doing things. Instead, it is a systematic, business like means of sizing up the conservation problems of the farm and determining the best practical solution.

The plan is sound, because it is based upon factual information about each acre, and the conservation program for the farm represents the combined judgments of the farmer, the board of supervisors of the local soil conservation district, and competent professional soil conservationists. Before the plan is prepared, a trained soils man makes a survey. This, called a land capability survey, shows the various kinds of land on a map of the farm. On this map is put information about land use, slope, erosion, depth and texture of soil, water intake rates of soil, and other characteristics as appoant to salinity, alkali, water, table, cobbles and stones.

The farm planner of the Soil Conservation Service assisting the soil conservation district puts over the land with the farmer, field by field. They consider the information on the land capability map, the farmer's knowledge of the land, and the recommendations of the district supervisors, then agree on a conservation plan for the entire farm.

This kind of conservation plan, Huntsinger stated, is essential to success in establishing a conservation program on a farm. It has the right combination of practices and measures that pay off.

Many New Mexico farmers approve of the business like method of sizing up and solving their conservation problems. The plan helps to keep their soil from blowing and washing, makes better use of water, gives them higher yields, and establishes a more permanent type of agriculture.

Credit agencies, both private and government, are very much interested in complete, long range conservation plans. Many use these plans as a basis for loans to farmers and ranchers. The bankers of New Mexico are presenting awards to honor farmers and ranchers who have 90 per cent or more of their conservation program applied.

My pal SMOKEY says:

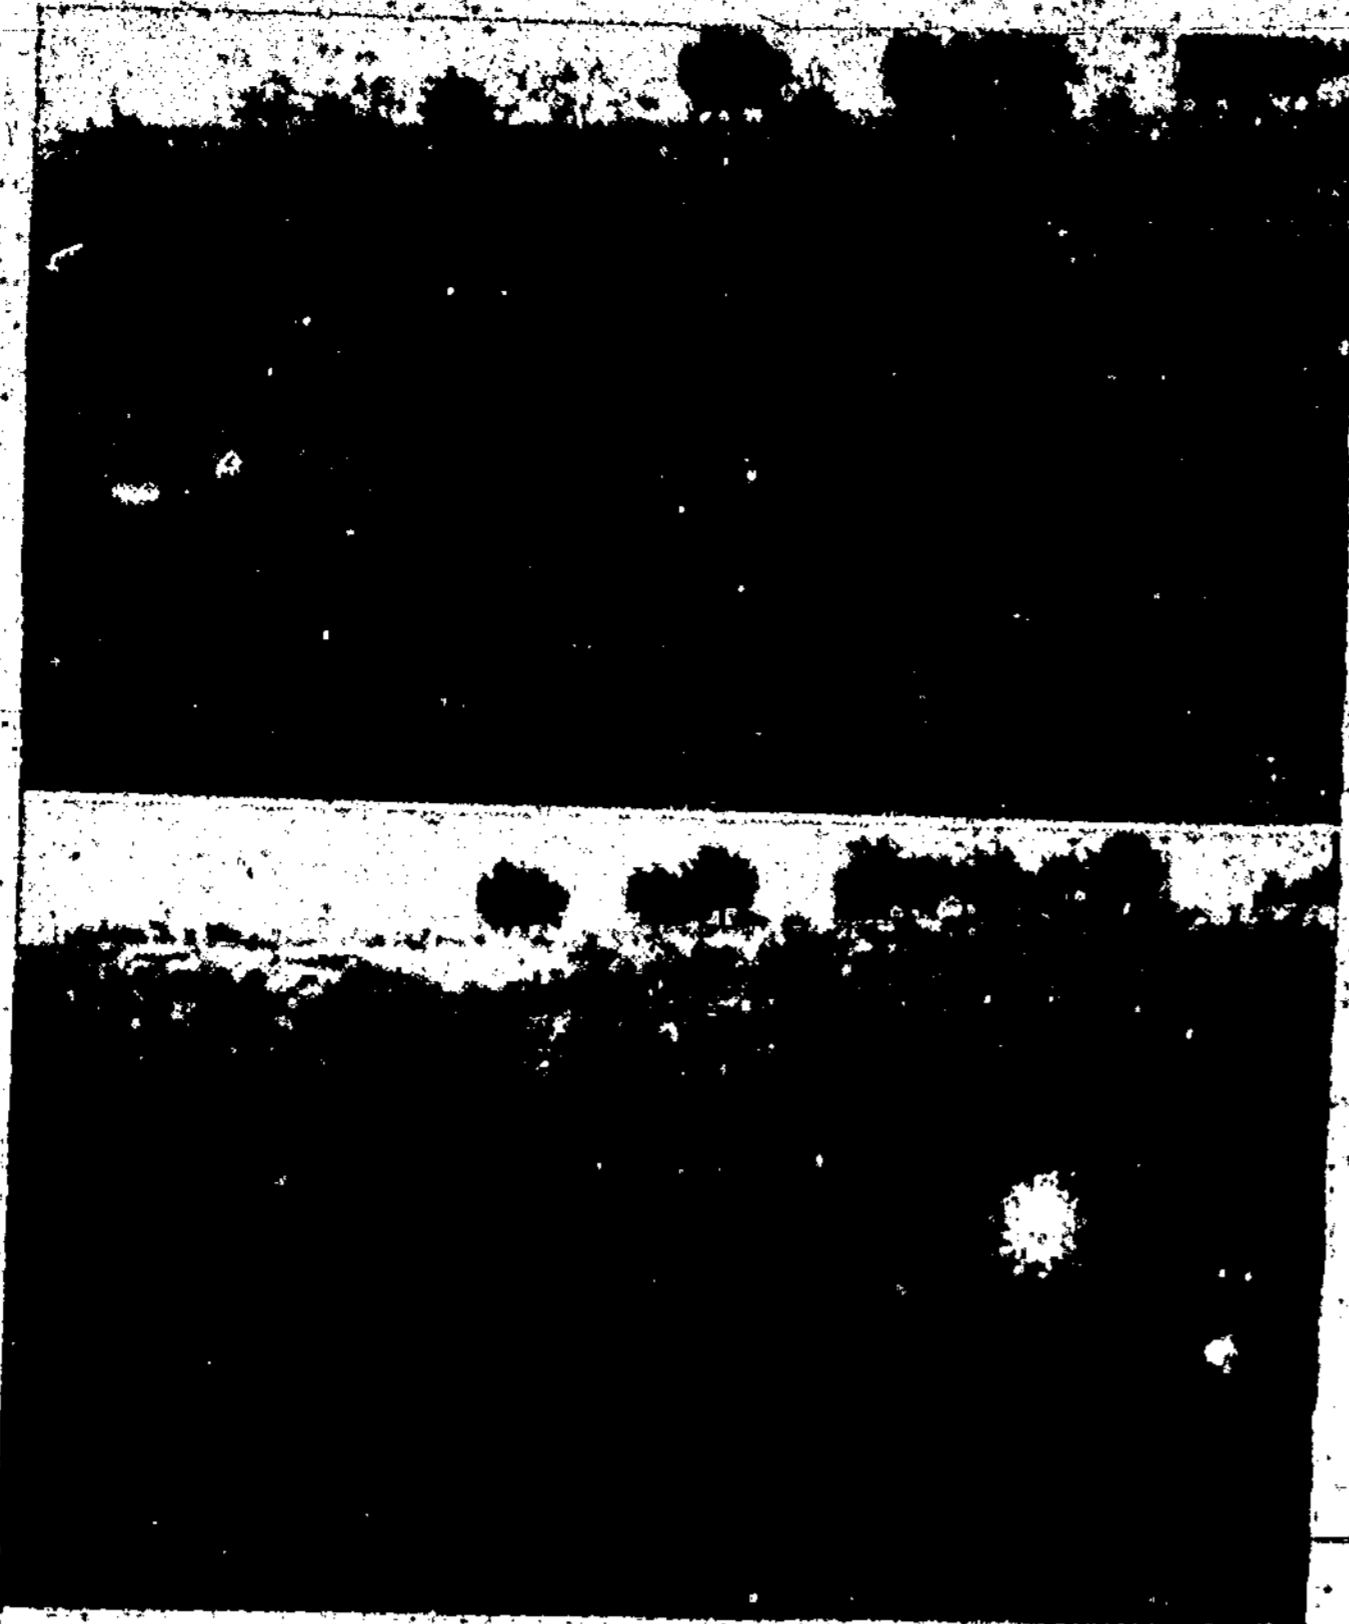

**IT'S UP TO YOU, FOLKS!**

**PREVENT FOREST FIRES!**

America's Choice . . .

**CONSERVE OR PERISH**

**STOP!** America is only six inches from becoming a desert—six inches straight down! The top soil on which we depend for food and clothing is now only a half-foot thick on the average. Every day we lose enough of this precious top soil to cover 200,000-acre farms. Wind steals it. Water runs off with it. Each year we lose three billion tons. Every year we get a little closer to the desert below.

**LOOK!** Soil erosion is eating away our farm lands. Almost 300 million acres of land are already ruined. Nearly a billion acres of our country is "sick land."

**LISTEN!** The United States is in danger of becoming a "have-not" nation. Eighty per cent of our timber has been cut. Our mineral resources are being exhausted. Eighty-five per cent of our useful wild game has disappeared. Our fisheries are half gone.

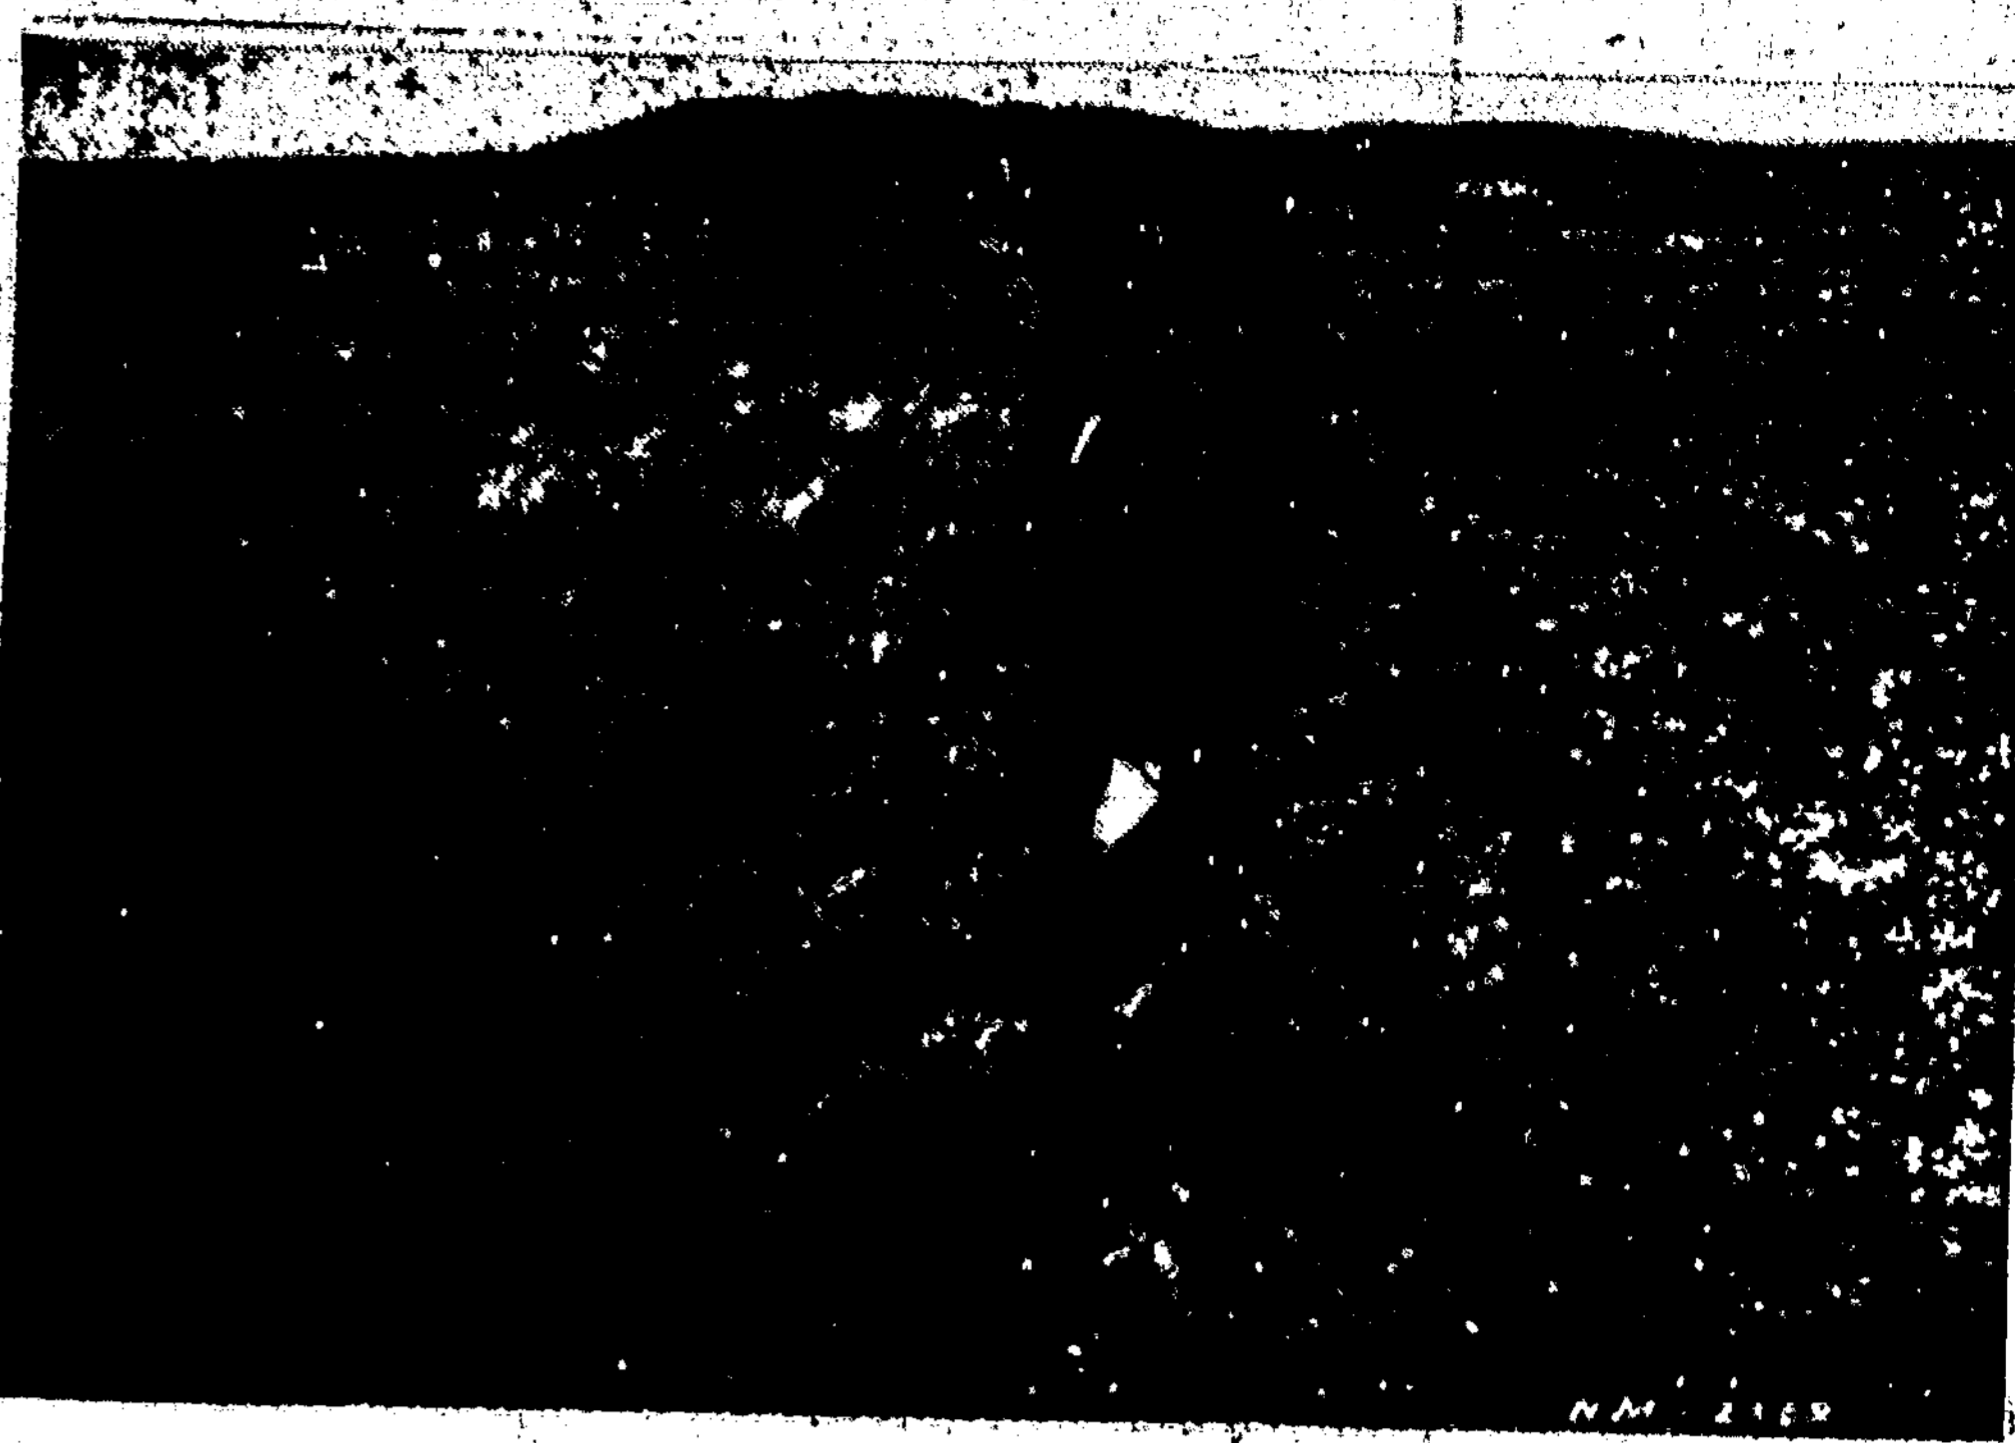

**ACT!** Let's stop this wanton destruction of our basic resource—the SOIL. See your Soil Conservation District representative about a complete soil conservation program for your land.

**Harkey Lumber Co.**

Carrizozo

**GRASS RESERVES ARE LIKE MONEY IN THE BANK**

The grass on the left of this fence has been moderately grazed. The stand is heavy and vigorous. When drouth comes and grass growth is retarded, this rancher has a reserve which can be used without damaging his range. The range to the right of the fence has been grazed heavily. The good grasses are being replaced by the less palatable species, and the soil can be damaged by erosion. Soil Conservation Service range specialists are assisting ranchers in establishing proper range management programs on their land.

**Do You Want THIS**

**or THIS**

**The Better We Produce the Better We Live**

**SOIL IS THE GREATEST PRODUCTION PLANT IN THE WORLD**

When a manufacturer fails to keep his machinery in condition to be operated efficiently, his plant soon becomes rundown and production declines. His profits decline and he is likely to face bankruptcy during a business slump.

The farmer also is a producer and can face a similar situation. The SOIL is his manufacturing plant. If he fails to follow soil and water conservation practices which will keep his land in good condition, his production is certain to decline. The farmer, too may meet with financial disaster.

**WE ALL HAVE A STAKE IN THE LAND—LET'S WORK TO CONSERVE OUR SOIL**

See the supervisors of your Soil Conservation District or the representative of the Soil Conservation Service in your area about a complete soil and water conservation program for your land.

**ANCHO**

By ALLIE SNODGRASS  
Mr. and Mrs. Everett Erickson of El Paso and Mrs. Fern Stewart of Albuquerque are guests of Mrs. Jack Silver.

Jerry Delaney and George Hrazdek were in Colorado last weekend on business.

The Presbyterian Auxiliary met at the schoolhouse last Friday afternoon with Mrs. Levene Snodgrass as hostess.

Highway 51 between Carrizozo and Corona was practically impassable the first of this week on the heavy rainfall. Wednesday's sunshine helped the drying out process but motorists report the road is now so rough that ravel over it is a hazard.

Legals

**IN THE PROBATE COURT STATE OF NEW MEXICO, COUNTY OF LINCOLN.** ss. IN THE MATTER OF THE LAST WILL AND TESTAMENT OF HELENA A. COE, De. No. 774

HELENA A. COE, De. )  
sealed.

NOTICE OF HEARING UPON FINAL REPORT AND ACCOUNT OF EXECUTORS

STATE OF NEW MEXICO, TO: Sydney Coe Bonnell, Anne E. Winforth, Winnifred Coe Hunt,

Wilbur F. Coe, Edith Boyce Rippey, Helena C. Lucas, now Helena Z. LaMay, Orilla Casper, Edwin Bonnell, Albert Bonnell, Lee Bonnell, Mary Broecke, Annie Millie Ethel Hart, Ralph A. Bonnell, Louise E. Coe, Pearl Bonnell, and Nellie Ruth Lucas, and to all unknown heirs of Helena A. Coe, deceased, and to all unknown persons claiming any lien upon or right, title, or interest in or to the estate of said decedent.

GREETINGS:

NOTICE IS HEREBY GIVEN that Wilbur F. Coe and Sydney Coe Bonnell have filed their final Report and Account as Executors of the Estate of Helena A. Coe, deceased, together with their petition praying for their discharge; that the Honorable Eldero Chavez, Probate Judge of Lincoln County, New Mexico, has set Thursday, the 6th day of November, 1952, at the hour of 10:00 o'clock A. M., at the Court Room of the Probate Court at Carrizozo, Lincoln County, New Mexico, as the day, time and place for hearing objections, if any there be, to the final report and account; that at the said time and place the Probate Court will conduct said final Report and Account and will proceed to determine the heirship of said Helena A. Coe, deceased, the ownership of her estate, and the interest of each respective claimant hereof or thereon, and the persons entitled to distribution thereof.

The name and address of the Attorneys for the Executors is BRENTON & HALL, Carrizozo, New Mexico.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of the Probate Court on this the 10th day of September, 1952.  
J. G. MOORE,  
Probate Clerk.

**CORONA**

By MRS. A. E. MUIKLEY  
Corona was about the muddiest place in the world first of this week. After a couple of days rain, cars were stuck in the mud in all directions. School buses were late and several failed to get in at all Monday.

Juan Ulabarri of Redwood City, Calif., was visiting old friends here last week. Juan and his twin brother, Joe, were former residents of Corona, and were pupils of Mrs. Callie Franks and Miss Donnie Franks in 1910-11. Juan stopped to see his former school teachers, Ignacio Flores, the Montoya family, and others, and later went to Carrizozo to visit relatives.

Mary Flores, 7-year-old daughter of Mr. and Mrs. Ignacio Flores, suffered a serious head injury one day last week when a heavy plank which was leaning against her barn fell, striking her on the head.

Mr. and Mrs. H. M. Green made a business trip to Carrizozo last week, returning by way of White Oaks and the Jicarilla Mountains where they stopped and picked up samples of ore at several old mines.

Mr. and Mrs. Weyman Mays were given a bridal shower at the Corona Presbyterian Church recreation room Monday evening Sept. 22. They received many lovely and useful gifts. Mrs. Mays is the former Miss Sue Davidson. Here is the address of one of Corona's well known boys who is in the service. He would like to get letters from his friends and former classmates, A-3C, Candido Tafuya, A. E. (18412205) 30 29th Main Sdn., Moody Air Force Base, Valdosta, Georgia.

The Corona football team was defeated in a hard fought game by the Larver and factor team from Vaughn Friday, Sept. 19. The score was 27-0. A large number of people were here from Vaughn, including the Vaughn School Band.

Mr. and Mrs. O. E. Burns have a new baby girl, Elizabeth Ann, born Thursday, Sept. 18, at the Carrizozo hospital.

Mrs. Jack Davidson was called to Tucson, Ariz., first of this week because of the serious illness of her brother, Richard Killinger worth.

There was trouble somewhere on our REA lines first of this week (or at the plant at Willard). Lights were out all over town from about 7 to 7:30 P. M. Sunday.

Mrs. Earl Brooks and a daughter from Lubbock, Texas, are here this week trying to find someone to harvest beans. Their farm is about eight miles west of Corona. Brooks is employed as custodian for the new parking lot of the National Bank in Lubbock.

Mr. and Mrs. R. L. Sharp gave a party Friday night, after the picture show at the school gymnasium, for the benefit of members of the football team and their girl friends.

Joe Jaramillo Jr. is home from the Navy, on leave visiting home folks this week.

Mr. and Mrs. Bea Yancey were here over the weekend visiting

his mother, Mrs. Annie Yancey, and his brother, Roy, and family. There will be a revival at the Corona Baptist Church beginning Oct. 3. Russell Barber will be the evangelist. Services will be at 10 A. M. and 7:30 P. M. each day. The Estancia Valley Baptist Association meeting was held Thursday (yesterday) at the Corona Baptist Church.

Mr. and Mrs. Ernest Yandell and family were called to Alamogordo Tuesday following the death of an uncle of Mrs. Yandell's, C. L. Clark and M. R. Weeks, who work for the Southern Pacific Company, have been transferred to Carrizozo.

Gene Tomm, W. M. Heim, J. M. Cloud and J. G. Elliott are doing some prospecting and mining at Lordsburg and Deming. They are expected at Corona the last of this week.

Ruidoso's Warriors chalked up the first marker for their smashing defeat, 33-6, of the Roswell High School football team Sept. 11 in the first two minutes of play. The Warriors, in their first game of the season, recovered from a 75-yard punt return by the opposition.

—up to 1,200 pounds more!

THIS new GMC 145 H.P. Highway Tractor—the 472-30, will pack more payload and profit into 45,000 pounds of gross capacity than any similarly equipped middleweight built.

It represents new advances in truck engineering that eliminate useless weight in engine and chassis design. Result: You can haul as much as 1,200 pounds of bonus payload without exceeding this GMC's rated capacity by an ounce!

It is both trim and solid—engineered with the same traditional ruggedness you find in the largest GMC's. Available in conventional and sub-over-engine models. Standard equipment at no extra cost includes GMC's great new 145 H.P. engine, full air brakes, and husky rear axle rated to accommodate 10:00/20 tires.

Come in today and compare this sensational GMC 470's payload, power and price! Nowhere else will so little buy so much in a middleweight truck!

FACTS that are worth your attention: 145 H.P. engine—powerful, proven by the revolutionary new GMC "362" V-8's—12-cylinder engine, most powerful for its weight in truck history! Rated 7.2 high speed potential!
