NOGAL COUPLE CELEBRATE THEIR 50TH ANNIVERSARY

Mr. and Mrs. A. H. Aguayo, pioneer couple of Lincoln County, celebrated their fiftieth wedding anniversary Sunday, June 14.

All of the children of Mr. and Mrs. Aguayo—six sons and three daughters—came home for the happy occasion; some traveling from distant places.

Mr. and Mrs. Aguayo were married in Roswell June 14, 1903. The bride, Eda Sheppard, was the daughter of Mr. and Mrs. W. A. Sheppard of Medina, Texas.

Flowers in season decorated the living room of the Aguayo home, and the punch table, centerpiece of which was a beautiful three-tiered wedding cake.

Mr. and Mrs. Aguayo were the recipients of many beautiful and useful gifts from their family, including a refrigerator and a hearing aid for Mr. Aguayo.

Sunday was a beautiful day in Nogal and as the family and guests gathered outside on the shaded lawn, Rev. H. T. Ray of Carrizozo spoke a prayer, touching upon the highlights of the couple's long life together.

Movies of the day's events were taken by Hiram Brimberry, a son-in-law, of Odeasa, Texas.

Mr. and Mrs. Aguayo have 17 grandchildren and five great-grandchildren, a number of whom were present.

The three daughters and their husbands are Mr. and Mrs. L. N. Bell of Brandon, Colo.; Mr. and Mrs. Hiram Brimberry of Odeasa; Mr. and Mrs. John T. Heiry Jr. of Redwood City.

Out-of-town guests were Mr. and Mrs. John T. Heiry Sr., of Redwood City; Mr. and Mrs. Ralph Treat Sr. and Mr. and Mrs. Ralph Treat Jr. of El Paso; Mr. and Mrs. E. V. Abeyta and Mr. and Mrs. Ernest Vernon Abeyta, of Albuquerque; Mrs. Sara Fisher and Mrs. Eddie Grant of El Paso.

State to Reactivate Fort Stanton Hospital

Sen. J. G. Moore Urges Acquisition of Land

The State Welfare Service this week was moving swiftly to put Fort Stanton back on an operating basis by July 1.

In possession of the hospital facilities, at least on a temporary basis, Welfare Director Alva Simpson, arrived this week to make arrangements for moving patients in the first day of next month.

Sen. J. G. Moore, who conferred with Mr. Simpson in Carrizozo this week, predicted that the hospital will be filled to its capacity of 242 beds within 30 days.

"It appears now," he continued, "that the efforts of a few people to secure this valuable land from the government was the original cause of the order to close the Fort Stanton hospital issued last August and later rescinded upon the urgent request of Senator Dennis Chavez who was then campaigning for re-election.

"Anyone in Lincoln County knows that the appraisal quoted in the press of a value of \$250 per acre is ridiculous. This is some of the finest ranching land in New Mexico and is worth at least \$20 an acre.

The copy of Sen. Moore's telegram to Gov. Mechem follows: "Urge that you make every effort to secure for New Mexico all the ranch lands and uncontracted cattle in connection with the Fort Stanton Hospital. This hospital has full facilities for dairying and slaughtering and this land will be of tremendous value to the hospital operation.

Funeral Services for Mr. and Mrs. Ed Bonnell

Funeral services for Edwin Lewis Bonnell, 43, and his wife, Pearl Smith Bonnell, 48, were conducted Sunday afternoon at the Bonnell Ranch in Glencoe.

Mr. Bonnell first took his wife's life, then his own, in a tragic shooting affair at his ranch last Thursday. The only explanation for the act was a mood of despondency to which he had been subject since a near fatal auto accident a year ago Christmas.

Edwin Lewis Bonnell was born in Glencoe and attended the local school, graduating from Hondo High School. Mrs. Bonnell was born in Missouri. The couple were married in 1938 and had made their home in Glencoe where he was engaged in ranching.

Surviving Mrs. Bonnell is Mrs. Hazel Forsee of Los Angeles, a sister; also two sisters in Missouri and a brother in California.

Judge Hensley Issues Judgment and Decree in Ruidoso Water Case

A judgment and decree were issued June 15 by Judge E. T. Hensley Jr. of Portales in the matter of the Ruidoso Water Users Association vs. the Village of Ruidoso.

Daniel R. Brenton and Frank C. Boyce represented the plaintiffs, Elger E. Miller, Henry Hiale, Juan Montes and E. W. Breesee, also the Ruidoso Water Users Association and its president J. V. Tully.

George Zimmerman represented the Village of Ruidoso, defendant in the action. In addition to reaffirming previous stipulations between the parties in the suit, the decree set forth:

A two-thirds majority of those casting ballots will be necessary for the bond election to succeed.

WILL HARRISON'S Inside the Capital

SANTA FE, June 16.—Followers of Pat Hurley, senatorial contesting Republican, are straining everything they have to keep his challenge alive after the completion of the investigation and recount of Bernalillo county.

They fear if the big county, which represents some 20 per cent of all the votes in the State, does not yield a substantial gain for Hurley, the Senate will cut off money for any further recounting.

The tiny dribble of information that is leaking from the locked door counting room reveals that only a small number of unregistered voters—4 or 5 to the box—are being found. However, the checkers are also turning up a small number of fraudulent votes which could be the basis for action throwing out entire precincts. It's something like this that the Hurleyites are hoping for.

For instance, they found one woman listed as having voted who gave a sworn affidavit that she did not vote, another who swore that a ballot was brought to her home where she marked it and handed it back to the messenger.

Senate Democrats are ready to pounce on the contest as a waste of money if Bernalillo fails to show a substantial gain for Hurley, and they could make it stick. The Hurley people are shooting at a gain of 300 to 500 in the county which they think will be enough to continue the contest into more fruitful counties. Hurley needs 5,400 votes to overcome the lead held by Sen. Dennis Chavez.

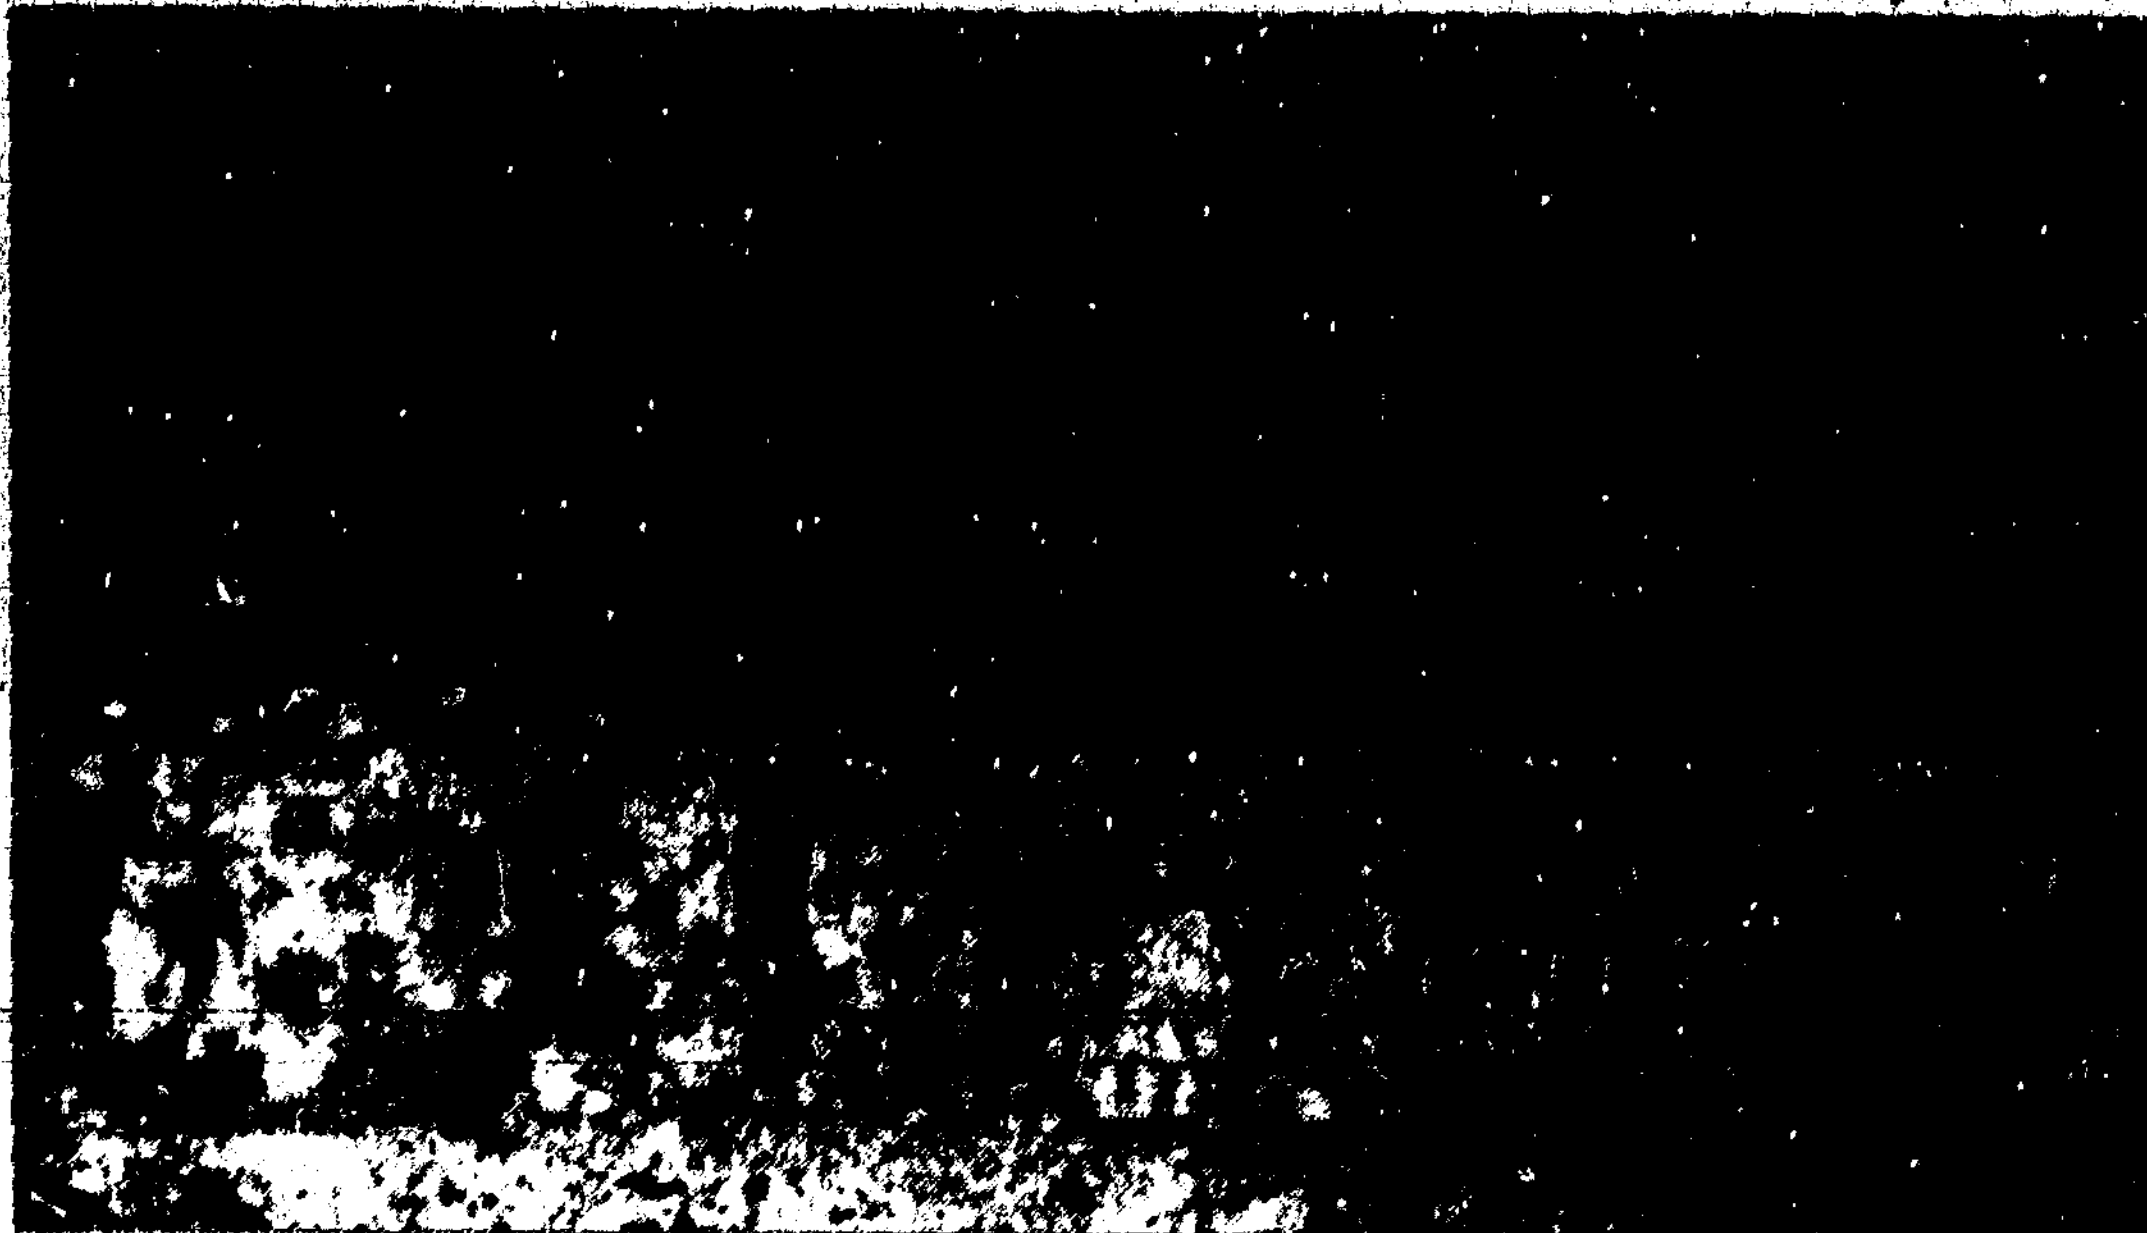

ELECTION RECOUNT "WASTE OF MONEY" CHAVEZ SAYS: The \$75,000 voted in the Senate recently to pay for the Senate election contest in New Mexico might better have gone into worthwhile public works and governmental activities in New Mexico which have suffered curtailment in recent weeks, Senator Dennis Chavez said in a release to the press from his office in Washington. He continued:

"I still feel that it is a complete waste of money to recount in New Mexico after honest Republican and Democratic election officials had counted, and after, at the request of Hurley, a recount was made in the State wherein he actually lost votes. Nevertheless, the Senate subcommittee asked for the recount, and those expenses will have to be paid."

Forest Service Pleads "Be Careful With Fire"

"Be careful with fires in the forest" is the plea of the U. S. Department of Agriculture's Forest Service, as the spring season starts and an increasing number of recreationists start using the national forests.

During 1952, Forest Service fire fighting crews suppressed a total of 11,963 fires. Of these, 7021 were caused by man. Smokers caused 2391 through careless flipping of cigarette butts and matches and through knocking out pipe ashes; 1580 fires were deliberately set; 841 started when campfires were not put out; 733 were the result of trash fires which got away, and other miscellaneous causes.

To prevent forest fires the Forest Service urges people to

break matches in two before discarding; crush out cigarettes in mineral soil or rock if they are on a trail, or to use their automobile ash trays if they are driving through the forests; make sure campfires are dead, and to burn trash only early in the morning, in the evening or when the ground is wet.

NEW ALAMO TEST WELLS INDICATE GOOD SUPPLY
ALAMOGORDO — Two test wells, drilled to 250-foot levels south of here on leased location appear to offer water for the domestic system in good quantity and quality, according to B. E. Rutz, city manager. Mr. Rutz said last week that on the strength of tests made it is hoped to bring in a well that will produce about 1,000 gals. per minute, of nearly a million and a half gallons daily.

Barney Luck Leaves Alto

By DOROTHY GUCK

Mr. and Mrs. B. L. Luck, who came to Lincoln County from Arkansas in 1917, have been forced to sell their property at Alto, due to Mr. Luck's ill health. They ran the post office and general merchandise store there and farmed land leased from the S. P.

Barney has suffered some heart attacks and was advised by his physician to move to sea level. At present he is in El Paso, but expects to move to San Diego, Calif., giving up his rigorous mountain life to "take it easy" for all the years to come. The Lucks have rightly earned a place in the sun, and though we hate to lose them, here's hoping the best for a future of happiness.

Barney has successfully farmed the land at Alto, keeping a dairy herd and growing fruit and garden crops each year. He was postmaster from 1922 to 1942, when Mrs. Luck took the job and Barney became assistant postmaster to allow more time for the positions he held with the Forest Service as fire guard, trail foreman and CCC foreman. He also worked as security guard at the German prisoner of war camp at Fort Stanton and for the Biological Survey and Fish and Wild Life Services.

Mr. and Mrs. P. B. Lindamood, who have a home near Alto, will run the store and post office. Mrs. Lindamood is the former Eileen Haley, daughter of the former News publisher, Herbert Leo Traylor has purchased the home and lease. His family lived near Alto and his wife, Alice Hubbard, was the daughter of the operator of the Silver Plume mine.

Mr. Traylor taught school at Angus and for several years has been teaching in La Luz. He is attending State College at present and plans to move with his three children to the Alto home within the next year.

Probably no couple took more active interest in the affairs of Lincoln County than Mr. and Mrs. Luck. They were instrumental in securing the first school bus from Alto to Capitlan, and they worked vigorously for better roads, schools, and other improvements. Mrs. Luck, the former Rebecca McMillin, made

a home for her six children, for Mrs. Luck's father (he passed away a few years ago), and for his mother, Mrs. Callicott.

Barney served for several years on the Capitlan School Board. He always acted as auctioneer at the many picnics that formerly were held for charitable purposes. Though soft-spoken and with a ready smile, Barney was a pugnacious fellow in his younger days, and a hard worker for all that was honest and good.

He has persisted in all kinds of weather to answer any call the Forest Service made on him. His very active interest in politics in the county made the store at Alto a favorite stopping place.

The Alto store is located at the turn in the road that goes to Monjeau Lookout. To the many tourists that traveled his way, Barney gave the helpful word of advice or direction, and cheerfully aided those with car trouble or in other difficulties. On the road from Ruidoso, which Barney Jr. claims is at times "Neither passable, or jackassable," Barney Sr. "lived in a house by the side of the road and was a friend to man."

The Lucks have one son, Sonny, who worked as Monjeau lookout for 11 years. He is now living in San Diego. They have five daughters: Mrs. Ben England (Grace) of Oklahoma City; Mrs. Bill Mayer (Hazel) of Clovis; Mrs. Jerry Pearce (Tiny) of El Paso; Mrs. Cullen Shipper (Mary Lou) of Ozark, Ala.; and Reba Jean Luck of Fort Stanton.

Rev. GEORGE BOENNIGHAUSEN, pastor of St. Rita's Catholic Church in Carrizozo, was honored recently by a full page write-up in the "New Mexico Register." Excerpts of the article are printed below and a long list of accomplishments show why Father George is so highly regarded in the councils of the church.

On February 12, 1911, a son was born to Mr. and Mrs. Ben Boennighausen in St. Louis, Mo. This son was their third child and was given the name—St. George. His early education was entirely at St. Agatha's school in South St. Louis. He was graduated from St. Agatha's school in 1924.

He enrolled in the Old Kenrick high school and was graduated from the commercial course in 1927 and in the fall of that year entered the St. Louis preparatory seminary. Graduating in 1933, he then entered the philosophy department of Kenrick seminary.

After finishing his philosophy course he studied theology for a year and then for reasons of health transferred to St. Thomas seminary in Denver.

It was during his philosophy course that he was accepted as a student for the priesthood in the Archdiocese of Santa Fe by the late Archbishop Gerken. The young student attended St. Thomas seminary for four years of theology.

On May 2, 1940, he was ordained to the holy priesthood by the Most Rev. Sydney M. Metzger, who at that time was Auxiliary of Santa Fe and is now Bishop of El Paso. The ordination took place at Montezuma seminary in Las Vegas.

Father George began his labors in the Archdiocese of Santa Fe. In order, his appointments have been the Sacred Heart Church in Albuquerque, Our Lady of Guad-

alupe church in Taos, the parish church in Mora, first pastor and organizer of a new parish at Holman, St. Anthony parish in Pecos, Our Lady of Guadalupe parish in Villa Nueva, and then to his present pastorate in Lincoln County.

When Father George arrived in Carrizozo he found a new church under construction in Capitlan. For some reason the work was at a standstill. Since the old chapel was in danger of collapsing, Father at once reorganized the people and the new church was completed. Work on the Hondo church was also completed.

Then he started thinking in earnest about a new church in Carrizozo. His first move was to organize "St. Rita's Builders' club" to raise the necessary funds. The result is that construction on the new church and rectory will get under way in the near future.

Father George's great interest is in the youth, especially in the school children. This is shown by the fact that in every parish he has been there is now a parish school.

In his study in Carrizozo there is a picture of a priest on horseback. A close look showed it to be Father himself in a posed picture that appeared in "Life" magazine several years ago. The story connected with the picture is that when Father George was in Holman he was frequently called to administer to the sick in the middle of winter. Often

these calls were when the ground was covered by several inches of snow or the roads were impassable by car and the only means of transportation to the sick person was by four-footed horsepower. Getting someone to lend him a horse often caused long delays. Father, therefore, bought his own horse and was always prepared to go on sick calls, day or night, in any kind of weather.

Publication Describes Yucca Production

Production and uses of yucca, considered to be one of the most valuable plants of the southwestern deserts to conserve soil and water and to provide food and shelter for livestock, are discussed in Agriculture Monograph No. 17, just published by the U. S. Dept. of Agriculture. It is available through the Superintendent of Documents, Government Printing Office, Washington 25, D. C., at 50¢ a copy.

The leaves of most species of yucca are long and slender and furnish a fiber that is suitable for manufacturing binder twine and rope that does not require great strength. During World War II one species of the plant (Y. glauca) was harvested in New Mexico and shipped east, where it was made into special heavy paper for the Navy.

Mexico & U. S. Report

Hoof & Mouth Disease Outbreak Under Control

The U. S. Department of Agriculture reports that no spread of Foot-and-Mouth disease has been found beyond the inner quarantine zone established Saturday, May 23, when the disease was diagnosed. Intensive inspection by Mexican and U. S. veterinarians has turned up about 700 infected or exposed animals in the original or exposed herds. Eradication activities are progressing on schedule.

The inner quarantine zone is a circular area with a radius of about 12 miles in diameter. An outer zone, with a radius of 30 miles, also has been quarantined, with thorough inspection of all susceptible animals. No infection has been found in the secondary zone.

The majority of a staff of about 100 Mexican and American technicians, all veterinarians of the previous program to eradicate the disease in Mexico, will continue intensive daily inspection in both the inner and outer quarantine zones for an extended period.

The May 23 appearance of the disease was the first in Mexico since August 1951. The present outbreak is near the town of Gutierrez Zamora in Vera Cruz. Eradication measures are being carried out by the Mexican and United States commission for the prevention of Foot-and-Mouth disease.

LINCOLN NEWS

By MRS. J. E. PHILLIPS

Annece Yarbrough returned Sunday from Girls' State, where 191 girls gathered from over New Mexico at the University in Albuquerque, to learn something of city, county and state government. The girls heard many interesting and instructive lectures about government and the purpose of political parties.

The group was divided into political parties, candidates for various offices were chosen, campaign speeches made and an election was held—just as at the New Mexico polls.

In addition to this, they had a lot of fun — music, scrapbook and newspaper work and recreation of various sorts for all to enjoy.

Girls State is a wonderful experience, Annece says, "not only for what you learn, but because of all the wonderful girls you meet and the lasting friendships formed."

The Rosalio Marquez family went to Roswell last Saturday to visit Mrs. Marquez's aunt.

On Sunday, Mrs. Marquez's brother, Fred Herrera, who works at the Diamond A, came to visit them.

Mrs. Marto Benaldez is visiting her daughter in Roswell.

There has been much excitement in Lincoln this week. Ray Taylor drilled a new well for Edward Penfield.

Mrs. Esmel Salas left last week to attend summer school in Las Cruces and Mrs. Rafaela Pryor left for Albuquerque, also to attend summer school.

Ronnie Phillips of Roswell is up visiting his grandparents. He is learning to be a cowboy.

Judy LaMay is spending a few days with Mrs. Maggie Pflingsten.

We were all rather unhappy last week when Bert Pflingsten was injured in a fall from a load of pipe atop a truck. We're all hoping for a speedy recovery.

Mrs. Jewel McMichael, who has been visiting her sister, Mrs. Annie Ramey, for about ten days leaves tomorrow for Oklahoma City, where she will meet her husband. Together they will visit their sons before returning to their home in Fort Worth.

Emma Zamora and children left last week with Emma's sister to make their home in San Francisco.

Looks like several more of our neighbors are going to move away. We don't like it, but those who move in to take their places will find a ready welcome in Lincoln.

Chester Womack of Albuquerque came over to visit with the Hubberts and Kameys last week-end, and took his family who had spent a week here, home with him.

Roy LaMay and Fred Pflingsten have been doing some work down the way—plowing and repairing lanes with the Caterpillar.

Little Jean Zamora of Albuquerque is still here and continuing to make friends with her sweet little smile.

Mr. and Mrs. H. T. Yarbrough and Steve spent several days
