

RAMBLIN' AROUND

By PAUL BAKER

Now that the status of Fort Stanton is assured under State ownership, there is another important matter pending which vitally affects the welfare of Lincoln County.

"I regret to inform you that we will not be able to discuss sale or lease of our Bonito water system with prospective purchasers, lessees, etc., until such time as the Villages of Vaughn and Corona, who presently are dependent upon Bonito waters for domestic use, obtain their own independent domestic supply.

"No commitments have been made to any municipalities, associations or individuals and you may rest assured that we will get in touch with you at the proper time."

The Southern Pacific is perfectly correct in taking the position that the communities dependent upon Bonito water must be taken care of before any move is made to dispose of the system.

Circulars were distributed in Carrizozo the first of this week advising all residents to boil their drinking water during the period of hot weather as a safeguard against gastro-intestinal disorders.

Chlorination of Carrizozo water has been stepped up by the Southern Pacific and the most recent test shows it to be free of contamination as it enters the mains.

A trip to Pine Lodge over the holiday convinced me of two things (1) Lincoln County has a fine recreation area in the Capitan Mountains;

The road north from Capitan through Encinoso, which is well traveled and is used by many ranchers, is in better condition, but it too needs improvement in many places.

The News received a letter this week from Alva A. Simpson Jr., State Director of the New Mexico Department of Public Welfare.

Suit Asks Definition Of Village Boundaries

A suit asking the court to define the legal village limits of Carrizozo has been filed in the Third Judicial District Court.

According to the complaint filed (V. Bell vs. Trustees of the Village of Carrizozo) "the dispute arises out of the matter of collecting gasoline taxes imposed by ordinances adopted by the municipality against the plaintiff. The defendant maintains that the place where gasoline is being sold and for which said the municipality is attempting to collect taxes from the plaintiff is within the outer boundaries of the municipality. The plaintiff contends that the place where the gasoline is being sold is not within the outer boundaries of the Village and therefore not subject to tax levies made by the municipality."

A second dispute to be placed before the court "arises out of ordinances adopted by the Village of Carrizozo which purport to ban livestock being kept within the village limits."

The plaintiff contends he is beyond the village limits.

State Trying to Iron Out Indian Patient Deal For Fort Stanton

SANTA FE (New Mexico Department of Public Welfare) — July 7—Governor Mechem and state welfare director Alva A. Simpson Jr., met with Allan G. Harper, Window Rock area director for the Indian Bureau, in Gallup at 10 a.m. today in an effort to speed up implementation of the contract for the care of 80 tuberculosis Indians at the Fort Stanton Medical Center.

"Although the contract has been approved by the Department of the Interior," Mr. Simpson is quoted as saying, "there appears to be red tape blocking the Indian Bureau's utilization of Fort Stanton facilities despite the fact that there are many hundreds of open cases of tuberculosis on the Navajo reservation in Arizona, New Mexico and Utah, and these people are in urgent need of hospital care."

The impasse confronting the state welfare director arose when assistant secretary of the Interior Orme Lewis wired on June 26 that the actual contract would have to be signed between the welfare department and the Window Rock director, Allen G. Harper. Later, Mr. Harper said he lacked authority to sign the TB contract.

Following the meeting of Gov. Mechem, Simpson and Harper in Gallup this morning, the State welfare director wired Orme Lewis asking him to expedite authority for signature of the contract.

Camp Meeting Opens July 15

Preparations were being completed this week for the opening next Wednesday of the Ranchmen's Camp Meeting on Nogal Mesa.

The Camp Meeting, widely attended in the past by people throughout the Southwest, again has the age-old appeal of worship, meditation, brotherhood and companionship in a beautiful outdoor setting.

The preachers this year will be Rev. Paul Gaston and Rev. Walter Willis, both of El Paso. Bill Lytle of Reserve will again lead the singing.

The first meal will be served about 5:30 p.m. on Wednesday, the 15th. The first service will be that evening at 7 p.m. Clean-up day on the grounds will be Monday, July 13.

The first Camp Meeting on Nogal Mesa was August 1, 1940. It was organized through the prayers and efforts of Everett King, Ralph Hall and Joe Evans and each year the founders have returned to the Mesa to take part in the services.

Ranchmen and others throughout Lincoln County have labored consistently throughout the years with donations of food and services to perpetuate the meetings for the spiritual fellowship of people of all denominations.

Commissioners Call Meeting of Land Use Planning Committee

The Lincoln County Board of Commissioners have called a meeting of the Land Use Planning Committee for next Wednesday July 15.

The meeting will be held at 10 o'clock in the Commissioners' room at the Court House.

At their regular meeting Monday the Commissioners granted the request of E. Y. Blaylock to repair the bridge on Mesa Road between Fort Stanton and Alto.

Dist. Atty. C. C. Chase reported that no reply had been received as yet from the State Attorney General's office for an opinion on the legality of loaning \$10,000 to Ruidoso to buy rights-of-way for Highway 70 construction through that Village.

The Commissioners made a field trip Tuesday to Pecos Canyon area, inspecting roads and interviewing ranchmen.

D. L. Marquez of Claunch has been engaged as a new employee in the road dept. The county's grader at the completion of work near Erramospe and Hightower ranches will be moved to San Patricio area, then work up toward Ruidoso.

Stetson Mourns Passing of Friendly Storekeeper

The Stetson community was shocked and saddened by the sudden death at 11 a.m., July 4, of E. F. Hart, the friendly storekeeper there.

Mr. Hart was born in Cook County, Texas, Dec. 25, 1875. In 1913, at Seminole, Texas, he was married to Rebecca Smith. They came to Stetson in 1924 and he had been in the grocery business there for more than 20 years.

He is survived by his wife and two sisters, Mrs. Ruth Elphick of Plainview, Texas, and Mrs. Nora Coltharp of Durango, Colo. There are no surviving children. Two nephews, Nolan Hart and W. A. Hart, are well known businessmen in Ruidoso.

Services were conducted at their home July 6, at 2 p.m. by David V. Payne, congregation servant of the Capitan congregation of Jehovah's Witnesses.

WILL HARRISON'S Inside The Capital

SANTA FE, July 7—New Mexico Republicans are wondering if the State has been committed to a political orphanage.

When the Demos went out last December New Mexico had two assistant secretaryships in the government (Bob McKinley of Santa Fe in the Interior Department and Ross Malone of Roswell in the Justice Department); had recently had Clint Anderson in the cabinet, and held all of the postoffices and federal appointments in New Mexico.

After six months the Republicans have managed to claim one job, that of U. S. Marshal, which went to George Beach of Albuquerque, and one postmaster-ship, Portales.

Of course there will be some other changes, but not like the recognition the State got from the Demos. There are three reasons:

The State is represented by a 100% Democratic delegation in Washington which is not going to bat for jobs for Republicans.

Gov. Ed Mechem can't make telling demands after going down to the last ballot voting against Eisenhower in the national convention.

State Republicans can't get together on what they want, being still divided on the old Taft-Ike issue, and sub-divided on the Pat Hurley contest issue.

TAFT, INDICTEES AND NAZI FLAG

Two Bernalillo politicians who were indicted for election fraud in Albuquerque in 1948 and never tried because the indictments were improperly drawn are working for the Senate contest committee counting votes and checking registrations. They are Bob Miller and Alonzo Gonzales. . . . Horace Dwight Taft, youngest of the senator's four sons, is working at Los Alamos as a scientist. He's a Yale student, will return to school next fall. . . . Dick Bokum has set the 17th of this month for closing the doors of the Southwestern Publishing Co., the firm that has been leading all the others in State printing. . . . Two dailies and 14 New Mexico weekly newspapers refuse to carry liquor ads. . . . State Land Commissioner Johnny Walker is keeping the Johnny Walker Book Co. alive under the management of B. A. Cook who does the selling while his wife works for the land office at \$400 a month. The company is a sales agency for supplying public offices with printed forms and binders. . . . There's a 40-foot Nazi flag hidden away, of all places, in Los Alamos. The owner, happily, happens to be a combat veteran who has no idea of unfurling the banner. Fact is, he's had a hard time keeping his wife from making curtains of the big linen rag. . . . Pat Hurley has until August 1, when the Congress is expected to adjourn, to get another appropriation to carry on his contest against Sen. Dennis Chavez. Republicans have promised to get him \$150,000 to carry on the contest until Congress meets again in January. Without the money the contest will fold in September. . . . State officials are trying to scheme some way to get around the requirement of filling the office of director of the health department with an M. D. They would prefer a non-medical business manager.

DEMOCRATS HAVE TOO MUCH MATERIAL

Democrats are wondering and worrying about having maybe too much material for that governor's race next year. At first it looked wonderful having so many fine prospects for the job and then it started looking grim with more and more joining the list. There's nothing that can split a party up so effectively as a big free-for-all fight for nominations.

Here's a partial list of those actually getting serious consideration in political conversations for the Demo nomination: Justice Cleve Compton of Clovis; Justice Iln McGhee of Roswell; Ross Malone of Roswell; Rep. LeRoy Wise of Lea; former State Highway Engineer Burton Dwyre of Santa Fe; District Attorney Paul Tackett of Albuquerque; John Simms Jr. of Albuquerque; State Sen. Calvin Horn of Albuquerque; J. R. Wrinkle of Silver City; Emory Wall of Elida; Ivan Hilton of Las Vegas; Attorney General Dick Robinson of Carlsbad; State Sen. Jess Richardson of Las Cruces; Highway Commissioner Tony Helmann of Mosquero; Sen. Clint Anderson (a lot of people think he wants to get out of Washington); Internal Revenue Collector Steve Vidal of Gallup.

The Republicans suffer no such glut of material. They would welcome some prospects.

Presented above is a scene from the Fort Stanton presentation ceremony last week, when the Federal Government turned the hospital over to the State of New Mexico. Front and center is Col. Carl J. Mackinnon, M. D., making his presentation speech. Others in the picture are (from left to right) Sen. J. G. Moore, Father Jules H. Malina, Mr. Mackinnon, James J. Scarsell, medical director; Alva A. Simpson, State director, Dept. of Public Welfare; Carl E. Conditson, M. D., of Alamogordo County Clerk James Earl Karsnow, and Archbishop Robert T. Davis. Several others not pictured were present.

THE NEW TABERNACLE, erected at the Ranchmen's Camp Meeting Grounds on Nagal Mesa, was built in 1940. It replaced tents formerly used for the devotional services. Built by the ranchers, the tabernacle has a concrete floor and sides that may be opened to the beautiful view or closed to ward off rain; a rostrum and pulpit of pine, and perfect acoustics throughout. The Ranchmen's Camp Meeting on the Mesa, first held in 1940, is interdenominational and has increased in popularity with the passing years. The Camp Meeting opens July 15.

LETTERS TO EDITOR

ANYONE SEEN TOBY?
Editor, News:
I'm a TB patient, transferred in January of this year from the Fort Stanton PHS Hospital to the U. S. Public Health Service Hospital, Ward 5W, 14th and Lake St., San Francisco, Calif. I'm here for a lung operation, expect it to be done some time during the coming week and had high hopes of returning to the Fort for the convalescent period.
While a patient at the Fort I had a little light tan dog (looks somewhat like a beagle-hound), classed probably as a mongrel. He responds to the name "Toby," has quite a long tail, stands about a foot high at the shoulders. He was born at the Fort about 3 years ago, is very alert, aggressive but friendly, quite smart and well behaved. At the time I left he still had a dog collar and license tag attached.
During the recent shuffle at Fort Stanton, I've been told thru the mail that Toby ran away, while in or near Lincoln, from some ex-patients who were decamping with him. This apparently took place about two weeks ago and, since I was told, have been writing some of the men at the Fort about him. I would like to correspond with whoever has seen Toby, or who has him. Undoubtedly there are some who may think this is a lot of fuss about one little dog, but I liked him a lot and hope to hear that he is being well kept and not running around homeless.

INDIANS NOT 'WARDS'
Editor, News:
The notion still widely held that American Indians are "wards of the Federal Government" has been disavowed by the courts in recent decisions as without any legal basis.
Indeed, the courts have ruled that Indian citizens of the U. S. are citizens of the State and the County in which they reside, and are entitled to all privileges of their citizenship.
The Association on American Indian Affairs, Inc., believes these decisions are milestones in Indian progress. The idea of Indian "wardship" arose in a misunderstanding of Justice Marshall's comment in 1821 that the status of an Indian tribe in relation to the United States RESEMBLES that of a ward to a guardian. Paternalism and administrative bureaucracy that built on Chief Justice Marshall's figure of speech are only now coming to an end.
As part of our public information service, the Association, at 48 East 26th Street, New York 26, New York, will be glad to send full information on this question to any reader of your paper who requests it.

Number 4 Empowers Commissioners to Fill Legislative Vacancies

(Voters of New Mexico will vote on 11 constitutional amendments next September 15. In this and subsequent issues the News will print the amendments and an explanation preceding the text of each. The material was prepared by Joe Wood at the request of Reps. Alvin Stockton.)

COMMENTS ON PROPOSED AMENDMENT No. 4

Filling Legislative Vacancies by Appointment.—House Joint Resolution No. 1 proposes to amend Article 4, Section 4, of our Constitution. This section provides the method of filling vacancies in the legislature. At the present time vacancies are to be filled by an election called by the governor. The proposed amendment would permit the county commissioners to fill vacancies in a legislative district consisting of only one county. If the legislative district consists of more than one county each board of commissioners of EACH COUNTY in the district is to submit one name to the governor and the governor is to make an appointment from that list.

TEXT OF PROPOSED AMENDMENT No. 4 (House Joint Resolution No. 1)

A JOINT RESOLUTION
Proposing an amendment to Article 4, Section 4, of the New Mexico Constitution, providing for the appointment of persons to fill vacancies occurring in the legislature and providing the procedure to be followed in filling such vacancies.
Be it resolved by the Legislature of the State of New Mexico:
Section 1. Article 4, Section 4 of the New Mexico Constitution is hereby amended to read as follows:
Members of the legislature shall be elected as follows:
Senators for the term of four years, and members of the house of representatives for the term of two years. They shall be elected on the day provided by law for holding the general election of state officers or representatives in Congress. If a vacancy occurs in the office of senator or member of the house of representatives, for any reason, the county commissioners of the county wherein the vacancy occurs shall fill such vacancy by appointment; provided, however, that if a vacancy occurs in a legislative district composed of more than one county, then the county commissioners of each county in the legislative district shall submit one name to the governor, who shall appoint the representative to fill such vacancy from the list of names so

Carrizozo WSCS Has Sponsored Texas Girl Through Public Schools

The Woman's Society of Christian Service of the Carrizozo Methodist Church was pleased to receive recently the announcement of the graduation of Ruby Alexander from high school at the Methodist Home in Waco, Texas.

The Carrizozo WSCS "adopted" Ruby when she was 3 years old and through gifts of clothes and money has been sponsoring her since that time.

Ruby's birthplace is Marshall, Texas. She was active in high school, being affiliated with the FHA, Newcomer's Club and the Chemistry Club.

The Methodist Home in Waco was undamaged by the recent tornado.

Ad to Buy Stockers Attracts Attention

A small advertisement appearing in the May issue of the New Mexico Stockman, placed by Col. Russell M. Higgins of the Rancho Ruchuelo of Carrizozo, seeking to "buy 100 to 150 Aberdeen-Angus" stockers, has attracted interest and comment from Angus breeders from throughout New Mexico and the southwest.
In today's buyers' market breeders considered the ad unusual. Many registered Angus men have remarked that "the Registered Angus market is holding steady to good, while other breeds have been taking a serious drop in recent months."
Col. Higgins, who recently added the adjoining Daniel Brenton R-Bar Ranch to his ranch operation, begins with four registered bulls and 100 two-year-old heifers and their first calves that he bought from Charlie Fronbarger of Fort Sumner.
Col. Higgins hopes to initiate an annual national registered Aberdeen-Angus sale within a few years and establish an annual field day. His ranch at present has 75 acres of alfalfa and two fruit orchards under irrigation. He also plans to develop several applications of modern range management, according to the June issue of the New Mexico Stockman.

submitted by the respective county commissioners.
Such legislative appointments as provided in this section shall be for a term ending on December 31, subsequent to the next succeeding general election.
Section 2. In the event of the passage and approval of this Resolution proposing the foregoing amendment, the same shall be submitted to the people at the next regular or special election held in the State after the adjournment of this legislature.

Traffic Fatalities Take Dip Over Holidays

If the traffic accident fatality rate had not been greatly reduced since 1925, some 612 New Mexico citizens would be losing their lives each year in highway accidents, according to Fred Linn, executive secretary of the New Mexico Petroleum Industries Committee.

His statement was made as part of a plea to motorists to drive carefully.

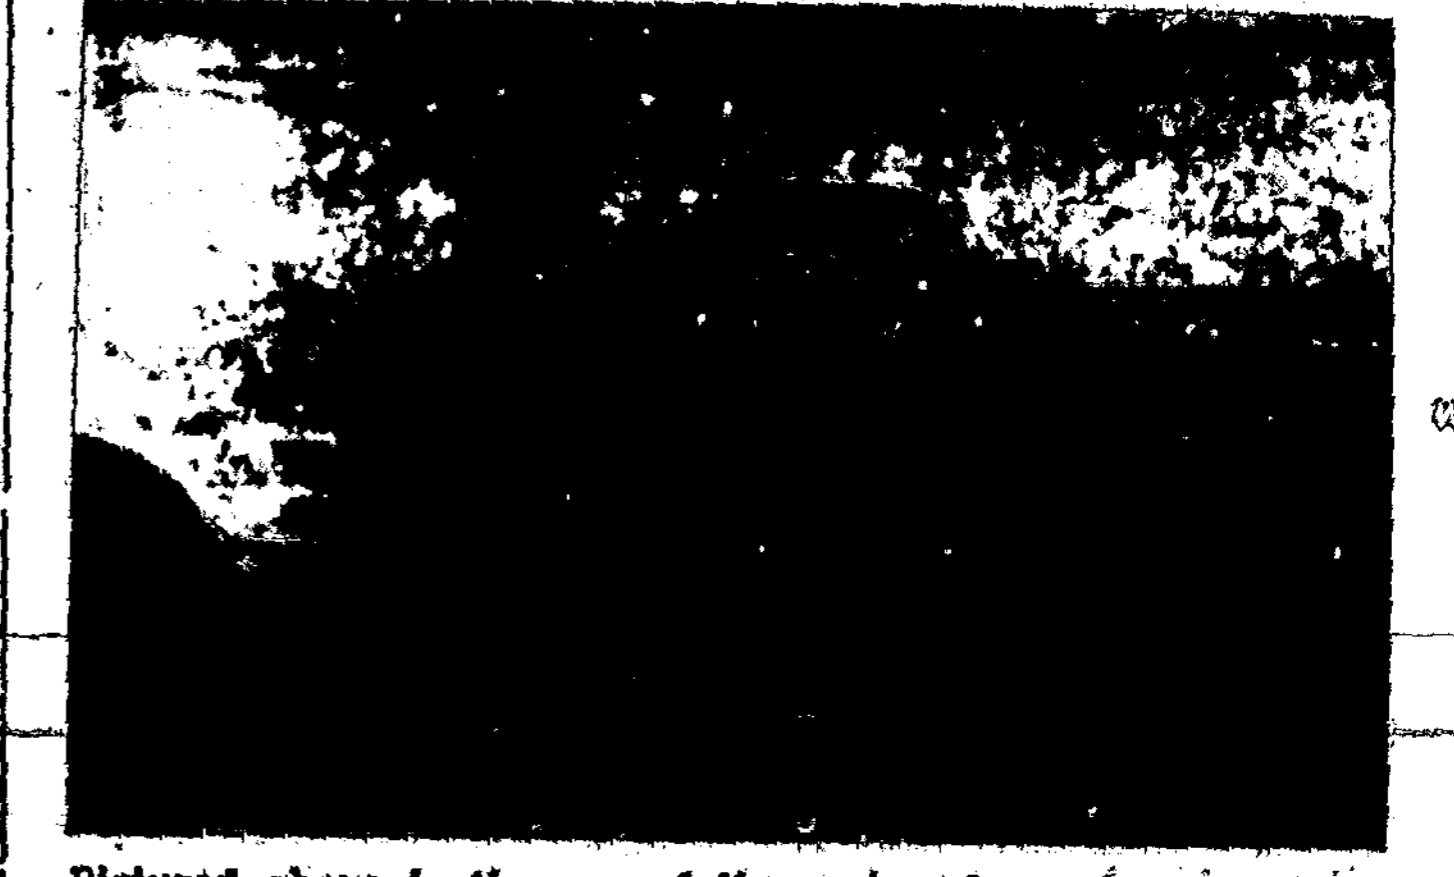

Linn said that in 1925 there were about 18 traffic deaths per 100,000,000 motor vehicle miles traveled in the nation, according to data compiled by the National Safety Council. By comparison the 1952 rate in New Mexico was about 11 deaths per 100,000,000 motor vehicle miles.

"Last year there were 373 traffic deaths in our state," he said. "That is a shocking figure. How-

... **IN NEW AND ADVANCED STYLING**—The new long, low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here you will see careful detailing and a richness of appointments always before found only in much costlier cars.

... **IN HIGH-POWERED PERFORMANCE**—The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide* brings you new high-compression power and a wonderful gain in economy, too. In gearshift motion you will find the advanced high-compression 194-h.p. "Turbo-King" engine.

... **IN SMOOTH, SIMPLE AUTOMATIC DRIVING**—Expect faster getaway with Powerglide's new automatic starting and parking range... and new economy, too. Chevrolet's new Power Steering* takes over 80 per cent of the work of steering, makes parking unbelievably easy.

... **IN ECONOMY AND VALUE**—Now, you'll get many more miles out of every gallon of gasoline. You'll save on wear-and-tear and upkeep, too. Yet Chevrolet remains the lowest-priced line in the low-price field.

... **IN AMERICA'S FAVOR**—Again this year—as in every single previous year—more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% ahead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on 1953 Chevrolet. See list of Chevrolet dealers. Power Steering available on 1953 Chevrolet.

FORT STANTON

By MRS. PERCY PARKER

Fort Stanton is certainly a different place this week with so many familiar faces missing. At night there are very few lights burning and with all the children gone, it's a lonesome place. Dr. and Mrs. Saler and girls were transferred to Manhattan Beach. They left Tuesday.

Dr. and Mrs. McLeroy and children left the Public Health Service and will go into private practice in Victoria, Texas. Dr. and Mrs. Miller have also left the service. They will be in Minnesota, where Dr. Miller will have a residency of two years.

W. H. Kruhmln, former patient at Fort Stanton, has been transferred to a hospital on the West Coast. His address is USPHS Hospital, San Francisco 13, Calif. Mr. and Mrs. Leo Payman and Nancy are moving to El Paso where Leo will be working.

Mr. and Mrs. Emmett Womack spent a few days in Texas and came home saying it is too hot there.

L. T. is home for a two weeks' furlough from the Navy. He will be going to sea soon.

Spiro left last week and he was quite unhappy. He said he misses all the boys (and who doesn't?)

Mr. and Mrs. Bill Brown transferred to Fort Worth, leaving Thursday. Billie Dale reports to the Army July 10.

Mr. and Mrs. Adolph Wilson left last Sunday and will make their home in Roswell. Adolph is going into business for himself.

Most all of the orderlies are staying on in the hospital, except Pierce and Vanture and Henry Sanchez. Mrs. Marr, Mrs. Kuslanovich, Mrs. Reed and Mrs. Smith are staying.

Herbert and Elizabeth Fagan of California were visitors on the station last Tuesday. They both worked here before marrying. She was a nurse and he worked in the office.

Messrs. Turner, Phillips and Ritter, who came from Ft. Worth to help close all business by June 30, gave a reception for all employees Tuesday, June 29. Punch and cookies were served in the dining room.

Mr. and Mrs. Keeney of Albu-

querque were down visiting in the Parker home for several days. Mrs. Keeney's father was here when Fort Stanton was taken over by the USPH Service and she said she was here when it closed.

Mr. and Mrs. Bert Minter and family are spending a couple of weeks visiting relatives on the West Coast.

Mr. and Mrs. Henry Sanchez of Ft. Bayard were visiting the Montoya family over the Fourth.

They both like their new home and Carolina says she feels so much better there.

John Ferguson has the first TV set in Fort Stanton and says the reception is good. Mr. and Mrs. Red Merrell have

transferred to Fort Worth. At present they are spending a few days in Capitan before leaving. Ann and Bill Merrell left Saturday for White Sands Proving Grounds where Bill has a new job as security guard.

New Award Set-up For 4-H Alumni

A new 4-H club award program, the recognition of 4-H alumni, will make it possible to honor former club members who exemplify effective community leadership, service to 4-H club work, and success in their chosen careers.

Tiny Faye Jones, associate State 4-H club leader at the New Mexico A & M, explains that the program has been established by the National Committee on Boys and Girls Club Work with the approval of the Federal and State Extension Service.

Candidates for the alumni recognition awards may be nominated by extension agents, local 4-H club leaders, and members of other interested individuals in the county in which the nominee reside or in the county where their club work was done. The names of nominees must be submitted to the State Extension Service on or before Aug. 20, 1953, Miss Jones said.

4-H Talent Hunt Is On

The 4-H Talent Hunt is on. Any 4-H boy or girl, or groups of 4-Hers in Lincoln County who can sing, dance, play a musical instrument, or give a skit are urged to contact the County Extension Office.

The reason for this Talent Hunt is the annual "Share the Fun" breakfast during National 4-H club congress at Chicago, which takes place the latter part of November.

Junior 4-H members may compete in one of the district contests to be held during the last week of July. Senior 4-Hers will submit applications to appear in the "talent hunt" program during 4-H Encampment, August 10 to 14.

CHUCK LINE AT THE RANCHMEN'S CAMP MEETING, where as many as 1,200 people have been served at meal time. Beef is donated by the ranchmen and this year, in the absence of Lon Merchant, Floy Skinner is chairman of the procurement committee. Jimmy Valdez has the chore of preparing as many as 5,000 hot plates of food in four days. Food is cooked in large cauldrons, pressure cookers, and dutch ovens and served from the kettles in cafeteria style by the ranchmen. The Camp Meeting opens July 15 on Nogal Mesa.

Two-thirds of Texas Called Drouth Area

The West Texas Livestock Weekly of San Angelo, Texas, reports that the Texas drouth area includes two-thirds or more of the state and stretches west and south of a line formed by San Patricio, Bee, Karnes, Wilson, Guadalupe, Comal, Hays, Travis, Williamson, Bell, Coryell, Bosque, Johnson, Tarrant, Denton and Cooke counties.

It is generally supposed that the government will make financial aid available to stockmen who cannot get additional credit elsewhere and that such additional financing will carry relatively low interest and long-term payment features, the Livestock Weekly predicts.

Whether these emergency measures will prove sufficient to get cattlemen in drouth areas out of their predicament was not clear. One cattlemen commented: "When you lend a cattlemen money now, I don't know whether you're helping him or not. If it rains, he's been helped because he could stay in buel-

ness. If it doesn't rain he can't make money regardless, and sooner or later he'll have to take out. The more money he owes when he goes out, the worse off he is."

The government's beef purchase program includes about 120 million pounds of canned beef and gravy to be used for school lunches and other government food needs as well as for the army, 10 million pounds of canned meat for the Army; 60 million pounds of ground beef of commercial grade for school lunches and other governmental programs, and 10 million pounds of utility grade frozen beef for the Greek army.

The government has accepted bids from packers for canned beef and gravy and reportedly awarded a contract to a single bidder for a little over two million pounds at \$34.23 cwt. Cattlemen's representatives hope this price will be raised and that contract awards may be given to packers who will draw supplies of cattle from the real drouth areas.

Martin, president of the National Council of the Churches of Christ in the U. S. A., declared:

"This characterizes our citizenry at its best."

Speaking at the dedication in Milwaukee on Tuesday, June 23, of 15,000,000 pounds of the milk product to be distributed abroad through Church World Service and its Christian Rural Overseas program, Bishop Martin in accepting the huge milk gift from the government, John Herbert Davis, president of the Commodity Credit Corp., U. S. Department of Agriculture, said:

"I can't think of our Government as being in a finer role than it is playing today."

To which Bishop Martin replied: "None of us here this afternoon could think of our Government being in a finer role, opening the hand of bounty and saying to those in need: 'Here is the help that we can provide to relieve your hunger and your suffering.'"

Through the Church World Service and other organizations, the powdered milk will be distributed to 28 countries in Europe, Asia, Africa and South America.

This gift by the American people will provide 1,440,000,000 8-ounce cups of milk.

INSURANCE provides indemnity. It cannot replace property lost by fire or lives lost through accidents. That is why your property insurance agent, who too frequently sees the disastrous effect of losses which could have been prevented, has for many years been active in community accident and fire prevention campaigns. He works to improve the fire prevention ordinances in his town, for example, and he supports measures designed to improve the efficiency of local fire departments.

A part of each premium dollar he collects is used by the companies he represents to maintain high fire and accident prevention standards through national engineering and educational organizations which wage unending war on the causes of accidents and fire waste.

In the individual home, store or factory for which he provides insurance protection, the agent's experience and knowledge frequently help reduce or eliminate major hazards. When these safety recommendations are followed, the property often becomes eligible for corresponding reductions in insurance rates.

It's good business to consult your agent about your safety problems.

National PTA Leader Sums Up Problems

"The teachers are afraid of the parents, the parents are afraid of the teachers, and the kids aren't afraid of anybody."

This is the way Mrs. Edward T. Walker, a representative of the National Congress of Parents and Teachers, summed up the problem facing Parent-Teacher associations in a speech at the

District PTA Institute in Silver City, Tuesday, June 30.

Mrs. Walker reported that a national survey of high school students shows that students are expecting today's society to provide them (1) Happy homes, (2) Spiritual guidance, (3) Vocational training to enable them to make a living, (4) Adults whose lives will serve as models and inspiration for young people.

It was a great day, a big crowd and a jolly one, that gathered at White Oaks to celebrate the 4th of July. The number present was estimated at between 1200 to 2000.

Horse racing, drilling contests, basketball, baseball and an impressive address by Gov. MacDonald occupied the attention of the crowd for the greater part of the day.

Captain defeated Carrizozo in the baseball game by a top-sided score.

HARRY A. STRALEY

By MRS. ELVA WILSON

Harry A. Straley, a very prominent rancher of the Ancho community, passed away June 29, 1953. He was born November 2, 1885, at Nojico, Texas, the eldest son of the late Mr. and Mrs. J. T. Straley.

This progressive citizen and good neighbor will be missed from our midst. He was very adventurous as a young man and in 1911, before moving to Ancho, he fought in Gen. Madero's army in the Mexican war. For this service, he was given 160 acres of Mexican land.

For many years Mr. Straley was active in Lincoln County politics. He was a rodeo fan and was instrumental in organizing the Ancho Ropers Club, which sponsored many good rodeos.

His main interest during the last few years was collecting antiques and Indian relics. His home, which is almost a museum, is one of the community's attractions, and will be a living memory to Harry for years to come.

He was an active booster of Highway 54 and attended many of the "54" meetings and conventions.

At the time of his death, Mr. Straley was a member of the Carrizozo School Board, representing the Ancho District.

Out-of-town relatives who attended his funeral were Carl Straley Sr., of Lubbock; Mr. and Mrs. Earl Faubion of Odessa, Texas; L. J. Mitchell of Alamogordo; Mr. and Mrs. Dick Landdowne of El Paso; Mr. and Mrs. L. Y. Jackson of El Paso; Mr. and Mrs. Joe Parker and Mrs. Martin of Seminole, Texas; Mrs. Willie Stevens, son Norman, and niece, Miss Parker, of Mercury, Texas.

Friends attending from El Paso were Mr. and Mrs. H. W. White, Mr. and Mrs. Castledene, Mr. and Mrs. Jerry Delaney, Elmer Delaney and Pat Driskell; Levine and Katie Marie Snodgrass from Las Cruces; Sam Roper and Mr. and Mrs. Barney Roper of Ft. Sumner; Mr. and Mrs. Fred Strawbridge of Tularosa; Mrs. Ethel Melton and sons and Mr. and Mrs. LaMoyné Melton of Belen; Mr. and Mrs. John Dale and family of Alamogordo, and many friends from all parts of Lincoln County.

The following neighbors, representing the families of old times, were pallbearers: Bryan Hightower, Walter Hobbs, Walton Wilson, Elvin I. Harkey, Bill Nunn and Raymond Lightfoot.

15 County Delegates To Attend Jehovah's Witnesses Convention
Lincoln County will be represented by a delegation of 15 persons at the International Convention of Jehovah's Witnesses, opening July 19 for eight days at the Yankee Stadium, in New York City.

David V. Payne, presiding minister here, and head of the delegation, announced this week that the group from Lincoln County will travel by auto to join more than 125,000 witnesses of Jehovah from every state in the Union and nearly 100 countries. Mr. Payne pointed out that it will be the largest religious convention ever to be held in America. Some 18,000 Canadians are expected.

"It is significant in this materialistic age," Mr. Payne said, "that people will spend millions of dollars for the privilege of assembling together to worship Jehovah God. It will be a feast for the mind on spiritual food. True faith in God is not declining. Jehovah's witnesses annually report a world-wide increase of about 20% in the number preaching. We expect thousands more will be baptized at this convention."

"We are happy," he concluded, "to see such a good number from Lincoln County respond to the announcement, made over a year ago, of this great World Assembly."

L. Z. Manire, \$500, garage, 16x24 on B Ave.

With several filling station operators present; also City Marshal Clyde Atwood, the trustees heard a lengthy discussion on traffic problems and improperly parked cars. Marshal Atwood pointed out that he had given warning tags to out-of-state motorists, for traffic violations, but had not issued citations. The trustees took no official action following the discussion.
