(Outlook, Volume 44, No. 27)

RAMBLIN' AROUND

By PAUL BAKER

The News should have some stories next week about who killed the biggest buck, who got his first, etc., but we hope there will be none about hunting accidents caused by the careless use of firearms. Last year 10 deer hunters were casualties—two of them fatal. The State Game Department this week released the ten commandments of safety. They are:

1. Treat every gun with the respect due a loaded gun.
2. Guns carried into camp or home, or when otherwise not in use, must always be unloaded.
3. Always be sure barrel and action are clear of obstructions.
4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble.
5. Be sure of your target before you pull the trigger.
6. Never point a gun at anything you do not want to shoot.
7. Unattended guns should be unloaded.
8. Never climb a tree or fence or jump a ditch with a loaded gun.
9. Never shoot a bullet at a flat hard surface, or the surface of the water.
10. Never mix gunpowder and alcohol.

Homer Pickens, State game warden, this week passed on a bit of good advice to hunters. In his newsletter he states: "Land poisoning and general No Hunting signs are going up in increasing numbers all over the United States. They have been put up because farmers and ranchers are tired of paying for the destruction of hunter-caused vandalism."

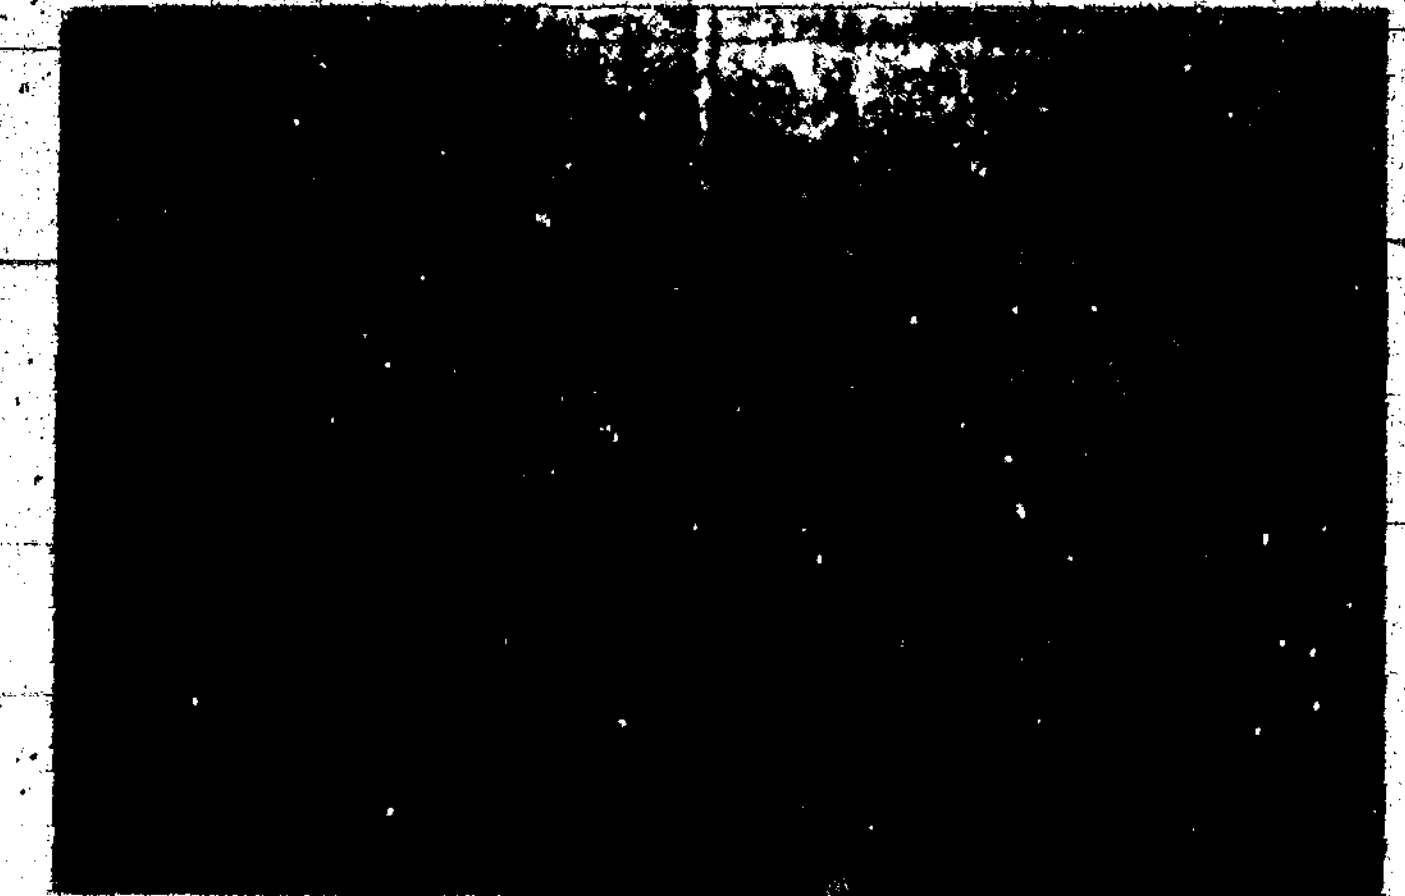

"Respect the property rights of everyone. Close gates. Do careful not to camp around water holes. Make sure that it's a deer or other legal game, and not a beaver—or another hunter. Aim your gun at legal game, not windmills, stock tanks or telephone line insulators."

"New Mexico sportsmen have been more fortunate than their fellow nimrods in other states in that there has been very little poisoning of our hunting areas. Wanton destruction of private and public property can change that picture in short order. Vandalism can ruin your favorite hunting areas. Report it. Help stop it," Pickens asked.

"It Happens Every Thursday," a movie about the business of publishing a weekly newspaper, is coming to the Lyric Theatre next week. Starring Loretta Young and John Forsythe, it is said to be very funny. So after "It happens" to the News next Thursday, we're going to the Lyric and have a good laugh at ourselves.

One of the best ambassadors of good will between Mexico and the United States recently lost his life in an airplane crash in Mexico. He was J. Clifford Saffley, editor of the San Diego Union. Mr. Saffley or Cliff, as he was called, spent much time in Baja California and other parts of Mexico, writing feature stories about the life and customs of our neighbors to the south. He was en route to the Falcon Dam dedication when a Mexican Airlines plane crashed, taking him to his death. The world needs more men of good will to build international highways of peace and understanding. Cliff Saffley will be missed not only in his own country, but in Baja California where he recently was awarded the Gold Medal of Merit by the Tijuana Newspaper Association in recognition of his accomplishments in building good will.

Anyone who attended the annual meeting of the Lincoln County Farm and Livestock Bureau meeting last Saturday in Captain must have come away impressed with the number of problems affecting farm and ranch people, not only in New Mexico, but over the nation. One of the purposes of the meeting was to discuss and vote on a number of resolutions regarding Farm Bureau policy on local, state and national policy. Several of the resolutions were controversial, including the ones on price controls and land and wa-

Pictured above is part of the Mission ruins of the Gran Quilvera National Monument, 58 miles northwest of Carrizozo. Construction of San Buenaventura de las Humacas, the largest of the mission structures, was begun in 1658, under the direction of Father Francisco de Santander. The public and mission ruins were abandoned some time between 1672 and 1678, because, it is thought, of Apache raids, drought, and crop failures.

During September 843 visitors from 29 states signed the register at the monument.

There are many other points of interest, including the walls of an old church and excavated kivas. Much of pueblo ruins are unexcavated, including seven ceremonial kivas.

Gran Quilvera is administered

by the National Park Service. Its present superintendent is Channing T. Howell who assumed his duties August 30. Before his promotion to superintendent of the Gran Quilvera National Monument, Mr. Channing was district park ranger at the Lake Mead National Recreation Area in Nevada.

The succeeded Ray B. Ringenbach who was transferred to the Tumacacari National Monument in Arizona.

A native of Moweaqua, Ill., Mr. Howell served on the ranger force at Glacier National Park in Montana from 1928 until 1944. He had been stationed at Lake Mead since the summer of 1932.

Mr. and Mrs. Howell make their year round home within the park. Mrs. Howell is an accomplished pianist. The couple have one married son.

Cooperation Pledged In Conservation Project

At a special soil conservation meeting in Hondo Thursday of this week, thirty ranchers, farmers and other interested County citizens pledged cooperation in the \$750,000 government-sponsored project for land and water conservation in the Hondo and Ruidoso valleys.

Whether the project can be started depends upon the amount of cooperation from those benefiting from the contemplated watershed improvement. The interest shown Thursday night was termed very encouraging by S. F. Fuchs, soil conservationist for the Upper Hondo Soil Conservation District.

Only two projects have been included in this program for the entire State of New Mexico, and the Hondo-Ruidoso is one of them.

The watershed program is one of voluntary cooperation, with suggestions of work to be done coming from the cooperators and their board of supervisors.

Attending Thursday night's meeting were George Hardaway and Dean Earl, Lincoln County Forest officials; G. L. Beene, area conservationist; C. P. Stevens, of Roswell and Charley Solga of Arstela. The latter two are soil conservation engineers.

The following attended the meeting and pledged their cooperation in getting the project under way:

From Glenoco—Wilbur Coe, McDaniel Bow, E. H. Fuchs, Kenneth Noaker, Sydney Bonnell, Ralph Bonnell and Henry Hale.

Picacho—Milt Mable, Henry Robinson, B. G. Robinson, Mr. and Mrs. R. C. Nunez and Louise Massey.

Tinnie—H. F. Casey and Geo. S. Sinesco, Arabela Route.

San Patricio—Peter Hurd, John Thomas, Manuel Corona, Ben Sanchez.

Hondo—Carl P. Hadcill, A. T. Pflingsten, Frank Titworth, Wilbur McKnight, W. G. Shrecongost and Elma F. Rogers.

Captain—E. J. Myers.

Green Tree—Willie Hale, Cliff Longbottom.

Lincoln—Maggie M. Pflingsten and Annie Ramey.

The Ruidoso Chamber of Commerce, by Warren Barrett, committee member.

ter management. Each resolution was discussed, in some cases the wording was amended, and then voted on by voice vote. It was a fine demonstration of the democratic way of doing things. The resolution on price controls evoked longer discussion than any other. It was finally approved substantially in the form submitted by the Resolutions Committee (see Page 4). In this connection, the News this week received a suggested editorial from a member of the County Farm Bureau. It follows: "Were you really represented by the delegation which descended on Washington and Secretary Benson? Did anyone ask you—the rancher of Lincoln County or of New Mexico—if you wanted them to go? Did they ask you for some money to pay the expenses? And do you still think that you had any voice in what they asked? Think again before you believe that they were speaking for any large group."

Building Completed for Ore Processing Plant

With the erection of its mill building completed, work was under way this week setting the foundation for the ball mill of the New Mexico Copper Corporation's ore processing plant off Highway 260, west of Carrizozo.

With perfect weather favoring construction, Jess Garrison and his crew put the 44 x 90 mill building up in six working days. When the concrete foundation is dry the ball mill will be set up inside the building. On the ground ready for installation, is the classifier, flotation units, concentration tables, filter, conditioner and other machinery to be used in processing ore from the Conqueror Mine in the Gallinas Mts.

A diesel electric engine is also being moved to the mill site.

C. E. Degner, president of the copper corporation, said everything is being done to push the mill to completion at the earliest possible date.

Services Conducted for Milton G. Lesnet

Services were held at St. Rita Catholic Church in Carrizozo Monday morning for Milton G. Lesnet, 68, who passed away October 23, at the Veterans Hospital in Albuquerque.

Mr. Lesnet was born at the Old Mill on the Ruidoso, August 6, 1865. He was a veteran of World War I.

Surviving are a daughter, Mrs. Elsie Burnett, and granddaughter of Carrizozo; also three sisters, Mrs. E. L. Crawford, Mrs. Geo. J. Dingwell and Mrs. E. A. Orme-Johnson, all of Carrizozo. Pallbearers were W. Gallacher, Leandro Vega, Frank Vega, W. Norman, Marvin Roberts and Ties Lopez.

Burial was in the Carrizozo cemetery.

S. A. Apper Exhibits Semi-Precious Stones

An exhibit of semi-precious stones in a display window at Petty's store was drawing considerable attention this week.

The stones, gathered from a number of western states, were cut and polished by S. A. Apper of Carrizozo.

Many of them are from New Mexico including topaz, agate, sardonyx, chalcedony, malachite and turquoise.

One especially colorful specimen was picked up on the I Bar X Ranch. In this small piece, which Mr. Apper has highly polished, nature has cemented together eight different stones.

Nov. 6—School carnival, Library Building, Carrizozo.
Thursday, Nov. 12—WSSC Run-ge sale, Fire Station.
Nov. 16—County water distribution meeting with State Stream Commissioner, in Santa Fe.
Saturday, Nov. 21—Carrizozo Women's Club meets, 3 p.m.

SCHOOL CARNIVAL THURSDAY NIGHT

The annual Carrizozo school carnival will be held Thursday evening, Nov. 5 at the Library building, next to the City Hall.

Students have been busy this week decorating the building with Halloween colors. Interest in the Queen contest is running high and the contestants are collecting votes (and money) in jars distributed in many places of business.

The elementary school and high school will divide the concessions and proceeds. Each class and participating club will keep 25% of its proceeds, with the rest going into a general fund toward buying new bleachers for the football field.

There will be fun at the carnival for the whole family—boxing contests, a fish pond for the small fry, food booths, shooting galleries and other games.

The various classes will sponsor queen candidates, the Carnival Queen to be announced and crowned as the climax of the evening. Votes are a penny each and everybody can vote as many times as they please.

Admission to the carnival will be 10 cents per person, with no charge for children under school age. Come out Thursday and help the school out on its bleacher project.

FORMER OUTLOOK OWNER VISITS IN CARRIZOZO

Mr. and Mrs. Jack Ackerman of Los Angeles were guests of Mr. and Mrs. T. E. Kelley this week. The Ackermans were on route home after an extended auto trip through several southern states. They visited several communities in Lincoln County and especially enjoyed seeing the ranch where Mrs. Ackerman (then Mrs. Tommy Luster) lived. She was owner of the Carrizozo Outlook for a time, selling out to A. J. Murke in 1917.

The sign-up period will continue until December 10, 1933, and the program year for 1934 will start January 1, continuing until December 31 of next year. The 1933 program will close December 31. Local conservation officials ask cooperators to be sure to have on file the prior approval of all practices and invoices, etc., carried out this year under the program.

All work under the program must be completed by December 31, 1933.

Farm Bureau Speaker Against Price Supports

"Rigid price supports have destroyed the market place for American agriculture," Ben McAllister, of Portales, vice-president of the New Mexico Farm and Livestock Bureau, declared in Captain last Saturday afternoon. Mr. McAllister was the principal speaker at the first annual meeting of the two Lincoln County units of the State Farm Bureau.

"Farmers and dairymen," he said, "are not producing for the consumer, but for Uncle Sam. Corn and bean growers are not buying cattle to fatten because they can sell to the government at a high price. Cattle can't get cheap enough for them to buy. We have lost the butter market. Even the dairymen are buying oleomargarine and selling their butter to the government. I know what I'm talking about because I'm a dairyman myself."

Mr. McAllister said the plans of the Department of Agriculture for reorganization were in line with national Farm Bureau policy. "We believe," he said, "that there is danger of over-centralization of State and Federal government."

AGRICULTURE WANTS SCS

Elimination of the regional offices will not adversely affect Soil Conservation work, in the opinion of the speaker. Farmers and ranchers, he said, are vitally interested in the conservation of their soil and water.

Speaking of this country's foreign trade program, the speaker said "Our government has done a bad job of winning friends for America; however, some progress is being made. Because foreign nations would rather trade than accept charity the Farm Bureau is asking that surplus American food be used in lieu of dollars. We as farm people are interested in world trade and peace."

A covered dish dinner was served at noon in the hot lunch room of the Captain grade school. Barbecued beef was furnished by the Farm Bureau. It was prepared in the Fort Stanton kitchen under the supervision of chef Fernando Gonzalez.

A brief community sing followed dinner, with Mrs. Louise Coe at the piano. Other speakers during the afternoon session were Ralph Dunlap, county agent; S. H. Fuchs, conservationist of the Upper Hondo Soil Conservation District, and L. S. (Heavy) Drake, representative at large to the State Legislature from Lincoln County.

CAPTAIN COUPLE DIE IN AUTO ACCIDENT

An elderly Captain couple met death Monday evening on Highway 70 between Las Cruces and Alamogordo.

They were Mr. and Mrs. A. R. Dean, long time residents of Captain and operators of a ranch north of that town.

It is reported that the Deans met in a head-on collision with a truck near the entrance to the White Sands Proving Grounds.

Services were conducted Thursday, Nov. 5, at the graveyard in Captain, with the Mullins-Hamilton Mortuary in charge, assisted by the T. E. Kelley Funeral Home.

Included in the immediate survivors are a son, Charles Dean of Alamogordo, and several daughters, among them, Mrs. Doss (Betty) Galloway of Alamogordo and Mrs. Loyd Taylor of Captain.

Conservation Practices To Be Continued in '34

The Federal government, in its 1934 agricultural conservation program, will share with Lincoln County farmers and ranchers the cost of carrying out approved conservation practices.

The work is to be done in accordance with the provisions of the Lincoln County handbook, and such modifications thereof as may hereafter be made.

The sign-up period will continue until December 10, 1933,

and the program year for 1934 will start January 1, continuing until December 31 of next year. The 1933 program will close December 31. Local conservation officials ask cooperators to be sure to have on file the prior approval of all practices and invoices, etc., carried out this year under the program.

All work under the program must be completed by December 31, 1933.

N. M. DEER SEASON OPENS SATURDAY

Sportsmen are converging on New Mexico this week for the opening of the deer hunting season at noon Saturday.

Hunting parties have already begun to arrive at local motels, and others have made reservations.

Two Carrizozo firms—the Big Jo Lumber Co and Nickels Bldg. and Hardware—are again this year giving away a gun to the lucky registered hunter who brings in the largest buck.

Many cafes in the county will remain open longer hours for the accommodation of the hunters, and some ordinarily closed on Sunday, will remain open.

In Carrizozo, Sargent's Yucca Bar is having a hunters' party the evening of Armistice Day.

Packets of grass seed for distribution by the hunters have been left by the White Mountain GPA at filling stations and license vending points within the county. Hunters are asked to pick up a packet and scatter the seed at the higher elevations, where it will do the most good.

CHECKING STATIONS FOR BOMBING RANGE HUNT

John Shaul, district game warden, announced this week that the San Andreas Bombing Range Hunt Checking Station will open at 8 o'clock Saturday morning, November 7. No hunter will be permitted in the area prior to November 7 and must check in and out.

Designated camping areas in structures will be given at the checking station, four of which will be set up at Engle, Red Butte, Oscura Range Camp and one at Tularosa Range Camp.

Hunters who have not received a range pass from Holloman or White Sands may receive passes or authorization at either of the four checking stations.

Passes will be revoked upon violation of military or hunting regulations, Mr. Shaul said.

EMERGENCIES BROADCAST TO HUNTERS IN THE FIELD

The State Game Protective Association has arranged with Albuquerque radio station KOB to broadcast at 9:15 each night any emergencies to hunters in the field. Hunters are asked to advise their families that they can reach them during hunting season through this evening broadcast.

Also KOB will broadcast weather forecasts at 6:40 a.m., 12:45 p.m., and 5:25 p.m. Announcements of any blizzard weather will be broadcast over the 9:15 program.

It is important that hunters leave information with family or friends, so that those at home will know where the hunters are; type of vehicle and license number should be included.

Sports Trophy Renamed "Bancroft Memorial"

Two memorials to the late Hugh Bancroft have been adopted by the Captain Chamber of Commerce.

In honor of Mr. Bancroft's memory, the annual Chamber of Commerce sportsmanship award to the outstanding high school graduate has been changed to the Hugh Bancroft Memorial Trophy. It will be a perpetual memorial to the man who was one of the originators of this award.

The Chamber of Commerce also adopted a memorial to Mr. Bancroft as "an outstanding, courageous, public-spirited citizen, and town official, who was three times president of the Chamber of Commerce. It also expressed sympathy to the surviving relatives "of our beloved and esteemed president."

TYPEWRITER EXCHANGE OPENED IN CARRIZOZO

Mr. and Mrs. J. A. Ferguson of Fort Stanton have opened a typewriter exchange in Carrizozo. Their business is located in the building formerly occupied by the Blakely Studio.

Mr. Ferguson is the son of Mr. and Mrs. J. A. Ferguson of Fort Stanton. He is a graduate of Captain High School.

MARRIAGE LICENSES

Grace Montoya, 23, of Corona and Joe A. Gomez, 23, of Roswell.
Connie D. Ham, 16, of Carrizozo and Clyde W. Sims, 23, of Carrizozo.

WILL HARRISON'S
Inside the Capital
THE BOSTON GLOBE, 1914

SANTA FE, NOV. 3.—After 28 years—the highway department is complying with the law requiring automobiles be marked on each side with 2-inch white or yellow letters declaring them to be property of the state. Other departments are still ignoring the law. . . . The state is now paying Prison Warden Morris Abram \$10,000 a year plus house plus food plus automobile plus servants. Maybe some of the crowd running for governor should get out of the congestion and run for warden. Secretary of State, practically the only job left for the gals at the state house, is attracting plenty of 'em. Among the Democrats alone considered for the nomination for the \$8,400 place are Ramona Montoya, former clerk of Bernalillo county; Mary Castille, Belen city clerk; Rep. Lillian Thompson of Gallup; Alicia Romero of Santa Fe and Las Vegas who had the job before Bea Roach; Mary Lou Lyons of Los Alamos who got beat for the legislature last year; Towena Joplin of Clovis; Natalie Buck, chief clerk of the senate; Maxine Schemp, daughter of State Treasurer Rich Grissom. Plenty of room gals, come on in. . . . Talk of a male state superintendent of schools from now on has not discouraged Georgia Lusk from eyeing the place for a fifth term. Mrs. Lusk who is expected to be leaving her \$15,000-a-year post as a war-claims commissioner served two terms on two occasions in the past. . . . Feature picture for the convicts at the state penitentiary the other night was Hansel and Gretel.

The cast-aside demand for re-pecanation in the statehouse threatens to get out of hand with the present crop of Eddy county candidates. Georgia Lusk, although she is registered somewhere else, is an Eddy countian; she's after the school superintendent's job. Dick Robinson of Carlsbad will try to get a second term as attorney general; Natalie Buck, Carlsbad, is a foremost prospect for nomination for secretary of state; Dick Westaway, the Eddy county assessor, is shooting at the nomination for governor; Virgil McCollum of Carlsbad has said over and over that he wants to be Congressman. . . . The state teachers' retirement board has approved a deal that would pay teachers up to \$255 a month retirement (after 50 years), and would give a youngster at 50 \$203 after 30 years work. It would continue to require no contribution from the teacher but would double from three to six per cent the amount set aside from the school fund for retirement costs. Present maximum pay is \$150. The proposal requires legislative approval. . . .

SIGMA CHI FLOT

A new element in New Mexico politics may be the Sigma Chi fraternity at Albuquerque—that's at the University of New Mexico. Living together in the same Sigma Chi house in the late thirties were John F. Simms Jr., and Paul Tackett, Democratic prospect for nomination for governor, and Alva Simpson, a Republican prospect. . . . Simms looks at this point like a shoo-in for the biggest vote in the state Demo convention in February. At this point in the calendar he looks like an easy winner of the Democratic nomination for governor. His trouble would be in November when he might encounter geographical difficulties. Our Cliff, the senator, is also from Albuquerque and Simms is commonly considered Cliff's man. . . . Loss of Ralph Tahasi, the very successful deputy warden at the state pen, to the Indiana prison system for less money than the New Mexico wardship pays, is expected to make fuel for the legislative investigating committee. The committee some time back asked the governor to fire the board and the septuagenarian Warden Morris Abram and the governor told them to go on back and play marbles. . . . Closing of the coal mines in Colfax county is calculated to put that normally Democratic County in the Republican list. . . . Bernabe Romero, the Santa Fe secretary of the white barbers board was cut back by the last legislature from \$300 a month to \$100 but he's not suffering. He adds 20 days every month at \$10-a-day for time actually at work on barber board business.

SEVEN CARS FOR NINE

The state electrical administration board has seven employees, counting a janitor, and nine automobiles. . . . Three capital babies born within a week were all Caesarian: gubernatorial Secretary Charlie DuTang, Auditor Bob Casper's, Bureau Lawyer Chester Hunkler's,

Silent Exhaust System
For GMC Trucks

LOS ANGELES, CALIF., Nov. 3—After two years of intensive engineering research the GMC Truck and Coach Division has developed an exhaust system for its GMC trucks that renders exhaust noise inoffensive to the human ear. It was announced today by P. J. Monaghan, vice-president of General Motors and

general manager of the Division. Monaghan made the important announcement here during sessions of the American Trucking Association convention which already had under discussion the subject of truck exhaust noises as one of the truckers' serious public relations problems.

GMC Truck models with the newly-designed mufflers and exhaust pipes will be in production next month, the GMC executive said.

Lincoln County News

Carrizozo

LOOKING
LINCOLN COUNTY
IN BYGONE YEARS

40 Years Ago
(From the files of the Carrizozo News, Nov. 7, 1913.)
Claude Branum, like most everyone else these days, is looking for young cattle.

A victim of the deplorable explosion at the Dawson mines was Valentine, a brother of Joe Montoya.

The Schales have bought the Cray property at White Oaks and are transferring it into a home.

William M. Kelly brought in a fine blacktail buck from Pine Canyon Tuesday. The animal will probably dress 200 lbs.

The Capitan Gap road is nearing completion. It has been graded for a distance of five miles and bridges and culverts have been put in.

Sherwood Corn delivered 2200 lambs at Ancho the first of the week at a price of \$2.80.

Emmett E. Davidson and Miss Lucy E. Beatty both of Corona, were united in marriage Tuesday afternoon, Justice Edward Massie performing the ceremony.

Dr. Ranninger of Oscura said he counted over 200 quail in his corral one morning this week.

20 Years Ago
(From the files of the Lincoln County News, Nov. 3, 1933.)
The Ancho Woman's Club entertained at a Halloween party Saturday evening at the home of Mrs. C. C. Eskridge.

A 10-lb. boy arrived last Saturday at the home of Mr. and Mrs. Meyer Barnett in Vaughn. The baby's grandfather, P. M. Johnson, celebrated his 76th birthday here that day.

Several events are planned for Armistice Day. Carrizozo will play a football game with Alamogordo, there will be a basketball game between the town teams of Carrizozo and Capitan and a dance follows at Community Hall.

The Western Lumber Company's new fireproof building is almost completed.

Mrs. Merlin Clymer and little son Jerry, arrived for a visit with Mrs. Clymer's parents, Mr. and Mrs. Les Harmon.

The following from White Oaks were weekend guests of Mr. and Mrs. Nick Brill and daughter in Arabela: Mr. and Mrs. Donald Queen, Mr. and Mrs. Leonard Whitwell, Mmes. Barney Ward, Laura Sullivan, Florence Ward, and L. E. Hunt. Guests from Roswell were Mrs. Sarah Lee and daughter Thelma and son Lloyd, Floyd Hale and Miss Kiofanda.

Naval Reserve OTC
To Train 2000 Students

Headquarters Eighth Naval District, New Orleans, La., Nov. 3.—Approximately 2000 students will be selected for entry into the Naval Reserve Officers' Training Corps program for the 1954 Fall term of college.

The Navy has set a deadline date of November 21, 1953, for receipt of applications for the competitive examination. The examination will be conducted December 12, 1953 at test centers

Alamogordo Takes
Steps to Acquire
Lake Bonito's Water

ALAMOGORDO, NOV. 3.—(Reprinted from the Alamogordo News) — One of the basic steps in acquisition of the Bonito Lake water system of the Southern Pacific Railroad Co. for the city water system of Alamogordo, was taken Tuesday evening by the city commissioners.

The commissioners authorized Mayor Walter Mullins, City Attorney Allan D. Walker and City Manager Herbert Holcomb to enter into a tentative agreement with Herkenhoff and Turney Santa Fe engineer firm, to make the feasibility study and report. The agreement will be subject to the approval of a majority of the commission.

The commissioners selected Herkenhoff and Turney for the study after considering two proposals. Carlos Powell, Santa Fe engineer, offered to make the study for \$2250, with added fees contingent on consummation of the program. Herkenhoff and Turney proposed to make the study free of charge but with the usual fees if retained for actual design and construction of a pipeline system to bring the water here.

FEASIBILITY STUDY
The feasibility study and report will include a study of the present condition of the Bonito Lake and pipeline now operated by the railroad company, amounts of water available, cost of conveyance to Alamogordo, how the supply would meet the probable growing needs of the city, and to determine any other facts that would point to desirability or undesirability of the plan of the city to acquire the system.

The Southern Pacific has expressed a desire to dispose of the system which serves its own rail system, and communities of Carrizozo through Vaughn. The S. P. is seeking means of providing for those communities — so that they will be free to dispose of the system.

In a conference held recently in San Francisco among city officials and those of the Southern Pacific Co., it was indicated that the terms of sale could probably be reached as soon as Alamogordo has obtained a feasibility study and report.

Officials of Holloman have shown a keen interest in the proposed acquisition, as a means of assuring an adequate water supply for both the city and the base, and have indicated the possibility of military participation in the financing of a pipeline to convey the water, in the event that the city acquires title to the water system and dam.

established throughout the nation.

Applications for the examination are available to male U. S. citizens who are high school seniors or graduates between the ages of 17 and 21. Applications may be obtained at any high school, college or Navy recruiting Station. Completed applications must reach the Educational Testing Service in Princeton, N. J., by November 21, 1953.

Successful candidates will participate in four years of college training as Midshipman, USNR, and commissioned as officers in the Navy or Marine Corps upon graduation.

The Navy will launch its first atomic submarine, USS Nautilus, January 21, at Groton, Conn., with Mrs. Dwight D. Eisenhower as sponsor.

The Naval Gun Factory in Washington, D. C., largest naval ordnance plant in the world, marked its 154th anniversary this month.

On November 2, 1923, Lt. H. J. Brog flying a Navy Curtiss racer established a world's speed record at Mitchel Field, Long Island, N. Y., averaging 259.47 mph in four flights over a three-kilometer course.

LETTERS TO EDITOR

Editor, News:
Thank you for participating in our patriotic endeavor to promote Americanism among high school students by publicizing our 19th Annual Essay Contest, "Build Through Citizenship."
As there is no local auxiliary in your town, a copy of this letter is being forwarded to the Department Essay chairman. I am sure she will assist you in every possible way.

ELEANOR GRANT RIGBY,
National Secretary.
(Clara Runkel is Essay chairman for the Dept. of New Mexico Auxiliaries, VFW. Her address is 807 West 9th St., Roswell, N.M.)

DEPOSITION OF FORT STANTON LANDS

Editor, News:
I have read with interest the many articles concerning the Ft. Stanton grazing lands published by your newspaper the past few months. My status in relation to these lands is an adjoining rancher, with grazing privileges in connection therewith. As a result I am very much interested in the method of final disposition of these lands within the Ft. Stanton reservation.

The general opinion presented by the text of the numerous letters as published by your newspaper is that such lands can be passed about similar to the method of dividing a fancy cake. It might be of interest to the readers within the scope of the circulation of this newspaper that since the formation of these United States certain statesmen given the responsibility of the General welfare of the disposition of the public domain have had written into the federal laws in relation to these lands an iron clad method of disposal of such properties. Rep. Antonio Fernandez called attention to this procedure by his letter published in the Lincoln County News of September 18, 1953.

In other words the disposition of these grazing lands is a well defined procedure, otherwise anyone with the money in hand, combined with the proper political assistance could obtain title to anything similar to this property merely by pulling a few

strings. To thwart just such a procedure the cattleman, ably assisted by true statesmen, have spent many generations protecting themselves against any move by land grabbers, that might result in harm to those having the right to obtain the use of such lands.

We who adorn this property sympathize with our neighbors over on the bombing range. However, to sit idly by and see these men obtain use of lands in violation of the procedure followed in disposition of these lands, would hardly be in keeping with the policy as carefully laid down by these same ranchers for their protection, as well as others.

To these gentlemen who have an eye on obtaining the use of the grazing lands within the Ft. Stanton Reservation let me quote the Federal Property and Administrative Services Act of 1949, as amended. I quote:
"Sec. 4, under definitions: The term property means any interest."

INSURANCE deals with what may lie in wait for you around the corner.

Your insurance agent is a man who has been there. He knows about a hundred losses you may face . . . around the corner . . . and a hundred kinds of protection against them.

In your own locality, he has seen disasters and losses happen to lots of people. He has seen folks take a knockout blow from these catastrophes. He has helped others protect themselves against these calamities and sail through smiling.

Your insurance man knows property values and how much insurance you should carry to protect your home or business property.

Let us help you guard against the perils which as Don Herold points out, lurk around the corner!

For a real bargain—
get a real truck!

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions before you buy:

Does the truck give you a GMC's 105 H.P.P. That's up to 19% more power than comparable sizes. It hauls a GMC's top loads up tough hills—without engine strain.

Does it have a GMC's 8.9 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine-sparing Truck Hydra-Matic? With it, you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action? If all the answers are "yes," you have a real bargain—a GMC. And there are 19 handsome 1/2- to 1-ton models to choose from. How can you lose?

*Standard equipment on Exchange Delivery trucks; optional at moderate extra cost on all others.

Converted from an old gristmill, the house above has a shingle front, topped by a fire-resistant asphalt shingle roof. A bow window replaced the barn-size doors in the old mill, bottom left. Inside this oversize window is the dining room, bottom right.

FALL ACTIVITIES OF GIRL SCOUTS

The Girl Scouts of Carrizozo participated in a number of fall activities during October. One was a field trip to study nature, starting from White Oaks and returning to Carrizozo by way of Encinas, Capitan and Nogal. Lunches were carried for the day's trip.

A Halloween party was held on the afternoon of the 24th, in connection with Susan Spencer's 11th birthday. Games were played and prizes awarded to Jerilyn Graves and Mary Ellen King. Scout songs were sung. Cake, ice cream and punch were served to 16 girls.

Girl Scout Week (Nov. 25 to 31) was discussed at a meeting at the Spencer Ranch October 27. Posters were worked on to be displayed in store windows in town. Later every girl took part in preparing supper as it would have been cooked out-of-doors. Marshmallows were roasted in the fireplace and afterwards songs were sung.

DISTRICT PRESIDENT VISITS CAPITAN

Laura M. King of Roswell, district president of the Ladies Auxiliary of the Veterans of Foreign Wars, USA, made her official visit to Capitan Norton Pepper Post and Auxiliary No. 7688 on Wednesday night, Oct. 28.

A covered dish supper was served, honoring the district president, Lela Cox of Roswell, and Albert Scharf of Carrizozo, brother of Mrs. King. Mrs. King stressed the necessity of veterans joining the veterans organizations and for the ladies who are eligible to the Auxiliary to become members, "thus strengthening and supporting our comrades who have sacrificed so much for us." She also asked support for the veterans bill when it comes up in Congress.

"Members of the Auxiliary," Mrs. King said, "are bonded together to render service to our comrades and their dependents. We must all lend our help, in a spirit of sacrifice and service, to those who are still suffering the aftermath of war."

Elmo Agusayo and son, Bonnie, are here from Puento, Calif., for a deer hunt.

L. J. Adams of El Paso was in Carrizozo Monday. He is connected with the Southern Pacific railroad. Mr. Adams' parents moved to Carrizozo in 1906.

Mr. and Mrs. Charles Hughes of Odessa, Texas, were business visitors in Carrizozo last Friday. They plan to return here in the spring.

Fred Sweet of the upper Bonito was transacting business in Carrizozo the early part of the week.

CAPITAN

By MRS. CHAMPE FERGUSON

Mrs. W. S. Lair has returned from a visit to relatives in Missouri.

Mrs. Henry Fritz is visiting her daughter, Mrs. Wallace Ferguson, this week.

Mrs. Dorothy Ferris and mother, Mrs. N. E. Norton, are visiting friends in Lubbock this week.

Barney Luck Jr. and wife are here visiting friends and relatives and to go hunting.

Mrs. Pearl Young and Mrs. Lela Escobeda were delegates from VFW Auxiliary 7688 to the district convention, held in Artesia Sunday, Oct. 25. A school of instruction was held at that time.

M/Sgt. and Mrs. Leroy W. Fink and sons of Walker Air Force Base in Roswell were callers at Marie Walker's Sunday afternoon. Sgt. Fink was a former neighbor of Marie's in Wisconsin.

Business visitors in Carrizozo from Capitan on Monday of this week were Jeff Dockray, Mrs. Otha Lowe and Frank Morris, old-time rancher of the Capitan country.

FORT STANTON

By MRS. PERCY PARKER

The Ven. Robert V. Davis, M. A., and Mrs. Davis spent a couple of days in Albuquerque last week, attending the consecration of Bishop Kosovoj III.

Bruno Barthel is back from Seattle and is looking quite well. Mr. and Mrs. Jigg Marr spent a few days in Santa Fe and Albuquerque attending to business and visiting friends.

Joan Thomas has resigned from the hospital and taken a position in Roswell.

Dr. and Mrs. Dunbar spent last Thursday and Friday in Roswell visiting relatives.

Dr. Barfield has been enjoying TV these past few days.

Miss Mary Davis spent several days in Albuquerque attending the teachers convention.

Mr. and Mrs. Percy Parker drove to Albuquerque Saturday after work to see the lovely new home Mrs. Keeney won in a contest. It is completely furnished with a deep freeze and wall-to-wall carpeting. It's really a dream house.

Mr. and Mrs. Montoya and family spent the week end in Las Cruces visiting their son, Noah, who is attending college there.

Mr. and Mrs. Bert Minter spent Saturday in Roswell shopping.

Mrs. Hunt and Mr. Spencer gave the Navajo children a Halloween party Saturday. Many games were played and refreshments of hot chocolate, cookies and ice cream were served. Everyone had fun.

A number of Fort Stanton folks attended the football game Saturday in Capitan.

LINCOLN NEWS

By ETHELYN PHILLIPS

Edgar Phillips and John Boylan were Carrizozo visitors on Tuesday.

Edna and Wayne Zumwalt flew from Tucson to Carrizozo last Sunday, left their plane there and drove over to spend the night with Mrs. M. M. Pflingsten. They expect to come back a little later for a longer visit.

Mrs. Christobel Zamora Sr. dropped a broken jar on her foot one day last week, severing an artery and a vein. She lost considerable blood before they reached the hospital in Carrizozo. Mrs. Zamora had to spend several days in the hospital before she could come home. She is improving.

The Ramon Venturas were here from Albuquerque Sunday and while here rented their house to Mr. and Mrs. Cain and Bobby.

The Lincoln School got its hot lunch program working this week. Mrs. Cain is doing the cooking.

Edgar Phillips got a preview Tuesday of what the hunters will be looking for Saturday. An eight-point buck came bounding across the highway, paused for a moment in a pasture not far from where Mr. Phillips was standing, then took off for the hills.

Ray Taylor is back from an elk hunt, but failed to get an elk as he and his party were snowed

in for the first days. When they moved camp, other hunters had the elk on the run. Anyway, he says they had a nice trip.

Mr. and Mrs. Lupe Baca have bought the Lee Carabajal house near Priest Hill and have moved there from their home at Torre

Ranch. Valentine Salazar had a message telling him of the death of one of his nieces in Roswell.

Mrs. Clara Grayson of Tucuman and one of her friends visited Mrs. Maggie Pflingsten last week end.

Ruth Fenfield was up from El Paso for the week end.

Tommy and Gloria Aldaz's son is improving after a fall which resulted in a badly sprained arm. It first it was thought the arm was broken.

Johnny Amastae stepped on a

piece of glass and cut the bottom of his foot. He had to be taken to the hospital for a couple of stitches and some shots.

Mr. and Mrs. Ernest Gomez and Dora and Virginia Gomez were in Lincoln for the week end.

Farm and Ranch News

FARM BUREAU ANNUAL MEETING

(Continued from Page 1)
somewhere and that "the livestock industry is best able to start it." We don't want to be indebted to a government agency, he said, adding that what the industry needed most was stable credit.

RESOLUTIONS APPROVED

Eighteen resolutions were discussed and approved by the members. These resolutions will be forwarded for consideration at the State Farm Bureau convention December 2, 3 and 4. The resolutions follow:

Whereas, the citizens of Lincoln County would profit from a greater knowledge of how the business of this county is handled; therefore, be it resolved that the Lincoln County Farm & Livestock Bureau hereby invites the County Commissioners to attend all local and county meetings of the Bureau.

Whereas, there has been much talk recently about the transfer of water from its original watershed area for the service of additional communities, when there are communities in the original watershed area not receiving water from this available source; therefore, be it resolved that the Lincoln County Farm and Livestock Bureau feels that under all possible circumstances, water should continue in its established watershed (a policy set down last year by the National Farm Bureau Federation); it is further resolved that with regard to the purchase or confiscation of water from the Bonito Dam, in Lincoln County, all said water could now be consumed by the communities of the county, and these communities should receive this water before any of said water can be transferred out of the county, or any other out of county communities in original watershed area of proven need of water and which are not at this time receiving their water supply from this source. Should there at any time be any water surplus it should be turned down the river bed.

Whereas there has been some unhappiness toward the closing of districts for the drilling of underground water supplies; therefore be it resolved, that the proposed closing of any district should be discussed with persons of said district so they may have a voice before such action can take place, and that the closing of any area will automatically cause all policies and practices regarding drilling for underground water to be published.

Whereas the office of the State engineer has been under fire because of its very powerful position and irrevocable power legislation, therefore be it resolved that a State Underground Water

Commission be appointed to assist and advise the State Engineer in policies.

Whereas, there has been complaint regarding the iniquities of the State Land Commissioner, as well as doubt as to the limitations of his powers, if there be any; therefore be it resolved that some method of legislation or an advisory commission should be set up to control and limit the power of the Land Commissioner to sell or confiscate lands which are and have long been the substantial part of our ranchers' property. Practices under the present commissioner have proved that there is need for security in the tenure of our State Lands, and steps should be taken to solve this problem.

Whereas there is need for some reorganization in the Agriculture Department with regard to the handling of forest lands; be it resolved that the Lincoln County Farm & Livestock Bureau favors the passage of Senate Bill 2548, better known as the Akin Bill.

Be it resolved that the Lincoln County Farm and Livestock Bureau hereby expresses its appreciation for the attitude of the Secretary of Agriculture and his associates with regard to the handling of the drought situation; also its appreciation to the emergency drought relief committee and the County FMA office.

Be it resolved that this county is solidly in favor of Soil Conservation Service and vitally interested in its preservation; be it further resolved that any economy which is placed on this Service should come first to eliminate overlapping of functions and the duplication of jobs on the administrative levels of other Federal agencies and bureaus.

ASK WORLD TRADE
Be it resolved that trade methods be set up so that we can increase the purchasing power of the world to buy United States food products, so that we can efficiently develop two-way trade with the world.

Another resolution asked the State Game Department to take immediate steps to prevent the destruction of orchards by the deer population.

Three resolutions were passed concerning price supports. The first stated that the Farm Bureau, as a matter of policy, is "opposed to any and all price supports." However, if price supports continue, "this organization feels that these support prices should be given for all products, perishables and non-perishables. Any other type of support is strictly selective legislation."

Another resolution stated that "if price supports cannot be abolished, they should be placed on a flexible basis."

Repr. Drake said he and other members of the State Legislature would give close attention to

recommendations made by the Farm Bureau.

County Agent Ralph Dunlap showed three charts on price supports and explained briefly how each operated. They were:

- HIGH SUPPORT PRICES:**
1. Provides high price per unit.
 2. Prevents adjustments and keeps inefficient producer in agriculture.
 3. Requires production controls.
 4. Destroys foreign markets.
 5. Maintains production after demand decreases.
 6. Creates production stockpiles.

- FLEXIBLE PRICE SUPPORTS**
1. Based on the larger the crop the lower the price.
 2. Less costly.
 3. Provides for some adjustments.
 4. Production controls are less severe.
 5. Spread between domestic and world prices is less severe.
 6. Still some production control.

- LOW SUPPORT PRICES**
1. Provides for rapid readjustments.
 2. Production is nearer consumer demand.
 3. Few surpluses created.
 4. Low costs.
 5. American producer will be able to compete better.
 6. Farmer must produce efficiently.
 7. Prices will vary more.
 8. Allows the greatest amount of individual freedom.
 9. Unacceptable to the farmer now.

Mr. Dunlap made no recommendation on any of the plans, but said he was presenting the information only to help on any discussion concerning price supports.

- METHODS OF SUPPORT**
1. Non-recourse loans.
 2. Compensatory payments.
 3. Two-price system.
 4. Surplus disposal plan.

Bert Pflingstein, chairman of the board of directors of the Upper Hondo Soil Conservation District, outlined the objectives and work accomplished by the district.

He was followed by Archie Fuchs, soil conservationist, who explained how the \$750,000 of available government funds could be spent on improving the watershed, soil and grassland of the Upper Hondo district. A question and answer period followed his talk. Mr. Fuchs said the time is short in which the district must draw up a plan and find out how many farmers, ranchers and other property owners in the district are behind the conservation work.

Mr. Fuchs has started a reconnaissance survey, which includes retard structures, stabilizing sediment control basins, stream channel work, diversions, ditches, dikes, check dams, gully plugs, cultural practices, revegetation reseeding.

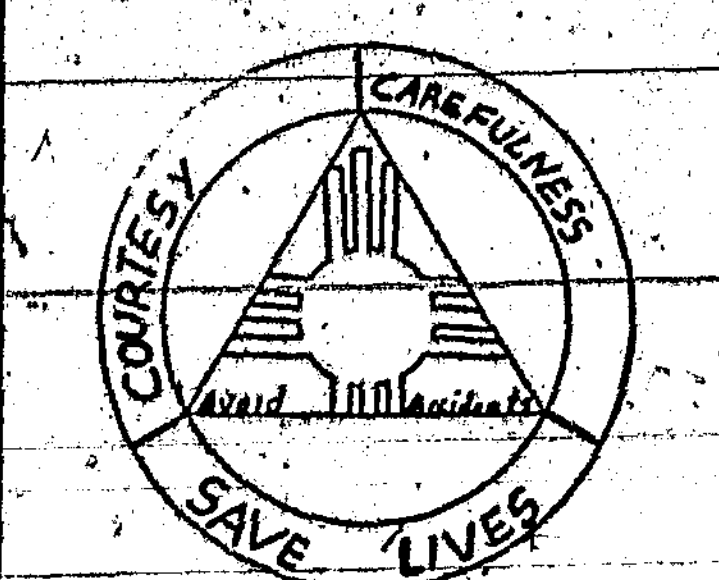

Cooperators can assist by donations of labor, materials, equipment and cash. Much of the work already done by cooperators, he said, can be applied as credit toward the project.

The Forest and Indian Service have already promised their cooperation.

"What will be the benefits?" Mr. Fuchs asked. "There will be a monetary benefit in that the conservation work should increase the value of land; there will be an increase in crop production and range forage; also increased water supply."

WINNERS IN TRAFFIC INSIGNE CONTEST

Winners in the state safety insigne contest which was open to all school children, have been announced by the judges, Ina Sizer Cassidy, Oden Hullen-Kremer and Larry Bynon. Alvin Petago of Jicarillo Indian School at Dulce won the prize for the Elementary School Division with the Zia sun surrounded by a safety slogan.

Winner in the junior high school section was Vidal Montoya, seventh grader in the Taos Municipal Schools. His entry was a steering wheel with the word "Safety" placed over the horn button.

The senior high school prize was awarded to Joyce Gray of Dexter High School. It was a picture of a hand holding a ear wheel, in the hub of which was a little girl walking to school. All three entries earned \$100 each.

At Beltsville, Md., 18-year-old James began to bear when matched with high nitrate hay.

NOTICE OF EXECUTION SALE IN THE DISTRICT COURT OF CHAVES COUNTY, STATE OF NEW MEXICO, CAUSE NO. 15024, GLOVER PACKING CO., Plaintiff, vs. LESTER DAVIS, DBA, HORSEMAN'S HEADQUARTERS, Defendant.

NOTICE OF PUBLIC AUCTION OF STATE LANDS LINCOLN COUNTY SALE NO. 2970

Office the Commissioner of Public Lands, Santa Fe, New Mexico.

Notice is hereby given that pursuant to the provisions of the Act of Congress, entitled Enabling Act for New Mexico (36 Stat. 557), approved June 20, 1910, the laws of the State of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands, subject to the conditions hereinafter set out, will offer for sale at public auction, to the highest and best bidder at 10:00 o'clock, A. M., on December 23rd, 1953, at the front door of the County Court House, in the City of Carrizozo, New Mexico, subject to existing lease or leases, if any, the following described state institutional lands, to-wit:

SWSE 1/4 of Section 22, Township 2 South, Range 12 East, N. M. P. M., containing 80.00 acres, more or less, according to the government survey thereof.

The above described land is located approximately 2 1/2 miles southwest of Gallinas and 12 miles southwest of Corona, New Mexico.

Said above described lands have been appraised at \$300.00 per acre and no bids for a less amount will be considered.

Any person desiring to qualify as a bidder, other than the applicant who has requested said lands to be offered for sale and who has complied with the rules for so doing, is required to deposit with the Commissioner of Public Lands, or his agent conducting the sale, the sum of \$153.00 to cover the cost of appraisal, advertising, filing fee and other expenses connected with such sale. Deposits shall be in cash or in the form of a certified check drawn to the order of the Commissioner of Public Lands. All deposits made by unsuccessful bidders shall be refunded.

The purchaser at the time of said sale will be required to pay five (5%) per cent of the amount bid, plus the sum of \$37,450.00, the appraised value of the improvements on said lands. The balance of the purchase price will be payable in thirty (30) years with interest on all deferred payments at the rate of four (4%) per cent per annum in advance. In addition, the purchaser at the time of sale shall be required to pay for the improvements on the above described lands, in the event the improvements are not owned by the said purchaser. Payment shall be in cash or in the form of a certified check drawn to the order of Commissioner of Public Lands.

All minerals of whatsoever kind, including oil and gas, are reserved to the State of New Mexico.

The right to reject any and all bids is expressly reserved and no sale shall be effective unless and until approved by the Commissioner of Public Lands.

Detailed information concerning this offer of sale, the lands involved, the improvements thereon, if any, and other matters related thereto may be obtained by writing to the Commissioner of Public Lands, State Land Office, Santa Fe, New Mexico.

DATED at Santa Fe, New Mexico, this 6th day of October, A. D. 1953.

E. S. WALKER,
Commissioner of Public Lands (SEAL)
State of New Mexico

CAPITAN MEETS MELROSE FRIDAY

Capitan's Tigers defeated Ruidoso's Warriors, Friday, 19 to 7, in a return game between the two schools, played in Capitan. The Tigers, champions of District 3-C, face Melrose, District 4-C champion, in the Class C semi-final playoff game at Portales this Friday night. Two weeks ago Capitan took the measure of Melrose, 58-0.

In another high school game over last week-end, Alamogordo nosed out Tularosa, 17 to 13. In the Conference C playoffs, Capitan will meet the winner of the Estancia-Navajo Mission game this Friday at Estancia. The championship playoff will be one week hence.

Lang examined this fine trophy and upon consulting Boone and Crockett's latest record of North American big game he found that this antelope would be No. 33 in the all-time record of the North American Prong Horn.

THE WEALTH OF A SMALL TOWN

An editorial entitled, "The Wealth of a Small Town" was recently published in the Congressional Record. The editorial as it appeared in the Surface Creek News, Cedaredge, Colo., follows:

A small town is where everybody knows your business and yet they will make it their business if anyone in the community needs help. It is where the folks will talk about you and then talk for you when the chips are down. It is where there has to be a fire to get anyone on the streets after 9 o'clock and yet there will be square dancing until 2 o'clock in the morning and not dependent on hot music and cold drinks to keep up the friendly spirits.

In a small town there is a common bond during disaster and a common thankfulness for rain, or a beautiful day, or a new fire hydrant. There is little thought paid to social position, and the judging of a man is done on his own values—the deep values.

It is where a person speaks to his friend as many times as he sees him during the day, not worrying over the social graces as to whether they have already greeted each other previously. It is where a neighbor's hurt becomes your hurt.

The freedom and dignity of the individual is practiced in a small town without a lot of paid coaching by experts who think they know the minds of men. A man expects to earn what he gets and get what he earns.

The building of a park or the paving of a street becomes a personal thing in which the majority of folks see a tangible part of themselves. The yardstick is not set off in degrees that ask "what is there in it for me?"

A stranger becomes the focus of honest curiosity and the returning native always seems to have added a little glamor. The deeds of the town and its men often shine brighter in a far away place. The words of a stranger often seem like important words.

A small town is where the lack of convention allows for more time to live well and think clearly. The veneer of the fatuous arguments is a thin shell which comes closer to allowing the reality of things to show through. The problems of the people are concerned with nature and close association with others—with things as they are.

This, in part, is a small town and the people who live in it. It is closer to the concepts of freedom, individual initiative, and self-realization than any other segment of the land except the remote rural. It is the balance wheel in our social order. May there be enough vision to see that the wealth of our small towns is far greater than that which could be measured by smoking stacks and production lines.

LETTER TO EDITOR

(Continued from Page 2)
est in property of any kind except (1) the public domain (including lands withdrawn or reserved from the public domain, which the Administrator, with the concurrence of the Secretary of the Interior, determines are suitable for return to the public domain for disposition under the general public land laws because such lands are not substantially changed in character by improvements) and lands reserved or dedicated for National Forest or Park purposes.

There is not a single rancher within the continental limits of the United States enjoying use of the public domain under the jurisdiction of the Taylor Grazing Act who owns contiguous property in connection with said domain that is not fully protected under the general land laws. Otherwise the disposition of the public domain would result in exploitation by those in position to do so. It is a sad fact indeed that many ranchers enjoying these privileges have so little understanding in connection with these rights they enjoy that they will be the first to violate such sacred rights.

The disposition of the public domain is inseparably associated with the sacrifices made by our forefathers in obtaining our freedom in the formation of the original 13 states. It is only natural that in the disposition of the lands falling in this category our Congress took great pains in seeing that carefully prepared land laws entertained justice for all. These laws are written, and are followed. I, for one, intend to see that no deviation is made in the disposition of the lands within the Ft. Stanton Reservation from our general land laws. It is the duty of every American citizen to see that our rights are respected, otherwise we violate the rights our forefathers sacrificed so much to pass on to us.

It is my further belief that the Congress should settle the claims as presented by the Apache Indian Tribe, and Representative Fernandez is correct in submitting these claims to this body for settlement. It is hard to state your position to any claim as presented by any tribe within the United States. It appears they were here first, but for the white man to remain in the position he enjoys today presents a problem that can hardly begin or end in any consideration of the disposal of the public domain in relation to claims by Indians.

ILLEGAL DEER MEAT COSTLY
Johnny Christenbury, manager of a shoe store in Farmington, was recently fined \$250 and court costs for possession of a half deer, which his hunting companion, Bill Clary, a resident of Colorado, had killed. Clary was picked up for driving without a tail light.

Before entering an intersection you should be able to see 700 ft. both ways down the road.

THE STORY OF NOAH AND THE FLOOD

By REV. J. M. KERR, Pastor First Baptist Church of Capitan
(Continued from Last Week)
To begin with, Noah's generation was materialistic. It was the Generic Fruit of Cain who was a diest. They had a religious conception which made God a racial convenience. He was neither revered nor respected. They did as they pleased and went the limit of their desires. Consequently they followed the flesh and not the spirit. They gloried in might and physical virtues. We read that "There were Giants in the earth in those days . . . The same, became mighty men which were of old men of renown."

The recent wars of our world resulted from the same conception. Hitler and Mussolini, before Him, glorified the physical. He talked about the superman, and a superior race. He regimented youth in cults of physical science. He militarized the nation. With the increase of the human came the decrease of the divine. Presently, the only God of those supermen, so called—super race, so called, Spirit created out of the folklore nations. Noah refused to compromise with this religious philosophy. He believed and later preached of a God of integrity and righteousness. It reached out and included a God who created man, not one created by man. In other words, Noah refused to follow the popular religion and ideologies of his time.

Then there was social corruption. It was so general that the account says, "All flesh had corrupted his way upon earth. It reached its worst phase in the marriage relation, for they married and were given in marriage, a phrase which means that the sanctity of marriage was completely disregarded, and it was treated only as a physical convenience.

It was against this that Noah stood, but just how was it possible for him to conquer his circumstance? First of all, he kept himself clean. It is said that "He walked with God." Noah was a just man, and perfect (upright) in his generation, "and Noah walked with God." Obviously it does not mean in God's physical presence, but it does mean in the consciousness of God's presence. It means agreement of purpose for how can two walk together except they be agreed? It means the same direction, for the one who walks with God is not going in the opposite direction. It means purity of life, for "What fellowship hath light with darkness, or righteousness with unrighteousness?" It means communion which draws from the divine source. (To Be Continued)

Card of Thanks

To each and everybody who so nobly stood by, giving aid and comfort during our tragic hour of suffering for the loss of our beloved ones, Tom and Cappy; for the beautiful flowers and every kind deed, we are deeply grateful. God is love, may His richest blessings be yours.
Mrs. John C. Straley and Family,
The Straley Families.

LEGAL NOTICES

NOTICE FOR PUBLICATION PUBLIC SALE
United States Department of the Interior, Bureau of Land Management, Land & Survey Office, Santa Fe, New Mexico, September 15, 1953.

Under provisions of section 2455, R. S., as amended by section 14 of the act of June 28, 1934 (48 Stat. 1274; 43 U. S. C. 1171), and pursuant to the application of Harve Investment Company, Serial No. NM 98259, there will be offered to the highest bidder, but at not less than \$4.00 per acre, at a public sale to be held at 2:30 o'clock p. m., on the 16th day of November next, at this office, the following tracts of land: Lot 2 Sec. 1, lots 1, 2, 3, 4, W¹/₄NE¹/₄, W¹/₂SE¹/₄ Sec 12, NW¹/₄NE¹/₄, N¹/₂NW¹/₄, SW¹/₄NW¹/₄ Sec. 23, T. 3 S., R. 10 E., and all Sec. 5, T. 5 S., R. 9 E., NMPM, 1116.26 acres. The land will be sold subject to the Act of August 1, 1946 (60 Stat. 755) as to flammable materials.

Bids may be made by the principal or his agent, either personally at the sale or by mail. Bids sent by mail will be considered only if received at this office prior to the hour fixed for the sale. Bids must be in sealed envelopes accompanied by certified checks or post-office money orders made payable to the Treasurer of the United States for the amounts of the bids. The envelopes must be marked "Public sale bid, Serial No. NM 98259, Sale, 2:30 p. m., November 16, 1953."

The highest bidder will be required to pay immediately the amount thereof. Any adverse claimants of the above-described land should file their claims, or objections, on or before the time designated for sale. J. A. DELANEY, Manager

STATE OF NEW MEXICO

COUNTY OF LINCOLN
IN THE PROBATE COURT IN THE MATTER OF THE LAST WILL AND TESTAMENT OF ROBERT C. WITHERS, Deceased

NOTICE
Notice is hereby given that an instrument purporting to be the Last Will and Testament of Robert C. WITHERS, deceased, has been filed for Probate in the Probate Court of Lincoln County, New Mexico, and by order, the 28th day of November, 1953, at the hour of 10:00 A. M. at the Court room of said court in the Village of Carrizozo, New Mexico, is the day, time and place for hearing proof of said Last Will and Testament.

Therefore any person or persons wishing to enter objections to the probating of said Last Will and Testament are hereby notified to file their objections in the office of the County Clerk of Lincoln County, on or before the time set for hearing. Dated at Carrizozo, New Mexico, this 26th day of October, 1953.

JAMES EARL HARCROW, Probate Court Clerk.
By TILLIE MIRABAL, Deputy.
Publ. Oct. 30—Nov. 20, 1953.

NOTICE OF SUIT
State of New Mexico to the unknown heirs, devisees, and legatees of Paul Snyder, deceased, and to all unknown claimants of interest in the premises adverse to plaintiffs. Greetings:
You are hereby notified that suit has been filed and is now pending against you in the District Court of Lincoln County, New Mexico, wherein J. C. Snyder and wife, LaRaine Snyder, are plaintiffs and you are defendants in Cause No. 6141; that the general objects of said suit are to quiet and set at rest the title of plaintiffs in and to the following described real estate, to-wit:

EAST 45 FEET OF LOT 10 AND WEST 12 FEET OF LOT 9 IN BLOCK E OF RUIDOSO ACRES ADDITION TO THE VILLAGE OF RUIDOSO, NEW MEXICO, AS SHOWN BY THE AMENDED PLAT THEREOF FILED IN THE OFFICE OF THE COUNTY CLERK AND EX OFFICIO RECORDER OF LINCOLN COUNTY, NEW MEXICO, ON AUGUST 26, 1929,

and to bar and estop you from having or claiming any right, title or interest therein whatsoever; that unless you appear, answer or plead in said cause on or before December 11, 1953, plaintiffs will take judgment by default against you for the relief prayed in their complaint; and that Dee C. Blythe, Barry Bldg. Clovis, N. M., is attorney for plaintiffs.

WITNESS my hand and official seal this 24th day of October, 1953.

ARTHRITIS?
I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

EXTENSION CLUB MEETS NOV. 19

The Corona Women's Extension Club will hold its regular meeting Thursday, Nov. 19, in the recreation room of the school gymnasium. This will be an all-day meeting, with a covered dish luncheon at the noon hour.

A sewing machine demonstration will be presented some time during the morning or afternoon. Everyone interested is urged to attend. High school girls will have an opportunity to attend the demonstration.

Mr. and Mrs. L. L. Vick attended a bus drivers meeting in Alamogordo Thursday of last week, and they spent the week end in Las Cruces.

JUNIOR PLAY STAGED SATURDAY NIGHT

The Junior play, a three-act comedy, under the direction of Frank Basinger, will be presented Saturday night, November 7, at 8 p.m., at the Corona school gymnasium. Everyone is welcome.

FIRST BASKETBALL GAME FRIDAY NIGHT

The first basketball game of the season will be played on the home court this Friday, Nov. 6, with Hondo High School.

Deer hunters are promised a good supper. Money raised by this method is to be used for the benefit of the cerebral palsy hospital in Albuquerque.

Test for Shallow Gas Field Down 580 Feet

The Albuquerque Exploration Inc., which is drilling a test well on the Hal Bogle ranch, about 20 miles southeast of Corona, in an attempt to develop a shallow gas field in Lincoln County, was down 580 feet and had their first showing of gas Monday of this week.

The company plans to drill its No. 1 well (NE NW sec. 15, 4S, 10E) to 1000 feet or deeper. Cable tools are being used. Leonard George of Hagerman is contractor for this first test well.

Malcolm and Morrow wildcat well down Gallo Canyon, 18 miles southeast of Corona (the No. 2 Franka test in SE SW, Sec. 23-25-15E) was closed down the first of this week for repairs. Drilling has gone beyond 1300 ft. The first test well was shut down at 2200 feet. Rotary rigs being used on the second well. Its projected depth is 3500 feet.

Pythian Sisters to Give Benefit for Hospital

The Pythian Sisters of the Cordova Pythian Lodge are giving away a fatted calf and they are planning a benefit supper at the Corona school gymnasium on Wednesday, Nov. 11.

Dr. George D. Earle, M. D., of Estancia was in Corona three days this week. Dr. Earle plans to be in Corona Sunday afternoons and week day evenings on Monday, Tuesday, Thursday and Friday. His office will be at the west entrance of the Roberts home.

Dr. Ralph Hall of Albuquerque will spend much of the next two weeks in the Corona community and he will hold 11 o'clock morning services at the Presbyterian Church on November 8 and 15. Mr. and Mrs. Bryan Sanderson have a new son, Jeffery Allen, born Saturday, Oct. 31, at 8 p.m. He weighed 5 lbs., 14 ozs.

1954 Highway Work To Get Under Way

A resume of the fall convention of the National Highway 51 Association held at Tucuman October 23-24, reveals that the major work is being done on the nation's scenic route, Highway 51, at this time is in the states of Kansas and Illinois.

However, work is being done in New Mexico, where the bridge across the Canadian River is under construction and 34 miles is to be paved in the Spring between Corona and Carrizozo.

In Missouri it is the new bridge across the Missouri River at Jefferson City that is attracting the attention of the Highway Commission on Route 54.

The new vice president is G. T. Richards, publisher of the Revere-Leader newspaper at Camdenton, Mo. The new secretary-treasurer is yet to be appointed.

"I TRIED TO KIDNAP STALIN'S SON" . . . Read the amazing inside story of Colonel Ulitz Amos' recent attempt to engineer Vassily Stalin's escape from Russia! It's a factual account of danger and intrigue, plot and counter-plot, with which the spy thrillers of fiction cannot compare. Look for it in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.—Adv.

In Memory of Tom and John C. (Cap) Straley

By MRS. ELVA WILSON

Tom, the second son and Cap, the youngest son of the late Mr. and Mrs. T. J. Straley, were laid to rest in the family plot at Ancho, Oct. 22, 1953. Members of the family preceding these two are Sadie, Feb. 18, 1926; Thomas Allen (Cap's first son), Feb. 18, 1934; Lucy Allen (mother), May 16, 1937; Thomas Jefferson (father), May 30, 1937; Harry, June 20, 1953 and Reba, July 28, 1953.

Tom, like his brother, Harry, led a very interesting and adventurous life. He intrigued his friends and relatives by relating his experiences when he worked as a young man for the Green Cattle Co. in Cananea, Mexico; also as a mule skinner for a construction gang on Baton Pass, and as a bronco buster breaking horses for the Turney Cattle Co. in Las Cruces.

After serving in World War I he was for many years a special agent for the Southern Pacific Company and Santa Fe railway. During the last 12 years he did contact work in El Paso. He entered Wm. Beaumont Army Hospital Nov. 13, 1952 and remained there until his death October 19, 1953.

His survivors are his two brothers, two sisters; nieces and nephews. His pallbearers were Bryan Hightower, Barney Wilson, Charlie Porter, Pete Johnson, Ralph Dow, all World War I veterans, and Orris Smith.

Cap came to Ancho from Sterling City, Texas at the age of 4. He attended Ancho grade school and was a graduate of El Paso High School. He was appointed postmaster in 1937. He served in the First Marine Division in World War II and went through two major campaigns.

After his return to civilian life, he took over duties as postmaster, store manager and ranch advisor.

Cap leaves to mourn his passing his wife, June; two daughters, Jo Ann and Esther; three sons, John C. Jr., Charles Spurgeon and Tommy J.; two brothers, two sisters; nieces and nephews. His pallbearers were Fred English, Fred Napp, Bill Rodgers, Jerry Delaney, Pat Dickell and E. J. Horkey.

Cap was a devoted husband, father, brother and friend, a very civic-minded person, always willing to lend a helping hand. His friendliness, winning smile, and his "furry back" will linger long in the hearts of his many friends.

Adios, Tom and Cappy, Hasta la vista.

HOSPITAL NOTES

ADMISSIONS: Mrs. Edna Laramie and Mrs. Hattie Harrow, Captain; Santiago Mirabal, Eugene Chavez, Fred Padilla, Jane Padilla, Rex Werner, Mrs. L. D. Baxter Louis Greer and Mrs. Luis Chavez of Carrizozo; Mrs. Christobel Zamora of Lincoln; Robert Braden of Three Rivers and W. H. Marr of Tularosa.

D. Baxter, Louis Greer, Robert Braden and Mrs. Luis Chavez.

BIRTHS: Born to Dr. and Mrs. L. D. Baxter a daughter, Karen, at 4:17 p.m., October 30, 1953, weighing 5 lbs., 14 ozs.

Born to Mr. and Mrs. Luis Chavez, a son, at 10:53 a.m., November 1, 1953, weighing 8 lbs., 5 ozs.

VELDA LENARD WEDS MAX E. CAMPBELL

In a ceremony held last Saturday at 7 p.m., in the First Baptist Church, Miss Velda Lenard, daughter of Mr. and Mrs. Walter Lenard, became the bride of Max E. Campbell, son of Mr. and Mrs. William Paul Campbell of Bloomington, Ind.

The Rev. Clyde Shults of the Capitan Methodist Church, officiated at the nuptials. A reception followed.

The bride chose a gray dress with navy blue accessories and a red carnation corsage.

Mr. and Mrs. Carl Salas were the couple's attendants.

Mr. Campbell is a sergeant in the Army and expects to shortly be transferred to the eastern part of the country.

Reception guests were Carl and Mary Lou Salas; Barbara Jean Branum, Mr. and Mrs. Wayne Withers, Mr. and Mrs. Charles Hodgins, Rev. and Mrs. Harris T. Ray, Mr. and Mrs. Fred Current, Mrs. Nellie Rely, Mr. and Mrs. Pat Withers and Ina Verie Withers, Mrs. R. C. Withers, Mrs. Nellie Branum, Bobby Lenard, Mrs. Alton Lenard, Mrs. Margie Clouse, Mrs. Mattie Littleton, Mr. and Mrs. Friday Sherrill, Miss Margaret Lane, Mrs. O. V. Moore, Mr. and Mrs. T. E. Kelley, Mr. and Mrs. Clint Branum of Santa Fe, Mr. and Mrs. W. J. Hadley, Mrs. Glenneth Stokes and Mr. Clyde Shults.

12 Basketball Teams Comprise B League

J. H. Morris, superintendent of the Ruidoso schools, has been elected president of the Class B basketball league.

The district's teams are composed of Carrizozo, Lake Arthur, Hobbs, Dexter, Hondo, Capitan, Ruidoso, Hagerman, Eunice, Jal, St. Peter's in Roswell and Hope.

According to R. G. Firman Carrizozo superintendent, all the schools do not play each other during the regular season, but will meet at the district tournament in Roswell in February.

Carrizozo's first game will be with Weed here November 20. A game with Dexter follows on November 21.

Second Fire Hits Downtown Ruidoso

Damage was estimated at \$70,000 as a result of a fire in Ruidoso's business district early Monday. Flames destroyed the Ruidoso Bowling Alley operated by Bill Marler, the Davis Cafe owned by Denny Davis and two cabins in the rear of the two business houses.

The Diamond Bar operated by Billy Matson and the Village Beauty Salon were damaged. Volunteer fire companies from Ruidoso, Green Tree and Hollywood fought the fire for six hours.

Lincoln County Motors, Inc.

PHONE 148 MARYN M. ROBERTS, Pres. CARRIZOZO

Mr. and Mrs. E. W. Callaway in Carrizozo, Mr. Garcia is planning a deer hunting trip. He is employed by the Northern Pacific Railway in Pasco.

Donis Aguayo, son of Mr. and Mrs. A. H. Aguayo of Nogal; "Doc" Bell of Bronson, Colo., and Harm Belmberry of Odessa, Tex., both sons-in-law of the Aguiyos, are hunting in the northern part of Colorado.

Bud Crenshaw of White Oaks was in Carrizozo Monday, getting ready for the hunting season.

Elwood T. Bond of Corona was a Carrizozo business visitor on Wednesday.

Mr. and Mrs. Richard Bingham send regards to all their friends in Lincoln County. They recently moved from Cuba to Grants, New Mexico.
