

RAMBLIN' AROUND

By PAUL HARK

How much water will the Lake Bonito system produce? That question has been asked many times and it's a good one. After seven dry years, the water level in Lake Bonito is reported to be down 7 feet and Noga Lake has only 15 feet of water remaining.

This is informative in view of Alamogordo's proposed purchase of the Bonito system, with the Army putting up the money. An option to buy the system has been granted Alamogordo by the Southern Pacific Company.

If and when the Army and Alamogordo acquire the Bonito System, how far will it go toward supplying their present and future needs?

The point Mr. Clasen makes, and it seems to be a good one, is that Carrizozo might be in a precarious position if it became dependent entirely upon Bonito's output.

El Paso, Mr. Clasen pointed out, a few years ago turned down a chance to secure water when Elephant Butte dam was built.

Mr. Clasen advised the Carrizozo town trustees to develop, if possible, their own source of domestic water supply.

Should Carrizozo find it feasible to develop its own source of water, its right to a portion of the Lake Bonito supply should never be relinquished.

Welcome rains came during the past few days to many sections in the eastern part of the State.

Political candidates in Carrizozo this week were Ingram B. (7-foot) Pickett and Mrs. Georgia L. Lusk of Carlsbad.

CARRIZOZO MAY GET HIGHWAY 54 MEETING IN 1955

Vernon Petty and Fred English of Carrizozo returned Saturday evening from the National Highway 54 convention held in Dalhart, Texas.

The Carrizozo men were not successful in bringing the Fall 1954 national convention to Carrizozo, but they won executive council approval of a bid for the Spring 1955 convention.

The 1954 Fall convention is to be held in October at Eureka, Kans., near Wichita.

Mr. Petty reported in Carrizozo this week that a caravan will bring Highway 54 boosters to the opening of the Corona-Carrizozo stretch, tentatively set for July Fourth.

At the request of the Ford Motor Company, 50,000 Highway 54 maps will be given the Rotunda for distribution to the public.

Delegates to the Dalhart convention heard plans for asking Mexico to change its Federal Highway 45 running from El Paso and Juarez to Old Mexico, to Federal Highway 54.

An alternate proposal will be for Mexico to allow the U. S. Highway 54 shield to be placed on the same posts with Federal Highway 45 markers.

The plan was outlined by Mr. Petty. He suggested that a U. S. 54 caravan be formed to go to El Paso-Juarez and thence follow Mexico's Highway 45 to Mexico City to make the proposals direct to top Mexico authorities.

Two Hospitalized by Pickup Overturning

Two were hospitalized in Carrizozo Tuesday evening as a result of a traffic accident 20 miles south of Carrizozo on Highway 54.

According to State Highway Patrolman Eddie Apodaca, who investigated, the Pounds' pickup ran off the pavement onto a wet soft shoulder.

Should Carrizozo find it feasible to develop its own source of water, its right to a portion of the Lake Bonito supply should never be relinquished.

31 DAYS - NO DEATHS ON STATE HIGHWAYS

As of Wednesday this week New Mexico had not had a traffic death for 31 days.

HONDO FESTIVAL SET FOR MAY 1

The Apple Blossom Festival sponsored by the Tres Valles Garden Club will be held in the Hondo gym Saturday, May 1, at 8 p. m.

The queen of the festival will be selected that night by judges who live outside Lincoln County. Committees have been appointed to select a candidate for queen from each of the following communities: Ruidoso, Green Tree, Glencoe, San Patricio, Hondo, Lincoln, Tinnie and El Cacho.

The program at the festival will include a two-minute performance by each of the queen candidates. The queen will be chosen for her beauty, personality, talent, and high scholarship. She must be a high school girl.

DANCING WILL BE FEATURED

Dancing will be enjoyed all evening. Music will be furnished by Coe Orchestra, composed of Wilbur Coe, Louise Coe, Elzy Perry, Jr., Ralph Bonnell, Dan Storm and Milt Mable.

There will be a floor show full of entertaining surprises. Refreshments of sandwiches and Coca Cola will be available.

The Garden Club hopes to make this an annual event and trust the people of the Valleys will be enthusiastic about this their first Apple Blossom Festival. A large attendance at the festival will show the gratitude for the apple blossoms which make the pay crop for that area.

"Please begin sponsoring your candidate for queen," requests the publicity committee of the Tres Valles Garden Club. "Give her publicity and cooperation. All eyes will be on the queen of the Apple Blossom Festival. Come and enjoy an evening of real entertainment."

EASTER SUNDAY AT THE CHURCHES

CARRIZOZO METHODIST

Easter will be celebrated at First Methodist Church in Carrizozo by a sunrise candlelight service at 5:15, according to an announcement by Rev. C. E. Burch. He extends a cordial invitation to all to attend. An Easter service will follow at 11.

SPECIAL EASTER SERVICES AT EPISCOPAL CHURCHES

Special Easter services will be held at the Chapel of Our Redeemer, Ft. Stanton, on Easter Sunday at 10:30 a. m. There will be a Celebration of the Holy Communion and sermon by the Ven. Robert Y. Davis.

At the Church of the Holy Mount, Ruidoso, there will be a special Celebration of the Holy Communion at 7:30 a. m., on Easter morning.

On Good Friday, the Passion Service will be held at St. Anne's Church, Glencoe, at 2 p. m.

HONDO SCHOOL BAND IN CONCERT

The Hondo High School Band will present its annual Spring Concert in the Hondo gymnasium on Tuesday, April 20, at 7:30 p. m., under the direction of Jesse R. Lara.

The band will present a variety of musical numbers. These will consist of overtures, suites, novelties and the better known marches by Sousa and other well known composers.

There will be no admission charge. The public is invited.

Pictured above is the Southern Pacific water storage reservoir which serves Carrizozo, drained dry for a spring cleaning and flushing. The reservoir yielded two large trout—one 23 inches in length and another 17 1/2 inches; also a number of minnows; one dead duck; several bushels of soaked tumbleweeds and a thick coating of muck on the reservoir's floor. The cleaning is being done with a scraper and a stream of water under pressure.

A Southern Pacific water maintenance crew started work last week cleaning and flushing the 750,000-gallon reservoir that serves Carrizozo. It was estimated the job would take five or six days.

Seven men are employed, under the direction of W. L. Lenard, foreman. The reservoir had not been cleaned for about two and a half years.

The concrete structure is 220 feet long, 150 feet wide and 12 feet deep. It is one of a chain of similar reservoirs that hold Lake Bonito water for Carrizozo and communities to the north. Companion structures are located at Coyote, Luna and Corona.

The water is chlorinated at all of the reservoirs and booster stations at Coyote and Luna lift the water through its pipeline to the higher elevations.

Name County Officers For Safety Committee

An organization meeting of the Lincoln County Highway Safety Committee was held Friday night at Hondo High School. The following officers were elected: Judge W. S. Campbell, president; Mrs. George Slaughter, vice president; Frank C. Boyce, secretary and Tom Babers, treasurer.

A board of directors was elected, including the above officers and Sheriff William Glen Bradley, R. H. Hedgecock and Chas. D. Fuller.

A large number from over the county attended the meeting, also Lamar Floyd and Frank Andrews of the Governor's Safety Coordinating Committee. They spoke on the importance of local councils in traffic safety measures, and promised cooperation from the State committee.

Formal Opening for Ruidoso State Bank

The Ruidoso State Bank will have its formal opening Saturday, April 24, according to an announcement this week by T. B. Hood, executive vice president. The public is cordially invited to attend.

The new bank opened for business December 1 last year. Harris Sheldon, prominent artist of Ruidoso and El Paso, will have several of his paintings on display in the bank and there will be exhibits from other artists of the area, according to Mr. Hood.

Carrizozo Youth Lost 12 Hours in White Sands

Jimmy Wayne Means, 7, son of Mr. and Mrs. Bob Means of Carrizozo, was lost in White Sands desert area from 12:30 noon Sunday until 1 o'clock Monday morning. The youngster strayed away from a family picnic area.

He was unharmed when found by Army personnel in a jeep, 5 1/2 miles northeast of the picnic area. An extensive man hunt for the missing youngster got under way Sunday afternoon, by Army jeeps, weapon carriers and planes that took off before dusk.

CARRIZOZO TOWN TRUSTEES DISCUSS SINKING TEST WELLS FOR WATER

At their regular meeting Tuesday night, the Carrizozo town trustees took steps toward developing the town's own supply of domestic water.

According to plans formulated Tuesday night, bids will be advertised for sink test wells in an area southeast of Carrizozo, which has been said to be most favorable for water development.

The trustees' action followed a lengthy report by Ashley G. Clasen of El Paso, the town's water consultant, and architect of the proposed new water distribution system.

Mr. Clasen pointed out that a decision would have to be made soon whether Carrizozo wished to depend on the Lake Bonito supply, or develop its own source of water from wells.

The pending water system construction, he said, would be different in either case. Should the Bonito source be used, a standpipe would be needed, as well as a booster pump. Should the wells be developed at a higher elevation the standpipe would not be needed, but in its place a reservoir would be built from which water would flow by gravity into town.

"It would be needless," he said, to spend \$30,000 for an elevated storage tank and booster pump should you decide later to develop your own source of water."

Mr. Clasen said it was his opinion that Alamogordo and Holloman Air Base would have use for the entire water output of the Bonito system, and still be short of their requirements in the not too distant future.

"The installations at Holloman are one of the most important in the United States, if not the most important, and there is no indication they will get any smaller," he said.

"WELL WATER CHEAPER"

Providing tests show an ample supply of good domestic water, Mr. Clasen said that Carrizozo could produce its own municipal water for far less cost than purchasing Bonito water, "even if the Army takes over."

He used Anthony as an illustration of a town that has recently developed its own water supply. A rate structure has been set up there as follows: \$3 for the first 5000 gallons; 60c for each additional 1000 gallons up to 5000 gallons; 40c for each additional 1000 gallons up to 5000 gallons and 30c for each additional 1000 gallons. The revenue from these charges, Mr.

Clasen said, was sufficient to pay operating and maintenance expenses and also pay the interest on revenue bonds. He estimated that a revenue bond issue of \$75,000 would be necessary for Carrizozo to develop its own source of water supply. "That would give you a 'bang-up' system and enable you to sell water at half the present cost."

It was brought out that well water does not require filtering. The recent bond issue voted by Carrizozo to improve and extend its water distribution system, did not include a filtration system, which would cost approximately \$30,000.

"HOLD ONTO WATER RIGHTS"

"If Alamogordo acquires the Bonito system," Mr. Clasen said, "I would certainly establish a right in it, by contract if possible, even if you don't see it."

Carrizozo has reached an important point in its life, the speaker said, adding that "any town should develop its own water supply system if it is obtainable at reasonable cost."

Mr. Clasen was accompanied to Carrizozo by Sam Sampson, an associate in the El Paso engineering firm.

OTHER COUNCIL BUSINESS:

In other business, the town trustees approved a request by W. C. Withers to erect a cinder block residence on Lots 4, 5, and 6 in Block 42, to cost \$5,000.

Granted a new business application to Jas. L. O'Neal to operate the Magralla Service Station.

It was their last meeting for Trustees C. A. Snow and Toy Shafer, whose terms are expiring.

Many Old Timers at White Sands Picnic

Among the old-timers who registered at the White Sands Play Day picnic last Sunday were: A. F. WILL HARRISON'S Inside the Capital

SANTA FE, April 14—The case of the \$65,000-worth of lumber purchased by the state mental hospital at Las Vegas in days of \$200 or less, which made it unnecessary to call for bids, may be embarrassing to the state comptroller who is investigating the case as well as the asylum officer who is being investigated.

After newspaper publicity, the case is before legal authorities in the middle of April after it had been uncovered back in the middle of last November.

The comptroller is questioning the method of purchase of the lumber as a violation of the purchasing law after having told the hospital board several months ago that the \$200-or-less method was more or less practiced in the state to detour the bidding requirement.

The lumber, bought from sawmill operator Don Marrujo, came at a price that Comptroller Hartman claims was \$16,000 above the best price obtainable. Marrujo acknowledged a \$5,000 overcharge on pricing some of the lumber and agreed to make it up in delivery of that much lumber without charge.

Like almost everything concerning the asylum, this case is flavored with politics as well as \$65,000 worth of lumber. Under fire for doing the buying is Joe Valdez, asylum finance officer, and a rising leader in the San Miguel Republican party. He is challenging the leadership of District Judge Luis Armijo and District Attorney Jace Armijo and it's the "DA" who is scrutinizing the lumber deal.

The asylum board is standing behind Valdez and the state house is apparently siding with the Armijos.

The asylum has been ridden by politics since anybody can remember. The San Miguel political organizations regard it as a political plum for the party that happens to be in. The abuse has been at one of its periodic low ebbs in recent years but there is no indication of any permanent improvement.

ABUSE STRENGTHENS MERGER ADVOCATES

The Little Hoover Commission suggested, but did not definitely recommend, that the insane hospital be brought under the state welfare department. This proposal won considerable support in the discussions centering around the controversial merger of the health department in the welfare department.

It has been repeatedly said in statehouse circles that better and more practical than the health and welfare merger would be the combining of the hospital for the insane, the crippled children hospital at (ugh) Truth or Consequences, the Minera hospital at Haton, the Spring-er Industrial school, the girls welfare house at Albuquerque, the mental hospital at Las Lunas.

Two Local Men See Pacific H-Bomb Blast

Two Carrizozo servicemen are taking part in the current H-bomb exercises in the Pacific. They are Dick Roberts, SK/3, aboard the USS Nicholas, and Alton Lenard of the USS Epper-son. They are reported to have been eye witnesses to the recent historic H-bomb explosion at Eniwetok atoll.

As high school students, Dick and Alton first learned about nuclear energy when the first atom blast was set off near Carrizozo in 1945.

Lions Club to Sponsor Carnival May 18-22

The Southwest Amusement Co. of Albuquerque is bringing a carnival to Carrizozo May 18 through May 22 under the sponsorship of the Carrizozo Lions Club. A permit to hold the carnival was given the Club by the Town Trustees at their meeting Tuesday night.

It was ladies' night at the last regular meeting of the Lions Club, held at the Western Hotel. Ray Reed, district governor, made his official visit to the club and gave a short talk. Norman Macleod, State organization director for the Cancer Crusade, also spoke.

At next Wednesday's meeting of the Lions Club, the Annual staff of Carrizozo High School will be guests.

STATE GAME DEPARTMENT
● NEWSLETTER

The New Mexico Department of Game and Fish at its regular meeting heard recommendation for the construction of a dam on Running Water Draw, near Clovis, to create a fishing lake. Wilfred W. Baker, engineering consultant of Albuquerque, said the project could be constructed at a cost of approximately \$320,000. The project has been in the discussion stage for several years but the commission has taken no action on it until engineers declared it a feasible project.

A similar dam has been proposed on Seneca Creek, a tributary of the Canadian River, near Clayton, and is pending hearing

before the Interstate Stream Commission to be held in the near future. A federal mediator is expected to report at that meeting on the interstate water rights between Oklahoma and New Mexico which are involved in the project. If the Clayton project is cleared, it would take \$180,000 next year to build it, thus delaying the Running Water project until 1963 at the earliest.

MAY BUY TIMBER LAND
In other actions, the Commission took under advisement a proposal by a representative of the New Mexico Timber Co., to sell the commission about 40,000 acres of land in the San Diego Grant in the Jemez Mountains; authorized payment of \$5,000 to a group of landowners for certain rights on Charette Lakes, taken over by the Game Department some time ago, as had been recommended by the Attorney General; agreed to a request by Gov. Costilla Vallo of Acoma Pueblo that the commission adjust the trout season to include all of the San Jose

River opening May 1. (This is a local situation and, inasmuch as the San Jose parallels and crosses Highway 66 on Acoma lands, this was granted.) The Pueblo charges for fishing there and the Department stocks no waters used commercially. Gov. Vallo stated that the Acomas plan to do their own stocking; Approved a supplemental regulation opening Phillmont Scout Ranch for fishing April 6 to Nov. 21, except for the Cimarron River. This is in accordance with regulations promulgated in the past.

MAY FORM GPA CHAMA VALLEY
A group of Chama Valley people asked the Department to cooperate in getting lands reopened in that area to hunting and fishing. Roger Neill, executive secretary of the State Game Protective Assn., told the Chama delegation that the problem was more one for sportsmen than for the Department. His offer to help form a GPA unit which could talk to the landowners was accepted and Neill was requested to come to Chama and

assist in such organization.
LICENSES DISTRIBUTED
The 1954 hunting and fishing licenses have been distributed by the Department and are in the hands of vendors at the present time. Department spokesmen warned that anyone planning an early fishing trip to any of the waters open for year-round angling and those special waters which were opened April 1 must possess a 1954-55 license. The 1953 license was good until Mar. 31; the last day of the fish and game license year in New Mexico. Only minor changes, other than color, will be noted on this year's license and game tags. The law requires that they be carried by the fisherman or hunter at all times when fishing, hunting or trapping.

Chevrolet Delivering New Cars at Factory
DETROIT, MICH., April 14—For the first time since pre-war, Chevrolet customers are taking deliveries on new cars at the Flint, Mich., factory.

Resumption of this popular customer service offers freight savings and a chance to combine car purchase with a vacation trip. Now limited to certain sections of the U. S., the service will be extended gradually to the entire nation. E. L. Harrig, national service and mechanical manager, said. A monthly volume of 1,000 to 1,500 cars is anticipated when the department is in full operation.

A special booklet containing detailed instructions on taking car deliveries will be distributed to customers coming to Flint. It describes Chevrolet's Flint operations and offers tourist information on the city.

Formerly an assembly plant for the Chevrolet Corvette sports car, the customer delivery building is located adjacent to the assembly plant. A comfortable lounge room in ultra-modern appointments has been outfitted for the customer and plant tours may be arranged.

Steps in using the customer delivery service, Harrig said are:
1. Place an order with a local authorized Chevrolet dealer, specifying model, color, equipment, accessories and delivery date. Arrange also for title and license.

2. Chevrolet confirms delivery date by letter to dealer and to customer.

3. Customer receives instruction booklet and arranges transportation to Flint.

4. Customer picks up new Chevrolet... at Flint, serviced, complete with accessories and ready for the trip home.

Air Force ROTC Men Visit Biggs Air Base

James J. Miller, son of Mr. and Mrs. Price Miller of Ancho, was one of the group of Air Force ROTC students at the New Mexico College of A&M who toured Biggs Air Force Base during the week ending April 9. The purpose of the one-day tour was to acquaint AFROTC students at the A&M college with the functions and operations of an air base.

The students were welcomed by Col. Robert J. Ahern, commander of the 510th Air Base Group. Then the students visited a B-35 mobile training unit, a C-124 flight simulator, the flight line and maintenance section, and a static display of Air Force transports and bombers. In the afternoon the AFROTC cadets visited base operations.

I'M JUST A STEERING WHEEL

I'm just a wheel. A steering wheel. And you're my captain. Behind me you're the lord and master of a miracle. You can make me take the kids to school. You can turn me down the sunny road toward town. With me you can guide your goods to the market place... you can rush the sick to be healed... you can go in minutes to places hours away. You can do magic.

Yet, in the blink of an eye, in the flick of your watch, I can turn deadly killer. I can snuff out the life of a kid still full of life—maybe YOUR kid. I can twist a smile into tears. I can wreck and cripple and destroy. I can deal out death like the plague. I'm no respecter of persons. A child, a grandmother, even YOU, my friend... it's all the same to me.

I'm sensitive. I respond instantly to the hands you give me. Give me calm hands, steady hands, careful hands... and I'm your friend. But give me unsteady hands, fuzzy-minded hands, reckless hands... then I'm your enemy, a menace to the life, the happiness, the future of every person, every youngster riding, walking, playing.

I was made for pleasure and usefulness. Keep me that way. I'm in your hands. I'm just a steering wheel. And you're my captain. Behind me you're the lord and master of a miracle... or a tragedy. It's up to you.

Mrs. Tom Bingham has returned from attending the funeral of her father, A. L. Miles, in Glenrose, Texas. She had been called home because of the serious illness of her father, and left Carrizozo March 29. Mr. Miles passed away Saturday, April 3, after a three months' illness.

Mrs. A. L. Miles, mother of Mrs. Bingham, returned to Carrizozo with her daughter for an indefinite visit.

Mr. and Mrs. Vincent Reil motored to El Paso Sunday to spend the day with Mr. and Mrs. George Harrison. On the return trip they ran into a heavy rain and hail storm at Oro Grande and light rain from there on to Oscura.

Mrs. Archie Old of Roswell visited last week with her sister, Alma Miller and her brother, Joe Sargent.

Eddie Fitzpatrick, well known citizen of Nogal, was in Carrizozo Monday.

Mr. and Mrs. Robert Calloway visited Mrs. Calloway's mother and other relatives at Ft. Sumner last week.

Mrs. Salem Teague and Mrs. Janice Ridley, first and second grade teachers, presented an Easter program in the school auditorium April 18.

The Coffee Cup Cafe reopened Monday morning with a shiny new decorated interior.

LINCOLN

By ETHELYN PHILLIPS

Philip de Rosier drove to Albuquerque Saturday afternoon, where his mother, Mrs. Neomile de Rosier, boarded a plane for her return to Massachusetts. Mrs. deRosier had been visiting her son in Lincoln for some time. Philip brought home another guest—Richard Berger, theatrical producer of Hollywood and New York. Mr. Berger is combining a business and pleasure trip. He and Philip are conferring about two shows they are working on. Mr. Berger plans to leave Thursday.

Wm. K. Snyder, A & M extension wool and ram marketing specialist and supervisor of the 4th annual Wool Clinic, looks over a pen of sheep classed by a county extension agent. Some twenty-five growers and agents

who passed the test were certified as competent field-classifiers of sheep and wool. The chute grading tests were given at the Reynolds and Asbill ranch near Vaughn.

NEWS FROM THE COUNTY AGENT

By RALPH DUNLAP

Tests Should Be Made For Bovine Diseases

Tests for tuberculosis and Bangs will be conducted by Dr. G. D. Allen, Bureau of Animal Industry veterinarian, in Lincoln County during May. This is a free service and all persons having milk cows or milk goats for home use are encouraged to let the county agent know so that Dr. Allen can visit you when he is in this area. He will spend a day each in Corona, Carrizozo and Captain areas. Bangs disease and tuberculosis are both transmitted through milk to humans. Any one drinking milk from untested animals is taking a chance of contracting either or both of the diseases. This test should be also made each year, especially for Bangs.

Sprays and Dips for Livestock Pest Control

Now is the time to begin thinking about measures to take in controlling livestock pests. DDT is used for control of horn flies, mosquitoes, lice, fleas and house flies. When mixed with benzene hexachloride or lindane, DDT gives effective control of ticks. Use DDT as a spray or dip. Do not use DDT on milk cows. Benzene hexachloride (BHC) is used for the control of lice, scab or mange mites, fleas, and house flies. When mixed with DDT it gives effective control of ticks. Because of its odor and the possibility of causing off-flavor, do not use hexachloride on milk cows or poultry. This material may be used as a spray or dip. Benzene hexachloride DDT mixture is used especially for the control of ticks. This mixture will also control horn flies, mosquitoes and lice. It may be used

COUNTY SCHOOLS ENTER WHITE SANDS PLAY DAY EVENTS

Sammy Stidham and Billy Hicks of Carrizozo High School furnished some good competition in athletic events at the White Sands Play Day last Saturday. Sammy won second in a 440 heat against 30 entrants and took seventh place in the finals of that event. Billy won fifth in the mile run against 37 entrants. Highland High School of Albuquerque won first place trophy by taking first in nearly every event. Artesia High School

placed second and Las Cruces fourth. Captain Tom Huey placed second in the pole vault, which saw the record of 10.8 broken by an 11 ft. leap by Sanders of Artesia. Niles Lackey of Ruidoso took fourth in the 440-yd. dash and A. Campbell of Corona was fifth. Lincoln County was well represented at the Play Day, which was attended by approximately 5000 people. Gov. Mechem was among those present. Sports events predominated the unique and interesting day. There was an old-time fiddlers' contest in the evening and a racket display was given in the afternoon.

for spraying or dipping. Do not use this mixture on milk cows. Lindane is used for the control of lice, scab or mange mites, poultry mites, fleas and house flies. It should be used as a spray. Lindane is approved for use on milk cows. Lindane control formula EQ-335.

Lindane-methoxychlor mixture is used on milk cows especially for the control of ticks. It will also control horn flies, mosquitoes, lice and scab or mange mites. The mixture should be used as a spray.

Lindane-DDT mixture is used on beef cattle and other animals especially for the control of ticks. It will also control horn flies, mosquitoes, lice and scab or mange mites. The mixture should be used as a spray. Do not use on milk cows.

Chlordane is used for the control of scab or mange mites on hogs and dogs, fleas and house flies. It should be used as a spray. Do not use on milk cows.

Toxaphene is used especially for the control of ticks. It will also control horn flies, mosquitoes and lice. Use toxaphene as a spray. Do not use on milk cows or dogs.

Methoxychlor is used for the control of horn flies, mosquitoes, lice and house flies. It is approved for use on milk cows. Use methoxychlor as a spray or dip. When mixed with lindane meth-

oxychlor gives effective control of ticks. TDE or DDD may be substituted for DDT in livestock pest control. Rotenone is used especially for the control of cattle grubs. It will also control lice and fleas.

Eyrenone is a mixture of piperyonyl butoxide and pyrethrins. It is used especially for the control of horse flies but it will also give control of horn flies, mosquitoes and house flies.

Miss Elsie Cunningham New State Home Agent

Mrs. Eva M. Thomas of Creighton, Neb., has been named Home Demonstration agent at large for Sierra, Luna, Lincoln and Otero Counties, according to Miss Elsie Cunningham, state home agent for the New Mexico Extension Service. She succeeds Mrs. Lois French who resigned recently to accept a position with the Oklahoma Indian Service.

Mrs. Thomas, a former Home Extension agent in Knox County, Neb., received her Bachelor's degree from Nebraska State Teachers' College, Chadron. She also attended the University of Nebraska.

The new home agent-at-large will help Sierra, Luna, Lincoln and Otero County Extension Agents plan and carry on their 4-H and home demonstration work and will also assist the agricultural agent on the Mesquite Apache Indian Reservation with special cooperative assignments. She will make her headquarters at the State Extension Service office on the campus of New Mexico A & M College.

WE'RE GROWING
HIGHWAY CONSCIOUS
 American highway users—and that is virtually all of us—who are paying about a billion dollars a year in federal gasoline and diesel fuel taxes are going to see that money spent where it belongs—on the roads. The federal aid highway bill which is nearing the White House for signature provides for that for the first time. One of the one billion authorized in that measure, \$910,000,000, is to be apportioned to the states in matching funds. The balance is for all-federal highway building, such as national forest and Indian reservation roads.

The Senate-approved bill, in which the House seems certain to concur, gives New Mexico, for instance, nearly \$12,000,000 a year in federal funds, an increase of about \$5,000,000 over this year. The Senate bill provides virtually the same amount I sought to include in the House bill by floor amendment. These added funds will allow our state to build more four-lane, higher standard, safer highways than the program of the state highway department originally contemplated. I know that will be as highly gratifying to the people of the state as it is to me. It has been a long, hard and often discouraging battle to win recognition of the justice of non-diversion policy with regard to gasoline tax.

BATAAN HEROES
RECOGNIZED
 Congress by joint resolution has officially declared April 9th Bataan Day as a tribute to the valiant men, including New Mexico's 200th, who held out against overwhelming Japanese forces in the Philippines until the fall of Bataan 12 years ago. New Mexico—undoubtedly contributed a greater proportion of that brave force serving under Gen. Douglas MacArthur than any other state and is highly gratified, I am sure, nor national recognition of their courage and patriotic devotion to their country.

The resolution states: "So it resolved that April 9, the 12th anniversary of the fall of Bataan, should be observed as Bataan Day and that the Cong-

Amonett's Safety Lane
Does Expert Work

Ed Raymond's slogan as head of Amonett's Safety Lane—"Don't start if you can't stop"—is widely known throughout the Pecos Valley for its forthright realism. To take chances with your life or the lives of your family when a periodic inspection will guarantee good braking is a chance not worth while. Most cases of brake inspection, according to Mr. Raymond, do show that a minor adjustment is required; however, in the needed cases of brake alignment the small outlay at that time is a savings many times over in future operation of the car.

Amonett's Safety Lane has been engaged in brake service for some time during which period the shop has built an enviable reputation for dependable work at reasonable prices. The shop at 316 N. Richardson is well equipped for this work and employs skilled technicians well versed in all types of brake systems. They especially invite out-of-town customers to use their services and see that they are taken care of immediately and suffer no delay.

Other services offered by Amonett's Safety Lane includes front end alignment, wheel balancing and axle straightening. This combines with the outstanding body and fender work to make the facilities of this shop complete insofar as the running gear of the car is concerned. The body shop features complete automobile collision repairing and the skilled metal

men are adept in rolling out fenders and in taking dents from any part of the auto body. The many jobs that Amonett's Safety Lane has turned out for auto owners has gained many friends and customers for the shop and has resulted in Ed Raymond building a thriving business serving motorists along these lines.

E. P. Pecos Valley Truck
Line Boon to Area

Transportation is the very backbone of our nation and is the most important single factor to any growing community. With the establishment of the El Paso-Pecos Valley Truck Lines which furnishes daily overnight freight service between El Paso, Alamogordo, Tularosa, Carrizozo, Artesia, Carlsbad and Roswell with connection for points beyond, a transportation problem was solved.

J. L. Naylor and his sons, Harold H. and James L. Jr., who operate the El Paso-Pecos Valley Truck Lines have always been eager to give this area the very best motor freight service possible. They have seen that their modern equipment is kept in top shape and that freight is picked up and delivered promptly and handled with the best of care.

It must be kept in mind that El Paso-Pecos-Truck Lines not only serve us as a modern transportation line but they pay our state large sums in taxes which go toward the building and maintenance of our highways. We take this opportunity to compliment El Paso-Pecos Val-

ley Truck Lines on their fast freight service which gives maximum protection and speed of delivery at a minimum cost. Regardless of the size of the shipment or the distance to destination, you are sure of safe delivery if this reliable motor freight carrier handles it.

Builders Block & Stone
Company Is Asset
To New Mexico

No reviewing of the building activity throughout New Mexico would be complete without mention of Builders Block & Stone Co., located southeast of Roswell on the old Dexter Highway, manufacturers of CEMENT and Pumice Building Blocks.

CEMENT and Pumice Blocks manufactured by Builders Block & Stone Co. are strong, accurate in dimensions, fine in texture, most economical to buy and their use means low-cost construction. They are fire-proof, an insulation against both heat and cold, rodent-proof and resistant to water. They are light in weight and designed for long-lasting construction.

All products manufactured by Builders Block & Stone Co. comply with or exceed the specifications of the U. S. Bureau of Standards, the American Society for Testing Materials and all city building codes. Much of the material used in the manufacture of their CEMENT Blocks is produced in Lincoln County.

If you are contemplating building a new residence, commercial building or remodeling, we suggest that you consult one of Builders Block & Stone company's many dealers throughout Lincoln County, or, if you prefer, take advantage of Builders Block & Stone Company's Advisory Service and see how the use of CEMENT and Pumice Blocks can fit into your building or remodeling program, giving you attractive, sound construction and at the same time reduce your building costs.

We congratulate Builders Block & Stone Co. of Roswell on the liberal contribution that they have made to the construction progress of the state in furnishing their superior products, and wish for this concern continued success in the years ahead.

Don't fool
yourself about
fire insurance

If you're going to carry fire insurance, carry ENOUGH.

Many people merely carry "some" fire insurance, to ease their minds a little.

You should face the facts. What if a fire burned your home or business TO THE GROUND tonight? What would it cost you to replace your loss at today's prices?

Your insurance should be big enough to cover a major portion of replacement cost now. THAT is the way to decide how much fire insurance to carry. See us today.

SOME FACTS
ABOUT TAXES

Here are some seemingly unrelated facts that American taxpayers should find interesting to contemplate while the Tax Revision Bill which has passed the House is being considered by the Senate Finance Committee:

France has a new tax law. It increases personal exemption from \$342 to \$629. Under it a Frenchman with a wife and one child earning \$3,000 a year will pay \$32.50 tax. In the United States the tax take from the family would be \$205. It raises corporation taxes from 34 to 36 per cent. Here the corporation tax has been continued at 52 per cent, although a cut to 47 per cent this year had been authorized by Congress. France does not tax dividends. All dividends to shareholders have been taxed up to now in this country. West Germany, Great Britain,

Canada, among others also have reduced taxes this year. All of the Western European countries are enjoying their best economic conditions since World War I. Industrial production in 1953 was up 5 per cent over 1952; agricultural production in 1953-54 crop year was 22 per cent, about pre-World War II; average gold dollar reserves were \$9.4 billion in 1953 as compared to \$7.3 billion in 1952.

On the other side of the ledger, the facts also are worthy of study. We have put out almost \$90 billion in foreign aid since 1940, about \$7 billion of it in 1953. The budget calls for \$5.4 billion in the fiscal year 1955. There was an unexpended foreign aid balance of about \$13 billion at the end of 1953. The taxpayers may not find the facts enumerated so unrelated after all.

Recommended List of
Good Travel Ideas

Forty-six million people riding in autos will take off across the nation's highways this summer for varied vacation jaunts. It is estimated by automotive statisticians.

For those who want to mix fun with a normal amount of common sense in traveling, a Los Angeles tire executive has recommended a list of "good travel" ideas. "Have a competent mechanic check your car for good brakes, lights, ignition system, and be sure all tires, including the spare, are strong enough to stand the trip on hot summer highways. And make certain", Greiner said, "that your tires have enough tread to assure good traction in all kinds of weather."

"After you are sure the car is mechanically safe and ready to go, check yourself on these points to help insure a care-free trip:

1. Carry an extra fan belt of the correct size.
2. Carry a spare ignition key.
3. Take along an extra fuse.
4. Make sure your battery is up to par, and check it frequently on the trip.
5. Load your car carefully so vision will be in every direction.
6. Flush and clean the radiator to prevent overheating on mountain or desert roads.
7. Make sure your tool kit and wheel wrenches are in the car.
8. Carry items such as this in the glove compartment: flashlight, pencil, scratch pad, safety matches, first aid kit, folding drinking cup, cloth or paper towels for cleaning the windshield and headlights.
9. Put a small fire extinguisher in the trunk.
10. Don't carry too much cash. Use travelers checks.
11. Write or wire ahead for hotel or motel reservations where you want to stay.
12. Plan each day's destination to allow ample driving time at a safe speed.
13. Lubricate your car at regular intervals.
14. And, check tire pressure daily when tires are cool to get an accurate reading.

Secretion from the bodies of toads can poison dogs. The affected animal may remain semi-conscious for several hours, but death is unusual. Treatment with proper medicines and good nursing to maintain body temperature can speed recovery.

PHILLIPS 66

White-Fuel

FOR YOUR CAR

Phillips 66 White-Fuel is a new, smoother, more powerful gasoline made possible by the use of high performance aviation fuel components.

Phillips originated Di-isopropyl and HF Alkylate—a valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now military authorities have released these restrictions, and Phillips can give their customers the benefits. New Phillips 66 White-Fuel provides increased power, smoother acceleration, higher anti-knock performance, greater fuel economy and freedom from stalling, along with Phillips 66 Controlled Volatility and the clean burning qualities for which Phillips 66 Gasoline is famous.

Only Phillips 66 White-Fuel contains Di-isopropyl. Get this powerful new gasoline today at stations where you see the orange and black Phillips 66 Shield.

'King of Kings' Coming To Presbyterian Church

The famous film on the life of Christ, "King of Kings," produced by Cecil B. DeMille, will be shown Friday evening at 7 p. m. at Corona Presbyterian Church. The public is cordially invited. This film was produced by a master director a number of years ago and is still considered to be the greatest religious film of all time. The film is being sponsored by the Corona Presbyterian Church and by Rev. David A. Shaw, pastor of the Vaughn Methodist Church.

Woman's Federation Elects New Officers

Corona Federation Woman's Club met Thursday, April 8 at 7 p. m. for their regular monthly meeting. New officers were elected as follows: Miss Dorothy Kerr, president; Mrs. Juanita Carnell, vice-president; Mrs. Edna Robinson, secretary; Miss Julia Kerr, treasurer and Mrs. Geneva Thomson, parliamentarian. The program was by Edna Robinson on cerebral palsy. Susan Penix and Sherrill Perkins gave a piano duet.

George James and Chap Turner, Corona high school juniors, have been elected to attend Boys' State this year. Betty Wade of Claunch will represent Corona High School at Girls' State. John Atkinson is an alternate.

Walker Putnam and his brother-in-law, C. E. Temple, of Indio, Calif., were in Corona this week renewing acquaintances. Mr. Putnam lived in Corona as a child.

Mr. and Mrs. Archie Perkins, Mr. and Mrs. Bud Walker and Edna Lovelace were all in Albuquerque last Tuesday.

Knollin and Willis Lovelace were fishing last week-end at Elephant Butte Dam, as were also Albert Mulkey and son, Leo.

Extension Club to Meet

Corona Woman's Extension Club will meet Thursday, April 22 in the Community room of the high school gymnasium. A covered dish will be served at the noon hour. Roll call will be "My Special Hobby." Program for the day will be a "Beauty School," with talks and demonstrations by Mrs. W. A. Melton of Tucumcari. Visitors welcome.

Corona Student Wins ENMU Scholarship

I. H. Burgess, Corona high school shop and manual training instructor, entered several pieces of woodwork of Corona students at Portales Invitational woodwork exhibit April 7 to 10.

Besides Corona, a number of other larger schools were represented at the exhibit. Holt Lovelace, Corona High School senior, won first place for a bedstead, and grand prize—a \$100 scholarship to Eastern New Mexico College at Portales. Harold Fuller of Corona won second place in the eighth grade division with his cotice table.

Mayor G. Cleve Brown was re-elected in the Tuesday, April 16, town election. Mrs. Eula Mays was re-elected clerk and I. H. Burgess and I. H. Carnell councilmen. Others on the council are Caille C. Franks and Walter Pfaffler.

Sam Bigger and Joe G. Otero of Capitán were visiting in Corona last Sunday. Mr. Bigger was recalling the time he and his father sold a printing press to their friend, Homer Stewart, who used it to print the Corona "Maverick." To date we have not heard of anyone who has a copy of The Corona Maverick.

Pete Porter and Art Jones have leased Clyde's Garage. Mrs. Porter and Mrs. Stella Jones are in charge of the help-yourself laundry located at Clyde's Garage. Mrs. Effie Jones is planning to buy or lease the Rainbow Cafe from John Minor.

Carolyn Yandell, youngest daughter of Mr. and Mrs. Ernest Yandell, has been ill and under a doctor's care this week. Charley T. Porter Sr. was taken to Veterans' Hospital in Albuquerque this week.

J. C. Shaw of Cedarvale will deliver the Easter sermon at the Corona Baptist Church at 11 a. m. Sunday.

Corona's Baptist pastor, Rev. Roy Bowen, is holding a two weeks' revival meeting at Hydro, Okla.

Rev. Robinson of Albuquerque brought a message at 11 a. m. last Sunday at the Baptist church.

David Faw, University of New Mexico student, will bring the 11 a. m. Easter message to the Corona Presbyterian Church Sunday morning.

Scouts to Collect Funds For Cerebral Palsy Aid

Boy Scout Troop 53 of Carrizozo will render a troop good turn Saturday, April 17, when the troop collects donations for the "United Cerebral Palsy Fund."

Members of the troop will have jars in which the public may deposit donations. Each one who donates will receive a poppy from a Scout.

The troop, during the spring months, will also work on a conservation project. Each of the patrols have their own projects which consist of the planting of grasses, shrubs and erecting feeding stations.

Two County Welfare Cases Under Review

SANTA FE, April 12 — Two public assistance cases in Lincoln County are being reviewed

as a result of a sample county audit of 29 cases. State Welfare Director Richard E. Strahlem stated today. All questions are being referred to the county office for further investigation.

The two cases receiving further study are both in the Old Age Assistance category.

Strahlem stated that the continuing audit being conducted throughout the State will insure uniform practices and the validity of caseloads in all counties.

WOMAN'S CLUB MEETS FRIDAY

The regular monthly meeting of the Carrizozo Woman's Club will be held this Friday, Apr. 16. Mrs. Kelley Stephenson is scheduled to give an account of the 42nd Annual Convention of the Federation of New Mexico Woman's clubs, held at Carlsbad last week, which she and Mrs. C. A. Snow attended.

Another interesting feature of the afternoon will be showing of "Cancer Films" by Norman Macleod.

Hostesses will be Mrs. Ben S. Burns and Mrs. W. H. Rickerson. All members are urged to attend.

VFW OFFICERS TO BE INSTALLED

Installation of V.F.W. officers is dated for April 17 at 6:30 p. m. A six o'clock dinner will be served. Those attending are asked to bring a covered dish. A dance will follow the dinner. The public is invited and all members are expected to be present.

Carrizozo PTA Install Officers of

The regular meeting of the Carrizozo P.T.A. was held April 12 at 7:30 p. m. in the school building. New officers were installed by Mrs. Asbury Glover, district director, from Alamogordo.

Mrs. J. N. McDaniel was elected delegate to the state convention at Tucumcari, April 22-24.

The group voted to sponsor a Cub Scout organization in Carrizozo.

Mrs. Rex Werner showed a film on cancer. Refreshments were cake and coffee.

EASTER GUESTS

Mr. and Mrs. A. N. Bland of Atascadero, Calif., arrived Monday to spend the week and Easter at the home of her sister, Mrs. Claud Brannum. Mrs. Bland (Jessie Rustin) attended school in Carrizozo.

Also with the Brannums at Easter time will be Mrs. Veda Rustin of Santa Maria, Calif., and Veda Lou Brannum, who is attending Texas Western College in El Paso. Mrs. Rustin formerly lived in Carrizozo. She has been spending the winter in El Paso.

First Graders Enjoy Easter Egg Hunt

First graders in Miss Chisholm's room enjoyed an Easter egg hunt April 14 from 11 o'clock until 2. Prizes were given and sandwiches and cold drinks were served to the children. Miss Chisholm was assisted by room mothers, Mmes. Bill Hayes, W. E. Hill and Wayne Hobbs.

Quick Work Prevented Outbreak of Hotel Fire

Manuel Ortiz of the Carrizozo Volunteer Fire Department, put out a fire single-handed Wednesday afternoon. He was called by a telephone operator in response to a message from Pearl Clark at the Western Hotel that she smelled smoke in the building.

Mr. Ortiz left his work at the filling station and went immediately to the hotel. After investigation he found a door in the stairway at the rear of the building leading to the basement ablaze. Using hotel fire equipment he put out the fire.

"It was lucky we found it in time," he commented later. "In another five minutes the fire would have been difficult to put out." It is thought that small children playing in the stairway set fire to some trash.

GRANDSON ARRIVES

Mr. and Mrs. W. P. Dolan of Tucumcari have received word that Mr. and Mrs. K. C. Smith are the parents of a son, born March 26 in Albuquerque. He was named Robert. Mrs. Smith is a daughter of the Dolans.

Episcopal Auxiliaries Have Joint Meeting

A joint meeting of the Lincoln County Episcopal Auxiliaries in Glencoe, Ruidoso and Fort Stanton was held Thursday morning of last week in the Church of the Holy Mount in Ruidoso.

The meeting opened with Holy Communion and was followed by a sermon by Rev. Robert Y. Davis on "The Biggest Fault That Inactive People Have Today is Indifference." "A pattern of habit in our lives would help to overcome this fault," he said.

Mrs. Longabough of Ruidoso conducted a business meeting at which 21 ladies were present. Mrs. Jim Howard and Mrs. Elzy Perry Jr. gave reports on their auxiliaries for the year.

Rev. Davis suggested that a committee set up a course of study and program for the whole group. Mrs. Geo. L. Zimmerman, Mrs. Kenneth Nosker and Mrs. Marian Spencer were appointed to the committee.

At the suggestion of Mrs. Wilbur Coe, a finance committee was appointed, composed of Mrs. Vic Lamb and Mrs. Zimmerman of Ruidoso; Mrs. R. E. Lemon and Mrs. Spencer of Carrizozo, and Mrs. Edith Riggsby and Mrs. Wilbur Coe of Glencoe. Mrs. Edith Longabough was elected chairman of all three committees.

Mrs. B. J. Bonnell extended an invitation to the auxiliaries to hold their next meeting at her home in Glencoe. It was announced that a barbecue supper will be held at Ruidoso in June, a dance in July and a bazaar in August, the dates to be decided on later.

All present enjoyed a lovely luncheon served at the El Alto dining room.

Southern Pacific Pays \$35,424.63 Tax Bill

County Treasurer S. E. Grelsen reports that Southern Pacific Agent C. O. Brewster this week paid \$35,424.63, representing the second half installment of the railroad's 1953 tax bill.

The Southern Pacific Company's total 1953 property tax payments in this county will amount to \$70,849.28, making it the county's largest taxpayer.

Of the taxes paid by the railroad, \$18,325.06 will go directly into county funds to help pay the cost of county government; \$35,156.37 will go to the Corona, Carrizozo, Capitán, Ruidoso and Honda school districts; \$345.73 will go to Corona and Carrizozo, and the balance of \$17,021.12 will go to the State.

Leland Jolly to Enter Spelling Bee Contest

Leland Jolly, Seventh grader of Carrizozo, will represent the school in the Southwestern Spelling Bee, to be held in El Paso April 30, from 2 to 7:30 at the El Paso High School Auditorium. The event is being sponsored by the Herald-Post.

Numerous prizes are to be awarded, including a free trip to Washington, D. C., and a chance to take part in the national spelling contest. Three cash prizes are also to be given.

Wedding Date Nears For Carrizozo Couple

Miss Tony Baca of Carrizozo is to wed Sgt. Leland Luper of Casey, Iowa, on April 24 at 4 o'clock in the afternoon at the Saint Rita Catholic Church.

Miss Baca is a nurse at the Lincoln County Hospital. Sgt. Luper is stationed at Red Canyon camp.

Twelve from Carrizozo Attend Typing Clinic

Norman Crider and Tino Lopez Jr., were awarded certificates of proficiency in second year typing in Las Vegas April 9-10. The clinic, conducted by the State Business Department of Highland University, was attended by 1500 high school students throughout the state. Tests were in bookkeeping, typing and shorthand.

Twelve students from Carrizozo attended, as follows: Barbara Nixon, Jan Hurley, Ina Callahan, Verla Ruth Pelly, Anne Withers, Dorothy Withers, Agnes Meyers, Donna Zumwalt, Dolores Teague, Pete Straley, Tino Lopez Jr., and Norman Crider. They were accompanied by their teacher, Miss Mamie Castorena. Transportation was furnished by Mrs. Fay Harkey and Mrs. William Gallscher.

ABOUT PEOPLE

Mrs. T. J. Shields and son, Johnson, made a trip to Amarillo last week end to visit Mrs. Shields' sister, Mary Hoop, who is now in her 83rd year. On their return trip they ran into a great deal of rain.

Mrs. Claud Brannum and son, Lt. C. A. Brannum, attended the fiesta in Truth or Consequences on April 3 and 4.

Mrs. Roy Shafer, accompanied by her daughter, Mrs. J. B. Howitt and grandson, baby Roy, of Roswell, left last week end for Denver for a visit with Mr. and Mrs. Don Young and baby Karen. Mrs. Young is the former Janet Mae Shafer. They expect to return some time after Easter.

An enthusiastic group attended the Spanish class held in the home of Rev. Marcus Duron this week. The opportunity to learn Spanish is open to all who care to spend an hour three evenings a week from 7:30 to 8:30, Mondays, Thursdays and Fridays.

William (Billy) Ferguson and his daughter, Mrs. Mary Werner of Capitán, were business visitors in Carrizozo Monday.

Fletcher Hall, well known young business man of Capitán, was in Carrizozo on business the

group. Recurring difficulties at the insane hospital have strengthened this proposal.

Georgia Lusk and Earl Nunn have been the only ones able to capture any public interest in this dullist of all primaries. Their race is being watched because it matches the school crowd, backing Nunn, of Springfield, a newcomer on the political scene against a political group backing Mrs. Lusk.
