

RAMBLIN' AROUND

BY PAUL BAKER

Interested visitors to the Apple Blossom Festival were Mr. and Mrs. Bernie Williams of Wickenburg, Ariz., who are vacationing in New Mexico.

The Carrizozo High School Band's spring concert was well presented to a large audience in the old grade school auditorium last Friday.

Cpl. Kenneth T. Lacy, who is stationed at Hokkaido, Japan, in a letter to his parents, writes that the story of Jimmy Means being lost in White Sands was published in the Japanese edition of "Stars and Stripes," Army newspaper.

Kenneth wrote: "I was so surprised to read about Jimmy being lost at White Sands Play Day and what a thrill to get news from home."

LETTER FROM MEXICO

2 0/11 Tidloc No. 23 Mexico D. F.

In am writing a few lines about our trip to Mexico. My wife and I left Carrizozo April 25 and arrived in Mexico City May 1.

In Mexico you see poverty. There have been several small uprisings and one is expected today in the city; however everything is quiet.

H. M. Prince, mining engineer, who spent several months recently in Lincoln County, has written an interesting letter to Fred English, giving for the benefit of others, what he found out about mineral possibilities in the vicinity of Lone Mountain.

It is not likely that I will resume mining near your city at any time in the foreseeable future, altho the venture was a success and fairly profitable.

For the benefit of anyone who may become interested in the possibilities of the area, I think the enclosed information might be of some benefit, and if so, I am pleased to leave with you what little I have found out of the geology and the possibilities of mineral deposition on Lone Mountain.

Also I want to thank you and the other fine people of Carrizozo for the many courtesies extended while it was my pleasure to be with you for a while. Some day, somewhere, we may meet again. Very truly yours, H. M. Prince.

(Enclosed in this note to Mr. English, were Mr. Prince's observations on "Uranium on Lone Mountain." Grace M. Jones made photostatic copies of the letter and has kindly given one to the News to publish. It follows):

The presence of uranium associated with copper in the ore, known as torbenite, was quite interesting due to the fact that it is a clue to a rich deposit of U308 (uranium) in some material, at some depth, down the slope of the Monzonite intrusion that is Lone Mountain.

The torbenite was found in the natural fissures in a very hard dense iron ore of 55% FE content. The U308 content of some picked samples was .43%, which is high considering the shallow depth, about ten feet.

Lone Mountain is of relatively recent origin, possibly of the same age as the Mal Pais and as the Monzonite was lifted up from great depth, the surface and sub-surface strata were pushed aside with a great mass

PRIMARY DRAWS LIGHT VOTE IN LINCOLN COUNTY

Tuesday's primary election in Lincoln County drew the lightest vote in a number of years. Only 30% of the registered voters went to the polls, numbering approximately 600.

The County Clerk's office was open all night to receive the ballot boxes. Eleven of the precincts had reported by 11 o'clock Tuesday evening, but the last two did not come in until morning.

In a close contest for Commissioner, First District, Fred McTelgue, Democrat, won over Dick Fresquez by the narrow margin of 10 votes.

On the Republican side, for County Commissioner, First District, Alfonso Soto was the winner, 362 votes to 242.

Only one vote separated Fresquez (119) and McTelgue (118) at this point. Soto had built up his lead to 117, as compared to 81 for Sismorer.

Alvin Stockton appears to have won the Republican nomination for governor. He waged an uphill fight, and at noon Wednesday was leading Holm O. Bursum by approximately 2,000 votes.

Walter H. Coban and Thomas H. Childers won the nomination, in the State GOP primary election for representatives in Congress.

At noon Wednesday Georgia L. Lusk was leading Earl Nunn by 1500 votes in the Democratic party nomination for superintendent of public instruction.

Other winners in the Democratic party contest for state offices were Joe M. Montoya, Natalie Smith Bugh, J. D. Hannah, Jac. B. Grant, Ingram B. Pickett and H. A. Kiker.

Other than contests for Justice of the Peace in Ruidoso and for constable in Capitan and Ruidoso, the only county contests were for the Democratic and Republican nominations for County Commissioner, First District.

For Constable—Capitan, Billy Petreo (D) 57, Alfred W. Luck (D) 23. Green Tree, Jud C. Beason (D) 48; Corona, Alex J. Jenkins (D) 33. Ruidoso—Frank Ba-

cracks and crevices radiating out from the intrusive mass. Through these cracks came the hot acid waters that brought the sulphides that crystallized in receptive formation, becoming copper, U308 and etc.

The iron ore is the result of contact alteration of the lime strata. The intrusion was likely white hot when pushed up from below, and because of the great mass, remained at a high temperature for many years, during which time the lime contact was altered to iron and the sandstones altered to a rock-like glass, which naturally would be impervious.

Through cracks in the impervious contact zone came the solution waters which saturated all porous material and left a deposit of sulphides. The more porous material the more deposition.

At the mine on Lone Mountain the exposed formation is the Yeso silt stone, which overlies the Abo sand stone, a formation of great thickness, quite porous and a perfect host rock in which crystallization of sulphides could easily take place.

Carrizozo town officials taking office May 1 are pictured above. They are (left to right): Marvin H. Roberts, mayor; Clifton B. Zumwalt, Alva P. Sifton Jr., Raymond L. Sherrill, Juan Martinez, trustees; Clarence E. Shaw, police magistrate. Seated, Mrs. W. H. Rickerson, Clerk.

New Town Officials Take Over Duties

Marvin E. Roberts was inducted as mayor of Carrizozo in a brief ceremony Saturday morning at the city hall.

Mayor Roberts then inducted into office the two newly elected trustees, Raymond L. Sherrill and Alva P. Sifton Jr.

The two holdover councilmen are Mr. Zumwalt and Juan Martinez. Clarence E. Shaw was sworn in as police magistrate.

The first official act of the new board of trustees was to approve the appointment of Mrs. W. H. Rickerson as town clerk. She took over her duties May 1.

The trustees meet in regular session Tuesday, May 11.

May 16 To Be Soil Stewardship Sunday

The supervisors of the Carrizozo Soil Conservation District at their regular monthly meeting Monday night voted to sponsor Soil Stewardship Sunday on May 16.

Soil Stewardship Sunday is a nation-wide observance—a day set aside to renew pledges to preserve a great heritage—the soil. Ministers of all faiths will deliver sermons on our duties as protectors and rebuilders of the good earth.

Dan Gilles has received notice of his tentative appointment of soil conservationist for the Carrizozo district.

Recent conservation measures undertaken in this district include 10 acres of land leveling on the Leonard Dunning ranch to further utilize the water from an irrigation well.

The following votes were cast for precinct offices, justice of the peace: Capitan, Myles W. Gaston (D) 65; Bert T. Judea, Green Tree (D) 80; John Cloud, Corona (D) 38; Clarence E. Shaw, Carrizozo (D) 124. In Ruidoso—Chas. David Weems (D) 67; Harold M. Graham (D) 61; Earl Franklin Strachan (D) 29; W. Scott Campbell (R) Green Tree 42.

The Georgia L. Lusk and Earl Nunn contest for superintendent of public instruction was very close in the early count, but Mrs. Lusk emerged the winner, 412 votes to 300.

County Safety Council To Meet Next Thursday

The Lincoln County Safety Council will hold its third organizational meeting Thursday, May 13, at 7:30 p.m. in the Hondo Valley High School.

An intensive membership drive will be launched at the meeting. Mr. Campbell stresses that, while the council had its origin in the communities of the Ruidoso, Hondo and Bonito valleys, it was extended at the last meeting into a county-wide organization.

A hard-hitting sound movie on traffic safety will highlight the evening's program.

The council is primarily interested in studying the causes of all accidents, both in and around the home and on the highways. The council will make efforts to eliminate these causes through education, legislation and personal action.

The council's executive committee held its first meeting April 20 in the Glencoe Clubhouse. Present were President Campbell; Mrs. George S. Sismorer of Arabela, vice-president; Tom Babers of San Patricio, treasurer and board members W. Glen Bradley of Carrizozo and Wade Hedgecock of Ruidoso.

Geological Party To Spend Summer Here

Arrangements are being made for a geological training program this summer in Lincoln County.

This information was given the News Wednesday by E. C. Beaumont, geologist with the U. S. Geological Survey office in Albuquerque. He was accompanied here by A. R. Wanek, geologist.

According to plans Dr. Julian D. Sears, staff geologist with the U. S. Geological Survey in Washington, D. C., will arrive with a party of six students June 1. They will spend six weeks mapping two quadrangles in a 500-square mile area north of Carrizozo.

The purpose of the training program, according to Mr. Beaumont, will be to give field experience to geologists who have been assigned to desk jobs for some time.

The mapping party will establish a field camp and make Carrizozo their headquarters. A second six-semester training program will be held during the summer. Mrs. Sears will accompany her husband here.

500 ATTEND CAPITAN ROPING MATCHES

In spite of the day being cold and windy, a crowd of approximately 500 attended Sunday's roping matches at Capitan.

According to Fletcher Hall, general arrangements chairman, everyone enjoyed the roping and the ropers who took part declared it was the "best yet."

Buzz Taylor of Hope won the matched roping, in the times of 17.5, 20.2, 23.6 and 16.6, for a cumulative total of 77.9.

John Thomas of San Patricio roped four calves in 25.4, 20.5, 16.8 and 27.5 for a total of 90.2. Dyer Forbus of Capitan closed, followed with 92.6, the time on his individual calves being 21.1, 22.3, 20.5 and 25.7.

In the boys' roping, Penny McKnight had the best time roping four calves, with a total of 133.2. The scores were 37.2, 23.2, 31.4 and 36.4.

Howard McDonald of Three Rivers had times of 75.3, 36.3, 35.8 and 20.5, for a total of 168.5. Gerald Marr of Tularosa took third place.

Pamela Sue Hall, of Capitan, 6 years of age, won the barrel race in the time of 17.3. Stanley Thomas 8, of San Patricio was second with 17.4 and Penny McKnight, 14, of Capitan third with 18.5.

Jack Earling was bookkeeper at the matches. Timekeepers were Bill Edgar, H. Marr and Wilbur McKnight. Mac Thorpe was barrier judge and Bobby Boyce, field judge.

Funeral Services Friday For Mrs. Mary Jackson

Mrs. Mary Jackson, pioneer resident of White Oaks, passed away Tuesday evening at her home. Mrs. Jackson had been in ill health for a year. She was 85 years of age.

Mrs. Jackson was born in Galveston county, Texas, July 7, 1869. Following her marriage to D. L. Jackson, November 4, 1896, she had lived continuously in White Oaks.

With her husband she lived through many pioneer experiences in White Oaks during the days of the mining boom. Epidemics were frequent and Mrs. Jackson and her husband were always ready to lend a helping hand to friends and neighbors in hours of sickness and need.

LARGE CROWD ATTENDS FIRST HONDO FESTIVAL

The first annual Apple Blossom Festival was presented Saturday night to a capacity crowd in the Hondo school gymnasium.

The event was sponsored by the Tres Valles Garden Club and drew visitors from most parts of the county.

The evening's program began when the candidates for queen were conducted to the stage by their male escorts.

Fermin Montes, master of ceremonies for the evening, introduced Mrs. Gene Dodson, who played a march as each couple paraded down the aisle and took their place on the stage.

Each princess then exhibited her talent in the following order: Barbara McKnight, cornet solo. Vera Shaul, bells solo. Ethelyn Phillips, piano solo. Sofora Fuchs, piano solo, song and dance.

Lucia Salcido, Mexican dance and song. Linda Moore, piano solo, trumpet and saxophone combination solo, and tap dance. Della Joiner, reading. Ada Lu Gragg, piano solo, clarinet solo and tap dance. Liria Trujillo, song. Beatrice Gomez, song.

The judges named Ethelyn Phillips of Lincoln, queen, and Linda Moore of Ruidoso to be her maid-of-honor.

In a brief ceremony, Artist Peter Hurd crowned Miss Phillips queen. A gift to her from the Tres Valles Garden Club was presented by Harold Radcliff.

Louise Massey, star of radio, movie and television entertained the audience with a group of song selections.

Miss Patty Tarter, Albuquerque High School student presented two solo dances and the Hondo High School fiesta dancers entertained the Queen and her court.

An evening of dancing to the music of the Coe orchestra followed. Playing in the orchestra were Wilbur Coe, Milton Mabie, Elzy Perry Jr., Ralph Bonnell, Dan Storm and Louise Coe.

Other entertainment features were songs by Marie Rooney and the hat dance by Mike Hernandez and Ceclia Booky, accompanied by Mrs. Fernia Montes.

Jack Boylan and Paul Gardner were in charge of the stage setting and decorations. Mrs. Wilbur McKnight, president of the Tres Valles Garden Club, and Mrs. Charles Fuller, festival committee chairman, extended their thanks to everybody for helping make the first annual festival a "complete success."

Marion Embrey Is New District Game Warden

Members of the White Mountain GPA at their last meeting learned that John Shaul is leaving as district game warden. He will be replaced by Marion Embrey, of Roswell, who gave a short talk.

Mr. and Mrs. Embrey and family of four children will make their home in Capitan. He is anxious to meet the people of the district and asks everyone to feel free to ask him help on any game problems.

PRIVILEGE TEMPTS PUBLIC OFFICIALS

SANTA FE, May 5. — There's something about public office that drives people to seek a little extra advantage. Instances have been popping all around in recent weeks that have the elements of such special advantage seeking whether that was the motive or not.

The sanctified education office of which no evil is supposed to be said went to bat on the campaign for Earl Nunn for Demo nomination to succeed Tom Wiley as state superintendent with fervor seldom equaled outside of campaign headquarters.

Travel for department officials was arranged at department expense on department business that frequently coincided with Nunn business. Clifford Whitehead, \$455 a month public relations officer for the department, traveled the state from end to end, handed out press releases for the candidate, and generally conducted the Springer man's run-for-office.

Still in the education branch of the government Haskel Smith, a member of the state board of education, participated in naming the board members for a new consolidated school district in Grant county and then was selected by those same members as the superintendent of the district. In the exchange he moved up from a \$3400 a year job as county superintendent in Dona Ana to the new post at \$3800.

Down in the highway department there was the case of highway commissioner Tom Mann of Roswell taking on a job in Lovington which required the approval of his commission for an outlay of some \$50,000. He withdrew when confronted with the frowns of his fellow commissioners and promised not to do it any more.

On the federal level we've just experienced the case of an emergency appeal for a second federal judge in New Mexico that was apparently no emergency at all. The Congress was told last year that a desperate situation existed in the federal court in this State. An abnormal load of work and the health of Judge Carl Hatch were cited as justifying creation of another temporary judgeship to tide over the emergent situation. The congress approved early this year and that was apparently the end of the crisis. The justice department and the president seemed to lose interest in the emergency after the congressional action and it was more than 90 days before anyone was nominated for the job.

Judge Waldo Rogers of Albuquerque will make a splendid federal judge, almost everybody agrees, but he's getting the job it appears by the circumstance of a Republican administration in charge in Washington rather than the emergency situation on which it was sold.

STATE RATES HIGH IN WELFARE EFFORT There's been a lot of talk about how New Mexico rates among the states in the dough being handed out for the unfortunate coming under the State welfare program. Albert Nohl, director of the Taxpayers Association has come up with figures that should stop the arguments.

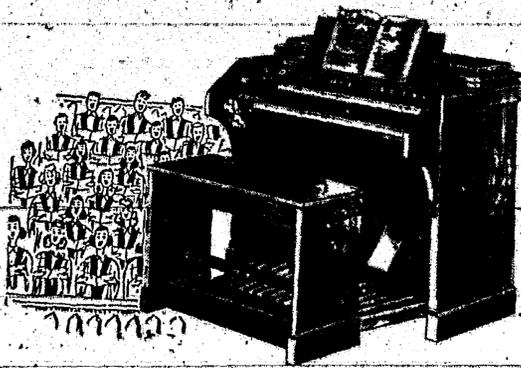

For assistance of people over 65 years old New Mexico rates 10th among the 48 states. The national average of those getting such help is 191 per 1,000 who are in that age bracket. New Mexico's figure is 300. Rating higher are Louisiana, Georgia, Mississippi, Arkansas, South Carolina and Alabama, and also Oklahoma, Colorado and Texas which have less demanding qualifications for assistance.

At the bottom is New Jersey where only 49 of each 1,000 above 65 are getting help. The information gathered by the Taxpayers at the request of Karl Guthmann of the Roy Record, shows New Mexico in fifth place in assistance to dependent children with 52 out of every 1,000 in the age group of 18 and younger getting help. Rating higher are West Virginia with 67, Oklahoma 56, Louisiana 55 and Florida 53. The national average is 30. At the bottom is Nevada with 1.

The state has No. 6 rating in the number of people receiving public assistance for physical disability with a figure of 5 out of 1,000 population between 18 and 65 years of age. The national average is 2.6, and the highest recorded is in Louisiana 8.7. Alabama has 5.4, Mississippi 5.3, South Carolina 5.3 and Colorado 5.2. New Hampshire is at the bottom of the list of the 48 states that

Capitan Band Boosters Giving Benefit Party

The Capitan Band Boosters are sponsoring a benefit party Friday, May 7 at 8 o'clock in the school music room. Games of bridge, canasta, Chinese checkers, "Guffey" and bunco will be played. Admission will be 50 cents per person. The evening will feature "games of your choice." Refreshments will be served.

The next regular meeting of the Band Boosters will be May 10 at 7:30 in the music room. Vera Shaul will entertain with several numbers on our new bells. She will be accompanied by Mr. McCourt. He will also play the cornet, accompanied by Raynette Edington.

Despite the cold weather, the Band Boosters' ice cream and coke concession at Sunday's rodeo took in over \$22.

"Hats" Provoke Fun at Senior Girls' Banquet

The annual Mother-Daughter Banquet given by the Woman's Club, honoring the Senior girls and their mothers, was held Saturday night.

The theme of the program was "hats." Each woman designed her own hat from kitchen utensils. The Senior girls were the judges and Mrs. Travis Werner's hat won the prize. It was created from a square cake pan, a dish mop and black stocking, representing a graduation cap. Her prize was two lovely scatter pins. Each Senior girl was presented with scatter pins, wrapped as a graduation cap.

Cubs-Brownies Picnic

Twenty Cubs and Brownies attended the Cub-Brownies annual picnic April 30 in Mills Canyon. Parents who attended were Mr. and Mrs. Milton Jones, Bud Payne, Tony Otero, Candalaria Trujillo, E. J. Myers, LeRoy McKnight and Marie Walker. A wonderful time was reported by all who attended.

Round Table Club

The Round Table Club met at the home of Mrs. J. L. Black on Thursday, April 29. A delicious luncheon was served to ten members and three guests, Henrietta Belknap, Jane Coleman, and Eloise Hobbs. The tables were artfully decorated with the Easter theme.

Roll call was answered by "words of wisdom" by all but two. The penalty for not having an answer is ten cents. Every one had an enjoyable day.

Mrs. Rose Hobbs is in Alamogordo attending sick friends.

Mr. and Mrs. Reed Sherrill are the proud parents of twins—a boy and girl, born Monday, May 3, at Ruidoso Hospital.

Lloyd Taylor and Mrs. Joseph Rench both underwent surgery at the Carrizozo Hospital last Saturday. At this time both are reported doing nicely.

Louise Ferguson and Mrs. Duane attended the track meet in Roswell Saturday. We are proud to say our boys won second place.

Mr. Sam Hale of Los Angeles was a visitor in Capitan for a few days last week.

Mr. and Mrs. E. E. Marr of Santa Fe attended the roping contests in Capitan Sunday.

Deadline Set for 'Green Manure' Practices

June 1, 1934 is the final date by which producers must use wheat acreage for green manure, cover crop, hay pasture, or silage if such acreage is not to be classified as "wheat acreage" under the wheat allotment program.

R. Archie Perkins, Chairman of the County Agricultural Stabilization and Conservation Committee, explained that the recent revision in wheat program regulations permits wheat acreage to be used in this way in order to bring the wheat acreage into compliance with the wheat acreage allotment for the farm for 1934.

Producers who have planted an acreage of wheat which they wish to use as green manure, cover crop, hay, pasture, or silage, and whose wheat acreage has not yet been measured, should notify the county ASC office and designate the acreage on which the practice will be carried out.

The practice must then be completed by the established deadline, which in Lincoln County is June 1, 1934. A producer who has already designated an acreage to be used for this practice may substitute other acreage for the acreage previously designated by notifying the county office of his intentions, specifying the acreage to be substituted, and carrying out the practice not later than the date set for completion of the practice.

Under the wheat marketing quota program, effective for the 1934 wheat crop a farmer with an acreage allotment of more than 15 acres who exceeds his farm wheat acreage allotment in 1934 becomes subject to a marketing penalty on his "excess" production. A farmer with an acreage allotment of 15 acres or less may produce as much as 15 acres of wheat without incurring marketing penalties.

The new circular, entitled "Poultry Raising," contains recommendations on brooding, feeding baby chicks, growing pullets and laying hens, housing and culling. It also discusses diseases and parasites and miscellaneous disorders.

Single copies of the publication, Extension Circular 245, may be ordered from the county extension office or from the Department of Information, New Mexico A&M College, Box 757, State College.

Aphids Appearing On Fruit Trees

The plant louse or aphid has been noticed on fruit trees, especially peaches, in many parts of the county. This small, green, soft-bodied insect causes the leaves to curl, become yellow and die if no control is applied.

Another symptom of the aphid is the presence of honeydew on the leaves. The honeydew is eagerly sought by ants.

Presence of ants on the tree indicate that aphids are there. The aphid can also be found on roses, and garden flowers.

The aphid may be controlled by Malathion or nicotine sulfate which is commonly called "Black Leaf 40." Nicotine sulfate requires direct contact to kill. Malathion is relatively non-toxic to warm-blooded animals and may be used safely on trees, in the garden or around home.

Malathion, which may be applied as a dust or spray, is also effective against spider mites and is effective for seven days after use. It has a very pronounced odor.

New Farm Circular Covers Poultry Raising

Are you interested in raising poultry?

The New Mexico Extension Service has just released a new circular which covers the subject from selection of baby chicks to production of top-quality broilers and eggs.

H. L. Mathews, extension poultryman at New Mexico A&M College, author of the publication, says in the introductory paragraph to the circular: "To make a profit from poultry raising you must carry out a number of practices which have proved successful for other poultrymen. You must have good-quality chickens in your flock. The rations you feed have to meet the birds' nutritional requirements. You need to house your flock comfortably, cull skillfully, and know how to prevent disease outbreaks. Besides all these things, you will have to have good business judgment if your products are to successfully compete on today's market."

The new circular, entitled "Poultry Raising," contains recommendations on brooding, feeding baby chicks, growing pullets and laying hens, housing and culling. It also discusses diseases and parasites and miscellaneous disorders.

Single copies of the publication, Extension Circular 245, may be ordered from the county extension office or from the Department of Information, New Mexico A&M College, Box 757, State College.

TIGERS 2nd; ZOZO 4th IN DISTRICT MEET

Eunice High School won the 5-D district track meet at Roswell Saturday, scoring 74 points, to 62 for the second place Captain Tigers. Hagerman followed with 48 points for third place and Carrizozo was fourth with 36. Ruidoso had 30, Dexter 22, Jal 14 and Booker T. Washington 2. The meet was held in cold and windy weather.

High point honors for the day went to M. Irwin of Eunice, who won first place in the 100-yard dash, the 220 and 440. He also ran in two winning relay teams and accounted for .234 points.

Captain showed a balanced team, scoring in all events except the mile run and javelin throw.

Hagerman athletes showed well in the jumps and hurdles. Carrizozo showed well in the distance races, Billy Hicks taking first in the mile run in the time of 5 minutes, 7.3 seconds.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular weakness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Veedor and Owen of Ruidoso were 2-3 in this event; Mendoza of Dexter was fourth and Bledsoe of Hagerman fifth.

The Grizzlies took the mile medley in the time of 4:09.5. The race was run by Tom Barnett, Sam Wedell, Billy Lopez and Billy Hicks. Ruidoso took second in this contest; Eunice and Hagerman tied for third and Capitan was fifth.

First and second place boys qualified for the State meet this week end in Albuquerque. Only the first place relay teams qualified for State competition.

Coach Darling predicts that District 5 will make a good showing at Saturday's State track meet, because the times chalked up last Saturday in Roswell are among the best shown in other districts.

TRACK AND FIELD EVENTS
Following are the other track events, as recorded by Coach Duane Darling of Capitan, with the teams listed in the order they finished:

880-yd. relay—Eunice, Hagerman, Capitan; Ruidoso, Carrizozo. Time: 1:38.0.

HONDO SCHOOLS—FACTS AND FIGURES

The following has been prepared by the Public Relations Committee: Carl P. Radcliff, chairman, Ruby Douglass and Albert Gomez. It has been approved by Fernin S. Montes, superintendent and John A. Hamilton, principal. The material includes facts and figures on the operation, objectives and accomplishments of the schools.

SCHOOL PLANTS AND GENERAL EQUIPMENT

The school system consists of two modern grade schools, a modern high school occupying a 10-acre site, and a small gymnasium. The gymnasium is located approximately one mile from the high school, making it necessary to transport the students for different activities. The gymnasium is poorly heated, lacks showers and rest rooms, and does not accommodate the crowds that attend the various school functions.

Gas heat is used in all of the schools, except one, and all of the buildings are equipped with new fire extinguishers. The Foundation Investment Company, of Roswell carries the insurance on all of the buildings and equipment.

The following equipment has been recently added: 150 metal lockers, providing each student in the high school with a private locker; new primary tables for the San Patricio Grade School; a storage-house built at San Patricio, and new shades for all

of the classrooms; a set of air swings and horizontal bars for the high school; 26 new chairs for the Picocho Grade School; a tape recorder for use in all the schools; a steel cabinet with lock for the confidential records in the administrative offices; electric pressure pump and water system at the Tinkle Grade School; double and triple-tiered bleachers for the gymnasium; and a spinet piano at the high school. The Picocho Grade School has been completely redecorated.

Teachers' Qualifications

The two administrators have M.A. degrees. The superintendent has a Life Administrative Certificate for New Mexico. The seven high school teachers have B.A. or B.S. degrees, one holding a New Mexico Life Teaching Certificate. Six of the elementary school teachers have B.A. or B.S. degrees. Three of them hold New Mexico Life Certificates.

Enrollment

There are 423 pupils enrolled in the system—106 high school students and 317 grade school pupils. Six modern up-to-date school-buses are used to transport the students. A truant officer is available to enforce school attendance regulations.

Honor Awards

A number of honor awards are given in recognition of various outstanding achievements. The Babe Ruth Award is given to a boy and a girl from the junior or senior classes for outstanding sportsmanship at home, school, or in the community. The Bal-

four Award is given to a graduating senior on the basis of outstanding scholarship, loyalty, and achievement. A Citizenship award is given to a student who has the highest number of qualitative points in citizenship. There are several other minor awards.

Grasshopper Glacier Carries Strange Cargo

A glacier in the Beartooth Mountains of southern Montana carries a strange cargo in its icy depths—millions of dead grasshoppers.

Over the last 600 years waves of the insects attempted to migrate across the glacier. For some reason not fully explained, they failed to complete the passage and were entombed in the snow.

Now, as the sun slowly melts the ice, grasshopper bodies—some fragmentary, a few intact—emerge at the foot of the glacier.

They provide a feast for birds, animals and fishes, says the National Geographic Society.

GEOLOGICAL ICE BOX

Appropriately, the geological ice box is known as Grasshopper Glacier. The insects that became its odd burden were Rocky Mountain grasshoppers (*Melanoplus mexicanus*), the same voracious pests that afflict U. S. crops today.

Located in Custer National Forest nearly 11,000 feet above sea level, the glacier may have been seen by early travelers and prospectors. But it was not until 1899 that a U. S. Geological Survey party published a firsthand report.

The explorers were surprised at the number of bodies imbedded along the edge of the ice field. They estimated the insect remains would total many tons if weighed.

Visitors also noted the grasshoppers were spaced in irregular bands in the exposed 50 foot cliff at the end of the glacier. This told part of the story: that the hoppers had landed at irregular intervals.

A glacier high in the Rockies is a remote spot for grasshoppers, even though they fly. How did they get there?

One suggestion is that wind currents forced them to such heights. Then as swarms were funneled through the glacier depression, air from below or a sudden mountain storm chilled them. Preferring to fly in warm air, they sank to the ice floor and were lost.

Scientists have used modern means to find out how long the bodies were buried. Last year radiocarbon tests dated the first invasions at not more than 600 years ago.

Dead grasshoppers have been sighted in other isolated western regions, but few people have seen them. As in the case of the

Pontiac Building New Type Aircraft Cannon

PONTIAC, Mich.—The latest firing automatic gun ever mass-produced is being built under Army Ordnance contract for the Air Force by Pontiac Motor Division of General Motors.

The Defense Department's lifting of secrecy on this amazing jet aircraft cannon being produced by the automobile manufacturer brought to light this week some of the amazing features of the revolutionary gun, officially the "Gun" Automatic, 20 MM, M 39". It was developed as the phenomenal increases in aircraft speeds demanded comparable increases in the firepower of their armament.

In appearance, the gun is like a giant revolver, without a handgrip. The ammunition is carried into the firing chamber in a revolving cylinder similar to the old six-shooter. It is fired electrically and is gas operated. The revolving cylinder simplifies the problem of cooling the gun.

The fantastically high cyclic rate of fire has never before been achieved in an approved ordnance weapon. Use of fast-flying jet aircraft, with but a fleeting chance to fire at dog-fighting adversaries, made evident the need for fast-firing cannon. The M 39 apparently is the answer to split-second volume fire-power against fast-moving targets.

LEGAL NOTICE

Invitation to Bid

The Carrizozo School Board invites all interested parties to submit bids for the purchase of the former school house and teacherage at Coyote, formerly known as the Bogie School District. All bids should be sealed and delivered to the office of R. G. Firman, superintendent of schools in Carrizozo, not later than Thursday, May 13, 1954. The above property will include the surrounding property to the extent of about 1 1/2 acres. The board reserves the right to reject any and all bids.

Publ. April 30—May 7, 1954.

Grasshopper Glacier, a rugged horseback or hiking journey is usually necessary.

The Rocky Mountain grasshopper has aroused the interest of farmers as well as entomologists. Concerned over future crops, agricultural experts are scanning the hatching grounds of the Great Plains and mountain states for evidences of increasing infiltration.

Last year the insects multiplied in unusual numbers, often a sign that the enemy is building his forces for a large scale attack similar to those in the 1870's and 1930's.

Vets' Representative To Be in Roswell May 18

Richard Lawson, Contact Representative of the Veterans Administration, plans to visit Roswell, New Mexico on Tuesday, May 18, for the purpose of extending service to veterans and others unable to visit a Veterans Administration Office.

Veterans, their dependents or representatives are invited to call on him at the City Hall, second floor—between the hours of 10 a.m. and 5 p.m., that date.

Sec 258a), and acts supplementary thereto and amendatory thereof and under the further authority of the Act of Congress approved August 1, 1898 (25 Stat. 357, 40 U.S.C. 257); the Act of Congress approved August 18, 1890 (26 Stat. 316), as amended by the Acts of Congress approved July 2, 1917 (40 Stat. 241) and April 11, 1918 (40 Stat. 518); 50 U.S.C. Sec 171, which acts authorize the acquisition of land for military purposes and the Act of Congress approved July 10, 1952 (Public Law 488, 82d Congress), which act appropriated funds for such purposes. You are further notified that if you have any objection or defense to the taking of your property you are required to serve upon plaintiff's attorney at the address herein designated within twenty days after June 1, 1954, an answer identifying the property in which you claim to have an interest, stating the nature and extent of the interest claimed and stating all your objections and defenses to the taking of your property. A failure so to serve an answer shall constitute a consent to the taking and to the authority of the court to proceed to hear the action and to fix the just compensation and shall constitute a waiver of all defenses and objections not so presented.

You are further notified that if you have no objection or defense to the taking you may serve upon plaintiff's attorney a notice of appearance designating the property in which you claim to be interested, and thereafter you shall receive notice of all proceedings affecting the said property. You are further notified that

Carriazo Attorney Sees Running of Derby

Geo. L. Zimmerman returned election day from an interesting trip East during which he witnessed the Kentucky Derby, other horse racing events and attended a major league baseball game in St. Louis.

The Derby, he relates, was run before a crowd of 100,000 that saw the first grey horse in Derby history come from behind and win in a thrilling finish. The horse he liked best, Correlation, came in sixth. One of the pleasant experiences, at the Downs, was meeting by chance, Mrs. Zimmerman's two sisters. He also talked for a few minutes with Bob Hope. Mr. Zimmerman attended two days' racing at Wheeling, Downs, where his father is campaigning with six thoroughbred horses.

In St. Louis he saw Stan Musial break the major league record by hitting five home runs in a doubleheader. He also attended major league games in Philadelphia, Pittsburgh and Cincinnati.

ABOUT PEOPLE

Mr. and Mrs. Bill Evans, David and Candy, returned to Aztec Sunday. Mrs. Evans and children had been spending a week with her parents, Mr. and Mrs. C. A. Snow.

Selective Service Regulations re. Fathers

Colonel John P. McFarland, State Director for the Selective Service system of New Mexico, said this week that under current Selective Service Regulations "some fathers are eligible to be deferred in Class III-A, while other fathers are not eligible for that classification."

Pre-August - 1953 Fathers—From the passage of the Selective Service Act of 1948 up to August 25, 1953, men who submitted evidence to their local board that they were already fathers or who presented a certificate of a licensed physician to the local board attesting the pregnancy of their wives were eligible for deferment. On July 11, 1953, the President issued Executive Order no. 10469, which amended Selective Service Regulations and established August 25, 1953, as the deadline for presenting evidence to the local board of a child in being or a certificate attesting the wife's pregnancy.

Definition of Child—Colonel McFarland, stated that under Selective Service Regulations the term "child" includes a legitimate or illegitimate child from the date of its conception, a child legally adopted, a stepchild, a foster child, and a person who is supported in good faith by the registrant in a family relationship similar to that of parent and child but shall not include any person 18 years of age or over unless he is physically or mentally handicapped.

Family Relationship—A man who submitted evidence of fatherhood to his local board before the August 25, 1953 deadline may be deferred only so long as he maintains a bona fide family relationship with the child or children in their home. In other words, to qualify for a deferment, a father must be living with the children in the home. If he becomes separated or divorced and is no longer living with the children, he is no longer eligible to be deferred as a father and he becomes eligible for immediate reclassification.

INSIDE THE CAPITAL
extend such aid with an average of four tenths of a cent per each 1,000 population in the age group.
New Mexico ranks No. 15 among the 48 states in the amount being spent for welfare programs according to the number of people here. It shows our outlay at \$18.03 per capita. Colorado at the top is spending \$45.62 and Mississippi at the bottom, \$4.41.

WRONG MAN NAMED
Frutoso Lopez of Socorro was erroneously listed as one of three teachers who was recently criminally charged with falsifying school attendance records in Socorro county.

School Crafts To Be Displayed May 13
The Home Economics and Industrial Arts classes of Carrizozo High School will hold open house at the old grade school building, Thursday, May 13. The girls will present a style show in the auditorium at 7:30. Refreshments will be served in the living room of their department and their projects will be displayed in the sewing room. The boys' projects will be on display in the shop. Everyone is cordially invited to attend.

May 23rd is 4-H Sunday Over Nation
National 4-H Sunday will be observed in Lincoln County May 23. Ralph Dunlap, county agent, urges all 4-H clubs to take part in this year's National 4-H Sunday.
Many clubs in the county will be assisting with various parts of the service, giving special emphasis to the Heart "H" of 4-H. A special folder on the observance of 4-H Sunday is available at the County Extension office.

TO THE VOTERS OF LINCOLN COUNTY:
I want to thank all who gave me their support in the Primary Election.
