**AROUND**

By PAUL BAKER  
RODOLFO SOUL  
The earth a bit of star-dust is,  
And all of us but smaller bits  
Of that celestial stuff.  
In each of us, a bit of Soil  
That makes us kin  
To all that breathes;  
In each of us, a bit of Soul  
That makes us kin to God.  
Forget not, O my Soul,  
The sacred Soil!  
The Greater through  
An' on's toll  
Combined these two,  
And said, "It is enough,  
My work is good!  
In my own image—Man!  
And in his mortal time,  
In his own hand,  
He holds his fate:  
To build or ruin,  
To plunder or create."  
—Jos. Gladden Hutton.

Red and yellow roses are blooming in the courthouse yard, and is County Clerk Harrow proud of them? A suggestion was made this week that blooms on new rose bushes should be pinched off, but Earl said it may to that one.

Dr. Workman, while in Carrizozo Monday night, expressed his continued interest in Carrizozo's proposed well east-south-east of town. It is in a location described as favorable by a survey made in recent years by the New Mexico School of Mines water consultant. Dr. Workman is convinced a test in the area will be favorable, and, he said, "We want to have someone from the college over here when the test well is sunk."

An ardent golfer, and a good one, Dr. Workman, would like to see his favorite State provide more and better recreation for both adults and youngsters. "We need these facilities for better living," he says. On this subject, Ralph Petty says the golf course in Carrizozo could be put in shape for playing by the expenditure of three or four hundred dollars. That should be a worthwhile investment.

Among a number of brave acts in connection with the butane explosion reported last week, the name of Wayland Hill is frequently mentioned. He caught up a blanket tossed by a passing truck driver and with the blanket and his hands beat out the flames in the clothing of Yeabel Aldaz. Hill's hands were burned in so doing, but Aldaz is well on the way to recovery. In wartime, they pin medals on men for acts "beyond the call of duty."

Looks like an apology item will be a weekly feature of this column from now on. Last week Bob Gibson called up and said his wife was celebrating her 39th birthday and wanted it put in the paper. We were in on the little joke. Now, our apologies to Mrs. Gibson, who is really only 29. We got by with it, thanks to her good nature, but never again!

Roberto Silva brought in a colored Kodak picture this week of 26 6-foot rattlers, part of a collection of 40 that were killed in less than two hours last July by E. M. Calentine, manager of the Harvey Sheep & Cattle Co. ranch. Mr. Silva was working at the ranch at the time. He says the ranch manager has bagged nearly a hundred rattlers to date this year.

Ranchers are wearing smiles this week almost as broad as their wide-brimmed hats, after Monday night's fine rain. Everybody we've met seems happy about it, including ourselves, even though the roof sprang a leak over a newly printed pile of this week's edition. So if your paper has a curled-up edge, we can thank the rain. To top it off, the equipment company picked Wednesday of all days, to deliver a new press. It wasn't too rough, thanks to the fine help of L. M. Huffman with his crane; also Bill Nickels and Bob Gibson and staff, not to forget Robt. Callaway, the "tree surgeon," and the telephone company.

The News loses a faithful correspondent this week—Mrs. Hatie Lacy, who will not be able to continue her reporting for Encino. Mrs. Lacy writes "I've helped any way with my reports, please give Mrs. L. D. Merchant, Mrs. Charles Francis and Mrs. Charles Jones the credit." We will miss your newsy column, Mrs. Lacy, but many thanks to you and all others who turned in happenings of the Encino community!

**DR. L. D. BAXTER TO LEAVE CARRIZOZO**  
Dr. and Mrs. L. D. Baxter are planning to leave Carrizozo the first of June. The doctor will enter private practice in Hatch, after he and Mrs. Baxter have established their home there.

**OFFICIALS DISCUSS BONITO SYSTEM WATER CONTRACT**

At a water meeting in Carrizozo Monday night, concerning the Lake Bonito system, Alamogordo officials expressed their willingness to enter into a contract to supply Carrizozo with a minimum of 100,000 gallons of water daily, or 10% of the flow in the main pipeline to be constructed from the Nogal and Bonito reservoirs, "whichever amount shall be greater."

The price agreed upon, as fixed by the engineers, for the project, was 20 cents per 1000 gallons. This compares to 50 cents per 1000 now being paid the Southern Pacific.

Attending the meeting were Walter Mullins, Alamogordo's mayor; Fred Bonnell and Ed Greenwood, trustees, and Major Maurice Biddle of the judge advocate's department of Holloman Air Base; Mayor Marvin Roberts, and Clinton B. Zumwalt, Juan Martinez, Raymond L. Sherrill and Alva P. Sifton Jr., Carrizozo trustees.

At a meeting at the city hall a contract was agreed upon in principle. Mayor Mullins explained that the project engineers had stated it would be necessary to limit the amount of water which could be delivered to Carrizozo, as well as Alamogordo, during periods of shortage in the Bonito watershed. This was because, he said, in order to procure the money for construction of the pipeline with which Holloman Air Base would be supplied with large quantities of water at various points north of the SF railway from Carrizozo to Alamogordo.

Mayor Mullins stated that during periods of normal precipitation in the watershed of the Bonito reservoir there would be an adequate supply of water so that Carrizozo would not be limited in the amount of water which it might withdraw from the pipeline.

Alamogordo's plan, he said, was to impound water during the winter months, and make heavy withdrawals from 2- to 3-million gallons daily from Bonito and Nogal lake storage during the summer months. Ten per cent of this flow in his opinion would give Carrizozo substantial quantities of water if it was needed.

Alamogordo also agreed to install a metering station upon a tract of land (approximately 50 feet square) to be provided by Carrizozo, along the pipeline within the corporate limits or east of the corporate limits on Highway 390. Alamogordo proposed to bear the cost of construction and maintenance of the metering station.

The water when delivered, according to the proposal, is to be chlorinated by Alamogordo at the point of delivery.

The proposition as presented by Mayor Mullins was accepted by the Carrizozo trustees. It was, however, explained that much work remains to be done and any agreement hinges upon Alamogordo's ability to exercise its option with the Southern Pacific for buying the Bonito system.

The Carrizozo school board sold the Coyote school house to F. E. Bond, high bidder. The low bidder for the bus route from Bingham to Carrizozo was Wm. Wrye.

**IDA MAE MARTINEZ**  
One of Mexico's greatest girl wrestlers, who opposed Dit Gibson in one of two matches Friday night at Miller's Hall in Carrizozo. The matches were brought here by Sandy Martin, Alamogordo sporting events promoter.

**COMMENCEMENT EXERCISES FOR CLASSES OF 1954**

**Capitan High School**

Graduation exercises for twenty Seniors of Capitan High School will be held Friday, May 21, at 8 o'clock. The program follows:  
Invocation, Rev. J. M. Kerr; salutatory message by Donna Cloud; girls' chorus; salutatory message, Annece Yarbrough; piano solo, Ethelyn Phillips; commencement address, J. Cloyd Miller, president, New Mexico Western College; girls chorus; valedictory message, Raynette Edington; presentation of diplomas; benediction, Rev. Kerr.

The Senior class roll follows: Tony Archuleta, Mary Nell Bragg, Hermelinda Carvajal, Donna Mae Cloud, Dick Allen Cox, Carolyn Dabney, Mary Duncan, Joy Raynette Edington, Wally H. Ferguson, Charles L. Frahels, Thomas Arlie Huey, Garth F. Hyde, G. Clifton Keith, Agatha Marie Montoya, KENNEDY Morris, Lupte M. Otero, Jack Payne, Jr., Dora Peralta, Mildred Annece Yarbrough, Mary Virginia Zamora.

**Carrizozo High School**

Commencement exercises for the graduating class of Carrizozo High School will be held Thursday, May 20, at the school auditorium, beginning at 8 p.m. The following program will be presented:

Processional by the Carrizozo High School Band; invocation, Rev. C. E. Burch; "Festival Concert March," H. S. Band; salutatory address, Sam Wedell; valedictory address, Florentino Lopez, Jr.; introduction of speaker, Robert G. Firman; address, Bill O'Donnell, executive secretary, New Mexico Education Association; presentation of graduates, Wendell Watson; presentation of diplomas, W. H. Nickels, president Carrizozo Board of Education; school song, Class of 1954; benediction, Rev. M. T. Ray; recessional, H. S. Band.

**Corona High School**

Commencement exercises for Corona High School's graduating class were held May 14 in the school auditorium. The following program was presented: "March Pontifical" and "The Star Spangled Banner" by the High School Orchestra; invocation, Rev. H. R. Bowen; salutatory address, Mary Jane Erramouse; two numbers by the girls sextette; address by Dr. Thomas C. Donnelly, president N. M. Highlands University; two numbers by the girls' glee club; valedictory address by Salye Strickland; presentation of diplomas by Willis Lovelace Jr., president of the board of education; cornet solo, Charles Rand; benediction, Rev. H. R. Bowen, and recessional by the High School Orchestra.

**Machine Invented to Recover "Flour" Gold**

H. A. Mau, inventor, of Milwaukee, Wis., is setting up a unique machine on the Williams claim in the Hicarillas. It is designed to recover "flour" gold by a wet process. Heretofore, the separation of fine gold from caliche has been very difficult.

His machine makes it possible, by floating the fine gold, he told the News this week.

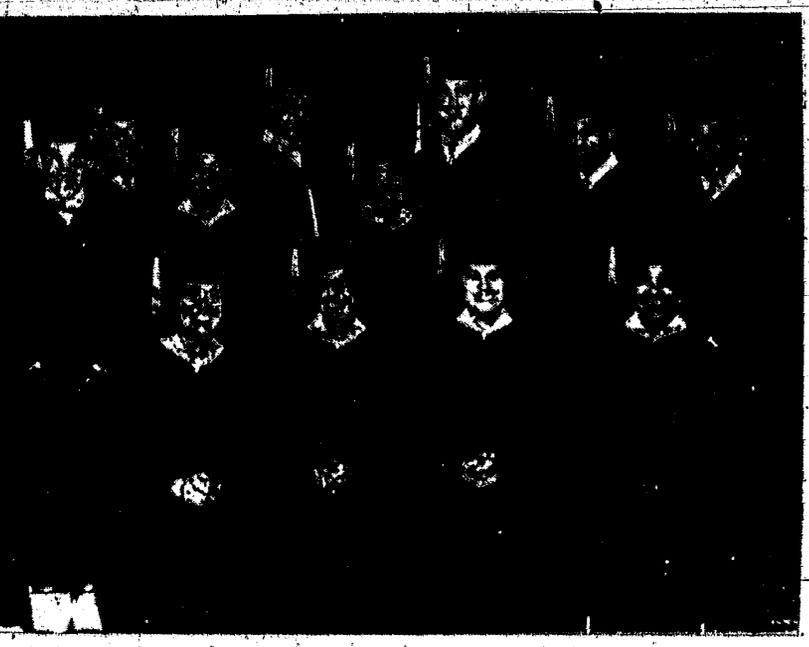

The machine is not for sale, he says, but may be contracted for on a 50-50 basis.

Mr. Mau is visiting his friends, the Fred Bockelmans, at Ancho. He plans to be here for another week.

Another invention on which he has a patent pending is a process for adding fluorine to household water, at a nominal cost. Farmers can put the unit on their well pumps, he says.

**THREE COUNTY OFFICES CLOSED MAY 24-25**

The offices of County Treasurer, County Clerk and County Assessors will be closed May 24 and 25 to permit County officers to attend the State convention of County Officials, to be held in Las Cruces.

Graduation exercises are taking place Thursday night for twelve Carrizozo High School Seniors. Pictured, from left to right, they are: (Standing) Ray Lopez, Benjamin Berry, Sally Monreal, Sam Wedell, Felice Lueras, Orvil Wilson, Florentino Lopez, Jr., Jimmy Lucero, Jr. (Front row) Mary Ann Nalda, Rita Baldonado, Margarita Vega and Jane Delgado.

**Lions Club Hears Talk By Dr. E. J. Workman**

One of the best investments made by the School of Mines at Socorro has been to provide the funds to build a golf course, Dr. E. J. Workman, president of the school, told members of the Carrizozo Lions Club at their weekly dinner meeting Monday night.

Dr. Workman, with Frank Baker, New Mexico Tech Golf Course professional at Socorro, and Ralph Petty, local golfer, were guests of the club.

Dr. Workman said that when he took over the presidency of the School of Mines in 1946, Socorro lacked principally recreation facilities, making it difficult to attract college students at comparable salaries paid elsewhere. The college purchased a tract of land and has built a 9-hole golf course, said to be among the best in the State.

"New Mexico, in general, he said, will have to adopt a program to increase the living facilities, although not every town can afford a golf course.

"The tourist business is one of our greatest assets," he continued. "We have a lot of inducements, but we're going to have to pay attention to human business, and provide facilities for living. We should make our communities more attractive for our young folks when they get back from college."

The speaker and guests were introduced by Geo. Zimmerman. Fred English, president, presided at a short business meeting. It was voted not to have a meeting on the 15th Monday in the month, due to the Memorial holiday.

**Ruidoso-Capitan Water Meetings**

Committees from both Capitan and Ruidoso met in the latter town Wednesday night to continue discussion of problems regarding use of Eagle Creek water.

Richard Strahlem, director of public welfare, was to meet with the committees.

A temporary organization was set up in a previous meeting at Capitan, consisting of James E. Harrow, chairman; D. O. Murphy, and Fletcher Hall of Capitan and Dan Swearingen, Harold Jones and Abe Gates of Ruidoso.

It was agreed to retain Frank C. Boyce as legal advisor.

**CHANGE MADE IN DATES FOR BANGS DISEASE TESTS**

Due to the weather, Dr. G. D. Allen of the Bureau of Animal Industry, of Roswell, has made a change in his schedule. He will be in the Nogal-Carrizozo area Monday, May 24, and in the Ancho-Corona area May 25.

**MEMORIAL DAY SERVICES BY VFW**

V. F. W. Post No. 7688 of Capitan will hold Memorial Day services in three Lincoln County communities May 30. The hours for the services are as follows:

- 10:00 a.m.—White Oaks.
- 2:30 p.m.—Angus.
- 5:00 p.m.—Capitan.

"We plan to have speakers at these services," says Post Commander Zane Leala. "Let's all turn out and help make this a fitting commemoration of the day."

In order that all may wear a poppy Memorial Day, the Post will start its poppy sale Saturday, May 22.

**Carrizozo Seniors On Trip to Colorado**

The Seniors left this Friday morning for a trip through Santa Fe, Taos, Cimmaron Canyon, to Colorado Springs. They will visit the Garden of the Gods and possibly the Royal Gorge before returning home on Sunday.

Accompanying the seniors will be their sponsor Clyde Shults; Supt. R. G. Firman, who will drive the new activity bus; Miss Mamie Castorena, and Mrs. R. C. Wedell.

**County Agent Speaks On "Soil Stewardship"**

Ralph Dunlap, County extension agent, was guest speaker Sunday at the Carrizozo Methodist Church. It was Soil Stewardship Sunday, a day observed in many churches over the land to rededicate America to the preservation of a great heritage—the soil.

Mr. Dunlap took as his text the 15th Verse of the 2nd chapter of Genesis. It indicates, he said, the Lord's interest in the care of the soil even at that time.

Some highlights of his talk follow:  
"We of America have been abundantly endowed by God with a rich soil. About 200 years ago the first white settlers began cultivating the soil of this continent. They had little regard for the rich soils of this country. They cut the trees and cropped the soil until it would yield no more and moved on to other fields and left the old fields to erode.

"Let us look at some of the signs of wastefulness in this area. Look at Elephant Butte dam. It has lost 25% of its capacity. Just recently I read of a \$2,000,000 contract to clear and drain San Marcial Lake. Ninety per cent of New Mexico is affected by erosion and of this 28% is severely eroded.

"Let's look back in history to some of the nations and countries that practiced poor soil stewardship: The Tigris-Euphrates valleys, now a desert, were once fertile, cultivated lands. History shows that these people gradually lost interest in the land and hired tenants, and later slaves, to till their lands. The tenants and slaves had no interest and did not try to conserve it."  
"It is up to you, the people, to become stewards of this soil and conserve it. You can help by encouraging your friends to start."  
W. A. Rice, of Ancho, was a business visitor in Carrizozo Saturday.

**General Rains Bring Much Needed Moisture**

Lincoln County received this week, along with most of New Mexico, the first general rains in many months. Following are representative rainfall figures reported to the News:

- 1.7 inches at Capitan.
- 2.6 inches at Hondo.
- 1.8 inches in Carrizozo.

Upward of two inches of rain was reported at White Oaks. Roswell, with 3 inches of rain falling Monday night was digging out from one of its worst floods in history.

Converging water from the Hondo and Spring rivers spread water three feet in depth over a considerable part of the city.

According to the weather bureau of Roswell the flood was caused by a "weather crash-down"—something that occurs on the edge of a desert area. It was limited to an area 10 to 12 miles long and 8 to 10 miles wide. A flood crest of 16 feet was funnelled into Roswell after midnight. The Hondo was reported to have crested at 14 feet.

**Mounted Patrol to Meet At Peter Hurd Ranch**

New Mexico Mounted Patrol, Troop 5, met at the Dan Brenton home, Bonito Inn, in Lincoln, on Sunday, May 16, with A. T. Pfingsten and W. G. Shreevogost co-hosts.

Mr. Pfingsten officiated over an unusual open fire barbecue for the picnic on the Inn grounds. Sixty-five troopers, their wives and guests, were present.

Lowell B. Morgan was voted into the troop, filling the vacancy of Arba Jones, an esteemed member, who passed away recently.

Pistol practice followed the meeting. On June 6 the troop will meet at the ranch home of Peter Hurd, with Tom and Billy Daters co-hosts. A mounted program is planned.

**Vacation Bible School Opens Friday, June 11**

Rev. C. E. Burch, pastor of the Carrizozo Methodist Church, announces a daily vacation Bible school beginning May 31, and continuing through Friday, June 11. Hours of the school are from 9 a.m. to 11:30 a.m.  
Pastor Burch invites young folks to "come and join in this fellowship each day of worship, study, work and play."  
Rev. Burch has been returned by the Methodist Conference to continue as pastor of the Trinity Methodist Church.  
Clyde A. Shults was appointed by the Conference to be pastor of the Capitan Methodist Church, Rev. R. L. Willingham has been appointed new district superintendent of the Albuquerque district.  
The annual Methodist Conference was held May 12-16 in Roswell.

HE WOULD SAY HE WAS

**ALVIN AND JOHNNY ARE ASKING FOR IT**

SANTA FE, May 19—Those nice young fellows, Alvin and Johnny, are scrambling for the honor of sitting through what looks like the most unpleasant period for a governor of New Mexico in the last 15 years.

Coming up is the little unpleasantness of raising taxes to pay for the schools which are getting beyond the bounds of the present money—or cutting them back. Either course would be pretty dreadful.

And another little item that the candidates would rather not be reminded of is the necessity to raise a lot more dough (and you get it only with taxes) for the 60,000 directly or otherwise relying on the public welfare department handouts. That, or take the unspeakable alternative of reducing the rolls by such rash action as requiring children to look after their parents, or requiring the parents to kick back the welfare money from their estates after they die.

**WELFARE AND SCHOOLS FEARFUL PAIR**

The money situation in the \$50 million-a-year school program and the \$20 million-a-year welfare operation is particularly unpleasant because it involves powerful political forces in the sheer number in the welfare program and the organizational strength of the school group. It's infinitely more serious, for instance, than cutting back the road program or lopping the public health operation which are important too but do not have the personal element present in schools and welfare.

There's no foreseeable way out of the school problem if the income continues on its present level other than raising taxes or cutting out the annual basic salary increases to teachers. The school money continues to increase every year but it's not increasing fast enough to keep up with the growing number in the school and the increased cost of running the schools. The spending plans for the next school year are nicking the school's bank account for a third of its surplus. Two more times like that and there will be no surplus and a little discrepancy of several million between the amount available and the amount to be spent.

**OF THE STATES SHIFT THE BURDEN**

There is a way out of the monstrous demands on the welfare department which would be exceedingly distasteful to the politicians but which has been adopted by almost all the states. It requires that financially able relatives support the needy members of their families and secondly it gives the state a right to recover money advanced to welfare clients from their estates.

Every state in the nation has one or both of these provisions except six of which New Mexico is one. Others are Mississippi, Missouri, Oklahoma, Texas and South Carolina.

As it happens the states that have the family responsibility and recovery laws have about half the welfare load as those which do not have the laws.

A third measure adopted by about half the states in the last few years has served as an effective companion measure in keeping the welfare load down. It simply opens the list of welfare clients to public inspection. That's not allowed in New Mexico.

**GOOD REMEDY BUT PAINFUL**

All three of the measures have been offered in the New Mexico legislature and hurriedly buried and forgotten. The politicians have repeatedly raised taxes to meet the ever-growing welfare load rather than reduce the number claiming welfare help.

The family responsibility requirement is really a moral responsibility that shouldn't require a law. The recovery law in the other states to the benefit of many deserving persons who are extended aid without being required to dispose of their property and the state does not recover the money advanced as long as either the welfare client or the surviving spouse is occupying the property. It operates to reduce the number claiming help because it stimulates no-good children and other heirs to help the old folks rather than have their inheritance burdened by a lien.  
It will be interesting to see which branch of the road the next administration takes when it is confronted with reducing the rolls or increasing the taxes. If the trend of the past year continues.  
(Continued on back page)

**STATE GAME DEPARTMENT**  
**NEWSLETTER**  
**EVERYBODY'S FISHING**  
 Fishing season opened with a bang at Wall Lake, reports Trapper T. J. Lyon of the N. W. Department of Game and Fish. "Everyone caught fish — some pretty big ones. There must have been 200 fishing," Lyon estimated. The night before opening of the season many fishermen camped at the waterside, too excited to sleep. It was cold and snowy (about 5 inches of snow in the Mogollons) but campfires blazed through the

night. At daylight not a moment was wasted. Lines struck the water at the first legal minute.  
**MAYHEM IN MONTANA**  
 Roy Barker, director of fisheries for the Department, has been waiting for a half million trout eggs due in April, and looking forward to one million expected in June, from Rainbow Ranch in Montana. Disturbing news has just been received from K. G. Drew of Rainbow Ranch. He writes that 8,000,000 eggs have been affected by some undetermined blight — the same type of destruction that has affected fish eggs all over the world, more in Europe than in the U. S.; since March 26 when the hydrogen bomb exploded. Drew's opinion is that atomic

radiation is the cause. He describes 85 per cent of the eggs as infertile, and the remaining 5 per cent producing "mostly cripples and deformities." He further states that fish and wildlife service do not go along with his surmise, but he explains the difference of opinion. Fish and wildlife service conduct their experiments on maturing parent fish, while Drew makes his observations on eggs, which go through very delicate processes in the embryonic stage.  
**OPEN SEASON ON PREDATORS**  
 From Roy comes a request to the Department to help "dispose of some extra polecats that have moved into town and established residence without a building permit, and are also disturbing the peace and dignity of our citizens."  
 Patrolman James A. Hall of the Department writes from Cotton City: "There's no question, the jack rabbit has taken over. One cotton farmer will have to replant."  
 And in Santa Fe a bobcat came to grips with the Department this week. A call from Mrs. Harold Banks on East Alameda brought Public Relations Director Fred Patton and Biologist Bib Spicer. Arrived on the scene they found four city policemen, two wounded dogs, and one bobcat, lean and angry. The cat had taken temporary refuge under a stone bridge.  
 Patton borrowed a policeman's side-arm and shot at the cat thru a narrow aperture. Wounded, the cat managed to pull itself to a higher level, dangerously close to the gun-toter. One mighty careful shot finished off the bobcat. "It was him or me for a second," remarked Patton.

**NEWS FROM THE STATE PRESS**  
**Ruidoso News**—Juan M. Montez, well known Lincoln County rancher, died in Roswell, after an illness of several months. He was born in Lincoln County and was engaged in ranching.  
**Alamogordo News**—Water is expected to flow soon from the Bolga well, south of town, into the city's reservoirs. Pumps are installed and the pipeline nearly completion. The pumps are designed to pour 1,000 gallons per minute into the city's water system.  
**Springer Tribune**—A water well for Springer, being drilled by Clyde Stinebaugh of Mosquero is more productive of petroleum gas than water. While the well is producing an estimated 50 gallons of water per minute, from about the 300-foot level, its salt content makes it unfit for either domestic consumption or for irrigation. A gas flow was struck, estimated to be producing 100,000 cu. ft. per day.  
**Belen News-Bulletin**—Abelton R. (Abbie) Paiz of Grants has been employed as grid mentor at Belen High School. He will also direct a summer recreation program. Tex Wallis of Socorro has been named head basketball coach.  
**Torrance County News (Estancia)**—A severe hailstorm slashed through a milewide swath about five miles west of Moriarty last week. The storm battered car tops, garden and cattle as the intense fall of large ice chunks pelted the area. Motorists panicked and roofs began to leak like sieves, residents of the area reported.  
**Pecos Valley Sun (Roswell)**—The City of Roswell and the State of New Mexico is making a strong bid for the location of the National Air Force Academy.  
**Hot Springs Herald**—A rich pocket of silver has been struck in the Black Range Mountains by Gib Thosp and Ed Barker and his son, Allen Barker. The strike is located at the Iron Creek Camp Grounds.  
**Eddy County News (Carlsbad)**—T/Sgt. John L. Shelton of Holoman AF Base, Alamogordo, may be sued by the Albuquerque Traffic Department for issuing a bogus check, written on toilet paper. Shelton said the parking meter wasn't working. The traffic department said it was, and besides the check he sent wasn't funny.

**DOING**  
**LINCOLN COUNTY IN BYGONE YEARS**  
**20 Years Ago**  
 (From the files of the Lincoln County News May 18, 1934)  
 Gray's Big Tent Show was to be in Carrizozo with its tent to present plays under the auspices of the Community Hall Association.  
 Otho J. Bilbo of Capitan and Miss Willie H. Kelt of Carrizozo were united in marriage May 16, Rev. L. D. Jordan officiating, at the Baptist parsonage.  
 As a farewell for Miss Mary Crawford and Prof. Phil Bright, the Ancho Bridge Club entertained at the ranch home of Mr. and Mrs. Ted Hefren.  
 Mrs. E. A. Orme Johnson of El Paso is visiting her mother, Mrs. Lesnet, until after Mother's Day.  
 Eighth Grade graduates at Carrizozo were Pinkle Ruth Skinner, Imogene Miller, Martha Catherine Smith, Viola Sandoval, Fred Homer English, Billie Beck, Haven Glasmire, Donald Lawson, Orville Dow, Manuel Padilla, Jobie McPherson, Agnes Degner, Will Morgan, Charles Carl, Herbert Aguayo, Claud Hicks and Graham Fitzpatrick.  
 Mrs. Beulah O. Thompson of Capitan passed away May 12 at the home of her brother, J. W. Morris. She was born in Kentucky, March 6, 1867.  
 Mrs. Lorena Counts of Tinnie was in Carrizozo to witness the graduation of her brother, R. A. Crenshaw.  
 The Roswell-Carrizozo mail contract was awarded to D. L. Gann of Lovington.  
**40 Years Ago**  
 (From the files of the Carrizozo News, May 21, 1916)  
 The Richardson, Castle, Jones, Thornton, Ranninger and Gischwind orchards at Oscuro are looking fine this spring and were apparently not injured by late frosts.  
 Wayne Slaughter of El Paso was overhauling the motors at the North Homestead mine in White Oaks.  
 F. S. Randles was in Capitan,

doing development work on his iron mine claims.  
 J. E. West was over from Little Creek Meas., visiting Roland Box, who came up from Palomas Springs.  
 Teachers for Capitan High School during the coming year were named as follows: Charles L. Schreck, supt.; C. H. Thomson, principal; and Miss Rachael Livingstone. Samuel Kelsey will teach at Picocho and Mrs. Grace De Nisson at Tison school.  
 Livestock men are wearing smiles after a series of rains, promising good spring and summer range.  
 A very good indication of the times is the demand for dwelling houses. All the rooming houses in Carrizozo were full.  
 There is still interest in the Jicarilla country about shipping "soto," but it did not turn out to be the wholesale money making project that it promised at the start.  
 Governor McDonald visited in Lincoln County a couple of days.  
 Sam C. Hall, ranchman and merchant at White Mountain, was a Carrizozo visitor.

**WHAT IS A SOUND LOAN?**  
 In passing on applications for credit, we consider the most important factors to be whether the loan purpose is worthwhile, and likely to benefit both the borrower and the community; and whether the applicant is of good character, has a record of paying bills promptly, and has a dependable source of income from which to repay the bank. A loan that meets these tests we consider basically sound.  
 Our simple credit requirements are in the interests of our depositors, whose money we lend, and the community we serve, as well as the borrower himself. We'll welcome your loan application.

**Abandoned Iceboxes Are Hazard to Children**  
 CHICAGO—How to let air in or keep children out of discarded iceboxes is the subject of a recent publication by the National Safety Council.  
 Citing an unofficial count of 70 child deaths in the last five years, the Council details several methods for preventing suffocation in iceboxes, refrigerators, freezers and other airtight cabinets. A worn-out refrigerator should be disposed of, but if that can't be done immediately, then—  
 1. Remove the door.  
 2. Remove the latch stop.  
 3. Drill rows of holes in the cabinet sides and pry off the rubber gasket around the door.  
 If refrigerators are temporarily out of use, take these precautions:  
 Remove the latch stop, which can be easily replaced.  
 2. Turn the box with the door against the wall.  
 3. Bind the door shut with wire or stout rope.  
 4. Padlock the door when possible to do so.

**Abandoned Iceboxes Are Hazard to Children**  
 CHICAGO—How to let air in or keep children out of discarded iceboxes is the subject of a recent publication by the National Safety Council.  
 Citing an unofficial count of 70 child deaths in the last five years, the Council details several methods for preventing suffocation in iceboxes, refrigerators, freezers and other airtight cabinets. A worn-out refrigerator should be disposed of, but if that can't be done immediately, then—  
 1. Remove the door.  
 2. Remove the latch stop.  
 3. Drill rows of holes in the cabinet sides and pry off the rubber gasket around the door.  
 If refrigerators are temporarily out of use, take these precautions:  
 Remove the latch stop, which can be easily replaced.  
 2. Turn the box with the door against the wall.  
 3. Bind the door shut with wire or stout rope.  
 4. Padlock the door when possible to do so.

**New Chevrolet Trucks . . .**  
 do more work per day . . . more work per dollar!  
 You save time in traffic. New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on 1/2-, 3/4- and 1-ton models.  
 You save time on the highway. New high-compression power gets you up to highway speeds on a standing start in less time, and saves you time on hills, too. You make trips faster—and the new Comfortmaster cab makes them seem shorter. It's got everything!  
 You save extra trips, too. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.  
 You save on operating costs. High-compression power saves you money! The "Turbo-master 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.  
 You save with fewer upkeep. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger cabs in light- and heavy-duty models . . . stronger frames in all models.  
 And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high trade-in value.  
 Come in and see how much you're ahead with America's number one truck. You'll like the way we're talking business!

**World's First!**  
 Phillips 66 presents the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication . . .  
**Mil-O-2104, Supplement 1 level.**  
  
 This toughest standard ever set up for automobile lubrication is the Mil-O-2104 Supplement 1 test. New Trop-Artic is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer . . . as good as good it can double the life of an automobile engine!  
 Trop-Artic is truly an all-weather oil . . . S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.  
 Compared to ordinary motor oils, new Trop-Artic reduces ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and bearings cleaner . . . longer-lasting. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing over 130,000 miles of driving.  
 Any car, in any climate, at any time of the year will perform better with Phillips 66 Trop-Artic. It is a worthy companion product to Phillips 66 Plus-Pum, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.

**STATE'S OLDEST  
RELIGIOUS STATUE  
TO BE IN CARRIZOZO**

"La Conquistadora," New Mexico's oldest and most famous religious statue, will be brought to Carrizozo June 2. A program of the visit to St. Rita's Catholic Church, will be published next week.

The historic Catholic statue will leave Santa Fe for the first time since 1692. "Our Lady of Victory" will visit each church in the Archdiocese of Santa Fe. These unprecedented events are part of a worldwide celebration of the Marian Year. The occasion is the centenary of the Proclamation in 1854 of the Dogma of the Immaculate Conception.

"La Conquistadora" usually resides in the Cathedral in Santa Fe. Once a year, she is carried to the Church of the Rosary on the edge of Santa Fe in what has become known as the "De-Vargas Procession."

Archbishop Byrne writes of the statue: "Our Lady of the Conquest" means much more than the ancient little image treasured for so long in our Cathedral of Santa Fe; it means the spirit of deep-rooted faith and devotion which characterized the conquistadores of this land, no matter what their individual or collective faults—a spirit which united all alike, regardless of class or station, in conquering an enchanting but indomitable region."

The statue is about a yard tall, and dressed in real clothes like a Spanish queen of old. This dressing of statues is an old Spanish custom.

No one knows how old La Conquistadora is. It has been in New Mexico since December 1625, 329 years this Christmas. It was the only statue of Mary in the parish church of Our Lady in Santa Fe down to the year 1690, when the Indians destroyed the city and drove the Spaniards out of New Mexico.

Your property insurance agent is more than a salesman. He performs an important service throughout the life of each policy he delivers to you.

When your insurable values increase or decrease, your local agent is at hand to adjust your coverage promptly. When new and improved types of coverage become available, your agent keeps you informed, demonstrates what they mean in terms of your own protection program. When unexpected hazards develop, he shows you how to meet them through application of the right type of insurance.

As a professional adviser, your agent does not merely "sell you insurance," he buys insurance protection for you from the companies he represents. And he does this on the most economical basis, consistent with sound underwriting principles. His job is to be certain that you have adequate protection at all times. It is a local job, handled most effectively by a local insurance agent.

**MANY ACTIVITIES  
FOR GRADUATING  
CARRIZOZO SENIORS**

Baccalaureate Services Sunday night were well attended and the address by Rev. Francis McGowan was excellent. The Seniors dressed in caps and gowns marched to the music of the high school band, with Norman Crider, Sport Harkey, Ann Gallacher, and Jan Hurley who were dressed formally leading them into the auditorium. Rev. C. E. Burch gave the invocation and Mrs. E. Lenard, sang "I'm a Pilgrim," accompanied by Mrs. Clyde Shults. Thomasene Young sang "The Lords Prayer," accompanied by Ann Gallacher. Rev. H. T. Ray gave the benediction.

**Senior Breakfast**  
The Woman's Club, gave their annual breakfast for the graduating Seniors last Saturday morning at 8:00 at the Woman's Club. The Seniors enjoyed a delicious breakfast of bacon, eggs, toast, coffee, cocoa and pineapple juice. The table was decorated with red roses and primroses contributed by Mrs. Sabino Vidaurri Sr. and Mrs. C. A. Snow. Mmes. Rex Werner, Vick Lopez, Paul Wilson and C. A. Snow, prepared the breakfast.

**Spanish Supper**  
Mr. and Mrs. Tino Lopez, and Mrs. C. Osorio, entertained the Seniors with a Spanish supper at the lunch room Sunday night at 5:30. Guests were Mr. and Mrs. R. G. Firman, Mr. and Mrs. Clyde Shults and Miss Emilia Garde. Table decorations were red roses with place mats of tiny graduation hats. The menu consisted of enchiladas, tacos, Spanish rice, fried beans, and fruit cocktail, coffee and tea. Serving the supper were Flavia Lopez, Marina Marquez, and Josie Barela.

Bill Nickels, with daughter, Mary, flew to Deming Saturday, May 15, to attend the reception and opening of the new business establishment given by Postello Cooper of Cooper's Agency, Inc.

W. J. Fetter of Phoenix spent the week end in Carrizozo, visiting old-time friends and looking after his ranch interests. Mr. Fetter, before his retirement, was a machinist at the SP shop in Carrizozo. Mrs. Fetter (the former Lea Kennedy) is a graduate of Carrizozo High School. The couple now operate the J-F Trailer Park at Phoenix.

Natalia Miller is taking a two weeks vacation from her duties at the Welfare Office. Visiting her in her home is her mother, Mrs. Ben Sanchez, of Alameda, Calif. and her brother and his wife, Mr. and Mrs. Leo L. Sanchez, of Hayward, Calif.

Edna Laramie of the Selective Service Office, is off from work due to a wrenched back, which she received while assisting her father when he fell in their home in Capitlan.

Marie Walker and children of Capitlan enjoyed the weekend in Roswell. They attended open house at the Walker Air Force Base, celebrating Armed Forces Day; also visited the bottomless lake near Roswell, returning home Sunday evening.

Mr. and Mrs. Elmer Hust celebrated their twenty-fifth wedding anniversary May 11.

E. A. Casey returned Saturday from Hutchinson, Kansas, where he purchased an airplane. On his return trip he stopped over to visit his daughter and family in Amarillo, Texas.

Several of the Seniors enjoyed a picnic last Sunday at Bonita dam.

**• CAPITAN  
BY MRS. CHAMP FERGUSON**

**WOMAN'S CLUB  
INSTALLS OFFICERS**

The Capitlan Woman's Club held its installation program Friday, May 14. Mrs. J. W. Earling acting as installation officer. Each officer was presented a corsage of red carnations. The outgoing president, Mrs. Jack Shaw, was presented a brass planter. Officers for the coming year are:

Mrs. Jack Shaw, president.  
Mrs. LeRoy McKnight, vice-pres.  
Mrs. C. H. Ferris, secretary.  
Mrs. Willard Cooper, treasurer.  
Mrs. H. T. Yarbrough, parliamentarian.  
Mrs. J. P. Randle, historian.

Mr. and Mrs. B. D. Hanson of San Antonio, Texas, visited Mr. and Mrs. Travis Werner last week. Mrs. Hanson is a sister of Mr. Werner.

Mrs. F. B. Lindamood spent Friday in Capitlan visiting with friends.

Ernest Purcella of Shiprock was in town Monday.

Mrs. Charles Ferris made a business trip to Tularosa Monday.

Mr. and Mrs. LeRoy McKnight attended the graduation of their nephew, Bobby Eshom, at St. Michaels High School in Santa Fe Sunday night.

The Senior class returned Friday night and report a very good time, even though the bus broke down in Quemado, delaying them three days.

A group of men from Ruidoso met with Capitlan officials at the City Hall Thursday night for the purpose of trying to obtain more and better water for both towns.

Capitlan and vicinity is enjoying the best rain we have had in we can't remember when. Rain fell all Monday night and it was still raining Tuesday.

Miss Lillian Tuttle spent the week end with Mr. and Mrs. Hunt Hobbs.

Hollis Cummins spent Sunday in Albuquerque.

Mrs. S. M. Cozzens was on the sick list this week. During her absence, Mrs. Ray Province is teaching.

The grade school children are looking forward to their annual school picnic on Friday.

**• ENCINOSA  
BY HATTIE LACY**

This community had a slow, steady rain all Monday night. Tuesday morning the canyons were running and water was standing everywhere.

Lloyd Taylor came home last week from the hospital. He is able to sit up in a chair and seems to be gaining his strength rapidly.

Judge and Mrs. George T. Harris of Roswell spent Thursday at Pine Lodge.

Dr. and Mrs. L. B. Pemberton of Midland, Texas, spent the week end at their summer home at Pine Lodge.

Charlie Harter of Happy, Tex., received the cattle bought from John Lacy this week.

Mr. and Mrs. Clyde Brackentress entertained his brother and wife from Pennsylvania, at their Pine Lodge cottage on Thursday.

Mr. and Mrs. Hilario Trujillo and children visited Sunday in Dexter and Roswell.

Mr. and Mrs. David A. Dunn and children visited over the week end at Pine Lodge with friends, and getting their cottage ready for summer use.

Mr. and Mrs. A. R. Montoya made a business trip to Carrizozo Monday.

Mr. and Mrs. John B. Bountree spent the week end at their Pine Lodge cabin.

Mr. and Mrs. King Francis and son Johnny visited his parents, the Charles Francis's.

Capt. Chuck Nelson and family of Alamogordo spent the week end with Mrs. Nelson's parents, the Pembertons, at the Lodge.

L. D. Merchant accompanied Forest Supervisor Cutter from Alamogordo on a tour through the northern part of the State and particularly the Carson Na-

tional Forest in the Taos area. He returned Sunday after a four-day excursion with forest officials and grazing board members.

Mr. and Mrs. Bill Edgar and Willa and Mrs. L. D. Merchant attended a dance revue in Ros-

well Saturday, in which Willa had a part.

Mr. and Mrs. Frank Bonnell went to Cloudcroft to attend a school program last week. A grandchild had a part in the program.

attended a quarterly meeting of the Capitlan Chamber of Commerce, held Wednesday evening.

Grady Eldridge attended the Mounted Patrol meeting Sunday at the home of Mr. and Mrs. Daniel Brenton in Lincoln. Bill Edgar, Fletcher Hall and

Mac Thorpe helped Grady Eldridge brand calves Saturday. Mr. Eldridge sold two truckloads of cows, with calves, to George Berry this week.

School closes this Friday. Some very good grades were scored in the achievement test.

**Homemakers to Meet in Hobbs May 25**

More than 300 New Mexico rural and urban Homemakers are expected to converge on Hobbs, oil capital of the State, May 25 for the eleventh annual meeting of the New Mexico Association of Home Extension Clubs, according to Mrs. C. L. Armstrong, Jal, president.

The three-day meeting, which will spotlight activities in home economics, will feature special sessions on foods and nutrition, home management and home furnishings, clothing and textiles, and consumer food marketing.

Special topics which will come up for discussion are highway safety, health, youth programs, and the homemaker's role in public affairs.

Exhibits will include home-made clothing and accessories, cotton and wool fabrics, easy-to-make contemporary furniture, and the Kelvinator model kitchen. One event of the state season will be election of a new president for a two-year term.

**Summer Workers Need Social Security Cards**

If you plan to take a job this summer you'll need a social security card, J. Hassler Strickland, manager of the Roswell social security office reminded Lincoln County students this week.

Your employer will ask to see your card when you start on the job because it is necessary for him to copy the name and social security account number into his records exactly as shown on the card. He needs this information for the quarterly social security report he is required to make of your earnings.

If you already have a social security card, be sure to take it with you when you go on a job this summer. If you have never had a card, or if you have lost your card go to your local Post Office, get an application—Form SS-5 — and mail it into the Social Security Administration office in Roswell. A new or a duplicate card will then be issued to you.

Most jobs are covered by the social security law, Strickland said. An exception is summer-time work on a farm. As he explained, farm workers must meet a regularity of employment test; they must work at least five consecutive months for one farm operator in order to have their cash wages credited to their security account. Domestic work—that is, work of any kind for a private household—counts toward old-age and survivors insurance if the employee works for the same employer on an average of at least two days a week.

There are no regularity requirements for jobs in commerce or industry, he said. If you work only a short time for a business, you'll be asked for your social security card. Strickland advises students who do not plan to take a vacation job this year to defer getting a card until they have a need for one.

New Mexico's largest county, Socorro, is more than 7700 square miles in area, but has fewer than 10,000 inhabitants. The State's smallest county, Los Alamos, 108 square miles, has 12,000 population.

And a new treasurer for a two-year term. Those running for president include Mrs. L. G. Zartman, Albuquerque, Mrs. Virgil Blakely, Rogers, and Mrs. Lyle James, Farley.

Candidates for the state treasurer's post are Mrs. Howard Howsman, Albuquerque, and Mrs. Taylor McDonald, Silver City.

On Tuesday afternoon, May 25, homemakers attending the meeting will get a bird's eye view of the oil industry when they visit wells and refineries in Lea County. The tour has been arranged by the Famariss Oil and Refining Company of Monument, New Mexico.

Governor Edwin L. Mechem has been invited to deliver the principal address at the recognition and awards program Wednesday evening, May 26. Several homemakers will be honored during the evening.

Mrs. Dee E. Shield, Mountainair, state winner in the home food preservation program will receive the National Garden Institute award, a covered silver vegetable dish, for her outstanding work in food production and preservation. The dish will be presented by Miss Stella Tate, Torrance County home demonstration agent.

Homemakers from Chavez, Lea and Grant counties who have completed three-year series of clothing work shops will receive certificates of completion from the New Mexico Extension Service.

**News and Views from Your Nation's Capitol**

By JOHN J. DEMPSEY  
Congressman from New Mexico

Washington, May 18 — When signing the Federal Aid Highway Act of 1954, President Eisenhower predicted the nation's highway construction program would gain tempo in the next five years. It was most gratifying to those of us who have been battling in Congress for many years to obtain more adequate funds to develop and maintain our sadly deteriorated roads to be given some assurance of continued support by the executive branch of the government. The authorizations for roads made in the new law are the largest in the nation's history.

Most significant also was the President's statement that he was sure the public will welcome the fact that funds equal to revenue from federal gasoline taxes will now be used entirely for the improvement of highways. That, incidentally, has been my contention for many years.

The new law authorizes \$875,000,000 annually in fiscal years 1956 and 1957 in federal matching funds for the states. New Mexico will receive \$11,281,000 each year which will allow the state to expand its road-building program at least 50 percent.

I am disappointed, however, that efforts to obtain additional funds for the 1955 fiscal year which ends next July 1 have not been successful. A provision put into the bill by the Senate that would have allowed the President to advance the program by one year was stricken out by the conferees. The result is that, although the people are to continue paying the federal 2-cent gasoline tax, there will be a year lost in stepping up our highway improvement program. In the meantime our standard roads and narrow bridges will continue being hazards that help to kill more than 38,000 Americans each year in traffic.

**DUST BOWL AID SPEEDED UP**  
Immediate federal government payments to farmers and ranchers in the hard hit wind erosion areas in New Mexico and neighboring states are to be made for compliance with proper soil conservation practices. Congress has provided \$15,000,000 for that purpose in the third supplemental appropriation bill and the President has advanced \$10,000,000 from his emergency fund to speed up the program. That will be repaid from the appropriated funds.

This money is in addition to any loans that have been made by the Farmers Home Administration to distressed landowners who have been fighting the serious dust bowl threat. Payments can be made up to \$125 per acre and are not repayable, but are the federal grants to the distressed areas. The program is to

be handled through established state and county committees. Payments are to be made retroactive for work done after March 30 of this year.

The drought emergency feed program also is being continued in those counties where it is found to be necessary.

**STOCKPILING READY TO START**

The recently announced "long-term" stockpiling of domestic metals and minerals, which may result in the reopening of New

Mexico's lead and zinc mines, will get under way within the next week, according to Dr. Arthur S. Flemming, Director of the Office of Defense Administration. A full list of the metals and minerals to be acquired is to be announced shortly.

Funds are available, Dr. Flemming said, to carry on the stockpiling until June 30 the end of the present fiscal year. Request will be made shortly of the Congress to appropriate the amount needed for the year ending June (Continued on next page)

the office of the State Mine Inspector annually before the 1st of August each year, or upon start of operations.

State Mine Inspector, John A. Garcia, urges mine operators, regardless of how small their operation, if they are not properly registered to do so at once. The only persons exempted from this provision are those who are prospecting and not employing individuals, and persons doing only assessment work.

Although a mine is in the prospect stage, if the operator is employing other persons, or if the mine is producing, it must be registered.

This provision applies to all classifications of mining operations, including mines, quarries, pits, open-cut workings, stripings, placer mines, sand and gravel, and milling and processing operations. The only exceptions are oil and gas.

Blank forms for registering mining operations may be obtained, free of charge, from Mr. John A. Garcia, State Inspector of Mines, 1024 Park Avenue, S.W., Albuquerque.

**NEWS & VIEWS**

In the meanwhile the Rocky Mountain Congressional group is seeking changes in the trade agreements law which will provide tariff and import restrictions to give the protection necessary to keep the mining industry in a healthy condition permanently.

**Follow Safety Rules**

**When Going Swimming**

With the summer vacation period approaching and with three drownings reported in the state so far this year, the New Mexico Department of Public Health issued a reminder today on water safety.

Last year 25 persons lost their lives by drowning in New Mexico, making water mishaps among the leading causes of accidental death in the state.

Many of these fatalities, the department noted, could have been prevented by following generally-accepted safety rules. These include the following:

1. Parents should always keep an eye on their children as they play in and around water, and even those children who can swim should be watched because they may become too overconfident and get into trouble.
2. Don't attempt a long swim the first few times you go into the water this summer. Your swimming muscles need exercise to strengthen them up for the season.
3. It's wise to wait at least an hour after you eat before going into the water. Stomach cramps sometimes result from going into the water too soon after eating. If it's a heavy picnic meal, it's wiser to wait even longer than an hour.
4. It's dangerous to stay in the water too long. Come out before you're tired or chilly. You should come out feeling relaxed and comfortable.
5. Persons with sinus trouble should not dive at all. Diving forces water into the nasal passages and this may start trouble.
6. If you go boating and don't know how to swim, take along life preservers for yourself and every child in the party. Before you take a boat out check for rotted ribs and planking; paint and putty don't make a boat watertight.
7. Don't overload the boat. Remind passengers to stay put. If you capsize stay with the boat until rescue arrives or you are sure you can swim to shore.
8. When you go out in a motorboat, take more than enough gasoline for the trip and take along oars as good "life insurance."

The department concluded: "Swimming is good recreation. Have fun, but observe a few precautions so you will live to enjoy another swim."

**HONDO SCHOOLS—FACTS AND FIGURES**

(Third of a Series). (The following has been prepared by the Public Relations Committee: Carl P. Radcliff, chairman, Ruby Douglass and Albert Gomez. It has been approved by Fermin S. Montes, superintendent and John A. Hamilton, principal. The material includes facts and figures on the operation, objectives and accomplishments of the schools.

**ORGANIZATIONS**

The members of various organizations have contributed many hours time, hard work, and leadership, and have assisted financially with many of the school activities. The school administrators and faculty appreciate this cooperation. A brief summary of the activities of each organization follows:

**Parent-Teacher Association**  
The Parent-Teacher Association is now in its eighth year and has an approximate membership of sixty. Current projects are establishing a cash scholarship for a graduate going to college, and sponsoring a boy to Boys State. Members of the association have worked consistently and hard to promote the welfare of the schools and the community, and have achieved admirable success in their many worthwhile undertakings. Entertaining and educational programs have been offered at each meeting.

**Band Boosters' Club**  
The Band Boosters' Club was organized to make money to buy instruments, uniforms, and other essential items for the high school band. It also assists with arranging for transportation of students on trips. During the current year \$445.43 was earned by sponsoring a foods booth "Lincoln Day," an enchilada supper, and the play, The Campbells are Coming. The club has many supporters in the valley. Eighty people attended the annual St. Patrick's banquet that was given to honor its co-operators. This year the club has purchased four majorette uniforms, a bass clarinet, and a set of tympani. It is not to be forgotten that this courageous group of workers has provided uniforms and instruments during the previous years also.

**Athletic Club and Women's Auxiliary**  
The most recent club to be organized is the Athletic Club and Women's Auxiliary, which was originated for the purpose of promoting and financing all inter-school activities. It is composed of men of the valley who have an interest in sports and who feel that high school boys need and appreciate their companionship and guidance. Their monthly meetings are devoted to discussions of ways and means of improving recreational conditions and to sports contests. The Women's Auxiliary meets twice each year with the club and assists in any activities which further the interest of the club.

**The Hondo Valley Public Schools Association**  
This is an organization of the teachers. Its purpose is to coordinate the efforts of the administrators and teachers in sponsoring various curricula and school activities. The association also serves as a medium through which better teaching ideas are discussed and exchanged. The association meets once each month. Prior to the business meeting a 30-minute social period is enjoyed by the members. Refreshments are served by various teachers through a rotation system.

**Distribution of Supplies**  
Textbooks are uniform in all grades and handled through the office of the administration. Arts

**Donald Staples Serves Aboard USS Redfish**

Pacific Fleet (FHTNG)—Donald L. Staples, engineman third class, USN, son of Mr. and Mrs. C. E. Staples of Green Tree, N. Mex., has reported aboard the submarine USS Redfish. He has been assigned to the Engineering Department. Before entering the Navy, he was graduated from Ruidoso High School.

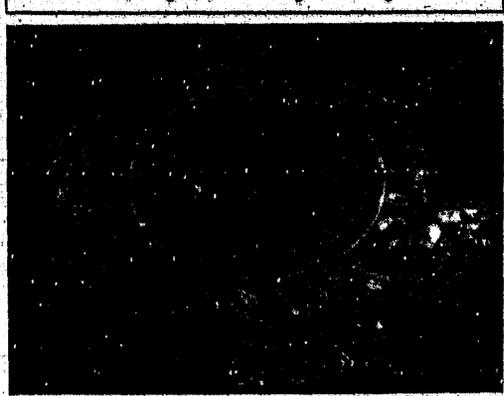

Primary candidates in New Mexico pay filing fees of 3 per cent of one year's pay of the office to which they seek nomination—except candidates for the Legislature, and for Lieutenant Governor, which offices carry no fixed annual salaries.

One out of every four young persons of college age in the United States is now attending college.

and Crafts materials and supplies for all departments are under the direct supervision of the principal and distributed from a central depot at the high school. Each building has the services of a custodian whose supplies are also obtained from a central depot and issued by the principal.

**General Supervision**  
of the teaching is done by the superintendent and the principal. The testing program is administered by the administrators and scored in the administrative offices. Extreme disciplinary problems are referred to these offices.

**Guacamote Delivers Magic Life To Any Party Table**

"Guacamote" is a magic word in Mexico that signals a real taste treat.

An avocado mixture that is at once a sauce, a dressing, a salad and a unique "dip" to be served at your next party, guacamote goes far back in Mexican history. There are records that Cortez ate its avocado base the first time he was feted as a guest of Mexico in 1519.

Today Guacamote plays just as big a part in the Mexican diet, and is rapidly being discovered by American homemakers who are looking for something new and exciting to serve when entertaining.

In Mexico, Guacamote is prepared in a number of different ways, but invariably at Mexican cocktail parties it is served with corn chips as a "dip."

Guacamote dip with corn chips is wonderful for parties, an excellent adjunct to meals, and fits perfectly on the table in front of the TV set.

**GUACAMOLE DIP**

- 1 medium onion, peeled
- 2 medium tomatoes, peeled
- 1 small hot pepper
- 1 clove garlic, crushed
- 2 teaspoons salt
- 2 avocados
- 2 tablespoons lemon juice
- Corn chips

Grind onion, tomatoes and pepper together using the knife of grinder. Blend in garlic and salt. This mixture may be refrigerated several hours before serving. When ready to serve, pare avocados and remove seeds. Mash avocados and blend with lemon juice. Combine tomato mixture with avocado mixture and serve as a dip with corn chips. Yield: 3 cups dip.

If a slightly more spicy dip is desired, add one teaspoon of hot sauce to the mixture.

LEGAL NOTICE

ORDINANCE NO. 63

An Ordinance Authorizing the Creation of an Indebtedness of \$150,000.00 For The Purpose of Enlarging, Improving and Extending the Water-Works System in the Village of Carrizozo, New Mexico and the Issuance of Bonds therefor.

Table with columns: Bond Numbers, Date, Amounts. Lists bond numbers 1-2 through 57-69 and their corresponding amounts and maturity dates.

ing as follows: Section 2. That the Village of Carrizozo issue its negotiable coupon, general obligation bonds, for the principal and interest of said bonds, the bonds to be signed by the Mayor of the Village of Carrizozo, and attested by the Village Clerk, and the coupons to be signed by the Village Clerk and Treasurer, said bonds to be delivered to the State of New Mexico, the purchaser of the entire bond issue of \$150,000.00, on payment of \$150,000.00 plus interest accrued to the date of delivery.

HOW IT STARTED (From the "North Islander," USN publication, "San Diego") Contained in the Act of Congress of July 18, 1861, is probably the first record of any legislation on the subject of the sailor's "life blood"—coffee.

Lincoln County News Friday, May 21, 1954 Page 7 New Mexico became the 47th state on January 6, 1912, followed by Arizona a month later.

LEGAL NOTICE IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF NEW MEXICO. CIVIL ACTION NO. 948 Notice for Service by Publication UNITED STATES OF AMERICA PLAINTIFF,

LEGAL NOTICE NOTICE OF PENDENCY OF ACTION THE STATE OF NEW MEXICO to Lucy L. Stetson, Impleaded with the following named defendants against whom substituted service is hereby sought to be obtained: Hal Scudder, Gail B. Scudder, All Unknown Successors of the Lincoln County Board of Education, of Lincoln County, N. M., All Unknown Successors of School Districts No. 42 and No. 35, in Lincoln County, N. M.; the following named defendants by name, if living, if deceased, their Unknown Heirs: Francisco Armera, also known as Francisco Omerero, Martin Brown, also known as Martin Brown, Adalaida Brown, R. Bracken and Mary J. Bracken; the Unknown Heirs of the following named deceased persons: Henry C. Brown, Margarita Brown, N. G. Scudder, also known as M. G. Scudder; and All Unknown Claimants of interest in the premises described in the complaint of the plaintiff hereinafter named, adverse to said plaintiff: You are notified that there is pending in the District Court of Lincoln County, N. M., a civil Cause No. 6210, in which Warren Tucker, W. D. Horton, Ralph Bonnell, J. B. Gatzaway and Ralph Brown, constituting the Board of Education of the Village of Ruidoso, New Mexico, otherwise known as the Ruidoso Municipal School District, is plaintiff, and you are defendants. The general objects of said action are (1) to obtain decree reforming those certain deeds recorded at Book A-18, Page 166, and Book A-18, Page 459, of the records of said county, by amending and correcting the descriptions of the real estate conveyed by said deeds; and (2) to quiet the plaintiff's title to the property described in the complaint in said cause, being certain real estate situated in the NE1/4 NW1/4 of Section 22, T. 11 S., R. 14 E., NMPM in Lincoln County, N. M. Unless you enter your appearance in said cause on or before the 21st day of June, 1954, judgment will be rendered in said cause against you by default. Plaintiff's attorneys are Shipley and Sells, Box 751, Alamogordo, N.M. WITNESS my hand and the seal of said Court at Carrizozo, Lincoln County, New Mexico, this 1st day of May, 1954. JAMES EARL HARCROW, Clerk of the District Court of Lincoln County, N. M. (SEAL) By INICE HUST, Deputy. Publ. May 7—May 28, 1954.

Section 3. That this Ordinance be, and it is hereby declared to be, irrevocable during the pendency of said indebtedness and until same is paid in full. Section 4. That said bonds and each of said bonds may be registered as to principal only at the option of the holder by the Village Clerk, such registration shall be entered on the bond records of said Village, the date of registration and such other information as is necessary, and the Clerk shall endorse upon each bond a certificate signed by him that the bond is registered and that the principal is payable to the registered holder only, naming him, or his legal representative. Notwithstanding such registration the coupons attached to each bond so registered shall remain negotiable and payable to bearer. The registered holder of any such bonds, together with proper proof of identity, power of attorney or assignment, as the case may be, may request that the bond be registered in the name of another holder or that the registration be cancelled and that the bond be again made payable to bearer, whereupon the Village Clerk shall cancel the former registration and register the bond in the name of another holder, and shall endorse upon said bond a certificate in the manner required for original registration, or, if the bond is to be made payable to bearer the registration shall be cancelled and the certificate on the bond shall declare that the bond is payable to bearer.

Section 5. That the bonds and coupons attached thereto to be issued, be in substantially the following form, to-wit: UNITED STATES OF AMERICA STATE OF NEW MEXICO COUNTY OF LINCOLN No. \$2,500.00 VILLAGE OF CARRIZOZO GENERAL OBLIGATION WATER BONDS SERIES OF JULY 1st, 1954 The Village of Carrizozo, in the State of New Mexico, for value received, hereby acknowledges itself indebted and promises to pay to the bearer two years from the date hereof the sum of Two Thousand Five Hundred (\$2,500.00) Dollars in lawful money of the United States of America with interest thereon from the date hereof at the rate of two and three quarters per centum per annum, payable annually on the 1st day of July in each year as evidenced by coupons attached hereto, both principal and interest being payable upon presentation and surrender of this bond or the proper coupon at the office of the Village Clerk and Treasurer, Carrizozo, New Mexico.

Section 6. It shall be the duty of the Board of Trustees annually, at the time and in the manner provided by law for levying other taxes, if such action shall be necessary to effectuate the provisions of this Ordinance, to ratify and carry out the provisions hereof with reference to the levy and collection of taxes, and it shall require the officers of and for said Village to levy such taxes in the manner provided by law for the purpose of the payment of the principal and interest of said bonds, and such taxes, when collected, shall be applied only to the payment of the interest and principal of said bonds as hereinabove specified. Passed, approved and adopted this 10th day of May, 1954. MARVIN H. ROBERTS Mayor ATTEST: RUTH S. RICKERSON Village Clerk.

# CORONA NEWS

Mrs. A. E. Mulkey

Correspondent

## L. Parker Retiring From Corona Schools

L. Parker, superintendent of Corona School for the past nine years, is retiring this year. His wife, Ethel Parker, has also taught at Corona the past nine years, but does not plan to teach here another year. The Parkers have not made known their plans for the future yet.

In the past nine years Corona school has made rapid progress, and it is now one of the best kept schools in the state of New Mexico. Supt. Parker has worked the year around for the good of the school. A new gymnasium, an up-to-date all-around modern lunch room, better equipped classrooms and shop, now sidewalks, flowers and trees are only part of what has been accomplished in that time.

The success and progress of the school, has been due to a good superintendent. And we are not forgetting Mrs. Parker who has been so wonderful in the music, art, and English departments, giving to our children the best to be had anywhere.

Successful instruction by all the Corona teachers, is shown by the large number of young people who have finished high school, and made good in college.

We wish to thank the Parkers and other teachers also for giving our children so much of their time, energy, love and help in building better citizens.

Corona's school superintendent next year will be Kenneth Knight who has been principal and coach the past year. Both Mr. and Mrs. Knight have taught the past five or six years in Corona. Mrs. Knight says she does not plan to teach next year. All teachers for the next year have not yet been chosen.

Miss Dorothy and Julia Kerr and Margie Cothran, have gone to West Point, Missa for the summer. Miss Kerr plans to teach at Carlsbad next year. Julia's sister, Dorothy, and Miss Cothran will return to teach at Corona.

Mr. and Mrs. James O. Wilson have gone to Davis, Okla. Both plan to attend summer school in Oklahoma and will return to Corona next fall.

Mr. and Mrs. Robert Boyd and Mr. and Mrs. S. J. Earle have gone to Alto, Texas, and may attend college near there this summer.

## Mr. and Mrs. Everett Dame

have gone to Arkansas to visit her folks. They plan to return to Ada, Okla. for the summer.

Frank Basinger is visiting his parents at McCloud, Okla. He plans to teach private speech or speech therapy next year. If the U. S. Army does not call him for service.

Mr. and Mrs. I. H. Burgess are fishing in Colorado. They plan to be at home in Corona except for a few short vacation trips during the summer.

Mrs. Zetta Atkinson, high school teacher, whose home is in Corona will probably be taking a vacation trip which will tell you about later.

Jim Caldwell, chief electronics technician for the Corona airport near Cedarvale, has been transferred to Salt Lake City.

Mrs. Willie E. Tracy had three of her sisters-in-law as her guests last week. They were Mrs. Jannie Minton, postmistress at Lipscomb, Texas; Mr. and Mrs. Virgil Lake and two children of Houston, Texas; and Sally Reader of Flynn, Texas.

Mr. and Mrs. Dick Bagley have a new grandson, Joe Allen, born May 12 at Odessa, Texas. His parents are Mr. and Mrs. Joe Gilmore of Odessa. Mrs. Bagley is visiting her daughter and grandson this week.

Everett Vandell, son of Mr. and Mrs. Ernest Vandell of Corona, has been discharged from the navy, and returned home last Friday with a new bride. She is the former Miss Elaine Wicham, daughter of Mr. and Mrs. W. R. Wicham of Vashon Island, Washington. The marriage took place May 10 at Seattle.

W. F. Bryan has had his leg amputated just above the knee Monday at Los Alamos Hospital. The infected leg had been treated for a number of months, but without success.

Bill Winchester is working at Shiprock. Everett Vickrey is REA lineman taking Bill's place at Corona.

Charley Porter came home from the Veteran's hospital for a few days but had to return this week.

## INSIDE THE CAPITAL

the one following.

**NO EASY RELIEF FOR SCHOOL BOND**  
The school squeeze is tougher. You can't force kids into private schools or recover from their parents if they spend four years in the fourth grade. The state has set a rich standard of pay, and retirement and insurance benefits for teachers which it can't afford and from which it can't retreat. The wheel we're caught on is one by which teachers start at around \$3300, (it gets higher every year) get a contractual increase of \$100 or more every year, and by custom of recent years, another increase of around \$200 every year. This, combined with the necessity of adding several hundred teachers every year, is as you can imagine leading toward a desperate situation.

But we shouldn't worry. We have two energetic young men vying for the right to wrestle with these problems and Lord help the winner.

## Thumbnail Sketches Of the Graduates

Following are thumbnail sketches of the graduates:

George Bagley — Member of National Junior Honor Society at Odessa. Returned to Corona for junior year; elected secretary-treasurer of his class; also represented Junior class at Boys' State. Basketball 3 years and football 1 year.

Charles Babb — Basketball 1 year, football 2 years. Lettered in football this year. 4-H member 3 years. Plans to attend Southern Methodist University.

Harold Bryan — Attended school at Weed, Tulare and Alamo-gordo; Corona for the last nine years. Member of 4-H Club.

Dixie Carr — President of the Camp Fire Girls when she attended school in Cloudercroft before coming to Corona. Plans to attend the University of N. M., with a career in interior decorating.

Mary Jane Erramouspe — Glee club 4 years; orchestra 2 years; representative to Girls' State; played leading role in the Junior play; 4-H one year; has held a number of class offices. An excellent horsewoman. She won the All-around Champion Cowgirl award at Three Rivers and was a winner at Santa Rosa rodeo. Wants to be a secretary.

Lucinda Flores — Member of the glee club 5 years and pep squad 3 years. Wants to live in Colorado, but might go to University of New Mexico.

Holt Lovelace — Junior and Senior plays; football 4 years; basketball 3 years; track 1 year. Representative at Boys' State.

Dora Otero — Glee club 5 years; pageants, operettas and choral singing; Senior play.

Fred Forster — Attended school in Weed, Corona and Alamo-gordo. Plans to attend business school at Pueblo, Colo., and take railroad telegraphy.

Chuck Band — Football, basketball, track; Rifle Club, 4-H Club and Salesman Club. Also has ambition to be a railroad telegrapher.

Larry Sharp — Basketball and football, 4 years. He made All-State football team this year. Member 4-H Club. Goal: Highlands University, majoring in physical education.

Sally Strickland — Secretary 4-H Club 4 years; took part in rodeos in Texas and New Mexico; Sextette 2 years; Orchestra 2 years; Glee Club 4 years; vice-president Sophomore class; president, Senior class.

J. B. Stroup — Came to Corona for his Senior year. Belonged to EPA in Carlsbad 3 years. His project was cotton farming and raising steers.

## EIGHTH GRADE GRADUATES

Eighth Grade Commencement in the Corona-Cedarvale schools was held Friday, May 14, honoring the following graduates: Cedarvale — Carlith Alleen Shaw, Johnny E. Sanchez, Carlos H. Lueras, Inez Grace Chavez. Corona — Marvin Aldrich, Gloria Baros, Beulah Brown, Mike Crow, Claude Flores, Mary Helen Flores, Harrell Fuller, Billie Hays, Jack Holmgren, Knollene Nunez, Susan Penix, Sherill Perkins, Dee Proctor, Joe Reeves, Virginia Stafford, Ida Stewart, Marietta Sultemeier, Melvin Sultemeier, Helen Willingham.

## Capitan Band Boosters-PTA Plan Summer Recreation Program

The regular meeting of the Capitan Band Boosters was held May 10 in the music room. Mr. McCourt's Junior Band entertained for the evening, with solos played by the following students:

Sally Cloud, clarinet; Dahles Vigil, trumpet; Nathalie Britton, clarinet; Carmen Current, trombone; Sharon Jones, sousaphone and Vera Shaul, bells, accompanied by Nancy Teague.

There will be a joint meeting with the PTA on June 7 to discuss a recreation program for children during summer months.

## Jo Ann Straley Vying For "Queen" Title At College in Portales

PORTALES, N. M. (Special)—University coeds aren't usually noted for their ability as cowhands—it says here. But a freshman at Eastern New Mexico U., named Jo Ann Straley, seems to improve the statement. Look at the facts.

She was the first student to represent ENMU in intercollegiate rodeo competition — Sul Ross College, Texas, a few weeks ago.

She has been doing rodeo work for eight years "for her own entertainment."

She owns her own ranch at Ancho.

To top it all, she's a candidate for queen of the first annual ENMU Intercollegiate rodeo, to be May 21-22.

Miss Straley, a member of the ENMU intercollegiate team, will be entered in the rodeo for several events. Her rodeo ability is unquestioned. Whether or not she takes the crown as "Queen of the Rodeo" this week end is still a question. Her competition includes Sandra Pawol of Clovis; Sue Scott of Carlsbad and Jim Elyce Ribble of Portales—all with ability in their own right.

## Robert M. Parker In Marine Maneuvers

Cherry Point, N. C. (FHTNC)—Marine M/Sgt. Robert M. Parker, son of Mr. and Mrs. J. P. Parker of Ruidoso, participated with the Second Marine Aircraft Wing's Transport Squadrons 153 and 252 in the recent Atlantic Task Group landing exercise.

The maneuver, dubbed LAN-TAGLEX-54, was concluded at the end of April with a full-scale amphibious assault involving 80 Navy warships and 60,000 Marine and Navy personnel against defending forces on Onslow Beach, N. C.

The exercise served the dual purpose of training in new techniques and testing our state of combat readiness. The transport squadrons' pilots and crewmen flew R4C "Flying Boxcars" to move reinforcements and supplies to the landing teams.

## HOSPITAL NOTES

**ADMISSIONS:** Odell Hickman, Capitan; Natha Buttrill and Mrs. Kate Buchanan, Corona; Mrs. Rachel Garcia, Clauwich; Mrs. Nena Ortiz, Claude Miller and Mrs. Virginia Samora, Carrizozo; Mrs. Louise Parker, Alamogordo; Mrs. Ona Couch, Gran Quilva; Dorothy Wardrip, El Paso, Texas; and Mrs. Jesse L. Spink, Cincinnati, O.

## Program, Installation Mark Season's Final Woman's Club Meeting

The last meeting of the Carrizozo Woman's Club to be held this season, will be today (Friday) starting at 3 p.m.

Mrs. Lewis Farris, chairman, has planned the following program: Recitation by Mrs. Spence Devitt; solo, Mrs. Elaine Lenard, and a duet by Mrs. H. G. Welk and Mrs. Evans.

Installation of officers will be held, followed by the serving of refreshments by the hostesses, Mmes. Jane Shafer, Lucille Zumwalt, Rex Werner and Clara Snow. All members are urged to attend.

## Cub Scouts Join in Presenting Program

A number of interested parents and friends met with the Cub Scouts Monday night in the Carrizozo grade school auditorium. Each of the three dens put on a skit, as follows: Den 1, oil wells; Den 2, pledge of allegiance to the flag and Den 3, songs.

Lee Carl handed out Bobcat pins to all the cubs. Richard Means was awarded a Wolf pin.

Mrs. Fay Harkey volunteered her services as den mother, in order to form another den. Her assistant has not been named. Refreshments were served of coffee, punch and cake. Another pack meeting will be held June 21st.

## Jimmy McTeigue Takes Part in Army Maneuvers

FORT LEWIS, Wash. — Army Pvt. Jimmy McTeigue, 20, son of Mr. and Mrs. Fred McTeigue of Honda, Wash., will move to the Yakima, Wash., Firing Center this month when the 44th Infantry Division participates in Exercise Hill Top.

Pvt. McTeigue, who entered the Army in July, 1953, is an automatic rifleman in Company B of the division's 130th Regiment at Fort Lewis.

In Exercise Hill Top, 44th Division soldiers, as friendly forces, will face a well-trained aggressor team in the largest joint Army-Air maneuver ever, to take place in the Pacific Northwest.

The exercise will be in three stages, beginning with a buildup of supplies and personnel in the maneuver area. Regimental combat teams, strengthened by tanks and artillery, will then move into the attack against the aggressors. Finally, the entire division and support groups, including tactical air support, will go into action as a single unit.

B. S. Burns received word that his brother in Peoria, Ill., is seriously ill.

Mr. and Mrs. Elmo Lovelace turned their jeep over May 13, near their ranch. While hauling drinking water in a trailer it began to whip and overturned, pinning Mrs. Lovelace beneath the jeep. A stranger passing by saw them and gave assistance. Neither of them suffered any serious injury.

Mr. and Mrs. Ira Homestead, and daughter, accompanied by Mrs. Sims, visited in the C. A. Snow home Sunday. Mrs. Sims is the mother of Mrs. Homestead.

Mrs. Pete Johnson and Mr. and Mrs. Leroy McKnight, attended the graduation exercises of their nephew, Bobby Eshom, at St. Michael's school in Santa Fe.

Ernie Prehm made a business trip to Dallas and Fort Worth recently. While in the latter city he attended Ice Capades, which he described 'a wonderful show.'

Aima Eaker is expected home about June 1 from Baylor University.

Pat Aldaz, A-2c, son of Mr. and Mrs. E. T. Aldaz of Ft. Stanton, is expected home the latter part of this month. He finishes his course at Syracuse University May 21. Charmaine Aldaz (Nucum) his wife, will return with Pat. After 15 days, he will go to Lackland Air Base at San Antonio, for further training.

Mrs. Pauline Pherigo and daughter Paula drove to Socorro last Thursday to have lunch with Mrs. Daisy Dobeck and son Bradley, and to visit Mrs. Mary Douglas. She was accompanied by Mrs. Beulah Hodgkin and Mrs. Lois Carl and son Allen.

Mr. and Mrs. Homer McDaniel, of Nogal, were in Carrizozo, Monday, on business.

Buster and Jeanette Smoot returned to Albuquerque, last week for a check up on Buster's knee.

## Fr. Francis McGowan To Return to East

Father Francis L. McGowan, of St. Rita's Catholic Church in Carrizozo, will leave for New York City on Sunday afternoon, May 23. It was the hope of Father to remain among the people of Carrizozo for a longer period of time, but the summons of his Archbishop, Francis Cardinal Spellman makes his immediate return to the East imperative.

During his stay in New Mexico, Father McGowan, more affectionately known to the people as Father Francis, has worked with the pastor Father George Boemninghausen for the care of souls here in Carrizozo and the nine outlying missions that come under the pastoral care and administration of St. Rita's Parish.

In going Father expresses through this paper gratitude to all for their goodness to him and for their cooperation with him. Father McGowan has asked the Lincoln County News to extend his farewell to all in Carrizozo.

## ST. RITA FIESTA

The St. Rita Fiesta was celebrated at St. Rita Catholic Church by vespers Tuesday evening and mass Wednesday morning at 10.

Taking part in the observance were the Rev. Robert Atkinson of Mountainair, Rev. James McNiff of Manzano and Rev. Wilfred Savard of La Jolla, N. M. Father George Boemninghausen, held High Mass and Holy Communion at 9:00 am Sunday at the St. Rita Church in honor of the Seniors.
