

RAMBLIN' AROUND

By PAUL BAKER

Wednesday night's meeting at the town hall to further discuss the swimming pool project was an enthusiastic one and if it reflected the general feeling in the community, a Number One recreation project may soon become a reality.

A gesture of friendship and cooperation, much appreciated by the people of Carrizozo has been the help given by Red Canyon Army personnel on the softball field and swimming pool.

About a dozen servicemen from Red Canyon Camp who took part Sunday in Memorial Day services at White Oaks, got a sample of real western hospitality.

The closing of the White Oaks post office, effective June 1, while it may be justified from an economy standpoint, has caused resentment among the people of that community.

Squeaky, our cat, never did come back home. I unknowingly squeezed her with the clutch pedal last week when she was taking a nap under the car.

In spite of the charges and counter charges heard over the radio in the Army-McCarthy hearings, there is an occasional note of humor, such as when Sen. McCarthy referred to his description by another Senator as "Dennis the Menace."

Table with 2 columns: Date, High, Low, Pre. Rows for May 21 to June 2.

MARRIAGE LICENSES: Dolores Valores Gaustad, 18 and Walter Glenn Carpenter, 22, both of Ruidoso.

LINCOLN COUNTY NEWS And Carrizozo Outlook

(Volume 38, Number 41, Carrizozo News, Vol. 48) CARRIZOZO, NEW MEXICO, FRIDAY, JUNE 4, 1954 (Outlook, Volume 45, No. 5)

MANY REVISIT WHITE OAKS ON MEMORIAL DAY

More than a hundred people attended the Memorial Day services at White Oaks Sunday. The cemetery was, as usual, in immaculate condition, due to the efforts of D. L. Jackson, custodian.

The services were conducted by VFW Post 7638 of Capitan, in charge of Zane Leslie commander, and Edmundo Maes, chaplain, assisted by ladies of the Auxiliary.

TAPS SOUNDED

Taps were sounded by Robert Stewart. Others taking part in the Memorial service program were Elmer Huest, Joe Escobedo, Albert Scharf, L. S. Drake, Bud Crenshaw, Johnnie Dobbs and Charlie Leslie.

Flags were placed on all the graves of the soldiers. A big dinner was served at the old school house, which is now a community-owned building.

Tragic Accident Claims Lives of Three at NMMI

Johnnie Akers, a junior at New Mexico Military Institute High School, and Tommy Stokes, a senior, feel a closeness to the tragedy that claimed the lives Monday of three fellow cadets at the Roswell institution.

The cadets drowned when they were overcome by fumes of dry ice which settled over the pool in which the youths were diving to start a pump which was to create bubble effects as part of the school's annual graduation ball.

Big Time Wrestling at Ruidoso Coliseum

Big time wrestling, featuring outstanding grapplers in the nation, makes its second showing at the Ruidoso Coliseum on Saturday night, June 5, at 8 p.m.

After long negotiations, Promoter Trehame signed the two wrestlers, who agreed to meet provided it would be a finish bout, with a \$500 side bet.

THE CAPITAN HIGH SCHOOL SENIOR CLASS OF 1954 is pictured above, taken at the Junior-Senior prom May 15. From left to right, they are: Front row, Garth Hyde, Jack Payne, Lupte Otero, Tony Archuleta, Dick Cox and Charles Francis. Second row, Wally Ferguson, Kenney Morris, Donna Cloud, Raynette Edington, Agatha Montoya, Annesec Yearbrough, Clifton Keith, Dora Feriala, Mary Nell Brogg, Mary Zamora and class sponsor, A. J. Bivens. Absent are Hannelinda Carjaval, Carolyn Dabney, Mary Duncan and Tomamy Huey.

ASK FIRST BIDS FOR UPPER HONDO WATERSHED WORK

The Upper Hondo Soil Conservation District Board of Supervisors announce the invitation to bid on the first contract of the Upper Hondo Watershed Protection Project.

Thirty-three stabilization and erosion control and eight retardation structures, involving 90,000 cubic yards of earth fill, in the Capitan area, are included in the contract.

The sealed bids are scheduled for opening June 10, 1954. It is expected that construction work will commence before the month ends.

The Forest Service is presently applying erosion control works on Forest lands in the Nogal Lake area in connection with this project.

Private and Forest lands along the Rio Ruidoso, Bonito and Hondo are considered in this cost-sharing project. It is expected that work will be done in these areas before the end of this year.

The forty-one structures included in the first contract are to be located on the Pearson and Bancroft ranches and the owners are helping to share the cost of the work with the Federal government.

Headquarters for this project is the Soil Conservation Work Unit Office at Capitan. S. H. Fuchs is the work unit conservationist in charge of the office.

The Upper Hondo Soil Conservation District is sponsoring the project and arranging for local financial contributions required to complete the project on a cost-sharing basis with the Federal government.

Landowners cooperating with the districts are carrying out other conservation practices, including good grass management.

For further information concerning the invitation to bid, specifications, or other phases of the project, contact the Soil Conservation Service Office in Capitan.

Honor County Men for Selective Service Work

Colonel John P. McFarland, State Director of Selective Service for New Mexico, has announced the awarding of a Certificate of Appreciation by General Hershey, National Director of Selective Service, to Roy E. Shafer of Carrizozo.

As a board member for Selective Service Local Board No. 14, Mr. Shafer has a record of ten years of loyal and faithful service with the Selective Service System.

The Selective Service office has subsequently issued additional certificates to board members, for services over a number of years, as follows: 10-year Certificates To — Herman Kait and Dr. J. F. Turner.

Five-year Certificates — Juan Martinez, Raymond L. Sherrill, Florentino Lopez and Daniel E. Branson, the latter appeal agent for the board.

Town Takes Option On Bob Gibson Well

Seeking a possible source of additional domestic water, Carrizozo has taken an option on the Bob Gibson well and acreage east of town. Samples of the water have been sent to State agencies for an analysis for hardness and purity.

The town of Carrizozo is currently consuming in excess of 100,000 gallons of Bonito water daily, Mayor Marvin H. Roberts informed the News this week.

This gallonage does not include water being hauled by the military from Carrizozo to three camps — at Oscura Peak, Oscura Range Camp and Red Canyon Range Camp. These installations use water in varying amounts daily, from 1200 gallons to a maximum of 25,000 gallons.

To be adequately protected, Mr. Roberts asserted, Carrizozo must be assured of 200,000 gallons daily during the summer months.

To date, he said, Alamogordo has not submitted a formal contract for consideration by the Carrizozo town trustees.

Many Visit Forestland Over Memorial Day

The Memorial Day week end was a very busy one in the Ruidoso district of the Lincoln forest, but the careful consideration of the many tourists and picnickers using the recreational area prevented any forest fires. Although recent rains have greened the country, heat and high winds have sent the danger of fire to a high peak.

There were 367 visitors at Monjeau Lookout where Preston Lindsey of Nogal is manning the tower. Many came from Ruidoso, stopping at the vista on Alto Hill, looking at the old school on the right hand side of the road before crossing Eagle Creek, where Gene Rhodes used to teach with a six-shooter on his desk . . . stopping at the Alto store to ask information of Mr. and Mrs. Lindemood.

Jeff Dockray, who has been fireguard at Bonito Dam, along with Virgil Jones, left to make his home in Canada. Bud Darling of Capitan is taking his place for the rest of the season.

Over the week end, the guards at the dam checked in 1045 people. Above the dam, campers were almost sitting on each other's tents. There were 124 separate camps.

The forests, which are everyman's land, were meant for the enjoyment and use of all. As long as no one gets careless with fire, they will serve the recreational needs of Lincoln County and her ever-increasing tourist traffic for years to come.

Thieves Break Into Shafer Motor Co.

The Shafer Motor Company in Carrizozo was broken into and robbed some time Monday night. About \$150 in cash was taken from the office and cash register. Checks were left undisturbed.

Roy Shafer discovered the theft Tuesday morning. Entrance was gained by breaking open the front door and a plate glass was smashed to gain access to the office.

The Sheriff's Office is investigating the robbery.

JUNE MEETING OF FARM BUREAU TO BE IN CARRIZOZO

Friday night's meeting of the Capitan unit, New Mexico Farm & Livestock Bureau, held at Ancho, was one of the best attended in several months. An excellent covered dish dinner preceded the meeting, held in the Ancho school house.

Hostesses at the dinner were Mrs. Betty Stewart and Mrs. Ruth Wilson. An enjoyable square dance session followed the business meeting.

June's meeting is to be held in Carrizozo, Friday night, the 25th. A local committee will be in charge of arrangements and entertainment.

The business meeting at Ancho was presided over by Chas. A. Jones, Unit president. Mrs. Edd Downing acted as secretary.

Letters on the important wool bill and Fort Stanton land bill, now pending on Congress, were read by Sec'y Bill Shreevogost (See page 2). Mrs. Shreevogost gave a short talk on the Farm Bureau's insurance coverage.

PROTEST LAND GRAB

The State Farm Bureau's stand against acquisition of an additional 300,000 acres of New Mexico land for military purposes, was discussed. It was brought out that the Farm Bureau, together with the Wool Growers, Stock Growers and Taxpayers Association have joined forces in hiring an attorney to present their case before a hearing proposed to be held soon in Alamogordo. Strenuous opposition is to be made to the Army proposal to take more New Mexico land into the military setup.

"When the Federal Government takes over Texas land, they lease it; in New Mexico they buy it; and that includes mineral rights as well," one speaker protested.

Completing Work on Soil Erosion Structure

An erosion control structure on the Henry Hoffman ranch, northeast of Carrizozo, is being completed this week. Seventeen hundred yards of fill in an eroded gully will spread water over adjoining grassland.

Work has been completed leveling 11 acres of land on the Leonard Dunbar ranch. It will be seeded for supplemental range feed.

Jimmy Duncan, who was formerly employed as a tractor driver with the Carrizozo Soil Conservation District, has returned to his old job with the district.

White Oaks Postoffice Closed June 1st

Effective June 1, the post office at White Oaks was closed and mail deliveries are now being made by rural routes out of Carrizozo, three times weekly. Residents of White Oaks had petitioned for continuance of the post office, which had served the area for over a hundred years, at first in a saloon.

R. L. Huffmeyer is the rural carrier. He is home now from the Veterans Hospital in Albuquerque. During his absence, Mrs. Huffmeyer has been carrying the mail. The route also serves the Mesquite country.

LAND GIVEN TO CARRIZOZO FOR SWIMMING POOL

The generous gift of a block of town property for recreation purposes was made last week by Mrs. Jane Turner, Truman Spencer Jr., and Dr. A. N. Spencer.

The property, block 37 of the McDonald Addition was given outright, the only stipulation being that it be used solely for purposes of recreation.

The gift gave immediate impetus to a movement to build a municipal swimming pool. Consultation with the State Health Department is now going forward as to the exact requirements for such a project, as it is known there are a number of State regulations concerning the building of municipal pools.

SANITATION REQUIREMENTS

District Sanitarian V. I. Jones, following a talk with Mayor Roberts Wednesday, telephoned his State office for exact specifications for swimming pool construction. When that information is received cost of the project can be determined.

Mr. Jones stated that dressing rooms, toilets, showers and a filtration system would probably be required.

Army personnel at the Red Canyon Camp, which has stressed the need for additional recreation facilities in Carrizozo, lost no time in fulfilling their agreement to assist any project of this nature. They have already worked on the softball field and made a good start on the swimming pool.

MONEY WILL BE NEEDED

Ways and means to build a modern, up-to-date pool, were given further consideration at a meeting at the town hall Wednesday evening.

Swimming pool construction was discussed, probable cost of equipment, water supply, operation, and trusteeship. It was suggested that the town take over the trusteeship after the funds for its construction have been raised by public subscription. Town officials will probably discuss the trusteeship aspect at their meeting next Tuesday.

Probable cost of building the pool and equipping it has been estimated at a minimum of \$5,000. Offers of free labor and material at cost have already been made. It is believed the chief item of expense will be a filtration and chlorination system.

ANOTHER MEETING SCHEDULED NEXT WEEK

Mayor Roberts expressed the hope that all clubs and organizations in Carrizozo will assist in pushing the swimming project to completion as early as possible. He has called a third meeting for next Thursday evening at the town hall and asks lodges, clubs and civic organizations to have a representative there.

Lieutenants Ruth and Rogers and Sgt. Engle from the Red Canyon Camp were again present and promised continued cooperation in completing the pool. They will make available for public study a sketch of the proposed project.

Also present were City, County and school officials, business men and interested citizens, numbering fifteen or more.

A finance committee to raise funds for the swimming pool was appointed at Wednesday's meeting. The committee consists of Joe Sargent, Fred English, Truman Spencer Jr., R. H. Firman and Paul Baker. Several substantial contributions already have been made to members of the committee. Joe Sargent was appointed temporary chairman of the swimming pool fund drive.

Six Capitan Seniors Given Scholarships

Six graduating seniors of Capitan High School have been given scholarships. It was announced this week by L. W. Clark, superintendent. They are: Raynette Edington to Eastern New Mexico University at Portales.

Donna Cloud and Agatha Montoya to Southwestern Business College in Roswell.

Carolyn Dabney, Walle Ferguson and Kenny Morris to the University of New Mexico at Albuquerque.

Carolyn on the basis of an essay on the "Doctrine of Human Equality," was given a scholarship to any school of higher education in the State. She chose the University.

WILL HARRISON'S Inside the Capital

RENEWS 7-YEAR HUNT FOR SISTER'S KILLER

SANTA FE, June 2—Paul Dugan of Los Angeles, who has spent almost full-time and exhausted his resources in a seven-year effort for a satisfactory explanation of the death of his sister in Tucumcari on June 3, 1947, has made a demand for another State investigation of the case.

The Los Angeles man telephoned the office of Gov. Edwin Mechem last week in an attempt to have the results of a 1951 investigation set aside and a new one undertaken. The demand has been laid before State Police Chief Joe Roach and civic groups in Tucumcari.

Dugan's renewal of activity in the case comes after he has carried his charges all the way to Washington and has corresponded with hundreds in an effort to prove his sister was murdered. He spent several weeks in Santa Fe in 1951 when State Police conducted what appeared to be a thorough examination of the case and found many odd and contradictory circumstances, but nothing to warrant a conclusion the woman had been murdered.

She was Elizabeth Dugan a 31-year-old epileptic. She disappeared from her home in Los Angeles in May of 1947 and was reported dead at the Tucumcari General Hospital on June 3. Records at Tucumcari say that Sheriff Bert Jennings received a report that there was a woman acting strangely in Metropolitan Park at 8:30 on the night of May 27. She was found about an hour later reportedly in hysterical condition, and according to hospital records admitted to the hospital at 2:30 a.m. She died there seven days later.

MASS OF ERRORS BREED SUSPICION

Dugan's insistent belief that his sister was a victim of foul play comes from a mass of errors and inconsistencies in the official records of the case and the fact that the woman suffered a facial mutilation that was never explained. The sheriff's records do not correspond with the hospital records and neither with the Tucumcari newspaper account. The death certificate and the undertaker's records are all at variance. How she got to Tucumcari and what she was doing hiding among the rocks of a public park are still unanswered.

It is the discovery of more of these little errors on dates and hours and places and people that has led Dugan to his demand for a new investigation. It's doubtful if his new material will bring any action, but there's no doubt that Dugan will keep on trying. State officials, police officers and newspaper editors have come to know his handwriting from his frequent letters. His insistent telephone calls are recognizable and sometimes result in his getting a run-around. An attempt to talk to the governor last week found even the governor's secretary too busy to take the phone.

With this the approximate seventh anniversary of the death of the woman, Dugan has just three more years to go if he is going to produce a culprit and see him punished. A murderer cannot be prosecuted in New Mexico after 10 years.

REPUBLICANS IN BIG CRANGE

Selection of the little known Rep. Sonny Johns of Santa Fe as Republican State chairman is not exactly splitting the Republican party but it has caused a bunch of the boys to draw back in cool hauteur. Suggestive of the big change taking place in the party are the Pat Hurley tracks that were left all over the arena after the Johns selection. The Stockton nomination and the new organization of the party has been strictly to Hurley's liking, which doesn't indicate anything good for Governor Mechem's run for the Senate. The situation holds the possibility of forcing Mechem into a campaign of his own outside the party organization.

Ram Demonstration at Marley Ranch July 16

Selection of ram lambs will be demonstrated at the Clyde Marley Ranch, south of Lon, July 16, according to Ralph Dunlap, Lincoln County Extension Agent.

Stockmen can see just how to select ram lambs for their breeding herds at marking time with lambs two months of age.

A ranch-style luncheon will be served at the Marley ranch. A group of ram lambs from a native Corriedale and Australian Corriedale cross will be on hand for inspection of the group.

New Federal Road Act Enables Surfacing of Forest Land Arteries

WASHINGTON, (Special)—Senator Dennis Chavez deplored this week the slow pace in black topping forest highways in New Mexico and the western states.

"In relation to the general highway program, the forest highways have become almost orphans," said the Senator. "We have been running at the rate of about 20 per cent of the approved annual program."

New Mexico has about 485 miles of forest highways which remain unpaved, the Senator pointed out. Scheduled for further consideration is the state's only forest highway on the primary road system—U. S. 260—northwest of Silver City, he said.

The State has two requests on federal domain pending with the Bureau of Public Roads, the Senator asserted. These proposals are for \$1,500,000 for resurfacing and structures on 36 miles of U. S. 668 between Gallup and Shiprock, crossing Indian lands, and \$1,224,000 for grading, structures and black topping of 15 miles of U. S. 260 in the Gila National Forest, Catron County. Surfacing of U. S. 260 was begun in 1951 under a special Public Lands section written into the

Seems t' me life is uncertain enuf without bein' a race track driver or climbin' Mt. McKinley. See where there's 60 race track drivers who could bein' in the 100-mile Club, but only 40 of 'em are still alive. Some of our N. Mex. drivers could qualify for membership if they got took in soon before they start drivin' a gold chariot. As fer climbin' that mountain up in Alaska, the view must be grand, but I kin step out the bunkhouse door and see 60-70 mile, and I ain't got that long walk back.

Federal aid to highways act when Senator Chavez was chairman of the Senate Committee on Public Works, which handles all road legislation. Under terms of this special fund, to go exclusively for black topping of roads over exclusively Federal land, U. S. 260 was to be started.

"We authorized \$10 million for 1951 and 1952, and \$5 million for

Thirty Enrolled for Summer Band Practice

Thirty youngsters have enrolled for the summer band practice, according to Leon White, school bandmaster. He will work with each of them individually, with a group session of the entire band once a week.

The band has been invited to play for the patients at Fort Stanton June 10.

Though some of the regular band members will be away on vacation during the summer, Mr. White hopes to have a functioning band all summer.

1954 and 1955, but failed to get but \$3,625,000 in appropriations for the work," the Senator said. "The Congress has failed to match authority with money, and that has slowed up our progress."

Having solved only a part of the riddle in 1950 with the Public Lands special provision, Senator Chavez tackled another angle on the problem in writing the new Federal Road Act.

Heretofore, the Commissioner of Public Roads has held authority to enter into contracts with states for road building and catch up on the money later. Not so with forest highways or public lands, since these had to be appropriated for, and money was slow in forthcoming.

"This new highway bill gives the Commissioner the same authority to enter into contracts, and we will pay for it afterward, thus forcing the Congress and the President to come up with the money," said the Senator. "From now on, forest highways are to be treated just like any other highway on which the federal government participates."

New Mexico has 211.6 miles of unpaved Forest Highways of a secondary ("Farm to Market") class, which holds a high rating in road programs, the Senator pointed out, and another 109.8 miles unpaved which are in Class 3.

"The problem is not just one highway, but all roads," the Senator said. "We have got U. S. 260 underway and this is our longest rough gap—45 miles of it between the Grant County line and the Arizona line west of Luna in Catron County—and we hope to keep it moving."

Included in the 27 separate forest gaps as yet not black topped in New Mexico is State Highway 37, (Forest Rt. No. 23) from Ruidoso through Nogal to the junction of U. S. 260—a distance of 22.4 miles.

Form Bureau Members Ask Continuance of Drouth Assistance

To discuss livestock problems, with special emphasis on drouth conditions in New Mexico, a special meeting of the Livestock Commodity committee of the New Mexico Farm & Livestock Bureau was held April 30 in Albuquerque. Floyd W. Lee presided. A number of recommendations were passed by the committee, including:

That the Bureau of Land Management not accept a general land survey, but require a specific description of land, including soil analysis, topography and availability of water, prior to allowing homestead entry for farming purposes.

That the present ruling, regulating the use of surplus corn and wheat issued under the drouth feed program, be changed to make it possible for a portion of these commodities to be exchanged by the recipient, for cotton seed meal on a basis of equivalents in price, in order to make a more suitable and palatable ration in mixed feed.

The drouth in the Southwestern part of the United States has made it necessary for many livestock feeders and producers to arrange for additional financing to prevent forced liquidation. Since the present federal assistance program to livestock producers and feeders is not fully adequate to carry such producers until the drouth is broken, the committee asks the New Mexico Farm and Livestock Bureau to endorse the legislation introduced by Sen. Clinton P. Anderson and Repr. John J. Dempsey, to accomplish this end.

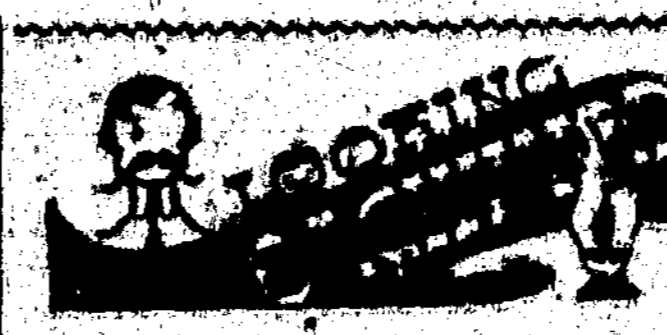

Since range land is now being seriously damaged by wind erosion because of continued use, causing a lack of grass cover; and since good results were obtained by deferred grazing when this practice was available in former FMA programs, the committee asks the NMF&LB to request this practice be made available to ranchers in the ACP program for the coming year.

THREE N. M. CONGRESSMEN SUPPORT WOOL BILL

At last Friday's meeting of the Capitán unit, NMF&LB, in Ancho, Bill Shreengost, secretary read letters from New Mexico's Congressional delegation regarding two important measures before Congress, the Wool and Fort Stanton bills. Their letters follow:

Dennis Chavez—"This will acknowledge your letter of April 27 with reference to the wool bill. This bill has already passed the Senate and has been referred to the House of Representatives. I hope the bill will accomplish what it aims at."

(Continued on Page 4)

20 Years Ago

(From the files of the Lincoln County News, June 1, 1934.)

Mrs. W. E. Hendren of Fort Stanton visited her aunt Mrs. T. E. Kelley, here yesterday.

Mrs. C. A. Snow and children, Mrs. Anna Brazel, the O. S. Stearns and S. H. Nickels families, all spent Memorial day at Angus.

Mr. and Mrs. Poe Corn and baby of Roswell are the guests of Mrs. Corn's parents Mr. and Mrs. A. J. Rolland.

Mary Kathryn Penix of Corona is visiting her grand-parents Mr. and Mrs. Frame.

The drouth has been partly broken in the Ancho country by local showers.

Friday, June 8, ladies of the Missionary society will give a Silver tea at the home of Mrs. Nellie Branum.

Mr. and Mrs. Wayne Withers spent the weekend with her parents, the Glovers.

Mr. Jess Garrison and family were Carrizozo visitors last Saturday.

Miss Jane Spencer has returned from the State University at Albuquerque, where she graduated June 6.

Wm. Nickels returned home from Las Cruces last Friday where he has been attending State College.

Otto Phrem is driving a new Ford V-8 which he purchased from the Carrizozo Auto Co. also driving new Fords are: Leil St. John of Carrizozo, Mr. Rockwell of Claunch and Hugh Grafton of Alto.

40 Years Ago

(From the files of the Carrizozo News, June 5, 1914.)

G. B. Greer was in Monday on his way from his old Parsons home to his goat camp in the San Andres.

Tom McDonald was up the first of the week, from his Mockingbird Gap ranch. Good grass and fat cattle says Tom.

Jack McSmith has been taking an enforced lay-off on account of sickness. He has about recovered and will soon be going the go-ahead signal on a through freight.

Miss Cora Crews, was the guest of Miss Tricie Harris at the O-Z ranch near White Mountain, for several days.

Mrs. Ben Burns is visiting relatives in El Paso, leaving Mr. Burns the genial station agent, to "beach alone" for a few days.

Lin Brannum and family were in White Oaks on their way home from Nogal last Saturday.

John Gallacher passed through White Oaks on his way to the ranch East of town.

Melcar Gonzalez met death at

Bear Rug on Display At Yucca Bar

The brown bear rug for the Lion's Club benefit is on display this week at the Yucca Bar. The rug, valued at \$200, was mounted by Lewis Farris.

The hide was donated to the club by Mr. Farris. Funds raised by the sale will be used for community projects.

Picacho, last week. Supposed to be accidental, further investigation determined the met. death by foul play.

Mrs. W. T. Sawyer, is spending a few days in Carrizozo, as the guest of Mrs. A. J. Rolland.

The Sifton, Chavez, and two Johnson touring cars took the local ball team over to Carrizozo Sunday.

Carrizozo, defeated Fort Stanton last Sunday, 2 to 0. The game was largely a pitchers battle with Grover Hightower credited with 13 strike-outs, Wyatt Blakemore struck out 17. It was one of the best games ever played in Lincoln County.

The Commercial Hotel offers a special Sunday dinner for 35c.

REVIVAL SERVICES TO BE HELD AT CAPTAN CHURCH

The First Baptist Church of Capitan will begin revival services June 13 with former pastor, Rev. Chester Bunch, doing the preaching. Pastor J. M. Kerr will assist in the services. The public is invited.

AROUND TOWN

Mrs. Maggie E. Pfingsten of Tucumcari has been visiting her son Ben at his ranch on the Mesa. She left June 1 to return to her home in Tucumcari. While here Mrs. Pfingsten attended the Memorial Day services at Angus.

Mrs. Nora E. Phipps and her son-in-law, Pierce Humble, arrived in Carrizozo this week from Clovis. They are redecorating their rental property here.

Dr. L. D. Baxter and family left Tuesday for Hatch where they will make their home.

Mrs. Ann Adams of Los Angeles is visiting her sister, Gertrude Ayers. Mrs. Adams was employed in the health department at the Courthouse when she was a resident of Carrizozo. She is now employed at the Santa Fe hospital in Los Angeles.

Coach Ken Willis and Mrs. Willis are expected back in Carrizozo this week end after a visit with Mrs. Willis' parents in Raton.

Fred Pfingsten was a Carrizozo business visitor Thursday. Mr. and Mrs. Haven Glassmire and children of Los Alamos enjoyed the Memorial week end visiting the A. F. Roselles. They also attended the rodeo at Carlsbad.

Pvt. Thomas M. Archuleta of Fort-Sill, Okla., visited his parents, Mr. and Mrs. Florencio Archuleta over the Memorial week end.

Mr. and Mrs. Pete Marcus were in Roswell on business Tuesday. Shirley and Pat Young are spending the summer in Breckenridge, Texas, with their aunt and uncle, Mr. and Mrs. Fred Young.

Miss Alma Eaker is home from Baylor University for the summer vacation.

Mr. and Mrs. Clarence Hust, visited his parents, Mr. and Mrs. Elmer Hust, three days last week. Clarence returned to Long Beach where his ship is scheduled to leave on June 14. Mildred Hust will return to El Paso, and make her home with her parents, Mr. and Mrs. Henry Hoffman.

E. F. Luvaul left Wednesday morning for Mexico City to attend to business interests there. He plans a trip to Texas before returning with Mrs. Luvaul, who is now in Mexico City.

FORT STANTON

By MRS. FERCY PARKER

Judy Minter celebrated her 11th birthday May 31. Mrs. Levitt and Teresa, spent Friday in Las Cruces, shopping and Teresa getting a check-up. Mrs. Bradley and Meddy Bell spent a few days in Tucumcari, on business and visiting friends.

Mrs. Olofson and Miss Robertson spent a couple days last week in Lubbock on business. Misses Kelson and Willey spent two days in Albuquerque, shopping and sight seeing.

Miss Mary Davis is spending a few days in Albuquerque. She will attend an Alumni Party at Sandia Base.

A number of folks attended the Memorial Services at Angus, Sunday.

The wrestling matches in Carrizozo, were well attended by folks from Fort Stanton.

LINCOLN

By ETHELYN PHILLIPS

Roman Maes has acquired an old time Cremona player piano. He got it from someone in Chicago. It is the fore-runner of the juke box, I guess, as there is a slot to put in a dime and it plays one-roll.

Mr. and Mrs. Dan Giles have returned from a trip to Prescott, Ariz. They visited their daughter and son-in-law.

The Sam Welsh family came over from Logan to check up on flood damages in Roswell and visited all of us.

Tranquillino Montoya was flown from the hospital in Carrizozo to the Veterans' Hospital in Albuquerque to have an emergency operation.

The Lincoln school presented their end-of-school program last week. As usual the children performed well and the teachers had the stage beautifully decorated.

Mr. and Mrs. Joe Maes of El Paso visited Mr. and Mrs. Roman Maes in Lincoln recently.

Mr. and Mrs. Lucio Zamora and Rosa Zamora Moore of Las Cruces recently visited the Cristobal Zamora's.

Mrs. Annie Ramey was in the hospital in Carrizozo for a few days.

ENCINOSO

The mail wasn't carried from Pine Lodge Monday of last week on account of the rain.

Francis Owens is helping Nick Brill install bath fixtures in their home.

Friday evening a good rain fell in the Pine Lodge area.

Romalo Freguez, had several inches of hail.

Buster Smoot and family spent several days at the ranch home of Mr. and Mrs. Purcella.

Mrs. Hattie Lucy is being missed very much since she has returned to her ranch home at Blingham.

L. D. Merchant and Bill Edgar, have been branding for several days with the help of Dyer Forbes, Floyd Hale and Mac Thorpe. Mrs. Floyd Hale was a guest.

of Mrs. Bill Edgar while Floyd helped with the branding. Grady Eldridge has sold two loads of cows and calves to George Barry. Frank Bonnell has been building fence this week. Mr. and Mrs. L. D. Merchant, will attend the graduation exercises Friday night at Capitan.

Bob Latham who stays at the Hock Lookout, since the rain has been home several days. Mr. and Mrs. T. N. Wallace of

Lubbock, Texas, arrived at the Lodge Wednesday for an indefinite stay in their summer cabin. They also visited in Carrizozo. Mr. and Mrs. C. L. Cunningham, of Odessa, Texas, recently visited at the Lodge. Mrs. Hubert Hath and daughter LaDel, from Fortales, are getting their cottage ready for summer. Visiting them last weekend were Mrs. Hattie's sister and family and the Roy Radcliffe of Tinnie. Mr. and Mrs. C. M. Francis, visited in Roswell last week.

Big Payoff Results From Wool Improvement

The road ahead appears considerably brighter for the wool grower and for the New Mexico producer, particularly. Considering first, dollar income, it is a well established fact that producers of 675 thousand sheep in this State, not now known to be under a wool improvement program, can increase their wool returns by more than \$2.00 per sheep shorn through rigid classification of breeding stock, plus improved marketing practices. This additional return is based on current specialist research and unpublished data and reflects present wool selling values.

It is estimated that nearly 375 thousand sheep, not including those on Indian reservations were chute-classed for breeding improvement in 1953. At an average grease fleece weight of 11.6 pounds, these improved sheep sheared 4,350,000 pounds of wool which sold at 56¢ net ranch price. Thus, all classed sheep including ewe lambs, returned \$6.45 per head shorn in wool sales.

It is further estimated that 974 thousand non-Indian sheep, not known to be classed for wool improvement, sheared 5,670,000 pounds of wool which sold at an average net price of 51 cents. At an average grease fleece weight of 8.4 pounds, they returned \$4.28 per head shorn—a difference of more than \$2.00 per head in wool returns less than those sheep known to be under an improvement program.

Labeling of wool bags, also separate packaging of tugs and offsort wools, now account for part of the 5¢ spread between 1953 wools sold from improvement and non-improved clips. Longer length of improved wools accounted for much of this selling margin. Incidentally, over a million pounds of wool have been so put up for market sale in recent years by cooperating growers.

Signed testimonials indicate that market premium for caro-

More FARM BUREAU

completes the purposes for which it is intended." (Sen. Chavez voted against the wool bill in the Senate.)

Repr. John J. Dempsey—"I assure you that I shall be very glad to support the wool bill when it comes before the House for determination. I am also in favor of HR 6729 introduced by Congressman Fernandez and will support it. I am thoroughly in accord with the resolutions adopted by your organization."

Sen. Clinton P. Anderson—"Thank you for the resolutions adopted by your Bureau regarding S. 2911 and HR 6729. You of course know that S. 2911 has passed the Senate. I enclose two copies of the Congressional Record, giving my statements on the bill and the efforts which I put forth to prevent number of crippling amendments to it."

Repr. A. M. Fernandez—"Because of press of work, I have not had an opportunity to thank you for sending me the resolution passed by your Board regarding S. 2911, the National Wool Act of 1954, designed to encourage annual domestic production of wool. The House Agriculture Committee has held hearings on HR 7775 which is similar to the Senate bill. From all I can gather there is a good possibility of action by the committee in the very near future. I also appreciate your sending me a copy of the resolution regarding the Fort Stanton land, and as you know that legislation is still in the House Interior and Insular Affairs Committee."

Insecticides Can Harm Persons

Operators must wear masks when applying some of the new and deadly insecticides that are released as aerosols. That's the word of advice from the United States D. of A. And the National Safety Council adds this reminder: Insecticides can be deadly not only to insects and pests, but to yourself, too. Use that mask for protection.

ful preparation and labeled packaging to vary from 2 to 4¢ per pound. Furthermore, buyers state that growers would be entitled to an additional cent or two for guaranteed paint-free clips.

LIONS CLUB TO SPONSOR BOUTS

Promoter Sandy Martin announced this week that the Carrizozo Lions Club will sponsor future wrestling matches held in Carrizozo.

According to the arrangement, the local civic club will share in the proceeds and will use the funds for their community projects.

A wrestling card has been lined up for June 11, Martin says featuring three bouts, headlined by an Australian tag team.

Next week's matches will be held in the Carrizozo High School Gymnasium.

TORRES DEFEATS NUMA

Leo Numa met his master in last Friday night's matches, losing to Ramon Torres. Ida Mae Martinez also turned the tables on Dot Dotson in the ladies free for all.

The ladies free-for-all saw the following in action: Ida Mae Martinez, Eve Preston, Dot Dotson and Mara Bennett.

A crowd of approximately 500 was on hand at Millers Hall to witness the bouts.

Tickets for next week's contest are on sale at the Ortiz Bros. Chevron Station and at the Yucan Bar and Grill. Promoter Martin has asked that no ringside first row tickets be sold to children under 12. "This is not a publicity stunt," he says, "but the Australian tag team bout is a rough one, and anything can happen."

GRAND FISHING AT CONCHAS

About 2500 were at Conchas Lake, Sunday, May 23—only half the usual number. Opening of the trout season north of Highway 66 was the probable reason for low attendance. But there was nothing low about the fishing luck. Beginners caught their limit; two-pound channel catfish were caught with rod and reel; plug-fishing even brought up a crapple. A pike was caught which, when dressed, weighed 7 1/4 pounds. Except for a sudden storm between the Lake and Tucumcari, weather and fishermen were on their best behavior. The lake is up a foot and on the Canadian side water was still running in.

REPORT ON BEAVER SEASON

The beaver-trapping season held February 20 to March 10 was the first legal beaver season in the State since 1897. In irrigated farming areas where beaver damage had been done or was anticipated, 305 beaver were taken. Sixteen trappers caught the limit of ten beavers each; 39 trappers caught from 1 to 8 each.

PREDATOR CATCH

The taking of 251 predators and 58 miscellaneous animals is

202 Needy Cases in County Given Help

SANTA FE, May 28—State Director Richard E. Strahlem stated today that according to current data released by the Department of Public Welfare, 202 needy cases in Lincoln County received a total of \$10,567 for maintenance requirements during the month of April.

Of this amount, the largest payment was \$6569 to 143 Old Age Assistance cases. \$3203 was paid to 134 children under the Aid to Dependent Children program; \$128 to two cases receiving Aid to the Needy Blind; \$555 to 15 Aid to the Disabled cases, and \$112 to four General Assistance cases.

One child received care under the Child Welfare Services program; 38 children were assisted under the Crippled Children's program and five persons were aided by the Division of Services for the Blind. Seventeen cases received other special services.

reported by Fish and Wildlife Service for April. The predator catch was 60 coyotes, 35 bobcats, 31 skunk, 38 beaver, 16 fox and 3 lions. Eagles, hawks and owls aggregated 10. The 58 miscellaneous animals include raccoon, badger and porcupine. The three lion hunters were Bear Turner, Roy Snyder and T. J. Lyon.

Insects cause an annual agricultural loss in the United States of at least \$3,600,000,000.

News and Views from Your Nation's Capitol

By JOHN J. DEMPSEY, Congressman from New Mexico

ARMY MUST PROVE NEED FOR LAND

WASHINGTON, June 2—The House Armed Services subcommittee has agreed to hold full hearings on the Army's request for approval of acquisition of 647,800 acres of land in New Mexico for an anti-aircraft and guided missile testing field. Objection has been made by the New Mexico Cattle Growers, Wool Growers, Oil and Gas, and education associations, as well as by Land Commissioner Walker and others on the ground that the Defense Department already has more than 2,000,000 acres in our State under its control and that the additional land need is open to serious question.

Chairman Cunningham of the subcommittee has advised me that my request for hearings to be held in New Mexico will be granted if possible. If not they will be held in Washington. I have advised the subcommittee that the objectors will not be insistent if the Army shows beyond doubt that acquisition of the land is really necessary to proper conduct of the defense program. Assurance has been given by the chairman that the committee will have to be fully convinced of that need before the Army request is approved.

This is the same additional acreage that the Army was talking about acquiring a year ago but has not, up to now, been able to justify. Taking of so much ranching and farming land out of production has a serious impact on New Mexico's economy and it is hoped that at least a co-use plan can be worked out which will lessen that impact considerably. Approval by the Armed Services Committee of both House and Senate must be given before the land can be acquired.

ENGINEERS CHECK ON ROSWELL FLOOD

A detailed survey of flood damage at Roswell has been ordered by the Chief of Engineers of the Army and is nearing completion. I will, as a member of the House Public Works Committee, obtain authority from that committee for the Army Engineers to draw up plans for the Rio Hondo flood control area, including Spring Creek. A flash flood in the latter, which had not previously been considered dangerous as a flood source, did an estimated \$1,000,000 damage. The fact that the Army Engineers were already on the ground in connection with the Rio Hondo survey makes it possible to obtain prompt action on extension of the flood control area.

INSIDE THE CAPITAL

By WILL MARRINON (Concluded from last week)

SANTA FE, New Mexico—Added to the attractions of teaching in New Mexico are such incidentals as many of the school systems paying one-fifth of the cost of insurance, earmarked funds for schools that cannot be arbitrarily shunted to other purposes, a powerful and popular teachers organization that is always respected in the state capital, and a trend strengthened by a state law which is lowering the number of students that must be handled by each teacher.

THE KIDS HEAR BAD SIDE ONLY

If youngsters leaving high school this spring would consider these advantages of a teaching career—rather than the awful hazards and fears and sufferings that the spokesmen of the education group are constantly screaming about there would be no shortage of teachers here or anywhere else, and teachers themselves would be a lot happier.

Instead of hearing the advantages of a teaching career the kids are reading every day of inadequate retirement, inadequate pay, enemies of education, the need for teachers to close ranks to protect themselves from the rest of the people, all the plippings of propagandists devoted to keeping the public frightened, the teachers dissatisfied, and all of it aimed at jacking up the teacher benefits beyond practical heights.

If the calamity howlers don't ruin the program by demanding too much, teaching is almost certain to become one of the most attractive careers in our society. Everywhere there is a public consciousness of the responsibility to do better by the teachers and it is coming about rapidly. If it proceeds judiciously without trying to step any grades teachers should be assured soon of independence enjoyed by few others.

EASY TO PREPARE EASY TO ADVANCE

Some of the advantages: Low cost college training, merely completion of four years schooling is assurance of financial independence. Short work year, about 37 five-day weeks compared with 47 or 48 in other lines. Dignity of position in the community. Freedom from being fired by capricious bosses. Assurance of steady employment. Assured retirement pay. Vast field for advancement. Equality of opportunity for men and women. It brings a sense of doing a job that is meaningful and important. Opportunity to specialize in subjects of interest. Opportunity to continue exploitation of special interest and development of talents. The field is not overcrowded as are so many professions but is suffering a severe shortage. Good financial return.

THE PROFESSIONALS ARE RELUCTANT

These advantages and many others were cited in an article written by Dr. William F. Russell, a teacher, which was published in an advertisement by a life insurance company. Officers of the New Mexico Taxpayers Association were so impressed by the piece that they secured reprints and offered them for distribution to high school graduates in the approximate 100 school systems of the state.

NOTICE OF PENDENCY OF SUIT

THE STATE OF NEW MEXICO TO: Each of the above named defendants, against whom substituted service is hereby sought to be obtained, GREETING: You and each of you are hereby notified that the above named plaintiff has filed their Complaint against you in the above numbered and entitled case and Court. The general object of said suit is to quiet plaintiff's title to the real estate described in the Complaint, situate in Lincoln County, New Mexico, and being SHANNON, NW 1/4 of Section 22, T. 10 S., R. 13 E., N. M. E. M. against the adverse claims of you and each of you, and anyone claiming by, under or through you, and to forever bar and estop you from having or claiming any lien upon, or right or title to said real estate. Unless you enter your appearance in said cause on or before the 24th day of June, 1954, judgment will be rendered in said cause against you and each of you by default. Plaintiff's attorneys are BRENTON & BOYCE, Carrizozo, New Mexico. GIVEN under my hand and the seal of the Third Judicial District Court of the State of New Mexico, this 12th day of May, 1954. JAMES EARL HARCROW, District Court Clerk. By INICE HUST, Deputy. Publ. May 14—June 4, 1954.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that Dorothy A. Somerville has filed her final report and account as Ancillary Independent Executrix of the estate of Mrs. Maude H. Somerville, deceased, together with her petition praying for her discharge; that the Honorable John Mackay, Probate Judge of Lincoln County, New Mexico, has set the 27th day of July, 1954, at the hour of 10:00 o'clock A. M., at the Court Room of the Probate Court at Carrizozo, Lincoln County, New Mexico as the day, time and place for hearing objections, if any there be, to the final account and report; that at the said time and place the final account and report and will proceed to determine the heirship of said Mrs. Maude H. Somerville, deceased, and the interest of each respective claimant thereto or therein, and the persons entitled to distribution thereof. The name and address of the attorney for the Ancillary Independent Executrix is H. E. Fred Jones, Carrizozo, New Mexico. IN WITNESS WHEREOF, I have hereunto set my hand and seal of the Probate Court on this 31st day of May, 1954. JAMES EARL HARCROW, District Court Clerk. Publ. June 4—June 25, 1954.

NOTICE OF PENDENCY OF ACTION

THE STATE OF NEW MEXICO TO JENNIE GRACE THOMPSON, GREETING: Notice is hereby given that there has been filed and is now pending in the District Court of Lincoln County, New Mexico, a civil suit, being No. 6221 on the civil docket of said court, wherein in Gerald E. Thompson, is plaintiff and Jennie Grace Thompson is defendant. The object of said suit is for the plaintiff to secure a decree of divorce from the defendant on the grounds of abandonment and incompatibility. Defendant is hereby notified that unless you enter your appearance in said cause on or before the 14th day of July, 1954, judgment may be rendered in said cause against you by default. Plaintiff's attorneys are Shipley and Teller, Box 751, Alamogordo, New Mexico. WITNESS my hand and seal of said court at Carrizozo, Lincoln County, New Mexico, this 26th day of May, 1954. JAMES EARL HARCROW, Clerk of the District Court of Lincoln County, New Mexico. (SEAL) By INICE HUST, Deputy. Publ. May 28—June 18, 1954.

Announcing A Revolution in Motor Oils!

Phillips 66 Trop-Artic Motor Oil
THE ALL WEATHER MOTOR OIL

Now at your Phillips 66 Dealer's... an oil that can double the life of your car's engine! The first All-Weather Motor Oil to meet the highest standard ever established for automobile lubrication.

Phillips 66 Trop-Artic Motor Oil is the first all-weather oil to meet the severe requirements of the MIL-O-2104 Supplement 1 test... the toughest standard ever set up for automobile lubrication. Now find out what this means to you as a car owner:
Compared to ordinary motor oils, new Trop-Artic reduces piston ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons cleaner. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing more than 150,000 miles of driving.
TROP-ARTIC is a superior all-weather oil... S.A.E. 10W-30. Any car, in any climate, at any time of the year will benefit from continued use of Phillips 66 Trop-Artic. Ask for it at stations where you see the Phillips 66 Shield. It's a money-saving investment!
