

RAMBLIN' AROUND

PAUL BAKER LETTER TO THE STATE DENTAL BOARD

The people of Carrizozo strongly resent your approach to the problem of getting a dentist for this community.

Three times within the past ten years your members have blue-pencilled the examination papers of dentists who wanted to open an office in Carrizozo, and you have made no effort to send us a dentist who may have been able to pass your examination.

There is not a dentist in Lincoln County to serve its 7,000 people, as you should well know. As a result, the health of school children and adults is being impaired. It usually takes a day to have dental work done in Roswell, Socorro or Alamogordo, plus frequent trips back in many cases.

Children requiring dental care often have to be absent from school, to say nothing of the expense of transportation.

The people of Carrizozo would like to have a few questions answered:

Why does New Mexico have one of the stiffest dental board examinations in the U. S.?

Why is the board not more concerned about the health and welfare of its citizens?

Why does the board encourage a shortage of dentists in New Mexico by setting up an examination wherein most of those taking it fail?

What is the board doing to improve the standards in the dental schools so that their graduates can pass the New Mexico examination?

WHEN IS THE BOARD GOING TO PERMIT ANY DENTIST TO PRACTICE IN CARRIZOZO?

We don't expect a dentist who may wish to locate here to be a specialist in every field of the dental profession. If he is a graduate of an accredited dental school and has good recommendations, that's good enough for us. The main thing is: WE NEED A DENTIST!

Francis A. Hunt of Roswell writes that she was unable to attend the Highway 54 dedication and tour of White Oaks, as much as she would have liked to have been there. Both her parents—Samuel and Martha Wells, pioneers of White Oaks, are buried in the cemetery. Mr. Wells came to White Oaks, with his parents from Uvalde county, Texas, in 1870. They took up a homestead two miles east of White Oaks. Mrs. Hunt's mother, Martha, came to White Oaks in 1886 from Belfast, Ireland.

Mrs. Hunt recalls that water was hauled to what is now White Oaks, in wagons and sold. The town was so named because of the many white oak trees growing around the spring. Her father gave the first money toward building the Congregational Church in 1869.

Regarding the feud between Carlsbad, N. M., and Carlsbad, California, over who has prior right to the name, the Hot Springs Herald says: "It doesn't make any difference to us as long as none of them select Truth or Consequences for a name." (Heaven forbid, but if any town should consider such a drastic step, they should be required first to get the approval of map makers, printers and poet masters.)

Carrizozo Youth Stricken by Polio

Donald Hobbs, 16, son of Mrs. Dona Hobbs, of Carrizozo, last week became Lincoln County's first reported polio victim of the year.

The youth was stricken with the crippling type of the disease and is confined to Carrizozo Hospital. His legs are affected, but it is reported that the acute stage of the attack has passed.

It is probable he will be transferred to Carrie Tingley Hospital in Albuquerque the latter part of this week for restorative treatment.

TRUCKERS CITED FOR TRAFFIC VIOLATIONS

The State Highway Patrol set up a road block Tuesday night at the junction of Highways 54 and 360 in Carrizozo. A number of truck drivers were cited for driving trucks which were overweight and over-height; also for not having proper logs of driving distance and stops.

DR. A. M. SPENCER TO PRACTICE IN CARRIZOZO

A. M. Spencer, M. D., has arrived in Carrizozo and will be associated in the practice of medicine with Dr. J. P. Turner. The young doctor, a graduate of Northwestern University Medical School, recently completed his internship at Denver General Hospital in Denver.

The dancing troupe includes Ethelyn Phillips, director; Kathy Thomas, Martha McKnight, Della Joiner, Judy LaMay, Peggy Clements and Avelina Zamora.

Many townfolk of Lincoln will take part in the street scene which opens the pageant.

John Hamilton is directing the pageant. Edward Penfield has re-written portions of the script and two new scenes have been added. Ralph Bonnell is assisting in pageant direction. Junior Ferry will furnish background on the pageant.

OVER 2500 AT HIGHWAY ENGINEER OK'S ROADSIDE PARK

A festive crowd of between 2500 and 3000 people attended Sunday's dedication of the new Highway 54 between Carrizozo and Corona. It was estimated that 1800 were served barbecued beef and all the trimmings. Everyone agreed the barbecue was a delicious dish.

The weather was on good behavior. Carrizozo, 6 miles away, had a thunder shower during the afternoon and rain also fell in the vicinity of White Oaks to the east. Occasional clouds and a breeze held down the heat at the scene of the dedication.

The program opened with music by the 40-piece Carrizozo High School Band, the Corona Hill Billy Band, and the Wilbur Coe Orchestra, which came from the Ruidoso Valley to take part in the celebration.

Governor Edwin L. Mechem arrived at the dedication in a 1908 Buick which chugged out from Carrizozo. The ancient car was chauffeured by C. E. Alward of El Paso.

WHITE OAKS TOUR PRECEDES DEDICATION

People from many parts of the county joined a large group from Alamogordo to make a guided tour of White Oaks from 10 in the morning until 2 in the afternoon.

Many of the visitors followed a mountain trail to the South Homestake gold mine. There D. L. Jackson led them a distance into the mine which yielded a wealth of gold over a half century ago.

Herman Kelt, also an early day resident of White Oaks, was a special guide on the tour.

TRAFFIC FLOWS SMOOTHLY

The flow of traffic to the dedication was ably handled by the members of the Lincoln County unit of the New Mexico Mounted Patrol. There was not a traffic mishap during the afternoon and Sheriff Glen Bradley this week said "We certainly appreciated the fine way that the Patrol handled the traffic."

The program began with an invocation and meditation for departed 54 Association members by Rev. C. E. Burch.

Lloyd F. Bloodworth, master of ceremonies, made a number of introductions, as did Vernon Petty, president of the New Mexico Highway Association.

Jean Fretz of Liberal, Kansas, national president of the Highway 54 Association, spoke briefly. "This is the day we have all been looking forward to," he said—"the completion of one of the most scenic and the shortest and fastest highway between El Paso and Chicago. The National Association now has a big job of advertising and giving publicity to the finishing of this highway."

Paul Jones of Eureka, Kans., was introduced as a candidate for the national presidency. He urged all who could to attend the national association's fall convention at Eureka, October 8th and 9th.

Mr. Bloodworth introduced Governor Mechem with the words, "No man has been more interested in building this highway than the governor of New Mexico."

HIGHWAY BUILDERS

In a brief talk, the governor said the Highway Commission's policy had been to spend as much money as possible on new roads. Highway 54, he said, "is now in a position to carry a lot of transcontinental traffic."

The Wilbur Coe Orchestra struck up and Wilbur Coe sang a song dedicated to Governor Mechem: "The Santa Fe Trail."

G. D. Hatfield, chairman of the New Mexico Highway Commission was introduced and he in turn presented other members of the commission, C. O. Erwin, Tito Valdez, Ralph Jones and Tony Heimann.

Mr. Heimann presented a few figures on Highway 54; it traverses 360 miles through New Mexico; 175 miles have either been built or rebuilt during the past 3 1/2 years; \$52,000,000 has been expended on state highways and \$3,233,925 on Highway 54. More mileage he said, is planned for reconstruction on this highway.

Others introduced and who spoke briefly were Tom Mann of Roswell, Rep. L. S. Drake, Mayors Clevie Brown of Corona and Marvin Roberts of Carrizozo; Dan King of Tularosa and the Lincoln County Commissioners, George Fuchs, Granville Richardson and Charles A. Jones.

Mr. Petty thanked all who took part in the celebration and assisted in the arrangements. The list of those who contributed to the success of the barbecue

AWARD BIDS FOR WELL TESTING

The Smith Machinery Company was awarded a contract Wednesday afternoon to conduct pumping tests on two wells for the Town of Carrizozo.

The trustees accepted the bid price of \$1165 for the job of moving apparatus and test pumping a Country Club well and the Bob Gibson well for 48 hours each.

Only one bid was submitted, but it was considerably below the estimate of W. F. Turney & Associates, engineers, for the work, and Mr. Turney favored its acceptance.

Work on testing the wells will probably get under way early next week.

TRUSTEES TAKE UP MATTER OF WALK OVER SP TRACKS

The trustees again considered the matter of a walk way over the Southern Pacific tracks near the depot. Mayor Roberts pointed out that the town had no funds available for such a project at the present time and that the SP in the past had asked the town to defray half the cost.

"This crossing," Mr. Roberts said, "is needed for the welfare of the people crossing back and forth and the town will cooperate in every way possible."

The trustees authorized Atty. Boyce to write a letter to the Corporation Commission, expressing the town's interest in the crossing and asking for further information about steps that could be taken.

The Corporation Commission, through its traffic and rate division director, C. C. Boatwright, had previously suggested in a letter that a hearing be held in Carrizozo in which the town could completely present its case.

TOWN HALL CLOSED ONE DAY; AUGUST 10

In order that town officials may attend the writ of mandamus hearing Tuesday, August 10, in district court, the town hall will be closed that day. Disputes on utility bills will be extended through the 11th. The writ of mandamus hearing is scheduled for 9 o'clock a.m.

OTHER COUNCIL BUSINESS

A number of applications for business licenses were approved. A building permit was requested by J. M. Ortiz to construct a residence. Estimated cost \$2000, Frank Vega, builder. The application was held in abeyance pending receipt of more complete specifications.

Albert Seay's bid of \$40 for the tank and stand in the town park was accepted.

The town is considering disposing of its municipal gas distribution system. Correspondence was read regarding this matter.

The trustees authorized Atty. Frank C. Boyce to write a letter to the head office of an insurance company, seeking an adjustment on the claim of S. A. Appar for meat that he states spoiled in the locker plant.

The trustees approved an increase in the bond for City Clerk Ruth S. Mechem from \$10,000 to \$25,000; also accepted the collateral of the Lincoln County Agency for funds on deposit there.

Geo. L. Zimmerman and Wellcomb Armstrong appeared in behalf of the license fees for the latter's business establishment in Carrizozo.

LIONS PLAN FOR CHUCK WAGON SUPPER AND PARTY

Plans for the annual chuck wagon supper were discussed at Monday night's meeting of the Carrizozo Lions Club and committees for the event were set up. The dinner meeting was held at the Carrizozo Country Club.

Four guests were introduced: H. A. Powelson, C. E. Degner, Leo Hassman and E. M. Calentine. Vice President Joe Sargent presided over the business meeting.

A letter was read from Vernon Petty, president of the New Mexico Highway 54 Association, expressing that organization's appreciation for the assistance given by members of the Club at the Highway dedication.

B. G. Barnum will be general chairman of the chuck wagon supper and entertainment to be given Saturday, Sept. 4. Other committees are: Food, Liena Manire, Farris, Firman, Shafer, Ortiz and Johnson; dance, Gibson; shooting gallery, Sgt. Engle; lights, H. G. Welk; bear rug, Armstrong; penny pitch, English, Devitt; soft drinks, Next; requisition, Brown, Elton, Firman; Zimmerman; publicity, Baber.

Safety Council to Meet in Ruidoso August 11

The Lincoln County Safety Council is to meet August 11 at 7:30 p.m., at the Ruidoso High School, according to an announcement by W. S. Campbell, president of the Council.

J. P. Roach, chief of the New Mexico State Police, is to speak. John Simms Jr., has also been asked to speak.

Urging a large attendance at this meeting, Judge Campbell stated: "We need all the help possible in the growing problem of safety, on the highways, on the farms, and in the home."

TRAFFIC STEPPING UP ON 54

Motor vehicles are reported to be using the new highway at a stepped up pace. It is estimated that a third of the truck traffic now routed over Highway 70 will be using 54 in the near future.

C. O. ERWIN Chief Highway Engineer of New Mexico

Was born in Ottumwa, Ia., on Feb. 23, 1906. He was appointed to his present position of Chief Highway Engineer on June 16, 1933. He has now completed 28 years of service with the New Mexico State Highway Dept., having worked up through the ranks starting out as a roadman in 1926, and advancing through various positions.

Mr. Erwin saw active service with the U. S. Army in the Corps of Engineers during World War II, entering the service in 1940 as a private and emerging in 1945 as a Lieut. Colonel.

Mr. Erwin is responsible for 11,033 miles of highway in New Mexico.

Dentist Needed Here, Group Tells Governor

To discuss with Governor Edwin L. Mechem the urgent need of a dentist in Carrizozo, a group of citizens met with the state's chief executive Sunday.

The meeting was held at the home of Mr. and Mrs. Vernon Petty prior to the governor's departure for the Highway 54 dedication north of town.

Dr. J. P. Turner, and W. J. Hadley, spokesmen for the group, explained to the governor this community's unsuccessful attempts for the past ten years to secure a dentist.

During that period of time three dentists, all of whom were considered qualified, have taken the State Dental Board examination with a view of locating their office in Carrizozo. They were failed in their examination by the State Dental Board.

At the conclusion of the meeting in Carrizozo Sunday, Governor Mechem said: "You need a dentist. Period!"

He said he would take the matter up with Board members and see what could be done about it.

Court Will Decide Just What Happened

If a car's wheel and tire hadn't fallen on top of him, knocking him out, things might have been different for Melcor Dominguez.

At least that's the version of Severo Gallegos, town marshal, who arrested Dominguez Monday night and charged him with theft from a motor vehicle and carrying a concealed weapon.

Marshal Gallegos states that he investigated a report that evening that a tire was being taken from a government owned vehicle parked on a side street near the Lyric Theatre. He drove up, flashed his light, and found Dominguez lying beside the pickup, the heavy car wheel and tire on top of him.

The marshal's contention is that Dominguez, in trying to take the tire from the truck, slipped and fell, the wheel landing on top of him.

Dominguez says it wasn't so and pled "not guilty" when arraigned in Police Judge Shaw's court. He was bound over to district court and bond set at \$500.

was a long one.

"On behalf of the Highway 54 Association," he said I want to thank all who helped in the arrangements, cooking and serving the food. We sincerely appreciate the wholehearted cooperation that has been given and hope that any omissions that have been made in the program planning will be forgiven."

The day's program was concluded when Governor Mechem cut the ribbon stretched across the new highway.

Motor vehicles are reported to be using the new highway at a stepped up pace. It is estimated that a third of the truck traffic now routed over Highway 70 will be using 54 in the near future.

Grizzlies Start Football Practice August 18

Football practice for the Carrizozo High School Grizzlies begins August 18 at 3 p.m.

Coach Ken Willis said this week that uniforms would be checked out Tuesday afternoon, the 17th.

School starts August 30. The Grizzlies first game on September 10 is a district contest with the Capitan Tigers, played there.

The last game of the season will see the Grizzlies pitted against Ft. Sumner, a rugged Class B team and a runner-up last year. Fort Sumner will bring a veteran team to Carrizozo for an afternoon contest.

The rest of the local games will be played at night. Capitan, with the loss of several veterans, will be hard pressed to keep its district title. Ruidoso and Carrizozo are expected to give strong opposition. Corona's prospects are also brighter this year than last.

Coach Willis, with six veterans expected to be in uniform for backfield duty, is mildly optimistic about Zozo's prospects. "We'll win some games," he predicts.

Following is the Grizzly schedule. District games are marked with an X; Bean Valley teams, b.

XSept. 10—Capitan, there. XSept. 17—Mountainair here. XSept. 24—Ruidoso there. XOct. 1—Tularosa here. XOct. 8—Vaughn here. XOct. 15—Corona there. XOct. 22—Estancia there. XOct. 27—Fort Sumner here.

Two Confess Robbery Of Murphy Store

Sheriff Glen Bradley went to Vernon, Texas, last week to interview two men who had confessed to Texas Rangers that they had robbed the Murphy Store in Capitan the night of July 9.

The duo, Jimmie M. Decker and Herman Whitley, were parolees from an out-of-state penitentiary and also admitted robbing a store in Taos on the 5th and previously a creamery in Vernon.

Sheriff Bradley recovered four valuable rings taken from the Murphy safe, but the money the men said they had spent buying another car. Justice will be dealt the men in Texas before they are returned to the state of their original conviction, Sheriff Bradley said.

MECHEM FLYING SOLO IN RACE FOR SENATE

SANTA FE, Aug. 2.—Gov. Ed Mechem is going it along with almost complete separation from the Republican party organization in his challenge for the Senate seat held by Clinton Anderson.

The solo campaign is going forward apparently without any personal animosity or marked differences of opinion between the Senate candidate and the 13 other Republican candidates headed by Governor-running Alvin Stockton.

Mechem stood aside while Stockton selected the officers of the party, most all of them from the legislative group which backed him for the nomination, and some of them antagonistic toward the governor during the primary contests.

The governor stood aside again when the party platform was drawn and did not even attend the state convention called for adoption of the party policy statement.

Last Sunday a meeting of candidates in Santa Fe adjourned without the pleasure of the Senate candidate's presence; he was at Carrizozo opening a new road.

CAUSE FOR SPLIT IN LABOR PLANK

If the independent run by Mechem is the result of any misunderstanding with Stockton or the others it doesn't show on the surface. He plugs the candidate for governor privately and publicly, and Stockton is making no bones about running on the record of the Mechem administration. It is the No. 1 theme of his appeal.

There are grounds for differences if the candidates were looking for such things. Mechem reportedly does not like the labor section of the platform adopted at Stockton's urging. It promises retention of all the so-called "rights" of labor which, interpreted, means the party promises not to disturb jury system trial of workmen's compensation cases. The subject was one of the major controversies of the last legislature and the problem is nation-wide in extent. Some states have taken the cases out of court and named commissions to hear the evidence and set the amount of compensation. The plank also promises a 75-cent minimum wage and general support of labor causes. It was written by District Attorney Bert Prince of Santa Fe who is running against Judge David Carmody for judge.

Mechem reportedly opposed the gesture for the labor vote as futile and possibly offensive to some supporters. He was said to favor a labor plank promising labor the same consideration extended to other groups.

ANTI-MECHMITES IN ORGANIZATION

The party organization set up by Stockton is one to which Mechem might not want to entrust his campaign. It is understandably loaded with Republicans who backed Stockton in the primary and fought Mechem's candidate, Holm Bursum. Among those who have been close to the top is Peter Cable, fired by the governor last winter for his support of Alva Simpson, the welfare director, for governor. And Simpson, who himself was angrily fired by Mechem, is in the crowd too. Some of the Stockton people tried to get him to take over as Santa Fe county chairman last week but Simpson declined.

And, more serious, the organization is peppered with Pat Hurley Republicans who are suspect of carrying over the bitter animosity that developed between Hurley and Mechem in the 1932 run. State Sen. Reginaldo Espinosa of Espanola, one of the top two or three in the Hurley organization, is sort of an assistant state chairman, and the Hurley organization in Albuquerque has moved over en masse to Stockton headquarters. However, if suspicion or distrust exists it hasn't come to the surface.

PICKETT AND FRIENDS IN ANOTHER RETREAT

You can say one thing about the corporation commissioners—they're not too proud to retreat. When Commissioner Johnny Block hired his sister at \$305 a month he said he didn't care what the public reaction would be but let her go when the reaction got to working. Commissioner Ingram Pickett who had set up an organized collection of campaign money for himself from the commission employees repented and gave the money back after storm clouds gathered all over the state. (It was Commissioner Jim Lamb, at first)

CANDIDATES' BALK AT MONEY DEMAND
SANTA FE, July 28—Democratic candidates for offices ranging from Congress, the supreme court, attorney general on down to auditor are digging in their heels against the party's request for contributions of 10% of the annual salaries of the offices they seek.

One incumbent official going for a second term told that he intended to give nothing. Others have grudgingly prepared to pay part of the requested quota.

One candidate for an \$3400-a-year office said he was going to do all he could to help John Simms for governor and Senator Anderson for reelection but did not feel obliged to make a large contribution to their campaigns.

He referred to the practice common in both parties of throwing everything in to help the candidate for governor and maybe for senator, and leaving all the others to flop around on their own.

The money is supposed to go for general campaign expenses and to provide advertising and printing for the little candidates, but that often does not materialize.

Corporation Commissioner Ingram Pickett is attempting to meet his quota with a 2% levy on the salaries of commission employees. The pay-day collections from the workers are made by Ethel Romero of the commission staff with the approval of the other commissioners, John Block and Jim Lamb.

Block said the kick-back is "entirely voluntary" not a specified 2% and that nobody would be fired for not participating.

The working stiffs apparently don't know that. Several have made whispered complaints to reporters at the capitol that they are being stuck for 2% of their pay as a kickback to Pickett and fear they'll get the boot if they don't come through.

Republicans in the past had the 10% plan for candidates but long ago despaired of enforcing the rule because so many of their candidates were on a draft basis and instead of helping with the costs had to be helped themselves. The custom in both parties was started back in the convention days when candidates were not burdened with the expense of primary cam-

LINCOLN COUNTY IN BYGONE YEARS

20 Years Ago

(From the files of the Lincoln County News, August 3, 1934.)
A tragedy at Capitan caused the death of Charlie Adams, popular employe at the City Garage. He was welding a large oil storage tank. An explosion resulted and he was critically injured and died four hours later at Fort Stanton Hospital.

Mr. and Mrs. M. U. Fipley left for El Paso to join an excursion party to Mexico City.

Mrs. B. D. Garner leased the El Cibola Hotel from Mrs. Carl Jones, who is returning to the East.

W. H. Sparkman of Ycarilla was in Texas and Oklahoma on a business trip.

Mrs. Ola C. Jones announced her candidacy for re-election to the office of county superintendent of schools.

Other candidates announcing were Larry Dow for assessor; L. J. Adams for treasurer and A. S. McCamant for sheriff.

The Branum Grocery & Market announced that effective August 1 it would go on a cash basis.

Dr. T. H. Williams, dentist, announced he would be in Carrizozo for one week.

A new coal deposit was uncovered north of Patos Mountain, 6 miles from White Oaks. The field was said to be an extensive one, the coal first class with little ash and rich in oil.

Mrs. J. M. Snyder was hostess at a dinner party honoring Mr. Snyder's birthday and the wedding anniversary of Mr. and Mrs. T. E. Kelley.

Mrs. Lucile Zumwalt and son Tommy who had been visiting at the A. B. Zumwalt home in Nogal, returned to their home in Phoenix.

40 Years Ago

(From the files of the Carrizozo News, August 7, 1914.)
The News reported that the war in Europe was on "full blast." A number of land engagements has been fought and it was expected that the English and German fleets would soon meet in a naval battle in the North Sea.

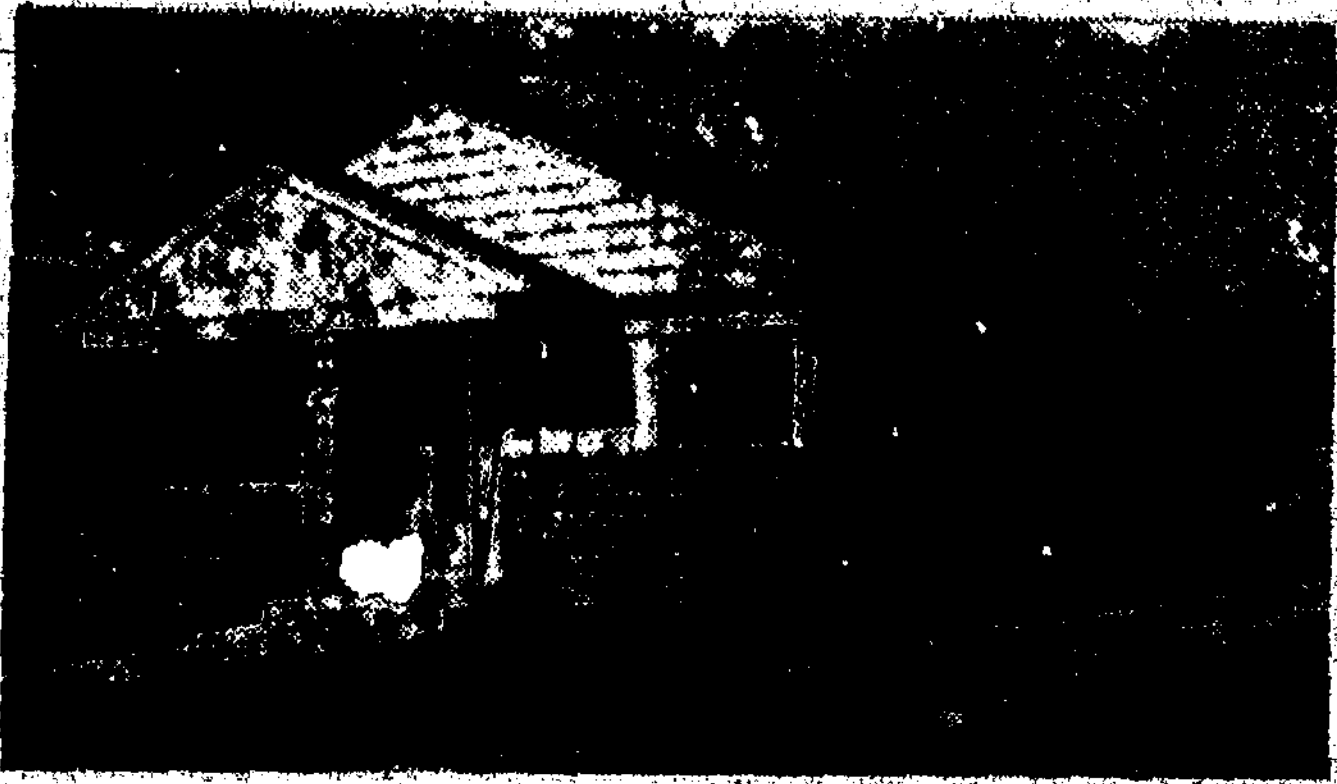

Lincoln County lost one of its pioneer citizens in the passing of Amos Eaker. His life was interwoven with much of the history of this county, in which he had been a resident for 30 years.

The Carrizozo Browns baseball team easily defeated Ancho, 24 to 4. All three of Carrizozo's pitchers saw action—Dolan, Lee and Reilly.

In a supreme court decision, A. J. Lahan won a patent to the Smuggler mine in White Oaks. His claim was contested by the Childers estate.

The Wayside Sunday School Workers class was organized with the following present: Mrs.

Plan Fits Narrow Lot

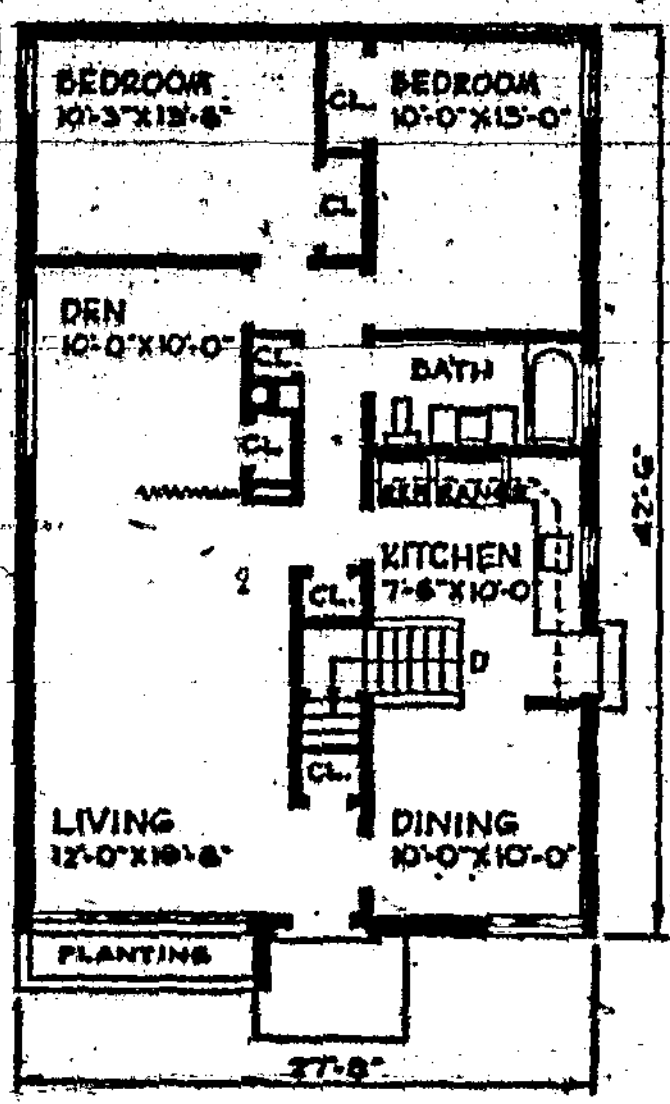

Designed to be built on a lot narrow as 35 feet, this house is a "refreshing departure" from the monotonous appearance of dwellings often found on city lots. An American Builder magazine, American Builder, 79 West Monroe St., Chicago 3, has selected this house as its Plan AB122.

Glass, stone, brick, and wood are used as exterior materials, creating a distinctive facade. Colorful asphalt shingles, specified by the architect, make a handsome, weathertight roof. The roof color is especially important because of the prominence of the broad roof area.

Placement of the den is an unusual interior feature. Separated from the living room by a folding door, the den could serve equally well as a third bedroom, a study, or simply as an extension of the general living area.

The house has a full basement. Situated between the kitchen and the dining room, the basement stairs is shielded by a low wall and wood uprights on one side and a flower box on the other, instead of ceiling-high partitions. This gives an open arrangement, with the effect of joining the kitchen and the dining room as one large area.

The house contains 1,160 square

feet of floor area, a figure useful in estimating construction cost.

(Detailed building plans are available from American Builder, Home Plan Service, 79 West Monroe St., Chicago 3. Refer to Plan No. AB122.)

Glenn A. Snow to Wed Josephine Bombach

In-August Ceremony

Mr. and Mrs. Roman J. Bombach of Las Cruces have announced the engagement and forthcoming marriage of their daughter Josephine Dolores, to Mr. Glenn A. Snow, son of Mr. and Mrs. C. A. Snow of Carrizozo.

The bride-elect attended public schools in Mesilla Park and Las Cruces and is a 1954 graduate of New Mexico A&M College, with a major in Home Economics. She is a member of Mu Beta honorary fraternity for women and was chosen to "Who's Who in American Colleges."

Miss Bombach, a member of Zeta Tau Alpha sorority, was president of the Home Economics class in her Junior year. She is a 4-H Alumnae and was a national winner in the "Make It Yourself With Wool" contest, which was sponsored by the National Wool Bureau and the New Mexico Wool Growers Ass'n.

The prospective bridegroom was graduated from A&M in 1952 with a major in Agriculture and received his commission in the Army with a rank of second lieutenant. He belongs to Tau Kappa Epsilon social fraternity and Alpha Zeta honorary fraternity. Following graduation he served in Korea with the Armed Forces and is presently employed as sanitarian with the Public Health Department at Socorro.

The couple plan to exchange vows in an August ceremony, after which they will reside in Socorro where Mr. Snow will continue his work with the health department and Miss Bombach will teach Home Economics in Socorro High School.

E. M. Calentine, manager for the Harvey Sheep & Cattle Company, was looking after business matters in Carrizozo Tuesday.

NEWS FROM THE COUNTY AGENT

By RALPH DUNLAP

Hopper Control for Nogal Mesa Area

After a preliminary survey of Nogal Mesa last week by John Landrum of the Grasshopper Control division, the area was declared an emergency and will be eligible for federal and state aid.

The area includes the range-land between the Capitan-Angus road west to the large mountains around Loma Grande and north of Nogal Lake.

To be eligible for government aid, the area must average 15 to 25 hoppers per square yard. Also if the hoppers have started laying eggs the spray program will not be carried out, as the control measures would not be effective.

Election Next Week for Local Committeemen

Election of local committeemen will be of interest to many farmers and ranchers in the area during next week.

The Carrizozo Nogal area will meet at 7:30 on August 10 at the court house to elect the community committee by secret ballot.

The Hondo Valley will meet at 7:30 p.m., on August 11 at the Hondo High School.

The Corona community will meet August 13 at 7:30 p.m. at the Community Room in Corona.

Anyone eligible for price support loans or carrying out a conservation practice in 1954 will be eligible to vote.

State Farm Bureau To Conduct Institute

LAS CRUCES, Aug. 1. — Allan B. Kline, president of the American Farm Bureau Federation, and U. S. Senator Clinton P. Anderson will share the rostrum as guest speakers at the first annual Farmers and Ranchers Institute. It is scheduled for September 2 at Clayton, county seat of Union county.

This is a new venture by the New Mexico Farm and Livestock Bureau and it is planned to make the institute of state-wide interest.

Mr. Kline and Senator Anderson will appear together on a panel to discuss national problems affecting farming and ranching industries.

Gov. Edwin L. Mechem will open the meeting and other business and legislative leaders will appear in the discussions.

All farmers, ranchers and interested business — along with Farm Bureau members — are invited to attend.

Emergency Pointers for Cattle Bloat Treatment

1. Look at the animals frequently. In many cases bloated animals that seem to die very quickly actually have been bloated for some time. If animals are placed on new pasture, they should be watched very carefully, and it is best if they are fed well before being placed in the pasture.

2. If the animal is noticed to be bloated (the paunch will be distended on the left side) remove the animal from the pasture immediately and keep the animal moving if at all possible. If this is done, in many cases

Zozo Ball Team Loses to Corona

Carrizozo lost its first ball game of the season Sunday, Corona taking the verdict 10 to 8. The game was played at Corona.

Corona made three home runs, accounting for most of their scores. Carrizozo used three pitchers. Juan Beltran went seven innings. He was relieved by L. Zamora and Bill Dolan finished the game.

Corona's battery, Tonorio, pitcher and Sharp, catcher, went the route.

Golf Tournament Begins at Socorro

SOCORRO—The Socorro Golfers Second Annual Tournament got under way August 4. It continues through Sunday, the 8th.

Ninety-six players are entered, making up six flights of 16 each. The tournament got under way Wednesday with a one-day Pro-Amateur match sponsored by the New Mexico Pro-Amateur Golf Association. A purse for the professionals of \$250 was furnished by the businessmen of Socorro.

The qualifying rounds for the 3-day amateur event were held Thursday.

A new feature this year is a senior flight for men over 55 years of age.

Match play begins Friday morning and continues through Sunday. Equal prizes will be awarded for all flights.

The Dodgers of the Little League softball play won two games in the second round robin and the right to meet the Giants in the world series finale which gets under way this week.

Doubleheaders between the Giants and Dodgers started on Wednesday and will continue daily through Friday, with a seventh game on Saturday if necessary.

The games are played at the ball field, starting at 1 p.m.

Nation's 4-Hers Seek to Cut Death Toll of Farm Folk on Rural Highways

Look out, young fellow!

CHICAGO—(Special)—"Make Safety Your Number One Goal," the slogan of several million rural boys and girls throughout the nation since its introduction in 1945, continues to be fostered by more than 615,000 4-H Club members. They are taking part in the 1954 National 4-H Safety Program being conducted in 46 states for the tenth consecutive year. Participants receive training in farm accident and fire prevention, which includes checking and removing hazards of every conceivable nature.

These surveys are credited by safety experts as being a valuable contribution to the nationwide campaign to reduce the tragic annual toll of 15,000 lives and 1,235,000 disabling injuries to farm folk.

In conducting their surveys, the 4-Hers look for such safety hazards as loose or floppy clothing worn about moving farm machinery, cluttered stairways, oily rags, frayed electric cords, broken ladder rungs and sharp tools.

What is becoming an increasingly serious problem is that ac-

cidents to farm people caused by motor vehicles now account for nearly one-fourth of all deaths and injuries that occur on rural highways. Also, 700 of the fatal farm accidents reported last year involved wheel tractors. One-third of the fatal tractor accidents reported involve persons under 20 years of age. One case in ten was a child under 5.

To help correct this problem, the 4-Hers are giving highway safety demonstrations before farm groups and over local radio stations, as well as putting window displays in town stores and booths at county fairs.

The 1954 National 4-H Safety Program is conducted by the Co-operative Extension Service. As incentives for outstanding records in the program, General Motors provides medals of honor which are presented to four county winners and an all-expense trip to the National 4-H Club Congress in Chicago to the state winner. Eight of the latter will be selected as national winners, each receiving a \$300.00 college scholarship.

SCHOOL TEACHERS AND HAIR BENDERS

Half a dozen officers in the state education department are trying to spot new jobs for themselves before Georgia Lusk comes swinging in as state superintendent. They did everything they could to beat her in the primary and now regard her as a sure winner in the general election.

Clifford Whitehead, the department's public information officer who was publicly attacked by Georgia in the campaign, is expected to wind up with the New-Mexico Educational Ass'n. Virginia Keegan, a \$535-a-month employee in the department, is attending summer school at the University of Colorado with no interruption in the \$335 checks. Agnes Martin, who was the hairdresser of the governor's wife in Las Cruces, has just enjoyed a raise from \$400 to \$500 a month as secretary of the cosmetology board. She's also slated for a \$413 state-paid trip to a convention in Franconia, N. H., next month.

The hair-bender board some time back reduced annual fees for hairdressers from \$5 to \$3.50 and shop licenses from \$15 to \$10 but the outfit is still in clover, had \$3000 left over this year to be tossed into the general bank account.

FORD FOR MEECH, FIGHT FOR JAKE

Gov. Ed Mechem came back from the New York governors' conference with a new Ford. The Ford Motor Co. customarily provides each governor with a new Ford for his personal use at the annual conventions with arrangements for him to buy at favorable terms if he chooses.

There's a tight stacking up against Jake Gallegos of Tucuman who is apparently going to be the Demo nominee for judge of the Quay DeBaca, Harding district to fill the place made by the death of Judge David Bonem. Republicans entered a candidate in the primary but they cannot file one for the general election, but a third party candidate could be offered. State Rep. Manfred Ranwater of Tucuman has turned down the third party offer for the place and the third-party advocates are still looking. Republicans fear that Texas vote last Saturday indicates the Eisenhower Democrats are voting Democratic again. Rep. Andy Chiltwood, a Democrat and head of the Curry County Farm Bureau, is being quoted as guessing that the big Farm Bureau crowd will support Republican. Governor Mechem against Our Clint for the Senate.

The brothers Montoya, Joe and Tom, have sandvaled Republicans in a bind. A group of them recently called on an Albuquerque attorney in an effort to devise a means to block a scheme that will send Tom, the liquor director under Gov. Tom Mabry, into the senate seat now held by Joe, the Demo candidate for lieutenant governor. The only encouragement they got was the possibility that Joe might be so careless as to resign from the senate before the election and thus create a vacancy for which both parties could offer candidates. Otherwise if Joe makes the grade for lieutenant governor Tom goes in as senator.

HOSPITAL AND AIRPORT FUNDS VOTED

The House reinstated two items in the Supplemental Appropriations bill which are of benefit to New Mexico. Both items had been eliminated by the Appropriations Committee, although contained in the budget request. One was \$22,000,000 for federal aid in airport construction, to be allocated by the Civil Aeronautics Administration. The other was \$15,700,000 for assistance in construction of hospitals.

Due to the fact that no airport funds were made available last year some of the airport facilities in our state, highly essential as emergency fields and for banking airplanes used in forest fire fighting, have not been maintained at required standards. These new funds are expected to help in remedying that situation.

The hospital aid is provided primarily for those institutions which care for chronic cases, physical and mental, and the aged sick.

LEASE-PURCHASE PLAN NOW LAW

Signature by the President of the Lease-Purchase Bill enables the federal government for the first time since before World War II to provide post office and other government buildings in communities throughout the nation where they are badly needed.

Under the law applications for new post office buildings will be handled by the Post Office Department and for other government structures by the General Services Administration. There are several New Mexico towns and cities eligible for post office buildings. A few also are entitled to other federal buildings. Both government agencies affected are expecting a deluge of applications, which they say will be considered in order of their receipt.

The buildings are to be constructed by private owners under lease agreement with the government and eventually become government property through a combined rental and amortization payment plan.

The involvement of trucks, truck and trailer units and motorcycles in fatal accidents was higher in New Mexico last year than the previous year. It shows that drivers are not using good judgment in passing or meeting

DROUTH RELIEF ACTION STARTS

WASHINGTON, Aug. 4—The state and the federal government will share equally up to \$20 a ton the transportation cost on hay. This will be of assistance to the drouth plagued ranchers because there is little hay available close by. Most of it will require a long haul.

Announcement is expected momentarily from the Drouth Relief Committee of plans to provide cut-price grain from the huge surplus held by the government. The President recently signed the law making this possible.

Financial aid for the farmers and ranchers is available in the form of short-term loans by the Farmers Home Administration. The House Agriculture Committee has taken favorable action on my bill to authorize the Farm Credit Administration to make long-term loans to ranchers and farmers to aid them in liquidating private mortgage loans that may cause them loss of their property through foreclosure. The Senate already has passed Senator Anderson's companion bill so that prospects are excellent for the measure to become law.

LEGAL NOTICE

Advertisement for Bids

FOR THE CONSTRUCTION AND INSTALLATION OF EXTENSIONS, ADDITIONS AND IMPROVEMENTS TO THE MUNICIPAL WATER WORKS DISTRIBUTION SYSTEM FOR THE VILLAGE OF CARRIZOZO, NEW MEXICO.

NOTICE TO BIDDERS:

Sealed Proposals addressed to the Mayor and Board of Trustees of the Village of Carrizozo, New Mexico, for the construction and installation of Extensions, Additions and Improvements to the Municipal Water Works Distribution System for the Village of Carrizozo, New Mexico, will be received at the office of the Village Clerk in the City Hall, until 7:30 o'clock P.M., Mountain Standard Time, Friday, August 20, 1954 and then publicly opened and read aloud.

A Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond executed by some reliable corporate surety company authorized to do business in the State of New Mexico, in the amount of five percent (5%) of the largest possible lump sum bid submitted, payable without recourse to the Village of Carrizozo, New Mexico, must accompany the Bidder's proposal, as a guaranty that the Bidder will enter into a Contract and execute the required Performance Bond and Guaranty in the forms provided within ten (10) days after the notice of award of Contract to him. Bids or Proposals without the Bid Guaranty will not be considered.

Complete copies of the Plans, Specifications and Contract Documents may be examined in the office of the Village Clerk of the Village of Carrizozo, New Mexico, and may be obtained at the office of Ashley G. Classon & Associates, Consulting Engineers, 504 N. Kansas Street, El Paso, Texas, upon a deposit of Twenty Dollars (\$20.00). Ten Dollars (\$10.00) of which will be refunded to the general contractor bidder submitting a bona fide bid to the Owner, upon return of such documents in good condition within ten (10) days after receipt of bids.

Attention is directed to the fact that there must be paid on this Project not less than the general prevailing rates of wages which have been established by the State of New Mexico. A schedule of such prevailing wage rates is contained in the Specifications and Contract Documents covering the construction of this Project. It shall be the Contractor's responsibility to inform himself thoroughly of all State, Federal and local laws and statutes pertaining to the employment of labor and conditions of employment.

The Bidder's attention is directed to the fact that bids or proposals shall be submitted only on the forms provided therefor in the Contract Documents and must not be submitted in letter form or in any other form provided except by filling out in ink in both script and figures the proposal form provided in the Specifications and Contract Documents which set forth in detail the various items and approximate quantities thereof contained in the Project and Contract to be bid upon. Bids submitted in any other form will be considered irregular and will be returned to the Bidder without receiving consideration by the Mayor and Board of Trustees.

The Village of Carrizozo, New Mexico, reserves the right to reject any or all Proposals or Bids, to waive technicalities, to make any investigation deemed necessary of a Bidder's ability to perform the work covered by the Plans and Specifications, and to accept what in the judgment of the Mayor and Board of Trustees is the best bid.

HERE'S HOW...

MAKE AN ATTIC ROOM

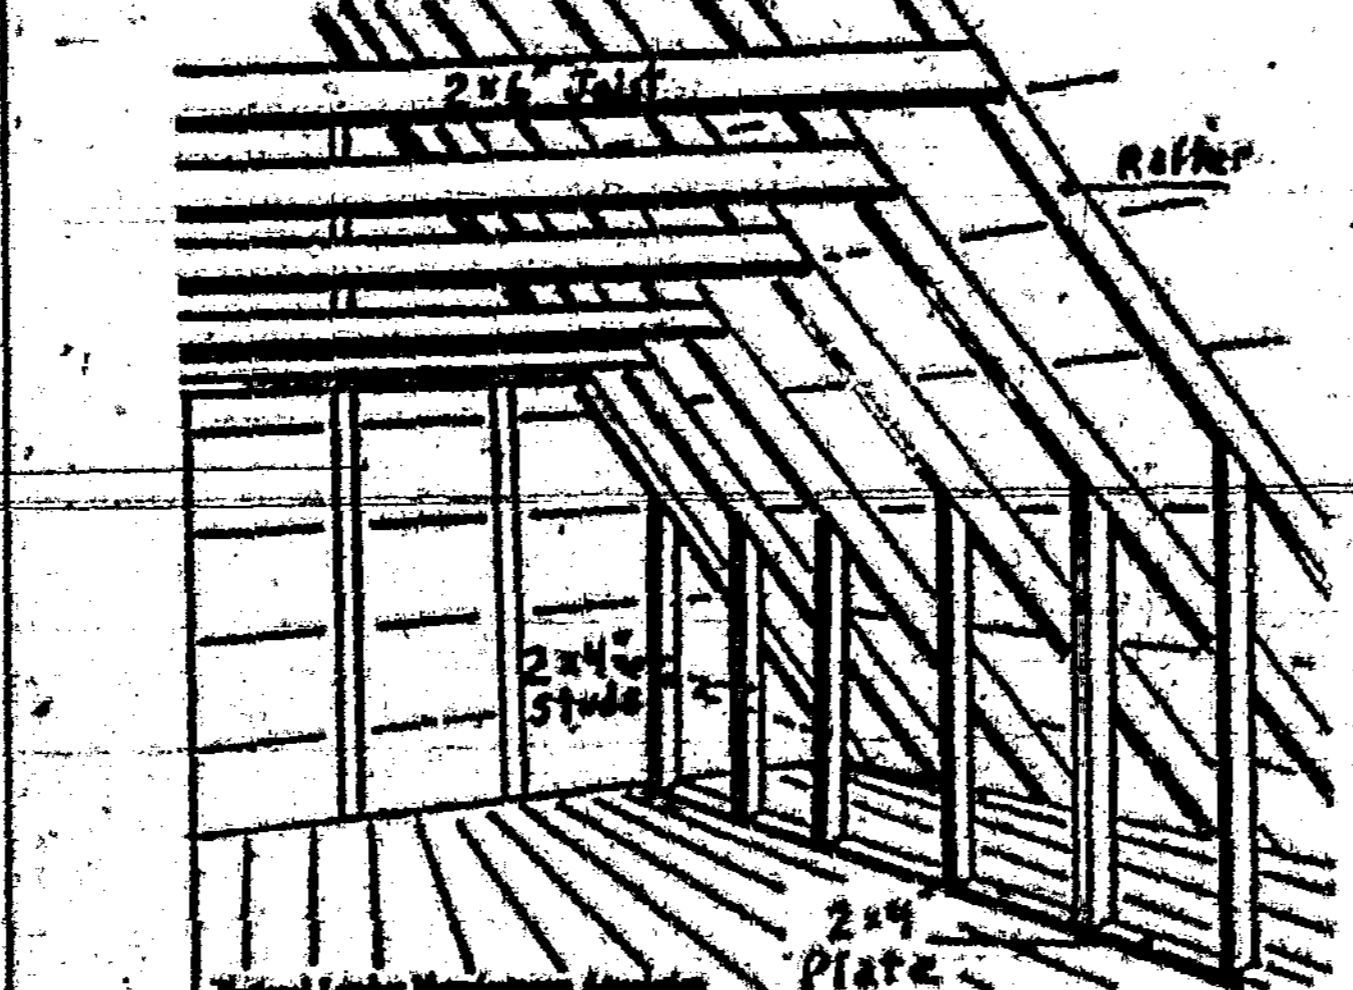

Remodeling the attic is a challenge to the craftsman, and the possibilities for development are endless.

Before he starts, the craftsman should see his local lumber dealer for advice on how to take advantage of the existing structure, and on how to save money by the wise use of lumber.

The drawing shows the addition of the joists and studs to which ceiling and walls will be fastened. This work must be done carefully, and checked for alignment with a carpenter's level.

Ceiling joists are of 2 by 6-inch lumber for spans over 10 feet long. For shorter spans, 2 by 4's may be used.

Wall studs are 2 by 4's, extending from a 2 by 4 plate on the floor to meet the rafters at a suggested height of not less than 5 feet.

Many From Corona Attend Dedication

Corona was well represented Sunday afternoon at the dedication and official opening of Highway 54. Mayor G. C. Brown, Corona's Hill Billy Band, led by Sambo Kendall and boys, your reporter and a large number of others from Corona were among the many out to celebrate the occasion.

Mr. and Mrs. E. L. Jarnagin came from Tucson, Ariz., to attend the Highway 54 dedication. The Jarnagins are old-timers of Lincoln County and have looked forward, as have many others for a long time, to seeing Highway 54 paved.

Mr. and Mrs. Bill Keelin, Mrs. Willie E. Tracey and son Marshall, all of Corona, and Mrs. Edna Tracey of Albuquerque went to White Oaks, as did a number of others, taking a picnic lunch Sunday, and going on in the afternoon to the dedication program, six miles north of Carrizozo.

A 10-mile strip of Highway 54 through Corona was resurfaced this week. Oiling and graveling was done Monday and Tuesday.

Mr. and Mrs. Charles Hughes made a business trip to El Paso Monday. The Hughes will be getting in some new furniture for their new six-unit motel next week.

Mr. and Mrs. Lloyd Jolly and daughter from Albuquerque, and Miss Laura Jolly and Laura Nan Abell from Alaska were visiting friends in Corona last week end. Mrs. Jolly and Laura Nan are daughters of W. E. Abell, at one time superintendent of the Corona schools.

Corona defeated Carrizozo in a baseball game Sunday afternoon on the home field, 10 to 8. Corona also defeated Ancho in a late evening game.

Need Emergency Funds For Victims of Polio

(Contributed) The \$55 million March of Dimes in January was the largest in history, however it fell \$20 million short of meeting the tightly budgeted 1954 polio need for \$75 million. This \$20 million is urgently needed for care and treatment of a record polio case load and the completion of the polio prevention program.

There are a record number, approximately 67,000 polio victims from previous epidemics who need March of Dimes help now for hospital care and rehabilitation. The funds are exhausted in many counties and states.

Lincoln County's funds are low. We have six cases from previous epidemics now receiving help and one 1954 case receiving help. We hope we have no more.

The entire patient care program of the National Foundation for Infantile Paralysis may grind to a halt because 1954 March of Dimes contributions were not enough to meet the increasing demands of the fight against polio.

National Foundation chapters are working desperately to meet all needs. Thousands of stricken youngsters look to the March of Dimes for life-saving equipment, for help in their struggle to walk again. They depend upon you!

Give again, now, that they may fight with reason, with hope, with the help that only you can give.

Give now to the Emergency March of Dimes. Send a donation to the Lincoln County Treasurer of the Emergency March of Dimes—Mrs. Elizabeth MacVeigh, Carrizozo, N. M.

One-third of all donations will stay in Lincoln County. One-third will go for polio prevention research and one third for reserve emergency fund held by the National Office for advance to chapters whose load is too heavy for their funds. All these funds are now bearing exhaustion. Give generously now.

Master of Arts Degree For Edward B. Choate

Edward Burleson Choate of Capitan is to be conferred the degree of Master of Arts at summer commencement exercises Friday evening at Eastern New Mexico University in Portales.

A total of fifty-eight are to receive degrees from Dr. Floyd J. Collier, interim president. The ceremony will take place at 8 o'clock in the University Quadrangle patio.

Mr. Choate has taught in the Capitan schools for four years. He is a past president of the Capitan Chamber of Commerce and a member of the County Advisory Committee on Juvenile Delinquency.

Mr. and Mrs. James E. Harrow of Capitan plan to attend the commencement exercises at Portales. Messrs. Harrow and Choate were roommates when they attended Highlands University.

Travel Continues to Mount at Gran Quivira

Spanish missions and Indian ruins at Gran Quivira National Monument attracted 852 visitors in 251 cars during the month of July and 301 visitors used the camp grounds.

Superintendent Channing T. Howell said the July visitors, whose number represented 80% increase over that for July, 1953, came from 26 states, the Canal Zone, France, North Africa and Siam. Out-of-state visitors represented 42% of the total travel.

The July figure brought the year's total number of visitors to 3305, an increase of 50% over the first seven months of 1953. The displays in the museum were viewed by 95% of the visitors.

Superintendent Howell announces the appointment of Max E. Bone to the seasonal U. S. Park Ranger position at Gran Quivira. Mr. Bone is a resident of New Mexico and has been teaching school for the past eight years. He will assist with the guided tours and other services to the public during the summer travel season.

Gran Quivira National Monument administered by the National Park Service, is open all year, is free to the public and can be reached by traveling Highway 10 from Lordsburg, N.M., or via the recently constructed Highway 94 to Highway 10 north from Capitan.

Further information may be obtained by writing to the Superintendent, Gran Quivira National Monument, Gran Quivira, New Mexico.

National Foundation chapters are working desperately to meet all needs. Thousands of stricken youngsters look to the March of Dimes for life-saving equipment, for help in their struggle to walk again. They depend upon you!

Give again, now, that they may fight with reason, with hope, with the help that only you can give.

Give now to the Emergency March of Dimes. Send a donation to the Lincoln County Treasurer of the Emergency March of Dimes—Mrs. Elizabeth MacVeigh, Carrizozo, N. M.

One-third of all donations will stay in Lincoln County. One-third will go for polio prevention research and one third for reserve emergency fund held by the National Office for advance to chapters whose load is too heavy for their funds. All these funds are now bearing exhaustion. Give generously now.

Rear End Collision Wrecks Two Autos

Three motorists were injured and two cars wrecked early Sunday afternoon in a collision on Highway 380, 2 1/2 miles east of Carrizozo. A '51 Mercury driven by James Bond, 26, of Hollywood, crashed into the rear of a '39 Chevrolet which was parked on the highway. The latter car was driven by Juan Zamora of Carrizozo.

Reports were that Bond suffered fractures of the femur, ribs and shock. Mrs. Aubrey Bond, 59, his wife, received a fractured pelvis and ribs. Both received injuries to his back. All were brought by ambulance to the Carrizozo Hospital.

Eddie Apodaca, State Highway Patrolman investigating, said Bond will be charged with reckless driving and Zamora with parking on the highway.

INSIDE CAPITAL

In agreement with the collections for Pickett, who became alarmed at mounting public indignation and demanded the collections be called off. Pickett resisted until the last, finally succumbed when State Chairman Tom Brown ruled against him.

RACIAL PREJUDICE BURDENS GALLEGOS

Resistance to Jake Gallegos as the Demo nominee for Judge in the Quay-Harding-DeBoca district is about 50-50 racial and State Sen. Henry Eager, Jr.'s too late for Republicans to enter a candidate but some Democrats in the heavily Anglo district think that an independent candidate might beat Gallegos on a racial prejudice basis and with the help of the Eager faction in Quay.

The state senator has been feuding with Gallegos since he served as assistant district attorney. The racial situation, however, didn't hurt Gallegos in getting the nomination from the state Democratic executive committee at Taos last week.

Representatives of the northern counties were dropping ominous hints of what might happen to the ticket if he were turned down.

HOME OWNERS' QUESTION BOX

Q—I have a farm fence more than a mile long. I cannot afford to paint it, and whitewash disappears every year when it rains. What can I do?

A—Apply an exterior wood stain, or, if color is unimportant, use creosote oil. The oil, which will protect the wood against rot, will dry to a dull finish.

Q—I have just bought a house in the country. It is in good shape, except that the old roof has been damaged badly, apparently by the wind. What kind of new roof should I put on for best wind-resistance?

A—There are two recommended procedures for roofs in high-wind areas. One is to use individual or strip asphalt shingles and cement down the tabs with quick-setting asphalt cement. The other is to use interlocking asphalt shingles. These lock together so tightly that the roof covering becomes one piece, in effect, and it's virtually impossible for the wind to lift shingle tabs up.

Q—How can a fireplace be prevented from smoking just after the kindling has been ignited?

A—Hold a burning stick in the area where the smoke chamber and fireplace proper meet. The warmed air will create an upward draft, which will pull the smoke up into the chimney flue.

HOW TO DO IT

Nail Floor Correctly

Attractive, durable hardwood floors continue to be a favorite of American home-owners. Because of the quality of the material, it deserves careful workmanship in construction and good care afterward. American Builder maga-

zine gives this tip for laying hardwood flooring: Drive nails through the tongue side of each piece of flooring at an angle of 45 to 55 degrees as shown in the drawing. Do not drive nails loose with the hammer head, but sink them with a nailer to avoid marring the face of the board.

ALWAYS USE A 16d-27d

Keep trees trimmed to prevent scuffing of the roof by branches or damage by falling limbs.

Do not walk on roofing. When it is necessary for workers to go on a roof, they should use rungs, ladders, or scaffolding.

When it is necessary to remove snow or ice from a valley or roof area, be careful not to damage the roof with tools.

Proper Treatment Of House Roof Adds to Its Life

A new roof is like a new car—the better care it receives, the more attractive it will look and the longer it will last. The owner of a home will get the best return on his roofing investment if he follows a few simple rules of roof care.

Asphalt shingles are an economical, long-lived roofing material, but like any other quality product they deserve good treatment.

Keep gutters, downspouts, and roof surfaces clear of fallen leaves, twigs, and other litter so that water will drain freely and will not back up. Never allow water from a downspout to pour directly onto a roof below; keep the downspout connected to the gutter which drains the lower roof.
