

# RAMP IN AROUND

By PAUL BAKER

Carrizozo has had its first major traffic accident in more than two years. Two cars crashed at the 380 and 54 intersection and six were hurt.

The collision at this point was two weeks after the Highway Department put up new signs on the overpass. Increasing the speed limit from 25 miles per hour to 40 mph. It is reported the action was taken to "clear traffic faster at the intersection."

What should have been done was to LOWER the speed limit another five miles and paint the highway with signs "Dangerous Intersection Ahead". Traffic would have moved slower, it is true, but there wouldn't have been an hour's delay while a tow car and an ambulance moved the wreckage away.

Many insist this intersection is dangerous and should have an overhead caution light installed. Increasing the speed limit is only an invitation to disaster. The Highway Department should take immediate steps to correct this mistake and install proper traffic safeguards.

The News mailed out over a hundred copies of its special Highway 54 edition to Chambers of Commerce in towns and cities along the route of 54 between El Paso and Chicago. Not having the street or post office address, the copies were addressed simply to "Chamber of Commerce," Wichita, Chicago, etc.

Of all the copies mailed, only one came back. It was from Kingman, Kansas, and was labeled "undeliverable because of insufficient address—postage due 3c."

We were never in Kingman, but it can't be too big, judging by the size of type on the highway map. However their post-office must have been feeling pretty important the day they mailed the paper back to Carrizozo.

The point is that only one copy came back. The rest were delivered and speaks highly for the type of service rendered by the post offices up and down the line. The News is especially grateful to the personnel in Carrizozo and over Lincoln County who handle this paper each week. They are friendly and courteous and have been cooperative in every way possible. Thanks again.

Louise Runnels sends this interesting account of a recent "blessed event" in the Chinchilla family being raised by Mr. and Mrs. Fletcher Hall in Carrizozo.

The two Halls, Fish and wife, performed a Caesarian operation on one of the valuable Chinchillas the other day. On close observation they decided the expectant mother could not give birth to her two babies, so needles and thread were sterilized, along with Fletcher's hunting knife. Together they went to work on the suffering mother. Mrs. Hall administered the animal small quantities of ether until she relaxed. Two babies were delivered. One was breathing normally, the other they could not save. The mother was carefully sewed up and hopped off relieved.

The one baby is doing fine under Mrs. Hall's care in her kitchen—eating every four hours—and the mother is OK. Perhaps the Halls need a Chinchilla medal. Those valuable little creatures don't grow on bushes.

John Harkey came back from his fishing trip with an ailment known as "Fishesman's Knee." It is similar to housemaid's knee and is caused by the angler getting down on his knees innumerable times to catch grasshoppers. It is causing John to limp and he says it's quite painful. "Guess I must have overdone it," he says, "but everytime I caught a grasshopper it was good for a fish."

Thanks, Wm. (Billy) Ferguson, for the photograph of Bonito City. It has been placed in our file of old-time pictures. The townsite is now at the bottom of Lake Bonito. There was good running water in creeks and springs in the early days, the mountain scenery was unsurpassed, and altogether life in old Bonito City must have been as pleasant as possible in those pioneer days.

Editor, News: I have had several nice letters and even orders for my "Tales of the Tarasos" as the result of the White Oaks story in which you used my name.

CARRIZOZO, NEW MEXICO, FRIDAY, AUGUST 13, 1954  
(Outlook, Volume 45, No. 15)

Because the driver of the dark car above said she failed to see a stop sign, two cars collided and six were injured last Thursday afternoon. The accident happened at the intersection of Highway 380 and Highway 54 in Carrizozo.

## LINCOLN PAGEANT HIGHLY PRAISED

Approximately 2000 people attended the pageant in Lincoln Saturday and Sunday, witnessing the annual re-enactment of "The Last Escape of Billy the Kid."

This year's presentation was said by many to be the best one to date. Portions of the script were re-written, many actors returned to play their favorite roles and the narrative was smooth-flowing throughout.

Much credit is due the Historical Society for its planning, members of the cast, the narrators, the directors, technicians, and those who furnished the musical background.

A feature of the two-day pageant was an old-timers reunion on Sunday. The Lincoln County Historical Society states that its objectives in presenting the pageant are twofold:

1. That of re-creating an intensely dramatic episode in our history, albeit partly legendary, and
2. That of raising necessary funds for the furtherance of the Society's work.

All proceeds heretofore have gone for the purchase of land, equipment, staging and for construction work. The Society hopes to broaden its activities "so that historical events of our neighboring counties may be preserved in drama also."

## They Walked Into Arms of the Law

Two men engaged in fistfights in Carrizozo Monday night walked into the arms of the law. And that's for sure.

Following the Juvenile Advisory Board meeting Monday night several of the county's law enforcement officers, plus District Attorney Chas. were standing chatting in front of a Carrizozo restaurant. In the group were two State Policemen, Sheriff Glen Bradley, Chief Deputy Albert Richardson and two other deputy sheriffs.

## MOTORIST KILLED IN RED HILL ACCIDENT

Wm. Alec Stacey, 40, of Atlanta, Ga., was killed, and his sister, Lillian Mary Poffley, 47, from England, was injured in a one-car accident at 1 p.m. Monday at the top of Red Hill on 380, 11 miles west of Carrizozo.

The Stacey 1951 Chrysler New Yorker, four-door sedan skidded on wet pavement, ran off the roadway and rolled over three times. It came to rest 192 ft. from the place it left the pavement. Excessive speed was blamed for the tragedy.

Stacey, the driver, was thrown 40 feet from the vehicle, according to the Sheriff's office which investigated. He died on the way to the Carrizozo Hospital, from a basal skull fracture.

Mrs. Poffley received multiple abrasions and contusions. The body of the motorist was taken to the Shaw Mortuary.

## Hearing on Ft. Stanton Lands To Be Sept. 14

WASHINGTON, Aug. 11—What to do with 26,000 acres of valuable rangeland in east central New Mexico?

That is the question Senator Dennis Chavez wants suggestions on when Senate hearings are held at Fort Stanton September 14. The one-time U. S. Marine tubercular hospital at Fort Stanton has been turned over to the State of New Mexico and is operated by the Department of Public Welfare.

The State of New Mexico seeks 12,000 of the 26,000 acres of land surrounding the hospital. The disposal of the 26,000 acres has been held up by the Senate Appropriations Committee which erected a block on any disposition of the land until a thorough study of the matter has been made.

Although he has no pre-fixed ideas about the disposition of the land, the Senator said he is unable to satisfy himself on just why the State needs it to operate a hospital. He said the Mesquero Indians have filed a claim on the land and that many ranchers have suggested various uses for the property.

## SIX ARE INJURED AS AUTOS CRASH

Six were hospitalized last Thursday afternoon following Carrizozo's first major auto accident in more than two years.

Two cars collided at the intersection of Highways 380 and 54. The accident took place two weeks after the State Highway Department placed new signs on the 380 overpass, increasing the speed limit.

According to Sheriff Glen Bradley and State Patrolman Eddie Apodaca, who investigated, cause of the accident was a Plymouth sedan, driven by Mrs. Roy, Commeneau of Clifton, Ariz. Her car ran the stop sign at the intersection and crashed into the center of a DeSoto from Texas which had crossed the overpass and was going west on 380.

Most seriously injured was B. F. Bowman, 82, a passenger in Mrs. Commeneau's car. He was thrown out and his hip was broken. Mrs. Commeneau received cuts and bruises and suffered from shock.

Two hours after the accident, Mrs. Commeneau was fined \$100 in Clarence Shaw's police court. She was charged with running a stop sign.

Roy Commeneau, her husband, in Carrizozo Saturday, stated that the fine was "too high" and that his wife was in no condition to appear in court so soon after her accident.

Officers say that the fine was not out of line, considering the seriousness of the accident and that Mrs. Commeneau was given five days in which to appear in court.

All four occupants of the Texas car were injured. They were: Dr. Raymond Cohen, 49, of Houston, fractured ribs, broken clavicle and contusions of the lower spine; his wife, Mrs. Cohen, 40, cuts and bruises; Morris Stern, 51, of Houston, cut right arm and contusions of both feet; his wife, Mrs. Morris Stern, 39, cut right arm and bruises to right hip.

The cars were wrecked. Buster Smoot, a witness to the accident, told the News that a caution light is needed at the intersection "before someone is killed." "Is the State going to wait until that time before they take action? Then they'll want to take Highway 54 out of town," he added.

## Volunteers Needed For Work Saturday On Swimming Pool

Good progress was made last Saturday, building forms for the cement work on the Carrizozo municipal swimming pool. A number of volunteer workers were swinging hammers until mid-afternoon when a shower ended work for the day.

Another work party is being organized for this Saturday and as many as can do so are asked to come out and lend a hand. Another good day's work is needed to complete the set of forms before they will be ready to take to the site. After the steel is tied, cement can be poured.

A number of high school girls have volunteered to serve sandwiches to the workers at noon. So come on out!

## Capitan Schools Open Monday, August 30

The Capitan Schools will open Monday, August 30, according to an announcement by L. W. Clark, superintendent. Students will be enrolled and returned home by noon on that date. The school cafeteria will open on Tuesday, Aug. 31. Prices will be the same as last year—20 cents for grade students and 25 cents for high school.

All teachers are to attend a general teachers' meeting in the high school library Saturday afternoon at 2 o'clock, Aug. 28. Mr. Clark said.

"Bus drivers are requested to bring their busses to the high school Saturday morning at 10 o'clock, August 28, for inspection by the State police."

## FOOTBALL UNIFORMS

Coch Coach will issue equipment to the boys turning out for football at Capitan on Wednesday, August 18, after 1 p.m.

Three new teachers have been added to the faculty this year: Owen Bennett, music and English; Carl Treat, agriculture and biology, and Mrs. Leola Flingsten, second grade.

## JUDGE DISMISSES MANDAMUS SUIT

In district court Tuesday afternoon Judge W. T. Scoggin dismissed the request for an alternative writ of mandamus directed at the Trustees of the Village of Carrizozo.

The action was instituted by Welcorm Armstrong, relator, through his attorney Geo. Zimmerman to "show cause why the Village Trustees had not complied with the laws of the State of New Mexico and the Village ordinance regarding the collection for utilities."

Attorney Zimmerman called a number of witnesses, to the stand including Mayor Marvin H. Roberts, H. G. Wells, W. L. Burnett, C. A. Snow, Roy Shafer, Mary Johnson and Ruth S. Rickerson. Mrs. Gussie Johnson was not called as a witness.

Defense Attorneys Forrest Sanders and Frank C. Boyce confined their testimony to a cross-examination of Mayor Roberts.

Mr. Zimmerman asked many questions from various witnesses regarding meter reading, procedures in billing for utilities, status of delinquent accounts, number of shut-offs in service, etc.

He endeavored to establish a time when the Trustees became aware of the delinquency of the Steak House (then owned by "Dub" Deatherage) in the payment of its utility bills.

In answer to questioning by Atty. Zimmerman, Mayor Roberts stated that the Steak House delinquency was not called to his attention until May, 1954.

An argument between the opposing attorneys ensued over admitting Ordinance 61 (a utility ordinance) as evidence. Judge Scoggin admitted it as evidence, saying a "final determination of the legal aspects would be decided later."

In his cross-examination of Mayor Roberts, Atty. Sanders attempted to bring out that the Board of Trustees had made every effort to collect the delinquent account of the Steak House and that the number of delinquent utility accounts was not excessive in a utility operation grossing between \$10,000 and \$12,000 monthly.

PEOPLE GETTING SORE ABOUT MONEY DEMANDS  
SANTA FE, Aug. 18 — The candidates don't seem to have noticed it but there's a wind blowing in New Mexico that smells very much like the sap citizens are about to boil over against the continued demand for more and more money by the tax spending groups.

Mail reaching me expressing indignation with the sky's-the-limit attitude of the spenders is at a higher and hotter level than at any time in my experience. Indication of the public feeling was further reflected in the applause from the press and the public that greeted the Taxpayers Association's slam at the New Mexico Educational Association's grab for federal money.

There's reason for the anxiety about public spending. The State Highway Department, it was disclosed last week, is spending three times as much for administration as Arizona, \$2,830,000 here, \$933,000 there, according to a report by the Department of Commerce for the calendar year. The office and engineering cost here is more than twice as high as Colorado which administers a 30% bigger program, two and a half times as high as Utah, and higher than all the states except 14.

School authorities seriously robbed their operation surplus and ignored a decline in school revenue to grant teacher salary increases above the contractual advances the teachers earn each year with tenure.

Political leaders have turned their backs on the simple proposal of opening the lists of welfare clients to public inspection which holds the possibility of reducing costs more than \$3 million a year in New Mexico, at a time that the department is faced with asking for \$2 million more tax money to meet the costs of the next 12 months. (New Mexico would stand to save \$3.4 million a year if the same proportionate reduction were obtained here as followed the opening of the lists in Indiana.)

NOBODY THINKING OF CUTTING DOWN  
All along the line there is evidence of going for more tax money rather than tightening up to meet the declining collections. The vital emergency school tax (2% sales tax) collections produced less in the first half of this year than during the first half of 1953 to record the first slip in more than a decade. The seriousness of the decline is multiplied by an increase of some 10% in school enrollment.

Education authorities met the situation by not only granting arbitrary salary increases but also with a recommendation to increase the maximum teacher's retirement pay from \$150 to \$300 a month and still require no contribution from the teacher.

The development prompted a Raton woman to write the rather difficult to answer question: "Why aren't teachers and other public employes placed under social security like other working groups?"

Public employes pensions were raised by the last legislature from a maximum of \$200 to \$250 a month. Those in the system, however, contribute about half of the cost.

## State Game Warden Attends GPA Meeting

Homer Pickens, State Game Warden, was the principal speaker at last Thursday's bar-becue dinner and meeting of the White Mountain Game Protective Association. The affair was held at the Bonito Store, with 150 in attendance.

Mr. Pickens discussed the recent cut in funds for the Game Department; also the special deer hunt this fall in the Hondo Valley. Colored maps, he said, showing hunting areas may be secured in the near future from license vendors.

Others who gave short talks were Ray Bell of Santa Fe, Marlon Embrey and Roy Owens, district game wardens; Bill Hart, Wesley Young, Arvel Runnels and Mr. Lindamood.

D. H. McClanahan, superintendent of the fish and game commission of Oklahoma was a guest. He said he had been "hitch-hiking around in an airplane with Ray Bell." The Oklahoma official complimented New Mexico on the administration of its game department.

## San Patricio Hunter Traps Killer Coyotes

A male and female coyote, both killers, that have managed to elude government trappers, have recently been captured and destroyed by Roberto Prudencio, predatory animal trapper, of San Patricio.

## September Proclaimed "Sight-Saving Month"

Whereas, good eyesight is one of the most wonderful gifts a benevolent Providence has bestowed upon mankind, and whereas, our eyes enable us to see and know and understand each other and the world in which we live, and whereas, at least one-half of blindness, foe of human vision, can be prevented and thus need not occur,

Therefore, as sensible citizens we owe it to ourselves and those we love to guard our eyesight as we would guard a precious treasure, and,

In cooperation with the National Society for the Prevention of Blindness and the New Mexico Department of Public Welfare, I hereby designate September, 1954, as "Sight-Saving Month" and I call upon my fellow citizens of this community to learn and follow the habits of good eye care, to prevent future blindness for themselves and for their children, and to make it possible for all to enjoy the full benefits of their most wonderful eyes.

MARVIN H. ROBERTS, Mayor of Carrizozo.

## New Service Dept. for Home Appliance Co.

A. R. Hoffman and J. N. Voelker have purchased the service department of the Home Appliance Company in Carrizozo. J. J. Boone will continue to operate the sales end of the business.

Mr. Hoffman has had nine years' experience in refrigeration work and appliance service in Minnesota and Oregon. Mr. Voelker worked in a Cooler refrigerator factory at Duluth, Minn., and for the past year and a half has been doing refrigeration work at the Osceola Range Camp.

They will be available for refrigeration, appliance repair, air conditioning and heating service anywhere in the County.

## Fifty Attend Joint Farm Bureau Meeting

The Hondo and Capitan units of the New Mexico Farm & Livestock Bureau held a joint meeting last Wednesday at the grade school building in Capitan. About fifty were present for the covered dish supper and business meeting following. Chas. A. Jones, presided at the meeting.

Capt. Bill Harris of N. M. M. I. gave an illustrated talk on "Range Grasses." An instructor at the Institute, Mr. Harris has been collecting grasses for years and is an authority on the subject. Major Sykes was a guest at the meeting. He is a new member of Farm Bureau.

The next meeting of Farm Bureau will be in Capitan, September 8, starting with a covered dish supper. Mr. Klepper will talk on the "Vetmobile."

The annual "clean-up" day at the Angus Cemetery will be the second Saturday in August, the 14th.

Those who are interested are asked to come that day, bringing picnic lunch and tools to work with.

## Accidental .22 Shot Wounds Billy Lopez

Billy Lopez, 17, son of Mr. and Mrs. Vick Lopez, is in Carrizozo Hospital recovering from an accidental gunshot wound in his groin.

Billy had gone to Lincoln last Saturday afternoon, planning to take a part in the street scene in the pageant. He was with Gene Garrison, when another younger youth of Lincoln discharged a .22 rifle which was supposed to have been loaded only with blanks.

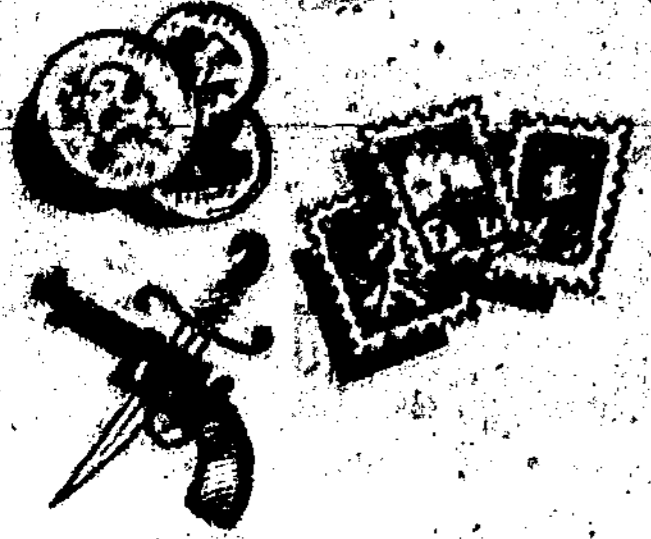

The injured youth was brought to Carrizozo by D. A. Giles, Florence Peralta and Gene Garrison.

## DEMO TELEVISION, REPUBLICAN TROUBLE

Two television stations in Albuquerque will each be carrying an average of 55 programs and spots a week during October for the Demo campaign. The party has reserved time on the two stations to cost about \$16,500; has taken Albuquerque radio time for more than \$4000. Republicans fear that a split in the party between the deposed

**TRES VALLES CLUB FLOWER SHOW AT RUIDOSO SATURDAY**

"In the Good 'Ole' Summer Time" is the theme of the 4th annual Flower Show of the Tres Valles Garden Club, to be held this Saturday in the Ruidoso Grade School Building, from 8 o'clock until 9 p.m.

The general public is eligible to enter both the horticultural and arrangements divisions.

Mrs. W. H. McKinley of Roswell, a member of the club, is chairman of the flower show. Chairman of the staging is Mrs. Wilbur McKnight, club president. She is being assisted by Mrs. John Thomas of San Patricio.

In the horticulture division all entries will be classed as to kind, variety and color, and judged kind against kind, color against color, variety against variety. All entries must have been grown by exhibitor. Containers will be furnished.

This division has six sections, annuals, perennials, bulbs, dahlias, roses and flowering plants. The latter must have been in the possession of exhibitor for three months and includes flowering plants and foliage plants.

The arrangements division has 15 classes, including two for Tres Valles club members.

Division III is six classes of Junior arrangements.

Entries to the flower show will be received August 14 between the hours of 10 and 12 a.m. Late arrivals will not be accepted for competition, but may be displayed marked "not for competition."

Judging will begin at 1:30 and a standard system of judging will be used.

**• PINE LODGE**

Capt. "Chuck" Nelson came in Friday night to visit his family who are spending some time at the Lodge.

Mrs. J. G. Greaves arrived Friday to spend the remainder of August. She is expecting her two granddaughters from Dallas in a few days.

Dr. and Mrs. L. B. Pemberton of Midland, Texas, spent the week end at their summer home here.

Mrs. Fred Middleton of Midland left Monday after an extended stay with friends and relatives.

Mr. and Mrs. Herbert Carlock spent several days visiting friends at the Lodge this week.

Mr. and Mrs. Ralph Bennett and daughters came in Sunday from Amarillo to spend a week or ten days enjoying our cool weather.

The Pine Lodge area has been blessed with approximately two inches of rain in the past week which makes for extremely pleasant weather.

**ARRIVING TOWN**

Mr. and Mrs. R. E. Lemon left Thursday morning on No. 4 for a two weeks' vacation in Washington, D. C., where they will visit their son, Col. M. E. Lemon and family. Mr. Lemon will have a chance to become acquainted with his only grandson whom he has never seen. The baby was a year old last month.

Mr. and Mrs. Charles Jones, Patsy and Walt, spent the week end with the Hendricks family at Flying H, New Mexico. Mrs. Leland Hendricks and Connie Hendricks gave a shower for Patsy Jones, who is to be married August 18.

Mrs. Cora Boone has returned to work at the telephone company after vacationing in Tularosa with her parents, Mr. and Mrs. Sam Dillard, and her daughter and family, Mr. and Mrs. Bill Graham. While visiting her folks they drove over to Lake Valley, N. M., to visit Mr. and Mrs. George Holliday.

Mr. and Mrs. C. M. Francis of Pine Lodge were Carrizozo visitors Monday. Mrs. Francis had a medical checkup while here.

Week end visitors at the Raley Ward home were Mrs. Ward's father, E. S. Corn of Tucson, and a sister, Mrs. Ada Grey, who has been in Arizona for several months; also Mr. and Mrs. Bill Jones and Mr. and Mrs. Dwayne Turner of Farmington, and Mr. and Mrs. Edward Grey and family of State College.

**• FORT STANTON BY MRS. FENNY PARKER**

Mrs. Watson, who is a nurse at Ft. Bayard Veterans Hospital, spent the week end visiting Miss Henslemen.

Miss Barfield and Mrs. Anthony spent a couple of days in El Paso and Juarez, shopping.

Connie and Jack Padilla spent the week end in Las Vegas and Pecos visiting Connie's parents.

Mrs. McKinney's granddaughter, Laura, of Albuquerque, is visiting here.

Jackie Ferguson spent the week end in Cheyenne, Wyo., with his parents.

John McClasky is spending two weeks' vacation in Massachusetts. He will also attend the graduation of his niece.

Miss Hale and Mrs. Price spent Friday in Las Cruces attending to some business and shopping.

Mr. and Mrs. Levett and children left Thursday for a three weeks' vacation trip to Minnesota.

Richard Flores is spending his vacation in San Francisco with his family.

Mr. and Mrs. Montoya spent the week end in Monticello attending the fiesta.

A number of people attended the Billy the Kid pageant in Lincoln Saturday and Sunday nights.

Mr. and Mrs. Melvin Cox and Kenny of Freeport, Texas, are visiting in the Sam Cox home. Mr. Cox is Sam's cousin.

Mrs. Frank Carter, Sally and Buddy, are visiting in the Emmett Womack home.

**• WHITE OAKS**

Recent guests in the R. L. Huffmyer home in White Oaks include Mr. and Mrs. Milton Huffmyer, Karen and Roy, and Bobby John Huffmyer, all of Las Cruces; Mr. and Mrs. Nell Smith and Nella Gaye of Dexter; Mr. and Mrs. Ray Freeman and Pamela of Seminole, Texas; Mr. and Mrs. John Lattell of El Paso and Bob Carter of El Paso.

Mr. and Mrs. Jack Duncan and Patsy of Wynnewood, Okla., and H. C. Starkey and daughter,

Audry of Bakersfield, Calif. visited at the home of E. F. Starkey in White Oaks. Mrs. Duncan was the former Eula Starkey.

Mr. and Mrs. J. R. Taylor and children of Las Cruces visited Mrs. Winnie Roberson and Mrs. Elyn Whitwell.

Mr. and Mrs. Robert Armstrong of Odessa, Texas, were visiting in White Oaks for a few hours. Robert is in the Marines and was on his way to California to report in after a 30-day leave. During that time he was married. His wife accompanied

him to California to remain with him until he is shipped overseas. She will then return to her home in Odessa.

About one out of ten fatal tractor accidents involve children under five years of age.

### IRRIGATION FIELD DAY AUGUST 24 AT TUCUMCARI

New Mexico A & M College's Northeastern Substation at Tucumcari will hold its 4th annual Irrigation Field Day, Aug. 24, according to David H. Williams, who is in charge of the experimental program.

The Northeastern substation is located 2 miles northeast of Tucumcari on U. S. Highway 64.

### 50 HEAD OF GUERNSEYS UP FOR SALE AT STATE FAIR

The New Mexico Guernsey Breeders Association and the Holstein-Friesian Association of New Mexico will hold their annual sales at the State Fair Grounds in Albuquerque, August 16 and 17, E. E. Anderson, secretary of the associations, announces.

The Guernsey Breeders sale will feature 46 head of cows. Six of these will be reserved for sale to New Mexico 4-H and F.F.A. members. Most of the cows are due to freshen in the fall.

The Holstein-Friesian Ass'n is offering 40 bred heifers and young springer cows and 4 bulls in its sale. Most of the females will freshen this summer or fall.

The animals may be inspected at the Fair Grounds prior to the sales—Guernseys at 1 p.m., Aug. 16 and Holstein-Friesians at 1 p.m., August 17.

### NEW MEXICO A & M TO SELL PROVEN HOLSTEIN BULL

New Mexico A & M College's dairy department will offer for sale its proved Holstein bull, Caldary Johanna Hello Begis, at the 2d annual Holstein-Friesian sale in Albuquerque, August 17, B. R. Skaggs, head of A & M's dairy department said today.

The bull, purchased as a calf from the Arden Farms in California, now has so many daughters in the college herd that it is not practical to retain him any longer, Skaggs stated. The herd sire was rated good-plus at 3 years of age.

### 1954 LAMB CROP 17% LARGER THAN LAST YEAR

The U. S. lamb crop of 1954 totaled 20,170,000 head, 17% larger than the 19,000,000 head raised in 1953, according to the Crop Reporting Board. This is the fourth successive increase over the preceding year since the record low lamb crop of 1950.

Although 13% above the 1950 low, the lamb crop is still 10% below the 10-year average.

### RANCH DAY SET FOR OCTOBER 11

The 14th annual Ranch Day, which features a tour of New Mexico A & M College's Ranch and the Jornada Experimental Range, will be held October 11.

J. H. Knox, head of A & M's animal husbandry department, announces.

The event will highlight progress in various phases of research which are closely connected to present livestock production problems.

Representatives of the U. S. Forest Service and Agricultural Research Service, Experiment Station and Extension Service workers and other speakers will accompany ranchers and farmers on the day-long tour of the two experimental ranches and explain research being conducted, at each stop.

### Tests Show How Close Clipping or Grazing Does Damage to Grass

Close grazing or mowing of grass during the growing season—especially in periods of stress, such as drought, or in late fall—may interfere with establishment and maintenance of a good stand.

That's what tests carried out by the Soil Conservation Service at the USDA research center at Beltsville, Md., have shown. Taking off one-half or more of the foliage during the growing season caused grass roots to stop growing for a time after each clipping. This was true for both cool-season and warm-season grass species.

Removal of 40% or less of the

### Nogal Mesa Ram Brings Top Price at Albuquerque Sale

A registered Rambouillet yearling ram, Bobbie Peables of Nogal Mesa, owner, brought the top price of \$415 at the 17th annual New Mexico Ram Sale in Albuquerque last week. The ram was taken to the sale by Mr. and Mrs. H. A. Peables.

Los Pablanos Ranch of Albuquerque purchased the 277-lb. ram, which was above average in staple, size and open face. It weighed 234 lbs.

Prices were disappointingly low for some consignors who exercised the option to reserve their animals.

The ram sale was sponsored by the New Mexico Wool Growers, Inc., New Mexico Sheep Sanitary Board and the New Mexico A & M College.

Ed Nelson of Tinsle purchased a pen of five Columbia yearling rams (Wynn S. Hansen), above average in size, 1/2 blood in grade and average in density, at \$55.

Wynn S. Hansen, Utah stockman, took most of his rams back to Mt. Pleasant.

T. M. Dye, manager of the sales ring in Roswell, was one of the principal buyers at the sale.

foliage, on the other hand, did not halt root growth at all.

A single cutting that removed more than one-half of the foliage was found to stop the root growth for periods ranging from 6 to 18 days. Repeating these severe clippings periodically, as

in a system of rotation grazing, prevented root growth of all the grasses for 25 to 45 days.

### Variety of Crop Pests Still Present in State

In his weekly roundup of the insect situation in New Mexico, E. C. Dobson, extension entomologist at New Mexico A & M College, says stink bugs are working over cotton in various sections of the state.

The spider mite populations are still heavy in corn in Valencia and Bernalillo counties and in fruit orchards throughout the state.

Army worms continue to excite considerable comment state-

## GIANTS WIN LITTLE LEAGUE CROWN

Coming from behind in the Junior Softball Little League World Series, the Giants won three straight games to take the Series crown, four games to three, from the Dodgers.

The Dodgers looked like sure winners when the series stood in their favor three games up and only one loss. With three games remaining to be played the Dodgers needed only one more win to take four out of the seven contests.

But the Giants turned on the heat and took the last three games.

Short scores of the first six games follow:

wide. About 4000 acres of land around Espanola in Rio Arriba County, are heavily infested.

Cutworms are also present in lawns throughout the state and are causing home owners' much concern.

Igus are moving from cotton to alfalfa and vice versa when the alfalfa is cut. Many producers are dusting and spraying for the control of this insect.

Alfalfa fields in Dona Ana and Otero counties are still heavily infested with aphids, but the pests seem to be letting up in Chavez and Doña Ana counties.

Scientists are keeping a step ahead of the housefly, Dobson says. This pest has developed a resistance to many insecticides such as DDT, methoxychlor, chlordane, toxaphene, lindane, aldrin and dieldrin. A new insecticide, malathion, has proven very effective when sprayed in the orthodox fashion or used as a bait-spray.

**NEWSLETTER**

**FISHING REPORT:**  
 The August 3 reports from wardens and patrolmen of the New Mexico Dept. of Game and Fish, describe fishing in some waters of the State as follows:  
 Cimarron—Fishing fair; river loaded with Texans enjoying New Mexico climate.  
 Eagle Nest—Fair; not much more than a mud hole.  
 Brazos—Good; has not been heavily fished because of rains.  
 Upper Rio Grande—Fair; still some good fishing here.  
 Elephant Butte—Fair; water rising slightly.  
 Lower Pecos—Poor. Upper Pecos, fair to good; lots of four-lets; good scenery.  
**FOWL SEASONS SET:**  
 The Game Commission at its August 2 meeting, set the following seasons:  
 Dove—Sept. 1 thru Oct. 10. Ten per day or in possession.  
 Dusky Grouse—Sept. 18 thru Sept. 20. Three per season.  
 Waterfowl (ducks, geese, rails, coots, gallinules, etc.)—Nov. 12 thru Jan. 10. Limits to be set conforming with Federal limitations.  
 Hours on dove, grouse and waterfowl, 1/2 hour before sunrise to sunset. Exception: Waterfowl first day, noon to sunset.

**ELPHANT BUTTE LAKE SITUATION**

Reclamation Bureau Chief W. E. Reisch has informed State Game Warden Homer C. Pickett of a rumor that drainage of Elephant Butte was to cease on August 2. Mr. Reisch declared his sympathy with the Game Department in its concern over the

fish subject to destruction thru draining, but explained that he must abide by the waterusers' demand.  
 At the time of the Commission meeting there were 12,000 acres of fish remaining in the lake. The Commission authorized Pickett to lift or adjust any regulations pertaining to bag limits in that water, and to reinstate the limits at his discretion.  
 Fisheries biologists are at the lake at all times, and will keep the State Game Warden informed of the situation.  
**BEAR CANYON LAKE**  
 The State Game Commission has reversed its June 7 decision to plant Bear Canyon Lake with trout. That decision was made originally at the request of a group of sportsmen. The residents of Silver City area subsequently asked that the lake be left as it is. They argued that with Glenwood Hatchery not having enough water to raise trout, the Game Department could not afford to transport enough trout to their lake to make up for the contemplated removal of rough fish.

**News and Views from Your Nation's Capitol**

By JOHN J. DEMESSEY  
 Representative in Congress

WASHINGTON, Aug. 10.—Partial appraisal of the record made by the second session of the 83rd Congress, which is all that can be made at this time, must begin with financial matters—appropriations and taxation—which directly affect the taxpayers' pocketbooks. They do, of course, have an effect also on our economy, our national security and our international relations. What that ultimate effect will be is in the largely speculative realm now. It will become more apparent later and depend in a great degree upon the constantly shifting trend of world events.

My own appraisal of the appropriations and taxation legislative record in that this Congress took a step in the right direction by reducing taxes and seeking to make an equitable distribution of the cuts among the various tax-paying groups. There were some inequities, which is almost inevitable in the revision of the entire taxation structure, but these inequities can and almost certainly will be adjusted by the next Congress as experience reveals them. I feel the effort made by the Congress was honest and sincere.

In making total appropriations of \$46.1 billion as compared with \$54.5 billion made by the last session, this Congress went about as far as could reasonably be expected, except in regard to the foreign aid program. It is predicted by the U. S. Treasury report of June 30, that there will be a budget deficit of nearly 3 billion during this fiscal year, approximately the same as for last year. It is my feeling that the 3 billion of new money appropriated for the so-called mutual security or foreign aid program could have been deferred until next year, which would have resulted in approximate balancing of the budget for this year. My reason for taking that position is that there are about \$9 billion in unexpended funds available now for that program—more than can be reasonably and judiciously expended this year.

In three important legislative functions with which I have close association as a member of the House Public Works Committee, I feel that this Congress took decisive and highly essential steps that will benefit the entire nation. The largest and most comprehensive federal-aid highway bill in the nation's history was enacted. Its weakness was that it does not make funds available for urgently needed highway development until the 1956 and 1957 fiscal years, not

until July 1, 1956. I believe additional funds should have been available in fiscal years 1954 and 1955 as an immediate step toward reducing the ever-mounting traffic toll in human lives and property—one of the most shameful blots on our escutcheon.

Another Public Works Committee accomplishment was the first omnibus rivers and harbors bill—including flood control projects—to be brought out and passed in five years. Two projects in New Mexico—the Rio Hondo near Roswell and the Sandoa Conservancy district at Albuquerque, were included.

The third Public Works measure was the Lease-Purchase bill which permits the resumption of construction of badly-needed public buildings—including post office structures—for the first time since before World War II.

**LOAN LAW WILL HELP NEW MEXICO**

The bill just passed by the Congress and now before the President for signature which authorizes the Secretary of Agriculture to make or insure loans to individuals or groups for development of water and soil resources will be highly beneficial to ranchers and farmers in New Mexico. Under the terms of the bill long-term loans can be made or insured up to \$25,000 for an individual or \$250,000 for a group "for the purpose of financing the improvement of farm land by soil or water conservation or drainage facilities, structures or practices, improvement of soil fer-

**You'll have a Bigger Car!**

Today's Pontiac is the biggest ever built. In fact, no car near its price provides you with the road-hugging comfort and stability of Pontiac's long wheelbase. And Pontiac's size is apparent, too, in its roomy Body by Fisher that lets you stretch out and relax amid every fine-art luxury, appointment and convenience.

**You'll have the Greatest Beauty!**

Today's Pontiac is the most beautiful ever, with its distinctive Silver Streak styling. And Pontiac's beauty is more than skin deep: inside you'll find luxurious appointments and fabrics usually reserved for much more costly cars.

**You'll have America's Top Value!**

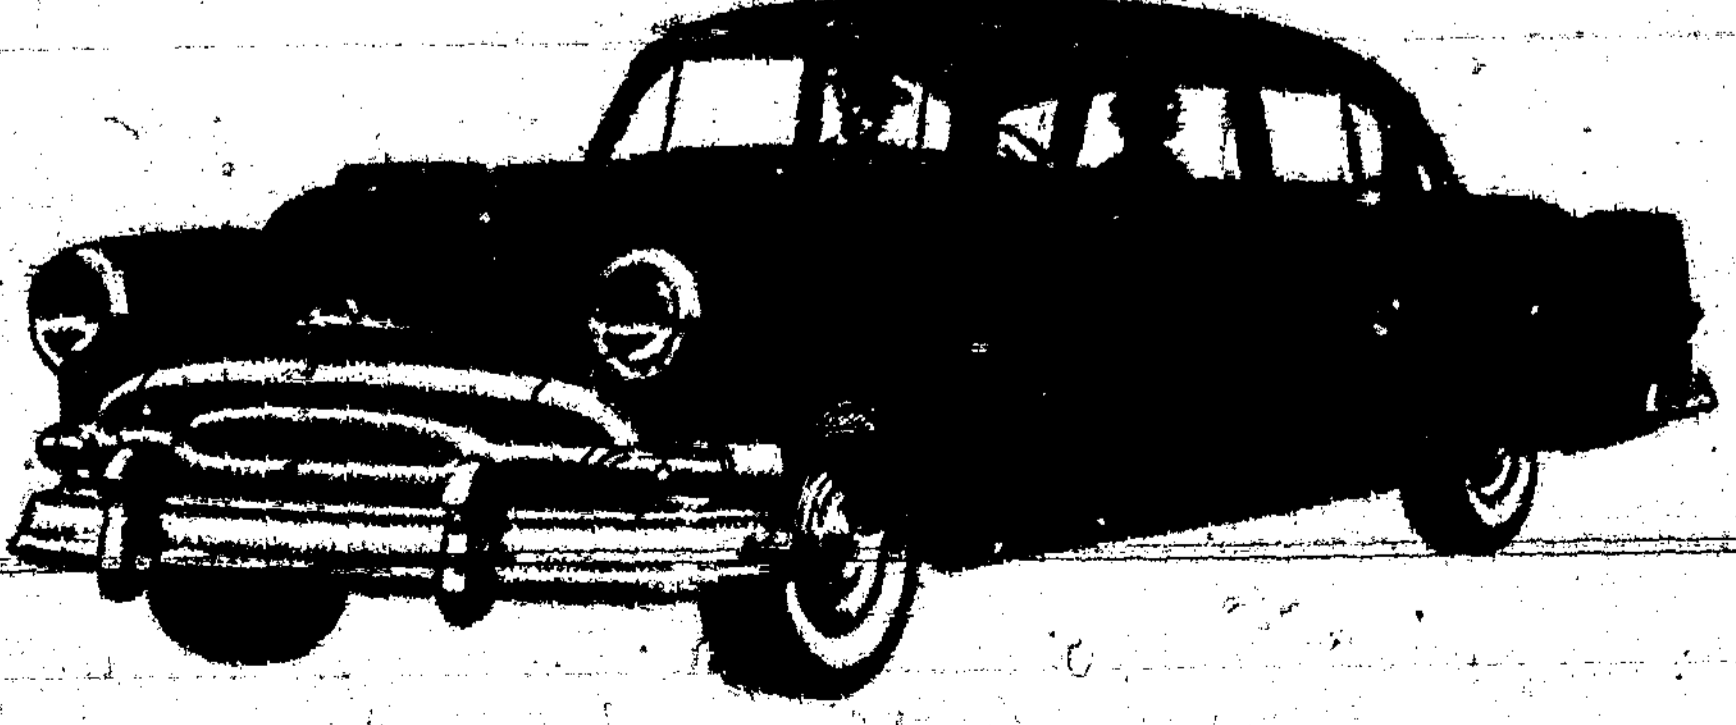

Today's Pontiac is the greatest value ever built. With all its superior qualities, Pontiac is actually priced right next to the lowest—so low, in fact, that if you can afford any new car you can afford a Pontiac. Add to that the fact Pontiac has the highest resale value in its price class and you'll have an unmatched motor car buy. Come in soon.

**You'll have Finer Performance!**

Today's Pontiac is the most powerful ever built. Pontiac's big, bumpy engine puts you in command of more power than you're ever likely to need. You enjoy instant response in traffic, and as you cruise the open road your engine merrily loafs along, saving money every mile and greatly prolonging engine life.

**You'll have World-Famed Dependability!**

Today's Pontiac is the most dependable ever built. Pontiac's record for long life is acknowledged everywhere. No car at any price will deliver more miles of carefree, economical service. This unsurpassed dependability means you can drive and maintain your Pontiac at amazingly low cost, mile after pleasant mile.

## Announce Engagement

Mr. and Mrs. L. A. Basinski of Albuquerque have announced the engagement of their daughter, Miss Jane E. Basinski, to Dan A. Richards of Corona.

Miss Basinski is a graduate of Albuquerque High School and recently took a special course in art. Her father is a business man and president of the Albuquerque Exploration Inc., now engaged in drilling for shallow gas and oil on the Bogie Ranch in northern Lincoln County.

Dan Richards is a son of Mr. and Mrs. Creighton Richards of Roswell. At present Dan is in charge of his father's ranch, which is near the Bogie Ranch, southeast of Corona about 35 miles.

The newly engaged couple plan to be married some time in October.

Mr. and Mrs. Walter Parker from Albuquerque and Mr. and Mrs. Raymond Tucker and son, Russell, from Phoenix, Ariz., were here the past week end. Parker is a brother of Mrs. Alex Jenkins, and Mrs. Tucker is a niece.

Dick Jenkins died suddenly Thursday, Aug. 5, from a heart attack at his home in Los Angeles. Mr. and Mrs. Jenkins were in Corona the first week in July, visiting his parents, Mr. and Mrs. Alex Jenkins.

Mr. and Mrs. Ernest Yandell and daughters, Jo Evelyn and Carolyn, are on vacation this week, fishing at Red River in the northern part of the State. They plan to return by way of Lordsburg for a visit with relatives.

Mrs. Gertrude Watson and friends, Mr. and Mrs. L. E. Smith and son, Bob, from Roswell, made a trip to Gallup last week end. Mrs. Ed Garter of Roswell was here recently, visiting her mother, Mrs. Effie Scoggins.

Mr. and Mrs. Alfred Paasche of Seattle, Wash., and six weeks old son, Alfred, Jr., are here visiting her parents, Mr. and Mrs. Joe Jaramillo, this week. Mrs. Paasche is the former Miss Stella Jaramillo. She was a WAC before her marriage, stationed in Seattle.

Mr. and Mrs. Bill Keelin made a trip to Santa Fe the past week end to visit relatives and friends.

Mr. and Mrs. T. W. James and children took a vacation trip last week visiting and sight-seeing in Santa Fe and Los Alamos.

Miss Peggy Graves of Roswell is here spending this week with her sister, Mrs. Albert Owen.

Leonard Jo, Alton Len, and Johnnie McKibben of Las Cruces are here visiting their grandparents, Mr. and Mrs. J. E. McKibben. Their sister, Wanda, is here also staying with her grandmother, Mrs. W. A. Honeycutt.

W. A. Honeycutt Jr. was here one day last week from "On Top of the World," New Mexico. He is working for El Paso Natural Gas Co., and left Friday night to join a group at El Paso to go to Arizona.

Miss Marietta Sullemeler is recuperating in a Roswell hospital following throat surgery.

Clint Sullemeler, Harry Crow and V. C. Waldons were among the number going to Lincoln on Sunday.

W. A. (Bill) Roper was ill the first of the week, suffering from some form of food poisoning.

Mr. and Mrs. Shorty Roper of Ocoña, Texas, were here visiting relatives and friends last week.

Wayman Mays of Alamogordo was in Corona this week end for his wife and baby who have been visiting her parents, Mr. and Mrs. Jack Davidson.

leaders of Ed Mechem's 1952 organization and the new crowd brought in by Governor-running Alvin Stockton may develop into a repetition of the 1952 situation when Governor Mechem got the votes from the crowd and Pat Hurley, the candidate for the Senate, got the boot. Such a situation this time would put Stockton in the boot role.

Georgia Lusk, the Demo candidate for state school superintendent, has frightened the education department crowd again. She ignored a meeting of school leaders the other day in which her recommendation was to be sought on the replacement of education department division director who is leaving and left town with rumors flying that she was planning to discipline the whole staff.

## BERRYMAN'S FETED ON ANNIVERSARY

Mr. and Mrs. B. C. Berryman were honored with a reception on their 25th wedding anniversary Monday, Aug. 9, at 7:30 p.m. in the Community Recreation room. About thirty-five guests attended and the Berrymans received many lovely gifts.

Hostesses were Mrs. L. H. Cornell and Mrs. Everett Vickrey serving cake; Mrs. Jack Kilpatrick and Mrs. R. B. Ivey serving punch, and Mrs. F. O. Brown, returned to Tucuman Tuesday evening. Mrs. Hodges was a Monday luncheon guest of Mrs. Hardy Shrum. Monday evening she was honored with a birthday party at the Baptist Church.
