RAMBLIN' AROUND

BY PAUL BAKKE

An item in the Ruldoso lews caught our attention last week, It follows:

"Paul Baker, the editor of Lincoln County's only Republican paper, the Lincoln County News of Carrigoso, and the chairman of the Republican party in Lincoln County, Marvin Roberts, who also is mayor of Carrizogo, are at outs over Carrizozo's share of Bonito water allowed them in the deal with Alamogordo after that city acquired Bonito Lake. (Alamo has acquired the rights on paper, that is.) Baker contends Carrizozo isn't getting enough, Roberts says 'tis."

In the first place, the editor of the Lincoln County News and Carrizozo's mayor are not at "outs." We both have grown up to a point where we can have a difference of opinion without being at "outs." The disposition of Lake Bonito and the share in its water by communities now using it is a matter of great concern to all. There is a wide diversity of opinion as to whether Carrisoso must take an allotment of Bonito water, or whether it is entitled to all the water Four Robberies Are needed for the present and future use. Safe Driving Day has been set aside to show that motorists and pedestrians can eliminate traffic accidents by their own action.

The test confronting every community, both rural and urban, will be to remain completely free of traffic accidents for a 24-hour period. If the one day experiment proves that motorists and pedestrians can reduce accidents on that day, it will show that they can reduce them every day of the year.

The "S-D Day" experiment is of vital concern to farm people. Just how vital, is sharply pointed up by the sobering statistics on traffic accidents involving farm people. National Safety Council records show that more farm people lost their lives in motor vehicle mishaps than in any other class of accidents.

To do their part on S-D Day, rural motorists and pedestrians are urged to accept full personal responsibility for complete adherence to these basic safety principles:

Observe the letter and spirit of all traffic regulations. Be courteous to every driver and pedestrian-practice sportsmanship,

County Postmesters Met in Hollywood

The postmasters of Lincoln County held their semi-annual meeting Sunday afternoon, Nov. 21, in the home of Mable Wimberly, in Hollywood, N. M. Several subjects were discussed

at the meeting, the one receiving the most attention being ways and means of handling Christmas mail. It was unanimously agreed that the quick dispatch of Christmas mail depends entirely on the public. Those who mail their cards and packages early can do more to help the usual last minute rush than any other factor.

A buffet dinner, consisting of turkey and all the trimmings

was served at 5 p.m. Those present were Arthur P. Bryant, post office inspector, of Roswell; Mary McCullough, postmaster, Roswell: Corrine McNatt, postmaster, Mescalero, and the following Lincoln County postmasters: 'Ann Earling, Capitan; Joe Hobbs, Ft. Stanton; Herman Kelt, Carizozo; Dorothy Parnell, Green Tree: Mable Wimberly, Lincoln spent a few hours at Hollywood; Gladys Nosker, Glencoe; Virginia Guest, Tinnie; Louise Babers, San Patricio; Mrs.

Guests were: C. V. Cunningloon League of New Mexico as man, clerk, Carrizozo; Fran Luallin and Mary Halladay, clerks, Hollywood; Mrs. Oney Ramon, Mrs. Carolyn Worthington, Jack Earling, Wilbur and Lee Wimbearly, Jack Parnell, Tom Babers, J. E. Phillips, Stanley McNatt and Forrest Lindamood.

Survey Finds Water of Many Towns Deficient

SANTA FE, Dec. 30-As a result of surveys recently conducted-by-the Dental Health DIVIsion of the New Mexico Department of Public Health, it was found that Santa Fe Junior High School students have four times as much tooth decay as students of the same age in Belen.

This is evidently due to the fact that Santa Fe has little or no fluoride in its water supply, whereas Belen has just enough to prevent tooth decay in children using this water all their of

EDITOR'S NOTE: Born in Pendicton, Oregon, Ned departed the tall timber to take a job writing sports on the Los Angeles Dally News. Me has been associated with this organization for more than 25 years. He was named sports editor in 1958, and at the age of 28 years youngest sports editor of a metropolitan newspaper in the nation.

I have been a dismayed witness to some pretty whacky deci-sions during 25 years of maintaining an observation post in one of the most lively sectors of the aports realm.

I bring it up only to add weight and distance to my firm conviction that the uncrowned champions in the field of underprivileged thinking are the high-domed scholars who make up the faculty group that formulates the athletic

policies of the Pacific Coast Conference. This doubtful distinction was earned only after a bitter fight. But once the faculty representatives put their skulls to the wheel they rolled up a score that will be et ched in sports archives as the outstanding example of masterminding in reverse.

If there was any hesitancy over awarding the Coast Conference professors the title, it was erased once and for all when they adopted a suggestion made by the big 10 that no team be permitted two consecutive appearances in the Rose Bowl. Questions Auswered **About Price Supports**

Will crop loans and purchase agreements still be available for 1955 production, even under the new adjustable price support

The answer is "Yes." One common question is: "Do all basic crop price supports drop to 82%% of parity for 1955? In answer to that, U. S. Department of Agriculture spokes- home.

men have emphasized that there is no basis in fact to the charge that price supports would "drop out from under" basic agricultural commodities in 1955,

Department spokesmen have said that "necessary moderate adjustments will be made gradually, and in line with realities of the supply situation."

Under existing law, supports on basic commodities can be set at or anywhere between 8234% and 90% of parity. Supports will depend on supplies of the commodities involved, but as of October 21, the picture for 1955 with regard to the six basics looked like this:

CARRIZOZO JUNIORS TO PRESENT PLAY

BY JOAN THICK

The Carrizogo High School Junior class will present a threeact play, "No Boys Allowed," on December 10, 1954 in the Carrizozo High School Auditorium at 8 p.m. The play is about a girls' slumber party which takes place in the Baxter home.

Rita was through with Fredabsolutely—especially after she bye at the airport. Of course, Fred claimed she was only his cousin, but blondes like that are nobody's cousin.

There will be a matinee performance on Friday, Dec. 10, at 2 o'clock in the afternoon. The admission prices for the play are:

Matinee Performance-High School Students, 25c Grade School Students, 15c

Night Performance-Adult Reserved Seets, \$1.00 Adult Regular Seats, 60c High School Students, 40c Grade School Students, 25c

Then Fred breaks in on Rita's slumber party, which is strictly a "No Boys allowed" affair and pleads with her to take him back. So Rita calls in Keith and Harvey to guard the girls against any farther intrusion, but they have a better idea and steal the eats, making it look as if Fred and his pal Leroy are the culprits.

Then Keith, who is anxious to date kita for the school dance, has Harvey scare the girls while he dashes in and plays the hero. The only trouble is, Fred has the same idea to get back in Rita's good graces, and has Leroy dress up as a ghost.

But the girls are not quite the sissies the boys think they are and they manage to tie up Fred and Leroy, while the intruder escapes. Undaunted, Fred gets free by promising to take Belinda to the school dance. Then he and Leroy steal some of the girls' clothes and slip into them. He's still determined to see Rita. and it is a wonderful scene when they try to pass themselves off

as girls at the slumber party. Tickets can be obtained from any member of the Junior Class. THE CAST

I'm thankful, Lord, Upon this day, That what I think I dare to say. Regardless of creed Or color or race A man may live In a peaceful place:

I'm thankful for A friend or two Loyal, loving, Tried and true.

Thankful Lord. That on this day We may worship Each in his humble way. Thankful for all These things So abundant 'neath Our Eagles' wings-

For friendly waters That wash our shores-For kindred countries That guard our doors-Majestic mountains; Rolling plains; Thriving cities; Country lanes.

Help us keep Old Glory high Proclaim our Freedom to the sky. Respect for our flag At home and afar Our Star-Spangled Banner-God Bless every star! Lord help us Lest we lose the way Help us keep Thanksgiving Day.
