RAMBLIN' AROUND

BY PAUL BAKER

In spite of the efforts of several citizens of Carrizozo to arrange a meeting with heads of the State Dental Board to discuss Lincoln County's need for a dentist, to date they have been unable to arrange for such a meeting. A promise was made a week ago that such a hearing would be held, but nothing came from it. If those at the head of the State Dental Board are too busy or too indifferent to consider this matter further, then they should resign. The Board might be excused for standing pat on a pile of examination papers, but certainly not for neglecting to take an active interest in helping secure a dentist that Lincoln County greatly needs.

One of the most striking examples of how care in marketing produce pays off is shown in another article on this page. The organization of the White Mountain Fruit Growers Association, with nearly twenty fruit growers participating, brought to an end the marketing chaos that formerly existed when the growers had no orderly method of packing and selling their produce. They were pretty much at the mercy of buyers who came along at picking time.

The fruit packing shed was a big step and an expensive one, but it is paying dividends this year and will continue to do so in years to come. Unfortunately, a number of members lost their crops because of a late freeze, but another year is coming and let's hope it is the biggest one in the history of the Three Valleys so that the growing number of orders for their excellent fruit can be filled.

The News will publish in its soil conservation issue next week pictures and a brief article of the White Mountain Fruit Growers Association packing shed and the care that is taken in this modern plant to insure proper grading and packaging of the apples which have been going to market for the past several weeks.

In a letter to Charles A. Jones, chairman of the Lincoln County Farm & Livestock Bureau, Tom Guck thanks the organization for choosing him for a scholarship award to New Mexico State.

"It will be a big help in starting my college education," he wrote. "Some day I hope to prove that your choice was not a mistake, and repay the members of the Farm Bureau for their investment in me by trying to make a good record at school."

The long-awaited suit by Roswell interests to stop diversion of water from Bonito Lake has been filed in district court. It is said those opposing will have 30 days in which to file answers. We can't go along with the Roswellian theory that it is the duty of Lincoln County to recharge the Roswell Artesian Basin. That basin, which once held plentiful underground water, has been depleted by several dry years and by heavy pumping. Roswell, like Alamogordo, is reaching out for additional sources of supply wherever they may be found. Our theory is that the water that Lincoln County produces should remain in the county for its maximum beneficial use. The surplus, if any, could be diverted elsewhere.

Mr. and Mrs. Paul W. Hart and Mr. and Mrs. Ray Aldrich of Roswell were interested visitors at the Jackson Day Dinner Sunday in White Oaks. Mr. Hart brought an envelope which had been addressed to J. B. Slack, at one time an undertaker in White Oaks. He now rests in its well-kept cemetery. The envelope bore a five centavo Mexican postal service stamp and was postmarked Sept. 13, 1900. The letter was delivered to White Oaks by the Wells Fargo Express of Mexico, with a notation on the envelope reading "Para Caritas 1/2 of a los Estados Unidos Exclusivamente."

There are fish stories, tales about Texas, deer stories, the kind that little boys tell their mothers, snake and bear stories. Jim Ramsey of Lincoln sends us one about his experience of killing a bear with a bow and arrow. It's a true story and a good one, but rather lengthy, and we'll have to save it for our issue next week.

Further plans were made last week in Carrizozo for the completion of the Mal-Pais Roadside Park, a project of the Carrizozo Woman's Club. Standing on the site of the park are Jim Stumpf, State Park maintenance superintendent; Mrs. C. E. Degner, president of the Woman's Club; Mrs. C. A. Snow, past president; and Lee C. Robinson, State park superintendent. The roadside park is to be equipped with picnic tables and an outdoor fireplace.

GOP BARBECUE AND RALLY IN RUIDOSO

Beginning with a free barbecue at 11 o'clock in the morning, a Republican political rally is to be held in Ruidoso Saturday, October 1. State, national and county candidates are expected to attend the rally, including Gov. Ed. Mechem, Alvin Stockton, Warren Coban, Charles Battiste and M. B. Johns, GOP state chairman.

The barbecue will be served from 11 a.m. until 2 p.m. A meeting was held in Capitán Wednesday evening to complete plans for the rally. Marvin H. Roberts, county chairman, presided.

SCOUTS ON TRAFFIC PATROL SATURDAY

Carrizozo Boy Scout Troop 53 will patrol the streets of Carrizozo on Saturday. It is the Scouts' annual patrol day and motorists and pedestrians who get out of line traffic-wise can expect to have justice dealt out on the spot in the way of a small fine.

Scout Patrol Day has been authorized by Mayor Marvin Roberts. State Highway Patrolman Eddie Apodaca has given the Scouts some pointers on traffic rules and safety on the streets. So watch that jaywalking Saturday or it may cost you a little change. The Scouts will use the fines for various Scout funds.

UNDEFEATED TEAMS MEET IN RUIDOSO

Two undefeated county football teams meet Friday afternoon in Ruidoso when the Carrizozo Grizzlies take on the Ruidoso Warriors.

Both teams have a strong and versatile backfield. Carrizozo is believed to have an edge in line play, while Ruidoso has a pair of ends who have been hard to stop. The answer to victory may be in the air and the all-important points after touchdowns, of which there will probably be several during the afternoon.

CAPITAN VS. TATUM

Capitan takes on Tatum in a 1:30 p.m. game on the Tiger field. Tatum won an encounter with Plains, Texas, 12 to 0. Poles for lights on the Capitan gridiron have been set and shipment of the lights is expected any day. The Tigers have two home games coming up, one with Ruidoso October 3 and another with Corona Oct. 8. They play Tularosa there on October 15.

CORONA VS. ESTANOLA

The Estanola Bears, losers in two outings this far, take on the Corona Cardinals Friday at 1:30 on the Corona field. The Cardinals are undefeated, having romped over Mountainair 38 to 0 and Vaughn 20 to 0.

Do You Want to Study Shorthand or Typing?

The Carrizozo Public Schools will again launch a program of adult education classes, if there is enough public interest.

Last year courses were offered in typewriting and shorthand. R. G. Firman, superintendent, requests all adults anywhere in Lincoln County who are interested in such courses to register in the superintendent's office as soon as possible.

If enough interest is shown, classes will be started as soon as possible. The fee will be approximately \$10 per course, plus the cost of textbooks, workbooks or similar materials.

HIGHWAY 54 FALL MEETING OCTOBER 8 AT KUREKA, KAN.

Jean D. Fretz, president of the National Highway 54 Association, advises that the fall convention will convene at 10 a.m., Friday, October 8, at Kureka, Kansas. He urges all interested to make every effort to attend.

LAVA WATA is the owner of Reddy and Vernon Potts to Carrizozo's north highway. A three bedroom unit has been moved onto the tract and two more are expected to be placed on foundations this week and. The Eding Apodaca family has already moved into one completed unit and several other families are reported ready to move in as soon as the duplexes are finished. They rest either finished or unfinished.

LIONS TO PUT UP FOOTBALL STANDS ON GRIZZLY FIELD

The Carrizozo Lions Club is using part of the proceeds from their recent chuck wagon supper to buy two bleachers for the Grizzly football field.

Truman Spencer Jr., club president, told the members at their meeting Monday night that a section of bleachers from the rodeo grounds near Capitán could be purchased for a nominal sum. He was authorized to spend up to \$100 for them and several members volunteered to help move the bleachers and set them up on the athletic field in Carrizozo. It is hoped the work will be completed in time for the next home game.

L. Z. Manire, secretary, said approximately \$400 was netted from the chuck wagon supper and entertainment. Plates of barbecue dinner were served to 325.

Guests introduced were W. T. Scoggin, judge of the Third Judicial District, and Ralph Curry, assistant trainmaster for the Southern Pacific.

Judge Scoggin spoke briefly. He complimented the Lions Club for helping the high school in its athletic activities. "But don't stop there," he counseled. "Remember the 8-year-olds and the ages in between." Carrizozo and Capitán, he said, had more juvenile delinquency problems than anywhere else in the county. "And your troubles here will multiply if the Army installations continue to build up."

Judge Scoggin has been actively interested in youth problems for several years and his Advisory Committee on Youth Problems in the Third Judicial District has met with such success that it is being patterned after elsewhere.

Juvenile delinquency in Dona Ana County has declined appreciably in the past three years, he said. "Only one out of 20 of youthful offenders have been repeaters during the past year," he said. "The national average is one out of three."

Donald Nett said there was considerable interest among boys he had talked to about forming a club to affiliate with the Junior National Rifleman's Association. One of the purposes of the organization is to teach the proper care and handling of firearms to prevent accidents.

The next meeting of the club will be October 4 at the Carrizozo Country Club, with S. M. (Sally) Orlik, in charge of arrangements.

HOT SPRINGS EDITOR NAMED IN LABEL SUIT

Paul O. Tooley, editor of the Hot Springs Herald, has been named a defendant in a libel action filed in Seventh Judicial District Court, by Coak Johnson, chairman of the board of Carrizozo Hospital.

Johnson based his suit on an article in Tooley's column of August 27 in which the editor charged that Johnson had ordered a news blackout to the press. Johnson's complaint stated that he had been damaged \$27,500.

Pictured above are four award winners at Saturday's Achievement Day in Capitán. From left to right: Jimmy Minter and his trophy for swine showmanship; Tom Guck and his A&M scholarship award; Douglas McKnight, showmanship for sheep; and Glenda Peters, calf showmanship.

Trustees Hear Report On Town Water Wells

At a special meeting Wednesday afternoon, the Carrizozo town trustees took under advisement a report on water supply development submitted by the engineering firm of W. F. Turney and Associates.

The report dealt principally with tests made at three existing well sites, as follows: The Gibson well, located approximately 2 miles east on Highway 380; the Country Club well, approximately one mile east on Highway 380, and the Texaco Service Station well, about a mile south on Highway 54.

The Gibson and Country Club wells were pump tested for quantity and draw down of water and all three wells were tested for quality of water.

According to the report, the water analysis on the Texaco well was the best. The report stated that "in general the Texaco well has a better quality of water than the other two wells. Particular attention is invited to the chloride, sodium, sulphates, iron, hardness and total solids. A hardness of 530 parts per million (82 grains) exists at the Texaco well."

"Fluorides," the report continued, "which result in teeth mottling when excessive and very beneficial when limited, are present in ideal quantities as recommended and added by several municipalities in the United States."

A table shows the comparative hardness (parts per million) in surrounding areas:

Area	PPM
Alamogordo (La Luz)	817.5
Bonito	179.5
Capitan	1660.5
Roswell	672.2
Tularosa	923.8

The report stated that a study indicated the Texaco well was in a rather large area of "good water" and recommended that a "new well be drilled and that no attempt be made to purchase and use an existing well."

Packing Shed Apples Bring Good Prices

Prices received for apples was discussed at the weekly fruit growers meeting Monday at the packing shed of the White Mountain Fruit Growers' Association.

A. T. Pflingsten gave a report on sales of \$44,027 from 9,270 bushels, and stated that the average sale price on all packed-out bushels has been \$4.75.

The present prices on Red Delicious at the shed are \$6 for Fancy; \$5.50 for No. 1; \$5 for half-grade and \$4.50 for utility. Present commitments will take all the other Red-Delicious apples run through the shed. One of the major buyers of apples this year has been the Safeway stores of El Paso. E. B. Link of El Paso, indicated that he could handle all Winesaps.

Clyde Keaton, extension marketing specialist, gave a report on the Espanola area, saying that the growers were selling their best apples for \$3; \$1.25 for small apples and \$1 for culls. He reported the Farmington area has a large crop and are unable to sell them.

FIRST SIGNALS APPEAR ON NOVEMBER VOTING

SANTA FE, Sept. 22.—First estimates of the trend of the 1954 campaign are beginning to develop with the voting less than six weeks away.

Politicians and the ordinary spectators are coming to agree that at this point it looks something like this:

Republicans: Strong in the northeast corner, Union, Colfax, Mora, Harding and San Miguel; strong in the northwest San Juan, with a possibility of again holding their own in the old Democratic bastion of McKinley; strong in the Third Judicial District, Dona Ana, Otero, Lincoln; slipping seriously in Santa Fe which for a dozen years produced the party's biggest majorities; doubtful in Socorro and Valencia.

Democrats: Enjoying a resurgence of the crushing Democratic power in southeastern New Mexico that almost made this a one-party state, Eddy and Lea counties leading the movement; Quay, Curry, Roosevelt and De Baca showing signs of following along; Chavez county in the area still looks like a holdout with the possibility of returning a Republican majority; returning to their old strength in southwestern New Mexico—Luna, Hidalgo and Grant—which wavered in the Ike election of 1952.

Big Benaville is still very much in doubt. Observers here that Republicans must carry the county substantially to win.

Dorothy Ann Moore United in Marriage to George Leland Straley

The home of Senator and Mrs. J. G. Moore was the setting of a Sunday ceremony, uniting in marriage Miss Dorothy Ann Moore and George Leland Straley Jr., son of Mr. and Mrs. George Straley of Ancho. The double ring ceremony was read by the Rev. G. E. March.

Pink and white candles in tall candelabra and bouquets of pink and white carnations with fern formed the background setting.

Miss Barbara Jan Hurley played "Always" and traditional wedding music during the ceremony.

The bride was given in marriage by her father. She wore a ballerina length gown of champagne lace and nylon tulle over satin, fashioned with a sweetheart neckline and matching mitts. Her fingertip veil of illusion fell from a coronet of lace and seed pearls. She carried her white Rainbow Bible, topped with a white orchid.

For something old she wore an old coin in her slipper; for luck, something new were pearl earrings, a gift from the bridegroom. Pinned to her petticoat was a heart-shaped sachet borrowed from Mrs. Thomas Knight. The blue garter was a gift from a cousin of the bridegroom, Miss Jo Ann Straley.

The bride's only attendant was her sister, Mrs. David Williams. Her gown was Nile green lace with matching stole. Her accessories were pink and she carried a colonial bouquet of pink carnations.

Pete Straley, brother of the bridegroom, was best man.

For the ceremony the bride's mother chose a beige knit dress with brown accessories. Bronze and yellow mums made up her corsage.

Mrs. Straley, mother of the bridegroom, wore an aqua nylon dress with white accessories. Her corsage was pink carnations.

A reception at the Carrizozo Woman's Club followed the ceremony.

The bride's table was centered with a tiered wedding cake decorated with pink roses and all-weather candlesticks held pink tapers at each side. The table was spread with a lace cloth.

Mrs. Albert Roberts presided at the guest book.

Assisting in serving were Mrs. Pete Johnson, Mrs. L. Y. Jackson, Mrs. Thomas Knight, Mrs. Marvin Roberts, Mrs. Gene Endolph and Miss Jo Ann Straley.

Those present from out-of-town included Mr. and Mrs. L. Y. Jackson, Mrs. Kate Straley, and Mr. Pat Driskell of El Paso; Mr. and Mrs. Ezell Clarke and Repr. L. S. Drake of Ruidoso.

The newlyweds left on a wedding trip to Colorado, with the bride wearing a pink suit with navy accessories and a white orchid. They will return to make their home at the C. S. Straley ranch in Ancho.

MORE ENTRIES THIS YEAR AT JUNIOR FAIR

Open Flower Show Added Feature

Though attendance at Achievement Day last Saturday in Capitán was down slightly from last year the exhibits were better, with 4-H work being shown in the departments other than the flower show.

The livestock exhibits were especially good, indicating that the boys and girls did put in considerable time on their animals.

Several of the livestock entries will be exhibited at the Eastern New Mexico Fair in Roswell, with the first place foods and clothing exhibits being shown at the State Fair.

Tom Guck, Capitán high school senior, won the top Award of Achievement Day—a scholarship given by the Lincoln County Farm & Livestock Bureau, to encourage interest in agriculture and home making among high school boys and girls. Tom will use the scholarship in studying at New Mexico A & M College toward a degree in Agriculture. The women of Lincoln County's Farm Bureau are themselves raising the money for the \$120 scholarship. A food booth at Achievement Day netted approximately \$60. It is planned later to have a box supper.

Penny McKnight of Capitán had the first place fat calf, with Mary Guck of Capitán taking the first place in the fat lamb class.

Glenda Peters, also of Capitán, had the second place calf and was awarded the beef showmanship trophy.

Douglas McKnight won the sheep showmanship trophy and Jimmy Minter the swine showmanship trophy.

The trophy cups were donated by Mr. and Mrs. James E. Harcrow, Leroy and J. P. McKnight and the Capitán FFA.

The Carrizozo High School band entertained during the afternoon and the day was concluded by foot races for youth of high school age and under.

Achievement Day was sponsored by the Capitán Chamber of Commerce, assisted by other agencies, the Upper Hondo Soil Conservation District, County extension offices and the Capitán schools.

In a short talk before the presentation of the trophies, D. O. Murphy, president of the Capitán C. of C., explained the purpose of the Junior Fair was to encourage young people in agricultural and home making pursuits. He thanked the agencies that cooperated in making Achievement Day a success.

The showmanship trophy for sheep was presented Douglas McKnight by LeRoy McKnight. Earl Harcrow gave Glenda Peters her calf showmanship trophy and Carl Treat presented Jimmy Minter's trophy for swine showmanship.

On behalf of Farm Bureau, Ernest McDaniel awarded Tom Guck his scholarship.

The sack race was won by Mary Ann McKnight and the three-legged race by Penny McKnight and Shorty Jones. Coach

GRIZZLIES ROLL TO 32-6 VICTORY OVER MOUNTAINAIR

The Carrizozo Grizzlies rolled to victory over the Mountainair Mustangs, in an evening football game in Carrizozo last Friday, 32 to 6. All of the Grizzly reserves saw action during the contest.

The Carrizozo High School band entertained during the game at half time with a marching number and drill on the field.

The game was marked with strong defensive play on the part of the Grizzly linemen. It was a line that would not give and Mountainair was forced to take to the air.

Carrizozo won the toss and elected to receive. On the first play of the game, Tingo Gallegos kicked out 12 yards and Tom Barnett followed with 16 yards to the Mountainair 43-yard line. The Mustangs recovered a Zozo fumble and after two tries at the line and an incomplete pass punted to Zozo's 27-yard line. Leroy Sidwell, Barnett and Gallegos alternated in a touchdown drive, Sidwell carrying over. Nattie Palomarez poked up the pass from center and ran over for the point after touchdown.

Sidwell's kickoff was returned by Mountainair to their 20-yard line. The Mustangs were again forced to punt with fourth down and 13 to go. Redfern's kick went out of bounds on the Mustangs 40-yard line as the quarter ended.

SECOND QUARTER

Second Quarter—A pass from Robert Vega was incomplete but another hit Tom Barnett for 14 yards. Mountainair recovered a Zozo fumble, but was unable to make a first down and quickly kicked to the Mountainair 33-yard line. Gallegos cracked thru for 20 yards. Mountainair recovered a fumble, but again was forced to kick. It was a poor one and the Grizzlies took over on the Mustang 30-yard line. Gallegos broke through for 18 yards and Barnett skirled right end for a touchdown. The try for point was blocked.

Score Carrizozo 13, Mountainair 0. A short kick by Palomarez was returned to the Mustang 48-yard line. A forward pass was incomplete. A line plunge lost 3 yards, and a third try gained back a yard. The pass on 4th down was incomplete.

Sammy Steadham passed for 10 yards and a first down. Four other passes were incomplete as the half ended.

CAPTAN TIGERS BOUNCE BACK TO WIN FROM ESTANCIA

The Capitán Tigers surged back in the victory column last Friday with a 12 to 0 victory over the Estancia Bears on the latter's home grounds.

The first half was marked by frequent passing by both teams. Estancia worked the ball down to the Tiger 10-yard line in the closing minutes of the first half. Capitán held for downs and an Eddie Womack pass to Joe Gallegos brought the ball past the midway stripe as the half ended with the score 0 to 0.

The Tigers started a touchdown drive the last part of the third quarter. A 40-yd. run by Arthur Salas put Capitán in scoring position on the Bears 25-yd. line. Jim Payne carried through to the 3 and two plays later Womack passed to Gallegos for a touchdown. The try for point was no good.

In the middle of the 4th quarter, Womack intercepted a pass on the Tiger 10-yd. line and ran the ball back 50 yards to the Bear 30. He was assisted en route by good blocking. Arthur Salas hit tackle for 25 yds. to the Bear 5 and another line play at the same spot yielded a Tiger touchdown. The try for point was wide.

Estancia had the ball on their own 40-yd. as the game ended. The breaks of the game were about even. Each team intercepted five passes during the contest and both exchanged fumbles two times.

Tom Guck and Sonny Herrera ed the ball into the end zone and it was put into play on the Mustang 20-yd. line. Three passes were incomplete and the Mustangs punted, Barnett carrying back to the Mountainair 49-yd. line. There was a 15-yd penalty on the play for roughing the kicker and Mountainair took over. Again the Mustangs punted, Zozo taking it out of bounds on their 47-yd. line. Palomarez, Gallegos, Sidwell and Nowell alternating, carrying the ball to the Mountainair 8-yd. line. The Mustangs again recovered a Carrizozo fumble. On the next play, Barnett intercepted a Mustang pass and ran 15 yards to a TD. The try for point was no good.

Score, Grizzlies 19, Mustangs 0.

Sidwell Kicks Off Sidwell kicked off and Mountainair returned to their 27-yd. line. Nowell made a nice return of a punt to the Mustang 25-yd. line. A pass, Vega to Nowell was incomplete as the quarter ended.

Fourth Quarter—Carrizozo lost the ball on a fourth down incomplete pass. A number of substitutions were made in the Grizzly team. Mountainair made first down on a pass, Redfern to Esquivel. Another Redfern pass was intercepted by Albert Lucero who returned to the Mountainair 30-yd. line. Tingo Gallegos broke through and scampered across the Mustang goal line. Nowell's try for point was good.

Score Carrizozo 26, Mustangs 0.

Mustangs Score Mountainair took Sidwell's kickoff on their 30-yd. line. McNeill made it first down on a crack at the right side of the Zozo line. Redfern passed to Perle Miranda who ran to a touchdown. The total gain was 56 yards. The try for point failed.

Score, Grizzlies 26, Mustangs 6. Nix kicked off for the Mustangs and Gallegos returned the ball 26 yds. to the Mountainair 49. Two plunges by Vega and one by Nowell were good for a first down. Barnett and Sidwell ran the right side of the Mustang line for 7 yds. and Leroy Nowell skirled left end for a 25-yd. touchdown run. The try for point was blocked. Palomarez again kicked over the Mustang goal line. The Torrance county boys made another first down on a 25-yd. pass, Redfern to Esquivel. Redfern's pass was incomplete and another one was good for 6 yds. as the game ended, with the final score Carrizozo 32, Mountainair 6. The Grizzlies chalked up 13 first downs against 3 for the Mustangs.

STATE NEWS

STATE TO CRACK DOWN ON CAR ACCIDENT REPEATERS

SANTA FE—A new program designed to save lives on highways has been launched by the New Mexico's Driver's License Branch, Commissioner of Motor Vehicles Tony Luna Jr., has announced. Beginning Oct. 1 drivers whose license record indicates that they are repeaters in traffic accidents and violations will be given special examinations and informal interviews by driver improvement analysts. The purpose of the driver interviews and special tests is to find out why the drivers have had records and then to advise ways and means to change the driver. Should the driver's attitude not change for the better or if he fails to otherwise improve, his license will be suspended for the protection of other highway users.

Five New Mexico men have been selected from 43 applicants to conduct the examinations and interviews. They have completed an intensive 45-hour course conducted by the nationally famous Traffic Institute of Northwestern University.

INCIDENCE OF POLIO IN NEW MEXICO

SANTA FE—The Dept. of Public Health reports that since January 1, 1954, 128 cases of poliomyelitis have been reported in

New Mexico. This is somewhat higher than the 72 cases reported for the same period of 1953 but much lower than the 322 cases reported for this period in 1952, which was a peak polio year for New Mexico. Last week's polio cases totaled 17, compared with 14 for the week before and high of 21 for the week ending August 23, which is so far the peak week of polio incidence this season. The 128 cases reported this year have been scattered throughout the state with no great concentration in any one place or at any one time. To date, approximately 40% of the cases reported have been paralytic.

LIVE TV IN ALBUQUERQUE TO BEGIN SAT. SEPT. 25

ALBUQUERQUE — Live network television will arrive in the Albuquerque area on Saturday, Sept. 25, reports Wayne Coy, president of KOB-TV. First network program to be beamed over this station will be "Canadian Pro Football," scheduled at 11 a.m., MST.

MINERAL PRODUCTION IN STATE OFF FROM LAST YEAR

ALBUQUERQUE — According to the 42nd annual report of John A. Garcia, State Inspector of Mines, which he submitted this week to Governor Mechem, mineral production, exclusive of oil and gas, in the state for the fiscal year ending June 30, 1954, was valued at \$97,723,018, a decrease of \$6,316,572 under the preceding year. The decrease is attributed to the inactivity of the lead-zinc mines. All lead-zinc mines in the

SPEAKERS PRAISE NEW FARM BILL

One thousand farmers and ranchers from New Mexico, Texas, Oklahoma and Colorado heard that the Agriculture Act of 1954 will hold a great future for American agriculture.

Speaking at the Farm Bureau's first annual Farmers and Ranchers Institute in Clayton, Allan B. Kline, president of the American Farm Bureau Federation, and U. S. Senator Clinton P. Anderson, joined forces praising the flexible price support provisions of the new farm bill. Governor Edwin L. Mechem also expressed substantial agreement with the recent farm policy provisions of the bill.

In his opening address, Mr. Kline said, "Some people think that Farm Bureau members should be interested in one thing — 'price.' Farmers and ranchers are citizens as well as farmers and being citizens their interest and welfare are as varied as other groups of citizens."

Mr. Kline went on to say, "The fate of self-government in the world depends on success of the democratic system in the United States. Pick your representatives to government wisely — because while delegation of responsibility insures the welfare of the people, it can also cost the people their rights. Politics is the business of government, and politicians are the technicians."

As to high rigid price supports, Mr. Kline predicted that rigid supports could cost the people their moral stamina and that farmers don't live by price alone. Senator Anderson pointed out that the new farm bill was good legislation, and will be particularly beneficial to New Mexico, because it contains a provision to give a portion of the tax on imported wool to domestic wool growers.

A great many people, he said,

state remained closed during the fiscal year, with the exception of the United States Smelting, Refining and Mining Company, which operated until the end of September, 1953. At the present time there is very little hope of lead-zinc mines reopening, at least not until such time that the prices are raised to where the mines can operate profitably, and be able to compete with foreign imports.

Copper again was one of the principal minerals and led metallic production in the state despite a decrease of 11,607 tons under the previous year. The value of copper produced amounted to \$37,965,307, a decrease of \$1,473,058 under the previous year.

Fluorspar, with 20,470 tons produced valued at \$689,660, a decrease of 3,830 tons valued at \$113,803 under the previous year, was second in the field of nonmetals. Recently General Administrative Services announced the stockpiling of 75,000 tons of fluorspar.

thought the grazing bill was lost because it was a stockman's bill. "This was not true," he said. "The bill was a good conservation measure." He expressed the hope that it would be passed at the next session of Congress.

It's easier to get an estimate on the Alvin Stockton - John Simms run for governor than on the race between Gov. Ed Mechem and Sen. Clinton Anderson for the Senate. Hardly anybody can find anything in that one to indicate the voters' thinking. It does appear that Anderson is running better in Albuquerque than Simms and that Mechem is perhaps doing better in Curry and Roosevelt than Stockton.
