(SANTA FE, January 4)

## SWENSON TRYING FOR PRISON JOB

The federal prisons inspector, Harold Swenson, who was brought in to look after the New Mexico pen following Warden Ed Swopes' death is an active candidate for appointment to the permanent post. He would be leaving federal service two years short of earning a pension but there are ways of handling such difficulties.

The job is worth \$10,000 a year, fine home, food for all the family, automobile, servants and chauffeur. There doesn't seem to be a chance for any resident of the state to get the post. Gov. John Simms in talking to the pen board members about the appointment said he hoped they would follow the pattern of the Springer reform school board in going as far as necessary to get a qualified administrator.

## FARMINGTON MAN GIVES UP NO. 2

Willis Martin, the manager of the Basin Power and Light Co. at Farmington, blew his stack when he was asked for a \$300 contribution for the Democratic party shortly after getting No. 2 San Juan license plates. The request for the money was made by the license agent, Homer Cozzens, who explained that the solicitation had nothing to do with the low-number plate and that he was acting in his capacity as co-chairman of the county Democratic finance committee. Martin returned the No. 2 plates.

## FOOTBALL TEAM FOR PROGRESS

LoRoy Wise, the Hobbs representative on the Economic Development Commission, thinks the EDC should use its \$100,000 a year to promote a football team like Oklahoma's. He contends the success of the Norman gridlers has done more for the Sooner state than any other promotional effort. Educational people made a super-effort to suppress knowledge of the discovery of ex-communist Jack Fink among the school teacher lists. Former State Superintendent Tom Wiley suspended Fink and removed his files; Albuquerque Superintendent John Milne demanded his resignation; the New Mexico Education Association considered his case; so did the National Education Association; present State Superintendent Georgia Lusk was called upon to reinstate his license, and through it all not one peeped about the case until it hit the courts. Santa Fe County people showed more concern about the wet and dry vote last month than they usually do about the elections of presidents, senators, governors and such. The 3700 vote recorded in the special liquor election was, with the exception of the 1952 election of 1952, by far the biggest turnout in the history of the county. Lea ordinarily votes less than 7000. The drys, as everybody knows by now, lost the liquor vote about 3500 to 6200. The 1952 presidential year vote was about 500 higher.

## STATEHOUSE ON THE RUN

One of the bigger of the presents showered on Gov. John Simms by statehouse employees was a purchase order for one of the elaborate saddles made by Austin (Slim) Green of Santa Fe. Green's saddles run around \$250 to \$350. He will get busy on the Simms job as soon as he finishes one that was ordered by Governor Shivers of Texas. State Game Warden Homer Pickens had his son, James, on the office payroll for a brief time in December listed as a mailing clerk at \$1.25 an hour. Last summer another son, Homer Jr., was on the payroll. Three state policemen who made the highest grade in the examination for the selection of sergeants and did not get selected were Ed Bell, Bill Luca and Bruce McLoskey. Board members explained that the exam was only one item of consideration. New Mexico voters this year will have an opportunity for the first time to vote on candidates for president and vice president and not a bunch of unknown electors. A new law places the candidates names on the ballot and provides that a vote for a presidential candidate is also a vote for his running mate for vice president. Electors, however, will be designated as usual to go to Washington and cast the state vote in the electoral college.

## GIVEN SUSPENDED SENTENCE

Kenneth E. Bolen, arraigned in district court Tuesday to answer a complaint of petty theft, was given a 30-day suspended jail sentence by District Judge W. T. Scoggin.

## Youth Leaders to Address Meeting of Carrizozo PTA

Next Monday night's meeting of the Carrizozo PTA will feature two speakers who are prominent in youth work in New Mexico.

They are Kenneth Barnhill, chief probation officer for the Youth Commission, Third Judicial District, and Kermit (Bud) Laabs, chairman of the Youth Commission for the district, which includes Lincoln, Otero and Dona Ana Counties. Both are from Las Cruces.

They will speak on what is being done and what can be done in a summer youth program such as Las Cruces has.

Mrs. Ruth Armstrong, PTA program chairman, announces that Mrs. Gina Allen, PTA president of District 3, will also attend Monday's meeting. It will be held in the Carrizozo grade school auditorium.

A social hour with refreshments will follow the program.

hills all alone, miles from any-

body.

A ranchman, Mr. Kudner, had a big ranch nearby and came over and asked me if I wanted a job. "I don't know what they pay you here but I'll double it," he said. Well, I told him right away he had hired a man. I was over on the Kudner ranch quite a while. Then I landed back here in Carrizozo and started a cabinet shop. I was associated with Dan Elliott for a while and finally bought him out and went in on my own.

Most of the time in those intervening years, I was on the road from Maine to Michigan. I traveled all over and went all the way to Canada and I'd come back maybe once in six months and see one of my brothers, and I would drop in on him. In the meantime he got married and had a family, a boy and a girl.

From then on I just didn't stay more than a year in one place. The years just kept going. Well, I will say in Carrizozo there are some of the finest people here that I ever met in my life, and I've got all over my roaming days. I don't want to roam anymore. I have more friends here than I ought to have I guess. Everybody has been wonderfully kind to me.

I'm getting old now, going on 55, so I kinda figured I'd sell a little, so I wanted to sell it, and Will Ed Harris bought me the right out and gave me the privilege of staying here and using these tools the same as always. This was very kind of him. He doesn't charge me any rent. At the present I just do light work. I get too much coming in. Even today somebody telephoned about a cedar chest. That seems to be a specialty of mine. I have made chests here for quite a while and I sold them in town and in Roswell, Tularosa and Alamogordo and adjoining towns.

**GOLD IN THE HILLS**

At Snyder, I got tired of punching cattle and thought I would go and make a lot of money trapping wolves. A certain boy by the name of Ross Sublette and I started out. Well, we didn't make any money but we killed quite a lot of wolves, poisoned them and so forth. One day Ross told me that his father knew where there was an immense quantity of gold. He said, "I went with my father once and I know just where the place is. Let's go over to it and we can get rich." He pointed in the distance and said "The gold is in those three peaks in those mountains." I thought at the time that he was just windy. I didn't think I'd go, which I didn't.

I came on up into New Mexico at that time. On the way up I stopped at Big Springs and asked the cashier at the bank there if there was any truth in Sublette having gold there. The cashier said there certainly was. He said, "Everybody tried to follow that old man out and find out where he was getting it." He said, "if that boy will take you to it, you got it." "There are a lot of people who tried to get him to go and he would never go with anybody else."

But in the meantime Ross had left and gone up around El Paso some place and I never saw him again, but I understood that he had taken a number of other people on these trips—you know they staked them—but he never located that place where his father had the gold.

(The first of a series of tape-recorded interviews with some of Lincoln County's pioneer citizens. Next week: An interview with a lady who came to New Mexico by wagon train in 1855.)

I think I worked there about six years, until the electric light plant burned down and they left me there at watchman. I stayed there those years, up in those

## County Sheep Men To Meet January 17

Sheep raisers in Lincoln County will meet January 17, starting at 10 a.m. at the Woman's Club Building in Carrizozo to discuss the various phases of sheep and wool production, as well as marketing. Ways of increasing their income will be the basic theme of the meeting.

On the program will be Ivan Watson, who will discuss the question "Should I Feed Lambs?" and J. R. Stauder, who will discuss wool marketing and incentive price.

A discussion on the suggested wool warehouse will be held at the afternoon session.

## Vets Representative To Be in Roswell

Richard M. Lawson, contact representative for the Veterans' Administration, plans to visit Roswell on Wednesday, Jan. 18, for the purpose of extending service to veterans and others unable to visit a Veterans Administration office.

Veterans, their dependents or representatives are invited to call on him at the City Hall in Roswell, second floor, between the hours of 10 a.m. and 5 p.m., on that date for information and assistance in connection with veterans benefits.

## Need Applications For Wool Payments

Herman McKibben of the Lincoln County Agricultural Stabilization and Conservation Committee reminds wool growers that under the new wool program producers are eligible for payments on their shorn wool marketed and their lambs and yearlings sold for slaughter. The grower must apply for the payment, however, and the application must be supported by acceptable sales documents and certifications.

He suggests that producers applying for payments should file their applications and supporting documents with the Lincoln County ASC Office as soon after the sale as possible in order to reduce the risk of misplacing and difficulty in trying to locate the documents at a later date. The chairman indicated that there have been a number of cases where these essential documents have been lost or misplaced when this necessary procedure was put off until a later date.

## Carrizozo Woman's Club Invited to Alamogordo Meeting

The Alamogordo Woman's Club cordially invites the members of the Carrizozo Woman's Club to be their guests Jan. 13.

The meeting will be at 2:30 in the afternoon at the clubhouse. Mrs. Wallis, secretary, states that committees of her club, the Music Committee and the International Relations committee, are planning an interesting meeting.

Those needing transportation may contact Mrs. C. A. Snow.

## Freshman Basketball Tournament Play Starts Friday in Carrizozo School Gym

The Second Annual Carrizozo Freshman Tourney which gets underway Friday afternoon at the Carrizozo hardwood at 2:45 p.m. promises to be one of the top prep cage tournays in the state this week end, although it is unique insofar as cage tournays go with only freshmen competing.

Three handsome trophies await the first three finishers in this year's tourney and the majority of the eight teams entered in the single elimination fray have been working overtime in practice sessions hoping to add an extra laurel to their respective school's trophy case.

Alamogordo, led by their six-foot, two-inch center Dick Steiner, has been established as the tourney favorite and with a team averaging near the six-foot mark the Tiger's under the tutelage of Newt McDonald will bear plenty of watching. Earlier in the season Alamo beat Tularosa, 30-35 and Carrizozo the host school, 59-47 after trailing until the final three minutes.

Tularosa, Roswell, St. Peter's of Roswell, Hondo, Corona and the Eighth and Ninth Grade teams from Carrizozo round out the field of eight teams and anyone of the eight teams has a good chance to reach the championship tilt Saturday evening.

**CARRIZOZO'S RECORD GOOD**

Carrizozo has the second best record in regular season play and along with a home court advantage should prove troublesome. Freshman Coach John Voigt's capers are small but have plenty of speed and have averaged 43 points per game to date in defeating St. Peter's of Roswell, Hondo, Corona and Alamo while losing to Alamo.

Ruidoso may be safely listed a true dark horse and like many cage tournays this dark horse may find itself in the championship game. The Warriors, paced by their All-State football player, Nyles Lackey are tall and are not being overlooked by anyone.

Friday's pairings find the Carrizozo-Eighth Grade meeting St. Peter's of Roswell at 2:45 and Alamogordo battling Tularosa in the final of the first session.

Friday evening Carrizozo will meet an always stubborn and fast Corona five and Hondo will wind up the second session by meeting Ruidoso.

The semi-finals start at 1 o'clock Saturday afternoon and the two losers in the semi-final bracket will meet Saturday evening at seven for the third place contest. The championship tilt is scheduled for eight-thirty Saturday evening.

Admission prices for each session are 50c for adults and 25c for students.

## Carrizozo WSC Hosts at Zomb Meeting

The Woman's Society of Christian Service of Trinity Methodist Church will be hostess to the societies of Alamogordo, Tularosa and Ruidoso in a zone meeting January 11.

The meeting will start at 10:30 a.m. Luncheon will be served by the Carrizozo Society.

## Communities Discuss Water Development For Eagle Creek

The Eagle Creek Inter-community Water Supply Ass'n met in Ruidoso Tuesday, Jan. 4. Present were D. O. Murphy, president; Jack Earling, secretary, and Fletcher Hall, member, all of Capitan; Dan Sweating, vice president and mayor of Ruidoso; Ralph McGuire and Ralph Jones, members, of Ruidoso.

Also Dan Kuslanovich of Fort Stanton, representing the State Department of Public Welfare; Frank C. Boyce, attorney for the association and John P. Cusack, of Roswell, attorney for Ruidoso. The association discussed plans for the proper distribution of water from Eagle Creek to Ruidoso, Capitan and Fort Stanton. Also under discussion were plans for storage on Eagle Creek and ways and means of obtaining necessary financing.

## Petitions Ask for Sanitation Betterment

Two petitions are currently being circulated asking the Carrizozo town trustees to undertake the "necessary action" on sanitation improvements.

One petition asks for "a new city dump and a better garbage collection and coverage disposal system;" the other asks an ordinance levying a fee sufficient to finance an adequate garbage collection system.

The town trustees plan to meet Friday afternoon at 3 p.m.

## Rhodes' Collection of Books and Manuscripts Donated to State A&M

STATE COLLEGE, N. Mex., December 10—Books and manuscripts from the private collection of Eugene Manlove Rhodes, well-known and loved author of the "Southwest," have recently been catalogued and are ready for public use in the Branson Hall Library at New Mexico A&M College.

The texts, which were given to the college by Mrs. May (Davidson) Rhodes after the death of her husband, will form part of the Ram Book Collection at the State College library.

Twenty-five manuscripts, some of which have never been published, and 41 books, which were the property of the Rhodes family are included in the collection. There is also a letter of tribute which was written to Mrs. Rhodes after her husband's death by the Saturday Evening Post, which published every article Rhodes sent them.

The "Aggies" have a special place in their hearts for Eugene Rhodes, who was a former student here. One of the campus buildings was named after him and dedicated to his memory in 1948.

His grave on the summit of the San Andres Mountains, which New Mexico A&M College was made legal custodian of by the legislature of New Mexico, is simply engraved "Paso Por Aqui"—he passed by here—the title of one of his best short stories and the legend left on Inscription Rock by the Spanish conquistadores.

When he was in his early twenties, he had staked a claim to a ranch in the San Andres, the wildest and most isolated section of New Mexico then. Here he began to write in 1895 and continued to do so until his death in 1934.

Rhodes known as "the man who wrote about what he knew" authored more than 100 short stories and poems in addition to his 14 books in a glorification of the Southwest. Some of his principal works were "Good Men and True," "Bransford in Arcadia," "The Desire of a Moth," and "West is West."

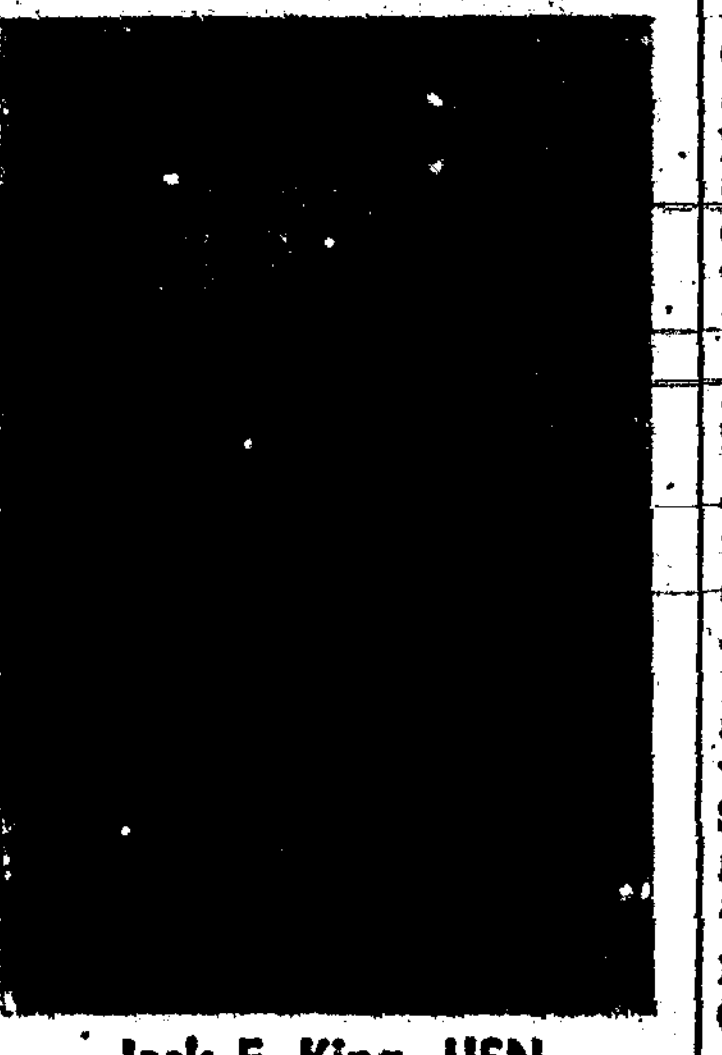

In the "Hired Man on Horseback," a biography of Rhodes written by his wife, Rhodes' ardent admirer, Bernard DeVoto, himself famous, wrote a fitting preface. "He passed this way. He lived in a hard country in a laborious time, loving that country and its people. In the fullness of his love he wrote about what he knew. So like Monte's ancestor, he scratched his name on Inscription Rock. An honorable time will have passed before the wind and sand can erase it."

## Norman Crider Gives Writings

Norman Crider, New Mexico's champion baton twirler, is featured in New Mexico magazine for January, 1956, with a short article on his life and a picture.

It was here that Sarah Attie was married to J. F. Minter on September 24, 1893. To this union were born eight children — four daughters and four sons — Irene, Emma, Zeta Mae and Celeste; Bert, Duff, Lewin and Wilbur.

While living in the Ruidoso Valley, death departed J. M. Minter from the beloved family unit. However, the family group remained in the Ruidoso Valley and Sarah Attie on April 16, 1917, married William Stanley Pepper.

One child, Willie Mofnnett, was born to this union. In October of 1941 the family moved to Capitan and resided there until the present.

Mrs. Pepper was an active member of the First Baptist Church and was a member of the Lincoln County Historical Society.

## SWENSON TRYING FOR PRISON JOB

The federal prisons inspector, Harold Swenson, who was brought in to look after the New Mexico pen following Warden Ed Swope's death is an active candidate for appointment to the permanent post. He would be leaving federal service two years short of earning a pension but there are ways of handling such difficulties.

The job is worth \$10,000 a year, fine home, food for all the family, automobile, servants and chauffeur. There doesn't seem to be a chance for any resident of the state to get the post. Gov. John Simms in talking to the pen-board members about the appointment said he hoped they would follow the pattern of the Springer reform school board in going as far as necessary to get a qualified administrator.

## FARMINGTON MAN GIVES UP No. 2

Willis Martin, the manager of the Basin Power and Light Co. at Farmington, blew his stack when he was asked for a \$300 contribution for the Democratic party shortly after getting No. 2 San Juan license plates. The request for the money was made by the license agent, Homer Cozzens, who explained that the solicitation had nothing to do with the low-number plate and that he was acting in his capacity as co-chairman of the county Democratic finance committee. Martin returned the No. 2 plates.

## FOOTBALL TEAM FOR PROGRESS

LeRoy Wico, the Hobbs representative on the Economic Development Commission, thinks the EDC should use its \$100,000 a year to promote a football team like Oklahoma's. He contends the success of the Norman gridlers has done more for the Sooner state than any other promotional effort. Educational people made a super-effort to suppress knowledge of the discovery of ex-communist Jack Fink among the school teacher lists. Former State Superintendent Tom Wiley suspended Fink and removed his files; Albuquerque Superintendent John Milne demanded his resignation; the New Mexico Education Association considered his case; so did the National Education Association; present State Superintendent Georgia Lusk was called upon to reinstate his license, and through it all not a one peeped about the case until it hit the courts. . . . Lea County people showed more concern about the wet and dry vote last month than they usually do about the elections of presidents, senators, governors and such. The 9700 vote recorded in the special liquor election was, with the exception of the Ike election of 1952, by far the biggest turnout in the history of the county.

## STATEHOUSE ON THE RUM

One of the bigger of the presents showered on Gov. John Simms by statehouse employes was a purchase order for one of the elaborate saddles made by Austin (Slim) Green of Santa Fe. Green's saddles run around \$250 to \$350. He will get busy on the Simms job as soon as he finishes one that was ordered by Governor Shivers of Texas. . . . State Game Warden Homer Pickens had his son, James, on the office payroll for a brief time. In December listed as a mailing clerk at \$1.25 an hour. Last summer another son, Homer Jr., was on the payroll. . . . Three state policemen who made the highest grade in the examination for the selection of sergeants and did not get selected were Ed Bell, Bill Luca and Bruce McCloskey. Board members explained that the exam was only one item of consideration. . . . New Mexico voters this year will have an opportunity for the first time to vote on candidates for president and vice president and not a bunch of unknown electors. A new law places the candidates names on the ballot and provides that a vote for a presidential candidate is also a vote for his running mate for vice president. Electors, however, will be designated as usual to go to Washington and cast the state vote in the electoral college.

## L. L. (POP) ANDERSON

My name is Louis Lee Anderson. I was born in Tennessee county, New York in 1871. My parents died when I was very young. I was four years old when my mother died and ten years old when my father died.

From that time on I have made my way in this world. I had very little schooling. The only schooling I had was what I would read. This man that took me up when my folks died, I call him now, I didn't think so then, a mighty cruel man. He never let me go any place—just worked the life half out of me.

I wanted to go to the circus, which I had never seen. Jumbo was advertised highly those days, and I finally ran away and got hold of 50 cents from the neighbors and walked ten miles and saw old Jumbo.

When I came back this man wasn't at home and they told me he would half kill me this time for running off that way to the circus, but I said "He's not going to half kill me this time because I'm not going to be here," which I wasn't. I just gently jumped out of the second story window into a tree and disappeared. From that to this time I have been on my own.

I never paid much railroad fare, but I have traveled many, many a mile. I suppose I owe railroads quite a sum of money. I thought I would come down to Texas when I would be about 18. It was in Cleveland's administration or some place along there, and I thought I would come down and I might be able to kill a few Indians. I got into some strange adventures on the road. There was one that seems particularly comical to me now.

CISCO NEARLY BLOWN AWAY  
I came into the town of Cisco after the big cyclone had blown the town mostly away. I came in by a side street, my partner and I, and we saw some horses in front of the saloon tied to the rail. The saloon was advertising back beer, so we said, "Let's go and get a glass of beer before we go any further." We each had a rifle and guns and so on in those days.

We tied the horses and marched in back of the bar. Back of the bar were all manner of bottles and I asked the old boy back of the bar for a glass of beer. He looked at me a minute and said, "Young boy you've made a slight mistake because this happens to be a court of law and court is now in session."

I didn't know hardly what to do. I felt like going through the floor, but I backed off and went over and saw some people sitting on benches around there, so I went over and sat down with them. Come to find out they were the jury. I'll always remember the case. It was an assault and battery case.

Well, we came on along then, on up the road into New Mexico. We got to the little town of Snyder. It was just a small place. I always remember there was a hotel there, the Chaplain House. There a ranchman picked me up. He was an Englishman and had been all around the country and he took pity on me and took me out to his ranch. I stayed there and learned to ride pretty good and became a first class roper. I could rope most anything.

But I finally got enough of that. I wanted to see more of the world, so I left him and came on and finally landed up in White Oaks. It was about twenty-five years ago. I got acquainted with Mr. Jackson and Mr. Lane and boarded with Mr. Lane for quite a while, then I finally went to work at the coal mine running a machine joint for Wright and Fulmer.

I think I worked there about six years, until the electric light plant burned down and they left me there as watchman. I stayed there three years, up in those

days. I got tired of punching cattle and thought I would go and make a lot of money trapping wolves. A certain boy by the name of Ross Sublette and I started out. Well, we didn't make any money but we killed quite a lot of wolves, poisoned them and so forth. One day Ross told me that his father knew where there was an immense quantity of gold. He said, "I went with my father once and I know just where the place is. Let's go over to it and we can get rich." He pointed in the distance and said "The gold is in those three peaks in those mountains." I thought at the time that he was just windy. I didn't think I'd go, which I didn't.

I came on up into New Mexico at that time. On the way up I stopped at Big Springs and asked the cashier at the bank there if there was any truth in Sublette having gold there. The cashier said there certainly was. He said, "Everybody tried to follow that old man out and find out where he was getting it." He said, "If that boy will take you to it, you go!" There are a lot of people who tried to get him to go and he would never go with anybody else."

But in the meantime Ross had left and gone up around El Paso some place and I never saw him again, but I understood that he had taken a number of other people on these trips—you know they staked them—but he never located that place where his father had the gold.

**Banquet Precedes Installations by Masons and Stars**

Comet Chapter O.E.S. jointly installed with Carrizozo Lodge No. 41 A.F.&M. Tuesday night, December 27, at the Masonic Temple.

Officers installed last week whose names were omitted were Mrs. Fronie Ramey, Conductress and Mrs. Clara Snow, Associate Conductress.

Preceding the installations a banquet consisting of roast beef, scalloped potatoes, green beans, tossed green salad, relishes, rolls, apple pie and coffee was served in the dining room which was most comfortably heated by the new gas heating unit recently installed by the Masons. The Stars greatly appreciated this added convenience.

The committee in charge of the banquet was Meses. Gweneth Petty, Emma Degner, Alice King, Maybelle Shults and Clara Lowe. All past matrons of the Chapter, approximately fifty, attended the banquet the proceeds from which, along with the proceeds from the banquets of the two previous years, will be used to purchase new furniture for the "waiting room" or lounge.

Mary Alice and Sandra King and Sharon Jones, Rainbow Girls, assisted with the serving.

The tables were attractively decorated in the Christmas motif by the Meses. Annie Withers, Afrey Garrison, Clara Snow, Ethel Roberts, and Miss Frances Degner.

Serving as toastmaster was Otho Lowe who introduced officers of both the Masons and Stars, several of whom spoke briefly. Clyde Shults gave the prayer.

Mary Guek and Mary Ann and Janice McKnight pleasingly entertained during the banquet hour with several Christmas musical numbers.

During 1955 the worthy matron, Mrs. Leona Brown, kept an attendance record of the Chapter's 18 officers. Six had attended all regular, special and practice meetings. They were Jack Shaw, worthy patron; Percy Parker, associate patron; Fronie Ramey, associate conductress; Clara Lowe, Adah; and James Ramey, sentinel. Each was presented a small reward by the worthy matron who also had a

## AN UNSTARED JOKE

S. L. Renick of Truth or Consequences told this incident, which happened many years ago at Bear Springs on the head of Cottonwood Canyon in the San Andrea Mountains.

A cowboy was bucked off a horse, his foot caught in a stirrup and the horse dragged him. The horse kicked but didn't strike the cowboy.

A friend, who was watching, got off his pony, snatched his rifle from the scabbard and drew a bead on the kicking horse. The other fellow was so busy trying to keep out of the way of the horse's heels he didn't notice what his friend was doing.

Just as the other cowboy sighted his rifle at the horse, the thrown rider's foot came loose from the stirrup, and he rolled over and rolled up into the barrel of the rifle.

"What are you doing?" he asked.

His friend replied: "If the horse didn't kill you, I thought I would."

## BORDER INCIDENT

Early in 1919, while Robert D. Pearce Sr. of Deming was with the U. S. Immigration Service at Presidio, Texas, a company of Yaqui Indians deserted the Mexican Army at Ojinaga and crossed into Presidio. A lieutenant led the deserting Yaquis across the border.

At that time U. S. Army units were stationed at Presidio. The Army held the Yaquis for the Immigration Service, whose job it was to get them back across the border. It took some time.

The Mexican colonel, the Yaqui lieutenant's commanding officer, promised him from Mexico by way of the Immigration Service that he would not be punished if he would return to the regiment. The lieutenant balked, and said in effect: "He is my commanding officer. When I return to Mexico, I will be shot for desertion."

But, said the Yaqui officer, he would go back if the colonel would come to Presidio and promise in Pearce's presence that he and the company would not be punished if they returned. Pearce arranged the meeting. The colonel made his promise to the lieutenant in Pearce's presence, and kept it.

While the Yaquis were in Presidio, the New York major commanding the Army units put the Indians to work. They were good adobe workers, and the major had them build adobe barracks at Presidio.

## THE LION THAT CALLED DORA

One night many years ago Mrs. S. L. Renick of Truth or Consequences was visiting at the farm of her brother, Austin Reeves, about a mile from the stock farm of her father, G. G. Reeves, on the Lower Pecos in the Sacramento Mountains.

The family group was gathered outside the house. Suddenly, in the stillness of the summer night, they heard a mountain lion call. The lion called, a second time, and a third.

And each call of the lion sounded like the name of Mrs. Renick's sister—Dora.

So real did the name Dora sound in the lion's call that Mrs. Renick rushed home in alarm. Her sister, who was visiting neighbors, returned home safely a short time later.

None of the Reeves family heard the lion call Dora again.

## THE THREE-FOOTED PANTHER

During the early 1900s while he was ranching in the San Andres Mountains, S. L. Renick set a No. 4 trap for a panther and wired it to a buckbrush tree. Four or five days later he returned to the trap in Ash Canyon and found a deer caught in it.

Renick released the deer and reset the trap, relying on the deer scent to lure a panther. He rode back in a day or two. His horse began to get nervous about a quarter of a mile from the trap, and Renick felt sure he had caught a lion.

When he arrived at the trap site, he found a panther had chewed down the tree, slipped the wire over the stump and escaped with the trap.

Some time later a friend of Renick trapped a panther which had a chewed-off foot. It probably was the lion which had chewed off his own foot after escaping with Renick's trap.

Mrs. Belle Creel and son Robert of Roswell are moving to the MacCarter ranch near Alto. Mr. and Mrs. George Creel recently purchased this property and are assisting them in their move from Roswell.

The George Greens of Lubbock were her during the holidays enjoying a stay on their Little Creek ranch.

We are very proud of our new Alto road signs. Both north and south of the store we have one and now the tourists will know they are in a town next summer when they come looking for mountain scenery.

The regular meeting of the Lincoln County Municipal Hospital Auxiliary was held in the Woman's Club Building January 3 at 7:30 p.m. Mrs. A. N. Spencer, president, presided. Twenty-four ladies were present. The meeting was opened by a prayer by Chris Moore.

Speaker of the evening was Mrs. Bradney, head nurse at the hospital. She gave an interesting and instructive talk. First she read the "Commandments," eleven rules of things that should or should not be done in our work at the Hospital.

She told us of the very many necessary things to be done that the regular nurses would appreciate having our help on and spoke of the "little things" we could do that were not little at all and could add so much to the comfort of the patients.

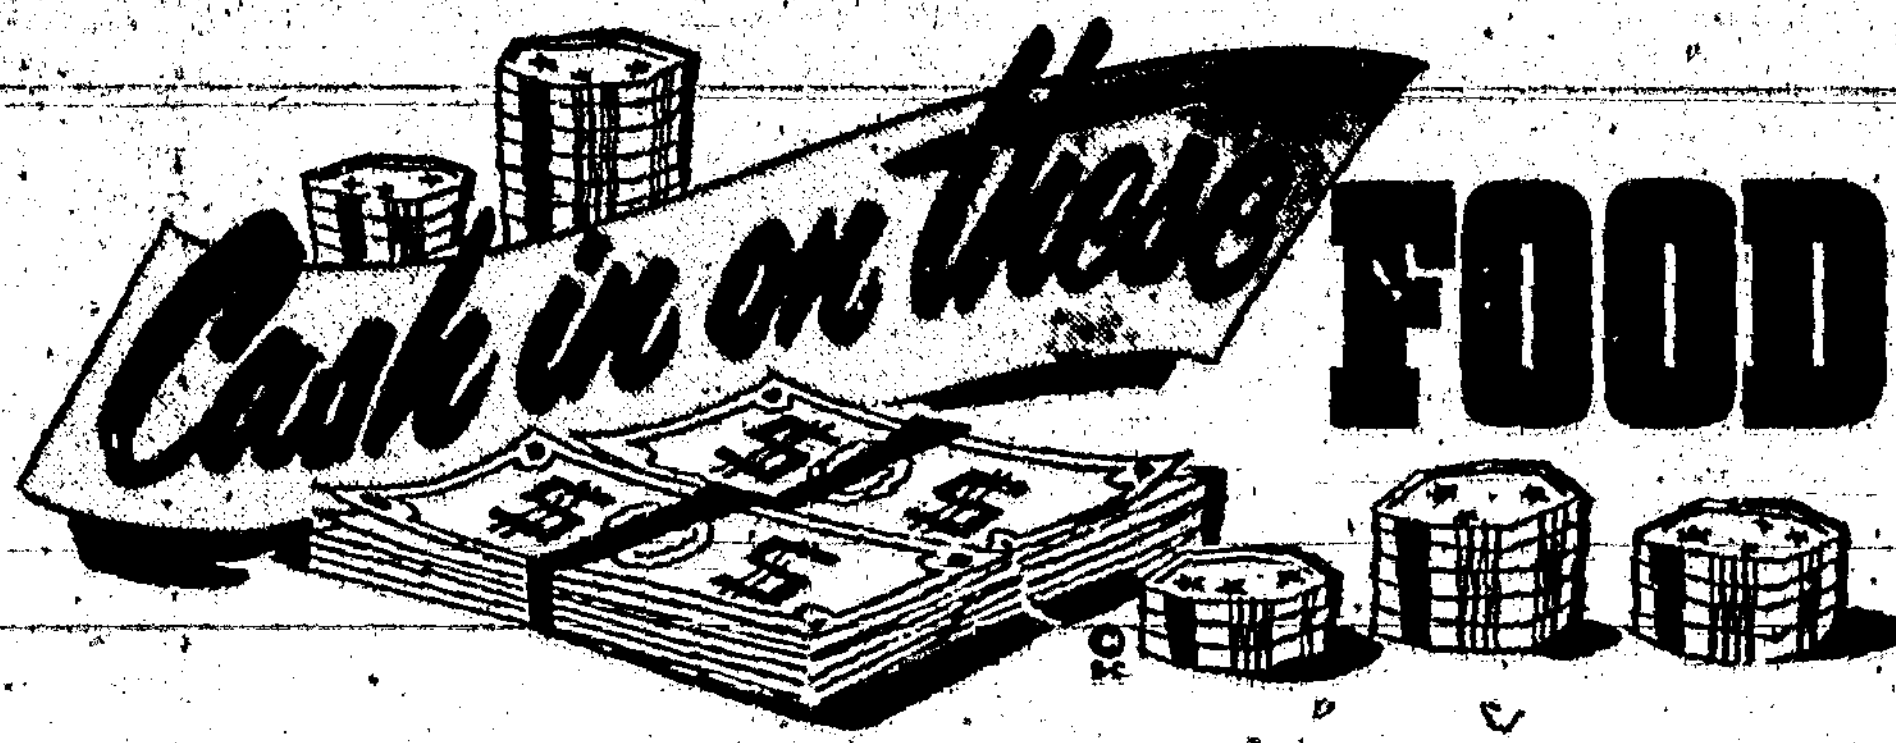

There are many things needed that the members of the of the Auxiliary could do to be of real help and spoke especially of the need for mending and sewing that could be done by ladies who felt they could not do other kinds of work because of home duties.

This is a community project and it is hoped that every one will be interested in doing something. Please contact Mrs. Spencer or Mrs. Bradney and they will be glad to tell you of the many things you may be able to do.

Reports were given by the chairmen of the various committees. Plans were discussed for future work. The Ways and Means committee will have a money raising entertainment early in February. The cherry, cherry red uniforms have come and the members who had ordered them received them at this meeting.

We have several new members and uniforms will be ordered for them. Dues in the organization are \$1 for active members and \$3 for associate members. Come and join us.

While the work is new to most of the members and they are a little timid about it at first, we hope that soon the Auxiliary women will be a very real help to the patients and personnel of the hospital.

### ANIMAL POISONING IS INEXCUSABLE

Some one is poisoning dogs here in Capitan. Starting the New Year that way. The grief you are causing. How can you do it? It makes me so ashamed to know anyone feels so toward animals. Surely you can not be happy with such an attitude. Many pets who have not left their homes died. The poison was thrown in yards. Some of it has been found.

Be merciful, shoot them if they are doing you harm if you cannot stop it any other way. I know I do not want my dogs to bother any one. If they did, at any time I want to know about it and I shall put a stop to it.

By the way cats are dying too. Your neighbors are grieving. It's not funny. Remember, do unto others as you would have them do unto you. It truly works both ways. Happiness will not ever come to you this way. Think that over.

Mr. and Mrs. Owen Bennett are the proud parents of a baby boy, born Saturday morning.

## Carrizozo Grade School News

By SELMA TEAGUE

Mrs. Lela Brewster, Lincoln County Health Nurse, instructs parents of children from the ages of one year through 10 to go to their respective physicians for polio shots now and until she is back on the job.

The State Department of Public Health will replace any polio vaccine used by doctors for patients who feel that they are unable to pay for the regular, professional office charges. We regret very much to learn of the passing of Mrs. Brewster's husband, Clyde Brewster. All of the teachers extend our sympathy to Mrs. Brewster and the entire family.

All of the grade school rooms have new bookcases for their libraries. We want to thank James Harris for his excellent work in making our new bookshelves for our books. Miss Ridley and Miss Chisholm have new library corners for their rooms which were also constructed by Mr. Harris.

They also have some new bulletin boards at a cost of \$22.50, paid out of our ice cream fund. Our bookshelves cost \$126.92. We paid for these out of our Carnival fund.

All of the grade school teachers are back in school after a safe, enjoyable Christmas vacation. Everyone reports a wonderful time and are very glad and thankful to be back in school with our fine group of children whom we all love and enjoy very much. Their smiles of welcome, as we came into our rooms Tuesday, was appreciated by all of the teachers.

We welcome six new pupils into our grade school. We, as teachers, shall do all that is within our power to make them happy and comfortable. We believe we have one among the best grade schools in the world. Our teachers and pupils are very happy in our work and play. We try to do our best for all children and help them to be better citizens, to study hard and become well rounded students.

The new pupils are Kay Station, first grade, Miss Ridley's room; daughter of Mr. and Mrs. Marshall Blackwell of Red Canyon from Tryon, N. C.; Orlando Otero, first grade, Miss Chisholm's room, son of Mr. and Mrs. Antonio Otero from Tularosa; Pat Ramsey, son of Mr. and Mrs. James Ramsey of Red Canyon, from Gallup, who is in the second grade, Mrs. Teague's room.

Sylvia and Joe Otero, fourth grade in Miss Nix's room, daughter and son of Mr. and Mrs. Antonio Otero of Red Canyon, from Tularosa.

Mrs. Parish reports a new boy in the 5th grade, Grover Otero, son of Mr. and Mrs. Antonio (Red Canyon) from Tularosa.

We regret to report that we have lost the following pupils from our grade school. Gerald Hobbs, 1st grade, Miss Ridley's room; Charles Stone, 1st grade, from Miss Chisholm's room; Danny Duroc, 2nd grade, from Mrs. Harries room; Linda Sue Gauiding from Mrs. Teague's

## Single Traffic Accident On New Year's Day

State Patrolman James Clayton reported a single traffic accident in his district over the New Year week end. The one he investigated occurred New Year's day 1 1/2 mile east of Nogal on Highway 37.

The driver, J. W. Ruckus, whose present address is Capitan, left the highway in his car, overturning in a canyon. Ruckus was brought to Carrizozo Hospital.

Following treatment for a broken rib, he was placed in the county jail, charged with driving while drunk. He pleaded guilty to the charge in justice of the peace court and was assessed a fine of \$100 and \$5 court costs. His driver's license was suspended for a year.

2nd grade, Robert Calloway from Mrs. Rasmussen's 3rd grade, and Grady Hobbs from Miss Nix's 3rd grade room; Marcus Duroc, 4th grade, Miss Nix's room and Judy Stone, 5th grade, Mrs. Parish's room.

The grade school teachers and women from the High School enjoyed a real old fashioned Christmas party, Monday evening, Dec. 19. We all went to Miss Ridley's for our appetizer of tomato juice, olives, peanuts, cheese and meat squares on a tooth pick and Christmas candy. Then we went to Miss Minnie Nell's for main dinner of turkey, dressing, salads, candied sweet potatoes, cranberry sauce, coffee, tea, hot rolls, jelly and all the other Christmas eats too numerous to mention. Then we took time out for Mrs. Grace White's Community Christmas program in the grade school auditorium which was very good and enjoyed by all.

After her excellent program was over we went to Miss Catherine Chisholm's for our dessert of coconut and pineapple salad served with good coconut cake and spiced hot tea.

After our dessert was served by Miss Chisholm and Miss Ridley we exchanged gifts in the home of Miss Chisholm. Miss Ruthie Mae Nix played Santa Claus for us and called out the names on the different gifts from under the beautifully decorated tree in Miss Chisholm's living room. We all had a nice time and were very happy.

Regarding Proposal to Liquidate New Mexico Magazines

December 31, 1955  
Economic Development Commission

Capitol Building,  
Santa Fe, N. M.  
Gentlemen:

I seriously question the soundness of the proposal made by Sun Trails Magazine to take over New Mexico Magazine.

For one thing, I feel that New Mexico Magazine, under its present management is close to the hearts and minds of New Mexicans and that it should be given the opportunity to do an even better job by being provided with additional funds.

Whatever funds the state is able to allot for advertising, in our opinion, should be roughly divided between the New Mexico Magazine and out-of-state advertising. Advertising in publications with nation-wide circulation is the best way to interest people outside our borders in the attractions of New Mexico.

We should get the New Mexico story to people from Maine to Florida and across the country. This is too great a job for any state magazine, however good, to undertake alone.

Respectfully yours,  
PAUL B. BAKER  
Publisher, News

Editor, News:

We have your letter of December 31 with reference to the proposed merger of Sun Trails and the New Mexico Magazine, and appreciate your views on this issue which is of apparent interest to a lot of people in our state. BERL HUFFMAN, executive Director, Economic Development Commission.

The Powell (Wyo.) Tribune reprints the story of the country newspaper office that was broken into and robbed in a strange fashion:

The country editor went to work one morning to find his ship had been broken into the night before. The only thing he found missing was all of the letters "S" from the type cases. Undaunted, he inserted the following apology in his next issue:

Those threatening thousandth hath stolen into our composing room and thakeadeddled with all our etheth. We muith therefore apologize to our readeth for the inthlipid appearance of thith weekth thentheth.

"We would altho like to thitate that if at any thime in the yearth to come we thse thith dirty thhake in the grath about the premitheth, we will thoot him the full of hotheth he will rethemble a thwith theth. Thank you."

Editor News:

This is to notify you of a change of address from Carrizozo to Route 2, Portales. We enjoy your paper and would surely like to continue receiving it. Best wishes for the New Year to all our friends in and around Carrizozo—Mrs. Wayne Hobbs.

## Feb. 15 is Income Tax Deadline for Farmers

Income tax time comes around two months earlier for farmers than for city or town folk. In other words February 15 is coming close.

Farmers will be mailed a package of forms and instructions by the District Director of Internal Revenue in Albuquerque. Among them will be two copies of 1040F, which is the special form for farmers.

On it the farmer will list his year's expenses, depreciation and farm receipts. After computing farm profit (or loss) he transfers it to form 1040 to be combined with other non-farm income and receive credit for his dependents. The instructional pamphlet has a table for computing the tax due.

In addition to the income tax, you will be required to pay a 3% self-employment (Social Security) tax based on net income above \$400. In certain instances explained on page 3 of the instructional pamphlet you pay 3% of your gross income if your net is below \$400.

A new booklet entitled "Farmer's Tax Guide," which has just been published, is now available free of charge to all farmers at the county extension office at the courthouse in Carrizozo. This booklet was prepared especially for farmers by the Internal Revenue Service with assistance from the Federal Extension Service.

## Concrete Can Be Set In Cold Weather, Too

Concrete can be placed safely in cold weather—if you remember that cold temperatures slow down the setting of concrete.

Excavation and subgrade should be prepared when the ground isn't frozen, however, and should be covered with material such as straw to protect it against freezing. Concrete should never be placed on frozen ground, and all ice and snow should be removed from within the forms.

If the air temperature is generally above 40 to 45 degrees F., with only short periods below this temperature range, a covering of tarpaulins may be sufficient to maintain favorable temperatures for curing newly-laid concrete.

mixing water or the sand and gravel used in the mixture. At extremely low temperatures, you should heat both the mixing water and the sand and gravel. Then, it's a good idea to cover the fresh concrete or provide a heated enclosure.

Do not use water for mixing with a temperature higher than 165 to 175 degrees F.

Visitors at the home of Mr. and Mrs. R. L. Huffmyer over the New Year holidays were Mr. and Mrs. Milton Huffmyer and children and Mr. and Mrs. Bobby John Huffmyer of Las Cruces; Mr. and Mrs. E. F. Starkey of Carrizozo; Mrs. Huffmyer's mother, Mrs. R. F. Chambers; brother, R. F. Chambers Jr., wife and family of Temple, Texas, and nephew, Mr. and Mrs. B. E. Northcutt and family of Arleta.
