Tape Recorded Interviews With People Who Helped Build Lincoln County

ELBERT BROWN

We left this little town of Pouten about the first of December and went up into the Army of Occupation...

We stayed there all that winter and we had a pretty good time. We had no trouble and good food. While we were at Schweich, I had the preference of spending 30 days leave in Southern France...

There is a story about how I got money for my 30-day leave. This same fellow who was covered up with me in the fox-hole was a craps shooter...

I had been overseas about a year when we went to Brest to sail for home. While we were at Brest they deloused us...

I had gone overseas on an English stock boat HMS Coronita that had been converted into a transport. We sailed for home in May from Brest on a little battleship, the USS Huntington...

When I came home I started improving my homestead and in 1920 we moved up there. My father and mother lived with me at the time...

In 1932 I thought I was going to lose out entirely, so I bought a place on Animas creek just down the river from Hot Springs. I farmed a little bit but I always kept enough money to go back to a job...

I retired from the Southern Pacific June 23, 1964, on account of disability. Since then we have been living right here in Carrizozo.

Three Members Of Vega Family Injured in Wreck

Martine S. Vega, his wife Lucia and daughter Patricia, 9, were seriously injured Sunday in a one-car accident on Highway 54, south of Carrizozo.

Patrolman James Clayton received word of the accident at 12:55 p.m., and left for the scene accompanied by Vernon Petty.

The Vega car plunged 15 feet to the bottom of an arroyo, two miles north of Oseura. According to Patrolman Clayton, the car apparently left the highway on the right side at this point, swerved sharply across the road and fell into the deep arroyo.

All the occupants were seriously injured but Mrs. Vega was able to climb out of the car. She was in a dazed condition and wandered around in the arroyo for a time before climbing up and after getting on the pavement was picked up by a woman tourist.

The Ortiz Brothers were notified and Patrolman Clayton and the Shaw ambulance left for the accident.

Mrs. Vega suffered facial laceration, possible internal injuries and a deep incision of the right leg.

Mr. Vega's right leg was broken, his hip dislocated and he was cut and bruised. Patricia had facial lacerations and shock.

The hospital reported this Thursday morning that all were in satisfactory condition.

TWO OTHER ACCIDENTS

In another car accident on Highway 54 Saturday morning, Robert Hicks lost control of his car and it overturned, 3 miles south of Oseura.

The investigating officer that he struck a slick spot on the pavement. Mr. Hicks was not seriously injured.

An accident reported by Patrolman Bill Driggers was that of Ramon Lucero of Roswell, whose '54 Ford went off an embankment on Indian Divide at 5 a.m. Saturday. The driver was found sleeping in the car, which did not overturn.

Lucero was charged with reckless driving and fined \$25 and \$5 costs.

Clovis Girl Named State Fair Queen

Albuquerque—Kay Green of Clovis was selected last Saturday to reign over the New Mexico State Fair for nine days as its Queen.

Miss Green, 16, is the daughter of Mr. and Mrs. Elton Green. She was sponsored by the Curry County Mounted Patrol. Kay is a brunette with blue-grey eyes and is about 5 ft., 5 in. tall.

Lincoln County's candidate for State Fair Queen, Miss Christine Jones, is said to have exhibited fine horsemanship and poise.

Protest Made for Parking Violation Fine

After paying a \$3 traffic violation fine at the Carrizozo town hall Wednesday, Mrs. Vincent Bell vigorously protested being confronted with that type of violation.

It was for being parked 27 inches from the curb alongside the bank building.

At the town hall where Mrs. Bell paid the fine, she stated she would make a protest to the town officials.

"It's not fair to tourists," she told the News. "I see things go on in this town that are a disgrace — things that are really dangerous."

"It's the only ticket I ever got in my life and the only fine I've ever paid," she added.

Town Marshal Peter David said he did not write a ticket on the traffic violation until Mrs. Bell insisted on it.

"I'm paid to do a job and I'll do it," he said. "If I'm called down for doing my job, I wonder what kind of law they expect."

Jury Acquittal on Bad Check Charge

Coy Koontz of Amarillo, was acquitted of the charge of issuing fraudulent checks by a jury in district court last Thursday. Settlement of the case has been pending since February of 1955.

A jury deliberated 2 hours and 17 minutes before returning a verdict of not guilty. The jurors were Mrs. Marie Walker, Mrs. Jaz. W. Sharp, Fidel O. Sanchez, Carlos P. Gallegos, Danilo E. Ortiz, Mrs. Elger Miller, Charles L. Burch, Mrs. Ralph Brown, Florentino Lopez, Waldo M. Nunez, Lloyd S. Gipson and Mrs. Emma Saverda.

They heard the defendant testify that he wrote the checks during an evening of gambling and drinking at the Yucca bar.

Joe Sargent, Yucca proprietor, testified that the gambling took place at the Petty Motel. Koontz testified they were playing for drinks at first at the shuffle alley. Later, he stated, they played with dice and he lost \$115 in cash and it was then that he began writing checks, which totaled \$500. After they got through, he stated, he wrote another check for \$100, which was not for gambling.

Following the acquittal, Sheriff W. G. Bradley filed charges against Messrs. Koontz and Sargent for gambling. Both paid a fine of \$50 in police magistrate John Mackey's court on Thursday.

TWO CASES DISMISSED

The case of State of New Mexico vs. Bert Smith, charged with indecent handling of a minor, was continued until the Spring term of court.

The appeal case from justice of the peace court, Village of Ruidoso vs. Carl Cobard, was dismissed on motion of the Village of Ruidoso.

G. T. Watts, attorney for the Village of Green Tree, asked for dismissal of the case against George Rue, charged with being drunk. It was an appeal case.

District Court convenes October 8, commencement of the Fall term. Dockets will be read and cases set for trial.

Car Runs Amok Until Sheriff Pulls Keys

Estevan Dominguez of Tularosa was fined \$100 and given a license suspension of one year before police magistrate John Mackey Sunday on a charge of driving while intoxicated.

Sheriff Bradley arrested Dominguez Saturday evening after his car struck another car owned by Richard Hicks and knocked it into Tony Navarro's car. These were parked across the street from the town park.

Sheriff Bradley stated that Dominguez came down in front of the Lyric theatre on the wrong side of the street and after striking the two cars was about to make a right turn at the Cibola Hotel. A crowd of people had gathered there for the cake walk.

Sheriff Bradley took the keys from Dominguez car and lodged him in jail.

WELFARE LAWS TWIST CANDIDATES

Santa Fe, Oct. 3—Gov. John Simms and Ed Mechem, his Republican opponent, are going to have to take time off after the campaign to untwist themselves from the public welfare snarl.

Mechem who entered the campaign with significant backing from the free-enterprisers and others of the sink-or-swim philosophy who favored the restrictive lien and relative responsibility laws, has been stumping the state with promises to repeal the laws, and losing some votes in doing it.

Simms is stoutly defending the laws, at the cost of some votes. The Democratic platform calls for modification of the laws, and a Democratic legislative committee has prepared a report calling for their repeal.

SIERRA INSPECTOR SHOULD SEE FRED

That Sierra county brand inspector, Walter Doolittle, who was fired because he is a candidate for county commissioner says he's going to court. Perhaps he should address his complaint to Fred Standley, \$300-a-month assistant in the attorney general's office who is running for AG without being fired or getting off the payroll. Exporting the removal is the Demo county chairman of Sierra, Bob Boles, who is on the land office payroll and staying at home in (ugh) Truth or Consequences.

(Associates of Standley, incidentally, tell that he has been the work horse of the AG's staff for more than three and a half years and had no vacation. He gets back to the office a few days each week, they said, to catch up on his share of the work.)

CHAVEZ SILENT ON SIMMS' NAME

Early last August the position of Sen. Dennis Chavez in the campaign was the subject of a lot of guessing, and particularly his position regarding the bid for re-election by Gov. John Simms. At that time Chavez confided that while expressing support of the Democratic ticket he would at no time mention Simms' name. So far that is the course he has taken and he has had several opportunities to put in a plug for Simms. In public addresses he has singled out Congressman Tony Fernandez and John Dempsey for praise but said nothing of the other candidates.

It may also be recalled that late in August Chavez said he would not have much time for New Mexico campaigning because he was committed to help Democratic senatorial candidates in several western states. So far it is true that he hasn't had much time for New Mexico campaigning but we haven't heard of any forays into other states.

STATE UNIVERSITY ASKS FOR TROUBLE

The University of New Mexico which has been expiring more and more on partisan politics in New Mexico and sending its professors to take jobs in the statehouse has now gone into the polling of political sentiment regarding the coming election in what looks like an out-of-bounds operation for a state-supported institution, or an institution employee.

Fred Iron, head of the division of business research and not scientifically trained in opinion sampling conducted the poll for the Albuquerque Journal which showed Mechem with 59 per cent favor, Simms with 23 and 13 per cent undecided.

With a turnout of 60,000 in Albuquerque that amounts to a forecast of Simms losing the county by 11,000 to 20,000.

SCHOOL PRESTIGE INFLUENCES VOTERS

Such a forecast, backed by a division head of the university, is of more significance than most realize. It could result in snow-balling of opinion in favor of the anticipated winner, and it certainly places a handicap on the anticipated loser in trying to raise campaign funds and recruit workers.

Folling in itself is all right in front of an election but it is surprising to see it come out of the state university. However the election goes in Albuquerque there are going to be some political axes out for the school. If Mechem runs away with the vote it can be blamed on the poll and if Iron is proved utterly wrong it will be just as bad.

University brass may be trusted to alibi that it was Iron's private undertaking with no university connection but that wasn't the way the poll was presented to the public.

Grizzlies Lose to Hatch, 7-2, in Thrilling Game
 (From the CHS 'Grizzly Tale')

The Carrizozo Grizzlies out-gained but were outscored, 7-2, by the Class "B" Hatch Bears last Friday evening on the Grizzly gridiron as the Carrizozo eleven lost their fourth game of the season.

On the second play of the contest, swivel hipped Lonnie Nowell rambled over left tackle and outran the Hatch secondary for a 75-yard run to pay dirt, only to have the play nullified by a clipping penalty.

Lake Hite and Lonnie Nowell combined their running talents to tote the pigskin to the 12-yard marker where the drive ended.

The Hatch Bears rolled their offensive machine into action in the second stanza and, led by pint-sized Danny Terraza, a 140 pound halfback, who ran with the power of an 180 pounder, drove 76 yards in 11 plays to pay dirt, with Terraza going over for the touchdown.

After the Hatch Bears had jumped to a 7-0 halftime lead the Grizzlies came growling back in the second half and gained their entry into the scoring column when Jesse Nowell charged through the Hatch forward wall to block Kiki Legaretta's kick, which rolled into the end zone, with Nowell and Buddy Duncan in pursuit.

At the last moment the pigskin took an unusual bounce and Cosmo Padilla recovered for a Carrizozo safety.

The Grizzlies took the following kickoff and again marched inside the twenty-yard marker, sparked by an aerial heave from Lonnie Nowell to Scott Lewis which placed the pigskin on the Hatch 12, but again the Bears' defensive eleven held the effort of the Grizzly backs in tow and Carrizozo relinquished the ball but inches away from a first down on the six yard line.

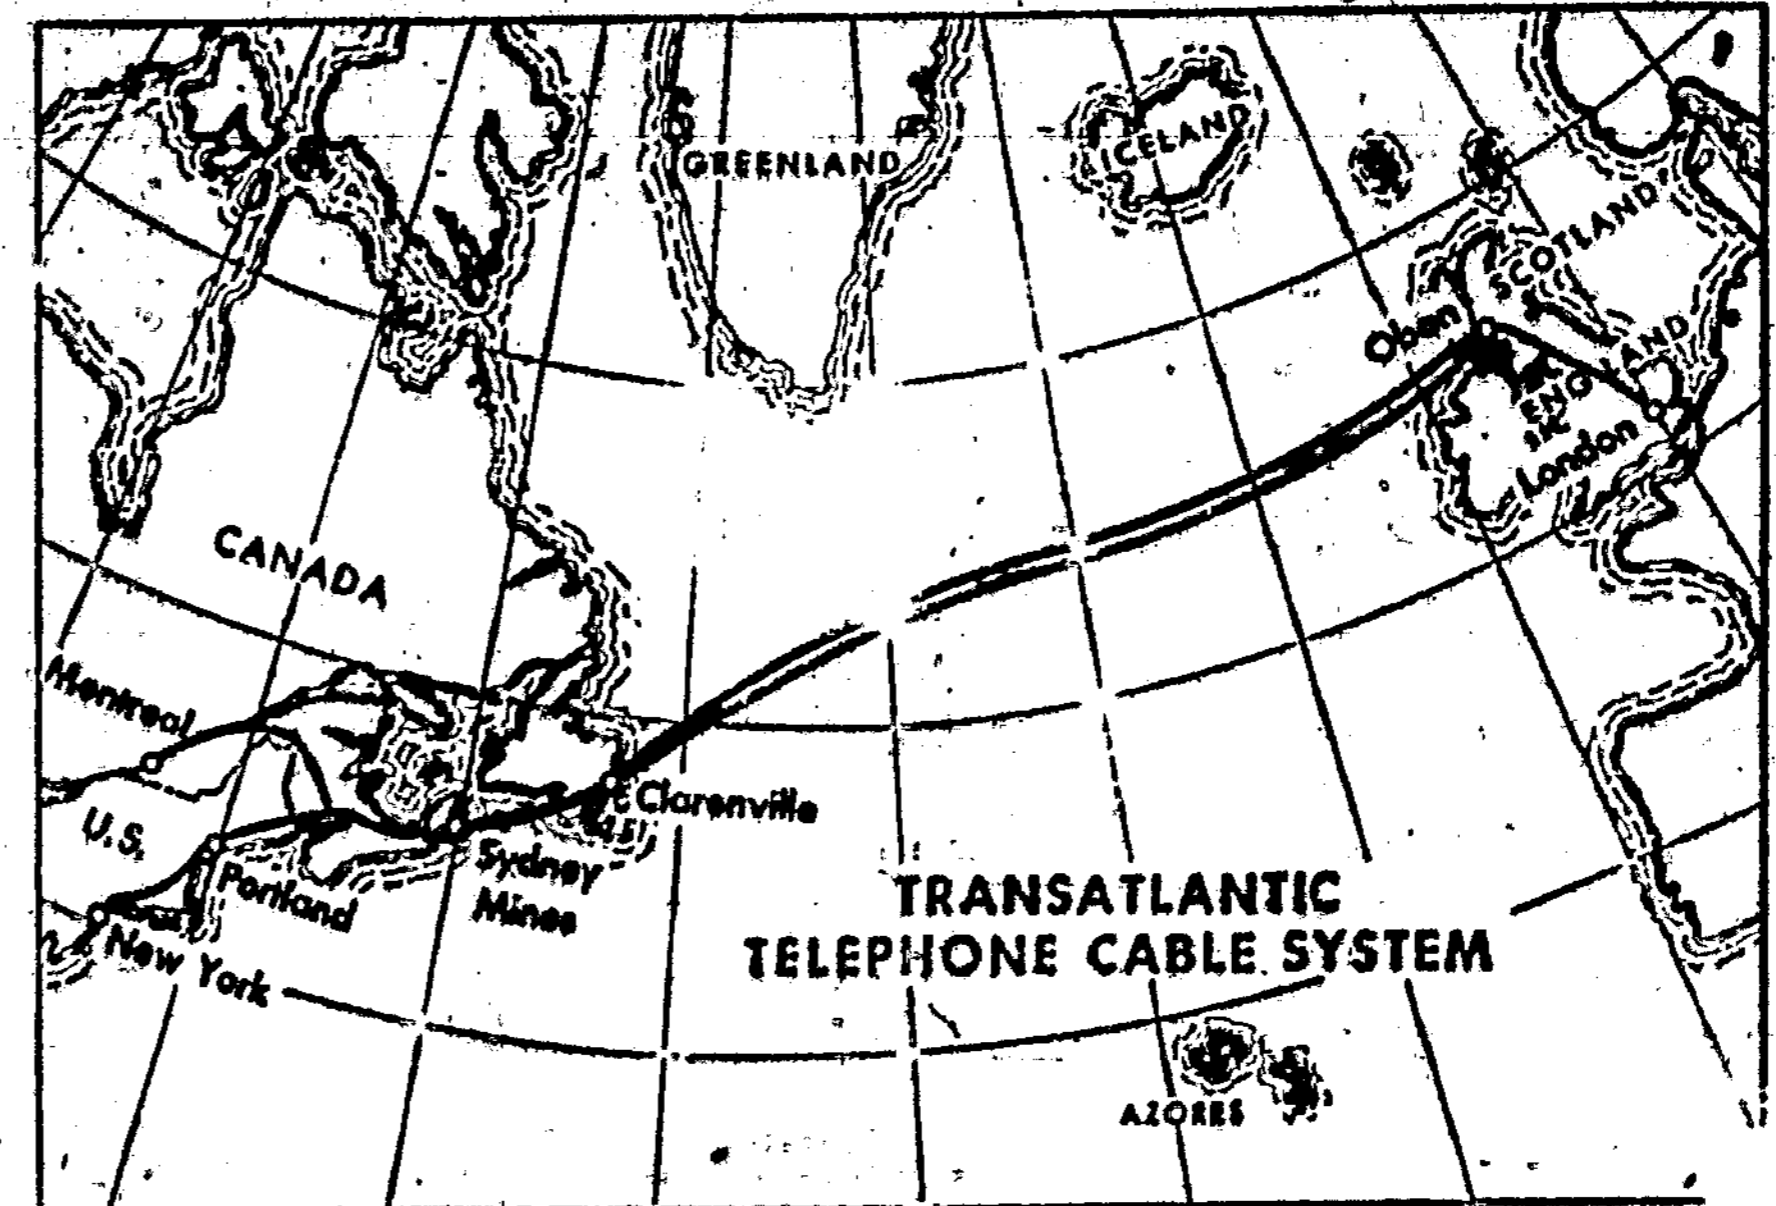

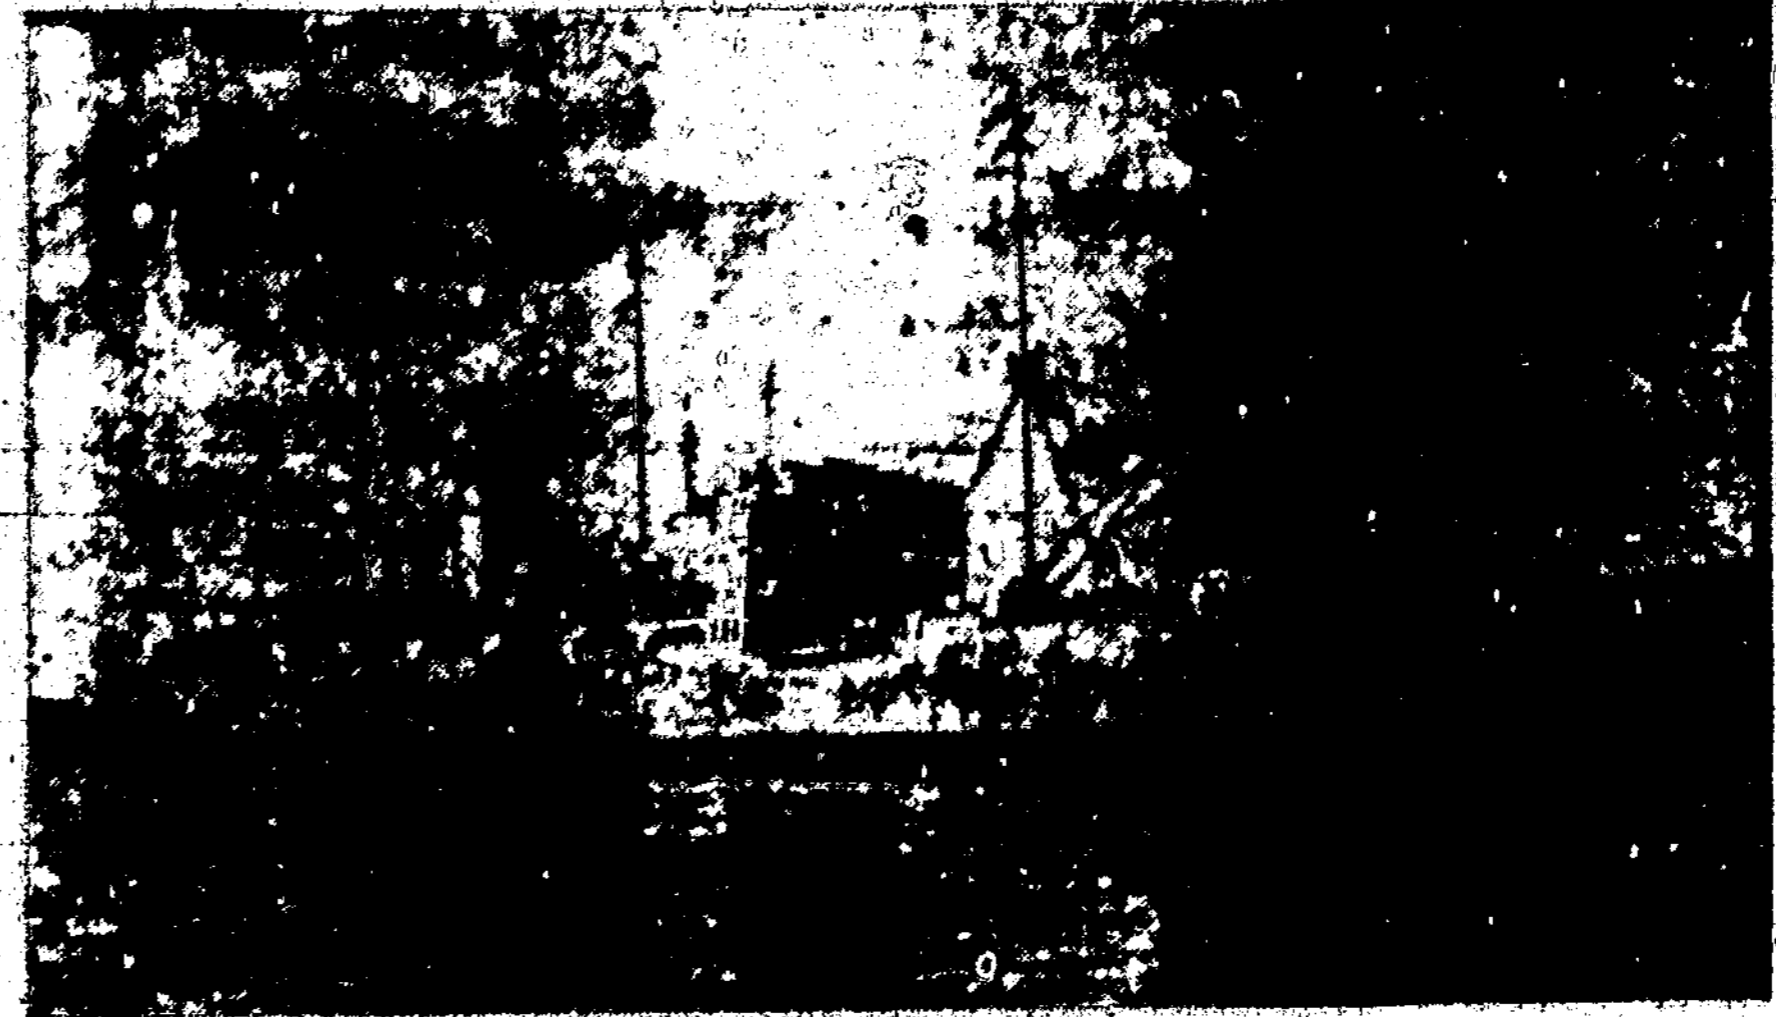

In the final quarter, Carrizozo again rolled their offensive machine into action and, topped by the running of Lake Hite, the Grizzlies' hard running fullback, marched 62 yards on the ground to the Hatch 14 where an intercepted pass tossed by Vick Lopez, who was hampered by the onrushing linemen, stifled the march to touchdown territory.

Although outscored 7-2 in the contest, the Grizzlies are expected to finally enter that long-sought win column this Friday evening in the Homecoming tilt when they meet the Vaughn Eagles in the close of the home season. By virtue of Captain's upset of the Ruidoso Warriors, 7 to 0, last Friday the Grizzlies have not given up hopes for a bid at the District Loop Crown and the chance to compete for the state championship.

Next week the Grizzlies jaunt to Corona for a Friday afternoon contest in a district game and the following week trek to Capitlan for an under the lights battle with the Tigers. The Grizzlies will wind up their regular season play the afternoon of Tuesday, October 23, when they meet the Estancia Bears.

Coach Burch commented after the tilt, "We still have hopes for a District championship, after Capitlan has upset Ruidoso; in fact, the race is now wide open. We have lost to three class "B" schools this year, but we have improved in each contest and we sincerely hope to get on the victory trail this Friday against Vaughn."

Skunks brought into close proximity to man at an early age rarely exhibit belligerence later, except occasionally to strangers, says the National Geographic Society.

COSTLY AUTO ACCIDENTS — Does your budget provide for them? Most likely it doesn't—but it probably does provide for medical costs; and it could be an economy, in the long run, to use a portion of the money so earmarked for a thorough eyesight examination, if you haven't had one lately. Many driving dangers arise from eyesight defects, according to the Better Vision Institute. Prompt discovery of any such defects—and prompt correction thereof, with proper eyeglasses—may help you avoid a smashup.

A PERENNIAL VACATION QUESTION: How much cash to carry on the vacation trip. The answer of many folks who have learned by bitter experience: "No more than you can afford to lose." At home, you do not carry on

It's true that where you are a stranger people may hesitate to accept your personal checks; but Travelers Checks, available at our bank, are readily accepted. IF ALL THE SAVINGS on deposit in banks in this country were in one-dollar bills, stacked horizontally, it is estimated that the stack would stretch—much, much further than the distance from New York to San Francisco! THE BATTLE OF DOUBTFUL CANYON

Early in the morning of May 4, 1864, a hundred Apache warriors ambushed a detachment of some 60 Union troops at the eastern entrance of Doubtful Canyon, west of Lordsburg. The soldiers fought their way through the ambush with few casualties and inflicted heavier losses on the Indians.

The battle is described in a letter from the War Department in Washington to L. B. Atwood, Lordsburg attorney, which was dated July 27, 1891. The letter, in the possession of C. G. Perry of Lordsburg, follows:

"I have your letter of July 13, 1891, in which you requested information relative to the Battle of Doubtful Canyon, fought May 4, 1864.

"The records show that Lt. Henry H. Stevens, 5th California Volunteer Infantry, in command of Company I, 5th California Volunteer Infantry (47 enlisted men) and 1 corporal and 10 enlisted men of Company C, 1st California Volunteer Cavalry, en route from Ft. Cummings, N. M., to Ft. Bowie, A. T. (Arizona Territory), were attacked at 6 o'clock A.M., May 4th, 1864, at the entrance of Doubtful Canyon at Steen's (so spelled in the report) Peak by a party of not less than one hundred Apache Warriors ambushed for that purpose."

"Ft. Bowie was about 15 miles southeast of the present town of Bowie, Ariz., according to Perry."

"Lt. Stevens stated in his report that 'One of my men was dangerously wounded and three others slightly wounded and my horse killed at first fire. The Indians after firing, set up their usual pow-wow to intimidate the soldiers and poured arrows into our ranks by the hundreds and we were hemmed in by them upon three sides.'"

"Notwithstanding their force and decided advantage the men without retreating a foot commenced a deadly fire into their

advancing columns and kept it up for about 45 minutes when the Indians ceased firing and fled promiscuously into the mountains. There was a very narrow canyon through which fifty or more of them passed before they could scatter over the mountains and while passing through this there was a continued and well directed fire kept up by my men which prevented many from reaching the summit. In a place like this it is impossible to tell the exact number of killed or wounded, but I will report only such as I know to have been left dead on the ground. The number found dead at and near the point upon which we were attacked was ten and judging from this and from the number of shots fired it is but reasonable to suppose that 20 or more were wounded. The men continued to fire at them until they were out of the range of the guns.

"Then the man who was too badly wounded to walk was placed comfortably in a wagon, flanked thrown out on both sides of the canyon deployed as skirmishers, one line of skirmishers in the road in advance, and the rear guard at its post, (and) I moved slowly down the canyon. The Indians continued to fire upon us from the mountain tops until we reached the open ground this side of the canyon without doing more damage than that of wounding one horse. We arrived at the mouth of the canyon at 8 o'clock A.M. having been just two hours from the time of the attack to the time the last shot was fired. The mountain sides were covered with cowardly assassins who had collected there to take a farewell look upon their much coveted prize."

"Lt. Stevens reported his loss as 1 man missing in action, Private Henry I. Doshier, Company I, 5th California Volunteer Infantry, one man mortally wounded; 1 man with arm broken; three men slightly wounded; one horse killed and

CAPITAN

By MARGARET BENCH

The pie supper given last Saturday at the high school was very successful, thanks to every one. We are proud of our band and know they are going to continue showing progress.

Lee Anderson has returned from his vacation in Texas where he visited his son Carroll and family, as well as other relatives and friends. He reports a grand time.

Mr. and Mrs. C. C. Barrett and family enjoyed a nice visit from her mother, Mrs. W. A. Fry, and her brother and family, Mr. and Mrs. Byrl Fry, all of Roswell, this past week end.

Mr. and Mrs. Clarence Morris have returned from Truth or Consequences, where Mr. Morris took the baths for two weeks. He says they did help him. Mrs. Morris went on to visit her mother in Duncan, Ariz., and her brother and family in Moroni, Ariz. She enjoyed her visit but said the weather was truly hot. We are glad to have them home again and hope that Clarence regains his health very soon.

Mr. and Mrs. Monroe Howard went to Truth or Consequences last Wednesday morning for at least two weeks' treatment. Mrs. Edmondson was called to Carlsbad to stay with her grandchildren during the absence of their parents who were called away to attend a funeral service. Macie will return this week end.

CANDIDATE FOR COUNTY CLERK ON THE Democratic Ticket

There was a well-stuffed group of politicians at the barbecue supper at Ancho, Saturday evening. The food was delicious. Good food and good fellowship. Where can you beat it?

Some of the ranchers around the county are selling their cows and buying sheep, on account of the price support on lambs and wool. There is food for thought in that for the cattleman's association as well as the politicians. A cowboy and no cattle! A sad sight!

Thanks to the people of San Patricio for their help with the Episcopal rummage sale. Especially, Tom and Louise Babers and Mrs. Marie Pacheco, thank you.

A Good Deed by The Capitan Scouts

I intended to mention in this column the good deed our Boy Scouts did nearly two weeks ago. It deserves special mention as the boys thought of it themselves.

They worked one afternoon at the Capitan cemetery, cleaning up cans and other debris that had thoughtlessly been left there.

I am proud that the Scouts observe such things. Just continue to do these nice deeds. It is the making of good character.

Large Crowd Attends Band Boosters' Supper

By JOE ALDIZ

Saturday night, September 29, the Band Boosters of Capitan held a pie supper, to raise money to purchase new band uniforms. It was estimated that between 140 to 160 people attended.

The students of Capitan started out the evening with selections from the band, Junior and Senior choruses, and the Sophomore chorus reading group. The auctioneer of the pies was R. G. "Heavy" Stewart. The average selling price of the pies was \$5. The lowest selling pie sold at \$1.50, while the highest pie sold at \$15.50. The next highest sold for \$9.

The program presented by the Capitan students is as follows: The Junior and Senior bands played four selections, these being The Star Spangled Banner, Activity (March), Salute to Stephen Foster, and Marine's hymn.

The Senior chorus, accompanied by Mrs. Fletcher Hall, sang the Volga Boatman, Joshua Fit De Battle of Jericho, Deep River, and Solomon Levi—The Spanish Cavalier. Whispering Hope was sung by Patty and Sarah Hall. Somewhere Over the Rainbow and Waltz You Saved For Me concluded this portion.

Capitan Tigers Edge Out Ruidoso

By BONEY ZAMORA JR.

A vast assemblage of football fans from Ruidoso and throngs from the rest of the country gathered at Capitan Friday, Sept. 28, to witness the downfall of the Ruidoso Warriors.

The Warriors, seeking their 17th straight victory, were conquered by the Capitan Tigers by a marginal score of 7-6 to chalk their first District 4C game of the season as a win.

The Tigers opened by receiving the kickoff on the 15-yard line. Joe Aldiz rushed to the 30 where he was downed by powerful back of the Warrior team, Robert Plor. From there the efficiency of Penny McKnight and his crew displayed the Tiger technique and determination.

Walter Jones reported the tackles playing shallow and the backs took advantage. With McKnight's handoffs to Ralph Vance and C. Jones; 35 yards were netted. A sneak pass from McKnight reached home in the artful hands of Joe Aldiz. More rushing yardage coupled by another pass set up the Tiger score.

Speedy halfback, Shorty Jones eased through the left guard hole for the Tiger score. A repeat performance, by the same back and through the same hole netted the conversion to bring the Tiger fans to the peak of elation.

Coach Stratton stated: "I was proud of the whole performance although defense in the third quarter was weak."

Mick Guck, Ralph Vance, Joe Aldiz and Carroll Jones excelled and should be recognized for their defensive performance.

The second stanza found the Tigers and Warriors both struggling for possession of the ball but it was only in the hands of each other momentarily. The Tigers struggled for another marker to get them on the safe side, and the Warriors kept trying to catch up.

After a constant struggle the Tigers recovered a fumble and a matter of plays later McKnight saw the opening he had been waiting for and with the aid of his crew and a solid block on the part of Center Mick Guck, he fled downfield on a belt-buckle play, running about 47 yards before being caught by Captain Wilson of the Ruidoso team, who prevented him from scoring. The first half ended with Capitan leading 7-0.

The third period brought a determined Ruidoso team to the gridiron. After several plays, the Warriors took possession of the pigskin and hit the air. Fourth down and six yards to go still saw the Warriors on the Tiger 20, but the quick thinking of Ruidoso's agile QB, Chuck Hall brought them out of the pinch. Hall pumped a pass into the arms of Bob Watkins and they scored. The conversion failed.

The fourth period was played nearly all on the midstripe of the field until the final four minutes when the Warriors commenced a steady march for paydirt. Still the Tiger defense would not let them penetrate. The gun went off with Capitan in possession on their own 10 yard line.

This week, Oct. 5, the Tigers meet the speedsters from Corona who thus far this season have come out unbeaten. A great game is in store for all who attend. The contest will be on the Capitan gridiron, under the lights at 7:30 p.m.

CAPITAN TEACHERS Mrs. Maurilda McGrew

By CIRINA ALDIZ

"I find it very interesting to come back to teach the children of the people whom I went to school with many years ago," declared Mrs. Maurilda McGrew, commercial teacher, of Capitan High School in a recent interview.

Mrs. McGrew had reached the top of her previous career as a secretary. When asked why she took up teaching Mrs. McGrew said, "Some of my professors at college made me feel that teaching might be the most self-satisfying profession I could enter."

This will be Mrs. McGrew's second year in teaching. Last year she was graduate assistant in the business department at Eastern New Mexico University and in that capacity taught two courses under an ENMU Fellowship.

Mrs. McGrew received her Master of Arts degree in business education in August of 1956. She was graduated the previous year summa cum laude. While at college she belonged to several organizations including Theta Gamma Upsilon fraternity, the Silver Key Society, and the Business Associates Club, in which she served as secretary for two years. She also belonged to the Portales Business and Professional Women's Club.

Mrs. McGrew has lived in the southwestern part of the United States most of her life. She lived in Lincoln while she was attending Capitan High School as a student. At the present she is living with her mother, Mrs. Ann Ramey, and her daughter, Barbara, in Lincoln.

Loading Chutes

Protect Livestock

Most experienced livestock shippers find it is a "must" to have a good loading chute or a solid loading ramp to get animals into truck or railway car.

That's because many animals that are shipped have probably never been off the ground before. They are likely to be frightened at the prospect of leaving solid ground to enter a strange and perhaps unsteady vehicle.

At such a time, a strong chute, preferable with steps and tight sides, will avoid the necessity of prodding or hurrying, and prevent excessive shrink. A firm bank at which the truck can be backed so that it will serve as a loading ramp will also serve the same purpose.

Most ranchers have enough material on hand to build a satisfactory chute. On a rolling farm or ranch, a retaining wall for an earthen ramp can usually be built. Preventing excessive shrink gives the animals more market appeal and often more than pays for the cost of a chute or loading ramp.

The stair-step chute is proving to be one of the best types of loading chutes. Animals much prefer it over conventional inclined chutes. Plans are available for this type of chute at the county extension office, Carrizozo. Ask for plan number 87341.

Some of the major points in constructing a chute are: (1) a long enough incline for animals to move freely, with a step-type chute being most desirable; (2) sides tight to prevent animals from realizing they have left

Drought Sale of Stock May Be Tax Free

Ranchers who have been forced to reduce or completely sell their breeding herds because of drought may benefit from a new amendment of the income tax law.

A taxpayer who involuntarily sells property is not taxed on the profit if he re-invests the money in the same type of property under provisions of the internal revenue code.

There are several limitations which apply in the case of an "involuntary conversion" for livestock. The rancher must meet the following requirements to qualify for the exemption:

1. The proceeds must be re-invested in a breeding herd within a year unless that time limit is extended by special permission from the Commissioner of Internal Revenue.

2. Sales must be draft, breeding, or dairy animals, and such sales must have been made solely on account of the drought.

3. Sales must be in excess of the usual number that would be sold if there were no drought—not customary sales of old cows culled from the herd. However, the capital gains treatment would apply here.

To take advantage of this new amendment (Public Law 629) to the income tax laws, the farmer must elect the "involuntary conversion" treatment on his tax return. This treatment may be applied to livestock sales made after Dec. 31, 1953. Poultry does not qualify.

ground level; (3) width either narrow enough for a single animal or wide enough for two or more; and (4) sturdily built to give the animal confidence as he starts up the chute.

N. M. Wool Growers Send Fleeces to Distant Wool Shows

New Mexico wool growers have sent fleece exhibits to the American Royal Livestock Show at Kansas City, Mo., and the Pacific International Livestock Exposition at Portland, Ore., according to Ivan Watson, extension animal husbandry at New Mexico A&M College.

Both shows are scheduled for October 20-27.

Six fleeces comprise the exhibit for the Kansas City show. Names of exhibitors and divisions in which they have entered fleeces are as follows:

J. P. McKnight, Picocho, one fleece in the 3/4's blood class of the commercial division; A. D. Jones, Tatum, and Frank McWilliams, Carlsbad, one fleece each in the fine wool class, territory division; Glen Hise, Yeso, and Watson and Callaway, Roswell, one fleece each in the 1/2 blood class, territory division; and J. P. White, Roswell, one fleece in the 1/2 blood combing class.

Watson says he expects the fleeces to get good ratings at the out-of-state shows.

An entry by T. J. Sutherland of Roswell, took the grand championship at the American Royal Livestock Show in 1953. Sutherland also had the champion range fine wool fleece at the California Wool Show in May this year.

Floyd W. Lee, San Mateo, had the reserve grand champion fleece at the National Western Livestock Shows in Denver in 1955 and 1956. J. B. Coats exhibited the grand champion fleece

Fall Is Time to Control Peach Tree Borers

If your peach trees have a lot of gum and sap oozing out of the trunks at ground level, you've got an infestation of peach tree borers. These borers often kill young peach trees and severely injure older trees.

The peach tree borer is the larva or worm of a clear-winged moth. The moth lays its eggs on the trunks and branches of peach trees in July and August. When the eggs hatch, the young worms move to the base of the tree and bore into the trunk. The borers feed on the cambium layer just below the bark. If the cambium is destroyed by the borers all the way around the trunk, the tree dies.

Peach tree borers can be controlled by applying PDB (para-dichlorobenzene) in the crystalline form or oil solution or ethylene dichloride emulsion to the soil at the bases of infested trees. Spraying the trunks and lower branches of the trees with DDT, BHC, EPN, or parathion at three-week intervals from July 15 to September 15 is a good supplement to fumigation.

Before applying the fumigant, remove all weeds, level and firm the ground in a 3-foot circle up the level at which the borers are working and firm and level the soil. Apply the dry PDB crystals to the soil in a

continuous band not more than two inches wide and about one inch from the trunk of the tree. The crystals should be distributed evenly and should not touch the bark of the tree. Cover the band of fumigant by mounding dirt 3 or 4 inches deep up to the trunk of the tree. Firm the mound of soil with your shovel. Use finely ground crystals—not moth balls.

Apply PDB crystals in the following amounts: 1 to 3-year old trees, 1/4 to 1/2 ounce; 4- and 5-year old trees, 1/2 ounce; 6 years and over, 1 ounce and very large trees, 1 1/2 ounces.

There are several commercial preparations which are manufactured specifically for peach tree borer control. They contain various percentages of PDB or ethylene dichloride diluted in oils. If you use the emulsions, follow the directions very closely. Dilute and apply the materials exactly as directed. Failure to do so may injure your trees.

Apply fumigants when the soil temperature is 60 degrees F. or warmer. Application should be made from September 20 to October 5 in northern New Mexico and at high elevations and from October 1 to October 15 in central and southern New Mexico.

Gov't Not to Enter Cattle Buying Market

Livestock producers of New Mexico and other western drought-stricken states can expect no assistance from the U. S. Department of Agriculture so far as a government cattle buying program is concerned, reported Dick Snyder, Clayton, President of the New Mexico Cattle Growers Association. Snyder returned to New Mexico, recently following a series of conferences with Agriculture Department officials.

Snyder together with Ernest Chilson, Winslow, President of the Arizona Cattle Growers Association, and Tom Fields,

at the State Wool Show in Albuquerque this year.

New Mexico wool growers sent three fleeces to the National Wool Show in Ogden, Utah, in August. These fleeces placed as follows:

Entry by John A. Cooper of Tinnie, won first place in the 3/4's blood range ewe class. An entry by Floyd W. Lee took a first place ribbon in the 1/2 blood range ewe class. The entry by the J. F. Sutherland Estate of Roswell, won the reserve grand championship at the Show and first in the fine range wool class.

Aguyos Visit in Nogal

Mr. and Mrs. A. H. Aguyos and friends Mr. and Mrs. Bentley, of La Luz, were recent visitors of Mr. and Mrs. Hiram Brimbery and family.

Later in the afternoon they visited the A. P. Sittons. The Aguyos formerly owned the Sitton home and orchard.

It was so nice to see both the Aguyos looking so well. Mrs. Jake Pfingsten, daughters Marian and Mary Nell, and son Harry of Elizabeth, Ark. were visiting old friends in the Nogal area last week. The Pfingstens used to live on Loma Grande and surrounding area years ago.

Ralph Bonnell, Bert Pfingsten and Roy LaMay went fishing in Colorado last week. At last word they hadn't any luck, due to the dryness and forest fires.

Mr. and Mrs. Bill Taylor of Carrizozo visited the Randall Greers Sunday.

It is apple time again. Many cars are stopping to buy or inquire if there are any. Our apple crop at Nogal is real good this year.

Jerry Ritchie of El Paso visited the A. P. Sittons over the week end. Jerry is Mrs. Sittons' brother.

Mr. and Mrs. Allen Chitwood and sons of El Paso were recent visitors of the Johnson Stearns.

Mr. and Mrs. Ralph Forayth returned home Tuesday evening after a ten-day visit in El Paso and Albuquerque.

Linda Stearns has the chicken pox this week.

Mr. and Mrs. Dick Peacock Sr. are back with us. They reported Marvin Jr. had an excellent crop of broom corn this year.

ANCHO

The barbecue supper was very successful. Friends came from over the county and one from Santa Fe and from Albuquerque made the trip for the supper. Thank you one and all for your kindness.

The Charley Wilsons were with home folks Sunday. Cope Straley was home over the week end. He was very unfortunate in getting his ankle broken. However, he is continuing his school work.

Mrs. Harriet Wilson of Albuquerque spent the week end as the guest of the Risingers. She attended the supper Saturday night. Harriet is an ex-Ancho teacher. It was so nice to have her with us.

Jack Black, cattle buyer of El Paso was in Ancho Thursday and Friday buying cattle. He will ship from here October 12. J. B. Johnson of Chandler Heights, Ariz., visited the W. B. Wilsons last week.

Mrs. Lorena Casey was in Ancho on business Thursday. Clarence Shaw, genial justice of the peace in Carrizozo, was in Ancho on business Thursday.

Vic Jones, state sanitarian, was a business visitor in Ancho last week.

Nancy Knight accompanied Mr. and Mrs. Ralph Dunlap to Albuquerque to assist in setting up our Lincoln County booth.

Tommy Knight, accompanied by Dorothy Bibbo, went to T. or C. Sunday to bring Mrs. Esther Grimley, a nurse, to care for Jimmie Kille.

Mrs. Viola Trujillo returned to her home in Carrizozo last week and later will go to California for a lengthy visit.

A Sunday School teachers training course was held at Ancho Thursday night. Representatives from Corona, Nogal and Ancho participated in the instruction, conducted by Vernelle Hightower, Bill Lytle and Rodger Sidener.

Mrs. June Straley visited the Tom Barnetts at La Luz Sunday. Mrs. Straley is Mrs. Barnett's mother.

Mrs. Clyde Stoneman is in Ruidoso, where she will be near medical care. She is with her sister, Mrs. G. H. Stoneman.

Albert E. Mitchell, Albert and Allen Kille former president of the Farm Bureau Federation are expected to go to Mexico City the first week in October to represent the U. S. "If a purchase agreement of this kind can be completed within the next ten days it is very likely that such a plan will greatly relieve the drought cattle marketing situation in the southwest," Snyder stated.

Nothing on wheels hurries, handles or holds up like a Ford!

Here Today!

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

JEST IN FUN

Pat and Mike, touring Switzerland, were caught in a sudden blizzard. Half buried in the snow, Pat was about giving up hope. Suddenly up came bounding a St. Bernard rescue dog with a large cask of brandy fastened to his collar.

"Look, Pat," said Mike, "cheer up, here comes man's best friend."

"Ayo, Mike," said Pat, brightening, "and look at the big dog that's with it."

Well for Corona Fails to Produce

M. M. Penix recently drilled a test well for the city of Corona to a depth of 700 feet. The well produced only two gallons per minute of water, so the Southern Pacific sent in some men to shoot the well with dynamite.

This week the well was cleaned out, but with no results. As yet there are no definite plans for water for the city of Corona.

Ralph Gibbons and Don Norman of the El Paso Natural Gas Co. were transferred recently to El Paso. A party was given in their honor, and for their families, at the Compression Station, 12 miles south of Corona, last Friday. Joe Carpenter and Jack Preddy of Farmington have moved with their families to Corona taking the places of Gibbons and Norman.

Charlotte Buttrill of Farmington spent the past weekend with the R. L. Ray family at the Compressor Station.

H. J. Fuller returned the first of this week from a trip to Dallas, where he went for medical treatment.

Mr. and Mrs. Ray Eced of Dallas, Texas, were here recently visiting his aunt, Mrs. Ethel Wade. The Rays were on route to California.

Ronnie Kuykendall, who is on leave from the Army, was here this week visiting his father, Lee Kuykendall. Ronnie will be leaving for the East Coast, the 11th of this month.

Revival Starts Oct. 8 At Baptist Church

The Corona Baptist Church will hold a fall revival beginning Monday, Oct. 8, and ending the 17th. Services will be each evening at 7 p.m.

Rev. Don Richards, pastor of Estancia Baptist Church will bring the messages. Rev. Chester Bunch of Mount-Air will lead the singing. Everyone is welcome.

Mr. and Mrs. C. O. Eford were in Portales the past weekend to see Eastern New Mexico University play New Mexico Western in a football game. Their son, Carl, plays. The score was 35 to 19 in favor of Portales. The Eford's have two sons, Carl and R. B., attending Eastern New Mexico University at Portales.

Mrs. A. J. Atkinson returned home from Albuquerque where she spent a couple of weeks with a daughter. Her grandsons Billy and Marshall Bagley from Farmington brought her home and spent the weekend visiting in Corona.

Mr. and Mrs. L. L. Argenbright of Albuquerque, former residents of Corona, were visiting friends here the first of this week.

Misses Margie Cothran and Dorothy Kerr, and Mrs. Frances Botstorf made a trip with several others to Espanola Saturday and took the Aspen drive through the mountains.

Mrs. Mary Fox and Mrs. Effie Mulkey made a trip to Albuquerque Thursday of last week.

Cardinals Win From Melrose

Corona is still undefeated after its fourth game of the season against Melrose which Corona won 24-13.

Neither team scored in the first quarter. In the second, Melrose scored on a pass. The extra point was good.

Corona's first TD was set up by 2 passes to Huey and Aldrich. Ed Knight went 15 yards around left end for the score. In the same period Huey carried the ball around left end for the next TD. The half ended with Corona leading 12-7.

The Cardinals scored again in the third period when Huey returned a punt for 50 yards and 6 points. He was aided by excellent blocking from Bryan, Strickland, and the rest of the Card team.

Corona's last TD was in the fourth period. Huey intercepted a pass on the Corona 20, and ran 80 yards for the score. Charlie Strickland was slightly injured in the middle of the fourth period with a side injury. Charlie had been playing a good defensive game.

Melrose immediately began a drive downfield that ended in a TD. No further scoring was done by either side, and the final score was Corona 24, Melrose 13.

Corona Stomps Estancia, 43 to 6

Corona got off to a fast start to win the game against Estancia with a score of 43-6. Fullback Bill Bryan set the pace in the first three minutes of the game by scoring two TD's for Corona.

Corona kicked off to Estancia at the opening of the game. Estancia fumbled and Corona recovered. Bryan moved the ball downfield about 15 yards. On the next play he carried the ball 12 yards for the score.

Two minutes later Bryan scored again and halfback Pat Huey tallied late in the quarter to bring the first period score up to 13-0 favor of Corona.

In the next quarter, Pat Huey brought in Corona's only second period score when he raced around right end on a toss out from QB. Ed Knight. The run was good for 15 yards.

Estancia's only score of the game came in the second quarter when 205 pound Ed Brito smashed 2 yards through the line after a series of passes and line bucks. Half time score: Corona 24, Estancia 6.

The Cardinals came back strong in the third quarter to score 3 TD's and one extra point, and hold Estancia scoreless. Pat Huey accounted for two of the tallies on two passes from Ed Knight. The first pass was good for about 20 yards Huey carried the ball 5 yards for the score. The second pass covered 7 yards and Huey carried the ball 15 yards for the tally. Bill Bryan plunged through the line for the extra point. Corona's last TD was scored by Doc Proctor, a guard, when he intercepted a pass and scooted 15 yards for the score.

Employment Office Closed October 12

The office of the New Mexico State Employment Service, located at 801 New York avenue, Alamogordo, will be closed all day Friday, Oct. 12, in observance of Columbus Day, which is a legal holiday for all State employees.

The office will be open again on Monday, Oct. 13, according to regular schedule.

October 7 to 13 is National Letter Week

National Letter Writing Week will again be celebrated in Corona, New Mexico during the week October 7 to 13. Postmaster Audrey M. Owen announced this week.

Commenting on the significance of National Letter Writing Week, Mrs. Owen pointed out that each year since 1938 this event has been observed as a reminder of the real meaning of a personal letter.

Emphasizing the traditional sanctity of the letter mail, Mrs. Owen reminded Corona residents that one of the Basic American Freedoms is uncensored transmission of their first class mail. It is the most valuable possession of the citizens of a free country.

"We all know the human importance of letter writing," Mrs. Owen stated, "the way in which it holds scattered families together, of giving comfort and love and news to all the people of the land. But its value is immeasurably greater than that. Its implications are almost infinite.

"We in America have the privilege of uncensored and unlimited means of communication. With this in mind, I urge all citizens of Corona to join me in this national celebration. Let's make National Letter Writing week for 1956 the greatest ever."

Marietta Sultemeier and Sally Jane Strickland are showing dresses, which they made themselves, at the State Fair this week.

CARRIZOZO FHA ELECTS OFFICERS

BY FRANK SWEET

New officers for the FHA were installed September 27 at the old grade school building, at a candlelight ceremony. They are as follows:

President, T. J. Jiron; Vice-President, Lucy Pacheco; Secretary, Frances Ortiz; Treasurer, Beatrice Taylor; Parliamentarian, Stella Chavez; Reporter—Fern Sweet; Historian—Marilyn Haskoy; Song Leader—Tilly Pacheco; Student Council Representative, Juanita Lucena.

T. J. Jiron was complimented with a rose corsage from the FHA girls. She gave a nice speech.

At the conclusion of the installation the girls joined in their FHA creed and song.

TIN CAN BREAKFAST

The FHA girls had a tin can breakfast September 27 at 4:00 o'clock in the morning. They met at the old grade school building. As the girls went through town toward the overpass, they banged on tin cans, waking everybody up.

Miss Avery took her car with food to the old CCC camp. The girls had to cook their own breakfast on the tin cans. They had bacon, eggs, toast, orange juice and milk. The girls built their own fires and kept them going while cooking breakfast. It will be something for the girls always to remember.

Our Chapter wants to progress all it can this year and do some worthwhile projects.

Woman's Club Entertains Teachers

The Womens Club of Carrizozo gave a buffet dinner for the teachers of Carrizozo schools September 26, 1956 at the Carrizozo Womens Club.

There was a large turnout of Club members, teachers and their families.

Mrs. Sam Nickels, club president, welcomed the teachers and R. G. Firman, superintendent of the Carrizozo schools, gave the address.

The dinner consisted of baked ham, meat loaf and all the trimmings. For dessert there was pie and cake.

Everyone had a good time. The Woman's Club is looking forward to the event next year.

ABOUT PEOPLE

Mr. and Mrs. Dave Alexander of Mockingbird Gap were Carrizozo visitors Saturday. Mr. Alexander told how he stepped on a rattlesnake in their garden after he and Mrs. Alexander had walked over and around the reptile several times. The snake was coiled in a bush and made no effort to strike even after being stepped on. It was 3 1/4 feet long and had eight rattles.

Secretary of State Natalie Smith Buck stopped in Carrizozo Monday en route to her home in Santa Fe. She had attended the opening of the Apache Summit Lodge on the Mescalero reservation.

Manuel Chavez of Carrizozo and Kenneth Barnhill of Las Cruces attended the Western Probation and Parole Association conference in Portland, Ore., September 23 to 25. They returned Sunday evening.

INSIDE CAPITAL

Irlon's name was used and also his title at the school was prominently put forward.

"ACTING SECRETARY" KIDDING HIMSELF

Ruben Sjera, an employe in the secretary of state's office has been signing himself as "acting secretary of state" during the absence of State Secretary Natallio Buck. That may be all right for proclamations and such but it shouldn't be trusted for anything of any consequence. There isn't such a thing as an "acting" state officer except the lieutenant governor when he sits in for the governor.

CLAYTON PLEASES DEMO CANDIDATES

Democratic campaigners found a bright spot in their visit to Clayton. The candidates came home with reports of one of their best receptions in the northeastern area. Union county, incidentally, was one of the very few counties in the eastern half of the state that came through for Governor Simms over Corporation Commissioner Ingram Pickett on that difficult day in May.

STATE GAME DEPARTMENT

DANGER OF FOREST FIRES

Sportsmen are again warned about the severe danger of forest fire. Director Homer C. Pickens of the Department of Game and Fish asks for special caution with respect to smoking, care of campfires, and disposition of litter, particularly inflammable paper.

RED HAT DAY

Red Hat Day is going right into the hunting area where it belongs. Some check stations, which are house trailers owned and operated by the Department of Game and Fish, have been painted gray with red tops. Others, as they need repainting, will bear the red tops. This method of publicizing Red Hat

Day is the Idea of Claude McConnell of the Pecos Fish Hatchery.

Red Hat Day is also going to get before a vast segment of the State's population, where it also belongs. The theme of the Department's exhibit this year will be Red Hat Days, to promote hunter safety, landowner-sportsman relations, game-law compliance and prevention of forest fires.

The State Game Protective Association and Isaak Walton League chapters join the Department in urging every public-minded person to wear some kind of red hat on October 12, 13 and 14 as a reminder of the Red Hat Day pledge.

SPECIAL HUNT APPLICANTS FARED BETTER THIS YEAR

"Would-be antelope and elk hunters had a somewhat better chance to obtain licenses this year than last year's applicants for the same species," says Director Pickens of the Department of Game and Fish. Applicants for Barbary sheep licenses on the other hand, had the odds slightly against them, as compared with last year. These statements are based on the ratio between applicants and available licenses. There were approximately 2240 applicants for the 877 antelope licenses available. This gives a ratio of about 2.5 applicants for each license. In 1955 there were 36 applicants for each antelope license available. Applicants for the 336 elk licenses numbered approximately 1837. This means that 4.8 applicants came in for each available elk license. Last year's ratio was 5.0.

Egypt Pioneers In Human Welfare

In other days men dreamed of turning their wishes into gold, but in present-day Egypt government agencies are working to turn their dreams into reality. The nation's overpopulated country. Already the present government has created a new program to help all citizens meet their needs. That's why a new program was set up in Alamogordo, N.M. 100,000 acres of land is destined to be irrigated by one million gallons within the next 15 years. The new population, which will be shipped off from the most crowded provinces of the Nile Valley, will enjoy a rate of land per inhabitant four times greater than that of any other country.

The location of the new province was chosen for the strategic purpose of all Egypt. It is a beautiful, fertile, and fertile area, which could be irrigated by water, and the parcel will be shipped to the fertile Nile Delta. Two years ago 200
