Build Lincoln County

### NELLIE HENLEY BRANUM (Continued from Last Week)

My husband, Lin Branum, first came to New Mexico in 1885 with James A. Cooper Sr. and the two Hyde Brothers—George and Oscar. They brought a herd of cattle from Texas and settled in Kraut Gulch on the Bonito. Two years later Mr. Branum and the Hyde Brothers moved to Three Rivers.

Bonito City was already started when we got there. My grandfather got the homestead between us and a man by the name of Bingham, the man who taught school. Then up above him was Littlefield. On up I used to know the Haggerts and Rollands, and farther up, Corn, who later became my brother-in-law, and the last house was I. B. Berry. He had a daughter and son and they lived there at the head of Bonito.

My grandfather came over to Nogal. There were a few houses and a little store there then and he bought the store and my father ran it. I was about seven or eight years old then. A fellow by the name of McVeigh owned the store in Nogal at the time and up above there, an old gentleman by the name of Moore had some log cabins built and my grandfather bought them from Moore. The American mine was in operation then or about that time, and they got their provisions at the store.

You know in those times we didn't have any communications except for horseback riding or a buggy or something like that. When we lived on the Bonito in the spring of 1885, a man came to our house and told my father there had been a terrible killing at the Mayberry Hotel in Bonito City and that he was on his way to Lincoln for the sheriff. They hadn't found the man yet who did the killing. He said the girl was badly wounded and needed medical care very soon, so my father decided he would go up there. He was gone three days and we didn't know what had happened to him. We thought he had got killed too. We didn't know.

When he came back we found that he had attended to the girl and dressed her side and then helped make the coffin. There was a doctor and a little boy in the loft, they used to have beds there, and this man was in love with this girl and she wouldn't have anything to do with him, so he got on a big drunk.

The doctor and little boy were sleeping in the loft, and he killed them. Mr. Mayberry heard the noise and he started up there to see what was going on and when he got to the head of the stairs he was shot and he fell right about the head of the stairs. Mrs. Mayberry went up and she stepped in Mr. Mayberry's blood with her bare foot and they had to take that floor out and put in another one because they could not scrub that blood up.

Mrs. Mayberry went on up there and he killed her and went to kill this girl. He shot her in the side and she ran off and hid in a doghouse. He followed her in the doghouse but she was behind this door and he didn't see her. They finally caught him. The folks came and got the girl and took her away.

My father saved her life. He kept her from bleeding to death. She was shot more than once in the side. There were few doctors in the country then and my father was the only one they knew of. There might have been a doctor in Lincoln.

I was married in 1894 and I have five children. Not all of them were born on the Bonito. Some were born in Nogal. We then moved to Three Rivers and ranched there for 24 years, then we finally sold that and we went down to the I-X Ranch and bought a few acres. We sold that place and we came back up here and built us a house. I put five children through high

## Proposed New Lincoln County Court House

Above is an artist's drawing of the proposed new Lincoln County Court House. The County Commissioners plan to ask voter approval this spring of a \$375,000 bond issue necessary to build it. The present court house annex would be fully utilized as one wing. A new front, with offices, will be built and a second wing added, giving the building symmetry and beauty. It is proposed to use flagstone from the Corona Stone Company quarry to face the structure. The old court house would be torn down to provide additional parking space.

### BEAUTY COMBINED WITH UTILITY

Faced with increasing maintenance costs on the 44-year-old county court house, inadequate jail facilities, office space and storage room for county records, the Board of Commissioners of Lincoln County are planning to proceed with a bond election this spring.

Though the present court house annex would be used in the building plans the court house would to all appearances be a new building.

The bond issue would cost taxpayers an average of \$1.50 per \$1,000 assessed valuation, over a period of 20 years. Chairman of the Board George Fuchs informed the News this week.

As the assessed valuation in the county increases, the cost to each taxpayer will decrease accordingly. In the last two years the county's assessed valuation has increased approximately 1 1/2 million dollars.

The commissioners have no funds with which to modernize the old court house and bonds cannot be voted to improve or add to it. The new court house will be completely fireproof, an important point to consider in the preservation of valuable county records.

To date there has been no organized opposition to announced plans to build a new court house. The commissioners have been informally sampling public opinion for several months. A vote taken on the proposal last week at a Farm Bureau meeting in Corona showed 36 in favor of building the court house, 2 against.

Services were held Saturday in Alamogordo for "Uncle Billy" Mauldin, New Mexico pioneer, who died last week at the age of 93. Mr. Mauldin, grandfather of cartoonist Bill Mauldin, came to New Mexico in 1870.

### Charles W. Boone Killed in California Truck Accident

Services were held at the Shaw Mortuary in Carrizozo Sunday afternoon for Charles Willard Boone, 22, who lost his life Wednesday, Jan. 18, in a tragic truck accident near Niland, Calif.

The young man and one other, Lynn A. Wells, 21, were killed and ten other Southern Pacific men were injured when a truck in which they were riding overturned 27 miles southeast of Niland along the SP railroad.

The men were part of a crew installing a signal line from Indio to Yuma.

According to an account in the Brawley (Calif.) News, the accident occurred about 3 p.m. on a road labeled on the map as "primitive road." E. C. Crumley, 20, of Carrizozo, the truck driver, told officers the steering wheel suddenly pulled to the left, causing the truck to overturn.

Young Boone, Wells and Leroy Novell, of Carrizozo, were thrown out of the truck and pinned beneath it. Leroy miraculously was only slightly injured, but was taken to the hospital by train, along with nine others. Wells lived about two hours after the accident.

Jim Barnett of Carrizozo was also in the signal construction crew, but was not on the truck at the time of the accident. He and Mrs. Barnett and Roy Crumley drove Charles Boone's car to Carrizozo for the services. The body of young Boone was returned to Carrizozo Saturday night by W. C. Dean, foreman of the Signal Installation crew.

Rev. C. E. Burch conducted the service. The Shaw Mortuary was filled to overflowing by friends of the young man, many of them coming from other towns in the county. Interment was in the Odd Fellows cemetery at Carrizozo.

### SERVICE COLOR GUARD

A color guard of ex-Navy personnel attended the services. They were Friday Sherrill, Ray Wells, Charles Hodgkin Jr., Ernest Vandell, Clarence Hum, W. H. Rickerson and Don Roberts.

The pallbearers were Jim Barnett, Tommy Barnett, Guy Warden, Preston Lindsay, Roy Crumley and LeRoy Sidwell.

Charles Willard Boone, son of Jessie James and Alpha McLeod Boone, was born February 3, 1933, at Tinnie. He served in the Navy from July 1950 to November 1953. Following his discharge from the Service he returned to Carrizozo for a time.

Two years ago this month he began employment with the Southern Pacific.

His mother preceded him in death and he is survived by his father, J. J. (Buster) Boone, his step-mother, Cora Boone, both of Carrizozo; a brother, James M., and his grandmother, Mrs. Mae Guhl of Nogal.

Next of kin attending the services were an uncle, W. G. Kelley; an uncle, Everett McLeod, and Mrs. McLeod of Roswell; three cousins, Bennett McLeod and wife, and Joe McLeod and wife of Roswell; also Mrs. Lulu

She is survived by a son, Ben C. Sanchez, ten granddaughters, five grandsons, fifteen great-granddaughters, 19 great-grandsons and a granddaughter in religious life, Sister Mary Genevieve.

The pallbearers were Juan Martinez, Joaquin Ortiz Sr., Frank Vega Sr., Manuel Ortiz, Eusebio Baca and Luciano Gallegos.

### Annual Meeting

The Lincoln County Land Use Planning Committee, in relation to roads, met Wednesday morning in the court room in Carrizozo.

Officers for the new year were elected as follows: Archie Perkins of Corona, president; John Cooper of Tinnie, vice-president; Mrs. Marie Walker of the County Agent's office, continued as secretary.

The State Highway Department was represented at the meeting by B. L. Smith, secondary highway engineer and C. W. Carson. Eleven of the 13 areas in the county were represented:

- For Encinoso—Captain Chas. A. Jones.
- Arabela—John Cooper and George Sismoros.
- Lon—Geo. W. Shanks and Roscoe Trammell.
- Angus-Ruidoso-Alto—Wm. Hart and George Dingwall.
- Ancho—Walt Willson.
- Nogal—Guy Dabney and Floy Skinner.
- Corona—Archie Perkins and A. C. Hester.
- Plecho-Tinnie—Joe Skeen.
- White Oaks—Pat Murphy.
- Angus-Capitan—Fletcher Hall and W. L. Holmes.
- Oscuro—Frank English.

The meeting was attended by County Commissioners George Fuchs, Charles A. Jones and Alfonso Soto and by County Agent Ralph Dunlap.

Mr. Smith brought out in his talk that road planning must be done several years in advance of actual construction.

Part of the next allotment of available farm-to-market funds will be used to surface Highway 37 from Peters Hill to the Angus Junction. The latter part of August was mentioned as contract date for this project.

It was the recommendation of the road planning committee that any funds left from the 37 improvement be spent on Highway 42 east of Corona; also that Highway 42 be placed on the Federal Highway Secondary system.

Commissioner Fuchs stated that it is expected that funds will be available this year to improve the highway leading from 350 into Nogal.

Mr. Smith repeated a statement made last year that the amount of traffic at the present time did not warrant surfacing the Tinnie-Arabela road.

### PRIORITIES UNCHANGED

No change was made in previous committee recommendations for road construction.

Commenting on the road north of Corona leading to Cedarvale in Torrance county, Mr. Smith said he recently attended a meeting of the Torrance County Road Planning Committee. He said the committee recommended that the road southward from Cedarvale be surfaced. A change in the route of the road was considered, whereby it would enter Highway 54 at the overpass north of Corona.

Mr. Smith explained the abandonment by the State Highway Department of a portion of Highway 42, leading into Highway 285 on the east side of Lincoln County. The part of the road abandoned was the 8-mile stretch in Lincoln County turning north into Ramon. The present highway will connect in a straight line with 285.

Road Planning Committee elections in several areas in Lincoln county are scheduled to be held in the near future.

The next regularly scheduled meeting will be early in 1957.

**Santa Fe President**

**Forecasts Good 1956**

Predicting a continuing high level of prosperity well into 1956, President Fred G. Gurley of Santa Fe Railway last week in his annual year-end review announced that the railroad's revenue return for 1955 will be approximately 10% above that of 1954 but lower than the peak peacetime year of 1953.

"Business generally has been good in Santa Fe Territory except in some agricultural areas which were adversely affected by drought," Gurley said. "The year 1956 should be approximately as good as 1955 from the standpoint of revenue."

"I think the future for our industry is good," he continued, "and our faith in that future is evidenced by the fact that next year's capital expenditures totaling approximately 102 million dollars will be the highest in Santa Fe history to date."

Gurley said 49 million dollars of the total would cover purchase of 5,121 new freight cars, 25 million dollars for improvements to roadway, structures and equipment, 19 million dollars for new passenger train cars including 45 streamlined Hi-level cars for the new El Capitan to be inaugurated in June of next year, and 13 million dollars for 80 new diesel locomotive units.

**Watch Children for "Strep" Throat Signs**

Be on the alert for signs and symptoms of "strep" throat at this time of year, warns the New Mexico Heart Association. Strep-tococcal sore throat puts your child in danger of rheumatic fever and rheumatic heart disease, the causes of more heart damage and more long-term crippling illness in young people than any other disease. Call your doctor, urges the Association, if you get "yes" answers to these questions:

1. Did the sore throat come on suddenly?
2. Does your youngster complain that his sore throat hurts when he swallows?
3. Does it hurt the angle of the jaw when you press there gently with your fingers? Are the glands there swollen?
4. Does he have a fever between 101 and 104 degrees?
5. Does your child complain of headache?
6. Is he nauseated?
7. Has he been in contact with anyone who has had scarlet fever (also a streptococcal infection) or a sore throat? (Any child who has been exposed to scarlet fever should be seen by a doctor for preventive treatment even if he does not have a sore throat.)

Prompt treatment is important, stresses the Heart Association. "First attacks of rheumatic fever can generally be prevented by use of penicillin or other modern drugs to eradicate the 'strep' infections which almost always precede it."

## THE HART HOUSE IN LORDSBURG

The Hart House at Pyramid and Second in Lordsburg has a place among the historic houses of New Mexico. The California redwood dwelling was built by the Hart brothers, Richard and Walter, who came from New York City about 1880 for adventure or health. They originally were interested in mining but turned to ranching and acquired large holdings. Mr. and Mrs. Sam Gass, Lordsburg old-timers, now occupy the house.

Here Elizabeth Garrett finished composing the state song, "O Fair New Mexico."

The house had the first bathtub in Lordsburg.

When the late Judge C. W. Marsalls, father of Mrs. Gass, bought the house there was \$2,000 worth of choice liquors in the cellar, and the stock apparently was included in the sale price.

Its lore has a touch of the Wild West, for a sheriff once shot a man to death in the back yard while Mrs. Gass and her mother sat in the front yard as calmly as possible.

At times the Marsalls and Gass families have believed the house was haunted.

After more than 75 years it still is a distinctive house, with the large, high-ceiling rooms, the gables, and the wide porch on the two street sides. At one time it was a showplace in Lordsburg.

Claude Fuller recalls that on a trip to town from the farm a boy, who had moved to Lordsburg from the country, took him to the house and pointed it out as one of the wonders of the town. Second Street is a block south of Railroad Avenue, and the house then was on the outskirts of Lordsburg. There wasn't anything back of the Hart House except wide open spaces.

During prohibition days some of the fine brandy, champagne, whisky, sherry and claret, which had been shipped from Kansas City to the Hart brothers, went cheap in Lordsburg. The house was rented for a time, and a 14-year-old, one of the occupants, bootlegged considerable of the stock. He filled bottles with the choice liquors and sold them at a flat rate of 50 cents each in downtown Lordsburg. Sam Gass said:

Judge Marsalls bought the house in 1910 from Joe Leahy, an early merchant in Lordsburg, to whom the Harts had sold it. Shortly after the Marsalls family moved in, Mrs. Gass recalled, they suspected the house was haunted.

What looked like an electric light shone steadily on the sideboard for two hours one night. Before the light appeared the family heard strange noises, which later were explained as sounds caused by the house settling. The light on the sideboard, however, was never explained. There were no electric lights in Lordsburg in 1910, nor was it a moonlight night.

Gass, a former railroad man, sometimes returned from work about 4 o'clock in the morning. As he walked through the living room, the feeling that a ghostly presence was following him often became so real that he would turn and flash his railroad lamp. As he passed and flashed the lamp, there was nothing but the pre-dawn stillness of a house.

At the time the Hart brothers built the house water was hauled into Lordsburg and sold at 35 cents a barrel, Fuller said. The Harts installed a bathtub. They had a cistern dug, which caught water off the roof. The cistern water was pumped by hand into an elevated tank from which it flowed into the bathtub. Hot water heated on a stove was poured into the cistern water to provide a warm bath. The Harts' cowboys had a chore to do before celebrating in town—they had to pump water from the cistern into the tank.

The man shot to death in the back yard of the Hart House was a Spanish-American who had killed another man in a downtown shooting. He ran into the front yard, where Mrs. Gass and her mother were sitting, crouched behind their chairs and asked for a hiding place because the sheriff was after him. As the sheriff came up the street, gun in hand, the man dashed around the house to the back yard. The sheriff ran after him and in a brief battle in the back yard killed the fugitive.

The Hart brothers ran cattle with the 24 Circle brand from Lordsburg to the Burro Mountains, to Red Rock and to what is now Virden. They operated about 10 years, as Fuller remembers, and then the drought which occurred around 1890 put them out of business. They rounded up and sold their cattle for \$6 a head. The remnants, the cattle they were unable to round up, were sold to a cowboy, Harry Martin, who became a wealthy cattleman. The Harts returned to New York after disposing of their ranch and Lordsburg home.

**Jailbreak in Deming**

The Mexican guerilla suspects pounced on the jailer in the Deming jail and tied him up. Then they armed themselves with the guns at hand.

The prisoners did not try to escape on foot or run the risk of stealing a car on a Deming street. One of the Mexicans telephoned a cab driver and asked him to bring change for \$10. The cab driver walked into the jail with the change. The Mexicans pounced on him, bound him, took the \$10, and drove off in a cab, a Model-T Ford.

Pete Pender of Hatch remembers the incident because he was recruited as a member of a roadblock posse by Sheriff Felipe Lucero of Dona Ana County. The jailbreak occurred late in 1915 or early in 1916, and Pender believes six Mexicans were involved. Pender was working on the construction of Mesilla Dam near the main highway, then north of the present route of U. S. 70-80. The roadblock was set up near the dam.

As soon as Sheriff Dwight Stevens of Luna County learned of the break, he started in pursuit with a posse in cars. Stevens and his posse followed the Deming-Hatch cutoff road, the route the fugitives were supposed to have taken.

About half a mile west of Rincon, the Luna County posse stopped, and Sheriff Stevens walked up on a small ridge to investigate a camp fire. The men around the fire were the escaped Mexicans. They opened fire and killed the sheriff. In the ensuing battle two of the Mexicans escaped, Pender recalls.

Sheriff Lucero later picked up their trail and captured them afoot in the hills north of Hatch.

**WITCH ITEM**

This man wanted to become a witch. An old woman told him to plant soybeans and told him to watch over them for three successive nights at midnight. The first night he heard a little weird sound. The second night it became much worse and the third night it was so terrible he became frightened and ran away so he didn't become a witch. (This item, from the Folklore Archive of Highlands University, Las Vegas, was told to Agnes Rudolph by her father on February 9, 1953. The setting was Canoncito in Santa Fe County.)

## Hondo School Fiesta Planned for April 14

Pan-American Day will be celebrated April 14 in the Hondo Valley High School by the Spanish Department. Because of lack of facilities the Fiesta for the past few years has been abandoned; but, plans are being made now to present one of the most colorful spectacles ever given by the school.

The first Fiesta, an evening of Mexican and New Mexican songs and dances, was presented in 1948. In 1949 Carnival was presented, followed in 1951 by "A Fiesta Day in Mexico."

Dances of Spanish, Mexican, and New Mexican origin are skillfully performed by high school boys and girls, who in the past have received high acclaim in Santa Fe, El Paso, and at the Tucson Festival of Arts in 1951.

More definite plans concerning this year's presentation will be announced at later dates.

By MARGARET BENCH

I think at this time I should tell you just how much I enjoy the history of each of the old timers. Do keep that up for it is interesting. They built our country and their experiences should make us realize what they did to make our life as it is today. Do keep it going in our paper. There are many of them yet that can keep us informed.

Five new grade school children were enrolled Monday morning, from the first to the sixth grades. We are happy to have them.

Fletcher Hill and Grady Eldridge were business visitors in Hobbs last week end.

Mr. and Mrs. Vyrion Gibson of Tucson were house guests of the Ed Bakers this week. Mrs. Gibson is Mr. Baker's niece.

Mr. and Mrs. Duane Darling and children went to Silver City, to visit her parents, the Youngs. Mrs. Darling and the children are going to vacation there for a while. Little Peggy is going to the dentist. Have a nice time though we will miss you, Jonell.

Mrs. Floyd's sister and husband of Waco, Texas, are visiting with her at this time in her ranch home.

Mrs. Carter and three children, Mrs. Miller and three children and Mrs. Lee and two children all motored to Portales for six days. Report a nice time but were glad to get home as the sun did not shine. It was foggy, damp and chilly there. They live in beautiful trailer homes which are parked at the Mountain Trailer Park. Their husbands were working in Roswell this past week. They are employees of the Telephone Company. They are lovely people and we do enjoy having them with us in Capitan.

Mr. Joseph has been on the sick list for over a week with a bad back.

## "Snoop" the Cat Prefers Former Home

Mr. and Mrs. Jack Aldrich's long-haired white cat which is very old and is deaf, refuses to live in their newly purchased home. "Snoop" eats there then returns to his old home for the remainder of the time. At meal time he is back at the new home. We hope he will settle down soon for he is a lovely pet.

Mr. and Mrs. Lewis Cummins and Hollis drove to El Paso last Sunday afternoon. They visited friends and had dinner. Then they attended Youth Week services at the First Church of the Nazarene.

Mrs. June Galyon and children and Kenneth Lacy were called to Hobbs on business Monday for a few days.

Lydia Carabajal had a second attack of rheumatic fever and has been in the Ruidoso Hospital for ten days. She may be there for several more days.

Little Toby Wilson who was two years old January 11 is giving his foster parents and family, Mr. and Mrs. Orlin Wilson, of Cedaredge, Colo., so much joy and most sincere happiness. Their Christmas was so enthusiastically and joyously expressed by that little boy's presence it was a thrill which one felt deeply. He is such an intelligent, bright and happy little fellow. The entire family love him so much and are so proud of him. I am so happy with you, Toby in a dream come true.

Mr. and Mrs. Shorty McCoy were called to Ft. Worth, Texas, due to the death of his father who had been ill for quite some time.

Mrs. Ara Dollnar has been very ill and is under the care of Dr. Wagoner in Roswell. She is a little better, though she will not be able to do anything for quite some time. She must take two treatments a week for a while. She feels some better. You have been so ill Ara, do not be discouraged for it takes time. You will soon be O. K.

Mr. Luvald of the Mountain Home Motel has returned from several days' business trip in Texas.

## Band Boosters to Show Feature Motion Picture

The Band Boosters are sponsoring a 20-minute motion picture in sound and color. "The Pilgrimage Play" on February 10 at 7:30 p.m. at the school house. Be sure to see this.

Julian Herrera took his little daughter and her grandfather, Mr. Sedillo, to the Carrizozo Hospital Monday.

Mrs. Fletcher Hill was very ill this past week with tonsillitis. We have had some good moisture and though it does not seem to be much it truly does help this sickness. The wind, sounds as if it might help bring us more, which we are ready for.

The Methodist Church had a potluck supper last Saturday night. They have them every fourth Sunday. The other Sundays they have Bible studies at night—enjoyed by many.

Clark Wilson is home from the Service and is working for the Telephone Company in Colorado and enjoys his work.

Blondie Lane is back on duty after several days' illness.

Henry Romero spent this past week end in Alamogordo visiting relatives.

Bud Payne was called to Abilene, Texas, Tuesday due to the serious condition of his father, W. B. Payne, who has been ill for quite some time.

Owen Bennett, Mrs. Lee Smith, Mrs. Leroy McKnight and Mrs. Virgil Jones went to the band boosters' meeting in Carrizozo this past week.

D. O. Jones was a Capitan visitor Tuesday. This is his first trip out since he was injured December 21. He looks good. Mrs. Jones had not been away either so this was a real treat to see them.

Mrs. Zane Leslie entered Carrizozo Hospital Monday with pneumonia.

Lee Anderson returned Saturday after two weeks in the Ruidoso Hospital. He is much stronger and we are glad to have him home again.

Mr. and Mrs. Dahl Kirkpatrick of Albuquerque came to see Mr. and Mrs. Jack Aldrich last Wednesday. They had dinner then took Mr. and Mrs. Matlock (who had been guests in the Aldrich home for some time) home with them.

Mrs. Leota Pflingsten went to Roswell Tuesday night school to be under the doctors' care for several days for treatment for a back ailment. Mrs. Dorothy Guck is teaching in her place for the remainder of the week.

Robert Leslie, Sr. is in the St. Mary's hospital in Roswell. He has been there for over a week. He has been very ill though at this time he is doing much better. It is possible that he may be released from the hospital this week end though he can not leave Roswell as he must be under his doctors' care at all times for a few more weeks as soon he must undergo surgery, which will give him good health for a long time. Keep up the good cheer, Mr. Leslie. Smile on so that you will be with us soon. Mrs. Leslie is staying with him. The children visit them often.

Doyle Hewerton and family of Pampa, Texas, visited his sister and family, Mr. and Mrs. John Philpott for a few days.

Virgil Hill and his family attended the ball game in Carrizozo last Friday night. He purchased a chance on a nice coffee table which was made by the boys in his school. Virgil won it. He and his wife are very proud of it. I am glad you were the lucky one.

Happy birthday to you, Daddy Lantau. This is your 80th year (Jan. 27). We do hope that you have many more happy, healthy, ones. Theodor Lantau is Mrs. Edna Laramie's father who at this time is living with his other daughter (Norma) and her husband in Davenport, Iowa. He is in good health and is doing fine at this time.

Mr. and Mrs. Buddy Philpott and Marilyn of Carlsbad, were week end guests of his parents, the John Philpotts.

## Visitors in Old Mexico Take Long Hike When Transportation Fails

Four of our couples from Capitan, the Godfreys, Herreras, Fidal Sanchez, Robert Sedillo and the Frank Trujillos went to El Paso for New Years. They left their three cars on the Texas side and went to Juarez, Mexico from there by taxi to Saragosa, 20 miles from Juarez.

After a happy time at the night clubs they could not get a taxi as they had all gone off duty so they had a 20 mile walk before them, to return to their cars.

They had many experiences and were very happy people to get back and they were also mighty thankful.

## Students Rewarded for Perfect Attendance

The children in the Third Grade who were on the Honor Roll were given one hour. Released for it were Darla Jean Forbes and Linda Meyers. The following were given two hours—one for the Honor Roll and one for Perfect Attendance. They were Alma Walker, David Montoya, Bonnie Sue Chester and Bonnie Payne. Children, I think that is a nice record. Just keep that up. It will mean much to your future.

## Saturday's Junior Play Termed Grand Success

The Junior Play last Saturday night was a grand success. Everyone enjoyed it. They received many compliments. Each one did play their part well. Mr. Choate, you did a splendid job of sponsoring them. I know that you feel that you were well paid by the nice way each student played his part.

The Tony Hernandez family moved to Alamogordo last Saturday. Tony has worked at his new work for two weeks. We do hope you like and enjoy your new home.

Mrs. Lucy Hernandez and sons Bobby and Johnny also moved to Alamogordo to be near her sister, Mrs. Tony Hernandez. She is planning on buying a home there. Her husband Robert is in the Air Force in the Marshall Islands. He has been there six months and has six more months to go. Then he will be stationed in the U. S. again. I understand he has eight more years before his retirement. Lucy will go with him when he returns.

## Vaccination Against Polio Advised Now

Mrs. Jane S. Turner, chairman of the Lincoln County Chapter of the National Foundation for Infantile Paralysis, reminds parents that eligible children should be vaccinated against polio as promptly as vaccine is available, to be protected during the 1956 polio season.

Children aged six months to nineteen years are now eligible for Salk vaccine shots in this county.

"The fight against polio next summer is being fought now," Mrs. Turner said. "If vaccination is left until the last minute before the polio season it cannot be completed in time. Indeed, it may prove impossible to vaccinate so many children all at the same time."

Mrs. Turner pointed out that the present schedule for polio vaccination calls for three injections, two about a month apart, followed by a third seven months to a year later.

"Therefore," she said, "it takes eight months for the full series. A child receiving his first shot on January 1, for example, would not be due for his third shot until late August. Two shots will provide reasonable protection for the coming polio season, but the third is the one that gives long-lasting protection."

"According to the U. S. Public Health Service," Mrs. Turner said, "reports on approximately five million children in 11 states show that the vaccine used in 1955 was 76% effective in preventing paralytic polio, even though many children had received only one shot just before the epidemic season. As figures from a wider area are received, the effectiveness percentage is increasing."

### STATE GAME DEPARTMENT COMMISSION WILL MEET

The State Game Commission will meet on Monday, Feb. 6, at 9 a.m. in the Conference Room of the Welfare Building, 408 Galisteo St., Santa Fe. Additional antelope will be planted there within the next few days. All of these animals are surplus from areas south and east of Alamogordo.

This project is one more in the series of instances where White Sands Proving Ground authorities have given the utmost cooperation to the Department. Previous instances are in water development and in the permitting of either sex deer hunts, and in the pre-planning for future public hunts.

### Trend Today: More Babies, Bigger Families

Start with births this past year. The baby boom is continuing. It stays on the high plateau of past nine years, promises to run on and on. Birth rate hovers around 25 new babies per year for each 1000 population. Down a bit from the peak of 26.6 in 1947, when men came home from war. Still, number this year was a record high... 4 million new babies.

Reasons for high births: People doing well, can afford babies. Not like the depressed decade of the 30's, when the times were not good. Then the birth rate ran around 18 per 1000, instead of the current 25. Also now it's "the style" to have more babies, bigger families. Young mothers are having more seconds, thirds, fourths, and even fifths.

City woman log, with two children average. Farm women, three, average. But the younger women, both city and farm, now have more or plan on more. This new generation of mothers has an edge on the preceding generation.

As for marriages, they run along about as usual in the picture. But because of fewer babies in the 30's, there are fewer adults today in the marriage age. In the past year, there were 1.5 million marriages, about the same as in recent years, but under the 1946 peak of 2.3 million. By 1960, however, a new marriage wave... by those from birth wave of 40's. And then, all through the 60's, another all-time high in the baby boom.

Matrimony note: For every 100 women, 109 men... of marriage ages. That's enough to go around for all the women... some bachelors left over. So say the statistics, but the women ask where to go for good hunting. Answer: Go to the farms... 152 single men there for every 100 single women.

Divorce running level... about one divorce for every four marriages. And three out of four divorces remarry.

# PERFORMANCE made it the Largest Selling "8" in the World...

## the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

Model	Car Sales	Ford Sales Leadership
FORD V-8	1,241,742	.....
Car C-V-8	634,376	..... 667,366
Car P-V-8	262,870	..... 278,572
Car C-Six	846,153	..... 866,529
Car P-Six	334,540	..... 367,262

**Here's why!**

People just naturally go for 8 cylinders in the FORD package! And to a world record extent! Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eight-cylinder models. Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply that demand is convincing proof of that. And the Ford V-8 of today is the best yet... by a country mile!

Smoother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end. So, if it's performance that you want and wrapped like a gift—the '56 Ford V-8 is your baby. Come in... try it today!

## 17th Annual Wool Show in February At Albuquerque

Several hundred New Mexico wool growers are expected to attend the 53rd Annual Wool Growers' Convention and the 17th Annual Wool Show and School at Albuquerque, February 5, 6 and 7. Headquarters for the Convention, Show and School will be the Hilton Hotel. Preliminary program arrangements call for meetings of various committees Sunday, February 5, following registration. Committee meetings heretofore have been held the second day of the convention. Earlier committee meetings will expedite the report from the general resolutions committee, say the Wool Growers' officials. The Association's general business session and election of officers for the ensuing year is also being moved up to the afternoon of the second day of the convention. In the past, new officers have been elected at the final session. Discussions of legislative and a number of other important problems which confront the wool industry will highlight the business sessions. Stated to receive major emphasis at the convention is marketing.

On the mezzanine floor of the Hilton Hotel will be about 215 fleeces which will compete in the 17th Annual Wool Show. About 165 of these will be entered in the open classes and 50 in the Junior Wool Show. In addition, there will be a live sheep exhibit on the main floor and other educational exhibits and material on both the main and mezzanine floors. Fleeces will be judged Sunday by a committee composed of a wool producer, a buyer, and a technician. Results will be announced Sunday afternoon. Sweepstakes and grand champ-

## Market Your Wool

### On a Quality Basis

The woolgrower's main marketing problem is to prepare and classify his fleeces so that he can sell on a graded or quality basis.

The United States is the only wool-producing country which markets most of its wool on an ungraded basis. Foreign wools of similar quality, but graded and classified before sale, bring a premium of about 10% over U. S. wools in the domestic market.

These foreign wools are attractive and, because of careful preparation, have a comparatively lower yarn conversion cost.

According to a recent Texas A&M College publication, comparative prices of graded and ungraded wool for 1948, 1952, and 1953 show that the grower who sold on a graded basis received 25 to 50 cents more per fleece for his wool than did the grower who sold on an ungraded basis. This is an increase of \$30,000 to \$60,000 per million pounds of wool.

In the Texas study, records of 75 producers whose wool was graded at the shearing pen in 1950 shows that the 28 producers who selected their sheep on a staple length basis received 5.8 cents more per pound than did the 47 producers who did not follow the practice. The benefits derived were about 50 cents per head, which more than paid all shearing costs, including bags, twine, and extra labor.

On and reserve grand champion awards in the Wool Show will be presented to exhibitors at the annual banquet, Monday evening, February 6.

Manager of the Wool Show is Ivan Watson, extension animal husbandman at New Mexico A&M College.

The Wool School, under the direction of Professor P. E. Ngale, New Mexico A&M, will feature information on marketing.

## Announce Winners in Lincoln County Meat Poster Contest

Winners in three schools have been announced in the meat poster contest, sponsored in Lincoln County as a part of the Farm & Livestock Bureau, Mrs. Ralph Bonnell, chairman, reported last week. Winners in exhibits entered by students in Captain, Hondo and Ruidoso were picked before the holidays, and one from each school was sent to Las Cruces for the final judging early this year. None was picked for any prize in the state finals, she said.

At Captain, entries were from Alma Walker, Pam Hall, Barbara Otero and Esther Otero in the third grade, with Pam Hall's poster being picked first and honorable mention going to the exhibit by Esther Otero. In Hondo High School, with Mrs. Hazel Arthur, home ec teacher, as sponsor, posters were entered by Clara Nell Burns, Ernestina Gonzalez, Pauline Herrera, Ernestina Lopez, Judy Ann McKnight, Beatrice Pacheco, Belinda Plineda, Cornelia Salcido, Josephine Salcido, Rita Salcido.

## Training Meeting for 4-H Leaders in Roswell

A district 4-H leader training meeting will be held in Roswell, February 17-18 for leaders and junior leaders of 4-H clubs in Lincoln. Chavez, DeBaca, Eddy, Lea, Roosevelt, Curry and Otero counties.

The course of instruction will include pointers on planning the 4-H program in each community, selection, preparation, and presentation of demonstrations, record keeping, conducting 4-H club meetings, and suggestions for securing greater parent interest in 4-H work.

County extension agents and local club leaders are helping to plan the training program in each area. Junior and senior 4-H club leaders are invited to attend the meetings.

Beatrice Sanchez, Lydia Ann Torres, Lorenzita Garcia and Susan Pacheco. From Hondo, Judy Ann McKnight's poster was picked first place winner and sent to the Las Cruces judging; first honorable mention went to an entry by Rita Salcido, second to Pauline Herrera and third to Susan Pacheco.

In Ruidoso, Seventh Graders, under the guidance of Mary Anna Christian, entering posters were Jimmie Barnes (2), Judi Dowd, Virginia Hunt, Linda Luajin, Anita Salles, Dan Stephens and Carl Wilson. Virginia Hunt's was judged best and sent to the Las Cruces finals, with Anita Salles' poster picked for first honorable mention.

From Ruidoso Eighth Grade, with Mrs. Phyllis McGuire as sponsor, entries were by Judy Beavers, Dana Carter, Dixie Dryden, Shirley Halladay, Rufina Sanchez and Beverly Watkins. Rufina Sanchez and Shirley Halladay's posters were picked for second and third honorable mention, respectively in the county finals.

Peter Hurd and John Melgo, both widely-known New Mexico artists of San Patricio, judged the Lincoln County school children's work at the Old Lincoln Courthouse Museum December 18. Mr. Hurd served as a state judge in the finals at Las Cruces, also, Mrs. Bonnell said.

Mrs. Bonnell said winning posters earned for the originators a meal of meat for the family, and for the teachers who sponsored the contest.

Grocery firms who pledged gifts of meat dinners included: Fred P. Bowser Mercantile Co., Picacho; Fox Mercantile and Harris-Builders Supply, Green Tree; Long's Hollywood Mart, Hollywood; Cummins Grocery, Captain; Ruidoso Food Mart, White Mountain Grocery, Bonnell Food Market and Jack Lee Grocery & Market, all of Ruidoso.

## SURPRISE BIRTHDAY PARTY HONORS OLD-TIME RESIDENT

Mrs. K. A. Huey was hostess for a surprise birthday party at the Atkinson Ranch, Tuesday night, Jan. 17, honoring Mrs. Sarula Atkinson. Assisting in the preparations were Mrs. Bill Wells, Mrs. Ora Johnson, and Mrs. Jimmy Wells.

About fifty friends attended from Claunch and Corona, bringing gifts and good wishes. Nella Lovelace and Monet Bussey sang a duet, which was followed by group singing.

Highlight of the evening was the tribute paid Mrs. Atkinson by Rev. Jim Wells, a neighbor for many years. Each guest then told how he came to this region and how long he had been here.

Mrs. Atkinson, said she arrived on horseback. She and her sister in-law, who came by train, were the only ones who had been here more than fifty years, although several had been residents more than forty years.

Gifts were opened, cake and coffee served, and the guests departed, agreeing that birthdays and friends are wonderful to have.

Donald Petross, Merle Petross, Sheldon Dickie, Leslie Sharp, Jimmy Bussy and Lyman Strickland went to Artesia to box, Tuesday afternoon.

## Talk Given Club on Women's Legal Rights

H. Elfred Jones, Carrizozo attorney, gave an interesting and informative talk at the meeting of the Carrizozo Woman's Club held last Friday afternoon.

His topic was "A Woman's Legal Rights." He pointed out that the women of New Mexico do not have as many legal privileges as women do in most of the other 48 states.

## SPECIAL MEETING FRIDAY

There will be a special meeting of the Women's Club held this Friday at 2:00 p.m. at the clubhouse. All members of the standing committees and officers are urged to attend.

Mr. Jones also stressed the fact the women's organizations throughout the state should get together and petition the legislature for a measure entitling women to make wills and have equal rights to community property.

The club voted to sponsor the Mother's March of Dimes this year. Mrs. Ruth Means and Mrs. Bobby Shafer were appointed chairmen.

Karen and John Petty entertained the members with three piano selections. Karen played "Dainty Dits," John played "The Drum Major." They then played a duet, "I'm a Little Buttercup."

Refreshments of delicious homemade cookies, peppermint candies and coffee were served by the hostesses, the Misses Lewis Farris, Henry Means, Bill Belcher and F. O. Brown. The tables were attractively covered with imported tablecloths belonging to Mrs. Farris and a centerpiece of red carnations.

Mrs. S. H. Nickels, president, presided.

## Red Canyon Team Entered in Ft. Bliss Basketball Tourney

The Red Canyon Falcons from Red Canyon Range Camp continued their winning ways Monday when they defeated the pre-tournament favorite 2nd Guided Missile Battalion 54-53 in the annual 1st Guided Missile Group Basketball tournament in Bundy Gym at Fort Bliss.

The underdog Falcons showed surprising skill when they came back after trailing the 2nd Battalion Glants for nearly the entire game. With only four minutes remaining in the game, the New Mexicans were trailing by ten points, but fine work by the "Canvons" Graubard and Eickhoff saved the day. Graubard scored 18 points in the 1st half, and Eickhoff wrapped it up when he dropped in a two pointer in the last twenty seconds to provide the winning margin.

David Oliver was a mainstay for the Falcons, sinking the ball for a total of 15 points in the first half. Graubard was high point man of 15 points in the first half. Graubard was high point man for the game with a total of 27 points. 2nd Battalion's high man was Atkins, with a total of 18 points.

In a double header on the 19th of January, the Falcons won both games, defeating Headquarters Battery, 1st GM Group, by a score of 62-57, and dropping a good Ruidoso five by 73-57.

During the hectic season first game, the Falcons finally pushed to a convincing lead in the last half as the Red Canyon men hit the basket consistently. Graubard was high point man with 18 points and Eickhoff, Dill, and Oliver dropped in 15, 14, and 11 points, respectively.

Ruidoso's McGuire paced his team by scoring a total of 24 points, and Wilson played good ball in marking up 13.

A close game the night of the 19th found Red Canyon on top once again when they defeated the Bell Telephone team from Alamogordo 54-49. Murovich paced the Falcons as he dropped in 11 points, with Eickhoff and Dill both scoring eight.

Both teams got off to a slow start with the game finally picking up in the second half. High point man for Bell Telephone was Wallace, with 18 points.

Wednesday, the 25th, the Missalmen will once again travel to Fort Bliss for the second round of the tournament as they engage Headquarters Battery, 1st GM Group. The outcome of this game will determine the Falcons' next opponent.

He was graduated from Carrizozo High School.

Members of the Carrizozo recreation committee met last Friday in the office of town attorney Frank C. Boyce. Plans were discussed for proceeding with a bond issue to build the pool. Revenue to pay the bonds would come from the cigarette tax money, now coming into the town treasury at a rate in excess of \$2000 a year. The committee has sold the stockpiled gravel at the swimming pool site to Messrs. Fred Current and J. A. Bagley, at \$1 a yard, to be divided equally. It is estimated that there are approximately 80 yards of gravel at the site. There is evidence that some of the gravel has been taken by some unknown person or persons. Someone's conscience must be bothering them to steal material that has been bought by fellow citizens to build a swimming pool for the youth of the community.

Word is that the date for opening bids for the Bonito Pipeline is January 31. The successful bidder is to start moving in equipment within 10 days and has 400 working days to complete the project. Inquiries have been made locally by several prospective bidders on the availability of labor, water and gravel.

Process Salcido of Hondo writes that due to the fact that his cafe was damaged when struck by a car, he will not be able to help the March of Dimes with the \$25 steak dinner as he had planned. However, he will have a benefit coffee day and will try to work out some other fund-raising idea. Mr. Salcido hoped to have his La Junta cafe reopened the middle of this week.

Scientific programs are made by us and the people with whom we work. Men build them. The problem of living together, however, we do not make. The human being who comes here, co-operators, faculty and students, bring the problem of how to live together. They bring with them the complex, the fears, the hates, the hopes and the loves that make up human behavior. Isn't it in this field of "people" and their emotions that we must work if we are to learn how to live together? Within people are found the problems—within people must be found the solutions. — From the Inaugural speech of Dr. Roger S. Corbett, new president of New Mexico A&M College.
