

Rambles Around Lincoln County

True Recounted Interviews With People Who Helped Build Lincoln County

ELBERT BROWN

I went to school at Angus and Capitan. My last year of school was at Capitan in 1909. That was what little education I had.

We went from here to Cutler where there was a mine opening up in Palomas Gap. It was a vanadium mine and mill.

We left there with our teams and went to Santa Rita where we got jobs hauling copper ore in dump wagons.

A fellow got me a job down at Hurley and I and Jesse May took our teams down there where we hauled sand and gravel for the foundation of the third unit of the mill at Santa Rita.

We got back to Rincon on the Rio Grande river and I rented a little place and farmed until along the middle of the summer when I got discouraged and sold out.

At this camp I'd ride out every morning to a peak where I could watch the country for forest fires.

I stayed at the lookout station until the rains started and then I hired out to a cow outfit owned by an old man named Kehne.

The headquarters ranch in Nigerville Canyon was in a box canyon seven or eight miles in length.

These valleys there were stacks of grass hay on both sides of the road from Carrizozo to Nogal. It was sure pretty country.

I was glad to see that pasture and other lands in Lincoln. All of them showing signs of new looked good in the fall.

The Style Show in the "Make It Yourself With Wool" contest was a highlight of the afternoon. The contestants, who were introduced by Mrs. Fred Pfingsten, are (left to right), Marion Bombach, Frances Fuller, Karen Dale Peters, Virginia Sue Alfred, Sally Strickland, Corolla Emerick, Sally Davis and Marjorie Sultemeier. Mrs. Joe Skene presented numerous awards to the young ladies who modeled their creations from woolen fabrics. Mrs. Wilbur McKnight, director, speaks briefly.

'Make It Yourself With Wool' Contest Selects Four for State Fair

Eight young ladies from District 8 took part in the style show to determine the winners in the "Make It Yourself With Wool Contest." They represented

Lincoln and Dona Ana counties. The winners, determined by the judges in the morning, were as follows: Highest scoring garment in the senior division—Miss Sally Strickland of Corona. She modeled a gray and black tweed broadcloth, dress and jacket ensemble.

Highest scoring garment in junior division—Miss Marian Bombach of Las Cruces. She modeled a Peacock novelty tweed coat. Second high scoring junior garment—Miss Frances Fuller of Picocho. Her fiesta dress was made of sheer crepe.

Fair Comments by The County Agent

By RALPH DUNLAP

Over 800 people were estimated as attending the event during the day. Not only was Lincoln County well represented, but a large group of visitors from Roswell as well as from Arizona and Texas were at the fair.

The fair tremendously exceeded my expectations, especially in the quality and number of beef cattle and sheep at the events, along with the large number of exhibitors.

One of the first comments of the judge was that he would like to see a carload of calves like the first place steer calves shown by Grady Eldridge, as this type of calves would sell very well. The rest of the range cattle exhibited were very good, also.

The range sheep division had over 40 animals shown by Lincoln County ranchers. The medium wool group of sheep exceeded the 1935 state fair exhibit. The judge had a hard decision when he placed these sheep.

The total number of livestock at the fair was over 200. In this number was 60 fat lambs and 15 fat calves in the junior department.

The one comment that I heard expressed over and over again was that it should be for more than one day, as there were too many events to give any one event its full credit.

The "Make It Yourself With Wool" contest put the final touch to the home economics contests and exhibits. Lincoln County was well represented by Sally Strickland, Marietta Sultemeier, and Frances Fuller. Mrs. Wilbur McKnight, Mrs. Joe Skene and Mrs. Fred Pfingsten conducted the contest.

Although I do not know how to thank everyone for their interest, help, and participation, I would like to thank them as without them, the fair would not have been the huge success that it was.

Lions Club to Work On Park Saturday

The Carrizozo Lions Club has set a work day for all members Saturday, to prepare Lions Park for grass seeding. Plans are to install a sprinkling system in the park, with grass seeding the following week end.

L. Z. Manire, Doll Ray and Bob Bolling planned to attend a Lions Club zone meeting this Thursday night in Alamogordo. About 175 persons were served at last Saturday night's chuck wagon supper. Many said the best supper was among the best served to date.

E. I. Harkey was the winner of the \$25 savings bond.

Work Nearly Finished On Sewerage Specs

The Carrizozo town council met last Thursday in an informal discussion on law enforcement and ordinances. Their next regular meeting will be October 2.

Mayor Wayne Withers stated this week that he had been informed that specifications for Carrizozo's new sewerage system were nearly complete and bids for the project could be called for around October 1.

Rev. Harold C. Ely of Roswell will preach the sermon Sunday at the First Baptist Church in Carrizozo.

deb division—Corolla Emerick. Her skirt was a plum rust flannel with 16 gores.

Second highest scoring skirt in sub-deb division—Miss Karen Dale Peters of Mesilla Park. She modeled an avocado green flannel suspender skirt.

The Misses Sally Strickland, Marian Bombach, Frances Fuller and Marietta Sultemeier will model their garments in state competition at the State Fair.

JUNIOR RODEO TWO DAYS AT CAPITAN

September 22 and 23 are the dates for the second annual Junior Rodeo to be held at the Capitan rodeo grounds. The event is A. J. R. A. approved and is for two age groups—from 16-19 years and 15 and under.

The older group will compete in bareback riding, bull riding, ribbon roping, girls barrel-race and lie down calf roping.

Books on the rodeo close at 5 p.m., September 21. DANCE SATURDAY EVENING. The Capitan Fire Department is sponsoring a dance this Saturday night at the old grade school in Capitan, to raise money for the fire fund. Everyone is invited to attend.

Republican Rally Next Week in Carrizozo

R. M. Shafer, chairman of the GOP county central committee, announced this week that all Republican party state candidates will be in Carrizozo next Thursday, Sept. 27.

A rally will be held in the town park early in the afternoon of that day. The visiting candidates will be headed by former governor Ed Mechem.

ODD FELLOWS HEAR TALK BY RED CANYON C.O.

Lt. Col. John J. McCarthy and Mrs. McCarthy were guests Tuesday night of the Carrizozo Odd Fellows Lodge.

Colonel McCarthy spoke on the guided missile program and Red Canyon's part in the overall defense program.

Pre-permit Issued For Capitan Dam

A pre-permit has been issued for the preliminary work on the Capitan (Salado) dam, a small watershed protection structure. It was announced this week.

The pre-permit was sent to A. T. Pfingsten, chairman of the Upper Hondo Soil Conservation District, which is sponsoring this project.

It authorizes geological investigation including core drilling for proposed dam sites, and engineering work, such as topographic surveys, type and also of structure needed and spillway area.

At the present time three sites for the dam have been proposed. Plans call for the preliminary investigations to be completed by the end of October, 1935.

The estimated cost of the structure is \$344,900, of which the Upper Hondo Soil Conservation District land owners will share \$15,500.

The estimated retard capacity of the dam (storage) will be approximately 4,400 acre feet of water.

Completion of the dam is contemplated during the year 1937. Clem Weindorf states that the dam will be strictly a retard structure to cut off peak flows during times of flooding. Water impounded by the dam will be slowly released into the Bonita channel through a pipe in the structure until not more than 10 acre feet of storage is in front of the dam. This fact will preclude any use of the Capitan dam for a recreation area, he says.

1936 CAMPAIGN FAVORS DEMOS

Santa Fe, Sept. 19—The New Mexico campaign of 1936, four weeks old and with seven weeks to go looks like this: Governor: A slam-bang battle between Governor John Simms and Republican Ed Mechem with a little advantage for Mechem at this point.

President: Adlai Stevenson has made tremendous gains over his position at this time in 1932 when he first opposed Republican Dwight D. Eisenhower. If he continues to gain he could defeat Eisenhower in the state. As it stands a this writing the President seems to have a small advantage.

Local and Secondary State Races: Democrats are more together than in the past several elections. The circumstances suggest they will support county and legislative candidates better than in recent years.

Contrary to the Ed Mechem threat in the governor's race it appears that all the other Republicans on the state ticket are in a high hopeless position. The Republicans are expending special efforts for Phil Hubbell of Albuquerque for Lieutenant governor, Mary Forkner of Albuquerque for state school superintendent, Frank Wortman of Chavez county for land commissioner, but the results are not impressive.

Two Republican state candidates recently confided to friends that they had no hope of winning but were still expecting Mechem to win the governor's place.

Streamline That Old House

When it comes to remodeling few men in the field have had more experience or success than Arthur B. Campen, of Peoria, Ill., a modernization consultant. Campen, writing in Practical Builder magazine, tells some of his "secrets" in changing a tall, boxy old house into a modern-looking home. To give an old house a lower, longer look, Campen suggests:

"New, attached garages are required in almost half of remodeling job. A two-car garage connected to the house by a breezeway cuts height and helps to give it a modern look.

"Careful color styling can accomplish a great deal. Put a dark roof on a tall house and paint the second floor in a deeper tone than the first floor, and you "cut" several feet from the height.

Campen recommends asphalt shingles for new roofs on remodeling jobs because of their durability and the wide choice of colors available. In making a tall house appear lower, one of the deep shades of asphalt shingles will give the roof a dark color without drabness.

Tall, boxy old house, top, gets new, modern look, bottom, through better design and color styling. A dark asphalt shingle roof contributes most to the visual effect.

MONEY AND BANKING In Everyday Living

HELPFUL DIRECTIONS on proper use and care, maintenance and trouble shooting are included with a lot of things you buy these days. You'll be wise to keep these directions, and to put them in one central place (a file folder or envelope in your desk, for example) so that you can consult them readily when a question or problem arises. You may thus avoid many a costly error, and the expense of many a service call.

THE BIG HEART of America is evidenced by the fact that voluntary contributions enable hundreds of worthwhile charitable organizations and causes in this country to continue their work and even to expand it. The typical American may give to many such causes each year — to come, token gifts; to others, substantially. And when it comes to figuring his tax deductions for such contributions, he is often at a loss — unless he donated by CHECK. He either failed to get receipts, or has understandably misplaced some of the cards, slips, and stubs of various sizes, shapes, and colors given to him as receipts. If he DID donate by check, however, there is no problem: He has an orderly and complete file of receipts — his cancelled checks. Here is just one more illustration of the truth "It pays to pay by check." Why not open YOUR checking account soon, at our bank?

Vets Insurance Revision Effective January 1

Effective January 1, 1957, automatic indemnity against death in active service or within 120 days after separation (sometimes called the "\$10,000 free insurance") ends under the Survivor Benefits Act, recently enacted, as Public Law 851. It will be replaced by a liberalized program of death benefit for dependents of deceased servicemen, Veterans Administration said.

The new law revises death compensation for widows, children and dependent parents, provides Social Security coverage of a contributory basis for those in service, and revises payments of the six-month death gratuity.

Also, ended effective January 1, 1957, under the new law, will be the right to apply for the 5-year nonconvertible GI insurance policy now available to eligible post-Korea veterans and six-month enlistees within 120 days after their discharge, VA said.

Hondo High School Distributes Handbooks

At a student assembly September 10, the handbooks were distributed to the students of the high school. Supt. Montes then read the students the various items contained in the book and explained any rules and regulations that students wished to have further clarified. The book contains ten pages on legal size paper and is prefaced by the following statement: "In an effort to keep you well informed on all phases of your school life, this handbook is given to you. To be a leader, one must learn to follow. It is the hope of the school administration and faculty that by learning to follow the rules here in school, you will be better citizens after you leave." Below this is the well-known quotation by Lincoln: "Not failure, but low aim is the crime." To promote a fuller understanding of the details of the handbook, the teachers will hold forums in their home rooms.

Between 1620 and 1630, a group of inspired Franciscan monks, aided by the Indians, constructed a series of missions. Many of these same missions have survived for over four hundred years and still serve the pueblos of New Mexico.

"PERCIVAL", CARBERRY'S EDUCATED BULL

The other day we stopped at Jon Carberry's ranch to see his Educated Bull, Percival. As his name implies, Percival is an extraordinary animal. He was born in Montana five years ago, where a wolf playfully nipped the brush off his tail while Percival was a calf. The brush never grew back, of course, but Percival had a substitute that is better than the ordinary.

"I was on a trip through Montana and stopped at a friend's ranch," Carberry said. "He told me about this calf. He said a cowboy of his saw a wolf bite the brush off the calf's tail, and the cowboy was about to shoot the wolf. But he didn't have a chance. The calf was so mad because the wolf had bitten the brush off his tail that he turned and charged the wolf. The wolf was so surprised that he turned around and ran. Of course the wolf escaped because he could run faster. I thought a calf as brave and smart as that might have possibilities so I bought him and hauled him to New Mexico. He's become a New Mexican bull—all New Mexico bull, you might say."

"I named the calf Percival, but that's another story. It was obvious that Percival could never move in high-class Hereford society. His conformation was not too good and he was a raunchy type bull. But I believed he had possibilities."

"Two years went by and nothing happened. Then one day I went out to the corral and there was Percival, wearing a big straw hat. It was an old hat that a gust of wind had lifted into the corral. Percival had got it on his head by himself."

"Why was the bull wearing a straw hat? Well, Percival's eyes were apparently affected by the glare of the Southwestern sun. He had figured it out that a hat would shade his sensitive eyes."

"When I first saw Percival wearing the straw hat, I stood there amazed. After a while, I said, 'Percival, you may not be a high-class Hereford, but you're not leaving here.' He acknowledged my remark with a slight bow."

"A straw hat didn't seem practical for Percival to wear on the range, so I fitted him with sun glasses. When he was turned out to pasture again, I hung

his hat on a peg in the corral and put the sun glasses on him. He took off with a bellow of appreciation. Whenever he's in the corral, I remove the sun glasses, and Percival goes to the peg and puts on his hat.

"Another two years went by. One winter day I was out on the range, and I noticed Percival had something around his ankles. I rode up close and saw that Percival had chewed off the tops of a pair of boots he had found and slipped them over his ankles. Now, most animals have some peculiarities. It was apparent that Percival suffered from cold ankles in the winter. So I made four leather spats, with zippers, and put them on his ankles. Percival showed his gratitude by sneaking up on a coyote and stomping it to death.

"Shortly after I brought the calf to my ranch, I made a brush for his tail, a small brush to begin with so he wouldn't look funny. The hair brush, attached stiff as a board, will stay stiff for several months, barring a real hard rain. The brush on his tail is now over six inches wide and it kills flies, doesn't just scare them off. If the bull didn't have a brush on his tail, the flies would drive him crazy."

"Now, there you see Percival wearing both his hot and cold weather wardrobe for your benefit, and demonstrating what a superior fly swatter his brush is. The grin on his face is a little like that of a Chessie (Chessie) cat, and maybe Percival looks a little self-satisfied. Crossing his top legs like that isn't just a pose. It's his thinking stance. He's thinking about something else he'll do. Two ideas for a dumb animal in four years aren't bad. Think how long it took the ancient cavemen to figure out how to build even the crudest dwelling."

"I have entered Percival in the State Fair at Albuquerque. He would like to see the high-class Hereford society, especially the debutantes. He couldn't win a blue ribbon in competition with the high-class society bulls, but if he were judged for being educated, what competition would he have?"

Percival was wearing glasses, and no one could tell whether he batted an eyelid, but the grin

on his face grew a little wilder. We said we would like to see Carberry cold shoe his sorrel cowhorse, Sam. This unusual horse lies flat on his back and eats a bale of hay while Carberry is shoeing him. Carberry looked at Sam's shoes and said they weren't worn enough to justify a demonstration. FAIR WAS BIG SUCCESS

Our fair was a big success and had a large attendance. The opening parade was very good. School bands from Capitán and Honda added much to the day's success. We are proud of both of these school bands.

The exhibits were numerous and lovely. Everyone seemed to be enjoying all the attractions.

Mr. Zumwalt of Artesia was a fair visitor. He said he would not have missed it for anything. They used to live at Nogal and know so many people that it is home to them.

RODEO DANCE SATURDAY

Remember the Kids' Rodeo next Saturday and Sunday, September 21 and 22. It will be at the rodeo grounds east of town. A Rodeo dance will be held at the old school gym next Saturday night. The dance is sponsored by the Fire Department. Bob and Wanda Wolfe are playing.

Many will remember Vernon Abeyta. He and his wife and baby daughter "Ruthie" of Albuquerque attended the fair here last Saturday. They also visited many friends and relatives. It was good to see him again. He reports that his parents are fine. His mother can walk again. Bobby has grown and is in the Service.

Mr. and Mrs. F. H. Hall of Albuquerque spent the past week with Mr. and Mrs. Fletcher Hall and family. They enjoyed attending the fair.

Rev. and Mrs. Joe McClung of El Paso were week end guests in Capitán this last week. They visited many friends and were glad to see them.

Mr. and Mrs. Charles Barrett and daughters Charlotte and Charlene, of Alamogordo have been visiting their parents, Mr. and Mrs. C. C. Barrett here for several days. Their sister, Miss Joan Barrett of Roswell joined them last Saturday which made the family reunion complete. There are six boys and one girl. The grand daughters were truly enjoyed by their grandparents.

Rev. Moore and Rev. Whitney spent this week at Alamogordo helping build on the new Nazarene church there.

Mr. and Mrs. L. D. Stortz and daughter Debra of Yuma, Ariz., attended the fair here last Saturday, and saw many of their friends. Mrs. Stortz is the former Martha Witham who graduated from Capitán high school a few years ago. Mr. Stortz is in the Air Force. We are glad to have you with us. Martha's parents are Mr. and Mrs. Walter Witham of Nogal.

Mr. and Mrs. Fredrick Norman are the proud parents of a sweet little son born September 11, at the Carrizozo Hospital. He weighed 6 lbs., 54 oz.

Mrs. Beula Hartley joined her sister and husband, Mr. and Mrs. Albert Snow in Carrizozo last week for a trip to Ft. Collins, Colo., to visit their son and her nephew Glenn Snow and his family for a few days. They returned by Wolfe Creek Pass to Aztec, to visit their daughter and niece, Hope Evans and Wilma White and their families. Beula came as far as Albuquerque to visit a brother Mr. and Mrs. Mack Brazel and family. All had a delightful time together.

Mrs. Viola Alfred of San Angela, Texas, spent several days here on business. She stayed at the Mountain Home Motel.

Team Retreated

After Estancia Victory

Following Capitán's victory over Estancia last Friday, LeRoy McKnight, Ray Taylor and Charles Jones treated the team to a steak dinner at the Yucca Grill in Carrizozo.

Besides the team members there were Mrs. Fletcher Hall, Coach Stratton and Mrs. Stratton, Duane Darling, Mr. and Mrs. Charles Jones, Mr. and Mrs. Leroy McKnight and Ray Taylor.

The team was treated to ice cream at Pearl's Cafe last Monday, some twenty being present. This is a tradition when our team wins.

Nazarene Ministers and Wives Have Retreat

The Nazarene ministers and their wives retreat was held last week, starting Tuesday evening on through Thursday at the Mountain Park Campgrounds at Angus. There were 69 present.

Dr. H. Orton Wiley of Pasadena, Calif., spoke twice daily. Wednesday evening there was a closed panel discussion for the ministers.

The Ten Commandments discussion for the ministers' wives was enjoyed. Many attended from all parts of Texas and New Mexico.

Ray Jones to Be Installed Legion Vice Commander

Construction and Maintenance Superintendent Ray Jones has been elected District Vice Commander of the Sixteenth District of the American Legion.

He is to be installed at the Department convention in Dallas. Ray also plans a trip to California on his vacation.

I had the pleasure of meeting Mr. and Mrs. Jones and little son on their return from the American Legion in Los Angeles, Calif. They visited Mr. Luvual at the Mountain Home Motel for a few days.

Mrs. Albert Snow and Miss Nell Craig of Carrizozo enjoyed the fair last Saturday; also Mrs. Bill Nickels and daughter. Many other Carrizozo citizens enjoyed the fair.

Many Capitán citizens enjoyed the Lions chuck wagon dinner in Carrizozo last Saturday night. Mr. and Mrs. Dee Hickman have returned from Kenefic, Okla., reporting a lovely visit at the family reunion at the home of her parents, Mr. and Mrs. Owens mother is 80 years and Dad is 87. Their two children were with them one week. Mr. and Mrs. Deo Hickman, Mrs. Maude Goodwin of Oregon, Roy Owens and his family, who live near them, and their son with whom they reside. They visited Luther's 9-year-old son whom he had not seen in four years. His name also is Luther. They had a nice trip but it was so hot it was relief to get back to this climate.

JEST IN FUN

An Indian had gone to see the doctor who, after examining him, told him to be careful about what he ate; in fact, not to eat at all until he got an appetite. Meeting the Indian a few days later, the doctor asked how he felt.

"Oh, I feel fine now," he replied. "I wait one day, appetite no come, wait two day, appetite no come, wait three day, appetite no come, get so hungry, eat anyway."

Ford Trucks cost less

And low first cost is only your first saving

Before you buy your next truck, look at both sides of Ford's story of value. Check what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck steady proves Ford trucks last longer.

Look at what you get and you'll see you get more in a Ford. For example, more horsepower per dollar—proved by a comparison of factory-equipped but priced and not horsepower of all truck lines. You get more comfort and safety in Ford's Driveline Cab with exclusive Lifeguard features.

Look carefully... consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.

in lighting... no substitute can do what copper does!

No other non-precious metal carries electricity as well as copper. No other conducts heat as well and at the same time is more resistant to rust, corrosion and wear. In the manufacture of electrical equipment, copper or copper alloys combine, better than other metals, the vital properties of malleability, ductility and machinability. In lighting, as in so many other fields, there

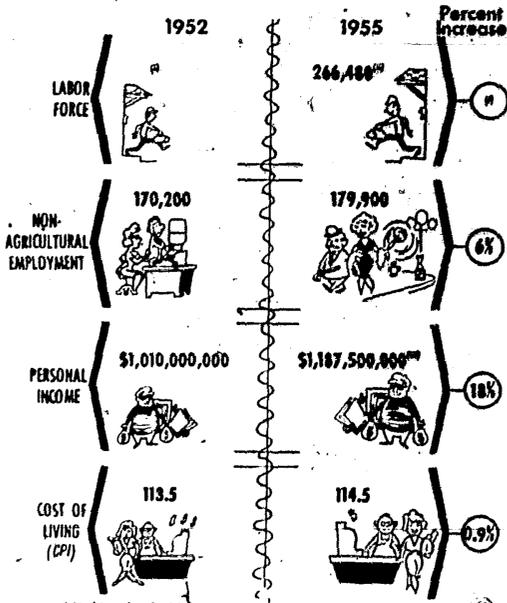

is no substitute with all the qualities of copper—most versatile of metals! And certain it is that no substitute metal can match copper's contribution to the industrial welfare of New Mexico and its people. When you choose products made of copper, you support an industry that directly benefits the state through Kennecott payrolls, supply purchases and tax payments.

Capitan Tigers Rap Estancia Bears Jal Panthers Nip Carrizozo Grizzlies

By JOE ALDIZ

Coach Stratton's strong football aggregation marked up their first victory Saturday, Sept. 14, when they defeated the Estancia Bears in the Bears' den at Estancia. The score was 27-6.

Estancia received the opening kickoff and their attempt to penetrate the Tiger wall was without avail. Capitan then took over. Flashy Ernie Francis ran through a hole in left guard for three good gains.

Penny McKnight passed to Joe Aldaz two times, the second resulting in a 15-yard run for the first touchdown. McKnight's attempt was wide of its mark.

Neither team was able to put on a sustained drive for the remainder of the first quarter.

The second quarter opened with Eddie Brito, workhorse for the Bears, intercepting a pass. Estancia, with short plunges through the line, worked the ball down to the 3-yd. line. Brito then scampered around right end for Estancia's lone score. Brito's attempt to run off left tackle for the extra point was stopped at the line of scrimmage.

Capitan was in possession of the ball as the first half ended. Capitan received the kickoff starting the third quarter. Ernie Francis ran the ball back to the 35-yd. line. Two plays later speedy Carol Jones ran off right guard to the 40-yd. line, then lateraled to Joe Aldaz who carried to the 30-yd. line.

From inside the 10-yd. line, workhorse Ralph Vance carried over for the second touchdown. Penny McKnight ran left tackle for the extra point.

Just after receiving the kickoff, Estancia attempted a flat pass. Joe Aldaz of Capitan intercepted and sped 40 yards for the third touchdown. Ralph Vance ran off left tackle for the extra point.

Early in the fourth quarter with the running of Carol Jones, Ernie Francis and Ralph Vance, Capitan started a march to their fourth touchdown. Penny McKnight passed to Wilson Purcell and Joe Aldaz and the ball rested on the 4-yd. line.

McKnight scored on a quarterback sneak. Ralph Vance ran off left tackle for the extra point.

Estancia was on the Capitan 35-yd. line as the game ended.

placed in one of three categories based upon the information in his questionnaire: I-R (available), II-R (deferred for civilian occupation essential to the maintenance of the national health, safety or interest), or III-R (deferred by reason of extreme hardship and privation to dependents).

In time of war or national emergency declared by Congress, this will give the standby reservist a clearer picture of his position as regards his or her recall to active duty.

The standby reservist has the right of appeal if he is not convinced that his category is correct, but continues to have the responsibility to keep his local board informed of any change of address or status.

The program will provide a service not only to the standby reservist who will know his emergency recall status, but the armed services, which will likewise know the availability of their standby reserve pools.

Additional details are available at the local board office.

The Carrizozo Grizzlies, looking for their first win of the new season, found the Jal Panthers too rugged a foe last Friday and yielded to the East Siders 18 to 0.

The Grizzlies threatened two times, but lacked the scoring punch for a TD. They were handicapped throughout the game by a heavier and hard-charging Jal line that matted up passes from center in a few instances and hurried the backfield and their passing and punting.

The Carrizozo High School marched down town Thursday afternoon for a pre-game rally.

In spite of that the Grizzly backs turned in a creditable performance and the outweighted linemen played good defensive ball.

Jal penetrated to the Grizzly nine-yard, but Carrizozo, aided by a five-yd. penalty shoved them back to the 18 and took over on downs. The Grizzlies went on the offensive and aided by two good runs by Hite and Nowell brought the ball to the Jal 42 before having to punt.

Again in the second quarter the Grizzlies recovered a Jal fumble and drove to the Panther 21-yd. line, again losing the ball on downs.

Jal scored two of its touchdowns after taking Zozo punts. The first came near the end of the second quarter on a punt return from the Jal 45 to the Grizzly 10. Rancey went over for a TD. The try for point failed.

Jal recovered a blocked kick on the Grizzly 20 in the third quarter and marked up a second touchdown on a run around left end. The try for point was fumbled in the Jal backfield.

In the fourth quarter Jal took a Grizzly punt around the Carrizozo 25-yd. line and ran right end for their third TD. Again the try for point failed.

Corona Shows Power in Defeating Estancia

Corona showed versatility and scoring ability against Vaughn last Friday, racking up a 37 to 13 victory on the Cardinals' home field.

Billy Bryan, fullback, tallied first in the initial quarter to put Corona in the lead 6 to 0.

Pat Huey made it 12-0 in the second quarter in a run through tackle.

Vaughn tallied in the second half with a TD in the third quarter and another in the 4th.

Huey accounted for three more Corona touchdowns in the third quarter and Bryan added a TD and an extra point in the 4th.

Born in Lincoln County of poor but honest parents. Have grown up in the same traditions: poor but honest. First paying job was in the Capitan Bank. Taught school in the valley (Ruidoso, Hondo). Worked for Army Air Forces during the World War II in the payroll department of the Civilian Personnel Office at Biggs Field.

Thought I was ready to retire and rest in peace but reckoned without the depression in cattle prices. Now, I need another paying job. Your vote will be greatly appreciated. I will be glad of the chance to render honest, capable service to the citizens of Lincoln County.

New Law Improves Status of Reservists

"The Congress, in its last session, enacted a law placing upon the Selective Service System responsibility of screening the Nation's entire standby reserve, both men and women, and the reservists are being mailed questionnaires, to be filled out and returned to local boards for use in determining their availability in time of national emergency." General John P. McFarland, State Director of Selective Service for New Mexico, said this week.

In explaining why the standby Reservists are receiving these questionnaires, the state director pointed out some of the problems which faced the standby reservists in years past. He recalled, "In time of emergency the standby reservist had no way of judging if and when he would be called to active duty. This was, actually less knowledge than most selective service registrants had in regard to their status, since selective service registrants could find out many things regarding their situation, and also had the opportunity of presenting information to their draft boards (made up of local people), who could take action to reclassify the registrants where circumstances warranted it. The standby reservist meanwhile was trying to judge his vulnerability by watching and listening to news reports. The new law was designed to correct this situation by insuring that each standby reservist would be called to active duty only after full consideration had been given all the facts in his case, as well as the weighing of the effect that his entry on active duty would have on the national health, safety, or interest."

Each standby reservist will be

Corona Cardinals Trip Up Vaughn

Corona won their second game of the season from Vaughn played here last Friday. Corona's first TD came in the first quarter when fullback Bill Bryan pushed his way 10 yards through the line to score. This followed a series of long drives down the field.

The second TD was scored in the second quarter. It was set up by a pass from halfback Pat Huey to end Willis Kilpatrick. The pass was good for 40 yards. On the next play Huey carried the ball off tackle for 20 yards and the TD.

In the third quarter, Bryan scored again with an end run. Huey also crossed the goal line to again raise the score. Early in the 3rd quarter Vaughn advanced to Corona's 1 yard line after a series of penalties against Corona. The Corona line held for 2 plays, over the center. On the third, down Wayne Tanson intercepted a pass on the goal line and carried the ball down into Vaughn territory. Bill Bryan made 2 more TD's in the third quarter only to have them both called back for off-side penalties. One of these was a 70-yd. run around end.

Vaughn finally scored in the third quarter to make the score 21-6.

In the fourth period Huey scored twice more on long runs through the line. Bryan made good the extra on one of these to bring Corona's final score to 37.

Late in the game Vaughn scored again and made the extra point to make the final score 37-13 in favor of Corona.

Landscape Features Lincoln County Scenes

An oil painting of a familiar Lincoln County landscape was on display at the fair in Capitlan. The painting, by artist Jim Richards, portrays Old Baldy, the White Mountains and Nogal Lake.

The painting is to be given away Christmas week as a benefit for St. Eleanor's Church in Buidoso. The painting is rather large and should the winner want a smaller one, the artist will point an exact reproduction without charge.

MOORE OF LINCOLN ENCOUNTERS TROUBLE

State Sen. J. G. Moore, perhaps the leading Republican in the legislature, looks like he is in trouble for re-election in Lincoln where Demo Charlie Jones is his opponent. Moore had a hard go in the primary when he defeated Heck Johnson by only 45 votes for re-nomination.

HIGHWAY EMPLOYEE VICTIM OF TIMES

Gilbert Sanchez, \$360 right-of-way officer for the highway department who was docked two days pay this month for parking a state jalopy outside a drinking establishment, was reported by a citizen who didn't know who was involved but only that a state car was parked at the bistro. That's a long way from the not-so-far-back old days when sap citizens could swear out a complaint about payrollers using state automobiles to dry the hair of girls coming out of a beauty parlor or for operating a saw-mill (both actual cases) and get nothing but a fishy look.

HOOCH DIRECTOR MAKING GOOD

The family plan at the state-house has been adopted by State Liquor Director Hilton Dixon who has a novel application in the inclusion of three jobs for only two people. Mrs. Hilton Nixon has been employed by the highway department at \$240 a month; Mr. Hilton Dixon gets \$650 as liquor director and also \$100 for legal services to the bureau of revenue. The \$900 total is considered respectful among family planners for a very young couple.

DEMPEY RUNS PRIVATE RACE

Democratic state candidates are wondering when U. S. Reps. John J. Dempsey and Tony Fernandez are going to join the caravan. They think Dempsey is miffed at the state administration and would rather not be associated with the group. Fernandez, they think, is merely saving money. Tony doesn't have the kind of independent income that many congressmen enjoy.

FISHERMEN PLANE TO WYOMING IN 5 1/2 HRS.

Wayne Withers and Orville had a brief fishing trip last Thursday to DeSmet lake in Wyoming, between Buffalo and Sheridan. They made the trip by plane in 5 1/2 hours. After an afternoon of fishing they had to return because of the plane accident in Alamogordo. Making the trip also by plane was Ralph Brown of Buidoso. He returned later.

Licenses to Wed

Issued to Lenora Gahner, 21, and Ray Herold, 23, both of Alamogordo.
To Nancy I. Gray, 37, and Joseph Q. Henry, 47, both of Hobbs.
Both couples were wed September 15 by Clarence E. Shaw, justice of the peace.
To Josephina Pena, 27, of Glencoe and Eugene Stacey, 35, of Las Cruces.

DEMOS SURVIVING RIO ARIZBA AUDITS

Comptroller Dan Smith's deprecations in the Rio Arizba courthouse in which two county officers have resigned and a third has been suspended appears to be doing the Democrats no harm at all, and possibly strengthening the party.

The auditing is playing hob with a Democratic faction led by St. G. M. Martinez, a former county commissioner and candidate for the job again, who a while back wrested control of the county Demo organization from the old guard leaders. The old guards, who had been threatening trouble in the party are delighted with developments and stand to return to active participation in the party. Among them are former state Auditor E. D. Trujillo, former Auditor J. O. Garcia and Carlos Manzanares, long-time county

COSTLY PEN COSTS MORE

The new \$3 million pen costs more to operate than the 1937 ram-shackle affair. The prison is presently employing 18 more people at a cost of about \$10,000 a month more than a year ago.

"My Kingdom For A Horse!"

England's King Richard III would undoubtedly have handed over his entire kingdom for one of the magnificent Arabian horses bred on the Inhamas Farm in Egypt.

For on this farm, run by the Egyptian Government, are horses whose ancestors are certified in a long line stretching back at least eight generations. And even a King could not purchase the Egyptian Government to part with some of its famous stock, including Antar Ben Khandar, who is considered priceless.

The farm, which produces horses for the Army, police and private owners, is operated along highly modern lines with expert trainers to supervise the breeding and development of thoroughbred Arabian steeds. Each year specially selected horses are exported to Europe to compete on continental race tracks, and the farm has a museum to house the trophies won by its distinguished animals at national as well as international horse shows.
