

Ramblin' Around Lincoln County

(The following pioneer story was narrated by Mrs. Anne E. Lesnett to her daughter, Mrs. Edith Crawford. Mrs. Lesnett came to Carrizozo in 1923 and lived here until her death in 1943. Permission to use the article has been granted by the Museum of New Mexico, Santa Fe, custodian for material gathered in the Federal Writers' Project.)

EARLY DAYS IN LINCOLN COUNTY

By ANNIE E. LESNETT

Early in the spring of 1878 Frank Lesnett and I were united in marriage in Chicago, Illinois. After a joyous honeymoon, my husband left me in Chicago. He came West and bought a half interest in the Dowlin Mill and sent for me.

When I arrived at the ranch I was happily surprised. It had everything to do with! There was a river, called the Ruidoso, running near the big two-story house. Ruidoso means noisy in Spanish.

There were tall pine trees and wild flowers of so many varieties and colors that I would not even attempt to name them, all around everywhere. The ranch was beautiful!

I was very happy in my new home, and to add to our happiness a son was born to us during the first year, whom we called Irvin.

The only thing to mar my happiness was, the Indians would go on the warpath, and the Lincoln County War was brewing.

In the spring of 1879 I took my young son and went to visit the proud grandparents of Irvin in Chicago. When I returned I found that Frank had built a general store and hotel, so that I would not get as lonesome as I seemed to before I left. I insisted on taking charge of it myself, but my trade in the store soon grew until I had to have a helper.

Most of my customers were the neighboring ranchers and Indians, but the red men were orderly around the mill because they were treated with respect. They appreciated this and never harmed us in any way. Of course, the Indians were not supposed to have "firewater," but they always managed to get it in some way.

There was a band of thieves who were preying on the Indians as well as the various ranchers within a few days' ride. The Indians went on the warpath and were having one of their dances to ward off the evil spirits and the Chief, Augustine, came to the mill and wanted some "fire-water."

I told him I just couldn't give him any as I would get in trouble, but he begged so hard and said he would never tell where he got it, so I finally told him I would put it in a certain place and he could go and get it. Augustine took the whiskey.

That night the Indians and the thieves met and cattle stealing wasn't practiced quite so openly after that. I made a loyal friend out of this Indian and he gave me many lovely presents made by his tribe. Among them was a beautiful buckskin suit, moccasins and beads to go with it. I took it to Chicago on my next visit and wore it to a masked ball and won the prize.

When Jennie Mae, my second child, was about nine months old, "The Kid" came to our house. He came with a boy by the name of Jess Evans, and was introduced as Billy Bonney. Could this be the notorious "Billy the Kid"? I thought. Surely not, he looked just like any other 17 year old boy and not in the least like a desperado.

He was very fond of children and liked Irvin and Jennie Mae at once. He called my little boy "Fardle" and always wanted to hold the baby. He would take the two of them for a ride on his gray pony. He also had a little dog which was very spirited. He would jump up on the "Kid" until he would laughingly pull his gun and begin firing into the ground. The dog would playfully follow every puff of dust, yelping joyfully. Little did he realize that if one of those pellets of lead went amiss he would be no more. But the little dog was perfectly safe as "The Kid" was one of the quickest, most accurate shots in the Southwest. He often said, however, that he wished he were as accurate with a six-gun as he was with a pistol but excellent with a rifle.

Summer Recreation In Carrizozo to Start Next Monday

Plans are being completed for a summer recreation program for Carrizozo to start on Monday, June 10, and run on through August.

Coach Albert Burch is in charge of the program and will supervise most of the activities. A tentative program calls for the gymnasium to be open from 9:30 to 11:30 a.m. and 1 to 3 p.m., daily from Monday to Friday.

There will be baseball for boys age 9 to 15 from 7 until 9 in the morning, in order to avoid the worst heat of the day. Similarly, there will be baseball for boys age 16 to 20 from 5:30 until 7 p.m. on Monday, Wednesday and Friday, and for boys age 9 to 15 at the same time on Tuesday and Thursday.

There will be a dance or other activity for teenagers one night a week, on a night yet to be selected, between the hours of 8 and 10:30. This will be restricted to bona fide teenagers living in Carrizozo and the adjoining school district. Others will positively not be admitted. It is announced.

A program of tennis, archery and horseshoes is planned daily between the hours of 3:30 and 5 in the afternoon. There will also be an adult night for those 20 years of age and older. Details of this are to be worked out later.

Recreation leaders hope to organize four teams of boys in the 9-15 age group to set up a league within the town. The 16-20 baseball team will join a league of teams from Alamogordo, Tularosa, Ruidoso and possibly Capitlan.

Mr. Burch hopes that interested citizens will volunteer to help with the program particularly as chaperones at dances and umpires for baseball games. Without this assistance the program will be handicapped.

Wheat growers to vote on 1957 quotas. The County ASC office announces there will be a National Wheat Marketing Quota referendum held June 20, 1957, for all wheat producers to vote on whether the quotas will be in effect for next year's wheat crop.

Carrizozo Board Elects High School Principal

Moving on to the University of New Mexico, Mr. Merkel received his B.S. degree in 1950 and an M.A. degree in school administration in 1952.

During World War II he served three years with the U. S. Marine Corps, acquiring two Purple Hearts and a Presidential Unit Citation. During a number of summers Mr. Merkel served with the National Park Service at Yosemite, Sequoia and Carson National Forest. He still takes a keen interest in such activities as riflery, reforestation and fishing.

Ask Applications For Carrizozo Police

The Town of Carrizozo will accept applications for a position on the police force. Applicants must be between the ages of 25 and 50.

At their meeting Tuesday night the Carrizozo town board trustees accepted the resignation of Severo Gallegos as chief of police and gave permanent status to Benny Sanchez as police officer.

A letter was read from the New Mexico Department of Public Health, suggesting that Alamogordo be contacted regarding transferring water to Carrizozo from the Dugger well in lieu of the town's entitlement to Bonito water, until such time as a filtration plant is set up.

An application for a business license was made by the Custom Frozen Foods and Freezer Provisioners, Inc. Harris W. Moss, the firm's representative, stated that the firm was looking for a business location in Carrizozo to service its accounts. The board granted the license on the condition that a place of business be established in Carrizozo.

A building permit was granted Sid Wilson in amount of \$250 to build two porches on residence, Supt. R. G. Firman and Coach Albert Burch appeared before the board on behalf of the summer recreation program.

The board approved a list of recreation equipment, including volleyballs, beachballs, bats, tennis balls, archery sets, badminton rackets and a game set, totaling \$205; also \$200 a month for 2 1/2 months to employ Mr. Burch as recreation director.

Licenses to dispense liquor were granted the Cactus Bar and Yucca Bar; also to Shorty Miller's package store. The minutes read and approved of a previous board meeting contained increases of 10 cents an hour in the wages of town employees; also a salary amounting to \$125 semi-monthly for the assistant town clerk.

Jack Robinson submitted a bid for sanitary fill. He was advised no bids could be accepted for garbage removal and disposal until the Federal grant becomes effective and until plans and specifications are drawn and meet the approval of the State Health Department.

Mayor Withers stated he would again contact the REA in regard to the town's buying wholesale power. The town plant's power load is increasing and further demands on it will be made by the contract to supply power for pumping the Dugger well.

Carrizozo's power usage is at an all-time high, with 564 meters in use, compared with 349 this time 10 years ago.

Airman Benj. I. Berry In Training at Lackland

Airman Benjamin Irvin Berry, 21, son of Mrs. R. E. Berry, Box 41, Carrizozo, is completing the first phase of his basic military training at the "Gateway to the Air Force," Lackland Air Force Base, San Antonio, Texas.

Upon completion of this training, he will be assigned to an Air Force technical training course or an advanced basic training course leading to a specialized Air Force job.

While at Lackland, the new enlistee undergoes the transition from civilian to airman through a program which includes processing, aptitude testing, physical conditioning, survival and weapons training and classroom studies ranging from citizenship to military customs and courtesies.

Like the USAF officer candidate and pre-flight schools, also located at Lackland, basic military training lays the groundwork for either an on-the-job assignment or vocational schooling in line with capability of the individual.

Large Hail Stones Pelt Capitan Area

Hail the size of hen eggs pelted an area near Capitan last Thursday. The town of Capitan also had hail and rainstorms that amounted to 2.10 inches of precipitation Wednesday and Thursday.

According to S. E. Grelsen of Capitan the hailstorm seemed to be centered on a three-section area on the south base of Capitan mountain. The fall was so heavy there, he said, that 24 hours after the storm the foothills of the mountain were glistening as after a snowstorm.

Water tanks on the Bancroft ranch were filled. The hailstorm did not extend to the Block ranch, though there was a pretty good rain there, Mr. Grelsen said.

Mining Co. to Work White Oaks Claims

The Drycon Mining Company of Dallas has set up equipment to develop up to 40 patented claims of the Hudspeth Estate and Old Abe Company at White Oaks, including the North and South Homestake and Old Abe mines.

In operation in the area for the first time will be a dry concentrate machine which will process the ore for tungsten, clinchbar, gold, silver and manganese properties. The first stage will be bulldozer operation on the surface and tailings, the News was informed.

The company's owners are Dick Henderson, John Childers and T. H. Morgan, engineer. They and their families are making Carrizozo their headquarters.

Two Men Suspected Of Armed Robbery

Two men from San Patricia were taken to Roswell by Sheriff S. M. Ortiz Tuesday to face a man who may identify them as having attacked him on Highway 70. Lloyd Rose of Roswell informed officers that he was the victim of armed robbery and attack while driving through Hondo. He said he was stopped on the highway by two men in a car on the pretense that he had run them off the road.

According to Rose's statement, he was asked by the men to get out of his car and examine the damage to their car. He was then asked to show his driver's license. Both men had knives, he said, and while one brandished a knife the other jabbed him in the right side, drawing blood. He further stated the men took \$10 out of his wallet. The suspect car, with a damaged fender, is being held.

Along the Way..

By PAUL BAKER

The battle is on full swing in Albuquerque this week over the TV guide. Who pays for its printing, the newspapers or the broadcasting stations?

The Albuquerque press, accustomed as they are to having the Guide paid for, insist that it must be so. The TV stations say it should not be, that the TV guide is a feature of a newspaper just like its sports page, the weather, comics and stock market reports.

Therefore, the guide should be published as a service to readers without charge to the broadcasting stations. Like most arguments, political and otherwise, there is something to be said on both sides.

Newspapers are a pot-pourri of news, pictures, statistics, advertisements, legal notices, want ads, and the like. Everything that is printed is of interest to someone. Some buy papers to read the grocery and department store ads. Others are looking for a house or are shopping for a car. A man wants to read the sports, his wife the society news. It's a pretty safe bet they read the theatre ads to see what's on, or if they're going to be home for the evening they'll look for the TV program to see when a favorite program comes on.

Newspapers or magazines can't exist solely on revenue from subscriptions. To make ends meet they must also have income from advertising. The questions is, where is the line to be drawn between what is to be printed free and what is to be paid for. Theatres and professional wrestling, boxing, to name three forms of entertainment, do not request the free advertising that TV stations ask.

It may take a supreme court decision to decide the merits of the case. The TV stations contend that their entertainment is free to all and that they therefore come under a different classification from entertainment where admission prices are charged.

They've got a point there, if you can overlook the commercials. Some of the shouting commercials are too high a price to pay to watch a dim ten year old movie made in England. On the other hand, such shows as the Ed Sullivan show, the Chevy show and Groucho Marx cause the public to accept the commercials in good spirit in return for top entertainment.

As far as this newspaper is concerned, our policy will be to print the TV programs when requested to do so, free of charge, to the full extent that time and space will permit.

(Speaking of commercials, why can't they all be short and sweet like the one for Maryland Club coffee?) Any curtailment of the mall service is hard for the public to take. In this day and age they expect improvement, rather than cutting back. And it's difficult for the patrons to swallow, it is equally so for the postal employees who face their public every day.

The post office department has been given rough treatment by budget cutting congressmen. There are some good reasons behind it and more or less politics, but the congressmen themselves could help the department by cutting down on their franked mail. This office gets two letters a week (mailed free) from the office of Dennis Chavez. One is addressed to the Lincoln County News and the other to the Carrizozo Outlook, which has been out of business for over 20 years.

At intervals a letter comes to the News office from an eastern firm addressed to A. L. Burke, editor of the Outlook. The post office department should insist that mailing lists of congressmen, government agencies and business firms be brought up to date. No one knows how many years it had been going on, but the News used to receive double batches of news releases from A&M College (mailed free.) One set of letters was addressed to the Carrizozo News and the other to the Carrizozo Outlook. We finally wrote a letter asking them to eliminate the duplication.

Bringing mailing lists up to date would save the department time and money spent on handling needless tons of mail. Congress is considering raising postage rates to meet the department's deficit. The first order of business should be to eliminate duplication and loss items such as selling stamped post cards without charging for the cost of the cardboard; also selling envelopes, both plain and printed, in competition with private enterprise.

The news regrets to report the discontinuance of practice in Carrizozo of two professional men. Dr. Al Sadowski, dentist, states that after filling next week's appointments he will confine his practice to Alamogordo. Dr. Bob O. Bond, veterinarian, has moved the office of his animal clinic back to their place at Coyote.

Bill Harman won fifth chair, first clarinet at the band camp held at Eastern New Mexico University in Fortstock this week. Five bands were auditioned and his band was awarded second place.

THE JUVENILE CODE OF NEW MEXICO

By GINA ALLEN
Executive Secretary, Third Judicial District Youth Commission

(SERIES IV)

Suppose that there is, within your neighborhood, a child "who habitually deports himself as to injure or endanger the morals, health or welfare of himself or others." For the sake of the child himself, for the sake of your family and the community, such a child should be brought to the attention of the juvenile court:

Who can do this? How is it accomplished? What happens after the child is reported to the court authorities? These questions are answered in the following sections of New Mexico's Juvenile Code:

13-8-30—Information concerning juveniles—Style of petition and other pleadings.—Whenever any person in writing informs any probation officer, or, in counties where there are no probation officers, any juvenile attorney, that a juvenile is within the purview of this Code (13-8-19 to 13-8-73), said officer or attorney shall make a preliminary inquiry to determine whether the interests of the public or of the juvenile require that further action be taken. Thereupon said officer or attorney may make such informal adjustment as it is practicable without a petition, or may file a petition with the court. The petition and all subsequent court documents shall be styled "In the matter of _____, a juvenile."

13-8-31—Petition to be verified.—Contents.—The petition shall be verified by a responsible person over the age of twenty-one years and may be made upon information and belief. It shall set forth plainly: (1) The facts which bring the juvenile within the purview of this Code (13-8-19 to 13-8-73); (2) the name, age and residence of the juvenile; (3) the names and residence of his parents; (4) the name and residence of his legal guardian if there be one, or the person or persons having custody or control of the juvenile, or of the nearest known relative, if no parent or guardian can be found. If any of the facts herein required are not known by the petitioner, the petition shall so state.

This section provides the method that a petition may be filed in court against a juvenile offender. First it has to be made by some responsible person over the age of 21 years of age, and has to be under oath. It also has to be a violation that was described in the Code in Section 13-8-26. It must contain his name and his age and the residence of his parents, and if he has no parents it must contain the names and residence of persons responsible for him.

13-8-32—Who may file petition.—A petition may be filed with the clerk of the juvenile court by any responsible person in the event of the refusal by any person authorized under section 12 (13-8-30) hereof to file same.

This section is a section that specifically states that because somebody connected with the probation officer, the sheriff's office or the district attorney's office or any other person in any official capacity refuses to act, then any aggrieved person has a right to act himself, and, therefore, cannot shrug the matter off by saying, so and so refused to act and nothing can be done.

13-8-33—No fee to be charged for filing petition under Juvenile Code.—No fee shall be charged for giving information, or for making or filing such petition alleging a juvenile to be within the provisions of this Code (13-8-19 to 13-8-73).

13-8-34—Citation to person having custody of juvenile.—Emergency custody.—After a petition shall have been filed and after such further investigation as the court may direct, unless the juvenile and the person or persons having control of the juvenile shall appear voluntarily, the court shall issue a citation reciting briefly the substance of the petition and requiring the person or persons who have custody or control of the juvenile to appear personally and bring the juvenile before the court at a time and place stated. If the person so cited shall be other than a parent or guardian of the juvenile, then

the parent or guardian of both shall also be notified of the pending case and of the time and place appointed for hearing by personal service before the hearing, except as hereinafter provided. Citations may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary. (Cont. next week)

CONVENIENCE IS THE KEYNOTE of super-market merchandising. The basic idea is to make a large variety of goods available in a single place, in recognition of the fact that many people value a saving in time. America's banks have long recognized that fact. Before the retail supermarket was born, they were offering a wide range of banking facilities "under one roof"; and today they continue to serve as "supermarkets of financial service," enabling their neighbors to attend to everyday money matters with true convenience.

AN EARLY-DAY CHARACTER IN THE VIRDEN VALLEY

William Wilson, an old bachelor, was a character in the early days of the Virden Valley in southwestern New Mexico. He was a hard-working and successful farmer, but, said Hampton Cosper of San Simon, Ariz., and Lordsburg, who farmed in the valley for 65 years, Wilson seemed to have it in for everybody. Some people also had it in for Wilson, who was one of the few who never had any trouble with the old farmer.

Hampton Cosper came to the valley with his parents in 1887 when he was 10 years old. One memorable incident, long told in the valley, had happened to Wilson before the Cospers arrived.

A cowboy, who must have disliked Wilson, roped the farmer while he was unarmed and irritating a field and dragged him for some distance. The cowboy didn't get off his horse to untie Wilson, but slipped the rope from the saddle horn, dropped it and rode away fast. Cosper recalled that Wilson was laid up for several months after being roped and dragged.

Some years after the Cospers moved to the valley Wilson killed a cowboy. A bunch of 24 Circle cattle had damaged a crop in one of Wilson's fields, and, according to the custom of the time, Wilson had corralled the cattle which he was entitled to hold until the owner paid for the damage.

Frank Shriver was running 24 Circle cattle then. He and a cowboy rode up to the corral on Wil-

son's farm. Shriver was determined he would not pay damages, and he told the cowboy with him to open the corral gate and let out the cattle. Wilson killed the dismounted cowboy and tried to shoot Shriver, but the latter escaped on his horse at a dead run.

As a result of that killing, farmers fenced their fields, Cosper said.

Wilson once played a mean trick on Hampton's brother, George, whose nickname was "Pink." He hired the boy to pick apples and at the end of the harvest he squirmed out of paying him. He told Pink that he had stolen enough apples to make up for his pay.

The bachelor built himself a pretty good house. People heard he built it because he intended to get married. However, his plans must have gone awry because no bride ever came to Wilson's home. The house still is standing.

Wilson owned considerable farm land, some of which he rented to Spanish-Americans. Of these tenants, he said:

"They stay in debt, so if they die they're ahead."

The incident that finished Wilson was a fall from an apple tree on his farm. He broke a hip. Cosper remembered helping carry the old man into the house and laying him on a bed. Wilson turned over, his face to the wall, and remarked, more in resignation than in bitterness:

"Such is life in the far, far West!"

The old bachelor had no near relatives. He was taken to a soldiers' home in California, where he died some time later.

Happy Homemaking Is Full Time Job

"There's no 50-50 proposition in happy homemaking."

That's what the 300 teenage delegates of the 1957 national meeting of Future Homemakers of America will tell you.

Among these 300 youth will be 4 members of the New Mexico Association of FHA. These delegates will represent the 2640 members in 65 chapters of the New Mexico Association. Miss Bernetta Hendrix is State FHA advisor.

Convening July 1, at Purdue University, Lafayette, Ind., the delegates will emphasize that making happy homes calls for "100 percent" efforts by every family member.

The five-day national meeting theme is "Today's Teenagers—Tomorrow's Homemakers." General sessions and work groups will stress ways youth can give their "100 percent" now. Also, delegates will plan local chapter experiences that will prepare them for future adult homemaking responsibilities.

The 12 national officers of the organization helped plan the national meeting. "They chose this particular meeting theme," Miss Lois Oliver, National FHA advisor, explains, "because it challenges all teenagers to refute charges that youth are unwilling to do their part to make happy homes."

Among national officers are: Carol Ann Pierson, 242 Minnie Street, Godfrey, Ill., president.

Milda Kusler, Neulah, North Dakota, vice-president, central region.

Ardis Armstrong, Box 151, Fairfield, Mont., vice-president, Pacific region.

Barbara Voss, 3236 N. Jackson Avenue, Tucson, Ariz., historian. Elsie Heston, 161 E. Tyckson, Farmington, N. M., public relations.

Camp For Crippled Children Again Planned

A summer camp for crippled children of New Mexico again will be sponsored by the New Mexico Society for Crippled Children and Adults. The camp will be held at Carrizo Lodge in Ruidoso, and the dates have been set as June 2 to June 16, inclusive. It is expected that there will be about 60 children of ages 8 to 16 attending, and these will represent nearly every county in the state.

The camp was held for the first time last summer, and was highly successful and enjoyable, both for the children taking part, and also for the adults who were helping out or just visiting at the camp.

Activities include nature study, hiking, instruction in archery and riflery, crafts, campfire programs, story hours, movies and there Monday by Sheriff S. M. Ortiz.

The cases of two boys were held in abeyance pending their entry into the Armed Forces. Their cases will be reconsidered in September.

District court convenes June 6 with two civil cases on the docket: Hanson Supply, Inc. vs. C. R. Mauldin, in re. suit on judgment; C. H. Murray vs. I. M. Young, an appeal from a justice of the peace court re. collection of alleged debt.

MARY REPORTS

In addition, the people of Ruidoso make available all of their facilities for the enjoyment of these handicapped children.

Carrizo Lodge is owned and operated by Mr. and Mrs. Herb Greggerson, who donate all of their fine facilities and personnel for this camp each summer. The lodge itself is most attractive, located high in the wooded mountains near Ruidoso, and with ample facilities.

This summer the camp program will be under the direction of Mrs. Lucille Majeske, who is a registered nurse and experienced in conducting such programs. She will also have a staff of eight counselors to aid her, as well as considerable volunteer help. Services of a local doctor will be available, as well as those of a qualified dietitian.

This is the second year for the Carrizo Lodge Summer Camp, and it promises to be even bigger, better and more enjoyable than the first.

Finally the guest rose to leave. "Aren't you forgetting your dog?" said the host.

"That's not my dog" said the guest. "I thought he was yours."

HATED LAW GOES BUT LIENS REMAIN

Santa Fe, June 5.—The hated "lien law" which has encumbered the property of thousands of people receiving welfare department assistance goes off the law books Friday.

Still remaining, however, are liens totaling several million slapped on property during the operation of the law which went into effect January 1, 1956.

A constitutional amendment which would forgive the liens is to be placed before the voters in the general election next year.

KINFOLKS LAW A LOT SOFTER

June 7 is also the date for a new softer law requiring children to assist indigent parents.

Another of the unpopular special session laws, it has been watered down to affect only fairly well-to-do people in assisting their folks.

The welfare department is set for a rush of new applicants for relief next week, people who had refrained from seeking help because of the restrictive laws.

The anticipated climb in the relief rolls has the welfare department on the spot to hold down spending or go into another money crisis as that of '55.

MURRAY MORGAN HIRING POLITICOS

Land Commissioner Murray Morgan is following the steps of his predecessor, Johnny Walker, in building up a personal political organization.

Morgan kept most all of the politicos inherited from the Walker administration and has recently added Larry Garcia, Demo chairman of Mora county, Manuel Ortiz, former sheriff and Demo chairman of San Miguel, and Barney Cruz, widely known political figure from Mora.

Political observers here think Morgan is ambitious to go on to a bigger political job after his tour in the land office.

JOE BURSEY GETS ATTENTION

Strangest political boom to be developed here in a long time is that for Joe Bursery for governor.

The long-time tourist bureau director has already made it known that he wanted to run for treasurer next year when somebody suggested that maybe he should go for the Demo nomination for governor and right away it caught on with statehouse Democrats and others in this area.

Although few would guess that Bursery will be the eventual nominee he is the most talked of prospect in this area at this time.

The rallying around him is indicative of the situation in the party in which no outstanding prospect for challenging Republican Ed Mechem has developed.

The boys are impatient to get behind somebody who can lead them back to the payroll.

Bursery, a newspaper writer way back in the early 1930's in Santa Fe, Albuquerque, Alamogordo, became tourist bureau director in 1935 and with the exception of a four-year Republican drought, 1951-54, stayed on the job until the Republicans returned the first of this year.

ATTORNEY GENERAL UNDER HEAVY FIRE

Atty. Gen. Fred Standley is sitting only with his back to the wall these days. The office is under heavy fire from two sides and from snipers all around.

Standley's challenge of the constitutionality of the new workmen's compensation law has friends of the measure threatening to back another against him in next year's elections.

Just as mad are a lot of ranchers and bankers about the AG's ruling that knocked out the state's part in the hay program. If he is upheld by the court it means a lot of people are going to have to dig in their heels to give back some \$300,000 spent by the state.

Snipers include Demo friends of Auditor Hannah who are sore about Standley's approval of a new law which changes the auditor's duties to that of part of a junior grade comptroller, and some other Democrats who are peeved about Standley's opinion upholding the governor in removal of board members appointed by the former Demo administration.

The attorney general has shown courage in his position and those not directly involved in his rulings are inclined to admire his actions.

Busy Anglers Take Large-Rainbow Trout From Bonito Lake

Bonito Lake was a busy place over the week end. Anglers from all around were trying their luck at the lake from 7 a.m. until 7 p.m.

Three nice fish were brought into Bonito City Cafe to be measured. One was a beautiful rainbow trout measuring 19 1/4 inches, caught by Ed Kouts from Roswell; another rainbow measuring about 21 inches was caught by Dave Holman of El Paso.

Bob McProud was real thrilled with a 14 1/2 inch fish and Benny Runnels caught one about 12 inches.

The Forest Service is still warning campers about camp fires as the forests are still dry. We had some rain over the week end but not enough.

To fish in Bonito Dam permits must be had at \$3 a day or season.

At Bonito Cafe you can get permits, and a map showing parking areas. Picnic spaces are designated also.

To fish in the "Blue Hole" you must have a permit too.

Time changes everything, boys.

Thoroughbred Features Tops Saturday Racing At Ruidoso Downs

"The Gillette Pipe and Supply Purse," a five and one-half furlong test, designed for three year olds and older thoroughbreds, holds the spotlight Saturday afternoon at Ruidoso Downs. The sprint attracted ten racers headed by Didumenow and Live-Hup.

Didumenow, narrowly beaten by Abba's Bull on Decoration Day, looms as choice, but she will have a busy afternoon against Spurred, Papagoyo, Ambrose, Lavelup, Lady Ravans, Goya Dancer, Lady Lanty, Any Chance and Lucky Adele.

Spurred, who runs in the silks of A. G. Hensley, shapes as one of Didumenow's main rivals. The four-year old gelded son of Alector, moved up in class after scoring in a \$1750 claiming race last week end.

Another feature race, a quarter horse allowance race at 400 yards, brings out a field of ten. W. L. McDonald's reigning king of the handicap division, Brigand, heads the field along with Vannevar, the 1956 Pacific Coast Derby winner. Owned by Carl Mercer, and trained by Tom Stevens.

resigned U. S. district attorney, who is getting the play for Republican nomination for senator next year. Earlier there had been guesses that Socorro Mayor Holm Bursum was the party choice. Demo Sen. Dennis Chaves has renewed the guessing game about his intentions next year. Nobody doubts that he will be a candidate for another term but everybody's wondering whether he will be a party regular or go it alone. His slim and make-up attitude at the party meeting in April didn't last long. Now he's as solid as ever at the camp controlling the party organization.

STATE GAME DEPARTMENT

BIG GAME SEASONS SET

The State Game Commission at its May 27 meeting approved the big-game regulations recommended by Director Pickens, with only very minor changes. Pickens' recommendations were based on information obtained in meetings previously held with landowners, sportsmen's organizations, land-use agencies and Department personnel, all of whom had worked out together the best program for management in their respective areas.

Santa Fe — Turkey hunting will be permitted this year in certain areas which have been closed for a number of years. These areas are in the Jemez Mountains, Mt. Taylor, the Galinas Mountains in Lincoln and Torrance counties, San Mateo Mountains in Socorro and Sierra counties, portions of the Guadalupe Mountains in Eddy County, the Animas, Polonillo, Burro Mountains and Mule Creek area of Grant and Hidalgo counties.

Some of these areas have long been closed to turkey hunting because of the low population of the birds, but no appreciable increase in their population has been observed. Some are only marginal turkey habitat which has suffered in the long drought.

The State Game Commission has therefore decided to open a restricted hunting season, to give the license holders an opportunity to take some birds.

Turkey hunting will be permitted for two days during the big-game season applicable to the respective areas. Rifle will be the only legal firearm.

In all other areas open to turkey hunting, the season will coincide with big-game season and any legal big-game rifle or shotgun will be permitted.

Farm Prices Rose Slightly in April

Farm prices rose 2% for the month ending April 15, 1957. Higher prices for cattle, hogs, apples, tomatoes and cotton more than offset lower prices for milk, strawberries, snap beans and oranges.

Farm costs edged up slightly during the month to a new all-time peak, 296% of the 1910-1914 average.

Farm prices now stand at 81% of parity—a point better than a month ago but 2 points below a year earlier.

The 3% increase in farm prices during the past 12 months did not keep pace with 4% jump in farm costs. Thus, parity dropped 2 points even though farm prices improved.

Farm receipts for first quarter of year were 2% greater than for the same period in 1956. Cash receipts from farm marketings totaled \$6.4 billion for first three months of year. Volume of sales slipped below last year but prices were 4% higher.

Fanhandler Bear Roturas
Among Glacier National Park's 100 bears, only a dozen beg food from visitors. One of the most notorious bear fanhandlers was once trapped and taken to a remote area. Three weeks and 60 miles later she was back on her old stand on the Going-to-the-Sun Highway.

Corona's Rodeo Boys Add to Riding Laurels

Charlie Strickland of Corona was all-around champion cowboy at the Alamogordo AJRA Rodeo Friday, Saturday and Sunday.

He gained 550 AJRA points, winning bareback bronc riding, bull riding, and All-Around Cowboy.

Eddie Boykin of Corona won first place in first go-round in break-away roping in the senior division.

Rand Perkins, also of Corona, who took part in the junior division, won third place in the three day average calf riding.

Among other contestants at the rodeo were Don, Morle and Bill Petross who live at Claunch, but attend school at Corona.

Lt. Col. Frank W. Shelton of Detroit, Mich., spent the past week end with his parents, Mr. and Mrs. J. M. Shelton. Earlier in the week Frank had his parents as guests at Red Canyon where his battalion was firing guided missiles, which they found very interesting and impressive.

Mr. and Mrs. Lloyd Owen and children took a four-day vacation last week, visiting Mrs. Owen's brother and sister-in-law, Mr. and Mrs. Harold Beverage and her sister and brother-in-law, Mr. and Mrs. Cole Webb of Elk, N. M.; also a sister and brother-in-law, Mr. and Mrs. Zeke Gilliland at Alamogordo.

Robert C. Drawbaugh, manager of the U. S. Rare Earth and Uranium Company of Corona, went to Muscatine, Iowa, this week to bring back his family, and to attend his daughter's graduation at high school exercises.

Corona's Junior Class of 1953 held a bingo and ice cream party Friday, May 31. They made \$67 toward next year's class fund.

Miss Amelia Flores Weds Eloy Maldonado

Miss Amelia Flores, daughter of Mr. and Mrs. Jacinto Flores of Corona, was married Saturday, June 1, in Corona at the Catholic Church to Eloy Maldonado of Albuquerque.

Miss Flores has been working in Albuquerque for the past two or three years.

She is a former graduate of Corona High School.

Albuquerque Jr. Choir Entertained in Corona

The First Presbyterian Church Junior Choir of Albuquerque, 48 members, and their choir director, Goodsell Slocum, gave a 45-minute musical program Sunday at the Presbyterian Church.

Corona's choir entertained the choir members and the Corona youth group with a luncheon afterwards. There were about 80 in attendance at the luncheon.

Mrs. R. W. Minton Sr. and her daughter, Mrs. Carl Lawrence of Memphis, Tenn., were here last week visiting Mrs. Minton's new grandson, R. W. Minton III, whose parents are Mr. and Mrs. R. W. Minton II. The mother of the new grandson is the former Miss Betty Merritt of Corona.

Guests at the Joe Warf ranch last week were Mr. Warf's sister, Mrs. Era Humphreys and her son and daughter-in-law, Mr. and Mrs. Clyde Humphreys and their daughter, Sylvia and son Jimmy. The Humphreys were from Columbia, Tenn., en route to California.

Miss Ida Stewart is working for a cafe in Roswell and staying with her aunt, Mrs. Pete Nunez Sr., formerly from Corona.

Mrs. Frank Hodge visited her son and daughter-in-law, Mr. and Mrs. Ellis Hodge, last week at Tularosa.

Vacation Bible School At Willard and Corona

Rev. Bill Lytle and Bob Haas of Corona are holding Vacation Bible school at Willard this week.

There will be a Vacation Bible school at Corona Presbyterian Church starting Monday, June 10, and continuing thru June 14.

The Bible school will be for young people ages 4 through 16, and will begin at 9 a.m. and close at 3 p.m.

Children in town may go home for lunch, and those coming from a distance may bring their lunch.

Mr. and Mrs. Woody Bailey and son, Butch of Los Angeles, stopped briefly to visit old friends here the past week. They were en route to Missouri.

Mr. and Mrs. Lee Thomas were visiting in Albuquerque the past week end.

Mrs. Mulkey Describes Trip to West Coast

Your reporter took a two weeks' vacation trip recently going to Visalia, Calif., by bus, arriving Thursday, May 16, to visit an aunt, May Cunningham. We visited Saturday and Sunday, June 18 and 19, in Kings Canyon National Park with cousins, Mr. and Mrs. George Garner, seeing the big redwood trees covered with snow on Sunday morning, May 19. Mud chains were used coming up from the park to the village nearby.

May Cunningham, Ruby Garner and myself left Visalia Monday morning, May 20, driving Mrs. Garner's car for Fresno, Sacramento, and over Highway 99 to Redding. We stopped at Shasta dam, second largest dam in the world. From there we went to Weed and Yreka and on to Ashland, Ore., Tuesday, May 21, where we visited Mrs. Hattie Dishman and her niece, Mrs. Peterson. Mrs. Dishman is the mother of Herman Dishman of Corona, and lived at Corona for many years.

From Ashland, a beautiful little town, we drove on to Eugene and Springfield, Oregon, visiting a sister and brother-in-law, Mr. and Mrs. Frank Smith at Marcola, a small town about 14 miles north of Springfield. The Smiths are from New Mexico, but have lived in Oregon for

ABOUT PEOPLE

Mr. and Mrs. Bill Brady and family of Albuquerque visited with his sister, Mrs. Vick Lopez and family of Carrizozo Friday and Saturday.

Miss Grace Jones and Mrs. Elena Sales returned Wednesday after spending the first part of the week in El Paso.

Susie Vega and her mother, Mrs. Frank Vega, have returned from Manhattan, Kansas, where they were guests of Mr. and Mrs. Albert Miatitis. They also visited at Kansas City, Missouri and Oklahoma City, and had a wonderful time.

Guests at the home of Mr. and Mrs. Frank Vega on Memorial Day were Mrs. Josefine Urquijo and Alex Urquijo of Bisbee, Ariz., and Bill Forrest of Los Angeles.

Carl Thornton, Ernest Sanchez, Gilbert Ortiz and Richard Ortiz are home for the summer from the University of New Mexico.

Mrs. Sam H. Niegels is visiting in Truth or Consequences and Albuquerque this week.

Mrs. T. E. Kelley and granddaughter, Cynthia Corbett, left Tuesday for Lubbock, to visit Mrs. Kelley's sister, Mrs. T. J. Richardson, and her nephew, Alfred Richardson.

Mrs. J. G. Oxford, mother of Mrs. Harry Morris, returned to her home at Flying H Ranch, New Mexico, last week after spending a week in Carrizozo.

The Misses Margaret Vega, Susie Vega, Rita Vega and Rita Baldonado motored to El Paso on Sunday.

Fats Domino and his rock and roll artists stopped briefly in Carrizozo Thursday morning en route from El Paso to the West Coast.

The past 15 years, Friday, May 24, we were taken on a tour of the Weyerhaeuser timber mill, the largest timber mill in Oregon and the second largest in the world, where Frank Smith has worked for several years.

We returned to Visalia, Calif., by way of Klamath Falls, seeing a part of central and eastern Oregon. And on May 27 we were on our way by bus back to New Mexico, and passed through the town of Tehachapl, Calif., cold-est spot we were told in California, where the Bryan Sanderson family live. The Sandersons are from Corona and are subscribers to the Lincoln County News. We saw the painted desert in Arizona and many other interesting things. However, we believe that New Mexico has just as much to offer the tourist in sight-seeing, the state over, as any other state.

Editor, News: Sufferers from cancer, their families, physicians, and all concerned with the care of cancer patients are hereby advised and warned that the Hoxsey treatment for internal cancer has been found worthless by two Federal courts. The Hoxsey treatment costs \$400, plus \$60 in additional fees—expenditures which will yield nothing of value in the care of cancer. It consists essentially of simple drugs which are worthless for treating cancer. The Food and Drug Administration conducted a thorough investigation of the Hoxsey treatment and the cases which were claimed to be cured. Not a single verified cure of internal cancer by this treatment has been found. For further information write to: U. S. Get in the fine-car swim at the low Ford price!

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, lowness, or just plain good value.

But stop there. That's when you'll find the real evidence of Ford's quality! And, on the way in, note that Ford offers door checkers that hold doors open in either of two positions for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically constructed over massing springs. Your rear-seat passengers are treated extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Now see the front seat. That's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "J" ner Ford* for that. Ford, for instance, has a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Now see the body. Ford has the only frame in its field to make use of rugged tubular steel bones. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.* Yes! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!
