

Ramblin' Around Lincoln County

By TED RAYNOR News Feature Writer

OLD BONITO CITY

In the early days of Bonito City someone planted Kentucky blue grass along the irrigation ditch that ran on one side of the street in the Lincoln County town. The grass grew well in that cool, watered valley.

Patches of blue grass spread up and down Bonito Valley, where wind carried the seed and it fell in watered places. Today, the patches of blue grass are the only visible remembrance of the city that has been covered by the waters of Bonito Dam since 1930.

Bonito City was founded in 1880. Farming along Bonito Creek and prospecting in the area gave Bonito City its reason for being. Of the two occupations, farming provided a more certain living. Floy Skinner of Nogal, who was born on the Bonito, said that if there were gold in the hills around Bonito City no one has ever found it.

Bonito City was never a rough frontier town. In 1885 it had only one saloon, run by Pete Nelson.

"In Bonito City there was little, if any law, save that of obeying the Golden Rule and other scriptural mandates, in which Pete, saloonkeeper though he was, endeavored to do his share.

"Then another character, but quite to the reverse of Pete, was Rev. John H. Skinner (father of Floy Skinner), a God-fearing Christian gentleman, who lived here with his family. He preached and encouraged religion, honesty, uprightness and thrift, and it was through the efforts of that worthy gentleman and his good wife, that up to the time of the Mayberry Murder Mystery took place, that no peace officers had to be called from Lincoln, then the county seat of Lincoln County."

Bonito City was so described in "The Mayberry Murder Mystery," an account of one of the most lurid crimes in New Mexico, written in 1938 by A. L. Burke of Carrizozo. Floy Skinner is the copyright owner.

The seven murders early in the morning of May 5, 1885, were committed by Martin Nelson, 23, a prospector, who was not related to Pete Nelson, the saloonkeeper. Nelson had not been in trouble previously in Bonito City. The motive for the murders has never been explained.

Mr. and Mrs. John Mayberry operated a small log-cabin hotel, which had accommodations for a few guests. The hotel served meals to many other persons in town. Martin Nelson lived in the hotel, occupying a second-floor room.

At 1 o'clock in the morning of May 5, 1885, he entered the second-floor room occupied by Johnnie and Eddy Mayberry, the hotel owners' sons. He shot the boys to death with a .38 rifle. Dr. R. E. Flynn, who had recently arrived from Cincinnati, Ohio, was awakened by the shots and rushed into the boys' room. Nelson killed Flynn with a bullet in the head. Mayberry came up the dark stairs from the first floor, and was shot through the heart.

"Now comes the most pitiful and gruesome part of the Mayberry Murder Mystery: Mrs. Mayberry, clad in her nightclothes, rushed up the stairs and was met by the murderer, who fired a shot into her breast, but failed to kill her. With blood streaming down to her bare feet, she made her way downstairs, leaving her bloody footprints on the steps, and ran as fast as she could to the nearest cabin in quest of help.

"But the residents were so panic stricken that they were afraid to open their doors for fear of death. Mrs. Mayberry then hastened to the next cabin, but was met by Nelson who had followed her. He fired another shot which ended the life of the unfortunate mother. Nelson then threw her body into an irrigation ditch which ran through the town. This act blotted out four of the Mayberry family and Dr. Flynn."

Before leaving the hotel in pursuit of Mrs. Mayberry, Nelson had shot the Mayberry daughter, Nellie, in the side. Nelson believed she was dead and did not fire at her again. She recovered, but was never able to offer any solution to the mysterious killings.

Pete Nelson, the saloon keeper, had the courage to come out and tackle the murderer. After the killing of Mrs. Mayberry, Pete wrested the slayer's gun from him, but the latter regained his weapon and shot Pete to death and beat his head into a bloody pulp, leaving him in the middle of the street."

Herman Beck, grocery store owner, also had come out of his house to see what the shooting was about. Nelson shot Beck to death.

When morning came, Bonito City men were heavily armed, waiting for the reappearance of the mysterious slayer. While Charlie Berry, Rudolph Schultz and Don Campbell were talking in the street, they saw Nelson

Lincoln County Farm & Livestock Bureau Has Annual Meeting Saturday in Corona

The annual meeting of the Lincoln County Farm & Livestock Bureau is to be held Saturday, Oct. 19, in the recreation room of Corona High School, starting at 9:30 in the morning. The morning program includes a talent contest and judging and a general business meeting. Lunch will be served by the Corona Band Boosters, \$1.25 a plate.

The resolutions committee will present its recommendations at the afternoon session, commencing at 1:00. Following a discussion, each resolution will be voted on by the membership.

There is to be skating for the youngsters at 1 in the gym. The meeting will conclude with election of officers and a delegate to the State convention.

Charles A. Jones, county chairman, states that "This county meeting each year is our most important one of the year and to do the best for our county all members should be present. Please plan to be in Corona in

time for free coffee and doughnuts at 9:30 Saturday morning."

RESOLUTIONS

The following resolutions have been drawn up by the committee:

1. Whereas, New Mexico is the only state in the union with no legislation to prevent sale of publication of indecent literature, be it resolved that there be legislation passed and enforced to prohibit sale of indecent literature.

2. Be it resolved that we are opposed to any reduction at this time, either in funds or personnel, in the predatory animal control programs.

3. Be it resolved that the Lincoln County Farm and Livestock Bureau is opposed to any and all price supports on meats.

4. Be it resolved Lincoln County Farm and Livestock Bureau is opposed to the rigid price supports.

5. Whereas the prime foothill grazing land of the New Mexico Rockies is being invaded at an alarming rate by various brush, primarily pinon and junipers, be it resolved that the Lincoln County Farm and Livestock Bureau favors the start of some private, federal or state fund to promote interest in the development of a spray that will kill this brush and be inexpensive enough for widespread use. Be it also resolved: similar research for the control of acail would be of great value to ranchers.

6. Whereas the Lincoln County Farm and Livestock Bureau believes that interference with cloud formation has deprived the people of New Mexico of normal moisture that should have fallen in this State, be it resolved the Lincoln County Farm and Livestock Bureau is opposed to any interference whatsoever, (e.g.) air, seeding or other, with cloud formations over the State of New Mexico, by any person or persons civilian, government or armed services.

7. We are convinced that the Farm and Livestock Bureau organizations, grocery men and packers are doing a good job of advertising meat and meat products; we recommend that the Federal Government not adopt a policy to collect from the producers for the purpose of advertising beef.

Marvin H. Roberts Re-elected County Red Cross Officer

Marvin H. Roberts of Carrizozo was re-elected treasurer of the Lincoln County Chapter, American Red Cross, at the annual meeting last Friday at Carrizo Lodge in Ruidoso.

The meeting adjourned without the election of a chairman or vice-chairman. Mrs. Louise Babers and Mrs. Alleen Lindamood were appointed a committee to attempt to enlist two persons to serve in these offices until the next annual election.

The News is informed that Miss Helen Mauls, chapter field representative, is to be in Lincoln County next Monday. She was formerly nursing field representative for the district.

Mrs. Wayne Hamilton, County Home Service chairman, is called on nearly every week to deliver an emergency message to one or more servicemen.

Over the week end a telegram came from DeWitt, Ark., to inform Lt. Thos. H. Robinson of serious illness in his family. The only information given was a post office box number in Hollywood. Lt. Robinson was located through the cooperation of Sheriff S. M. Ortiz, Chief of Police Bobo of Ruidoso and Postmaster Mabel Wimberly, Hollywood.

The previous week a similar message was delivered to Pvt. 1/c Charley C. Burk, who was stationed in Roswell but visiting relatives in Ruidoso. The only information given was the license number of his car. Again the serviceman was located through the cooperation of law enforcement officers, including Chief of Police Ben Sanchez of Carrizozo.

CAN'T CUT BACK \$15,000 SALARY

Santa Fe, Oct. 16—The kind of rich salary of \$15,000 a year which was set up for Burl Huffman in 1955 as director of the Economic Development Commission will be continued for Jack Wentworth, Albuquerque, who is slated to take over next week.

A member of the commission apologized, or rather explained, that having started at that rate it was awfully hard to cut it back.

It is quite a rate for managing a \$100,000-a-year agency and directing a staff of three.

OTHERS SUFFER INFERIOR FEELING

The \$15,000-rate is getting common around the statehouse. Second raters drawing only a \$1,000 a month go around feeling inferior.

Six supreme court justices draw the fifteen grand, the state health director, Stanley Leland, gets it, Chief Highway Engineer Larry Wilson, Finance Director Ed Hartman, the EDC director, and the governor who is taking \$15,000 while he could be drawing \$17,500.

The director of the educational board of finance, John Dale Russell, gets \$18,500, and Pen Warden Theo Woodruff draws \$12,000 plus residence, food and the family, car and servants — a deal equal to \$15,000.

FOUR ON BRINK OF HIGHER RATE

Early efforts are expected to bring at least four up from the embarrassing \$12,000-level to the top strata. They are Welfare Director Bob Pritchett, Revenue Commissioner Tony Luna, Oil Conservation Commissioner Director Pete Porter and State Engineer Steve Reynolds who presently draws \$12,600.

The standard answer for increasing pay rates at the statehouse is that of competing with business on the outside. The competition exists for people in unattractive jobs — particularly for good secretaries — but it's mighty seldom that private business raids the statehouse for people in upper pay levels.

Many of them are doing better than they could hope for on the outside and there have been recent instances of people clinging to their jobs after pay cuts.

BIG DISCUSSION

The other day the learned budget director, Fredrick Comstock, a certified public accountant, and the comptroller of the \$51 million a year books of the state highway department, John McIntosh, were engaged in a multi-million dollar discussion of highway spending before the state board of finance.

All present were impressed and listened with respect until it got kind of thick.

That was when McIntosh, the highway finance wizard, referred to uncertainty of highway department income caused by a change in a law which made a tax payable on birthdays rather than at a fixed date. The statehouse money wizard, Comstock, nodded his head in agreement.

They were talking about driver license fees which never get near the highway department but no one concerned raised a peep.

WOULD LEAD INSURRECTION

Auditor Ben Chavez has been making like he is ready to lead a revolution in the Republican party.

In denouncing low salaries paid some workers and in criticism of officials in the Republican administration, the young Albuquerque accountant, seems to be challenging the Gov. Ed McEchem leadership.

Chavez, who can not be fired from the elective office to which he was appointed a couple of months back, is obviously directing his pitch to Spanish-American voters and it seems to be catching on in this area.

Democrats as well as Republicans of that group have been expressing favor for his stand.

Chavez, no kin to the senator, has been deliberate in his attacks on the administration making them in public and telling that he planned to keep them in the open.

Dispatches from Little Texas tell that State Sen. Gene Lusk needs only a grin from Sen. Dennis Chavez to leap into the Demo run for governor.

The young attorney has been edging toward the race for months. Chavez who has a 1958 renomination of his own to think about but no opponent in sight, could bring him in by an offer of support.

That would add Lusk to a stew that is already boiling with Seven-Foot Pickett the corporation commissioner, Rep. John Burroughs of Portales, Joe Bursey of Santa Fe.

Town of Carrizozo Buys Motor Grader

Following inspection of a used motor grader offered for sale by the Tri-State Equipment Co. of El Paso the town of Carrizozo has purchased the grader. It was to be delivered this week.

The Tri-State firm's offer to sell for \$6700 was the lowest of four bids submitted for a used motor grader. The equipment has been overhauled and has a warranty.

New connections for utility service by the town have been made for J. W. House into Lane Sisters apartment and for Jesse Lara into Paul Mayer business building on 12th street.

Veterinary Clinic at Coyote Closes Sunday

Dr. Bob O. Bond, DVM, announced this week that he is closing his veterinary hospital in Coyote, effective Sunday, October 20.

Mr. Bond will be associated with Dr. Charles Webster, DVM, of Roswell whose veterinary clinic is located on Hobbs street.

Mr. and Mrs. Bond and their infant son plan to move to Roswell in the near future.

"I want to thank the people of Lincoln County for their patronage during the past three years," he said this week, "and especially for the cooperation given me in the Bangs testing program that has made Lincoln County a certified-free county."

State Asks Bids for Hiway 70 Construction

Santa Fe, Oct. 16—Sealed proposals will be received until 10 a.m., October 23, 1957, at the office of the Chief Highway Engineer, New Mexico State Highway Building, Santa Fe, for construction of Federal Aid Project No. P-021-1(1) located in Lincoln County on U. S. 70 from Lincoln-Otero County line, east. The approximate length is 5,153 miles.

The proposed construction consists of two and four-lane, grading, drainage structures, base course, plant mix bituminous surfacing, curb and gutter, two major multiple concrete box culverts, and miscellaneous construction.

TIGERS INVADE GRIZZLY LAIR

Captain and Carrizozo high schools renew their years-long rivalry on the gridiron Friday evening in Carrizozo.

On the basis of their season's records, the two teams will take the field with the outcome a toss up.

Captain tied Hatch, a team that defeated Carrizozo 27 to 7. On the other hand, Carrizozo tied Ruidoso 6-6 and the Warriors won from Capitan last week 31 to 6. Both Tigers and Grizzlies tied Tatum 9 to 6.

The Corona Cardinals meet Vaughn there Friday night at 7 p.m.

SP Lays New Main Line Rails in Carrizozo Area

A Southern Pacific steel gang laying rail in the Tucuman-Carrizozo district, were in the Carrizozo vicinity the first of this week.

The crew's 47-car steel laying train was on the Carrizozo siding until Wednesday. Sixty men worked Tuesday laying a mile of new rail near Otero.

The rail laying operation is almost entirely mechanized, including a specially built unit that drives the spikes.

Replacing rails on the Southern Pacific network provides a year round work for the steel laying gang. The train is completely equipped, with kitchen, dining car and berth.

Wm. J. Taylor of Carrizozo is one of the three foremen.

"Tween Us Teens"

By MARY (Ginger) NICKELS

Hi! Well, here we are again, and as the mother Gnu said to the father Gnu when she had triplets, I've got Gnus for you!

Did anybody see the "Big Record" on TV last Wednesday night? If you did, you saw England's answer to Elvis Presley. He doesn't stop with playing the guitar and singing, he even writes his own music. He did his latest song "Rainbow" and it seemed to go over real well. Does anybody remember his name? Let me know and I'll put it in next week's column. Tally ho!

You know, I think just about everyone in school has been sick this week! Golly, 20% of the high was absent, and those who weren't, were half dead! On top of that, some of the teachers were ready to kick the bucket! All in all, this has been a pretty hectic week.

How many of us lost our money when we bet on the Yankees to win the series. There were quite a few of us unlucky souls. Oh well, you can't win all the time.

Monday we had a surprise visitor. Byron Taylor! I guess he got lonesome for his old Alma Mater. Anyway, all the kids seemed glad to see him!

Practically all you hear about anymore is the Russian satellite. Don't worry though, we'll get ours up there pretty soon, and it will be able to go to the moon! How about that? I'm waiting for the time when our satellite comes back with some little green men that will crawl out of it and say "Take us to your President." Wow! I guess if that ever happened some of us would be rather surprised. I wonder what they will name our satellite? Russia named hers, so how about us?

Bye, till next week. An one little molecule said to the other, "Up an atom."—Ginger.

Getting Acquainted With Our Newcomers

LAURA LEE KEITH

Laura Keith was born 16 years ago in Alamogordo. Her first years of school were at Nogal, but when that school was consolidated she came to Carrizozo.

She spent two years in Carrizozo and then she and her family moved to Bonito lake. They stayed there for four years and Laura attended the Capitán schools. They liked their home at Bonito very much, as it was cool and very pleasant.

In Capitán Laura kept herself busy with F.H.A., Pep Club, cheer leading, and choir. In her spare time she sang with a western band.

Among Laura Lee's many ambitions are being a W.A.V.E. or a secretary, both of which are very rewarding jobs.

In our school, Laura is a sophomore. She is taking Home Economics II, Geometry, English II, Biology and chorus. Also, she is a cheer leader, and a very good one, too!

Bus Driver Urges PTA Cooperation For Highway Safety

The Bordo PTA met in regular session Tuesday, Oct. 8, with president, Mrs. Brink Randle, in charge.

Vice-president, Mrs. Albert Kimbrell, stated that the theme of the year's meeting would center around the topic, "An Informed Public Moves Education Forward."

At the November meeting a panel of parents will discuss "What Schools Should Achieve." Don Roush, field executive secretary of the NMEA, Santa Fe, will speak on "What Schools are Achieving."

Projects named for the year were a scholarship for a valley pupil and furnishings for the recreation hall. On this committee are Mrs. Arthurs, McKinley McTeigue, Mrs. Bob Journey and Waldo Nunez.

In an effort to prosecute reckless driving on highways, Ben Sanchez, president of the South-central Bus Drivers Association, urged the cooperation of parents. He stated that drivers are still disregarding bus regulations and falling to stop when buses are picking up or unloading students along the highways.

Gerald Maez, last year's delegate to Boys State, who was sent there on money given by the PTA, gave an account of the valuable experiences he had while attending the convention.

After the meeting, coffee and cake were served by the hostesses, Mrs. Albert Kimbrell, Elsie Kimbrell and Mrs. Al Booky. For the November meeting the hostesses will be Mrs. Paul Pacheco, Mrs. George Sineros and Mrs. John Cooper.

Along the Bonito

Isn't so well—he is on a strict diet. They want to say hello to all their Lincoln County friends.

Ben Pfingsten was on the Bonito this week — brought Jim Byler a gallon of cider—the good kind with a "kick." Ben lost his horse "Nipper" recently. He had been a faithful horse for Ben for many years. Nipper ate too much feed and foundered.

Jim Byler made several fruit cakes the other day—he will be making more for Christmas soon and will make some for anyone who puts in an early order.

Fred V. Sweet Jr. joined the elk hunters to Colorado, also Burgess from Ruidoso and Lee Lawing from Green Tree. Rosie Sweet and children will visit Rosie's sister in El Paso a few days while Fred is gone.

George Wandell from Nogal was on the Bonito to make the elk-hunt but was too late. He was going on to Valmont over toward Orogrande where he will try his new scope on his 270 for an antelope hunt. George was wearing a pretty "autumn colors" shirt.

Kathleen Rannels from Clovis visited A. N. Rannels and Lula recently. She is Mr. Rannels' niece.

On the sick list in our parts have been Judy LaMay, Gleneth LaMay, Bob and Bill LaMay, Edith LaMay, Benny Rannels, Wilson Purcella, Budro Morris, Ida Fay Morris and Kent Hayes.

Benny Rannels was 10 years old October 12th and though he had a birthday party he, just stayed sick in bed and waited for his presents—all the games and party fuss didn't bother him.

Mary Helen LaMay and Rachel West came to see us Sunday and Jeanette too. Jeanette brought Benny a birthday present.

Alice Wright and Tom Bragg visited Fred and Elva Coe on the Hill Farm this week, bringing home some fine vegetables and fruit.

Lula Rannels spent three days on the Ruidoso last week doing a little "baby sitting." 'Twerent for relatives—for pay.

Francis and Harold Sellars from Alamogordo are on the Bonito busy doing a foundation for their new cabin. Bob McProud and girl friend from Alamogordo visited with the Sellars on Sunday.

Macy Edmondson from Capitán and friends Mr. and Mrs. Walter R. Patterson from Carlsbad were on the Bonito gathering a few apples lately. Macy was going East with the Pattersons then to stop by Louisa Massey's for a dinner date. It's good to see Macy "Juning around" like a little butterfly.

Arvel and Louise and Benny Rannels visited George and Beulah Runkle at Roswell (East Grand Plains) last week and ate one of Beulah's good meals. They had redecorated their farm house inside and it is real attractive.

Pug Euklund and sons Warren and Donnie were up from Carlsbad for the week end to get "Hunting Season Wood."

Barney Hayes and Charles Corder and friends went on an antelope hunt this week and brought back their meat in a hurry — those old mountain boys hit me!

Fired-up Warriors Hand Tigers Defeat

By JERRY LOBB

The fired-up Ruidoso Warriors closed the door on Capitán's chances for winning the 4C district championship Friday, Oct. 11, at Ruidoso by a score of 34-0.

In the first quarter, Tiger QB Penny McKnight received the kickoff on his own 15 and ran it back to the Capitán 22 where the Tigers had to give the pigskin over after four downs.

Immediately picking up a first down, the eager Warriors quick-kicked to the Tiger 6-yard line. The Tigers were unsuccessful on three plays and were forced to punt.

The Warriors took over on the Capitán 30-yard line. Eager for a victory, the Ruidoso eleven gained two first downs. On the next play, Jim Wilson ran a left end reverse 8 yards for the touchdown. Bob Pior made the extra point good through a tackle hole.

Score at end of first quarter: Ruidoso 7, Capitán 0.

In the second period, the Tigers temporarily came to life with McKnight and FB Vance moving the ball down on the inside of the Ruidoso 30, only to lose it when a penalty and a setback kept them from getting a first down.

Ruidoso started on the move again and after beating out two first downs, Warrior QB Pior passed to FB Charles Perry for the second Ruidoso chalker. Pior again aerialized to Pope for the extra point.

The half ended with the score Ruidoso 14, Capitán 0.

The third quarter saw the Warriors still on the move as they marched down field to pocket 7 more insurance points with Pior going over the 2-yard line for the touchdown and then fired a pass to Rodger Pope for the extra point.

In the final stanza of the game, Warrior Pior called his reverse play for the second time and was good for another touchdown as Jim Wilson carried the ball over the goal line. The extra point failed.

Capitán took the kick on their own 20-yard line. At this point, Tiger FB Ralph Vance started his own private rampage. In three plays Vance picked up 25 yards and two first downs. McKnight teased to Charles Lock-

hart for 7. Vance plunged through for 10 yards and a first down.

After a 8-yard setback by McKnight, Vance carried the ball seven times consecutively averaging 5 yards per play. On the seventh play, he struck paydirt for the only Capitán marker. The attempt for the extra point failed.

Warrior FB Charles Perry brought the Ruidoso fans to their feet cheering as he raced 80 yards for a touchdown on the Capitán kickoff. Pior ran a right end for the extra point and the final tally of the game.

Vance again came back strong after the kickoff and moved the ball 47 yards in four plays before the final gun sounded.

Score: Ruidoso 34, Capitán 0.

Coyotes, Grizzlies Battle to 6-6 Tie

By BILLY LOPEZ

The Tatum Coyotes and the Carrizozo Grizzlies fought to a 6-6 tie last Friday night in a 4C conference football game.

The Coyotes struck early in the first quarter as quarterback Royce Fort engineered a 67-yard drive after the opening kickoff in 13 plays with Fort going over from the one yard line on a QB sneak. The try for extra point failed when Fullback Hoyle was caught behind the line of scrimmage.

The score stood at 6-0 in favor of Tatum at the end of the first quarter.

In the second quarter the flustered Grizzlies seemed to come alive but after a few plays were again unable to penetrate the Coyote forward wall. In the biggest part of the second quarter both teams played stand still ball with neither team being able to advance the ball. The score at the halftime was 6-0 in favor of Tatum.

The third quarter saw both teams cross each other's 20-yard line but neither team was able to go the distance because of stubborn forward walls that could not be penetrated.

The Grizzlies only score of the game came late in the final quarter on a reverse play that went from Lonnie Nowell to Sammy Hicks, with the latter galloping 47 yards around left end to the enemy's 3-yard line before being brought down by Fisher. Lonnie went over on the next play when he scooted around right end to knot the score at 6-6. The try for extra point failed.

Showing good running form on the Grizzlies lone TD as well as all during the night was Lonnie Nowell who constantly gained yardage on end runs.

Carrying most of the load for Tatum was FB Hoyle and LB Fisher.

Tatum had an edge over the Grizzlies in first downs, 9-7 and the penetrations were tied at 2-2. The game will go into record books as a tie and will count a half game for each team. In the event of a tie in district competition at the end of regular season play, Tatum will go into regional playoffs because of first downs.

The Grizzlies will play their final home game Friday night against the Capitán Tigers. This game is promised to be a thriller as both teams fought to a 0-0 tie with Tatum.

Carrizozo PTA Yearbooks Ready

By SHARLEZ LADD

The Carrizozo PTA met Monday night, October 14, with Mrs. Ruth Armstrong presiding.

The PTA year books are ready which each person, when paying their dues, will receive. There are 48 paid-up members to date.

A room count of parents and teachers was taken and Mrs. Ferguson's fourth grade won. The prize for this month will be a treat for each child in her room. This is to be a regular part of each PTA meeting, so come on, parents, stand up and be counted at the next meeting. It may be your child's class that will be honored next month.

We heard very interesting reports from Larry Ortiz and Robert Firman on Boys' State' which they attended last spring. Also on the program was a piano duet beautifully rendered by Mrs. Jane Shafer and Mrs. Pinkie Ruth Rickerson.

After the meeting the refreshment committee served cider and doughnuts. The serving table was cleverly decorated with witches, jack-o'-lanterns and beautiful October colors.

The committee was Mrs. W. H. MacVeigh, Mrs. Opal Greer, Mrs. Melvin Frye, Miss Minnie Neill, Mrs. Louise Wootton and Mrs. Albert Burch.

The next meeting will be on Monday, Nov. 4, and promises to be an interesting one.

District PTA meeting will be Friday, Oct. 18 at Alamogordo.

2,4-D Excellent for Controlling Willows

New Mexico farmers interested in improving their farms by getting rid of moisture absorbing willows can get excellent results with 2,4-D, says extension agronomist, Gordon Hoff at New Mexico A&M College.

Chemical control is often best because it is selective, he states. "Mechanical controls such as plowing and burning get rid of the weeds, but destroy good vegetation in the process," he points out. Today's chemical controls are inexpensive, available almost anywhere, and easily applied with almost any spraying equipment from a knapsack sprayer on up.

For removing willows, Hoff recommends the ester of 2,4-D at from one to two pounds in 100 gallons of water. Early treatment, from April 15 to May 30, is most effective, but you can get good results from later treatment of seeded or bloomed willows by applying 2,4-D at two pounds in 100 gallons of water.

Such brush killers as 2,4,5-T are effective but more costly than 2,4-D which will do just as good a job.

In spraying dense foliage, use two pounds of 2,4-D in 100 gallons of water and thoroughly wet the foliage.

The original spray job may not kill all of the plants, and you should spot-treat any regrowth. For knapsack spraying, use

directions of the manufacturer in mixing small amounts. Use a sprayer pressure of 30 to 40 pounds.

The agronomist adds this word of caution; the use of 2,4-D is not recommended in the cotton producing areas of the state. Cotton, tomatoes, most ornamentals, and other broadleaf plants are easily injured by vapor and drift from the spray.

Prussic Acid Has Danger for Livestock

Now growth that occurs in Johnson grass, sudan grass, or sorghum after a frost is extremely high in prussic acid content and is very dangerous to livestock.

Many questions are already being received this year from farmers about the use of sudan grass or sorghum which has been frosted, and the advice is to "approach with caution."

Sorghum and sudan grass contain a substance called dhurrin which, upon breaking down, releases prussic acid or hydrocyanic acid. The amount varies, depending on the sorghum. Sudan grass contains only 2/5 as much prussic acid as many sorghums grown under the same conditions.

Young plants are higher in prussic acid than those approaching maturity. Small plants and young branches are high in prussic acid. The leaves contain from 9 to 25 times more prussic acid than corresponding portions of the stalk in plants in the back stage. The upper, younger leaves contain more prussic acid than

Sudan grass is normally safe to graze after it is 18 inches tall. Sudan grass rarely kills animals in New Mexico unless it is contaminated with sorghum or sorghum-sudan grass hybrids.

Sorghums are unsuitable for pasture generally and are unsafe to graze in all stages of growth except after the plants are mature and no new growth is present. Even mature sorghum is unsafe to graze after it has been frosted or frozen.

Frosted or frozen sudan grass should not be grazed until it is completely dry with no evidence of new growth. If sudan grass or sorghum is ready to cut before a frost or freeze, it may be cut during the first day after the frost and used for silage or hay.

JEST IN FUN

Some fear that in wearing increasingly revealing dresses, Jayne Mansfield is on the verge of going overboard.

"You say your car used too much gas?" asked the service station attendant. "Know what this is for?" he asked, pointing to the hand choke.

"Oh, I never use that," replied the woman. "I just keep it pulled out to hang my handbag on."

The father, passing through his son's college town late one evening, thought he would pay his son a surprise visit. Arriving at the son's fraternity house, he rapped on the door but was unable to rouse anybody. Then from a second floor window

came a sleepy voice.
"Whaddya want?"
"Does Steve Jones live here?"
"Yeah," replied the voice.
"Bring him in."

It was the draftee's first day in the Army and he was being briefed by his sergeant.
"Please get to the mess hall in time," said the sergeant gently, "and be sure to get up early. And please try to remember the proper uniform."
However, the next morning, the sergeant stuck his head in the barracks at five a.m. "Hit the deck, you slob!" he roared.
"Double time to the slop hall, then back and into fatigues for detail!"
"Why, sergeant?" gasped the rookie, "yesterday you were so different."
"Yesterday, you dope," bellowed the sergeant, "we were on TV."

Donkey Basketball Was Well Attended

The donkey basketball game Saturday night, Oct. 12, was well attended in spite of rain and muddy roads.

A good many cars were stuck in the mud as streets were torn up by the new water system ditch-digger and by the work crew working on the new road over the hill to Cedarvale.

However, the rain was welcomed by most people, especially by the ranchers in this area.

Mr. and Mrs. Joe Atkinson and daughter, Helen Kay, were in Portales last week end visiting their oldest daughter, Joanne, who is attending ENMU College in Portales.

Mr. and Mrs. J. R. Callahan of Carrizozo have moved to the Surratt ranch west of Corona. Callahan will be foreman of the ranch. Mr. and Mrs. Howard Surratt, owners, who spent most of the summer at the ranch, have a home at Clint, Texas.

Plan No Change in Highway 54 Marking

The new marking system of the vast network of interstate super highways will not have any effect at all on U. S. Route 54, according to G. M. Throckold, Missouri State Highway Commission Director of Information, in a letter to President Turner Williams, of the National Highway 54 Association.

Many famous U. S. highways, as U. S. 66 and U. S. 40, will cease to be known as their numbers and broken up into a series of numbers, but not so with U. S. 54.

The annual convention of U. S. 54 Association will be held at the Warren hotel, Liberal, Kan., October 20-22.

E. W. Brown of Tucuman is national vice president for New Mexico.

Two Injured in Highway Accidents

A charge of reckless driving was filed against Gene Lemry of Red Canyon, following a three-car collision shortly before noon last Friday on Highway 54, a half mile west of Carrizozo.

Lemry's '55 Chevrolet was extensively damaged when it rammed into a '31 Olds driven by George Henson, which was pushing another '31 Olds driven by Lester A. Gains, both of Red Canyon. Both the latter cars were also damaged.

Sgt. Robert Farmer, a passenger in Lemry's car, was brought to Carrizozo hospital by State Patrolman James Clayton. Farmer was treated for scalp injuries.

Household goods were scattered on Highway 54, four miles south of Corona Monday around noon when a 2-wheel rental trailer overturned, along with the '56 Ford that was pulling it. State Patrolman James Clayton, who investigated, said the trailer began to whip when com-

STATE GAME DEPARTMENT

ELK KILL TABULATED

Incomplete reports from the elk areas give the following figures: 9 elk taken in the Jemez area, 15 in Tres Piedras, 3 at Red River, 9 at Rio La Caca, 53 on the Pecos; a total of 93. Lovon Lee of the Department of Game and Fish says this is two more than the number taken last year.

CHECK STATIONS ARE IMPORTANT

Check stations are maintained by the Department of Game and Fish for specific purposes—to check on the number, sex and condition of the kill, and to collect biological information.

Failure to check in and out of special hunts is a punishable offense. This year a number of fines have been imposed on hunters for failure to check out of a special hunt. Director Pickens urges hunters to observe the requirement and avoid the penalty.

DON'T SHOOT AT INSULATORS

Insulators on high-tension wires and phone lines are set there for other purposes than to serve in target practice. Flinking at these insulators is not only costly to the utility company, it can be a source of great danger. Severed wires have been known to electrocute animals, hunters, pedestrians. Ricocheting bullets are a further source of danger.

TROUT PLANTING

Rainbow trout planted from October 1 to 12 by the Department of Game and Fish came to about 122,000. Over 44,000 of these were 7-to-9-inches, which went to the following waters:

Rivers: Red (middle), Rio Grande (middle), Gallinas (middle), Hondo (upper), Pecos (middle), Cebolla (upper), Chama (upper, middle, lower).
Creeks: Segal, Taos (lower).
Lakes: Cabresto, Clayton, Storrie, Canjilon, Nutrias.

Ponds: Industrial School, Arroyo's.

SEASON OPENINGS

Deer season opened October 14 in the Blanco and Upper Gila, and will open October 21 in the Upper Pecos and Upper Rio Grande.

Bear season is open except in the southeastern part of the state, where it will open November 9.

Turkey may be taken on the Upper Gila, where season opened October 14. October 21 is opening day for turkey on the Upper Pecos and Red River.

General big-game hunting in the Cimarron area starts October 20.
