Tape Recorded Interviews With People Who Helped Build Lincoln County

Following are excerpts from a tape recording made at the home of Dee Harkey in Corralbnd in 1953 by John Boylan, curator of the Old Lincoln County Courthouse Museum. The News has been given permission to use the tape. Numerous incidents mentioned by Mr. Harkey in the interview are also recounted in his book "Moon As Hell," which should be read by everyone interested in the history of the Southwest.

By DEE HARKEY

I had been sent word that Walker Bush, Lon Bass and others were coming in from Phoenix, the wild town of Eddy County, to kill me. So I'd gone down on a street corner. On the other corner was the livery stable.

It used to be a men's hall, then a church, but it was a livery stable then. That's where they stopped the livery hack and people got on and off. I knew they'd come any minute and I was standing there waiting for them. Then old Judge Freeman walks up. He's got palsy pretty bad and was shaking all over. He's got a Winchester in his hand and he says: "Dee, I understand they're coming over to kill you. I'm 68 years old but I can shoot a rifle just as good as I ever could. I'm going to help you out."

I said: "Fine, judge, fine. They'll be here any minute."

The judge said: "Now, you want to remember they sent word that they were going to kill you and you want to shoot first."

"Well, judge," I said, "I don't know just what we'll do until they get here."

Directly the hack drove up and there they were, Walker, Bass and a fellow named Williams, and I said that's them. The judge wanted to start shooting, but I said no, we'd kill a lot of innocent people and not to shoot until I told him.

I said: "When they get off that hack and start right straight across over here to me, they won't hesitate, they're not afraid. Now you kill Walker Bush and I'll kill Bass and Williams will run."

The old judge was talking loud and they could hear every word he said about shooting first and killing them, so when they got off the hack and started turning up Bass and Williams turned right around and walked away. Bush went on up to the sheriff's office where he worked. Dave Kemp, his half-brother, was sheriff.

So I said to the judge: "You whipped them. You scared them off. I didn't have anything to do with it." The judge was a great character. He always liked me, but I don't know why he did. He said: "Now any time you need me call on me. I have my rifle in my office and I'm not going to let those scoundrels kill you if I can help it."

I said: "Well, judge, I'm not going to let them kill me either." Between the two of us we stood them off. That old chap.

My wife used to watch out for me when I was home to see that an outlaw didn't slip up on me. She'd watch those lightning bugs, you know how they dash around. She'd see a lightning bug and she'd say: "I see them right there now. I see them smoking a cigarette." I'd get up directly and when I saw those lightning bugs I knew that it was all right. I think my wife saved my life many times. I don't know why she didn't kill someone, but she didn't. Those lightning bugs flash like the light that shines when you puff a cigarette. I guess I had the best woman in the world. I reckon. There couldn't have been any better, but I don't know how she lived with me.

My wife died in 1933. We had three children, two girls and one boy. The two girls are here, but the boy lives in El Paso. My wife came from Texas. We were married in Dece County, Texas. We were both young. I was 20 and she was 17 1/2. I had my first trouble down in Dece County with a fellow by the name of Young. Young had a lot of brothers and they did a lot of talking. Also I had a lot of brothers and my wife (Sophie New) had a lot of brothers. After I had this trouble with Young my brothers would come over to Deceville and talk to my wife and ask her to get me to leave and then her brothers would come over and tell me to leave there to keep from getting into more killings. One day I said to my wife: "I'll tell you what I'll do if it suits you. I'll go hunt a place where there's not a Harkey or a New within a thousand miles." I said we can get along some way and make a living. So I came out here and this was the doggonest place I ever did see. So I wrote back and told her I found a place but it wasn't fit to be a woman to yet. So this is where I located. In 1932 I brought her out here and we've been here

LINCOLN COUNTY NEWS

Along the Way.

By PAUL BAKER

A renewal to the News for George and Julia Clements (203 Chama NE, Albuquerque) had a note attached stating that both are past 83 and that they are "enjoying the paper very much, especially the interviews with early-day settlers." They came to Lincoln County in 1901 so are familiar with most of the folks mentioned. A welcome renewal and best wishes come from I. Jansen, formerly of the Fort Stanton Hospital, President Dwight Eisenhower and his official party are expected in Clovis Monday as one stop on the president's tour of the drought areas in the Southwest. Invitations to attend a special briefing Monday morning and attend a tour with the presidential party has been extended newsmen and many others. Dick Snyder, Clayton, president of the New Mexico Cattle Growers Association, will head a large delegation of New Mexico and southwestern livestock producers planning to meet with the president. Mrs. J. A. Simpson's interview on early-day experiences around Corona aroused much interest. Requests for copies of the three issues in which her interview was printed soon exhausted our supply and still the requests come. To "Just Curious": Sorry, we cannot answer your question about the Country Club, but any officer of the club will give you the information you want. Happy New Year to a 1937 arrival at the Carrizozo Hospital - the son of Mr. and Mrs. Joe Ray Dobbs - born January 5th! 1937 is off to a poor start, traffic-wise, with 3 fatalities reported in the state through the 9th. Driving home last night an Easter bunny hopped across the road, followed soon after by a black cat - going east in the opposite direction and not a dog in sight.

Mrs. J. P. Turner again this year has been "drafted" to head the March of Dimes for Lincoln County. Her hard work and loyal cooperation by numerous organizations and individuals have resulted in generous contributions in past years to this fine cause. In connection with the polo drive, congratulations to Leandro S. Vega Sr. His was the first mallet returned. It came back full of dollars the same day the mallets were posted.

Editor, News: I thank you very much for the December 21, 1936, issue of your paper in which you printed my letter of inquiry about James Sligh. The George Sly you mentioned could have been his son, as he had one by that name Sligh pronounced the same as Sly. I have not heard from any readers yet, but might hear later. Owen Roberts, Brookhaven, Minn.

The Kiplinger Washington Letter for December has some interesting facts about population trends in the United States. Florida is the fastest growing of big states, percentage-wise, up 38% in the past six years. California is up 27% in the same period. The Mountain states are well up in population gain: Nevada, 55%; Arizona 41%; Colorado 22%; New Mexico 20%; and Utah 19%. Five states are reported as actually losing population: Maine, Vermont, West Virginia, Mississippi and Arkansas. Some other Kiplinger observations:

Total population of the U. S. grows so fast you lose track of it. Forty years ago 100,000,000. Ten years ago 141,000,000. Now 170,000,000. By 1975, 221,000,000.

Basin Gas Company Asks Rate Increase

The Tularosa Basin Gas Company, distributors of propane gas for Carrizozo, has applied to the New Mexico Public Service Commission for an adjustment of rates for its piped propane to consumers.

Doll Ray, manager for the company in Carrizozo, states that under the old rate structure the company has steadily lost money in its gas sales to large consumers.

The new rates, he says, will fairly spread the cost of the service between large and small consumers.

The new rates start at 1448c per gal. minimum and decrease according to consumption. Propane gas will be distributed through the lines to the largest consumers at the rate of 10 cents per gallon.

A hearing on the proposed new rate schedule will be held at 9:30 a.m., February 5, at the State Capitol building in Santa Fe, before the Public Service Commission.

PROPOSED RATE SCHEDULE

Following is the proposed new rate schedule:

Fractious Youth Tries Jail Break

James Beal, 17, being held in the Lincoln County jail pending disposition of his case by juvenile authorities, is proving to be a fractious inmate, according to Sheriff S. M. Ortiz.

Young Beal's first act was to pry a strip of iron from a toilet fixture and knock a hole in the west wall of his jail cell. The hole was not large enough to permit his escape by the time it was discovered the next morning.

Beal then was moved to an inside steel cell. Not discouraged he started to knock a hole in the 8-inch concrete floor. Had this been successful he could have lowered himself into the clerk's office.

Beal confided to Sheriff Ortiz that he had escaped from jails in Colorado and El Paso and that he could "get out of this one too if he had a fair chance." Sheriff Ortiz replied that he wouldn't get out of the Lincoln County jail if he could prevent it.

Beal's mental attitude seemed to border on desperation. He fashioned a noose out of mattress ticking, but seemed to think better of that and then went on a hunger strike instead. He refused food for two and a half days, but broke down Monday morning when he got the whiff of a hamburger.

Town Water Well Being Baled Out

Carrizozo's new water well, being drilled south of town, was down to a depth of 155 feet on Monday.

The drilling has ended temporarily in a water bearing formation. Driller Ray Taylor is perforating casing which will be set. The well will then be baled out.

The town board, meeting Tuesday considered little more than routine business. A building permit was given Will Ed Harris to move in two frame dwellings and put them on prepared foundations on Lots 10 and 11, Block 4, of the McDonald Addition. The buildings are from Elida in Guadalupe county.

Sharty Miller was given permission to move his package store one door east in its former location.

It was brought out that three out of four ranch owners, thru whose lands the road passes, have agreed to sign easements.

The commissioners were also informed that the road would not have to be changed to get around a stock tank, provided the stock tank did not extend into the construction zone.

Supt. E. G. Firman discussed recreation with the commissioners. He stated that a county-wide meeting on recreation is to be held January 23 in Capitan. The expenditure of county funds, earmarked for recreation, will be one subject taken up at this meeting.

Suit Names Former Greentree Officials

Five former village officials of Green Tree have been named in a suit filed in district court December 31 by G. T. Watts, attorney. The suit is entitled Village of Green Tree vs. Alton Gray, W. R. Long, J. P. Haley, D. Massey and Mary R. Basinger.

The complaint alleges that during 1932, 1933 and 1934, the defendants "did unlawfully expend the sum of \$7,500 of village funds in connection with the construction of an unlawful water system, miscellaneous travel and per diem expense, contrary to the laws of the State of New Mexico.

Judgment is asked by the plaintiff "of and from the defendants jointly and severally in sum of \$7,500 plus all costs of the court action."

The News was informed this week that the identity of the person or persons bringing the suit was not made clear and that the present Green Tree village officials favor withdrawing the suit. One member of the town board, J. P. Haley, is a holdover member of the former board, against whom the suit has been started.

An answer to the complaint had not been filed Monday. The suit is reported to be the outgrowth of the expenditure of initial receipts from a bond issue which was later voted down. The sum mentioned was used in the purchase of pipe for the village water system.

A NEW DEMO FIGHT SEEN IN LEGISLATURE

Santa Fe, Jan. 9.—Fighting in the Democratic party, already alive on three fronts, looks like it may also break out in the legislature.

There was muzzling among the first arrivals of the 1957 session about what they suspected was a combine between Sen. Gene Lusk of Corralbnd and Rep. Anderson Carter of Portales to control the party course.

They think they saw the start of the team-work in the December organization of the senate staff when Lusk pushed through the surprise appointment of Grace McAfee, Carter's Roosevelt county constituent, to the \$175-a-week separate clerk job.

Lusk and Carter, both influential leaders in earlier sessions, were in the top strata of the John (Continued on Back Page)

Grizzlies Tackle Corona Friday

The Carrizozo Grizzlies will be seeking win number eight of the season Friday night when they face a strong Corona five on the local hardwood. Saturday evening the Grizzlies will trek to Hot Springs to face the Tigers, who currently own a 9-2 record.

The Carrizozo Grizzlies overcame a ten point lead held by Dexter to edge out a 69-68 overtime win last Saturday evening, following a 57-45 loss to Ft. Sumner, Friday night.

With three minutes remaining in the Dexter tilt, the Grizzlies paced by Billy Hicks, Emilio Beltran, Rodger Pope and Robert Simpson erased a 10 point advantage, held by Dexter. With five seconds remaining, Billy Hicks tossed a length of the court pass to Robert Simpson, who tossed in the tying field goal as the buzzer sounded.

In the thrill-packed overtime session, Rodger Pope collected two field goals and Billy Hicks added two charity tosses for the 69-68 district victory.

Billy Hicks walked off with high point honors with 26 points and Emilio Beltran amassed 16 tallies.

Ft. Sumner administered the most decisive defeat of the year upon the Grizzlies last Friday as the Foxes rang up a 75-45 win, as the Grizzlies were able to connect on only 13 field goals during the evening. Billy Hicks again led the Grizzlies in the point producing department, annexing 16 counters.

Carrizozo was in striking distance with a 5-7 point spread separating the two clubs the majority of the evening, but the Grizzlies hit on a weak 27 per cent average from the field, while Ft. Sumner was connecting on 50 per cent of their field goal opportunities to spell the difference.

This week-end the Grizzlies will meet Corona on the Carrizozo hardwood this Friday—and trek to Hot Springs on Saturday evening.

Corona has lost but two games this year, while winning nine, and Hot Springs has an identical record of nine and two.

The Grizzly win Saturday over Dexter, marked the first Carrizozo win over a Dexter team in nearly a decade and the Grizzlies will be shooting for the first win over Corona in at least three years Friday evening.

In the "D" team competition, the Carrizozo underclassmen ran their victory string to seven straight without a defeat, turning back Ft. Sumner last Friday to the tune of 51-33 and edging

MONEY AND BANKING
In Everyday Living

IT'S A GOOD IDEA to present checks you receive for payment as promptly as possible; for some people move away and close their accounts. Similar circumstances may prevent your collecting if you delay.

YOUNG PEOPLE'S CORNER

"Many of the habits that you are starting to form now, both good and bad, will last the rest of your life. One of the best habits to start now, is to be careful with your money. Whether you have a little money or a lot does not matter. What counts is how you use the money you do have. Having a savings plan does not mean being stingy or selfish. It means forming a habit of saving, managing on a budget, saving toward something you want or may need in the future." These are not the words of anyone at our bank, though we thoroughly agree with them. They are the words of the "Handbook for Boys," official publication of the Boy Scouts of America. The only aim of the BSA is to help boys become happy, self-reliant good citizens. We think it's a splendid aim; and we, too, like to help. We welcome every chance to assist you boys of our community (girls as well, of course) in developing the habits of thrift that can mean so much to you, now and all through life. Come in—start saving regularly at our bank!

DID YOU KNOW that, by maintaining a balance proportionate to your account's activity, you can enjoy WITHOUT CHARGE all of the many, varied advantages of regular checking account service with us?

January 15 Deadline For '56 Tax Estimates

"Put double rings around January 15 on that new 1957 calendar," advises David J. Armijo, Jr., Acting District Director of the Internal Revenue Service in Albuquerque.

Here's why: January 15 is this year's deadline for paying final installments of Uncle Sam's 1956 estimated taxes.

So much for one calendar ring; the other ring around January 15 is to remind local taxpayers that the 15th is the deadline to amend a prior declaration of estimated tax to avoid possible penalties or under-estimation.

"For full particulars," concludes Mr. Armijo, "call your local IRS office." Taxpayer Assistance will be given on Wednesday, January 2, 1957 and on every Monday morning thereafter through April 15 at all IRS offices.

TEA ADS OF YESTERYEAR

The White Oaks Outlook in its issue of Nov. 3, 1904, carried several tea advertisements which are no longer of this world. One of the ads was downright romantic, another was philosophical, still another implied that tea would prevent nervous prostration.

The theme of most of the ads was: If one knew how to make good tea and drink it in the proper surroundings, it was distinctly a mark of civilized living.

The Outlook's ads were competitive, all right. The same issue carried a lengthy and violent attack on the evils of forming the coffee habit, which it placed on the same low level as the whisky and tobacco habits. Near the end of the assault on the coffee habit, the article, presumably a paid ad, praised the healthful qualities of Postum. It was signed by C. W. Post.

And in the same issue the Tallafero Merchantile and Trading Co. of White Oaks advertised that it was sole agent for Chase and Sanborn's coffee. Tallafero's also sold Schilling's tea.

Here is the romantic tea ad: "Linger longer over it; let it be steaming hot from the earthen pot; and the loveliest woman pour it."

(The ad apparently did not refer to a tea given by a woman's organization, but to a romantic scene in the home — a scene that's probably gone forever.)

This was the philosophical ad: "There's a time to remember, a time to forget: it is tea time; remember your joys and forget your sorrows."

(Probably life wasn't as hurried in 1904 as it is in 1957, and there was time to remember and to forget.)

The ad on preventing nervous

prostration: "The greater tea drinkers are full-bottomed Dutchmen. There isn't much nervous prostration in Holland."

Schilling's ads said quite bluntly that if good tea wasn't brewed from its product the fault lay with the maker. One ad read:

"Tea is tea sometimes and at some houses; at other times and other houses, what do you think it is?"

In smaller type below that ad were these words: "In every package of Schilling's Best Tea is a booklet: 'How to Make Good Tea.'"

And further: "Good tea and tea are quite different; both grow on the same bush."

Below that ad in small type the buyer was urged to "Write for our Knowledge Book, A. Schilling & Co., San Francisco." (They were giving away things in those days, too.)

And finally: "Which do you spend the most money on, tea or coffee?" In smaller type was this inducement: "Your grocer returns your money if you don't like Schilling's Best."

FT. STANTON

Back to Fort Stanton to spend the Christmas holidays with their parents came Rita and Melvin Romero, daughter and son of Mrs. Isabel Romero, from the A&M of Las Cruces; David Hathaway, son of Dr. and Mrs. George Hathaway, Mr. and Mrs. Cecil Thompson and children to be with his father Vassar Thompson; Danna Kuslanovich of the Albuquerque Journal to spend Christmas with her parents, Mr. and Mrs. Dan Kuslanovich.

Representative-elect W. G. Brad-

ley visited the hospital during the holidays.

Dr. and Mrs. Bela Szigetot motored to Albuquerque.

Mrs. Paul Howard is a new member of the dietetic staff.

The Medical Director and Mrs. George Hathaway held open house on Christmas day for all the personnel.

Mrs. LeNoir of the nursing

staff purchased a beautiful new Plymouth from the Shafer Motor Co. of Carrizozo and made a flying trip to San Francisco.

CHRISTMAS AT FT. STANTON HOSPITAL

The first Christmas party was given December 16 for the 92 tubercular children in the wards by the New Mexico Military Institute faculty wives, the American Legion Auxiliaries of Roswell, Artesia and Alamogordo, the 8 and 40 of Roswell, the Woman's Club and D. A. R., also of Roswell and several wives of Air Force personnel at WAFB.

ALTO BRIEFS

By AILEEN LINDAMOOD

The George Greens of Lubbock were at their Little Creek ranch for a few days during the holidays.

Mr. and Mrs. Garland Alvis were business visitors in Carrizozo last Wednesday.

The past week end the J. B. Hightowers were in Carlsbad. Lineol White made a trip to Roswell Saturday on business.

Mr. and Mrs. George Creel, Barbara Ann and Prentiss were in Roswell Saturday for the day. Mrs. Fred Pfingsten and Mrs. Ed Guck of Capitan were Alto visitors on Saturday.

The George Dingwalls spent New Years in Carrizozo with the Alan Johnsons.

The Carl Longaboughs of Rudoso have his brother James of Odessa, Texas, and sister Mrs. Nora Ryze and Ruth Brooks of Pearce, Fla., visiting them. They were over on paved Highway 37 on Saturday showing them the country and stopped by the store.

The George Parkhills of Roswell visited at the Charlie Peebles' ranch on Sunday.

es, mechanical and other toys, dolls, cowboy pistols, clothing, etc., were distributed by Santa Claus himself from beside the Christmas trees.

Santa called each child's name in Navajo or Spanish or English, much to the amazement of the youngsters who came forward, some eagerly, some shyly, with outstretched hands that happily clasped the gifts to their breasts.

The happy laughter and merriment lasted long after Santa and the visitors departed. When night came most of the children took their precious toys to bed with them to dream about the nice-people-who-came-to-visit them that they were not forgotten, even though they were far away from their homes; who brought a Santa that could speak Navajo as a real Santa should, and who had such nice gifts for everyone and who, somehow, knew the name of each child.

Representing the NMMI faculty, assisting Santa and "visiting" with all the children were Mrs. Hobart R. Gay, wife of the superintendent, General Gay, and Misses Patrick Gratton, Ellsworth R. Murray, James R. Kelley, George F. Gerling and Howard R. Murphy.

The Legion groups who, in addition to toys, provided substantial gifts of clothing—jeans, brightly-colored T-shirts, mittens, socks, etc., as they do every year, were represented by Mrs. Leo R. Walker, state child welfare chairman for the Eight and Forty of Roswell; Mrs. Harry Gilmore, state president of the Legion Auxiliary; Mrs. Charles Richardson, Auxiliary member, and Mr. Charles Richardson, the Navajo speaking Santa Claus.

From Alamogordo came A. P. Genta, state Legion vice commander and Mrs. Genta, and from Greentree Fred and Lolland Hensley, Jim and Dal Wilson and Ray Carpenter represented the First Baptist Church, which also supplied toys for the children.

Mrs. McCreary, the chief nurse of Fort Stanton and her staff helped Santa and the visitors with their very generous and thoughtful program that was so deeply and sincerely appreciated.

The second party for the school children patients was given by teachers Mrs. Hattie Lacey and Mrs. Wallace on the last day of school. Each child received a well filled stocking and there was, of course, the singing of carols, refreshments and general good time around the Christmas tree.

A party for adults was held the evening of December 21 in the main dining hall that was crowded with all the adult patients who were able to attend and most of the staff, led by the Medical Director and Mrs. George J. Hathaway.

Mrs. Lorene Casey, Lincoln County Welfare Director, was in charge and Reverend Charles Conder, master of ceremonies, who opened the festivities with a prayer and a short talk on the meaning of Christmas then switched into singing of carols with Mrs. Casey at the piano.

Then the patients and the staff were entertained by patients who sang English carols in Navajo. Mrs. Casey assisted by Rev. Conder and several members of the nursing staff, distributed gifts to all patients.

Refreshments were served and a good time was enjoyed by all the patients who had to spend the Holiday Season away from home.

Gifts for this party were purchased from funds donated by the St. Andrews Auxiliary of Roswell; Rev. C. V. Northrup, chaplain at the U. S. Marine Corps Supply Base, Barstow, Calif.; Dr. J. Hathaway, the medical director, and Dan Kuslanovich, business manager.

Santa Claus returned again on Christmas morning with gifts for all children, contributed by

RAGSDALE SAW MILL TO BE MOVED FROM CAPITAN

The Ragdale sawmill, north of Capitan, is being dismantled and is to be moved to Dusty, near Truth or Consequences. Most of the families employed at the sawmill plan to be moved by the end of this week if all goes well.

Warren Gaston and family moved their furniture from their former residence to their new one near their station last Sunday. Mr. Francis moved their furniture Saturday into the home the Gastons moved out of it.

Mr. and Mrs. Read, son Claude Read and his wife and daughter Jeanne and Mr. and Mrs. Frelick, all of Cloudercroft, visited the Lewis Cummins last Sunday. Vernon Gavi is home on two weeks' furlough.

We have another new teacher in our school. Welcome, Mr. Botsford. He started January 2.

Mr. and Mrs. Travis Werner and his mother, Mrs. Ailie J. Werner of Roswell, visited Mr. and Mrs. Rex Werner and family in Espanola over the week end.

Mr. and Mrs. John Beecroft of El Paso and his sister, Mrs. Hebert and Mr. Hebert, of Newark, N. J., were overnight guests of the Mountain Valley Motel this past week. Many of you will remember the Beecrofts, who were in the cafe business here a few years ago.

A two car accident occurred last Friday night just before dark on the second street on the right as you enter Capitan from the west. A car going west on Highway 380 struck a car that was making the turn. No one was injured but the cars had to be taken in by a wrecker.

Frank Morris and his son Clarence attended the funeral of Frank's sister in Oklahoma this past week.

Capitan Honor Society Plans Installation

By BONEY ZAMORA JR.

The Honor Society of Capitan High School will meet January 10, in the library to plan for installation of new members.

In the past the Honor Society installation ceremonies have been very colorful. President of the chapter, Joe Aldaz, with the help of members Mick Guck, Phoebe Taylor, and Roy Herrera, is planning to have a more colorful and more beautiful ceremony than in the past.

Three students are eligible to be installed at the next annual installation—Madie Belle Cooper, junior and Sally Cloud and Helen Sedillo both sophomores.

The installation of the new members will be January 17, at the Capitan High School gym. This event is open to the public.

Shower at Walkers For Britton Family

Mr. and Mrs. Claude Walker gave a shower Sunday, Jan. 6, for the N. E. Brittons who lost everything in a fire that burned their home. The shower was held at the Walker ranch and the Brittons received many nice gifts.

Those present were Mr. and Mrs. Bill Hall, Patsy, Sarah and Nancy, Mr. and Mrs. Fletcher Hall, Pamela, Zana and Buddy, Mr. and Mrs. Jim Bonnell, Carol and Steve, Mr. and Mrs. Grady Eldridge and Bonnie, Mr. and Mrs. Virgil Jones, Mr. and Mrs. D. O. Murphy, Sally Cloud, Mr. and Mrs. Carl Kelly and Mr. and Mrs. N. E. Britton, Nathalie and Carlon.

Mrs. Pailla Dishman and Mrs. Johnny Green Melton of Corona spent the day with Mrs. Amella McKnight this past week.

The Calhoun Electric Company is moving in to do some construction work nearby. A family has moved into the Ferris home. Others will be here soon.

District Superintendent of the Nazarene Church, Rev. Gunstream, and his daughter and family, Mr. and Mrs. Rhoades and two children of California, visited Capitan last Sunday. Rev. Gunstream preached at the Nazarene Church.

Capitan's Little Tigers Have Record of 3 and 3

By BONEY ZAMORA JR.

The Capitan fifth and sixth grades, under the coaching and supervision of Ted Cummins, have taken 3 out of 3 victories over their opponents. They won from Carrizozo by a 20-point margin 34-14.

The following week the Little Tiger Cubs journeyed to Ruidoso where the junior Ruidoso Warriors suffered defeat by a narrow 5-point margin, 25 to 20.

Soon afterward, Coach Dave Parks from Ruidoso brought his boys to return the game in Capitan. Victory was seen in the eyes of the Little Warriors as they came onto the floor, but Coach Ted Cummins' little crew doubled the score 24-12 for the third victory.

Ted has some very fine boys on his little squad. T. Lynch has been shining with an average of 7 points per game, which is certainly above par for little boys their age and size. Little Leo Lujan and P. Carvajal also appear to be coming through nicely with 6 point averages.

Other little strong husters on the team are A. Padilla, David Silva, Bara, Aragon, Trujillo, Griego and Sedillo, all of whom will be seeing action at an invitational tournament at Capitan on March 1 and 2.

"I am very confident that our little boys will come through nicely and make us proud of them." Good luck to them and their coaches.

Band Boosters to Serve Hotcake Supper

The Capitan Band Boosters are having a hotcake supper in the school lunch room from 5 p.m. to 8 p.m., Friday, Jan. 11.

We understand that Jack Aldrich is giving a prize to the one eating the most hotcakes. Admission will be \$1 per person; a family of four or more at \$3.50 a family.

Tigers Take Texico, Lose to Corona

By BONEY ZAMORA JR.

Victory was seen in the eyes of the Capitan Tigers as they hit the first loop against the Texico Wolverines, Thursday, January 4, on the Capitan hardwood.

The Tigers started their lead only a few seconds deep in the first quarter as Joe Aldaz flashed two through the loop.

Ralph Vance contributed two charity tosses and Mick Guck turned around with two more before the Wolverines got the feel of the basket.

The final four minutes of the first period were the most action filled of the entire contest. Hustle proved to be the determining factor as the Tigers kept the ball rolling and slipping an average of 3 1/2 points per minute through the net.

Still the determined Wolverines followed in hot pursuit. The scoreboard read 19-12 in favor of the Tigers at the end of the first eight minutes of playing time.

The second quarter put Joe Aldaz under the spotlight, and the net was kept hot as Joe supplied 15 out of the total 18 points scored in the second quarter. Two were heaved in by McKnight and Vance contributed one more. The first half ended with the Tigers ahead 37-21.

Coach Lewis Stratton summarized the first half: "Exceptional in heads-up defensive teamwork. I am free to say this is the first game in which my boys have played remarkable defense and above average offense."

In the final half five determined Tigers went to action, slipping 24 more points to add to the first half total of 37 to bring the final score to 61. Joe Aldaz flashed in 6 to lead the second half scoring. Closely behind him with 4 pieces were, McKnight, Mick Guck and Ralph Vance.

Dale LaMay, Lujan and E. Francis each contributed a field goal piece for finishing touches. Glass from Texico led the Wolverines in scoring, with 16 counters followed for behind by Spears with six.

Over 50% of Joe Aldaz's points (21) were free throws. He sank 11 out of 13 attempts.

Friday the tired Tiger crew returned to follow through with the schedule. They journeyed to Corona where they lost to the strong opposition of the Cardinal team by a score of 75-53.

Fr. Stanton's Christmas

the Curry Hall girls of the Eastern New Mexico University at Portales. The girls sent several gifts for each child, all beautifully wrapped and inscribed with the child's name and name of the donor. The children's happiness glowed on their faces for this was the climax of all the hopes and dreams and expectations—Santa bringing gifts on Christmas morning.

This considerate and generous custom originated with Marjorie Cistworth of Tinnie while she was a student at the University and the girls of Curry Hall are continuing this humanitarian project, this year under the sponsorship of Miss Barbara Wilson, president of Curry Hall. The patients and the staff are deeply grateful to Barbara and all Curry Hall girls.

Ralph Vance led the losers with 13 followed by Guck and Aldaz with 12 each.

Saturday, Jan. 12, the Tigers face the well rated opposition and rivalry of the Ruidoso Warriors on the Tiger court.

NOTICE BEFORE THE NEW MEXICO PUBLIC SERVICE COMMISSION

IN THE MATTER OF THE APPLICATION OF WALTER S. RAY, d/b/a TULAROSA BASIN GAS COMPANY, FOR APPROVAL OF AN INCREASED RATE OF SCHEDULE FOR LIQUEFIED PETROLEUM GAS (No. 483) SOLD THROUGH ITS PIPELINE SYSTEM WITHIN THE VILLAGE OF CARRIZOZO, NEW MEXICO.

NOTICE OF PROPOSED INCREASED RATES AND HEARING

On January 8, 1957, Walter S. Ray, d/b/a Tularosa Basin Gas Company (Petitioner), filed with this Commission a Petition alleging his existing rates are wholly inadequate, proposing new and higher rates, and asking this Commission to approve his proposed rates or other revised rates higher than his present rates.

Petitioner also has filed with this Commission a new rate schedule, proposing to make his proposed higher rates for pipeline liquefied petroleum gas service at Carrizozo, effective on and after February 15, 1957.

Petitioner operates a pipeline system for the distribution and sale of liquefied petroleum gas within the Village of Carrizozo, New Mexico and Petitioner's proposed higher rates apply to that service.

Petitioner's proposed higher rates are on file in the office of the Commission and in Petitioner's business office at Carrizozo, New Mexico, and open to public inspection at both locations during usual business hours.

The Commission, by its Order issued January 8, 1957, directed that public hearing be held in this matter before the Commission at the State Capitol Building at Santa Fe, New Mexico, beginning at 9:30 A. M. on February 5, 1957, so that the Commission may determine whether Petitioner's proposed higher rates are unjust, unreasonable, or otherwise in violation of law; whether Petitioner's present rates are in any way unfair, unreasonable, unjust or inadequate; whether the public interest requires a change in such rates and the change to be made, if any; and so that the Commission may fix by its final order just, reasonable and lawful rates for Petitioner's pipeline service of liquefied petroleum gas in and about Carrizozo, New Mexico.

The Commission has suspended the operation of Petitioner's proposed higher rates for a period of ninety (90) days beginning February 15, 1957, or until the Commission's final order in the case shall become effective.

Under the Public Utility Act, Petitioner can make these proposed rates effective on and after February 15, 1957, by filing with this Commission a satisfactory surety bond to refund to its customers any amounts by which the Commission shall determine the proposed rates to be excessive.

TAKE NOTICE, THEREFORE, that any person having or claiming any interest in the subject matter of this proceeding and desiring to intervene and be heard, or desiring to make any protest, may file with this Commission his Petition for Leave to Intervene, on or before January 31, 1957, and shall mail a copy of the same to Shipley and Seller, Petitioner's attorneys, at Alamogordo, New Mexico, on or before that date; or any such person may appear at the time and place fixed for hearing and be heard, provided he show a legitimate interest in the matter.

Emergency Grazing of Acreage Reserve Given Extension of Year

Extension of the authorization for emergency grazing of Soil Bank Acreage Reserve land in 31 New Mexico and 233 Texas counties through January 31, 1957, has been announced by Secretary of Agriculture Ezra Taft Benson. The announcement also extends the Acreage Reserve emergency grazing, previously authorized through Dec. 31, 1956, in 414 counties or parts of counties in nine other states.

The Soil Bank law prohibits grazing of land under Acreage Reserve agreements except in emergency conditions, and then only on certification of the governor of the state and the approval of the Secretary of Agriculture. The first approvals under this requirement were announced last July 6. Grazing on acreage reserve is only for the benefit of the producer's own livestock. Leasing by the producer of the Soil Bank Acreage is prohibited as being contrary to the purposes of the Acreage Reserve Program.

The extension will allow time for a re-examination of the need for emergency grazing of Acreage Reserve land by the governor of

the respective states and by the Department of Agriculture.

Farmers most affected by today's action are those with Acreage Reserve agreements for 1957 crop winter wheat, and who have planted a cover crop on the acres designated in the agreements.

If you are receiving Social Security payments, and have worked since you filed your application for Social Security, you may possibly qualify to have your payments refigured because of changes made in the Social Security law. Inquire at your Social Security office for more details about this change.

Continued High Level Of Business Predicted

The Santa Fe Railroad System looks forward to a continuing high level of business during 1957, and expects that gross revenues will equal or slightly exceed the revenues of 1956. President Fred G. Gurley said last week in his year-end review and outlook.

Economic conditions in Santa Fe territory were generally good throughout 1956, with the exception of some agricultural areas in the Southwest, which continue to suffer from severe drought.

Gross revenues from all classes of service are approximately 3% above 1955, although net income is likely to be about 10% below last year because higher costs of conducting the business have not been covered fully by rate increases for the services performed.

The overall volume of Santa Fe traffic is quite naturally geared to the prosperity of the area served by the railroad, and there appears nothing now to suggest any significant change in the record of growth of population, business and industry in the West and Southwest during the coming year, Gurley said.

The outlook for agricultural production is favorable in most of the areas.

INSIDE THE CAPITAL

Simms Democratic crowd and are subject to attack for that alone. Also if other Democrats should get the idea that the pair was talking charge they could be hobbled into ineffectiveness. It has happened before.

TRY TO REMOVE SIMMS PEOPLE

Meanwhile Democratic critics of the leadership of former Governor Simms were busy trying to purge his influence from the party organization. Movements came to light in Bernalillo county against Chairman Jack Beatty who was put into the post by Simms, and in Rio Arriba against Chairman Emelio Naranjo, who worked for Simms as head of the drivers license office.

The Simms people have retaliated with a plan to defeat Sen. Dennis Chavez when he comes up for re-nomination next year. Chavez, an everybody knows by this time, opposed Simms in his run for re-election. The group has a slogan: "Give Chavez the Gate in '57." A short while back Simms leaders in Albuquerque gathered at a social function in which anti-Simms were given a favor on each carrying the "53 slogan.

CONGRESS STRUGGLE ON SAME LINES

A third battlefield in the scramble for the party nomination for the Antonio Fernandez place in Congress. Here again it's the Simmsers and anti-Simmsers. The anti's are intent on stopping Lt. Gov. Joe Montoya who worked so hard for Simms in the campaign.

The announcement by Mrs. Antonio Fernandez that she would seek her husband's place was made with the coaching of Victor Salazar of Albuquerque who was one of the main architects of the Simms defeat last November.

The lady's entry was devilishly shrewd and at once placed her in major consideration. She wanted to serve only the remaining portion of her husband's term to "clean up his desk." She would not be a candidate for re-election. She would offer the legislature an opportunity to create congressional districts without the difficulty that would be involved if John J. Dempsey and Montoya, both of Santa Fe were in Congress. She would step aside next year and let the Demos choose their nominee in a primary election, and she suggested her selection would avoid the party splitting fight that is anticipated in the February 23 nomination convention.

REPETITION OF NOVEMBER

So far the race has four entries and each of them downright serious. Melvin Tays of Alamogordo is prepared to spend all the dough necessary for an effective campaign. Austin Brooks, whose endorsement by his Curry county convention looked to some like a favorite son gesture is dead set on the nomination. He made a 30-minute acceptance speech and said that he would go far and wide in quest of state convention support.

It is probably that there will be others in the field before the Demos meet next month.

With the same Simms and anti-Simms tempers flaring in the congressional run as defeated the governor in November the situation is dangerous for the party. A compromise that would be accepted all around seems as remote now as it was last fall. Mrs. Fernandez looks like the best bet for such a deal but it's hard to picture Joe Montoya bowing to the lady. He tried to beat her husband in 1950 and after grabbing the head start he now holds would

hardly step aside in deference to Tony's wife.

The fighting worries many Democrats who fear that its removal may not stop with 17% of the governor's office but extend to the House and the Senate.

BOLACK AND LUKS UNDER SPOTLIGHT

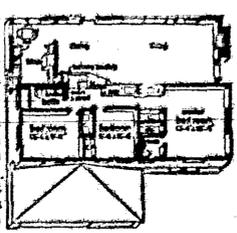

Rep. Tom Bolack, Farmington Republican, and Sen. Gene Lusk of Carlsbad are under spotlights in the new legislature. Both are grooming for something big — Lusk for governor in 1958 and Bolack for the U. S. Senate or House. . . . Mrs. Fernandez in trying for Congress nomination may have been a little pessimistic in her anticipated earnings in the House. As the widow of a deceased congressman she gets a grant of one year's pay, \$22,500 and anticipated that she would get no more for the first year if elected. Congressional rules indicate, but are not definite, that she would get both the pay and the grant if she serves. . . . Big gest fight in the legislature will not be on truism, welfare or liquor but on workmen's compensation. Promised is a repeat of the 1955 effort to take cases out of the courts and put them before a board. Last time it passed the house hit a tie vote in the senate and was killed by Lt. Gov. Joe Montoya's "no."

Front-To-Back-Split Plan From Small Homes Guide

The wide facade of this design from the large house plan section of SMALL HOMES GUIDE magazine has a look of luxury about it. The house, by Architect Rudolph A. Matern, is a split-level from front to back, something a bit unusual. The result is an imposing structure, convenient room arrangement, and good orientation of house to lot.

The plan is arranged so that the living room can have a high "studio" ceiling. The balcony, too, makes for additional charm.

One of the most interesting and utilitarian features of this house is the second living room on the lower level. This room can be used for games, music, TV watching, is extra convenient because it is on the same level as the foyer and garage.

The three levels shown have a total area of 1,924 sq. ft. Information on blueprints and their cost can be obtained by writing to SMALL HOMES GUIDE, Dept. 1615, 621 N. Dearborn, Chicago 10, Ill.
