

Ramblin' Around Lincoln County

(The following pioneer story was narrated by Mrs. Annie E. Lennett to her daughter, Mrs. Edith Crawford, Mrs. Lennett came to Carrizozo in 1833 and lived here until her death in 1843. Permission to use the article has been granted by the Museum of New Mexico, Santa Fe, custodian for material gathered in the Federal Writers' Project.)

A PIONEER STORY

BY ANNIE E. LENNETT

Indians from the Mesquero Reservation used to come to our place and trade. My husband had a small store and was postmaster at Ruidoso. I saw four buck Indians have a fight in front of our store one time. They pulled each other's hair out and fought with quirts. They fought for about an hour. I was in the store and was afraid to go to our house.

Although the Indians never did bother us, I was awfully afraid of them, especially when I first came to the Ruidoso. I was always good to the Indians. I gave them doughnuts and cookies when they came to the Mill and it was not long until all the Indians were my friends. Geronimo used to come to our place quite often. Once he brought me a big wild turkey and another time he gave me a nice Indian basket. I gave the basket to Mrs. Hiram Dow and she still has it.

There was usually a crowd of young people at the mill and we used to ride horseback fifteen and twenty miles to a dance and never think anything about it. In 1833 my husband bought out the interest of the Dowlin brothers and he was sole owner of the mill. We then moved into the two-story building which still stands, with the old water wheel, about two miles from the town of Ruidoso. At that time we had a grist mill and a saw mill. All the surrounding country brought their grain to our mill to be ground. We used oxen to haul logs for the saw mill.

I went back to Chicago on a visit to my people in 1870, but I did not stay very long as I was anxious to get back to my western home that I loved so well. I remember the Chicago fire well. I was 16 years old and when our mother woke us up that night and told us to get up quick and dress because our home was about to catch on fire. We all got dressed and were gathering up the things that we wanted to save and when I got outside all I had in my hands was the bird cage, with the bird in it. Our home burned that night. That was in 1871.

In 1867 we sold our ranch and cattle on the Ruidoso to the Grees, who owned the "V" outfit. We moved to Lincoln, New Mexico, where we could have a better school for our children. We lived on the Ruidoso all during the Lincoln County War but my husband never took sides with either faction. I did give Billy the Kid several meals when he would come to our place, but my husband never knew anything about it, for he had warned me not to feed any of the men from either side, but I did it anyway as I felt so sorry for them when they said they were hungry.

Lincoln County was a wild country when I first came here and at first I used to get so homesick for my people in Chicago, but after I had been here a few years I liked it and never cared to go back to Chicago to live. Five of my children were born on the Ruidoso, one in Chicago, and one in Lincoln. We lived in Lincoln until 1890 and then moved to Roswell and lived there for three years and moved back to Lincoln in 1893. I have lived in Carrizozo for the past ten years. Two of my children live with me. I am content and happy to spend the rest of my days here in Lincoln County.

A BILLY THE KID STORY

(Narrator: Mrs. Annie E. Lennett, Carrizozo, N. M., Age 82 years) I first saw Billy the Kid before the Lincoln County War. He was working for Mr. Tunstall. They were going over to the Felix Ranch with a herd of horses. They stopped by our place on the Ruidoso at the Dowlin Mill and had dinner with us. Billy the Kid came to my house many times during the Lincoln County War, and after the War while he was hiding from the soldiers I always fed him when he came and fixed him food to take with him. Johnnie Patton was cooking for us at the time and he helped me hide Billy the Kid, as my husband had forbid me to feed Billy or harbor him in any way, as the Murphy-Doan faction had threatened to burn us out if we did, so I had to be very careful. My eldest child—a boy—was about three years old, and Billy the Kid called him "Ferdie". When Bob Olinger was guarding Billy the Kid he asked me to the hearing. Billy said: "Mrs. Lennett, if I see you there they won't hang me, will they?"

I was in Silver City about the time the Lincoln County War started, and stopped at Mrs. Antrim's boarding house, and she told me about her young son getting into trouble and leaving home, but at that time I did not know that her son was Billy the Kid.

Physicist Making Well Tests In Area

A study of the tritium concentration in well waters of the Carrizozo vicinity is being continued this week by Dr. Haro von Buttlar of the New Mexico School of Mines in Socorro. Dr. Buttlar, a research physicist on the School of Mines faculty, is preparing a paper on the effect of radioactive fallout on underground waters.

The Carrizozo area was chosen for study, he said this week, because of the nearness of water wells to their recharge area. Eight wells are under study, including the Carrizozo town well, the Duggar well, and others in the Water Canyon area.

There was an increase in the radioactivity of well water near the mountains, his chart shows, following the hydrogen bomb explosion. A peak recorded in mid-1958, has steadily been declining. Water in the Carrizozo town well showed little departure from its normal amount of radioactivity during that time. Radioactive material deposited on the ground after a hydrogen bomb fallout, is carried by rain water into underground systems. Dr. Buttlar's study is to determine how much radioactivity is transmitted to underground water and its rate of dissipation.

Aunt Sally Slaughter Dies In Carlsbad At 95

The recent death in Carlsbad of Aunt Sally Slaughter, 95, removed from the New Mexico scene one of its most beloved residents.

For many years Mrs. Slaughter reigned as Sweetheart of the Open Range Cowboys Reunion held annually in Lovington.

She came to the Carlsbad area in 1875. She was one of the first nurses in this country and had kept in touch with hundreds of former patients.

Her father, Charlie Slaughter, had settled in 1865 on old Seven Rivers north of Carlsbad.

Highway Network to Cross 15 N.M. Counties

A total of \$49,400,000 in federal and state matching funds has been authorized for road-building in New Mexico during the year beginning July 1, 1957.

Also revealed in information obtained from the U. S. Bureau of Public Roads were the counties to be crossed by a new national highway system.

All counties lie within a federal-aid network by virtue of the long established chain of primary and secondary roads. These are to be inter-connected with the national super-road system in what is aptly being called the new America of the future.

The Bureau's latest blueprint takes the 41,000-mile net work into these counties:

Colfax, Luna, Bernalillo, Santa Fe, Sierra, McKinley, Mora, Grant, Quay, Sandoval, Dona Ana, Socorro, San Miguel, Hidalgo and Valencia.

Capitan Host at Annual Meeting of Southeastern N. M. SCD Supervisors

Approximately seventy supervisors and guests attended the annual supervisors' meeting of the Southeastern New Mexico Soil Conservation District last Saturday in Capitan.

A business session occupied the morning and in the afternoon a 2 1/2 hour tour was made made of conservation work in the vicinity of Capitan.

An excellent noon meal was served by the ladies of the Capitan Methodist Church WSCS.

A. T. Pfingsten, chairman of the Upper Hondo Soil Conservation District, was master of ceremonies.

Charles D. Fuller, secretary-treasurer, Upper Hondo SCD, delivered an inspiring keynote address on the duties of supervisors and cooperators in doing their best to conserve our basic natural resources of soil and water.

District reports were made by representatives from the following soil conservation districts: Carlsbad, Lea, Central Valley, Fencesco, Hagerman-Dexter, Roswell, Macho, Carrizozo, and the Upper Hondo.

The afternoon's tour started from Capitan, saw Forest Service road work around Noyal Lake, returned to Capitan to inspect structures on the Ralph Pearson ranch, then proceeded to the Salado Dam site four miles east of Capitan.

The Upper Hondo SCD hopes to start construction on this largest water-retarding soil conservation project in the county, this fall.

Guests at the meeting and tour included G. L. Beena, area conservationist, SCS, Artesia; Ray C. McDaniel, deputy state conservationist, SCS, Albuquerque; Everett Doman, supervisor, Lincoln National Forest, Alamogordo; Bill Earp, Bureau of Land Management, Roswell; Frank Barnes, Bureau of Land Management, Roswell, and Bob Boles from the office of the New Mexico Commissioner of Public Lands.

18 Pueblos Prepare for Sacred Corn Dances

Santa Fe, N. M.—Indians from four of New Mexico's 18 pueblos will perform their sacred Corn Dances this June, in ceremonies almost unchanged from a time long before the first white man came to America.

Taos and Sandia Pueblos will hold their Corn Dances Thursday, June 13; San Juan and Acoma pueblos will perform the dances on Monday, June 24.

The summer dances of the Pueblo Indians—performed as prayers to the various Indian divinities to insure rain for their crops and a good cultivating season—are only part of the Indians' complex ceremonial life, which today is, in many cases, a blend of Christian and pre-Christian religions.

The Corn Dances, which are held in the packed-earth plazas of each pueblo, are slow-moving and solemn expressions of a centuries-old faith. The steps are measured by the hypnotic beat of deep-voiced drums, and the hoarse singing of the chanters, who intone the words of the ancient prayers in the New Mexico Indian tongues of Keresan and Tanoan.

Ruidoso Downs Opens On Decoration Day

Thursday, May 30, is the opening day of races at Ruidoso Downs.

The feature race for the first day of racing, Decoration Day, is the "Inaugural Handicap" at five and a half furlongs.

The co-feature on the opening day card will be a quarter horse handicap at 350 yards.

1st Territorial Governor All But Forgotten

New Mexico's first Territorial governor, James S. Calhoun, is all but forgotten, and his body lies in a pauper's grave in Kansas City, Mo. Calvin Horn, former state senator, whose hobby is historical research, reveals the importance of Calhoun's contribution to the future state in an article in New Mexico Magazine for June.

Calhoun, the article relates, was serving as Indian agent at Santa Fe in 1851 when his appointment came through as first governor of the newly authorized territory. The only framework of local government up to then was the Kearny Code, set up by General Stephen Watts Kearny when he took over the area in 1846.

With Indian troubles on one hand and lack of money on the other, Calhoun worked hard, set up arrangements for the first Territorial census and election, apportioned 13 senators and 26 representatives in eight counties.

His end was ignominious. Overworked and ill, he started east on a vacation. As a precautionary measure he had a coffin made and took it along. He died en route and was buried as a stranger in a part of the Kansas City cemetery reserved for slaves. Later, to make way for a park, the bodies were removed and those unclaimed by relatives were re-interred in pauper's graves. Governor Calhoun's among them.

Capitan's '47 Class To Have Reunion

The Capitan Union High School Senior Class of 1947 is planning a three-day reunion to be held in the Capitan-Ruidoso area June 7 to 9.

The widely dispersed class of ten men and ten women, will travel hundreds of miles to greet each other once again and to reminisce. Some will journey from points as far away as Ohio, Texas, California and Oregon. Many of their former faculty members are expected to attend.

The group and their families will arrive and convene in the Ruidoso area on Friday, June 6. Saturday they plan a visit to their old Alma Mater in Capitan and will be welcomed by the Capitan citizenry.

In the evening they will return to Carrizo Lodge in Ruidoso for a dinner dance. The dance will be open to guests and friends of the graduates. The former seniors then plan to have a picnic in the Angus, Alto, or Bonito Dam area Sunday, June 9, before "saddling up" and heading for their homes.

The members of the 1947 class are: Irene Bonnell Nosker, Glenoco; Dora Parrill Perry, Flagstaff, Ariz.; Dora Gomez Sandoval, Albuquerque; Jackie Donohue Dakan, El Paso; Marie Murray McFarland of Artesia; Hollis Cummins, Capitan; Bill Wilson, Roswell; Paul Jones, Capitan; Jim Huckaby, Waco, Texas; and Bob DeMott, Miami, Florida.

Along the Way.

BY PAUL BAKER

"How Does Your Town Rate?" is the heading on a questionnaire passed around at a recent Carrizozo Chamber of Commerce meeting. The check list contained 40 questions for a community to make a self-analysis and see how well it scores in civic pride.

Carrizozo can answer "Yes" to a number of the questions, which means we are making progress, but when the score is added, we find there is still a long road to travel before our town can answer "Yes" to the majority of the questions, such as the following:

All streets are paved and sidewalks are in good shape.

Most high school graduates stay in town.

There's a place to swim within easy reach.

Town entrances are free from junk, shacks and billboards.

There is an active, well-organized Boy Scout troop.

It's easy to get volunteers for any worthwhile project.

Garbage collection and disposal service meets the community's needs.

Your town's cemeteries are well kept.

Good zoning keeps industry away from residential areas.

There's an annual clean-up, paint-up, fix-up week.

Streets throughout the community are well lighted.

Shade trees line nearly all the streets.

There's a recreation center for young people.

A progressive community never runs out of headaches. The only place that doesn't have problems is a ghost town. And community betterment has to come by steps. It takes time and effort. Let's consider one of the assets of a progressive community:

"Your town's cemeteries are well kept."

Realizing that the Evergreen cemetery in Carrizozo needs improvement and beautification, the Carrizozo Chamber of Commerce appointed a committee to meet with Clarence E. Shaw and discuss the problems of cemetery maintenance and a better water distribution system.

Some progress has been made but until civic pride in the cemetery asserts itself more strongly than in the past the cemetery will continue to be "Evergreen" in name only.

Mr. Shaw states he is anxious to have the community's cooperation in improving the cemetery and will work with any group toward this end.

A number of citizens have, as a matter of civic pride, offered to donate toward buying and installing adequate water mains in the cemetery. Whether city water or well water is used should not be too difficult to decide.

What better time is there than this Memorial Day to start a program of cemetery beautification?

Who could do a better job toward that end than a committee made up of a representative from those who own lots in the cemetery and one from each of the organizations in town?

The Chamber of Commerce would appreciate help and suggestions from others on the improvement of the Evergreen cemetery. Let's be able to vote "Yes" when asked:

"Is it easy to get volunteers for a worthwhile project?"

A Red Cross message was wired to chapters last week, stating: "Today's news reports estimate 33 dead, many injured, including 200 hospitalized and 11 families affected in Kansas City area alone. Human needs resulting from devastating tornadoes last night in Kansas and Missouri being met by Red Cross. These and numerous other current disasters come at low point of disaster funds. People everywhere wanting to help. Money may be sent to Disaster Fund, Red Cross in Carrizozo, or to Red Cross Disaster Headquarters, Kansas City, Mo."

The News is asked by Mr. and Mrs. Harry J. Cooper, Mrs. A. Cooper and Mrs. Robert Keller to express the family's appreciation to all during their recent bereavement and hospitalization in Carrizozo. They are especially grateful to Rev. Clyde Shultz, Rev. Wm. Lytle, Mr. and Mrs. Wade, Mr. and Mrs. Hanson, Mr. and Mrs. Taylor, Mr. and Mrs. Carnell, Mr. and Mrs. Perkins, Rev. Robert Dittell, Mr. and Mrs. Shaw, and to the doctors and hospital staff.

A green feathered parakeet was discovered in a tree at the Marvin H. Roberts home Wednesday morning and is being taken care of by Mrs. Roberts until called for by the owner.

NEW HOME SERVICE CHAIRMAN FOR CARRIZOZO

Mrs. Wayne Hamilton of Carrizozo has accepted the appointment of home service chairman for Carrizozo. The local chairman has been processing on an average of two calls a week regarding service personnel.

FOLKLORE CORNER

By TED RAYNOR

RANCH COOKERY

An excellent cook book, containing more than 200 recipes, was compiled by the ladies of the Presbyterian Community Church of Columbus in 1956. One of the sections was devoted to ranch cookery. The women, however, did not have the section all to themselves. Of the eight recipes in the ranch cookery section, three were contributed by two men.

Here is Dan Chadborn telling how to make:

SOURDOUGH BREAD

Truly western are sourdough bread, biscuits and flapjacks. Here's how to make sourdough. To make the original starter, use: 1 cake of yeast softened in 1/3 cup of warm water. Add: 1 1/2 cups of warm water and about 4 cups of flour. Then add: 1/4 cup sugar. The dough should be about the consistency of drop biscuit dough. Keep in a warm room until this dough has tripled in size. This may take 10 days. Save out a cupful of this mixture for the starter of the next batch. To this remainder you will add 1 1/2 cups of warm water, salt to taste, from 1/3 to 1/4 teaspoon soda, depending on the sourness of the dough, and about 4 to 5 cups of flour. Knead

on the bread board until the dough does not stick to hands. Mold into loaves or biscuits. Let them rise until double in bulk. Bake slowly.

Chadborn also gave a recipe for:

CHUCK WAGON BEEF STEAKS

Cut steaks 1/2 inch thick. Salt, pepper and flour. Have fat low smoking hot. Brown one side before turning. Do not cover for best flavor. Serve with French fries.

Bill Kennon contributed the recipe for:

SUN OF A GUN STEW FOR 6 OR 8 PEOPLE

The best meat is 6 or 8-month-old calf or yearling.
1 set brains
2 kidneys
All of sweet bread
All of marrow gut (tripe de lecho)
Half the liver
3 or 4 pounds of inside loins or just good meat
The tongue if you care to
Cook all together for 4 or 5 hours. Add salt, pepper and red chili pods, 4 or 5, also 1 medium onion. Cut all meat and cook all together.

And now the women take over in ranch cookery.
Susie Breen told how to make:

DUDE RANCH LETTUCE BOWL

2 heads lettuce torn into pieces
1/4 cup mayonnaise
1 teaspoon scraped onion
2 teaspoons lemon juice
1/2 teaspoon mustard
Dash of white pepper
1/4 teaspoon paprik
1/4 teaspoon salt
1 cup buttermilk
1 cup chopped cabbage
1 cup cubed apples

Blend mayonnaise, onions, seasonings and buttermilk; chill well. Place lettuce in salad bowl, and mix with cabbage and apples. Then toss with well-chilled buttermilk dressing.

Ruth Moore contributed this recipe for:

ROUNDUP PIE

1 cup hominy grits
5 cups water
1 teaspoon salt
Bring to boil the water, stir in grits and salt. Turn heat on low and cook for 30 minutes, stirring frequently. In the meantime, make filling for pie:

3 cups leftover roast, ground coarse
1 large lemon, chopped
Dash of garlic powder
1 cup chili puree or sauce either canned or made from chili powder
1/4 cup vinegar

Put onion in small amount of grease in frying pan. Cook until wilted. Add meat, garlic powder, chili and vinegar, stir and simmer for about 10 minutes. Line large casserole with about half the grits. Pour meat mixture on grits, dot mixture with remaining grits. Sprinkle a generous layer of grated yellow cheese over the top. Bake in oven at 350 degrees until bubbly around edges and center is hot. Excellent served with pinto beans and green salad.

Mrs. R. W. Robbins gave a recipe for:

CHILI SPECIAL

Combine one 15 1/2 ounce can chili con carne, one 1 pound can hominy, drained, 1/2 cup canned tomato sauce and 1 cup diced canned luncheon meat, or any cooked meat. Saute 1/2 cup chopped onion in 1 tablespoon shortening or salad oil until tender, and add to meat mixture. Season with 1/4 teaspoon salt and mix well. Bake, covered, in a 1 1/2 quart greased casserole in a moderate oven, 350 degrees for 30 minutes. Four-six servings.

Carrizozo Board Awards Bid for New Gym Roof

The Carrizozo Board of Education at a recent meeting accepted the bid of the Hamilton Roofing Company of Roswell of \$2100 to completely replace the gymnasium roof, including new metal outlets. The company also agreed to install outlets to drain off surplus water from the roof of the elementary building at \$10 per outlet.

The bid of the Great Plains School and Church Supply for 50 new lockers for the high school at \$9.80 per opening was also accepted as both the lowest and the best bid of four submitted. L. Z. Manire is the local agent of this company.

The bid of the Ink Well Company of Alamogordo of \$1325 on 20 medium-sized chair desks, and \$13.95 for ten senior-size chair desks was also approved, the desks are to be delivered and set up.

The resignations of Spence Devitt, Miss Janice Ridley, Miss Josefa Abeyta and Dr. Robert Sherman were also accepted. Mr. Devitt has accepted a position in the Roswell schools. Miss Ridley plans to return to Tucuman, her native town, to be with her father. Miss Abeyta has future plans that do not include teaching. Dr. Sherman plans to teach at a college in North Carolina.

The board elected Jesse Lara as band director for 1957-58. Mr. Lara is well known in Lincoln County having been a highly successful director at Hondo. He is presently teaching on a fellowship at Eastern New Mexico University.

Richard D. Thorp of Artesia was elected to handle junior high school science and to assist with track and boxing. Mr. Thorp will receive his degree from Eastern New Mexico University this summer, having been a three-year letterman in track and a state champion boxer in 1955.

Mager J. Keith of Nogal was elected janitor for the junior high school, replacing Jim Cooper, who has been placed on retirement status.

Mrs. Annie Withers and Mrs. Dorothy Current were reelected as cooks for the lunch room for 1957-58.

Negotiations are also being worked out with Mrs. Jane Turner, Dr. A. N. Spencer and Truman Spencer, Jr. for the purchase of the area now occupied by the baseball field as the site for a future athletic field and high school.

Supt. Firman reported that plans are now worked out with Albert Burch for a summer-recreation program to start early in June.

The great Saline Pueblos of central New Mexico—so called because they were near huge salt deposits—occupied a large area south of what today is Albuquerque. By 1630, they had a combined population of over 10,000 Indians, six Franciscan monasteries and many churches. By 1700, due to drought and continued raids by Apaches, they were completely abandoned, and are today in ruins.

The salesman stared doubtfully at the rather formidable-looking animal lying on the doorstep. "What breed is your dog?" he asked the little old lady. "Don't rightly know," she said. "My brother sent it from Africa." "Well," the salesman hesitated, "it's the oddest dog I've ever seen."

The prim lady nodded her head. "You should have seen it before I cut its mane off."

News Notes From Along the Bonito

By LOUISE RUNNELS

Coes Report Wonderful Trip to California

Lloyd, Irene and Monte Coe report they had a wonderful trip recently to California. They rode along the coast to San Francisco, Knott's Berry Farm, Disneyland and the Golden Gate bridge. Then the Jim Jacksons at Chico, Calif., took their time too fast. The Jim Jacksons sent word to say "hello" to their many old timer friends here. The Coes came home through Arizona and visited the Elwood Stearns in Morenci.

Lester and Bertha Greer from El Paso are spending a few days in their Hills Canyon cabin. Lester is proving up on his mine in the canyon. He has found some interesting specimens and has mailed them to Carlsbad for assays.

Blanche and Soreta Kiser were on the Bonito Saturday. They live in Pecos, Texas. Mr. Kiser passed away last November with cancer. Sorita was chosen recently as favorite of her sophomore class. They will be in Ruidoso over the week end with a group of girls from Pecos. Their favorite pastime in Ruidoso is Leck's Lanes bowling alley.

J. C. Harris, Robert Lloyd Runnels and Arvel spent a few days fishing at Conchas dam. They took J. C.'s boat and brought back a good count of fish—crappie, cat and walleyed pike.

Spencer Ely, wife Ruth and son Mike were on the Bonito recently to make plans for a fishing trip that a group of us "Bonitoites" plan to make soon to Colorado.

Bob McProud of Alamogordo was in Ruidoso last week to do some plumbing for Mr. Green. He also bought a fishing license to fish in the beaver dams near Angus, but didn't have much luck. It was wonderful for a few folks, though, to catch fish again in Bonito Creek. We hope more are stocked soon.

Mr. and Mrs. Tom Rigby, former owners of the Navajo Lodge at Ruidoso, and friends had a picnic dinner up the "Blue Hole" Sunday; said they barely finished when the dam's guard broke camp for them. However, we are told the "Blue Hole" will be open for fishing when the dam area opens the first of June.

Joe D. Rodgers now drives a new Ford pickup. He is employed with the Fish and Wildlife service and has rid our county of many predators since he has been around.

Different ones these past few weeks have cleaned around their loved ones' graves at Angus. Children of the deceased Ed G. and Maggie Pflingsten, together with work and expense, placed a tombstone on their mother's grave and put a cinder fence around the two graves.

The Bryan Cazlars have been in their summer home a couple of weeks. Bryan reports fish fishing at Conchas dam, when you get your boat out the wind. Clara Skinner has sold her Bonito cabin to Barney Hayes. She and her grandson, Billy Payne, plan to leave for Oklahoma City soon where Clara will make her home for awhile. Billy Payne will graduate from high school next year.

It's good to see Frank English back on his farm. He feels good after taking baths in T or C recently.

Floy Skinner and Mert Zumwalt drive a City of Alamogordo pickup now and will soon be our meter readers for water. It will be hard for us folks to get up these city ways. Thought sure we'd get telephones this year too; had promises last year.

Mr. Harris, TV repairman and salesman for Dumont from Ruidoso, was on the Bonito lately

to fix Fred Sweet's TV and put a new tube in A. N. Runnels' set. Two trailer houses have moved up the creek to park at the old railroad office surroundings. The men will be employed by the City of Alamogordo at Bonito dam.

What could have been a bad fire north of the A. N. Runnels' home on the Bonito was put out by the forest employees last Friday. Origin of the fire was not determined but we were mighty glad the wind slowed down during the night.

The G. I. Hutchinsons from Alamogordo brought their son, Rudy to Bonito Saturday. He will spend the summer here. G. I. and Francis sang a special number at church in Tularosa Sunday morning.

Beasle and Lewis Cummins from Capitan drove up in the mountains Sunday. They were pleased to see everything so pretty and green and the dam near running over the spillway. The couple had their grandson from California with them.

At Witham, daughter Beverly, and Lewis Greer from Nogal went fishing on the South Fork Sunday.

Davis Morris and family were week end visitors with the Loss Morrises this week. They are now living in Fairbank, Ariz.

Randell Holiday and brother Corky were on the Bonito Sunday looking for a rock crusher.

Charles Corder has a horse now to mow his lawn; he bought "Persimmon" from Lois Morris. All the time we knew Charles was a rodeo man.

Two Priests Have Ordination Anniversary

Many parishioners and friends of Fathers George Lechel and Don Barczak attended open house at the St. Rita parish house Sunday night.

The event was both an ordination anniversary celebration for the priests and a farewell party for Father Barczak, who is to leave shortly for his new work in Santa Fe.

Father Barczak was ordained May 26, 1950; Father Lechel on May 29, 1954.

An honored guest on the happy occasion was Mrs. Edna Barczak, mother of Rev. Don Barczak. She was to return this week to her home at Tarentum, Pennsylvania.

Refreshments of punch and cookies were served between 7 and 9 in the evening. At the conclusion of the evening the priests were presented gifts.

Forest Fire on Bonito Brought Under Control

Last Friday a forest fire in Bonito Canyon near the A. N. Runnels' home was detected and fire fighters were quickly sent to the job. Luckily they had it about controlled by night but had watchers for sometime after that to be sure it didn't break out anew on a windy day.

Tom Carter of Post, Texas, passed through last Thursday. He was foreman on the V-ranch at one time having left here in 1915.

Mr. Bradford came from Denver to attend the graduations of his grandchildren. He is in good health and looking fine and enjoying himself.

Harold took the family on a tour of the lakes which were full of water. The ground was saturated and water was standing everywhere.

Ralph went fishing. He did not catch so many but they were big. They brought them back for Pino to enjoy, returning Saturday evening.

In a couple of months Harold will bring his father, Fred Bradford, to attend the graduating service for his daughter Leota from college in Silver City. She will leave Sunday, June 2, to continue the last nine weeks of her studies in Silver City.

Governor Proclaims "Minute Man Month"

Governor Edwin L. Mechem designated May as Minute Man Month in a proclamation dated May 3, in honor of volunteer salesmen of U. S. Savings Bonds.

Among the New Mexicans included is S. E. Grelson, county chairman. He points out that investments in Series E and H U. S. Savings Bonds during April totaled \$3,719 this year and \$0,903 in April, 1950. For the first four months of the year, the total is \$17,543.

Grasshoppers are likely to be a menace again this year. If you have small, isolated infestations, it would pay for you to spray them before they spread.

Use dieldrin or aldrin. If the infestation is large, let me know immediately so that a control program can be started before it is too late. The Federal and state governments will help with the control program. Each party pays \$3 one-third of the cost.

Success depends just as much on how you work, play and plan with them, as on your knowledge of their projects. Four-H clubs need mature adult leaders who enjoy working with boys and girls. The 4-H leaders must be liked and respected by the boys and girls, their parents and others in the community. He must be willing to teach others. The satisfaction of leadership comes in seeing boys and girls develop self-confidence, skills and the ability to work with other people. Through a 4-H leader training program, you as a leader, have a chance to learn new methods that you can apply in your own home or business.

Success depends just as much on how you work, play and plan with them, as on your knowledge of their projects. Four-H clubs need mature adult leaders who enjoy working with boys and girls. The 4-H leaders must be liked and respected by the boys and girls, their parents and others in the community. He must be willing to teach others. The satisfaction of leadership comes in seeing boys and girls develop self-confidence, skills and the ability to work with other people. Through a 4-H leader training program, you as a leader, have a chance to learn new methods that you can apply in your own home or business.

Familiar "Hello" Varies in Use by World's Users of Telephones

We Americans are apt to take it for granted that our more or less standard "hello" and "good-bye" over the telephone are used throughout the world. But this isn't so, according to Russ Eddings, manager of the Mountain States Telephone. For instance, in Spain the telephone generally is answered with "alga" (talk) and the conversation concludes with both parties saying "adios," Mr. Eddings said.

The Frenchman's usual salutation is "bonjour" (I am listening); his closing phrase is "au revoir" or "tout-a-l'heure" (see you later).

In Germany it is "ja wohl" (yes, well?) or "bitte schon" (pretty please) and "wiedersehen."

In Sweden they say "God dag" (good day) and "adjo" (pronounced "adieu"). The Italians say "pronto" (ready) and "addio."

At the Vatican the Pope answers with "Pacilli speaking" (he was born Eugenio Pacelli).

When you make a toll call in England, don't be surprised if immediately after you are connected the operator cuts in with "are you through?" She doesn't mean, "are you finished?" She is merely checking to see if you are "through to your party." Usually the conversation starts, "are you there?"

The Belgians and Swiss are particularly polite, starting with "hallo il vous plait" (hello if you please) and often ending the conversation with "merci, mille fois" (a thousand thanks).

And as for the Russians, their salutation is short, if not sweet. They use just one word—"nyet" (No!), Mr. Eddings stated.

was their first meeting in a number of years.

Mrs. June Straley, Rookie and Tommy J. visited Jo Ann Barnett and Gail the past week end.

Mr. and Mrs. W. B. Lindsay returned from their vacation, which they spent in New York and New Jersey.

Mrs. E. I. Harkay has been ill in the hospital. We wish her a speedy recovery.

Miss Teresa Chavez of Corona is a guest of Viola Lopez at the Salomon Aragon home. Other guests were Mr. and Mrs. Ramon Montano and daughter of Three Rivers.

Mr. and Mrs. Clyde Stoteman went to Ruidoso Sunday. Little Mildred Stoteman returned to her home in Ruidoso with them.

THE JUVENILE CODE OF NEW MEXICO

By GINA ALLEN

Executive Secretary, Third Judicial District Youth Commission

(SERIES III)

Who are our juvenile delinquents? A boy who steals a watermelon in the country is just a normal, healthy, mischievous boy doing what normal, healthy mischievous boys have done since time began. A boy who steals a banana in the city is promptly labeled a juvenile delinquent.

There are still people who cry that the boy who steals the banana should be severely punished to teach him not to steal a banana again. These people ignore, or are ignorant of, studies which show that most of our juvenile delinquents come from homes where punishment was more frequent and more severe than in average homes. These children have been deprived of

love and understanding, not of punishment.

People who claim that New Mexico's juvenile code "protects children, but not society" and who wait that, under the juvenile code, "children cannot be punished, even for murder" have not read the juvenile code. Section 13-8-27, reprinted below, clearly states that when the court finds that a juvenile between the ages of 14 and 18 has committed a felony and that he is not a fit subject for reformation or rehabilitation may be tried in district court as an adult. Even a judge with the wisdom of Solomon couldn't be expected to predict accurately whether or not a boy of fourteen was a fit subject for reformation or rehabilitation. But the life of a judge is filled with difficult decisions and this is one more that he has to make.

Several sections of the juvenile code follow:

13-8-27 — Juveniles to be charged only in juvenile court—Contempt—Preliminary hearing and trial of felony cases—Custody and guardianship cases—Nothing in this act (13-8-19 to 13-8-73) shall be construed to prevent a juvenile over the age of fourteen (14) years of age from being charged with a felony under the laws of this state. If such a juvenile is not a proper subject for reformation or rehabilitation, provided, no juvenile shall be charged with the commission of any offense, including a felony, in any court other than the juvenile court, and any person knowingly charging such juvenile with an offense in any court other than the juvenile court may be punished for contempt of the juvenile court by the judge thereof. If any juvenile fourteen (14) years of age or older is charged in juvenile court with an offense which would be a felony if committed by an adult, the juvenile court shall conduct a preliminary hearing, and at the conclusion of said preliminary hearing the juvenile court shall remand the juvenile to await the action of the juvenile court, or shall, if such court shall find that such juvenile is not a proper subject for reformation or rehabilitation, bind the juvenile over to await the action of the district court as in other criminal cases; but no child under fourteen (14) years of age shall be so bound. It is further provided that at the time of the hearing in the matter of a juvenile alleged to come within the provisions of this code, and whose alleged violation would constitute a felony, at the time of the hearing, the juvenile attorney shall be privileged to move that the juvenile court dismiss the matter and certify such juvenile to the court having trial jurisdiction of the offense if committed by an adult. The court may grant such motion if, after a hearing thereon, it finds that such a juvenile is not a proper subject for reformation or rehabilitation.

Nothing contained in this Code shall deprive other courts of the right to determine the custody of children upon writs of habeas corpus or to determine the custody of children when such custody or guardianship is incidental to the determination of causes pending in such other courts. Such other courts, however, may certify such questions to the juvenile court for recommendations.

This section reserves the right of the state to try a juvenile between the ages of 14 and 18 under some conditions as a criminal the same as any adult. This sets out what the conditions are: he must have committed a felony and in the hearing it must be brought out that this individual is not a fit subject for help and rehabilitation. Then the juvenile court is duty bound to bind the juvenile over to await the action of the district court as any other criminal.

13-8-28—Transfers to juvenile court.—If during the pendency of a criminal charge against any minor in any other court, it shall be ascertained that the minor was under the age of eighteen (18) years at the time of committing the alleged offense, it shall be the duty of such court forthwith to transfer the case, together with all of the papers, documents and testimony connected therewith, to the juvenile court. The court making such transfer shall order the minor to be taken forthwith to the place of detention designated by the juvenile court or to that court itself, or shall release him to the custody of some suitable person on condition that such juvenile be brought before the juvenile court at a time designated in said order. The court shall then proceed as provided in this Code (13-8-19 to 13-8-73).

13-8-29 — Continued jurisdiction of juvenile court.—When jurisdiction shall have been obtained by the court in the case of any juvenile, such jurisdiction shall be retained by the court for the purposes of this Code (13-8-19 to 13-8-73) until he becomes twenty-one (21) years of age, except as provided in section 9 (13-8-27), or unless he is discharged prior thereto by the court. Any decree or order of the court may be modified at any time.

This section merely provides that once a juvenile is made a ward of the court he remains such a ward until he is 21 years of age unless the court sooner discharges him.

13-8-30 — Continued jurisdiction of juvenile court.—When jurisdiction shall have been obtained by the court in the case of any juvenile, such jurisdiction shall be retained by the court for the purposes of this Code (13-8-19 to 13-8-73) until he becomes twenty-one (21) years of age, except as provided in section 9 (13-8-27), or unless he is discharged prior thereto by the court. Any decree or order of the court may be modified at any time.

This section merely provides that once a juvenile is made a ward of the court he remains such a ward until he is 21 years of age unless the court sooner discharges him.

13-8-31 — Continued jurisdiction of juvenile court.—When jurisdiction shall have been obtained by the court in the case of any juvenile, such jurisdiction shall be retained by the court for the purposes of this Code (13-8-19 to 13-8-73) until he becomes twenty-one (21) years of age, except as provided in section 9 (13-8-27), or unless he is discharged prior thereto by the court. Any decree or order of the court may be modified at any time.

This section merely provides that once a juvenile is made a ward of the court he remains such a ward until he is 21 years of age unless the court sooner discharges him.

13-8-32 — Continued jurisdiction of juvenile court.—When jurisdiction shall have been obtained by the court in the case of any juvenile, such jurisdiction shall be retained by the court for the purposes of this Code (13-8-19 to 13-8-73) until he becomes twenty-one (21) years of age, except as provided in section 9 (13-8-27), or unless he is discharged prior thereto by the court. Any decree or order of the court may be modified at any time.

This section merely provides that once a juvenile is made a ward of the court he remains such a ward until he is 21 years of age unless the court sooner discharges him.

13-8-33 — Continued jurisdiction of juvenile court.—When jurisdiction shall have been obtained by the court in the case of any juvenile, such jurisdiction shall be retained by the court for the purposes of this Code (13-8-19 to 13-8-73) until he becomes twenty-one (21) years of age, except as provided in section 9 (13-8-27), or unless he is discharged prior thereto by the court. Any decree or order of the court may be modified at any time.

Court Ruling Reopens Income Tax Refunds

A new Supreme Court ruling enables thousands of New Mexico Federal taxpayers to reopen claims for income tax refunds previously disallowed for sick pay exclusion, Internal Revenue Service announced today.

District Director S. P. Vidal said the decision causes IRS to reconsider thousands of claims for sick pay exclusion for tax years of 1953 and before.

"Taxpayers who previously filed a claim for sick pay exclusion which was disallowed may now reopen their claim," Mr. Vidal said. "However, those who haven't filed a claim heretofore are not eligible to file now," he reminded.

Mr. Vidal estimates the claims will average between \$40 and \$50 each.

Requests for reconsideration of claims should be mailed, together with all pertinent information, to the "Sick Pay Exclusion Section," Internal Revenue Service, P. O. Box 1310, Albuquerque, New Mexico.

Carrizozo Library Houses 2,000 Books

By PAT JONES

The library in the Carrizozo High School is a very valuable asset. Although it is not very large, it contains many good books for reading as well as dictionaries and encyclopedias for research work. Altogether, there are about 2,000 library books.

The number of books in the library has not grown or has not fallen off. During the past two years, there have been about 275 new books added to the library, but the number "weeded out" was about the same. In general, the library does not change much in size from year to year.

Mr. Shaw, the librarian, has discussed more shelving space for next year, to eliminate some of the crowded shelves.

For next year, it is planned to add one set of encyclopedias, and books in every field. Considerable fiction and non-fiction books are to be added.

The library is not opened during the summer. If anyone wishes to take out books, Mr. Shaw will be pleased to open the library for anyone if they will come by his house and let him know. The books will be checked out for two weeks.

STATE GAME DEPARTMENT

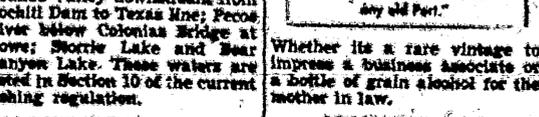

MINNOWS DESTROY TROUT WATERS

Trout waters must be continually protected against infestation by rough fish. This is done periodically by the Department of Game and Fish in rough-fish removal operations, but it is the responsibility of fishermen to help protect such waters. Certain waters are restricted with respect to the use of live bait in order to afford such protection.

The trout waters where live minnows may be used for bait are Chama River below El Vado Lake, El Vado Lake; Rio Grande proper from Colorado line downstream to Cochiti Dam; Rio Grande, drainage canal, ditches and other waters in the Rio Grande Valley downstream from Cochiti Dam to Texas line; Pecos River below Colonial Bridge at Rowe; Shorrie Lake and Bear Canyon Lake. These waters are listed in Section 10 of the current fishing regulation.

BOAT USE RESTRICTED

Santa Fe—The use of boats on New Mexico waters is one of the subjects covered in the current fishing regulation of the Department of Game and Fish. Section
