

Ramblin' Around Lincoln County

By TED RAYMON News Feature Writer

OLD BONITO CITY

(Editor's note: This is the last of three columns on Bonito City. It contains further recollections of the vanished Lincoln County town by Floy Skinner of Nogal, who was born on the Bonito.)

Miners and prospectors moved in and out of Bonito City from the early 1880's until the late 1890's. The gold strikes at White Oaks and Jicarilla had brought them to Lincoln County, and later they drifted to Bonito City. They thought they were going to strike it rich, but no gold mine was ever found in the near vicinity of Bonito City. Most of the prospectors were bachelors.

At the same time other pioneers, mostly from Texas, were moving in with their families and establishing farms along Bonito Creek whose waters they used to irrigate their crops. The farmers eventually settled along the creek from its head to its mouth.

Some of the prospectors from 1890 back, who came into the Bonito City area, were Mill Carrier and Charley Walburn, both from Lone Elm, Kans. They located claims and built a house at Bonito City. It consisted of three rooms with a store in the large room in front. The men lived in the two back rooms.

Pete Nelson erected the same kind of building and opened a saloon. The John Mayberry family had mining claims, but relied on their hotel for a living.

Carrier and Walburn sold their stock to George Huber and Hermann Consbuck, but the Kansans kept their mining claims and sent money to Floy Skinner's uncle, C. C. Bourne, until 1907 to develop their claims.

While Huber tended the store and post office in Bonito City to provide regular income, Consbuck prospected. Huber died of a stroke about 1902. Consbuck ran the post office until about 1907 when he moved to nearby Parsons.

Among the other early-day prospectors were Adolf Schultz, Mr. Wahlsmith, Mr. Godspeltz, Joe Beckman and Mr. Beteman. The last built a fish pond at Bonito City, cut ice from it in the winter and sold the ice to White Oaks. Mr. Pfingsten, another prospector, first settled in Nogal Canyon. About 1885 or 1886 he moved to the edge of Bonito City and continued prospecting.

Joe Greashopper, a prospector near Bonito City, tamped dynamite powder in a hole with a hammer and drill and the explosion blinded him.

John Caraco had claims near Bonito City. The elderly Mr. Littleton, settled in what is now known as Littleton Canyon.

About 1890, Skinner's father, J. H. Skinner, who was farming on the Bonito, decided that fruit growing would be a good industry for that section. He took the agency from Stark's Nursery, and sold apple, peach, pear and plum trees all through that area. Fruit growing proved to be smart farming in the Bonito region.

Skinner's father had an orchard of about 500 apple trees on five acres. They were mostly winter apples, such as Ben Davis, Winesaps, Baldwin and Bellflower. Half of that orchard still is standing 1 1/2 miles below Bonito City.

In 1907 Skinner's Dad sold his homestead to the Southern Pacific Railroad and part of the orchard was flooded out. The remaining section of the orchard still bears fruit.

Mr. Beteman, who built the fish pond, left Bonito City and began the grafting of English on black walnuts. Twenty-five years later he returned and did the same type of grafting at the Three Rivers Ranch and the Fritz Ranch above the Honda.

Eventually the Southern Pacific bought much of the land along Bonito Creek and farming was abandoned in the Bonito City area. Alamogordo now is using the fertile and well-watered area as a watershed.

Car Overturns

On Indian Divide A Ford car, damaged when it overturned on Indian Divide, is being held by the Lincoln County Sheriff's office pending filing of a charge of reckless driving against the driver.

Sheriff Ortiz and State Patrolman James Clayton investigated the accident caused when the car, going west, missed a sharp curve on Highway 380.

Lisadell Coyle, the driver, of Gulf Camp, Texas, received facial lacerations and was given first aid treatment by Officer Clayton. He and a companion Jackie Wilson, returned to Texas by bus.

TULAROSA COUPLE WEDS

The county clerk's office has issued a license to wed to Barbara Jeanne Campbell, 18, and Elmer E. Galloway, 19, both of Tularosa. The couple were wed October 27 by Rev. Robert Dittmar, pastor of the Carrizozo Trinity Methodist Church.

LINCOLN COUNTY NEWS

And Carrizozo Outlook

(Volume 43, Number 10, Carrizozo News, Volume 43)

CARRIZOZO, NEW MEXICO, FRIDAY, NOVEMBER 1, 1957

(Outlook, Volume 50, No. 26)

County Tax Rate Declines Slightly in Four Municipalities

The 1957 combined municipal and county tax rates have dipped slightly in four incorporated towns in Lincoln County.

In the town of Carrizozo the 1957 tax rate is set at \$5.13 per \$100 assessed valuation, compared with a rate of \$5.19 in 1956.

Corona's tax rate is \$3.88, compared with \$4.06 last year.

Capitan, \$5.15, compared with \$5.79 in 1956.

Ruidoso, \$3.76, as against \$3.81 last year.

The 1957 tax rate in Green Tree is up slightly to \$2.79 per \$100 assessed valuation, compared to \$2.77 last year.

Lincoln County's total property valuation for tax purposes for 1957 is \$14,192,140. The county's total valuation last year was \$14,289,985.

The official county budget estimate for 1957, fiscal year beginning July 1, 1957, is \$408,550. The budget includes expenses of operating all county offices, elections, fire districts, county hospital assessments and other items.

The Lincoln County Board of Commissioners meet in regular session November 7. Court house offices will be closed Veterans Day, November 11.

Town Has a Problem; Residents Help Asked

A maintenance problem at Carrizozo's new sewage disposal plant this week caused town officials to ask the residents not to flush various types of paper products down toilets.

Toilet paper disintegrates rapidly, but heavier paper products, such as paper towels stop up the screens at the disposal plant and are apt to hang up on rough places in the lines.

Motels and hotels are also asked to place signs in their restrooms asking patrons to dispose of paper towels in proper receptacles.

The town of Carrizozo has made a utility connection for Frank Jett into the M. O. Longley house.

Court Processes Seven Juveniles

Seven juveniles, charged with breaking and entering, were processed in Third Judicial District Juvenile Court, which convened in Carrizozo last Friday, Judge W. T. Scoggin presiding.

Two of the juveniles were declared delinquents and made wards of the court. They were placed on probation under the supervision of the probation officer and in the custody of their parents. Each juvenile was fined \$100 court costs, to be paid within a year.

Two other juveniles were declared delinquents and made wards of the juvenile court. Each was charged \$50 probation costs, restitution to be made.

A fifth and sixth juvenile were placed in the care and custody of their parents and the probation officer. Restitution to be made for \$50 probation costs each.

A seventh juvenile was made a ward of the court and assessed probation costs of \$50. In district court action the State of New Mexico charged Gene Lemery with reckless driving. He entered a plea of guilty. License revoked for 90 days. Placed on probation for 90 days. \$100 probation costs.

State vs. Gene Tindell, charged with destroying highway signs. He entered plea of guilty and was given a deferred sentence. Placed on probation 1 year. Assessed \$500 probation costs.

In District Court, October 28, State of New Mexico vs. Durward Roy Atkinson, charged with unlawfully taking of vehicle. The defendant, represented by Atty. John P. Otto, waived the 24-hour period and entered a plea of not guilty. Bond was set at \$1000. In lieu of bond, Atkinson was released to Col. J. J. McCarthy until the State sets date for trial.

State vs. Wm. Bumgardner, charged with driving while intoxicated. Entered plea of guilty. Given deferred sentence and placed on probation 1 year. Driver's license revoked for 90 days except for work. \$100 probation costs.

In a civil case, Mary W. Chavez, plaintiff, vs. Ramon Chavez, defendant, the court issued an order granting the plaintiff permission to sell real estate. District court convenes again November 6.

WALLY FERGUSON

of Captain, now a teacher at New Mexico A & M College, is once again one of the top football players with the Aggies.

In three games so far he has piled up 246 yards rushing on 43 carries to average 5.7 yards a carry. He leads the team in yards rushing and total offense.

Wally has been elected co-captain of the 1957 Aggies by his teammates, is a top contender for Border Conference honors at Fullback. He will graduate in June 1958 as a major in agriculture. (Photo by Meleski)

Carrizozo PTA to Have Spelling, Arithmetic and Speech Contests

The Carrizozo PTA will meet November 4—one week early in order to avoid conflict with the hunting season.

Mrs. Ruth Armstrong, president, will preside at the business meeting and Mrs. Louise Ferguson, newly-elected program chairman, will have charge of the program.

In honor of National Education Week, the program committee has planned three contests between Carrizozo High School graduates of several years ago and students now attending Carrizozo High School.

Taking part in the spelling bee will be Mrs. Alice King, Mrs. Margaret Stearns, Mrs. Elizabeth MacVeigh and Mrs. Pinkie Ruth Elckerson against Miss Mary Alice King, Miss Glenn Storneman, Miss Frances Ortiz, and Miss Mary Nickels.

Taking part in the speech contest will be Miss Margaret Shrum and T. B. Smoot against Miss Beverly Witham, Miss Lee Adell Baker and Joe Petty.

In the arithmetic contest Mrs. Doll Ray and Jeff Morris will be pitted against David Helms and Robert Simpson.

Also featured on the program will be Don Hoyle of Red Canyon Range Camp who will present vocal numbers, accompanied by Mrs. T. E. Kelley. Miss Beverly Witham will give a report on Girls' State convention, which she attended last summer.

New Gas Station Opens in Carrizozo

Long's Oil Well No. 4, Carrizozo's new service station, opens Friday, Nov. 8. The location is on Highway 54, across from the court house.

The station opening in Carrizozo is the fourth now in operation in this area. W. E. Long and Johnnie Wallace, proprietors, have stations in Hollywood, and two in the Alamogordo area. A fifth station is under construction at Mountain Park, on the Cloudcroft Highway.

The Carrizozo four-pump station will handle first quality gasolines with 88 octane rating on regular and 98 on Ethyl, from the Hobbs refinery. The firm has its own transport truck.

It is announced that 24H green stamps will be given with all purchases.

Mr. and Mrs. E. C. Dow of Carrizozo spent five days in Albuquerque last week visiting the home of their son and family. Mr. and Mrs. Arthur Dow and daughter.

County Men Assist in Game Patrol

The Lincoln County Game Patrol met recently in Capitan to discuss the coming hunting season and plan for a routine patrol.

The purpose of this patrol is to assist in enforcement of game and fish laws of the state. The patrol is made up of 12 men from various parts of the county.

To be eligible for membership in the patrol a man must have completed at least a 25-hour course sponsored by the Game and Fish Department.

The uniform consists of a khaki shirt, khaki pants and a black tie; also a red patch on the left sleeve reading "New Mexico Game Patrol." A badge, made of brass, reads "Reserve Conservation Officer."

These men have full authority to enforce all game and fish laws in this state. They are part-time salaried employees.

Hunters will see much of these men during the coming season. Road checking stations will be set up and maintained in various parts of Lincoln County, during the big game season.

State Law Defines Access to Public Roads

The hunting season always raises some questions regarding public roads through private property.

Under Section 55-6-2, New Mexico Statutes annotated, a public road is any road used by more than one person which is not located exclusively on privately held or owned land, which provides a means of ingress and egress to property owned by or under the control of some person or persons claiming exclusive right to use such road, and which has been in continuous use by more than one person for a period of one year.

The law further provides that a locked gate placed on such a road constitutes an obstruction under the laws of this State. A land owner may prohibit hunters from hunting on patented or state leased land owned and controlled by him, but he may not obstruct a road through such land if that road leads to other land not under his control.

Further, in order for the landowner to prohibit hunting on the aforementioned owned or leased land, he must have previously complied with posting laws. Federal lands, that is, forest reserves, etc., are not subject to posting under any circumstances.

Violation of the above statute makes an offender liable to a penalty of not more than a \$50 fine or imprisonment of not more than 30 days.

Five Big Game Checking Stations

Five big game checking stations will be operated throughout the regular hunting season November 9-18. They will be located at Tinnie, Pine Lodge (on State Highway 43) Double Crossing (1 1/2 miles west of Lincoln), and Capitan Gap Road (2 miles east of Capitan) in Lincoln county and Rocky Arroyo in Eddy county.

The purpose of these stations is to obtain information on the number, condition and age composition of the deer kill from the Capitan and Guadalupe study areas. This information is quickly obtained and no appreciable hunter delay is expected. Check stations in the Capitan area will not operate during the Honda-Bonito special hunt.

The regular season dates in the Capitan-Guadalupe mountains is November 9-18. Hunters choice, one deer per hunter may be taken during this season.

There will be a pre and post season hunt in the Honda-Bonito area requiring special season tags available at license vendors in the area. The dates for this special hunt are November 1-8, 23-24, November 30-December 1 and December 7-8.

In the Guadalupe mountains the Queen area will be closed to all hunters from November 9-11. This area within the National Forest extends from the south boundary of the National Live-stock allotment to Dark Canyon. It will be open for either sex hunting from November 12-18.

A special turkey season will be held in the Guadalupe mountains from November 17-18. This will be for one turkey, taken only with a legal big game rifle in that portion of the mountain south of Dark Canyon in Eddy county.

The above information was prepared by Allen E. Anderson and Robert H. Stewart, biologists of the New Mexico Department of Game and Fish.

JOE MONTOYA SEES LONG SERVICE

SANTA FE, Oct. 30—Joe Montoya at 41 has an expectancy of about 30 years in Washington under the New Mexico custom of keeping congressmen as long as they run.

Joe apparently feels that way, too. He bought a house recently in Chevy Chase, Md.

With the exception of a lady who tried to crash the male field New Mexico hasn't turned out a congressman since 1930. That was when Dennis Chavez beat Republican Albert Simms. Mrs. Georgia Lusk lost her run for nomination for a second term to John Miles in 1948.

SEVEN-FOOT SHY OF MAD MONEY

Seven-Foot Pickett the corporation commissioner seems to have the best prospects ever in his long climb toward the Democratic nomination for governor—with one major exception.

This time Seven-Foot seems to have public acceptance like never before but is apparently shy of financing such as he had in past races.

All the way through his political career Pickett has had money for traveling, advertising and other campaign expenses that was intended not to help him but to beat somebody else.

In 1948 when he ran for nomination for the corporation commission he was financed by Victor Salazar, the "second floor governor" of the Tom Mabry administration, in an effort to split the vote among seven candidates so that J. O. Garcia of Rio Arriba would get the nomination. His particular assignment was to keep E. L. (Bob) Johnson of Clovis out of the nomination.

Pickett did that all right and also edged Garcia by several hundred, winning the nomination with 21% of the vote cast.

FINANCED IN 1950 TO CUT DOWN MILES

In 1950 Pickett was urged into the run-for-Demo nomination for governor by friends of David Chavez (brother of the senator) who figured that he would take votes away from John Miles and thus favor Chavez.

Pick, no doubt, remembering his success in a similar deal two years earlier, got right in but didn't have much luck, not only missing the nomination himself but failing to come through for the boys who paid his expenses.

His biggest windfall of late money came in 1953 when it seemed that most everybody would write checks to beat Gov. John Simms. Pick didn't quite beat Simms but left him so groggy that he was push-over in November.

NO MAD MONEY IN SIGHT NOW

This time there doesn't seem to be a mad money well for the corporation commissioner to tap. His best bet seems to be Republicans who might be interested in upsetting the Demo organization but they are kind of leery, maybe remembering Frankenstein's experience.

Some think that Republican Gov. Ed Mechem might be better off running against a conventional candidate than Pickett.

Pickett doesn't need much money for campaigning. He spends nothing on county and precinct organizations, press agents and such, but puts it all into printing, radio, television, newspapers and travel.

LIQUOR DEALERS FRAUD CONGRESSMEN

The retail liquor dealers newspaper is real gracious in expressing gratitude to New Mexico's congressional delegation for "tremendous help" to the industry during the recent session of Congress.

TWO DIRECTORS AT \$15,000 RATE

New Mexico should be developing like never before during November and December, a period when it looks like the State may have two \$15,000-a-year directors of the Economic Development Commission.

When Burl Huffman was fired from the job the other day and Jack Wentworth of Albuquerque hired some members of the commission and Wentworth himself left the meeting with the understanding that Huffman would be retained for a couple of months as a consultant at the \$15,000

Legion Post to Process Veterans' Tax Exemptions

The American Legion, Benjamin I. Berry Post, announced this week the organization will process applications for veterans for tax exemptions, at the Legion Hall, on dates to be announced on the bulletin board in the Post Office.

Veterans and unmarried widows of veterans are eligible for benefits under the provisions of Chapter 169, New Mexico Laws of 1957. This certificate should be obtained by January 1, 1958; however, the tax exemption will begin in 1959.

You must have been honorably separated from the military service of the United States and served for a period of 90 days or more during a period of armed conflicts.

For World War I, service must have been between April 6, 1917 and November 11, 1918.

World War II, service must have been between December 7, 1941 and September 7, 1945.

Korean conflict services must have been between June 27, 1950 and July 27, 1953. If discharged with less than 90 days service, such discharge must have been as a result of service incurred disability.

And if you were a resident of New Mexico prior to January 1, 1934 for World War I service.

Or if you were a resident of New Mexico prior to January 1, 1947 for World War II service.

Or if you were a resident of New Mexico prior to January 1, 1953 for Korean conflict's service.

And you are still a resident of New Mexico. Your benefits are forfeited upon becoming a resident of some other state.

Veterans of the Spanish American War and members of the First New Mexico Infantry of the New Mexico National Guard who served in the punitive expedition into Old Mexico in 1910 or their unmarried widows are also eligible if 90 days service and residence was established in New Mexico prior to January 1, 1934.

To sign the applications it will be necessary that the veteran have his discharge and proof of residence beginning as shown above. Only widows of veterans will be eligible to claim tax exemption. Widows who have remarried forfeited their right, when they married.

Watch the bulletin board in the post office for dates the Legion Hall will be open for applications, to be processed by Benjamin I. Berry Post American Legion of Carrizozo.

Two Injured in Knife Wieldings

Two affrays in which a knife played a part were investigated this week by Sheriff S. M. Ortiz.

Johnnie Carabajal of Capitan was arrested following an alleged attack on a juvenile girl at a party at her home last Friday night. Fifteen stitches were required to close a superficial knife wound in the girl's abdomen.

Carabajal, charged with assault with a deadly weapon, has been released on \$1000 appearance bond. The stabbing is said to have resulted from an argument over Carabajal's brother, a juvenile.

Callotano Torrez sustained a knife wound in his left shoulder, allegedly at the hand of Earl Crossman with whom he had an altercation on the street in front of a Corona bar. There were no witnesses to the affair of last Saturday night and the principals gave differing versions of what took place.

Torrez was treated in Carrizozo hospital and released. He pleaded guilty to a charge of drunk and disorderly in Justice of the Peace Patterson's court and was fined \$25.

Crossman entered a plea of not guilty and was bound over to district court, bond set at \$1000.

Ralph Miranda of San Patricio has been released on \$1000 bond pending his arraignment November 6 on a charge of assault with a deadly weapon. The complaint was filed by Brazil Chavez, also of San Patricio. No wounds were inflicted.

Sheriff S. M. Ortiz states he was informed by witnesses that a patrol was discharged into the ground.

rate. Wentworth, of course, is also at \$15,000.

Jim Russell, EDC chairman, wasn't sure how long Huffman would be retained as this was written. (Continued on Back Page)

Along the Way..

By PAUL BAKEN

Yes, Fall is the best time of the year. Youngsters on their way to school... harvest time... hunting season coming up... the bawl of yearlings going to market... football games, and perfect days that come no better than in New Mexico—so much to enjoy. Also, this time of year, John Public gets a look at the new cars and decides whether or not the present chariot has too much of a backward look to put up with for another year. Speaking of new cars, if you are in the market for one, why not see your dealer in Lincoln County and keep our dollars at home? Besides, the home town dealer has a reputation to maintain for square dealing and standing unconditionally behind his product. That's worth a lot, I can say from my own experience.

On the subject of bountiful harvests, our dog Hongry came home this week with another crop of porcupine needles in his nose. That makes four times this has happened since Hongry grew up to full doghood. If he's trying to make love to a lady porcupine, he is getting nowhere fast. You'd think he would get discouraged after being slapped in the face four times by a thorny hair brush with loose bristles. Hongry looks distinguished with that gray beard, but each time it's harder to get off. Now he tries to evade me when I come near with a pair of pliers. He's like a small boy with a splinter in his finger. It hurts, but it hurts more to have it pulled out. Hongry and I will both be happier when that porcupine, wherever it is, runs out of quills.

Editor, News:

I would like to know your rate on the Lincoln County News. We have been living in Western Colorado for the past 12 years. I noticed in the article pertaining to Lewis Cummins that I was still a resident of Lincoln County. Sincerely, Mrs. Katie M. Hilburn, Rt. 1, Olathe, Colo.

Editor, News:

One of our teachers, living in central Texas, accompanied her parents to Lincoln County this past summer, after my having told them what an enjoyable trip I had up there in both '53 and '55. Due to my wife's illness, we will have to forego our biennial trip this year to your beautiful mountains, but I am sure, will find us heading that way again. A. E. Priest, Wallis, Texas.

John Schmitt, News subscriber, of New Iberia, La., advises of a change of address to St. Louis, Miss.

When four New Mexico fishermen join four from Texas to go catfishing, the results can be amazing. Jess T. Reid of Albuquerque, describes such a trip in "Pole Singers" in Outdoor Life for November.

Reid had no idea what pole singers were when he was invited on the trip, but he hadn't been on the Llano River near Mason, Texas, long before he found out. Pole singers are channel catfish big enough to bend a cane pole and make it vibrate so it "sings."

Inventor of the name is "Uncle Charlie" Hoffmann, head of the Hoffmann clan and retired house painter, who has been fishing the Llano's potholes for 60 years. The Hoffmanns use 18-foot cane poles, and a line of about equal length. Onto this they tie a single hook, and rig a cork a suitable distance above it depending on the depth of the pot-hole. For bait they use worms, bits of liver, and frozen shrimp.

After a morning's fishing, the Hoffmanns fry their catch and eat it on the spot. The time Reid was with them, they caught 78 fish.

All members of the party except Reid were Hoffmanns. Reid, who for several years taught fishing at the University of New Mexico, is author of Fishing in New Mexico, a Guide for Anglers in New Mexico, published by the University of New Mexico Press.

Along with Reid from Albuquerque came Seth Hoffman who's a pharmacist and one of Uncle Charlie's sons; Seth's wife, Betty; and their 17-year-old son, Don. The Texas Hoffmanns, besides Uncle Charlie, were his youngest son, Hop, who ranches near Mason; eldest son Herb, who's a bootmaker; and Herb's wife, Augusta.

State Employment At All-Time High

The number of New Mexico wage and salaried non-farm workers reached an estimated total of 208,700 as of September 15 to set another all-time high mark, according to M. F. Miera, chairman-executive director of the Employment Security Commission.

This figure is 11,300 above the level of a year ago and represents a net advance of 1,500 since August 15, this year, when the previous high of 207,200 was reached.

Entered as second class matter July 30, 1926, at the Post Office at Carrizozo, New Mexico, under the Act of March 3, 1879.

After end-of-term prizes were distributed in the fourth grade, Rusty's mother asked him if he got an award. "No," he replied, "but I got a horrible mention."

National Convention

Mr. and Mrs. Tom Babers of San Patricio and Mr. and Mrs. Stanley McNatt of Mesquero left last week for the postmasters' annual convention in Los Angeles. They were to spend two days both going and returning with the Babers' son, Billy Babers, in Tucson.

Wool Growers to Meet in Vaughn

Vaughn — The necessity for adequate access, overpasses and crossovers for livestock on the network of super-highways that is rapidly spreading through the range country of the Southwest is expected to be a major topic of discussion as the New Mexico Wool Growers Association meets in Vaughn for its quarterly convention. The meeting is scheduled at the Vaughn High School on November 4.

Floyd W. Lee, San Mateo, N. M., president of the organization, said he expects about 250 sheep growers and livestock producers to attend the meeting. Heading up the speakers who will discuss the many problems faced by livestock ranchers, whose ranches often are bisected by the new super highways, will be L. D. Wilson, chief highway engineer for the state of New Mexico. Wilson has indicated a willingness to sit down with the ranchers and discuss the problems that arise through the new highway construction—problems that are unique in the open southwestern range country.

Other speakers at the one day meeting will include A. S. MacArthur, Wagon Mound, a director of the American Sheep Producers Council. MacArthur will report on the recent meeting of the ASPC in Washington.

Carrizozo Gas Tax Collections \$2,449.12 First 6 Months, '57

Municipal gasoline tax collections in Carrizozo for the first six months of 1957 amounted to \$2,449.12, from seven distributors in town. The gasoline tax rate is 4/10 per gallon, and the tax is earmarked for use on the streets.

Carl Thornton's guests over the week end were two classmates from the University of New Mexico, Ed Malone and Leo Harkness.

A NEW AND EXPANDED LINE OF STATION WAGONS BY FORD, producer of the most popular wagons, is offered for 1958. New to the line is the six-passenger Ford Ranch Wagon (above), one of Ford's six new models built on body shells entirely separate from the Ford passenger cars. Ford spent \$185,000,000 on changes, including safety dual headlights, new jet intake grille and massive bumper, sculptured metal treatment throughout the car's exterior, and twin safety taillights as well as a completely new power train from engine to axle, all-new Cruise-O-Matic drive and optional Ford-Aire suspension. The 1958 Fords will be displayed at all Ford dealerships beginning November 7.

'58 Ford Truck Line Goes on Display

Dearborn, Mich.—Ford, which led the industry in retail truck sales during its 1957 model year, announces "significant product advancements in engineering, styling and design for its 1958 trucks.

The new 1958 trucks are on display at Ford dealerships throughout the country.

J. O. Wright, Ford Motor Company vice president and Ford Division general manager, described the new line as "another step forward in our policy of accelerating mechanical and styling changes for the benefit of the nation's truck buyers."

"We are completing a sales year that has achieved our greatest share of the commercial market in Division history," he said, "and we are betting millions of dollars on the new line developed for the truck user in 1958."

Ford truck retail sales to business firms and individual buyers topped the industry during the 1957 model year, reaching a 33.1% share of this market through July on the basis of official registration figures. It also represents the biggest share of the retail market ever gained by

58 FORD
COMING
NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon. Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford has been proved and approved around the world. A natural question arises: Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: In the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

MRS. ROYCE CLARK COLLINS

Miss Patricia Nell Hall, daughter of Mr. and Mrs. Bill Hall of Capitan and Royce Clark Collins, son of Mr. and Mrs. Roy Collins, Rt. 2, Clovis, N. M., were united in marriage October 20.

Double ring vows were exchanged at the altar of the Grady, N. M. Methodist Church with the minister, James Nickols, officiating.

A bouquet of bronzo chrysanthemums with candelabra holding white tapers decorated the altar.

Given in marriage by her father, the bride wore a sheath dress of white brocaded satin. Her white hat was ornamented with iridescent sequins and seed pearls. She carried a cascade

bouquet of white roses.

Miss Sarah Hall, sister of the bride, was her only attendant. She wore a blue sheath bouquet of white pom pom chrysanthemums.

Durwood Swoops, Melrose, N. M., served Mr. Collins as best man. Ushers were Tom Hall, brother of the bride, and Clyde Ward.

Following the ceremony a reception was held at the home of Mr. and Mrs. Ed Stanfield, aunt and uncle of the bride.

Assisting were Mrs. Ed Mitchell, Miss Nancy Hall and Miss Sandra Stanfield.

After a brief wedding trip the couple will be at home at Nogal.

Quality of Deer Meat Depends on Hunter

With hunting season here, the matter of caring for the meat brought in is of top importance. The following information is taken from a bulletin put out by the Extension Service. These bulletins may be obtained through the local county extension office.

Shooting, bleeding, eviscerating and cooling of a game carcass play an important part in securing good meat. If the hunter is killing the deer for meat, the best flavor will come from the animal that has been at rest. A running or frightened animal produces a strong-flavored meat. If the animal is shot in the head or neck, there is less loss of edible meat.

Skinning must be done with great care. The meat becomes tainted when the hair side of the skin touches it. Removing hairs after even the slightest contact of the outer skin and meat is almost an impossibility. The skinning and drying of the meat, if the weather is unusually warm, may have to be done although this does not give the best meat.

Fast cooling of the carcass helps prevent souring and decay. Use the best means at hand to cool the animal quickly. Properly cooled meat is sometimes spoiled later by carrying it next to a hot-car motor or in a hot truck or similar unfortunate locations.

In New Mexico, where temperatures vary a great deal, a deer, to be its best, should be dressed soon after killing and should be put into cold storage for a few days to make the meat more tender.

The venison meat should be cut into the size of pieces your family will cook at one time if you plan on freezing it. Packaging for freezing and quick freezing help to make for better meat.

In very young animals, the meat is more tender and can be cooked as for the better grades of beef by cut. Older animals or animals that were not killed properly will require moist heat cooking. Venison is generally a little less fat than quality grades of beef, and it may be desirable to rub steaks with a little cooking fat for flavor.

Also included in the bulletin are several recipes for cooking venison.

The growers and feeders of the nation's 80% million head of beef cattle are providing Americas increasing population with ample supplies of healthful, strength-giving, appetizing and satisfying beef.

By MARGARET RENCH

Tom Collins, 71, of Roswell has been in a Roswell hospital for a week with pneumonia so his daughter, Mrs. Bill Hall, was informed. She left last Tuesday to relieve her sister. He is improved.

Jack Aldrich returned home from the Ruidoso hospital where he had been for two weeks. He is weak but doing O.K. Glad to see you back home Jack.

Mr. and Mrs. R. G. Stewart purchased the Nan Wright home on Third Street three weeks ago and have moved in. They did lots of painting inside and are nicely settled now.

Mr. and Mrs. D. W. Poindexter and children moved last Saturday to Weed, N. M., where D. W.'s work is. They have rented their home. We are glad, Nellie Sue, that you will be with D. W. but we will miss you.

Mrs. Donald McClung (Jerry Cummins) and three children left last Saturday to make their home in Albuquerque. Her husband is in the University there.

Mrs. H. W. James of Baton and her sister, Verde Barnett and son Jack of Albuquerque were week end visitors among their relatives, starting with their father, R. T. Freeland, Mrs. James daughter and family, Mr. and Mrs. D. W. Poindexter.

Another lovely rain fell last Monday evening about 7:30. How we do enjoy that.

Mr. and Mrs. Jeffreys and son of Houston, Texas, visited Ara Dolinar and Joe Hobbs last week.

Services in Roswell for Early-day Resident

Mrs. Emory Tillman, attended the funeral of her grandfather, Kit Carson, who died of pneumonia in Roswell this past week. He was 99 years old. He fell in an outside building and remained there for the night. He was an interesting and colorful figure and loved by everyone. We will miss him at the Lincoln Paragant. It just will not be the same without seeing him among the old timers.

Mr. and Mrs. Dyer Forbus and daughter Darla Jean and Barbara and Mrs. Hunt Hobbs went to El Paso Saturday the 10th. Darla Jean and Mrs. Hobbs had their eyes examined for glasses. Irene had shots in her legs which are necessary every three weeks. She is doing much better and is getting stronger.

Mrs. Charles Dawson of Fort Stanton fell on both of her knees on a concrete floor and injured them both quite badly nearly two weeks ago. She has been suffering lots of pain. How fortunate they were not both broken. Our prayers for your speedy recovery are constant. We do hope that it is very soon.

Mrs. Malcolm Petree underwent surgery Friday, Oct. 18, at the Ruidoso hospital. Evelyn is home getting stronger and doing splendid. We are so pleased.

Mr. and Mrs. Richard Flores left Sunday, Oct. 13, for three weeks' vacation in California with their relatives and friends.

Mr. and Mrs. Bert Cheney enjoyed a week end visit with their son, Joe Bert Cheney and Mrs. Cheney in Las Cruces this past week.

Tularosa Wins in Second Half Spurt

By JERRY LOBB

The Tularosa Wildcats took the underdog Capitan Tigers for a 28 to 7 loss under the Tularosa lights Tuesday, Oct. 22.

The C Class Tigers looked strong against the favored B Class Wildcats in the first half of the game as they scored the first touchdown and held the topdeck Tularosa eleven to a 7-7 tie as the first half ended. The second half was a different story. The Wildcats racked up 21 points and held the Tigers scoreless.

The Tigers only touchdown drive started early in the second quarter with quarterback McKnight, halfback Jones and fullback Joe Smith (substituting for Vance), leading the attack. Smith and Jones advanced the ball from the Tularosa 45 to the Tularosa 17 where McKnight, after two consecutive carries,

plunged the ball over for the first tally of the game. Smith plowed through the line for the extra point. Capitan 7, Tularosa 0.

The Wildcats came back strong after the kickoff. A pass play, totaling 42 yards, put the ball on the Capitan 4 yard line. At this point, Wildcat halfback Benny Juarez punched out the remaining 4 yards for the first Tularosa touchdown. Salcido converted for the extra point.

The half-time score: Capitan 7, Tularosa 7.

The Wildcats in their third quarter rampage, picked up three first downs to put the ball down deep in Tiger territory. On the next play, the Wildcats recovered their own fumble behind the goal line for their second marker. Salcido's conversion was again good.

JUAREZ SETS UP TD
The Wildcats heat out another touchdown late in the third quarter. Juarez gained 40 yards through the line to put the ball down on the Tiger 4 yard line where Bookout bucked the Tiger defense for the third Tularosa touchdown. Salcido converted.

In the final stanza of the game, Benny Juarez led the Wildcats' fourth TD drive. After moving the ball downfield into Tiger territory, Juarez scurried across to paydirt. Salcido's eye for the goalpost couldn't have been better as he converted his fourth extra point.

Final score: Tularosa 28, Capitan 7.

The game ended the Tigers' football schedule for the year. Their first basketball game will be against Fort Sumner on the Tigers home-court November 30.

Swept-Wing '58 Dodge Makes November Bow

Detroit—Significant advances in safety engineering, fuel economy, and engine performance, plus dramatic "Swept-Wing" styling, distinguish the 1958 Dodge passenger cars, which will make their debut in dealer showrooms early in November.

The all-new Ram Fire V-8 engine, designed for top economy and performance, as well as quiet operation, heads a long list of important engineering features of Swept-Wing 1958. Among these is the "Sure Grip" differential, which provides pulling power to the rear wheel with the most traction, eliminating wheel-spinning on ice or snow, or in sand and mud.

Dual headlights mounted side-by-side under bold fender hoods, provide greater safety for after-dark driving, and set the pace for Dodge swept-wing styling.

A strikingly different stainless steel grille design complements the dual headlight styling.

Looking over the low hood of all 1958 Dodge convertibles and Lancer hardtops is the compound-curvature "picture" windshield, which offers true control tower visibility and blends fashionably with the fast lines of Dodge sport models.

New interior and exterior colors and fabrics are available on all 1958 Dodge models.

HALLOWEEN BIRTHDAY PARTY FOR JEANETTE LAMAY

Mary Helen LaMay gave her pretty little daughter, Jeanette, a Halloween birthday party Sunday in their ranch home on Nogal Mesa. After fun and games the boys and girls were served cocoa, soft drinks and a delicious cake decorated in Halloween colors. There were cute costumes and a prize given for the best which was Janice McKnight's.

Those attending the party were Ida Fay and Leona Morris, Rebecca Silva, Janice McKnight, Johnnie and Glenneth LaMay, Billie, Bobbie, Edith Fay and Jan LaMay and Montie Coe from Ruidoso.

ANTELOPE DINNER FOR BIRTHDAY CELEBRANT

Ben Pfingsten hasn't quit having birthdays yet. He celebrated his birthday the 22nd of October with Charles and Eula Corder at Angus with an antelope dinner. His cake was cleverly decorated by Mrs. Ira Young. In the center of the cake was a large horseshoe with Ben's brand Rafter J and the traditional "Happy Birthday Ben" written there, too. Ben was real happy with the decoration but as a cowboy would—Ben counted too many horseshoe nails in the horseshoe—aintcha never "shoed" a horse, Jill?

Lula and Louise Runnels took some gifts down to the dinner for Ben. A. B. Kelley, who is building a cabin at Angus, also enjoyed the dinner of antelope meat. Many more happy birthdays, Ben!

Gil Peters has been sick, and Effie Zumwalt too—so Cloe has been a busy girl caring for husband Gil and going to Artesia too, where her mother and dad live — Effie and A. B. Zumwalt Sr.

Bryan Cazler has some new folks to take care of their farm on the Bonito — Bill Thomas, wife Bertie Louise, son Robert and daughter Wilma Jean. The children ride the bus to Capitan school.

Nina and Hugh Trutt made a trip recently to T or C to get established for the winter there. They will be here, tho, until after hunting season. Hugh plans to knock over an ole buck this year.

Mrs. Boyd Lucas is home from the hospital and is feeling better. Boyd is having rainy days on his hay and can't get it in from the fields.

Fred Sweet Jr., wife and children, and sister Fern Sweet were on the Bonito Saturday. Fern is going to a girls' school in Albuquerque this year. She is a junior and is real happy there. During the teachers' meeting she could be with Fred and Roale in Alamogordo for a few days.

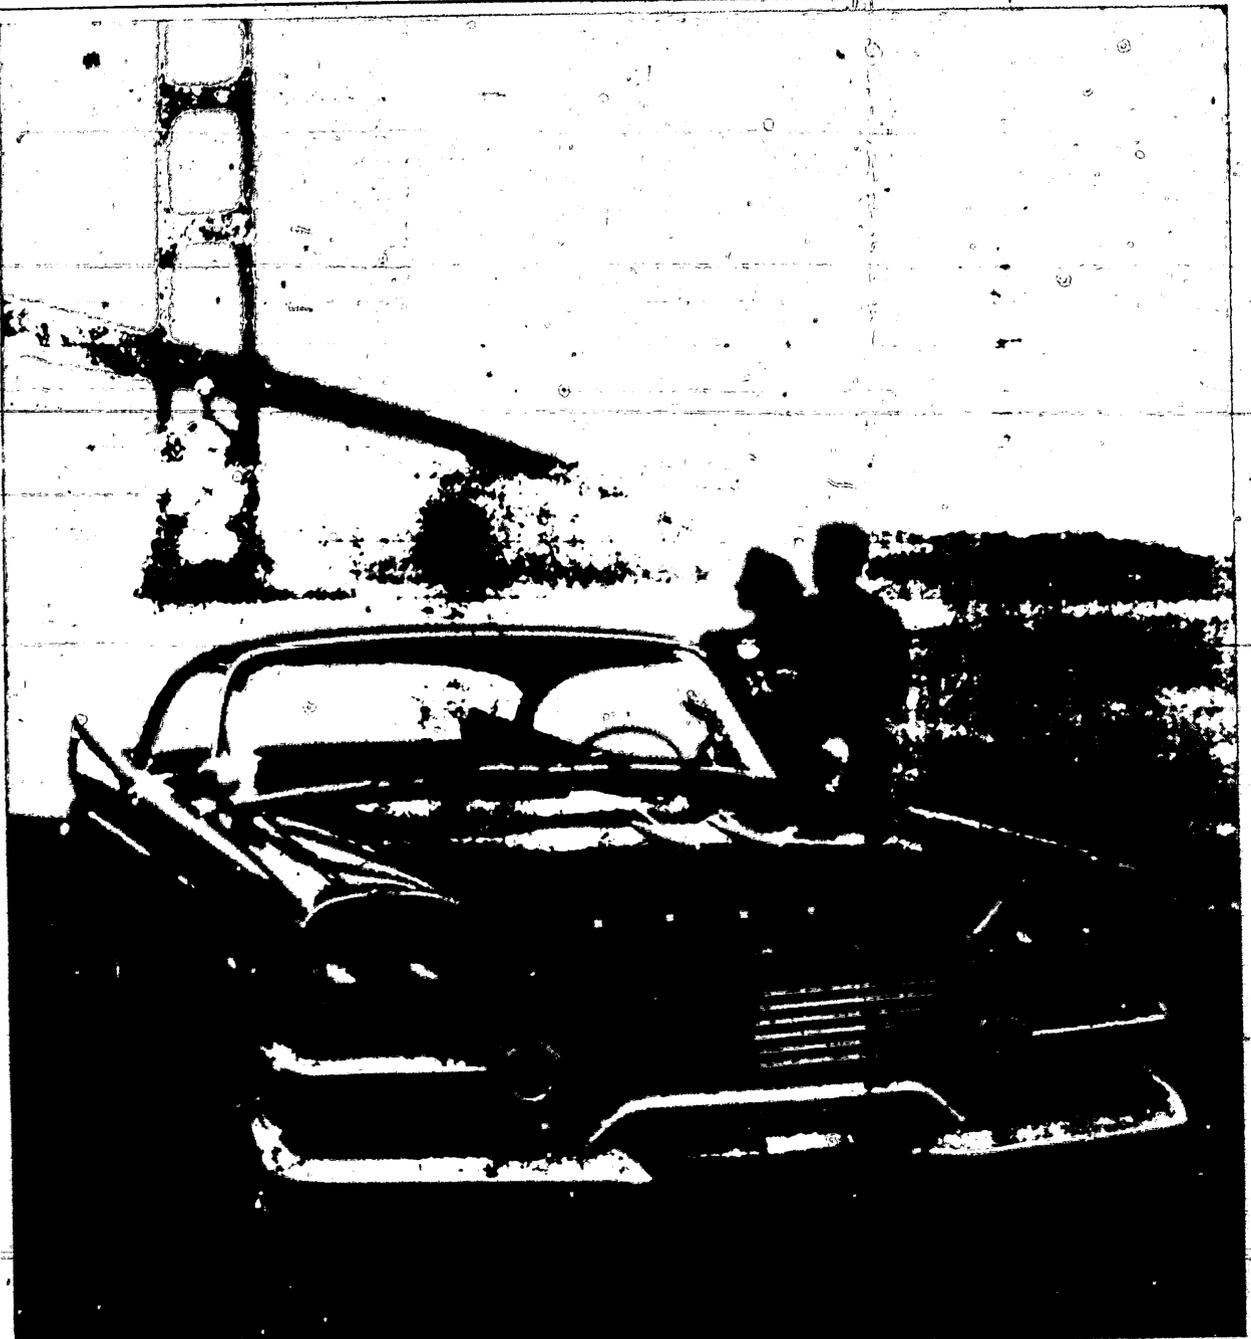

Charlie Stearns, brother of Irene Coe, and Anna Mae LaMay, was by to see them from Florida and on his way to Arizona to visit their parents, Mayme and Elwood Stearns. Charlie has been in the Marines and has traveled to many foreign countries where he had some breath-taking experiences. On his trip here he was courtin' a keen little car (don't know the name) and a mighty cute little blonde.

George and Beulah Bunkle were on the Bonito Sunday from their farm east of Roswell. They took mountain apples and elk meat home.

Saw Alice and Herbert Lee Taylor at Alto the other day. Alice teaches school this year in the Ruidoso Grade School with Herbert Lee. They were getting calves ready to sell.

Tom Bragg and Alice Wright who live way up the Bonito, were lucky this week to have telephones put in their houses. Just extension phones for the two of them. Mr. Remely from Las Cruces hooked the phones up for them. These folks are alone and have needed phones for a long time.

Silver Dart two-tone exterior styling, trim, sweeping backward and up to the tip of the Plymouth Belvedere 4-door hardtop's familiar fins, is new with 1958 Belvedere models and Sport Suburban station wagons. The contrasting dart is available either in anodized aluminum for a striking new effect, or in compatible colors. Plymouth's outstanding Torlen-Aire suspension system and its trouble-free mechanical push button controls are retained for 1958. Six-engine options, a new Constant-Control power steering system providing Plymouth's famous full-time ease of operation, a new Sure-Grip differential and a new automatic Econo-Choke are available on 1958 Plymouth cars being introduced in dealer showrooms across the nation on November 1.

Styling Advances in New Model Plymouths

Detroit — Substantial styling advances in keeping with the trend-setting characteristics of the immensely popular current model Plymouth cars, plus a broad new lineup of six engine options and other important new engineering features will be seen when the Plymouth for 1958 is introduced November 1.

"The new Plymouth is improved in appearance, performance, comfort and safety, yet retains many of the outstanding styling, handling and riding features that were so enthusiastically accepted by American car-buyers this year," John P. Mansfield, Plymouth president, said this week.

"While the 1957 model year has been one of the finest in our history, we intend to move even farther ahead with the introduction of finer, more advanced line of new Plymouth cars in November."

SILVER DART STYLING

Styling features of the new Plymouth include a bright new "Silver Dart" side moulding treatment, sweeping upward at the rear on Belvedere and Sport Suburban models to the tip of Plymouth's familiar high-flung directional stabilizer fins, with optional dart inserts of silver anodized aluminum or compatible colors. Another distinctive new side trim is available also with Savoy and Plaza models.

Double header dual headlights are standard equipment on all new Plymouths, with the inner beams producing maximum long-range forward visibility and the outer pair providing supplemental fill-in light when used in combination, or efficient low-beam lighting when used alone. With filaments centered in all lamps, the new dual headlights produce the safest, most scientifically effective night lighting ever attained for automobiles.

New turn signals and parking lights are nestled in a triangular area above and between the headlights. Tail lights also are new, with circular reflectors lower in the fender and a silver-colored reflective wedge extending upward to the tip of the fin. The back-up light is centered beneath the rear bumper.

The lower front grille of the Plymouth for 1958 has been redesigned with a horizontal bar effect identical to the upper grille section.

New Plymouth colors for 1958 are generally softer and more elegant.

Farm and Ranch

By RALPH DUNLAP
County Extension Agents

In my roaming around Lincoln County last week with W. J. Wiltbank, extension horticulturist, and John Durkin, extension entomologist, we found several different diseased trees as well as other items that were quite interesting to note.

The first stop was at the F. W. Leach place. He is having trouble with the plants in his greenhouse growing too fast and not setting fruit. The first problem was that the greenhouse area was to shaded; secondly, it was very likely that there was too generous use of nitrogen fertilizer.

The next stop was at the Dan Brenton place in Lincoln. He had a young tree that was dying back after doing very well in the early part of the year. Mr. Wiltbank thought that the condition was caused by some stressed condition of the tree such as water or a heavy application of fertilizer along with water stress conditions.

LEAKY GAS LINE CAUSING TREE DAMAGE

At Peter Hurd's home, he was having trouble with a Lombardy Poplar dying back, but he had found the trouble before Mr. Wiltbank visited—he had a gas pipe coming in beside the tree and it was leaking, causing the tree to die back. If the gas main would have killed the tree very soon. Recommendations were to give it some extra special care, such as putting fresh dirt in the trench which the pipe was in as gas actually ruins the soil structure in that area; also an extra application of fertilizer should be made to the tree.

While inspecting Mr. Hurd's orchard, John Durkin recommended that all old apples, as well as any underbrush be removed from the orchard so they would not harbor over-wintering orchard pests.

EARLY SPRING PLANTING BEST FOR YOUNG TREES

Winter temperatures and winter rainfall are important factors to consider in deciding when to plant and fertilize orchard trees.

In Lincoln County where temperatures in winter sometimes fall below zero, early-spring planting is recommended for best results.

Mrs. Irene Lindsey and Mrs. Gil-Peters visited Mr. and Mrs. Bowen Zumwalt and Mr. and Mrs. Wesley Lindsey in Artesia over the week end.

Herman McKibben made a business trip to El Paso Tuesday.

Bob Whalen of Santa Fe, who is connected with the State Tuberculosis Association, was a visitor in Carrizozo and Ft. Stanton recently.

Mrs. Emma Lucas of Phoenix has been the guest of her brother and sister-in-law, Mr. and Mrs. Joe West.

Ben Grelsen of Capitan was a business visitor Tuesday.

Carrizozo Baptist Church Sponsors Three Youth Groups

The Woman's Missionary Union of the First Baptist church is promoting a special missionary venture for the children from 4 years through 8 years of age. This organization is called the Sunbeams and meets each Monday afternoon at 4 o'clock at the Baptist education building.

Mrs. R. N. McDaniel has charge of the group with the assistance of Mrs. Harold Ely and other members of the WMU.

Sunbeam work is centered around Bible stories and scriptures, songs, handwork, and special missionary stories. Refreshments are served at each

'Tween Us Teens

By MARY (Glaser) NICKELS

Hello again! Well, Thursday is Halloween, and I can just see those goblins and witches now! I imagine that our town will look just a little bit different after some of the kids get through with it. But please kids, don't do anything too drastic! It's all right to go out and have fun, but don't see how much stuff you can tear up. After all, it takes time and money to repair damaged property. And speaking of Halloween, our school carnival is Thursday, so why don't you plan to go there, too? It's really going to be swell this year!

What happened to Sputnik? I'll bet when it quit broadcasting, it really gave Russia a jolt! I can see those scientists running around like crazy, trying to find out what was the matter, and boy, does it ever get the publicity! What's this about the "Red dog"? I wonder if he will like space travel. Well, he can have it, and the moon too!

Last week we got our school pictures, and they were all very good. I'll say one thing. We sure do have a bunch of nice looking kids in our school! IDig what I mean, jelly bean?

Please accept my apology for calling Russ Hamilton, Russ Hayden. I was mixed up last week.

Congratulations to the Grizzly football team for the fine game they played at Hondo last Wednesday! 33 to 19 isn't a bad score! Hondo put up a good fight but we were just too strong for them! Better luck next time, Hondo!

See you soon, Raccoon—Ginger

meeting. Every child who is interested, and within the age group is cordially invited to attend, states Mrs. McDaniel.

In addition to the Sunbeam group, the Baptist church is sponsoring organizations for the boys and girls from 9 through 12 years old.

The boys group, Royal Ambassadors, meets Monday evenings at the church at 6:30 p.m. under the direction of Eddie Lloyd.

The girls group, Girls Auxiliary, meets under the supervision of Mrs. Eddie Lloyd.

We are having a good revival; the spirit of the Lord has been present with us. You are cordially invited to attend tonight and tomorrow night's services which will close our formal services. But the spiritual revolution in our own personal lives and in our church will continue throughout the year.

As Sunday will be the first Sunday of the month, we will observe The Lord's Supper and have Communion and fellowship with our Master. The pastor will use as his theme for this service "Strength For the Journey." At the evening hour, he will speak on the subject "The Mystery of Jesus." M.I.F. and M.Y.F. will meet at 5:30 p.m.; evening service at 7 p.m.

The Commission on Education will meet Monday evening at 7 p.m., and the Official Board will meet Wednesday evening at 7.

Find the strength for your life: Faith, like strength, takes time to grow. Until we have known the strength of faith, we have known no true strength. You can find this strength, for yourself. You can build your family's future on a firm basis of faith as you worship together each Sunday in the Lord's holy temple. See you Sunday.

Carrizozo Grade School Activities

By SELMA TEAGUE

We are glad to be back in school again with our children after two days at our 70th annual convention in Albuquerque last Thursday and Friday. The convention was inspiring. The lectures in the general sessions were good and the sectional meetings were most helpful. We all brought back some new ideas which we shall endeavor to put into practice in our rooms.

Mrs. Eaker reports her mother, Mrs. J. T. Chisholm, from Vicksburg, Miss., and her aunt and uncle, J. B. Dilts, from St. Louis, will visit her this week.

Mrs. Bishop reports her first grade children are learning to read and seem very eager to see who can read first. She regrets very much to lose Michael Suggs to California.

Mrs. Bishop was given a surprise birthday party Saturday night by her friends and neighbors in the home of Mrs. Starkey. She received many lovely gifts.

Mrs. Harris regrets to lose Linda Jo Suggs from her second grade room. Linda is moving to California.

Mrs. Harris and Mrs. Teague are taking extension work from Western New Mexico College in Duloso on Saturdays under the supervision of Mr. Vallant. They are studying elementary curriculum. Mrs. Harris is especially interested in arts and crafts and Mrs. Teague in phonics and word drill. They report their studies to be very interesting and they are finding lots of helpful material.

Mrs. Wilson reports all of her children are back in school this week and are happily working on their Halloween project, making ghosts out of suckers, gum drops and Kleenex.

Miss Nell reports her third grade children are busy with their Halloween project, making Halloween men out of orange and black paper. Her room is very pretty. Miss Nell regrets to lose Gilbert Suggs to California.

Mrs. Ferguson regrets to lose her King for the Halloween car-

nival, Robert Deming, to Levelland, Texas. Her fourth grade room is busy with their Halloween projects of witches, goblins and ghosts.

Mrs. Pherigo regrets to lose Sherry, Barlow to Texas. Since Sherry has attended school in Alaska she is going to give a report on Alaska to her fourth grade class Friday.

Mrs. Patrah regrets to lose Linda Jo Deming from her 5th grade of 40 pupils. She says she is very busy teaching the three R's to her group.

Mrs. Teague regrets to lose Donald Deming, from her second grade.

Mr. Clegg reports that his daughter, Mrs. Lowell Page, and his little granddaughter Janet Lynn are visiting him for awhile before she leaves to join her husband who is in Canada.

Mrs. J. T. Clegg visited in the office of our principal, Mr. Clegg, this week. She was helping him with some typing and office work. We always welcome Mrs. Clegg's visits and her cheery smile that means so much to a group of busy teachers.

Our principal, Mr. Clegg, and the teachers of grade school wish to take this opportunity to thank our patrons and friends who contributed so liberally to

CHEVROLET INTRODUCES IMPALA

Chevrolet offers in its 1958 Bel Air series two Impala models, named after and strongly reminiscent of a "dream car" in the GM Motorama. This is the Impala sport coupe, distinctively styled from any angle, and setting a new standard for interior luxury in the low-price field. A new engine, new frame and two new suspension systems are but a few of the many chassis advances. Impalas are grouped with the Bel Air, one of four new series of Chevrolets this year.

Gov. Mechem to Speak At Water Conference

Governor Edwin L. Mechem will be keynote speaker on the topic, "Public Recognition of New Mexico's Water Problems" at the second annual State Water Conference. The conference will be held in Milton Hall on the New Mexico A&M College campus, November 7-8.

Discussing the national point of view on public recognition of the nation's water problems will be Charles C. Butler, director of Land and Water Use, American Farm Bureau Federation, while leading discussions on the women's viewpoint will be Mrs. Thelma Innon, leader in agriculture and home economics from Deming.

Dr. H. Ralph Stucky, head of A&M's agricultural economics department and conference program chairman said today that acceptances were received this week from Rogers Aston, president of the Aston Foundation, Roswell, and C. L. Forsling, Albuquerque, director of the Pack Foundation to speak on the conference program. Both foundations are devoting their energies and resources to the study of New Mexico water problems.

Our carnival for Halloween. Supt. and Mrs. R. G. Firman, Mrs. Eaker and Mrs. Teague visited for a few hours in the home of former Coach Kenneth Willis and family of 7517 Arvada N. E. Albuquerque. Coach Willis is now training manager for Humble Oil Company there. They send greetings.

LEGAL NOTICE

UNITED STATES DEPARTMENT OF THE INTERIOR—BUREAU OF LAND MANAGEMENT
Land Office, P. O. Box 1251, Santa Fe, New Mexico.

Notice to Mining Claimants
Published pursuant to section 5 of the Act of July 23, 1955 (69 Stat. 367).

To whomsoever it may concern: Notice is hereby given in pursuance of a proper Request for Publication heretofore filed in accordance with section 5 of the Act of July 23, 1955 (69 Stat. 367), and the regulations thereunder (43 CFR 185.123-185.127):

1. That on July 23, 1957, Chief, U. S. Forest Service, Department of Agriculture, whose address is Washington 25, D. C., filed in the Land Office of the Bureau of Land Management, Department of the Interior, at Santa Fe, New Mexico, a request for publication of notice to all mineral locators or any person claiming under them involving a mining claim or claims located on lands in the County of Lincoln, State of New Mexico, described as follows, to-wit:

New Mexico Principal Meridian T 4 S, R 12 E; Secs. 21, 22, 23, 25, 26, 27, 28, 33, 34, 35, 36, Sec. 24 SW 1/4, T 5 S, R 13 E; Sec. 31, Sec. 30 SW 1/4, T 5 S, R 13 E; Secs. 6, 7, 18, Sec. 19 NW 1/4, T 6 S, R 11 E; Secs. 1, 2, 10 to 15 incl., 22, 23, 24. T 6 S, R 12 E; Secs. 1, 12, 13, 24. T 6 S, R 13 E; Secs. 2 to 11 incl., 15 to 23 incl., 25 to 29 incl., 32 to 38 incl., Sec. 1 W 1/4, T 6 S, R 14 E; Sec. 19 SW 1/4 NW 1/4, SW 1/4, T 7 S, R 11 E; Secs. 12, 13, 24, 25. T 7 S, R 12 E; Secs. 1, 12, 13, 24, 25. T 7 S, R 13 E; Secs. 2 to 11 incl., 14 to 26 incl., Sec. 1 W 1/4, T 8 S, R 13 E; Secs. 1, 2, 3, 4, 8 to 16 incl., 21 to 28 incl., 33, 34, 35, 36, excluding therefrom all patented lands wherein the United States does not own the minerals and all State lands within the above-described area.

2. That if any person claiming or asserting under, or by virtue of, any unpatented mining claim located prior to July 23, 1955, any right, title, or interest in the vegetative surface resources and other surface resources, under such mining claim, contrary to or in conflict with the limitations or restrictions specified in section 4 of said act, as to the above-described lands or any part thereof, shall fail to file in the Land Office of the Bureau of Land Management at Santa Fe, New Mexico, and within 150 days from the below-stated date of first publication of this Notice, a verified statement which shall set forth as to such mining claim:

- (1) The date of location;
- (2) The book and page of recordation of the notice or certificate of location;
- (3) The section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument;

(4) Whether such claimant is a locator or purchaser under such location; and

(5) The name and address of such claimant and names and addresses so far as known to the claimant or any other person or persons claiming any interest or interests in or under such unpatented claim; such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the Act of July 23, 1955 (69 Stat. 367), as to unpatented claims located after that date, and (ii) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of the vegetative surface resources thereof and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said Section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as to not endanger or materially interfere with the prospecting,

NOTICE OF PUBLIC AUCTION OF STATE LANDS LINCOLN COUNTY

SALE NO. 3123
Office of the Commissioner of Public Lands Santa Fe, New Mexico

Notice is hereby given that pursuant to the provisions of the Act of Congress, entitled Enabling Act for New Mexico (38 Stat. 557), approved June 20, 1910, the laws of the State of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands, subject to the conditions hereinafter set out, will offer for sale at public auction, to the highest and best bidder at 10:00 o'clock, A. M., on January 6th, 1958, at the front door of the County Court House, in the City of Carrizozo, New Mexico, subject to existing rights, easements, rights of way, lease or leases, if any, the following described state institutional lands, to-wit:

ALL of Section 29, Township 2 South, Range 15 East, N.M.P.M., containing 640.00 acres, more or less, according to the government survey thereof. These lands are located approximately 10 miles southeast of Corona, New Mexico.

Said above-described lands have been appraised at \$675 per acre and no bids for a less amount will be considered.

Any person desiring to qualify as a bidder, other than the applicant who has requested said lands to be offered for sale and who has complied with the rules for so doing, is required to deposit with the Commissioner of Public Lands, or his agent conducting the sale, prior to the hour set for the sale, the sum of \$200.00 to cover the cost of appraisal, advertising, filing fee and other expenses connected with such sale. An advance payment of 5% of the appraised value of the lands will also be required to be deposited as evidence of good faith, and not to be refunded if party or parties be highest bidder for lands offered for sale. Deposits shall be in cash or in the form of a certified check drawn to the order of the Commissioner of Public Lands. All deposits made by unsuccessful bidders shall be refunded.

The purchaser at the time of said sale will be required to pay five (5%) per cent of the amount bid, less the 5% appraised value deposited in advance, plus \$13,100.00 being the appraised value of the improvements on said lands. The balance of the purchase price will be payable in thirty (30) years with interest on all deferred payments at the rate of four (4%) per cent per annum in advance. In addition, the purchaser at the time of sale shall be required to pay for the improvements on the above-described lands. In the event the improvements are not owned by the said purchaser, payment for such improvements shall be in cash or in the form of a certified check drawn to the order of the Commissioner of Public Lands.

All minerals of whatsoever kind, including oil and gas, are reserved to the State of New Mexico. The right to reject any and all bids is expressly reserved and no sale shall be effective unless and until approved by the Commissioner of Public Lands.

Detailed information concerning this offer of sale, the lands involved, the improvements thereon, if any, and other matters related thereto may be obtained by writing to the Commissioner of Public Lands, State Land Office, Santa Fe, New Mexico.

Grizzlies Take Closer from Hondo

By BILLY LOPEZ

The Carrizozo Grizzlies ran up their biggest score of the football season last Wednesday afternoon as they downed the Hondo Eagles by the score of 34 to 19. It was the final game of the season for both teams.

The longest touchdown of the game came early in the first quarter when Jessie Nowell broke through the line and raced 75 yards for the TD.

Other Grizzlies getting into the scoring column were Pat Aguilar and Lewis Greer on pass plays from Lonnie Nowell and Maxie Salcido and Luciano Gallegos on short plunges.

The Eagles scored their touchdowns on two recovered fumbles, one in the end zone recovered by Gerald Maez and another by Reyno Montez which he picked up and ran 20 yards for the TD.

Their final tally came on a pass play from quarterback Gerald Maez to end James Sanchez.

The outstanding lineman for the Grizzlies was Luis Sandoval who constantly broke through the line to throw the enemy for losses.

All the Grizzly players making the trip saw action at one time or another throughout the game.

CARRIZOZO SENIORS DEFEAT UNDERCLASSMEN

In a game played Wednesday afternoon the Carrizozo Seniors downed the Underclassmen by the score of 14-0.

The seniors' first score came on an end sweep by L. Nowell in the opening minutes of the first quarter. Billy Payne went over for the extra point. No further scoring was seen in the first quarter.

Early in the second quarter the seniors again threatened but the stubborn underclassmen held for downs and took over. In the closing minutes of the second quarter a fumble by the seniors deep in their own territory almost cost them a TD but after a few plays the underclassmen were stopped inside the seniors' 10 yard line.

The third period saw lots of action on both sides but there was no scoring.

Early in the final quarter the seniors led by the fine running of J. Nowell and a pass from L. Nowell to L. Ortiz set up the final TD with Lonnie going around-right-and-for-the-score. Jessie ran a guard hole for the extra point.

The seniors had possession of the ball deep inside the underclassmen's territory when the final gun sounded.

INSIDE THE CAPITAL SECRETARY LISTS SUCCESSORS ERRORS

Last spring the legislature took away from the secretary of state the job of indexing the session laws and gave it to the legislative council.

In what seems to be a reply to the legislature the secretary of state has issued a bulletin for public distribution. It says: "In the 1957 session laws index, compiled by the legislative council service, the following errors have been noted—"

And then it goes on to list 34 errors.

NOGAL NEWS

By MRS. RALPH DUNLAP

Mr. and Mrs. Sam Cox were called to the bedside of Sam's father, J. L. Cox, Thursday evening. At last word, Mr. Cox was improved and sitting up in a chair.

Mrs. Alice Skinner and Mrs. Blye Cox were Roswell callers Thursday.

Mr. and Mrs. Joe Pierce took an extended trip of 3,000 miles via Hobbs, through Fort Worth, McKinney and Santa Ana, Tex., sightseeing and visiting. Mr. Pierce had a check-up on his leg at McKinney and is on a 23-day leave from the hospital.

Raymond D. Swope was called to Melrose Saturday by the death of his stepfather.

Mr. and Mrs. Melvin Fyfe and family and Janet Greer were week end visitors at the Lester Greer home in El Paso.

George Wardell reported an unsuccessful elk hunt in Colorado. The hunters quit early due to the severe cold and wetness.

Mr. and Mrs. Homer McDaniel returned home Saturday from Flagstaff. They reported their granddaughter, who suffered a concussion from a fall, still has headaches and is under a doctor's care.

Mr. and Mrs. Hank Means have purchased the J. B. White home up Nogal canyon. They moved into their new home last week.

Albert Carter of Tularosa visited his daughter and family. Mr. and Mrs. Randall Greer. He traded his car for a used Willys station wagon and is very happy with it.

Ranchers on Nogal Mesa made a shipment of cattle Saturday.

Mrs. Grace Comrey is the proud owner of a new deep freeze, as are the A. P. Sittons.

There was a very good turnout for the delicious family night supper at church Sunday. Ben Pfingsten was surprised with a birthday cake. He is 57 years old. Everyone enjoyed Rev. Wm. P. Lytle and are looking forward to his next visit.

Walter Snell is on his three weeks' leave.

We wish to take this means of welcoming our newlyweds, Mr. and Mrs. Clark Collins. He is employed by the State Highway Department and is working on Highway 385 improvement into Nogal. Clark and Patti were childhood friends when they lived in Grady. They are living in their trailer house on the Wells place.
