Bid Awarded for Filtration Plant

A. A. Brooks, Carrizozo contractor, has been awarded the contract for the town's new water filtration plant. His bid of \$39,375 was the lowest of five submitted.

Other contractors bidding on the filter plant, complete in place and in operating condition, were the Budas Co., Las Cruces, \$41,650; Brodie, Enix Constr. Co., Amarillo, \$48,799; E. M. Silver, Albuquerque, \$58,000; and Utilities Constr. Co., Roswell, \$56,100.

The engineer's estimate for the plant was \$41,427. All bids were accompanied by a bid bond in the amount of \$5,000. Completion date for the plant is August 5, 1958. Parts for the plant are built to specifications and the manufacturer will not guarantee delivery in less than 20 weeks after receipt of the approved drawings.

In other council business Lt. Col. John J. McCarthy discussed police procedure regarding Service personnel and citizens.

A traffic hazard caused by parking trucks on Highway 54 between the Park motel and Petty motel was discussed and the trustees voted to place signs "No Truck Parking" at this point.

It was also voted to make E avenue to Fifth at a 25-mile zone and put up two caution signs at the hospital.

The meeting will have a serious side, with two films shown on safety.

The business session will be in the Junior High School auditorium, starting at 7:30. Refreshments follow in the school lunch room.

Parent Fined for Curfew Violation

Because her juvenile daughter had violated the Carrizozo town curfew ordinance on two occasions, the girl's mother was fined \$5 in police court Monday afternoon.

The juvenile was picked up by Patrolman John Connell on a Carrizozo street Sunday evening after 10 o'clock in the evening. She was in the company of a youth over 18.

Officer Connell turned the girl over to the custody of Manuel Chavez, probation officer, who took her to her home.

Monday morning a complaint was filed by Officer Connell against the mother of the girl, charging violation of Town Ordinance 49 (Sec. 2) the curfew ordinance.

Appearing before Police Magistrate John Mackey the girl's mother pleaded not guilty, due to ignorance of the curfew ordinance.

Probation Officer Chavez was called as a witness. He told the court that in his presence Officer Connell had advised the girl's mother that she would be fined on if she permitted her daughter to again remain out after the curfew.

After the probation officer's testimony, Judge Mackey assessed a \$5 fine.

Family Returns to Omaha Following Highway Tragedy

Mrs. Genevieve Lee and two children Linda and Mike, of Omaha, Neb., returned to their home by plane from Carrizozo Tuesday morning.

The three were survivors of a car wreck last Saturday morning, 1.3 miles south of Carrizozo which claimed the life of the husband and father.

A plane from the Cutter-Carr Flying Service of Albuquerque took off from the Carrizozo airport with the three members of the family as passengers, as well as Ted Lacey, a nephew, of South Bend, Ind., who had come here following the accident.

Mr. Lee was instantly killed when a left rear tire on their Ford station wagon blew out, and Mrs. Lee, who was driving, lost control. The car swerved across the highway, went off the pavement and overturned when it struck a ditch. Mr. Lee was thrown out and the car rolled over him.

Linda Lee, 10, a daughter, sustained a broken left leg and bruises; Mrs. Lee was cut and bruised, but a son Mike, 11, was unharmed.

The injured were brought to the Carrizozo hospital. Mr. Lee's remains were shipped home on Monday by the Shaw Mortuary.

Before leaving for her home Mrs. Lee expressed her heartfelt thanks for the many kindnesses and courtesies extended her by the people of Carrizozo.

The family was returning from a vacation trip to Tucson and Phoenix. They planned to move to Arizona in the near future for the benefit of Mr. Lee's health, the News was informed.

The fatality occurred at 4:40 in the afternoon of January 4. In another accident the day before, 3 miles south of Carrizozo on Highway 54, a large house trailer overturned in the middle of the highway.

The trailer was being pulled by a 1955 Pontiac. When the left rear tire blew out, the driver, Charles E. Greene, of Indianapolis, Ind., lost control and the car went off the highway on the left side and overturned.

Mr. Greene's wife was a passenger in the car. Neither was injured. Damage to the car was estimated to be about \$300. Both of the town's wrecking cars were called out and the car and trailer were towed to the City Garage.

Icy Highway Causes Four Cars to Collide

An icy condition on Highway 380, 25 miles west of Carrizozo Saturday evening caused damage to four vehicles.

The driver of a pickup owned by Ruidoso Downs, stopped on the highway to install chains. An approaching car, driven by Jacob Bechtold of Midland, Texas, failed to stop on the ice and collided with the pickup. A third vehicle, a Price's Creamery truck, pulled up and was in turn struck by a fourth car driven by E. T. Blake of Dallas.

All of the vehicles were able to proceed except Bechtold's car, which was towed in. All turned in accident reports on their arrival in Carrizozo and the mishap was checked out by State Patrolman James Clayton.

NORTHERN POLITICS FRONTING FOR DEMOS

Santa Fe, Jan. 8—A group of a dozen northern New Mexico county chairmen and political workers are presently fronting for the state's 240,000 registered Democrats.

The Spanish-American leaders who met in Albuquerque in December and have another session slated in Santa Fe at the end of this week, are in a fair way to set the pitch of the Democratic campaign of 1958. They are the only group operating in the party.

Their Albuquerque meeting was proclaimed in big head lines and accorded great significance just a few days after the party's formal executive committee failed to produce a quorum in a meeting at Santa Fe that wound up in a dismal flop. Those who did attend didn't do anything much beyond criticizing the chairman for calling the meeting.

Those who did attend didn't do anything much beyond criticizing the chairman for calling the meeting.

THEIR PLATFORM IS PRACTICAL

The northside leaders are driven by a desire to recover the state jobs lost in the defeat of Democratic Gov. John Simms in 1956 and a further desire to bring Sen. Dennis Chavez and some of the other primary hopefuls to terms.

The purposes are practical for those involved although perhaps strange to Democrats who aren't professional politicians.

The effectiveness of a public campaign based on such purposes would seem to strain even the five to two superiority that the Democrats enjoy here over the Republicans.

THE ONLY GROUP DOING ANYTHING

The astute politicians of the north moved into the position of fronting for the party at a time when the organizational structure had practically collapsed.

As the only organized group functioning in the party they stand to be in control for some time.

WILLING TO RUN IF GIVEN MOKEY

Democrats seem intent this time on bringing out the private side of politics.

Campaign money for instance: Chief Justice Eugene Lujan of the supreme court told reporters the other day that those wanting him to run against Senator Chavez would have to put up a considerable sum of money to justify his leaving a \$15,000 job on the court which has three years to run. A price on his service as a candidate.

Ingram Pickett, the corporation commissioner, said he was in need of more "hate" money to finance his campaign for governor. He referred to a published account of his earlier campaigns having been paid for by those who hated other candidates.

Ernie Tucker, the Demo state chairman, has been telling that he will run for governor if given enough money.

There seems to be quite an opportunity here for investment.

LADY DEMOCRATS WANT A PLACE

There is also woman trouble in the party. Glna Allen of Las Cruces who was not invited to the December meeting of the Demo executive committee told the press:

"I think it's about time the Democratic party in New Mexico stopped trying to operate as an exclusive men's club and welcomed women into its ranks."

The statement was remarkable in being almost identical with what Lyn Rodgers of (ugh) Truth or Consequences said when she resigned the same post sometime earlier.

KIND OF LATE FOR FUMBLES

It's getting kind of late in the game for continued Democratic fumbling. With public opinion all over the country moving toward the Democrats and the lop-sided majority the party has here it would seem that all would be rosy but it is not.

The break-down of the organization and the fighting within the party against Senator Chavez and others could lead to losing more than just the governor's office.

Shooting Scrape to Have Day in Court

Dale Prins of Mesalero has been bound over to district court under \$2500 bond. He is charged by the sheriff's office with being drunk and threatening to shoot one of the passengers riding in his pickup.

Following an investigation which was completed December 29 by Deputy Sheriffs Jack Roberts and Frank Barajas, Sheriff S. M. Ortiz said the following information had been gathered:

On December 6, four Mesalero men, Dale Prins, Virgil Chee, Leroy Big Rope and Clario Pena took a half day's joyride in Prins' car. They bought beer, wine and whiskey at several bars along Highway 70, from Mesalero to San Patricio.

Prins got into an argument with one of his companions and drew a revolver. In attempting to disarm him Big Rope grabbed for the gun and was shot thru his right hand. Another shot fired went into the knee of Virgil Chee. Pena was uninjured.

Prins took the injured men to Mesalero Hospital where Chee was released shortly afterward, but Big Rope was a patient for a week.

The investigation of the incident by the Lincoln County sheriff's office disclosed that (1) Prins had been brought into Federal court in Alamogordo before the U. S. Commissioner and released; (2) that the shooting did not take place on the Mesalero Reservation, but was on Highway 70 between Green Tree and Hollywood.

A preliminary hearing was held in Lincoln County December 6 before Judge Alton Gray in Green Tree.

Three cases are on the district court docket for jury trial beginning January 27.

One is a civil case, Chas. J. Harold, plaintiff, vs. W. S. Ranch Co., defendant. Geo. L. Zimmerman is the attorney for the plaintiff and Hervey, Dow and Hinkle for the defendant.

Two criminal cases are those of the State of New Mexico vs. Elmer Gray and the State vs. Bill Shaw.

In district court last Friday, Judge W. T. Scoggin presiding, Cirilo Balderama pleaded guilty to a charge of driving while intoxicated. He was placed on probation for a year and fined \$150 probation costs.

In a contested child custody case, Iris Head, plaintiff, vs. Geo. Head, defendant, the court awarded custody to each parent for equal periods of six months each.

Announce Starting of 1958 ACP Program

The Lincoln County ASC office announced this week that all farmers and ranchers who wish to carry out an ACP practice for cost-share payments for the 1958 program year, may sign up any time before they wish to start the program.

It is required that the participant must fill out an application before work is started, if payment is requested.

The Soil Conservation Service is responsible for all stakeholders and supervision on all producers who request cost-share payments. The SCS is also responsible for other practices which are not technical, as listed in the county handbook.

Contact your Lincoln County ASC office for practice specifications or further details for participating in the 1958 ACP program.

Valencia county Demo chairman, has gone to work for the highway department at \$600 a month. . . Johnny Walker who said last month that he was going to run against Senator Chavez in the Demo primary has been resting ever since. Some observers say they will believe Walker is running against the senator when Walker starts blasting him. . . Corporation Commissioner Johnny Block and Ingram Pickett softened and let Jim Lamb have the chairmanship for 1958. It was his turn in 1956 but they made him wait.

SUPREME COURT AT LOW POINT

The supreme court was at a low point the first of the year with Justice Dan Sadler down with a heart attack, Justice Jim McGhee in the hospital with a minor ailment, Justice Henry A. Kiker in continued ailing health, Justice Lujan talking about getting out and running for the senate, Justice Cleve Caspion, as far as anybody knew was carrying on.

All the justices are eligible for 1958 a month retirement. Only Kiker's term expires this year.

Ramblin' Around Lincoln County

(An interview with Arthur Lloyd Hulbert of Lincoln, N. M.)
BY A. LLOYD HULBERT

In my two and a half years in the Old Abo mine I shoveled a lot of ore—37 tons of it in one shift, which they claimed was some sort of a record. Twenty tons was considered a good day's work.

I worked as a fireman for eight or ten months at the Old Abo mill after D. L. Jackson lost two fingers when a steam pipe broke on one of the big boilers. D. L. was back to work in about six weeks, but I stayed on an extra man.

I'll always remember the first Fourth of July that I spent in White Oaks. The Old Abo mine was not working at the time. John Y. Hewitt and Walt Hoyle, the owners, came to some of the young miners and told them they would like to see a bagpup celebration of the Fourth and if they would climb down to the 800-ft. level they could have all the dynamite, fuse and caps they wanted to use in celebrating the Fourth.

A bunch of the boys went into the mine and carried out, I imagine, fifty pounds of dynamite and fuse and caps to go with it. They had their celebration on what was called Rocky Peak, just east of the schoolhouse. They would take half a stick of dynamite, put caps and fuse on it and throw it up into the air. They played all day with the dynamite and nobody got hurt.

White Oaks was a town of around 1500 people in 1900, with twenty or more business houses. As I remember, along the west side of the street there was the blacksmith shop of Charley Mayer, the Tailor's Trading Company, Paul Mayer's livery stable, Shinnings' saloon, and poolhall, the Exchange bank, Ziegler Bros., E. T. Collier's grocery store, Silas May's saloon and poolhall, Sol Wejner's clothing store and Brown's second-hand store, candy store and post office. Mrs. Gallagher had her boarding house in a one-story brick building. The Old Abo Eagle newspaper was printed in a building owned by a Frenchman named Fauvais. Above that the Gums had a planing mill.

On the east side was Bonnell's opera house and Dr. Paden's drug store. A photographer by the name of Kock was also the undertaker. Ah No, a Chinaman, had a good laundry business. There was Taylor's hardware in a building that is still standing. Mrs. Lesnett had a boarding house. The bakery had its own building. Treats ran a butcher shop. His son is now a wealthy sheepman of Roswell.

The old Osane hotel was a two-story brick building. Mr. Osane had the stagecoach line that ran from White Oaks around the head of the Mal Pais to San Antonio. It was a two-day trip each way. Mrs. Brothman had a boarding house on the east side of Main street.

Shows at the opera house were mostly local talent and there was usually a dance on Saturday night. I didn't go to the dance very often but one night when I did go, Jack Barnes, a friend of mine that I had worked with at the granite plant, got

into a fight with some out-of-town railroad construction workers and was killed.

White Oaks' two churches were the Methodist and the Congregational—one on the east side of Main street and one on the west side. The churches were well attended and there was always a big crowd at Sunday school.

White Oaks also had a shoemaker, an Italian named Capavanna. He was married and had a family. One of his boys was called Natche, a little younger than I was.

I left White Oaks in 1902, coming to our ranch at Lincoln. We ranched there until we sold it to the railroad company in 1923. I stayed out, farming the place on a lease.

I was married in Alamogordo August 24, 1912, to Mollie Ann Libby. They came to Lincoln county in 1902 from Robert Lee County, Texas, and bought what is now part of the Charles Fuller ranch.

We had four children, three girls and a son. Our oldest daughter Frankie, Mrs. Red Ramsey, is teaching at Mesalero; our son, Alfred Lloyd Hulbert, is in Yuleta, Texas, where he is an engineer with the Reclamation Service; the second daughter, Mrs. C. A. (Edith) Womack, lives in Albuquerque; the third daughter, Mrs. W. (Ada) Whitlock, and her husband and family live in Capulin, where he is in road construction work.

I have three sisters living—Mrs. W. H. Orme-Johnson of El Paso; Mrs. E. R. Province of Capitlan and Mrs. G. T. Lindly of Tempe, Ariz. My youngest sister married into the same family that I did. My wife, Mollie Ann, was next to the youngest in the family. My sister's husband, George, was an older brother of my wife.

My home is now with my daughter and her husband, Mr. and Mrs. Red Ramsey. Their home here in Lincoln used to belong to the Ike Ellis family and was one of the first built in old Lincoln. Grandmother Carmenita Miranda, now over 90, was born in this house in the early 1860's.

The Ellises had a store in the house in the early days. It is said that Dad Pepin bought the kerosene at the Ellis store that he used to start the fire at McSween's house that smoked out Billy the Kid and his gang.

The Ellis house has adobe walls 24 inches thick. The rooms have a beaded ceiling. Above that are logs and 1 x 12's and three feet of clay for the roof. Six of the 11 rooms in the original house are 16 feet square. The doors are hand-made and some of the windows still have their original hand-blown glass panes.

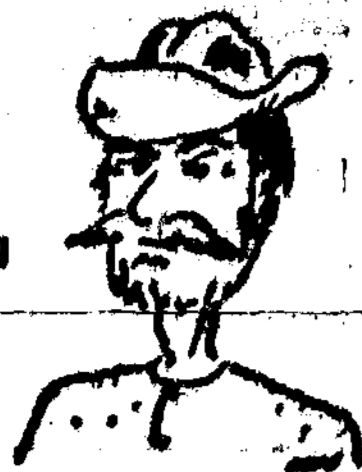

Dr. J. W. Laws bought the Ellis place about 1905 and started a TB sanitarium. He added a large extension on the rear, a 55 x 22 foot living room. Dr. Laws also moved the Ellis grain mill from the creek and made it into a 6-room annex for the nurses' quarters.

Dr. Laws sold the property in 1912. The Ramseys bought it in 1946.

The End

Water storage in Elephant Butte dam as of January 5 was reported to be 77,970 acre feet, compared to 28,388 acre feet a year ago. Cabelle's storage as of 1957 began with 12,265 acre feet.

The principal causes of boredom and fatigue are people and work that are uninteresting or unpleasant, or both, of which there are, respectively, many and much.

The man who wishes to avoid getting all tangled up had better beware of the clinging-vine type woman.

"Man Arrested for Driving Car 60 mph While Kissing Girl."—Headline. A man who kisses a girl while driving 60 mph and doesn't wreck the car is a much better driver than kisser.

A noted athlete has written proposed last rites for an athlete. It is wondered why he proposed a sendoff for a person who is "all dressed up and nowhere to go."

"Streets and highways are more dangerous than jungle trails," says an explorer. Yes, indeed. The animal most dangerous to men is the reckless motorist running wild.

It's a great pity that management and labor don't stand shoulder to shoulder instead of toe to toe.

It cannot be denied that some of our scientific and technical ingenuity is being wasted, as, for example, in the case of the genius who invented an electrically operated toothbrush.

News Notes From Along the Bonito

By LOUISE RUNNELS

We were all ready for the snow—about eight inches that fell on the Bonito Friday night and Saturday. Yea, Arvel and the boys cut lots of wood for us. Fred Sweet thought we had a storm brewing and got out and found himself a jag of "blotch knots." Tommy LaMay was ready for a snow, and Allice way up the canyon has plenty of wood. Roy LaMay and Mary Helen were over the hill to see us. Roy said he had to get home and get wood, but with one of those keen saws it doesn't take long.

The Roy LaMay family had a real nice Christmas, with 16 for dinner at their ranch home. For a New Year's treat they went to visit J. B. and Orne Morris on their farm near Rolls, Texas, where they had a jolly good time—lots of good food—and met some nice Texas folks. Before leaving for Texas, Roy, Mary Helen, Judy and Jeanette attended Bert and Ora Pfingsten's 35th wedding anniversary open house at the home of Mr. and Mrs. Bill Shreengost.

Roy and Mary Helen LaMay have had visitors from Montana lately. Peggy and Jim Weese and sons Ronnie and Ricky from Canyon Ferry, Mont. They visited Peggy's parents, Paul and Ruth Aguayo, at Belen, and came on through Lincoln county visiting relatives and at La Luz they visited Mr. and Mrs. Harry Aguayo. They went through the Carlsbad Caverns and to Juarez and El Paso while on their tour.

Jay and Vi Keeth who lived near Bonito Dam for awhile and live in Carrizozo now spent their Christmas holidays in Roswell with relatives.

LeRoy J. (Jackie) LaMay is overseas now. His mother is having the Lincoln County News sent to him. His address is LeRoy J. LaMay, FA 489-95-39 M. Division USS Fulton (AS11) care of Fleet P O, New York, N. Y.

Sunday was a wonderful day to be out. From Bonito to Ruidoso the trees were beautiful with all the snow on their branches—they stood so still and seemed content. We drove to the Ruidoso ski course. The children took their saucer sleds, but they didn't go so good. Skiing we saw Leck Lane, Wade Hedrick, Dr. Vanderstock and his children (Dr. Vanderstock is really good, by the way), Mr. and Mrs. Long from Hollywood and daughters, and Carol Ann Harris from Green Tree. Mr. and Mrs. Kent from Ruidoso were also out getting exercise. Lewin Perry from Glenoco was watching the skiers. There were lots more folks enjoying the fresh, clean air, at about 20 degrees, as they stood by the fire. The skiers kept the ski tow busy and the audience laughing about the variety of spills. We (Lloyd and Irene Coe, son Montie, Billy and Bobby LaMay, Louise and sons Benny and Robert) decided to take a toboggan ride behind the jeep. We tied a couple to-

boggans behind and off we went down Paradise Canyon near Ruidoso.

The only car we met was Lawrence Peebles, wife Doris, and Charlie Peebles. It was good to see Charlie out and about and, too, the big new truck Lawrence was driving looked good. On down the canyon, after snow flying high at times, it was nice to run in on Bonnie and Danlle Coe and get warm while she treated us to hot chocolate and cake, which made our ride perfect. Joe and Terry were out somewhere with friends, riding sleds.

Wynema, Toni, Pam and Jerry Tully visited on the Bonito Friday. They went to the New Year's parade in El Paso. Toni Tully is in the Ruidoso band that marched in the parade. Wynema had fun doing some shopping to dress up her home, while in El Paso.

Francis Hutchinson, one of our good neighbors of former times, writer from Alamogordo to say hello to all the Bonito folks.

Anna Mae LaMay and Louise Runnels went to the PTA meeting in Capitlan. Dr. Victor S. Glover, optometrist, gave an interesting talk on visual training for children and showed examples of the way they train children—which is a new field in perfecting better visual perception, in younger children especially. Mrs. Bill Hall and Mrs. Lee Smith served refreshments of cookies, cake and cold drinks. Bud Darling said school attendance was good at the beginning of the New Year, in spite of the bad weather we've had.

(Too Late for Last Week)

Sunday night before Christmas, Anna Mae LaMay and I took our little "broods" over to Nogal to their Christmas program. Mrs. Roselli presented a real nice program, with pupils in the Sunday School classes, about the birth of Christ. Mrs. Bill Nickels of Carrizozo beautifully played "Silent Night" on her violin, accompanied by Mrs. Donna Zumwalt at the piano.

Mr. and Mrs. Pete Rowden at Bonito Lake had Christmas dinner at their home. Eugene and Klea Brown from Nogal Lake and Mr. and Mrs. Bill Thomas, caretakers for the Bryan Cazlars, joined in the "weed turkey" dinner.

Mr. and Mrs. R. J. Nanco and son Raymond and Mr. and Mrs. Ivor Ingwall from Albuquerque drove into the Boyd Lucas farm around 9 Saturday morning and spent the day (except for an hour or two visit with Mr. and Mrs. A. N. Bunnels. Then back to Albuquerque that evening.

Karen Haley from Capitlan is spending a few days with Boyd and Lena Mae Lucas at Angus. Karen likes to gather eggs with Boyd—300 a day is a lot of pickin', huh Karen? Then there are cows to milk and chickens to feed. That's fun for 10-year-

old Karen.

Allice Lindamood from Alto City was a visitor Saturday, too, at the Lucas home. Lena Mae tells me they have seven turkeys for sale—five gobblers and two hens. The price is \$6 for the gobblers and \$5 for the hens.

Way on down the Bonito—at the end of the road where some of the nicest folks in Lincoln County live—there was a happy and cheerful day at the home of Mr. and Mrs. Gil Peters. Opal, Lamoyne and Glenda Peters and Boyd and Lena Mae Lucas were there. The Lucases are now enjoying a TV.

Cliff and Lucille Zumwalt from Carrizozo were Sunday visitors at the Gil Peters home.

Mr. and Mrs. Fred Whitley from the Nazarene camp at Angus went to Albuquerque for the Christmas holidays with Brother Gunstream (Mrs. Whitley's brother-in-law). Which reminds me of what Mr. Gunstream told me one time about his name. He said a little boy couldn't think of it, so just called him "Mr. Pistol Creek."

Jill Young had a bad cold this week end but had company just the same from El Paso—Mr. and Mrs. Joe Meek and daughter Anita. It "heped" Jill a lot because Mrs. Meek just came in and took over and cooked dinner and made the day real cheerful. When it's convenient, Mrs. Meek plays the piano for the Nazarene church in Capitlan, and that she did this Sunday. Wilma June, Anita and Mrs. Meek (Allice) sang "Precious Lord Take My Hand," which was a special number.

The Youngs are doing some redecorating in their home at Angus. A utility room is now finished. Jill is glad it's done, but she says "My living room is my never-ending joy, with our fireplace, plate glass window and TV."

Wilma June showed me a real good looking slack suit and more new clothes Santa brought her, and gloves which we all need (Louise gave herself a pair).

Johnny Dale Hayes, the Barney Hayes' son, came home from Germany the 19th of December. They are enjoying having him back with them. All the little Hayes, Sharon, Sandra and Kent, have gone to Lovington to spend the week with their sister, Betty Jean Millsap, and family.

We hear that Barney Hayes sold the old Skinner place to Howard Barton at Tatum. The Bartons may be our new neighbors as their little son isn't too well and this climate is much better for him.

Charles and Eula Corder are in Corpus Christi for the holidays, visiting Eula's parents. They should be home before the 6th of January. All their neighbors will be glad to see them and have them back.

Bobby Pfingsten, Ronnie McDaniel and Ben Pfingsten visited on the Bonito during the holidays. Ben was real happy with all the nice gifts "Santa" had given him. He especially enjoys an electric blanket.

Mr. and Mrs. Tommy LaMay and family went to Morenci, Ariz., to spend Christmas with Mrs. LaMay's parents. Montie Coe went with Charlie Stearns, who had been visiting his sister, Irene and Lloyd Coe. Frank Stearns has been in New Mexico and Arizona visiting too. He has been staying with his uncle in Artesia and going to school. Now he will finish this next term at Capitlan.

We haven't been able to catch up with Tom Bragg since he had his birthday, but believe he and daughter Bertha and husband Lester from El Paso had Christmas with the Randall Greer and Frye families in Nogal. Tom is visiting the Greers in El Paso for a while.

Allice Wright spent Christmas day with her daughter Donna Jean and family in Ruidoso. Mr. and Mrs. Bailey from Eagle Pass, Texas, were with them too.

Eva and Doc Foreman from Ruidoso and Dan and Dad Lynn Storm came on Christmas eve to spend a few jolly hours with Arvel and Louise Runnels and family. Then on up to Granddad Runnels' house, where Jim Byler played Santa for the little ones. Only two could be fooled—Darnle Coe and Marylou Runnels. Santa "purtneez" scared them but they were soon happy with little dolls and noise makers. Jim couldn't help his appearance, what with a suit that sagged here, bagged there, and a mask that was "well spent." Gotta save my dime and get a new suit next year for sure!

Fred Sweet Sr. spent Christmas in Alamogordo with his son Fred Jr. and family. Fern Sweet, who is in school in Albuquerque, spent her holidays with her sister, Mona Jean Taylor, and family in Center, Colo.

Beverly and Linda Witham were welcome and mighty pretty visitors on the Bonito recently. Happy Morris was on the Bonito delivering gas for Keith Gas Co. this week.

Capitan Kittens Play Ruidoso January 9

By ROY HERRERA

The 7th and 8th grade basketball teams of Capitan will travel to Ruidoso January 9. The Capitan Kittens have a record of one and one so far this season. Prospects are looking good with some improved boys.

The remainder of the Capitan 7-8 grade basketball schedule is as follows:

Jan. 18—Carrizozo at Capitan
Jan. 25—Hondo at Capitan
The game with Tularosa was cancelled until an open date could be obtained.

The 5-6 and 7-8 grade football tournament will be held on February 7 and 8 at Carrizozo.

High School to Present Broadway Play

By RALPH VANCE

In an effort to present a production superior to the usual high school play, a cast of students from Capitan High School will stage the Broadway hit, "On Borrowed Time."

The performance is scheduled for 8 o'clock Friday night, Jan. 31, in the Capitan High School auditorium.

"On Borrowed Time" was originally produced by Dwight Deere Wiman, at the Longacre Theatre, New York by a host of outstanding actors. The television production was also televised recently over KSWB-TV, Roswell.

The cast chosen from Capitan High School are John Miller, Ralph Vance, Barbara McGrew, Penny McKnight, Jo Ann Marston, Judy Lockhart, Joe Freeland, Johnny Carabajal, Jerry Lora, Joe Smith and Roy Herrera.

Those who attend will be assured of a full evening of entertainment unique in high school dramatic presentations.

Game Scheduled With Roadkings

Unveiling, perhaps his greatest basketball team in the past 25 seasons, the Harlem Roadkings, Bobby Grund's mirth-provoking zany baqueteers tangle with the Capitan Merchants quintet at the Capitan gym on the evening of Jan. 19 at 2:30.

Winning games are a habit with the Harlem Roadkings and last season they hung up a record of 149 wins with but 7 losses and in that span ran up 58 straight victories before a loss. But turning the game into a circus of laughs, magic tricks with the ball and uncanny shooting is the trademark of the Roadkings.

And speaking of comedy, the hilarious Bob Holloway of the Roadkings, will again display his court jesters that keep the fans in an uproar throughout the game.

The Roadkings have also come up with a new, sensational "dribbler" in Sonny Mitchell of Louisville, Ky. Mitchell can make the ball do everything but talk and think, as he goes through his dribbling stunts.

The "rookie" of the year for the Roadkings was Ulysses Grant, 6 ft. 4 in. center from Louisville, just out of high school, a fine rebounder and picked up the clever routine of clowning with the Roadkings his first season. He is marked to become a great star.

Grund will surround Mitchell again with Chuck Duncan's defensive ability and two other talented ball players to give them another outstanding club.

If you have never seen a basketball game alive, attend the Harlem Roadkings' mirth-provoking show with their brilliant ball handling and skilled basket shooting.

Nazarene Churches Celebrate Anniversary

In every one of 4,500 Nazarene churches in the U. S. and around the world, special hymns, testimonies and sermons of praise arose at simultaneous worship services last Sunday, opening the denomination's golden anniversary year.

Heart-felt thanksgiving to God were offered by Nazarenes everywhere for the amazing progress of the past fifty years.

Since the Nazarene church started at a union service in a small tent at Pilot Point, Texas, on October 13, 1908, it has literally girdled the world with its message and slogan, "Holiness unto the Lord." It has become one of the fastest growing Protestant churches in the world.

Among the U. S. Protestant denominations, Nazarenes now stand 20th in membership, 15th in Sunday school enrollment and ninth in publishing house business.

The story of its growth is graphically told as follows: Membership has increased about 30 times -- from 10,000 to nearly 300,000 in 50 years;

Sunday school enrollment has increased nearly 100 times, from about 7,000 to 632,000;

Per capita giving has increased 10 times, from \$18.44 to \$183.77;

The value of all church property has increased about 340 times, from \$560,000 to \$163,703,000.

These figures include the 1957 calendar year.

'Tween Us Teens

By MARY (Ginger) NICKELS

The Carrizozo basketball team played Corona last Saturday night and the score was 69-50. Carrizozo won. Pretty good huh? Then there was the game Carrizozo played at Ft. Sumner, the score was 72-38. (According to Robert Firman.) Somebody goofed and it wasn't Ft. Sumner! On the way to Ft. Sumner, the boys from Carrizozo had to pull quite a few cars out of the snow. Too bad they aren't Boy Scouts. They'd be ahead on their good deeds!

Strickland? Being a world champion bare back rider isn't easy! Congratulations Charlie! Well, Susan Spencer went to Loretta last Friday. Well sure miss her around here but let's hope she'll keep in touch with us even though she is in El Paso!

And speaking of El Paso, Virgil Jiles has now left there to go to school in Louisiana. How about that? I'll bet he likes it down there!

Have you ever analyzed your community? Think for a minute. What is a community, anyway? It's a bunch of people living in a certain place who have the means to carry on their common activities. Just think, a community must have doctors, lawyers, teachers, servicemen, businessmen, housewives, ministers, editors, bankers and a whole lot of others. These people protect our property, our lives, our health. They maintain our peace with each other, and provide for all kinds of transportation and communication; they help to satisfy our need for religion and other things like recreation, beauty, fun and schooling. Communities are pretty nice aren't they? How does our town measure up? Are we offering these things? Will people want to move here from other places?

Have you ever thought of people in the big towns? They would give their "eye teeth" to live in a small town. Now look at the small town people. They want to go to big places. I think the people from the large towns appreciate little towns more than the people who live in them! Oh well, I suppose the grass is always greener in somebody else's pasture.

Just think, we know our first door neighbors! (Which is very rare for city people, as funny as it may seem!) We get to know our teachers; we have better service from the businesses because they know us and like us; we can do almost anything we want to because there aren't a million people wanting to do

Annual Doll Show to Be Friday, January 10

By SELMA TEAGUE

We are all thankful to be back in our respective rooms with our school children after a safe, enjoyable vacation with our families.

Our annual doll show given by Mrs. Baker will be held in her First Grade room Friday, Jan. 10, at 9 a.m. So girls and boys too, bring your new and old dolls to this big doll show. The more dolls we have to enter the show, the better prizes each doll winning in the various classifications can receive.

There will be several classifications of dolls included in the following divisions: (1) The largest doll, (2) Smallest doll, (3) Most beautiful lady doll, (4) Cutest baby doll, (5) Cutest boy doll, (6) Most unusual doll and (7) Prettiest bride doll.

Mrs. Eaker has a new pupil in her First Grade room, Richard Roberto from Massachusetts.

Mrs. Bishop has a new girl in her First Grade room named Christine Waller from Japan. Her father is with the U. S. Army at Red Canyon.

Mrs. Bishop's First Grade children are now writing their numbers to 50 and can add their addition combinations up to 10. They can also print the large and small letters of the alphabet.

Mrs. Harris reports a new pupil in her Second Grade room, Rosalene Sanchez from Las Cruces. All of her children are back in school except Sharon Willamson who is yet vacationing in San Antonio, Texas.

Mrs. Wilson reports a new pupil in her Third Grade room, Rita Sanchez, from Las Cruces.

Miss Minnie Nell reports the loss of Bobby and Ernest Otero to Belen.

Mrs. Pherigo reports Mike Peralta is back in school now, in her Fourth Grade room after having been absent several days with a broken arm he received when he fell out of a truck.

Mrs. Ferguson reports her Fourth Grade pupils are learning about our fair State of New Mexico in a Social Studies Unit. They are learning about our flag, State flower, bird and tree. They have some pretty drawings of our State Flag displayed in their room.

Their salamanders which they have been studying about in their science unit, are hibernating this week.

Mrs. Pairsh reports a new pupil in her First Grade room, the same thing! We aren't so bad off are we? As a matter of fact, I think we're mighty lucky to live in a small town. What do you think?

See you next week.—Ginger

The election was at a Parents Night meeting of the 4-H Club January 2 and followed a ham supper in the recreation room.

New members signing up for the coming year were Sue, Patsy and Janie Sharp, Dick Bagley, Jerry Bussey, Pearl Proctor, Ann Preston and Rand Perkins. Any one interested in joining should see one of the club's leaders.

Outstanding awards for 1957 were presented to Marietta Sultemeier, Home Department I; to Bill Hays, best meat animal, and to Badna Proctor, gardening, a \$15 gift certificate from Sears Roebuck Co.

Mr. and Mrs. Charles Porter Jr. and their four children from Las Cruces were visiting his mother, Mrs. Lucille Porter, and other relatives and friends in Corona the past week end.

Mr. and Mrs. Ralph (Pete) Porter have leased the Corona Service Station from Mrs. Gertrude Allen, and took possession January 1.

Film Sponsored By Future Teachers

The Future Teachers of America group in Corona High School are sponsoring a film entitled "A Desk for Billie."

The time is 12:30 p.m. Wednesday, Jan. 15, in the auditorium. There is no charge and everyone is invited.

This film is especially interesting to parents of school children.

ANCHO

Mr. and Mrs. I. V. Payne and children of Carlsbad spent Christmas with Mrs. Payne's parents, the B. A. Hightowers.

The Ancho Sunday School gave a very interesting program December 22, under the supervision of Mrs. B. A. Hightower. Due to illness several numbers had to be omitted.

Mr. and Mrs. Price Miller and Jim were Alamogordo visitors during the holidays. They were guests of Mr. and Mrs. John Dale Jr. Also guests of the Dales were Mr. and Mrs. William Cathey and family of Puyallup, Ore., and Mr. and Mrs. A. W. Drake of Roswell.

Albert Carter of Nogal was an Ancho visitor. He also visited the Straley Brothers Truck Terminal.

In speaking of the Straley Bros. Truck Terminal, this writer can vouch for the excellent food served in the cafe. Those tender steaks are unsurpassed.

Leon and Gary Elliott were visitors in Ancho Saturday from Lubbock. The heavy snow delayed their return trip.

The Dimas family were in Santa Rosa visiting Mr. Dimas' parents.

Mrs. June Straley went to Las Cruces Tuesday of this week.

Mrs. Jackie Silvers, daughter Mrs. L. Y. Jackson and children visited Mr. and Mrs. A. Copeland and Debbie Ann last week end. Mr. and Mrs. Montreal were pleasure visitors in El Paso last week.

Mr. and Mrs. Fidel Sanchez were recent Tularosa and Duran visitors. Natlo Palomarez and Viola Lopez have returned from Morenci, Ariz., where they visited Viola's parents, Mr. and Mrs. Fred Lopez and other relatives.

Baptist WSCS To Study Japan

The Women's Society of Christian Service in Carrizozo is sponsoring a study of Japan, beginning January 12. The study will be about Japanese Christians in their churches and in their communities.

The Bible quotation from the first chapter of the text is fitting: "When two or three are gathered . . . and is encouraging to the Christians in Japan, for they number only a half of 1% of that country's 90,000,000 people."

This matter of two or three meeting together is the critical aspect of the study of the Cross and Crisis in Japan for it is obvious that if a relatively small per cent of the Japanese had not endured the cross and borne it through the crisis there would be no church in Japan at all.

Mrs. Lola Vandergriff will lead the adult study of the Cross and Crisis. Mr. Clegg will lead the young people in a study of ten Japanese Christian leaders.

Dorothy Ditterline will have the juniors and primaries and has prepared interesting material for them. Some interesting films have been sent by Bro. Bryan Hall.

These sessions will be from 6 to 8 every Sunday evening, with refreshments following.

Mrs. C. L. Hodgins, secretary of missionary education, invites all to "come and make this a broadening experience in our mission program."

January 15 Deadline For '57 Estimated Tax

Taxpayers making quarterly payments on individual estimated income tax should mark Wednesday, Jan. 15, on their calendar, according to Evan S. Lloyd, acting district director of the Internal Revenue Service.

January 15 is deadline day for paying the final installment on Mr. Taxpayer's estimated tax for 1957. Also, it is the last chance to amend a prior declaration of estimated tax return to avoid possible penalties for under-estimation.

Hibernation is almost—but not quite—death. A woodchuck, for example, normally breathes about 35 times a minute. When winter comes, the rate jumps to 100 times a minute. But in hibernation, his breathing is five minutes out of every 30. The pulse drops from an average of 70 to four or five beats a minute. The National Geographic Magazine says:

Teenager Recommends Old Fashioned Recipe

By Mary Nichols in the El Paso Times

The article I am sending you is just one teenager's point of view and I thought I would like to express it. I am the editor of our school newspaper, and have a weekly column in my home town paper. (I am 15 years old.)

Have you ever given much thought to westerns—and why they are so popular? It isn't always the six-foot hero with the football shoulders who attracts watchers. These westerns take you back to the days when men were men. They take you back to the days when the morals of the youth were more strict, too. This I think, is actually what attracts us to westerns, whether we realize it or not.

Of course, in many ways, the people of that day were too "straight laced." However, I think we might be able to look at this bygone era, and be aware of the fact that most of those young people, as funny as they may seem to us today, did not lose sight of their perspective. They stayed on the straight and narrow path, and never for a moment decided to do something just because no one was watching them.

In my estimation, the youth of today should try the same recipe. There will always be someone who will say, "He does it, so can we." It doesn't matter what someone else does. It's you and what you know is right.

Remember, there will always

There is always a sincere welcome from us at our services. Regardless of race, color or creed, come and worship with us if you do not attend another church.

Our theme for the morning worship service Sunday will be "Missions in the Book of Romans." We have a mission to proclaim the Gospel of Jesus Christ to all peoples of the world. The Methodist Church is a great missionary minded church. The sun never sets on the Methodist Church and her work for the Kingdom of God.

Our church-wide missionary study of Japan starts this Sunday evening at 6 p.m. There will be a class for every member of the family.

We will have our organizational meeting of the Methodist men Wednesday, the 15th, at 7 p.m. The ladies of the W.S.C.S. will serve a supper for \$1 per plate. This organization will be opened to all men who are interested in the work of the Methodist Church. There will be more about the Methodist men in next week's news.

Tigers Win from Corona, Hondo

By JERRY LOSS

The Capitan Tigers traveled to Corona Friday, Jan. 3, and collected their first victory of 1958 as they blotted the Corona Cardinals by a score of Capitan 68, Corona 51.

The game progressed at a very slow rate in the first quarter and the score was as close as possible as the buzzer sounded with the score 9-9 at the close of the first period of play.

The Tigers exploded with a sudden scoring exhibition in the second quarter as the whole team showed amazing ability with their shooting eyes and racked up a total of 19 points compared to their opponents' 6 in that quarter. The buzzer ending the first half with the score Capitan 28, Corona 15.

After the halftime pause the Cardinals seemed full of determination as they returned to outscore the Tigers by one point in the 3rd period. However, the Tigers were still far ahead as a result of their earlier second quarter skirmish.

The 4th stanza showed a tremendous offensive battle to the finish with Capitan clinching the game with 27 points in that quarter, McKnight sinking 12 of these.

Corona, though apparently handicapped after losing Hayes, Aldrich, Mulkey and Thompson of the starting lineup, because of fouls, came through with 23 points before the final buzzer sounded. Score: Capitan 68, Corona 51.

Grizzlies Salvage 1 Game Out of 3

By JERRY LOSS

The Carrizozo Grizzlies returned home this week from an unsuccessful road trip to Fort Sumner and Corona. The Grizzlies dropped 3 of their 4 games with the two home teams. The Foxes of Ft. Sumner won both the A and B games from the Grizzlies. This was the first defeat for the "B" team and was due to the low percentage from the floor. The "A" team ran into the tallest team and the smoothest ball handlers so far this season. Coupled with height and fast breaking ability of the Foxes, the Grizzlies were hampered by the lack of bench strength. Score: 72 to 38.

The defeat by Ft. Sumner was the worst of the season and it shows how far the Carrizozo team has to go before being a district contender.

The two games with Corona were both close games until the final minutes. The Corona "B" team placed the second defeat on the Zozo Bees, when they were successful in stalling the ball long enough for the win.

The "A" teams played hot and cold ball through the first three quarters with the Grizzlies getting hot and building up a good lead, then Corona would come back to even the score.

In the last quarter, the Zozo team built up a lead and the Corona fouls put the game on ice for the only win of the road trip by the score of 60 to 50.

This week end on Friday night the Grizzlies will again play Corona's A and B squads and on Saturday night, Weed will play both A and B team games at the Carrizozo gym.

The Grizzlies are looking forward to this week end and are trying for a sweep to even the season record for the "A" team at 7-7. They have 2 won and 3 lost for the district record.

Hondo 12; Capitan 11

The second quarter was a different story, with the Eagles doing considerable fouling. The Tigers made good nine charity tosses and 3 field goals for a total of 15 points. Macz, Monter and Sanchez hit the hoop for 3 points for Hondo as the buzzer ended the first half. The Tigers held a 20-21 lead over the Eagles.
